Southwestern Life Statement Reveals Improved Condition

Of all the indices of Texas business conditions, perhaps none offers more definite and specific proof of progress than the annual statement of a large life insurance company which for thirty-two years has done business in every nook and corner of Texas, but which writes no insurance outside of Texas. Such a company is the Southwestern Life of Dallas, the only one of the large Texas companies which does not go outside the State for business. It is by far the largest United States company operating in only one state. By reporting an increase of more than fifteen millions in force during 1934, the first substantial gain since 1930, this Texas institution offers significant evidence of business improvement in Texas.

A record of the Company's size for the past five years writes the history of the depression. Up to the end of 1929, the Southwestern had made large gains annually for many years, having doubled in size during the previous six years. Early in 1930 lapses and surrenders began to be felt, and the gain during that year was small—approximately one-third of that for 1929. On December 31, 1931 the Company had less insurance in force than it had at the beginning of the year. The next year, 1932, generally conceded to be the worst for nearly all lines of business, proved the most difficult for life policyholders. Notwithstanding the production of thirty-seven millions of new insurance by the Company's agents, the total volume in force fell off more than fourteen millions. Recovery commenced in 1933 when a gain of about one and one-half millions was recorded. The gain of fifteen millions for 1934 has just been announced in the annual report to policyholders of President C. F. O'Donnell.

A comparison of the annual statements for 1929 and 1934 reveals some interesting changes in the Company's investment practice. The leading agencies, prior to 1930 the Southwestern Life found a ready outlet for its reserves and surplus funds in the mortgage loan field, and 55 per cent of its assets were invested in loans on Texas farms and city property. At the end of 1934 only 36 per cent of its assets were in mortgages, while the bond item had increased from 8 per cent to 22 per cent. The tendency toward increased liquidity is revealed in the larger proportion of cash and United States Government bonds, now more than five millions, or approximately 12 per cent of all assets, as compared to 8 per cent at the end of 1929. While the normal income of a legal reserve life insurance company far exceeds its normal disbursements, the companies have been called upon in recent years to meet heavy withdrawals of policy reserves or "cash values." Many millions of dollars have been loaned to Texas citizens on the security of their policies, and doubtless many a business and family budget has been saved by these emergency funds.

President O'Donnell says that the demand for policy loans has been steadily decreasing, however, and the life companies are turning again to long-term investments. With the gradual retirement of the Federal Government from the real estate loan business, the companies are anticipating an improved demand for first mortgages. Properly selected Texas mortgage loans have given a good account of themselves during the depression. The Southwestern Life's figures for 1934 reveal that interest collected on real estate loans during the year yielded a return of six per cent on a total investment of more than sixteen millions. Since organization in 1903, the Company has loaned approximately forty-six millions to Texas citizens on Texas real estate.

JAMES RAYBURN BUYS INTEREST JASPER BEVERS IN SANDWICH SHOP HERE

Announcement has been made of the purchase of the interest of Jasper Bevers in the Rayburn & Bevers Sandwich Shop, and Mr. Rayburn is now the sole owner and proprietor of the business, which for many years has been a popular place with the youngsters of the town and vicinity. Jasper has not made any definite plans for the future.

Funeral Services For J. M. Perdue Held Here Sunday

Funeral services for J. M. Perdue, 60, who died at his home early Saturday morning, were conducted at the Baptist Church Sunday afternoon with the Rev. W. H. Albertson, pastor of the Baptist church, officiating, assisted by Dr. Geo. S. Slover, pastor of the Methodist church, and Rev. Maros M. Chann, pastor of the Methodist church at Gatesville, Texas, who is a brother of Mrs. Perdue. Mr. Perdue had been critically ill for several weeks prior to his death.

Mr. Perdue was born in Hamilton county, Texas, January 9, 1875, and spent his boyhood days in that section. In 1907 he was married to Miss Idella Chunn, who together with eight children, five sons and three daughters survived him. They are Mack Perdue, Zarl Perdue, Hamlin, Eugene Perdue, Roby; Terrell and Otis Perdue, Munday; Mrs. Ha Hammons, Baird; Mrs. Eunice Hyde, Knox City; Miss Jewell Perdue, Munday, all of whom were at their father's bedside when he died.

In early manhood Mr. Perdue spent several years farming and ranching near Seranton, Texas, and he later held a position with the T. & P. railroad for some seven years, during which time he resided at Baird, and in 1922 he accepted a position with the West Texas Utilities Company and remained with that company until his death, being at the time operator of the company's large substation here, and the high esteem in which he was held by those with whom he had lived and worked throughout the years was evidenced by the large number of friends who came here Sunday to pay to him their last tribute of respect.

While Mr. Perdue had resided here only about five years, he had established himself as one of the town's finest citizens. He was converted in early manhood and was a consistent member of the Baptist church, and in his discourse his pastor referred to him in all sincerity as a faithful husband, a devoted father, a loyal friend, a modest, refined, Christian gentleman.

Relatives who gathered here for the funeral services included Mr. and Mrs. W. T. Perdue and son of Oklahoma City; Mr. and Mrs. Bailey Perdue and Mr. and Mrs. Hilton Perdue of Dallas; Mr. and Mrs. W. E. Chunn, Dallas; Rev. and Mrs. M. M. Chunn, Gatesville; Mr. and Mrs. J. M. Chunn, Amarillo; Mr. and Mrs. C. B. Chunn, Groom; Mr. R. A. Chunn and R. M. Chunn, Clarendon, and L. B. Chunn, Hedley.

Among the friends and associates were Riley Ray, E. C. Fullerton, John Simmons, John Bowlin, Miss Ruth Simon, and Buddy Sullivan of Baird; Sam Rubels, Miss Laura Howington, Hugh Collette and W. Colins of Hamlin; Albert Hayes, Mrs. Harry Sadler, Mrs. Nance House and Mrs. Katherine House of Roby; Mr. and Mrs. Cecil Robertson of Quanah; Mr. and Mrs. Jack Waitaker, Trussett; Mr. and Mrs. Jake Morris, Haskell; Mr. and Mrs. W. W. Hyde, Mrs. Frank Herring, Miss Marleen Herring, Mrs. Geo. Montandon and Miss Mamie Shaver, Knox City and Mr. and Mrs. Jas. Shelton and sons, Abilene.

Following the services at the church the final services were conducted at the Johnson cemetery by the I.O.O.F. lodge of Baird, of which deceased had been a member for many years, and a large number of members of that fraternity from his former home came to assist in the final tribute. The Odd Fellows services were in charge of J. W. Hammons, Geo. Nitchke, Herman Schwartz, Sam Black, Borah Bross, Jess Walker, Ed Jarrett and H. Smith, all of Baird.

Active pallbearers were: J. F. Longly, R. L. Grippie and E. A. Sojourner, Abilene; Matt Dillingham, Merle Joyce and W. E. Reynolds, Munday.

Two Pleas Guilty In Slot Machine Cases in County

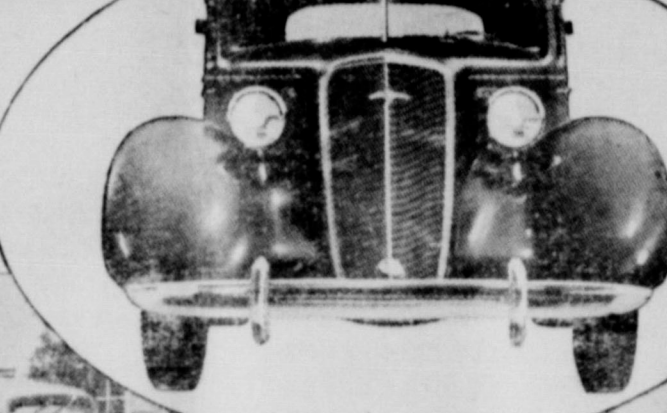

Two pleas of guilty were entered by the owner of the machines in the slot machine cases originating here last week by Sheriff C. R. Elliott and local officers. The first was fixed by Judge E. L. Covey at \$25.00 and costs in each case, totaling more than \$100.00, and the machines were ordered destroyed.

The end of passion is the beginning of regret.

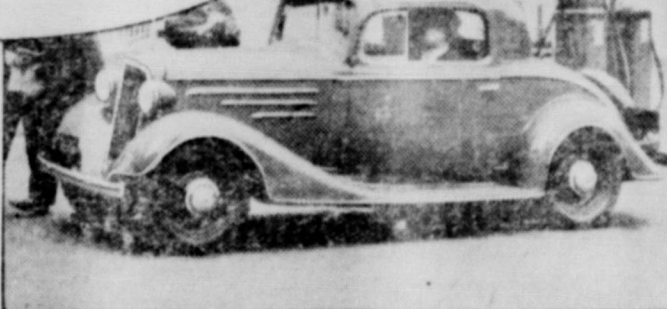

Chevrolet Announces Two New Lines for 1935

The Coupe model typifies the beauty and style of Chevrolet's New Master De Luxe series for 1935. Improved performance and exceptional economy are characteristic features.

Right: Front view of New Master De Luxe Coupe, showing distinctive grille and headlights.

Another attractive model in the New Standard series is the Coupe Sport Sedan. Numerous body and chassis refinements, in conjunction with the Master engine, make these cars outstanding values in the lowest price field.

Typical of Chevrolet's two new lines of cars are the models illustrated here. The Master De Luxe series reveals strong emphasis on beauty and style. Mechanical, the Master De Luxe series and the New Standard series have much in common, including the Master engine, in which numerous refinements have been made to enhance performance, durability and economy. As these pictures reveal, the New Master De Luxe departs distinctly from previous Chevrolets in the striking advance which has been made in body design and trim.

Family Reunion In Smith Home Brings Many Visitors Here

Last week when Walter Smith of Corinth, Miss., was here for a visit with his mother, Mrs. Callie Smith, who was a guest in the home of her son, Roscoe Smith, it was decided that a family reunion be held, and other relatives residing at various points were notified and the event proved a most enjoyable occasion for all of them, since it was the first time that they had all been together in 26 years. Walter Smith was accompanied here from Ennis, Texas, by Mrs. Leo Wells and children.

Members of the family gathered here Wednesday evening included Mr. and Mrs. Homer Andrews of Electra, Mr. and Mrs. Herman Byram and son of Fayette, La., Mr. and Mrs. Bill Smith and two children of Frederick, Oklahoma, Mr. and Mrs. Arthur Smith and son of Edgewood, Texas, Mr. and Mrs. Allie Stevenson and daughter of Ennis, New Mexico, Mrs. Leo Wells and three children of Ennis, Texas, together with Mrs. J. S. Kendall and Roscoe Smith and family of this city. In the group were forty grandchildren and three great-grandchildren of Mrs. Smith.

On Wednesday evening a buffet dinner was served in the home of Mr. and Mrs. J. S. Kendall, and a most enjoyable time is reported by all members of the family.

Walter Smith, whose visit here precipitated the happy reunion, reports conditions as being very prosperous in that state. Farmers have full barns and large quantities of food stored in their cellars and are not concerned over the depression. He states that hundreds of cattle from the south-stricken area were shipped to Mississippi and fattened on the green pastures and had been canned for the needy.

Primary Teachers Knox County Hold Meet at Munday

List of teachers attending the primary meeting on Monday on Saturday, January 12th:

Misses Gille Bateman, Evelyn Williams, Myrl Lowe, Ruth Donnell and Mrs. J. Horace Bess of Munday; Misses Virginia Curry, Gladys Williams and Mrs. R. R. Davenport of Sunset; Miss Fay Lofland and Mrs. W. L. Miller of Trussett; Mrs. Cleo Moon, Brock; Mrs. John B. Ingram, Washburn; Mrs. Hoyle Sallins, Lone Star; Miss Helen Collier, Vera; Mrs. Neil A. Brown, Dixon; Miss Eva Jones, Hefner.

The program rendered was as follows: Miss Bateman presented a miniature picture show of Eskimo life which was worked up to first grade at Munday.

Miss Williams of Munday gave a discussion of the library, of what it should consist, its use and value in the primary work.

Miss Lowe reviewed the high points in an Indian project which the pupils in the second grade worked out at Munday.

Miss Donnell discussed the introduction of public school music in the primary grades.

These activity discussions by the Munday teachers were followed by round-table discussions, and after the meeting adjourned the visiting teachers went through the primary rooms and inspected the materials in use.

Miss Evelyn Williams of Munday was elected chairman, and the next meeting was set at Sunset School on February 16th.

Engagement Native Son Made Public by New Orleans Paper

The New Orleans Times-Picayune of Sunday, January 13, carried a news item to the effect that the engagement of Dr. Charles L. Farrington of that place and Miss Florence Lyle Skehan also of that city has been formally announced. Underneath a large picture of the Doctor's fiancée there appeared the following: "Miss Florence Lyle Skehan, whose engagement to Dr. Charles L. Farrington of New Orleans and Munday, Texas, is formally announced today by her parents, Mr. and Mrs. John Edward Skehan of Montclair, N. J. Miss Skehan, with her parents, is spending a part of the winter in New Orleans and is an attractive addition to the younger set here. The family is occupying a home on Fontainebleau Drive for their visit here and are participating in many of the winter gaieties."

Miss Skehan visited in the home of Dr. and Mrs. W. P. Farrington early in December and those who met her during her visit will readily concur with the Picayune's statement concerning the young lady's attractiveness.

Dr. Charles L. Farrington has for the past several years been a resident of New Orleans, first taking his janitor year in the Louisiana State University Medical Center and later as an interne in the Charity Hospital and since as a member of the staff in the Orthopedic branch of that hospital.

Official Family Is Named By National Bank for New Year

At the annual meeting of the officers and directors of the First National Bank held last week C. L. Mayes was re-elected president of the institution, E. W. McGlothlin was named as active vice-president and W. E. Braly was named as cashier and Ira Bowlin as assistant cashier. The only change in the official family was the naming of Mr. Braly as cashier. Mr. Braly was also added to the list of directors.

The board of directors is composed of W. H. Atkinson, E. W. McGlothlin, C. L. Mayer, C. A. Elliott, D. C. Osborne, H. A. Pendleton and W. E. Braly. The bank reports a very satisfactory year, especially in view of conditions generally, and a recent statement published showing the condition of the institution revealed that the institution had improved its condition materially during the year. The statements as of December 31, 1934 and of the same date 1934 show that deposits have increased \$109,047.16, while loans and discounts have decreased \$37,646.50.

No two persons are alike. After making each, the pattern was thrown away.

Popular Couple United in Marriage Rhineland Jan. 8

In a setting of beautiful simplicity Miss Emma Kuehler became the bride of Aloys Dueterhaus on Tuesday morning of last week, January 8, in St. Joseph's Church at Rhineland, the Rev. Father P. Boniface, O. S.B., pastor, officiating.

Approximately two hundred relatives and friends were present for the ceremony at which pre-nuptial music and music during the ceremony was provided by Prof. John J. Hoffman, organist.

The bride was lovely in white silk and wool rough crepe. A wreath of waxed buds were worn to catch her veil into a cap shape effect. She carried an arm bouquet of calla lilies and carnations among ferns.

Miss Gertrude Kuehler, sister of the bride, was bridesmaid, while Albin Homer, nephew of the groom, acted as best man. The bridesmaid wore a lovely gown of pink silk with the latest metallic trim and headband to match.

Following the ceremony about eighty relatives and friends enjoyed a reception at the home of the bride and at night a dance was held in the hall in honor of the young couple at which music was furnished by Carly Fox and his gang from Wichita Falls.

The bride is the daughter of Mr. and Mrs. Anton Kuehler and her groom is a son of Mrs. Catherine Dueterhaus, both pioneer families of the Rhineland community.

We join their many friends in wishing them health and happiness throughout life.

J. D. Killian, 87, Civil War Veteran, Dies At Home Here

Funeral services for J. D. Killian, 87, Confederate veteran, were conducted at the home on Saturday morning by Dr. Geo. S. Slover, assisted by Rev. W. H. Albertson.

Mr. Killian was born May 24, 1847 at Atala, Alabama, and spent his boyhood days in that state, later moving to Arkansas, and had been a resident of Texas for 26 years, 23 of which he had lived in Munday. Some three years ago Mr. Killian suffered a stroke of paralysis from which he never recovered, and he had been an invalid since, and his death resulted from pneumonia and infirmities of old age.

Mrs. Killian died in August, 1934, and his remains were laid to rest beside her grave in the Knox City cemetery following the services.

Mr. Killian is survived by six children, J. C. Killian and W. T. Killian of Mountain View, Arkansas; Mrs. Mat Cameron of Lavaca, Arkansas; Mrs. Lilly Looney, Ada, Oklahoma; Geo. Killian, Munday, and Mrs. L. C. Swartz, Munday. Out of town relatives here for the funeral services were Mr. and Mrs. Olin Killian of Tahoka, and J. R. and J. L. White of Knox City.

Many Dams For This Part State If Brazos Bill Passes

State Board of Water Engineers this week issued a statement concerning the relation of the Brazos Valley reclamation and conservation project to the West Texas counties. The construction of a number of small reservoirs in Scurry, King, Stonewall, Fisher, Nolan, Knox and Haskell counties is virtually assured and many of these have already been plotted by state engineers. These reservoirs, if the Brazos Bill passes Congress, would each impound thousands of acre feet of water, thereby furnishing adequate supply through drought periods anticipated in future years; in addition to making available a sizeable quantity of water for irrigation, municipal usage, and such purposes.

The small dams are expected to cost from \$100,000 to a million dollars. Eight of these structures are already under construction, according to John W. Norris, chairman of the board, and would be built along with other construction work in the Brazos valley.

One of the major dams of the Brazos project, which is designated No. 2, will be located on the southwest corner of Knox County, on the Salt Fork of the Brazos, will be 61 feet high, store 300,000 acre feet of water, and cost \$2,280,000. In addition vast improvement work will be done on land near the reservoir. Two hundred thousand acres of land in Haskell, Knox and Baylor counties would be available for irrigation.

Of major interest in the west too would be the underground water surveys. State Water Board engineers this week asked that residents along the watershed advise them of sites for reservoirs that would impound 5,000 acre feet of water or more, for later investigation. There would be more than 25 of these small reservoirs built in Central and West Texas, at a cost of \$100,000 to \$1,000,000 each.

Funeral Services For Mrs. A. Tonn at Haskell Saturday

Judge O. W. Lee and Harvey Lee went to Haskell Saturday afternoon to attend the funeral services of Mrs. A. Tonn, 68, mother of Eugene Tonn, who died Friday afternoon after an illness of several weeks.

Mrs. Tonn was born in Poland and came with her parents to Burleson County, Texas, in 1885. Prior to moving to Haskell in 1914 Mr. and Mrs. Tonn resided in Munday, Mr. Tonn having been associated with the late E. H. Stodghill in the blacksmithing business.

Besides her husband Mrs. Tonn is survived by four children, Eugene Tonn, Haskell; Mrs. Chas. McGregor and Miss Lydia Tonn, Haskell; and Mrs. Clara Hendrix, Morton, Texas.

COUNTY SUPERINTENDENT RETURNS FROM LUBBOCK

J. Lymal Hughes left Tuesday afternoon for Lubbock and returned Wednesday afternoon, after conferring with J. E. Griggs, county superintendent of Lubbock County, relative to the curriculum revision program which is being encouraged by the state department of education.

We are sorry the Sunset Glow did not appear in last week's paper, but some of our reporters were taking examinations and some were absent, therefore, Miss Blanton thought it better to wait and make up for lost time this week.

Mid-term exams are over, and we have survived so far. Everyone is now trying to catch up with the funny pages. As the library is not open, except for special occasions, the papers are in circulation all the time.

We have a new schedule for classes. Some of us don't like the schedule, but we can't voice our opinion unless we have a conflict. Some of us had rather have a conflict than four classes consecutively as we do with the new schedule.

The course of solid geometry that had heretofore been open to seniors will not be taught, because there are not enough students who wish to take the subject.

American history students were downcast on hearing the report that they were going to be assigned more each day and have the pleasure of taking a test any time the teacher thought they had or hadn't studied.

Mr. Hill was absent from school Friday and Monday because of illness, but he is back at school today. Mr. Layne taught in his place.

The county basketball tournament will be at Sunset, but the date has not been definitely decided yet.

HOWARD'S EAGLE CRY

The high tide of basketball is still flowing at Sunset.

The senior boys went to Geraldine the 4th and 5th. They brought back a beautiful trophy and everyone reported a nice time. They are planning on playing in a tournament at O'Brien Friday and Saturday of this week.

The girls and junior boys will play the Rochester girls and junior boys at Sunset Friday night. Come and support your team. Nothing is more encouraging to a team than the support of the school and community.

We are very glad that the county basketball tournament will be held at Sunset. The date has not been set, but it will likely be in February.

SUNSET 4-H CLUB

The Sunset 4-H club met with the Home Demonstration Agent, Max Faulkner, January 1, 1935.

The opening business was finished. Maurine Gammill and Helen Parttridge will be bedroom and garden demonstrators, respectively.

Miss Faulkner, who then took charge of the meeting, discussed the 4-H club goals which each individual is to follow in this year in club work. She also discussed ways of

making and arranging sewing boxes. Miss Faulkner mentioned making a simple dress, canning and gardening which will be the other duties of each member.

Although Miss Faulkner will not be with us at the next meeting, Tuesday, January 15, Mrs. R. C. Parttridge, the sponsor, will take charge and we are promised an interesting demonstration.

SENIOR REPORT

Mid-term is over and we have all done better than we expected to. If we keep on dropping out there soon won't be anyone left in the Senior Class. It's dropped out Christmas night. We were all rather surprised.

We are having some difficulty in finding a play that we like.

FROM THE ENGLISH CLASSICS

Four men were sitting at a table. The first one sighs. The second one sighs deeply. The third one groans aloud. The fourth exclaims, "Won't you chaps ever stop talking politics?"

"How many seasons are there?" asked Mr. Alken.

"Just two," answered Edna.

"What are they?" inquired Mr. Alken, very puzzled.

"Stack and busy," replied Edna.

Text: "What caused the explosion at your house?"

Mr. Kimbrough: "Powder on my coat sleeve."

JUNIOR REPORT

We are all very glad the mid-term exams are over because we either have to get busy or else . . .

The Juniors are rather proud of their grades on the exams because most all of them were passing grades. We are going to get our report cards Wednesday and we will be glad to get them.

Monday was a day of correcting papers, and we had always rather do that than have a real lesson, or so Leave seems to think.

In English we are starting in literature and most of us are glad, even if we do have to keep up a notebook.

In plane geometry we are beginning the study of ratio and proportion. From all we can hear from geometry students, the last half of geometry is easier than the first half. We hope so, anyway.

We doubt if there will be any change in Spanish II because our first lesson after mid-term was about the subjunctive.

And in history Mr. Alken didn't do not finish correcting our exam papers, but he told us we would make up for it, and we do not doubt that.

SOPHOMORES

We are beginning a new semester, and we should resolve to make better students from now until May than we were the first half of the year. We haven't received our grades yet, and we are hoping none of us fail. If we have failed, it means a half of a credit lost. Failure is like a rat—it is easy to get into, but it takes an awful hard pull to get out. So come on, Sophomores. Let's stay out of rats. Let's get on level ground and stay there.

We are very glad to see Pauline Smith, an ex-Soph, back in school, and we are especially glad that she happens to be a sophomore.

In order to get an English grade, Elizabeth Early read a book, "The Virginian," a story of a cowpuncher, in one night. The next night she played ball and she seemed to have the book on her mind, for she "rode" her opponent over the court until she was fouled off.

As a result of a class meeting, the Sophomores plan to have a social at the Cliff school house soon.

Mr. and Mrs. Jacobus entertained the young people of the community with a social last Friday night.

Mr. and Mrs. John Ingram visited in the home of Mr. and Mrs. C. N. Smith last Friday night. Mr. and Mrs. O. A. King visited at Sharp last Sunday. We have had several new pupils added to our school this week. Miss Audrey Gully spent last week with Florence Galvin of Grasshopper community.

Mr. and Mrs. A. M. Searey visited at Bomarton last Sunday. Mr. and Mrs. Brice Dobbs of Munday visited in this community last Sunday. A new baby boy has recently made his arrival in the home of Mr. and Mrs. Jack Kemp. Mrs. Bradley is ill at the present time.

Now Enjoy--- MODERN ELECTRIC COOKERY AND WATER HEATING SERVICE ---At Low Cost!

Hundreds of West Texas women the past year have changed from old-fashioned methods of cooking to a clean, dependable and fast automatic Electric Cookery.

Electric Cookery produces consistently better results. No flames, odors or watching, waiting or pots and pans to scrub because electric cookery is automatic and clean. The beauty part of Electric Cookery is that it is not costlier than less convenient methods.

This beautiful electric water heater gives you dependable, economical service without the disadvantage of flame noise, fumes, soot or odors! This beautiful heater itself is controlled to use electric service when other major appliances are not in use. In this manner water heaters may be served without increased investment and at an extremely low off-peak energy rate.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

Munday High's Senior Team played O'Brien last Friday night at O'Brien. Although our boys played a good game, they were not victorious. Saturday night they went to Gorse but lost that game also.

We do not intend to make excuses or give alibis, but we believe that when the boys get more practice they will show us a thing or two.

The Junior team did not have a game last week. However, they plan to make up for it this week. This group of boys has been working continuously and will be hard to beat.

COUNTY MEET AT TRUSCOTT

The officials met at Rhineland last Saturday to converse the question as to where the literary events and athletic activities of the University Interscholastic League County Meeting would be held.

It was decided that all literary events of this county would be at Truscott this year on March 22. The track meet will also be held there on March 23. Gorse will sponsor the volleyball tournament on March 30. Sumit will have charge of the basketball tournament the week-end before the District Meet. Munday will conduct the contest of playground ball on April 27.

CHAPEL

A very interesting program was rendered last Wednesday, January 9, by members of the Junior Class; others appeared on the program by request of that class. The entertainment consisted of the following:

Two selections of popular music were played by Tucker's orchestra.

A story entitled "Diddling" was told by Drusilla Jones.

The popular song "Stay As Sweet As You Are" was sung by Evelyn Boone, accompanied at the piano by Margaret Tiner.

Mr. Parker thrilled the student body with "The Object of My Affection," singing the chorus while he played the guitar. He also played "Black Mariak" on the banjo.

That snappy tune, "Take A Number From One To Ten," was well sung by Wanda June Williams. She also gave a brief tap dance to the same tune. Betsy Reeves was her accompanist. As an encore they presented "Mood Indigo."

The program was completed by several selections of popular music well known by the student body played by Tucker's Orchestra.

TUCKER IS LEAVING

Yes! Mr. Ted Tucker, director of the well known Tucker's Orchestra, is leaving Munday on February 1st. He will make his home in Vernon, Texas, and will be connected with the band and orchestra work there. We will miss this fun maker, and I am sure the members of his band and orchestra hate to see him go.

In order to keep the boys and girls working in this type of music, Mr. Parker is taking over the job of directing the band and orchestra. Mr. Parker has played his banjo and guitar at the orchestra practices, so he has some knowledge of what to do. We wish you all the success you want, Mr. Parker, and we certainly are glad to know that someone is taking over this group of enthusiastic youths. However, you should let your hair grow.

Moved!

I am now in my new location in the Gulf Station formerly operated by E. J. Roberts, Jr.

I have brought with me my trained and experienced station assistants and we will be in a position to give the you the best and swiftest service in all departments of station service, washing, greasing, tire repairs, crankcase and chassis lubrication, or if it's nothing more than free air and water, we will attend to it with thoroughness, speed and courtesy.

Of our old friends and patrons we ask that you visit us in our new location. To those who are strangers to our brand of service, we ask that you try us once and discover the reason why our business is a "repeat" business.

"EASY PAYMENTS"

Mr. Bass is coaching a one-act comedy entitled "Easy Payments" to be presented next Wednesday, January 23, in the high school study hall at one o'clock. Every other week some program is presented by one of the classes in Munday High. We are taking turns. The public is invited to visit us at this time, and it may be surprised at the amount of talent the students do have.

Next week being the Sophomores' time, the cast for the play was chosen as follows:

Mrs. Hanson..... Ellen Francis
 Maxine..... Maxine Lane
 Vacuum Cleaner Salesman..... J. O. McMahon
 Electric Refrigerator Salesman..... W. T. Martin
 Washing Machine Salesman..... Clay Dingus
 Book Saleslady..... Lois Warren
 Bingola (Radio) Salesman..... G. R. Eiland
 Doctor Book Salesman..... Preston Ingram
 Clothing Saleslady..... Wanda June Williams.

Choral Singing

The director for the group of grammar school students who enter choral singing for Munday will be Miss Mildred Kennedy. Mrs. Steen was the director of last year's group which won the contest at County Meet. We hope that Miss Kennedy will also succeed with the boys and girls this year.

MID-TERM RESOLUTIONS

Most resolutions are made on January 1, but with school students it is different. Mid-term begins a new year for us and many of us are striving to make better progress next semester by resolving—

1. Not to chew gum—Maxine.
2. Not to eat candy in school—Mary Anna and Betsy.
3. Not to play "rat and mouse" in Spanish class any more—Sylvia, Joe, Wanda, Lucille.
4. Not to be tardy—Vinton.
5. Not to leave town for unnecessary reasons—Wanda, Louise.

WHO WILL WIN?

American Beauty Chocolates to the couple proving to be the most deeply in love. The boy and girl must be consistent in their affection towards one another; they cannot change each week. In order to be the winning pair they must show their love for each other here at school. The sound reason for this contest is that our superintendent believes we are going to have an early spring!

Since this contest is in full swing, we are going to publish the names of couples most likely to win (from what we noticed last week.) Clifford Brock and Darwin Campbell have a good chance to win if they would be more consistent. In our estimation Fred Broach, Jr. and Gordon James Barnes will run a good race. Horace Hooper and Maurine Beavers show their affection well enough to win. Phillip Johnson and Wanda June Williams need to show their love for one another (maybe she's a little shy.)

SENIOR SCRAPBOOK

This week we are printing the last part of Gordon James Barnes' short story. Next week the reporter will be printing the Senior Biographies so get your scribbles and paste together for your scrapbook.

Part III ANSWERED

He had always been popular in school—a senior with the prospect of going to college. He had not enjoyed sports and had always preferred to read rather than go with some of his friends. He had always been more of an introvert. Perhaps his eyes had caused him to grow despondent. They might have been worse than his or his father's. She remembered his saying that he was afraid he was going blind.

Had they neglected him? Why had they not tried to understand this boy whose only pleasure was his books? Was it their fault that he was dead? Was his suicide their failure as parents? Oh, why had he done it?

Every night Mrs. Brown woke her family crying, "Why, oh, why?" Every night he came to her in her dreams with those blood stains on his head. Although she cried to him, he never spoke.

When the casket arrived at their home, she rushed to see if he looked natural. That would help to obliterate the memory of his still form lying on the checked linoleum.

Laning over the casket she said, "The undertaker has done very well."

Her little daughter ran to her crying, "Mother, why did Tom kill himself?"

"I don't know, dear." She patiently evade the question for which she herself had tried to find an answer. "If he had only thought how it would hurt us, he couldn't have done it."

She did not even have a picture of her boy except one with his senior class. She had this picture enlarged.

His personal belongings became her treasure; his sweet disposition and thoughtfulness warmed her heart with memories.

Mrs. Brown knew that she must go on just as she had before for the sake of her husband and two children.

The senior class invited the mother of their dead classmate to their banquet. Mrs. Brown, appreciating their thoughtfulness, attended the banquet which was a special event in the lives of those boys and girls. It hurt her to see them so happily excited; to think that her boy should have been one of that merry group was almost more than she could bear.

Each day passed slowly and the nights crawled at snail's pace. Dark rings circled Mrs. Brown's eyes. If she only knew why her boy had killed himself it would be easier—if he would only speak to her when he came in her dreams.

Again he came and stood beside her bed. She cried, "Why did you do it, Tom?"

And the boy slowly shook his dark head as he said, "Oh, mother, everything just went black."

The moonlight streamed into the simple room, giving an angelic expression to Mrs. Brown's patient face. She stirred and smiled contentedly as she slept. Her boy had spoken; the question was answered at last.

Bathing beauties remind one of Mother Hubbard's cupboard.
