## TODAY and TOMORROW

By Frank Parker Stockbridge

**LAND . . . soon in demand**  
If I am any hand at reading the signs of the times, then the country is in for another big era of land speculation. And when you stop to think of it, the whole history of America is a history of speculation in real estate.

The urge that brought most of our ancestors to America was the chance to get land cheap and sell it at a profit, except such as they needed to subsist on. George Washington was the greatest land speculator of the 18th Century. In an old newspaper in which his death was reported I saw an advertisement of lands for sale along the Ohio River, "Address George Washington, Mount Vernon, Virginia."

I have lived through many land booms, including the rush of homesteaders in to the West, the opening up of Oklahoma and the Cherokee Strip, the great rush of settlers into Southern California, innumerable suburban booms around a dozen cities, and the great Florida speculation which collapsed in 1926.

It looks to me as if the combination of better highways, cheaper cars, Federal encouragement, higher city taxes and the beginning of a return of prosperity is certain to stimulate the demand for land farther and farther away from urban centers.

Look for the next big land boom to set in around the end of next year, and reach its peak in, say, 1937.

**TREES . . . good investment**  
The cheapest crop to grow and the one that assures the greatest return in the long run is trees. Up my way the annual harvest of the tree crop is beginning now. Down by the river on my farm Bill Howland is cutting birch, beech and maple for wood. My share will go a long way toward the 1935 taxes.

Just below me Will Seeley has moved his portable sawmill into Noble Turner's pine grove next to the old burying-ground and will saw out maybe a hundred thousand feet of boards, scantlings and slabs, worth forty or fifty dollars a thousand rough-piled on the lot.

There are, I guess, ten acres of woods to every acre of cleared land over most of Berkshire County. Counting household fuel and merchantable timber, the annual crop pays big interest on the land value. Five dollars per acre is a good price for most of the pine-covered mountain tops.

Trees are a good investment for a man who is content to stay put. Not so good for the man who is always on the move.

**SUGAR . . . from maple trees**  
Down East when I was a boy every country folk bought "store sugar." Unrefined brown sugar cost five or six cents a pound. In the 1870's I remember that granulated sugar was ten cents and more a pound. We bought some "black-trap" molasses but there was better sweetening right in our own woods. Maple sugar.

A farm wasn't a real farm unless in those self-contained days it had its "sugar-bush." Up on my hilltop, where the land levels off before you get to the slopes of Tom Ball Mountain, possibly a hundred huge sugar-maples remain of the old sugar-bush. They haven't been tapped for years. Store sugar is too cheap and farm labor too high to make it pay. I asked for maple syrup the other day in a city restaurant, where I had ordered a plate of buckwheat cakes. There wasn't any more maple in the syrup than there was buckwheat flour in the cakes.

I've a good notion to ask the head of the CCC camp over at Lee to send a bunch of the boys over next March to tap my sugar trees. It would be an education for them, and maybe I could get some real maple sugar once more.

**HORSES . . . still with us**  
Say what you please about the "vanishing" horse, I notice more real interest in horses and more of them in use, in the East at least, than for a good many years past. I went to the National Horse Show in New York a couple of weeks ago, and was specially interested in the handsome six-horse team exhibited by one of the big milk distributing companies. It used to be the "brewers' big horses" that were the last word in horseflesh, now it is milkmen's.

## Dr. Geo. S. Slover New Pastor M.E. Church In Munday

A telegram was received by M. F. Billingsley, a member of the Board of Stewards of the local Methodist church Thursday afternoon advising him that a change had been made in the assignment of a pastor to the church here by Bishop H. A. Boaz. Instead of Rev. T. J. Rea of Throckmorton, who was assigned the local charge, Dr. George S. Slover, the retiring presiding elder of the Stamford District, who was assigned at the conference to the church at Memphis, will come here as pastor, and Rev. Rea will go to Memphis.

Dr. Slover, who was for 18 years president of Clarendon College, and who for the past four years has served this district as presiding elder, expressed himself as being well pleased with the assignment and stated that he knew of no town in which he would rather live and labor than in Munday, and added that he would be on hand Sunday to fill his appointments.

Rev. H. C. Hand, who has just completed his second year here, will go to Throckmorton as pastor, and is leaving the latter part of the week for his new home.

Rev. Sam H. Young succeeds Dr. Slover as presiding elder of the Stamford district.

Rev. Don E. Culbertson was returned to the Munday circuit and will begin his second year's service on that charge.

Other assignments of interest to the citizens of this community are: Rev. B. J. Osborn, a former Munday pastor, was transferred from Lockney to Knox City.

Rev. J. R. Bateman, a former circuit pastor, was assigned to the McCauley church.

Alfred Freeman, a son of the Rev. R. B. Freeman, former Munday pastor, was assigned to the church at Rotan.

Rev. R. V. Tooley, a former circuit pastor, was transferred from Woodson to Westover.

Rev. J. O. Haynes, former pastor of First Church at Lubbock, was made presiding elder of the Amarillo district.

Rev. T. C. Willett, a former Munday pastor, goes to Hereford as pastor.

Rev. R. E. Gilbreath, a former circuit pastor here and recently pastor at Knox City, was sent to Hale Center as pastor.

Rev. Aubrey Ashley, recently pastor at Weinert, was transferred to the Roaring Springs-Afton charge and W. M. Culwell comes to Weinert as pastor.

Rev. J. A. Laney, former circuit pastor, was placed on the superannuate list.

W. C. Parmenter, a former circuit pastor, was transferred from Woodson to Tuscola.

Among those who attended from this city were Messrs and Mesdames Oscar Spann, D. T. Mauldin, J. C. Campbell, Austin Caughran, Levi Bowden, Chester Bowden, Lee Haynes, Ed Bowden, Ira Bowden, J. D. Keltley, Mrs. Ethel Lee P'Pool, Miss Shelley Lee, Miss Ollie Bateman, Mrs. May Bowden and Mrs. Arlin McGraw.

## Tri-County Medicos Hold Enjoyable Meet At Knox Co. Hospital

Dr. W. P. Farrington and Dr. Joe Davis attended a meeting of the Tri-County Medical Association, which was held at the Knox County Hospital at Knox City on Tuesday evening of last week, and at which Dr. Farrington read a paper.

Dr. Kimbrough of Wichita Falls, secretary of the Northwest Texas Medical Association, was a guest at the meeting and urged the members of the local association, which is comprised of Baylor, Knox and Haskell counties, to give their full cooperation in making the spring meeting of the Northwest Texas Association which meets at Seymour, a success. At the conclusion of the meeting, the members of the profession extended their thanks to the management and personnel of the hospital for the delightful manner in which they had been entertained.

Mr. and Mrs. W. R. Moore and children spent the week end with Mrs. Moore's parents, Mr. and Mrs. Felix Propps of the Gilliland community.

Mrs. J. A. Kennedy and sons of Austin were week end visitors in Munday.

Mrs. D. E. Holder and D. E. Jr. spent the week end in Abilene visiting relatives.

## W. W. McCarty Buys Gafford Shop; Will Make Consolidation

A deal was made last week whereby W. W. McCarty purchased the Worth Gafford Barber Shop and Mr. McCarty immediately transferred a part of the equipment in his shop together with his corps of barbers to the Gafford location, and is this week reconditioning the other equipment in his old shop with a view of moving it across the street. The deal will give Munday one less barber shop, and the change is believed to be for the betterment of the barbering business generally, since it has been evident for some time that there was not sufficient business for four shops here. Mr. McCarty states that his jewelry repair shop will also be moved across into the new location about December 1, and will be in charge of his son, Stanley.

## Dolph Bateman Co. of Dallas Awarded Court House Job

The Dolph Bateman Construction company of Dallas was awarded the contract for the construction of the new Knox County courthouse Saturday at Benjamin for a consideration of approximately \$95,300 of which amount approximately 30 percent will be paid by the Federal government as a labor grant, and it was stipulated that Knox County citizens should be given preference in both skilled and unskilled labor in the construction of the building. Work is to start on the building from 19 to 21 days from the date of the letting of the contract, which is to include the demolishing of the old building as well as the construction of the new. Voelcker & Dixon of Wichita Falls are architects.

## 3-Inch Rainfall Adds Optimism To Knox County Folks

A three inch rain during the week has occasioned more optimism than anything that has happened in these parts in many moons, and farmers and business men alike are looking forward to the future with optimism. On Monday the rainfall amounted to 1.12 inches and on Wednesday the precipitation amounted to 1.66, and slight showers have brought the total for the week up to 3 inches, according to A. E. Whittemore, and the manner in which the rain has fallen gives a good season in the ground, since it fell slowly and all soaked into the earth.

Farmers residing in the tight-land district, who have been forced for many weeks to haul water for livestock and domestic consumption are jubilant, as all tanks are filled and there will be no more water shortage soon.

## Hazel Hurd Players Here All Next Week Auspices Fire Dept.

The Hazel Hurd Players will open a week's engagement here Monday night under the auspices of the Munday Fire Department. Their big water-proof, treated tent theatre will be pitched on the lots just south of the Cameron Lumber Co.

Fred J. Twyman of Spearman, Texas, owner and manager of the show, states that the show is absolutely clean in every respect and not a word of "smut" will be heard in any of the bills presented throughout the week, and the organization comes here with a reputation of being one of the best that has ever visited this city.

Speaking of the show, the Matarator paper has this to say: "The Hazel Hurd Players, who opened here Monday night for a week's engagement under the auspices of the Matarator Fire Department, has been playing to large crowds each night. The plays have been enjoyed and appreciated."

"Local residents who have been questioned regarding their opinion after they had seen the show declare it to be one of the best and cleanest tent shows that has been here for years. Mr. Twyman, who manages the show, is of splendid personality and has made many friends during his stay here."

Mr. Twyman states that he has tried all kinds of advertising, and that he finds local newspaper advertising to be far more effective than any other method, and readers of the Times will find two display advertisements of the show in this issue.

Rev. H. C. Hand has been confined to his home for the past two weeks with a slight illness.

Austin Caughran is in Wichita Falls this week attending Federal Court.

## Hundreds See 4-H And H.D. Exhibits Shown at Knox City

Several hundred people from all corners of Knox County and parts of Haskell and King Counties saw the exhibit of Home Demonstration and 4-H Club members which consisted of canned products, handwork, gifts, dresses, rugs, quilts, tufted bedspreads and many special exhibits prepared by the various clubs in the county.

The judging of this exhibit was done by Miss Marie Strange, Baylor County Home Demonstration Agent. After a most efficient judging demonstration given to the public on all entries, cash prizes were given on all products listed in the years work and entered by Home Demonstration Club women. These prizes were made possible by donations from the various clubs through the County Home Demonstration Council.

## S. J. Banks Dies At His Home Near Littlefield, Texas

Lee Haynes, secretary of the local Masonic lodge received a telegram Sunday afternoon from Joe Banks at Raleigh, North Carolina, advising him of the death Sunday morning of his father, S. J. Banks, a former Munday citizen, at his home near Littlefield, Texas. Mr. Banks resided in this community for many years until some eight or ten years ago when he moved to the plains country. He was formerly a member of the local Masonic lodge.

## "The Pajama Girl" To Be Presented Tuesday Evening

On next Tuesday evening at 7:30, eight members of the public school faculty will present a play in the community auditorium. For this year, "The Pajama Girl," a mystery comedy in three acts, has been selected.

The play is of the new type and seems to have the necessary combination to make good entertainment. It is a story of racketeering and intrigue, with excitement and suspense from the beginning. The characters in the play are Richard Creed, a young lawyer; Berkeley Payne, the District Attorney; Dan Martin, a police detective sergeant; "Dopey" Ricardi, a gangster; Georgia Morehead, engaged to Richard Creed; Dolly Lewis, a girl of the underworld; Helen Maury, the Pajama Girl; and a policeman, Miss Mildred Kennedy, who is directing the play, carefully selected the members of the faculty to portray the various roles and she believes the show will be well staged.

Popular admission prices of 10c, 15c and 25c will be charged at the door. Only one performance will be given, and if the weather is cold, the auditorium will be well heated for the occasion.

## Feed Loans Still Available To All Who Protect Credit

"Stockmen in drouth areas who cannot obtain credit from other sources will continue to be eligible for emergency feed loans for their foundation herds this winter, provided they keep their credit in good standing and show their intention of repaying the loans," W. I. Myers, Governor of the Farm Credit Administration said.

"The Emergency Crop and Feed Loan Offices," Governor Myers said, "have made loans in the primary drouth areas without requiring chattel mortgages in order to make funds available quickly to save hundreds of thousands of cattle and other stock, but they have done so with every expectation that the money will be repaid."

"The Emergency Crop and Feed Loan Offices," Governor Myers said, "have made loans in the primary drouth areas without requiring chattel mortgages in order to make funds available quickly to save hundreds of thousands of cattle and other stock, but they have done so with every expectation that the money will be repaid."

"The Emergency Crop and Feed Loan Offices are the only source of these unsecured emergency feed loans. They are distributed from a part of the drouth appropriation approved June 19, 1934, and are not made through any of the permanent credit institutions under the Farm Credit Administration."

"Up to November 1," Governor Myers continued, "over 191,000 farmers and stockmen obtained these initial emergency loans to feed their stock and about 134,000 supplemental advances have been made for a total of \$21,500,000, out of the allocation of \$96,785,000 for such purposes. On an average about \$1,250,000 a week is being loaned to feed cattle and other stock, and during the winter additional credit will be available if the borrowers keep their credit good and show their intention of paying their debts."

## SISTERS MEET HERE FOR FIRST TIME IN MORE THAN 35 YEARS

Two sisters met here for the first time in more than 35 years last week when Mrs. Belle Matthews of Long Beach, California, came here for a visit with Mrs. George Isbell. The sisters were separated more than 35 years ago when Mrs. Matthews married and moved from their Arkansas home to California, where she has since resided, while Mrs. Isbell came to Texas, and this was the first time that Mr. Isbell had ever met Mrs. Matthews. Naturally, both Mrs. Isbell and Mrs. Matthews are enjoying their visit together.

Mr. and Mrs. J. B. Bowden have as their guests this week their daughter, Mrs. Lois Bowden, and Mrs. Bowden's niece, Mrs. W. A. McCoy and little daughter, Billie Lois, of Coolidge, Arizona.

**W. A. BAKER**

We were "scooped" last week by our good friend, Chas. Bisbee, of the Benjamin Post, on the announcement that W. A. Baker of this city was being put forward by friends over West Texas for appointment on the Board of Control at the hands of Governor James V. Allred, but we hasten to add our endorsement to the vast number which will go into the hands of Gov. Allred from all sections of West Texas.

We feel that we discredit no one when we state that no citizen has played a more important part in the development of Munday since it sprang up out of a cotton patch than has Mr. Baker. Early in the town's history he opened a general mercantile store here and gave credit to the hundreds of home-seekers

**ROSS BATES DISCUSSES COTTON ACREAGE REDUCTION PROBLEM**

In March 1933, when the first Roosevelt Congress was assembled cotton was very low. Congress acting on the advice of the Administration enacted the A.A.A. granting powers to control the production of cotton. Acting under this authority, Mr. Henry A. Wallace in the summer of 1933, hired producers to "plow up" ten million acres of cotton, thereby, according to his estimate, destroying about 4 million bales of cotton. Continuing this policy, and acting under the same authority, Mr. Wallace contracted with individual farmers to reduce acreage in 1934, and informed Congress that 95 per cent of the farmers desired compulsory control of cotton production. Acting on this information Congress passed the Bankhead Bill. Under the authority of the Bankhead Bill the secretary of Agriculture reduced the 1934 production by about five million bales, making a reduction in the national production of cotton for the two years of about nine million bales.

This nine million bales of cotton at \$30.00 per bale, or the price that cotton was bringing on the Texas farms in March 1933, when Mr. Roosevelt was inaugurated would have brought two hundred and seventy million dollars (\$270,000,000) to the south. The A.A.A. has only paid \$135,000,000 (Mark Goodwin) and the south from the "plow up" and who came here to seek their fortunes and made their homes. He has, almost since the beginning of the community here, been actively identified with the development of the community.

And, as Editor Bisbee pointed out, Knox County has in the past received little or no recognition at Austin, and an opportunity is presented in the administration in this instance to make an appointment that would meet with the approval of not only the entire citizenship of Knox County, but all West Texas.

**THE LAME DUCK SESSION**

Representative George Moffett of Chillicothe is quoted in the Chillicothe Valley News as having stated in a talk before the Lions Club there shortly after his return from Austin that there was likely to be a constitutional amendment offered soon which would provide that there shall be hereafter no called session following an election, and he expressed the hope that the voters would approve such a measure.

Mr. Moffett stated that the recent called session provided sufficient evidence for the need of such an amendment, since a large number of the members of both branches of the legislature had been defeated in the primaries and hiding their time until they are forced to hunt over the rains to another.

One of the early acts of the present national administration was to abolish the "lame duck" session of Congress, and it was one of the accomplishments of the administration.

There has never existed any reason why a group of law-makers, a number of whom have been repudiated at the polls, should come together in an official capacity to pass legislation, for there would certainly be a certain amount of unconcern on the part of the defeated members of the body.

Indeed, there has never existed any good reason for a "lame duck" session of the legislature, and such an amendment should receive the support of a vast majority of the voters of Texas.

**HOOD NEWS**

The nice rain that fell here the first of the week was welcomed by everyone.

A large crowd attended the singing at the home of Mr. and Mrs. G. M. Roden Sunday evening.

## MOGULS VS. GREYHOUNDS

The Munday Moguls beat Rule 7 to 0 last Friday and we are betting for another victory Thanksgiving day when our fighting squad faces the Knox City Greyhounds.

A victory over these rivals depends wholly upon two things. Are you determined to win? What about YOU?

A determined man can do more with a dull hand saw and a rusty monkey wrench than a drone will do with two sets of tools and three helpers.

The value of creating in your mind a conviction, a determination to do a thing, is of great psychological advantage. The plan of cultivating positive state of mind on what you propose to do is a big step toward success. Determination is not bulldog brains. It does not mean billy-goat stubbornness, not a certain direction for a certain end, without wavering. Determination is strength of mind, energy of purpose, manliness. It is moral courage and mental command.

We all have more faith in the man of determination than we have confidence in the man who is distinguished for his dashes, splashes and sports. The spotlight fellow would have more reason for expecting success if he would only wake up and understand that he has not already arrived.

### YOU!

Play your game and do your stuff. Not much use in getting sore if the game's a little rough. Just run up a bigger score! Give them all you have—and then if by failure you are met, just dig in and start again. Fate has whipped no fighter yet.

### WHO IS THE PAJAMA GIRL?

A shot! Utter silence—then a scuffle of running feet—a shadowy figure slips into the room—eyes hunt desperately for a place to hide—Ah! A closet door! Into the tiny sanctuary the figure slips—the door closes softly and all again is still.

A man crouches in a chair—sullen—deperate—frightened—yet stubbornly refusing to talk. Merely the District Attorney stabs him with questions. Relentlessly the assistant District Attorney attempts to wring some answer from him—but sullen and tight-lipped he sits—Richard—Master Gampster!

Defiant the Boss stands—a smile on his lips—murder in his heart. Cornered—caught—red-handed—convicted by his own words—he still fights grimly—playing his last card. But Sergeant Martin is quietly fingering the handcuffs—and The Boss finds it a losing game!

Situations like these, and many of them, keep you on the edge of your seat—gasping, guessing, wondering—and will you be surprised

### PICKED UP AT RANDOM

The Freshmen girls certainly did enjoy the cooking school. (They missed their afternoon classes.)

The whole high school joins the "Fish" in saying that they are in danger. That horrible monster "EXAMS" is here again! The days of peril begin Monday, November 26.

William is carrying his arm in a sling, but we notice he can do just as good with one arm (chatting man, William!).

We wonder why Gail and Druella come in looking so sleepy Monday morning.

Joe's eye is bandaged! Who is she, Captain? Oh, you nasty man. Sal says, "Oh, these K.C. boys are so-o-o-o nice and gentleman-like." Fred, what kind of lip-stick are you using now? We also notice "Tattoo" lip-stick behind Bill Dingus' ear.

Why did Wilson Hunter want a certain girl to go to sleep in history class?

### Dignified Seniors

It is a generally accepted idea based only on custom, that seniors are dignified and serene while all freshmen are scatter-brained. The opposite is often true for nine out of ten freshmen are perpetually engaged in caldly and gravely gazing at some ponderous book. Golden, if ever, is any senior guilty of such an offense. When a senior gazes at the blank stare of an incubator, in my estimation, seniors "eat up" more than any other class in school. For instance, in our bookkeeping class are two of our supposedly learned seniors who do nothing but giggle at each other's pin-headed remarks for ninety minutes per day. This is very annoying to the students who crave knowledge, and I am willing to wager that if the class were composed of freshmen, annoyance from this source would be abolished.—Bill Dingus.

### Campus Philosophy

The shallowest teapot does the most spouting, and holes dry the most quickly.

A woman writer is exclaiming over recently released figures showing that 31 per cent more men than women are crazy. Yeah, but who drives the men crazy?

### Pet Peeves

The teachers of Manning High School have humorous pet peeves. Some of them are:

Mr. Bass—not to have muck promptly on time.

Mr. Harlogree—the student that won't study.

Mr. Cooley—to be working while keeping study hall and to lock up

and see someone laughing and talking. Mr. Larimer—anything short of split-second punctuality.

Mr. Larimer—the thought of an individual sliding down a twenty-foot razor blade—Virginia Smith.

### 4-H PANTRIES SAVE MANY HUNDREDS OF DOLLARS PER YEAR FOR OWNERS

Of the six 4-H pantry demonstrators in the Home Demonstration Club, 4,333 pint containers were found on the shelves valued at \$697.24. This is only a small part of the live-at-home project and when every bit of the food each family has raised and consumed this year is estimated, each family will find that they would have had to pay near \$600 for their supply had they had to buy everything.

"I have really enjoyed my work as pantry demonstrator this year and I am really proud of my cellar now that it has been rearranged," said Mrs. J. H. McGee, Union Grove 4-H Pantry Demonstrator.

"My first step was to remodel my shelves and label my cans. When I had labeled my shelves, I replaced the canned goods. I have 200 quarts of fruit, 50 No. 3 cans of vegetables, 50 containers of various meats, 25 cans relish and 35 jars of beet pickles, a total of 340 containers valued at \$292.06. Other than this I have used at least 150 containers from this pantry before it was judged," said Mrs. McGee.

At the present Mrs. McGee has quite a variety of fresh vegetables in her garden and plans to have more than she will need to use fresh and this will enable her to have more food for the non-productive season and also a greater variety from which to pick her "balanced meals."

### GILLISPIE H. D. CLUB

The Gillispie Home Demonstration Club met in the home of Mrs. Robert Myers, Wednesday evening, November 14, in their achievement program. Various gifts and Christmas handwork was displayed, besides some canned products. Mrs. Almonroe called the house to order and Mrs. H. D. Gammill discussed balanced school lunches. Mrs. R. C. Partridge read a paper on "A Friend." The business was soon disposed of and a social hour was enjoyed.

Refreshments of mince pie, coffee, and cocoa were served to the following club members and their guests—twenty-three women registering: Mesdames C. H. Harrell, E. R. Frasure, L. V. Yost, W. C. Kimberrough, R. C. Partridge, T. M. Babb, E. F. Nix, R. W. Tinsman, L. L. Womble, R. L. Myers, R. M. Myers, T. B.

Busby, John Rensau, L. W. Hobert, G. L. Pruitt, H. D. Gammill, Ramond Jones, Louis Carterwright, L. P. Jones, R. M. Almonroe, Chester Smith, and Misses Jewel Faulkner, Ruby Myers and Louise Brown.

The club meets Wednesday, November 28th, at Sunset, for the election of officers for 1935.—Reporter.

A surprise birthday party was given in the home of Mr. and Mrs. K. G. Homer last Friday night in honor of their son, Killian, Jr. Everyone reported having spent an enjoyable evening.

### HAZEL CLOUGH IS SONG LEADER AT BAYLOR

BELTON, TEXAS—Miss Hazel Clough, Munday, was recently initiated into the Gamma Literary Society at Mary Hardin-Baylor.

Gamma is one of the three social organizations for freshmen, and works in direct contact with the activities of that class. Further distinction came to Miss Clough when she was elected one of the two song leaders for Gamma.

She is the daughter of Mr. and Mrs. D. D. Clough.

Mr. and Mrs. Sam Braswell of Clearendon were guests this week of Dr. and Mrs. E. M. Ammons, Mr. Braswell going on to Abilene to attend the M.E. Conference while Mrs. Braswell remained here. Friday Mrs. Ammons, Mrs. Braswell and Mrs. M. H. Reeves were in Abilene shopping and attending conference.

Miss Frieda Koenig of Wichita Falls, Texas, spent the week end in the home of her parents, Mr. and Mrs. Joe Koenig.

Mr. and Mrs. Fred Kaehler and family are moving to the valley. We wish them success in their new location.

Miss Martha Loran returned to Wichita Falls Friday after an extended visit in the home of her parents, Mr. and Mrs. L.H. Loran.

### HARVEST DAY PROGRAM

The annual Harvest Day Program of the W.M.S. of the M.E. Church was held in Knox City Tuesday at an all-day session. Mrs. H. A. Pendleton, president of the local W.M.S., attended. Others present from Munday included Mrs. M. F. Billingsley, Mrs. D. E. Holder, Mrs. Pitzer Baker, Mrs. G. R. Eiland, Mrs. P. V. Williams, Mrs. H. C. Hand, Mrs. H. T. Maples and Mrs. Roy Aycock.

Mr. and Mrs. Weldon Parker are announcing the birth of a daughter, Amanda Sue, the past week in the Knox County Hospital.

### Those Who Abuse Relief Funds May Lose Privileges

Austin, Texas, Nov. 13, 1934  
 To All County Administrators:

Several counties have asked for instructions concerning the manner in which to handle the relief family which allows a part of its relief grant to be expended for alcoholic liquors. The following opinion, therefore, are announced as being the policy of the Texas Relief Commission on this point.

Each case must be handled on its own individual merits and then only upon personal investigation by the Case Supervisor or the Relief Administrator.

In instances where either the County Administrator or the Case Work Supervisor has first-hand personal knowledge that the head of the relief family is expending his funds for alcoholic liquors, that family thereafter should receive relief in kind only. Regardless of the fact that relief is being extended in kind only, it shall and must be work relief.

The same rules apply to gambling and similar delinquencies on the part of relief clients. Convictions in police court or frequent arrangements before any local court immediately brings the client within the scope of these instructions.

If the head of the family steadfastly refuses to perform work when he is not paid in cash, you are instructed to confer with local public officials and prefer charges of vagrancy against the client. If public officials refuse to act, please notify this office.

The subject matter of this letter should be made immediately available to your local press.

Very truly yours,  
 ADAM R. JOHNSON,  
 Director.

## ALKA-SELTZER

The New Pain Relieving, Alkalinizing, Effervescent Tablet.

It is called Alka-Seltzer because it makes a sparkling alkaline drink, and as it contains an analgesic (Acetyl-Salicylate) it first relieves the pain of everyday ailments and then by restoring the alkaline balance corrects the cause when due to excess acid. Alka-Seltzer is pleasant to take, harmless, non-laxative.
