THE MUNDAY CITY-COUNTY LIBRARY is once again the recipient of funds to use in a way that will benefit the entire county. The Munday Historical Society donated a check for the balance of the society's checking account to the library last week, and librarian Kathy Bowen said she and other library officials are indeed grateful for the historical society's generosity. Shown

from left are Munday Chamber of Commerce president Dolores Lambeth, Maurycy Stone and Anna Decker, members of both the historical society and the library board, M. L. Wiggins, representing the historical society, Mrs. Bowen, and June Kane, also a member of both organizations.

Boll Weevil Population Remains High In County

The boll weevils caused extensive damage in cotton fields in Knox County in 1986 but the number of weevils being found in traps and in early planted fields indicate populations will be even heavier this year. Large numbers of boll weevils overwintered during the past two winters and wet conditions last fall produced a very large overwintering boll weevil population. Boll weevils emerged in record numbers this spring with populations of 1,000 to 3,000 per acre observed in some early planted cotton fields. Some of these fields have been sprayed twice for boll weevil control and an additional application may be needed.

In response to the large overwintered boll weevil populations, producers set May 25 as the date to begin planting cotton. Wet, cool conditions in late May and early June further delayed cotton planting. Much of the cotton planted earlier had to be replanted.

As soon as cotton reaches the six leaf stage, begin inspecting for boll weevils and production of the first squares. From the time that the first squares are visible until they are 1/3 grown is about one week. If one boll

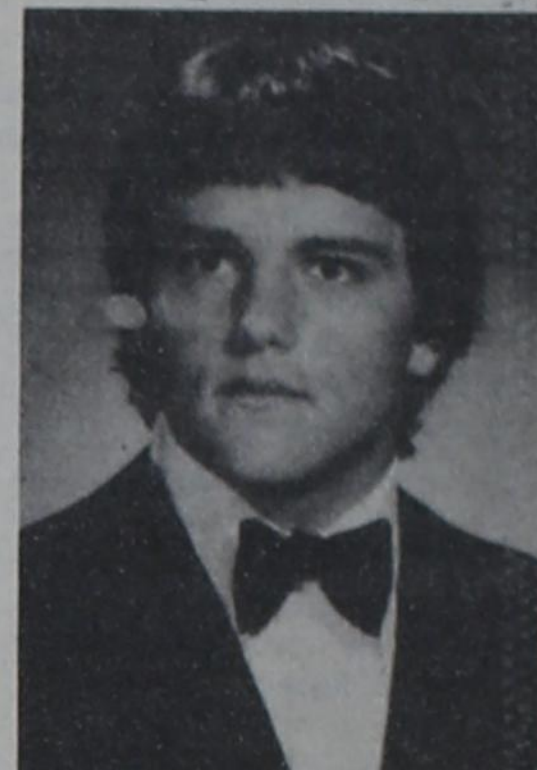

weevil is found in each 100 feet of row inspected during that week, control measures are needed. Dr. Don Rummel has shown that boll weevil traps can be used to indicate when to apply early season control measures. When over 2.5 boll weevils are captured per trap the week prior to the production of the first 1/3 grown squares, control measures are needed.

The insecticidal application should be applied to coincide with the production of the first 1/3 grown squares produced in the field. The field should be inspected three days following the insecticidal application.

If boll weevils have moved back into the field, a second application will be needed three to five days after the first application.

Fields that are not sprayed for overwintered weevils should be inspected weekly. Inspect the 1/3 grown squares for weevil damage. Control measures are needed when 25% of the 1/3 grown squares are weevil damaged. Once an insecticidal application is made, an additional application is needed when the weevil damage level exceeds 15 to 25% of the 1/3 grown squares.

Information on insecticides for control of boll weevils and other cotton pests is presented in B-1209 "Management of Cotton Insects in the High Plains, Rolling Plains and Trans Pecos Areas of Texas." This publication is available at the Knox County Extension Service office.

CHRIS BAKER

Munday To Be Represented At Oil Bowl

A member of the Munday Mogul football team has been named to the Texas squad in the 50th Oil Bowl game set for August 8 in Wichita Falls Memorial Stadium. Stars from schools of all classifications in Texas and Oklahoma will square off in the prestigious contest.

Chris Baker, a 1987 graduate of Munday High School and the son of Kenneth and Joye Baker, is among 22 Texas high school football stars chosen to play in the game, which is sponsored annually by the Maskat Shrine Temple of Wichita Falls. Proceeds go to crippled children charities in Texas and Oklahoma. The 50th Oil Bowl game is being dedicated to Jack Crain, a former Nocona player, who participated in the first charity classic.

Baker joins Throckmorton's Kevin Latham, Electra's Rodney Bell and Seymour's Mark Peters, as well as eight other area players, in the wealth of talent picked from the Wichita Falls area. That city is represented by All-State running back Eric Chatman and Chris Cagle of Wichita Falls High. Coaching the Texas team will be Bobby Page of Wichita Falls Hirschi, Gary Reeves of Olney and James Rust of Garland.

An All-District selection on both offensive and defensive teams, Baker was a two-way second team choice in All-State voting and was named to the Abilene all-area team. He will attend Texas Tech University in the fall.

Other players named to the Texas Oil Bowl team include Tim O'Brien of Holliday, John Etheredge of Burkburnett, Robert Adams of Iowa Park, Clint Holden of Olney, Chris Thomsen of Vernon, Wade Railsback of Graham, Trey Hooper of Mineral Wells, Rob Hagler of Breckenridge, Kerry Kyle of Valley View, Jeff Davis of Keller, Mark Snodgrass of Stephenville, Jason Duvall of Plano, Jackie Johnson of Denton, Oscar Rosales Jr. and Eric Fultz of North Mesquite.

Knox City's Emerson Wins Young Farmers Scholarship

The Brazos Valley Young Farmers have awarded their annual \$250 agriculture scholarship to J. Emerson, son of Mr. and Mrs. J. M. Emerson of Knox City. A 1987 graduate of Knox City High School, Emerson has been very active in all phases of 4-H work, including participating in stock shows and in all 4-H horse show events.

He will enter East Texas State University in Commerce this fall.

62 Donations Taken At Emergency Bloodmobile

In one sense - that of receiving a total of 62 pints of blood, two over Munday's regular quota, the emergency Bloodmobile visit here last week was a success. But in another sense, according to Bloodmobile chairman Latrece Lane, it was a disappointment, because citizens in all the towns in both Knox and Haskell counties were called upon to donate in order that the Red Cross have enough blood to use during the long holiday weekend, and 62 pints is a small amount for that large a territory.

The Bloodmobile is due in Munday, Knox City and Haskell in September, but Mrs. Lane said that would leave plenty of time to follow the necessary 56 day restriction between personal donations.

Some of the lack of response may have been in the change in donor sites, and other problems were experienced when the Red Cross truck was late and didn't get set up until 3:30 p.m., some 45 minutes behind schedule. But Mrs. Lane said early donors came and stayed, and some of the men - W. O. Smith, James Merrell, Doyle Lowrance and Freddie Caram - helped unload the truck.

Donors from Munday, Rhineland, Weinert, Haskell, Knox City and Benjamin did respond to the call for blood, and Mrs. Lane expressed thanks to those persons, as well as to the persons who helped her publicize the emergency visit. The First Baptist Church was volunteered as a donor site, the Chamber of Commerce helped get the word out to the community, local churches made announcements and Seymour and Haskell radio stations offered public service spots, and the WTU workers, as always, put up the street banner. In all, 64 persons presented

themselves at registration and two were deferred.

First-time donors were Ray Herring, Sheryll Elliott, Mary Ann Yruegas and Rosemary Martinez. Achievement certificates were earned by Bob McWhorter, who has donated one gallon of blood; Doyle Lowrance and Don Welch, two gallons; and Richard Albus, who is a four-gallon donor.

Anita Hosea, Martha Martinez and Sue Bryan were first-time workers. Mrs. Hosea assisted Virginia Cary with registration duties. Ernestine Dickerson distributed the bags, and trained personnel included RN Pam Nelson, LVN Lois Beatty and aide Martha Martinez. Manning the canteen were Elaine Gulley, Allene Koeng, Marie Smith and Sue Bryan. Contributing food for the canteen

were Barbara Coffman, Nancy Beatty, Sammie Kingston, Thelma Lewis, Nancy Cypert, Christine Nelson, Norene Hawkins, Jeanie Carden, Linda Beth Jackson, Buny Hutchens, Allene Brown, Mary Ann Lee, Jean Leflar, Traphene Welborn, Marge Kirschner, Janice Dutton, Janice Merrell and Jinx Burnison.

Several members of the Alfred Kuehler family of Rhineland came in for some special thanks, being recognized as a true family unit working for the good of our community. Betty Kuehler came to the Bloodmobile with three of her children, Susan Gulley, David Kuehler and Mary Jane Kuehler, in tow, and all four donated blood. Red Cross workers have noted in the past that

the Kuehler family should be used for public service ads, as there is usually more than one donation from this group at every Bloodmobile.

Commodities To Be Offered July 14

The Aspermont Small Business Development Center will distribute USDA surplus commodities on Tuesday, July 14, at several Knox County locations. Persons wishing to receive commodities should bring large grocery sacks to hold the goods and must present identification. Times and places for the distribution are:

Knox City City Hall, 8:30 - 10 a.m.; Truscott Community Center, 9-9:30 a.m.; Knox County Courthouse in Benjamin, 9:30-10:30 a.m.; Gilliland school building, 9:45-10:15 a.m.; Vera Community Center, 10:30-11:15 a.m.; Munday Community Center, 1:30-2:30 p.m.; Goree Community Center, 3-4 p.m.

Farmers Grain Expands Capacity With Purchase

When the next grain harvest rolls around, all the grain handling facilities in Munday will be owned by one company. Farmers Grain Co-op announced this week the purchase of Knox Prairie Co-op's grain facilities.

The move will be beneficial to both businesses, officials say. Although Farmers Grain owns enough storage facilities to hold a large wheat crop, sometimes on especially heavy days there is too much waiting time at the elevator for trucks needing to get back to the field. Almost the opposite was the case at Knox Prairie, where the small volume of wheat unloaded at the elevator was not worth the time, effort and money it cost to operate. The cotton gin is undisputedly Knox Prairie's money-maker, and the ele-

vator was a financial drain. "I think consolidating all the grain in Munday under one roof, so to speak, is a good idea," said Larry Smith, past president of the Knox Prairie Co-op. "We think both businesses will benefit."

Maynard Moore, manager of Farmers Grain, commented, "I'm glad to be keeping all the local grain under a cooperative system. And we will be able to give the farmers better service now. Sometimes we just couldn't handle the trucks fast enough, and this will give a greater capacity for quick unloading that will get the trucks back to the field sooner."

Moore said the elevator needed some minor repairs done but hopes to have it ready for use in the milo harvest later this year.

Lions Club Assumes Anti-Litter Duties

A two-mile stretch of Highway 277 now "belongs" to the Munday Lions Club! The Lions "adopted" the section of the highway just east of the east city limits of Munday as part of the Texas Highway Department's "Adopt-a-Highway" anti-litter campaign.

Through the program, the Lions agree to keep the two miles of highway clean from debris. As sponsor, the Highway Department will provide vests for the men to wear during clean-up days as well as traffic control signs and trash bags to be used for cleaning the highway and adjacent area. The department will also dispose of the trash, but the Lions have to do the actual clean-up.

The Lions Club is the first Munday organization to join the successful anti-litter program. The "Adopt-a-Highway" campaign was created to get the public more involved in the task of cleaning our state roadways, which had in the past fallen to Highway Department workers, and adopting groups are asked to clean their particular roads at least twice a year.

Fashion Preview Is Slated For July 30

Interested in an advance look at 1988 fashions? Then plan to attend the '88 fashion preview and salad luncheon planned for noon, Thursday, July 30, at the community room of the First National Bank in Munday. Perry Kuehler is chairman for the event.

In the fashion preview, local businesses will give the audience a peek at upcoming fashions in clothing, accessories, hairstyles and home decorating. Those registered to participate include Osborne's, the Fair Store, Ben Franklin's, Carol Cottingham's Attic Treasures, T-Shirts, Too, hair-stylists Wilma Hogan of Kuntry Kut and Tracee Herring, seamstresses Mary Huffman and Janice Merrell and Irene's Flowers.

It's not too late for businesses to enter, and there is no charge, so additional firms are invited to take this opportunity to show off their fall products. Reservations can be made by calling the Munday Chamber of Commerce office.

Tickets for the event are priced at \$3.50 each and are available at the chamber office. The salad luncheon will begin at noon that day and the style show will follow.

Danny Welch and Maryssa of Midland visited his parents, Mr. and Mrs. Leonard Welch, Tuesday and Wednesday of this week.

MUNDAY LIONS CLUB members will use these big trash sacks to clean up the two-mile stretch of Highway 277 east of town. The sacks and the men's vests, identifying them as part of the Adopt-a-Highway team, are provided by the Texas Highway Department to boost public interest in keeping our highways clean. Shown kneeling in this photo is Lion Charles Baker; standing from left are Lions Gary Schur, Doyle Lowrance and Richard Albus and James Amerson of the Texas Highway Department office in Munday. The Lions Club is the first Munday organization to join the state-wide litter control campaign.

Phone Booth, Jamboree Planned For Labor Day

Kay Looney, Munday Chamber of Commerce manager, has been asked by the producer of KTAB television station in Abilene to enlist the aid of Munday citizens in manning a phone booth during the Labor Day telethon for the West Texas Rehabilitation Center. Munday has never been asked to join the event before, and the station has promised plenty of exposure for our town.

In conjunction with the phone booth, Mrs. Looney is forming plans for a program of musical entertainment on Sunday night, September 6, and possibly on Monday, which will be Labor Day. Persons who would be interested in performing should contact her as soon as possible.

More information will be released as plans are made.

Ranch Day Events Scheduled July 18

July 18 is Ranch Day for Knox County residents, and everyone is invited to take part in the events planned for the entire day. Although it is titled Ranch Day and special emphasis is being placed on our ranching heritage, the programs planned will include something to interest everyone, even those who have never worked with cattle or ranching.

With the exception of the arena events, most of the day's activities will be held at the air-conditioned Benjamin Memorial Building, and food and drinks will be available. So persons looking for a special way to spend a Saturday should look no further than the games, contests, craft sales, historical displays and musical jamboree which will be a part of Ranch Day.

Amateur cake decorators are invited to enter the cake decorating contest. There is no entry fee for this contest, but cakes must be donated for an auction. Cakes should be brought to the Memorial Building by 10:15 a.m. and judging will be at 10:30. After the cakes are judged and displayed for a short time, they will be auctioned during the noon hour, with proceeds going to the Knox County Historical Museum fund.

All cattlemen in the county are urged to bring their brands so these may be preserved for the museum. Boards will be branded at the Benjamin riding arena that morning, and brief histories of the brands are requested. A rancher's reunion will be held at 3 p.m.

Following is a tentative schedule for the events planned.

7 a.m. - Memorial Building open for setting up.

7 a.m. - 12 noon - Riding and roping events at Benjamin riding arena; branding of boards for museum. Concession stand will be open.

10 a.m. - 5:30 p.m. - Memorial Building activities. Concession stand open.

Historical display - examples of museum items.

Booths open - arts and crafts.

10:30 a.m. - Cake decorating contest and auction.

Quilt display.

11 a.m. and 1 p.m. - Tour of homes.

During afternoon - Games, Beauty and Beast dunking contest, horse-shoe tournament.

1:30 p.m. - Cake walk.

3 p.m. - Ranchers' reunion.

4 p.m. - Ugliest Cowboy Hat contest and Most Used Household Utensil contest.

5:30 p.m. - Evening meal.

7:30 p.m. - Jamboree of Knox County talent.

8:30 p.m. - Announcement of quilt winner.

A section of the museum items display will be devoted to articles from Munday residents. Anyone who has an item to display should contact Lucille Smith at 422-4540.

Proceeds from all the Ranch Day events will help finance the Knox County Historical Museum to preserve memorabilia from the county's past so future generations can enjoy seeing how their forefathers lived.

Letter To The Editor

Dear Editor:

I would appreciate it very much if you would consider publishing this letter in your newspaper.

My name is Dr. Jerry L. Jones. I am searching for any information concerning a great-aunt of mine whose reported last known residence was in Munday. Her name was Sarah Elizabeth 'Gallie' Pike. That is her married name as she was married to Andrew Jackson Pike. Her maiden name was DeVaughan. Gallie was my grandfather's oldest sister. They were both born in Georgia (Gallie and Jack, her husband) and lived for a time in Talladega County, Alabama, where they were married January 21, 1857. Gallie was born in 1838-39. Jack was born about 1835.

I have in my possession an old letter from a deceased cousin in Waxahatchee who stated that his uncle, Virgi DeVaughan, used to go to Munday to visit Gallie. That is the only record I have that leads Gallie and Jack to Munday. Gallie had a brother, Elijah DeVaughan, who raised a family and moved with them from Georgia to Alabama to Arkansas to Texas. Many of his relatives still live in central and south Texas.

Gallie and Jack had two daughters. The oldest, Delila (Lila) was born in Alabama in 1858 or 1859. She married a Grant and had three children, Eulesas S., Willie and Hettie. Two of these children were raised at least for a time by a Mrs. McPherson. Lila lived in Independence County, Arkansas, where my

Lowrance Installed President Of Lions

Munday Lions Club installed new officers for 1987-88 at the weekly luncheon meeting held Tuesday, July 7.

Newly-elected president is Doyle Lowrance. Other officers include Russ Byard, first vice-president and membership chairman; Jesse W. (Dub) Moon, second vice-president and visitation chairman; Dr. A. Dale Selzer, third vice-president and program chairman; Weldon Smith, secretary-treasurer; Chan Hughes, Lion tamer; Mike Wulf, tail twister; Richie Smith, assistant tail twister; M. L. Waggoner, publicity chairman; and Don Bunton, crippled children and sight conservation project chairman.

Each officer automatically becomes an ex-officio director of the organization. Other directors are Bob McWhorter, Dr. W. H. Stewart, Wilfred Bellinghausen, Richard Albus, Bobby D. Burnett and Gary Schur.

mother, as a child, knew her.

The younger daughter was named Belle and was married to a Banks. I know absolutely nothing else about any of these people so it is my desire to get in contact with anyone who might shed any further light on this family. I don't know whether Gallie and Jack Pike owned property in Munday. I don't know how long they lived in Munday or if, in fact, they ever did live there. I don't know whether they are buried there or not. They would have lived there sometime around 1900 to 1920, if at all. I am interested in answers to these and many other questions because this woman was my grandfather's sister.

If anyone reading this letter knows anything about this family or could share this letter with someone who might know, I would be eternally grateful.

I was born and raised in southwestern Oklahoma but there was no contact between my family and Gallie's after about 1901.

Thank you for considering this rather peculiar request. I know of no other way to determine any new facts about the Pikes of Munday, Texas.

Sincerely yours,
Dr. Jerry L. Jones

Watching Washington

It's a disturbing statistic: As of 1984, the United States—the most developed nation in the world—had a higher rate of infant deaths than 15 other countries.

The leading causes of these infant deaths are premature births and underweight babies. Those who survive are 10 times more likely to suffer mental retardation.

But if mothers have regular medical checkups during pregnancy, their doctors can detect and pinpoint the problems that could cause babies to be born prematurely and underweight.

Scientific and technological advances in recent years have brought us a long way in improving the quality of life for children. We can expect to do more, with Texans leading the way at the Children's Nutrition Center which opened in 1978 at the Baylor College of Medicine in Houston.

When the federal government decided in the mid-1970s to establish a national children's research laboratory, we helped persuade officials to build it in Texas. And next year, thanks to a \$55 million authorization from Congress, a new building, to house the nation's only children's nutrition research laboratory, will open.

During my tenure in the Senate, nothing has been more gratifying than the progress we have made in improving health care—and access to it—for children. Along with other Senators who share this concern, I have worked for many changes in health care programs to help accomplish these goals.

In 1981, for example, we helped persuade Congress to create a separate block grant for Maternal and Child Health Care to insure that children do not have to compete with the elderly and disabled for funds.

In 1984, we closed a loophole that had denied prenatal care to women—who would otherwise be qualified for Medicaid—simply because they were pregnant for the first time.

Two years later, we gave states the option of expanding Medicaid eligibility to include pregnant women and young children whose family income exceeds the state Medicaid eligibility guidelines, but is below the federal poverty level.

We have corrected a provision in Medicaid statutes which had required that the same basic services be provided to all beneficiaries, permitting no distinction for the special prenatal care women might need.

These are some important steps, but we can and should do more. As Chairman of the Senate Finance Committee—which has jurisdiction over most health legislation—I expect to take an even more active hand in these matters.

The statistics tell some troubling stories about infant mortality in this country. Even more disturbing is the fact that many of these deaths don't have to happen.

Golf Scramble Set At Lake Creek Club

Sunny skies, mild breezes and a big crowd are some of the things officials at the Lake Creek Country Club are hoping for Sunday as the club sponsors its third golf scramble of the summer.

Tee-off time for the scramble is 1:30 p.m. A \$100 savings bond will be awarded to anyone who can hit a hole-in-one on the 5th, 9th, 14th or 18th hole. Crowds at the scrambles are increasing each time, and local golfers are urged to enter this event.

Knox Prairie Officials Meet For Early Audit

The yearly audit meeting of the Knox Prairie Co-op in Munday was held at 7 a.m. Monday, July 6, at the Shamrock Cafe. Larry Smith, president, was in charge of the breakfast meeting.

Elected to directorships of the co-op were Garon Tidwell and Joe Tidwell. The audit report was given by Jeff Gregg, a Seymour accountant.

Pat Lowrance is manager of the co-op.

Mr. and Mrs. Clyde Curry of Lubbock spent the holidays in the home of Jo Jarvis.

CAPITOL JOURNAL

STEVEN A. CARRIKER
House of Representatives

The House took the first step to avoid closing our state's public schools, as the Legislature is finally making headway on the state budget. The House last week forwarded to the Senate both a spending plan and a tax bill to fund it. The \$38.4 billion state budget adequately funds basic state services without excessive spending. The final face of the tax measure will be shaped to a great extent by the Senate, while the House spending plan should remain largely intact.

In trimming state spending, the House voted to eliminate the Texas Commission on the Arts. This move was requested by 91 percent of my constituents responding to the questionnaire at the beginning of the regular session. A portion of the funds previously used for the Arts Commission were transferred to deal with the child abuse problem in Texas.

In the frenzy of trying to package a spending plan, some legislators get out of hand. One Republican proposed to take money from the Texas Department of Agriculture's marketing program and transfer it to TDA statistics operations. As I told the House in opposing this plan, farmers do not need any more statistics telling them how quickly they are going out of business: farmers need markets. The House saw the folly of trading markets for paperwork, voting with me to preserve the TDA marketing funds.

In another attack, the Republicans sought to dismantle vocational education. This ill-conceived mistake also failed, as every Democrat in the House voted to keep vocational education. The Democratic unity left the Republicans standing alone in opposition to a vital edu-

cational program. In the current economic condition of our state, it is especially crucial to have productive educational programs which train our youth in practical and marketable job skills. Vocational education is one of the bright spots in our state's effort to create jobs and diversify its economy.

WHAT'S IN A LABEL?

To attract health and weight conscious consumers, manufacturers often put all types of claims on labels. In an effort to help consumers decipher food labels, the Food and Drug Administration has come up with the following definitions of these health claims.

* "Natural" has no official definition. It signifies nothing more than the product "occurs in nature."

* "Sugar-free" products cannot contain any nutritive carbohydrate sweetener, such as sucrose, maltose, honey, fruit juice, molasses, etc.

* "Low-calorie" products contain no more than 40 calories per serving and no more than 0.4 calories per gram.

* "Low-sodium" products must contain less than 140 milligrams of sodium per serving.

* "Very-low-sodium" products contain no more than 35 milligrams of sodium per serving.

* "Sodium-free" products contain less than 5 milligrams of sodium per serving.

* "No artificial flavors" means that the product does not contain any flavors which have been defined as "artificial."

* "No artificial coloring" means that no ingredient added to enhance the color of the product is considered "artificial."

* "... may contain one or more of the following" means the manufacturer will use whichever is available and is cheapest at time of production.

* "No cholesterol" means there is no cholesterol detectable by any pre-

Telephone Subscriber Line Charges Increase This Month

In accordance with recent Federal Communication Commission action, all single line business and residential telephone customers across the nation, including those served by General Telephone, will be subject to an increase in their interstate Subscriber Line Charge from the current \$2.00 per month to a \$2.60 per month charge.

This 60¢ increase in the interstate subscriber line charge was effective July 1, 1987, and is the third phase of a federally mandated process that is intended to gradually eliminate the practice of charging customers

more for long-distance service in order to keep local rates artificially low.

Business customers with more than one line have been paying a \$6 interstate subscriber line charge since May, 1984. This interstate subscriber line charge will not change.

Under the Federal Communications Commission plan for implementation of the interstate subscriber line charges, the total revenues of the local telephone companies will not increase since the FCC in turn will reduce by an equivalent amount charges to long-distance carriers for use of local facilities and equipment. It is the intent of the FCC that this decrease in long-distance carriers' expense will be passed through to consumers in the form of reduced interstate long-distance rates. Some interexchange carriers have already announced plans to reduce interstate long-distance rates.

General Telephone officials said the interstate subscriber line charges are designed to shift from long-distance users to local customers, a larger portion of the actual costs of providing the line from their residence or business to the telephone switching equipment. It was pointed out that long-distance rates have been artificially high to pay a portion of these costs, thus benefiting local exchange access rates by keeping them artificially low.

Depending on the amount of interstate long-distance calling, the reductions for interstate rates could offset the \$2.60 interstate fee for many customers, especially high volume users.

The \$2.60 interstate subscriber line charge applies to all residential and single line business customers of all exchange telephone companies providing local exchange service.

Jeff and Merle Anderson enjoyed the cool air and playing golf at Angel Fire, New Mexico during the 4th of July holidays.

Clyde Yost returned home Sunday after visiting Mr. and Mrs. Ronald Clyde Yost at Littleton, Colorado.

On behalf of all the Munday Little League players, coaches and fans, we would like to express our thanks to the B-K Electric employees who volunteered their time to put up our new lights at the baseball field. Sonny Crawford, Bill Longan, Stan Decker and Donny Odom are to be commended for their support of our organization. Also, we would like to thank the merchants and other businesses who purchased advertising signs for the fence. The support and encouragement of the townspeople is a great boost for these young players.

Chamber Manager Attends Institute

Kay Looney, executive vice president and manager of the Munday Chamber of Commerce, recently completed a week's Institute for Organization Management at Southern Methodist University. Over 200 voluntary organization executives from all over the country participated in this professional development program.

The SMU Institute is one of six annual, one-week sessions sponsored by the Center for Leadership Development, a division of the National Chamber Foundation, at leading universities throughout the country. Other universities that host institutes are Notre Dame, University of Georgia, San Jose University, University of Colorado and the University of Delaware.

During the five-day session, participants spent 27 classroom hours in the institute course of study, which is designed to assist voluntary organization executives improve the knowledge and skills necessary to enhance the effectiveness of their organization. The institute curriculum includes coursework in management philosophy, interpersonal processes, government, law and organization structure; as well as in more contemporary issues such as economic and environmental concerns. Each participant may attend progressive levels of the program throughout his/her professional career.

University professors chosen to serve as faculty are distinguished authorities in their fields. Additional courses are led by top-level Chamber of Commerce executives, making the faculty unique in its depth and range of knowledge and experience.

★ Weinert News ★

By Mrs. Myrtle Phemister

In your own way, you celebrated the birthday of our country on July 4th. To some, it was a day of fun and frolic; to others, a day of memories and meditation; and no matter what activity you may have experienced, we can all agree with the Russian-born immigrant who said "It's the greatest 'Country Club' you can ever belong to!" (Note, our taxes we pay are the 'Country Club' dues!)

As our forefathers wrote our constitution 200 years ago, I believe God guided their thinking as they put it on paper. And it is up to us to protect it, keep it, observe it, appreciate it, and preserve it for another 200 years! Let's each do our share.

Not only did our country observe its birthday, but there were those around us who celebrated, also. Little Rance Parrott was honored with a party at the home of his grandparents, Jerry and Doris Walker, as he celebrated his first birthday. Rance is the son of Stacy and Cindy Parrott of Wichita Falls and he has a big brother, Justin. Happy Birthday, Rance.

Others observing birthdays this week are Michael Adams and Juanita Fernandes. And we congratulate

Wanda and Jerry Hester and Russell and Hazel Rainey, who are observing anniversaries.

Mrs. Norene Murphy of Garland is in Weinert to spend a few days with her son, Ed, Mary, Shanna and Lane Murphy.

Darrell Sanders, son of Oman and Wilma, of Florida, was in town with his mother to visit his grandmother, Sallie Sanders.

Mr. and Mrs. Marvin Phemister and Mrs. Erma Liles were in DeLeon Sunday to attend the golden anniversary celebration of Payne and Lucy Hattox. They attended worship services at the Church of Christ, where Payne was guest speaker for the day. (The Hattoxs usually drive to Moran, where Payne is the regular minister.) All their family was present for the celebration.

The Hattoxs moved to Weinert in 1938, purchased the Red and White grocery store when they had been married only six months, bought a home and lived here many years. They made deep "footprints" while they were residing here. They are in good health and we wish them many more years together. They sent greetings to all their friends here, and else-

where, who may read this.

Mr. and Mrs. Leonard Mahan and Len hosted an ice-cream supper for the Church of Christ on Sunday night. Out-of-town guests were the Roy Phemisters' daughter, Ann Glasscock of San Angelo, with Jimmy, LaDonna, Johnny, Billy and Amanda, who will be attending the Haskell singing school this week.

Donnie Crump will be at the junior high camp at Lueders this week as he sponsors several of the youngsters. Among those attending from Weinert are Chad King, Mitch Mayfield, Ron Davis, Kenny Forehand, Shanna Murphy and Missy Alexander.

The Haskell-Knox association of Baptist W.M.U. met at Munday First Baptist Church on Tuesday night. The G.A. girls had a part on the program and Heather Guess reported on her week at camp. Betty Raynes, adult leader, gave a talk about "Using the Gifts God Has Given You." Several others from Weinert attended the meeting.

Good news for Debbie Crump was that her sister and husband, Mr. and Mrs. DeWayne Keller, will be managing the Furr's Cafeteria in Hurst and Debbie can see her more often than she did when they lived in McAllen. We congratulate the Kellers in this new business venture.

Jeanie and Chet Forehand hosted some weekend guests for the 4th. They were Jeanie's mother, Mr. and Mrs. Dick Skipworth of Robert Lee, and her brother, Kenneth Conner and family of Big Spring. We are happy that Jeanie is improving in health.

Mr. and Mrs. Ernest McGuire were overwhelmed with female company for the 4th, when their granddaughters, Kelly, Monica, Karen and Jo Beth, arrived from Ft. Worth to celebrate the holidays. They attended the rodeo at Stamford and visited friends. Tammy Halliburton of Anson was also a visitor, as was Becky Fry of Bowie, who brought her grandchildren, Brooke and Brandon McGuire, home to Haskell after a week's visit in Bowie.

Other visitors in town included

Raymon, Janie and Shelly Boykin of Vernon and Doyle and Rita Boykin of Texas City, who spent the weekend with their mother.

Sandra Nicholson and "T" are spending their vacation with her parents, Raymond and Bernice Mathison. Other guests over the holidays were Mr. and Mrs. Pete Waters and Stevie, and Dan McIntire of Houston, who always enjoy relaxing in the country atmosphere of Weinert.

Brenda Boone of Anson was in to see her mother, Thelma Boone. They learned Judy Boone of Abilene had returned home from a vacation in the northwest, with some time spent in Coal, Wyoming as a special treat.

Tresse Brazzel of Cross Plains has returned to her home after spending some time with her grandmother, Sallie Sanders.

ABOUT OUR SICK

Mrs. Ida Farrel has been suffering from an injured knee joint and will be having surgery in Abilene to correct it.

R. S. Sanders will be in Houston July 13 for further tests and chemotherapy. He did well after last week's treatment in Abilene, and we continue our prayers for his complete recovery.

We send greetings to Grace Reid of Ft. Worth, a former Weinert resident, who is recovering from a recent heart attack. Her new address is Wedgewood Nursing Home, 6621 Donziger Road, Ft. Worth, 76132.

Francis Mahan is in Hamilton this week for a visit with her daughter, Margie and Pete Jordan, and for a physical check-up with her doctor there. Francis is awaiting word from her son, Billy Allen of Phoenix, Ariz., who will undergo heart surgery in a few days. She requests your prayers on his behalf.

LOOKING FORWARD TO:

The coming reunion of the descendants of George and Harriet Alexander at Seymour July 17-18.

The state all-star 6-man football game to be played at Stephenville July 18 will have our Louis Perez playing with them.

The laughter heard at the C. W. Offutt home was Bud and Mildred rejoicing that their daughter, Judy and family, will be home from Germany on July 24. When her husband, Sgt. R.W. Anderson, will enjoy a month's leave from military service.

To each of you - my appreciation for your kind comments about this column. I need your news to make it more complete. Call me at 673-8242. Have a good day!

MHS Cheerleaders Earn Camp Awards

Munday High School varsity and junior varsity cheerleaders attended cheerleading camp at Howard College in Big Spring. The girls received several awards in a field of over 30 squads.

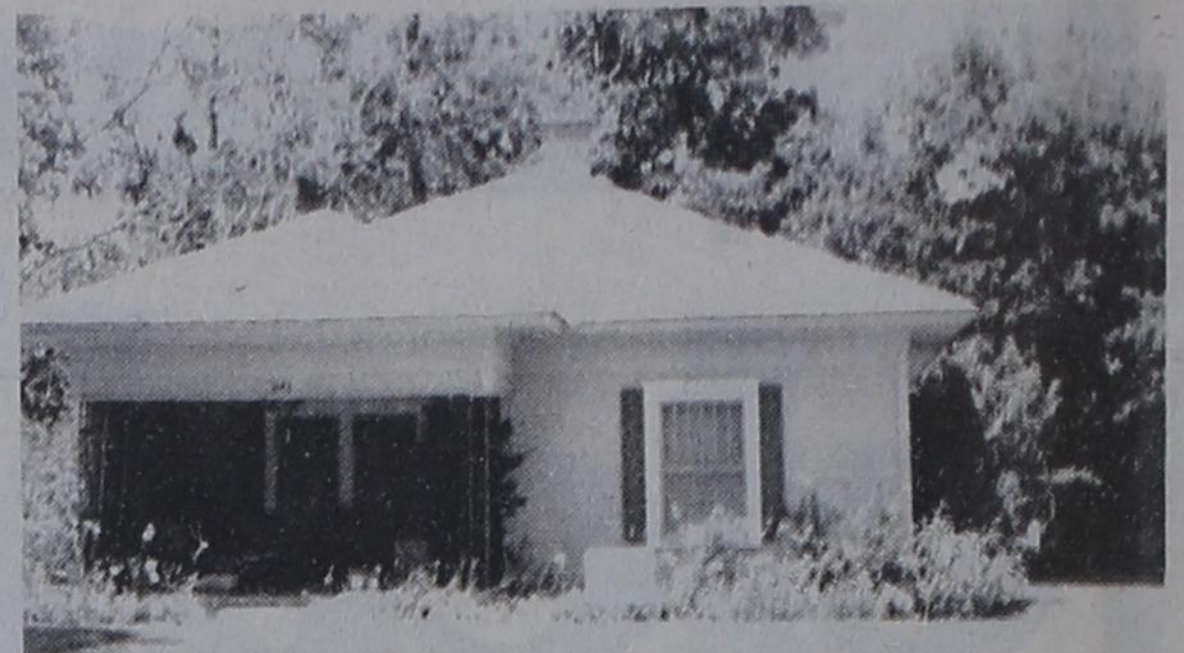

The varsity team, composed of Lynn Parker, Denise Kuehler, Annette LeFevre, Mindy Myers, Youlanda Wright and Robin Reneau, won the spirit stick and four blue, or superior, ribbons. The team was nominated for the squad of excellence and advanced to the final competition. Finishing third runner-up, they barely missed a chance to compete in the national contest. In addition, head cheerleader Lynn Parker was nominated for All-American cheerleader, one of six girls to receive this honor from a group of 190.

The JV squad earned one excellent and three superior ribbons, were also nominated for the squad of excellence and were spirit stick award winners one night. This group consists of April Offutt, Angie Offutt, Jae-Jae Reneau, Christy Williams and Kacy Longan.

As one individual unit, MHS cheerleaders brought home a spirit stick representing their enthusiasm and willingness to work and improve throughout the week. After their successful camp, they are looking forward to the coming year.

Visiting Mr. and Mrs. Worth Gafford several days last week were their granddaughters, Mrs. Myra Shipley and Laura of Missouri and Mrs. Nancy Aan and David of Arlington.

THE AL LATHAM HOME on South Seventh came in for Munday Garden Club Yard of the Week honors this week. Lots of shade trees, a profusion of flowers and a neatly mowed green lawn are featured in this winner. It was noted this week that the water sprinklers are being used; one benefit of the heavy and incessant rains was not needing to water gardens and yards.

THE KEY TO LOWER COOLING BILLS

...YOUR THERMOSTAT!

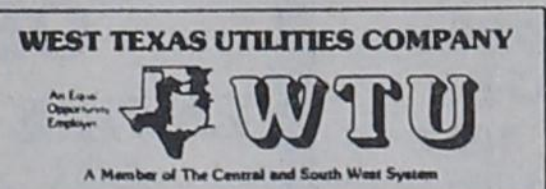

RAISE YOUR THERMOSTAT SETTING TO LOWER YOUR COOLING BILLS

You can lower your cooling bill up to 50% by raising the temperature in your home from 72° to 78°. West Texas Utilities recommends that you set your thermostat at 78° or higher for efficient summer cooling. Portable fans or ceiling fans can help the higher thermostat settings feel more comfortable.

Also, check the filter in your air conditioning system regularly. A dirty filter could keep your system from operating as efficiently as possible. Clean permanent filters according to manufacturer's instructions, and replace non-permanent filters.

For more conservation tips on summer cooling, call your local WTU office.

Hutchinson On Tech Dean's List

More than 1,800 students were named to academic honor lists for the 1987 spring semester at Texas Tech University. Undergraduate students who completed 12 or more hours of classwork with grade-point averages from 3.5 to 3.9 earned Dean's List distinction.

Among those on the Dean's List is Holly Hutchinson, a sophomore physical education major. A graduate of Munday High School, she is the daughter of Mr. and Mrs. Jerry Don Hutchinson.

Defensive Driving Class Is Scheduled

The division of continuing education at Vernon Regional Junior College has scheduled a class in defensive driving for Saturday, July 18. The class will meet from 8 a.m. to 5 p.m. in the Chaparral Center on the VRJC campus with DPS safety officer Joe Clement of Wichita Falls instructing. The fee is \$20.

The defensive driving course is designed to train drivers in professional traffic accident avoidance techniques and to promote an attitude of mutual understanding, courtesy and cooperation through informed motorists. The course is approved by the National Safety Council and the Texas Safety Association, and participants are eligible for reductions in their insurance premiums for a three-year period.

For further information or registration forms, contact the VRJC continuing education office at 552-6291. Pre-registration is necessary.

Letter To The Editor

Dear Editor,

Friends and I in Baltimore enjoy the "Cherished Recipes" cookbook, and would like to share some of our favorite recipes with Courier readers.

If you will print the enclosed recipes, I would like 10 copies of that issue.

Enclosed is my check for \$3.50.

Sincerely yours,
Rosalie Jackson
2 Slipstream Ct.

Baltimore, MD 21220

(Editor's note - We're glad to print the recipes and hope some of our readers can use them. We did have to omit one recipe for crabcakes, sent by Lorraine Kress, because it did not have any cooking instructions with it, and a white fruit cake recipe from Lillian B. Jackson, because the ingredients were unclear.)

Macaroni and Cheese

by Bernice Newman

1 lb. macaroni, salted, cooked and drained

In a deep baking dish alternate: 1 layer of macaroni and 1 layer of cheese slices. Fill baking dish to top with layers of macaroni and cheese and cut 1/2 stick butter or margarine in chunks on top. Add evaporated milk (do not add water) to halfway to top of dish. Pepper top lightly. Bake at 350 degrees till slightly brown and butter and cheese are melted.

Chow Mein

by Cathy Dugan

2 cups diced leftover chicken or turkey, pork chops, ground beef or shrimp (fresh ground beef is fine, too)

1 cup diced onion
1 cup diced celery
1 tablespoon shortening
1 No. 2 can Chinese vegetables or bean sprouts
1 teaspoon salt
1 teaspoon soy sauce
Saute meat with shortening, onions and celery on slow burner for 10 minutes. Add drained vegetables, simmer 10 minutes.

Make thickening with 1 tablespoon cornstarch, 1/2 to 1 cup water and 1 teaspoon soy sauce. Add to above mixture.

Serve over chow mein noodles or cooked rice. If desired, sprinkle on more soy sauce. Serves 6.

Lady Baltimore Cake

by Rosalie Jackson

1 cup butter
2 cups sugar
1/4 teaspoon almond extract
3/4 teaspoon vanilla
1 cup milk
3 cups flour
4 teaspoons baking powder
1/4 teaspoon salt
6 egg whites, beaten

Beat butter, sugar and extracts together. Add dry ingredients alternately with milk. Fold in egg whites. Bake in three 8" or 9" cake pans in moderate oven 30 minutes.

Put King Port nut filling on first layer, chocolate filling on second layer and fluffy icing on top and sides.

King Port Nut Filling

1 cup milk
1/4 cup sugar
6 tablespoons raisins
1/2 cup ground almonds
1/2 cup chopped pecans
4 egg yolks

Cook milk, sugar, raisins and nuts over low heat for five minutes. Add beaten yolks. Cook till mixture coats spoon. Refrigerate several hours.

Chocolate Filling

1 cup milk
1/4 cup sugar

3 egg yolks
1 cup ground almonds
5 tablespoons cocoa

Cook milk, almonds, sugar and cocoa over low heat for five minutes. Add beaten yolks. Cook till thick. Refrigerate several hours.

Fluffy Icing

1 cup sugar
1/2 cup water
1/4 teaspoon vinegar
1/4 teaspoon vanilla
2 egg whites, stiffly beaten

Boil sugar, water and vinegar to thread stage. Pour slowly into egg whites while beating. Add vanilla.

Mincemeat Pie

by Rosalie Jackson

1 18-oz. jar prepared mincemeat
2 cups raisins
2 cups sugar
4 1/2 cups water
1/2 cup flour

Cook mincemeat, 2/3 of sugar, raisins and four cups of water 45 minutes. Mix remaining sugar, flour and 1/2 cup water. Combine mixtures, cook till thick. Bake in unbaked pie shell with top crust until browned, about 45 minutes.

Vegetable Dip

by Rose Green

2 cups real mayonnaise
1/2 cup milk
1 package Hidden Valley Ranch mix
Mix ingredients. Use as dip for broccoli, cauliflower flowerets, carrot sticks, celery, cucumbers.

Kitchen Snowballs

by Rosalie Jackson

12 marshmallows
1/4 teaspoon vanilla
1/3 cup confectioners sugar
1/4 cup milk
coconut, marshmallows

Melt the 12 marshmallows in milk. Add sugar and vanilla. Beat till smooth. Dip uncooked marshmallows into mixture, roll in coconut.

Maple Yams

by Gloria Custis

1 can yams
2 tablespoons brown sugar
1/4 cup maple syrup
Place yams in baking pan. Sprinkle with sugar, pour on maple syrup. Bake one hour in 325 degree oven or in iron skillet on burner, simmering one hour.

Lorraine's Coleslaw

by Lorraine Kress

4 cups shredded cabbage
1 medium green pepper
2 medium carrots
6 tablespoons mayonnaise
Shred green pepper and carrots, mix with cabbage. Stir in mayonnaise.

Polish Lazy Golomki

by Dot Dobry

1 lb. lean chuck hamburger
1 lb. lean ground pork
1 cup raw rice (3 cups cooked)
2 teaspoons salt
1 egg beaten
3 onion finely chopped
2 medium heads cabbage
1/2 teaspoon pepper

Cut cabbages in half through the core, cut out core to loosen leaves. Break off as many leaves as possible. Drop leaves in large pot of boiling water and leave in just till wilted. Lift leaves out gently with slotted spatula and put in colander to drain.

Cook rice according to directions and keep warm. Saute onions in 2 tablespoons oil until half done, add the combined meat to large fryng pan with onions. Stir meat to break lumps and saute until it loses half its

red color. Combine warm rice, salt and pepper, meat and beaten egg. Mix well, until sticks together. Taste for seasoning and add more salt if needed. Grease or oil 12 x 9 or larger baking pan. Cover bottom of pan well with 2 layers of cabbage leaves. Layer half of meat mixture over cabbage. Spread evenly to edges and pat down to form solid layer. Add 2 more layers of wilted cabbage leaves to edges. Place rest of meat mix over cabbage, spreading evenly and patting down. Cover with rest of leaves in a double layer. Drizzle a little oil over top and spread with back of spoon to cover entire surface to prevent burning. Sprinkle lightly with salt and pepper or a little soy sauce for color and flavor. Cover tightly with foil, puncture a few holes on top to let steam escape. Bake at 350 degrees for 1 1/2 hours. Remove foil and bake 10 minutes more. Cut into 3-inch square pieces to serve. Leftovers can be frozen to store.

(This is the alternate to real golombki, which takes more time because the meat is wrapped in the cabbage leaves and sometimes just cooked with a can of tomatoes on top of the stove. Of course, tomatoes can be added to the lazy method, too.)

Coconut-Pineapple Pie

by Rosalie Jackson

1 1/2 cups milk, scalded
3 eggs, separated
4 tablespoons flour
1/2 teaspoon salt
1/2 cup sugar
1/2 cup crushed pineapple, drained
1/2 cup coconut

Beat egg yolks, add sugar, salt and flour. Combine with the scalded milk and cook till thick. Add pineapple and coconut. Pour into baked pie shell and top with meringue. Brown in oven.

Potato Cake

by Rita Warren

1 cup shortening
4 eggs
1 teaspoon vanilla
2 cups sugar
2 cups flour
2 1/2 teaspoons baking powder
1/2 teaspoon salt
4 tablespoons cocoa
1 teaspoon each: cloves, cinnamon, nutmeg
2/3 cup milk
1 cup hot mashed potatoes
1 cup pecans
1 cup raisins

Beat shortening, eggs, vanilla and sugar. Add dry ingredients alternately with milk. Beat in mashed potatoes, fold in nuts and raisins. Bake 45 minutes in 350 degree oven in greased and floured tube pan.

Lemon Fruit Freeze

by Jean Dornbush

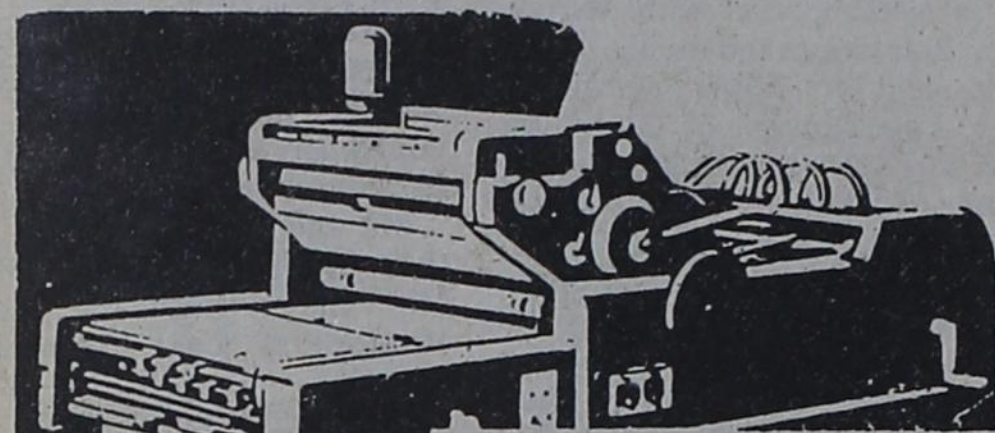

2/3 cup margarine
1/3 cup sugar
7 cups Rice Chex cereal crushed to 3 cups
1 cup sweetened condensed milk
1/2 cup reconstituted lemon juice
1 21-oz. can lemon pie filling
1 17-oz. can fruit cocktail, drained
1 9-oz. container non-dairy whipped topping

Melt margarine in pan. Remove from stove, stir in sugar, then cereal, reserving 1/3 cup for topping. Pat into bottom of 13" pyrex dish. Bake at 300 degrees for 12 minutes. Remove from oven and cool.

In large bowl mix milk and lemon juice, stir in pie filling and fruit cocktail. Pour over crust. Top with whipped topping and remaining cereal. Freeze overnight or at least four hours. Remove 1/2 hour before serving.

Finding Energy To Keep Up With Kids

by Judson Swikart

Tiredness goes with being a parent. It's normal to feel a lack of energy when you're trying to keep up with small children. It's difficult to rest when your kids are going full speed ahead. There's no one perfect solution, but you can learn how to use resources in your environment to help stop the energy drain.

1. Learn to pace yourself. We all need some time away. Figure out how much you need and how often you need it, and creatively think of ways to help you get it.

2. If your husband is working outside the home and you are not, schedule time for him to watch the children while you do something else. It will be good for him as well as you.

3. Ask family members who live close by to watch the children every so often.

4. Mothers of young children can exchange baby-sitting. Maybe on Tuesday mornings one mother will watch the kids, and then on Thursday mornings the other mother will watch them. That gives both mothers a break.

5. Look for a church - your own or another one in your neighborhood - with a "mom's morning out." Leaving the children in a nursery for an hour or two while you study the Bible with other adults can be refreshing.

6. When you are with the children, provide structure. If the children have regular naptimes or know that sometimes they can't do certain things, your life will be easier.
