PRICE 15c

MUNDAY, KNOX COUNTY, TEXAS 76371

THURSDAY, APRIL 28, 1977

SECTION 1

NO. 29

The time was here before we realized it. We went ahead and did it Saturday night, but with a great deal of reluctance; therefore, we didn't get a whole bunch of enjoyment out of it.

We missed our annual gripe—the ahead of time gripe, that is.

But we guess the pain of a bellyache is no less severe because it comes a bit later than usual. But for the deed that had to be done, we might not have had a bellyache at all.

You see, we had to set our watch and clocks an hour ahead before retiring Saturday night. We could have just ignored it, but then we would have been off-balance with the rest of the world—the U. S. in particular.

Sunday at 2 a. m. was the time when most of the United States began six months of Daylight Saving Time.

In all the years we've been observing this awful thing, we can't see that we've stored up one bit of extra daylight for use in the darkest hours of midnight. We just haven't benefitted by the observance—and we don't expect to in 1977. We just won't try very hard!

Unless Congress intervenes, we will be observing this "fast time" up to the last Sunday in October.

And that august body might do something about it; only, we expect it to be worse instead of better!

Some of those boys who got the \$12,000 salary raise want something to show for it. So they are making a persistent attempt to extend DST for seven or eight months in the year. They insist that a longer period of daylight in the evening could conserve energy and reduce street crime and traffic accidents.

Who can be naive enough to believe that? Changing the hands on those timepieces is not going to make the sun rise any earlier, nor eventide come any later, than usual. The orbit of Old Sol is governed by a higher source, and you can depend on it that He didn't have anything to do with DST!

We can set our timepieces so darkness will come at high-noon (our time) and daylight come midnight, if we so desire it. Chances are, though, that it won't effect the goings-on of the criminal element, the careless driver, or the war against use of energy.

It would be something for those boys "up there" to piddle around with while drawing that meagre salary of only \$57,500.

Then there are those in "the halls" that would take off in another direction. They are those who represent rural areas and those split by time zones.

They want to "cut back" DST on the grounds that it disrupts farmers' work schedules and means some school children have to wait for buses in the predawn darkness in order to get a ride to school.

When there's work to be done, farmers work from sun to sun, and by means of artificial lights. The "time of day" as we know it means very little to them until that Continued on page 2

REPRESENTING MUNDAY In the state UIL track and field events in Austin May 6-7 are Julie Myers, left, first place district winner in the mile run, and Vickie Tolliver, second place in shot put.

## Two Girls to Go to State

Two Munday High School girls who have been winning in numerous track and field events this year have qualified to enter the state contests in Austin on May 6 and 7. They are first and second place winners in regional contests at Odessa last Saturday.

Fleet-footed Julie Myers, a freshman in MHS, has been setting records in the mile run this year. At the regional, she won first place, with 5:37.8, which set a regional record. She bested her own previous record of 5:52.

Vickie Tolliver "strong

armed" her way into second place in shot put, with 39.0.

First and second place winners in the regionals were qualified for competition in the state events.

Coach David Stapp will be accompanying the contestants to Austin.

## It's A Lotta Water, But Not Nearly Enough, Yet

Pete looked out over the wide expanse of Millers Creek Reservoir early Monday afternoon, and said:

"There's a lot of water in the lake, more than we've ever had. But it lacks a whole lot being enough!"

Representatives of the Munday Courier who accompanied Pete Beecher to the lake site could very well envision what the man was talking about.

There was water in the lake—some runoff being recorded from recent slow rains—the lake bottom was about covered, and there were several "little fingers" of water running out into the tributaries. Water was running around the temporary dam at the water intake tower. Heretofore, this small impoundment would dry up, and water had to be

pumped back into it to make enough available to test the pumps and other equipment.

According to Pete's records, we now have a total of 1,400 acre feet of water in the lake, as compared to the capacity of better than 25,000 acre feet. To get this into gallons, multiply the figures by 25,850 (or thereabouts). You can do it—we

won't!

Beecher also said: "We'd like for the lake to be one-third full before we start working on getting it approved for domestic use. We have to send in tests every month for a period of time before it can be certified. By the time this is done, we'd hope to have enough water to take care of our immediate and future needs.

"We have three towns, Aspermont, Rule and Rochester, ready to buy water as soon as we can supply it."

Looking back, it was September 29, 1972, that ground breaking was held at the lake site, with a large crowd present, dinner by Underwoods, music by the Mogul Band, etc. It was August 29, 1974, that the contractor's work was accepted and Millers Creek Reservoir became property of North Central Texas Municipal Water Authority.

When will it be filled with water? \*\*\*\*\*

## Goree Girl To Enter State Events, Austin

Winning the track championship for Region II-B at Brownwood last Saturday was versatile Julie Skelton of Goree, who has won several honors during the season.

Julie won the 220 yard run at 26.6, the 100 at 11.4, and took second place in the long jump at 17.4 feet.

This qualifies her for the state meet next week at Austin. \*\*\*\*\*

## Weather

For seven days ending at 7 a. m. April 26, 1977 as compiled by Goodson Sellers, U. S. Weather Observer.

	TEMPERATURES	
	HIGH	LOW
April 19	80	55
April 20	77	56
April 21	70	48
April 22	72	45
April 23	76	45
April 24	83	46
April 25	70	46
Rainfall this week	.82	
Rainfall for 1977	7.32	

## Golf Club To Hold Tourney

Members of the Lake Creek Golf Club are announcing their annual club tourney for next week—April 30 through May 7—and all golfers of the area are expected to enter.

This is a matched play event, and an entry fee of \$5.00 per person will be charged.

Phillip McAfee and Bobby D. Burnett are in charge of this tourney, and members are asked to contact them for further details.

Entry deadline is 7 p. m. Friday, April 29.

## Heart Fund Cyclethon Is Slated

Bike riders of the area will be "pushing the pedals" for the Knox County Heart Fund next Saturday, weather permitting. In case of bad weather, the alternate date of Sunday, May 1, will be observed.

This annual heart cyclethon is being sponsored locally this year by the Jaycees of Munday. Other communities are expected to enter this event, making it a county-wide effort to boost the heart drive.

Contestants are being furnished an official entry

form, and many of them are completing their forms this week. The idea is to secure sponsors for this event. Either a business firm or individual may act as sponsor for a contestant, agreeing to contribute to the heart fund a certain amount per mile travelled by the cyclist. These pledges will be collected soon after the cyclethon.

Local contestants will travel the 24-mile course—12 miles to Knox City and return. Aid stations will be set up along the route for

refreshments and first aid.

Check-in and registration will be held between 1 and 1:30 p. m. Saturday, April 30. Immediately after, the contestants will begin "their journey" to complete the cyclethon. All riders must be off the course by 6 p. m.

This event has proven very popular in past years, and all money received will be used to finance Heart Research Projects in Texas.

Local merchants are also adding interest to the cyclethon by contributing various prizes for the riders.

## Industrial Foundation Reorganized

A called meeting of all former contributors to the Munday Industrial Foundation will be held at 8 p. m. Thursday, May 12, in the Chamber of Commerce and Agriculture conference room. Anyone interested in becoming a member is also urged to attend.

The purpose of the meeting will be to elect new officers and directors, and to recruit new members to the group. Anyone interested in industrial development in Munday may become a member of the Foundation for a minimum contribution of \$25.

Through efforts of the Foundation several years ago, funds were subscribed for the purchase of the 10-acre site now occupied by the Texas A&M Vegetable Research Center.

Re-organization of the Foundation is a result of a renewed effort to secure industry for Munday, such plans being made after a group of local citizens representing the Chamber of Commerce and Agriculture attended an industrial seminar with the Texas Industrial Commission in Austin last November.

All contributions will be tax deductible, as the foundation is chartered by Texas laws and is declared tax-exempt by the Internal Revenue Service.

## KC Rodeo Date Set May 6-7

Knox City will hold its annual Junior Rodeo on May 6-7. Performances will get underway at 7:30 both nights. Contestants will compete in 3 age groups which are 12 and under, 13 thru 15, 16 thru 19 with age on January 1, 1977 determining which group they enter.

Events for girls in all age divisions are barrel and flag racing and pole bending.

Events open to boys 12 and 13 are the same as girls plus breakaway roping. These events are also available to boys 13-15 plus bull and bronc riding, tiedown and ribbon roping.

Events open to boys 16-19 are bronc and bull riding, tiedown breakaway and ribbon roping.

All around cowboy and cowgirl buckles will be awarded in each age division. In order to qualify they must enter 3 events and place in 2. Trophies will be awarded in the 12 and under groups only with money jack-potted in other 2 age

## Mogul Musicade Is Slated May 3

The Munday Mogul Band and Band Boosters Club are "moving into high gear" on two of their annual money making projects.

The band will present its annual 1977 "Mogul Musicade" on Tuesday, May 3, at 7:30 p. m. in the high school auditorium. The choir, stage band and concert band will be performing a selection of popular and entertaining numbers for audience approval.

Admission will be \$1.50 for adults and 75 cents for students. There will be no advance ticket sale this year.

The Munday Band Boosters are starting knocking on doors around town this week, as well as the rural areas, to tell people about their annual Birthday Calendar Sale. They are hoping for a record sale this year, as the profits will go toward the purchase of new band uniforms.

Money raised by the Band Boosters for the last few years has helped support the band in the following ways:

- Instruments, \$2,275.55 (the school pays half the cost.)
- Tuition to band camps, \$1,088.00.
- Films and tapes for band, \$197.12.
- Sweaters and jackets for

seniors, \$1,245.29.

Sousa awards, \$57.42.

Band trip to Six Flags Over Texas, \$490.80.

Refreshments for students, \$99.29.

Meals at contests, \$1,377.50.

Video tape machine, \$1,927.85.

Band clinics and critics to prepare for UIL contests, \$190.00.

"We are proud to help support our band," boosters said, "and we ask that you have a part by attending the Musicade this year, and by buying a birthday calendar. All profits from the Musicade and the calendar sale will go into the band uniform fund. Won't you please have a part?"

## BAND PARENTS

A sample of a band uniform top will be available for your inspection at the regular monthly band meeting at the band hall at 8:00 p. m. Monday, May 2, 1977. Be present to voice your opinion. \*\*\*\*\*

## Baptist Church To Observe Anniversary

The 85th anniversary of the founding of the First Baptist Church in Munday will be observed with a homecoming and special events next Sunday, according to Rev. H. B. Graves Jr., pastor.

Homecoming will begin with Sunday morning services, the pastor said, followed by dinner on the ground for all members and guests and an old-fashioned singing which will begin at 1:30 p. m.

Rev. John Street, pastor of the First Baptist Church in Dimmitt and former pastor of the local church, will deliver the morning message. All members and former members of the church are cordially invited to hear this former pastor and join in the other festivities.

It was stated Tuesday that the local church was organized in 1892 at the site east of town, about where the James Smith home is now located.

## Merchants Plan New Promotion

In order to stimulate business during the spring and summer months, and to give people of this area a greater incentive to trade at home, a number of Munday merchants are initiating a new sales promotion for the future.

If plans work out, the new promotion will be held for the first time on Thursday, Friday and Saturday, May 5, 6 and 7.

These merchants will combine their promotion values in a special ad to appear in The Courier once a month.

The promotion is co-ordinated by the Retail Trades Committee and Munday Chamber of Commerce. \*\*\*\*\*

## One-Act Play Presented At Lions Meeting

Benjamin High School students who won district honors in the UIL one-act play contest, coached by Mrs. Herbert Bellinghausen, presented their play at Tuesday's meeting of the Munday Lions Club.

The play dealt with "delinquent parents" who had no time to devote to their children, making frequent promises and failing to keep them, thus resulting in the youngster becoming addicted to drugs. It was a dramatic presentation that brought out the importance of devoting time to play, guidance and understanding of children in the family.

Students taking part in the play are: Craig Hertel, Steve Bisbee, Tracy Cartwright, Jessie Estrada and Philly Benson. \*\*\*\*\*

## Piano Recital This Sunday

Mrs. Susan Frazier will present her music pupils in a Spring Recital on May 1, 1977 at 2:30 p. m. at the First United Methodist Church in Munday.

Her music students are Tammy Decker, Lynnette Norman, Salwa Choucair, Paula Waggoner, Julie Partridge, Greg Birkenfeld, Cathy Cartwright, Gary Birkenfeld, Lynn West, Julie Hines, Kelly Fisher and Mona Choucair. \*\*\*\*\*

grain crop is harvested and in the grainery.

Our suggestion would be that we scuttle the whole mess and go back to where we were before it started. We were happy then and happy people can do a lot more toward solving a energy crisis than those who are thrown off course by DST.

And you may lay to that!

**WG's HAVE SALAD SUPPER**

The WG's were entertained in the home of Mrs. Ruth Griffith with Vera Killian as co-hostess on Saturday night, April 16th. After a delicious salad supper gifts were exchanged and games were enjoyed by all.

Those present were Pauline Morrow, Viola Cude, Elba McMahon, Dorothy Putnam, Frankie Yost, Juanita Massey, Alta Bowden, Allene Beaty, Vera Killian and Velma Bromley. Mary Welsh was not able to be there. Reporter, Vera Killian.

**Rhineland Gin Has Annual Meeting; Issues Dividends**

A festive air filled the Knights of Columbus Hall Monday night, April 25, as patrons and guests of the Rhineland Co-op Gin met for the annual appreciation dinner.

Over 180 people enjoyed the barbecue dinner catered by Dairyland of Jacksboro. Following the meal, the invocation was given by Rev. Bartholomew Landwermyer.

Registering guests were Miss Nancy Zeissel and Mrs. Patsy Meinzer.

Marvin Zeissel, president of the board, welcomed everyone, then turned the program over to Travis Lee, accountant, for the yearly audit ending March 31, 1977.

After examining the audit results, Mr. Zeissel announced that the customers' dividends would be paid 75% in cash and 25% in stock. A dividend of \$19.38 cash and \$6.46 stock was paid per 500 pound bale.

Bernard Brown, secretary, read the minutes of the last meeting and they were approved.

President Zeissel also stated that the new office building constructed this year was completely paid for.

Door prizes were given by the First Nation Bank, a \$25 savings bond, Rhineland Co-op Gin and Zeissel Bros. Fertilizer and Seed. Over thirty prizes were awarded to happy recipients.

During the business session, one director was elected to the board for a three year term. Robert Hertel's term expired. Other directors are Zeissel, Brown, Jerred Trainham, and Loran Patterson.

Vernal Zeissel, president of the Knox County Boll Weevil Association gave a report on the county diapause program. He also confirmed that state officials said money has been allocated for a fall diapause program. Zeissel urged 100% participation in this year's program.

Coy Tuggle, manager, expressed his appreciation to the customers because

without them the gin could not enjoy the success it has had the past few years. He invited their continued patronage for a bigger and better next year.

Guests attending the meeting were Moulton Wiggins and J. Weldon Smith of the First National Bank and Mr. and Mrs. Tommy Antilley, county agent.

Mr. Sherd Davis of NeTex Co-op Oil Mill in Wolfe City gave a favorable report for that concern. He added that the Rhineland Co-op Gin would receive a dividend of \$19,170 for their cottonseed at NeTex's annual meeting in May. He expressed his sincere thanks to the gin for their continued support.

After the meeting was adjourned, dividend checks were passed out to those present.

**Mother Of Knox City Man Dies Friday**

Mrs. Fychelene Norman, 52, of Rule, passed away at 5:45 p. m. Friday in Hendrick Memorial Hospital in Abilene, after a brief illness.

She was born March 25, 1925, in Haskell County and married Doyle Norman on August 12, 1976, in Haskell. She was a member of the First United Methodist Church in Rochester, and was formerly employed by the Rochester Reporter for several years.

Funeral services were held at 3 p. m. Sunday from the First Baptist Church in Rochester with Rev. Aubrey Headstream, pastor of the Rule Methodist Church, Rev. Don Jeffereys, pastor of Rochester Methodist Church, and Rev. J. R. Williams, pastor of the Rule Baptist Church, officiating. Burial was in Rochester Cemetery.

Surviving her are her husband, Doyle Norman of Rule; her mother, Mrs. Edna Adkins of Rochester; a daughter, Sherri Gentry of Rochester; two sons, Dickie Sloan of Rochester and Tommy Don Sloan of Knox City; and seven grandchildren.

Mr. and Mrs. Murray Phillips visited relatives in Fort Worth, Dallas and Possum Kingdom last week. Their sister, Mrs. H. S. Fatherree of Fort Worth, returned home with them for a visit. Mrs. Fatherree also visited her mother, Mrs. Ellie Phillips at Leisure Lodge while here.

USE THE CLASSIFIEDS

**County Meeting Set For Beef Producers**

A countywide meeting about the proposed Beef Research and Information Act has been called for 8:00 p. m. Tuesday, May 3, in the County Courthouse in Benjamin by Marvin Zeissel, chairman of the Knox County Beef Development Task Force.

Details about the upcoming beef referendum will be explained, the chairman has announced.

The educational program, which is designed for all beef and dairy cattle owners of the county, will include two slide presentations about the Beef Research and Information Act.

**Mrs. Cunningham Dies; Funeral Is Held On Thursday**

Mrs. H. T. (Jack) Cunningham, 72, resident of Munday for over 35 years, passed away at 3:05 p. m. Tuesday at the Knox County Hospital. She had been in declining health for several years and had been hospitalized on a number of occasions.

She was born September 13, 1904, in Jacksboro and married H. T. Cunningham on July 23, 1926, in Henrietta. They moved to Munday in 1945, and her husband served as resident engineer for the Texas Highway Department here. He preceded her in death June 25, 1963.

Mrs. Cunningham was a member of the First United Methodist Church.

Funeral services were held at 11 a. m. Thursday from McCauley-Smith Funeral home with Rev. H. B. Graves Jr., pastor of the First United Methodist Church, officiating. Burial followed in Johnson Memorial Cemetery.

Serving as pallbearers were Joe Lane, Robert Hosea, Gene Brown, James Amerson, Lynn O. Jackson and Leon Johnson.

Surviving her are a son, Tom Cunningham of Hereford; a sister, Mrs. A. C. Taylor of Fort Worth; a brother, A. C. Wood of Houston; and two grandsons.

Information Act—one prepared by the Texas Agricultural Extension Service, and the second by the Beef Development Task Force. A period for questions and comments will follow.

Additionally, the BDT chairman, County Extension Agent Tommy Antilley, and Extension Livestock specialist, Dr. Witney Rounds, will provide more detailed information about the forthcoming beef referendum.

The Beef Research and Information Act serves as enabling legislation and authorized the Secretary of Agriculture to conduct a referendum among beef producers to determine whether they want a beef development plan, developed by an industry-wide committee.

"The beef development plan is a proposed national checkoff program that would

be financed by assessment as spelled out in the beef marketing order. If approved, the plan would provide some \$30 to \$40 million per year for beef research, consumer and producer information, promotion and market development," explains Mr. Zeissel.

Expenditures, he added, would be directed by a 68-member board of cattlemen and representatives of livestock organizations.

To be eligible to participate in the beef referendum, beef and dairy cattle owners need to make two trips to their county Agricultural Stabilization and Conservation Offices: the first trip to register, and the second to vote. The tentative dates set for these are; registration, June 6-17 and voting, July 5-15.

In connection with the BDT meeting, Stanton

Brown will briefly discuss the "Mission 77: Stamp Out Screwworms" program and how Knox County producers can help insure the eradication of screwworms from Texas.

Every beef producer is encouraged to attend this very important meeting to obtain information concerning the beef referendum and be able to make the correct decision in voting.

**Increase In Utility Rates Reflected In Tax Revenues**

Comptroller Bob Bullock said Friday that sharp increases in Texas utility rates have nearly doubled state utility tax revenues since 1972.

Bullock said that state gross receipts taxes on electric, gas and water utilities and telephone companies brought in \$80.2 million in fiscal 1976, compared to \$42.7 million in fiscal 1972.

He noted that the upward trend continues, as the same gross receipts taxes have yielded \$53 million during the first six months of fiscal 1977.

The utility tax analysis is contained in the Comptroller's April monthly financial statement, which also includes an expanded report on the impact to Texas of federal regulation of natural gas prices.

Bullock said that state expenditures during February totaled \$519 million, bringing total expenditures during the first six months of fiscal 1977 to \$3.36 billion, a one percent increase over the previous year.

Spending by the Texas

Department of Highways and Public Transportation continued to decline, he said. Highway construction and maintenance expenditures for the first half of the current fiscal year were \$298.1 million, down \$102.3 million from fiscal 1976 levels.

The Comptroller said the February state revenues of \$658.4 million pushed the fiscal year-to-date revenue total to \$3.25 billion, nine percent ahead of fiscal 1976. The state closed its books at the end of February with a cash balance of \$1.3 billion, he concluded.

**Bill's Blabbin**  
By Bill Bowley

Our Purple Martin rooming house, we call it that because Ole Boy splurged and got one with a lot of compartments, is occupied by one little squirrel. Guess we get as much kick out of watching our little squirrel as others do watching their birds.

blab  
When we first noticed him up at the house, we did not even think about him making it his home until one morning Ole Boy was sitting at the table drinking his morning coffee when he looked upwards towards the bird castle and saw the critter emerging from out of one of the holes.

blab  
Very excitedly he called us and when we looked there was this cute little squirrel coming out and then down the pole to the ground. He sleeps in the same compartment every night and Monday morning while we were sipping our coffee we were watching for him.

blab  
We did get rather alarmed while watching him trying to get out. It seemed to be with some effort that he was trying to emerge as he took several hitches before finally making it. Wonder if he is getting fat and sassy? We also wonder if he has stored him some pecans up there? Anyway he is fun to watch.

blab  
We thoroughly enjoyed our No. 1 granddaughter this past week. We had a lot of fun experimenting with our new microwave oven, even to both of us getting burned. Ours has the browning element and we were careless in sticking our hand inside. Don't know whether we will ever get real smart with it, but we're gonna have fun trying.

blab  
Troubles, troubles and then troubles. Our dishwasher is sick. Think you might say it has a broken arm. It is a portable one and Sunday we had it fully loaded with two or three days of dishes and started to connect it up when the hot water hose went blooey.

blab  
We did too because we had to unload it and wash them all by hand. Don't you feel sorry for us? We will probably survive, but then we will have dishwasher hands..oh well, they wouldn't win a beauty prize anyway.

# Cattle Profits Still A Year or More Away

Although cattlemen are starting to see better prices again, it may still be a year or two before they start making profits.

That's the contention of Dr. Ed Uvacek, a livestock marketing specialist with the Texas Agricultural Extension Service.

Uvacek, who has been in the business of analyzing cattle cycles for some time, is basing his projection on the assumption that a new cycle is generally the most favorable period from the price standpoint. Historically, cattle cycles have been highly consistent in both duration and magnitude, generally lasting about seven-to-eight-years during this build-up phase. "Cattle numbers peaked in 1976," points out Uvacek, "and since then, there has been a liquidation which now

looks like it is coming to an end. With a new cycle about to start, the years 1978 to 1982 should provide fairly good price years for cattlemen, if history repeats itself. Of course, this doesn't take into consideration such factors as droughts, depressions or similar catastrophic situations."

Although 1977 won't be a banner year for cow-calf operators, they should at least be able to realize incomes large enough to cover out-of-pocket costs, believes Uvacek. Of course, they will have to keep a wary eye on inflation—the real villain during the past several years and one which remains a constant threat. Improved price levels, therefore, may not be sufficient enough to offset rising production costs.

"In order to survive in this

new cattle cycle, cattlemen will have to muster whatever technological, financial and marketing innovations they can get their hands on," contends Uvacek. "The cattleman of the 1980's must, by necessity, become market-oriented and be extremely progressive. Otherwise, he had better find another vocation."

## Benjamin Man Gets Award As Bible Major

Terry Cartwright, son of Mr. and Mrs. W. T. Cartwright, of Benjamin, was the recipient of the A. E. and Estelle Welch Homiletics Award during the special awards convocation at Lubbock Christian College on April 22.

The award goes each year to a Bible major who has shown outstanding progress and exceptional ability in the preparation and delivery of sermons.

Before graduating from Benjamin High School in 1974, Cartwright was a member of the football, basketball, and golf teams. At Lubbock Christians College he has been named to the Dean's Honor Roll, served as a member of the Student Senate during his sophomore year and is a member of the Sub-T-16 social club.

Sunday guests of Mrs. Ruth McKennon were Mr. and Mrs. Vernon Bowen and Janna Kay, Evans Tony Jr., Mr. and Mrs. Steve Burrow and Joel Grant, all of Lubbock and Mrs. Bob Brock of Haskell.

Mr. and Mrs. D. E. Whitworth visited their daughter, Mrs. Patsy Combs in Rockwall last week. They also enjoyed fishing in the Trinity river while there. Tuck said they caught a "sack full."

## Farm And Ranch News

By Tommy Antilley

Beef cattle producers may be somewhat in the dark as to the principles involved with the proposed Beef Cattle Referendum coming up in the near future.

The Beef Research and Information Act is a self-help plan under which producers can raise funds for beef research, consumer education, producer information, promotion and market development programs. The ultimate goal, of course, is more profit for producers, plus better products and more stable supplies for consumers.

The program was developed by the Beef Development Taskforce, an industry wide committee of 15 cattle industry leaders representing eight national cattlemen's organizations, following the wishes of numerous cattlemen for "somebody to do something to improve beef markets."

If the program is passed it will be administered by a Beef Board of not more than 68 members. These will be composed of beef producers, nominated by producer organizations. Representation would be proportional to the cattle production in each state or geographical area as set by the Secretary of Agriculture. By this method, Texas will have the largest representation of members, presently designed for seven members with most states having one, two or three. The Beef Board will become the real decision-making body in this program with the following duties:

1. To administer the provision of the order.
2. To make rules and regulations to carry out the terms and provisions of the order.
3. To receive, investigate and report to the Secretary of Agriculture any complaints of violations of the

## Knox City Man Is Selected For Tech Training

SAN ANTONIO-Airman Mirrio L. Dever, son of Roy L. Dever of Knox City, has been selected for technical training at Sheppard AFB, Tex., in the Air Force aircraft maintenance field.

The airman recently completed basic training at Lackland AFB, Tex., and studied the Air Force Mission, organization and customs and received special instruction in human relations. Completion of this training earned the individual credits towards an associate in applied science degree through the Community College of the Air Force.

Airman Dever is a 1975 graduate of Knox City High School.

## Hettie Bardley Of Goree Dies; Funeral Friday

Hettie L. Bardley, 76, of Goree, passed away at 8:35 a. m. Thursday at the Baylor County Hospital in Seymour.

She was born July 21, 1900, in Brookshire and had been a resident of Goree a number of years. She was a member of St. Paul Baptist Church in Goree.

Funeral services were held at 2:30 p. m. Friday from McCauley Smith Funeral Home with Rev. Otis Jackson of Haskell officiating. Burial was in Old Goree Cemetery.

She is survived by four cousins, Roberta McClenen, Roberta Hardeman and Willie G. Allen, all of Goree, and King Hardeman of Abilene.

## NAVY SEABEES PLAN REUNION

The 115th Naval Construction Battalion is searching for members of this outfit who served in World War II from 1943 through 1945.

Since 1970, the 115th Navy Seabees have been holding reunions in various cities across the country. They will meet this year, July 28-31, at Highpoint Motor Inn, Chicopee, Mass.

.. From Me To You ..

Charles G. Boren  
One of the controversial subjects in the field of religion that has been discussed for numerous years is Baptism. What is it for? What purpose does it serve? It means different things to different people, and this is so principally because of the different teachings the subject receives in the different religious groups in existence today. Let's observe the following in answer to our question of the purpose of Baptism. Christ said its purpose was to "be saved." "And He said unto them, Go ye into all the world and preach the gospel to every creature. He that believeth and is baptized shall be saved." Mark 16:15-16. The Apostle Peter said its purpose was "for remission of sins." "Then Peter said unto them, Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins..." Acts 2:38. Ananias said, "to wash away...sins." "And now shy tarriest thou? Arise and be baptized and wash away thy sins..." Acts 22:16. Peter said through inspiration once again that its purpose was "to have a good conscience." "The like figure whereunto even baptism doth also now save us (not the putting away of the filth of the flesh, but the answer of a good conscience...)" I Peter 3:21.

For what reason were you baptized? Let's always make sure that we do religious things for scriptural reasons.

BIBLE THOUGHT: "Repent and be baptized every one of you in the name of Jesus Christ for the remission of sins." Acts. 2:38.

## Church of Christ Munday, Texas

## Munday High School Tom Tom News

**DANNY STONE**  
by Omar Choucair

Danny is the son of Mr. and Mrs. Troy Stone. His various activities over the past four years include 4 years football; 3 years basketball; 3 years track; 1 year farm power and machinery; 3 years FFA, two of these three years he served as an officer; 2 years UIL and was annual salesman for two years being king salesman his senior year.

When not in school, Danny enjoys swimming, motorcycle riding, karate and listening to music. After graduation he plans to attend Vernon Regional Junior College and later transfer to a larger school to get a bachelor degree in sociology.

**LINO PEREZ JR.**  
by Lenny Welch

Lino has been active in MHS as he has participated in football 2 years; Farm Power and Machinery 1 year; FFA 3 years.

After graduation Lino plans to enlist in the army for 3 years. After getting out of the army Lino plans to get a job and settle down to marry. His hobby is listening to records and taps. Good luck Lino.

**JOE VALENCIA**  
by Montie McAfee

Joe is a senior in MHS and is the son of Mr. and Mrs.

Lupe Valencia. In his four years in high school, Joe's interests have been centered around farming and mechanics. He has had 3 years of Vocational Agriculture and the past year has been kept busy by Farm Power and Machinery.

Upon graduation, Joe wants to work and might enter TSTI in Waco and study auto mechanics.

**R. Q. TOLLIVER**  
by Lenny Welch

R. Q. is the son of Mrs. Georgia Tolliver. He has really been active in his 4 years at Munday High and has participated in football 4 years; track 3 years; basketball 4 years. R. Q. has excelled in all sports but he does especially well in basketball as he has earned the honor of All-District three years in a row, and this year was chosen for third team All-State.

R. Q. plans to attend Hardin-Simmons University where he has gained a full 4 year scholarship in basketball.

**SAMMY ALCALA**  
by Omar Choucair

Sammy is the 18 year old son of Mr. and Mrs. Sam Alcala. He has enjoyed his high school years in and out of school. His school activities include 4 years football; 1 year basketball; 4 years FFA; 1 year Farm Power and Machinery. Sammy showed his prize hogs in the county shows and Fort Worth Fat Stock show for 3 years.

In Sammy's pastime he enjoys playing the guitar, singing and listening to music, hunting and all sports.

He plans to work in a Fort Worth Safeway this summer and in the fall is going to attend Tarrant County Junior College and study auto body repair.

Mr. and Mrs. Larry Foerster of Vernon. Paternal grandparents are Mr. and Mrs. W. E. Foerster of Lockett.

### STUDY CLUB MEETS:

The Goree Woman's Study Club met Tuesday, April 19, in the home of Mrs. Johnnie Quisenberry in Seymour.

Mrs. Buster Coffman, president, introduced the guest speaker, Don Mooney, Sheriff of Baylor County, who gave a very informative talk on how to protect your home. The theme being "Hands Up." Literature was passed out on "National Neighborhood Watch Program."

After the program the business meeting was conducted. Mrs. Walter Coffman was accepted as a new member.

Mrs. Hampton reported the club received second place on their year books in the Santa Rosa District.

Refreshments were served in the den where the room was decorated with banners of places where Mrs. Hampton will visit on her European tour the last of April. The tables were decorated with "Bon Voyage" place cards.

Refreshments were served to Mmes. Sam Hampton, W. M. Taylor, Walter Moon-ey, Hardy Cole, Jerry Williams, Walter Coffman, Buster Coffman, Grady Williams, Ruby Nichols, guest, and Johnnie Quisenberry, hosts.

Visiting Mrs. Evelyn Roberts and Robin on Sunday were Preston Draper of San Angelo, and Mr. and Mrs. Wayne Draper of Harris. They also visited their father, Jim Draper.

\*\*\*\*\*

Visitors in the home of Jasper Bevers and Mr. and Mrs. Damon Lewis over the weekend were Allene Koenig and Bob Koenig of Oklahoma City, Joe Bevers of Dallas and Mr. and Mrs. Russell Doran of Odessa.

## Container Gardening For Fresh Vegetables

There is no excuse for anyone who like homegrown vegetables to go without, says a Texas Agricultural Extension Service horticulturist.

For those without outdoor space, a "mini-garden" can be put on your windowsill, patio, balcony, rooftop, or almost anywhere the sun shines, points out Sam Cotner.

Mini-gardening, or growing vegetables in containers, offers an advantage to the backyard plot. These little gardens can be moved to the sun, placed out in the rain without being flooded, and are almost resistant to soil insects, weeds and diseases, explains the Texas A&M University System horticulturist.

Vegetables that produce well in containers, flower beds and other limited spaced include tomatoes, peppers, eggplants, squash, herbs, leaf lettuce and green onions.

Mini-gardens can fit into trash cans, gallon cans, drums, washtubs and wooden boxes. Other containers commonly used are 8-to-10-

inch pots and 3-to-5-gallon cans.

For any container garden, good drainage is essential, emphasizes Cotner. To insure better water filtering, a lightweight "synthetic soil" obtained at the local nursery is sufficient.

Better results are obvious when healthy plants are transplanted instead of using packaged seeds. But care must be used not to damage the tender roots during transplanting, says the specialist.

Cotner recommends a soluble fertilizer for container gardens to help prevent salt buildup and promote higher yields. Watering with a nutrient solution is generally necessary two or three times a week. But this will increase as plants mature.

Keeping a close check for insect and disease problems is important for a productive mini-garden, adds Cotner.

\*\*\*\*\*

Dr. Brock, vice president of Texas Western College in Snyder, and Mrs. Bob Brock of Haskell visited Mrs. Ruth McKennon last Thursday.

**IN APPRECIATION**  
There are two songs, "Dear Hearts and Gentle People" and "Count Your Blessings" that are spinning around in my mind, and they come out in a little three word chorus which I shall strive to adopt as my theme song.

When it comes to trying to count all the blessings which I have received from so many "Dear Hearts and Gentle People" in my hometown since I have moved back to it, I am overwhelmed. For all who had any part in helping me to get moved into my new home, I am truly grateful. To all who greeted me back to "my home town," with such hearty words of welcome, you'll never know just how much that meant to me. And especially did I appreciate the nice column that was in the Courier.

I guess the climax came when I became ill and it was necessary to rush me by ambulance to the hospital. For those dear ones and the ambulance crew who got me safely there in so short a time, I am so thankful. Let me pause a moment in my ramblings to say, Munday has an ambulance crew worthy of praise. I also count the doctor and nurses who were so attentive, among my blessings.

For all who visited me both at the hospital and since I came home, for all the food and flowers brought me; and, most of all, your prayers, I shall now go about daily singing my three word theme song: "Praise The Lord!" Bera Spann 1tc

**CARD OF THANKS**  
We would like to extend sincere thanks and appreciation for all the flowers, cards, food and all kind and thoughtful expressions of sympathy at the death of our mother and grandmother. A special thanks to Rev. H. B. Graves, Richie Smith, and all the Baptist women's group. Tom, Willa, Bret and Brad Cunningham. 1tc

## Engagement Announced

Mr. and Mrs. Hilton Stubblefield of Denton announce the engagement and approaching marriage of their daughter, Sharon Bernice, to David Randall Ussery, son of Mr. and Mrs. E. D. Ussery of Munday.

The wedding will be July 23, 1977 at 7:00 p. m. in the Woods at Texas Woman's University in Denton.

The bride-elect will be a May graduate of Denton High School and is employed by First State Bank of Denton.

The groom-to-be is a graduate of Munday High School and has attended Ranger Junior College and Midwestern State University. He is presently employed by First State Bank of Abilene.

The bride-elect is the granddaughter of Mr. and Mrs. H. B. Stubblefield of Munday.

**LOOK WHO'S HERE!**

Grandma Margaret Bruton very excitedly told about her first and only grandchild the first of this week after returning home from seeing the little fellow. Here are the details: Mr. and Mrs. Elwood Drue Bruton of Dallas have a new son, Brandon Drue Bruton. He made his arrival on April 14, 1977 and weighed 2 pounds and 12 ounces. Elwood called Sunday and said the baby was doing fine. He is in the children's hospital in Dallas. His other grandmother is Mrs. Agnes Gevin of McMinnville, Tenn.

**CARD OF THANKS**  
Thanks to all of our friends for all of the cards, flowers, phone calls and visits while Earl was in the hospital and since coming home. Earl and Ruby McNeill 1tp

## News From Leisure Lodge

by MRS. L.E. HUNTER

Lila Mobley of Goree visited her aunt, Mrs. Maude Jones, and also Mrs. Hunter.

Mrs. Leroy Brooks of Goree visited Mrs. Ova Brooks and friends in Leisure Lodge Monday evening.

Mrs. M. L. Joyce of Albany visited her mother, Mrs. J. B. Bowden.

Rev. and Mrs. Phillip R. Brown of Austin are visiting her father, Sidney Bryan.

Mrs. Spike Bryan and Mrs. Marie Smith played bingo with us Tuesday. Everyone received "goodies" to eat as gifts.

Mrs. Bromely had a very pleasant surprise this week. Her son from Eldorado, Ark. came to visit.

Mr. and Mrs. Hillard Fatherree of Fort Worth and Mrs. Lucille Armstrong of Possum Kingdom visited the girl's mother, Mrs. Ellie Phillips.

Mr. and Mrs. Les Belcher of Seymour visited his

Mr. and Mrs. Donald Hobert and Mrs. R. S. Latham were in Midland on April 15 to attend the ceremonies in which Mrs. Hobert's aunt, Mrs. Homer Henderson of Odessa received an award from the Permian Historical Society.

Mrs. Henderson, 92, is the oldest member of the congregation of Odessa First Baptist Church. The award, The Pioneer Award, is given to persons who have contributed to the area development.

Visiting Mr. and Mrs. W. T. Cook on Saturday were Mr. and Mrs. Doyle Davis of Wichita Falls.

Mr. and Mrs. Claude Myers and children of Lubbock visited Mr. and Mrs. C. C. Myers last weekend.

Mr. and Mrs. Waylon Hardin visited Saturday with Mr. and Mrs. Arnold Navratil. Mr. and Mrs. Hardin, Royce and Jo are visitors from Vera.

Mrs. Velmeta Lloyd of San Angelo visited Mr. and Mrs. W. R. Owens on Monday.

Mr. W. R. Owens is to enter the Knox City hospital Monday.

brother, Irey Belcher, on Friday.

Eula Thompson is home from the hospital.

Bertha Fincannon is a new resident. Welcome Bertha.

Dr. Moylette was hostess for the Thursday bingo. Everyone received a gift. Thank you Dr. Moylette.

Mrs. Mabel Hampton of Seymour and Mrs. Betty

Lesson 8, Subj Jesus commissions His followers, Lesson Scripture Luke 24:44-53. Back ground scripture Mark 16:9-20; Luke 24:36-52. Bible truth: The old testament told not only drama of the cross and the Resurrection but also the powerful, universal witness of the Church.

Bible verse: Repentance and remission of sin should be preached in his name among all nations. Luke 24:47.

Lesson aim: That adult christians understand that God's goals cannot be thwarted: He will fulfill his word. Scripture lesson Luke 24:44-53 And he said unto them, these are the words which I spake unto you while I was yet with you, that all things must be fulfilled, which was written in the law of Moses, and the Prophets, and in the Psalms concerning me. Then opened he their understanding the scriptures.

Read the whole Lesson. A beautiful lesson It's so much we can learn we need to no about God law and commandments. You no we should read the lesson the we can find out how Jesus commissions his followers. You no we that are followers of Jesus this is for our learning to.

You no my neighbors call me last wk about how I was of course I'm yet doing nicely and I do that God for it and I say of a truth today I yet love him I have a great desire in my heart to continue love him because he's not shorter than his Promise when we come up liken for the things we need its on your part and we that say we love him and don't receive the things we need

where the 4th Sun Y. P.W.W. Joint meeting was held and was accompanied with Mother Smith Missionary Johnson and Sister Carline Manurel all of Knox City church I did enjoy them to come in a while to see me and Sis Bennett spent after noon with me the meeting was great President Blue was in charge at Pastor Cox church he's also Stance Pastor in Abilene at Supt A. C. Bennett Church

Pastor Ward was present Pastor Rule and Aspermont he lives in Knox City Pastor Williams also from Coleman brought the eve message he also Pastor Abilene to and Coleman Sis Lucy Russel was in charge of the program.

Taylor of Goree visited Mrs. Maude Jones.

We are sorry to report that our news lady, Mrs. L. E. Hunter, is in the hospital. Last report was that she is doing fairly well. Hurry back to us Mrs. Hunter.

Mr. and Mrs. Ray Jones and Lisa of Springtown visited her mother, Mrs. Savoy Feemster, on Sunday.

**TEXAS TALK**  
By Tommie Harper

Blizzards in New York, dust storms driven by hurricane force winds across the Plains, lack of snowfall in the Rocky Mountains and a severe drought in the North Central states all can be spelled the same way for producers...D-I-S-A-S-T-E-R. Crop and livestock losses from any one of these or countless other occurrences can create losses in the hundreds of millions of dollars for agricultural producers. A natural answer to the problem would be insurance. But, insurance industry officials say the risks are too great...premiums would be impossible to pay. Officials in the USDA say that the combination of natural disasters early this year may well result in a federal insurance program that would be applicable to all crops and would include all risks. Agriculture Secretary Bob Bergland says proposals for such a program will probably be coming before the end of the year.

## E. L. Covey, 89, Former Goree Publisher, County Judge, Dies

E. L. Covey, 89, real estate broker and insurance man of Bowie, and former Knox County resident, passed away last Friday at a Bowie hospital.

Elmer Lee Covey was born April 7, 1888, in Collin County and moved to Knox County in his early years, where he became a school teacher and principal. He had lived in Bowie since 1942.

He had served in the Texas House of Representatives in the 1920s, while living in Knox County, and again in the 1940s as representative from Montague County.

He served as Knox County Judge for three terms, 1935 to 1941, moving to Bowie thereafter. He operated the Goree Advocate, Goree's only newspaper, in the 1920s and 1930s, and at one time served as president of West Texas Press Association.

The Advocate was later published by Covey's brother, Houston Covey, and was

purchased by Grady Roberts of the Munday Times in December, 1940.

Covey was a former president and board member of the Montague County Hereford Breeders Association, and also served on the board of the Texas Hereford Association. He held ranching interests near Bowie.

Funeral services were held at 10 a. m. Monday from the Bowie Church of Christ with the minister, Gary Gist, officiating. Burial was at 3 p.

### Hosts Silver Gold Club

The Silver and Gold Club met Friday afternoon, April 22, in the Community Center, at which time ladies of the A. D. Class of the First Baptist Church were in charge of the program and entertainment.

Mrs. Virgil Yost, chairman, presided at the meeting, which was opened with prayer by Mrs. Roe Myers. Mrs. Lee Isbell gave a beautiful devotional, reading the 95th Psalms with comments.

A highlight of the meeting was singing of "Jesus Loves Me" by Chad Yost and his puppet, Mrs. Charles Yost led the group in a sing-song, with Mrs. M. L. Raynes at the piano. Mrs. Raynes also gave two selections, "One Day at a Time" and "He Touched Me."

Refreshments were served to Mes. Irene Claburn, Gillie Lewis, Roe Myers, Press Phillips, Gladys Roberts, Charles Sargent, A. M. Searcey and Miss Florence Gaines; hostesses Amy Isbell, Frankie Yost, Beulah Hosea, Gay Yost, Nina Elliott and Fay Johnson; committee, Onie Ladd and Helen Phillips. Special guests were Mrs. M. L. Raynes and Chad and Camilia Yost.

Beautiful roses from the garden of Mrs. Virgil Yost were used as favors.

**GARDEN CLUB TO MEET ON MAY 3rd**  
The Munday Garden Club will meet at the home of Mrs. W. E. Braly at 10:00 a. m. Tuesday, May 3rd. Plans at this time are to visit the State Park at Quanah on that day.

m. Monday in Goree Cemetery under direction of Owens and Brumley Funeral Home of Bowie.

Surviving him are his wife, Sarah; a son, Elmer Covey of Nocona; two daughters, Mrs. Rowland Fife of Albuquerque, N. M. and Mrs. Joe Scarbrough of El Paso; two brothers, Evan Covey of Baytown and H. E. Covey of Newport; 12 grandchildren and nine great-grandchildren.

A. L. Elliott

## Texas First Division Of American Legion To Meet

Legionnaires and Auxiliary members of The American Legion 1st Division comprising the 1st, 3rd, 4th, 5th, 12th and 13th Districts, will assemble in Denton on Saturday and Sunday, April 30 and May 1, for their annual convention.

Registration will begin Saturday afternoon at 1 p.

### Lunch Menu

**MAY 2-MAY 6 High School**

Monday: Fried turkey, French fries, slice bread, cobbler, milk.

Tuesday: Enchilada casserole, pinto beans, sopapillas, honey and butter, milk.

Wednesday: Roast and gravy, sweet potatoes, green beans, hot rolls and fruit, milk.

Thursday: Pizza, black-eyed peas, lettuce, ice cream bar, milk.

Friday: Pigs in blanket, Ranch Style beans, cabbage slaw, Jello with fruit, milk.

**Elementary School**  
Monday: Grilled cheese sandwich, French fries, peach halves, sugar cookies, vegetable salad, milk.

Tuesday: Spaghetti and meat balls, green beans, creamed potatoes, cornbread, ice cream bars, milk.

Wednesday: Barbecue on bun, pinto beans, potato salad, apple cobbler, milk.

Thursday: Fried chicken, cheese and macaroni, English peas, hot rolls, plain cake, milk.

Friday: Hamburgers, lettuce, tomatoes, onions, pickles, French fries, Jello with fruit, brownies, milk.

m. in the Ramada Inn in Denton, where all delegates and guests will be housed. Saturday's events in the Inn include a commanders and presidents reception at 4 p. m., joint session and banquet at 6:30 to 8:30 p. m. and a dance at 9.

First Division Commander, Al Elliott of Tyler, will call the joint session to order and the Burkburnett Post 264 color guard will have charge of the colors.

Congressman Ray Roberts will give an address of welcome, and Jim Lemley of Austin, Assistant State Adjutant, will give the response.

Mr. Robert P. (Bob) Walsh of San Antonio, National Executive Committeeman for Texas Legion, will give the principal address.

Sunday, registration and business session will continue at the Post Home and a breakfast will be served in the Post beginning at 7:30 a. m. The business session will be called to order by Commander Elliott at 9 a. m.

The last order of business will be the election of new Division Officers and Commander, who will assume office in July of this year.

### Carolyn's Chatters

Carolyn Schur  
Asst. Co. Ext. Agent

**TODAY'S ACCESSORIES**  
Accessorizing today's apparel is definitely an art, and fashionable jewelry for spring/summer '77 is the most exciting ever.

A new direction is fabric jewelry, sometimes scented. Silk or cotton cords and strings—plain, braided, or twisted and often with silk flowers, knots, or beads added—will be worn for daytime or evening.

Fabric jewelry will be seen at the neck, ankle, or wrist—in soft and romantic and bright and bold colors. Often several colors will be twisted or knotted together.

Traditional gold will be more popular than ever, especially for daytime wear. Look for gold and white, gold and ivory, and gold with black. Other popular metals include pewter, silver, and copper.

Hair ornaments will return with a fresh new look. Try flowers, feathers, headbands (plain or with flowers), combs of every kind, and lots of clips—one is great, but several in a row are better yet.

Necklaces may be long or wide at the neck with neckbands and chokers particularly great. One new look is a lariat—a narrow rope-like necklace with one or more loop ties and the ends hanging free.

"Fun jewelry" includes ceramic ornaments on cords and metal shapes on leather straps for an interesting change.

Bangles lead fashion news for the wrist, including wooden bracelets, ivory, silver, frosted colors, and bright bold bands.

Today's accessory items are an inexpensive way to update a wardrobe—and, at the same time, express the daring, adventurous spirit of their fashion-minded wearers.
