Moguls Take Nine Years To Defeat The Wildcats

The Munday Moguls moved one more step toward the District 7-A crown Friday night as they defeated the Wildcats of Crowell 21-0.

Munday defeated the Wildcats nine years ago by the score of 7-6 and until this year could not manage a win over Crowell.

District 7-A now sports a three-way tie for the lead

between Munday, Knox City and Haskell. The Moguls by no means have the district sewed-up as both of the other teams tied for first have showed they are just as eager to obtain the 7-A crown. Haskell and Knox City both have outstanding ball clubs and will be in the race to upset the hopes of the Moguls.

Friday nights action found the Moguls in possession of the ball after a 12 yard punt by the Wildcats. In consuming up a 47 yard drive, Robert Spells found paydirt from the one yard line as the Moguls went ahead 7-0 with Larry Welch adding the PAT.

The second and third quarters proved that both teams had outstanding defense. As the third quarter ended, neither team could manage to put any scores on the board and as the quarter ended the score was Munday 7 and Crowell 0.

In the fourth quarter Munday unleashed its defense on the Wildcats and added 14 points to their score. Jimmy Cooke, who has played mostly defensive linebacker, went in as a halfback and added 6 from the one yard line. With only 12 seconds gone since Cooke scored, the Wildcats in possession, a pass went up and Ronnie Phillips intercepted for the Moguls and ran the ball 42 yards for another TD. Larry Welch added both PATs so now the score stood at 21 to 0 in favor of the Moguls.

Late in the fourth, Crowell drove to the Munday 1 yard line but a 5 yard penalty set them back to the 6 with two tries the Wildcats failed to score.

Munday took over and made 2 first downs and then had to punt to the Crowell 27 yard line.

The game ended as Doug Michalik intercepted a Crowell pass and returned it to the 25 yard line.

Munday's halfback, Robert Spells, was leading rusher for the night with 103 yards.

Munday Moguls will travel to Rotan and take on the Yellowhammers this Friday night at 7:30.

Knox County Farm Bureau Will Hold Annual Meeting October 17

Warren Newberry of Waco, Executive Director for the Texas Farm Bureau, will be principal speaker for the annual meeting of the Knox County Farm Bureau, according to an announcement by Omar Cure, County Farm Bureau President.

He said the meeting, which culminates the year's activities for the local farm organization, will be held Monday, Oct. 17 at Munday High School in Munday. The meeting will begin at 6:30 p.m. with a bar-b-q supper.

Newberry is the top administrative official and business manager for the state organization and is

responsible to the Board of Directors through the president for the execution of the program and policies determined by the Board of Directors.

A native Oklahoman, the TFB executive director was reared on a cotton, wheat, and beef cattle farm near Lone Wolf, Oklahoma. He still maintains an active interest in the management of this farm. He graduated from Lone Wolf High School in 1942 and attended the University of Oklahoma.

Newberry operated the family farm until joining the staff of the American Farm Bureau Federation in 1953.

Newberry is married and is the father of two children, Linda, and Steve. The Newberrys reside in Waco and are active in the Lake-wood Christian Church.

The county president emphasized that the convention is the most important annual function of the local organization. In the business session which will be a part of the meeting, policies will be developed on local issues which will guide the county organization during the coming year.

Recommendations on state and national issues will be formulated which will be forwarded to the state organization for consideration at the state convention to be held in November in Houston. State policies for 1978 will be decided there and recommendations on national issues will be made to the American Farm Bureau Federation for action at the national convention which will be held in January in Houston.

The county annual meeting affords an opportunity for every Farm Bureau member to voice his opinion on issues affecting him on the local, state, and national level, he said. All members are urged to attend and participate, he added.

Approximately 87 workers will be involved in the campaign. The United Fund Budget was printed in the Courier last week, and a copy of the budget will be attached to each card so that everyone will know where the United Fund dollar is to be spent. The Campaign is held each year in October for the following year. Distribution of the funds will be made after January 1st to each of the agencies included.

The Campaign covers the business section of Munday, the Rhineland community and all those living within the immediate Munday area. Area citizens are included in this effort since many of the services and organizations serve people in the rural areas.

"Many worthwhile agencies are included in the

Campaign," stated Mrs. Sandy West, campaign chairman. "Those on the local level include Munday Baseball League, City County Library, Boy Scouts, Girl Scouts, organized youth groups, etc. Almost every local organization in our Campaign serves the people of Munday and its immediate area. We believe, through the United Fund, everyone can have the opportunity to enrich our total community services by giving cooperatively to this fund."

Lake Pauline, Quanah, was the scene this year for the NorCent Council Girl Scouts annual "Do-It-Yourself," on Friday, Saturday and Sunday, October 7, 8 and 9.

"Do-It-Yourself" is a weekend camp composed of troops made up of patrols. Each troop comes to camp as a fully-equipped unit bringing its own shelter, food and other equipment. Its purpose is to provide every NorCent Girl Scout the opportunity to learn troop camping. To give parents an opportunity to see and to learn troop camping skills so they may assist the troop during other camping activities and to provide troops the opportunity to make new friends and exchange ideas.

The theme this year for "Do-It-Yourself" was "Circus World." Each troop

decorated their latrines and flags accordingly and selected and built a "midway game" to be enjoyed by all on Saturday afternoon.

Each troop was encouraged to make "swaps" to exchange with girls from other troops.

This years event hosted approximately 750 Girl Scouts and 200 leaders, adults and children. The town of Munday was well represented with all 3 troops participating with near 100% in attendance.

Locally, there is a Brownie (1st, 2nd and 3rd grades), Junior (4th, 5th and 6th grades) and Cadet (7th, 8th and 9th grades) Troop. Attending from the Brownie Troop were 21 girls, 3 leaders and 6 adults; Junior Troop, 15 girls, 1 leader and 1 adult and 1 child; Cadet, 5 girls and 1 leader.

At 6 a.m. the Junior and Cadet Troops from Munday left for Quanah in 4 cars and 2 pick-ups. The Brownie Troop followed at about 7 a.m. The trip had no serious consequences except that one troop forgot their box of swaps and realized it at Crowell. One quick telephone call sent one car back to Benjamin and a car from Munday to Benjamin with the box.

Brownies do not camp overnight as a troop, so they left Quanah for home at 4 p.m., very tired but happy little girls.

At 4 p.m. the night was just beginning for the older girls. They commenced with cooking supper, going to the campfire followed by a midnight snack of hot chocolate.

After Closing Ceremonies Sunday morning, the troops packed and left for home. But not before they stopped to eat "food" at Quanah restaurants.

All the girls and adults reported an enjoyable and memorable time. They will be looking forward to next years "Do-It-Yourself" after they rest up from this years.

The blinking lights in the school zone mean for you to slow down. When you get even with a blinking light going into the school zone, you should already be driving 20 m.p.h. The school zone speed limit applies anytime the lights are flashing, the only exception would be school holidays. It is not a defense to say you saw no children. The child that gets run over is usually the one you didn't see until it was too late.

Use your ELECTRIC RANGE Wisely...

- When possible, cook several things in the oven at one time. That's a heat saver . . . time saver, too.
- Warm bread, rolls, or desserts in the oven by using the retained oven heat after the main course is cooked.
- Stagger cooking utensils in the oven. Heat can circulate better which increases cooking efficiency.
- Keep the oven door closed as much as possible. Depend on cooking time-charts for oven baking.

SPOTLIGHT
by Diana Redder
This week, we would like to shine the spotlight on an unrecognized but very important group in Munday High School, the Pep Squad. The Pep Squad is sponsored by Mrs. Karen Longan, Spanish and Speech teacher. Mrs. Longan devotes much of her time to Pep Squad activities and the results certainly show!
The Pep Squad is the group responsible for cheering the Moguls on during the third quarter of a football game, while the band takes a break after the halftime show. They add a lot of color and excitement to pep rallies and football games, doing yells and chants, and making use of pom-poms and flash cards. They readily take part in any activities to promote spirit in Munday High School.
The Pep Squad works hard decorating the halls, making posters, and trying to build up spirit. They should know that their efforts are appreciated by the students of Munday High School.

HEE HAW PEP RALLY

by Brenda Bruggeman
How-dee! That was the cry of many people on Friday, October 7, which was Hee Haw Day. You wouldn't believe what we had roaming down our halls. Some of the people visiting us were Jr. Samples and his BR-549 sign, Minnie Pearl and Grandpa Jones, the Hager Brothers, and lots of ol' hillbillies.
The pep rally was decorated Hee Haw style with haybales and the familiar corn patch from which people popped out and told jokes. They even saluted our hometown football team, the Munday Moguls.
Each class was asked to write a yell associated with Hee Haw. There was a tie for the spirit stick between the juniors and the freshmen!

CHILI SUPPER
by Gala Myers
How long has it been since you've eaten chili? Well, that's too long! If you like chili, then your chance is coming up. The seniors are sponsoring the Senior Chili Supper on October 28, from 5-7:00 p.m., in the high school cafeteria.
Tickets will be sold by the seniors two weeks before the supper. The tickets will cost \$2.50 for adults and \$1.50 for children. If you are

not contacted by a senior selling tickets, don't worry. You can buy a ticket at the door.
We'll be looking for you, so be sure and come!

JV UPENDS ARCHER CITY
by Omar Choucair
The Moguls decisively beat the Archer City Wildcats last Thursday night. They were in command of the game throughout all four quarters. Offensive standouts scoring touchdowns for the JV Moguls were Randy Waggoner, Craig Paylor, and Johnny Dockins who scored two touchdowns. The final score was 27-6.
The JV Moguls record is now 2 wins, 2 losses, and 1 tie. They will play the Haskell Indians in a key district game Thursday night.

The pep rally was decorated Hee Haw style with haybales and the familiar corn patch from which people popped out and told jokes. They even saluted our hometown football team, the Munday Moguls.
Each class was asked to write a yell associated with Hee Haw. There was a tie for the spirit stick between the juniors and the freshmen!

COACHES COMMENTS
by Jim Pope
Our offensive line played better against Crowell than in any other game this year. Joe Nelson, Y. Rameriz, Ron Phillips, Phil Johnson and Dan Adams, blasted Crowell pretty well all night long.

We had planned to throw more, but our game plan was to control the ball if at all possible, because Crowell always likes to keep possession.

We had some extra help in the backfield as Jimmy Cooke, Isom Murray and Kevin Herring ran well. Robert Spells ran hard and he was able to get over 100 yards again. If the backs keep improving along with the line our offense can be well balanced. Carey Shawver runs the club real well; and is improving every week.

Defensively we were knocking people around also. Defensive ends, Tony Urbanczyk and Larry Welch gave us a good ball game. In fact, Welch was named Head Hunter of the Week, because of several key tackles.

Dan Adams, Joe Nelson, Johnny Melton and Otis Adams, had a solid defensive front. Ron Phillips and Jimmy Cooke played superbly at their linebacker positions. Ronnie was named Abilene Reporter News, "Defensive Player of the Week," for his performance which included a 42 yard interception for a touchdown.

We could not leave out the secondary composed of Tony Myers, Kevin Herring, Doug Michalik, Isom Murray, Billy Welch, Keith Sanders and Bobby Therwanger for their excellent play. This bunch is really developing the pride that a secondary needs.

In finality I can not give enough credit to the coaches that prepared the Moguls for the 1977 season. Coach Rodgers, secondary; coach Holderman, linebackers; coach Diggs and Poulos for their scouting and planning. It was a team effort in every way.

This not only includes our coaches and players, but our student body, cheerleaders, band, pep squad, faculty and administration have been tremendous in their support. I look forward every morning to coming to school to see the work and morale displayed along with the positive attitude shown by our team.

We now must be ready for the second and toughest half of the season. "It begins with Rotan."

Visiting their parents, Mr. and Mrs. Walter Coody, were Mr. and Mrs. Weldon Herring, Mr. and Mrs. Donnie Coody and Donna on Sunday.

Mrs. John Brown of Arlington, Lt. Nellie Ruth Brown of Norfolk, Va., and Mr. and Mrs. E. C. Veckser of Midwest City, Okla. were visitors in the home of Mr. and Mrs. J. L. Stodghill this last week.

Visiting in the Douglas Myers' home were his parents, Mr. and Mrs. M. W. Myers, and his aunt, Mrs. Lon Riddling, all of Gatesville; Mr. and Mrs. Danny Parchman, of Lubbock, and Helen Myers of Arlington.

TEXAS TALK

Tommy Harper

While population is increasing, the amount of farmland in the United States is shrinking. This means the acreage available to produce food and fiber for each consumer is declining. Land in farms now totals slightly less than 1.085 billion acres. Population has risen to 215 million. Farmland available per person amounts to 5 acres. Half a century ago, there was an average of more than 10 acres of land in farms for each man, woman and child in the U. S. Thirty years ago it had declined to 8 acres and 15 years ago, 6 1/2 acres. The amount of farmland has shrunk by 106.7 million acres in 20 years. The U. S. Department of Agriculture says, "Only 5 acres stand between the consumer and starvation". Everyone has a vital stake in seeing that agricultural efficiency is maintained and increased.
