FARMER'S UNION ADOPTS NEW PROGRAM

Oklahoma Company Leases 7,700 Acre Block in County

LEASE ACTIVITY CENTERS AROUND TRUSCOTT AREA

I. T. I. O. Oil Company Of Oklahoma City Buys Leases

DRILLING NOT IN CONTRACTS

King County Wildcat Drilling; Wilcox Leased Land

The first talk of "oil" in Knox county for three years was whispered about with the announcement of completion of leasing activities of the Indian Territory Illuminating Oil Company of Oklahoma City this week.

The I.T.I.O. leased up a block of 7,741 acres it was reported to this paper in the Truscott area, beginning at the south edge of the city limits of the northern county town and extending practically the same distance east and west and about two miles south.

No drilling contract was inserted in the leases with land owners of the leased area, and as far as could be learned no date had been set for drilling or no location had been named.

Drilling operations were going ahead in the Wilcox lease west of Benjamin in King county. The Wilcox company has their location about 16 miles west of Benjamin and one mile north.

Supervisors Use Photograph Maps In Farm Program

Aerial photograph maps to be used in checking for compliance in the federal farm program have arrived at the Knox county courthouse, W. W. Rice, county agent announced this week.

Two state engineers are in the county agent's office this week giving instructions to local supervisors who will check the farm for cotton control acreage as prescribed by the federal government for this area.

Rice urged that farmers give full cooperation to the supervisors in checking their land as it will work both to the better interest of the farmer and supervisor. They will need accurate information, Rice stated.

The aerial photo maps were made in April and show the lands when wheat was up and the cotton had not broken through the soil, appearing barren on the maps, Rice pointed out.

The supervisors will visit each farm signed with the farm program to see if the cotton acreage complies with the unplanted acreage of April.

Defunct Roberts Ice Company Is Sold Banner Co.

The defunct Roberts Ice Company, in hands of receivership, was sold to the Banner Ice Company of Abilene, in a court sale recently, it was announced this week by G. B. Hammett, new manager of the plant.

The local plant will be remodeled and put in excellent condition to care for the needs of Munday and its large area by next summer the new manager stated, in taking over the duties of the office.

Hammett has moved his family here from DeLeon, Texas, his former home.

Several farmers have meats stored in the storage house of the plant, Hammett stated that were ruined, due to refrigeration not being on and he urged that farmers come in and get their meat as soon as possible.

OCTOBER SESSION OF DISTRICT COURT IS OPENED IN COUNTY

District court opened its regular October term of six weeks session Monday morning at the courthouse in Benjamin with District Judge I. O. Newton, Seymour, on the bench.

The grand jury also went into session, Monday morning, and in three days of hearing between 40 and 50 witnesses on different cases, returned six criminal indictments and two no bills. The grand jurors adjourned Wednesday afternoon until Monday morning, October 18.

The docket for this term is fairly heavy, county officials state, 41 civil suits were listed on the dock-

et, were considered of more importance than another twelve, of minor litigation.

Sixteen cases not included in the above civil suits were for divorce and were expected to be disposed of in short order in most instances, it was said.

Thirty suits have been filed for this term of court by school districts and cities. The City of Munday filed ten cases for delinquent taxes and the Munday Independent School District filed eight cases. The City of Gore is seeking payment on six cases and Knox City has filed six cases for delinquent taxes.

Epidemic of Sleeping Sickness Raging in Midwest Reaches Down to Knox County

Cases Reported in Adjoining Counties of the Disease Usually Fatal to Horses, Mules

"Sleeping Sickness," deadly disease to horses, spreading in alarming proportions in a large area has been reported in several parts of the county, according to reports received here.

The disease is a malady that affects the brain of the horse and mule and is usually fatal, especially where it is not contacted by a veterinarian in the early stages.

The epidemic has been running rampant in the middle west for several weeks and has just reached this section. Several cases have been reported in counties on all sides of Knox County and in Southwestern Oklahoma has become alarming in some sections.

The disease usually affects the animal from five to ten days, and symptoms are variable, authorities state.

A serum that gives immunity for a week to ten days has been exhausted by the heavy demand, Dr. Booth, veterinarian of the state livestock sanitary commission said, but he added that the serum is used only in the case of high priced animals because of the high cost.

The first symptoms of the disease is usually a general dullness, sleepiness, followed by a loss of appetite, loss of flesh, increased temperature, partial blindness to complete blindness and incoordination of the legs and a staggering gait. Affected animals will be found some times leaning against a barn or fence and as the development of paralysis continues, the animal goes down and is unable to rise. Death usually follows soon afterward.

Six Arrested Over Week End

Six persons were arrested over the week end by local officers, netting the city coffers \$55, according to records of corporation and justice courts.

Four of the arrests were made by city officers and two by the constable department. No traffic arrests were reported for the first time since the drive was inaugurated four weeks ago. Traffic arrests the first three weeks totaled 28.

Farmers have responded to pleas of local officers that they purchase regulation traffic reflectors for their trailers and tractors in accordance with state laws, Tug Nesbitt announced this week.

Nesbitt stated that more than 200 farmers had purchased the reflectors in Munday alone.

Bureau of Vital Statistics Here

Justic of Peace G. M. Bryan will register all births and deaths since 1909, for permanent state records, where parties desiring such service can show proper proof as required by law, it was announced from his office this week.

Judge Bryan has his office located in the city hall and will register all children without charge.

FINISH TWELVE MILES SURFACE TOP IN COUNTY

Knox City-Benjamin To Have Hard Surface Road Finished

NEW CONTRACT TO START SOON

Six Mile Stretch On Seymour-Benjamin Road Surfaced

Surfacing of twelve miles of highway on the Seymour-Benjamin road west from the Knox county line was started Monday morning it was announced this week.

The roadbed has been rebuilt and graded up and put into excellent condition for the seal coat which is being used on this stretch of road.

The Knox City-Benjamin road will be completed within ten days from Wednesday, when asphalt and blacktopping pouring was started. Upon completion this will give that section a through hard surface highway.

The stretch of surfacing is six miles. Oil coating was put on the road the first of the week as final preparations for the asphalt.

Within the next two or three weeks the highway running north from Benjamin will be closed for the first grading and other preparatory operations to pouring of asphalt for the county seat to the county line.

The completion of the road will make the second through hard surfaced road in the county, the other running east and west through Benjamin.

Contract for the project has been let to the Campbell-Haggin construction company, who are now completing a similar project in Crowell, Texas. The company will move to Benjamin to begin operations immediately following the completion of the Crowell job, county officials announced.

EPWORTH LEAGUE MEMBERS ATTEND DISTRICT MEET

ALL-DAY MEETING HELD AT SPUR LAST SUNDAY; SEVEN ATTENDED

Seven members of the Methodist Epworth League attended the all-day district meeting of the Epworth Leagues at Spur last Sunday.

Those attending were: Ted Longino, Mary Moore, Mann McCarty, Geneva Smith, Mac Haymes, Lenore Longino and Wynette Farmer, house guest of Miss Moore.

ELECT OFFICERS COUNTY SCHOOL LEAGUE FRIDAY

First Meeting of New School Year Held at Benjamin

The teachers of Knox County met in the assembly room of the county courthouse at Benjamin for their first meeting of the school year last Friday with J. Lyndal Hughes, county superintendent, presiding.

Subjects discussed during the business meeting were teacher retirement, transportation problems, and general questions arising daily in the county schools, and questions concerning the year's work were discussed at length.

J. H. Bardwell, high school principal, Gore, director general; Superintendent A. M. Whittis, Knox City, director of declamation; Supt. A. J. McMin, Truscott, director of debate; Supt. W. C. Cunningham, Benjamin, director of speech; Principal E. F. (Mrs.) Branton, Union Grove, director of spelling; Mrs. Otis Cash, Sunset, director ready writing; Principal L. M. Palmer, Munday, director athletics; Supt. John Hoffman, Rhineland, director music memory; Miss Maurine Boyd, Vera, picture memory; Sam H. Thompson, Gilliland.

October 14 Set for Date Banquet to Honor J. W. Zeissels By Chamber of Commerce; Eugene Butler Will Attend

Thursday night, October 14, has been definitely set as the date for the banquet sponsored by the Munday Chamber of Commerce honoring Mr. and Mrs. J. W. Zeissel, named "Master Farmers" for 1937. The affair will be held at the Rhineland community hall.

The city chamber of commerce was asked to support the banquet honoring the prominent farmers by Eugene Butler, editor of the Progressive Farmer, the publication which yearly sponsors the "master farmer" contest.

The awards were to have been made to master farmers at College Station during the Farmers Short Course, which was cancelled due to fear of spread of infantile paralysis.

Tickets will go on sale at Rhineland, Benjamin and in this city

this week end, it was announced by the committee in charge of arrangements. More than 150 are expected.

Mr. Butler will present the plaque to the honorees, and another presentation will be made by Miss Mildred Horton of College Station to a county 4-H girl, who will receive a Gold Star award.

Of seventeen possible master farmer awards in Texas only nine farmers met the stringent requirements, thus making the accomplishments of Mr. and Mrs. Zeissel far more outstanding.

Committee in charge of the banquet at Rhineland are Mesdames Tony Kuhler, J. G. Homer, and August Schumacher. W. W. Rice, Grady Roberts and Judge E. L. Covey are serving on the chamber of commerce committee on all arrangements.

First Fall Forgery Case Turned Over To Officers; Business Men Are Warned

Jack Shelly was wanted by county officers on a charge of forgery it was disclosed this week when a check for \$8.10 was successfully passed on A. J. Melugin, farmer living near Munday.

Shelly, a cotton picker, had worked for Melugin for four and a half days before he left here, officers stated. The forged check was passed September 27 and was not discovered until after the first when Mr. Melugin received his bank statement.

Chief of Police Tug Nesbitt who immediately turned the matter over to Sheriff Lewis Cartwright. No arrest had been made at the

time of going to press on the charge.

Forgers have been working quite freely in nearby cities and Chief Nesbitt warned business men to be on the lookout for men who float the forged checks. This is the first case to be reported in Munday this fall.

Serves as Juror

B. R. Davenport was in Benjamin the first of the week serving on the grand jury. The jury was hearing evidence for cases coming up in district court scheduled to start Monday morning at Benjamin.

STATE AGRICULTURE COMMISSIONER M'DONALD ADDRESSES OFFICERS OF STATE GROUP OF FARMERS TUESDAY

KNOX COUNTY TO REFUND \$115,000 OF BONDS SOON

Bonds Voted to Build County Hospital, Courthouse

INTEREST RATE WILL BE LOWER

Taxpayers To Be Saved Huge Sum By Economy Plan

Judge E. L. Covey will leave Friday night for the state capitol at Austin where he will complete arrangements and provisions necessary for the refunding of \$115,000 of county bonds.

The \$115,000 in bonds sold by the county, include \$48,000 on the hospital at Knox City and courthouse and jail at Benjamin.

By refunding the county warrants a huge saving will be made the taxpayers, Judge Covey pointed out. The new financed bonds (Continued on Page 8)

Mahan To Feed 500 Head Lambs On Hefner Farm

In an interesting feeding project W. W. Rice, county agent, is assisting Carl Mahan, owner of a farm in the Hefner community, in feeding out 500 head of lambs.

The animals have been shipped here from another farm of Mahan's near Abilene. The lambs will be fed by being allowed to graze in the fields and a supplement of pea size cotton seed cake made available.

Rice has asserted that lamb feeding can be carried on in this county in a profitable manner, by simply using surplus feed in the fields.

"We have grown the feed in the past and sacrificed it at a low price on the market," Rice stated further. He contends that the feed of grain sorghums is as successful as corn and other fattening feeds for cattle and lambs. The experiment will be watched with interest by cattle raisers and farmers in the county.

Jerry Kethley Is Head Laboratory '37-'38 Assistants

Jerry Kethley, son of Dr. and Mrs. J. D. Kethley, has been selected head assistant of the chemistry and physics laboratories for the ensuing term at McMurry College, Abilene, it was announced this week.

Young Kethley, who is in his third year of pre-med work will finish his preliminary work this year and will further his study towards a degree in the practice of medicine.

Kethley's chief responsibility will be that of caring for duties of head assistant of the laboratory assistants in both departments. More than \$1,000.00 of new equipment was purchased during the summer months, department heads stated.

Visit Here

Mr. and Mrs. W. H. Chapman of Greenville, Texas, visited in the Sunset community and Munday during the past week end. The Chapmans visited in the home of her sister and family, Mr. and Mrs. Arthur Garrett.

Executive Committee Called For Special Meeting Here

FARM BUREAU BILL IGNORED

Stress Price Fixing in Connection With the Allotment Plan

The executive committee of the Farmers Educational and Cooperative union of Texas endorsed the domestic crop allotment plan in a meeting here today.

President Peter Loran of Rhineland presided over the meeting, which was featured by an address by J. E. McDonald, state commissioner of agriculture, who discussed the plan at length.

(The domestic allotment plan would provide for the allotment to each farm of its equitable pro rata in the American market, upon which the farmer would receive fair prices. The farmer would be his own judge as to how much cotton he produces for foreign markets.)

The group insisted on fixed minimum prices for cotton and wheat, suggesting 20 cents per pound for cotton and \$1.50 per bushel for wheat.

The state group refused to endorse the farm bureau bill, calling it unfair to the south.

Ralph W. Moore, president of the Texas State Grain association, announced that his organization had already endorsed the allotment plan.

The group received a telegram from Tom W. Cheek, president of the Oklahoma Farmers Union, urging endorsement of the allotment plan, and reporting that the Oklahoma unions and grain associations had already done so. The resolution of endorsement will be given to Congressman Marvin Jones of Amarillo, chairman of the agricultural committee.

Executive committee is composed of President Loran, J. L. McConkey of Byers, L. Gough of Amarillo, August Schumacher of Rhineland, and J. E. Edwards, of Munday, secretary.

Benjamin Farmers Will Plant Mebane Variety of Cotton

County Agent W. W. Rice and a group of farmers from the Benjamin area inspected the growing of four different cotton breeds at the breeding farms of each brand last week in search of a cotton suitable for that area.

The farmers of Benjamin, who will plant a one variety cotton staple in that section next year, sent the delegation to visit the farms. Contracts between the only Benjamin gin, the Snody Gin company and farmers participating will be signed, Rice stated. Eighteen have signified that they will plant the one variety which will be the only brand ginned at the Benjamin gin.

After visiting Lockhart breeding farm, A. D. Mebane, at Lockhart, W. W. Bagley, at Martindale, and O. W. Cliett, the group selected the Mebane long staple variety as the brand to plant, in a meeting Saturday at Benjamin.

Mebane is of inch staple, strong fibre, under normal conditions. It has been successfully bred for 54 years. Approximately 2,500 acres of cotton land will be affected by the move in the Benjamin area and Rice is expecting another 2,000 acres in the move. Mebane has a 36 per cent seed turnout, government figures show.

Farmers making the trip with Rice were L. A. Perker, B. L. McFerrin, E. E. McGregor and B. W. Snody.

BIBLE VERSE FOR TODAY

MATTHEW 24:44:—Therefore be ye also ready: for in such an hour as ye think not the Son of Man cometh.

The Gold Brick and the Farmer

The time-worn story of the city slicker and the gold-brick might well be revived in view of John L. Lewis' bid for farmer support and his stated ambitions to organize the farm folk under a union.

To be sure, it would greatly enhance the CIO's powers if the American farmer could be rallied to support that minority of the labor ranks that marches under the Lewis banner—but it doesn't seem logical that the farmer wants labor dictating prices, especially when the farmer, along with other industries, must pay those prices.

Then, too, can you picture the farmer and his farm hands dropping the hoe by the clock and putting over until tomorrow the milking duties and feeding just because the union dictates the hours a man must work? Time and nature do not recognize the union and until Mr. Lewis can enroll the workings of nature into his organization in such a manner that he can control them to fit the farmers needs it is not likely that crops will wait to be harvested, cows will hold their milk until the next day and stock will have to wait until 8 o'clock to be fed.

Employment Service Free

The State Employment Office of Munday located at the city hall does not make any charge for any service at any time, Van Norman, manager of the local office announced in clearing up rumors that charges are made for their services.

We urge that cotton pickers list themselves with

"The REST of the Record"

BY JAMES V. ALLRED
Governor of Texas

One of the ablest groups of newspapermen in America is reporting the present legislative session from the capitol press-room. Keen and intelligent, they do a good job of covering and reporting the daily happenings of the Legislature.

It is no criticism of their fine work to say that the average newspaper reader often loses sight of real issues in the mass of conflicting statements and reports which must be carried by the press. An example occurred this week when a good farmer friend wrote me that the farmers of his section "strongly opposed any increase in taxes, especially on farm real estate and taxes that affect farmers as a whole."

Now I have never had any desire for the legislature to pass that kind of a tax program nor have I ever sponsored such a plan. The record shows that I have cast my vote with the state comptroller to lower the state ad valorem tax to 7c which is the lowest in over 20 years.

As I told my farmer friend, I am urging a tax program to raise money from only a small, untaxed and over-privileged group—interests able to pay the cost for financing old age assistance, aid to needy blind, dependent children, and teachers' retirement. An example of such a group is that of five major pipeline companies who in one year reported a total net profit of forty-one million dollars but paid altogether to the state the "tremendous" sum of \$5,647.99 in franchise taxes.

These are the kind of folks I want to see taxed—not to penalize them, but so they will bear their portion of our state government cost.

The only group that I know who want to levy taxes that "affect agriculture as a whole" are the "sales taxers." A sales tax would fall squarely on the shoulders of the farmers and the working people.

Lobbyists for all the big pipeline companies and other special interests watching the Legislature favor a general sales tax. Spokesmen for this group are saying no new taxes are needed. Such statements are simply a smokescreen to

us so we can place them, and we will not charge them one cent for our service, and we also urge that farmers see us giving the number of pickers they want and facilities they have for them, and we will not charge the farmer, Norman stated.

The office is a state institution and expenses are paid by the state and federal government. The office also has been set up to serve Knox county in its entirety, and is not for the Munday area alone, it was pointed out.

It has been intimated that the office may be a permanent institution of Munday, if there is a possibility of such an office being maintained here the year round. Munday business men should begin preparation to make the service an assurance for the farmers of this area and county.

Why Fire Prevention!

Each year the Fire Insurance Commission of Texas sets seven days aside as fire prevention week. Civic groups, individuals, fire departments and other groups spread "new gospel" of fire prevention. Such a program is a vital part of every citizen of Texas and Munday, because it affects our homes, loved ones, and pocketbooks. When practiced effectively, fire prevention becomes one of the most practical modern methods of saving and conserving life and property.

By allowing fires, we tax ourselves and our neighbors. Every person that carries fire insurance is paying for the fire loss throughout the nation. Last year 519 people were killed by fire in Texas. Last year the fire loss amounted to approximately \$8,000,000—Now we have the answer to "Why Fire Prevention?"

The Munday Fire Department, with 23 active members is leading the fight for fire prevention in our city. This active group of men, donating their services, energy, time from their business, endangering their lives, ask only one thing in return—help prevent fire. Fire Chief Hawes has repeatedly stated in this paper—"we had rather prevent a fire than fight one."

This group of men is now carrying out a part of their fire prevention program, which was instigated before "fire prevention week." They are investigating each business house, at present, having completed about half of the business district, and will investigate the homes of this city, for fire hazards.

They have sent men to fire conventions, have studied fire hazards in their regular meetings, and are carrying on their work in a systematic manner. Where they find serious fire hazards they will report to the fire insurance commission, the organization which they work through and are fully recognized by, and the fire insurance will be canceled on that property, if the hazard is not removed.

Chief Hawes wanted it clearly understood that such drastic action, if taken, is purely for the property owners benefit as well as other citizens of the city with joining property. To date the fire boys have met with greater cooperation than they expected, they are thankful. Loss of clothes and incidentals by members of the Munday Fire Department reaches several hundred dollars each year. They are not compensated one cent for expenses. For that reason the citizens of Munday owe the fire boys a vote of thanks and the keenest spirit of cooperation.

defeat the people's program. Everyone of that group would vote tomorrow for a general sales tax if I were to agree to it.

Their strategy is to stave off any taxes as long as possible until our state is in such a terrible shape that some future governor out of desperation may turn to a general sales tax. To carry out their plan, this group has organized a campaign of propaganda to frighten the farmers and little business men into thinking that my tax program is going to hurt them.

They raise the hollow charge that I want to levy more tax burdens on the people. The taxes I propose would fall on the shoulders of the over-privileged groups which are able to pay.

A certain senator and his associates in the "sit-down" strike against adequate revenues for the needy charge that I have increased the cost of state government. They point to increased appropriations during the past ten years as I were responsible for all of them.

I wonder why they are not fair enough to let the people know that represented in their figures is the money that is collected for unemployment insurance and for relief bonds which the people voted. Practically everything I have had anything to do with was voted by the people. The increased appropriations for ordinary purposes of government were voted by the Legislature against my recommendations.

Texas cannot have progressive government by launching destructive economies and institution-wrecking politics in order to save a few privileged interests from just taxation.

The people do not want to economize by cutting out unemployment insurance or old age assistance. The votes in every senatorial district registered overwhelming approval for aid to the blind, dependent children and the needy.

I believe that the majority of the legislators have the political courage and the patriotic purpose to provide for the state's unfortunate and to balance the budget.

Reduction Possible

After 1940 an employer in Texas who has had comparatively stable employment in his organization may obtain a reduction in his contribution rate to the compensation fund. The Commission will fix the rate based on each employer's record, after 1940. The rate may be as low as .9 of 1 per cent or as high as 3.6 per cent of his payroll.

HEFNER NEWS

Autumn is here, which is more pleasant than any season in West Texas.

Next week-end is preaching at the Baptist Church by pastor J. L. Gray.

Rev. Frank Story filled the pulpit at the Methodist church last Sunday.

Quite a few from here attended the funeral of J. E. (Uncle Jack) Paton, of Goree on September 30, age 88 years, one of the pioneers of this county. An honorable man, he leaves a wife, two sons and two daughters.

Hefner school opened Monday, the 4th, after closing for cotton picking. Teachers are Miss Eva Jones and Mrs. Lonnie Offutt, and Sarah Smith.

Mr. and Mrs. C. M. Matlock of Munday were dinner guests of C. E. Haskin Sunday.

John G. Martin is building a new barn.

Terrell Boggs is visiting his brother, Horace Boggs, in California.

Miss Aline Warren spent the week-end at Wichita Falls with her grandparents, Mr. and Mrs. J. C. Newsum.

Cotton gathering is in full swing here with plenty of hands at present.

The W. P. McNeill gin is kept quite busy.

Zack Walton is in the Wichita Clinic recovering from an operation.

Betty Jean Jones celebrated her 8th birthday with 28 little friends on September 25th, refreshments were served after games were played by the guests.

Rev. Parker's wife of Wichita Falls was a Hefner guest Sunday in the W. A. Harris home.

The Home Demonstration Club meets at Mrs. C. B. Warren's on Tuesday afternoon at 3.30. The county agent will be present.

Security for Worker Unemployment Compensation can never entirely take the place of relief. Compensation is to pay the employee who normally works in a covered classification, when he becomes unemployed. It is not intended for those who are unable to work, or those who have been unemployed for an extended time.

Alvin Floyd, deputy sheriff of the Munday area, was in Benjamin Monday morning attending to official duties.

WAR ON GRASSHOPPER CONTROL SAVES FARMERS OF NORTHWEST TEXAS \$5,000,000 CROP LOSSES

Infestation Equal To Destructive One Of 1924, Said

Approximately \$5,000,000 was saved Texas farmers by the grasshopper control program waged during the spring and summer in Northwest and Central Texas counties which threatened with a severe grasshopper infestation equal or worse than the destructive one of 1924, according to a conservative estimate by R. R. Reppert, extension entomologist and state leader of the committee on grasshopper control.

Definite data on the saving have been supplied by Hemphill and Wheeler counties. Hemphill county suffered a crop loss of \$84,000 and estimated that the loss would have amounted to \$212,000 except for control measures—a saving of \$128,000. In Wheeler county, the actual loss was \$40,000 and the estimated savings effected by the control program were \$900,000.

Egg counts made in the spring revealed the area in greatest danger of severe infestation. "Egg counts are of definite value in determining the severity and exact location of an infestation," says Reppert. "Grasshopper eggs are laid in pods, each pod containing approximately 100 eggs. If one pod is found per square foot along roadsides or ditches in the fall or early spring, farmers should prepare for grasshopper damage the following summer."

Control campaigns were carried on by county committees working with the county agricultural agent under the supervision of a state committee. The Bureau of Entomology and Plant Quarantine which has been designated by Congress to

administer a \$1,000,000 fund for grasshopper control furnished the state with 2,190 tons of bran and 45,000 gallons of arsenite. Additional bran was supplied from local sources.

LETTERS FROM THE PEOPLE

(Editor's Note: The following article appeared recently in the Dallas Morning News, written by James A. Stephens of Benjamin, and was answered in a later issue by the article immediately following Stephens', both are submitted to the Times.

WILL SEE THEIR MISTAKE

Editor Times: Next year is election year and many of our great and near-great politicians have been loud in their criticism of the mistakes and supposed mistakes of the President.

Fifty years ago, Jim Williams, who ranched on the west line of Knox county, was attending a spring round-up. It was calf branding time and Jim was out on the drive and some outlaw steers quit his drive and an unbranded calf followed them. He ran them about a quarter of a mile and they left him going into the brakes. He stopped and watched them going and said: "Go it, you little devil, you will see your mistake when sucking time comes."

JAMES A. STEPHENS, Benjamin, Texas.

NEW DEAL MILCH COW

I see that an interesting New Deal correspondent has sent in the

wheeze about the straying calf and sucking time. But his not was too short by two or three paragraphs. He should have told us that it will be sucking time so long as Roosevelt and his lunatic fringe are in Washington, that some calves remain suckers as long as they live, unless the farmer has enough sense to wean them and make them chew their own cud, and should have finally warned the suckers that Uncle Sam's milch cow will soon be dry.

D. M. ROSS, 6705 Worth St., Dallas.

Had Mr. Ross lived in some of

the drouth area that I have lived in for two years prior to my coming to Munday when the only income was that of FDR's (Uncle Sam) farm payments he would have been glad to have been a sucker.

Editor, Munday Times

When Unemployment Compensation benefits become payable on January 1, 1938, the payments will amount to one-half the normal weekly pay of the unemployed worker, but not more than \$15.00 a week, for not more than sixteen weeks in a year.

FOR SALE

We are offering for sale a tract of land near town at \$35.00 per acre, sandy land, improved and you will say it's worth the money.

200 acre farm on Knox Prairie, all in cultivation, fair improvements. See us for price.

320 acres, all in cultivation, excellent quality land. Will sell 160 or 320 to a purchaser. Federal Land Bank Loan. If you are interested in a real farm together with location, see us. Priced to sell.

CAPITAL NEWS LETTER
by J. D. McFarlane

Mortgage Loans Paid in Full
The Farm Credit Administration states that 23,113 farmers mortgages during the past twelve months have been paid in full. This is an increase of more than 60 per cent of the preceding twelve months. The Farm Credit Administration announces that a large majority of the Federal Land Bank borrowers have met their principal and interest installments regularly and promptly. The farmers paid \$39,213,091 during the recent 12 months period, which was 83.2 per cent of the amount of principal that would ordinarily have matured. The farmers have paid Land Bank Commissioners loans amounting to more than twice the amount due, and more than twice the amount collected in the preceding 12 months. This splendid record fully answers and justifies the confidence Congress placed in the farmers in creating the legislation that assisted them in saving their farms, that has lowered their interest and continuing this legislation that has assisted them so much.

Nations Income Increased
The Department of Commerce reports the National income for 1936 as \$63,799,000,000, the largest income since 1930. They estimate the nation's income for 1937 will exceed \$70,000,000,000 because of increased industrial products, larger farm earnings, and improved dropped to about \$38,500,000,000 in employment. The nation's income 1932. In 1936 the income was 21 per cent lower than in 1929, the peak, when the total was \$80,757,000,000. The income and excess profits taxes collected for 1936 were \$1,427,447,594.36, and for 1937, it was \$2,179,841,834.73, or an increase of \$752,397,240.37. It is interesting to note in comparing the increased tax collections for 1936 and 1937 that corporations increase for 1937 over 1936 was only \$318,400,899.77; while the individual increase of 1937 over 1936 was \$417,324,672.33. It is also interesting to note that the gift tax collected also decreased in 1937 over 1936 as follows: \$160,058,761.47 in 1936 and only \$23,911,783.26 in 1937. It will be remembered that the writer bitterly opposed the gift tax loophole placed in the 1936 Act at the time it was made, which permitted the Mellons, the Morgans and all the rest of the wealthy of the nation to run to cover with all their wealth and avoid the higher rates in the gift and the estate laws. It is noted in passing that the government will receive a very small per cent of the large estate accumulated by the late Andrew Mellon because of these loopholes.

Farm Meetings
Last week I spoke at the following places: Graham, Olney, Newcastle, Loving, Prospect, Shannon and Decatur. At the close of each speaking the farmers were requested to express their attitudes as to whether or not they favored rigid farm control legislation. At each of the meetings all present expressed their unanimous approval of such a program. Following these meetings, government educational films were shown. There was a splendid attendance at all of these meetings.

In addition to the meetings the writer was a guest of the Lion's Club at Seymour last Wednesday at noon and showed government films.

This week on Monday and Tuesday the writer will speak at Meigs; on Wednesday and Thursday at Henrietta and Bellevue; Friday and Saturday at Bowie and Nocona. Sunday I will speak at the dedication of Kell Field, Municipal Air Port, of Wichita Falls, Texas.

Persons who have reached 65 years of age cannot collect Old Age Benefits, but if they are working for an employer who is subject to the Unemployment Compensation Act, they are eligible for unemployment benefits and should obtain Social Security Account Numbers in order that wages received by them can be properly credited to their individual accounts by the Unemployment Compensation Commission.

Texas employers contributing to the Unemployment Compensation Fund should keep an accurate record of all payments made, since the amount of such contribution payments may be deducted from the Federal Excise Tax due January, 1938. This permits Texas employers to recover 90 per cent of the Federal tax for their Unemployment Compensation fund.

Requests for duplicate Social Security Account Numbers by applicants who have lost their cards should be accompanied by a new application marked "Duplicate requested," with a supplementary statement as to the reason, such as "card lost," and the place and approximate date of filing the original application.

10 CASH PRIZES GIVEN WEEKLY BY GAS COMPANY

Contest of Amateur Photographers to Run 10 Weeks

"See the pretty birdies," time worn slogan of photographers, is no help at all in catching the glowing personality of a radiant gas heater, declare prospective entrants in Lone Star Gas System's ten-week contest for amateur photographers.

Interested camera fans are already lining up pictures of gas heating equipment with which they hope to capture the ten \$10 prizes which will be awarded each week by the gas company in its contest which will open October 11 and close December 18. They are taking their cue on the type of picture wanted from the company's newspaper advertisements, one of which appears in this issue, and from a folder on the contest furnished by the gas companies participating in the contest. These include Community Natural Gas Co., Lone Star Gas Co., the Dallas Gas Co., County Gas Co., and the Texas Cities Gas Co. In addition to the weekly prizes of \$10 for the ten best pictures, at the close of the contest the gas system will award grand prizes of \$100, \$75, \$50 and \$25 for the four best pictures submitted during the entire ten-week period.

"I've had several people ask me whether a picture of a living room would be better than a bedroom showing gas heating equipment," said the district manager of the gas company in talking about the

contest. "That is something each contestant will have to decide for himself, because as far as the company is concerned a picture of any room in the house is acceptable if it shows gas heating equipment.

"What we hope to obtain through the contest are some good, clear pictures showing various types of gas heating equipment used in homes of this section. Customers who come to our display floors to buy heating equipment find it difficult to visualize just how the appliance they are considering will fit into their home. With the wide selection of photographs to hope to receive during the contest, we can show them that in addition to furnishing a comfortable, healthy heat throughout the house, modern gas heating equipment is available in styles varied enough to fit into any decorative plan."

CAR SALES DROP SLIGHTLY FROM JULY TO AUGUST

Austin, Texas, Oct. 5.—According to the Bureau of Business Research of the University of Texas, reports of passenger car registrations from fifteen representative Texas counties show total sales of 6,087 cars during August, a decline of 3.4 per cent from July, but an increase of 7.1 per cent over August last year. Aggregate sales for the year-to-date in these fifteen counties were 50,233 cars, a decrease of 2.6 per cent from the corresponding period last year.

"It appears significant that while sales in the lowest and highest price groups decreased moderately from August last year, sales in the two intermediate price groups increased sharply," the Bureau's analysis said.

New Corporations In Texas Total 141

Austin, Texas, Oct. 5.—New corporations totaling 141 were chartered in Texas during August, an increase of 6.8 per cent over the corresponding month last year, according to the University of Texas Bureau of Business Research. Capitalization of these companies totaled \$4,030,000 an increase of 96.4 per cent over July and 74.4 per cent over August last year.

"Groups showing gains in the number of new charters over both comparable periods were banking, finance, manufacturing, merchandising and real estate-building," the Bureau's report said. "There were ten new corporations chartered with capitalization of \$100,000 or more, which was double the number with such capitalization in July and more than double that of August last year."

Dr. J. D. Kethley, was in Abilene the past week end where he visited his family.

PRESCRIPTIONS and PRICE TAGS

It is true that we make no effort to price our prescriptions on a "bargain counter" basis. Yet, because our volume is large, our costs are low. A prescription compounded here costs no more—and perhaps even less—than you would pay elsewhere. And you are advantaged by our large stocks of fresh, potent drugs, our high ethical standards, and our invariable policy of filling every prescription precisely as the Doctor directs.

Whooping Cough is Regarded Serious By Health Officer

"To the very young there is no other disease as dangerous as whooping cough," states Dr. Geo. W. Cox, State Health Officer.

"In addition, there is no other disease causing an equal amount of suffering of which parents show so much inexplainable disregard, not only for the safety of their own children, but also for that of their neighbors' children.

"There does not exist a natural immunity against whooping cough during the first six months of life as there does for measles. It is at this age that whooping cough strikes its hardest blow, and over fifty per cent of the deaths occur in children under one year of age.

"Whooping cough is usually transmitted by direct contact with the secretions of the mouth and nose, and only a very short exposure is required to contract the infection. Handkerchiefs, drinking cups and toys may also transmit the infection.

The infection is communicable

from the appearance of the first symptoms and is most contagious at this early period when the nature of the affection can only be suspected. The incubation period is commonly seven days. A slight fever, running of the nose, and a cough make their appearance so gradually insidiously that a diagnosis is practically impossible unless a history of exposure is obtained.

"When the whoop appears there is no mistaking the disease. If there is whooping cough in your community, keep other children away from your little children and keep your children at home. Call your family physician early. Isolation of all cases for at least two weeks from the development of the characteristic whoop should be rigidly enforced."

Seventeen hundred and fifty pieces of mail leave the Texas Unemployment Compensation Commission daily at an average cost per day of \$50.00 in postage. The incoming mail is slightly more.

Normal unemployment, exclusive of those idle because of accident or illness, in the United States is greater than in any other industrial nation.

Ex-Students Will Meet October 12

Denton, Texas, Oct. 7.—In towns and cities all over Texas, ex-students of the North Texas State Teachers College of Denton, largest state-supported teachers college in the United States, will meet Oct. 12 for observance of Ex-Student Reassembly Day and organization of 1937-38 ex-student chapters.

Officers are to be elected at each chapter meeting and plans drawn up for participation in the College's alumni activities throughout the year.

A special issue of the Campus Chat, student newspaper at the College, was this week dedicated to ex-students.

One hundred and fifty persons are now employed by the Texas Unemployment Compensation Commission. Included in this number are the three members of the Commission, who direct the policies of the organization, accountants, field men, file clerks, stenographers, legal representatives, and mail clerks.

The WEEKLY CONSTITUTIONAL

Courts Protect Our Rights

Why does our Constitution make the federal courts independent of Congress and the President. "The complete independence of the courts of justice," says Alexander Hamilton, "is peculiarly essential in a limited Constitution which contains certain specified exceptions to the legislative law-making authority of Congress; such, for instance, as that it shall pass no bills of attainder for trial without jury, no ex post facto laws [law passed after an act was committed] and the like."

"Limitations of this kind," concludes Hamilton, "can be preserved in practice no other way than through the medium of courts of justice, whose duty it must be to declare all acts contrary to the manifest tenor of the Constitution void."

Without this, all the reservations of particular rights or privileges of the people as specified in our Constitution would amount to nothing. Copyright 1937 by Max Berns

City Secretary Attends Meeting

City Secretary Riley B. Harrell left for Mineral Wells Wednesday where he is attending the annual League of Texas Municipalities meeting in that city.

The session lasting three days, Wednesday, Thursday and Friday, will have headquarters at the Baker Hotel at Mineral Wells. The first session to open will be the fifth annual finance and tax officers association meeting, starting at 10 o'clock Wednesday.

On Thursday and Friday the League of Municipalities will hold their 25th annual convention. Important issues and topics concerning duties of city officials will be discussed and outstanding speakers have been secured.

Virginia Atkeison Teaching at Denton

Denton, Oct. 8.—In addition to her college work Miss Virginia Bess Atkeison of Munday is serving this term as a teacher in the Denton Public Schools. She plans to obtain her degree at Texas State College for Women in Home Economics, and is giving instruction in this subject in order to gain the necessary experience for a permanent teaching certificate.

Miss Atkeison, the daughter of Mr. and Mrs. W. H. Atkeison, is a well-known student on the campus. She has already completed three years of her work toward a degree.

Tiner Drug Repaints Store Front, Awning

The awning running across the front of the Tiner Drug Store and around the side of the building was repainted the past week-end.

All other face and wood work facing the street of the corner building was repainted to give the firm a more inviting appearance to the public.

Attend Ball Game

Mr. and Mrs. Grady Roberts, Mr. and Mrs. R. R. Davenport and Boyde Carley attended the Haskell-Rule football game at Haskell last Friday night.

HASKELL GIN DESTROYED BY FIRE FRIDAY NIGHT

The Farmers Coop Gin of Haskell was destroyed by fire last Friday night about 9 o'clock. The loss estimated at \$20,000 was partially covered by insurance, it was reported. The fire occurred during the Haskell-Rule football game and was about 3 blocks east of the stadium, affording several hundred fans ringside seats for the conflagration.

BOY SCOUTS CHANGE MEETING NIGHT TO MONDAY AT WEINERT

The Weinert Boy Scout troop changed their meeting night to Monday night of each week, in their regular meeting last week.

Rev. A. Albright, scoutmaster, made the announcement this week. The Weinert troop may enter the Scout parade at the West Texas Free Fair at Abilene, when scouts from the Chisholm Trail area meet October 5th.

County Singers Are Invited By Baylor

A. H. Golden, president of the Baylor County Singing Convention, urged citizens of Knox county and Haskell county to accept his invitation that they attend their monthly convention next Sunday.

The meeting will gather at the school auditorium at Bomarton, on Sunday, October 10, Golden stated.

PERSONALS

J. S. Kendall, attorney of this city, was a business visitor at the county courthouse in Benjamin Monday morning.

August Schumacher of Rhineland was in the city Tuesday.

Cloe Mayo and Annie Lee Thomson were in Abilene visiting Sunday.

C. H. Hall of Vernon, Texas, was in Munday transacting business Monday.

Mr. and Mrs. H. Burton and family of Rotan, former Munday residents were visitors in this city over the past week-end.

Mrs. C. R. Haymes of Stamford, visited in the home of her son, Lee Haymes and family Sunday.

Mrs. Jimmie Walker, Dallas, visited in the home of her parents, Mr. and Mrs. G. R. Eiland, the past week-end.

J. D. McClaran of Weinert was a business visitor in this city Tuesday.

Mr. and Mrs. M. D. Lewis, Jasper and Bevera Lewis of Dallas together with Mrs. Allene Koenig of Wichita Falls spent the week-end with Mr. and Mrs. W. C. Bevers.

Miss Lillie Hogue of Wichita is expected to visit her father, W. C. Hogue, over the week-end.

Little Johnnie Rutherford of San Angelo is visiting Misses Maude and Fannie Isbell.

Peter Loran of Rhineland was a business visitor in Munday in the interest of the State Farmers Union.

Mrs. Earl Owens and son visited in Vernon Tuesday and Wednesday.

L. Gough, Amarillo, Texas, was in the city attending to business matters Tuesday afternoon.

Move to Abilene

Mr. and Mrs. Carl Mahan moved to Abilene to make their future home Saturday. Mr. Mahan has business interests there.

Mr. and Mrs. Edgar Beecher, who have been visiting friends and relatives in this city, returned last Friday to their home in El Centro, California.

Miss Ellen Frances Mauldin of this city, who has been attending McMurray College in Abilene, visited her parents, Mr. and Mrs. D. T. Mauldin, the past week.

McCORMICK-DEERING Semi-Deep Furrow Drill for Planting Winter Wheat

McCormick-Deering 12 x 10-inch double-run feed, single-disk semi-deep furrow drill, equipped with a large capacity all-steel, rust-resisting non-warping hopper; steel wheels; and tractor hitch.

THE McCormick-Deering semi-deep furrow grain drill is an outstanding achievement in drill design and construction. It answers the need of wheat growers for a drill that plants winter wheat at the proper depth where the seed has more than an even chance for quick germination and rapid growth.

The feed is the double-run type. The all-steel, rust-resisting hopper combines with the steel bridge-type main frame to hold the feeding mechanism in proper alignment for long drill life. Axle boxes, gear yoke bearings, and disk bearings are equipped with Alemite hydraulic lubrication fittings. Two sizes available—12 and 16 disks with 10-inch spacings.

See us about this new McCormick-Deering drill before you do your seeding.

Why Newspapers Ask For "Early Copy"

The Advertiser Is Unfair to Himself When He Sends His Advertisement to the Newspaper Office Just Before the Dead-Line

Early "Copy" Late "Copy"

- | | |
|--------------------------------|---------------------------------------|
| 1. Better position. | Risk of poor position. |
| 2. No errors. | Risk of typographical errors. |
| 3. Time for store corrections. | No opportunity for store corrections. |
| 4. Good typography. | Risk of poor typography. |
| 5. Prompt delivery to reader. | Risk of late delivery. |
| 6. Fair to mechanical staff. | Unfair physical and mental strain. |
| 7. Advertisement well written. | Advertisement hurriedly written. |
| 8. Advertisement inserted. | Risk of omission. |
| 9. Overhead normal. | Often cause of rate increase. |
| 10. Illustrations correct. | Risk of misplaced cuts. |

- While a newspaper is a marvel of mechanical efficiency, there are limits on what can be done by a given force of printers, stereotypers and pressmen in a short, crowded period of stress.
- There is plenty of time to give every advertiser good service when early copy is sent in.
- The Times believes that its advertisers desire to be fair to the printers, stereotypers and pressmen who serve them as well as to be fair to themselves.
- Visitors to the mechanical department are invited so that the process of handling advertising may be thoroughly understood and the mechanical problems fully realized.
- Your co-operation will be greatly appreciated by the entire personnel of The Times.

Monday Night Bridge Club Enjoys Meeting

The Monday Night Bridge Club met in the home of Mr. and Mrs. Tom Haney Monday night with Mrs. Haney hostess for the evening.

The entire evening was spent in playing bridge with high score for the women going to Mrs. Grady Roberts and high mens score going to Fred Broach.

The guest list included Mr. and Mrs. Jimmy Harpham and Mr. and Mrs. Grady Roberts.

Members present were Mr. and Mrs. W. R. Moore, Mr. and Mrs. Fred Broach, Mr. and Mrs. C. P. Baker, Mrs. H. A. Pendleton, Mr. Haney and the hostess, Mrs. Haney.

Mrs. W. R. Moore will be hostess to the club next Monday night.

Y.W.C.A. Group Organized By Baptist Girls

The Y.W.C.A. of the First Baptist church was organized last Monday afternoon in a meeting which was attended by ten girls.

The officers elected for the year were June Stodghill, as president, Sue Stodghill, vice-president, and Beth Haynie, secretary.

Mrs. Chandler Hughes was chosen as sponsor.

Patsy Hannah was appointed as program chairman for the first week and will be in charge of the

program at the next meeting at the church next Monday.

The group has set Monday afternoon of each week with the meeting hour of 4:00 p.m. for their sessions.

W.M.S. Meets At Baptist Church Monday

The Women's Missionary Society of the First Baptist church met at the church Monday afternoon with twelve members present.

The meeting was the regular bible and business meeting of the organization.

Group singing of the song, "Let Others See Jesus in You," under the directorship of Mrs. Ben Blacklock, preceded opening prayer by Mrs. W. H. Albertson. Mrs. Albertson also read the devotional.

Plans for the annual orphan's home box were discussed for the group by Mrs. Ben Blacklock, which was followed by a report of the finance by Mrs. Parker.

With the reading of the minutes of the month, by Mrs. Strickland, the meeting was closed by the group.

G. R. Eiland, Jr., son of Mr. and Mrs. G. R. Eiland, left for Dallas with his sister, Mrs. Jimmie Walker, where he plans to enroll in school.

Van Norman, manager of the state employment office here, visited his wife and parents over the week end.

County Council Of HD Clubs Met At Courthouse

The County Council of Home Demonstration Clubs of Knox county met at the assembly room of the courthouse at Benjamin last Friday at 3 p.m.

Mrs. Oral Patterson, president of the society, presided over the meeting.

During the business meeting reports of the outstanding committees were heard and many plans were made for the new year, several of which will be undertaken at once.

Short talks were heard by delegates who attended the state convention held at San Antonio recently. These delegates were Mrs. Arthur Ilesing, Truscott; Mrs. R. M. Almanrode, Sunset; Mrs. Frank Bowley, Munday and Mrs. T. J. Partridge of Knox City.

Each delegate is to give a report to two different clubs in the county at some convenient time in the near future.

Time of meeting of Home Demonstration County Council was changed from the last Friday of each month to the first Friday of each month, meeting called to order at 2:30 p.m.

Young Missionary Society Met at Baker Home

The young ladies missionary society of the Methodist church met in the home of Miss Ruth Baker Monday night for their regular weekly meeting, with Miss Baker as hostess.

Subject for study during the evening was "The Steward in Society," and was divided into subdivisions with members giving short papers on various phases in keeping with the general subject.

Mrs. Bowden opened the meeting with a prayer, which was followed by a talk by Mrs. B. B. Bowden on "The Home." Others on the program and titles of their talks follow: Ruth Baker, "The Steward in Society"; Merle Dingus, "The Church"; Joardis Park, "The School"; Mrs. Wade Mahan, "The State"; Jeanette Campbell, "The Shop"; and Elizabeth Mounce, "World Problems."

Members attending were Mrs. Bounds, Mrs. B. B. Bowden, Misses Cloe Mayo, Elizabeth Mounce, Jeanette Campbell, Joardis Park, Merle Dingus, Mrs. Wade Mahan, and the hostess, Miss Ruth Baker.

Leland Hannah, manager of the Eiland Drug Store, was a business visitor in Lueders Tuesday afternoon.

Miss Kethley Is Selected Soloist Of Abilene School

Miss Shirley Nell Kethley, daughter of Dr. and Mrs. J. D. Kethley was distinctly honored at Abilene high school recently.

Miss Kethley was first named a member of the Abilene high school glee club and was later named as high soprano soloist for the school for the remainder of the school year, being selected from members of the glee club.

Miss Kethley was one of the most popular singers of Munday, always being well received in her public appearances here.

Epworth League Enjoys Picnic At Seymour Park

Members of the Epworth League of the Methodist Church enjoyed a picnic Monday night at Seymour park. R. R. Davenport, teacher, acted as host for the group.

Those attending the picnic were Ann Atkinson, Buddie Martin, Ted Longino, Lenore Longino, Herbert Partridge, Judson Giddings, Lewis Warren, Henry Dingus, Howard Shannon, Mac Haymes, Dan Billingsley, Mann McCarty, Kate Nell Mauidin, Zell Spann, W. B. Thompson, Wilma Jane Burnison and Geraldine Burnison.

After playing games and enjoying the evening, refreshments of sandwiches and tea were served.

Home Demonstration Club News

Nina Astin, County H.D. Agent

"I think it's fun to sew," said eleven year old Joan Solomon of Truscott, Texas. She is only a first year 4-H club member and has made the following articles: Party dress, pair of pajamas, an apron, sport suit, hat and shoe rack and has learned to sew on buttons, snaps, and made bound button holes.

In addition to this work, Joan has earned money to buy her clothes and school supplies. Her mother paid her 10c each morning for cleaning the kitchen and \$1.08 each month for delivering milk.

Joan has enjoyed her work with the Home Demonstration Agent and 4-H club sponsor this year and she plans to work even harder next year.

KITCHEN CLINIC

prepared by THE MUNDAY TIMES—BETTY CROCKER HOME SERVICE DEPARTMENT

RECOMMENDED RECIPE FOR TODAY

"When the frost is on the pumpkin Then it's time for Pumpkin Cake."

No, I haven't absent-mindedly written "cake" when I mean "pie." I really am recommending that you transfer the enchanting mellow spiciness of a pumpkin pie to a fluffy, golden-brown spice cake, filled with chunks of walnuts. This cake is iced with a rich sour cream frosting, studded with raisins. And you know the additional deliciousness sour cream always contributes.

Pumpkin Cake

1 1/4 cup shortening	1/2 tsp. cinnamon
1 1/4 cups sugar	1/2 tsp. ginger
2 eggs	1/2 tsp. nutmeg
2 1/4 cups cake flour	1 cup cooked pumpkin
or 2 cups all-purpose flour	1/2 cup milk
3 tsp. baking powder	1/2 tsp. soda
1/2 tsp. salt	1/2 cup chopped walnuts

Cream the shortening, add sugar gradually, and cream thoroughly. Blend in the well beaten eggs. Sift flour once before measuring. Sift flour, baking powder, salt and spices together. Mix pumpkin (cooled) and milk together, and stir in the soda. Add the flour mixture and the pumpkin-milk mixture alternately to the creamed mixture. Blend in the nuts. Pour into well greased and floured pans. Bake. When cake is cool, spread Raisin Icing between the layers and over top and sides of cake. TIME: Bake 50 to 55 minutes for square cake, 35 minutes for layers. TEMPERATURE: 350° F., moderate oven. SIZE OF PAN: One 8-inch square pan, or two 8-inch round layer pans.

Raisin Brown Sugar Double Boiler Icing

1 egg white (from 1 large egg)	3 tbsp. water
1 cup brown sugar	1/4 cup seeded raisins (cut in two)

Combine in top of double boiler egg white, sugar and water. Beat together just enough to blend ingredients. Place over rapidly boiling water, and beat with rotary egg beater until mixture is light and fluffy and will hold its shape. (This will take 5 to 7 minutes, depending on size of double boiler and vigor of beating.) Remove from over hot water, and carefully fold in raisins. (The raisins cause the icing to soften a little, so be sure that the icing is cooked until good and thick before adding them.) AMOUNT: Icing for one 8-inch square cake. (For a 2-layer cake, double the recipe.)

Question: How is the best way to measure brown sugar? Do you spoon it lightly into a cup the way you do flour—or do you pack it down?

Answer: Pack your brown sugar into the cup. It's the best way to get an accurate measurement. But white sugar should be measured just as you do flour—by spooning it into the cup and taking care not to pack it down.

Question: How can one make icing or candy with white granulated sugar without its getting sugary?

Answer: Do all your stirring of the mixture before you put it on to boil, and after it begins to boil be sure not to stir it because if you do, it will set up a crystallization or granulation around the inside of the saucepan which will spread to the rest of the mixture and make it sugary. Another way to help prevent sugaring is to use either cream of tartar or a little white corn syrup in your boiled icing or candy recipe. Either of these ingredients is used to prevent the crystallization which makes the mixture sugary. A low heat should be used. Rapid boiling tends to produce crystallization, too, so cook your syrup for candy or icing very slowly.

Question: What will keep brown sugar and milk from curdling when boiled together for penoche—or butterscotch sauce?

Answer: I think you'll find that if you keep right on beating vigorously penoche or sauce will become smooth again. Brown sugar contains a trace of acid, the same kind that is in molasses—and it's enough to act on milk in the presence of heat and make it curdle. Vigorous beating always makes it smooth again.

Question: When handing refreshments to guests who are seated around the room, is it all right to put the needed silver on a tray and pass it around separately, or is it better to place the silver on the plates before these are passed?

Answer: To pass the silver on a tray may involve a long period of waiting between the time the food is passed and the silver. Therefore it not only simplifies the work of the server to place the fork or spoon on the plate with the food—it will usually be more convenient for the guest.

If you worry about what to serve, if you dread to start the next meal, just drop a card to Betty Crocker in care of The Munday Times and ask for this week's menus. Complete menus for the week with recipes for the main items will be sent you at no cost. Please enclose 3 cent stamp to cover return postage.

29 SENIORS ARE LISTED ON 1937 MUNDAY HS ROLL

Thomas Rigsby Heads Group In Years Activities

CLASS RINGS DUE IN WEEK

To Select Annual Play Soon; Play to be Given Early

Word has been received that the Senior class rings will be here during the week of October 11th. All Seniors are urged to pay the required amount of money to the secretary LaVerne Eiland, before the rings come in so that we may be wearing our rings the day they arrive instead of having to wait on late payments.

Our class is anxiously awaiting the samples of three-act plays Miss Couch has ordered for us. We are planning to present the annual Senior play much earlier this year than it has been presented for the last few years. We also think we have some of the best theatrical talent in school in our class, so be on the lookout for the Senior Class of 1937-38 to take your breath away with their superb Senior play.

Following is a list of officers and members of the Senior Class:

- Albert, Blanche
- Albertson, Joe
- Brown, Helen
- Carden, James
- Counts, Lavona
- Dobbs, Lucy Lee
- Finley, Loraine
- Giddings, Judson
- Hobart, Donald
- Hunter, Travis
- Isbell, Joe
- Isbell, Mattie Marie
- Laney, Dewey
- Meers, Burl
- Moore, Mary
- Mullican, Mozelle
- Mullican, Viola
- Phillips, John
- Poison, Helen
- Roid, Harvey
- Sherrod, Ida Belle
- Smith, Geneva
- Thompson, Weona
- Tiner, Margaret
- Yeager, Ruby Lee
- Warren, Lois

OFFICERS

- President, Thomas Rigsby
- Vice-President, Rupert Williams
- Sec.-Treas., Laverne Eiland
- Reporter, Mary Moore
- Sponsors, Mary Couch and L. S. Hardegree
- Room Mothers, Mrs. W. R. Moore
- Mrs. W. V. Tiner and Mrs. Press Phillips

SOPHOMORES

Quite a few Sophomores are planning to occupy a seat on the special Exposition train scheduled to take school children of Knox county to Dallas, October the 8th. Several Sophomore girls have working out for volleyball ball the past week, and a very good team is expected.

City School System Observes Fire Prevention Week; Use of Posters

This week is set aside as fire prevention week. Each class in both grammar school and high school has been assigned papers to be written on the subject of fire prevention. Some classes are making posters, and others are writing themes. Fire drills were given and precautions about fire have been discussed between teacher and pupil.

Fire is so necessary in our daily lives that we hardly realize how much we depend on it. Without controlled heat the great industries of the world would be unknown today. Enormous factories, for example, and towering skyscrapers, whose framework are of steel, could never be erected. Bridges, such as span our widest rivers, could never have been built; the automobile would be unknown; telephones and telegraphic communication would never have come to pass, nor would the radio have appeared to entertain or instruct us. We depend upon fire for heating our homes, for cooking our food, for transportation by rail. Surely fire is our friend, and we should use it wisely.

In America a man who has a fire in his home, store, or factory is regarded as an unfortunate. In Europe he is regarded as a public offender. In France if a fire spreads beyond a man's property and damages that belonging to his neighbor, he has to pay his neighbor's loss. In Germany if a man has a fire, the police immediately come to investigate. Carelessness is assumed from the fact that the fire occurred. If he cannot prove in court the next day that he had taken every reasonable precaution for just such a fire occurring, he is fined, and for his negligence he has to pay the city for the unnecessary use of the fire department.

What is the result of this difference in attitude toward carelessness? The annual fire loss averages less than the losses in the United States. The Europeans look on us as "a nation of children playing with matches." It is our duty to see that all weeds and grass have been cut and cleared away; that all matches are kept in safe places; that the rubbish has been cleared from attics, basements, closets, and garages; that oil-soaked or paint-soaked rags are in the open or destroyed. Will you do your part to help us reduce this loss?

FIRE SLOGANS

Preventives of evil are far better than remedies; and easier of application, and surer in result.—Tryon Edwards.

Who would not give a trifle to prevent what he would give a thousand worlds to cure?—Young.

Junior Class Is Planning Party

The Juniors are sailing along peacefully looking forward to a party in the near future. We want to thank the mothers who supported our class at the P.T.A. last Wednesday, and we hope to have more mothers at the next meeting which will be the third Wednesday in October.

We have decided that if we complete our course of English III we will all be public speakers. This course is very interesting, however, and we especially enjoyed W.T.'s adventures in Arkansas. If you don't think he can tell some good experiences, just suggest some time that he tell one. He and Bob Burns must have come from the same section of Arkansas because he seems to be the true Arkansas Traveler.

The Juniors are learning to speak the brand of Spanish that would make a native envious; but somehow when they try out their accomplishments on the natives, they seem to get the wrong impression.

CHURCH NEWS

MUNDAY CIRCUIT

The Sunday School at Hefner started the new church school year with 33 present. A new roll was made and a move started to hold the present attendance and to increase interest. The preaching services were well attended.

Next Sunday we will be at Thorpe. Let's make this another good day. Sunday School will meet at 10 and preaching at 11. Preaching again at the evening hour. Come and worship with us.

It is only five weeks until the Annual Conference and we have a great deal to do. Let's be busy that we may finish the year in a creditable way.

Frank Story, Pastor

FIRST BAPTIST CHURCH

The services were well attended last Sunday. 175 in Sunday School and a fair crowd for both the preaching services. The All-Church Week services have been interesting with good programs, and those who have attended have been helped. Throughout all of October we are emphasizing State Missions, taking our offering the Third Sunday, October the 17th. We appreciate your co-operation and service.

W. H. Albertson.

METHODIST CHURCH

The church is not so different from other institutions or the individual, when it comes to having good and bad days. There are times when there is not much to do about things because the doors

FRESHMEN

The Freshmen seem to be able to get down to business when the real thing comes along. Studying takes up a great deal of our time, but even so we still take time to look forward to a party.

The girls in Home Economics I have not seemed to mind if they do get a regular talk on how to look for Mrs. Dillon has been teaching them how to improve their appearance.

Joe Dean: "I suppose you think I am a perfect idiot."
Nadine: "Oh, none of us are perfect."

Eulice Booe went to a fashionable photographer to have his picture taken. When he saw the prints, he spluttered with rage, "Call that a photograph." He shouted, "Why I look like a blooming monkey!"

"Quite," answered the photographer. "But you should have thought of that before you came here."

of opportunity seem to be closed, and then quite unexpectedly, there arise conditions that challenge one to the limit of his interest, and strength. Well, that's just where we are now with our church work. The road ahead is open and the urge to move is felt. The loyal support, financially and spiritually, of each member, will do more to a successful future of our church now than months of working and praying could do at some inopportune time. When the pillow of fire moved the "Children of Israel" went on the march. Their future was blessed because of their loyal obedience to God in the time of their transition. Your presence at Sunday School and church may be a small item but it is a very important one in the life of some friend as well as leaving each of us with a clean conscience as to having done our duty.

Sunday, 11 a.m., our subject will be: "Christians Are Bigger than 'Tightwads'." The Bible is a unique book in that it lets no type of character escape its notice. "They are all there."

An increase of "one" Sunday in Sunday School. We certainly did not decrease in attendance but at that rate of increase one would not expect the walls of the church

to bulge out next Sunday from being overcrowded. A number of our young people were at Spur at the League District Meeting, and their absence was seriously felt. "Come on!" It's two hundred or well, something less, and we don't want that.

H. A. Longino, Pastor.

Service of DISTINCTION AND CHARACTER

MAINTENANCE of the highest professional standards have made it possible for us to direct outstandingly beautiful services... essentially simple, but impressive, sincere, and marked with distinction. All details can be placed in our hands with the assurance that our obligation of service to the living will be met by an understanding unobtrusively expressed.

MAHAN FUNERAL HOME

OUR FIRST

Anniversary

We are indeed pleased to announce our first anniversary in Munday, glad that we have been made a part of Munday in the social and civic life of the city and we fully intend to continue in our small part in building our city.

During the year that we have been in business here we have completely remodeled and renovated our entire funeral parlors.

We have built a new sanitary operation room, have rearranged our display room in such a manner that will lighten the burden of casket selection. We have a complete selection of children and adult caskets at all times.

We have purchased a cemetery tent to be used in all services, as a protection against adverse weather conditions.

A V-8 emergency ambulance is used on rush calls.

These improvements have been made in keeping with our desire to give Munday and territory a more complete mortuary service, at no higher cost than you would pay elsewhere.

A licensed lady attendant is used at all times.

2. If you drink—take a taxi.
3. Stop, Look and Live.
4. Another highway enemy—the "can't-wait" driver.
5. Unless your car is made to fold.
6. Adjust your brakes so they will hold.
7. Every day is Safety Day.
8. You can't depend on luck, but you can on safety.
9. Live and let live, be careful.
10. Obedience to the law is better than enforcement.
11. Pedestrians have their rights but it may be the last sad rite.
12. Too often a grade crossing is the meeting place of lightheads and headlights.
13. Say it with BRAKES and save the flowers.—South Dakota Club Woman.

I remember Woodrow Wilson once said "Politics I conceive to be nothing more than the science of the ordered progress of society along the lines of greatest usefulness and convenience to itself." Wonder what he'd think politics are today. And by politics we don't mean just in government. Politics rule club work, politics govern and harass fraternal organizations, and they even control our schools and ferment unpleasantly in our churches. Of course like old fashioned home brew, every one tries to keep it a secret when all the time we sit unpleasantly on the edge of our chairs hoping the lid won't blow off and that the low gurgle and sizz of the crock will be drowned out by loud voice-throwing and oratory.

The Oklahoma Club Woman comes with every page illuminated with a soul stirring though stuck in between club reports like nuggets in a miner's pan. The editor, Aliza Heacock, has chosen a world's first lady. It's good to keep here 'tis:

World's First Lady
If unstinted devotion to the cause of her country and her people in an effort to make life in all its phases richer and more productive

is any criterion today for selecting the World's First Lady, it would seem that lovely Melling Soong, Wellesley College, class of 1917, wife of Generalissimo Chiang Kai-Shek, China's loved leader, had earned that honor.

Other women have been more quoted for their exploits, other women's faces have gazed at a satiated public from millions of newspapers; other women have been plunged by fate, skillfully engineered by press agents into the world scheme causing headaches and heartaches in select circles—but none can show the fruits of their labor in terms of human welfare as can Melling Soong Chiang. She has concentrated on the New Life Movement which includes, courtesy or discipline, service or unselfishness; honesty, integrity and respect for the rights of others; high mindedness, honor, consciousness, "virtues which made China great in remote times, and which Madame Chiang describes as "A new spirit within China's historic personality."

It has taken everything in its stride from admonishing little Wang to wash behind his ears and not wipe his nose on his sleeves, to the execution of a high official in the Air Service for gambling with government funds. It has gone whole heartedly at the task of a "great co-ordinated effort to build the life of a nation upon these permanent values which have proved themselves in the past." Madame Chiang has stayed close

to her husband, who has been led to Christianity through her, manifesting a total disregard to danger as she often has, when she flew to him last winter at Siang. She says she is unafraid. That so long as God has work for her to do, nothing can happen to her. Her place as peace leader and an exponent of international good will is unquestioned. In her radio talk in the United States, the first

Chinese woman to make such a talk on the air, she said in closing: "I wonder if this makes you realize as it does me, that we are brothers and sisters the world over? Why should there be misunderstanding and strife when there are so many of us with the same ideals and are working for world peace and progress?"

WARNER BAXTER AND WALLACE BEERY STAR IN THE "SLAVE SHIP"

Mightiest of Sea Sagas Sweeps Over Half of The World; Tale of Slave-Trading Era

Storming in epic sweep over half the world, as the last slaver sails on its last desperate voyage, "Slave Ship" opens Sunday at the Roxy Theatre, giving the screen a new claimant of the title of mightiest of all sea sagas.

Twentieth Century-Fox's most spectacular production of the year, "Slave Ship" co-stars Warner Baxter and Wallace Beery in a pulsing tale of the slave-trading era, with Elizabeth Allan and Mickey Rooney among those on the boat as, with decks reddened by mutiny, it roams the seas on its final fury-racked voyage.

In the most colorful role of a colorful career, Warner Baxter plays Captain Jim Lovett, romantic scourge of two seas, who defies the navies of the world, is betrayed by a shipmate, and fights at last for love in the greatest sea adventure of them all.

Wallace Beery, whose long list of shipboard roles reads like a veritable history of the salt-water cinema, sinks his teeth into a meaty role that presents him as the villainous mate of the slaver—big-fisted, bull-headed, genial, and treacherous to his dying breath, one minute a roaring beast, the next a gentle child; friend and foe alike to the captain he serves—and betrays.

"Slave Ship" traces the tempestuous career of a swift bark en-

gaged in the slave trade, and its courageous captain, Warner Baxter, who planned to retire from "blackbirding" to settle down to a new life with his young bride, Elizabeth Allan.

As they sail on Baxter's boat on the honeymoon cruise which is to mark the end of its days as a slaver, they find that they have been betrayed by the mate, Wallace Beery, and the crew, avid for more slaving profits. The honeymoon cruise is turned into a voyage in which they are continually brought face to face with danger and death.

Sought by the navies of every nation, and torn by mutiny aboard, the slave ship sails on through adventures on the high seas and along the African coast, and it is a dramatic climax which clears the future for the captive couple and sends the ill-fated slaver to its ominous destiny.

The story of "Slave Ship" which is based on the novel by George S. King, was written by William Faulkner, and the screen play is the work of Sam Hellman, Lamar Trotti and Gladys Lehman. George Sanders, Jane Darwell and Joseph Schildkraut are among those who appear in the huge cast.

Darryl F. Zanuck, vice-president in charge of production at Twentieth Century-Fox, chose Tay Garnett to direct, with Nunnally Johnson as associate producer.

—Robert Neblett Molloy, Corsicana

AT SUNSET
The timbered blue across the west,
With shadows hung in the hazy crest,
Is always there, a misty way,
With softest folds of blue and gray.

A score of miles from me there lies
This border strip of old surprise.
With shadowed beauty like a dream
Of misty, timbered sunset gleam.

And often when I go my way
With homely task at close of day,
I wonder what will sunset hold
When I have reached the misty fold.

Will the trial hours which I have won
Be calling when my work is done,
And shall shadows clear the hazy crest
When I shall go beyond the west?
Annie C. Shipley, Prosper

ATAVISM
My Grandire sailed the bounding main
Through wind and wave and drenching rain—
While thunders rolled and lightning cracked
He crossed with joy the ways untracked.

My Father was a quiet man,
For whom adventure only ran
To songs of birds in quiet nooks
And childhood friends and tattered books.
Now—I am,
Their female child,
With quiet ways
But wishes wild.

FROM WHENCE GREATNESS SPRINGS
How good it is to find
That those who most achieve
Always, in heart and mind,
Are those who most believe
In nature and its beauty,
In simple God-like things,
In happiness and duty
From whence their greatness springs.
—Evelyn Hornsby Mims. For Worth

Have You Entered The Photo Contest?

This interior view showing a gas circulator type heater was taken in the home of one of our customers.

5 Simple Rules of the "Heating Photo Contest"

1. All photos must include a view of the gas heating equipment used to heat the room or adjoining room in which the photo is taken. (See sample)
2. The house in which you reside must receive its gas service from one of the companies of Lone Star Gas System, and all photos submitted in the TEN WEEK CONTEST must be taken in a home served gas by one of the companies of Lone Star Gas System. These companies are: — Lone Star Gas Company; The Dallas Gas Company; County Gas Company; Community Natural Gas Company; Texas Cities Gas Company.
3. Employees of any company of Lone Star Gas System and their immediate families and professional photographers or persons engaged in the business of making photographs for commercial purposes are not eligible to enter this Heating Photo Contest.
4. All photos submitted must have your name and address (including the town) PRINTED PLAINLY ON A SEPARATE PICE OF PAPER AND PASTED TO THE BACK OF EACH PHOTO ENTERED IN THE CONTEST.
5. All photos submitted should be delivered to your local gas company office or mailed to LONE STAR GAS SYSTEM, ADVERTISING DEPARTMENT, 305 S. HARWOOD ST., DALLAS, TEXAS.

The contest is for a TEN WEEK Period from October 11, 1937 to December 18, 1937 (inclusive). All photos submitted will become the property of Lone Star Gas System to be used as desired by the company. Photos entered in the contest will not be returned and weekly prize winners will be advised by letter. At the close of the ten week contest a complete list of prize winners will be available for inspection at your nearest gas company office.

YOUR gas company wants to buy one hundred photos or "snap-shots" to be used to illustrate various types of gas heating appliances used in homes of the Southwest.

Note the sample photo in this advertisement and read the five simple rules of the contest and submit your entries NOW. No matter what type gas heating equipment you prefer — floor furnaces, gasteam radiators, gas circulators, or gas radiant type heaters — take pictures of your living room, dining room, or bed room and submit them in the TEN WEEK PHOTO CONTEST. Be sure to include a view of some type of gas heating appliance.

Nothing to Buy...No Letters to Write

Weekly prizes of \$10.00 each will be awarded the ten best photos submitted each week during the contest. A total of one hundred prizes of \$10.00 each will be awarded for the best photos submitted between the dates of Oct. 11, 1937 and Dec. 18, 1937. At the close of the contest additional grand prizes will be awarded as follows: 1st grand prize, \$100.00; 2nd grand prize, \$75.00; 3rd grand prize, \$50.00; 4th grand prize, \$25.00. Send in your entries EACH week. Yours may be just the kind of photos we need.

SHIPMENTS OF LIVESTOCK IN SEASONAL GAIN

August Gain Over A Year Ago Shows Increase

FEEDING AREAS PARTLY CAUSE

Midwest Range States Have Shortage Of Livestock

Austin, Texas, Oct. 7.—Texas livestock shipments to the Fort Worth stockyards and interstate points continue at a rate which by comparison with past records is quite astonishing, it is shown by reports to the Bureau of Business Research of the University of Texas. Shipments during August totaled 7,973 cars, an increase of 124 per cent over August last year. For the year-to-date shipments aggregated 60,731 cars, compared with 38,958 cars during the corresponding period last year, an increase of 56 per cent.

Cattle shipments during August gained 121 per cent over August, 1936; calves, 112 per cent; sheep, 226 per cent; and hogs, 19 per cent. "Feeding areas account for a large part of the increased demand for Texas livestock, although substantial increases in shipments were also made to the major markets," the Bureau's report said. "To illustrate, 48,000 head of sheep destined to Illinois feeding areas, compared with none during August last year; 43,000 head of sheep were destined for Iowa, against less than 6,000 head last year. Similarly cattle shipments to these areas increased fourfold and tenfold respectively. Increases to Missouri, Indiana, and Kansas were almost as striking.

"With the shortage of livestock in a number of northwestern range states and the huge increase in feed crops in the corn belt, compared with recent drought years, the demand for Texas cattle and sheep should continue strong for many months. It is this fact which gives solid ground for optimism concerning agricultural income in this State during the coming months."

KNOX COUNTY TO REFUND \$115,000 OF BONDS SOON

(Continued From Page 1)

will draw interest at the rate of 3-3/4 per cent while the hospital bonds at present are drawing five and one-half per cent. The court-house bonds will be reduced from four per cent to the new figure of three and three-fourths per cent interest rate.

As it is now, the taxpayers of Knox county are paying 35 cents per hundred for the courthouse and hospital bonds while under the new low interest rate they will pay 25 cents per hundred.

It will reduce the taxpayers total from \$1.47 to \$1.37 which covers both state and county government. State taxes are 52 cents in this county and the county after refunding will be 85 cents, Covey stated.

GINNING RECORD!

Gins of the Munday area, including Rhineland and Goree have ginned approximately one-third of the new crop according to figures released today at noon. Munday was leading with 4,300 bales ginned of 7,100 reported.

Rhineland Gin..... 800
Goree Gins..... 2000
Munday Gins..... 4300

The above figures are approximate, however, they should not vary more than 75 bales from the correct figure.

Hospital Patients

Following is a list of patients that have been admitted to the Knox County Hospital at Knox City, up to October 5:

Mary Alice Albus, Rhineland; J. I. Welch, Gilliland; Randall Moore, Rochester; Mrs. W. W. Timms, Throckmorton; J. N. Reynolds, Knox City; (little) John Rutherford, San Angelo; Mrs. O. D. Reid, Knox City; Mrs. B. R. Campbell, Knox City; Walter Jackson, (colored) Munday.

J. E. McDonald, Commissioner of Agriculture of Texas, was a visitor in Munday Tuesday afternoon.

STATE PAYROLLS SHOW BIG GAINS

PAYROLL INCREASE LARGER THAN EMPLOYMENT GAIN DURING AUGUST

Austin, Texas, Oct. 4.—Reports to the Bureau of Business Research of the University of Texas from over 1,800 Texas establishments showed that 91,382 workers were employed during August, an increase of 7.9 per cent over August last year. Total weekly payrolls of these establishments was \$2,333,941, an increase of 23.9 per cent over the corresponding week last year, the Bureau's index indicated.

Cities in which the gain in both employment and payrolls were above the average gain for the state were Amarillo, Denison, El Paso, Houston, Port Arthur, and Wichita Falls.

Hospital Dismissals

Patients discharged from the Knox County hospital since September 28, were listed as follows according to the records of the institution:

Donnie Partridge, Knox City; Mrs. L. C. Brown and baby, Benjamin; Mrs. Paul Mansell, Munday; Mrs. Felix Mullino and baby, Rochester; Mrs. Bill Tipton and baby, O'Brien; Maxine Owens, Knox City; Gladys Curry, Rule; Mrs. H. H. Rea, Rochester; J. W. Flournoy, Lubbock; Mrs. P. W. Webb, Aspermont; Mrs. Bill England, Gilliland; Ruth Gillentine, Benjamin; J. T. Hill, Knox City; Mrs. Bobby Capers, and baby, Rochester; Mrs. Walter Moore, Munday; Kenneth Ray, out patient, Munday; and Irma Guiders, out patient, of Munday.

LOAN FUND IS ESTABLISHED

Austin, Texas, Oct. 7.—For the purpose of establishing a loan fund or scholarship in electrical science or electrical engineering in the memory of her nephew, John Boak Smith, the late Mrs. R. L. Batts of Austin left a bequest of \$533.06 to the University of Texas. Mrs. Batts was the widow of the late Judge R. L. Batts, noted University ex-student and former chairman of the Board of Regents.

Rains

RAINS HALT ALL COTTON PICKING IN MUNDAY AREA

Years Rainfall Total Is Boosted Past 17 Inches

RAINS BENEFIT WHEAT SECTION

12,569 Bales Cotton Ginned in County On October 1

Six consecutive days of rain have overcast skies brought cotton gathering operations complete standstill this week total of 1.89 inches of wet fell during the period.

Some farmers believe that be at least five days before picking will get under way again with the sun comes out a clear sky. With the new inches of rainfall this week years total rainfall for 1937 was boosted to 17.23 inches compared to 20.90 for the same year. However, the rain year have been coming a regular intervals and has much more beneficial to the crop. Temperature took a bit and Wednesday night fell low of 46 degrees, just 14 above freezing. The 14 Wednesday was 60 compared last year for the same date. The rains were very beneficial to the wheat lands of the county especially to the wheat that has been planted previous to the Farmers throughout the county are making preparations grain as soon as the weather permits.

Cotton Ginnings Census reports from the government bureau show Knox county has ginned 12,569 bales from the 1937 crop. (Continued on Page 1)

County Treasurer J. T. House Monday Afternoon

Death, Monday, claimed Knox County's most beloved actor, when J. T. "Uncle" House, county treasurer for a score of years, died at his home in Munday. House was in his office reading a newspaper, when he collapsed, and was discovered sitting in his chair a few minutes later by employees.

Aged 74 years, "Uncle" House has been prominent in court and civic activities for several services were held at the First Church of Benjamin on Monday afternoon at the home of J. E. Chase officiating. A large host of friends gathered for the funeral and many more were kept by adverse weather conditions. House was survived by a widow and several children.

GAIN IS SHOWING BY LOCAL OFFICE

POSTMASTER MAY STEADY GAIN YEAR BY YEAR

Postal receipts for ending September 30 showed a gain over the last year, according to reports received by Lee Hayman, postmaster today. Receipts for the period which ended on June 30 in a slight gain over the period for the second period for the year. Total receipts for the year compared to \$2,010 June, 1937 period.
