New Acts Featured at Pan American Exposition Casino

The Pan American Casino at the Greater Texas and Pan American Exposition in Dallas has this week brought in several new top notch acts from Broadway. These include: (1) The Diamond Brothers with a slap dash comic acrobatic act; (2) Sibyl Bowan, mimic and impersonator of nationally known characters; (3) Florence and Alvarez, internationally known dance team. Gil Lamb and Tommie Sanford also come to the Casino with their dancing and harmonica art. Art Jarrett and the Singing Gauchoes and the spectacular precision line of girls remain. Phil Harris and his orchestra provide music for dancing.

ORGANIZATION OF LIONS CLUB WILL BE PERFECTED TUESDAY NIGHT HERE

Two Committees Are Named At Meeting Tuesday Night

MEMBERSHIP OF CLUB IS STARTED

Haskell Club Will Be Guests In Tuesday Night Meeting

Tuesday night final preparations for the re-organization of the Munday Lions Club were completed, and date for election of officers set for next Tuesday night at a banquet.

With Rip Davenport acting as temporary chairman, proceedings for organization were carried out. Lee Haymes, Riley B. Harrell and Dr. J. H. Bass were named as a nominating committee to select candidates to be voted on for various club offices next Tuesday night. Dr. E. M. Roberts and Boyde Carley were named as a temporary membership committee and will complete a drive for membership this week.

Haskell Club Guests

Members of the Haskell Lions club will be guests of the local club in their first scheduled meeting in the feed Tuesday night at the Eiland Hotel dining hall. They will bring a program, which will be presented following a short business meeting of the local organization.

Twelve men have already been signed.

Revival Campaign Closed at Church Of Christ Friday

The evangelistic campaign conducted at the Church of Christ during the past three weeks was brought to a close last Friday night at the local church.

Large crowds were in attendance during the revival meeting, which was considered successful with 15 conversions being made. Minister Spivey, Iowa Park, evangelist in charge of the meeting, delivered all the inspirational sermons and held the meeting over the intended two weeks period into a third week due to the increased spiritual enthusiasm displayed by the audiences in attendance.

The local church will again have Minister Spivey conduct their regular annual summer revival next August. It was announced at the close of the meeting.

Mrs. Ardell Speake and children returned home Sunday after spending two weeks visiting with relatives and friends at Decatur, Denton and Fort Worth.

HASKELL EVENS BASEBALL PLAY FOR TITLE TUFF

Pittman Hurls Team To A 2 to 0 Win Sunday

OPENER WON BY HAMLIN OILERS

Winner To Play Munday For League Championship

Haskell evens up the playoff series with the Hamlin Oilers last Sunday by taking a tight pitchers duel 2-0 on their home lot. Hamlin won the opener 5-0.

The two clubs will meet again Sunday at Hamlin, for the final setto, to determine who shall play Munday, winner of the first place for the league crown.

Munday will open the title series with the Hamlin-Haskell winner the following Sunday, probably on the home lot, it was announced here.

Pittman, Haskell hurler, out-pitched Jennings. Hamlin left hander, whiffing ten and allowing eight scattered hits, to earn his shutout.

Hambright and Jennings will probably do the hurling in the "live or die" game Sunday.

Mr. and Mrs. M. L. Barnard, returned from their vacation spent in Fort Smith, Ark., with Mr. Barnard's parents.

School System Of Goree To Open On Monday, Sept. 6th

The Goree school system will formally open for the 1937-38 school term, Monday, September 6, H. D. Arnold, superintendent, announced this week.

A slight drop in scholastic enumeration is expected in enrollment figures as compared with last year's total. Enumeration for the preceding term was 298, while the new total is expected to be something like 275.

A short opening program and announcements concerning the beginning of the new term will be held Monday morning, with the Goree patrons invited to attend.

Faculty Announced

Faculty for the fall term as announced by the Goree Board of Trustees follows: H. D. Arnold, Supt., teaching mathematics; Jas. H. Bardwell, science; Annette Bee-massey, history and social science; Mrs. J. H. Bardwell, seventh grade; Ivan Burgess, sixth grade; Mrs. H. L. More, fifth grade; Alice Reese, fourth grade and Spanish; Juanita Collier, third grade; Myrtle Lowe, second grade; and Johnnie Patton, first grade.

City Drug Store Installs Electric Appliances Here

R. B. Davy, proprietor of the City Drug Store, announced this week that his firm will in the future serve coffee and sandwiches to its customers.

Mr. Davy has installed an electric coffee pot, which makes "coffee delicious" as he puts it. Sandwiches served will be made on a Griswold toasting machine, which is also an electric appliance.

A variety of sandwiches is available to those who care for light lunches at all hours of the day, Davy stated.

Principal L. S. Hardegree and Mrs. Hardegree and children have arrived in Munday for the new fall term of school.

Mrs. Edgar Beecher of El Centro, California, is visiting in the home of Mrs. J. O. Bowden, her mother. Mrs. Beecher will remain here for some time.

Miss Betty Jane Isbell is spending the week end in Wichita Falls, visiting her aunt and uncle, Mr. and Mrs. William McClain.

MUNDAY SCHOOLS TO OPEN MONDAY

RESIDENTIAL DISTRICT OF MUNDAY TO GET FIFTY-ONE STREET LIGHTS; CONSTRUCTION WILL START SOON

Move Sponsored By Chamber of Commerce is Approved By City Council Monday Afternoon In A Special Meeting With the Men

Another objective was reached in making Munday a better place to live and the leading city of Knox county Monday evening when the city council voted to install fifty-one street lights in the residential sections of the city.

The move to light the city and remove hazards of dark, blind streets, was started by the Chamber of Commerce and was pushed through to completion with the cooperation of the city council by Chester Borden, chairman of the committee appointed and C. P. Baker, who with T. G. Bengé, president of the local organization met with the council Monday.

The committee asked for 35 of the lights, which would come under a cheaper rate than a smaller amount, but the city council decided that if they lighted the city, they would do it right, therefore 51 lights were ordered installed.

The lighting system will be installed by the West Texas Utilities company, who serve this community with power. Materials and fixtures are now being ordered, W. M. Cabaness, manager of the local office stated and will be installed as soon as possible.

The lights will not be more than 380 feet apart, for an average distance. This schedule will give one light to each block south of the main thoroughfare, and one and a half lights to each block north of the main street.

The difference in number of lights to the block was caused by the size of the blocks. In the south part of the city all blocks are 300 to 350 feet square while the northern part of the city has blocks 200 feet square.

KNOX CITY MAN KILLED SUNDAY IN ALTERCATION

AUSTIN COCHRAN, SHOT IN ROAD HOUSE FIGHT; SERVICES MONDAY

Austin Cochran, 32, Knox City man, was fatally shot during an affray Sunday night at a beer joint just past the Knox county line on the Benjamin-Guthrie highway in King county.

Charges of murder were filed against C. L. Martin, of Paducah, who is alleged to have killed Cochran. Martin came to the roadside place, starting a fight with Cochran, it was reported, and knocked Cochran to the ground. Cochran came up with an open knife and it was then that Martin shot the victim twice with a pistol, it was said.

Martin and three others are being held in the King county jail pending a complete investigation of the case.

Funeral services for the slain man were held Monday afternoon at Knox City.

Appreciation!

"We will be seeing you." says the Munday Chamber of Commerce to visitors, as a result of the city council voting to install 51 lights in the residential districts of Munday.

This is being done at the request of the board of directors, through an appointed committee consisting of J. C. Borden and C. P. Baker. Tom Bengé also worked with the two men.

The directors of the organization and the citizens of Munday extend to the council a vote of thanks for this progressive undertaking.

Signed,
T. G. Bengé, President
Mrs. Louise Ingram, Sec.

FACULTY LIST IS ANNOUNCED FOR NEW TERM

Bass Will Again Head Munday Schools In New Years Work

COBB IS ELECTED ATHLETIC COACH

Over 600 Students Are Expected to Enroll in Local Schools

Monday morning the Munday school system will open for the new fall term, Supt. J. Horace Bass, announced today. An enrollment of more than 600 students is expected by school officials.

Elementary pupils should bring report cards and book cards and assemble in the auditorium for announcements by principal L. M. Palmer. From the auditorium they will be dispersed to their respective rooms and departments and there register and receive texts. High school students will assemble in the study hall for a short program and for announcements. During the forenoon they will enroll and receive texts. They should likewise bring book cards, but report cards are not required.

All preliminaries to enrollment and books, room assignments, and class organizations will be completed in the forenoon. The afternoon will be given over to short classroom periods during which rolls will be completed and compiled and assignments will be made. School will proceed on Tuesday in the regular way. Classroom work will begin at nine and close at four o'clock with an hour for lunch in-between.

Faculty is Named

There occurs this year, as usual a number of changes in the personnel of the public school faculty. The changes are caused by resignations of teachers and by changes in assignment.

The administrative organization is intact as Superintendent J. Horace Bass and Principals L. S. Hardegree, of the high school, and L. M. Palmer of the elementary school are remaining. Perhaps no small school system in the state has been more fortunate in the tenure of its administration than Munday, for all of the men have occupied their positions for a number of years.

High school instructors returning are Misses Mary Couch and Georgia Dorsey, instructors in English and Social Science, respectively.

Misses Jordanis Park, Mildred Kennedy, Dorothy Crawford, Nina Spencer, and Mamy Crouch, and Mesdames Bass Porter, J. Horace Bass, L. M. Palmer, and John B.

(Continued on Page 8)

Two New Subjects Offered in Weinert Schools Schedule

The Weinert school system has opened with a corps of sixteen teachers for the new fall term of school, Supt. I. J. Duff announced. Duff is beginning his sixth year as head of the schools. Rated as one of the finest rural schools in this section, the school enrollment was boosted over preceding figures with contracts signed with the Lone Star, Pleasant View, and Ferris Ranch districts for this year. The Weinert school system had previously been consolidated with the Dennis Chapel and Myers school districts.

Two new subjects have been added to the curriculum, agriculture and art. Mrs. Perry Mason will have charge of the art classes and H. T. Sullivan has been secured as agriculture instructor. Both the new teachers are from Haskell.

Huge Beans Are Grown Here By Doc Russell

Knox Prairie and citizens of the plains of Knox Prairie have a habit of doing things in a big way. That fact was proved the past week when A. B. "Doc" Russell, Munday resident, displayed a bean pod in the Times office that measured 10 inches in length.

Russell has several hills of the large beans, and each stalk grows to about the same height as the average cotton plant. The pods grow in clusters and have about 15 of the huge pods to the plant and are still blooming. There is an average of 12 large beans to each pod and they are tender and flavored just as good as any other fresh bean.

Russell is saving most of the beans to plant next year.

GIST

OF TODAY'S NEWS

Nine Cent Loans

President Roosevelt Monday authorized the Commodity Credit corporation to make loans of nine cents a pound and make additional subsidies payments to producers of the 1937 cotton crop that will give the farmers a guarantee of 12 cents per pound. The move will also safeguard the cotton control program.

Dedicate Shrine

COLORADO SPRINGS, Colo.—Dedication of the Will Rogers Shrine of the Sun to the ever-living memory of Will Rogers, will take place at 11 a. m. (MST) Sept. 6 on Cheyenne Mt.

As the chimes and vibraharp in the "singing tower" of the shrine play "Empty Saddles", a saddled but riderless horse will lead a procession of statesmen, actors, aviators, cowboys, Indians and other friends of the humorist up the switchback road on the mountain.

Smash Dope Ring

Federal Narcotics Agent M. W. Barnett of Fort Worth completed smashing the largest dope ring in West Texas history after nearly a month's work at Amarillo Tuesday.

Last two of nine suspects had been arrested and the drive had seen more than 700 grains of narcotics and a 1937 sedan confiscated.

Theater Tickets

Two readers of the Munday Times will be courtesy guests at the Roxy Theater, Sunday or Monday of next week, Sept. 4, 5, for the feature attraction of "The Singing Marine" starring Dick Powell. Names of persons to whom complimentary tickets will be given will be found in the WANT-AD Column in this issue.

Trench Silo Means More Dollars

The Trench Silo, greatest boon to farming in years, will make the farmers and stockmen more money on feedstuff than all the bumper crops that can be grown, is the opinion of W. W. Rice, County Agent.

The silo which is taking hold in this county fast, can be built cheaply, and there is no upkeep. Another advantage is that there is practically no loss, regardless of weather conditions or storms.

Another example of the value of a trench silo can be had from one built by C. R. Elliott recently. Elliott harvested a ton of heads per acre from his grain crop of 30 acres. He then placed the stalks in the silo, which will hold 70 tons of the feed stuff. In past years the stalks, which are good stock feed, have been a total loss.

Elliott estimates that the silage will be worth \$1,000 on the spring market. The entire cost of the silo was \$17.25.

There is no reason why Munday could not be one of the most beautiful cities in the state with the rich soil that the city is situated on. Flowers, shrubs and trees, grow readily. Now is the time to begin preparations for landscaping, and planting of trees and shrubs. It will be worth the trouble in the personal pride gained.

Visitors in Lewis Home
Visitors quite recently in the Jim Lewis home have been John T. Cowsar and family and Mrs. Nettie Caughman of Quemada, Texas, and the family of George Lewis of Floydada, Texas, also Lon Elledge and family of Baylor county.

Mr. Cowsar is deputy sheriff of Quemada Valley, an irrigated district on the Rio Grande river. Mrs. Cowsar is remembered here as Miss Willie Voss, sister of Mrs. Lewis. They went on to Fort Worth to the Cowsar family reunion at Forest Park. Mrs. Caughman is an old friend whom Mrs. Lewis had not met in about 35 years.

County Attorney J. C. Patterson was in Munday Saturday night.

Co-Operation Is Asked

City Marshal Tug Nesbitt has asked that the citizens of Munday co-operate in a move to eradicate the city of beggars, fly-by-night peddlers and petty thievery.

With the influx of cotton pickers, comes also an unwanted class of people that live off others, instead of working. Should beggars come to your home or business, Nesbitt urges that the police department be called.

"There is no excuse for an able bodied man to be idle with the bumper cotton crop to be gathered," Nesbitt stated. They will either work or leave town, is the policy adopted by the city police department for the fall months.

Munday Will Be Lighted

Munday will take on a much brighter aspect soon, when the street lighting system, approved by the city council Monday afternoon, is completed.

After being in the dark for years, the city should be lighted to compare with any city this size, with the 51 lights that will be installed by the West Texas Utilities as soon as possible.

The Chamber of Commerce urged that 35 lights be placed at the most vantage points, but the city went the local organization one better—ordering 51 lights to be installed.

Cotton Classing Farm Aid

The drive for improvement in the quality of Texas cotton will be aided in 1938 by the terms of the cotton classing act, passed by the recently adjourned Congress and signed by President Roosevelt.

The bill is designed to correct the "hog round" system of cotton buying, and requires that the Department of Agriculture, upon request from any group of producers organized to promote improvement of cotton, determine and make promptly available to the producers the classification of any cotton they produce.

It also provides that the Department of Agriculture collect and publish timely information on the market prices and post the statements at ginns and other public places in large cotton producing communities.

IT IS said that in hot weather one can tell the temperature by counting the number of times a tree cricket chirps by a watch, and adding 40 to that number. If it wasn't so hot we'd try it, but a thermometer gives quicker service.

SUNSET SCHOOL NEWS

During the vacation, four new departments were added to the Sunset School, they are the Primary Department, the Typing Department, the Home Economics Department and the Shop Department.

The Primary Department is a new addition to the east end of our building. It consists of three primary rooms, two work rooms, and one music room. The music room is used by both high school and grade school music classes.

The three primary rooms are practically alike. In each room there are individual lockers that reach across one end of the room. Three sides of the rooms have blackboards with display or bulletin boards above them for posters. Tables and chairs take the place of desks. The workshop consists of cabinets with drawers where tools and paint brushes are kept. In each of the primary grades unit work is taught. That is, each class is building or making things.

The music room is on the south side of the building. It has a piano and armed chairs for the students. For the first time a unit of credit is being offered in music, Mrs. N. T. Underwood is employed as full time public school music teacher.

The Typing Department, one of the four new additions to our school, is located on the south side of school building. The seats are adjustable and can be fixed for anyone's convenience. Of the ten typewriters, four are new and the six old ones have been repaired. T. W. Harber is the typing instructor.

Sunset High School is very proud of its new Home Economics Department, which is located on the southwest end of the building. The main entrance to the Home Economics Department is through the dining room, which is separated from the living room by a screen, stained the same color as the woodwork. Perhaps one of the first things you notice is the subdued glow from the indirect lighting system. There are two small copper indirect lights on each side of the attractive fireplace and on each side of the lights there are many interesting books. The furniture in the living room consists of a three-piece wicker suite and a small writing table. The windows are draped with rust damask panels with ecrú glass curtains. There are large pictures over the fireplace and small ones are grouped over the bookcase. At the right of the door leading into the laboratory is a china closet that is equipped with some very beautiful and expensive china. There is a sink between each two girls. There are four electric stoves, one at each end of the table. These will accommodate four girls. On the right, as you go in, are the electric refrigerator and hot water heater. At the sides are four sewing machines which are used as the tables and stoves are used—four girls to a machine. At the far end is a triple mirror. On each side of this is a closet. One of these is for the girls' smocks, the other is for materials which they are sewing. Also our windows, which have white curtains, are above the machines on the south side. Miss Spraggins, a graduate of Tech, is our Home Economics teacher.

The Shop Department of the Sunset High School is one of the best equipped departments in the surrounding districts. This department has four divisions, namely, mechanical drawing, wood work, sheet-metal work, and forge work. The wood work equipment consists of a large assortment of planes, electric drills, scroll saw, jig saw, hand saws and an assortment of drafting instruments. Quite a novelty to us is the electric lathe and the jointing machine. The work room is a large room 60x25 feet with a floor of cement. The forging room is equipped with a forge, a drill, hammers, an anvil and an assortment of taps and dies. Hammers, bits, chisels, and tools of this kind were picked with special care. The mechanical drawing division has four drafting desks and instruments. The metal work consists of welding, soldering, making of cans, steel containers and pans. Mr. Bigony, the instructor, is a graduate of Commerce. He is fully capable in instructing because of his several years of school and actual experience with a large steel company.

Mrs. Wade Mahan and Cloe Mayo visited in the home of Mrs. Mahan's parents, Mr. and Mrs. L. A. Hunt, in Wellington last week.

Mrs. Wade Mahan, Mrs. Raymond Hunt, and Mr. and Mrs. L. A. Hunt left here for Lawton Sunday. The party met Raymond Hunt there and he and his wife and Mrs. Mahan drove on to Oklahoma City where Mrs. Mahan will visit in the Hunt home.

WILLIAM GREEN TO TALK LABOR DAY AT DALLAS

Outstanding Celebration in Nation Billed For Exposition

Dallas, Texas, Sept. 1.—Southwestern labor fill converge upon the Pan American Exposition in Dallas for the nation's outstanding celebration of Labor Day, September 4, 5 and 6. Announcement comes from Washington that William Green, president of the American Federation of Labor, has accepted an invitation to be guest of honor and principal speaker. Green's visit to Texas will mark the first visit by an A. F. of L. chief since Samuel Gompers came to the Lone Star state in 1918.

President Green's acceptance follows a series of invitations extended by prominent Dallas and Texas citizens, Exposition officials and the Dallas Central Labor body.

Climax of the three-day celebration will take place Monday at the Pan American Exposition when Mr. Green will make the principal address at 2 p. m. Tentative plans call for a nation-wide broadcast of the ceremonies.

Activities begin with a gigantic downtown parade, Dallas' 10,000 union labor members of the A. F. of L. to be swelled by unionists visiting from all over the South-west. Following the parade, a gigantic barbecue will be held for members at the Exposition.

Of his choice of Dallas for his Labor Day address, Mr. Green explained that he had not been in Texas since becoming president of the A. F. of L. and that he chose Dallas because it appeared quite proper he should honor the labor movement of this section. Expected to participate in Labor Day activities with President Green are many high officials of the various national and international unions and Congressman Hutton Summers, Senator Morris Sheppard and Attorney General of Texas, William McCraw.

FAMOUS TRAMP COMEDIAN STARS IN CASA MANANA

Fort Worth, Sept. 1.—Joe Jackson, ranked as one of the greatest comic pantomimists of all time, has been added to the cast of Billy Rose's Casa Manana Revue where his tramp cyclist act is nightly drawing gales of laughter from the amusement-seeking crowds.

Jackson, who has been appearing on the stage for more than 40 years, never varies his act whether he is playing in Russia, France, Italy, or America because he finds pantomime is truly the universal language. "Of course," he explains, "I have to dress differently. In Russia, for instance, I appear as a Russian hobo in a ragged fur coat and tattered goat-skin trousers." In China he dresses as a Chinese bum, his feet wrapped in felt and with a large straw coolie hat.

By royal command, Jackson appeared in the last vaudeville performance seen by the late King George V of England and all newspaper critics reported that, of the more than 20 acts appearing in this command performance, Joe Jackson's pantomime comedy was found the most amusing by the king and his party. In his long career, Jackson has appeared before the Czar, the late Franz Joseph of Austria, the late King Albert of Belgium, ex-King Alfonso of Spain and Woodrow Wilson. He remembers with particular pleasure his appearance before Queen Victoria in 1897 and a performance before King Edward VII.

Jackson, an American citizen, was born in Vienna, the son of a grocer. He received a bicycle as a Christmas present when he was seven years old and became ambitious to be a trick cyclist. In his youth he became the cycling champion of Austria. A theatre-owner saw his tricks and hired him. Later he became the polo cyclist champion of the world and appeared as a daredevil, doing a sensational 65 foot loop-the-loop.

At one time, Jackson was known as the most imitated entertainer in the world. At that time there were no less than nineteen tramp cyclists performing acts modelled on the celebrated Jackson comedy performance.

Family Reunion In Johnston Home at O'Brien

Mr. and Mrs. G. W. Johnston of Union Grove, Ala., have been visiting in the home of his brother, W. D. Johnston of O'Brien.

On Sunday August 29th a family reunion and dinner was enjoyed by W. D. Johnston, the above mentioned guests and the following members of the family: Mr. and Mrs. R. M. Johnston and family, Mr. and Mrs. W. G. Johnston and family, Mr. and Mrs. O. S. Johnston and family, Mr. and Mrs. J. W. Johnston and family, Mr. and Mrs. Sam Johnston and family, Mr. and Mrs. Dick Johnston and family, Mr. and Mrs. B. W. Barnett and family of O'Brien, Texas, Mr. and Mrs. S. H. Southall and family of Vernon, Texas, Mr. and Mrs. H. F. Johnston of Knox City, Texas, Mr. and Mrs. F. A. Johnston and family of Munday, Texas, and Mr. and Mrs. S. G. Hove of Altus, Okla.

Other relatives and guests enjoying the occasion were: Mrs. E. J. Barnard, Birdie Dickson, Mr. and Mrs. M. M. Griffin, Dwight Griffin and Rev. Stevenson of O'Brien.

Several weeks ago W. D. Johnston and family enjoyed a reunion when his oldest brother, Rev. J. O. Johnston and wife and their daughter and husband, Mr. and Mrs. Paser of Union Grove also were visiting in the home.

Mrs. C. P. Baker Hostess To Bridge Club

The Monday Night Bridge Club met in the home of Mr. and Mrs. C. P. Baker, Monday night of this week, with Mrs. Baker as hostess.

Bridge games, which usually rule the evenings entertainment for members of the social group was forgotten for the most part of the evening, especially by the men—who preferred to listen to the Joe Louis-Tommy Farr heavyweight championship fight. However, following the radio fight program the club settled down to a delightful evening's play of bridge.

High scores for the games were earned by Mrs. Ed Bauman, for the women and by W. R. Moore for men.

Mrs. Baker served a fruit dish to guests and members to climax the evening's fun.

The guest list included Mr. and Mrs. Ed Bauman and Mr. and Mrs. Grady Roberts. Members present were Mr. and Mrs. Tom Haney, Mr. and Mrs. W. R. Moore, Dr. and Mrs. J. D. Kethley, Mrs. H. A. Pendleton, Mr. C. P. Baker and the hostess, Mrs. Baker.

Fred Malcolm and Mr. Shelton of Brownfield, Texas were visitors in Munday last week end. Malcolm is a former Munday resident.

NEXT WEEK IS A SPECIAL WEEK AT THE METHODIST CHURCH

September can be made a signal month in the history of the Munday Methodist church or it can be passed up casually and with little concern as to the accomplishments. This may also be true with us as individuals. The month does offer us this special incentive: This is the first Sunday of the month and that means it is "Communion Day" at the church. It is the first Sunday of the fall months when people turn back to the church after their vacations. It is the beginning day of our "Home Visitation Week" and offers you and me an opportunity to do a bit of practical religious work. It is a day of welcome to new teachers for another school year with us. In fact there are a number of reasons why everyone should go to church on this Sunday morning and evening.

On Wednesday night at 8:00 a special Sunday school set-up meeting will be held by our presiding elder, Sunday School conference Executive Secretary and several out-of-town speakers. Rev. Bowen is especially anxious to have a large attendance at these meetings since they are the ground work for our next year's organization in Sunday School work. Weinert and

Munday circuits are included in this meeting at the Munday Methodist church Wednesday night at 8:00 p. m.

People passing through judge a community by its business street appearances, its homes, its schools, and its churches. Real estate is governed in prices no little by these features that enter into a community's life. Thanks to the new and improved business houses, to the town for a new lighting system on the way, to the fine new homes and the magnificent new school building with its attractive new lawn and thanks to—for will we.

H. A. LONGINO, Pastor.

MUNDAY CIRCUIT

We will be at Hefner as usual for our regular appointment next Sunday. Preaching both morning and evening hours. As this is our first regular service since the revival, lets make it a really great service.

Conference is not so far away and we must begin our plans to finish the year's work. This month is the time to lay our Sunday school plans for the next year. Lets be ready to organize our work as we make the rounds this month.

Do not forget the "Christ's Education" meeting at the Munday Methodist church Wednesday September 8, with W. E. Hamilton and the Presiding Elder in charge. This meeting is one in a series to be held in the district that week.

FRANK STORY, P. C.

HEFNER NEWS

Crops here were benefited very much by recent rains and pastures are in good condition.

The McNeill gin has ginned several bales of cotton.

Hefner school was dismissed until October.

The Baptist meeting closed last Sunday night after 10 days of running. Pastor J. B. Gray and A. B. Thornton of Aspermont, conducted the meeting which saw eight additions to the church.

Mr. and Mrs. F. T. ones and baby returned to their home in Sonora, after a weeks visit with their parents here.

Mrs. E. J. Howard of Levelland, Texas is spending a few days here in the home of her son.

Miss Gladys Jones returned from the summer term of school at the state teachers college at Denton this week.

Miss Theda Mae Phillips, of Little Rock Arkansas, returned home after spending two months with her aunt, Mrs. W. A. Harris.

O. L. Wall and family of Greenville were visitors here.

Leo Jones is teaching in Hefner school system as principal this fall.

5th 1881, in Collins county, Texas.

He came to Knox county in 1890 with his parents, Mr. and Mrs. M. A. Jackson and had lived on the same farm ever since.

He departed this life July 10, 1937 at his home.

He married Miss Leslie Hodges August 5th, 1905, who was also of the Hefner community.

He left a wife, three daughters, Mrs. Cecil Oliver, Mrs. J. T. Murdock, and Miss Goldie Jackson, four sons, Buster, Lloyd, Ray and Jimmie, eleven grand children. One son died in 1918. He also is survived by a sister, Mrs. George Pierson, Clovis, New Mex. and two brothers, John, of Dimmitt and Luther of Goree.

He was a good citizen and a clean neighbor.

Last rites were held at the Friendship Baptist church at 3:30 p. m. and were conducted by his pastor, Elder J. L. Gray, assisted by Elder W. H. Albertson of Munday. Interment was in the cemetery amidst a large group of his friends who were left to mourn his passing.

He professed faith in the Lord Jesus Christ and joined the Friendship Baptist church August 31, 1903. He was a faithful member of that church until his demise.

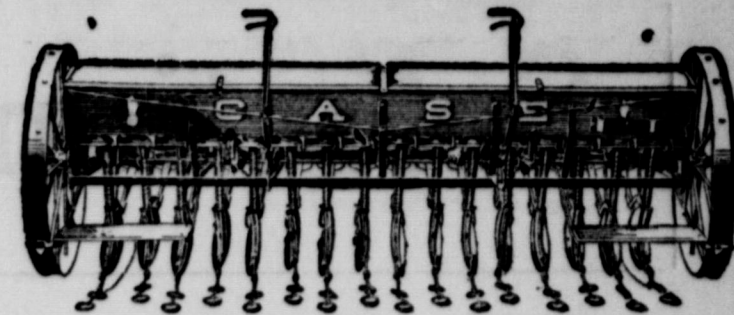

Although the church and his friends all miss him on earth we feel that our loss is heaven's gain. We pray that God may comfort the bereaved family, helping them to be resigned to the will of God, and we pray his richest blessings upon them. May they all be prepared to meet their Father above, where there is no sorrow, or heartaches, but only peace and love.

Done by the act of church in conference, August 8th, 1937.

Church Committee,
Mrs. W. A. Harris,
Mrs. E. J. Jones,
Mrs. C. E. Haskin.

it's **DOUBLY PROFITABLE**

this Case Fertilizer
—Grain Drill

SOW SEED and apply fertilizer in one operation. Save time. Save labor. Save the money invested in a special fertilizer distributor and at the same time deposit fertilizer beneath the soil surface and sow your seed with unusual uniformity—a Case Drill will pay you in greater yields and lower production costs.

The same all around good operating features and sturdy mechanical construction found in all Case Drills are built into the Case Fertilizer Drill. Uniform sowing of all seeds is provided by the Cone-Type Double-Run Feed—accurate

spacing and uniform depth. No skips—no bunches—no cracked seeds.

The fertilizer feed is driven by a double straight gear—high or low speed. Handy lever controls fertilizer flow from adjustable feed gate. Sows in quantities from 60 to 1120 pounds per acre. Force-feed knocker keeps the feed clean—free—avoids clogging. Grain or fertilizer can be sown together or alone.

Come in and see this good Case Drill or phone for further particulars. Our job is to serve you in whatever way we can.

Complete stock of cotton picking supplies, also used Implements of all kinds.

OUR PERSONAL GREETING ...

We are new to this state and Munday, having operated a large dry goods store in Drum-right, Oklahoma for the past 14 years.

We have had a wide range of experience in the Dry Goods business and will do our best to present to the citizens of the Munday trade area and the city of Munday the most complete last minute array of styles that the markets offer in new fall merchandise.

Our stock is all new, purchased on the market since our arrival in your city four weeks ago. We have repainted and redecorated our building and installed new fixtures. Our firm, known as the HUB Store, is directly across the street from the Roxy Theatre. It will please us if you will visit with us.

SENATOR TOM CONNALLY STILL FIGHTING FOR 'JUST PRICE' TO OFFSET INEFFECTIVE TARIFFS

"Since Farmer Pays the Protective Tariff in Articles He Consumes, It Is Only Fair That He Receive Benefit to Offset Burdens"

Washington, D.C.—"Not only is it important to the farmers of the South that a just price is paid for the cotton, but it is equally important to Northern business and industry that the South has money to purchase the former's manufactured products," Senator Tom Connally of Texas said last week.

"The price of cotton is fixed in a world market where cotton from other sections of the world competes, thus a protective tariff for the American cotton farmer is ineffective. However," continued Senator Connally, "since the farmer pays the protective tariff on articles he consumes, it is only fair that he should receive some benefit payment to offset the tariff burdens which have been placed upon him."

"It was with the above situation in mind that Congressman Marvin Jones, Chairman of the House Committee on Agriculture, and myself sponsored an amendment to the Agricultural Adjustment Act, which was adopted and is now law, providing that thirty per cent of all revenues from tariff duties should be set aside by the Secretary of Agriculture to pay farm benefits in the form of price adjustments on agricultural commodities. The primary motive behind the amendment was to aid cotton growers.

"For the year 1936 thirty per cent of the customs duties amounted to \$125,000,000, a portion of which has largely already been allocated for benefit payments to other ag-

ricultural crops. There is now in the fund approximately \$105,000,000.

"During the session of Congress just ended, I introduced and strongly urged the passage of a resolution which would have paid each cotton producer in 1937 a benefit payment of 2 1-2 cents per pound from the above fund. The resolution was not passed because President Roosevelt and the Secretary of Agriculture in the meantime agreed to put into effect a similar plan allocating money for cotton growers from the above-mentioned fund of \$105,000,000. Such action, substantially the same that aided the cotton farmer in 1935, is a matter of simple justice to the cotton producer who pays high prices due to protective tariffs.

"President Roosevelt has demonstrated that he is friend of the farmer, and I am most happy to be one of the authors of the provision making possible the benefit payments to the cotton farmers."

Senator Connally discussed the situation with President Roosevelt personally immediately following the adjournment of Congress.

Home From Vacation

Charlie Foyt, co-manager of the Piggly Wiggly grocery store here, returned last Friday night from a two weeks vacation trip to the northwest states, and back through California and a southern route. Washington, Oregon, Wyoming and several national parks in the states were visited during the trip. Accompanied by Carl Quisenberry, of Seymour, the two men covered more than 5,000 miles on the trip.

Home Demonstration Club News

Nina Astin, County H.D. Agent

"I'm a great hand to save steps," said Mrs. Joe Ferris, cooperator in the Gilliland Home Demonstration Club, as she showed the members of her club the arrangement of her kitchen.

Mrs. Ferris has intelligently utilized all the available space in her kitchen. Since there was not built in cabinets in the kitchen, Mrs. Ferris had a cabinet built under the sink and in this space she stores all equipment needed at the sink. Near the sink to the right is a factory made cabinet with the equipment conveniently and neatly arranged. To the right of the cabinet is her stove. A buffet is to the left of the sink and contains the dishes and silver.

With a clear idea of all the routine jobs to be done in the kitchen in order that they are most likely to come. Mrs. Ferris can do her necessary kitchen work with the least possible effort.

Mrs. Agnes Blake made a business trip to San Angelo, Texas, the past week-end.

Messrs. Frank and Alvin Herring made a business trip to the plains last week.

Mr. and Mrs. W. A. Jungman and family returned home the past week-end from South Texas points.

Mr. and Mrs. Joe Blaschke and daughter, Geraldine, made a business trip to Dallas, Texas, last week.

Mrs. Lena Locknit left Saturday for her home in Cedar Rapids, Nebraska.

Mr. and Mrs. Joe Kuhler and sons, Julius and Alphonse, visited in Wichita Falls, Texas, Saturday.

Mr. John Herring and sons, Alfred and Henry, of Henrietta, Texas, visited here Sunday.

Mr. and Mrs. D. C. Chandler and family visited in Haskell, Texas, Sunday.

Mr. Albert Franklin, Mrs. Albert Fetsch and son, Mrs. Elizabeth Jones and daughter, and Miss Marie Fetsch made a business trip to Wichita Falls, Monday.

Mr. and Mrs. K. G. Homer and son, Alfred, and daughters, Sr. M. Geraldine, O.S.B., and Pauline left Monday for Fort Worth, Texas.

CITATION BY PUBLICATION

THE STATE OF TEXAS.

To the Sheriff or any Constable of Knox County—Greeting:

You are hereby commanded, that you summon, by making Publication of this Citation in some newspaper published in the County of Knox if there be a newspaper published therein, but if not, then in any newspaper published in the 50th judicial district; but if there be no newspaper published in said judicial district then in a newspaper published in the nearest district to said 50th judicial district, once in each week for four consecutive weeks previous to the return day hereof. J. W. Priest, W. A. Priest, Jessie Priest Grigg and husband, T. F. Grigg, Lillie Priest Cole and husband, W. C. Cole, Algine Priest, Esther Priest and her husband, if any, all of whose residence is unknown to the Plaintiffs, hereinafter called Defendants, as well as the unknown heirs of the above named Defendants and each of them, whose names and places of residence are also to Plaintiffs unknown, and for cause of action Plaintiffs represent to the court that on or about the first day of August 1937, they were lawfully seized and possessed of the following described land and premises to-wit:

All of Block No. Twelve (12) of the R. P. Munday Addition to the town of Munday, in Knox County, Texas, said parties owning the parts as follows:

That the Plaintiffs J. E. Reeves and R. L. Burton owned the southeast 100 by 100 feet of said Block, described by metes and bounds as follows: Beginning at the Southeast corner of said Block No. 12, aforesaid; Thence North 100 feet; Thence West 100 feet; Thence South 100 feet; Thence East 100 feet to the place of beginning.

That the Plaintiff Ed Dye owned the following part of said Block Number Twelve (12) as aforesaid: Being a tract 50 by 95 feet out of the Southwest corner of the same, described by metes and bounds as follows: Beginning at the Southwest corner of said Block; Thence East 50 feet; Thence North 95 feet to corner; Thence West 50 feet to corner; Thence South 95 feet to the place of beginning.

That the plaintiff A. J. Smith owns the remainder of said Block Number Twelve, as aforesaid, which is described by metes and bounds as follows: Beginning at the Northeast corner of said Block Number Twelve; Thence South 100 feet to corner; Thence West 100 feet to corner; Thence South 100 feet to corner; Thence West 55 feet to corner; Thence North 95 feet to corner; Thence North 105 feet to corner; Thence West 105 feet to the Northwest corner of this Block; Thence East 205 feet to the place of beginning.

That the first named Plaintiffs acquired said property from the said A. J. Smith, the last named Plaintiff. That all the Plaintiffs above set forth were at said date of August the first 1937, holding

and claiming said property respectively described in fee simple.

That on the day and year last aforesaid, Defendants unlawfully entered upon said premises and ejected the Plaintiffs therefrom, and unlawfully withheld from them the possession thereof to the damages in the sum of \$1500.00.

That the annual reasonable rental of said land and premises is \$500.00. Plaintiffs further aver that they and each of them have had open, peaceable and adverse possession of the respective tracts of land, themselves and through their grantors, for more than ten years prior to August 1st, 1937, claim-

ing, using and paying the taxes upon the same, openly, peaceably and adversely to all the world for more than ten years prior to said above date.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Benjamin, Texas, this the 26th day of August, A.D. 1937.

Notice to Farmers . . .

Something NEW in a ROW BINDER

Don't decide on a row binder until you see this new CASE. It's built from the ground up to handle tough crops and to stand the gaff of heavy work for many years. Vertical twin disk knoter . . . wide open stalkway with shielded shafts and self-cleaning gears . . . strong suspension type wheels, main wheel turning on roller bearings. Pressure gun lubricated throughout. Drop in and look it over.

CASE

When you buy a corn binder your chief interest lies in getting the greatest value for your money. You want the machine that will do the most work at the least cost—power, labor and upkeep included. The new Case offers you more than any other corn binder ever built.

- Pressure lubrication is a mark of a modern machine. The Case is pressure lubricated throughout. This provision has far reaching effect upon light draft and durability, for the lubricant not only reaches every vital spot, but it stays there to do its part in relieving friction and wear. Besides, much less time is spent in oiling the machine, and a grease gun is much more convenient to use.
- Light Draft is not only the result of good lubrication, but involves design and construction, too. All of the light draft features of preceding Case binders have been retained. Large wheels of equal diameter and mounted directly opposite make the binder roll as evenly over corn rows as a two-wheeled cart. The steel drive chain on the outside of the drive wheel is easy running and helps balance the machine. Chains and sprockets for transmitting power, a divided drive, and self-aligning bearings all contribute to easy running.
- Open construction—The simple, open construction of the Case corn binder permits weeds and trash to pass through with ease. Chains and gears are well above the ground and are carefully shielded. In addition, the gears are so set that they are self-cleaning.
- Long life is built into every part of this rugged machine. In fact, Case quality power binder parts are generously used throughout. Suspension type wheels with replaceable boxes, roller bearings in the main wheel, sprockets and chains wherever practical, deep tooth adjustable gears, and heat-treated forgings at vital points—all mean extra years of satisfactory use.
- Ease of handling—Every operator who appreciates a binder which functions smoothly and easily will be more than pleased with a Case. The adjusting levers are conveniently placed and work easily. Factory testing positively assures field performance of the cutting, elevating and binding parts.

RHINELAND NEWS

ROSE ANN KREITZ, Reporter

The time for one of those perennial tantalizing, periodic school occurrences has arrived again. Examinations are meant, in case you didn't guess. Much is said and done to eliminate these dreadful events in the educational field or at least to minimize or alleviate the horrors of them, but after all is said and done this amounts to about the same thing as the modern, undeclared warfare. "But why should we worry, we know our stuff! Bring them on," say the prepared.

Due to much late cotton, cotton picking is not in full swing at Rhineland. The local gin has ginned about fifty bales so far.

Messrs Peter Lorán and Alois Kuhler returned home Friday from a business trip to Galveston, Texas. Mr. and Mrs. Richard Blake and

Visits Friends
Mrs. Jim Lewis and daughter Zenobia, spent last week visiting friends and relatives in Weatherford, Fort Worth and vicinities. She spent three days in the home of Mr. and Mrs. W. W. Beasley and children near Azle. Mrs. Beasley was Miss Eula Mae Hardee who spent several years in the Munday school, living in the Jim Lewis home.

Mr. and Mrs. Joe Sokora and daughter, Joan, left for Lakeside, California, last Monday. They were accompanied by Mr. and Mrs. Carl Burns and Mrs. W. Burns and son Bobby, who are visiting in New Mexico.

Undergoes Operation
Clara Fay Bryan, daughter of Mr. and Mrs. Porter Bryan, underwent an emergency operation at the Knox County hospital Saturday morning, for appendicitis. Miss Bryan is recovering nicely.

Mrs. J. E. McPherson, Vernon, and Mrs. C. L. Glazener, Chillicothe are house guests of Mrs. Grady Roberts this week. Mrs. McPherson is a sister of Mrs. Roberts.

Mr. and Mrs. L. A. Hunt, Wellington, Texas, and daughter-in-law Mrs. Raymond Hunt, Oklahoma City, visited in the home of Mr. and Mrs. Wade Mahan the past week end. Mrs. Mahan is the daughter of Mr. and Mrs. Hunt.

3 1/2 Pct. LOANS 3 1/2 Pct. LOANS

Munday National Farm Loan Association makes loans anywhere in Knox, Haskell and Throckmorton Counties up to 75 pct. of the Land Bank's appraised value of the farm or ranch. Borrower must show 25 pct. equity, and we loan the balance.

JOHN ED JONES, Sec.-Treasurer
Munday, Texas

CITATION BY PUBLICATION
THE STATE OF TEXAS,
To the Sheriff or any Constable of Knox County—GREETING:
You are hereby commanded that you summon, by making Publication of this Citation in some newspaper published in the County of Knox if there be a newspaper published therein, but if not, then in any newspaper published in the 50th judicial district; but if there be no newspaper published in said judicial district then in a newspaper published in the nearest district to said 50th judicial district, for once each week for four consecutive weeks previous to the return day hereof, Munday Investment Company, a partnership composed of A. J. Ward, G. D. Ward, R. F. Davis and J. H. Garner; and A. J. Ward, G. D. Ward, R. F. Davis and J. H. Garner individually and the heirs of A. J. Ward, G. D. Ward, R. F. Davis and J. H. Garner, deceased whose names are unknown whose residence is unknown, and be and appear before the Hon. District Court at the next regular term thereof, to be held in the County of Knox at the Court House thereof, in Benjamin on the 4th day of October, 1937, then and there to answer a petition filed in said Court, on the 22nd day of April A.D. 1937, in a suit numbered on the docket of said Court No. 2861, wherein H. C. Hawes is plaintiff and Munday Investment Company, partnership composed of A. J. Ward, G. D. Ward, R. F. Davis and J. H. Garner, and A. J. Ward, G. D. Ward, R. F. Davis and J. H. Garner individually, and the unknown heirs of A. J. Ward, G. D. Ward, R. F. Davis and J. H. Garner, deceased are defendants. The nature of the plaintiff's demand being as follows, to-wit: A suit in trespass to try title to that certain land and premises, situated in the County of Knox and State of Texas, and being all of lot No. Eight (8) in Block No. 103, in the Reeves and Musser Addition to the town of Munday, as shown by the map of said addition, which is of record in Vol. 15, at pages 190 and 191 of the Deed Records of Knox County, Texas; Also alleging that title to said land and premises is vested in the Plaintiff under the ten years statute of limitations.

Herein Fall Not, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Benjamin this: the 23rd day of August, A.D. 1937.

The Neoelectress

FUNK & WAGNALL COMPANY • Publishes
354 N. Fourth Ave. NEW YORK CITY

FIRST PRIZE
Super-Duty Frigidaire
Mrs. Ben D. Parker
of Abilene
(See Photo Right)

Advertising Manager West Texas Utilities Co., Abilene, Texas.

Dear Sir:
The purpose of the contest that your Company arranged is one that should appeal to every American woman, for it is true that the facilities for the effective management of the home have, within the past few years, become so notable as to remove — let us hope, forever — such of the less drudgery formerly a concomitant of that necessary field. Science and invention, I am sure, will shortly find ways to eliminate the term formerly synonymous with household drudgery be relegated to the limbo of forgotten things.

Accordingly, I have examined with the greatest interest all the entries that you sent me by airmail. I can not be certain, naturally, that any of them would become the one term that will be received by American women as a permanent and acceptable substitute for the outmoded term "housewife." I think, therefore, that your plan to offer a selected list of prize-winning terms is the wise procedure, thereby suggesting possible lines which may lead to a term — perhaps altogether new — that may be generally accepted.

I regret that a great many of the entries seemed to me altogether too flamboyant and fanciful for even brief consideration. Others, tho the contestants may not have realized it, were terms already employed in our language with far different meanings. Others were altogether dependent upon the correct pronunciation for their significance.

My search for the winner of the contest led me to seek a term that was not only new in every respect, but that would be formed with due regard to etymology and with a recognition of the fact that the chief agency in the relief of household drudgery is electricity. This word I found in **Neoelectress**, coined by Mrs. Ben D. Parker, of Abilene, Texas.

For second choice, I have selected the entry of Mrs. F. B. Probandt, of San Angelo, whose word is **Domestician**. My third choice is the entry of Mrs. W. B. Bourland, of Oklahoma, whose word is **Homologist**. The remaining selections, in the order of my preferences, are attached hereto.

Very truly yours,
Charles Earle Funk
Charles Earle Funk.

The contest was successful because it attracted attention to the improved status of West Texas women. A thousand women specifically said they dislike the name "housewife." However, it is more difficult than we at first thought to find a suitable substitute. But we like "Neoelectress" better the more we think about it. We hope you will. To all entrants we express sincere gratitude for their help. We only wish there could have been prizes enough to go all the way round!

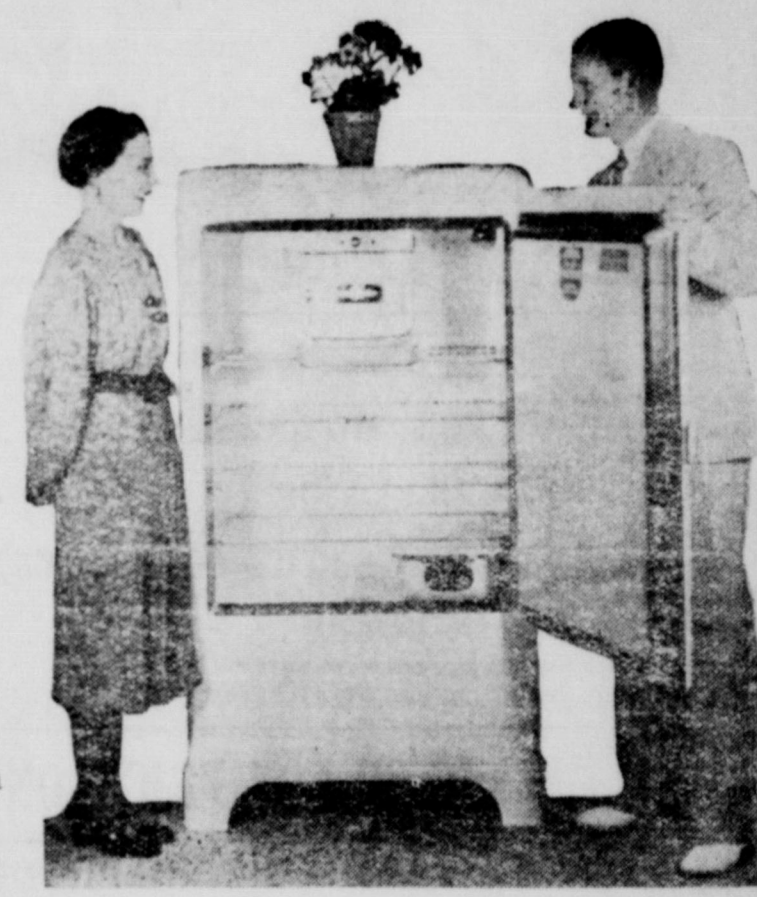

Happy but almost speechless was Mrs. Ben D. Parker, 2124 Grape Street, Abilene, when shown the super-duty Frigidaire her entry in the "name-a-housewife" contest had won. "I need it, too," she told Harold D. Austin, who made the presentation. Thoughtful of Mr. Austin, who sells the refrigerator, she obligingly added: "Every woman needs a Frigidaire!"

SECOND PRIZE
MRS. F. B. PROBANDT, San Angelo
Choice of Hotpoint Electric Dishwasher or Thor Electric Washing Machine

THIRD PRIZE
MRS. W. B. BOURLAND, Oklahoma
Sunbeam Mixmaster

Munday Schools Opens Sept. 6th

(Continued From Page 1)

Ingram, and Mr. Ingram are returning to their assignments in the elementary school. Miss Kennedy is transferring from the fourth grade to the upper elementary grades and Miss Crawford is transferred from the third grade to the second grade.

The following instructors are entering the schools for the first time: Howard Cobb of Mt. Pleasant; Mrs. Elizabeth Dillon of Plainview; Mrs. Herman Webb, Mineral Wells, and Miss Mary Ethel Darnell of Overton.

Miss Dallas Smith of Abilene, assumes the position vacated by Miss Kennedy in the elementary school. With only one exception the new instructors are teachers of experience.

Cobb, a graduate of the Teachers college at Commerce, has a B. A. degree. He has been teaching at Cookeville. He will teach the commercial subjects in high school and will direct athletics.

Mrs. Dillon holds a degree from the Teachers college at Canyon, and has one year of teaching and one year as home demonstration officer in Bexar county. She assumes the vacancy in Home Economics.

Mrs. Webb is a teacher of experience, having taught at Wills Point and Vera. She was educated at Mineral Wells High School and at North Texas Teachers College, Denton. She takes Spanish in high school.

Miss Darnell was educated in Tyler high school and at Baylor University where she majored in science. She assumes the vacancy left by Mr. Chisholm in high school science.

Miss Smith was educated in Abilene schools and at Abilene Christian college, and taught in the Benjamin schools last year. She is assigned to the fourth grade, taking the work of Miss Kennedy who is transferring to the 5-6-7th grades for assignment in music.

The board of trustees of the district consists of D. T. Mauldin, president, R. D. Atkeison, vice-president, John Ed Jones, secretary, C. P. Baker, R. G. Campbell, Leland Hannah, and E. H. Nelson. The board believes the Munday schools are fortunate in the personnel of its faculty and in the general efficiency of the schools. With the construction of the new elementary building and other projects of improvement, the schools are reasonably well equipped in that respect.

It is the purpose of the board to continue improvements from time to time as finances permit and the board wishes a continued and active interest of the patrons of the district in the school program.

Myers Received His BS Degree Thursday

On Monday evening, Aug. 23, Marvin Myers, son of Mr. and Mrs. Robert Myers, received his Bachelor of Science Degree from West Texas State Teachers College. He completed his last two courses on a tour through Eastern United States and Canada.

Things of interest which Marvin saw were University of Michigan, Niagara Falls, "Dallas Fair" of Canada at Toronto, Ontario, Capital of Dominion of Canada at Ottawa, "Paris of America"—Quebec, Di-Ne Quintuplets at Callender, Canada; Great Stone Face, Old Iron Sides; Old North Church; Times Square, American Museum of Natural History, and Coney Island of New York City, and many other points of interest.

After Marvin has spent some two weeks at home he will go to A. & M. College where he will continue qualifying for Smith-Hughes work.

H. S. Enrollment Is Announced

L. S. Hardegree, principal of the high school asks that all first year students in high school, all students who come from other schools, and all seniors to report to the study hall of the high school building on Saturday at 9 o'clock.

At that time schedules will be discussed and he will advise with students on their courses for the year.

Students entering high school from Munday elementary school should bring report cards and book cards and new students should bring report and book cards from the last school attended.

Ardell Spelee and Jimmy Goade were week end visitors in Fort Worth.

FORMER ASSISTANT ATTORNEY GENERAL, EVERETT LOONEY ADDRESSES ABILENE CONCLAVE

Judges and Commissioners Association Hear Tax Talk

Abilene, Sept. 1.—The abolition of the state property tax is the greatest tax reform need in Texas today, Everett Looney of Austin, former assistant attorney general, told the West Texas County Judges and Commissioners Association convention here last week.

"You all know of the many demands for aid that are made on your county courts today. To meet these demands—to take care of the needs of your citizens—you must have additional revenue. There is but one logical, sensible way to get this revenue—that is, far the state to abolish the ad valorem tax and leave property taxes entirely for local purposes," Looney told the officials.

"We can confidently expect two great results from the abolition of the state property tax—

1. Local governments—counties and cities—can adequately take care of the needs of their commu-

2. The property-owners—the homeowner, the farmer, the ranchman, the storekeeper—will be given a long-needed tax reduction," Looney declared.

Looney suggested that the loss in state revenues due to the abolition of the property tax could be replaced with a reasonable net income tax.

Such a tax, Looney said, should 1. Exempt the little man—the man who makes only a small income, 2. Should be based on a man's net and not his gross income, and 3. Should be graduated so that the man who makes an enormous profit would pay more proportionately than the man who makes just a small profit.

"There are thousands of people in Texas today with large incomes who pay no taxes except perhaps those on cigarettes and gasoline because they own no property. In other words, we who happen to own a little property are overburdened so that these folks can go tax-free," he asserted.

"Moreover, there are thousands of people living in other states

who get dividends and profits from the exploitation of Texas resources, who, because they own no property in Texas, do not even pay cigarette and gasoline taxes," Looney pointed out.

There is only one way to make these tax-loggers pay their fair share of taxes. That is by the levy of a net-income tax.

"Let's give the property-owner—the farmer, the rancher, the storekeeper—some tax relief, and at the same time make everyone do his part to support the government of Texas," Looney urged.

Regular Meeting Of C. of C. Next Thursday Noon

The Munday Chamber of Commerce will meet in regular luncheon next Thursday at the Terry Hotel. Mrs. Louise Ingram, secretary announced today. Members are urged to attend.

VERA TO GO NEW SCHOOL STRUCTURE

Construction Will
Start Soon
Possible

OPEN SCHOOL
LAST MON

Thompson Elects
perintendent of
New District

In a double announcement Vera consolidated school superintendent J. G. Thompson is opening date for the fall term as Monday, September 14, that the new school plan district has been approved by the board of education.

The new school plant, to be built at a cost of \$50,000, will have ten large classrooms, a large auditorium-gymnasium, a library, a cafeteria, a playground, and a band room. The project was approved by the board of education at its meeting on August 14.

Material for the new building will be native stone and material from the three buildings of the old Lone Vera separate school district.

The new building will be equipped with electrical appliances, water connections and fixtures to district a modern school building.

Exterior walls of the building will be constructed with native stone, with the interior plastered on metal lath. Floors will be double and tar and gravel.

Faculty Announced

The new term will be usual in the old school and when contractors are engaged the old structures room work will be completed.

Supt. Thompson announced the faculty was completed naming of two instructors of this week.

Joe Patterson, Seymour principal of the school system, Mildred McMurray, with and Thompson will teach school. Elementary instructors Misses Maurine Boyd, Lier and Ruth Crump.

Vera will operate this year with Truman and Oscar Wolf emment drivers.

Womble Succumbs To Cancer Saturday Morning

Death claimed one of the residents of Munday last morning when A. E. Womble succumbed to cancer of the stomach at his home after a long illness. Mr. Womble had been seriously ill for three months.

Born at De Leon, Tex. county, September 21, 1871, he died at Munday, Texas, at the age of 65 years, and 14 days old.

Mr. Womble resided from his birth until 1925 when he moved to Munday, Texas, where he had been farming for several years. He retired from the farm some time ago.

In 1902 the deceased married Miss Lela Stru DeLeon, and to this union two daughters were born. They were of whom were at the time of their father when he died.

Funeral services were held Sunday evening at 8:00 o'clock at the Methodist church, Rev. H. A. Longino del final tribute and words of understanding to the family and a large host.

Mr. Womble had been of the Methodist church since boyhood.

A quartet composed of A. Strickland, J. O. B. Blacklock and J. E. Rev. "There is No Disappearing Act."
