## VACCINATION FOR SMALLPOX IS ADVISED

### Golden Gloves Bouts Changed to School Gym

**Will Be Held On Monday Night Of Each Week**

**BOUTS THIS WEEK DRAW BIG CROWD**

**Boy Scouts, Athletic Fund Will Benefit From Proceeds**

The first of a series of boxing events being sponsored jointly by the Boy Scouts and the Moguls will be held next Monday night at the school gymnasium. Heretofore these boxing bouts have been sponsored solely by the local Boy Scout troops.

So much interest has been created in the fight cards that it was decided to move the activities to the school gym, which will accommodate larger crowds. The school's athletic fund will share jointly in the proceeds, and the bouts have been changed so as to promote a fight card each Monday night.

With good fights lined up for next Monday night and with an improved ring and larger seating capacity, it is expected the fights will be staged to a larger crowd than ever before.

The sales barn was the scene of ten lively bouts last Monday night. Joe McGraw and Donald Wardlow started the activities with a real bout which was fought to a draw.

This was followed by a real peppy three rounds by Olin Yarbrough and Hurley Whittington. Yarbrough won the judges' decision.

Kid Fox was scheduled to fight colored boy Hayden in the third event, but Hayden went in for Fox, and Hayden won the bout. A feature of this bout was the professional-like footwork of both fist slingers.

Number four featured Doug Whittington and Wallace Pierce, with Pierce winning the decision.

Fifth on the docket was a battle royal between Bobby Haymes, Buddy Gafford, Charley Massey and Bonner Barton, in which there was a general mixture of tin cans, flats and boys!

It was a dark picture when Jesse Tucker and Smoky Brown went in for three rounds. Smoky won from Tucker, who took enough and then went to the mat and lay there quietly for the count of ten!

Troy Denham gave an exhibition of real boxing ability to win from D. P. Morgan by a unanimous vote of the judges.

Buster Colbert, of dark pigment, made quick work of Robert Williams, same color, by staging a knockout in the first round.

Another battle royal was staged in which it was announced that Frankie Boone was taking on three boys from Vera. Frankie rolled all over the mat and almost got the worst end of the deal.

Red Denham's fists flew like lightning to win from Ernest Yarbrough, who really could take it. A technical knockout was recorded against Yarbrough when Referee Glenn Stone stopped the fight.

The grand finale was "short and sweet" to all fight fans. L. B. Hill, who had been undefeated in the Munday ring, found real defeat when he matched himself against Battling Baugh of Seymour. Hill got enough of Baugh's battling in the first round, and, bleeding at the nose and mouth, he "hunkered up" on the mat for the count of ten before the first round ended.

And thus ended another enjoyable "golden gloves" event!

Miss Wanda June Williams, who is attending T.S.C.W. at Denton, spent last Monday night in Munday, with her parents, Mr. and Mrs. P. V. Williams. She returned to school on Tuesday.

Mrs. Jack Seals of Childress spent last Monday here, visiting her sister, Miss Frankie Sanders.

Mrs. M. B. Bounds left last week for Houston, where she will visit with relatives for some time before returning home. M. F. Billingsley took her as far as Abilene.

### Returns Home—

Julia Smith, a young Texas composer who is rapidly making a name for herself in the East, is coming home to Denton this week to assist in the rehearsals of her opera, "Cynthia Parker," which will have its world premiere on February 16-17 at the North Texas State Teachers College.

Julia Smith now makes her home in New York City, where she holds a Juilliard fellowship in composition. Following the premiere in Denton, "Cynthia Parker" will have at least two performances this winter by the Juilliard School of Music in New York City.

### Baptists Voice Opposition To Two State Bills

**RESOLUTION SENT TO LEGISLATORS**

**Race Track Gambling And Liquor Sales by Drink Opposed**

A unanimous vote of members present at the First Baptist Church last Sunday morning voiced opposition to two bills recently introduced in the Texas Legislature. A resolution stating this opposition was read by Rev. W. H. Albertson, pastor, and was passed by a unanimous vote of those attending the Sunday morning services.

Copies of the resolution were sent this week to both the senator and representative of this district, and another copy was sent to Governor W. Lee O'Daniel. The resolution reads as follows:

"We, the members of the First Baptist Church of Munday, Texas, desire to voice our opposition to the two bills which have been recently introduced in the House of Representatives at Austin, viz:

"To legalize the sale of liquor by the drink, and to submit to the vote of the counties the re-legalization of race track gambling in their territories.

"We wish to voice our objections to these bills to our representative, Mr. Grady Roberts, and to our state senator, Mr. Geo. Moffett, and to our Governor, The Honorable W. Lee O'Daniel."

### Young People To Hold Training School in Dist.

A school for religious training will be conducted next week by young people of the Stamford district. Classes, which will cover four nights, will be conducted by W. E. Hamilton of Lubbock.

The first class will be held at Bonarton next Sunday afternoon, beginning at two-thirty o'clock. The other three classes will be on Monday, Tuesday and Wednesday nights at Seymour, Munday and possibly Goree.

The regular monthly meeting of the Joy Union of the Epworth League will be held on Tuesday night, together with the school. This meeting will be in Munday.

### Travis Lee To Be Employed At Munday Bank

Mr. and Mrs. Travis Lee of Longview, Texas, are expected to move to Munday this week to make their home. Mr. Lee will be employed at the First National Bank in Munday.

Mr. Lee is a son of Homer Lee of Wichita Falls, who is president of the local bank. He is expected to begin his duties at the bank immediately upon his arrival in Munday.

### Knox City To Be Scene Of Basketball Tourney

**Dates Of County Meet Events Announced**

Opening with basketball on Friday and Saturday of this week at Knox City, various events of the Knox County Interscholastic League will be held over the county during the next several weeks. An interesting basketball tournament is expected to open league activities when various teams of the county compete at Knox City.

Games for the basketball tourney are scheduled between Knox City, Sunset, Goree, Benjamin, and Munday in both junior and senior boys division.

Mr. Guy Scruggs of Abilene Christian College will officiate in both junior and senior games. There will be three sessions; namely, Friday night, Saturday morning and Saturday night.

Senior teams, including ten play-

### On The Donkeys— Most Unusual Game Of Basketball To Be Played Here

Next Thursday night, February 16, the Munday gym will be the scene of one of the most unusual attractions ever brought to Munday—a donkey basketball game!

The game will be played by some of the leading business men of the city. Each business house has entered one representative in the contest, and a night of fun is assured to all.

Rules of the game are not generally known, but when man and donkey mix it up in any kind of ball game, it's real entertainment. A large crowd is expected to be on hand to witness this exhibition of which is the dumbest—man or donkey!

Mr. and Mrs. Travis Lee of Longview were visiting friends and relatives here last Saturday.

Mr. and Mrs. Robert Green were visitors in Stamford Sunday afternoon.

### TYPICAL BOYS?

Here are the first two entrants in the nationwide contest to find the typical American boy. Above is Paul H. Redfield, 13, of Shortsville, N. Y. Below is Jack Heavey, 11-year-old youngster from Belmont, Mass. One boy from each of the six sections of the United States will be brought to New York late in March and the typical American boy will be chosen from the six finalists. The national winner will receive a prize of \$1000.

### Simmons Group To Entertain At C. of C. Banquet

**Plan For Large Crowd For Annual Feed On March Seventh**

A group of entertainers from Hardin-Simmons University at Abilene will furnish entertainment for the annual Chamber of Commerce banquet in Munday on March seventh, it was announced Wednesday.

The program will be closed by recommendations of the nominating committee which has been appointed to nominate officers for the coming year.

Further plans for the banquet were worked out last Tuesday at a meeting of Chamber of Commerce directors. Mrs. Dillon's home economics department will serve the banquet.

County Superintendent Merick McGaughey stated while in town last Friday that a number of people had inquired about when he could be found in his office. His reply always is: "On Mondays and Saturdays."

Mr. McGaughey stated that he has established these two days as office days, and during the remainder of the week he is visiting among the various schools of Knox county.

Those wishing to contact the county superintendent in his office are asked to bear in mind that Monday and Saturday of each week are observed as "office days."

### CITY PARK IS PROPOSED AS WPA PROJECT

**Swimming Pool And Tennis Courts Are Proposed**

**WOULD RELIEVE UNEMPLOYMENT**

**City Council Likely To Be Petitioned For Election**

In discussing ways and means of taking care of a portion of Knox county's unemployed, a WPA project for a city park in Munday was proposed at a directors' meeting of the Munday Chamber of Commerce last Tuesday.

The plan as outlined would provide a concrete swimming pool and concrete tennis courts in Munday, with possibly enough land being purchased to combine these with a city park. Further discussion included the addition of a soft ball park to the project.

It is thought that under a WPA project, the government would furnish all labor and possibly a portion of materials, while the City of Munday would put up its pro-rata share of funds. The advisability of circulating a petition asking the city to call a bond election in the amount of \$5,000 for its portion of the funds has been discussed.

Should the plan go through, civic leaders of Munday believe the swimming pool, and possibly the entire park, could be leased out as a means of providing revenue for retiring the bonds.

It was pointed out that some project was badly needed to furnish labor for the county's unemployed. County officials have reported approximately 10 per cent of the county's population without employment, with some families being badly in need of work as a means of providing a livelihood.

Cooperation on such a project has been pledged by both the Chamber of Commerce and the Munday Lions Club.

### First Lady Speaks at H-SU On March 10

Mrs. Franklin D. Roosevelt, America's First Lady, is coming to Texas on her spring lecture tour, proceeds from which she devotes to favorite charities. On March 10, at the Hardin-Simmons University auditorium, in Abilene, Mrs. Roosevelt will tell of "A Day at the White House."

### PIONEER OF WEINERT DIES ON TUESDAY

**Mrs. W. M. Strickland Funeral Is Held On Wednesday**

Mrs. Nannie Strickland, pioneer resident of this section, passed away at her home five miles east of Weinert last Tuesday morning at three o'clock. She had resided in Haskell county for thirty-two years.

Mrs. Strickland was born at Henderson, Rusk county, Texas, on January 3, 1853, and died at the age of 86 years, 1 month and 4 days. Her husband, W. M. Strickland, familiarly known as Uncle Billy, died August 14, 1936.

Surviving are three sons and a daughter, who are: J. P. Strickland of Moran, C. M. Strickland of Silverton, Mrs. W. R. Parsons of Weinert and T. N. Strickland of Hobbs, New Mexico. She is also survived by 17 grandchildren and 10 great grandchildren.

Funeral services were held from the First Baptist Church in Munday at two-thirty last Wednesday afternoon, being conducted by Rev. W. H. Albertson, pastor. Interment was in the Johnson cemetery with the Mahan Funeral Home in charge.

Pallbearers were Bob Edwards, Theodore Jones, Clyde Mansker, Henry Pickering and W. T. Ford. Flower bearers were Mrs. Ben Tuggle, Mrs. Jack Hunt, Mrs. Tom Price, Mrs. Lela Lowe, and Mrs. Edgar Lowe.

### American Legion To Meet Tuesday

The regular meeting of the American Legion will be held on Tuesday night, February 14. This meeting will be a "birthday feed" for all, according to the post commander.

Business of importance to the local Legion Post will be transacted at this meeting, and all ex-service men are urged to be in attendance.

Interest is being shown in these regular meetings, with attendance growing at each gathering of Legionnaires.

### Home Beautification Contest To Be Sponsored By Munday Lions Club

**Rules Of Contest To Be Same As Those Of Last Year**

Another home beautification and improvement contest will be held in Munday this spring, with all homes within the corporate limits of Munday being eligible to enter. Members of the Munday Lions Club voted to sponsor the contest at their regular luncheon on Wednesday.

The entry period will be from February 13 to February 20, inclusive; closing period will be June 10, 1939, after which all homes in the contest will be judged and prizes will be awarded.

First prize award will be \$10 cash; second prize of \$7.50 and the third prize of \$5 to be selected in nursery stock.

Scoring schedule: Awards will be made on a basis of relative im-

Improvements made during the period as judged from the items as follows:

1. House (outside only) 5%;
- condition of paint, condition of repair, screens, porches, steps, etc.
2. Fences, garages, outbuildings, 15%;
- condition of paint, condition of repair, general attractiveness.
3. Yards and grounds, 70%;
- landscaping, shrubbery, flowers, grass, trees, gardens and cleanliness.
4. Special schemes and projects, 10%.

Much interest is expected to be shown in this year's beautification program than ever before, and many homes are expected to be entered in the contest.

Mr. and Mrs. Sherman Brewer and family of Wichita Falls visited with Mrs. Brewer's mother, Mrs. John Sokora, here over the week-end.

### Only One Case Is Reported In Knox County

**County Health Officer Advises Vaccination As Precaution**

Since the definite development of one case of smallpox in Knox county, county health officials are taking every precautionary measure to prevent this disease becoming epidemic in the county.

A quarantine was placed on the home of Mr. and Mrs. Luther Hunter of the Thorp community, southwest of Munday, this week when it was definitely determined that Mrs. Hunter was ill with smallpox. This was the first case reported in this county, although this contagious disease has become epidemic in various sections of the state.

Dr. D. C. Eiland, county health officer, advises all citizens who have not been vaccinated within the past five years to take the smallpox serum as a precautionary measure. Much can be done to prevent the spread of smallpox throughout the county if such steps are taken by all citizens of the county.

It is believed the health clinic held in Munday last year will prove a means of preventing the disease becoming prevalent in the local school. Several hundred school children were vaccinated during the health clinic, and these were made immune to the disease.

Recent reports are that sixteen families are under quarantine in Haskell county.

### Mrs. Gaither's Arm Is Broken Last Monday

Mrs. James Gaither received a painful injury last Monday afternoon in a rather unusual car accident.

Riding with her father-in-law, J. W. Gaither, and Mrs. Bill Gaither, Mrs. Gaither's arm was broken when the car which Mr. Gaither was driving was forced into the barrow ditch. Mr. Gaither had started to pass a truck, and he was forced to the ditch to prevent hitting the truck. Mrs. Gaither was thrown against the seat, and her left arm was broken at the wrist.

She received treatment at a local physician's office and is reported to be improving at her home in Munday.

### Milstead Opens Tractor Repair Shop in Munday

O. V. Milstead, owner of the Milstead General Repair Shop, announced the addition of a tractor repair shop to his business. Mr. Milstead has employed Shorty Horan, an experienced and efficient tractor mechanic, to do his tractor repair work.

"Mr. Horan comes to me very highly recommended as a tractor mechanic," Mr. Milstead said, "and we want to give you a complete tractor service. We invite all tractor owners to visit us, get better acquainted with us and to see the type of work we're equipped to turn out."

### Rev. Hamilton To Preach Here Sunday Night

Rev. W. E. Hamilton of Lubbock, conference Sunday School executive, will preach at the First Methodist Church in Munday at the evening services next Sunday. It was announced Wednesday by Rev. H. A. Longino, pastor. The service will begin at seven o'clock.

Rev. Hamilton is an interesting and forceful preacher, and the public is invited to hear him. He will make his headquarters in Munday during the Epworth Training Conference, which he is conducting in this area next week.

Mr. and Mrs. Roy Maples of Goree visited friends and relatives here last Sunday.

"What a Man Does For Himself Dies With Him—  
What He Does For His Community Lives On and On"—

## THE BOYS HAVE IT!

The Scouts are celebrating a birthday again—the 29th this time—with a message that "Scouting Carries on American Ideals." These ideals include service, cooperation, tolerance, religious obligation, citizenship and nature study.

Next Week—February 8 to 14—is Boy Scout Week. Snyder and Suerry County will surely join this national observance with a community-wide program that will leave no doubt that "The Boys Have It!" when the vote shall be taken as to whether we honestly want to train our boys to be faithful American citizens.

It is a welcome portent for the future of American democracy that more than a million and a quarter men and boys are now active members of a movement which, although founded to capitalize on the love all boys have for adventure in the out-of-doors, does not fail to provide practical ways for helping them fulfill the obligations felt by every genuine American.

Scouting has succeeded in becoming a part of the American boy's world because it is a program of action plus idealism. So it has a two-fold appeal, demonstrated by its growth in popularity each year, in many sections limited only by the lack of leaders or adequate funds for extension.

In our own community right now there are many men, part of the 8,400,000 who have been included in the Boy Scout family since 1910, who believe in the principal that "Once A Scout Always A Scout," and who are doing their best to extend and interpret in practice the concept of civic and moral responsibility that came to them in their Scout troupes.—Suerry County Times.

## WE HAVE SOMETHING HERE

His money's worth is what every consumer seeks when he goes to market. That means, of course, that he is out to get the greatest value for what is paid. This is not alone in terms of price, but also of quality. Since most Americans are workers, it is really favorable to the individual chaffering for the most desirable exchange of work for food, clothing, and other necessities, and, perhaps, a few luxuries.

The actual process, obviously, is working for wages in the form of money, which is the modern means of establishing standards of value and expediting trade. Since this sets the basis of living for individuals and families, it is logical to inquire where in the world this system provides the most, especially in necessities. A yardstick thus is created to measure the values of work in different lands in terms of the living they will afford a person or family.

Changes in governments, work theories, and economic practices in different countries within the last decade have left questions in many minds as to where they can do the best for themselves. Sometimes they consider wages as the criteria, forgetting that only what money will buy is the real gauge of living.

A recent authentic survey makes the somewhat startling discovery that a factory worker in the United States can obtain with an hour's wages four times as much food and clothing as a German worker, nine times as much as an Italian worker, and nearly twelve times as much as a Russian worker.

Considering these facts, the New York Daily News observes: "Maybe we'd better hang onto our form of government, at least until the Italians, Germans and Russians get to be able to buy more with their work than we can buy with ours."

## WHERE "WORKERS" RULE

(From the Buffalo, N.Y., Courier)  
Soviet Russia is a country where the "workers" are supposed to rule. No capitalistic exploitation there; no laissez-faire or grinding of the faces of the proletariat.

Just to illustrate: Victor Lvov, commissar of machine building, has ordered production to be increased by 25 per cent before workers be given their normal wage, and has reduced piece-work remuneration by 14 per cent. Commissar Lvov, furthermore, has tightened discipline imposed on workers in factories and offices, has reduced disability pensions and curtailed vacations and leaves of absence.

At the same time, Commissar Lvov has gone in for stimulating mass production under the speed-up system. He has abolished bonuses for such things as quality production and care of machines; but he offers some nice, fat rewards for workmen who turn out goods more rapidly than their fellows and thus act as pacemakers. The workman who produces more than 10 per cent over the new and higher production minimum will get a boost of 30 per cent. If he is a real back-breaking speeder-upper and exceeds the minimum by 40 per cent, his pay will be doubled.

And, if the Russian workers don't like the new decree, requiring them to work faster and longer for their present normal wage, and putting a premium on quantity rather than quality, what can they do about it? If they grumble, they will be making reservations for a concentration camp; and, if they try to strike, they will be making appointments with firing squads.

Yes, Soviet Russia is a country where the "workers" are supposed to rule. It must be great to be free from capitalistic "exploitation."

## THE MUNDAY TIMES

Published Every Thursday at Munday

Grady G. Roberts Editor, Owner and Publisher  
Aaron Edgar News Editor  
Harvey Lee Foreman

Entered at the Postoffice in Munday, Texas, as second class mail matter, under the Act of Congress, March 2, 1879.

Subscription Rates  
In first zone, per year \$1.50  
In second zone, per year \$2.00  
The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, publishing news fairly, impartially.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

## THEY NOTICE IT!

Recently, an old-timer of Knox county who had been taking the Times almost from its first issue, was in the office and said: "You boys are getting out a good paper—but it doesn't seem to have as many ads in it as it used to have!"

Only last week, another subscriber to the Times asked: "Why don't the grocery stores advertise regularly? Looks like they could reap more advantage from advertising that any other type of business."

"They don't read the ads, you say? These two subscribers do! And so do a vast majority of others—and they also notice it when a firm's advertising fails to appear in their weekly paper."

Results may not always be direct results, but in the minds of those who take the home town paper is the consciousness that an ad appeared, or did not appear, in the local paper.

## LIFE AFTER FORTY

A survey has been made among the industries of America on the question of whether older employees are being replaced by younger men. The findings show that a greater proportion of workers over 40 years of age are employed now than in pre-depression days.

This should serve to refute the claims of labor agitators that employers have no use for a man after he has passed the 40 mark. Also, it should bolster the self-confidence of older men who have the notion they are passing the age of usefulness.

Older workers, arg, of course, recognized as being more experienced and skilled, but there are other factors. Here is how the employers evaluated the "old timers" and the young ones in the survey.

A majority thought they were equally efficient, and a large percentage thought the old workers were even more efficient; a majority thought old workers were more cooperative; a majority said both groups were about equally vulnerable to illness and accidents; and a majority thought the veterans were as easy to adjust to new conditions as the younger workers.

Some may dispute that life begins at forty, but certainly life doesn't end there.

Einstein says space is the most important thing in the universe. One thinks so when looking for a place to park.

## ECONOMY COMES BACK

(From the Washington, D.C., Star)  
Campaign promises and efficiency in government are not always made to be kept. There is real news, therefore, in the economy wave which seems to be sweeping through many states in the wake of new gubernatorial regimes.

These developments in the States are straws that show which way the wind is beginning to blow. The American people are used of waiting for prosperity to come around the corner under the whip-lash of improvident spend-and-tax policies.

There may be food for some thought in all this for the administration's fiscal policy formulators.

Do you, Mr. Business Man, expect your customers to buy merchandise that is "not worth advertising."

Sometimes genius consists of being able to cash in on other people's ideas.

It would be fine for creditors if folks would sign a check as readily as they sign a petition.

Aren't men funny? A Florida husband who hadn't kissed his wife for a year whipped an iceman who had.

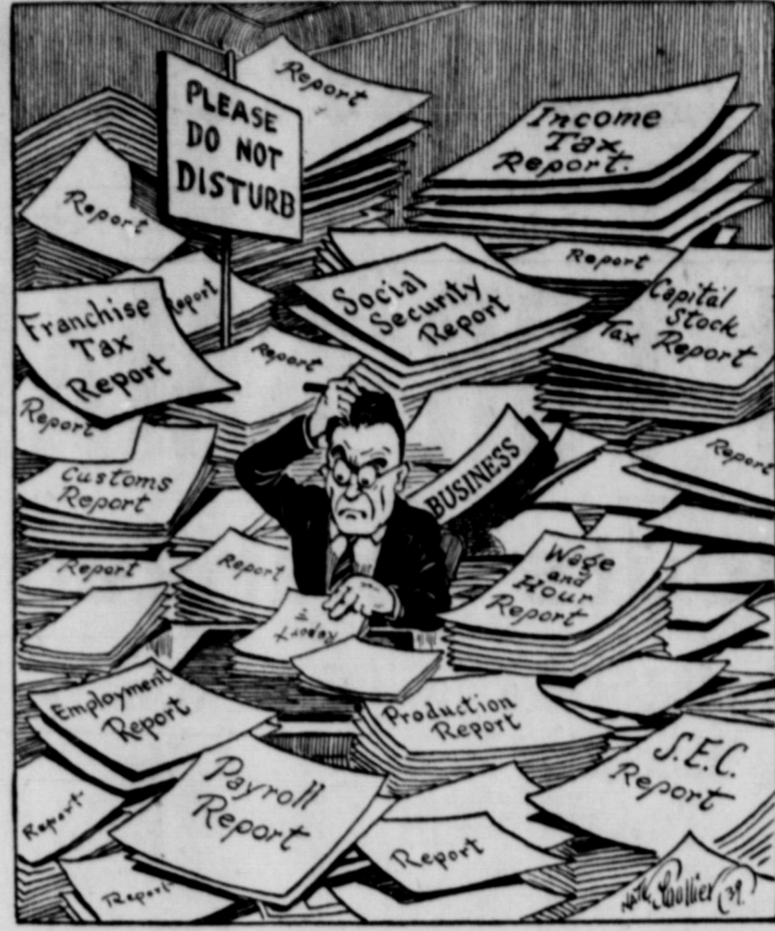

All feminine readers will agree that the woman who drives from the back seat of a car is no worse than the man who cooks from the dining room table.

Have you noticed that the children raised according to the books do almost as well as those who just happen to grow up?

A country town is a place where the grocer never collects from the best families because he's afraid he'll insult them and lose their trade.

Many a man figures that the average American is a fellow who worries this week about going to the poor house, and next week goes out and buys an automobile.

## News Item: Some Business Firms Must Fill Out as Many As 141,000 Government Reports Annually

## Facts Worth Knowing

The country's largest utility, Consolidated Edison of New York, recently appointed a woman for the first time to its board of trustees.

In Boston, James Roosevelt, oldest son of the president, said he might run for public office in Massachusetts, "probably in 1942, when I will be freed from the accusation of trading on my father's name."

"IT'S MY HOME TOWN"  
The following editorial, clipped and recopied by several Texas newspapers, is worthy of reprinting today—just as much so as when it first appeared in print:

"My town is the place where my hope is founded; where my vote is cast; where my children are educated; where my neighbors dwell; and where my life is chiefly lived. It is the home spot for me.

"My town has the right to my civic loyalty. It supports me and I should support it. My town wants my citizenship, not my partisanship; my friendliness, not my dissension; my sympathy, not my indifference. My town supplies me with protection, trade, friends, education, schools, churches, and the right to free moral citizenship.

"It has some things that are better than others; the best things I should seek to make better; the worst things I should help to suppress. Take it all in all, it is my town, and it is entitled to the best there is in me."

## THEY SAY . . .

"I am getting tired of the ceaseless din of voices, and the crowding headlines, all shouting about what is wrong with America. I fervently wish someone would start talking about what is right with America."—Charles R. Hook, president Rolling Mill Co.

"We are drifting with ever increasing speed into government planned economy, state capitalism and totalitarianism. The inevitable result of such planned economy is ultimate dictatorship. This is a tendency which, if not checked, will move strongly into some form of national Socialism or Fascism."—Orval W. Adams, of Salt Lake City, former president of American Bankers Association.

"We need more study and less talk, more scholars and fewer propagandists. There is scholarship in the mill and marketplace and on the farm, as well as in the halls of learning. There is more knowledge in the world than we know what to do with. The problem is how to coordinate and apply it."—Dean William F. Russell of Teachers College, Columbia University.

TIRE WEAR  
Just as pedestrians wear out shoe leather according to the way they walk, similarly driving habits largely determine the length of automobile life. Studies made by rubber companies have shown that some drivers wear their tires smooth in 6,000 miles, while others—driving similar cars over the same terrain—may make the tread last as much as 25,000 miles.

Experts estimate the average low-priced automobile would cost \$15,000 if built by hand.

BIG HEART  
A well known attorney was always lecturing his office boy, whether he needed it or not. One day he chanced to hear the following conversation between the boy and one employed next door:

"How much does your chief pay you?"  
"I get \$1500 a year. Five dollars a week in cash and the rest in legal advice."

In 1938, for the 11th consecutive year, New Jersey had the highest milk production per milk cow in the nation, according to the Department of Agriculture.

While the United States has been protesting the aggression of Germany, Italy and Japan, those countries have been taking almost all this nation's export of scrap iron, an armament essential.

THE HIGH SIGN  
"What do the three balls in front of a pawnshop mean?"  
"Two to one you don't get it back."

EFFICIENCY  
A retailer, on receiving the first delivery of a large order, was annoyed to find the goods not up to sample.

"Cancel my order immediately," he wired to the manufacturer.  
They replied: "Regret cannot cancel immediately. You must take your turn."

Judge: "Don't you think you and your husband, Rastus, could live together without fighting?"  
Mandy: "No, yer honor; dat is, not happily."

The American on a tour of Europe was very proud of American Efficiency. The guide pointed out the beauty of Vesuvius in eruption.

"Well, my friend," he said, "I don't think you have anything in your country to equal that."  
"Perhaps not," replied the American, "but we have a fire brigade in New York that could put it out."

First National Bank in Munday

Member of Federal Deposit Insurance Corporation

Miss Winnie Patty and Miss Du-rene Lowe, of Wichita Falls were in Munday last Saturday afternoon, enroute to visit Miss Lowe's parents, who live near Weinert.

Troy Harrell, son of Mr. and Mrs. C. H. Harrell, visited home last week-end. Troy is attending Draughon's Business College in Wichita Falls.

PURPOSE  
The drunk hailed a cab and fell into the back seat. "Shay, driver," he ordered, "drive me around the block a hundred times."

The driver was startled, but he obliged just the same. Around and around the block they went. And on the sixty-fifth trip, the stew leaned forward.  
"Step on it, buddy, I'm in a hurry."

EDUCATION  
First student: "Let's cut classes today and go to a show."  
Second student: "Can't do it I need the sleep."

A middle-aged woman lost her balance and fell out of a window into a garbage can. A Chinaman passing remarked: "Americans vely wasteful. That woman good for ten years yet."

Experts estimate the average low-priced automobile would cost \$15,000 if built by hand.  
BIG HEART  
A well known attorney was always lecturing his office boy, whether he needed it or not. One day he chanced to hear the following conversation between the boy and one employed next door:  
"How much does your chief pay you?"  
"I get \$1500 a year. Five dollars a week in cash and the rest in legal advice."

## County Council Of H. D. Clubs Hold Meeting

The county council of Home Demonstration clubs held its meeting in the assembly room at Benjamin on Friday, February 3. The meeting was called to order at two o'clock Friday afternoon, all clubs being represented.

Each club secretary reported on the work being done in their particular clubs. Old business and new business were discussed.

Mrs. J. F. Murdock's resignation was accepted, and Mrs. John Rice was elected to take Mrs. Murdock's place as county council treasurer.

Miss Astin explained the organization manual for county home demonstration councils. The meeting adjourned at 4:30 o'clock.

## R. B. Jacobs And Billy Faye Allison Are Married Saturday

Coming as a surprise to Munday's younger set was the marriage of R. B. Jacobs and Miss Billy Faye Allison. The young couple were married last Saturday night, the marriage ceremony being read by Rev. W. H. Albertson, pastor of the First Baptist Church.

The bride and groom are well known in Munday and Knox county, being quite popular among the younger social set.

They are now making their home in the Washburn community.

## Pioneer Circle Met Last Week With Mrs. Wilson

The Pioneer Circle met on Thursday, February 2, at 2 p. m., in the home of Mrs. Bertie Wilson, with ten members being present. Three new members were present.

Games provided entertainment for the guests, and refreshments were served to the following:

Mesdames Hettie Rogers, Kitty Redwine, Lila Beaty, Nancy Edwards, Dora Kennedy, Mariam Pruitt, Minnie Whittemore, Ida McMahon, and the hostess, Mrs. Bertie Wilson. Mr. J. E. Edwards came in late and was served.

The circle will meet next at Mrs. Sessions, at the Sessions apartments, on Thursday, February 16, at 2 p. m. All ladies fifty years of age or over are invited to come, bringing their questions written out.

Mr. and Mrs. Leland Hannah and little daughter and Harvey Lee were business visitors in Abilene last Monday morning.

O. F. Greer of Bomarton spent last Sunday with friends here.

Miss Grace Astin, county home demonstration agent, was a visitor in the city Wednesday.

Mrs. R. H. Neff is visiting in the home of her sister, Mrs. R. C. Ware, in Amarillo.

Mr. and Mrs. D. E. Holder were visitors in Abilene last Sunday.

## Sunshine Circle Meets February 6 With Miss Lee

The Sunshine Circle met in the home of Miss Shelly Lee on Monday night, February 6, in a social and business meeting. A very interesting program was given.

Present were: Mrs. Levi Bowden, Mrs. Ralph Burroughs, Mrs. L. L. Womble, Mrs. B. B. Bowden, Marie Dingsus, Ruth Baker, Mrs. Ed Bowden, Mrs. Cecil Cooper, Mrs. Bess Porter, Mrs. Joe B. King, Camie Beaty and Cleo Mayo. Four new members were present: Mrs. Earl Claborn, Mrs. Aaron Edgar, Mrs. Glenn Stone and Mrs. H. Leathers.

## Hefner Home Demonstration Club Meets On Tuesday

The Hefner Home Demonstration Club met in the home of Mrs. Sam G. Hampton on Tuesday afternoon. Sixteen members were present, including three new members who joined at this meeting, and two visitors.

The president named standing committees for the following: Program, recreation, exhibit and finance. The council representative was absent, so Mrs. Marlon Jones, who is council chairman, gave the council report.

Miss Astin demonstrated dried fruit cookery. She prepared cream of wheat with dates, rice and raisin pudding and prune whip.

"Since dried fruits are more concentrated and therefore more nutritious pound for pound, than fresh fruit, they should be served more often," Miss Astin said.

At the close of the meeting the hostess served a delicious salad plate.

## Mrs. Grady Phillips, Recent Bride Is Honored With Shower

On last Friday afternoon, Mrs. Rania Lee Bradford entertained in the home of her mother, Mrs. A. M. Moore, with a lovely bridal shower, complimenting Mrs. Grady Phillips, the former Mrs. Elvis McMahan.

The entire home was decorated in red and white, carrying out the color scheme, also the Valentine motif.

Several bridal games were enjoyed, and prizes were awarded; then a delicious plate was served, consisting of small white cake squares topped with a red heart and the initials E. and G., Valentine candy and hot chocolate. Plate favors were red and white hearts containing a "hint for the bride."

After serving of the plate, many lovely gifts were presented to the bride. A number of friends were present with the honoree, Mrs. Phillips, and the hostesses Mrs. Bradford and Miss Clarence Moore.

### FIRST BAPTIST CHURCH

Everybody at the Baptist church is rejoicing over the good attendance and the fine services last Sunday, both morning and evening. There were 193 in Sunday school and a house full for the preaching service. The work of getting the census in the afternoon went off in a good way. Next Sunday morning we will talk some more about Revelation. We are always glad to see you in the services.  
W. H. Albertson

Wade Mahan spent last weekend in Fort Worth, visiting with Mrs. Mahan, who is attending business college there.

Mr. and Mrs. Earl Owens and son visited friends and relatives in Vernon over the week end.

Houston McCarty of Nara Visa, New Mexico, was visiting in Munday several days last week.

Mrs. Chalmer Hobert and daughter Diana, visited Mrs. Hobert's mother, Mrs. Carrie Jeffords of Seymour, from Monday until Wednesday of this week.

Rev. and Mrs. W. H. Albertson and daughter, Virginia Ruth, spent Tuesday and Wednesday in White Point, Texas, with their daughter and sister.

Mr. and Mrs. W. W. McCarty and family visited with relatives in Vernon last Saturday.

Mr. and Mrs. Cecil Jordan of Durango, Colo., visited in the home of Mr. and Mrs. J. W. Gaither and family. Mrs. Jordan is a daughter of Mr. and Mrs. Gaither.

## Students Become "Voice" Doctors

"Peter Piper picked..." and all other tongue-twisters are no problem to students at Texas State College for Women in Denton, since any girl who stutters, lisps, or has other troubles can go to the "Speech Clinic" on the campus. Elizabeth Tidmore of Mercedes, one of the seniors who diagnoses such disturbances, is shown checking up on Mary Powledge, Denton, to see if she has any throat trouble. Each clinician has her own appointment book, and teachers, parents and friends send the patients. Since more people are afflicted with speech disturbances than those who are blind, deaf and dumb, this training is a part of the state and national campaign to remedy this situation. Miss Mary K. Sands, an authority on speech correction, selects the "doctors" from her advanced classes.

## Newest Spring Clothes Shown At The Hat Shop

Buyers at the Hat Shop, Munday's ready-to-wear store, have just returned from market where purchases were made of new spring merchandise, which have begun to arrive at the local store.

We now have a lot of new dresses, hats, hosiery... in fact, anything the lady needs... all in the newest styles, shades, etc., at prices that will be sure to please. Visit the Hat Shop and see this new merchandise.—Adv.

Representative and Mrs. Grady Roberts of Austin spent last week end in Munday and Haskell, visiting with friends and relatives.

Mr. and Mrs. Henry Mason and daughter and Mr. and Mrs. H. A. Pendleton, Jr., of Wichita Falls, spent last Sunday here in the home of Mr. and Mrs. H. A. Pendleton, Sr.

Mr. and Mrs. P. V. Williams were business visitors in Dallas the first of this week.

Miss Betsy Reeves, student in Texas Tech at Lubbock, visited her parents, Mr. and Mrs. M. H. Reeves over the week-end.

Miss Mauvoren Reeves, who is teaching at Harrold, Texas, spent the week-end here with homefolks.

Virgil Hudson of Haskell was a business visitor in the city Tuesday.

### METHODIST CHURCH

Interesting services have been planned for the next two Sundays. The Boy Scouts will attend in the body next Sunday at the eleven o'clock service. The message will be in keeping with our youth life. Subject: "Visions or Vanish" will be used at this hour.

Epworth Training Conference, for the "J O Y" Union will meet for the first class session at Bomarton, 2:30 p. m. Rev. W. E. Hamilton, conference Sunday School executive, will give interesting discussions at each meeting. There will be three other sessions, Seymour Monday night 7:30 and Munday, Tuesday night at 7:30, Wednesday night at 7:30 at a place designated later. Meet with us at Bomarton Sunday at 2:30 p. m., to discuss live topics confronting young people.

There will be a program by the Munday Young People given at the church in Munday on Sunday, February 19, 7:00 p. m.

Bishop Holt will be at the church Monday, February 20, at 10:00 a. m. He will bring a short message and meet the people personally. Keep the date in mind. He speaks to the young people of the district at Stamford Monday night, February 20th.

There are other interesting things that our church is doing in the interest of the community life and the future progress of Christianity. A welcome awaits you at every service and there are friends with a warm heart looking for other folks with a congenial Christian spirit.

"Who spend their time to better advantage on Sundays than the "Church Going" people?"  
H. A. Longino

"Fingerprints" was presented in Rhineland last Friday night. A large crowd came to see the play, and everyone seemed to enjoy it. The seniors wish to extend their sincerest thanks to the people of Rhineland for the considerate way that they were treated.

A representative of the Star Engraving company was here last Monday with many sample invitations, diplomas, and other material. The seniors selected their invitations. The invitations are made of a beautiful cream-colored paper. An emblem of gold and black is stamped in a modernistic design and the printing will be in gold.

The seniors have started work on the High School annual. This year the annual will be somewhat like the one that was published last year, with the exception of various color schemes. This annual will sell for \$1.50, and the seniors urge everyone to make their deposits in the near future.

### Juniors

Famous Question: Do you like the class rings for 1940? The reason this question has become so famous in the junior class is that we have just made our selection. The majority of the class is satisfied, and we are all going to work harder and try to get eleven credits so that we may be eligible for rings next year. It's a little too early to describe them now, but we speak of them as "ship rings."

We girls will have to "run" the Junior class while the boys are downtown carrying out their civic duty by showing the county and city officials how things ought to be done. We fully intend to carry on just as well, if not better, than the boys, and show them that we can get along without them—if we have to!

The juniors have selected a new class song. The Old Apple Tree had just gone completely out of date. Our new song is (take a deep breath) Si and I. It made its debut on Friday on our assembly program and was presented by the boys of the junior class. Also 2!

our program, the teachers had the privilege of seeing themselves as others see them. We might add that a singer was "discovered" during our program. Billy Jo Sams, who was supposed to lead the audience in a song, did so well that we just listened to him, instead of singing!

### Sophomore Class

The Sophomores have been very good little boys and girls this week, so there is very little to write about. Diagramming is still the class' biggest headache, and algebra runs it a close second. World History still keeps us very busy, and biology is still interesting.

After several tests promised us this week we may do more work of different kinds.

Last Monday night, February 6, the Benjamin faculty gave a shower in honor of Donna Ruth, daughter of Mr. and Mrs. Vaughn. Mrs. Vaughn and baby returned home from Lubbock last Sunday.

The shower was given in the home of Superintendent and Mrs. W. C. Cunningham. After a series of games was enjoyed by everyone, refreshments of punch, sandwiches, potato chips, and cake were served to the following: Miss Oleta Thompson, Miss Toby Baird, Miss Bliss Miller, Mrs. R. C. Ferguson, Mr. and Mrs. Voyle Vaughn, Mr. Wendall Watson, Miss Frances Basye, Miss Frances Diersing, Mr. W. D. Greer, and Mr. and Mrs. Cunningham.

A good time was had by all, and many nice gifts were received by Mr. and Mrs. Vaughn.

### Boys Week

After a runoff last Friday, the following boys were elected to the specified office:

City Officials  
Mayor: Butch McCantles.  
Aldermen: James Handley, C. W. Harbert, Eugene McGregor, Douglas Meinzer, Joe Barton.

Fire Marshall: Alonzo Cartwright.  
Tax Collector: Thelton Brown.

City Marshall: Joe Ray Hurd.  
Constable: Billy Joe Sams.  
Mayor's Assistant: Bill Brookerson.

County Officials  
County Judge: Junior Montandon.  
County Attorney: J. D. Hitchcock.

County Clerk: Gaylon Scott.  
County Treasurer: Jimmie Moorhouse.

Tax Assessor-Collector: William Escobar.  
Sheriff: Bud Kendrick.  
County Superintendent: Morris Robertson.

Dist. Attorney: Buddy Sams.  
Dist. Clerk: Duane Parker.  
Justice of the Peace: Lloyd Fesmster.

County Agent: Edward Lee Kirk.  
Ass't County Agent: Nathan Mitchell.

County Commissioners: Bill Hardin, Perry J. Stark, Lester Duke, Pete Rutledge.

County School Board: Walter Mat Hertel, Elmer Atkinson, Emmett Ray, Vernon Benson.  
Special officer: Lee Bivins.  
Deputy Sheriff: C. E. Williams.

The father and son banquet will be Tuesday night. The refreshments will be served by the women of the Christian church.

### Boy Scouts

The Boy Scouts met last Wednesday night. After their usual program, they listened to President Roosevelt's address to the Boy Scouts. Most of the boys obtained some useful information from the speech.

The Boy Scouts will have charge of the assembly program this week. They have a pleasing and useful program planned.

# HOW MUCH Does Advertising Cost?

NOT LONG AGO we heard a house-to-house salesman tell a prospect: "I can sell you this gadget 25 per cent cheaper because my firm doesn't advertise."

**HOW MUCH DOES ADVERTISING ACUALLY COST?**  
—As a customer every day in your life, you are entitled to know... AUTOMOBILES are extensively advertised. But only 3½ per cent of the selling price of a car goes for advertising, or about \$17 on a \$500.00 machine. Before large-scale advertising, you paid \$1,000 for a car not so good.

COFFEE, canned foods, soft drinks, etc., have large advertising budgets. Only 5½ per cent of the selling cost, or one-half cent on a 10-cent can, is used for promotional advertising. The average retail store spends from 1 per cent to 4 per cent on advertising. That costs you from 1 to 4 cents on a dollar purchase.

IS IT worth your while to pay this much for the knowledge that advertising gives you? And do you think the extensively advertised products would be possible without the volume production that is entirely dependent on advertising?

Grade School.....Elsie Schumacher

We seniors have been very busy studying declension of nouns in German, and we had some very good recitation in classes, especially when we found out that a girl was masculine instead of neuter.

Finals in civics are over and now we will take economics, which we hope will be interesting as well as easy.

Girls, here are five points of advice:

Keep away from track men; they are usually fast.

The football man is alright; he will tackle anything.

The tennis man is harmless; but he enjoys a racket.

Watch out for the baseball man; he hits and runs.

Always let the member of a band talk about himself; he enjoys blowing his own horn.

The Seniors present you with some of the Senior Smiles.

Once a man got a set of teeth. He went to a dentist and said, "What can be the matter, ever since I got these teeth I can't keep from talking." The dentist looked at them and he asked him where he got them and the man said at Sears-Roebuck. "No wonder, you got a woman's set of teeth."

school out west was asked the question: "What is your position upon whipping children?" and her reply was: "My usual position is on a chair with the child held firmly across my knees, face downward." She got the school.

A man was standing before a tomb in a cemetery, and was lamenting in a loud voice.

"Oh, you should not have died! You should not have died!"

A passer-by approached him and inquired solicitously, "Are you bewailing the loss of your mother or your father?"

"Oh, no," answered the man, "It's my wife's first husband."

Juniors

The study of the Civil War has been our history topic for the past few days. We find it very interesting, because it deals with the great president, Abraham Lincoln.

Even we could feel the excitement which accompanied Patrick Henry's historic speech, when we read and studied it in English III class last week.

According to Margaret, we have some very old men living in the United States of America today.

She says Harry Woodring served as secretary of war during President Washington's administration.

We are sorry to report the ab-

sence of our classmates, Dorothy and Clara. We wish you both a speedy recovery from your illness. What a shock we received Thursday when we saw our pictures. They may have been good pictures, but the expression on some of our faces! Oh, my!

Watching the seniors has just about convinced us that they are better artists than German students. The favorite subject is the automobile and Jean.

Bernice sat very low in her desk Monday morning. Were you trying to shrink, Bernice?

We wonder why two of our Senior girls, Angeline and Lucille, looked so sleepy Monday morning? Could it be because they went to bed so early Sunday night?

Sophomore Report

The Sophs are progressing rapidly in biology. The study of the human body is interesting.

Genevieve seems to have a notion to write poetry. Here is some written by her:

First is Ethel, we love her like gold,

And who she loves has never been told,

She told us that she didn't care for boys,

So, this set us to thinking she'd rather have toys.

Second is Albert, our curly-top.

Some people think they can use him for a mop.

But listen here, Albert, they can't put it past,

For we will stay with you till the last.

Next is Richard who is the smallest of us all,

But when in danger for help he doesn't call,

And as for smoking, well he may,

But the poor little boy looks

from day to day.

Now we have Catherine, the funniest of our group.

She always rides in a Chevrolet coupe.

But boys, I'm telling you you'd better start peeping

'Cause she can't be beat in good housekeeping.

Next comes Geneva who never abuses,

In one thing she's good, and that's making excuses.

We think the boys are the least of her worry.

But we don't know 'cause our mind may be blurry.

Now comes Cletus, who claims himself brave,

Whenever there's a battle he's there to rave,

When in trouble he fights like a bear,

And when he has time he combs the girls' hair.

Now we have Florine who always makes friends,

Even with strangers who aren't her kin.

For catching a boy friend she never has tried,

But for getting lit she has too much pride.

Next comes Wayne who has a few curls,

And he is good at making friends with girls.

But what tickled us most was when he started to relax,

And jumped up hollerin' he'd set on a tack!

Now we have LaVerne who is a very spry child,

She is about the size of a wee, wee, doll,

And in getting her lessons she never does fail,

And if she keeps on she'll never go to jail.

Last we have Prentice with eyes very keen,

We seem to think that he really is mean,

'Cause he lets Wayne sit on a tack,

Just to see how fast he can send him back.

Hm-hm... Genevieve may think she has something on us, but here is what we wrote about her:

Here we have her, who is a very fine lass,

Who wears her slippers made of glass,

She is full of life and lots of fun,

Boys' attention she certainly has won.

Freshman Report

Our science is becoming rather interesting since we have performed the experiment on the properties of acids and bases.

We are very sorry to have our classmate, Willie Mae, absent from school on account of a car accident.

This is what some of the freshmen think they are made of:

Sugar and spice, things lovely and nice, candy and caramels, too.

Sunbeam's rays from bright golden days, and roses all wet with dew.

The whole earth's dower of strength and power, for nothing are they afraid of;

Beauty and health, and love and wealth—that's what the freshmen are made of.

Grade School News

He, hum... I guess I'll have to inform you of the grade school affairs.

We wonder why Mildred likes blue and orange so well.

The boys will be glad when Victor is back with them again.

The sixth grade is studying poetry. Here are some samples of their work:

Cars

One car came fifty,

Another came sixty;

So when they hit

They both smashed to bits!

—Alvin Jungman

Winter

Winter is here! winter is here!

The coldest time of all the year.

All the birds are gone,

With their sweet song.

—Albert Andrae

SANTA FE CARLOADINGS

The Santa Fe System carloadings for the week ending February 4, 1939 were 17,710 as compared with 18,093 for the same week in 1938. Received from connections were 5,062 as compared with 4,915 for the same week in 1938. Total cars moved were 22,772 as compared with 23,008 in the same week in 1938. The Santa Fe handled a total of 23,540 cars during the preceding week of this year.

In 1880 per capita consumption of paper in the United States was 20 pounds a year. Today, avid reading Americans have increased consumption to 220 pounds per capita.

Mr. and Mrs. T. G. Bengt spent last Sunday in Seymour, visiting in the home of Mr. and Mrs. George.

### VALENTINES I'D LIKE TO SEND!

Verse and Sketches

By James Montgomery Flagg

JAMES MONTGOMERY FLAGG needs no introduction as an artist, but the public may not be aware he also writes poetry. In the March issue of Cosmopolitan, Mr. Flagg goes on a spree with both pen and brush and takes four little figures ever so neatly over the hurdles.

James Montgomery Flagg

Three dictators in a row,  
We'll be glad to see you go!  
It's just too bad if this is rude—  
We do not like your attitude!  
The white dove of appeasement  
Chamberlain and his trick umbrella!  
We do not envy you your job—  
Don't let the dove become a squab!  
Benny Goodman—shame on you!  
And such a grand musician too!  
Your epileptic jitter tunes  
Will make our children blue babies!

Handsome Dorothy Thompson  
Chides the world as it romps on.  
You who know what false and true  
is—  
Briny Mrs. Sinclair Lewis!  
Naughty Mister Orson Welles,  
Like twenty bats from twenty hells!  
They shouldn't let you on the air  
To raise the grown-up children's hair!

May blue skies, Shirley, be above you,  
Those with hearts will always love you!  
In "Gone with the Wind" as naughty Scarlett  
They'll cast you yet, my favorite stardlet!

## Southwestern Life Company Shows Marked Asset Increase For Last Year

An increase in assets of \$5,777,727, the largest in its thirty-six year history, was made by Southwestern Life Insurance Company during 1938, according to C. F. O'Donnell, president. The Company's annual financial statement has been received by Mr. Boyle Carley, local representative, who announced that total assets are now \$61,200,299.

A comparison with last year's statement shows that the Southwestern invested heavily during 1938 in United States government bonds, and in bonds of Texas cities and counties. The increase in these items accounts for the greater part of the gain in assets.

With more than \$29,000,000 now invested in bonds, Mr. Carley said, his company had continued its record of never having a default of either interest or principal on any bond. "The Company's bonds are worth at current market prices \$2,226,519 more than their book value," he said.

During 1938 the Company gained insurance of \$19,564,935, bringing

the total to \$342,617,326. "Southwestern Life is now the second largest company in the South writing ordinary insurance only," Mr. Carley said. "Measured by amount of capital, it is fifth in size in the United States."

"The substantial growth of the home insurance companies of Texas is significant in the light of remarks recently made by Chairman William O. Douglas of the Securities and Exchange Commission during his recent visit to Texas. He advised Texas investors to put their money in home enterprises. 'There is no reason,' said Mr. Douglas, 'why the huge financial structure of the nation, centering in the East, should not be decentralized, stopping the siphoning of income from producing regions to New York.'

"Texas life insurance companies are making a substantial contribution toward the financial independence of Texas."

Mr. Carley, who is representative for Knox and Haskell counties, is taking a course in College Life Underwriters, which is a study of insurance in all its forms, working plans, etc. This is a four-year course and carries with it, upon completion of the study, the highest obtainable degree in insurance. This course will greatly aid the local representative in planning and working out the insurance needs of his clients.

Carley stated that he will be glad to be of service to citizens of his territory in "mapping out" their insurance programs, and they may feel free to call on him at any time.

## Rhineland News

Mr. and Mrs. Sherman Brewer of Wichita Falls visited in the home of Mr. and Mrs. John Sokora over the weekend.

Peter Loran is spending several weeks at Stovall Wells for his health.

Mr. and Mrs. Clarence Herring are the proud parents of a new baby girl.

Mr. and Mrs. R. B. White of Wichita Falls visited friends and relatives in Rhineland the past week.

Mr. and Mrs. Joseph Blaschke, Jr., and daughter Geraldine, and son Leonard and Mr. Alois Jungman made a business trip to Dallas, Texas, Wednesday.

Mr. Emmerick Povlas, Mrs. John Povlas, Mr. and Mrs. Victor Povlas, Mr. and Mrs. Joe Minor, Mr. and Mrs. Andrew Schustal, Mrs. John Zapalac and Mr. and Mrs. Henry Snapka all of West Station, visited in the home of Mr. and Mrs. G. Snapka.

Messrs. Frank Herring, Joseph Blaschke, Jr., Anton and Arthur Jungman made a business trip to the plains last week.

### GRAMMAR SCHOOL NEWS

Something that is very unusual and of much importance is the fact that the entire sixth grade, with an enrollment of 51, were all present Wednesday morning and everyone had brushed their teeth at least twice the day before. This check-up was made in health class and was the first time that any class has accomplished such a record this year. Sixth grade, you certainly deserve credit and we salute you!

Everyone enjoyed the 3B and 7A program the last two weeks. They were just fine and we are looking forward to the time when we can see more of them.

All students are getting down to real work in the various Interscholastic League contests and we are going to be disappointed if we don't carry off the championship again this year. We are setting that as our goal so students, you must work hard and don't let your colors down.

Mrs. Burroughs of Coleman is visiting her daughter, Mrs. W. G. Gafford, here this week.

Mr. and Mrs. W. R. Cabanoss and son, Ralph, visited in Seymour a while Sunday afternoon.

### Notice to Farmers And General Public

For your future information, we are lowering our prices to you on sharpening your points from 20c up.

Pointing will be 75c upward. I am also handling the genuine Crescent Lister Shares, sharpened, fitted and ready to go. We invite you to come in and look our stock over and get our prices first, before you buy—and save!

We will be glad to figure with you on your next stalk cutter order. Come in and let's get better acquainted.

# IT'S HERE! The NEW Firestone CHAMPION TIRE

with the NEW Safety-Lock Cord Body and NEW Gear-Grip Tread

Stronger Cord Body  
More Non-Skid Mileage

Plus FAMOUS  
TRIPLE-SAFE  
CONSTRUCTION

FLOYD ROBERTS  
1938 National  
Race Champion  
Champion race drivers,  
whose very lives and  
chances of victory depend  
on tire safety, loose tire  
construction and that is  
why they select and buy  
Firestone Tires for their  
racing cars.

FIRESTONE triumphs again! This time with the new Firestone Champion, the tire that sets the safety standards for 1939. This new tire provides a combination of safety features never before built into a tire. It is a completely new achievement in safety engineering.

From the experience gained on the speedways of the world and in the Firestone laboratories, Firestone engineers have developed a revolutionary new type of cord body called Safety-Lock, which provides amazingly greater strength. This outstanding achievement makes possible the use of a thicker, tougher, deeper tread which assures much greater non-skid mileage. Because of this new Safety-Lock Cord body and Gear-Grip tread, the modern streamlined Firestone Champion Tire establishes completely new standards of blowout protection, non-skid safety, silent operation and long mileage.

The Firestone Champion Tire embodies the famous Firestone Triple-Safe construction — you get the exclusive and patented Firestone construction features of Gum-Dipping, two extra layers of Safety-Lock cords under the tread and Gear-Grip tread design. Never in all the history of tire building has there been such a triple-safe combination to protect you against the dangers of blowouts, punctures and skidding.

Come in today and equip your car with a set of new Firestone Champion Tires — the only tires made which are safety proved on the speedway for your protection on the highway.

## Sophomore Report

Well, another one of our good friends has left us. It is Clara Faye Bryan. She has moved to Seymour, and we really miss her. The Homemaking II girls have started making over dresses now. I think all of them like it a lot.

In English II we have been learning how to spell all over again. The words are used paragraphs; that makes it a lot more interesting.

The freshmen have elected a class reporter to replace Willard Reeves. Patsy Hannah has been selected to fill this position on our Tom Tom Staff.

Another student has joined the ranks of Munday High School. This time it is Kenneth Bookout. Rumor has it that the scheduled opening of the "Swing Club" this year will be Wednesday night, February 8.

Next Sunday will be the birthday of one of the most famous men who has ever lived. As you all know, this man is Abraham Lincoln, once a president of our own beloved United States. Many years ago his advice and prophecies were taken as jokes and made fun of. How well today we realize the truths of the many great things this man said.

Let us all think of him again on this Sunday and remember him as so many people do—as a great president and a great philosopher of a great country.

## Junior Report

The Junior Class Amateur Hour was a success. A fairly large audience was present, and the contestants were from four surrounding schools—Goree, Weinert, Sunset, and Munday. Several grand performances were given, and in the end, the first prize went to Bobby Howell of Munday, second prize to Phillip Cadenhead of Weinert, and third prize to a trio from Munday High School, Allene and Kathleen Houser and Jean Williams. The money that was taken in will help the Junior-Senior banquet.

Writing a report is sometimes hard to do. Especially if the material is not ready for you. I hunt around for something to write. Trying to find anything the readers will like.

I look in a magazine, a paper, a book. When an interesting looking article catches my look, I read it, and look at the bottom of the page. And is printed, "Don't reprint in any other way."

This makes me mad, and I slam the book to. I am so mad I don't know what to do. And in all this madness, the ink bottle so near.

Is turned over and has ruined my paper with a smear.

I tear up all papers and start up anew. Hoping and praying I'll get done before two. And I write some stuff that is kinda worth knowing. This time I ended up by writing this poem.

M. H. S.  
February, 1939

Dear John Q. Public:  
Did you know that on July 12, 1922, after all the people had ceased to celebrate the fourth of July, Dorothy Poyson gave them something to cause them to begin celebration all over again?

Now, seventeen years later, she is still in Munday where she was born. Her face is no longer baby pink, and her knowledge has spread from thoughts of orange juice to steak and potatoes, but in a sense she will always be the same Dorothy to us. We know her well because she has been our classmate for eleven long years.

I'm sure you would be interested to know that her hobby is reading. Her ambition is to go to a business school. "It Makes No Difference Now," is her favorite song. Her favorite subject is book-keeping, and blue is a prominent color with her.

Dorothy is very capable and I'm sure you will like her.

Yours for endurance,  
John Doe.

## Senior Report

We've heard of people writing letters and never receiving answers but writing answers to letters that we didn't receive is something different. In a vain attempt to find just how little we know about correspondence, the typing class has been asked to write letters until we receive an answer. Some of us really expect to receive letters advising us to hunt for an asylum but it will be fun. Lewis says that one sure way to receive an answer is to write an airline company and speak favorably of buying a really honest to goodness aeroplane. They might even send a salesman, too.

Dr. Bass thinks a good motto for students is "Help Yourself" . . . not the laundry kind, however.

## Beware Coughs from common colds That Hang On

No matter how many medicines you have tried for your common cough, chest cold, or bronchial irritation, you may get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel germ-laden phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

Girls at Texas State College for Women recently had a chance to learn plenty about the fine points of football passing when Davey O'Brien visited the campus to receive their annual trophy as Gridiron Favorite of the Southwest Conference. Here is Miss Elizabeth Robertson, student president, taking a lesson from O'Brien and Slingin' Sammy Baugh, who was TSCW's 1936 favorite. The fact that the girls chose Sammy, who measures 6 feet 2 inches, and Little Davey, who tips the yardstick at 5 feet 7 inches, offers new evidence on the age-old question of woman's fickle tastes.

Several of us felt our ears burn when he mentioned that some people were naturally slow to learn. We certainly appreciate his attitude, and since he reminded us that every member of the faculty is interested in us, the future looks rosy.

Kenneth Bookout has come to us from Seymour to spread sunshine throughout M.H.S. It seems that we traded one of our students for two from Seymour.

Recently in English Miss Couch gave us one hundred words to learn how to spell. She explained to us that four hundred freshmen in a college in Florida were unable to spell all of the words correctly. Two hundred freshmen can be wrong!

## Winner of Print Dress Announced

The first half of this school year which was filled with plans for dresses, and daydreaming of four glorious days in Galveston, ended Monday for the first year girls. Each girl modeled her own print dress and strutted proudly before the judges, who were Mrs. Erin McGraw and Mrs. Pitzer Baker. Every girl was free to use her personality smile to influence the judges' decision.

After a few tense moments the winner was announced. The smiling Josell Tidwell shyly came forward to claim first prize. She wore a neat little frock of yellow print with tiny buttons and a collar of matching brown. Luzell McCarty who won second place wore a blue print dress with white cuffs and collar. The dress was trimmed with blue bias tape, and it had twelve gores that swayed gracefully as she walked.

Third place went to Patsy Hannah. Patsy's dress was a becoming little yellow print worn with a bolero.

At last the programs have been completed, and the meetings are under way. The first meeting conducted by Lenore Longino Monday night was an eventful one. The most important decision of the meeting was brought about when a member suggested that we buy dishes with the money derived from the Chamber of Commerce

**CANDY**  
For Your Valentine

Of Course,  
Her Favorite is Pangburn's!

The wisest gift givers give their Valentines things they want . . . and whoever heard of a girl of any age who didn't like candy? Pangburn's will make a special hit, its deliciousness and purity have made it Munday's best liked!

Mr. Palmer has given us two shows in Health. We have enjoyed them.

We are making Valentine booklets in English. They will be on display.

**In The Classroom**  
Mrs. Cobb: "What happened in the year 1800?"

Mrs. Cobb: "Correct. Now, what happened in 1812?"

Jack, (after a pause): "Lincoln had his third birthday."

## Illegal Traffic In Narcotics Is Big Problem

Austin, Texas, Feb. 6.—Illegal trafficking in narcotics is one of the biggest problems facing enforcement officers in Texas as well as other states, according to Captain J. B. Wheatley, veteran Texas ranger who heads the comparative new narcotic section of the public safety department.

"There is no such thing as a 'small-time' narcotic offender," he tersely declared, pointing to a newspaper account of the apprehension of a band of addicts and peddlers described in that manner.

The old-timer, who served many years along Texas' crime battle fronts before his selection as chief of the narcotics enforcement section of seven inspectors, said that addicts and peddlers, "whether they use or sell a fraction or an ounce of dope" are the backbone of the narcotics market.

Wholesale distributors, Captain Wheatley, continued, remain stagnant without the thousands of channels for marketing their smuggled quantities of heroin, opium or morphine.

"If an addict or peddler disposes of one cigaret of marijuana or one grain of 'white' narcotics at a time they contribute largely to the support of wholesale dealers," he said.

Then, too, addicts without funds obtain the required money for supplying their needs from sales of stolen articles. Captain Wheatley estimated that 50 per cent of minor thefts are committed by 'dope' addicts. Major criminals, too, find nerve to commit their heinous offenses under the influence of narcotics.

He described illegal narcotic distributions in Texas as "alarming," and declined to specifically locate distribution centers except to say: "You'll find the greatest number of peddlers and addicts where there are oil booms and large payrolls."

Nominations for the cleverest husband goes to Dr. C. H. McCurney over at Clinton, who is married to that charming Laressa whose book I reviewed last week. That monkey read the last line of Peep Show which as you know is for Ladies Only, and sent me a swell pair of party stockings.

Goodie . . . How's that for answering a columnist on the next mail with a zip and a lotta laughter?

## PEEP SHOW FOR LADIES ONLY —BY— MIGNON

It seems too long against my heart Some sorrow thorn has lain That on my muted harp of life There is a minor strain. But for one shining hour of joy One note of ecstasy I live. And living know that this is quite enough for 'me.

Again, like a swift flying meteor of tragedy, sorrow has dipped down into our lives taking a young redhead. A lad whose life was a bright blessing to all who knew him. He wanted to be a doctor. His long shapely fingers waited, like birds poised for flight, until they could be skilled enough to become a great surgeon. He wanted to specialize in children's work. In the meantime those long sensitive fingers drew the loveliest music from the organ to ease the longing of a curbed spirit, perhaps, and to help pay for the surgery course.

Just when his ambition were to be realized he was taken to serve his internship under the Great Physician. There the corridors are filled with little children who will be the delight of "Buddie." No, he will not have to patch little bones, but think of the lovely music he will improvise on the heavenly organ. Sometimes when the road gets a little too rugged and steep for us to follow, I know the great swell of an organ chord will lift our heart and make the way sweet-er. That will be "Buddie" somewhere off there still doing his bit for those he loves, knowing how his music filled every little crevice of our hearts and hoping the ragged edges which his going cause, can be healed.

"The sorrow of the strings is low, A whisper, a tender warning, Crying that every sound must go, Raucous and swift or sad and slow, In silence before morning."

This week I stepped out to a poet's forum. There were some mighty fine things said and done, too, I'll tell you. None of this "birds that sing in the Spring, Tweet, Tweet." A studious little group they are, who work for harmony and beauty and are making their minds a pigeon-holed place for gems of thought. The director, Mary Miller Beard, whose voice has all the lilt and cadence of music bubbling over silver pebbles, gave us two thoughts to hold: "Make every occasion great, for you can never tell when fate may be taking your measure for a large place. And this one, "There is nothing in life so powerful as an idea whose time has come."

"If an addict or peddler disposes of one cigaret of marijuana or one grain of 'white' narcotics at a time they contribute largely to the support of wholesale dealers," he said.

Then, too, addicts without funds obtain the required money for supplying their needs from sales of stolen articles. Captain Wheatley estimated that 50 per cent of minor thefts are committed by 'dope' addicts. Major criminals, too, find nerve to commit their heinous offenses under the influence of narcotics.

He described illegal narcotic distributions in Texas as "alarming," and declined to specifically locate distribution centers except to say: "You'll find the greatest number of peddlers and addicts where there are oil booms and large payrolls."

**Best Short Short of the week:**  
She cooed,  
He wooed,  
They wed,  
She sued.—High Life.

Which reminds me that friend pappa is off again to one of those Gentlemen-Only Press Conventions in Oklahoma City. Oh, well, such is life. I hope he doesn't lose his store teeth this time, and that he comes home with me a present of some kind. He usually feels that he must, but as long as I don't know why he's easing his conscience, I should worry.

Speaking of the above reminds me of this ad I found in a Minnesota paper this week: "10 boars, all breeds. Balance are fall pigs by the same name who had pigs here last Saturday."

February is right in the offing, which reminds me of the sweetest date of the year. The Poets, the Writers, and the Pen Women, to say nothing of the Printz over in Tulsa, which is the frosted frappe superlative, always on a menu of good times and happiness. However, I'm on a diet this year. Spect I'll have to skim them all.

To Dusty over at Erick: Course I haven't passed you by. Ain't had any time to try Writing lovely thoughts all day. How'd you think I'd get that way? Burning this Panhandle Paper. Ain't no easy, playful caper.

Bye, Be Seein' Yuh.

She: "Really, dear, do you love me?"  
He: "You bet I do!"  
She: "And do you think of me all the time—night and day?"  
He (after a moment's hesitation): "I'll be honest with you—I do think of my pleurisy once in a while."

**FIXED THAT**  
"Most interesting," said the sweet young thing to the motor car salesman, "and now show me the depreciation, please; I hear it is heavy in these cars."

"As a matter of fact, madam," replied the opportunist, "we found it a source of worry, and had it removed."

**DOUBTING THOMAS**  
The one-ring circus was visiting a town in the hills. The folks there recognized all the instruments of the band except the slide trombone.

One old settler watched the player for quite a while, then said: "There's a trick to it; he ain't really swallerin' it."

D. E. Holder, Jr., who is attending Hardin-Simmons University at Abilene, spent the week-end in Munday, visiting home folks.

Mr. and Mrs. E. W. Harrell visited with relatives in Anson last Sunday.

# CHEVROLET

## 1st in sales

### 1st in Features

### 1st in Value

. . . and again in 1939  
people everywhere are saying,  
**"CHEVROLET'S THE CHOICE!"**

Chevrolet outsells all others because Chevrolet out-values all others! That's the verdict of discerning buyers in all parts of the country, and it will be your verdict, too, when you weigh the many extra-value features Chevrolet is offering. Modern features—important features—exclusive features like Vacuum Gearshift\*, Valve-in-Head Engine, New "Observation Car" Visibility, Perfected Knee-Action Riding System, and Tiptoe-Matic Clutch—features available nowhere else at such extremely low prices! Only Chevrolet gives so much for so little, and that is why—"Chevrolet's the Choice!"

## THE EAGLES IN ACTION

The Sunset Eagles entered the semi-finals of the Goree Invitation Tournament Friday night with Seymour and emerged the victors with a score of 29 to 15. The smooth floorwork of the Eagles made their scoring seem almost incidental. Strickland was the leading scorer with twelve points, closely followed by Shannon with ten. To a banner crowd in the balcony the Eagles displayed plenty of experience, natural ability, and reserve punch. The first period of the game was interesting because of the smooth guarding and the excellent cover-up work. At the end of the first quarter the score favored Sunset 4-2. The Eagles rallied quickly in the second period and Strickland and Shannon showed the goal to give their team the lead of 18-5 at the half. The last half of the game was a continuation of scoring and all-around good ball playing. In the last quarter Seymour rallied slightly and made several nice shots. The Seymour team was beaten, however, and the final score was 29-

for Sunset and 15 for Seymour. The victory placed Sunset in the finals with the Goree Wildcats who defeated Bomarton Friday night.

The Eagles returned to Goree Saturday night and went up against the Wildcats to produce one of the best games of the season for a balcony that was packed to capacity with fans. The score was rather close the entire game but the Eagles obtained the lead in the first period and held it throughout the game. The star of the winning team and the spark-plug of the Eagle attack was Strickland, who compiled the excellent score total of 16 points. All of the starting quintet of Sunset shared in the goal making and Hunter stepped into the limelight with eight points. There were no substitutions for the team and the boys played excellent ball although Strickland committed three fouls.

The score was 19 to 14 at the half, in favor of the Eagles. The last period of the game was as interesting as the first with a remarkable display of talent on both teams. The Eagles played one of the fastest and cleverest games of the season and emerged winners of a score of 32 to 29. A beautiful trophy was awarded to them, which makes four they have received this season. After the trophy was awarded several of the Sunset squad received medals. Strickland and Shannon received medals for the all-tournament team, having been chosen for the position of forward and center, respectively. A sportsmanship medal was received by Hunter of Sunset. The Eagles and their coach, Mr. W. C. Kimbrough, wish to take this opportunity to express their sin-

cere appreciation for the excellent manner in which the tournament was conducted. The team received consideration and respect in every way and is very grateful.

The Eagles enter the county tournament which will be held at Knox City next Friday and their first opponent is Goree. The team invites everyone to come to the meet and assures them of some good playing.

## Junior Boys' Basketball

The Sunset junior Eagles will enter the county meet at Knox City this week-end with high hopes of winning. They will meet Benjamin. The winner of this game will be in the finals. The junior Eagles' record this season follows: Nov. 4, 1938; Goree, 33; Sunset 11; Nov. 8, Knox City 6; Sunset 25; Nov. 10, Benjamin 4; Sunset 23; Nov. 18, O'Brien 9; Sunset 21; Dec. 2, Bomarton 11; Sunset 26; Dec. 13, Goree 17; Sunset 11; Jan. 13, Munday 6; Sunset 35; Jan. 21, Knox City 9; Sunset 13; Jan. 26, Goree 33; Sunset 31.

The Sunset junior boys' last game of the regular season was with Goree. The game ended with the score tied, but in the extra minutes, Goree won.

Everyone is invited to come out and see the boys perform in the county tournament which will be held in Knox City this week-end. Goree won the county last year, and this year Sunset will be out for revenge.

## Seniors On Parade

Seventeen years old, blonde, and weighs one hundred and ten pounds—Hallie Phine Clarke, one of our favorite senior girls.

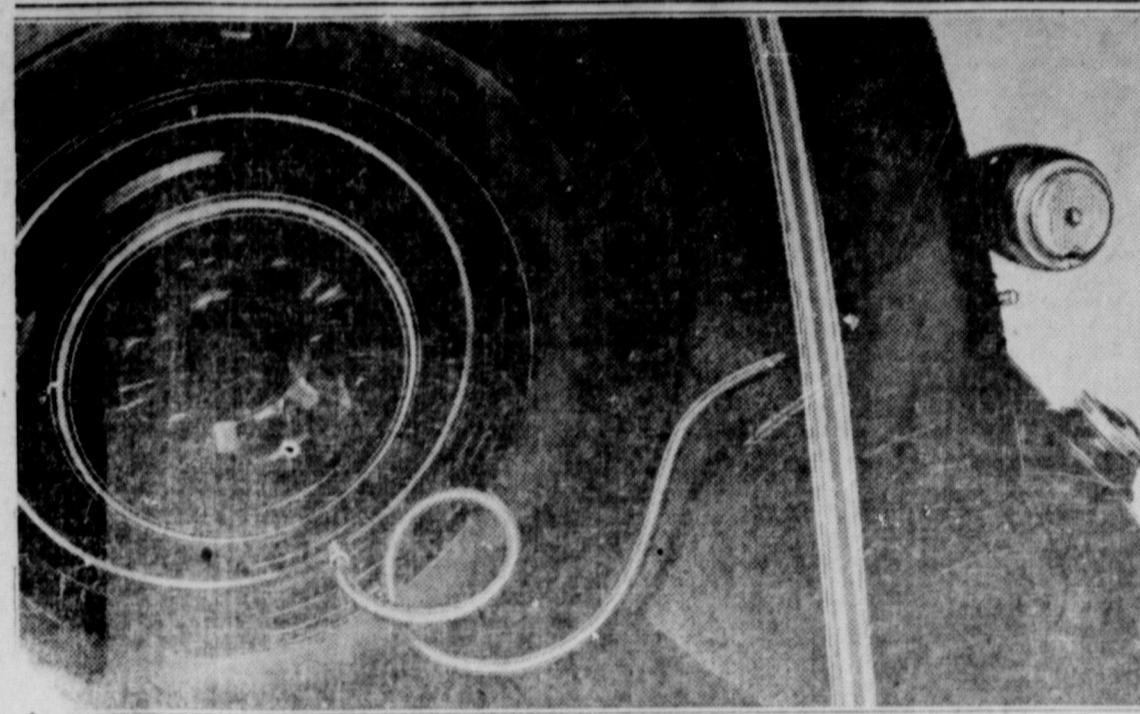

Hallie Phine began her school life in Knox City grade school. She is finishing her school days at Sunset, and the senior class is very proud to have her as one of her classmates. Hallie Phine was one of the three seniors who made the honor roll for the first semester.

There are so many things that Hallie Phine would like to do, that as for choosing a career, she has not definitely decided just what it will be.

We all have wondered why Hallie Phine has liked the following so well:

Subject: Home Economics.  
 Song: Little Gray Home in the West.  
 Boy Friend: Outstanding Athlete.  
 Color: Teal Blue.  
 Hobby: Kodaking.

## Another Convenience for Motorists

Spare tires have been retired to the innermost recesses of built-in trunks, many motorists have a tendency to look them when other tires are checked. A new device has been made available to Chevrolet owners which permits inflation of the spare tire, without opening the trunk, through a valve connection installed outside the trunk door. Thus the spare tire pressure can be watched as conveniently as the other tires, without moving trunk luggage.

## Famous Sayings of Famous People

Orville Strickland: "Maybe you don't like it."

Trapehene Wren: "I can't give a Rip Van Winkle."

Wardell Sweatt: "Oh dear me!"

E. G. Parkhill: "Look in Long's English Literature."

J. E. Hunter: "What are you going to do about it?"

Cleta Jones: "Oh Mona!"

Nettie Griffith: "Popcorn!"

Margaret Hardin: "Grandfather."

Louise Gray: "Heck."

Juanita Hunter: "Garden seed."

Theba Burnison: "Do you really mean it?"

LaVerne Bumpas: "I knew all the time it wasn't funny."

Joe Burton: "Oh, I thought you were something else."

Glendon Matthews: "Dad Gummit."

Howard Myers: "Egad."

Paynie Shannon: "Oh, that was just a paper wad."

Ausa Cluck: "What had you rather do or eat a bug?"

A. J. Gilbert: "Yeah, Man!"

Pat Parkhill: "Is that so?"

Mr. Harber: "First mistake I ever made in my life!"

Ruby Hutchinson: "Here come a man."

Hallie Phine Clarke: "I'm saving up recipes."

Kenneth Myers: "Does it hurt you?"

George Thomasson: "Look here, I have something."

Roddy Griffith: "Kinda, yes."

## Volleyball

The volleyball girls went to Goree Saturday night, with plenty of pep. In the first game, everyone was doing well and carried it over in a big way, but the next two games, the girls did not have such good luck. But they determined to win the next game, and they are working to win the county.

## Our Peacetime Hero

You've all read of mighty Texas. That good old southern state, Where the politicians lost their battle, In nineteen thirty-eight.

I'm here to tell the story, To all that want to hear How a flour peddler saved our government

In that long-remembered year.

He did not seek the heights of riches, Or the mighty halls of fame, He sought the light of a Savior's face,

To clear his gallant name.

And the people of the future In those happy days to come, Will build a statue of O'Daniel, For of politicians there'll be none.

When England is as old as Egypt, And the Eastern nations are at rest, Then those children of the future Will call him "The Napoleon of the West!"

—Louis Herring

The above poem was written by a junior in Sunset High School.

## Future Homemakers

The homemaker chapter of the F.H.T. club was called to order on Monday, February 6, 1939, by their president, Margaret Hardin. Minutes were read by the secretary, Virginia Parkhill. Plans were completed for the tea to be given Wednesday night for the Homemakers' parents and for the faculty of the high school. Also plans for a Valentine party were discussed. As the period was cut short, the club did not have time for their entire program; but Miss Gray, the Home Economics teacher, entertained them with a reading.

## News From the Freshmen

The first year girls in Home Economics have entered the clothing unit. They started off easily, by making tea towels of different ma-

terials, some used flour sacks, sheeting materials and regular tea towels to hem.

Most of them have finished, but the majority are still working. The girls all seem to enjoy sewing very much.

## WE WONDER WHY . . .

Ruth J. likes to sit at the front of the study hall.

Roddy had rather have a party Friday night than a ball game.

Doris likes to look at the next to the new Life magazine.

Three of the girls think that ball games are more interesting than picture shows.

Bernice blushes so much. (Is it the custom?)

Randall is always saying "I thought she was mine."

Wynell is always so sweet to the boys.

Evelyn's shoe soles spread out.

## News Among the Grades

The first grade is working on a unit about the city. They are going to visit the post office and grocery store. They are also studying the lives of great men whose birthdays are in this month, as Washington and Lincoln.

The second grade just finished "An Imaginary Trip Around the World," which will be followed by a series of studies "Round About Us." They are working on a post office and a variety store. They took a trip to Munday Tuesday afternoon to learn what goes on behind the post office windows and to learn other things to make for the store. They have made stamps, envelopes, and postal cards for the post office, also toys, stationery, pictures, doll clothes, and other things for the store.

The third grade pupils are glad to have Jim Mack Davis back in school after an absence of two weeks.

## SPRING

Spring is coming  
 Bees are humming  
 Apple trees are blooming  
 Cows are mooing  
 I am swinging  
 A little bird is singing.  
 —Ronald Foshee

The seventh grade pupils are going to present a program Friday afternoon. The program will consist of several musical numbers and a play, "Brother Judahiah," with the following characters:

Brother Judahiah, Bori Johnson, Marian (his wife), Bertha Faye Jennings, Maria (a maid), Glyndelyn Frost, Mr. Lee, Joe Waldron, Mooren (a daughter), Frances Walling, Lucille, (a daughter), Gwynell Phillips, David Nolan (Lucille's lover), Victor Thomas.

## AIMING AT THE "LITTLE FELLOW"

It is reported that there is a growing belief among Congressmen that the revenue derived from the income tax must be increased. It is also reported that Treasury officials are extremely dubious as to the possibility of raising any substantial additional amount of revenue by "soaking the rich" further. Big individual incomes are already subject to surtaxes ranging up to 80 per cent, and the point of diminishing returns has been reached.

Therefore, it has been argued, additional income tax must be raised by increasing the levies on persons in the lower and middle tax brackets—and by dropping those brackets so as to reach income levels now exempt from direct taxation.

If this came to pass—and it is obvious, if we continue to spend two dollars for every dollar we take in, that tax revenue must be upped—those citizens who have taken small interest in government fiscal policy on the theory that the rich must pay the bills, will be due for the roughest sort of awakening. The fact of the matter is that today the rich could pay but a small part of taxes required even if their total incomes were confiscated. The great bulk must be paid by ordinary citizens, through indirect, hidden taxes which constitute part of the cost of everything we buy and use. But relatively few of us seem to realize that—and it is that blindness to fact that has created our almost criminal indifference toward the tax and debt policies of our government.

Reducing income tax exemptions and increasing the levies in the middle and lower brackets would bring home hard to almost every citizen the tremendous, personal interest he has in the financial conduct of government. It would show him once and for all that economic, efficient government means more dollars in his pocket—and that wasteful, inefficient government means fewer dollars in his pocket.

We're nearing the cross-roads in fiscal policy now. Either the cost of government will be cut—or taxes will continue to rise. And if the latter happens, only the "little fellow" is left to pay the bill—the "big fellow" is being bled white now.

Billy Arthur Lee of Wichita Falls was a visitor here last Saturday and Sunday.

Bonmer Baker was visiting in Munday during the week-end. He is now making his home in Haskell, where he is connected with some phase of the resettlement administration.

WEST TEXAS UTILITIES CO.  
 BORN: Light . . . Sired by Private Initiative and Inventive Genius

**Q. Who inven.ed the first electric light bulb?**  
 A. Thomas Alva Edison, now known as "the Wizard of Menlo Park."

**Q. Was he ever assisted by governmental subsidies during the many long years he worked to perfect electric lights?**  
 A. No. Electric light is the result of private initiative and inventive genius on the part of a man who sought to make the world a better place in which to live.

**Q. Did he succeed in doing that?**  
 A. Yes. Other individuals took up where he left off . . . constantly improving the light bulb Edison invented. Private industry, bent on spreading the use of GOOD LIGHT into every home in the land, learned how to manufacture the bulb more cheaply and efficiently.

**Q. Whose money made this possible?**  
 A. Private citizens invested their money in the electric industry, thus making it possible to carry on the research that led to present-day low rates for light and power. West Texas, along with the entire country, has profited from the investment of private funds which now provide not only good light but contribute to the support of whole communities through employment of thousands of men and women and through payment of huge sums in taxes.

**Q. Then Edison's invention has had far-reaching benefits for all?**  
 A. Yes. He—of all men—left the world a better place!

### New Firestone Champion Tire Is Improvement

Introduced to the motoring public a few weeks ago, the new Firestone Champion Tire, a product of years of speedway experience and laboratory research, has already won the recognition of American motorists as one of the truly great safety contributions in the history of the motor car, according to H. B. Warren, local Firestone dealer. "Although smartly streamlined and ultra-modern in appearance, with a revolutionary new Gear Grip tread pattern, most of the major structural advantages of the new Firestone Champion tire are not outwardly apparent," explains Mr. Warren. "Headlining these new structural features is a revolutionary new type of cord called

"Safety Lock." It is constructed of fine quality cotton fiber, tightly twisted by a new process into strands of high tensile strength. Treated by the famous Firestone patented process of Gum-Dipping, the "Safety Lock" cord is still further strengthened and each fiber is locked in every cord, each cord is locked together to form the body of the tire. The result is a much stronger tire body that provides the utmost in blowout protection. In addition, the new Gear Grip tread is inseparably locked to the Safety-Lock cord body.

"Because of the stronger cord body, tread thickness has been increased without danger of separation. This feature, aided by the use of a new and tougher tread stock provides a substantial increase in non-skid mileage. The Gear Grip tread of the new Firestone Champion tire is distinguished by a "gear-toothed" design and

has six circumferential tread bars. Each tread bar has 576 sharp-edged angled shoulders of safety to counteract skid tendency in any direction. Every revolution of the new Gear Grip tread brings a total of 3,456 of these sharp-edged non-skid elements into play on each tire. Thus, the Gear Grip Treads on a set of four Firestone Champion tires brings a total of 13,824 non-skid angled edges in contact with the highway during one complete revolution of the wheels. "Even after thousands of miles of tread wear, Firestone Champion tires retain their superior non-skid qualities, insuring maximum protection against skidding. The scientific design of the Gear Grip Tread also precludes rhythmic contact of non-skid elements with the road surface, and consequently, provides a new degree of silent operation. Road noises even when traveling over worn brick pavements is negligible."

### Amarillo-Houston Airline To Start

Amarillo, Feb. 7.—Daily air service between Amarillo and Houston, via Lubbock, Big Spring, San Angelo, and Austin, will begin Thursday morning when Essair, Inc., starts its first ship over the route from the Amarillo Municipal airport. Sam Marshall, Jr., Dallas, president of the company, announced that the seven-passenger plane that will be used on the line will be ferried here from Dallas Wednesday morning, weather permitting. Since Essair announced the line and introduced Houston-Austin service a week ago, weather conditions have prevented flights into the panhandle.

### Weather Report

Weather report for week ending February 8, as recorded and compiled by H. P. Hill, Munday, U. S. Co-Operative Weather Observer.

	LOW	HIGH
1939	30	42
1938	24	34
1939	34	48
1938	28	52
1939	34	52
1938	36	45
1939	40	34
1938	24	47

Rainfall to date this year, 2.40 inches.  
Rainfall to this date last year, .95 inches.

### Sale Features Horses, Mules And Cattle

A feature of last Tuesday's livestock auction sale was plenty of good cattle which sold rapidly and brought good prices. Cattle sales were reported better than even before, with the cattle being in much better condition, which largely accounted for the higher prices than at other sales.

A good number of horses and mules were also sold at the auction. The sales books showed quite a number of hogs during the sale, these also being sold at good prices.

Miss Oma Norville came in Tuesday from Saint Jo, Texas, where she had been with her aunt, Mrs. J. A. Norville, the past four years. Her aunt passed away Sunday morning.

### Moguls Defeat Knox City 32 To 10 Wednesday

The Munday Moguls, featuring an airtight shifting zone defense, took the Knox City cagers into camp on Wednesday night by a one-sided count of 32 to 10.

The fast improving Moguls clearly outclassed the Knox City roundballers, a team that had previously defeated them by a large score in the early part of the season. The Mogul tight defense held their opponents to three field goals, two in the first half and one in the last half.

The Moguls, working smooth screen plays against Knox City's man-for-man defense, broke their forwards loose time after time, but inability to hit "crip" shots kept the score down. The Moguls showed marked improvement since their last appearance on the local court, when they defeated Haskell by one point. The team is one of the strongest in the county and is almost a cinch to reach the finals of the county tournament to be held in Knox City this week-end.

There are no outstanding individual performers on the Mogul team. They play as a unit and look good as a team, despite the lack of experience of individual performers. Three of the starters had never played a minute before this season, and the other two had played very little.

The lineup Wednesday night: J. Pippin and L. Blacklock, forwards; Harrow, center; Walton and Kitchens, guards; Patterson and Thompson, forwards; Stevens, guard.

### Cowboy Band To "Make Music" In Arizona Rodeo

Abilene, February 7th.—Hardin-Simmons University's celebrated Cowboy Band, for the third successive year, will be the official musicmakers for the world's championship rodeo in Phoenix, Ariz., G. B. Sanderfer, graduate manager announced today.

The musicians, to play under the direction of Marion B. McClare, their composer-director, will begin the three-day engagement on Thursday.

The Cowboy Band travels thousands of miles each year to present their tuneful Southwest music at rodeos, concerts and convention engagements. The current trip is their first for the spring semester.

### HOOD NEWS

Several of the farmers in this community are having their farms terraced.

We are happy to report that Mr. Woodrow Thompson is able to be out again after a few days in bed from a tonsil operation.

### Notice to All Tractor Operators And Owners

I wish to advise you that I am opening a tractor repair shop in connection with my other business, and have employed Shorty Horan, whom most you already know to be an experienced and efficient mechanic on all makes and models.

Shorty comes to me very highly recommended by all in getting the job done satisfactorily, no matter how big or small.

We therefore invite you to come in and let us figure with you on your next repair job.

Basketball games were staged in the Mundayatorium on Friday week when the Moguls play the Dickens of Dumont.

Dr. J. Horace Baskin, announced three games will be held on Friday night at 7:30 p.m. promptly at seven o'clock.

According to Aris Superintendent of the school, the visiting team is the strongest in the defeated Paducah other larger school. An interesting prospect, and many expected to be present.

**C. D. Green, Known Re Dies**

**Burial Made Scurry Cou Last Su**

C. D. Green, well known of Knox county, and day resident, passed away in Goree last Sunday. Mr. Green had been ill for several years.

Mr. Green came to Goree in 1910 and was employed a number of years with one of the local firms. He and his family have lived here for several years ago.

Surviving him are his son, Deaton Green (two daughters, Mrs. and Miss Eura Mae Goree).

Funeral services for the family home last Sunday at nine o'clock, were held at the home of Rev. Shade Stegall, pastor. The body was taken to Scurry county where it was made in the home of Mr. and Mrs. Greaves, last Sunday.

Mr. and Mrs. Greaves are residents of that county. There in the early part of the week.

**Debaters F Goree En NTS**

Four Goree high schools are listed among the 29 schools of the state which have already filed their applications to compete in the annual Debate Institute at the North Texas College on Friday, February 17 and 18.

Ray, director of the institute, announced this week that the four students are Virginia Goode, Bessie W. H. Cofer and W. H. Cofer and W. H. Cofer.

Approximately 100 students have already entered the institute.

The institute is the first of its kind in the history of the state, and is being held at the North Texas College on Friday, February 17 and 18.

The institute is being held at the North Texas College on Friday, February 17 and 18.

The institute is being held at the North Texas College on Friday, February 17 and 18.
