Number 13

## BUSINESS CONDITIONS SHOW GAIN

### Seymour Ekes Out 6-0 Win Over Moguls; Lueders Next

#### WINNING SCORE COMES IN FIRST PERIOD OF TILT

Panther Drives Stopped Cold by Stubborn Moguls

#### MOGUL STRENGTH SURPRISES FANS

Barnicoat Leads Munday's Offensive Play for Night

Playing before a large opening season crowd, the Munday Moguls showed surprising strength in holding the highly touted Seymour Panthers to a hard fought 6-0 victory last Friday night under the Seymour lights.

Going into the fray doped to lose from 20 to 40 points, the locals with only two weeks practice sessions, and only a few light scrimmage workouts, played Seymour all over the field.

A sustained drive in the initial period netted the Panthers their lone score. Thereafter the Moguls stopped every Panther scoring threat cold, and at times drove deep into Panther territory.

Seymour tried several combinations but were unable to crack the stubborn Mogul defense.

Hollis Barnicoat, veteran back, led the Mogul attack and was a threat throughout the fray to Seymour's one touchdown lead. Bledsoe was Seymour's best ground gainer.

Seymour made 10 scattered first downs to six for Munday, and rolled up 182 yards to 101 for the locals. Munday completed two passes for 19 yards, to three completions and 56 yards for Seymour.

Through the excellent showing of Munday in the tilt, they have automatically stamped themselves as a title contender for the District 13 Class C crown.

**Schedule Announced**  
Friday the Moguls will go to Lueders for their second game. Other games for the year follow:  
Sept. 24, Lueders, there.  
Oct. 15, Mattson, here.  
Oct. 22, Rochester, here.  
Oct. 29, Stamford, there.  
Nov. 5, Aspermont, there.  
Nov. 11, (Armistice) Rule, there.  
Thanksgiving, Knox City, here.

#### Agent Rice Urges Farmers to Treat Wheat for Smut

County Agent W. W. Rice this week urged farmers of this area to treat their seed wheat for stinking smut before planting. Coming with the announcement was the best method of treating the costly plague on grains.

Smut last year cost Knox County farmers heavily, Rice stated, lowering the yield on production and the price paid by milling companies. Wheat with traces of smut are docked on an average of 10 cents per bushel.

#### Treatment is Listed

The most effective treatment for smut is gained by using copper carbonate dust. Two ounces of the dust is used to each bushel of grain. Copper carbonate comes in two strengths, Rice stated, 20 per cent and 52 per cent. He urged that the 52 per cent grade be used as it is more effective.

Care should be taken by farmers in treating the seed with the poisonous mixture, avoiding inhaling the dust. It should not be allowed to be accessible to poultry or other farm animals as it is poisonous.

#### City Men Attend Association Meet

City Secretary Riley B. Harrell and City Water Superintendent Deaton Green attended the banquet Tuesday night at the Texas Cafe in Haskell given for members of the Central West Texas Water Works Association.

Representatives from 40 cities attended the affair.

### Haskell Wins Over Munday 9-6; Series Tilt

Haskell took a commanding lead in the play-off for the Wichita Valley league championship here Sunday when they trampled Munday 9-6 in a loosely played game. The win gave Haskell a 2-0 lead in the series.

Although Munday out-hit the Indians 16-12, they showed inability to hit when men were on the paths, 13 being stranded on base.

**Nichols is Pounded**  
"Red" Nichols, the lad who has had members of the league wincing from his slants, was ineffective Sunday, and was yanked in favor of Smith in the sixth.

Nichols walked the first two men to face him and the next three greeted him with singles, shoving over two scores. Red allowed 11 hits during his five and two-thirds innings of toil and was responsible for all the Haskell scoring. Smith retired the Indians in order the remaining three frames.

**Pittman Shelled Hard**  
Archie Pittman, the lad who has been bombarded by Munday all season was shelled all over the lot but managed to keep the hits scattered and hold Munday to a minimum score.

Belated rallies of the Moguls fell short in the last three innings. Two runs were scored in the seventh, two men were stranded in the eighth but in the ninth two more tallies were driven in and two (Continued on Page Eight)

### More Than 1,100 Pickers Needed To Gather Late Cotton of Knox County

Late Cotton Should Be Open in Two Weeks According to Reports of County Farmers

In a statement made by Van Norman, manager of the State Employment Office, located at the City Hall, more than 1,100 cotton pickers will be needed in Knox County in two weeks.

Although the cotton picker problem is fairly well cared for at present, Norman stated that much of the cotton is yet to open. He has orders in his office now for 700 pickers from different sections of Knox county, which does not include the number that will be needed in the Munday area within two weeks.

More than 1,000 cotton pickers have been given employment in the Munday area to date, and that figure will be increased by at least 400 to care for the "big rush" that should be in full swing in two weeks.

The Gilliland community follows Munday in number of pickers that will be needed with orders for 200 turned into the employment office.

Truscott, Vera and Benjamin will need 150 or more in each community to care for the late cotton that is not open fully, Norman stated.

Knox City's cotton picker problem is adequately cared for at present, and since that area has reached the peak, it is believed that only a few will be needed to complete gathering operations.

### Airplane Dusting Applied to Phillips Cotton Near City

The Press Phillips farm three miles northwest of Munday was dusted for worms and other insects last week by the J. L. Schroder, Inc., airplane dusting company of Houston.

Sixty acres of cotton were dusted by the plane, flown by Bill Longino, Jr., of Alabama, youngest dusting pilot in America, in 15 minutes.

Dusting by airplane is the most effective method known to eradicate damaging insects in cotton fields. The plane is flown at a speed of 100 miles per hour at the extremely low altitude of four to seven feet from the ground.

The youth flies so low at times that stains from cotton leaves have turned the bottom side of the wings a greenish color. Through speed of the plane and additional wind-powder of the propeller, turning at 120 miles per hour, the poisonous dust is driven to the ground with such force that it rebounds up under the leaves completely covering the stalk, and leaves on sides and bottom.

Officers of the Parent Teachers Association for 1937-38 were announced this week by leaders of the group. The first meeting of the association was held Wednesday in the elementary school building.

The P.T.A. will be headed this year by Mrs. J. O. Bowden, Mrs. P. V. Williams will fill the office of vice-president and Mrs. Lee Haymes has been relegated to the office of treasurer. Miss Joardis Park, member of the faculty, is secretary.

Committees and personnel of each follow:

**Program Committee**  
Mrs. P. V. Williams  
Mrs. G. R. Eiland  
Mrs. G. A. Blanton

**Membership Committee**  
Mrs. L. M. Palmer  
Mrs. J. C. Borden  
Mrs. Chester Bowden  
Mr. Hardigree

**Hospitality Committee**  
Mrs. Douglas  
Mrs. George Salem  
Dr. J. Horace Bass

**Finance Committee**  
Miss Mildred Kennedy  
Mrs. Tom Haney  
Mrs. Fred Broach  
Mr. J. B. Ingram  
Miss Mary Couch

**Publicity and Publications Committee**  
Miss Nina Spencer  
Mrs. John Ed Jones  
Mrs. Jno. B. Ingram  
Miss Mayme Crouch

**ROOM MOTHERS**  
**Grade School**  
7B—Joardis Park, teacher; Mrs. Clyde Nelson, Mrs. J. E. Reeves, Mrs. Tom Haney.  
7A—John Ingram, teacher; Mrs. H. A. Longino, Mrs. E. W. Harrell, Mrs. Jesse Shaw.  
6B—Mrs. Porter, teacher; Mrs. (Continued on Page Eight)

### CHARTER NIGHT DATE IS SET BY MUNDAY LIONS

District Governor Tom Gillis To Present New Charter

MORE THAN 100 EXPECTED HERE

Committee Chairmen Appointed for Years Work of Club

At the regular weekly noon luncheon of the Munday Lions club Wednesday the local club set Tuesday night, October 19, as charter night at which time the charter for the newly organized service club will be presented by District Governor Tom Gillis, of Fort Worth. Dr. J. H. Bass was named general chairman of the gala event by Lion President Davenport following the luncheon. Committees to complete arrangements for the banquet will be appointed in the next few days.

**Invite Other Clubs**  
Members from other clubs of this district will be invited to attend the charter night banquet, which should be one of the biggest affairs of its kind ever held in Munday, with more than 100 expected.

Dewey Thatcher, field representative of Lions International from the Chicago office, met with the local body Wednesday and ironed out several details in organization work. He made a general talk on Lionism, stressing mainly the interlinking of committees and officials of the local club to the International in Chicago. He also outlined briefly the duties of officers of the service club.

In the short business meeting preceding the interesting remarks of Thatcher, Lions W. R. Moore, Lee Haymes and Boyde Carley were named on a committee to work out the feasibility of two major club projects for the year's work. The two that will be studied are the possibility of securing a lighted football field and of installing a gym for a Boy Scout meeting hall, equipped with gym appliances. The committee will report at the nearest possible date to the board of directors their findings.

Lion President Davenport announced the chairman of committees for the club Wednesday afternoon. The following are chairmen of administrative committees:

Attendance, Wade Mahan.  
Constitution and By-Laws, Dr. E. M. Roberts.  
Extension and good will work, Lee Haymes.  
Financial, W. E. Braly.  
Lions Education, Grady Roberts.  
Membership, Boyde Carley.  
Program, Austin Caughran.  
Publicity, Pitzer Baker.  
Chairmen of the activities committees are as follows:

Sight conservation and blind (Continued on Page Eight)

### GIST OF TODAY'S NEWS

#### Anti-Vice Drive

Texas police have cracked down on vice. Marble boards, slot machines, disorderly houses, sale of liquor by the drink, beer joints, gambling houses, white slavery and vice lords felt the sting of police in every major city of Texas during the past week. Hundreds of machines and arrests have been made and confiscated.

#### Spain is Ousted

Spain was ousted from the League of Nations council largely due to the dissenting vote of her South American daughter republics. Stunning league officials, the assembly refused by a vote of 24 to 23, to re-appoint Spain to the council.

#### Isolation Impossible

Complete isolation of the United States in the Mediterranean anti-pirate hunt and patrol was declared impossible by Secretary of State Cordell Hull Monday. The move caused rejoicing in officialdom of Great Britain.

#### U.S. Warns Japan

The State Department called Ambassador Saito, of Japan, in for a half-hour conference Monday in which the state warned Japan on two points: 1. The United States cannot condone the scheduled Japanese bombing of Nanking. 2. Japan will be held "fully responsible" for any damage to Americans or American property, despite Tokyo's "Advance Notice" of the raid. The state department also called the League of Nations at Geneva, their invitation for United States to participate in the league's investigation of the Sino-Japanese war in the Far East.

#### Four Persons Pay Fines For Traffic Violations in City

The traffic drive of city officials to eliminate vehicle hazards on the streets of Munday, saw four arrests over the week end, swelling the total arrests in two weeks to 22.

Fines were paid for reckless driving, running the red light at the mainstreet-highway intersection, parking on a pedestrian lane and parking in front of a fire plug.

Tag Nesbitt, chief of police, warned again that the highway patrol will begin operations in the county, centering in the Munday area, to rid the highways of tractors and trailers without proper lighting as prescribed by law.

### SHARP PREDICTED RISE IN BUSINESS AND TRADE CHANNELS OF CITY IS NOTED THIS WEEK; GINNINGS GAIN

#### PRESIDENT

Frank V. Burch, above, was elected president of Lions International at the international convention held recently. Burch is from Milwaukee, Wisconsin, and will serve as head of the service club organization for a year.

#### WARREN YOUTH DIES RESULT OF TUMOR GROWTH

Joe Bray Warren, 16-year-old son of Mr. and Mrs. Fred N. Warren, Lubbock, Texas, former resident of Munday, died at 3:05 o'clock Saturday morning following a four weeks illness.

#### Was Former Resident of Munday, Burial in Lubbock

Death was attributed to an incurable tumorous growth, which was described by attending physicians as the fastest growing tumor known to medical science.

#### Born in Munday

Young Warren was born in Munday April 13, 1921, residing in this city with his parents until their moving to the plains in 1932. He was classified as a senior in the science department of Lubbock high school and was a pledge of the Minotaur society.

#### In the last term of school the youth had been very active in the Camera club and Hy-Y work, and was one of the outstanding scout workers of Lubbock.

#### Burial at Lubbock

Funeral rites were conducted at 3 o'clock last Sunday afternoon, at the Broadway Church of Christ, with Minister John T. Smith, pastor, officiating. Burial was made in the Lubbock cemetery.

#### In early childhood he became affiliated with church work, joining the Church of Christ.

Surviving his untimely death are his parents, and a sister, Miss Wynnefred Warren, student in Texas (Continued on Page 8)

#### Dry Goods Merchants of City Displaying Big Stocks

#### OIL MILL RUNS DAY AND NIGHT

50,000 Bale County Estimate is Believed Conservative

Business conditions were feeling the full sway of "fall rush" this week, with general business conditions showing an increase of at least 50 to 75 per cent over the summer months.

Local merchants, with their stores stocked the heaviest in several years, report that fall merchandise is moving out at a faster rate than expected. Probably the largest increase of merchandise is registered by the dry goods firms of Munday. Two new clothing stores have been opened here in the past 30 days.

#### Gins Speed Production

Gins of Munday were running at near capacity and more than 2,276 bales of cotton had been ginned at noon today (Thursday). Ginning was held low, first of the week when street buyers overstepped the market price at Weinert. Much of the cotton south of Munday shifted to that city as a result of the increased price offered for the staple.

#### There is still a need for cotton pickers in some sectors of this area, in spite of the more than 700 that have come in for the fall picking. The picker shortage last week has been materially reduced.

#### Oil Mill Running

The Munday Oil Mill has been running day and night shifts for the past few days and according to Tom Benge, should run 24 hour shifts for some time, possibly until January 1.

Practically every firm in the (Continued on Page 8)

#### Trench Silo Built On C. R. Elliott Place to be Opened

The trench silo filled on the C. R. Elliott farm south of Munday last August 19, will be opened for inspection by farmers who desire to see the result of the silage during the months storage in the earthen silo.

A large number of farmers and business men interested in the construction of trench silos, which are considered the greatest boon in history for salvaging of feed stuff, were present when the silo was filled in a demonstration sponsored by County Agent W. W. Rice.

The opening is slated to convince farmers and business men the value and effectiveness of the new silage container. Conserving bumper feed crops for lean years is the chief object of the silo movement. The silo was built at a cost of \$17.50.

#### Two Theatre Tickets To Times Readers

Two persons are invited to see the Sunday and Monday laugh show featuring the Marx Brothers, Groucho, Harpo, and Chico, at the Roxy Theatre, as guests of the Munday Times.

Scan the WANT-AD section of this issue—it may be YOU. The comedy-extraordinary is entitled "A Day At The Races," and is a sequel to their recent production, "A Night at the Opera."

## Want Ads Get Results!

IT PAYS TO ADVERTISE in the Classified and Want Ad section of the Munday Times. Check up on the following statements submitted to you as proof of Times Want Ad results.

Last week Dr. Joe Davis advertised that he had lost a pig. By noon Friday he had the pig back in the lot and four persons reported having seen the animal.

Here are a few other results of classifieds that have appeared in the Times. One ad appeared with a "LOST" head, concerning two valuable rings—They were returned to the owner within four hours

after the paper was placed in the post office. The rings were the property of Miss Wanda June Williams.

On another occasion a farmer advertised that he was going to have a trailer load of small pigs to be sold on the streets of Munday on a Saturday following publication. He sold every pig by noon, and could have sold more if he had had them.

The Rexall Drug placed a card in the Want Ads on "trusses" and two days later a man from north of Benjamin brought the ad in—He bought a truss.

For the past three weeks the Times has given out six passes to the Roxy Theatre—Result six people have seen pictures as guests of this paper.

Two weeks ago C. E. Jackson advertised that he wanted a man to gather his crop and would consider selling his farm or implements. The following two days brought in six inquiries to the Times office. We don't know how many he had!

If you have something to sell, trade, found, lost, want, use the "SURE" method. List it with the Want-Ads in the Munday Times.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the Publisher, at the Munday Times office.

Article Causes Comment

An article appearing in last week's Collier's magazine, entitled "Machine Made," and written by Owen P. White, former El Paso man, now associate editor of the publication, has caused much comment and aroused considerable public interest.

Chief among those named in the article was Mayor C. K. Quin, who has political ambitions with an eye toward the governor's seat in Texas.

But regardless whatever might be the aftermath of the article such as possible libel suits, Quin and his associates know that the damage has already been done.

Truths Seldom Considered

NEEDED IN TEXAS—Some public officials who will speak their minds. POLITICAL NOTE—You can prove anything by figures, or figures don't lie, but liars do figure. RIGHT—One thing the Governor won't have to submit at the special session is "Hell Raising."

Wanted—City Beautiful Project

Business men and citizens in general would like to see a city beautiful project inaugurated in Munday—and they don't have reference to an "avenue of roses."

Let the soldier be abroad if he will, he can do nothing in this age. There is another personage, a person less imposing in the eyes of some, perhaps insignificant.

The true purpose of education is to cherish and unfold the seed of immortality already sown within us, to develop to their fullest extent, the capacities of every kind which the God who made us endowed us.—Mrs. Jameson.

A human being is not, in any proper sense, a human being till he is educated.—Horace Mann.

The great end of education is to discipline rather than to furnish the mind; to train it to the use of its own powers, rather than fill it with the accumulations of others.—Tryon Edwards.

The aim of education should be to teach us rather how to think than what to think—rather to improve our minds so as to enable us to think for ourselves than to load the memory with the thoughts of other men.—Beattie.

Education does not mean teaching people to know what they do not know; it means teaching them to behave as they do not behave.—Ruskin.

Next in importance to freedom and justice is popular education, without which neither freedom nor justice can be permanently maintained.—James A. Garfield.

These words were the words inscribed in letters of gold over Isocrates' school at Athens: If you be a lover of instruction, you will be well instructed.

On one occasion Aristotle was asked how much educated men are superior to those uneducated: "As much," he said, "as the living are to the dead."

Educate men without religion and you but make them clever devils.—Duke of Wellington.

Education commences at the mother's knee, and every word spoken within the hearsay of little children tends toward the formation of character.—Hosea Ballou, M.S. Sermons.

A DISPATCH states that some of the most prolific song writers compose their songs "on the run," so to speak. We have been wondering what the trouble has been with the modern songs, and we suppose this is the trouble.

THE REST OF THE RECORD

BY JAMES V. ALLRED
Governor of Texas

The newspapers during the past week have quoted members of the Senate Committee as predicting that the Legislature would block my program for new taxes unless the subjects of appropriations and reorganization are submitted.

Such statements by the Senators are calculated to put me in the false position of being opposed to economy in state government when just the opposite is true and my record bears it out.

At the beginning of the regular session, I submitted the subject of appropriations and recommended the reorganization of certain state departments in the interest of economy. Not a single thing was done about it.

For the purpose of keeping the record straight, I wrote a friendly letter to Senator Albert Stone, which was not intended to criticize him or to rebuke him, but merely to point out some of the facts in the controversy that has been started in the newspapers.

"In the first place, I recommended no increases (in appropriations) except a little more than a million dollars for our insane. You voted for all increases, either as a member of a conference committee or a member of the Senate; one of the biggest increases was in the departmental appropriation bill, for which you voted on May 22nd, as shown at page 2288 of the Senate Journal.

"You were a member of the conference committee which recommended the passage of the educational appropriation bill—and 'admittedly top-heavy' appropriation—and you voted for the passage of this bill on May 22nd as shown at page 2308 of the Senate Journal.

"You voted for the passage of the eleemosynary appropriation bill on May 19th, as shown at page 1905 of the Senate Journal.

"But that's not all: There is a further contrasting record for 'economy':

"You voted for Senate Bill 14, which donated \$350,000 state taxes to Harris County each year for ten years, a total of \$3,500,000. I vetoed this bill, and you voted to override my veto and give this money to Harris County notwithstanding. Senate Journal, page 910.

"You voted for an \$821,000.00 appropriation for an insane asylum in East Texas. Senate Journal, page 1592. I vetoed this and saved \$821,000.

"You voted for House Bill 24, which appropriated and diverted approximately \$1,500,000.00 each year for soil conservation work—and the Legislature did not provide taxes to take the place of the diversion for which you voted. Senate Journal, pages 1588 and 2134. I vetoed it and saved the taxpayers \$1,500,000.00 per year.

"You voted for a departmental appropriation bill (S.J. 2228), which carried an appropriation of \$750,000 for a Big Bend park, and \$250,000 for a cotton research laboratory. The Legislature provided no funds to take care of this appropriation, and I saved the taxpayers one million dollars by vetoing it.

"Thus, it will be seen that in addition to the 'admittedly topheavy appropriations,' which you now wish to correct, you voted for a total of almost seven million dollars, which I vetoed. I am wondering if you can point to any such saving that you made for the taxpayers during the regular session? Or to any vote to save the taxpayers that much money? Had it not been for my vetoes, the State would now be about seven million dollars more 'in the hole' as a result of the measures for which you voted.

"I do not personally condemn you for these votes—I simply take the position that it is now the Legislature's duty to raise money to pay the increased appropriations they themselves made.

"You now suggest that I submit the matter of appropriations and reorganization of the government at a special session which can only last thirty days; and after the appropriations have been made for several months and acted upon by the departments, contracts having been let under them.

"I want to appeal to your sense of fairness, Senator, is it reasonable to suppose that, waiving the question as to whether it is equitable to try to work these appropriations over after the departments have acted upon them and contracts have been made, if I should submit this subject to a special session, the same Legislature would do something in thirty days that it had failed to do during a four months session?

"In any event, even if you passed any economy measures, which I seriously doubt, could I hope for the passage of necessary tax measures that you failed to pass during the four month's session if the calendar is cluttered up with anything other than revenue measures. As Governor, I am firmly convinced that no substantial saving would be actually accomplished."

The Legislature has submitted several constitutional amendments. The people have voted these amendments. No one can deny but what it is my duty as Governor to recommend a revenue program to finance the people's program. It is reasonable to expect that the Legislature who so recently passed the appropriation by overwhelming votes, would now reverse themselves and substantially reduce the appropriations. I point to the fact that only four senators voted against the general departmental appropriation bill in the regular session. This vote is typical of all other votes on appropriation bills.

The WEEKLY CONSTITUTIONAL

Our Federal Courts

Why does our Constitution provide for a system of federal courts? There are in the Constitution, "grants of powers to Congress, and restrictions on these powers. There are also prohibitions on the States. Some authority must, therefore, necessarily exist, having ultimate jurisdiction. . . . The Constitution has itself . . . established that authority . . . by declaring that 'the Constitution and the laws of the United States, made in pursuance thereof, shall be the supreme law of the land. . . . No State law is to be valid which comes in conflict with the Constitution, or any law of the United States passed in pursuance of it."

"But who shall decide this question of interference? To whom lies the last appeal? This the Constitution itself decides also, declaring [Article III] that 'the judicial power (of the Court) shall extend to all cases arising under the Constitution and laws of the United States.'"

"These two provisions cover the whole ground," concludes Webster. "They are, in truth, the keystone of the arch. . . . In pursuance of these clear and express provisions, Congress established at its very first session, in the Judicial Act, a mode for carrying them into full effect and for bringing all questions of constitutional power to the final decision of the Supreme Court. It, then, became a Government. It then had the means of self-protection; and, but for this, it would in all probability have been now [1832] among the things which are past."

The CORNER Poetry Edited by Elsie Parker

THE ANTE-BELLUM BELLE
Are you the Girl of Yesterday
Who could do a thing
But dance and flirt and sew a seam;

And yet, you fired the hearts of men
Till steel struck steel—your lovers
died in Sunrise Glen.

Carried, wove and spun; sowed and reaped; faced battle line
To save, to succor dying men—
sires, mates and sons of thine—

And yet, today, we meet you—
hear the legend ring:
Let the Girl of Yesterday—who
couldn't do a thing.

POEMS
Poems, poems, bound in black—
Poetical poems with meaning slack
Perhaps the black is in good taste;
Showering I mourn for the time I waste.

Perhaps it's mourning the death of rhyme
In addition to the waste of time.
Only read a verse and you will see
Black is used appropriately.

WARNING
Words spoken play their part
In the orchestra of life and Living.
But the instruments—
Duty, Loyalty, Truth and Honor,
Determine the melody we're Giving.

LOVE CAME LATE
Love came
As summer fled.
Vega glowed
Above. My heart was stabbed
With shafts of blue flame. Vega
Shine once more.

Gafford Purchases Partner's Interest Barber Shop Here

W. G. Gafford, proprietor of the Gafford Barber Shop, formerly known as the Gafford and Palmer Barber Shop, has renovated his establishment.

Gafford moved each of his four chairs up toward the front of the building and changed location of the shine chair from he front to the back of the building.

The interior of the shop has been repainted as well as the front of the building.

Gafford recently purchased Palmer's interest in the business.

More Office Space And Modern Devices Installed by Kethley

J. D. Kethley, Doctor of Optometry, has renovated his offices and installed a special room for specialization work during the past two weeks.

Dr. Kethley now has two small work rooms, a waiting room and the new room for the specialization work which includes special devices for eye training and giving eye exercises.

"The field of optometry covers more than the fitting of glasses," Dr. Kethley stated in making the new changes. "Many cases of eye trouble can be eliminated without use of glasses," he added further.

Dr. Kethley has added equipment that is of the latest origin in aiding persons afflicted with eye trouble.

### Farm Legislation

The session of the Congress which has recently enacted more major farm legislation than any other session of Congress in the history of the government. Among the more important ones are:

1. Extending the operation of the present Soil Conservation Act to 1942.
2. The Agricultural Marketing Agreement Act. This probably affects more farm products, in value, than any other measure that has been passed.
3. Farm Tenant Act.
4. Reduction of interest on Land Bank Loans.
5. Perishable Agricultural Commodities Act.
6. Great Plains Drought Act.
7. Farm Credit Act of 1937.
8. Crop Loans for 1937.
9. Cotton Classification.
10. Extension of Commodity Credit Corporation.

We are now endeavoring to work out general farm legislation. It is difficult for this to be done in a way that is fair to all sections.

In many parts of the Old South where there is a high percentage of tenancy and about one-half the farmers are colored, and also in certain other sections of the United States where there is a high percentage of tenancy, many feel that these suits could not be collected and that therefore the "control" would break down. It is this should happen, it might imperil even the present program.

These are just a few of the objections to that measure.

The Committee on Agriculture is endeavoring to work out a real farmers' bill, taking the best provisions of the Farm Bureau Bill and eliminating the objectionable ones. This new bill includes an ever-normal granary feature. It also provides for a continuation of the present soil conservation payments with increases, and includes

surplus control features. Then, too, the bill will have added a number of new features. These include:

1. A reduction in payment to the larger farmers on a graduated scale so as to make larger payments available for the small, individual farmers.
2. Provision for research laboratories in each of the major agricultural producing areas.
3. A provision authorizing the Secretary of Agriculture to apply to the Interstate Commerce Commission for reduction in freight rates on farm products.

The President of the United States has done much for the farmers of America, and the Committee is working out a measure in harmony with his views. It will truly be a farmers' bill.

### New Control Legislation

At the next session of Congress (whether special or regular) the first legislation to be considered will be crop control legislation for the farmer. I am deeply interested in the views of the farmers of my district and invite each county farm association to call a meeting as soon as possible at which we can discuss this proposed legislation. I always welcome the views of my constituents.

### County Farm Meetings

County farm meetings under the auspices of the county agents of Young, Baylor and Knox Counties were held September 14 at 9:30 a.m. at Olney, at 2:00 p.m. at Seymour; and on the 15th at 2:30 a.m. at Munday. District Agent Scofield and Messrs Miller and Litche of the Extension Service of A & M College were present, and made very interesting talks concerning the importance of improving the grade and staple of Texas cotton and pointed out the importance of securing better seed for next years crop and the benefits to be derived by the farmer from growing a better staple cotton.

Messrs Adams, Evans and Rice, farm agents of these counties, were also on the program and made very interesting talks. I was invited to attend each of these meetings and discussed the existing legislative situation and pointed out the importance of the farmers cooperating in bettering

### Palace Cafe Is Installing New Fixtures, Booths

The Palace Cafe is undergoing complete renovating, painting and other interior decorations this week, according to George Keene, proprietor.

The entire inside of the cafe will be taken out and new modern tables, booths and counters will be installed. A horseshoe counter will be installed and new stools, display cases and other necessities required to give better service and foods to his patrons.

### Employ 140 Girls

J. C. Kellam, State Youth Director, has approved a NYA Work project to employ 140 NYA girls in the school cafeterias in San Antonio. This project will enable girls who have been attending maid-training classes to obtain further practical training in preparing and serving food. Uniforms for the 140 girls will be made in the NYA sewing room.

Mr. and Mrs. S. E. McStay visited their son, J. Dee Stay, and his wife in Vernon Sunday.

farm conditions and particularly in working out a harmonious crop control program. At the close of each of these meetings a vote was taken on the question as to whether or not a rigid crop control program should be enacted by the next Congress, controlling all basic agricultural groups. With more than 500 farmers and business men present at the Olney meeting, the vote was unanimous in favor of such legislation. At Seymour, with about the same attendance, and with the bitter opposition of Mr. Ross Bates of Goree, speaking against this program, the vote was about 495 to 5 in favor of such legislation. With about 400 farmers and business men present at Munday, the vote was unanimous in favor of such a program. I am greatly interested in knowing the views of all the farmers in my district on crop control legislation and expect to cover the entire district in order to receive first hand their views.

### New Clerk Added By Rexall Drug

R. C. Spinks was added to the force of the Rexall Drug Store Monday of this week. A. L. Smith, manager of the concern, announced.

Spinks will do general clerk work and care for fountain trade in the store.

### LEGAL NOTICES

#### CITATION BY PUBLICATION THE STATE OF TEXAS,

To the Sheriff or any Constable of Knox County—Greeting:

You are hereby commanded, that you summon, by making Publication of this Citation in some newspaper published in the County of Knox if there be a newspaper published therein, but if not, then in any newspaper published in the 50th judicial district; but if there be no newspaper published in said judicial district then in a newspaper published in the nearest district, once in each week for four consecutive weeks previous to the return day hereof. J. W. Priest, W. A. Priest, Jessie Priest Grigg and husband, T. F. Grigg, Lillie Priest Cole and husband, W. C. Cole, Algie Priest, Esther Priest and her husband, if any, and the unknown heirs of the above named Defendants and each of them—whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be held in the County of Knox at the Court House thereof, in Benjamin, Texas, on the 4th day of October, A.D. 1937, then and there to answer a Petition filed in said Court, on the 26th day of August, A.D. 1937, in a suit numbered on the docket of said Court No. 2892, wherein J. E. Reeves and R. L. Burton, Reeves-Burton Motor Co., Ed Dye and A. J. Smith are plaintiffs and J. W. Priest, W. A. Priest, Jessie Priest Grigg and husband, T. F. Grigg, Lillie Priest Cole and husband, W. C. Cole, Algie Priest, Esther Priest and her husband, if any, all of whose residence is unknown to Plaintiffs, are Defendants. The nature of the plaintiffs demand being as follows, to-wit:

The State of Texas, County of Knox, In the District Court of Knox County, Texas, October term, A.D. 1937. To the Honorable Isaac O. Newton, Judge of said Court: Now comes J. E. Reeves who resides in Knox County, Texas, and R. L. Burton, who resides in Haskell County, Texas, doing business as Reeves-Burton Motor Co., and Ed Dye and A. J. Smith, also both of whom reside in Knox County, Texas, hereinafter called Plaintiffs, complaining of J. W. Priest, W. A. Priest, Jessie Priest Grigg, and her husband, T. F. Grigg, Lillie Priest Cole and husband, W. C. Cole, Algie Priest, Esther Priest, and her husband, if any, all of whose residence is unknown to the Plaintiffs, hereinafter called Defendants, as well as the unknown heirs of the above named Defendants and each of them, whose names and places of residence are also to Plaintiffs unknown, and for cause of action Plaintiffs represent to the court that on or about the first day of August 1937, they were lawfully seized and possessed of the following described land and premises to-wit: All of Block No. Twelve (12) of the R. P. Munday Addition to the town of Munday, in Knox County, Texas, said parties owning the parts as follows: That the Plaintiffs J. E. Reeves and R. L. Burton owned the southeast 100 by 100 feet of said Block, described by metes and bounds as follows: Beginning at the Southeast corner of said Block No. 12, aforesaid; Thence North 100 feet; Thence West 100 feet; Thence South 100 feet; Thence East 100 feet to the place of beginning. That the Plaintiff Ed Dye owned the following part of said Block Number Twelve (12) as aforesaid: Being a tract 50 by 95 feet out of the Southwest corner of the same, described by metes and bounds as follows: Beginning at the Southwest corner of said Block; Thence East 50 feet; Thence North 95 feet to corner; Thence West 50 feet to corner; Thence South 95 feet to the place of beginning. That the plaintiff A. J. Smith owns the remainder of said Block Number Twelve, as aforesaid, which is described by metes and bounds as follows: Beginning at the Northeast corner of said Block Number Twelve; Thence South 100 feet to corner; Thence West 100 feet to corner; Thence South 100 feet to corner; Thence West 55 feet to corner; Thence North 95

feet to corner; Thence West 50 feet to corner; Thence North 105 feet to the Northwest corner of this Block; Thence East 205 feet to the place of beginning.

That the first named Plaintiffs acquired said property from the said A. J. Smith, the last named Plaintiff. That all the Plaintiffs above set forth were at said date of August the first 1937, holding and claiming said property respectively described in fee simple.

That on the day and year last aforesaid, Defendants unlawfully entered upon said premises and ejected the Plaintiffs therefrom, and unlawfully withholds from them the possession thereof to the damages in the sum of \$1500.00.

That the annual reasonable rental of said land and premises is \$500.00. Plaintiffs further aver that they and each of them have had open, peaceable and adverse possession of the respective tracts of land, themselves and through their grantors, for more than ten years prior to August 1st, 1937, claiming, using and paying the taxes upon the same, openly, peaceably and adversely to all the world for more than ten years prior to said above date.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Benjamin, Texas, this the 26th day of August, A.D. 1937.

LEE COFFMAN, Clerk District Court Knox County, Texas. 10-12c

### THREE CLASSES ENJOY SOCIALS

#### SENIORS ENJOY PICNIC AT SEYMOUR PARK

Friday afternoon the Senior class of Sunset High School motored to Seymour park where they assembled with their sponsor, Mrs. Ottis Cash, for a picnic. They arrived at the park about 5 o'clock where they cooked and ate a picnic supper. Everybody had plenty to eat and there was food to spare.

After supper the main event of the evening was the football game between Munday and Seymour. The game was good from start to finish. Seymour made a touchdown the first quarter, and from then on until the end of the game there were no more touchdowns. Several of the boys, one girl and Mrs. Cash went to the football game. The rest of the class went to the movies. They saw Joe Penner in "Life of the Party."

In the group were fourteen of the seventeen Sunset seniors; one visitor, Woodrow Myers; and the Senior sponsor, Mrs. Cash.

#### JUNIOR CLASS ENJOYS WATERMELON FEAST

Friday night the Junior Class, with their sponsor, Miss Spragins, had a watermelon feast at the Roadside Park near Weinert. They arrived at the park about 7:30 and played several games after which they ate watermelons. They had a watermelon fight which everyone enjoyed. Then they went to Wein-

ert and attended a medicine show. They returned to the Park and played for a short while longer. They enjoyed having Marjorie Propps and Fay Heath from Knox City and Ila Holmes from the Freshman class with them.

The Junior Class expects to have a hay ride and wiener roast next Friday night.

The Junior Class misses Traphene Wren who is in Dallas this week visiting at the Pan-American Exposition.

**SOPHOMORE CLASS HAS WATERMELON FEED**

Friday night at 8:00 p.m. the Sophomore Class had a watermelon feast and party at Bernice Strickland's.

They played several games and had all the watermelon they wanted to eat.

Six-weeks exams come next week and all the Sophomores' knees are aching "Yankee Doodle."

**SIXTH GRADE PUPIL COMPOSES RHYME**

The pupils of the sixth grade have been writing poems recently and we persuaded Miss Hutton to give us a sample of the group. Following the poem which was handed us.

I've killed out the worms,

### Swing King Opens New Casino Bill

No, folks, it's not the "Pied Piper" who has come to town, but King of Swing, Benny Goodman, and his Swingsters, who are playing hot and fast at the Pan American Exposition's Casino, Dallas. Here is the King and his clarinet (2); Lou Holtz, brought to the big air circuits by Rudy Vallee (3), comedian and wise cracker; Leon Barte (1), Maitre de Ballet for Chester Hale and soloist in the Bolero number of the Casino and Buster Shaver (4) who with his diminutive friends and co-workers, Olive and George, will usher in Anson Weeks and his orchestra Sept. 19. The air conditioned Casino is playing to packed houses.

### Home Education

"The Child's First School is the Family"

By Dr. James E. Pope

#### THE CHILD AND HIS HOBBY

##### Breaking A Dangerous Habit

Mrs. L. E. Smith

Occasionally there may be found a doctor who says, "Let the child suck his thumb. He'll stop it when he grows older." But will he?

The question was answered by an unpleasant experience in my own home, and if any one—doctor or layman—thinks thumb-sucking does no harm, he should not say so, for such a statement is very dangerous. Thumb-sucking does harm and a lot of it.

Before my twin boys were born, I had seen enough to be convinced that the thumb-sucking habit should be stopped early in babyhood. But because the boys suffered as they did while cutting teeth, they began the habit of chewing their fingers and rubbing their gums, and finally thumb-sucking resulted. I hurried to my doctor to ask his advice.

"Pay no attention to it," he said. "They'll not do it long, and anyway it does no harm."

He was one of the most noted doctors and surgeons in our part of the state, so much to the displeasure of my husband, I allowed the twins to keep on thumb-sucking. When they were two years old, they were growing steadily worse; at three, they began to be annoyed when we chided them. They would hide away when hungry or sleepy to enjoy their thumbs, undisturbed. They were premature babies and rather delicate, with very sensitive natures, and I feared to force them to break the habit.

An aunt came to visit us. She was indignant at my inaction and on her next visit brought a small bottle of what she said would stop the habit at once. It was a weak tea made of quassa bark. She advised me to put a little on the fingers they used, when putting the twins to bed, and said it would not effect their health as the quassa bark was perfectly harmless. But I didn't try it. I feared they might get nervous and lose some sleep.

Time went on, and the twins started to kindergarten. I thought this would stop the habit, but they were cunning enough not to practice it in school, as they were sensitive about anyone knowing they did it. When they were eight years old, they were still thumb-suckers. One used his thumb, hanging his hand down over his chin, and his lower lip began to enlarge and protrude. The other gave a peculiar twist to the wrist and used the first two fingers of his left hand, turing them so

And I've killed out the weeds,  
And still I can't get my gal any beads.  
My back it aches;  
And my heart neraly breaks  
To think of the fix I'm in.

Old cotton, old cotton,  
You fill me with woes—  
If it weren't for you I could wear new clothes  
So I will plant me some wheat,  
And raise me a pig,  
And I'll not raise cotton when I get big.

—Gena Beth Griffith

that they pressed the upper front jaw outward. One day our dentist began to reproach me for permitting me for permitting such a habit to linger. He told me to get just what the old aunt had provided and I had not used.

I took the twins into my confidence, and we played a game. We were going to try the bitter water and surprise daddy who all along had been distressed that I had permitted the habit. For two evenings the bitter tea was placed on the offending fingers.

Then they said, "Mother, pour the tea into the drain. We won't put our fingers in our mouths anymore."

And they didn't. But those poor little mouths! They will be a life-long regret, ever reminding me of my own weakness and the indifference of my doctor. Had I insisted on the habit's being broken early, all of their daddy's worry and the nervousness caused by years of correcting the twins would have been avoided. They now began to grow faster, for they ate better, and today they are big robust boys, eleven years of age.

I have learned since that there are many different remedies for this unfortunate habit. I also know that the apprehension, dissatisfaction and worry, which failure to break the habit introduces into the family life, are likely to have a more serious effect on the child than even the habit itself. These conditions should not be tolerated. As soon as the habit begins to form, steps should be taken to break it. The child's cooperation may be secured, but he should never know the seriousness of the fault, and the fault should never last long enough to worry the parents.

### PERSONALS

Mr. and Mrs. Leo Grantham and little son of San Diego, California, are visiting her parents, Mr. and Mrs. P. C. Phillips, and family.

Miss Nina Astin, home demonstration agent of Knox County, was in this city on business from Benjamin Wednesday.

Judge E. L. Covey and County Agent W. W. Rice from Benjamin were in Munday on business last Wednesday.

**Son is Born**

A baby boy was born to Mr. and Mrs. W. A. Bowman at the Knox County hospital Monday, it has been announced.

**Daughter to Allens**

Mr. and Mrs. C. C. Allen of Vera became the parents of a baby daughter, Tuesday, September 14, it was announced at the Knox County hospital this week.

**Girl to Hodges**

Mr. and Mrs. George Hodge of Goree announced the arrival of a daughter Wednesday of last week. The announcement came from the Knox County hospital.

Mr. and Mrs. E. Nayfa and fam-

Vincent Lane, son of Mr. and Mrs. John Lane, visited his parents over the week end, returning to Roby, Texas, Monday where he is employed.

Albert Aycock of Lueders visited in the home of his parents, Mr. and Mrs. W. R. Aycock the past week end.

Mrs. P. V. Williams and Mrs. Avis Maples were in Denton last week end where they took Mrs. Williams' daughter, Miss Wanda June. Miss Williams enrolled in C.I.A.

**Working in Houston**

J. C. Nelson, former Munday man, is working in a Houston drug store. Nelson is a registered pharmacist.

J. S. Smith, San Angelo, was in Munday Saturday visiting in the home of Mr. and Mrs. Arthur Smith. Jack Smith, grandson of J. S., was also here.

Mrs. L. S. Hardegree left for Henrietta last Friday night to be at the bedside of her mother, Mrs. B. F. Nimmo, who is seriously ill.

Mr. and Mrs. Rex Holder of Ballinger visited his parents, Mr. and Mrs. D. E. Holder, Sr., last week end.

Miss Virginia Curry, instructor in the Sunset Schools, will spend the month vacation caused by turning out school for cotton picking, with her parents in Ruler.

**Recovering From Operation**

Bob Billingsley, son of Mr. and Mrs. M. F. Billingsel, is recovering nicely from an appendectomy performed Sunday evening at the Knox County hospital.

Mr. and Mrs. E. G. Pettit, of Wheeler, Texas, are visiting in the home of Mr. and Mrs. J. D. Henderson. Mrs. Pettit is the daughter of the Hendersons.

Mr. and Mrs. J. J. Keel had as visitors this week Mr. and Mrs. John Summerford of Comanche, Texas.

**Daughter Arrives**

Mr. and Mrs. Elton Busby of Brownfield, announce the arrival of

a daughter, born Monday at their home. Mrs. Busby is the former Miss Oneita Blanton of this city.

Garland Coltharp, Gililand, was a visitor in Munday attending to business affairs Monday.

**Approve Highway Project**

A National Youth Administration highway beautification work project has been approved for Archer County. This project will employ 20 youths improving and beautifying roadside parks, safety devices, mail box turn-outs, side road approaches, slopes, ditches, and shoulders, all on the state highway right-of-way, J. C. Kellam, State Youth Director, said.

## Elmo Cure-Marguerite Barker Vows Announced For First Time in Munday

(Editor's Note: The following article appeared in the Sweetwater, Texas Daily, in June, announcing the marriage of Elmo Cure of this city to Miss Marguerite Barker.

Beautiful in its simplicity was the wedding ceremony of Miss Marguerite Barker, youngest daughter of Judge and Mrs. J. D. Barker, and Elmo Cure, only son of Mr. and Mrs. J. E. Cure of Munday, on Tuesday afternoon at 2 o'clock at the home of the bride's parents, 1011 Bawcom. College classmates formed the wedding party and many out-of-town relatives and friends attended.

Standing on a white prayer rug before an improvised altar of yucca gloriosa and smilax flanked with white tapers burning in two six-branched candelabra, the couple repeated the marriage vows as read by Dr. Thomas W. Brabham, president of McMurry College, Abilene. The double ring ceremony was used.

The wedding party consisted of college classmates of the bride and groom, and a color scheme of pink and blue predominated in the gowns of the bridal party. Mrs. Randolph Lee Clark of Cisco played soft pre-nuptial music as the tapers were lighted by Miss Lurline Poe of Abilene, who wore a long afternoon frock of pink lace trimmed in blue. Miss Joyce Arey of Abilene sang "Because," accompanied by Mrs. Clark who also played the "Bridal Chorus" from Lohengrin as the bridal party entered the living room.

After a short honeymoon, Mr. and Mrs. Cure will be at home in Abilene, where they have an apartment for the summer while each attends the summer session at McMurry College. The bride is a senior, specializing in public school music and the bride-groom is a senior business administration and pre-law student.

Among the out-of-town guests attending the wedding were Mrs. J. H. Barker of Rotan, mother of Judge Barker, and Mr. and Mrs. J. E. Cure, of Munday, parents of the bride-groom, and his niece, Nadine Barnett of Munday; Mr. and Mrs. Roland M. Jordan and daughter, Carolyn, of Texas City and Mrs. Sherman Roberts and son Ted, of Wochita Falls. Mrs. Jordan and Mrs. Roberts are sisters of the bride.

From Rotan, the former home of the Barkers, were Mrs. Nannie White, Mrs. Frances George, Miss Besta Barker, Troy White and Alfred White; from Shreveport, La., Jimmie Albritton of Austin; Miss Phyllis Brooks and B. R. Brooks; Joan Wheeler of Anson; from Cisco were Mrs. R. L. Clark and Misses Doris Surles, Maxine Burkett, Mary Louise Poe, Mrs. John Shertzer; Cladia Fay Teal, Joyce Arel, Paul Williams, Lurline Poe and C. N. Wood of Winters.—Sweetwater Reporter.

Others are getting as good or better results on cream at Atkison's, why not you? (adv.) tfc

## Sunday School Class Guests of Mrs. Bess Porter

The intermediate Sunday school class of the Methodist church taught by Mrs. Bess Porter, enjoyed a picnic at Roadside park south of Munday Tuesday night.

After an evenings social enjoyment the members of the class were served sandwiches and tea by the hostess, Mrs. Porter.

Attending the event were Thomas Rigsby, Ted Longino, Lenore Longino, Hugh and Harrold Longino, Idabel Sherrod, Clay Dingus, Edith Hensley, Judson Giddings, Oscar Ruth, Billy Faye Allison, Lois Warren, Maurine Beavers, Geneva Smith.

## Baptist W.M.S. Hold Monthly Business Meet

The Baptist Women's Missionary Society met in the home of Mrs. Lyle Stodghill Monday for their regular monthly business and social meeting.

The meeting was opened with a song led by the hostess, Mrs. Stodghill. Prayer was led by Mrs. M. H. Reeves, and the devotional was given by Mrs. Mart Hardin.

Mrs. Jim Reeves gave a very interesting bible character discussion.

During the business meeting plans were made for the Worker's conference that will be held at the church Thursday, September 29. Following the business meeting the ladies choose sides for an entertaining contest.

A refreshment plate of fruit punch and cookies was served to each of the following members: Mesdames M. H. Reeves, Jim Reeves, Mart Hardin, C. R. Parker, Don Wardlow, Chandler Hughes, R. B. Bowden, W. H. Albertson, W. E. Reynolds, B. L. Blacklock, Phil Lowry, and the hostess, Mesdames E. H. Stodghill and Lyle Stodghill.

## Epworth League Has Meeting

Epworth Hi-League, 6 o'clock Sunday evening, September 26, 1937.

Topic: Widening Ways. Leader: Louise Gafford. Quiet Music: "What a Friend We Have in Jesus." Scripture: Psalm 19: 7-14, David Eiland.

Song: by the League. Prayer: Jane Campbell. Poem: Evelyn McGraw. Talk: Nadine Salem. Missionary Story: Mrs. Webb. Song: by the League. Prayer: Flora Alice Haymes.

A social meeting on the church lawn will follow, during which ice cream will be served.

## Munday Tennis Club Enjoys Chicken Feed

The Munday Tennis club enjoyed an outing-picnic bar-b-que at the golf course southeast of here Tuesday night.

Carrying out an evenings fun in regular picnic style the picnickers thoroughly enjoyed the barbecued chicken and the games that followed.

Guests at the occasion were Carl Jungman and Miss Geneva Smith. Members present were Mr. and Mrs. Wade Mahan, Dr. and Mrs. E. M. Roberts, Mr. and Mrs. L. M. Palmer, Ted Longino, E. U. Parchman, Misses Ann and Louise Atkison, Howard Collins, Seburn Jones, John Easley, Harvey Lee, Mrs. Carl Jungman, Thomas Rigsby, and Mr. and Mrs. Paul Mansell.

Devoted entirely to tennis activities, the club is more than five years old. This was the first social function in its history, and club members were so enthusiastic over it that they voted to have at least one similar affair during the active playing season. By far the most successful club in Munday's athletic history, the club has for its officers Paul Mansell as president, Dr. E. M. Roberts, vice president and Howard Collins, secretary.

## Dove Feast is Enjoyed by the Amigos SS Class

The Amigos Sunday School class of the Baptist Church enjoyed a dove feast at the golf course Monday night of this week.

The evening was spent in a social way and watermelons and other foods were spread along with the doves.

Members attending the feed were Rev. and Mrs. W. H. Albertson, Mr. and Mrs. J. E. Reeves, Mr. and Mrs. John Ingram, Mr. and Mrs. Chandler Hughes, Dr. and Mrs. Hollis Douglas, Dr. and Mrs. J. H. Bass, Mr. and Mrs. M. L. Barnard, Mr. and Mrs. J. L. Stodghill, Mr. and Mrs. Chester Bowden, Mr. and Mrs. Phil Lowry, Mrs. Louise Ingram, Howard Cobb, Virginia Ruth Albertson, and Marilyn Gene Bowden.

## CHURCH NEWS

### MUNDAY CIRCUIT

Remember the Fourth Quarterly Conference meets at Thorpe Sunday, Sept. 26th. This is a very important conference as it not only ends the present year but plans are laid for next year. Let every Church have a full representation there. The Presiding Elder will preach at the morning hour and hold the conference.

It is only two more months until the Annual Conference so let us be thinking about finishing our work with credit to our Churches and Glory to God. There is much to do and very little time to do it in, so let us be "About the Father's Business."

The Pastor will preach at Thorpe at 8:00 Sunday evening. Frank Story, Pastor

### METHODIST CHURCH

This Sunday is the last Sunday of the Sunday School year and is important in a number of ways. It closes the records for the year, new classes will be formed by promotion from one department, or division, to another, and new literature is on hand for distribution. It is our last chance to improve our record for the closing year; take advantage of it and be on hand, won't you?

We are still having excellent reports from the visitation committee. Some have not completed their list but we trust that the entire list may be completed by next Sunday. The church world is in need of that personal, friendly touch, that comes only through meeting in the homes for a friendly council and self expression. May we have more of it in our community.

A very important piece of mail will be going out to the Methodist homes soon. I trust you will be able to cooperate with us in the October program outlined by the District.

Sunday, 11 a.m. general theme, "Paul's Secret." It was said of "Gipsy" Smith, recently at Wich-

ita Falls, that he had greater influence in his appeal through his life than any man recently in this section of the country. His secret seems not to be different from that of Paul. What was Paul's hidden resource that has kept him before every generation since his day and yet he seems but to have lived only yesterday when he writes about life's problems. "If you live only for tomorrow you miss today."

H. A. Longino, Pastor

### FIRST BAPTIST CHURCH

The Sunday School attendance the past three Sundays has been 143, 133 and 153.

The pastor and wife had the privilege and pleasure of attending the dove roast Monday night on the golf course given by the Young Married Peoples' Class. There were so many doves eaten that he wonders if the general impulse that night was to roost in the trees rather than to sleep in a bed, the normal way. It was a very enjoyable affair.

We call your attention again to the meeting of the Workers Conference of the Haskell Association with our church Tuesday of next week, Sept. 28th.

Sermon subjects for next Sunday morning, If He Had Gone to Church; evening, Contrast Between Sin and Grace.

If we were to attend all the regular services of the church we would only put in four and one-half hours each week. There are 168 hours in the week. Figure it out for yourself and see what a small per cent of your time the church asks for.

W. H. Albertson

## Hospital Patients

Patients entering the Knox County hospital this week and those who were remaining under physicians and surgeons care from previous weeks, are the following:

Robert Billingsley, Munday; J. T. Hill, Knox City; Ruth Gillentine, Benjamin; Joan Gober, Throckmorton; Mrs. Bill England, Gilliland; Mrs. Damon Brooks, Rule; W. W. Flournoy, Lubbock; and Mrs. W. A. Bowman, Goree.

Nursery patients was the baby son of Mr. and Mrs. W. A. Bowman, of Goree.

## Hospital Dismissals

Patients dismissed from the Knox County hospital during the past week were registered as follows:

Mrs. Henry Edge, Benjamin; Michael Herbert, Jr., St. Louis, Mo.; Joyce Welch, Gilliland; L. R. Mahon, Seymour; Wayburn Lane, Knox City; Henry Harrison, (colored) Benjamin; Mrs. Leland Hannah, Munday; Opal Edwards, Rule; Mrs. Magdalena Albus, Rhineland; Mrs. C. C. Allen and baby daughter, Vera; Mrs. George Hodges and baby daughter, Vera; Mrs. C. C. Black, Haskell; Mrs. Hoyle Sulins, Vera, and Baby Wolfe, of Woodson.

You can get 36c per pound in trade for your cream at Atkison's.

## \$1,090,779 RAISED BY 1937 BIRTHDAY BALLS FOR PRESIDENT TO FIGHT INFANTILE PARALYSIS, REPORT SAYS

New York, N.Y.—A total of \$1,090,779.23 was raised by the 1937 National Birthday Balls for the President. Colonel Henry L. Doherty, national chairman of the movement since its inception, announced today in making public the report of the treasurer, Keith Morgan.

Of this amount \$952,293.89 was represented by the more than 3,800 parties held in cities and towns throughout the United States, Colonel Doherty said. Telegraphic birthday greetings to President Franklin D. Roosevelt, organized by the Western Union and Postal Telegraph Companies, accounted for another \$80,106.19 and the remaining \$59,379.15 represented private contributions.

Under the plan of distribution retain 70 per cent of the amount local committees were permitted to retain 70 per cent of the amount raised for their work in the fight against infantile paralysis, while 30 per cent was sent to the national committee for presentation to President Roosevelt for the Warm Springs, Ga., Foundation.

According to the seventy-three per cent distribution, the Warm Springs, Ga., Foundation thus would receive \$327,223.70, Colonel Doherty continued. However, he said, this amount may run a little more due to the fact that in some instances communities having no infantile paralysis problem remitted 100 per cent of the fund to the national committee. However, in other instances local committees remitted less than 30 per cent and in some cases none of the fund, where the entire total was used for sufferers in the Ohio valley and other flood regions last winter, this

action being with the full consent of the national committee.

Colonel Doherty said that Colonel Carl Byoir, national general director of the celebrations for the past four years, had reported to him that the 1937 fund is the largest amount ever raised.

With infantile paralysis reaching epidemic proportions in Chicago and showing a larger number of cases than during any time in the past five years in other sections of the country, Colonel Doherty said he is especially glad to be able to report the record breaking fund raised. He said he wanted to express the hope of the national committee that funds granted by the President's Birthday Ball Commission on Infantile Paralysis Research would play a part in the development of methods of control of the disease.

During the past several months, scientists, previously aided by grants from the Birthday Ball Commission on infantile paralysis research, have repeatedly expressed the hope that nose sprays offer a method of control for infantile paralysis.

In making public the complete figures on the 1937 birthday celebrations, Colonel Doherty announced that the check for the Warm Springs, Ga., Foundation will be presented to President Roosevelt shortly. He also expressed the national committee's gratitude to the local chairman, national leaders, radio, motion picture and theatrical stars and leaders in the worlds of finance, labor, science, society, art and music who devoted their time and efforts toward making the 1937 celebrations so overwhelmingly successful.

## PEEP SHOW

FOR LADIES ONLY  
—BY—  
MIGNON

Fall is like a generous Dad  
He peels off days of beauty  
From nature's dwindling bank roll  
And hopes he's done his duty.

Fall is like that. After all Fall is the middle child and is expected to neither be a petted babe of Spring-time nor the exotic loveliness of summer. It just fits in to make a nicely rounded out family between summer and winter. And like a lot of middle children I know it out-smarts the oldest and the youngest most of the time. While Spring-time is a winsome miss tripping gaily along with a song on her lips and blossoms in her hair. Summer is a more mature beauty, a steamed, studied loveliness. Winter is the oldest who wraps herself in furs and ermines, drips diamonds from fingers too long in the money tills and is a dignified member of the family. Fall is a gypsy artist. Running through the woods upspringing her paint pots and never even caring. She stops to unplug the hair of a golden rod to let it sun and air, and she touches lightly the sumac to leave a trail of color. She brushes up the introduce along the trail where she had been there's a wistful little breath of perfume that makes one pause to breathe deeply of its healing loveliness.

I think Miss 1937's grand  
Instead of showing off her form?  
She goes on home to bed.  
"Aw shucks, no vaudeville for me."

"I have to get my lesson"  
Says she, and it's the nicest news  
I've read since the depression.

If you diet and remain slender  
You can enjoy the envy "If others of  
but that isn't nearly so much fun  
as eating anything you wish.

I'm acting like a poet  
These days and holy gee.  
Most gals they all like me.  
Don't sound 'em all like me.

Here's another admirer gals. I  
clipped this from a man's column:  
"About the easiest thing in the  
world is to sell a man long on the  
idea that he's important."

Shhh . . . You know about the  
girl who wore her hose in bunches  
. . . Here's a man; Girls who wear  
those flat big heels . . . Never  
have men buy their meals . . .  
Ain't it awful?

Did you see Louis L'Amour's  
swell travel story "Children of  
Romance"? It is called "Children  
of the Sun" and is an illustrated  
travelogue of Behind the Peruvian  
curtain of antiquity. It is the  
story of the Incas beginning four  
hundred years ago. Louie has been  
somewhat of a vagabond and his  
ability to revision the places and  
people he has visited is a rare art.  
It is well written, highly entertain-  
ing piece which I will file away for  
a reference should I be called upon  
some time for a paper on Peru or  
Inca Majesty. Richard Haliburton  
had better be looking to his laurels  
in his adventure stories for Louis  
L'Amour has a fresh pack evidently  
and has a new vivid way of expres-  
sion which is altogether highly  
pleasing, instructive and worth-  
while.

It seems too long against my heart  
Some sorrow thorn has lain  
That on my muted harp of life  
There is a minor strain  
But for one singing hour of joy  
One note of ecstasy  
I live, and know that this  
is quite enough for me.

I just can't put "Trail Blazers"  
out of my mind. Let me share with  
you Nina Pond's own thought on  
Minor Chords. Every life has them.  
If every soul were full of brilliant

apprecios we could not appreciate  
them, we would miss the minor  
keys for after all they are some-  
thing which make the whole world  
aware of kinship. Nina says:  
"Troubles, minor chords in each of  
our lives may be compared to a  
great bundle of sticks, much too  
large for each to lift. But who asks  
us to lift the whole bundle at once?  
One at a time is enough to carry  
for a day. However, if we carry  
yesterday's stick, along with to-  
day's, and perhaps borrow tomor-  
row's, the load will soon break us  
down. Yesterday was a poignant  
memory; tomorrow is an elusive  
hope; today is the only reality.  
Pick up your stick for today and  
burn it upon duty's altar."

A woman is as old as she looks  
. . . a man is old when he quits  
looking.

Requisites for a great lady: Sincerity, Simplicity, Sympathy and Serenity.

Hats off to the national assem-  
bly of the Philippines. At a special  
session this week the women of  
the Philippines were enfranchised.  
Golly, I'll bet they're excited they  
let their husbands' white linen  
suits go unironed for a week. Or  
better yet, they may go on a sit  
down strike next and not iron them  
at all. Of course we think of  
those "Boys" doing all that but  
that has always been a secret worry  
of mine. How can they keep  
those white linens looking so im-  
maculate?

The Japs got busy  
Bought our cotton  
Good customers! ! Blah  
I think they're rotten.

And now I know why I couldn't  
finish Peep Show yesterday. It  
was a some kind of something  
which made me wait to read Jessie  
Wiley Voll's column in the October  
Pictorial Review. "Flying Home"  
even the title makes one begin  
soaring on lovely wings of imagin-  
ation. But it was what Jessie  
packed in her heart to take back  
with her that made me love her  
more than ever. "Over Mother's  
garden—a tidy little breeze was  
coming up over an arbor vitae  
hedge, moon roses, columbines  
swaying over a lily pool; the little  
country school house . . . the little  
branch with its border of red  
hills and outcroppings of blue and  
white rocks." All these she can  
take out and remember when New  
York gets too stuffy and some  
unseen thing in the twilight, like  
a cool sweet wind across wheat  
subtle, pushing summer back be-  
yond the dikes of time. Jessie will  
be comforted then and who knows  
but what she will shiver with de-  
light and poignant rememberings  
of the prairie's first nother.

I sowed my turnips yesterday  
"A nigger's work," says you  
But in between the nice straight  
rows  
I sowed a dream or two.  
Bye, be seein' you in "South-  
westn."

## Jobseekers Drop Below 5,000,000

Labor Department Figures Indicate Re-Employment Up

Washington, Aug. 12.—Concrete evidence that private industry is rapidly absorbing the nation's unemployed is seen in the announcement of Labor Secretary Frances Perkins that fewer than 5,000,000 persons are seeking work at the end of July—the smallest number since the present United States Employment Service was established.

The exact number of job seekers on July 31 (those on the employment service's registration rolls) was 4,938,996. This was 1.5 per cent less than on June 30, 26.7 per cent less than on the previous July 31 and 34.7 per cent less than on July 3, 1935.

The current total of jobless workers compares with a peak of 9,312,517 reported in March, 1933. Those on the job-seeking list included both persons employed on WPA projects and non-relief job seekers.

A breakdown of the placements made during July by the employment service showed 341,353 placements of which 207,588 were in private industry. Jobs for men numbered 286,871, of which 136,526 were in private industry. Place-

## 66 Texas Colleges Get NYA Approvals

Austin, Sept. 22.—J. C. Kellam, Texas Director of the National Youth Administration, announced today that 66 Texas colleges and universities have already been approved as eligible for participation in the College Aid program. He said that funds to provide 3117 jobs for needy students at these schools were available.

Mr. Kellam also announced that more than 600 Texas secondary schools had been approved for participation in the School Aid program, providing 1857 part-time jobs for needy students.

Applications from colleges and secondary schools are being acted upon as quickly as the county reports and applications are received, Mr. Kellam said.

## McCarty Jewelry Store Repainted

The store front of the McCarty Jewelry Store in Munday has been painted during the past week.

W. W. McCarty, owner of the firm, stated that he is now well equipped to care for watchmaking and has his new lines of merchandise for fall.

ments of women totaled 72,482, with all but 1,420 going to private jobs.

## School Children Urged to Attend Exposition-Fair

Dallas, Sept. 22.—Full influence of the State Department of Education was this week mobilized behind the movement of Texas school children to the Pan American exposition. L. A. Woods, state superintendent, in a statement issued to the public, and broadcast from Dallas by John W. Gustream, district deputy, urged the teachers and students of the state to take advantage of the few remaining weeks of the Exposition to witness "exhibits from which they will get more educationally than could possibly come through days of attendance at regular school exercises."

"The public schools of Texas," said Dr. Woods, "should use every opportunity to make the Pan American Exposition a field day event for this school year. I sincerely hope that the school people of Texas will make a thorough study of the exhibits by means of literature offered by the Exposition and make a trip to Dallas to see them."

"Four things stand out conspicuously as worthy of careful consideration and study by teachers and pupils. These are the Hall of Texas History, the Pan American Exhibit, and the Cavalcade of the Americas."

"The person who desires to visit the Exposition for purely pleasure will find much to enjoy in the Casino and in other amusements offered them."

Dr. Woods statement was a sweeping endorsement of Exposition plans for caring for students, and its educational tours. Railroads are cooperating by offering a rate of half a cent a mile for these

## Fire Guts Home Saturday Night

Fire Saturday night gutted the home of Simon Williams, (colored) in the east part of the city.

Stringing more than a thousand feet of hose the local fire department was pouring water on the blaze in record time, saving only portions of the walls and roof of the structure.

The fire, which started while no one was at home had gained much headway before the alarm was

Get Domestic Training  
Fifteen Mexican girls trained in a recent NYA Domestic Training Class, conducted during their spare time, have been employed by San Antonio housewives to do maid and general housework. Hirschie Johnson, district supervisor, has reported to J. C. Kellam, State Youth Director.

Wade Mahan and Dr. E. M. Roberts were in Fort Worth Saturday and Sunday attending to business.

sounded. Household goods were completely lost in the conflagration.

## Cooperation B Essential in

In no other institution  
eration so essential as in a  
system.

The best trained faculty  
less if it is met by a spi  
difference and resentment  
part of the student body;  
on the other hand, facu  
bers who do not take  
interest in their work to  
the respect and cooperative  
pupils, are inevitably fr  
their chosen work.

As a rule, however, te  
much more willing and i  
cooperate than are stu  
patrons of the school.

They know the value o  
ten both to themselves i  
students, for students ar  
alike are prone to blame  
ers for any dissatisfact  
as it is often the fault o  
dent, who does not ha  
toward working in har  
his teachers.

Students who cooperat  
faculty find a great  
pleasure as we as prof  
school work. Their tea  
are looked upon as fr  
follow workers rather  
one who must be obeye  
solitely necessary and e  
faculty members are en  
Obedience is not nec  
operation, but cooperati

### Cooperation Between Student-Faculty Essential in Success of School System

In no other institution is co-operation so essential as in the school system.

The best trained faculty is helpless if it is met by a spirit of indifference and resentment on the part of the student body. While on the other hand, faculty members who do not take sufficient interest in their work to command the respect and cooperation of their pupils, are inevitably failures in their chosen work.

As a rule, however, teachers are much more willing and anxious to cooperate than are students and patrons of the school.

They know the value of cooperation both to themselves and to the students, for students and parents alike are prone to blame the teachers for any dissatisfaction, where as it is often the fault of the student, who does not do his part toward working in harmony with his teachers.

Students who cooperate with the faculty find a great deal more pleasure as well as profit in their school work. Their teachers then are looked upon as friends and follow workers rather than some one who must be obeyed when absolutely necessary and with which faculty members are endowed.

Obedience is not necessarily cooperation, but cooperation depends to a great degree upon obedience. A student who does not give obedience to his teachers not only fails in his own duty, but causes confusion in classes, leading to dissatisfaction to both students and the teachers.

Very often parents criticize faculty members for a pupil's poor record when the real trouble is lack of cooperation on the pupil's part. This is also the case in regard to the treatment of the school buildings and equipment.

Complete cooperation on the part of students and parents would do away with many destructive practices which are deplorable and hated by all who are interested in the progress of the school.

So long as patrons and students

### We Americans!

Restlessness is the keynote to the most profound difference between the Americans and the Germans or English. You meet an American who occupies a high position with an insurance company and discover with astonishment that, as a young man, he ran away to sea, then became an interior decorator, and still later established a publishing house. Such careers could be duplicated indefinitely. Americans consider what they are doing at the time as permanent. They work with interest and intensity, but they keep looking over the fence into the next field to see whether there is anything doing over there.

### SENIOR CLASS

The library opened Monday much to the delight of the students. Last year many new books were added to the library, and we hope several will be added this year.

Students from each grade in high school volunteered to keep the library in one of their study periods.

The books will be checked out by the week, and a five-cent fine will have to be paid each day the book is overdue.

We hope that each student will cooperate with the teachers and librarians and do his part to help keep the new books new, and the old books from becoming too old to be useful.

### Boost Good Roads

are indifferent to careless and destructive use of the school equipment, the rules worked out by the faculty will be useless.

Therefore, it is to the best interest of all concerned to work together in harmony with teachers and pupils in that full cooperation which is a necessity to the full and successful life.

### Hiking Club Is Organized at H.S.

Ten girls organized a hiking club Monday afternoon. Mary Moore, Mattie Marie Isbell, Margaret Tiner, Lois Warren, Jean Williams, Wilma June Barnison, Maxine Eiland, Jimmie Boone, Ann Atkinson, Geneva Smith, and Miss Couch hiked over to Lovers' Lane, had a picnic supper, and had their first business meeting.

The following officers were elected: Ann Atkinson, president; Mary Moore, secretary-treasurer; and Lois Warren, reporter.

Our uniforms are going to be blue and white striped overalls, white shirts, and red bandana handkerchiefs.

A name for the club has not been decided on yet.

### SO THEY SAY!

Only those live who do good.

Life is short, too short to get everything. Choose you must, and as you choose, choose only the best in friends, in books, in recreation, in everything.

Light is light, whoever holds the candlestick.

Stand with anybody that stands right, stand with him while he is right, and part with him when he goes wrong.

As you learn, teach; as you give, as you receive, distribute.

He who waits to do a great deal of good at once will never do any.

What do we live for if it is not to make life less difficult for each other.

Aim above morality. Be not simply good, be something.

There is so much that is bad in the best of us.

And so much that is good in the worst of us.

That it doesn't behoove any of us to talk about the rest of us.

There are times when it is safer to fool with a bee than be with a fool.

A pleasant smile pays big dividends; an act of kindness pays more than the legal rate of interest. Giving your true friendship to another gets you an extra stock of dividend. If you do not believe it be grouchy, unkind, and disloyal and then see what happens.

Draw your wisdom from old men, and your enthusiasm from young men.

Difficulties show what men are.

If you like certain folks, you will

generally find they like you. If you are bored by some, you will find them bored, too.

A lot of people have gone broke following what they thought was good advice.

It is fine to have fun, but do not let the fine cost more than the fun.

No day is too short to be kind.

The flower of the family often turns out to be a blooming idiot.

The distance between some people's ears is one block.

The teakettle starts to sing when it gets up to its neck in hot water.

He who never makes mistakes never makes anything.

Wise men make mistakes; fools continue to make them.

The mind is like the stomach. It is not how much you can put into it that counts, but how much it digests.

As you grow ready for it, somewhere or other you will find what is needful for you in a book.

### FRESHMAN CLASS

The Freshman girls were the objects of much laughter Friday when the initiation occurred. Compelled to wear short dresses, ribbons in their hair, barefooted, why shouldn't they create laughs? Due to the football game the formal part of the initiation was not held, but will be held Tuesday night.

Several of the Freshman girls went to Seymour to yell for the team. Wanda Pentycuff is certainly a loyal rooter, for last night her mother said, "Now say your prayers, honey, and go to sleep." Wanda: "God bless pa, God bless ma, God bless me, rah, rah, rah!"

Math students seem to be improving or so one would think. Yesterday Dr. Bass asked: "J. E., if I were to subtract 25 from 37, what's the difference?" J. E.: "That's what I say, who cares?"

Darlyne seems to be improving on agriculture. One day while visiting Wayne Thompson on the farm she demanded to be shown around. Wayne: "And now I'll show you how to milk the cow." Darlyne: "Don't you think I'd better learn on the calf?"

### SOPHOMORE CLASS

The Sophomores held their class meeting and elected the following officers: Hollis Barnicoat, president; Bonnie Foytik, vice-president; Helen Albertson, secretary; Reporter, Lewis Warren. Miss Dillon was elected sponsor.

A large number of the Sophomore girls are adding to the Pep-Squad this year. We are all anxious to get organized and our formations planned.

We believe we will have a large Pep-Squad this year as the Freshmen are helping out. It was proved at the game Friday night that it is also a good one and will be even better when the new members learn the songs and yells.

The second year Home Economics girls are plenty busy the past week. With getting organized and initiating the Freshmen, they had a week of canning.

Corn was canned Tuesday and with but two or three bad jars, they were successful.

Thursday afternoon pear preserves were made, and several different experiments made in the preserving, which were beneficial to all.

### Campus Is Improved

One group of NYA workers in Waco improving the campus of the North Junior High School are building a curb and gutter as part of the project plan to drain and improve the area. These youths have also constructed recreational facilities on the playground, such as a football field, cinder track, bleachers, ball courts, and miscellaneous playground units.

### Winner of Recent Contest Announced By Power Company

Ablene, Texas, Sept. 13—What is believed to be the first concerted effort in the nation to eliminate from popular usage a name the majority of women resent, "housewife," today had resulted in the substitute word, "Neoelectress."

It was defined as meaning "a modern home maker alert to this new electric age" and had the approval of Dr. Charles E. Funk, noted lexicographer of New York, who selected it from more than a thousand substitute names submitted in a campaign conducted by the West Texas Utilities Company over its 40,000 square-mile territory.

Mrs. Ben D. Parker, Abilene woman and a dog fancier, submitted the word. N-e-o, she pointed out, means "new." L-e-c-t-r-e-s-s, she said, suggests feminine usage of electricity.

The campaign was based on the theory that the word "housewife" has become obsolete due to the improved status of women.

"It is true," Dr. Funk said in announcing his selection of neoelectress, "that the facilities for the effective management of the home have, within the past few years, become so notable as to remove—let us hope, forever—much of the ceaseless drudgery formerly a concomitant of that necessary field."

"My search for the winning name (neoelectress) led me to seek a term that was not only new in every respect, but that would be formed with due regard to etymology and with a recognition of the fact that the chief agency in the relief of household drudgery is electricity."

Winner of second prize in the

contest was Mrs. F. B. Probandt, of San Angelo, who entered the word "domestician." Third place was awarded Mrs. W. B. Bourland of Oklaunion, with the entry, "homeologist." Decisions of Dr. Funk also were based on letters explaining usage of words.

Mrs. Parker's reward for her first place entry will be a super-duty Frigidaire; Mrs. Probandt receives her choice of a Hotpoint electric dishwasher or a Thor washing machine; and Mrs. Bourland will be presented with a Sunbeam Mixmaster.

Honorable mention and choice of smaller electrical appliances will go to ten women; Mrs. Lee White, Dalhart; Mrs. O. R. Bodeen, Chilress; Jane Yeager, Rochelle; Mrs. R. C. Roberts, Vernon; Mrs. W. N. Pipkin, Matador; Mrs. S. G. Jones, Abilene; Mrs. J. Dexter Eoff, Bal-

linger; Anna Mick, Mason; Mrs. R. H. Bounds, Stamford; and Mrs. R. R. Trimble, San Angelo.

### Improve Park

A crew of 65 NYA boys improving and landscaping Thompson Park in Amarillo have completed construction of a rock drainage wall in a semi-circle around two-thirds of the 15 acre recreational area. The park grounds have been cleared, leveled and re-sodded; a watering system installed; flowers, shrubs and trees planted; and a rock retaining wall and entrance gates built.

Miss Janelle Stodghill, Abilene, visited her mother, Mrs. E. H. Stodghill, and other relatives over the week end.

### ATTENTION FARMERS

We have plenty of Calcium Arsenate on hand at 7½ cents per pound. WEST TEXAS COTTON-OIL CO, Munday, Texas.

## 3½ Pct. LOANS 3½ Pct. LOANS

Munday National Farm Loan Association makes loans anywhere in Knox, Haskell and Throckmorton Counties up to 75 pct. of the Land Bank's appraised value of the farm or ranch. Borrower must show 25 pct. equity, and we loan the balance.

Should I Wear Glasses?

### A FRANK DISCUSSION OF A PROBLEM THAT MAY BE WORRYING YOU . . .

You can't afford to risk your sight, your youthful appearance, or your means of livelihood simply because you doubt the seriousness of faulty eyesight. By continuous strain, the muscles about the eyes are worn until wrinkles are deeply etched. Faulty eyesight can exist for many years, growing steadily worse, before it is detected, unless the advice of a competent optometrist is sought.

Time was when a pair of glasses was an emblem of old age or a serious condition in young people classed as "weak eyes." A pair of eyes with eye strain can be perfectly strong and see clearly by a tremendous strain on the tiny eye muscles which cause many reflex troubles, such as headaches, tired burning eyes, red and irritated, nervousness, inability to concentrate on near work or reading. Eye strain uncorrected may result in serious eye conditions later in life.

Take care of the only pair of eyes you will ever have to serve you through life, by having regular examinations and wearing a lens corrected if necessary.

**J. D. KETHLEY**  
OPTOMETRIST

is invited to participate in this \$40,000 PRIZE CONTEST ON THE Electrical Standard of Living

### The Neoelectress

HOW would you like to win a \$12,000 New American Home planned to fit your needs — and equipped with Electric Servants that reduce housework to a minimum? How would you like to win \$200 worth of electrical appliances that bring freedom from Kitchen Drudgery—a range, dishwasher, clothes washer, refrigerator or a combination of smaller appliances whose retail prices total not more than \$200?

You have every chance to win. All you have to do is write 100 words on why the electrical way of living appeals to you. And that should be easy for every man and woman who has witnessed the progress of the West Texas home maker—from Housewife to Neoelectress.

All you need to enter this contest is a copy of the FREE folder, "Invitation to Participate." It gives the facts and contains the official entry blank on which you write your letter. You may enter each weekly contest by calling at this company's local office for copies of entry blank. This \$40,000 PRIZE CONTEST is open to ALL! So get started today.

### SOUTHERN INDUSTRY PRODUCES TWICE AGRICULTURAL OUTPUT WITH HALF AS MANY WORKERS

#### Texas Industrial Employment is Below Other States

Dallas, Sept. 22.—Demonstrating the larger per capita wealth production of industry compared to agriculture, a report of the All-South Development Council today revealed that, although more than half of all the employed persons in the 16 southern states are agricultural workers, the value of their farm products in 1936 was considerably less than half of that of southern manufacturers.

Quoting the Blue Book of Southern Progress, the report shows that in 1936 agricultural production of the South totaled \$3,969,000,000 (40 per cent of the nation's total), while southern manufacturers had an aggregate value of \$9,500,000,000. Besides, the output of southern mines, quarries and wells was in excess of \$1,600,000,000.

The large proportion of total southern goods production which these figures show being contributed by industries is the more notable, the report says, when it is noted that "industry" employs only 21.1 per cent of the 8,708,488 employed persons in the South. Farming employs 4,383,660, or 50.4 per cent of the total, while the other 28.5 per cent are employed in trade and commerce.

Despite the general impression that Texas is in the foreground of southern industrialization, figures on Texas currently show less proportionate industrial activity here than for the South as a whole, with 140,810, only 11.7 per cent, employed in industry as against the southern average of 21.1 per cent. Texas farms employ 632,609, or 53.1 per cent, and trade and commerce account for 417,519, or 35.2 per cent.

Illustrative of the wide disparity in individual goods productivity as between industry and agriculture, correlation of the South's wealth production figures with its employment figures shows an annual per capita production by the industrial worker, of \$5,159 worth of goods, contrasted with an annual per capita production, by the farm worker, of \$905 worth.

The present ratio of total industrial to agricultural production—in dollars—contrasts sharply ago, when southern farm products with the ratio obtaining 50 years were valued at \$750,000,000 and manufactures were less than \$330,000,000.

That the ratio may be expected to continue a constantly accelerating trend toward larger industrial production and larger industrial employment is seen in current decentralization moves, the tendency in some sections to cease relying on cotton as a basic income source, and the vigorous efforts many southern states are making to attract industries to take advantage of their resources, growing markets, cheap fuel and lower living costs.

Resources of petroleum, gas, coal and iron ores for basic industries are ample. Great areas are underlaid with limestone and there are vast deposits of marble and granite. Immense resources of calcium carbonate for agricultural lime, material for cement, as well as feldspar, fuller's earth, clays and phosphates afford opportunities

for new industries. While this description from the Blue Book, is applied only to the South generally, Texas itself encompasses virtually all these natural advantages, the report points out. The continued threat of new or increased taxes on the industries converting this native material into tangible wealth—as for example a new threat to put a production tax on fuller's earth—cannot help but discourage enterprise which is eager to add new units to the South's industrial productivity.

Along with increasing utilization of southern minerals, the book casts that the greatest development will come in chemicals manufacturing. Southern forests and cotton will provide an abundance of cellulose, a product of a thousand uses when touched by modern industrial chemistry's magic wand. "We are just beginning to sound the possibilities of chemicals from salt, sulphur, coal and gas," the book states, "and literally hundreds of products from southern crops such as the once lowly peanut and the unwanted cottonseed are now claiming the close attention of research scientists."

### HASKELL WINS OVER MUNDAY 9-6; SERIES TILT

### Sharp Predicted Rise in Business

(Continued From Page One)

city has increased their working staffs to care for the influx of pickers and general increase in business. At least a dozen firms have renovated their business houses and added new fixtures and appliances that will make them better fitted to supply demands of consumers this fall. Practically all of the improvements are permanent.

Leaf worm, flea hopper, and other insect damage has been some heavier than at first predicted, with many bales of the first picked cotton being spotted, holding the grade and price down. However, it is generally believed that the staple and grade of the Munday area cotton will improve after the first picking.

Cotton men are still of the belief that the 50,000 bale prediction for this county will be a safe estimate of cotton production for the new crop.

### WARREN YOUTH DIES RESULT OF TUMOR GROWTH

(Continued From Page 1)

as Technological college at Lubbock.

Active pallbearers were Henry Austin, Martin Kuykendall, Jr., W. C. Estes, Bud Kennedy, Charles Hvass, and Edgar Shelton, Jr., social club member friends.

Honoray pallbearers were Charles Craig, Stanley Young, Carey May, Albert Fortenberry, Marvin Hilburn, Garner Shaffer, and Jimmie Kilpatrick.

Close relatives attending the funeral services were W. H. Bray, grandfather of the youth, A. B. Warren and wife, Mr. and Mrs. L. W. Hobert and son, all of Munday. Mr. and Mrs. Clyde Warren, Goree, and Mrs. Ray Willis, Knox City.

Sheriff Louis Cartwright was here on official business Tuesday.

### TINER'S COLUMN

Someone has said, "If we could get religion like a Baptist, experience it like a Methodist, be positive about it like a Disciple, be proud of it like an Episcopalian, pay for it like a Presbyterian, propagate it like an Adventist, and enjoy it like a negro—that would be religion."

G. K. Chesterton said, "I do not believe in a fate that falls on men however they act; but I do believe in a fate that falls on them unless they act."

Napoleon once remarked, "The only conquests which are permanent, and leave no regrets, are our conquests over ourselves."

If meat prices continue to soar, many people will have to give up eating meat altogether and content themselves with an occasional nip of Beef, Iron and Wine Tonic. Price \$1.00.

You know, the price of meat has risen so high in recent months that many shoppers are bringing home the bacon in their wallets.

If it is drugs or drug sundries you want, we have them, and we will meet you with a smile even though you do not buy our merchandise.

TINER DRUG COMPANY Munday, Texas
