## SUNSET EAGLES ARE WINNERS IN BASKETBALL TOURNEY LAST WEEK

### Medals Are Awarded Various Players On Saturday Night

Ten schools were represented in the basketball tournament which was held at the Sunset school last week, beginning on Thursday night. They are: Bomarton, Truscott, Knox City, Benjamin, Munday, Goree, Seymour, O'Brien, Swenson and Sunset.

The Sunset Eagles won the tournament, defeating Swenson's boys by a score of 23 to 17 in the final game.

Thursday night, Bomarton and Truscott were scheduled to play the first game of the tournament, but Truscott could not be there, and the Sunset B team played the Bomarton boys and gave them a nice game, by the score of 35 to 29 in the Bomarton boys' favor.

The second game of the evening was between the Sunset Eagles and the Knox City Grayhounds. Both teams came out on the court with a fighting spirit, and both seemed very determined to win. When the play started it seemed as if the Eagles were on top and the Grayhounds very much off. When the final whistle blew the score stood 59 and 16 in favor of the Eagles.

The third and last game of the evening was between Benjamin and Munday. This proved to be a very interesting game. The teams seemed very evenly matched although for quite a while the Munday Mogs stood in the lead the Benjamin Mustangs produced their reserved energy and the game ended Benjamin 18, Munday 17.

Friday night brought the second series of games into swing, with a large crowd of spectators in the balcony and the stage well filled with people.

The fourth game of the tournament brought the Truscott and Knox City teams together, both playing hard for the consolation trophy. The Knox City team showed their best play and was victorious by a large number of points, but the Truscott team showed their sportsman ship by being cheerful losers.

The next game Friday night came between the Goree and Seymour boys. Goree had a large number of fans present. Both teams showed good sportsmanship and it seemed as if the game might go either way, but Goree came out in the lead by a score of 29.

## Funeral For J. S. McCutchen Is Held Tuesday

### Pioneer Resident Of Knox County Dies At Wichita

Funeral services for J. S. McCutchen, pioneer resident of Munday, were held from the First Methodist Church in Munday at three o'clock Tuesday afternoon. Mr. McCutchen, retired farmer and ginmer, died in a Wichita Falls hospital at 9:45 last Monday morning.

Rev. H. A. Longino officiated at the services. Pallbearers were Homer Lee and A. Miller, of Wichita Falls; W. E. Braly, J. C. Borden, H. A. Pendleton, and Pitzer Baker, all of Munday. Burial was in the Johnson cemetery at Munday.

The Mahan Funeral Home was in charge of local arrangements. Mr. McCutchen had been a resident of Munday since 1901, and it was recalled here that he built the first cotton gin at Munday. He was born in Simpson county, Kentucky, on August 11, 1857, and died at the age of 81 years, 5 months and 12 days. He had not been active in the ginning and farming business for 15 years, and spent much of his time in Mineral Wells during the last ten years.

Survivors include three sons and two daughters: C. E. and Floyd McCutchen of Wichita Falls, W. U. McCutchen of Victoria, Mrs. W. M. Bolander, Wynnewood, Okla., and Mrs. W. R. Hill, Burk Burnett. He is also survived by 12 grandchildren and one great grandchild.

## Son Of Former Resident Here Loses His Eye

O. V. Jr., son of Mr. and Mrs. Oscar Brown of Charlotte, Texas, had the misfortune of losing his right eye on Wednesday morning of last week at the hospital in Poteet, Texas, home of his grandfather, A. J. Manuel.

O. V. was running, and fell on a dead weed which cost him the use of his eye.

Mrs. Brown lived in Munday about ten years before her marriage, and will be remembered by her many friends here as Miss Emma Manuel.

## Roberts Named On Committees Of Legislature

In the appointments of various committees in the House of Representatives, made last week, Representative Grady Roberts of Munday received appointment to four committees, some of which are of importance to the section of Texas which he is representing at Austin.

What is reported to be one of the most important bills introduced in the legislature calls for state-wide conservation of soil and water, with creation of a state board. This measure will go before the Committee on Agriculture, headed by Representative Ragsdale of Crockett, with Tarwater of Plainview as vice chairman, and of which Roberts is a member.

Other members of the committee are: Bailey, Baker, Chambers, Cleveland, Corry, Dowell, Faulkner, Fuchs, Harrell of Bastrop, Howington, Lehman, Loggins, Olsen, Reaves Segrist, Spencer, Stoll and Worley.

Representative Roberts was also selected as a member of the Conservation and Reclamation committee, which works in close connection with the agricultural committee.

Others to which he was named are: Game and Fisheries, of which Shell is chairman; and Public Printing, of which Waggoner is chairman.

## Fire Damages Tom Haney Home Monday Night

The home of Mr. and Mrs. Tom Haney, located in the north part of town, was greatly damaged by fire which broke out about 8:15 o'clock last Monday night.

Mr. and Mrs. Haney were away from home when the fire started and did not learn of the fire until the firemen had arrived on the scene. Damage to the home and furnishings was estimated to be somewhere in the neighborhood of \$1,000.

The flames seemed to have originated in the ceiling and quickly burned through into the clothes closet containing clothes of Mrs. Haney and their little daughter, all of which were destroyed. Flames were confined mostly to two rooms, located in the center of the home. Quite a lot of water damage was done to other portions of the residence.

Firemen experienced considerable trouble in locating the flames, since Mr. and Mrs. Haney closed the house tightly when they left, and the entire interior was filled with smoke when firemen arrived.

Mr. Haney stated Tuesday that insurance was carried on both the home and furnishings.

## Auction Sales Attract Many

Tuesday's auction sale held no precedent over others which have been held recently, although crowds are still being attracted to the weekly livestock auction.

Quite a few horse and mule and cattle still held their lead over other sales. The sale progressed nicely all during the day. Many buyers were present, buying was brisk and good prices were received on practically all sales, it was reported.

And folks are still coming to Munday for the weekly livestock auction, and lots of livestock are changing hands each week.

## School Auditorium To Be Scene Of President's Birthday Ball

The best known orchestras in this section, and is expected to be a drawing card for the entertainment.

President Roosevelt's message will also be heard. A radio hookup with loud speaker system will be installed in the auditorium, and all local activities will be stopped while President Roosevelt sends his greetings to the American public over a nationwide hookup.

The local committee in charge of Monday night's event is composed of Mrs. D. C. Eiland, Miss Louise Atkinson, Mrs. J. C. Harpham, who is also county treasurer for the birthday parties, and Mrs. Sebern Jones. This committee is also receiving the cooperation of the Munday Study Club.

Admission to the entertainment will be \$1.00 per couple—and it

(Continued on Page 8)

Officers of the recently organized Texas Poultry Federation. They are, above, John B. Collier, Jr., (left) of Fort Worth, president and A. H. Denke of Stephenville, executive secretary-treasurer; below, left to right, D. H. Reid, head of the Texas A. & M. poultry department, first vice president; Ross M. Sherwood, chief, poultry husbandry department, Texas Agricultural Experiment Station, third vice president, and W. W. Cardwell, Luling, second vice president.

## Exams To Be Held For Postmaster At Benjamin

IT'S EMBARRASSING

Errors are always embarrassing, but one which appeared in last week's Times placed not only the Times force, but County Judge E. L. Covey in an embarrassing position also.

In a notice for proposals for a county depository, we got all our wires crossed some way and stated that the Commissioners Court would receive bids for a depository for county funds, including Ford County school funds. As a matter of fact, the Knox county court has nothing whatever to do with the Ford county school funds, and this should have been Knox county school funds.

We humbly apologize for this error and call your attention to the notice this week, which reads as it should.

## Slow Traveler—Ox-Drawn Wagon and Driver On Tour Of West Texas

Traveling by methods familiar to our forefathers, a tourist of West Texas attracted the attention of many while in Munday the latter part of last week. And the old ox-drawn wagon drew much comment from old-timers here, and attracted many spectators during the two days.

Yoked together were two 7-year-old steers, and their driver was E. E. McKinney. The tour of West Texas is being sponsored by the Drive-In Commission Company, livestock dealers of Fort Worth.

Mr. McKinney, who lost his left leg several years ago in an accident, has driven the oxen approximately 40 miles in the past two weeks. With his first stop at Weatherford as he left Fort Worth, McKinney stated that his itinerary ended at Hamilton, where he began his return journey.

McKinney carries his own camping equipment, and spends the night just wherever he happens to be when night comes. His two animals have become tender-footed during their travels over West Texas highways and gravelled roads, and McKinney spends a portion of his time while stopped in "doctoring" their feet.

Exclusive of the time spent in each town which he visits, McKinney has estimated that his team has progressed an average of five miles daily since the trip began.

## Famous Orchestra To Furnish Music For Munday Event

The Munday school auditorium will be the scene of the president's Birthday Ball, held for citizens of Munday and surrounding towns next Monday night, it has been announced. The auditorium will be opened at eight o'clock, and various activities will be had to entertain those who attend.

In addition to the ball, there will be games of checker, checkers, eight-four, and bridge.

A highlight of Munday's entertainment will be Chuck Collins and his well-known orchestra of Wichita Falls. The orchestra will play during the evening, rendering special musical numbers. This is one of

## McGaughey On Recent Visit To Rural Schools

County Superintendent Merick McGaughey was a caller at The Times office last Saturday and stated that he had just completed visits to a majority of the rural schools of the county.

Mr. McGaughey, who went into office on January 1, 1939, stated these visits were made just as early as possible so that he will become better acquainted with the schools and their respective needs.

"I find all the schools of Knox county in good shape," McGaughey said, "and they have all entered into their second semester of the school work. Work is progressing nicely in each of the schools."

## GRASSHOPPERS IN 1939

County Agent Walter Rice just received word from the Extension Service Offices that it is estimated that the grasshopper infestation will be worse by 28 per cent in 1939 than during the last season.

"I believe that Knox county farmers should use this information in planning their plantings this year," Rice said. "The cotton and feed crops, where near pasture land, could be protected by a border of red top cane. The grasshoppers will feed on this sweet sorghum in preference to cotton and feed crops."

## Court Of Honor For Scouts May Be Organized

A meeting of all Scouters and those interested in work of the local Boy Scouts will be held on Friday night of this week at the First Baptist Church. The meeting has been called for seven-thirty o'clock.

"The purpose of this meeting is to organize a local Court of Honor," Cecil Cooper, scoutmaster, said Monday. "And we want all those interested in the work to be present. As soon as the Court of Honor is completed, local Boy Scouts will be able to pass their various merit badge tests at home."

Heretofore, it has been necessary for the Scouts to go to Seymour for their court of honor, and a local Court of Honor will greatly facilitate work with the local troop.

Attendance is expected from Munday and territory, Benjamin and Knox City.

## Sister Of W. H. Atkinson Dies At Miami, Fla.

W. H. Atkinson and daughter, Miss Louise, left last Saturday morning for Somerville, Tenn., to attend the funeral of Mr. Atkinson's sister, Mrs. Calvin Ozier. Mrs. Ozier died suddenly at Miami, Florida, last Friday, and the body was taken to Somerville, Tenn., the old family home, for burial. The Atkisons left soon after receiving the death message.

Mrs. Ozier visited the Atkisons several years ago and will likely be remembered by many Munday residents.

## FIGHTS POSTPONED

Cecil Cooper, local scoutmaster, announced Monday that the regularly scheduled boxing matches would not be held next Monday night, January 30. Postponement of these matches is due to other conflicting activities in Munday.

Cooper stated that the matches would be held just one week later, on Monday night, February 6. Contestants are already training for bouts.

## To Visit Here Next Monday—

One of Dr. Scholl's Fleet of Trailers Now Bringing Relief from Foot and Shoe Troubles to Thousands of People

On a return trip which has been looked forward to by Munday people, Dr. Scholl's trailer will visit here next Monday, having headquarters at The Fair Store in Munday. Dr. Scholl's Shoe and Foot Relief Demonstration offers an exceptional service to those having trouble with their feet or shoes.

A Dr. Scholl's Trailer is a very unique and unusual conveyance. It carries a wide range of Dr. Scholl's Scientific Shoes, a complete line of his famous Foot Comfort Appli-

## BURGLARS ENTER BAKER-McCARTY STORE LAST SATURDAY NIGHT

### NOTARY APPOINTMENTS.

In a letter to The Times recently, Representative Grady Roberts requested all those who wish to be appointed Notary Public to send their names to him for appointment. He expressed the belief, however, that the names of all who are already commissioned will be sent in by the County Clerk.

All others desiring to be appointed Notaries Public are asked to send their names to Representative Grady Roberts, Capitol Station, Austin, Texas.

## N.Y.A. Project Now Employs 15 County Boys

A National Youth Administration Project got under way in Knox County last week which will provide part time employment to approximately 15 boys of the county. These boys will work under the supervision of the State Highway Department and will help in carrying out a beautification program in the county. The work will include beautifying roadside parks, school bus stops, side road approaches, ditches and shoulders.

A representative of the National Youth Administration was in Munday last week, stating that some of these projects are now under way.

## Faculty Members And "Papas, Mamas" To Slap 'Em Over

Fun, comedy and entertainment will take first place on the program Thursday night, February 2, when the annual volleyball games sponsored by the Parent-Teachers Association will be played. Members of the faculty will play the "Papas and Mamas" of the Parent-Teachers Association in these annual games, events which have been looked forward to by Munday citizens.

Men members of the faculty will play the fathers—and when Dad puts on Son's basketball clothes and what-have-you to indulge in this sport it's real entertainment. But that's not all! Lady faculty members will also play the mothers in a game that has always proven worthwhile.

Admission to these games will be five cents for grade school children and ten cents for high school students and adults. Proceeds will go to benefit the local Parent-Teachers Association.

Men members of the faculty will play the fathers—and when Dad puts on Son's basketball clothes and what-have-you to indulge in this sport it's real entertainment. But that's not all! Lady faculty members will also play the mothers in a game that has always proven worthwhile.

## Seed Should Be Tested Before Being Planted

County Agent Gives Easy Method For Testing

Farmers are advised to test all their seed before planting. A great deal of time and money are wasted each year by farmers planting seed that will not come up, due to lack of germination.

Any farmer can test a handful of his own seed now by planting them in a box of sand and keeping the box in a warm room. For example, if a hundred seed are planted and only 60 come up, then the seed will have a germination test of 60%.

The State Department of Agriculture, Austin, Texas, will run official germination seed tests free of charge by mailing a small sample of the seed, one pound is sufficient.

This official germination tag is required on all seed sold in many states as a protection to the farmers.

W. W. Rice, County Agent

## Milstead Shop Opened This Week

O. V. Milstead announces this week that his general repair shop which has been closed for several months, has reopened in Munday and is ready for business.

"We are now ready to take care of your full requirements of general blacksmithing, electric and acetylene welding," Milstead said, "and we invite your patronage again this year."

Mrs. F. H. Newsom of Wichita Falls visited her daughters, Mrs. Deaton Greene and Miss Lorene Newsom, here over the week-end.

## Suits, Shoes, Shirts, Etc., Are Taken In Night Burglary

### LEAVE NO CLUES

Store Is Entered Thru Adjoining Grocery

"Night visitors" entered the Baker-McCarty Dry Goods Store in Munday last Saturday night and "helped themselves" to a nice bunch of clothing.

Seemingly somewhat particular as to what they would wear, the burglars—or maybe it was a burglar—took only men's clothing and shoes, picked the sizes, etc., so everything would be suitable.

The burglary was discovered Sunday afternoon by Pitzer Baker, manager of the firm, when a customer called him to the store. Mr. Baker discovered some of the merchandise out of place, and upon investigation he found where entrance had been gained to the store. No attempt was made to secure money—only merchandise being taken.

Entrance was gained to the Blacklock Grocery by means of a window over the awning. After getting into the grocery store, the burglar broke a glass panel and opened the door leading into the dry goods store. Nothing has been missed from the grocery store.

A check of merchandise at Baker-McCarty on Monday revealed that the following were missing: three suits, three pair of shoes, two bath robes, one leather jacket, a suit case and three or four shirts.

No clues were left that would lead to the identity of the visitor, and it seemed evident that he was worried more about his clothing than his financial condition.

## Emergency Crop Loans For 1939 Are Available

Applications for emergency crop and feed loans for 1939 are now being received at Benjamin, Texas, by A. H. Sams, Sr.

The loans will be made, as in the past, only to farmers whose cash requirements are small and who cannot obtain credit from any other source. The money loaned will be limited to the farmers' immediate and actual cash needs for growing his 1939 crops or for the purchase of feed for livestock.

Farmers who can obtain the funds they need from an individual, production credit association, bank, or other concern are not eligible for crop and feed loans from the Emergency Crop and Feed Loan Section of the Farm Credit Administration. The loans will not be made to standard rehabilitation clients whose current needs are provided for by the Farm Security Administration, formerly known as the Resettlement Administration.

As in the past, farmers who obtain emergency crop and feed loans will give as security a first lien on the crop financed, or a first lien on the livestock to be fed if the money borrowed is to be used to produce or purchase feed for livestock.

Where loans are made to tenants, the landlords, or others having an interest in the crops financed or the livestock to be fed, are required to waive their claims in favor of a lien to the Government of the Farm Credit Administration until the loan is repaid.

Checks in payment of approved loans will be mailed from the Regional Emergency Crop and Feed Loan Office at Dallas, Texas.

## Gene Thompson's Hand Injured By Gun's Discharge

Gene Thompson, son of Mr. and Mrs. Ed Thompson, received a painful injury to his right hand last Saturday while hunting.

When his shotgun became caught in the brush and was jerked from his hand, Gene grabbed for the gun with his right hand. The gun was discharged just as his hand passed over the muzzle.

A local physician who treated Gene's hand is of the opinion all of the hand will be saved with the exception of part of the index finger.

## MISS MARIE SWAIN BROUGHT HOME FROM THE WICHITA CLINIC HOSPITAL

Miss Marie Swain, daughter of Mr. and Mrs. Bill Swain, was brought home from the Wichita Falls Clinic Hospital on Wednesday of last week.

Marie recently underwent an operation for appendicitis, and is reported to be doing nicely.

## "What a Man Does For Himself Dies With Him— What He Does For His Community Lives On and On"

### CHALLENGE TO EVERY TEXAN

Texas has hundreds of little children, victims of infantile paralysis, knocking on hospital doors for treatment. This fact was revealed today in a letter to George Waverly Briggs, state vice chairman for the Celebration of the President's Birthday, Jan. 30, from J. J. Brown, director vocational rehabilitation, Austin.

The actual count shown in the summary of all counties shows that the state has a listed total of victims seeking treatment of 816 children. Seventy-one counties out of the total of 254 of the state report no hospital cases. El Paso county leads with 51 waiting cases; Dallas follows second with 51, and Bexar takes third with 29 cases.

Counties with ten or more waiting patients are Bell, 10; Case, 11; Fannin, 12; El Paso, 51; Harrison, 28; Limestone, 11; Lubbock, 11; McLennan, 24; Navarro, 19; Nueces, 10; Tarrant, 17; and Travis, 11.

"This table should prove to Texans how necessary their support is to relieve suffering," Mr. Briggs said. Then quoting from the Brown letter, he read: "The attached list gives you by county the number of children on the waiting list ready to be sent to the hospital, but no money is available to send them." This statement by Mr. Brown shows conclusively how essential this drive for funds is, and I consider it a challenge to every Texan."

### THE DIES REPORT

The Dies Committee, created by the House of Representatives, has completed its work and made its report to the House on its findings regarding un-American activities in the United States.

No recommendation for legislation was made in the report which stated that the investigation had "only scratched the surface." But if the remarkable and varied collection of un-American activities uncovered by the investigation is only a "surface scratch," then the under-surface facts should certainly be brought to light.

Only \$25,000 was spent for the probe just ended, and the committee reports that with two more years' time and additional funds, it could present important evidence of Communist, Fascist and other isms operations in America.

Unfortunately the American public is only vaguely aware that there are world forces working to overthrow America's form of government. The public has the right to know these things and it is the duty of Congress to enact protective and remedial measures.

A step in that direction would be a continuance of this investigation which has only scratched the surface of a threatening but unseen force.

### STRAIGHT FROM THE SHOULDER

W. Lee O'Daniel's drastic proposal for the fiscal program of Texas speaks a great deal for the frankness and courage of the new governor. No message from a new executive in recent memory has been couched less in terms of politics. The Governor discarded the politician's useful time-worn device of suggesting specialized tax burdens and asked his whole commonwealth to take a sock in the tax law. He tossed into the wastebasket homeopathic democracy's sugar-coated indirect taxes and proposed boldly through a transaction tax to let the general public with minimum exceptions recognize that it and it alone pays the tax bill.

In two other aspects of what to Texas would be a revolutionary proposal, the message faced the issue squarely. There was no equivocation in labeling the O'Daniel program a transaction tax for this is exactly what the Governor meant. He rejected specifically the true sales tax, a retail tax at the final counter and offered a tax on all transactions. Valor, certainly, but not the better part of wisdom as the result will be to impose a prohibitive retail price on many processed items, unless exceptions are advanced which are not covered in the present message. Again, the Governor made clear that while he would substitute his transaction tax for ad valorem imposts, the public must still pay ad valorem local taxes.

Governor O'Daniel accepted wholeheartedly a plan already presented to the Legislature by Senator L. J. Sulak. Not a tax by legislative action is asked but by constitutional amendment, the taxpayer accepting the responsibility for burdening himself.

Texas thought is of course far from unified on any tax proposal. Governor O'Daniel's message is serviceable in putting the issue squarely before the Legislature and the people. He has met the criticism that he had no plan by bringing in a definite proposal, carried into detail. He certainly did not appear as a luck passer. And by way of final comment, he recognized fully that the Legislature is the law-making body. In the words of Old Alf, he told that listening body: "If you know of a better 'ole, 'op to it."—Dallas Morning News.

Today there are approximately 6,000 beauty shops in the State of Texas alone, where women spend an estimated \$5,484,000 per year for services and cosmetics. Another \$668,000 is spent by Texas women elsewhere for cosmetics, making the total for beauty well over \$6,000,000. The total for the United States including beauty services and cosmetics is \$497,455,088.

## THE MUNDAY TIMES

Published Every Thursday at Munday

Grady G. Roberts, Editor, Owner and Publisher  
James Eddy, News Editor  
Harvey Lee, Foreman

Entered at the Postoffice in Munday, Texas, as second class mail matter, under the Act of Congress, March 2, 1929.

Subscription Rates  
In first zone, per year \$1.50  
In second zone, per year \$2.00  
The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong. Records of party policies, publishing news fairly, impartially.

NOTICE TO THE PUBLIC: Any erroneous mention upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

The noblest work of God is man in the image of his Maker.—Mary Baker Eddy.

### AMERICA'S HIGHWAY NEEDS

Listening more and better highways, representatives of 48 states attending the convention of the American Association of State Highway Officials in Dallas this week advocate continuation of federal support of highways, point out that 22 per cent of the nation's highways need rebuilding, widening or relocating, and oppose diversion of highway funds to other purposes.

The highway has become of great importance to us. And because of the great expense of laying these roads in the first place and the part they play in traffic safety the public has a right to demand the highway engineers to pave roads with good material, wide and comparatively free from traffic hazards.

We oppose diversion of highway funds for other purposes, with the present demands for improved highways so great. On the other hand, we oppose setting up highway tolls in an attempt to raise additional funds. It has taken 50 years to eliminate the old toll bridges—there are still a few left—and license fees and gasoline taxes seem a better way of raising money for highways.

Of particular interest to Texas is the current discussion of the Taber plan which calls for refunding of the bonded debts of county governments, by issuing \$182,000,000 of state highway bonds. If the retirement of these bonds will not take too much money from the sums needed for new highways and maintenance the savings in interest would be welcome. Arkansas voters, however, rejected a proposed constitutional amendment calling for such a plan, believing that the rates of repayment of the bonds would leave too little money for current highway needs.

The time has come when an even greater scientific approach should be made to highways, state, county and national, in order that needs may be anticipated, errors avoided and the states by having a master plan be able to take advantage of proffered federal grants.

### LOOKING BACK ON GOVERNORSHIP

In a most useful press article which would serve as a precedent for all retiring Governors, James V. Allred has stated what course he would follow if he had "it all to do over." His views are strengthened by the fact that he is retiring from politics to assume a place on the federal bench, where he will be removed from considerations which must affect an elective officeholder.

Mr. Allred said that if he were beginning again as Governor, he would not allow himself to be angered by criticisms from the press or the Legislature. This attitude would permit a better weighing of opinions opposite to his own. He would remember old friends, try to make new ones and seek out friends for advice. He would try to make his own program rather than allow others to bring it to him, would fight again to outlaw horse racing gaming, and would rehire Secretary of State Clark. He would endeavor to "develop a better sense of humor."

Hindsight is always better than foresight for the person who like Mr. Allred assumes a dispassionate, frank attitude. His views contain advice important to all persons although offered in no such spirit. Four years as governor have mellowed and matured Mr. Allred. By his own admission he has acquired tolerance and a sense of humor, all of which indicate the governor's office has been a school of preparation for Mr. Allred's new work. But one is constrained to state that during the last four years Mr. Allred has made a far better governor than he realizes. His regrets are testimony of worthy qualities innate in the man.—Fort Worth Star-Telegram.

### NOT AN "OFF YEAR"

Those who have postponed payment of their poll tax because it is an "off year" have evidently failed to see the political handwriting on the wall. City politics, as usual, will reach a warm tempo, and those who fail to get voting privileges for payment of the \$1.75 fee will be only spectators to the April fun. There will be other elections of importance—elections whose results could mean even more to most of us than the change of an entire state administration. Any way you look at it, it will pay you to pay your poll tax. And January 31 is the final date.

Approximately 600,000 passengers travel daily by train in and out of New York.

## Facts Worth Knowing

### About California's World Fair

There are no windows in the Bank of America Building at the 1939 California World's Fair, a streamlined structure which is the latest in bank design. How to cut off your nose to improve your face will be shown in a plastic surgery display in the fabulous Hall of Science. Streamlined, miniature trains will whisk visitors around the Gateway to Treasure Island.

### Wells Fargo Bank of San Francisco

will celebrate its 75th birthday with a historical pageant. Fifteen thousand girls have applied at the employment bureau of the 1939 California World's Fair for jobs as hostesses. More than 200,000 flowers will be used in fashioning a Treasure Island float for the Tournament of Roses parade in Pasadena to invite everyone to the Golden Gate Exposition.

### THEY SAY . . .

"I urge the members of school boards, school officials, and teachers of the United States, to give immediate attention to the problem of adapting the school curriculums and schedules to assure an adequate and meaningful treatment of the ideas, aims and spirit of democracy. There is no greater issue today before American education or before the American people."—J. W. Stueland, U.S. Commissioner of Education.

"With all sincerity and earnestness, industry is eager to go ahead with the task of building the new America of its dreams; its ready to put its shoulder to the wheel with renewed vigor and initiative; it cheerfully assumes its added responsibilities; it appeals to government for an era of good feeling and mutual understanding."—H. W. Prentiss, Jr., President, Armstrong Cork Co.

"The knocks of State tax eaters on the door of a small business are almost muffled by the constant hammering of the fists of the Federal Government."—Editorial in the N.Y. Sun.

"The businessman is the subject of more legislative concern than the criminal. The latter enjoys far less uncertainty of the laws prescribing his operations."—Lammot du Pont, President, E. I. du Pont de Nemours & Co.

### U.S. GAS CHEAPEST, BEST GOVERNMENT LIST SHOWS

Washington, (I.P.S.)—American motorists who have better gasoline for their cars than any other motorists of the world, are lucky in another respect.

The Petroleum Economics Division of the U.S. Bureau of Mines, has just published a list of gasoline prices in other countries. Here which were in effect in various cities in foreign lands last October 10: Australia, 36.3 cents; Belgium, 36; Cuba, 30; Czechoslovakia, 43.1; Danzig, 45; Salvador, 46; France, 30.5; Germany, 71.7; Hungary, 35; India, 37; Italy, 70; Lithuania, 48.3; Poland, 39; Portugal, 48.5; Switzerland, 36.3; Turkey, 52.8; England, 31.4; Yugoslavia, 38.6.

### Take Note, Boy—

F. C. U. Coeds Name Types Men That Are Unpopular

Four types of males are definitely unpopular with the coeds of Texas Christian University, campus survey shows. These four types are the "Big Shots," "Windbags," "Sheiks" and "Sissies."

The girls were almost unanimous in voicing their dislike for the boy who feels his own importance, who talks "big," who tries to impress with his beauty, and who falls very far short of being the "he-man" type.

Among the various other male characteristics which came in for a general panning on the part of the coeds are the following:

(1) Pests who find enjoyment in twisting arms, hiding purses, and other similar misguided pranks.

(2) Bad dancers, especially if the girl likes to dance.

(3) Boys who condemn a girl forever if dates get mixed once.

(4) Boys who are jealous or conceited.

(5) Those who seem lost and bewildered by the whole thing.

(6) Men no one else wants.

### NUTTY

"Fall over to the curb, Buddy!" "What's wrong, officer?" "You just went through a red light. Whatsa matter? Are ye blind?" "Yes, officer, color blind."

"Not only that, but you were doing 50." "I was not. My speedometer registered 60."

"Let me see your license." "Impossible! I don't own one."

"Well, let me see your owner's certificate!" "I'm afraid I can't show you that either. I just stole this car."

"Stole this car! What's your name, Buddy?" "Napoleon."

### FINAL PROOF

She: "Would you leave your home for me?" He: "For you I'd leave a baseball game in the ninth inning with the score a tie."

### CIRCUMSTANTIAL EVIDENCE

Mrs. X: "Does your husband talk in his sleep?" Mrs. Y: "No, and it's terribly exasperating. He just grins."

"Love makes the world go round." So does a good swallow of tobacco juice.

Fred Broach, Jr., of Knox City visited relatives here last Sunday.

## Gems Of Thought

### PHILANTHROPY

They are never alone who are accompanied by noble thoughts.—Sir Philip Sidney.

Be noble, and the nobleness that lies in other men, sleeping, but never dead, will rise in majesty to meet thine own.—J. R. Lowell.

True nobility is exempt from fear.—Shakespeare.

A noble aim faithfully kept is a noble deed.—Wordsworth.

### ECONOMIC HIGHLIGHTS

The appointment of Felix Frankfurter to the Supreme Court was received with almost unanimous approval. In conservative circles the feeling seems to be that you can thoroughly disagree with many of Dr. Frankfurter's social and economic theories—but that there can be no question of his ability, experience and integrity. He is thus regarded as a fit successor to the late great Justice Benjamin Cardozo.

The appointment of Harry Hopkins to the Commerce Secretaryship and of Frank Murphy to the Attorney-Generalship fall into a very different category. Both of these men have been the centers of violent political typhoons. Both have their legions of embattled supporters and opponents. Both have been long identified with partisan politics. It was thus to be expected that there would be strong opposition to their being seated in the Cabinet. And it was also to be expected that seasoned political observers saw in these appointments, a political move of potentially great importance.

These observers have come to the view that the President is tending to believe that if he sought a third-term nomination it would disrupt the party, and make a Republican victory in 1940 inevitable. Therefore, it is reasoned, he is preparing to force upon the next Democratic convention a candidate of his own choice. And Hopkins and Murphy, so the story goes, are the men he has his eyes upon. From the New Deal point of view their records are 100 per cent perfect. They thoroughly share the President's philosophy of government. And they are energetic and ambitious.

So far so good. But there is a strong wing of the Democratic party, led by the Southerners, who are openly working to prevent the New Deal domination of the next convention. They want the party to take a strong swing to the right. And to them, Hopkins and Murphy are anathema. They would like some man such as Secretary Hall to lead them in 1940—but his advancing age is a bad factor. They admire Governor Lehman of New York, whom even the Republicans concede to be a first-rate statesman—but the fact that he is Jewish, in the view of some, would make his selection inadvisable. Furthermore they feel that the candidate should come from the great farm belt, which holds the balance of power in any election. As a result, seasoned politicians are saying that when the time comes, the candidate who will go to the convention with the strongest backing is likely to be Bennett Clark of Missouri, son of the late Buy Munday Products!

Published by Stu EDITOR BERTHA STENSON

Senior \_\_\_\_\_ Luch Sophomore \_\_\_\_\_

Grade \_\_\_\_\_

Mid-term exams are over now the Seniors are preparing themselves for the last four of school.

We will now take German three days out of each and Mr. Hoffman has started off mildly by making us a definition of nouns, pre and adjectives.

Who's Who in the Senior First is Josephine who is bright. She knows all the latest steps. She stays out 'till late at night. We know this for a fact.

Next is Wilma, who is a beauty. The worst and yet the best. As a seamstress she's very good. But as a cook, she's easy.

Angeline, the funniest girl in school. Uses a fork to eat her spaghetti. But she can't sit still when she's in a chair.

Teresa good cakes can make. And her grades she makes. But boys are the least of her worries. For when they approach she hurries.

About Bertha I haven't heard. But listen, dear, she's a gold digger. She's very nice, all people love her. And in everything she does.

Lucille lives on a farm. But can't be beat when it comes to mischief. She's full of mischief the day after tomorrow. And as to graduating, may.

Now since I've made you my friend, I have but little to say. And since I'm feeling today,

THE RHINELAND REGISTER

Published by Students of Rhineland Public Schools... EDITOR: BERTHA STENGEL... SPONSOR: JOHN J. HOFFMAN...

Mid-term exams are over, and now the Seniors are preparing themselves for the last four months of school.

Who's Who in the Senior Class First is Josephine who is very bright. She knows all the latest dance steps.

Next is Wilma, who is a pest. The worst and yet the best. As a seamstress she's very neat.

Angeline, the funniest of our group. Uses a fork to eat her soup. She has lots of knowledge, and she's got it fair.

Teresa good cakes can bake. And her grades she always makes. But boys are the least of her worries.

About Bertha I haven't told. But listen, dear, she's good as gold.

Lucille lives on a farm. But can't be beat when it comes to charm. She's full of mischief throughout the day.

Now since I've made you all feel gay. I have but little to say. And since I'm feeling very blue today.

shut my mouth and hit the hay. —A Senior

Junior Class News Exams are over, and are we glad! A happy ending to a school year's work is man's good grades. The Juniors have...

Now that we have taken our examinations we will have to begin reading more books and memorizing some more poetry. Some of the Juniors have almost read enough books to get the points required in our English course.

The Juniors would really like to know "Why Dorothy likes 'Beautiful Texas' so well."

Why Clara said, "The woman was died," on her German paper. If Jean can really find angles in a circle and prove them equal.

We, the Juniors, wonder why our reporter enjoyed the show so immensely Sunday afternoon. Jack Benny must be very comical.

We are really "traveling" in Geometry now, and Mr. Hoffman says we will keep on at this rate. After all we do not suppose it will harm us to take five theorems as well as a few originals for one day's work.

Listening to the Juniors sing has been our favorite hobby for the past week. The following may not be their favorite deep down in the heart, but in keeping with modern tunes, we have this list for you:

"It Makes No Difference Now."

Bernice—"On A Chinese Honey-moon." Dorothy—"Umbrella Man." Clara—"Dipsy Doodle." Margaret—"You're the Only Star in My Blue Heaven." Alma—"Two Sleepy People."

Sophomore Report What a relief it is to be rid of those exams! The majority of the class made good grades. We are beginning the second half of the term.

Monday morning, when we were standing in the room, Genevieve came in and said, "Merry Christmas." We looked at each other, astonished, wondering if she had done some loco. Then we looked outside, and we saw that it did look a little like Christmas.

Our Class As Movie Stars... Clark Gable—Albert. Clark—Walt—Florine. Alice Faye—Catherine. Charlie McCarthy—Prentice. Joan Bennett—Geneva. Myna Loy—LaVerne. Bing Crosby—Richard. Loreta Young—Ethel. Maureen O'Sullivan—Genevieve. Joe E. Brown—Elyne. Bob Burns—Clotus. Betty Boop—All of us.

We think that some of the high school girls and boys will make good teachers some day. For further information see Mr. Hoffman and the Seniors. They will tell you all about it. It seems as though some of us are going to follow the Seniors' examples, although Mr. Hoffman says not to. We don't see why we shouldn't because we think the Seniors are pretty good "kids," don't you?

We wonder what is wrong with Prentice. He must have had good luck Sunday night, because he came to school Monday morning singing, "You're the Only Star in My Blue Heaven."

Grade School News We are glad examinations are over, because it is considered as the hardest examinations. We are starting the second half of with resolutions not to talk so much and to make higher grades. Even if it isn't New Year we can make resolutions.

HOME FROM HOSPITAL The Mahan Funeral Home ambulance went to Knox City last Sunday afternoon and brought two Monday patients home from the hospital. They are Mrs. P. B. Broach, Jr., and Doris Pentecuff. Pentecuff underwent an operation for appendicitis on Tuesday of last week.

Dr. E. M. Robert spent last week-end in Wichita Falls, where he attended an amateur magicians' meeting and banquet.

is coming on the side of the highway you are walking on. When you get on the bus, always get on the side of the road the door is on, never darts in front of a car or bus. Always look on both sides of the car when starting across a railroad track, never go across the street when the light is green, wait until it turns red. If you are riding on the fender of a car, don't jump off if it is still moving, wait until it stops to get off, or you might slip and fall in front of the car and get run over. Never ride on the fender of a car if it is possible to ride on the inside.

—Wanda Sue Partridge

To Be A Good Sport  
 Are you a good sport? To be a good sport you should play fair in any game. When you are getting beaten don't get angry, and don't make fun of the other players if you are beating. When the game is over tell the others they played a nice game.

**Sophomores Write News Articles**  
**In World History**  
 In World History the Sophomores have been studying about the explorations of Magellan, De Gama, and Columbus. They have also been writing newspaper articles about these people, pretending that their discoveries have just been made. Following is an example of the news items.

**First Navigator to Make Voyage to India Via the Cape of Good Hope**  
 Lisbon, Portugal, Nov. 21, 1499  
 Vasco da Gama, a navigator and friend of the king, landed in Lisbon yesterday after some two years and three months of sailing. He left Lisbon on July 8, 1497, with three ships, fifty tons of supplies and one hundred and eighty men. On November 20, (1497) he sailed around the Cape of Good Hope. Seven months later (May 20, 1498) he reached Calicut, the object of his expedition.  
 The king received Da Gama most cordially, when he sailed into Lisbon harbor yesterday. With Da Gama was one ship, fifty men, and a cargo of sixty times the cost of the expedition.  
 By this route Portugal can take part in the spice trade of the Far East.  
 —Donnie Partridge

**Seniors on Parade**  
 Mamie Tankersley has been selected as this week's subject for discussion in the senior class.  
 Mamie was born at Alexander City, Alabama, (so that's the reason for that Southern drawl) on June 7, 1923. She started school at New Providence, Alabama, and stayed in that school until she completed the fifth grade. She next attended the Kackneyville High School, where she graduated from grammar school at the completion of the sixth grade. (In Alabama, there are six grades of Grammar school and six grades of High School.)  
 The Tankersley family then moved to Texas, where Union Grove was Mamie's next source of knowledge. At Union Grove, she was forced to enter the eighth grade, because the seventh grade was not being taught that year. She completed the eighth grade and again moved.  
 The next school, Sunset, caused Mamie to return to the seventh grade and graduate from grammar school a second time. After this, she came back into high school and has, finally, advanced to the senior year. Mamie plans to take a business course soon after completing her high school work.  
 Her favorites are:  
 Song—"I Want to be a Cowboy's Sweetheart."  
 Colors—Blue and Pink.  
 Sport—Hiking.  
 Subject—Math.  
 Movie Star—Mickey Rooney.

**Future Homemakers Club**  
 Is Organized Here  
 Monday morning the Junior and Senior girls in the Home Economics II class organized a "Future Homemakers Club." The following officers were elected: Margaret Hardin, president; Hallie Phine Clarke, vice-president; Virginia Parkhill, secretary and treasurer; La Verne Bumpas, parliamentarian; and Juanita Hunter, reporter.  
 After the president was elected, Miss Gray turned the meeting over to her and Margaret chose Dorothy Garrett, Virginia Parkhill, and Katie Bell Swann for the social committee; Louise Gray, Winters Groves, and Cleta Jones for the program committee; Juanita Hunter, La Verne Bumpas, and Mary Herring for the finance committee, and Cleta Jones, was chosen song leader by acclamation.  
 The club will meet twice each month and will have club dues that will be paid at every meeting.  
 The girls in Home Economics I have formed a Future Homemaking Club also. The officers are as follows: President, Juanita Rogers, vice president, Jonell Smith; secretary, Jeanelle Partridge; reporter, Bernice Henderson. Miss Gray gave them the Girls Creed and the club song.

**APRECIATION**  
 We, the Senior Basketball Boys Sunset and our Coach, wish to

## O'Daniel's Pension Plan In Brief

Highlights of Governor W. Lee O'Daniel's tax and pension program were:

**1. OLD AGE PENSIONS**  
 (a) All persons over 65 and who are "in need" would be entitled to participate in the pension program. A person "in need" is defined as one whose total income from all sources, public and private, is less than \$30 a month.  
 The pension program would give to each person "in need" enough money to make his total monthly income. A man who had a private income of \$20 a month would be entitled to \$10 in pension funds.  
 (b) No person could be denied a pension because he had relatives able to support him, or because he owned property which did not produce an income.  
 (c) Pensions would be administered by the State Board of Control.  
 (d) Funds for the program would be supplied on a cooperative basis by both the state and Federal governments. The state's money would come from a transaction tax of 1.6 per cent.

**2. TRANSACTION TAX**  
 A transaction is any dealing of whatsoever nature, including industrial, professional, business, personal, mechanical, commercial, engineering, scientific or other services.  
 The tax of 1.6 per cent is on actual value. Only exemptions would be transactions involving tax payments; charity where 80 per cent goes to charity; first sales of livestock and agricultural products; salaries and wages and professional fees; sales of newspapers on the streets and street car and motor bus fares up to 10 cents and cashing a check.  
 Natural resources would be taxed on the value of the production or severance. If this section is held invalid, a special severance tax of 1.6 per cent is imposed. The tax is paid by the person owning the resource.  
 The tax is added to the sale value—the sale price plus the tax.  
 The buyer of an article pays the tax to the seller, and the seller reports to the Comptroller. The tax would be paid in quarterly installments unless tokens or stamps are used. Failure to pay the tax brings on a 100 per cent for taxes delinquent 60 days.  
 The constitutional amendment would be voted on by the people on June 3, 1939, and the enabling act would be effective September 1.  
 O'Daniel estimates the tax will raise \$45,000,000 a year.

**3. AD VALOREM OR PROPERTY TAX**  
 All state property taxes would be abolished by constitutional amendment, effective January 1, 1941, except in counties where state taxes are now remitted. In these counties, the taxes shall continue until the debt they are to retire is paid.  
 Delinquent taxes would still be due, and O'Daniel will recommend steps to collect the \$22,000,000 outstanding in a subsequent message.

take this means of expressing our appreciation of the sportmanship shown by all visitors during the tournament last week. We enjoyed having each team here and enjoyed playing each game we played. We invite every team back some time and hope we shall be able to have another tournament next year.

Claude Harrison's eyelashes, J. E. Hunter's size and weight, Ralph McBeth's cunning ways.

**Jim Reeves and Family Making Home in Haskell**  
 Mr. and Mrs. Jim Reeves and family moved to Haskell recently to make their home. Mr. Reeves, who operated the Reeves-Burton Motor Co., here, is connected with the firm at Haskell.  
 The local concern was until recently a part of the Reeves-Burton partnership, and these men still have their Plymouth agency in Munday.  
 One of the largest automobile concerns in this section, Reeves-Burton have in addition to the Dodge and Plymouth agency, General Electric appliances, Norge refrigerators and appliances, and a stock of automobile parts, accessories, etc., all with the Haskell agency.  
 The many friends of the Reeves family in Munday wish them success in their new home.  
 Miss Shirley Kothley and Miss Smith of Abilene spent the weekend in the home of Mr. and Mrs. V. Williams. They returned home Monday afternoon.

## Claudette Colbert Is Now Cast in Role Famed French Flirt

Claudette Colbert plays the second French screen role of her career (the first was a year ago, in "Bluebeard's Eighth Wife," and doubtless the most glamorous of all, in "Zaza," Paramount's daring story of the loves of a musical hall favorite. With Herbert Marshall sharing the spotlight with Miss Colbert, "Zaza" will be shown to local audiences next Sunday and Monday, January 29-30, at the Roxy Theatre.  
 "Zaza" revolves about a beautiful and tempestuous vaudeville entertainer, played, of course, by Miss Colbert, who chances to meet a man high in society and risks a public scandal to follow wherever her heart leads her. The original play, which shocked even blasé Paris, and has frequently been banned in a number of other cities, was written by Pierre Berton and Charles Simon. The screenplay comes from the pen of Zoe Akins, one of America's cleverest authoresses.  
 The story of "Zaza" plunges forward with the chance meeting of Miss Colbert and Marshall in a provincial theatre. Heretofore a sober citizen and a faithful family man, Marshall succumbs completely as the entertainer turns her wiles on him. Miss Colbert, for her part, rashly turns down the advice of her friends, and together they carry on an affair which turns into an open scandal.  
 Miss Colbert's idyllic happiness with Marshall receives a jolt when gossip tells her he is secretly married. Determined to find out whether or not she has been deceived, his sweetheart goes to his home in Paris and there, in a dramatic climax, learns the real meaning of the lives lived by women like herself.  
 Producer Albert Lewin, who has scored in the past with "True Confession" and "Spawn of the North," selected an all-star cast and Hollywood's most highly-paid director as added attractions for "Zaza." The cast includes Bert Lahr, Helen Westley, Genevieve Tobin, Constance Collier, Walter Catlett and Rex O'Malley. Behind the megaphone was George Cukor, director of "Little Women" and "Romeo and Juliet."  
 Mr. and Mrs. LeRoy Melton of Benjamin were visitors here last Sunday.  
 Mr. and Mrs. T. G. Benge and Mrs. Louise Ingram attended the Ballet Russe de Monte Carlo which was presented in the municipal auditorium in Wichita Falls on Thursday night of last week.  
 Mrs. W. M. Mayo was a visitor in Wichita Falls the latter part of last week.

## NOTICE TO BANKING CORPORATIONS

State of Texas, County of Knox.  
 Notice is hereby given to all banking corporations in Knox County, Texas, that the Commissioners' Court of said County will on the second Monday in February, same being the 13th of said month, receive proposals from any banking corporation of the county aforesaid that may be desired to be selected as a depository of the funds of Knox County, Texas, and also as depository for the trust funds of the District Clerk of said County and as a depository for the funds of the permanent school funds of said county and the funds of the Common school districts of said county. Said proposals shall be delivered to the County Judge of Knox County at his office in Benjamin, Texas, on or before 10 o'clock A.M., on the 13th day of February, 1939. Said proposals shall be for the term from the time of said bid till the selection of a depository on the second Monday in February 1941.  
 Each bid shall be accompanied by a certified check payable to the County Judge of Knox County, Texas, in the sum of \$1,000 the same being not less than one-half of one per cent of the county revenue of the preceding year as a guarantee of good faith on the part of the bidder, and that if his bid shall be accepted said banking corporation will enter into and give the required bond. Upon the failure of the banking corporation that may be selected as such depository to give the required bond the amount of said certified check shall go to the county as liquidated damages.  
 This notice is given in compliance with Chapter Two, Article 2544, Revised Civil Statutes of Texas.  
 E. L. COVEY, County Judge, Knox County, Texas.

## Mrs. Jack Mayes and Mrs. Lawrence Kimsey were Wichita Falls visitors last Saturday.

Homer Lee of Wichita Falls, president of the First National Bank in Munday, was a business visitor here last Monday.  
 Marvin Myers, vocational agriculture teacher at Crowell, visited his parents, Mr. and Mrs. Robert Myers, here over the week-end.

# HOW MUCH Does Advertising Cost?

NOT LONG AGO we heard a house-to-house salesman tell a prospect: "I can sell you this gadget 25 per cent cheaper because my firm doesn't advertise."

HOW MUCH DOES ADVERTISING ACUALLY COST? —As a customer every day in your life, you are entitled to know. AUTOMOBILES are extensively advertised. But only 3 1/2 per cent of the selling price of a car goes for advertising, or about \$17 on a \$500.00 machine. Before large-scale advertising, you paid \$1,000 for a car not so good.

COFFEE, canned foods, soft drinks, etc., have large advertising budgets. Only 5 1/2 per cent of the selling cost, or one-half cent on a 10-cent can, is used for promotional advertising. The average retail store spends from 1 per cent to 4 per cent on advertising. That costs you from 1 to 4 cents on a dollar purchase.

IS IT worth your while to pay this much for the knowledge that advertising gives you? And do you think the extensively advertised products would be possible without the volume production that is entirely dependent on advertising?

Newspaper Advertising Pays YOU Dividends!

## Pioneer Circle Met This Week With Mrs. Robers

The beginning of the Pioneer Circle met in the home of Mrs. J. R. Nelson on November 17, 1938, with nineteen members present. The object of the circle is a "get-together" of elderly women in a semi-monthly meeting. No one under 50 years of age is eligible for membership. Several members are three score and ten, and one member is 81 years old.

An exchange of quilt patterns, needle work ideas, with lots of talking and laughing comprise the entertainment. Each member calls the other by their Christian names. This week the circle met in the home of Mrs. U. S. Rogers. Present were the following members: Mesdames Nelson, Burnison, Sessions, Phillips, Condron, Redwine, Dingus, Campbell, Edwards, Bowden, Hamrick, Russell, Beas Wilson, Kenzdy, Myers, Clayborn, Lee Bryan, Isbell, Wilson, Eli Phillips and the hostess, Mrs. Rogers.

Visitors were Mrs. Milam of Breckenridge, Mrs. Goins of Crosbyton, and Mrs. French of Rochester. The next meeting will be with Mrs. Bertie Wilson at the Wilson Hotel on Thursday afternoon, February 2.

## Phillips-McMahan

The marriage of Grady Phillips and Mrs. Elvis McMahan was performed last Monday night at nine o'clock. Justice of the Peace G. M. Bryan performed the ceremony at his home here.

M. L. Wiggins and A. L. Smith were visitors in Wichita Falls over the week-end.

## Miss Lillian Rae Hudson Recipient Of Lovely Shower

On Thursday, January 19, Mrs. W. R. Hertel of Benjamin was hostess at a lovely bridal shower, given as a pre-nuptial courtesy honoring Miss Lillian Rae Hudson, popular bride-elect whose wedding will be an event of January 31.

Games provided entertainment for the guests, who remembered the honoree with an attractive assortment of gifts. Refreshments of sandwiches, cake and coffee were served to the following: Mesdames Joe Clark, Joe Hudson, White Henry Hudson, Ike Hudson, Sr., Bob Burton, Buster Redwine, Harvey Duke, J. Hertel, Carl Hertel, Theo. Hertel, William Hertel, Walter Jungman, J. A. Hertel, T. B. Hertel, W. E. Brown, and C. A. Hull.

Misses Nell Nix, Edna Hudson, Rose Ann Kreitz, Theresa Jungman, Pauline Homer, Helen Homer, Martha Brown, Rose Brown, Lillian Verhalen, and the hostess, Mrs. W. R. Hertel.

Sending gifts, but unable to attend were: Mesdames Ray Akin of Austin, Tom Clark, Agnes Blake, Luth Moore, Herman Jungman, M. A. Verhalen, Chester Smith, Mat Kreitz, H. Hudson and Elvis Clark.

## Dr. J. B. Reneau, Jr. of Paducah

Dr. J. B. Reneau, Jr. of Paducah, spent last week-end here with his parents, Mr. and Mrs. John B. Reneau.

Mr. and Mrs. Joe Bailey King returned home last week from Memphis, Tenn., where they had been for some two weeks. Mr. King was working on a course in diesel engineering.

## Munday Study Club Has Regular Meeting At The Club House

The Munday Study Club met Friday, January 20, at the club house for a regular meeting. Mrs. Jack Mayes, president, called the meeting over to Mrs. H. F. Barnes, program director for the afternoon. Roll calls were given. Life of John Steinbeck, Mrs. R. V. Reynolds.

Piano Duet, Maxine Eiland and Jean Williams.

Review of "Of Mice and Men," by Mrs. H. F. Barnes.

A short business meeting followed the program.

## The following was given at the business meeting on January 6.

The Nominating Committee presented the following for officers for the next year and they were elected: President, Mrs. J. R. Burnison; First Vice President, Mrs. Jim McDonald; Second Vice President, Mrs. R. V. Reynolds; Recording Secretary, Mrs. Chan Hughes; Treasurer, Mrs. D. E. Eiland; Assistant Treasurer, Mrs. Paul Pendleton; executive member, Mrs. Jack Mayes.

The meeting adjourned with the reading of the club collect.

Members attending this meeting were: Mesdames W. L. Barber, H. P. Barnes, P. S. Broach, Sr., Mrs. P. S. Broach, Jr., W. R. Cabaness, D. C. Eiland, J. C. Harpham, R. B. Harrell, Chan Hughes, L. A. Jobe, Sebern Jones, Lawrence King, Jack Mayes, Jim McDonald, Paul Pendleton, R. V. Reynolds, P. V. Williams, A. L. Smith, R. D. Atkinson, T. G. Beuge, W. E. Braly, Oates Golden and Miss Maad Isbell. Guests present were Mrs. Dorse Rogers of Houston and Miss Sylvia Barnes.

## Mr. and Mrs. J. H. Beatty and

Mr. and Mrs. J. H. Beatty and daughters, Louise and Cammie, attended the funeral of Mr. Copeland, train accident victim, in Stamford last Sunday afternoon.

Mrs. Dorse Rogers and son, Bill, returned to their home in Houston last Sunday after a visit of several weeks with relatives and friends here.

## John B. Reneau And Wife Celebrate 30th Anniversary

Mr. and Mrs. John Reneau celebrated their thirtieth wedding anniversary at their home on Monday on January 21 at six o'clock with a buffet dinner.

Beautiful gifts were presented the couple by friends and relatives who attended the event. After dinner, several games were played. Present were Mr. and Mrs. Clay F. Grove, Mr. and Mrs. L. W. Herbert, Mr. and Mrs. E. Dickerson, Mr. and Mrs. Robert Myers, Mr. and Mrs. H. E. Thompson, Miss Billie Joe Dickerson, Dorse Dickerson, Marvin Myers, Crowell, and Dr. J. B. Reneau, Jr., of Paducah.

## Sunset H.D. Club Meets On Tuesday With Mrs. Partridge

The Sunset Home Demonstration Club met Tuesday, January 24, at 2:30 p.m., at the home of Mrs. T. J. Partridge.

The new officers were present and took charge of the meeting. Plans were discussed for raising funds. After the business meeting, Mrs. Lonnie Offutt gave a very interesting talk on "Art Appreciation." We are studying 48 different pictures by noted artists. This course will be very educational. We are sorry that some of the members were absent on account of illness.

Plans were made to go to the demonstration at Benjamin on "Making Down Comforters," by Miss Nina Astin.

Our club meets February 14th with our President, Mrs. A. P. Garrett, and the subject of the meeting will be "Dried Fruit Cookery." Members are urged to be present, and bring someone with you.

Members present for the meeting were Mesdames Lonnie Offutt, J. W. Henderson, Emmett Partridge, J. T. Sykes, A. P. Garrett and the hostess.

## Surprise Shower On Sunday Honors Mrs. W. H. Kuhler

Honoring Mrs. W. H. Kuhler, formerly Miss Ellen Steinbach of Rhineland, bride of January 10, Mesdames Adolph Bertrand, Henry Neusch and Henry Billingshausen were hostesses at a shower last Sunday.

A large assortment of attractive gifts were presented to the honoree, following a delightful refreshment course which was served to:

Mesdames John Detten, Frank Grabber, Henry Neusch, Francis Neusch, Robert Detten, Arthur Detten, Mike Kink, John Levines, Ed Gable, Al Brothing, Elmer Cramer, Al Bichsel, Leo Detten, Henry Detten, Adolph Bertrand, John Berg, Leo Aichlmayr, Ed Dalton, John Billingshausen, Henry Billingshausen, Miss Regina Neusch, Miss Ann Neusch, Leon Koenig, Leo Gable, J. J. Berg, Edgar Raef, Bath Billingshausen, Ben Koch of Umlinger and C. H. Woods of Amarillo.

## "Wings" Chief Presents A New Aviation Epic

The man who made the most sensational airplane picture of the silent days, "Wings," produced the air, "Men With Wings," which will have its first local showing next Tuesday, Jan. 31, and Wednesday, February 1, at the Roxy Theatre. He is William A. Wellman, who, in addition to the never-to-be-forgotten "Wings," filmed two outstanding recent successes, "A Star is Born," and "Nothing Sacred."

A flying ace himself, Wellman is thoroughly familiar with every detail of planes and knows as well as any man in Hollywood the psychology and personality of fliers. During the filming of "Men With Wings" the most elaborate air picture ever made, he personally interviewed all stunt fliers before hiring them for roles in the film, supervised the collection of famous views of planes, and often took to the air himself to film a particularly tricky sequence.

"Men With Wings" tells a romantic story of three young pioneers of the airways who are caught in the surging current of aviation's march to triumph and whose lives are bound up in the progress of flying. Fred MacMuray, switching from light comedy roles which have characterized him in a dozen pictures, plays the dramatic lead, teamed with Ray Milland and Louis Campbell.

Mrs. W. R. Cabaness and son, Ralph, visited Mrs. Cabaness' brothers, E. C. Ford and W. F. Ford, in Sweetwater last Tuesday night.

Mr. and Mrs. Jim McDonald have as their guest this week Mrs. McDonald's grandmother, Mrs. G. W. Eagle of Wichita Falls.

## THE FLY'S FAULT

The dress rehearsal of a new musical comedy was in progress, and tempers were short.

In the midst of the leading lady's big song there was a horribly discordant blare from the near-sighted man who manipulated the bassoon.

The conductor, stopped the orchestra and glared at the culprit.

"Mr. Jones," he barked, "will you be good enough to tell me which note you were playing?"

"I'm sorry, sir," quavered the blushing musician, "it wasn't a note—it was a fly."

## HEFNER NEWS

Mrs. E. J. Jones returned from a visit to Newton, Miss., where she attended the 50th wedding anniversary celebration of her brother, Willie J. McMullan and wife, Jan. 17th. Open house was held from 2 to 4, p.m.

The couple has lived in the same home, and on the same farm, 50 years. Their five sons, three daughters were present and many relatives and friends from surrounding communities and from four states were present for the event. Piano music and songs were heard during the evening.

All rooms were decorated with flowers, Southern smilax, native shrubs and pot plants. A huge wedding cake was very attractive on the dining table, lighted, as were the other rooms, by the soft light of candles.

Block brides' cake, stuffed dets, hot tea and coffee was served by the neices.

The color scheme was carried out in the many useful and pretty gifts.

The bride of 50 years wore her wedding dress of 1889, and it was in excellent condition, color was boy blue, made in the prevailing style of that day, entirely new to most people present.

The groom's coat, a genuine Albert, which he wore in 1889, was of much interest to the guests, and was in good condition.

"Till," the 90-year-old neccess who nursed Mr. McMullan, was seated in an old family chair, with the baby chair of three generations by her side.

Many visitors saw the family heirlooms, a library 100 years old, a chest that John McMullan brought over from Dublin, Ireland, in 1740. He was a tailor by trade, and cut and made George Washington's first military suit, as commander-in-chief. The chest now contains tools and trinkets, handed down by the descendants of great grandfather John McMullan.

## WASHBURN NEWS

Health of the community is very good at this time.

Mr. and Mrs. J. M. Smith visited Jerald Reynolds who is in the Knox County hospital for treatment.

Mr. and Mrs. Thurman Gulley visited relatives near Weinert last Sunday.

Mr. and Mrs. Claude Hill and family visited Mr. and Mrs. A. M. Searcey and family last Sunday.

Clarence Booe and family visited Dr. Booe's parents near Weinert last Sunday.

Mr. and Mrs. Lamar Searcey made a business trip to Rule last Tuesday.

Angeline and Virginia Nell Yates visited relatives near Goree last week end.

Mr. and Mrs. Brice Dobbs of Munday spent last Friday with Mr. and Mrs. Lamar Searcey.

Mrs. Ellis Medley of Santa Rosa, New Mexico, visited her sister-in-law, Mrs. A. E. Warren, of Munday, and her mother, Mrs. J. W. Medley of Weinert last week. Her husband spent the week-end here, and they returned home Sunday.

## Abilene Named For Next Meet Of Group Lions

Abilene was chosen by Lions Clubs at the Roscoe group meeting last Tuesday night as the place for the next meeting, which will be on April 6th. An executive board meeting will be held at this time, opening at six o'clock, and the regular group meeting will begin at 7:30 o'clock.

The Roscoe club was host to about 150 Lions from over this district at a barbecue dinner. Reports of club activities were heard from each club represented, and speeches were made by district governors of districts 2-E and 2-T.

The group voted to support Sweetwater for the 1940 district convention. The 1939 convention will be held in Mineral Wells this summer.

Representing Munday at the meeting were: W. R. Moore, president; Fitzer Baker, Sebern Jones, Boyde Carley, W. R. Cabaness, W. E. Braly and Lee Haymes.

Clubs represented were: Knox City, Munday, Haskell, Abilene, Sweetwater, Anson, Merkel, and the host club. The meeting was presided over by Group Chairman Self, formerly of Rule.

## FIRST BAPTIST CHURCH

We are looking for you next Sunday for all of the services. This new year that we have just begun is one-twelfth gone already. Are we putting into practice those good resolutions we made a few weeks ago? Today is a good time to check up and take another hitch in the loose line. We are happy as we go about to find the excellent interest that is being manifested in the work. There is a place and a work for every one of us.

"It is not the individual. Or the army as a whole. But the everlasting teamwork Of every bloomin' soul!"

Next Sunday morning we will have the third sermon on Revelation. Evening, Things That Cannot Be Shaken. If you want to make the pastor extremely happy, and get a great blessing for yourself, come to the services Sunday. We are delighted with the response we are getting this week to the idea of putting the Baptist Standard into every home in the church. Will have more to say about it Sunday. Come to see us.

W. H. ALBERTSON

## Rhineland News

Mr. Albert Loran and Miss Veronica Schumacher of Abilene were visiting relatives and friends here.

Miss Helene Bert of Peop, Tex., a well-known singer, visited the past week.

Mrs. George Schumacher is visiting in Rhineland.

Mr. and Mrs. Homer Ledbetter of Wichita Falls were here attending the wedding of Mrs. Ledbetter's sister.

Mr. and Mrs. George Wilde of Wichita Falls visited relatives here Sunday.

## Women Drivers Reputation Unjustified, Says Writer

Forty million drivers are on America's highways but only a fourth of them are women.

Contrary to the popular male conviction that there are too many women drivers, Rose Wilder Lane in the January Good Housekeeping Magazine maintains that no one knows how many accidents have been caused by the fact that so few women know how to drive.

"The woman, wanting to be careful and knowing nothing what about driving, tells the driver she can't come which she saw minutes ago," she writes in the second magazine article in Good Housekeeping's Safety Campaign. "She wants him to avoid the fouling truck that he is already avoiding, she continues to announce the visible curve until he answers her, and starts: 'Stop! Stop!' in that sudden instant when nothing but swiftest speed and will prevent murder and suicide."

Does the woman driver justify her bad reputation? The American Automobile Association, the veteran pioneer in motoring, has noted this month's question and has found that men are slightly but only slightly, better able to drive than women.

"But why argue whether men or women are better drivers?" Miss Lane asks. "The point is that more of America's women should learn to drive and more women drivers should learn to drive better."

The increasing demand for schools of driving has furnished

## An Infestation—Grasshoppers May Be More Plentiful In Panhandle Area

Texas may expect a 1939 grasshopper infestation estimated as 28 per cent more severe than that of 1938 and one capable of causing 15 million dollars damage to crops, in spite of the fact that there will be fewer hoppers in the United States as a whole.

This estimate comes from R. R. Reppert, entomologist of the Texas A. & M. College Extension Service and state grasshopper control leader, and is based on egg surveys made by federal supervisors and county agricultural agents.

Most of the damage will come from the migratory species which threatens 23 counties in the Panhandle. In all, 115 Texas counties may expect infestations of varying degrees.

The 1938 infestation caused losses of \$1,766,908, while savings estimated at \$10,238,988 were effected by the migratory species. About \$200,000 of federal funds, administered through the USDA Bureau of Entomology and Plant Quarantine, were expended in Texas in 1938, and local contributions of labor and material were in excess of this amount, Reppert said.

The federal-state-county plan of control in effect in previous years will again be used in 1939, and plans are already being made to combat anticipated infestation.

**Assembly Program**  
 The Seniors sponsored the assembly program last Friday morning. The program consisted of songs by a group of senior girls, and a talk, made by Judge E. L. Covey, on "Ambition."

The entire student body enjoyed the talk very much, because it made the boys and girls realize the value of their ambitions for the future.

**Juniors**  
 "Remember this by tomorrow," "Everyone in class should know that by Friday."

"Know your declamations, your spelling words, the countries that claimed Oregon at the beginning of the nineteenth century, Lincoln's Gettysburg Address, and know the types of bacteria."

The teachers seem to think there is no end to our mental capacity. How can you think that we can accumulate that much knowledge in one week, plus the regular mischiefs!

Since the excitement of the mid-term exhibits are dying down, the Junior boys and girls in American History class are preparing several interesting projects for demonstration at the next exhibit, such as: first railroad lines in America and their expansion to the west, and styles of dress since the colonies were established.

**Sophomore Class**  
 The Sophomores are having great sighs of relief for sure now. Mid-term exams are over and so is the mid-term exhibit, which means the school year is half over. The Sophomores did their best work, and many Sophomore notebooks and projects were on exhibit.

Our study in English has changed this semester from Literature to Grammar, much to the distaste of the class.

**School Exhibit**  
 Last Friday afternoon, the halls and different rooms of the schoolhouse were flooded with the work of the students.

This exhibit showed the fine quality of work that the students are doing. Each class had an exhibit, each of which showed excellent scholarship. But the exhibit that was of surprising quality to most of the visitors was the Sophomore Literature department. In

## A TRIBUTE TO THE NEW GOVERNOR OF TEXAS

By Ann Burris  
 Millions of admirers of the new Governor were present at the most touching inauguration of the history of Texas on January 17. Other millions heard the inauguration in their living rooms throughout the State, and throughout the State "The People's Choice," is being honored, admired, and welcomed.

Surely no other Governor has been more unanimously elected or more worthy of a people's trust and support. W. Lee O'Daniel's loyalty to our State, his wish for its betterment and welfare, is the common knowledge of each citizen of Texas. His ever-famous tribute, "Beautiful Texas," written, as he said, before he ever thought of becoming our Governor, is an example of what he thinks of "The most beautiful State that we know."

And so, as our new Governor takes command of "The Ship of State," all citizens of Texas express their loyalty and trust in his judgment, and with Rudyard Kipling, we can truthfully make this plea for our Governor, upon whom we have placed our undivided confidence, faith and genuine support:

"God of our fathers, known of old,  
 Lord of our far-flung battle line,  
 Beneath whose awful hand we hold  
 Dominion over palm and pine—  
 Lord God of Hosts, be with us yet,  
 Lest we forget—lest we forget!  
 For heathen heart that puts her trust  
 In reeking tube and iron shard—  
 All valiant dust that builds on dust,  
 And guarding, calls not Thee to guard—  
 For frantic boast and foolish word,  
 Thy mercy on Thy people, Lord!"

## Your 1939 License Plates

Better Visibility Is Afforded in Design Of New Licenses

PAINT ALONE COSTS \$23,000

Prison Labor Is Used Again In Putting Out Plates

Editor's Note: The following detailed account of manufacture of 1939 license plates by Lionel Beck appeared in the January issue of The Texas Parade.

The appearance and design of motor vehicle license plates have come to play no small part in promotional programs of the respective states. Due to the widespread travel undertaken by the individual owners of motor vehicles, a state's license plates probably are seen by more out-of-state residents than any other form of advertising available in a state. Texas obtained wide publicity through the use in 1936 of license plates denoting that year as the year of the Texas Centennial. Massachusetts, Louisiana, New Mexico, and many other states take advantage of their motor vehicle license plates to call the attention of the rest of the country to their particular areas. Thus, increasing attention is being paid by the more progressive states to the manufacture and design of license plates.

Texas motorists will be furnished with plates this year by The Texas State Highway Department that will be a distinct addition to the beauty of anyone's automobile, several changes having been made in the manufacture and design. Passenger motor vehicles will be furnished with plates having a gold background with purple letters. The plates will be the same size as last year, but the lettering has been changed to provide greater visibility.

Special attention is being paid to paint to be used on the 1939 plates. Engineers of the department made extensive investigations into the type of paint that would be suited best to Texas' varying climate and weather conditions. The formula for the paint was worked out by paint experts who are being manufactured under supervision of an inspector from the State Highway Department. The contract price for the paint is \$23,000.

Failure of paints to stand up in previous years under a year's hard driving led to the development of the new formula. Especial difficulty has been encountered in the past in obtaining a type of paint suitable for use of vehicles in the coastal country. The old type of paint flaked off and permitted the plates to corrode, resulting in yellow streaks vertically on the plates. Allowance for the peculiar conditions along the coast was made in the paint formula. If the formula to be used on the 1939 plates is not fully satisfactory, the Highway Department will make further investigations until a satisfactory paint is developed.

The paint contract calls for 10,200 gallons of gold-dipping enamel and 7,300 pounds of purple tannin ink for the passenger plates. In manufacturing the 1938 license plates, it was estimated that one gallon of paint was used for 900 plates. Under the plan for painting the 1939 plates, between 250 and 300 plates will be painted from one gallon of paint. The new type of paint also is calculated to decrease glare caused by reflection of the sun on the plates. The plates will have holes in each corner, and, for the first time, also will have horizontal slots to facilitate attachment to vehicles.

The commercial vehicle plates will have black numerals on a green background, while farm trucks will have white numerals on a red background. Black numerals on yellow background will be used on

## Cotton Surplus Gets Attention Of Tom Connally

Washington D.C.—United States Senator Tom Connally of Texas gave immediate attention on his arrival in Washington for the opening of Congress to a plan for reduction of the cotton surplus.

"The accumulation of the vast surplus on account of government loans is a constant load that is keeping down the price of cotton," Senator Connally asserted, adding, "This surplus must be reduced. The government now has on hand more than eleven million bales of loan cotton and by August first will possibly have two additional million bales."

Continuing, Senator Connally said: "I propose that the government corporation and the WPA three million bales with directions that the same shall be manufactured into cotton mattresses and other cotton articles for home consumption and be distributed to families on relief and to industries who can make a showing as to need for same."

Stressing this feature of the plan, Senator Connally observed: "Many persons who spend their lives raising cotton are in need of many simple home necessities, which could be supplied by the utilization of cotton. Of course, the WPA of other distributing agent would establish a standard as to applicants who may be worthy so as not to disturb the market now supplied by manufacturers and dealers. To give a mattress to one who is not able to purchase one would not in any wise interfere with such market. The tremendous cotton surplus must be reduced. The government already has on hand this cotton for which it has said we are spending many hundreds of millions for relief purposes. Why not spend some of this cotton and serve the double purpose of affording relief and also reduce the cotton surplus."

"The surplus must be reduced if we are to have any success with the cotton program," Senator Connally concluded.

Senator Connally's action was based on information and advice received from many sources while spending the last several months in Texas giving attention to various problems coming before Congress with special reference to agriculture. He traveled over 14,000 miles, going into every section of the state and contacting thousands of people in an effort to be of aid

**Still Coughing?**  
 No matter how many medicines you have tried for your common cough, chest cold, or bronchial irritation, you may get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel germladen phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

# OUR ANNUAL BIG NINER SALE

STARTS THURSDAY—LASTS TEN DAYS—MANY EXCEPTIONAL VALUES

**Waipaper Cleaner**  
 Cleans wall paper, oil-painted walls and window shades with out streaks or spots. 12 oz. can  
**9c**

**Gooseneck Carpenters' Wrecking Bars**  
 Made of steel. One end pointed, other end claw. 12 in. long, for  
**9c**

**Knife & Fork Tray**  
 Very practical and convenient. Unfinished wood, 3 compartments.  
**9c each**

**Galvanized Pail**  
 To the first 50 customers attending this sale on opening day, we will sell a full size 10-qt. pail for only—  
**16c**  
 One to customer—Adults only.

**Aluminum SAUCEPAN**  
 This pan will fill many requirements for kitchen use. Holds 1 1/2 quarts. Regular value 20c, now only—  
**9c**

**FLOUR SIFTER**  
 Handy 5-cup sifter, side crank with green knob. A real buy—  
**9c**

**Look What 9c Buys**  
**BLUE BRILLIANT ENAMEL**

Pieces in this 9-cent Group include:  
 1-qt. Sauce Pan      2-qt. Pudding Pan  
 1 1/2-qt. Sauce Pan    1-pt. Dipper  
 1-qt. Mixing Bowl    Straight Side Cup

To see stars. Hold your finger between the nail and the hammer. To control your boyfriend. Read "Maggie and Jiggs."

Louise was out on the farm visiting Audrey Nell. Louise appeared very much interested in chickens.

Louise: Audrey Nell, if that hen laid an egg would you let me keep it?  
 Audrey Nell: If that hen laid an egg, I'd send it to the Washington Museum, because that hen is not a hen, it's a rooster.

## Report of the Juniors

I was not surprised the other day when I saw several students that hardly ever looked at a book just studying their heads off. One glance at the blackboard and I had the reason. There was the schedule for the exams! This way of studying, just to make a good grade on an exam, is not beneficial. The material you read will probably stay on your mind just as long as the exam lasts. Then it is forgotten.

Many students go all the way through high school with the idea, "Oh, well, just so I make a passing grade," but I wonder if they ever stopped to think: what is school, and why do we attend it? I am sure that if they were to take these two questions and think on them for even thirty minutes, they would do better in their work. Here's hoping that everyone gets the best and longest-lasting knowledge out of his exams!

We still believe our pep leader is a hopeless case because Friday morning she got up to make an announcement to Miss Kennedy's chorus group and said, "All of the boys and girls in chorus please go to the back door of the auditorium and all that don't have their dresses on may sing anyway."

One day a little boy died and one of his closest friends went to his funeral. All of a sudden the little boy started laughing and his mother said, "Sh-h-h-h, what's the matter?"

The little boy replied, laughing: "Johnnie said he wasn't going up above or down below, and now he's all dressed up and has no place to go."

He had just returned from Paris and said to his old aunt in the country: "Here, aunt, is a silver frame picture I brought you from Paris as a souvenir."

"Thanks, Herman," said the old lady. "I wish you'd thought to have brought me one of them Latin Quarters I read so much about."

## Home Economics Report

The second year Home Economics girls are learning to knit. They didn't begin by winding their thread on the spools of their faithful dog, but they got it wound evenly by a neat wall. When we visited them, they were all gathered around their tables in one big circle, and they didn't look like the ladies' aid, either. It was quite fascinating to some, and a few managed to get their thread tangled. Mrs. Dillon was on hand to help them over the difficult spots. They have brought their work to the study hall and it seems that they have interested some of the boys in knitting socks and sweaters.

The Home Economics Club served the Tri-County Medical Association at their last meeting on Tuesday night. There were twelve doctors present. The Home Economics Club, of course, makes a point to serve good food so you can be sure the menu didn't consist of a few faded green peas. Each of the doctors did his part toward an enjoyable evening.

**Dignities**  
 Leslie has a very entertaining contraption that he brings out in class when the subject gets boring. It is a miniature star checkerboard on the back of his notebook. Some pastime!

We are trying to figure out whether Orrin Jo is a "furriner" or just a typical senior. He answers "aye," and he thinks we live in the study hall instead of sit.

As I was going to a silly class this silly morning I met a silly girl in the silly hall who was talking to a silly boy. It seems silly but the silly girl dropped her silly book on the silly floor so the silly boy would have to pick up the silly books. I stopped for a silly minute to hear what the silly kids were saying. The silly boy was mad cause the silly girl was moving to a silly town where he would have to go to a lot of silly trouble in order to see her. He told her that this silly school was as good as any at the other silly towns, but she acted rather silly and told him that she didn't want to move to the silly old town. Anyway I was late for my silly class, and my silly teacher said some silly things about silly students who can't get to silly classes on time. Heavenly days! We're silly enough without going to silly classes! What good is a silly education anyhow? But I got so mad at those silly kids I'm going to tell you what their silly names are... sometime!

We heard six seniors who were on edge as to whether they will ever get out of school or not singing their way to fame with the following verse: Heigh Ho! Heigh Ho! It's off to school we go! We learn the junk And then we flunk! Heigh Ho Heigh Ho!—Upper Iowa Collegian.

This week is known in some schools as "Dead Week," to us it means simply that we either cram or wish we had. Exams are in session and will have the spotlight for a week. Sure it is cold, but you'd never know it if you could see us taking exams.

Why wasn't the president of Las Mascotas at the Wiener roast Thursday night? Maybe he doesn't go in for wiener roasts?  
 What high school boys started playing robber and police at chapel Friday?  
 Strange as it seems, Floyd Nelson had a picture taken and it looked like her!

**Roward-Opal Offutt.**  
 Description: Five feet four inches tall, brown eyes and brown hair. A million dollar smile and intelligence hard to equal.  
 Born: On farm near Munday on April 6, 1920.

 Favorite Song: It Makes No Difference Now.

**Ambition: Beauty Operator.**  
 Accomplishments: Played volleyball in Sophomore year. Valedictorian of seventh grade. She has lived at Sunset where she went to school until she entered the eighth grade in Munday.

## Malnutrition Is Concern Of Health Group

Austin, Texas, Jan. 18.—The past half-decade has seen malnutrition become a matter of concern to public health officials, physicians and teachers in Texas. It is estimated that 50 per cent of the school children in the state are malnourished to some degree. And in view of unemployment and adverse economic conditions among certain groups of the population, malnutrition is being greatly intensified," states Dr. Geo. W. Cox, State Health Officer.

"Strictly speaking, malnutrition is not a disease but rather a condition due to poor or faulty nourishment. The child is usually thin, though he may be fat or flabby. He is often pale, with dark hollows under the eyes, lacks muscular tone, has rounded shoulders and in the more advanced stages, malnutrition produces a child with a narrow and flat chest, protruding abdomen and without spirit or mental vigor.

Specific causes of malnutrition are insufficient or unsuitable diet, wrong food habits, insufficient sleep, chronic fatigue, lack of exercise, disease, physical defects and an element of heredity.  
 "Malnutrition in itself justifies concern. However, the results of malnutrition present the biggest problem and involve stunted growth, anemia, nervous irritability and diminished energy. Its most serious consequence, moreover, is increased susceptibility to disease and lack of resistance to it. Too, the relation between malnutrition and tuberculosis is conclusively and mathematically established. In short, malnutrition is an abnormal condition which if it is permitted to continue in many cases, results in serious illness and possible death," Dr. Cox further stated.

"Increased malnutrition is facing not only Texas, but the nation at large. A well balanced program of meals is the best weapon against it. Parents must realize the importance of an intelligently applied diet. Communities can ill-afford to underestimate this vital and elemental factor in their welfare activities.

"It is not too strong a statement to make that malnutrition among our youth, especially among the families of the unemployed and the low economic strata, represents a powerful enemy against the na-

tion's future welfare. Intelligent action is needed to successfully combat it.  
 "The State Health Department of Texas is doing its part and will send free of charge nutrition information and sample menus embodying the principles of well-rounded dietary to all who request it. A penny post card addressed to the department will bring the information by return mail.

## Ideal Husband—

### TSCW Students Name Young Doctor For Ideal Mate

Denton, Jan. 16.—Any 25-year-old doctor about six feet tall and weighing around 180 pounds who would like a wave of immediate popularity should go to the campus of Texas State College for Women, since the majority of girls there have judged such a person their ideal man for marriage.

Other specifications are that he must be a college graduate, that he should have saved \$1,000 before the fatal step, and that he should be making \$25 a week at the very least. Lawyers, business men and engineers are runners-up in the collective TSCW preference, and 24, 26 and 28 are also considered acceptable ages. The girls themselves prefer to marry at the ages of 21, 23 or 29.

## SHELTERBELT PLANTINGS IN PROGRESS

Wichita Falls, Texas, December 21.—For the past month, the Prairie States Forestry Project has been preparing for the 1939 planting of shelterbelts. Approximately 4,800,000 trees will be available for this purpose from the government leased nurseries at Vernon and Plainview. State Director W. E. Webb of Wichita Falls states that more than 500 men will be engaged in planting approximately 600 miles of shelterbelts in Texas during the next three months.

District officers at Vernon, Childress and Shamrock have been organizing their staff and field crews to handle the shipments of trees as they are received for the nurseries. Over a dozen species of trees and shrubs will be used in these plantings. Included are honey locust, cottonwood, chinese elm, green ash, walnut, desert willow, tamarix, osage orange, and several others. Most of these will be set out in 10-row shelterbelts to most effectively serve their purpose. Rows vary from 8 to 10 feet apart.

It is common knowledge that these shelterbelt plantings are of great value for reducing wind erosion. Not so well known, but almost equally important, is that they materially assist in the conservation of soil moisture through reduction of evaporation over the adjoining fields. They also serve as a protection to crops, particularly in the early spring, when they would otherwise be blown out or badly damaged by blowing sand. They have considerable value for protecting livestock from severe weather conditions and reduce the feed requirements. Of interest to many is that they serve as refuges for quail and insect-eating birds. After some years of growth, the owners of these shelterbelts can often secure various wood products such as fence posts and fuel from thinners with the shelterbelt.

Application for the cooperative planting and care of these shelterbelts are being received at all offices of the Prairie States Forestry Project. Main offices are located at Vernon, Childress, and Shamrock. Sub-district offices are located at Quanah, Memphis, Paducah, Clarendon, and McLean. After an application is received, competent officers will make an examination of the location and soil types and determine whether the proposed area will meet the necessary requirements for a shelterbelt planting. All those interested in submitting their application should do so at an early date as the stock of trees available for planting this year is limited.

The Forest Service officials make it plain that the farmer must agree to do his part in cultivating and protecting the shelterbelt before they will approve an application. The trees and the labor to plant them will be furnished by the Government, but as the shelterbelt must be cultivated frequently for the first few years, the farmer must do his part if the shelterbelt is to be a success.  
 Anybody who owns a farm within the vicinity of the above mentioned towns, may submit an application to the Prairie States Forestry Project for a shelterbelt.

## SHADE TREES

"We don't usually think of it during winter, but now is the time to remember how much shade trees were needed here and there about the home last summer," said Sadie Hatfield, landscape gardening specialist of the Texas A. & M. college extension service.

Trees transplanted now from nurseries or the woods will have an opportunity to settle into the soil and be ready to grow by the time spring arrives, she pointed out. She recommended that trees be pruned back heavily and shaped up at the time of transplanting.

"If trees are planted where they are needed and with consideration for the size they will attain within a few years, they usually fit nicely into the landscape picture," Miss Hatfield stated. "Generally they should not be planted in straight rows as this gives an artificial and mechanical picture, but should be placed so as to look as if they grew naturally where they were planted."

## JUST BECAUSE

"Why do you weep over the sorrows of people in whom you have no interest when you go to the theatre," asked the man.

"I don't know," replied the woman. "Why do you cheer wildly when a man with whom you are not acquainted slides safely into second base?"

## EXPENSES

The farmer came back, puffing and blowing, and threw the rake into the corner.  
 "Good heavens, Dad," cried his wife. "What did you chase that poor man off the farm for, like you did?"

"Reason enough," growled the farmer. "I've just had to buy you that new hat and dress, and I had to buy Daisy a present for her birthday, and I had to buy a new suit for David, because he's crazy on that Bruke girl. I had to buy a new set of harness for the horse; and a cow rug for Strawberry; and I had to buy that license for the dog."

"Yes, but what has that got to do with it?"  
 "That fellow asked me if I wanted to buy something for the mosquitoes!"

**SPORTS COMMENTS:** Reddy Kilowatt, whose kirchen battles have made him famous in many thousands of West Texas homes, last year chalked up another victory against Meanie Drudge, nemesis of the fair sex. In a grudge fight from start to finish, Reddy electrified a huge crowd composed mostly of women. His great range of blows to Meanie's bread basket had the customers shouting with joy. The knock-out came when Reddy ironed him out ready for the vacuum cleaner. As the dim light went out in Meanie's glaring lamps, many hundreds of homes were properly illuminated by the I-E-S shiners Reddy introduced. "Give me frigidaire," Meanie cried as he went down for the full count. The fans were turned on... but too late for Meanie Drudge. What he needed then was not a ventilator but a warming pad. Meanie was out, cold as an electric refrigerator.

It took a toaster to bring Meanie around... that and a shower with an electric hot water heater providing the warm glow of life. First thing he did was yell for a cup of coffee made in an electric percolator. Next he wanted nourishment. "Bring on the food mixer!" he yelled.

Sports writers gathered around his table looking for a convenient outlet. "Fellows," Meanie announced, "you can quote me as saying I'm a reformed man. From now on I'm living the modern way... the electric way."

### Sunset Eagles—

(Continued from Page One)

The third game Friday night fell between Bomarton and Sunset. Both teams seemed confident of winning, and went on the court to show all they had. The Bomarton boys held the Eagles to only a small lead in the first half, but at the end of the game the Eagles were leading by a score of 41 to 15.

The last game Friday night came between O'Brien and Swenson. O'Brien had a large number of fans, while at the beginning Swenson had practically none. Further into the game as the scores remained close, and each team played excellent ball, the Swenson boys seemed to have gained almost as many fans as O'Brien. The game ended in a tie. An extra period of time was played and Swenson was the winner by a score of 29-27.

Saturday morning brought up the eighth game of the tournament. This game was between the boys from O'Brien and Seymour. The O'Brien boys seemed to be a little too confident and were almost overcome by the Seymour boys. "Those Seymour boys are certainly improving," was the phrase coming from the O'Brien team after the game. Even though the score ended Seymour 23, O'Brien 24 O'Brien had better be careful, or the score might be reversed the next time.

Another game Saturday morning was between the Munday Moguls and the Knox City Grayhounds. These teams were very sincere in their efforts to win consolation. They both went on the court to do their best. When teams came off the court, the Grayhounds had their heads up as if they were proud of winning another game which put them nearer their mark.

The next game came off Saturday afternoon at one o'clock. This game was between Goree and the Swenson teams. Each team went in with a determination of coming out winner, but at the end the Goree boys dropped their heads, because they knew they had lost their chance at another first place trophy. The Swenson boys seemed very happy, because they knew they had taken another step toward the first place by a score of 36 to 29.

The second, and last game, Saturday afternoon came between Sunset and Benjamin. Those Sunset boys who had beaten Benjamin before, came out feeling as if they had a cinch, and the Benjamin boys came out playing their best. Benjamin showed nice playing throughout the game but lost by a score of 29 to 19.

Saturday night brought the final games both in consolation and the winner of the complete tournament. The first tournament game Saturday night fell between Knox City and O'Brien in the finals for consolation. Both well represented by

their home town fans. The game started with a bang, with each team playing their best. No one was able to decide the way the game was going to end until the final whistle when O'Brien won by a three-point lead. Scores 28 to 25.

The last, but not least, game of the tournament as between Sunset and Swenson. The Eagles seemed to dread this game very much, and were not so sure of that first place. The Swenson boys had seen the Eagles play Friday night and Saturday evening, and had come to the conclusion that they would have to play ball also to win. Each team came out playing their best, and not fouling much. The game was fast and kept fans on the edge of their seats. At the half the score stood 5 and 6 in Swenson's favor. Finally the Sunset boys started ringing the basket and the Swenson boys were never able to catch them again. The game ended with Sunset 23 and Swenson 17.

Immediately after the final game medals and trophies were awarded.

The first medal went to J. R. Reeves of O'Brien for having made 19 out of 24 free pitches.

Second, Melvin Dutton of Knox City received a medal for making next most free shots, which were 17 out of 25 shots.

Next, medals were awarded to the all-tournament team, selected from the different teams of the tournament. This team consisted of Kernermer of Swenson, Leflar of Goree, Reeves of O'Brien, and Shannon and Strickland of Sunset.

The most outstanding man of the tournament also went to Strickland of Sunset.

### Birthday Ball—

(Continued from Page One)

won't be any cheaper for those who don't bring their ladies! There will be entertainment for both old and young.

As everyone understands, proceeds of the President's Birthday Ball go to the relief of children suffering from infantile paralysis; and, for this reason, a good attendance and patronage is expected from citizens of Knox county. This is one of the many birthday balls that will be held throughout the nation on January 30th.

A reception committee composed of Mrs. W. R. Moore, Mrs. R. D. Atkinson, Mrs. Pitzer Baker, and Mrs. E. W. Harrell will be on hand to greet you when you arrive!

**To Father's Funeral**

Mr. and Mrs. W. G. Gafford left last Wednesday morning for Coleman, Texas, upon receipt of a message that Mrs. Gafford's father, Mr. Burroughs, had died. Mr. Burroughs passed away at ten o'clock Wednesday morning at his Coleman home.

IT PAYS TO ADVERTISE

### COTTON MEET ATTENDED BY MANY LEADERS

### Problems Of Farmers Are Discussed At Gathering

Many cotton specialists and authorities, as well as a large number of farmers, attended the tri-county cotton meeting which was held at the Munday school auditorium last Friday. The meeting was sponsored by local citizens who are interested in improving the grade and staple of cotton grown locally, and was endorsed by the Munday Chamber of Commerce.

Dr. P. K. Norris, from the U.S. Department of Agriculture, was principal speaker and stressed the need for the South to regain its lost foreign cotton markets, urging especially the advantage of putting neatly bound bales on the market.

Dr. Norris and other speakers cited recent activities in Knox county toward the growing of a one-variety cotton and commended the choice of farmers in selecting one variety. Farmers generally are becoming interested in the one-variety idea as a means of producing better grades and staples, and other communities will grow one variety in 1939. The marked success of one variety in the Munday vicinity has been cited to many communities.

Visitors at the meeting Friday included the following:

H. J. Maytowaky, cotton classifier, U. S. department of agriculture, Abilene; E. L. Doran, of West Texas Cotton Growers Association, Abilene; J. A. Kennedy, B. A. E. cotton classifier, U. S. department of agriculture, Dallas; F. E. Lichte, extension cotton gin specialist, A. & M. College; W. W. Rice, county agent of Benjamin; W. W. Evans, Baylor county agent, Seymour; G. R. Shuman, Haskell county agent, Haskell; Jack Welch, assistant county agent, Benjamin; and W. K. Palmer, division of cotton classing for statistical purposes, Dallas.

Others present were: J. S. McKeever, Leaders; J. D. Speck, Rochester; L. J. Shoopman, Vera; A. J. Kuhler, Rhineland; S. H. Gray, Mabelle, Mrs. S. H. Gray Mabelle; T. L. Robertson, Rochester; L. E. Newton, Weiners; S. W. Reed, gin manager, O'Brien; E. A. Beck, Vera; Jerry Kotulek, Seymour; J. J. James, Seymour; Frank Kuhler, Rhineland; A. W. Beck, Rule; John F. Ivy, Leaders; H. H. Anderson, gin manager, Leaders; E. T. Reeves, Leaders; J. T. Baum, Rule; F. T. Fauts, Rule; R. H. Smith, Rule; Alvin Riddle, O'Brien; A. M. Huskinson, Bomarton; C. Fletcher, O'Brien; G. T. Bridges, Rule; W. D. Johnson, O'Brien; A. B. Eaton, Rule; W. L. Terry, Rule; J. S. Abarnatha, O'Brien; O. A. Riddle, Rochester; Fred Motl, Bomarton; J. C. Speck, Rochester; D. R. Brown, Rochester; L. Briggs, Seymour; A. E. Welch, Seymour; M. M. Busby, Seymour; C. B. Harris, Seymour; J. A. Frisbee, Seymour.

### Sister Of Mrs. Ratliff Dies At Home In Bowie

Mrs. Bessie Bell Anderson, sister of Mrs. Raymond Ratliff of Munday, died last Sunday morning of injuries sustained when she fell from a moving car some two weeks ago. Her home was in Bowie, Texas.

Mrs. Anderson, who was 48 years old, was at one time a prominent civic and club worker of Bowie. Funeral services were held Monday afternoon at Bowie.

Attending the funeral also from Munday were Mr. and Mrs. Jess Burnison and family.

**Economy Stock Sold**

Sale of the stock of The Economy Store, which recently quit business, was made last Tuesday afternoon. The sale was reported made to an O'Donnell firm, and it is understood the stock of goods will be moved from Munday.

The baby of Mr. and Mrs. Ezell Reynolds was brought home from the Knox City hospital recently, practically recovered from an attack of pneumonia.

### Attention Farmers ... And General Public

We have just recently reopened our general repair shop, and we are now ready to take care of your full requirements of General Blacksmithing, Electric and Acetylene Welding.

We wish to thank all of our customers for their past patronage, and invite you all to come in and see us. We want to serve you efficiently, quickly, and honestly.

### Sewing Room's Monthly Report

During the month of December, the sewing rooms of Knox county made a fairly good record, as shown by the monthly report made recently by Mrs. Addie Layne, superintendent.

"The Munday room made and transferred 342 Christmas toys and garments," Mrs. Layne said "While the Knox City room made 102 toys and 254 garments—making a total of 896 garments and 444 toys. The toys were made from scraps and materials donated by the ones who responded to our call for supplies.

"We have recently redecorated our rooms, and we invite the general public to visit this room on Monday or the one at Knox City and see for yourselves just what has been and is being accomplished by these workers.

"We have 60 quilts ready to be quilted, and the county has purchased material for the linings. We are asking the local sponsors to donate cotton to finish them. Those who are willing to furnish some cotton, please notify Mrs. Layne and she will call for it at once, as these quilts are needed now.

"The sewing room personnel wishes to express thanks to those who donated cotton or material for toys and to Rev. Longino for delivering the cotton to the room; also to the city officials for the work they have done in the rooms recently, and the two men who volunteered their services to do a lot of much-needed and greatly appreciated carpenter work."

### Rochester To Be Scene Young People's Rally

Methodist young people to the Stamford District will hold a young people's rally at Rochester next Saturday night and Sunday. The rally will open at five o'clock Saturday evening with registration of delegates.

Having the theme of "Launching the Youth Crusade," the following program has been arranged:

### FOREST SERVICE REPLANTS 275 MILES OF SHELTERBELT IN AREA

Wichita Falls, January 25—Over 275 miles of replanting was completed by the end of the year, reported State Director Webb, as he left for the field recently. Approximately 660,000 cottonwood, Chinese elm, honey and black locust, desert willow, and several other species were used in this replanting. Planting began the first week in December and will continue to the end of March. All trees were raised in the government-leased nurseries at Plainview and Vernon.

District officers at Vernon, Childress, and Shamrock expressed deep satisfaction over the progress of the work, particularly with the advent of the heavy rains over the past ten days, whereas prior to the rains all planting was being confined to the lighter and sandier soils, it is now possible to plant all soils approved for the shelterbelt work. Recent reports from the field indicate that replanting is proceeding at the rate of one to two miles per crew per day.

Although the majority of planting completed to date consists of replanting on belts where parts of last year's planting failed to come through, new planting is also under way. The Forest Service is examining sites for shelterbelt planting as rapidly as new applications are received. Local concerns, including banks, stores, and newspapers, are receiving applications for the shelterbelts to facilitate the work.

### CIGARETTE HIDDEN TAX NEARLY ONE-HALF COST

New York (I.P.S.)—Hidden taxes on a package of cigarettes equal almost 7 cents—according to data on cigarette production and taxes prepared by William A. Hollingsworth, President of the Retail Tobacco Dealers of America, Inc.

Mr. Hollingsworth set the 1938 cigarette output at 163 billions, equivalent to 8,150,000,000 packages of twenty each. He estimated Internal Revenue collections to be approximately 490 million dollars and municipal cigarette taxes 55 millions.

This total of 545 million dollars to taxes is equivalent to 6.7 cents per package. With the average price of cigarettes at about 15 cents, this means that almost half of the price of cigarettes goes for taxes.

### Baylor County Pioneer Woman Dies Monday

Funeral services were held Tuesday at the Robertson ranch, south of Seymour, for Mrs. Maggie Robertson, 71, who died Monday morning.

Mrs. Robertson was one of the pioneers of Baylor county, having moved there in 1887. She was the mother of M. E. W. McGinnis, U.S. Marble Falls, a former resident of Munday.

Five other daughters survive Mrs. Willie Elliott, Abilene; Mrs. Vernon Elliott, Mrs. Myrtle Higgins, Mrs. Eula Tucker, and Mrs. Alice Stout, all of Seymour.

### Weather Report

Weather report for the week ending January 25th, 1939, as recorded and compiled by H. P. Hill, U.S. Co-Operative Weather Observer.
