Munday Lions Club members are gearing up for their annual fall sale of brooms, mops and a variety of other items. The sale is set to begin at 8 a.m. on Tuesday, October 9, on the City Hall parking lot.

Sales of these products, made by blind and visually impaired workers at the Lighthouse for the Blind, will go to benefit blind and multi-handicapped employees by creating more jobs and financing other related services.

Serving as chairman of this year's project is Dwight Key. The community is urged to support this effort by purchasing these products.

Riders Needed For Bike-A-Thon

The Community Life Involvement Council (CLIC) is calling on all Munday residents to join the St. Jude Children's Research Hospital Wheels For Life Bike-A-Thon slated for Saturday, October 13, from 9 a.m. to 12 noon.

Volunteer workers and riders are needed for this Bike-A-Thon to raise funds for the research center in its battle against childhood cancer and other catastrophic diseases. "We're looking for riders and helpers who will contribute their time and talent to help children live. We really need lots of riders, since they are the ones who can make this Bike-A-Thon successful," CLIC said.

In the wheels of life bike-a-thon, riders ask sponsors to make a donation based on each mile completed. All riders turning in money will receive a certificate. Those who raise \$30 will get a certificate and a special St. Jude t-shirt. When \$75 is raised, the rider receives a barrel tote bag as well as the certificate and t-shirt.

"The real prize, though, is the pride everyone can take in giving children a chance to live a normal life," CLIC said.

Contact Karen Longan, CLIC sponsor, 422-4438, for details on riding or sponsoring a rider.

Moguls Stop Tigers, 32-7

The multi-talented Munday Moguls totally dominated the line of scrimmage and scored through the air for their fourth win of the year. The Class 2-A Electra Tigers, hoping for an upset, were defeated by a score of 32-7.

The Tiger defense, concentrating on the outside threat, left the air ways open. Munday quarterback Bobby Dockins took advantage of this and threw for three touchdowns. Dockins' first throw was to Perry Collier early in the first period from 28 yards out. Collier ran for the TD, giving Munday a 6-0 lead with 9:02 left in the quarter. The PAT was wide.

The Moguls stubborn defense allowed Electra only one first down on their first offensive possession. After the Tigers punted to the Munday 17 yard line, it took only eight plays and five first downs for the Moguls to score their second touchdown. Dockins crossed the goal on a 17 yard keeper for a 12-0 lead with 2:24 left in the period.

Costly penalties hurt the Mogul attack in the second period. After trading punts, Munday got on the board again by the airways when Dockins hit Terry Collier with a 31 yard scoring pass. The pass for the conversion failed as the Moguls took an 18-0 lead with 2:12 left in the first half.

After a 15 yard gain on an end around play, Chris Lucas of Electra was hit by a bruising tackle and

fumbled on the 48 yard line. In the next few dazzling plays, Tyler Thompson carried the ball for four yards, Terry Collier carried for 15, Dockins carried for 15 and Dockins passed to Terry Collier, who ran the ball nine more yards to the five yard line. Dockins then scored on a five yard run with 9 seconds left in the half. Dockins added the extra point for a 25-0 halftime lead.

If anyone expected Electra to make adjustments at halftime and come out and jump all over the Moguls, they were mistaken. The Moguls kicked off and Ronnie Whitfield recovered the pigskin on Electra's 37 yard line. It took only three plays for Munday to score their final TD of the night, as Bobby Dockins threw Terry Collier a 24 yard scoring pass. Dockins added

Project Graduation Needs Your Help

The Project Graduation Committee met Wednesday, September 19, with several senior class parents in attendance. It was decided at this meeting to concentrate on getting together prizes and donations for the 1990-91 graduation party.

The Project Graduation Committee will provide a drug and alcohol-free graduation party next May. Funds will be needed to provide food, entertainment, T-shirts, and prizes for those spending the night at the school. Door prizes will be given away to students every 30 minutes during the party to encourage them to stay all night.

As each month is a strain to someone's budget, the fund-raising will be extended over the entire school year in order to allow everyone to give when it is most convenient. Each month will concentrate on one specific group. October has been designated as Grandparents Month. Any grandparent who has a grandchild in Munday High School (or any grandparent who would just care to donate) may make a donation to the Project Graduation account at the First National Bank in Munday or may contact any senior class member.

This project is sponsored solely by the Project Graduation Committee and all community involvement is encouraged. If you are unable to donate money, arts and crafts items

such as painted T-shirts, jewelry, etc. will be gratefully accepted. Also, volunteers will be needed the night of the party to assist with cooking, serving and other assorted tasks.

Karen Longan, a Project Graduation committee member, stated, "We hope to make this an annual event. We feel that this project is a positive step in demonstrating to our young people that they can 'celebrate' without alcohol and drugs. We hope that the public will support us in this endeavor."

In addition to the monthly campaigns, cans will be set up in several local businesses to accept donations. Do your part and help provide wholesome and healthy entertainment for Munday's graduating seniors.

Mrs. Lane Retires After Twenty Years Service

After twenty years of serving as chairman of the Red Cross Bloodmobile visits to Munday, Latreace Lane has resigned. Brenda Smith has volunteered to take over the position.

In 1969, Mrs. Lane and Dortha Awalt took the mobile duties to replace Mrs. Ned Eiland, who had conducted the visits for many years. Mrs. Awalt later resigned and was replaced by Margaret Moore, who served until the time of her death. Since then, Mrs. Lane has held this position alone. October, 1989 marked twenty years of service for her. At that time, work began to find a replacement.

"It's been the greatest experience of my life to have had such a big part in a vitally necessary civic duty," stated Mrs. Lane. "It is necessary that we all work to provide this blood."

"Not nearly enough praise and thank you's can tell these people how much I've appreciated them and how much they've meant to their community these past twenty years," Mrs. Lane continued.

"Brenda will need your continued support in every way. Please, when you're called, do respond for her as you have for me. Please know what each of you mean to me, what each of you mean to our community. Volunteers are a super people!"

The last bloodmobile visit locally

for 1990 will be Monday, October 15. Mrs. Lane and Mrs. Smith will work it together in order to acquaint Mrs. Smith with the working order of such a visit. Stop by and say thank you to these two ladies for their devotion to such a worthy cause.

Bloodmobile To Make Final Visit For 1990

The Red Cross bloodmobile will make its final visit to Munday for 1990 on Monday, October 15. The unit will be at the Perry Patton Community Center from 2:45 until 6:30 p.m.

Volunteer blood donors provide a healthy, available blood supply. Blood can be given every 56 days or five times a year. After a donation, the plasma portion of the blood is replaced within 24 to 48 hours and the red blood cells are replenished naturally within three weeks.

Every year about 3.5 million Americans receive one or more units of blood in a transfusion. A healthy, regular donor means a plentiful blood supply at all times.

If you are a regular donor, mark your calendar for October 15. If you have never donated, please consider this quick, easy way to give the gift of life.

PAULA SCHUR, outgoing chairman of the Knox County Extension Program Council, is shown receiving an appreciation plaque from newly-elected chairman, David Bordovsky, at the annual Council meeting.

The Lord's Corner

by Dr. Pete Bradford, pastor First Baptist Church

"Why...O Lord?" What Christian hasn't asked that question, particularly when the wicked seemingly prosper with impunity and God does nothing, even in answer to prayer.

Are you struggling with feelings of bitterness toward God or revenge toward another over an injustice you suffered at the hands of someone? There are two paths to follow: (1) Nurse your grudge and demand that God answer your WHY; or (2) Turn your grudge over to God and in exchange find His strength to bear up under your injustice.

See you next week, and remember: the heaviest load any person carries on their back is a pack of grudges.

MOGULS

(Continued from Page 1)

the extra point for a 32-0 Mogul lead.

At this point, Coach Edwards began sending in the secondary team. Following a good kick return and a 15 yard penalty, Electra was in good field position on Munday's 17 yard line. Tiger Travis Box scored on the sixth try on a one yard run. Box then kicked the extra point, making the score 32-7 with 7:09 left in the third period.

Electra mounted a good drive after receiving a Mogul punt on their 15 yard line. The Tigers drove downfield and were stopped when Tyler Thompson intercepted a Travis Box pass on the Munday 16 yard line. The Moguls then fumbled on the 33 and gave Electra new light. Dockins then picked off another Box pass and returned it to the Tiger 36 yard line. Munday fumbled again on the first play at the 46 yard line. The Tigers drove to Munday's 24 yard line before being stopped on a fourth down. Jerry Valencia picked up five yards as the game ended.

Tyler Thompson had 11 carries for 84 yards. The Colliers each carried 10 times, Perry for 67 yards and Terry for 110 yards. Dockins had seven carries for 39 yards.

The seventh, eighth, and junior varsity all fell to Electra Thursday night in Munday.

The Moguls play their last non-district game Friday night at Olney.

COACHES COMMENTS I thought we played our best game of the year last Friday night. Electra had a fine team and played extremely good football. Our kids rose to the occasion and played as well as they could play because they knew they faced a stout opponent in Electra.

Electra's defense gave us some passes and we took advantage of these and made three touchdowns. I was very pleased with the throwing of Bobby Dockins and his poise under

pressure.

The blocking of our offensive line and backs was super. Tyler Thompson had probably his best game of the season. He rushed for 85 yards on ten carries and was the leading tackle on defense. In fact, our entire defense played extremely well. This was by far our best defensive game of the year. Hopefully, we will continue to improve in this area.

This week, we face a good 2-A team in Olney. They have good line-men and backs. Although they're lacking in speed, they are a solid team. The fact that this is Olney's homecoming will inspire their team to play their best. We will also need to play our best to top this team.

Carp & Buffalo: Excellent to 15 lbs. in creeks. Best on Tan Bait, stink bait and small shad.

FISHING TIP

Q: Sometimes a fish I've caught will "swallow" the hook. When the hook is deep in the throat, what is the best way to get it out?

A: Believe it or not, the best way, according to biologists, is to leave the hook in the fish's throat. Experts say that when you simply cut your line and gently release the fish then its odds of surviving are a lot higher. The fish will continue to feed and grow, and the hook will eventually dissolve, they say. However, if you are intent on getting your hook back, I've found that a pair of needle-nose pliers are best. Grab the shank of the hook and gently work back and forth until the barb is clear of tissue, then remove. On trash fish that you don't care about, you can grab the hook with the pliers and spin the fish. It'll come off quickly but this will lessen the fish's survival odds. If you don't have any pliers try using a long stick or wire and work the hook out. When returning a game fish, don't throw it but gently float it in the water pushing water through its gills.

If you have a question for Dr. Fitzgerald, write him c/o Rt. 1 Box 115-B, Munday, TX 76371.

FARM AND RANCH REPORT

DEFOLIATING COTTON IMPROVES QUALITY

On most years, almost all irrigated cotton is defoliated before a killing frost is received so harvest can begin. This technique should also be considered in dryland cotton.

In 1989, I conducted a result demonstration with Allen McGaughy of Knox City to determine what differences could be found in quality of cotton harvested on various dates. In the demonstration Lankart 611 was used and had samples of 13 feet of row harvested on November 8 and November 30. At the time of harvest only mature and open bolls were picked.

After ginning and grading by the HVI classing office in Lubbock, the earlier harvested cotton had improvements of the following:

• improvement in micronaire to 3.8 as opposed to 3.5 • .03 tenths improvement in staple length

• one point higher in uniformity ration (80 to 79) • one point higher in strength (21 to 20)

• higher in Coda Index (22 to 32)

In the field used for the demonstration, the average yield was 177 pounds of lint per acre. By using the 1989 loan rate sheet, a 17 cent per pound of lint increase was found for the November 8 harvest. This yielded 30.09 per acre under this situation and after the chemical and application cost of 6.50 per acre, the producer netted 23.84 per acre.

Thus with information provided, producers should give some serious consideration to the defoliation of cotton.

METER TAMPERING NOW A FELONY

The State of Texas has recently adopted an amendment to the State Penal Code making meter tampering a third degree felony. A third degree felony comes with a punishment of confinement in the Texas Department of Corrections for a term of not more than 10 or less than 2 years. In addition to imprisonment, an individual adjudged guilty of a third degree felony may be punished by a fine not to exceed \$5,000.

Before the amendment of the new law, it was a class A misdemeanor for meter tampering unless the loss of service was more than \$200. Under the new law, any meter tampering regardless of the amount of loss is now a felony of the third degree.

Meter tampering consists of, but is not limited to:

- (1) Diverting electricity from passing through a meter device. (2) Preventing electric service from being correctly registered by a meter device. (3) Unauthorized activation of electric service.

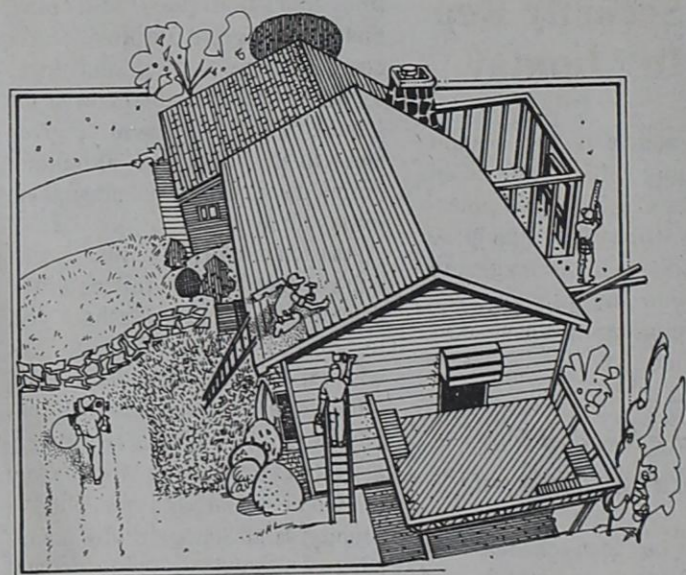

As a special note to our members, it will also be considered meter tampering if a meter is reset and electrical service is restored by anyone other than a Cooperative employee.

All Cooperative meters are sealed. This seal should not be cut or broken without special authorization. In cases where the seal must be cut for emergencies, the Cooperative should be notified as soon as possible so that the meter can be resealed.

Harlin-Kuehler Wed In Candlelight Ceremony

Melinda Kim Harlin of Snyder and David William Kuehler of Munday were united in marriage July 21, 1990, in a candlelight ceremony at eight o'clock in the evening at the First Christian Church in Snyder. Dr. Tim Griffin officiated as minister of the double ring ceremony, assisted by Father William Costigan.

The bride is the daughter of Mr. and Mrs. David Lloyd Harlin, Jr. of Snyder. Maternal grandmother is Mrs. D.W. Hopkins of Hamilton. The groom is the son of Mr. and Mrs. Alfred Kuehler of Munday.

The foyer of the church was decorated with two large brass urns filled with mixed spring flowers including larkspur, snap dragons, miniature carnations, stock alstroemeria lilies, needlepoint ivy and baby's breath in shades of pink. The guests were greeted by Teresa Wall of Snyder and Donna Harvey of Midland.

Melody Burke of Fort Worth presided at the registry table. The table was covered with a floor length white eyelet cloth and featured a crystal pitcher holding the bride's throw-away bouquet of pink and white spring flowers and a tiny hand-fashioned bride that was a gift from Mary Jimm Floyd.

The windows of the sanctuary were decorated with pink baskets of spring flowers in shades of pink and tall gold-leaved candle holders decorated with pink votive candles, pink spring flowers and English ivy. The baptistry window held a large bouquet of larkspur, Queen Anne's lace, snap dragons, mini-carnations, stock, baby's breath and English ivy. Two cathedral branched brass candleholders holding white tapers framed the altar. The altar table was adorned with a white altar cloth, two brass candlesticks and a brass cross. The family pews were designated by tendrils of ivy and fern tied with large pink taffeta bows.

Kim Gorman on the harp and Brent Hardegreer on the flute provided the prelude music. They played "On Wings of Song" by Mendelssohn and "Carmen" by Bizet as guests were seated. Ushers were Kenny Joe Brown and Gary Brown of Munday.

Casey Lee of Comanche, Jefferey Huffman of Robinson and Jason Green of Brazoria, cousins of the bride, lit the candles during the playing of "Trois Gymnopodies" by Satie. The bride's grandmother, the groom's godparents and the couple's mothers were seated as "The Swan" by Saint-Saens was performed. Stacey Hardegreer, accompanied by Pam Gorman on the organ, sang "Till", which was sung at the bride's parents wedding.

Mrs. Harlin chose a silk suit of seashell pink. The waist was accented by a pink satin bow covered in rhinestones and sequins. Mrs. Kuehler wore a pink figured silk dress with a fitted bodice and long sleeves. They carried bouquets of alstroemeria lilies, baby's breath and needlepoint ivy on antique handkerchiefs, which were gifts from the bride.

The "Second Menuet of L'Arlesienne" by Bizet was played as the wedding party entered the sanctuary. Joey Kuehler of Satanta, Kansas served his brother as best man. Groomsman were Chris Brown of Munday, cousin of the groom; Trey Harlin of Fort Worth, brother of the bride; Glenn Peters of Seymour; Jeff Decker of Bryson and Gary Kuehler of Munday.

Male members of the wedding party were outfitted in Pierre Cardin classic black tuxedos. The groom also wore a white tie and cummerbund with a boutonniere of alstroemeria lily, baby's breath and needlepoint ivy. Others also wore black pleated ties and cummerbunds with boutonnieres of miniature carnations and baby's breath.

Dusty Huffman of Robinson, cousin of the bride, Cassandra Gulley and Kayla Moore of Munday, nieces of the groom, served as flower girls. They wore white eyelet formal length dresses with sweetheart necklines and puffed sleeves accented with tiny pink satin bows. Their hairpieces were tiny nosegays of pink, white and purple flowers tied with pink satin streamers. They each carried white eyelet baskets filled with pink silk rose petals. Their attire was designed and fashioned by Charlie Mae Green of Robinson, aunt of the bride.

Kelly Lee of Comanche, cousin of the bride, was ring bearer. Her attire matched that of the flower girls. She carried a white embroidered lace pillow featuring French handwork.

MR. AND MRS. DAVID KUEHLER ...nee Melinda Kim Harlin

Billie Hibbitt of Snyder served as matron of honor. Maid of honor was Becky Harrell of Snyder. Bridesmaids were Jill Wilkinson of Snyder, Kayla Goswick of Garland, Cindy Werner of El Paso and Deedee Peters of Seymour, sister of the groom.

The bridesmaids wore pink pima cotton formal length gowns fashioned with elbow length puffed sleeves, low rounded necklines and fitted bodices. The backs of the dresses were adorned with a large flat bow at the waist with four tiered ruffles to the floor. In their hair they wore pink satin halos adorned with silk flowers and baby's breath. They carried old-fashioned tussie-mussie bouquets made of alstroemeria lilies, miniature carnations, Queen Anne's lace and needlepoint ivy in shades of pink, white and purple in a white lace holder with pink satin streamers. They each wore a silver nugget cross on a pink satin ribbon, a gift from the bride.

The bride, presented in marriage by her parents, was escorted to the altar by her father while Pam Gibson played "Bridal Chorus" from Lohengrin by Richard Wagner. The bride wore a gown of white silk crystalline and re-embroidered Alencon lace from the Illisa designer collection. The high-necked princess line bodice and bell sleeves were embellished with Alencon appliques, iridescent sequins and seed pearls. Large beaded appliques encrusted the ruffled bustle and the cathedral length train. Her veil, which was designed for her mother's wedding, was a Juliet cap of re-embroidered lace with silk tulle veiling. Tendrils of silk orange blossoms and seed pearls cascaded from the cap into the layers of tulle. The bride's bouquet was a freeform cascade of pink alstroemeria lilies, gladiola blossoms, miniature carnations, baby's breath and needlepoint ivy. For something old the bride chose her mother's veil and bible. Her wedding gown was something new. For something borrowed, she wore her mother's pearl and diamond earrings. Something blue was her wedding garter made by Peggy English. The bride's father placed an 1803 half-cent piece and an 1868 two-cent piece in Miss Harlin's shoe.

Denise Kuehler, sister of the groom, read verses from I Corinthians during the ceremony. Stacey Hillis, accompanied by Pam Gibson, sang "The Lord's Prayer" and Kim Gorman and Brent Hardegreer performed "Ave Maria" by Gounod. The wedding party left the church to "Bridal Chorus" played by Pam Gibson on the organ.

A reception was held in the Fellowship Hall of the church immediately following the ceremony. The bride's table was covered with a white eyelet cloth overlaid with an antique Battenburg lace cloth. A massive arrangement of spring flowers including snapdragon, alstroemeria lilies, Queen Anne's lace, needlepoint ivy and miniature carnations in shades of pink arranged in an ornate silver epergne centered the table. The cake was a white five-tiered traditional wedding cake topped with a bouquet and decorated between each tier with fresh flowers and needlepoint ivy. Almond wedding punch was served from a large silver punch bowl. Pink and white mints and mixed nuts were in silver compotes. Wilma Lee of Comanche, Toni Huffman of Robinson and Cheryl Green of Brazoria,

cousins of the bride, and Mary Jane Kuehler of Rochester, sister of the groom, served.

The groom's cake was a large two-tiered chocolate cake with the Texas A & M emblem on the top in burgundy. It was on a brass cakestand decorated with glazed grapes and English ivy. Coffee was served from a brass coffee service. Mixed nuts and chocolate mints were in brass compotes. The centerpiece was a large brass scuttle overflowing with glazed grapes and English ivy surrounded by three brass candlesticks with burgundy tapers. The table was covered with a gray floorlength cloth and centered with a burgundy runner. Servers at the groom's table were Jeannette Kuehler and Susan Gulley of Munday and Ann Decker of Bryson, sisters of the groom.

The memory table was covered with an antique lace cloth. The appointments were white milk glass, which was used at the bride's parents' wedding. The centerpiece was the bride's bouquet, a lace covered Bible and a pink cameo belonging to the bride's great-great grandmother that

is traditionally worn by the brides in the family. Chocolate cake with white icing and almond punch was served by Kathy Kuehler of Wichita Falls, Bernadette Moore of Munday, sisters of the groom and Shelley Kuehler of Satanta, Kansas.

Individual tables were covered with white cloths and centered with mirrors and the bridesmaids' bouquets. Pink net bags filled with potpourri and birdseed were offered to the guests by Jennifer Green, cousin of the bride. Charlie Mae Green, aunt of the bride, coordinated the reception. Following the reception, a champagne buffet was given for the bridal party and the families of the bridal couple in the home of Mr. and Mrs. Bernard Weems.

A barbeque and dance was given in Rhineland at a later date in honor of the couple by the groom's parents.

The bride is a graduate of Snyder High School and Angelo State University. She has taught elementary school in Snyder, Colorado City and Fort Worth. She is currently teaching and coaching volleyball in the Knox City - O'Brien School District. The groom graduated from Munday High School and Texas A and M University. He is self-employed. 7140 MAGNUM Tractor

Five years or 5000 hours. That's the coverage you get - at no extra charge - on every new MAGNUM tractor. In fact, it's the same warranty* that covers every MAGNUM tractor ever built.

And, while the competition offers an occasional free warranty, they haven't put it on every tractor. Besides, only MAGNUM's 5-year/5000-hour warranty can be fully transferred without a fee. That gives the MAGNUM tractor's already high resale value another boost. And it gives you another good reason to buy.

But what makes MAGNUM tractors even more attractive are the special buyer incentives we're offering this fall. Ask us about low-rate financing, waiver-of-financing or cash discounts in lieu of special financing. Offers too good to ignore.

See us today about an on-farm demonstration. Once you work a MAGNUM tractor, you'll be convinced. Because no tractor beats a MAGNUM.

Goree Wildcats Destroy Strawn Greyhounds, 65-38

The Goree Wildcats, behind a strong offensive performance, defeated the Strawn Greyhounds, 65-38, in Goree Friday night.

The Wildcats got off to a quick start, scoring twice in the first quarter to take a 12-0 lead. Scott Castillo scored first as he hauled in a 36 yard pass from Gary Dixon. Dixon later ran for a 10 yard touchdown.

Strawn came back early in the second period when Trey Hodgkins

plunged in from the six yard line to cut the Goree lead to 12-8. The Wildcats answered with two more scores of their own. Dixon found paydirt on runs of six yards and 16 yards, respectively. After Hodgkins added a 15 yard TD run to cut the Goree margin to 24-14, Dixon scampered in again, this time from 49 yards out to raise the advantage to 30-14. Hodgkins hit fellow Greyhound Reese Sparks on a 13 yard scoring strike to round out the scoring in the first half.

Goree struck first in the second half as Dixon found Sergio Nunez open on a pass route. As Nunez was being tackled, he threw a lateral pass to Domingo Aguilar who took the ball

into the end zone for a 53 yard scoring play. Hodgkins teamed up with Stephen Nowak on a nine yard scoring pass to cut the Wildcat back to a 38-26 lead. Dixon broke loose for 43 yards to give Goree another touchdown. Hutchens threw to Nunez for the PAT. Strawn added one more score in the third quarter as Hodgkins plunged in from the six yard line. With the Wildcats leading 45-32 going into the final ten minutes, it appeared to be anyone's game. Otis Dixon gave Goree some quick momentum when he found the end zone from the ten. Strawn's Nowak answered with a nine yard run to close the margin to 51-38. While that would be all the scoring for the Greyhounds, Goree added two more scores of their own. Dixon connected with Aguilar for a 20 yard TD pass and later ran in from five yards out to ice the victory. The kick by Hutchens accounted for the 65-38 final score.

Goree will be open this week before beginning district play October 12 at home against Aspermont.

HOW TO PRAY

Pray where you are. God is present everywhere and ready to listen.

Pray when possible in a quiet spot where you can be alone. It is well to fix your mind deliberately on God, apart from confusing distractions. Pray to God simply and naturally, as to a friend. Tell him what is on your mind. Get help from the prayers of others. Pray, remembering the good things God has done for you. Reckon up your blessings from time to time and give thanks for them. Pray for God's forgiveness for the unworthy things that you may have

done. He is near to a humble and contrite heart.

Pray for the things you need, especially for those that will make your life finer and more Christlike. Pray for others, remembering the situations they confront and the help they need. Pray for the world in its need, asking God to bring better things and offering your plan to help him.

Pray above everything else that God's will may be done in you and in the world. His purposes are deeper and wiser than anything we can imagine. Pray, and then start answer-

ing your prayer. Do as God commands.

An easy acronym to remember is ACTS - Adoration, Confession, Thanksgiving and Supplication. First, praise God for all His wonderful blessings. Confess your sins for by confessing them, God knows you are truly repentant. Thank Him for everything He has blessed you with and for all the answers to previous prayers, even if the answers were not what you wanted or expected. And, finally, ask God for the things you need, but in all prayer ask for God's will to be done.

A good night's sleep.

Now AmWest has "DreamSaverSM", a savings program designed to bring peace of mind to all those who worry about saving money.

Here's how it works: You tell AmWest how much you want to save every month, (as little as \$25 if you like) and they'll deduct it automatically from a free checking account (that's right, free checking) and put it into a CD account.

Keep your money there for a full 12 months and it will earn a high-interest CD rate. Take it out early, and you'll get a penalty — three months interest or \$50. So "DreamSaverSM" not only helps you save money on a regular monthly basis — it helps you keep your hands off it too. And with a little money in savings, a good night's sleep will come a whole lot easier.

Weinert News

By Mrs. Myrtle Pheister

We have no new sickness to report, thankfully, and we are happy that those who have been ill are recovering.

R. S. and Betty were in Houston last week, where he received a good report, and smiles from his doctors.

Ernest and Louise were in Abilene on Friday for his evaluation, with reports pending from the tests. But he is walking 32 blocks now, which is great.

Clyde Mayfield is still wary about trying out his new hip joint, but is doing well otherwise.

Willie Farrel is recovering well from his cataract surgery he had done in Abilene on Wednesday.

Zella Alexander had a bad week with a virus, but is feeling stronger, as is Bertie Alexander.

Considering we are a city of "retirees," we're OK!

VISITORS
Our visitors include Linda and Ricky Wade and Taylor of Kermit who came to celebrate Taylor's birthday with a party at Grandmother and Granddaddy Yates' home.

Other out of town guests included his other grandfather, Mack Wade of Tuscola, and Mr. and Mrs. Larry Sharp and Monica, and Annette Ansel, all of Tuscola.

Tabitha, Malorie and Meagan Sadler of Mineral Wells spent the weekend with their grandparents, Leonard and Linda Mahan and Donald, while their mother attended homecoming activities at Novice, her alma-mater. They returned home with her on Sunday afternoon.

Effie and Sam Jones of Hobbs, NM were guests in the home of her sister, Bertie Alexander. The Jones are antique buffs, and love to buy, sell and cherish the old things they search for.

Jeff and Lisa Teague, Maggie, Justin and Missy, were in town for a visit with grandparents, Clyde and Otie Mayfield.

Becky Fry of Bowie and Budge McGuire and Danny of Ft. Worth were visitors in the home of their parents, Ernest and Louise McGuire, for the weekend.

Sunday visitors included Tommy and Selina McGuire, Brandon and Brooke, of Haskell.

Helen and Buck Turnbow entertained her sisters, Jo Luker and Elaine Kiser of San Angelo, several days last week, and Helen returned to San Angelo with them for a few days.

Michele Johnson of Wichita Falls spent the weekend in the home of her parents, Betty and Bobby Raynes, and attended worship services at the First Baptist Church on Sunday.

Kraig Sanders of Denton spent the weekend in Weinert with his family, Kenneth and Brenda Sanders and Kole.

Sharon and Lewis Dale of Muleshoe were in town for a visit in the home of their daughter, Donita and Jerry Don Hudgens, Bryce and Caleb.

This was Lewis' first outing since the extensive stroke he suffered earlier in the year, and he had plenty of excitement to last for a while.

The family attended Bryce's soccer game, which was exciting enough, and later a birthday party honoring Caleb. One gift Caleb received he could have done without was a snake bit which occurred during the course of playing in the weeds. Since the snake got away, Caleb spent the night in the hospital under observation. He is doing fine.

Raymon and Janie Boykin were in town for a visit with his mother, Helen Boykin, after a trip to San Angelo where their children, Randy and Shelly, are enrolled in college.

Ray Lynn Pheister of Odessa was

instrumental in getting his mother's possessions moved from her former home in Edinburg to her home in Munday over the weekend, and spent some time visiting her and other relatives on Sunday.

The First Baptist Church fell a tad short of their goal of 85 in attendance for "Celebration Sunday", but the 80 present were all home-folks and they were happy for the increase for the promotion day activities.

The church will dismiss services on October 7 to attend the community church service held at the Weinert school on that day. The Baptist pastor, Donnie Harbers, will be the speaker at the 10 a.m. service.

The Weinert Church of Christ will meet at 9 a.m. on Sunday, October 7, for a period of worship and communion, before dismissing to attend the 10 o'clock community service at the school.

Visitors are always welcome.

Jerry, Wanda and Stacy Hester were among the many who attended Hardin-Simmons first win of the season football game in Abilene on Saturday, as HSU pushed past Sul Ross University for a 14-7 victory.

Ted and Faye Jetton were in Vernon for a visit in the home of her brother, Stanley and Frances McMillen.

Alice Yates was feted on Sunday by her family to celebrate her birthday with lunch at Andy's in Stamford. The group included her husband, Tom Yates, Mr. and Mrs. Joe Yates, Dusty, Jace and T.J., Mr. and Mrs. Ed Murphy, Lane and Shanna, and Susan Whittemore of Munday, a guest.

Bernice Mathison and Thelma Boone enjoyed a nice sightseeing tour of the Houston-Glaveston area last week, with a football game in the astrodome as a major highlight of the trip. They were accompanied by Lucile Wickson of Brownwood.

Marvin and Myrtle Pheister were in Wichita Falls on Tuesday to be at the bedside of a brother, Hugh Pheister, who underwent surgery at Bethania Hospital. They were accompanied by Helen Boykin. Hugh is recuperating at his home in Montague.

Our birthday people include Caron Yates, Heath Guess, Travis Adams,

Haskell-Knox WMU To Meet In Rochester

First Baptist Church of Rochester will host the 81st annual meeting of the Haskell-Knox Association Woman's Missionary Union on Wednesday, October 10. The meeting will begin at 9:45 a.m. and conclude with lunch served by the host church.

The theme for the day is "Empowered", in keeping with the stated emphasis for the year for National WMU of the Southern Baptist Convention.

Special speakers for the morning include Mrs. Gerry Dunkin of Lufkin, who is completing her second year as president of Texas Woman's Missionary Union.

Also on the program will be Gill and Emilee Goff, Southern Baptist missionaries to Venezuela. The Goffs are native to this area. Bill is a professor at the Venezuela Baptist Seminary, with several other assignments, and Emilee served in home and community evangelism. The have two

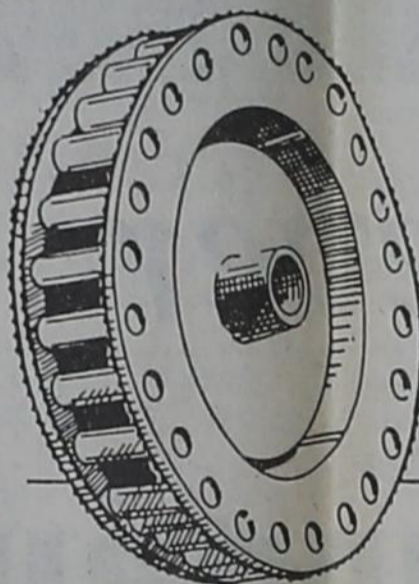

sons, Gary Edward who is in medical school in Dallas, and Sam, a junior at Cooper High School in Abilene where they are serving as missionaries-in-residence at Hardn Simmons University while on furlough.

Special music will be provided by Randy and Robbie McLelland of Haskell, and Associational officers will be reporting.

A cordial invitation to attend is issued to any interested person, and area pastors and members of WMU are especially urged to attend this special event.

At Your Service

by Dr. Larry Fitzgerald
Minister, Munday Church of Christ

Q: Should the Christian engage in racial discrimination? I have a real problem with some of the people of my town who claim to be Christians but are outwardly (or even inwardly) prejudiced.

A: The King James version calls people who practice racial prejudice "respector of persons". We are to strive to be like God and His Son. That is what the term *Christian* means . . . "to be like Christ in all ways". In Acts 10 Peter received a vision which allowed him to open the church to us, Gentiles. By the Holy Spirit he said: ". . . of a truth I perceive that God is no respecter of persons" (Acts 10:34, KJV). Some years later in Antioch, Peter (Cephas) was with members of another race when some prejudicial Jews arrived. Peter then segregated himself. Despite his years of service to the Lord and his inspiration, Peter "stood condemned." He was either at the brink or over the brink of falling from grace. Therefore, Paul rebuked him in front of all present (Galatians 2:11-21).

There is absolutely no biblical reason for racial discrimination. Those who practice such are practicing sin and are in danger of falling from God's grace. (For more on falling from grace read Galatians 5:4; 1 Corinthians 10:12; Revelation 2:10; John 15:2, 6).

This does not justify people of various races or national origin allowing sinful actions on the basis of "culture". God requires us to give up any practice that is against His culture (i.e. 1 Corinthians 10:14-22). On the other hand, Christians of one culture are not to consider their culture as superior to that of another people. Paul's attitude best demonstrates the Christian attitude: ". . . I try to find a common ground with (every person) so that he will let me tell him about Christ and let Christ save him" (1 Corinthians 9:22, Living Bible, Paraphrased).

TOO BUSY TO SEW?

A woman who sews well rarely makes all her own clothing. A busy woman must put a price on her limited time. There can be a dilemma over trying to decide to sew or buy clothing ready-made. You often can save money by making a garment rather than buying a similar one ready-made. However, there is no economy if the sewn garment proves unsatisfactory.

If your time is limited and a difficult pattern frustrates you, you may choose to sew only simple garments and buy those that are time consuming or difficult to make. For example, it's easier and faster to make a skirt, pants or vest than it is to make a shirt, blouse or blazer.

Remember, a well made simple garment is more attractive than a poorly made one with intricate detail. It may be best to make something simple and use a scarf or pin to give special interest, rather than stitching details. Also, recognize the problem of a woman who sews well, but ends up with an unbecoming article. It isn't always easy to visualize how a pattern and a fabric will look on the individual when completed. This can be one of the unexpected costs of home sewing -- making a few mistakes in selecting patterns and fabrics.

If you have made mistakes often, consider these guidelines for making your next fashion choices: Try on new styles in ready-to-wear. Consider fabrics, styles and costs. You may want to buy the ready-made clothes you know are becoming. Strive to improve your ability to select compatible and becoming fabrics and styles, whether you sew or buy ready-made clothing.

If you decide to sew, select patterns that have only a few pieces and limited details. Avoid pockets and other areas that require topstitching because such added details take time and skill.

Study pattern envelope for suggested fabrics that will make a simple garment look like expensive ready-to-wear.

NATIONAL POPCORN MONTH
Popcorn is a food Americans have long enjoyed. To celebrate this popular snack, the Popcorn Institute has named October as "National Popcorn Poppin' Month."

The American Indians used popcorn for food as well as for decorations in necklaces and headdresses. At the first Thanksgiving, they introduced popcorn to the Pilgrims, who later enjoyed eating it with milk and sugar.

What makes popcorn pop? Inside each kernel is a tiny pocket of water. When the water becomes hot, it expands so much that it bursts open the hard outer shell. ***
