## District Basketball Race Gets Underway

The Munday Moguls won second place in their second tournament last weekend, while the Mogulettes captured the consolation prize with a final game win. The Cubs and Cubettes of Olney won the championship trophies for their own tournament.

## Local Fina Station Opened By Jay Haynie

In the exodus of small-town natives rushing to the big city to find more excitement and higher pay, it is great to hear about a home-town boy who wanted to return to Munday to make a living and raise his family.

Jay Haynie, son of Gene Roland and Sue Haynie, has leased the Fina station formerly owned by Dorse Collins from Drinnon Oil Company of Haskell. Haynie has been operating the station since the middle of last week. He offers all gas station services from 7 a.m. to 7 p.m. Monday through Saturday.

A 1979 graduate of Munday High School, Haynie was employed by the M-System in Munday before becoming associated with the Albertson's chain. He has worked in Albertson's stores in Wichita Falls, San Antonio and Abilene, returning to Munday from Wichita Falls.

Running a gas station is something he has always wanted to do, Haynie said. He worked at Stewart's Texaco while he was in high school and has since nourished a desire to open his own station. And he wanted to return to Munday before his four-year-old daughter, Jacy, begins school. "We didn't want our daughter going to school in a city," he said. "We feel this is a better atmosphere for children."

Assisting Haynie at the station is his wife, Paula. They invite everyone to come by and say hello and to try their service.

## Producers Invited To Cost Analysis Program In Munday

The Knox County Crops Committee has scheduled a two-part program January 9 and 10 on how agriculture producers can determine break-even cost. The sessions will be held at the Munday Community Center.

Delton Gerloff, Extension Service economist-management, will begin the program at 7 p.m. Friday with a discussion on figuring break-even cost which will include making budgets, determining costs and break-even analysis.

Computers will be set up at the Community Center between 8 a.m. and 4 p.m. Saturday so producers can examine their break-even costs for stocker cattle, wheat and cotton. Worksheets for the computer programs will be available Saturday or at the county Extension Service office on the second floor of the Knox County courthouse. Worksheets must be filled out in order to run the correct information through the computers.

All area producers are encouraged to attend both parts of this timely program.

## Public Service Announcement

A representative of the Vernon Social Security office will be at the Munday City Hall from 9:30 to 11:30 a.m. Wednesday, January 14, to assist citizens in filing for Social Security retirement, survivors, disability, Medicare or Supplemental Security Income benefits.

In the first game, the Mogulettes defeated the Bowie junior varsity 47-34 with Gwen Stinnett pouring in 27 points. Mindy Myers followed with 10, Karen Kuehler had 4 and Angel Dockins and Esther Escamilla scored 2 each. Going to the second round, the girls lost another close game to the Pantherettes of Seymour. Playing without the services of senior Karen Kuehler, Munday pulled to within three points in the 40-37 loss. Gwen Stinnett again led the Mogulettes with 10 points, followed by Mindy Myers with 8, Esther Escamilla with 7, Angel Dockins with 5, Denise Kuehler with 4 and Nickie Collier with 3.

In the consolation game, Munday held on to a nail-biting 44-43 win over Breckenridge. Gwen Stinnett canned 19 points, assisted by Angel Dockins with 12, Denise Kuehler with 5, Karen Kuehler, Mindy Myers, Nickie Collier and Lynn Parker with 2 each.

The Moguls trounced the Olney junior varsity 82-27 in the first round. Reggie Tucker led the team with 18 points, Jimmy Sosa scored 14, Anthony Stinnett 11, Jay Donoho 9, Curtis Taylor 8, Ricky Taylor and Richard Toliver 6, David Hertel 4 and John Paul Browning, Kent Sanders and Lowell Hutchens 2. In a little closer contest, the purple and gold defeated the maroon and white Seymour Panthers 53-34. Reggie Tucker tossed in 16 points, assisted by Anthony Stinnett with 11, Richard Toliver with 8, David Hertel with 7, Curtis Taylor with 4, Jimmy Sosa, John Paul Browning and Kent Sanders with 2 and Jay Donoho with 1 point.

Richard Toliver scored 17 points in his first starting role against Olney, but the Cubs managed a 53-50 win over the Moguls in the finals. Other scorers were Jimmy Sosa, 14; Jay Donoho, 11; Reggie Tucker, 4; and Anthony Stinnett, 3.

Gwen Stinnett was named Most Valuable Player in the girls' division, and Angel Dockins was also named to the All-Tournament team. On the boys side, Reggie Tucker and Anthony Stinnett were chosen All-Tournament.

The teams played Benjamin here this week to start their district action and the Moguls will play host to Seymour Friday night. It was hoped that the Mogulettes could round up a game that night, also. The teams will remain at home through January 13, when they will host the Crowell junior varsity teams and the Goree varsities.

## Coach Farmer Comments

**EXPENSIVE TRASH:** Knox County Sheriff Gene Nix, left, and Deputy Ricki Russell are pictured with two garbage bags full of unrefined marijuana plants that were found Sunday evening in an abandoned well house southwest of Goree. No charges have been filed in the case. The plants weighed about ten pounds and authorities said the street value would be close to \$2,000. The sheriff said the illegal plants must have been harvested before fall and had been placed in the well house some time ago to dry.

## Harvested Marijuana Plants Found Abandoned Near Goree

Area law enforcement officers turned up another cache of marijuana Sunday, but no suspects have been charged, according to Sheriff Gene Nix. Hunters looking for downed quail found the illegal substance in an abandoned well house southwest of Goree about a quarter of a mile from where a patch of marijuana was found and disposed of last summer.

The find was reported to the Sheriff's Department, and officers were dispatched to the scene to confiscate the plants. Nix said the marijuana had been laid in the well house to dry and had apparently been abandoned, because it had obviously been there some time. The plants were placed in two garbage bags and weighed about ten pounds. Nix said the street value of the marijuana, when refined, would have been about \$2,000.

## Prescribed Burning Workshop Planned

A prescribed burning workshop has been set for January 12 and 13 by the Knox County Livestock and Range Committee and the Soil Conservation Service. A program on how and why to conduct a prescribed burn will be given at 7 p.m. Monday in the courtroom of the Knox County courthouse by J.F. Caddenhead, Extension Service range and brush control specialist.

Interested producers will be able to participate in a prescribed burn at 9 a.m. Tuesday at a site west of Truscott at the brine lake. The site is being prepared by Greg Huber, Soil Conservation Service range conservationist, and Dennis Duke of the Corps of Engineers. In case of bad weather, a new burn date will be set at the January 12 program.

All area producers are urged to attend.

## Correction

In our article about the voting boxes for the Knox County Hospital tax rollback election, the location for Vera voters was inadvertently left out.

Voters in Vera will cast their ballots at the Methodist Church, as in other elections. It has also been pointed out that voters in the Sunset community will vote at the Munday City Hall.

Mr. and Mrs. Ronald Feemster and Jason of Huntsville were recent visitors in the Earl McNeill home.

## Clonts Explains Affects Of Hospital Tax Rollback

Greg Clonts, president of the Knox County Hospital District board of trustees, recently took the time to explain some of the reasons the hospital board adopted a substantial tax hike that will be approved or disapproved by voters on January 17. The Courier staff urges all qualified voters to pay close attention to Clonts' comments in order that they can make a knowledgeable choice when they cast their ballot in this special election. We hope the question-and-answer format will make the article easy to understand.

### Q. Why is the hospital in its troubled financial state?

A. Clonts responded that a combination of things caused the problems. Changes in the way the hospital is reimbursed for treatment of Medicare patients and overall changes in the Medicare program are the big culprits, considering the high usage of the hospital by Medicare patients. Other factors were problems with the management group which has since been released and difficulty in maintaining continuity in the medical staff.

### Q. How does the hospital board feel the tax increase will help keep the hospital open? Will the extra money brought in by the tax increase be enough, or will the board have to keep borrowing money?

A. This year's taxes at the new rate of 41 cents per \$100 of valuation, Clonts said, will completely wipe out all debts that have been incurred by the hospital. With those liabilities out of the way, the hospital can start fiscal 1988 with a clean bill of health and money in the bank for that year's operation. This should keep the board from having to borrow any more money.

### Q. Why do the trustees feel the tax increase will be temporary?

A. The old tax rate of 17 cents per \$100 valuation should be sufficient to keep the hospital operating once its debts are paid. Cutbacks and changes in operation had already put the facility in better shape financially, and when the hospital can begin operating in the black again, the lower tax rate should be enough to keep it that way. The board of trustees is in complete agreement that the tax increase should be in effect for no longer than two years. After that, Clonts said, if the trustees don't feel the hospital can run efficiently at the lower tax rate, they will decide themselves to shut it down or to change its function. But the trustees do not intend to burden the taxpayers of this county for longer than two years.

### Q. What plans have been made to solve the hospital's financial problems?

A. The hospital saw a very good month in September before it had to close, and had been seeing progress in July and August. The staff cutbacks had made a big difference in how much money it took to run the hospital. The board will be looking at some options on contracting some of the hospital's services and on paying some of its suppliers. Many of the problems were already taken care of or were being worked out. But the hospital is closed at the worst possible time, because winter is the biggest patient season due to various respiratory ailments related to the weather. The facility would have made more money this winter if it could have remained open, and with the new methods, its financial state would have gone that much further toward being repaired.

### Q. Is it financially feasible to keep the hospital open when it serves only a few patients?

A. If the overhead costs can be lowered in comparison with the income, it is feasible, Clonts explained. The staff has already been cut back to this point. Of course there has to be a minimum number of workers to keep the facility clean, to do laundry, to prepare the meals and to oversee the various functions, as well as the actual medical staff. But it is possible to keep the number of employees down to a level that the safety and comfort of the patients can be maintained without jeopardizing the hospital's budget.

### Q. What part will Medicare and its reimbursement procedures play in the hospital's financial future?

A. Clonts said the Medicare

(See Tax Rollback, Page 2)

The board also intends to return to the task of recruiting a doctor to live and practice in Munday. That, Clonts said, should help in raising the patient load since fewer persons in Munday use the hospital than do those in Knox City and Benjamin.

### Q. What part will Medicare and its reimbursement procedures play in the hospital's financial future?

A. Clonts said the Medicare

## Hospital Board Sets Meetings With Public

Members of the Knox County Hospital District board of directors will make themselves available for questions by the public at three meetings set next week.

The trustees will meet with the public at 7 p.m. Monday, January 12, in the Munday Community Center; at 7 p.m. Tuesday, January 13, at the Knox City Community Center; and at 7 p.m. Wednesday, January 14, at the Knox County courthouse in Benjamin.

County residents are urged to attend one of these meetings and ask any questions they may have about the operation of the hospital or about the upcoming tax rollback election. This is a very important issue for all taxpayers and the board hopes to meet with as many voters as possible so they may be able to understand more about the election and its consequences before they cast their ballots.

program will probably be the most important aspect in the operation of the hospital, as it has such a direct impact on how much money the hospital receives and how efficiently it can operate. Changes are currently being discussed that may bring about a difference in reimbursement and Medicare guidelines and restrictions in small rural hospitals and in larger urban facilities. One proposal being addressed is changing rural hospitals to simple access facilities where no major surgeries will be performed but minor operations, deliveries, and routines and emergency health care will take place. These hospitals will be placed under less stringent Medicare guidelines and will be easier to operate with small patient loads.

**Q. Much has been said about the new indigent care bill that is one cause for raising the hospital tax. Can taxpayers expect to pay more city and county tax in addition to the hospital tax if the rollback election fails?**

A. The increase in the hospital tax will take care of the health care for indigents in Knox County, Clonts said. If the increase is approved by voters, they will not have to pay higher county or city taxes for this purpose. But if the election succeeds and the tax rate is rolled back to 17 cents, the county will have to raise its taxes to create a fund to pay for indigent health care. This is something that has been mandated by the government, and the money must be provided. As the county does not have the surplus needed, taxes would have to be increased.

If the election succeeds, Clonts said, taxpayers will receive rebates of the increase that had to be paid this year (by January 31). The hospital will remain closed, but the hospital district must stay active for another year and taxes will be assessed in 1987 at the rate of 17 cents per \$100 to pay off the debts the hospital now owes. That is in addition to the amount the county would have to raise its tax rate to cover the indigent care.

**Q. The hospital helps pay for both ambulance services. Where will this money come from if the hospital is closed permanently?**

A. That expense will fall back on the county and on Munday and Knox City.

**Q. What is the hospital payroll? How many workers were affected by the hospital's closing, and will they return to their jobs if it is reopened?**

A. The monthly payroll was \$35,000 when the hospital closed. That figure is down from almost \$60,000 per month in April, when the cutbacks in staff began. Clonts said most of the layoffs were in the housekeeping and maintenance de-

partments and among the nurses' aides. The board tried to keep the professional staff on the payroll as long as possible. When the hospital closed in October, about 25 persons lost their jobs. Some have secured jobs elsewhere, but Clonts said he feels they will return to Knox City to avoid the inconvenience of having to go out of the county to work.

**Q. What will happen to the furnishings and equipment if the hospital is closed?**

A. Clonts said these items would be sold, but their market value as used hospital equipment is very low compared to the purchase price when new - about 30 cents on the dollar. But that is the least of the board's worries. They will have to decide whether to keep insuring the building itself and keep it maintained at some cost or to have it torn down at an even higher cost.

**Q. What else should voters remember when they cast their ballots?**

A. This election is not being held to decide if the hospital will remain open, it is to approve or disapprove a tax rollback. But a rollback on the tax rate will mean that the hospital will have to close, probably permanently. Voters who are interested in keeping the hospital open should vote against the rollback, and the opposite is also true. We want voters to know what they are voting for when they go to the polls.

**Anson Woman Wins Heart Of Gold Honor**

Mrs. W.F. (Sylvia) Moreland of Anson has received the 1986 Edward D. Jones Sr. Heart of Gold award for this area, according to Don Book, a representative of the company. Other nominees for the award were Marshall Benner of Munday, Charles Swenson of Haskell and Rocky Underwood of Stamford.

Judges were Mr. and Mrs. Don Jones of Anson, Nelda Lane and Tom Watson of Haskell, Doris and Ernestine Dickerson of Munday, John and Rita Mooney and Don Book of Stamford.

Mrs. Moreland, who was nominated by the Anson Woman's Club, has served as president of the Anson Chamber of Commerce, PTA, Band Booster Club, Girls Softball League, Tuesday Study Club and Anson Woman's Club. She has been county campaign chairman for Congressman Charles Stenholm, chairman of Anson's centennial celebration, Jones County Sesquicentennial chairman and is organizer and director of the Meals on Wheels program in Anson.

She qualified for the national Heart of Gold award, which will be announced in February. The national winner will receive an all-expense paid one week vacation for two and a donation to the charity of his or her choice.

**Informed Voters Are Needed For Election**

By Joyce Nix, Editor

Hospital board members have announced this week that they will make themselves available to the public for three question and answer sessions so voters can learn more information about the upcoming hospital tax roll-back election. This is an opportunity that citizens should take advantage of, because the future of our hospital hangs in the balance.

No one wants to pay higher taxes. Most people have to stretch their budget to the breaking point just to meet their present tax obligations. Few are willing to add to that tax burden without feeling they are going to get something out of those taxes - and not many people in Knox County get anything out of the county hospital. They choose to use doctors - and thus the hospital - in Haskell or Seymour or maybe even Wichita Falls or Abilene where specialists and special treatment are more readily available.

But will the taxes stop just because the hospital is closed? Thanks to a new law, no, they won't be lowered. The Indigent Health Care bill is one most people are unfamiliar with because it has no relation to most of our lives. But there are a great many persons in this county who classify as indigents, and if they need medical care, our taxes pay for it - whether that care is sought in this county or not.

If the Knox County Hospital District is abolished, taxpayers in the county will no longer have to pay taxes to that entity. But, in order to create funds to be set aside just for health care for these indigents, the cities which levy taxes and the county will have to increase their tax rates accordingly. As of yet, no one really knows whether we would wind up paying less or more than we will pay if the hospital board is allowed to collect the 41 cents per \$100 they feel the hospital needs to stay afloat. But we will have to pay higher taxes regardless - and not get anything extra for our money.

And if there is no hospital here those indigents will have to go elsewhere for medical treatment. Health care costs are not cheap anywhere,

but they are higher at some institutions than at others. Since the county or one of our small cities will have to bear the cost for an indigent's health care, it would be preferable that he or she be able to use local doctors and a local hospital where the costs might be a little lower.

Everyone knows that our economy is going nowhere but down. We're not alone in this; all rural counties that depend on agriculture or oil income to survive are in the same boat. We all have to do what we can to help each other out. The people who worked at the hospital were not doing it for fun - they needed those paychecks. Now they will have to look somewhere else for that money. They will try to find jobs, which are hard to obtain these days. Every outside job taken by a laid-off hospital worker might have been saved for someone else who also needs money. This is a vicious cycle - we need to be creating more jobs, not putting people out of work.

The Knox County Hospital is not new and high-tech appearing. But these are not qualities indicative of the care given on the inside. Our hospital is functional. Not all the equipment is the very latest, and some which would be useful is not available because it simply costs too much. But the hospital auxiliary has furnished many items that were needed to give patients better care and to make them more comfortable. This organization can be counted on to supply the hospital with as much equipment as it can possibly buy.

The election on January 17 is im-

portant to everyone in this county. Even if you do not presently use the hospital or the local doctors for health care, the day may come when you wish there was a hospital nearer than 20-plus miles away. Every qualified voter in this county should make his or her opinion known. And the only way anyone can cast their ballot knowing they have done the right thing is to inform themselves with every fact available.

Hospital trustees are making this easy. By attending one of the three meetings scheduled January 12, 13 and 14, you can ask questions, hear others ask, and have all these questions answered - if there is an answer. These trustees don't get anything out of being on the hospital board. There is no financial reward involved; they perform this service for the same reason they have set the three public meetings - because they are interested in helping.

If you are interested in the hospital election - and anyone who pays taxes in this county should be interested - do yourself a favor. Listen to what our elected hospital officials have to say. Only then can you really know what you are voting for or against.

And please vote. After you have learned all you can about the issue, take a few minutes on January 17 and vote. This is your chance to have a say in what happens in the county - your chance to be involved in something that can touch you, your family, your friends and neighbors. Don't miss it.

### PLAN LANDSCAPE BEFORE PLANTING

The colorful 1987 nursery catalogs are out and you may be ready to place an order. But first you should develop a planting plan.

Never plant a shrub or tree before drawing a plan. Then plant only those plants specified in the plan. A drawing helps you place trees, shrubs and flowers correctly and avoid costly and troublesome errors.

Drawing your plants to scale is easy with graph paper. The paper may have 4, 8 or 10 lines to the inch. A practical scale would be to let one inch equal 5 feet on your property.

Draw in the boundaries of the home grounds, house, garage and

### Wade-Stewart Vows Repeated In Tuscola

Linda Stewart and Ricky Wade were married recently at the home of the groom's father in Tuscola. Frank Lockman, Tuscola Justice of the Peace, officiated.

Mr. and Mrs. Toby Yates of Weinert are the bride's parents. The groom is the son of Mack Wade and the late Jo Wade.

Suzann Sharp of Buffalo Gap and Roger Weeks of Tuscola were honor attendants.

The bride graduated from Weinert High School and Hardin-Simmons University and is employed by the Weinert Rural School District. The bridegroom is a graduate of Tuscola High School and owns Quality Fence Company of Abilene. Both will continue their studies at Hardin-Simmons, where Mrs. Wade will be employed by the physical education department.

all existing features, including trees and shrubs already growing. Now you are ready to plan the improvements you want.

Like your home, your yard should have three distinct areas - public, private and service. As you plan your landscape, relate these areas to the home and grounds.

The public area should be designed in a manner that will enhance the appearance of the house.

The service area contains the compost pile, garbage cans, clothesline, space for trailers, sandboxes or even a small vegetable garden. Locate this area as convenient to the kitchen or garage as possible and screen it from public view.

The private or living area should be developed so all members of the family can enjoy it. Keep maintenance to a minimum by keeping the design simple but usable.

In preparing your home landscape, think first of the overall design. Only after you have the overall plan in mind should you begin to think in terms of specific plant materials.

Your local nurseryman can assist you in choosing plants that are best adapted to the area and which will best develop the landscape picture you have in mind. Information on developing landscape plans may be found in the gardening section of your public library or at your favorite book store or garden center. The Knox County Extension office also has material on the selection and care of landscape plants.

ment. The way we play depends a great deal on how Gwen performs. She had 11 rebounds and eight saves in our game against Bowie. Mindy and Karen had nine rebounds each and Mindy also had a pair of saves. We shot 45 percent from the line in that game, which is not good enough but much better than our usual average.

I told the girls that free throws would win or lose the game with Seymour and I was right. We hit a dismal 13 of 33 from the line in a game that we really should have won. Karen wasn't playing because her father was in surgery, and it became obvious just how big a part she plays in keeping the team together and in control. She was missed a great deal.

Angel had an excellent game both offensively and defensively against Breckenridge. Gwen had eight rebounds, Denise contributed with seven and Mindy and Karen each had five. Kathy Wilde did a good job the entire tournament after moving up from the junior varsity.

I am a little apprehensive as we go into our district games. There are four teams which could be contenders for the title. We are one of the four, along with Goree, Benjamin and Knox City, but our inconsistency scares me. We need to stay at the top of our game.

### Coach Milson Comments

I thought we did very well in the Olney tournament, losing by three points in the finals. Olney is rated in the top ten in the state in Class 2A, so we showed our talent by staying up with them.

The game with Olney's JV was good for us, as everybody got to play a good bit and everybody scored. It was a fun game and all the boys played hard. We like to have a game like that once in a while to keep the team relaxed.

We played a more intense game against Seymour. Our intensity level is getting higher with each game. We played well defensively; we seemed to be a little quicker than they were and matched up well. Both teams had a number of turnovers, but I think that was partially due to the officiating.

Richard Toliver did a great job in his first start against Olney in the finals; he really came through in an important game against a big team. Jay Donoho had an excellent defensive game - in fact, this was our best defensive game of the season. The guys are beginning to understand what we are trying to do, and it shows up more each week.

We have been playing good teams that are used to scoring a lot of points, and we are successfully holding them down. I think we're just beginning to jell and should really come together about the middle of district.

We would like to see lots of fan support during these district games, especially at the home games. I think the fans will see a better team than they are expecting, and we should have some exciting contests.

In a few weeks, you will have the opportunity to vote on a local issue which will have profound implications on the future of this area. The issue is the tax rollback election held by the Knox County Hospital District on January 17th.

Quite simply, if the rollback election is successful, the hospital will remain closed, probably forever. Regardless of how you may feel about that, please take some time and really think about the long term implications for this county.

In all likelihood, it will be virtually impossible to attract and retain physicians anywhere in the county. The jobs throughout the county that are directly and indirectly provided by the Medical Community will disappear.

It has also been pointed out by persons who are living in communities where hospitals have closed, that senior citizens and retired persons will be reluctant to live in a county where no medical facilities exist, thereby reducing the population in the county.

Of course, the most important aspect of losing our hospital will be the loss of medical care for persons in Knox County, particularly emergency care. All of us have had personal experience where friends and relatives have been treated in life threatening circumstances in this hospital. Think about the consequences if those people had to be driven 30, 50, or 90 miles to the nearest health care facility.

This tax increase is being represented as a temporary one, probably for a two year period. At that time it is anticipated taxes can be reduced back to earlier levels.

For the average taxpayer this increase will amount to less than \$100.00. That seems to be a small price to pay for the convenience and safety of a health care facility.

At a time when rural Texas is under severe economic hardship, let us not deal ourselves a fatal blow.

Please vote AGAINST the tax rollback on January 17th.

WTU's new Oklaunion Power Station is a coal-burner and it's our "Declaration of Independence!" We're no longer dependent on just one source of fuel for our power plants. Natural gas has always been our main boiler fuel, and right now it is plentiful and fairly priced again. But recent history has revealed uncertainties about the future supply and cost of natural gas.

Our new "fuel mix" of coal and natural gas means cheaper energy for all our customers in the long run. In the short run, more stable fuel costs will help offset higher base rates necessary to pay for the new power plant.

Murphree and children, Trica and Jessica and Mr. and Mrs. Dennis Murphree, Stephanie and Kevin, of Katy, Mr. and Mrs. Paul McBroom and Elaina, Larry Don Gore of Wichita Falls and Mr. and Mrs. Howard Young of Iowa Park. Sunday visitors in the Gore home were Mr. and Mrs. Archie Struck of Goree and Mrs. Dorothy Yates of Dimmitt.

Mrs. Henry Patterson received word Sunday of the death of a nephew, Horace Norman of Lorenzo, who passed away in a Lubbock hospital Sunday afternoon. He is survived by his wife, Cora, three daughters and two sons.

Mr. and Mrs. Bill Miller, Gidget and Heidi, accompanied by Bill's sister, Mr. and Mrs. Rick Carlson and Derick of Kamay, spent the Christmas holidays in the home of Bill's parents, Mr. and Mrs. Paul Miller in Odessa.

Absentee voting for the January 17 property tax rollback election in Knox City began Monday, December 29 at the Knox County Courthouse in Benjamin, and will continue through Tuesday, January 13. The special election was set in October after local residents submitted a petition protesting the tax increase set by the Knox County Hospital District board of directors. The increase, from 17 cents to 41 cents per \$100 of property valuation, was necessary to keep the hospital operating until financial problems could be worked out, according to the trustees. The hospital was closed in mid-October. Outcome of the election will determine whether the hospital district tax will stay at the present 41 cents or be rolled back to the 1985 rate. Only registered voters are eligible to cast their ballots in the special election. Election polls in

Vera will be at the First United Methodist Church.

J.L. Trainham was in Austin Wednesday to attend memorial services for a friend, Jack Little. En route home, he spent the night with a son, Mr. and Mrs. Murl Trainham and family in Azle.

Holiday visitors in the Loran Patterson home were Mrs. Tom King and Lance Patterson of Seymour and Mr. and Mrs. Derrell Patterson, J.R. and Bear of Goree.

Bret Crooks of Seymour celebrated his 14th birthday, Wednesday, January 1 in the home of his grandparents, Mr. and Mrs. Jerrell Trainham. Present were his parents, Mr. and Mrs. Toby Crooks and Stephanie, Marty Bufkin and Keith Talley and Mr. and Mrs. Bobby Laird and family of Seymour.

Mr. and Mrs. K.B. Ritchie visited a son, Mr. and Mrs. Guindell Ritchie, Monday in Wichita Falls, and enjoyed a visit with three of their great-grandchildren, Jerry Lynn, Sherri and Jewett Ritchie of Las Cruces, N.M., who were spending a few days with their grandparents.

Mrs. Corinne Parrish of Franklin has been a visitor in the home of her brothers, Mr. and Mrs. J. Winston Feemster and Mr. and Mrs. Clyde Feemster, and with her mother, Mrs. Lona Feemster in the Brazos Valley Nursing Home in Knox City.

### Munday Man Dies At Home January 5

Leo Harrison Guffey, 78, a longtime Munday resident, died Monday, January 5, at his home here. Funeral services were at 3 p.m. Tuesday, January 6, at the First Baptist Church in Munday with Rev. Jim Way, pastor, officiating, assisted by Tommie Harper. Burial was in the Goree Cemetery under direction of McCauley-Smith Funeral Home.

Pallbearers were Eddie Sanders, Allen Beaty, Lee Patterson, Kenneth Baker, J.D. Hicks and Harold Jones.

He was born May 26, 1908, in Byrdstown, Tennessee and moved to Munday 46 years ago. A retired butcher, he was a member of the First Baptist Church and the Masonic Lodge No. 851. He married Opal Collier December 10, 1927, in Rochester.

Survivors include his wife; a daughter, Joy Hord of Goree; a son, Don Guffey of Munday; three sisters, Wanda Butler, Neva Epley and Vannah Carmack, all of Rochester; five grandchildren and eight great-grandchildren.

### It's A Girl!

Okay, so I kept everyone in suspense for a while - Dad and Mom (Mike and Jeannine Echols) agree I am worth it!

I am Mikah Danielle, born at 5:15 a.m. Friday, January 2, at Haskell Memorial Hospital, measuring 19 inches and weighing 7 lbs., 4 oz.

Big brother Jacob thinks I'm special, too, although about two and a half years ago he was bragging about being first in so many ways.

Girls have to try harder, and I succeeded. I was the first baby born in 1987 in Haskell County, and I am the first girl in our family to make five generations of females.

I am the first granddaughter of

Johnny and Debbie Smith of Austin and Janice and J.C. Eaton of Knox City. My other grandparents are Francelle and Buster Echols of Goree. I am also the first great-granddaughter of Inez Bennett of Aransas Pass and Charlie and Jennie Smith of Munday. My other great-grandmothers are Attie Underwood of Seymour and Allie Echols of Megargel. My proud great-great-grandmother is Arie Proffitt of Munday.

Jacob and I agree - only twins can out-first us now!
