## TODAY and TOMORROW

By Frank Parker Stockbridge

**DEMOCRACY** . . . . . and us I hear people saying everywhere that "democracy is on trial." The implication is, of course, that the democratic system of giving every citizen an equal voice in public affairs is still an unfinished experiment, that it isn't working out any too well.

Well, we have been running on that system for considerably more than 150 years, here in the United States. We've had plenty of trouble, but as I look back over my own lifetime and read what happened before that began, it seems to me that democracy as practised in this country has worked better than any of the systems that have been tried anywhere else in the world.

I don't think it is perfect, by any means. But neither is anything else that involves human nature and human relations. But any system that in a comparatively short period of time can raise the poorest nation in the world into the richest, spread the benefits of civilization and comfort among a much higher proportion of its people than any other system, anywhere, has ever done, can't be altogether bad.

**IMPATIENCE** . . . . . trouble Most of the world's troubles come from trying to do things in too much of a hurry. That is true in the case of individuals; it is particularly true in the case of those groups of individuals which we call nations.

I know that about all the real trouble I have ever had in my life has come about because I was too impatient to wait for results but tried to force events to happen before the time was ripe for them. And I am certain that nine-tenths of the world's troubles today root back to the same sort of impatience.

If it were not for impatience we would not see Russia today under the domination of a ruffian and despotic handful of Bolsheviki, Italy controlled by a dictator, Germany under the iron heel of a tyrant. Grant that the purposes of all these and other dictators is the noble one of making their countries better places to live in—the future, I prefer a system which gives the living present first consideration.

I have seen too many predictions go wrong to believe that any kind of large-scale planning for the future of a whole people can ever work out according to plan. Even single individuals responsible to nobody but themselves, seldom find that their plans for themselves will work.

## A CORRECTION

In an account of the death last week of Mrs. E. J. Shaw we erroneously stated that Mrs. Shaw had died following a long illness. We are informed that her death came very suddenly.

Mrs. M. F. Hammons and children of Baird, Texas visited in the home of her parents, Mr. and Mrs. J. M. Ponder, Tuesday. She was accompanied home by Mr. and Mrs. John Elye and Mrs. Lowry and Jean Lowry. Mrs. Lowry and Jean will visit Mr. and Mrs. Roy Cutbirth.

## Study Club To Present Annual Play On Tuesday

East West Texas no longer needs to depend on eastern playwrights and producing companies for community plays will be evidenced here next Tuesday night. The Munday Study Club will offer "Widows and What-Not's" at the community auditorium. The play was written by L. D. Gibson of Paducah.

The young writer, in collaboration with his wife, has written a musical comedy which has proven highly successful in some 10 or 15 cities where it has already been produced. Mr. Gibson is also manager of his company, the Metro Producing Company, which is proving as successful as his play.

Though a resident of Paducah, where he completed high school, Mr. Gibson has spent two years in Denver where he played stock and repertoire while completing his play and final arrangements for his producing company. He has recently completed two more plays which will soon be on the market.

"Widows and What-Not's," a three act musical comedy, is the type of play that will prove highly entertaining to all classes. The costumes, dance routines and musical scores were especially designed and arranged for the bill.

While there are more than one hundred characters taking part in the play we have room here for only a few of them, and this partial list should serve as a guarantee to everyone in the Munday community that the entertainment will be one of the best that has been presented here.

## Winter Proof Service Offered By Magnolia

"Every fall shows an increasing number of people preparing their cars for winter driving, according to information coming through our dealers and service stations," said E. P. Angus, Vice President in charge of sales of the Magnolia Petroleum Company.

"These people," Mr. Angus explained, "know that much of the pleasure and economy of winter driving is lost with a car lubricated for summer driving." With the first chill mornings comes hard starting. Motors warm up slowly. Batteries get their hardest use.

It was for the purpose of making cold weather driving more economical and more pleasant that Magnolia's Winter-Proof Service was first offered.

"This seven-point winter-proof service," Mr. Angus explained, "thoroughly prepares the car against the hazards of cold weather driving. The crankcase is flushed and filled with quick flowing winter Mobilol. The chassis is lubricated with Mobilgreases for winter performance. The differential and transmission are cleaned out and freshly lubricated with Mobilgear lubricants that do not harden in cold weather. The radiator is cleaned and flushed and if necessary the correct amount of anti-freeze is put in. The battery is examined and recharged for the heavier load that it must pull in cold weather. The tank is filled with winter grade Mobilgas. Autoists in the Southwest are rapidly being educated to Mobilize for Winter."

## FIRST BAPTIST CHURCH

The Training School under the leadership of Rev. J. D. Brannon is going in a fine way. The attendance is good and the interest is excellent. The examination will be had between seven and eight o'clock Friday night of this week. Then at eight Brother Brannon will preach. His subject will be THE MAN WHOSE WIFE BELONGED TO ANOTHER CHURCH. We urge the general public to attend this service. The services will continue on through Saturday night and Sunday. We are climaxing these services with a goal of 400 in Sunday School Sunday morning. Get in the swing keeping step to the music. Be there on time Sunday morning.

W. H. Albertson.

## W. W. Potter Dies On Wednesday Evening; Remains To Missouri

W. W. Potter, resident of Munday for more than twenty years, died in the Knox County Hospital at Knox City Wednesday evening following an illness of two weeks from stomach trouble. Several blood transfusions were given in an effort to save his life, but his condition continued to grow worse until the end came. Following his death the remains were taken in charge by R. G. Campbell and prepared for shipment to his old home at Marshall, Missouri, accompanied by his sister, Mrs. A. J. Bunts, and a nephew, W. W. Naylor.

Deceased was born at Marshall, Missouri, January 4, 1876 and in his youth played professional baseball, being at one time a member of the Chicago White Sox and a close friend to Chas. Comisky, for many years owner of that club, and he continued to be an enthusiastic baseball fan during the remainder of his life. He learned the trade of a leather worker in his younger days and since coming to Munday had been engaged in the shoe repair and leather goods business.

He is survived by two sisters, Mrs. A. J. Bunts and Mrs. C. H. Clark, and a nephew, W. W. Naylor, all of this city, who have the sincere sympathy of many friends over the Munday country.

## Cotton Ginnings 8,388 To Nov. 1st, Far Short of 1933

Cotton ginnings for Knox County up to November 1 were 8,388 bales, as compared with 41,917 on the same date last year, according to the report of H. A. Sullins, enumerator for the Department of Commerce.

## ACHIEVEMENT PROGRAM HELD BY MUNDAY HOME DEMONSTRATION CLUB

The Munday Home Demonstration Club held their achievement program in the home of Mrs. Louis Cartwright on Friday November 9th. Rugs and attractive gifts featured the morning program after which a very delicious lunch was served. During the afternoon everyone visited Mrs. Cartwright's pantry, which was the main attraction of the day.

Mrs. Pruitt called the house to order at 2 P. M. and Mrs. C. R. Parker and Mrs. Ralph Weeks gave interesting reports on their years work on wardrobes.

Officers were elected for the year were: Mrs. Elmer Dickerson, president; Mrs. C. R. Parker, secretary; Mrs. J. M. Perdue, reporter; Mrs. Frank Bowley vice-president.

Those present for the day were: Mesdames John Reneau, C. E. Parker, G. L. Pruitt, L. W. Hobert, G. P. Lanford, Mrs. Emma Hill, L. P. Jones, Ralph Weeks, S. B. Krump, J. E. Edwards, Elmer Dickerson, Louis Cartwright, Charles Matlock, J. M. Perdue, R. M. Almonroe, T. M. Busby, R. C. Partridge and Miss Jewell Faulkner.

Visitors present were Mesdames Wallace, Earl Pruitt, Nolan Phillips, Kelton Kemp, J. W. Kemp, J. W. Davis, D. L. Harguess, C. H. Brown, Ira Bowden, S. B. Wentworth, G. C. Jones, Gil Wyatt and Miss Louise Brown.

## MEET AT BENJAMIN ON SATURDAY AT 10 A. M.

The regular monthly meeting of the primary teachers of the county will be held at Benjamin, Friday morning, November 16th at 10:00 o'clock and all teachers are urged to be present.

## CARD OF THANKS

We take this method of expressing our sincere thanks and deep appreciation for the many deeds of thoughtfulness and sympathetic interest shown to us during Mrs. Stodghill's illness. Such friends and neighbors are a priceless treasure in such a crisis, and we shall ever feel grateful to each of them.

Mr. and Mrs. J. L. Stodghill.

Mr. and Mrs. E. W. McGlothlin and son Billy, and Miss Wanda Sloan and Mr. and Mrs. E. H. Baum and son Willard, spent the week end in San Angelo. While there they visited Miss Florene Williams at Sanatorium and report that she is improving nicely.

Elmo Cure, Chalmer and Chancy Hobert who are attending A. C. C. at Abilene, spent the week end with their parents here.

## Extension Courses In Education Are Formed At Sunset

On Tuesday evening of this week Dr. Shepherd of the Educational Department of McMurry College of Abilene met an enthusiastic group of teachers from over Knox and Haskell Counties at Sunset, and at that time organized two extension classes. One of these courses, on methods of class room tests and measurements, will be given each Saturday morning at 9 o'clock, and the other course, public school finance, will be given each Saturday afternoon at 1 o'clock. Both courses will start Saturday, November 17.

## 4-H PANTRIES JUDGED

The organized pantries of the demonstrators in the Home Demonstration Clubs were judged Thursday November 8th, by Mrs. Matt Dillingham, Munday. Six of the eight pantries that were started the first of the year were completed.

First place was awarded to Mrs. Louis Cartwright, Munday, and as prize for this work she was given \$5.00 by the Knox County Home Demonstration Council. Second place went to Mrs. J. H. McGee, Union Grove, and third place to Mrs. Clyde Warren, Hefner. Other pantries judged and awarded much praise were: Mrs. Marion Ryder, Gilliland; Miss Mary Howell of Knox City and Mrs. J. J. Stark, Benjamin.

In entering this contest these demonstrators pledged themselves to make a budget for their family for a year, make plans for providing, either by raising or buying the necessary foods in order for their family to have an adequate diet the entire year, keep records of food raised, eaten fresh, sold or canned, and report and write a story of their year's work. This was done in most every case and these stories as written by the demonstrators will appear in print from time to time.

## STORY BY MRS. LOUIS CARTWRIGHT, FIRST PLACE WINNER, PANTRY CONTEST

When I was appointed pantry demonstrator for the Munday Home Demonstration Club for the year 1934, I scarcely knew where to begin. I had always tried to give my family an adequate diet, but living so far from town it was very hard to do at times, especially during the non-productive seasons.

The first thing I did after being appointed pantry demonstrator was to take an inventory and fill out a canning budget. My family consists of my husband, two sons, and myself, and I figured my budget accordingly. I lacked about 100 feet of shelving. The cost of the improvement was \$5.10. Lumber for the shelving was \$1.80 and lime for whitewashing was 20 cents.

The vegetables I grew in my garden consisted of beans, cokes, radishes, mustard, lettuce, melons, cucumbers, cantaloupes, spinach, turnips, tomatoes, peas, arnachs and beets. I now have 745 pints of food on my pantry shelves valued at \$158.90 and I intend to can a beef very soon. I have had more food than this in my pantry but because of the shortage of fresh vegetables, I have been using on it all along.

In organizing my pantry, I labeled the containers and have them placed where I know exactly where to find them at any time. This, to me, is one of the most important things I have done.

I have really enjoyed being pantry demonstrator and I feel that I have accomplished at lot in having the foods on hand that are required for a balanced diet. My family, too, has enjoyed this demonstration as much as I have.

Mr. and Mrs. Roy Maples of Spearman, who have been visiting relatives here left for their home Tuesday, going via Dallas. They were accompanied to Dallas by Mr. and Mrs. P. V. Williams, who returned Thursday evening.

Mr. and Mrs. John Spann and children, Mrs. G. C. Spann, Mr. and Mrs. Oscar Spann and Miss Ollie Bateman and Jerry Harlan spent the week end in Throckmorton visiting relatives.

## Old Fiddlers To Compete For Cash Prizes at Truscott

Old fiddlers are invited to participate in an old fiddlers contest to be staged at Truscott on Friday evening, November 30th, according to an announcement sent out by Harold Eubanks of that place. The contest is being sponsored by the home orchestra and dramatic club of Truscott. There will be no entry fee charged and cash prizes of \$5.00 and \$2.50 will be paid for first and second places, and old fiddlers who wish to enter are requested to notify L. P. Jones of Truscott.

## Competition Open In Ready Writers Contest in County

"The name of the Essay Writing Contest of the Interscholastic League has been changed to 'Ready Writers Contest,'" according to Miss Onetta Blanton, who has been elected Director of the contest for this county.

"The old name suggested a more formal composition that the rules of the contest contemplate, and hence it has been deemed wise to change the name to make it conform more closely to the composition that is required.

"The topics that are issued for use are all within the range of the average pupil's study, observation and experience, and hence no preparation of subject-matter is necessary. The preparation required is practice in writing and writing readily, that is, organizing and presenting a subject in the most effective way. Punctuation, spelling, paraphrasing, and other items on the formal side are of course, taken into consideration in grading the papers. Some of the topics call for narrative, some for argument, others for exposition, and so on. The pupil is given five topics from which he may choose one as the subject of his composition.

"Winners in the county meet are qualified for participation in the district meet and winners in the district go to the regional meet for further competition and for qualification to the State Meet."

## CARD OF THANKS

We take this method of extending our heartfelt thanks to the good friends who assisted us in any way during the illness and upon the death of our dear brother and uncle, W. W. Potter. Especially do we wish to thank the numerous friends who so willingly offered blood transfusions in an effort to save his life.

Mrs. C. H. Clark  
Mrs. A. J. Bunts  
W. W. Naylor.

Miss Rosa Crockett of Ballinger who attends Hardin-Simmons U., spent the past week end with her cousin here, Mrs. Richard Coody and Mr. Coody.

## Armistice Day Is Observed Here On Monday, Nov. 12th

Armistice day was observed here Monday due to the fact that the holiday fell on Sunday this year, and practically every business house in the city was closed throughout the day. The attraction here for the day was the football game between Munday Hi and Rule Hi, which resulted in a scoreless tie, and was witnessed by several hundred enthusiastic fans.

## KUEHLER-MOORE

The marriage of Miss Bertha Kuehler daughter of Mr. and Mrs. Frank Kuehler, to Alpha Meeds Moore, son of Mr. and Mrs. A. M. Moore was solemnized at nine o'clock Monday morning at the St. Joseph's Catholic Church at Rhineland with Rev. P. Boniface performing the ritual.

The ceremony was read before the altar banked with beautiful flowers. The wedding march and the recessional were played by John J. Hoffman presiding at the organ.

The bride was lovely in a white crepe back satin bridal gown, the skirt was made on fitted lines, and the long sleeves were fashioned with a point falling over her hands. Her veil of bridal illusion was attached by a wreath of orange blossoms to a small tight fitting cap and fell in graceful ripples over her shoulders and extended beyond the length of the bridal gown. She carried an arm bouquet of white roses among fern centered with a chrysanthemum.

Miss Loretta Kuehler, sister of the bride was her only attendant. She was gown in apricot crepe with a high decollete of silver lame and wore a corsage of roses and chrysanthemums.

Clement Albus attended the bridegroom.

After the ceremony members of the immediate families, a few relatives and intimate friends enjoyed a reception at the Kuehler home.

We join their many friends in extending to them happiness and success throughout their married life.

Dr. and Mrs. E. M. Ammons and son Staron spent the week end in Hamilton and Comanche visiting relatives and friends.

Mrs. Hinkle and Mrs. Lindsay Evans and daughter Lena Mae, of Winters visited in the home of their daughter and sister, Mrs. J. J. Keel, and Mr. Keel this week.

Mrs. H. S. Fatheree and Mrs. Etta Gray of Abilene were here for a few days visit with relatives this week.

Mr. and Mrs. Paul Mansell were in Abilene Monday.

Mr. and Mrs. H. A. Pendleton, Jr., of Wichita Falls, and Mr. and Mrs. Roy Sanders of Haskell were guests in the H. A. Pendleton home for the week end.

George Salem and family visited relatives at Clovis, New Mexico the first of the week.

### THE SPECIAL SESSION

Another special session of the Texas Legislature has passed into history, leaving one of the principal objectives for which it was called, that of passing a Centennial appropriation bill, undone. However, be it said that some very worthy legislation was passed at this session including the Brazos River Bill and the Colorado River Bill, as well as the tax relief measures.  
Centennial advocates may lay the blame for the failure of their pet measures upon themselves, for instead of asking for a reasonable sum they introduced a bill early in the session asking for almost ten million dollars without making any provisions for liquidating the indebtedness. Later these figures were reduced almost half, but the reaction that had been set up could not be overcome, and they are responsible for the failure of the more conservative measure.

### MUNDAY TIES RULE 0 TO 0 AGAIN!

On Monday, November 12, Rule came to Munday for the annual Armistice Day football game. The teams tied their first game this season 0 to 0; this game had the same result.

The lineup for the Moguls was Captain Kethley, left end; Eiland, left tackle; Boyd Meers, left guard; Caughran, center; Barncat, right guard; Zeisel, right tackle; Burl Meers, right end; Ralph Layne, Pruitt, Bob Layne, and Trammel in the backfield.  
Substitutes were Williams for Pruitt, Robert for Williams, Pruitt for Robert, Williams for Ralph Layne, and Ralph Layne for Williams.

The Rule lineup was Freshier, left end; Sullock, left tackle; Westmoreland, left guard; Norman, center; Bell, right guard; Clovis, right tackle; Warren, right end; Moody, Henry, Kovel and Captain Davis in the backfield.  
The game started with Rule kicking off to Munday. The Moguls drive to the Rule goal and lost the ball. Then Rule advanced the ball to the Mogul twenty-yard line, but the Moguls carried it back. The teams were so well matched that those on the side-lines had a hard time keeping up with the ball. However, the Moguls had the ball in Rule's territory a greater part of the game.

The Moguls gained most of their yardage by line plays and passes. The passes were Ralph Layne to Burl Meers, Ralph Layne to Pruitt, and Ralph Layne to Captain Kethley.  
The pass from Layne to Kethley was the climax of the game. Captain Kethley ran about twenty yards when he was tackled. Nevertheless, the Moguls lost the ball after four hard plays.  
Rule gained yardage by line plunges and off tackle plays, but very few passes.

This is probably the first time in many years that Munday has played the same team twice in one season and tied them 0 to 0 both times.

The Munday Moguls play Aspermont Friday at Aspermont, and they are going to do their best to "whip their ears down."  
P. S.—There are two kinds of sports; the boys take part in one, but the girls won't give any parties for the boys. Girls, this is a hint.

WHY HAVE A PEP SQUAD?  
"Pep Squad? Of course not. I wouldn't join that pep squad for anything!"  
That is what many Munday High School girls are saying, and those girls are not freshmen or sophomores. Besides these girls, there are some that belong to the pep squad that don't do any good. If they can not do what they are supposed to do, Mrs. Palmer will be glad for them to quit, and if any girl knows that she will not be at the game, why come to practice the formation? There is no need for the girls to be so unloyal to their leader and sponsor. If they come to the game to be in the pep squad, they yell, and yell as they are told to; not leave as soon as the half is over! The

Who Cares?  
"Why study tonight? I can make this lesson up tomorrow."  
Is that what all students say every night? I do. Each one of us is just as guilty of this offensive habit as the fellow who sits next to us.  
Betsy likes to talk. Bill enjoys making wise-cracks. Phillip teases the girls. Gordon, James, Vernice looks out the window and dreams of what happened last week end. Mary Eva only lives from Friday to Friday to see what will happen this week end. Ralph Layne goes to sleep in class. Glyn keeps busy doing something else. Virginia loves cats. Arthur gets into mischief. Pauline enjoys books. Mildred and Maxine fuss about their teachers. Louise is in love. M. B.

purple and gold uniforms may not be as beautiful as a satin dress, but every girl should be as proud of it as an other suit she has. It seems to me that the girls in the seventh grade could do as well or better than some girls in the pep squad now.

### SENIOR SCRAPBOOK

Yes, we're at it again. Even though we did have a holiday we hardly realize it now. Coming to school every morning is getting to be a habit with us; we just can't break it. Some of us do not get here until later; "better late than never" must be their motto. We expect that this habit will not be broken until we finish.

### JUNIORS AND SENIORS, NOTICE!

Thinking that it would be quite interesting to the students and the patrons of our high school to know just how the seniors and juniors compare with the other classes of our school as to grades, tardies and absences, I asked permission to see the records, as kept in the high school principal's office, and it was graciously given. After a period of search, I found the following items which show how much lower the standards of Junior and Senior Classes are in comparison with the other classes of high school.  
On a basis of one failure per pupil, 80 per cent of the seniors failed the first six weeks, 125 per cent of the juniors failed, 51 per cent of the sophomores failed, and 47 per cent of the freshmen failed the first six weeks.  
As to tardies and absences, 120 per cent of the seniors were absent, 70 per cent were tardy one day of the second month, 167 per cent of the juniors were absent, and 28 per cent were tardy. In the sophomore class, 198 per cent were absent and 16 per cent were tardy. In contrast to these figures, 105 per cent of the freshmen were absent and none of them were tardy the same month.  
I am giving this to serve as a challenge to the upper classmen—juniors and seniors, what are we going to do about it? Are we going to continue to be the delinquents of Munday High? Are we going to let the freshmen and sophomores be rated as more studious than we, and therefore more scholarly? Does each of you realize that it is to your own personal interest to lower the percent of failures in your class?

is always thinking about something else. Emogene is trying to decide what to get her boy friend for Christmas. Martha Nell thinks she will get to go to Abilene soon. John Earl "don't do nuthin." Frances lides her time away. Edward "don't worry a bit." I help everyone do his part.  
That is the reason that we all "eram" for exams. We do not know how to study and it appears that we do not care to know how. Well, "what ya gonna' do now?"—Vinton Tiner.

Florida Is Smiling

If Upton Sinclair had been elected governor of California this week, the Democrats of Florida would have been as happy as the alleged Democrats of California—but for the opposite reason. The capitalists of San-AknM etain etain etain California had already warned the Democrats that if Sinclair were elected, they would pull up stakes and move to Florida in a body. The movie producers had also threatened to move their studios to the peninsula state. If Sinclair had been elected California would have had many immigrants. They would have been people looking for jobs, the kind of immigrants California does not want. There would have been the possibility of losing all of her millionaires and lesser capitalists who had been trying to escape Sinclair's income tax laws.

Florida opened her gates to the millionaires of the nation several years ago when she abolished her income tax laws. Soon a boom started, but this boom was largely speculative and did not last long. Now the Florida sky is as blue as ever and her winter climate is unexcelled in North America.  
The motion picture business might do well in Florida. The actors could work outdoors the year round. It is true that there are no mountains in Florida but it is only a few hours ride to the Southern Appalachians, the most beautiful mountain chain in America. It is only thirty-six hours by train to Florida, while it is a full four days journey to the west coast. Florida is solidly democratic, and they are Democrats of the old-fashioned sort. A Socialist would have about as much chance of being elected governor of Florida as a Jap would have of becoming president of China.—M. B. Caughran.

### PICKED UP AT RANDOM.

Louise says there is no limit whatsoever to miscegenation when one is out for a good time. She proved this statement a few days ago.  
If you seem to be having trouble with your love affairs, let Wanda Williams advise you. Take advice from one who knows; it is a good policy.

### CAMPUS PHILOSOPHY

Golf without hazards and blunders would be monotonous. So would life. One good way to prevent bleeding at the nose is to keep it out of other people's business.

Ralph Blanton was having a good time at the ball game Monday but John Henry said he felt the results afterward.  
Roy, what were you and Jimmie Harber driving around Sunday afternoon in your dad's new car all alone for, when two cute girls were standing on the corner of Tiner's Drug Co. waiting for you to pick them up?  
And Maxine, have you started going to Haskell too? Well, what's goin' on?  
On Monday night a Senior girl of Munday High stood up a boy to go with another. Was there something wrong with the girl or the boy?  
What do you think?  
We hear that a girl certainly does have an attractive blue (or is it blue?) handkerchief that came from Mexico and cost 60c. Her name is Quenser; it's your turn to do some guessing.  
What is this we hear about Mary Anna and Vinton? (We have an idea that lip-stick is involved somewhere.)

# THOR Electric Servant

with...

A HALF DOZEN EXTRA USES beside WASHING AND IRONING!

## SEE IT TODAY!

You've never seen a household servant like this... so handy, so compact, so practical! You'll use it every day of the week... not just on wash-day! Thor Electric Servant contains a full size QUALITY THOR WASHER with the Super Agitator whose gentle, fast washing action doubles the life of clothes. A Lovell Wringer stores out of sight when the washing is done. Then slip on the Monel metal table-top cover and your Electric Servant becomes an extra table, a place for mixing food with Thoromix, new electric mixer powered by the same motor that operates washer, wringer and Thor Speed Ironer! The automatic timer and switch stops the motor on the minute!... a feature you'll appreciate when washing delicate silk things or when Thoromix is at work! A convenience outlet lets you plug in a radio or other appliances for buffet service. Don't miss seeing the Electric Servant... it's the hit of the World's Fair Electrical Exhibit... brought to town!

Here's hoping Matt doesn't try to join the army:  
 "A man can be perfect—physically and mentally—yet be rejected for enlistment in the army of the United States, when his face is characterized by 'extreme ugliness.'"

At least one man—a chemistry professor at Harvard—kept his promise to "eat his shirt" when he was proved to be wrong. He dissolved the shirt in acid, neutralized the acid with a base, filtered out the precipitated material, spread it on a slice of bread and ate it.

#### When Hollywood Goes to Sea

The big boat you are looking at every time you see a movie heroine departing for Europe or coming back is on the Fox lot in Hollywood. The ship is a fake, but it has six decks, a real bridge, a complete set of navigating instruments, real lifeboats, winches, cargo booms, etc. The ship doesn't budge, but a movable deck creates the effect of her putting to sea or arriving home. They can't rock her either. So they rock the camera instead.

After hearing the talks in chapel last Friday afternoon, we wonder if any of you boys still want to go to war? We all hope not, especially some of those girls and teachers who have one certain boy they are more fond of than any other. We all enjoyed the talks by Dr. Davis and Mr. Hardin and realize they have gone through much more than most of us ever will. We invite you back to our school when you will not be doing the entertaining if you had rather see and hear us.

The photographer was here this morning. No, we think we didn't break the camera. At least, if so, it can not be blamed on any certain one because we all had our pictures made. We hope the pictures are good (how could some of them be?), but if they aren't, we do not have to keep them.

#### HOWARD'S EAGLE-CRY

The senior boys lost to Goree last Friday, which lowered their percentage in the league. The girls and junior boys beat Goree. The girls lost to Bomarton in the first round of the league. I stated in the last report that they had not lost a game. It was my error. The Eagles will play Bomarton, Friday, November 15th, at Sunset. These games will be the beginning of the second half of the league. The girls are tied with the Bomarton girls. The senior boys are ahead

of Bomarton. Our senior boys have lost two games.  
 Come to these games and support your team.  
 Another Monday morning, and we were tickled pink? I'll say we are. Our rings came in Saturday and we got them today. Two of our Seniors are absent today but we hope that they will be back soon.

Mr. Akin was giving his class a test on a recent neutral history lesson.  
 "Now, J. C.," he asked, "tell me where the elephant is found?"  
 J. C. hesitated a minute and then his face lit up.  
 "The elephant, Mr. Akin," he said, "is such a large animal it is scarcely ever lost."

"Rex, my dear, why are you so worried lately?" said Mrs. Howell to her son one day who had just returned from church.  
 "Because the preacher said that we must all be born again, and I'm afraid I shall be born a girl next time."

Miss Blanton: "Now, Rogers, here is a picture of a house. What is the house used for?"  
 Rogers: "It's for a married man to keep his wife in."

Edna went to the skating rink Saturday night and we can't tell which one of the Flemmen (ask her) boys she liked best.

#### LET US SMILE

A welcome smile brings sunshine. A frown shuts out the light. So smile and bring the sunshine. Don't frown and cause the night. Hustle and grin. And we will win. Laugh and the world is bright.

A whine when we should whistle. A sigh when we should sing. Would make a rose a thistle. A song an awful thing.

Through thick or thin. Let's smile and win. Smile, and the world will sing with you.

Work, and the praise is won. Smile! And fortune awaits you. When your day's work is done. Smile all the day. Life will be gay. Life will really be fun.

"WHERE MOST FOLKS TRADE"

as Monday and Knox City did so we could go to the football games. The Armistice program was enjoyed and I imagine the Spanish II class wish it would come more often, for chapel programs deprive us of a Spanish class.

We had better start cramming because second six weeks exams come next week.  
 It's hard not to get an eraser when you are allowed so many mistakes in typing and then on the last line make one more mistake than you are allowed.

Gwendolyn and Bessie gave us a report in history about Knox County, but before it was over we decided it was the history of Knox City.

This was overheard about Mat "Has Mat changed much in later years?"  
 "No, but he thinks he has."

"How so?"  
 "Why, he is always talking about what a fool he used to be."

Johnny says the seven ages of a woman are:  
 The infant.  
 The little girl.  
 The young woman.  
 The young woman.  
 The young woman.  
 The young woman.

Ruby seems to be one of the modern spellers.  
 Ruby: "Howja spell 'since'?"  
 Miss Blanton: "Dollars and cents or horse sense?"  
 Ruby: "Well, like in 'I aint seen him since!'"

#### SOPHOMORES

This was overheard the other day. A student was asked if he planned to attend the basketball games the following night. His reply was, "Oh, I'll go if I can't find anything else to do."

Is this the school spirit?  
 Hoyt Gray should have a fairly "good line" by now. At least, he practices it in every class.  
 Dorothy Garrett, a new addition to the Freshman class, is learning to vamp the males. So watch for that, Sophomores.

We guess Sunset is just not entertaining enough for Marvin Stan-

field, or he might come to school Marvin was absent all last week and we are wondering what is ailing him.  
 It seems as if the Sophomores are the topic of conversation among the study-hall teachers. They find it harder to manage the Sophomores than any other class; and our reason for this is because the desks are together, and we find it more inviting to commune with our fellow-student.

Here's hoping the Sophomores exist over the long history assignment tomorrow.  
 And here's mud in the eyes of old King Arthur and his Knights, and Lord Tennyson, for writing "The Idylls of the King". At least, we're through with it, and we hope our minds retained enough of it to pass the test given on Monday.

#### FRESHMEN

The lectures by Mr. Mast Hardin and Doctor Davis Friday at assembly were enjoyed by us all. Mr. Hardin told us something of the "horrors of war" as we had never thought of them before.  
 The faculty can't say that we can't sing "The Star Spangled Banner" after the program.

Edward: "I ain't got no paper."  
 Miss Blanton: "Herbert, correct Edward."

Herbert: (Looking on Edward's desk) "Yes you is."

**Music Club Entertains**

The Choral Club division of the Music Club presented an entertaining program at the Presbyterian Church, the past Wednesday afternoon when they entertained with a musical benefit tea, inviting guests from Monday and the surrounding towns.

The church was appropriately decorated with baskets of fall flowers making a pretty background for the artists who appeared on the program.

Mesdames Clarence Elland, Riley R. Hurrell and Joe Davis met the guests at the door.

Punch and fruited wafers were served by Mesdames W. R. Moore, S. E. McStay, D. E. Holder and Miss Fannie Isbell.

A delightful musical program was rendered, with Miss Margaret Dutton of Knox City and Mrs. Orv Coffman of Goree the out-of-town artists on the program.

Other program features included readings by Mrs. E. M. Ammons and Mrs. Fitzer Baker, with several selections of the choral club.

The Music Club is fast establishing itself as an important entertaining feature of Munday social life.

The next study meeting will be held in the M. F. Billingsly home November 22.

### RHINELAND

Mr. Hoffman was feeling melancholy last week due to a shock he received about two weeks ago teaching the juniors geometry.

Examinations are over. Some results were all right, but others . . . A little investigation revealed the fact that some made big efforts with little results. Viewing the wreckage, one can't help but believe that the examinations carried concealed Pop-eye punches which were deliberately delivered without reservations or respect for age, sex, race, creed or social position. Be the results what they will, "Let the dead past bury its dead," and "still pursuing, still achieving," learn to labor and to win.

Mrs. Homer Edgington, of Wichita Falls, Texas, visited her mother, Mrs. Mike Bruckner, who has been seriously ill. Miss Frances Bruckner of Abilene, is also here.

## Are YOU HAPPY After Meals

Or Do Gas on Stomach and Sour Stomach make you Miserable?

Too much food, or the wrong kind of food, too much smoking, too much beer, make your body over-acid. Then you have distress after eating, gas on stomach, heartburn, sour stomach.

ALKA-SELTZER relieves these troubles promptly, effectively, harmlessly. Use Alka-Seltzer for Headache, Colds, Fatigue, "Morning After Feeling," Muscular, Sciatic and Rheumatic Pains.

Alka-Seltzer makes a sparkling alkaline drink. As it contains an analgesic (Acetyl-Salicylate) it first relieves the pain of over-acid stomachs and then by restoring the alkaline balance corrects the cause when due to excess acid.

Alka-Seltzer tastes like carbonated mineral spring water—works like magic. Contains no dangerous drugs. . . . does not depress the heart. . . . is not laxative.

Get a drink at your Drug Store Soda Fountain. Keep a package in your home medicine cabinet.

Mr. Joe Dusterhaus spent the week end in Amarillo, Texas.

Mr. George Wilde visited in Wichita Falls this week.

Messrs. Tony, Richard and Henry Poyson and Misses Bertha and Lucy Poyson of Scotland, Texas visited here this week.

Mr. and Mrs. Anton Brown and sons William and Herman, and daughter Ida, made a business trip to Wichita Falls Wednesday.

Mr. and Mrs. W. H. Chapman and son Lynn, and Jno. McKenzie left Wednesday for the Big Bend country on a deer hunt. They will be joined in Big Spring by Mr. and Mrs. Holt of Abilene who will accompany them on the trip.

### 500 Cows Will Be Bought by Gov't in Knox County

Mr. Rice, county farm agent, received orders Monday to buy 500 more cattle for the Government.

Mr. Rice was instructed to buy only full grown cows and no calves or heifers.

Mr. Rice stated that he had been advised that this would be the best the cattle buying by the Government. Those who have any cows they wish to sell to the Government should see Mr. Rice at once.—The Goree Advocate.

### Time Extended By The Government On Cotton Certificates

Mr. Rice, county farm agent, announced Monday that the time for bringing in cotton certificates to be placed in the "pool" for sale has been extended from November 10 to November 24.

If any Advocate readers have not yet turned in their cotton certificates, and wish to do so, you should take them to the County Agent's office at once.

Mr. Rice states that they believe that most of the certificates sent in will be sold. Under the plan, each farmer turning in certificates will get his proportionate part of the amount sold. In other words, if one-half of all certificates are sold, you will get pay for one-half of those you turned in and the others will be returned to you.—The Goree Advocate.

### Time Lost is Money Lost

It costs money to be sick. You see it directly if your pay envelope is short. You lose out on some important work if you live on a farm or if you are one of the few who are not docked for lost time. You can't afford to show up on the job unless you are feeling fit. The boss wants results—not excuses.

How many times do Gas on Stomach, Headache, Sour Stomach, "That Tired Feeling," "That Morning After" Feeling, Neuralgia, Rheumatic, Sciatic, Muscular or Periodic Pains keep you at home or interfere with your doing a full day's work?
