Area Cotton Harvest Nears Completion

With the weather being uncooperative, area cotton farmers are having some trouble winding up their harvest. Local gins report approximately two-thirds of the cotton in the county has been processed.

According to authorities at the Rhineland Co-Op Gin, they have ginned 9,000 bales thus far and have 4,000 more already stripped and waiting in the fields.

Knox Prairie Co-Op reported 5,800 bales already processed and 1,500 yet to be ginned.

The Goree Producers Co-Op has ginned 5,600 bales so far, with 500

more on the yard and 200-300 acres of cotton remaining in the field.

Pat Hutchinson of Munday Gin and Seed reports at least 600-700 acres of cotton not yet stripped. They have already ginned 4,360 bales.

With rain, freezing rain and possible snow in the forecast for the next few days, it looks doubtful that there will be much stripping going on in the area. Hopefully, there will soon be some warmer, drier weather, with plenty of those famous Texas winds to assist cotton farmers in concluding their harvest.

Water Quality Project Announced For Knox and Haskell Counties

Two Texas sites are among the 45 new national water quality projects recently announced by the U.S. Department of Agriculture for 1991.

The new sites are the Seymour Aquifer Hydrologic Unit Project, which includes about 250,000 acres in Knox and Haskell counties of the Rolling Plains, and the Lake Fork Creek Hydrologic Unit Project, which includes 234,000 acres in Hopkins, Rains and Wood counties in Northeast Texas.

The announcement brings the number of water quality projects in Texas to four, said Dr. Billy L. Harris, project administrator and soils specialist with the Texas Agricultural Extension Service at College Station.

"Together, the four projects represent a major statewide effort to improve and maintain the quality of surface and groundwater across 6.78 million acres," Harris said. "They are designed to address existing and potential nonpoint source water pollution problems related to agriculture and forestry."

He said the five-year hydrologic unit projects will help farmers and ranchers apply the best management practices to improve water quality and protect surface and groundwater.

The projects are also intended to demonstrate the agricultural community's willingness to address water quality problems and concerns.

The Seymour Aquifer represents the only source of moderate to large supplies of fresh groundwater in that portion of the Rolling Plains. Land users will be encouraged to adopt practices that reduce or prevent water pollution.

Assisting Harris with the projects are Dr. Robert Lemon, Extension Service associate in water quality, who is working with the Seco Creek and Seymour Aquifer projects; and Dr. Mark McFarland, Extension

Service associate in water quality, the Upper Bosque River and Lake Fork Creek projects.

Lead agencies with principal responsibility for the projects are the Extension Service and Texas State Soil and Water Conservation Board and local districts, along with two USDA agencies, the Soil Conservation Service and the Agricultural Stabilization and Conservation Service.

Project activities are being coordinated with other state and federal agencies and organizations involved in water quality, Harris said.

These include the U.S. Geological Survey, Texas Water Commission, Texas Water Development Board, Texas Department of Agriculture and the Texas Agricultural Experiment Station.

CHARLES YOST AND HIS HELPER, Noe Rosales, were caught by the photographer as they installed new carpet in one of the many classrooms in the elementary school that were flooded by broken water lines during the Christmas holidays.

CLASSROOM FURNITURE from the east end of the elementary school is stacked in the gymnasium until new carpet can be installed. Broken water lines flooded the area and forced the removal of the carpet and all furniture.

Local School Damaged By Broken Water Lines

The local elementary school received a much UN-wanted Christmas present....a flood.

The building was checked on Christmas Eve night and all was well. However, when Janice Dutton arrived Christmas morning at 8:00 a.m., the entire east end of the building, up to and including principal Doug Donoho's office, was flooded. Upon inspection, it was discovered that two one-inch water lines in the hot water closet located in the northeast end of the building were broken.

The Munday Volunteer Fire Department was called to help pump out the water. School personnel, school board members, local citizens and approximately 15 members of the fire department joined together to remove the furniture and carpet from the classrooms.

According to school board president, Ronnie Stewart, everyone who

knew about the incident came to help. Stewart said that all of the carpet on the east end had been removed except for three rooms, which were only slightly damaged. These three rooms were to be dried out for temporary use and will be replaced at a later date. Two rooms on the west end of the building were also slightly damaged, but were able to be vacuumed free of water and showed no apparent permanent damage. Charles Yost will begin replacing carpet in the other rooms on December 30. It is hoped that all rooms will be ready for use when school resumes January 2.

Stewart stated that the building received between \$20,000 to \$30,000 worth of damages, but all is covered by insurance.

"We live in a great community," Stewart said. "As soon as people heard about this, they came to help even though it was Christmas Day."

Munday Girls Win Olney Tournament

The Munday Moguelles participated in the Olney Holiday Basketball Tournament on Thursday, Friday, and Saturday, December 27-29, and came out the victors.

The girls played a little rusty on Thursday after a six-day layoff, and had to rally for the win over Midway, 59-56. Angie Offutt played a strong floor game and was also the leading scorer for Munday with 21 points. Other scorers were April Offutt, 16, Bridgett Beaty and Misti Zeissel, eight each, and Christy Williams, six.

On Friday, the Moguelles spotted Throckmorton to an early ten point lead, and then came back strong to win with a 74-61 score. The team connected for 27 of 48 shots from the floor for a torrid 56%. Angie Offutt was again the leading scorer with 24 points. Other scorers were April Offutt, 17; Christy Williams, 13; Bridgett Beaty, 11; Misti Zeissel, eight and Kacy Longan, one. Misti Zeissel also collected a season high 19 rebounds in this game.

In the Championship game against Iowa Park, Munday led from the beginning to the end, and again shot a good 47% from the floor. Angie Offutt was once more the leading scorer for Munday, with 26 points. Other scores were Misti Zeissel, 12; Christy Williams, eight; Bridgett Beaty and Missy Reneau, seven each; April Offutt, six; and Brandy Branam and Jae-Jae Reneau, two each.

At the conclusion of the tournament, April Offutt, Christy Williams and Angie Offutt were named to the All-Tournament Team and Angie Offutt was honored as the Most Valuable Player of the tournament.

The Moguelles record is now 10 wins and four losses. Next game for the team will be on Friday, January 4, at Chillicothe. District play will begin on Monday, January 7, as Munday

hosts Rochester at 6:30 p.m.

The Munday boys team also participated in the Olney Tournament. On Thursday, in their first basketball game of the season, they defeated Henrietta, 60-58. They played a tight-scoring game, with high point scorers being Terry Collier, with 27 points, and Bobby Dockins, with 13.

On Friday night, the Moguls lost a heartbreaker, 49-48, to Olney. Bobby Dockins was the leading scorer with 16 points, followed closely by Terry Collier with 11.

They concluded the tournament by losing to Bridgeport, 55-38.

Their next game will be at Chillicothe, Friday, January 4, at 4:00 p.m.

Begin Retirement With Social Security Estimate

Retirement usually comes much sooner than most people realize, so everyone should begin planning now for their retirement years.

The people at social security can help you get started with your own "Personal Earnings and Benefit Estimate Statement" (PEBES). This statement gives valuable information to help people with the important decisions about their future retirement income.

To get a PEBES, you should first call social security's toll-free number 1-800-234-5555 (1-800-234-5772) and ask for Form SSA-7004. Fill it out completely. In a few weeks you will receive in the mail a printout showing total earnings under social security, the number of social security credits currently on record, estimated future social security retirement benefit amount at age 62 and at age 65, as well as what you and your family could receive in social security disability and survivors benefits.

Your social security benefits are not intended to replace all pre-retirement earnings; people should plan to supplement them with savings and other investments.

Band Boosters To Meet January 7

The regular monthly meeting of the Munday Band Boosters is scheduled for Monday, January 7, at 7:00 p.m. in the band hall. All members and interested persons are invited to attend.

The Courier Staff wishes you a Happy 1991!

Bloodmobile To Visit On Monday, January 7

Local Red Cross Blood Services chairperson, Brenda Smith, has announced that the Red Cross Bloodmobile will visit the Perry F. Patton Community Center on Monday, January 7, between the hours of 3:00 and 6:30 p.m.

If you are between the ages of 17

and 73, and are generally in good health, you are needed to donate blood on this date. Seventeen year olds donating in Texas must have written parental permission. All donors are carefully evaluated to assure that the donation process is safe both for the donor and the potential recipient.

In order to assure a safe, healthy and plentiful blood supply, it is important that new donors be recruited for each mobile operation. Regular donors are encouraged to be leaders in recruiting new community donors. Please do your part to help make this bloodmobile operation a success. Someone's life may depend on it.

Donating blood is not something to "fear". It only takes approximately 45 minutes to one hour to go through the entire process. Those persons who need a special appointment time to donate blood may make arrangements by calling Brenda Smith at 422-4701.

Organists To Present Special Music Sunday

The First United Methodist Church will have two organists from New York City, Eric Birk and Bernadette Hoke, who will present special music for the Sunday morning congregation.

Everyone is invited to hear this special presentation.

Cow's Performance Related To Nutrition

The way a cow is handled during the winter will have an influence on her calf's future and next year's calf crop.

The cow's reproductive performance and the health and weaning of her calf are greatly influenced by her nutritional status throughout the year.

If a cow is allowed to calve in poor or thin body condition, the odds are against her to maintain a 12 month calving interval.

Cattle are usually fed hay during the winter, but if not enough energy is supplied by that hay, additional grains

should be supplied.

Producers should have their hay tested to obtain the real protein content. This enables them to feed cattle without over or under feeding.

Producers also should make allowances for weather conditions. As temperatures drop and wind and rain increases, nutritional needs of cattle increase as much as 20%.

A dry pregnant cow can usually live on 20 pounds of average quality hay per day during the winter. But, if hay quality is poor or the weather is cold and wet, an additional two to

three pounds of a 20% protein supplement should be fed daily.

A cow nursing a calf needs about five to six pounds of a 20% protein supplement with about 22 pounds of hay per winter day. If weather conditions are bad, the supplement should be increased to seven to eight pounds per day.

Shelter should be provided when cattle have to face severe winter conditions. A windbreak may be sufficient, but overhead cover is important during heavy rains.

Weather Report

Following is the weather report for fourteen days ending Monday, December 31, 1990, as compiled and recorded by Goodson Sellers, local U.S. weather observer.

	TEMPERATURE			RAIN
	HIGH	LOW

The Lord's Corner

by Dr. Pete Bradfield, pastor
First Baptist Church

A teacher sent home this note pinned to the coat of an unruly student: "Dear Mrs. Jones - I regret to inform you your son Robert is disruptive. He needs a good spanking and I strongly urge that you give him one." The next day this reply came back pinned to Bobby's jacket: "Dear Mrs. Smith - Spank him yourself; I'm not mad at him."

The right decision tailored to the right person in the right situation - that's the challenge of anyone entrusted with leadership authority. But beware! There is something potentially as dangerous as exercising NO discipline - that is exercising the SAME discipline in every situation. According to Proverbs 19:25, there are three kinds of temperaments and three kinds of discipline, one appropriate to each temperament. Read these verses and act accordingly when the situation arises in your life.

See you next week, and remember: child training is chiefly a matter of knowing which end of the child to pat - and when.

Rehab Rock-A-Thon Set For January 12

Without question, the Abilene Civic Center will be buzzing with activity on January 12, 1991. The annual statewide benefit telecast for the West Texas Rehabilitation Center will originate from the auditorium, the exhibit hall will be wall to wall with more than 2,000 auction items, and the Center's new conference center will be filled with close to 1,000 young people "rocking for Rehab".

The "Rehab '91" Rock-a-thon is a new event this year that promises to be fun and very productive as a fund raiser for the Center. The Rehab Center is encouraging area FHA chapters, and Junior and Senior High groups, as well as other groups of young people to participate.

Rockers will collect money in their communities prior to January 12 toward their participation and then bring their rocking chairs to the Civic Center for five hours of continuous rocking, beginning at 5:00 p.m. Group as well as individual prizes will be awarded. The proceeds from the event will be announced on the telecast.

Shari Lewis is the honorary chairperson of the event and will visit with the rockers during the evening when she is not involved on stage during the telecast. Other performers, including Dallas quarterback, Troy Aikman, will also drop by during the event.

Nicki Harle is Rock-a-thon entertainment chairperson and has disc jockeys from several radio stations lined up to entertain the rockers and spectators.

Melissa Howard, FHA sponsor from Bronte High School, has staged a highly successful Rock-a-thon with her students for several years, and suggested it as a possibility for the Rehab Center. Several groups have already agreed to be a part of the January 12 event. Any other groups wishing to participate should contact Angela Shackelford at the West Texas Rehabilitation Center at (915) 691-7230.

Thank you for reading the *Munday Courier*. Call in your news at 422-4314.

Weinert News
By Mrs. Myrtle Phemister

As the day dawned Tuesday, January 1, 1991, we all were given a special gift - a New Year! We could weep about the tragic things we experienced in 1990, rejoice about the events that brought us joy and happiness; but, they are past, and how we use our time in this new year will measure the growth our character made from them.

As you write the resolutions that "tradition" urges you make, be sure to add one to take a quiet time for yourself, to read the Bible, study and pray more than you did in 1990, and you can be assured you will have a Happy New Year!

Clyde and Otie Mayfield, Brenda and Kenneth Sanders, Henry and Meta Rueffer, Joey and Janet Frazier and Ted and Faye Jetton all celebrated anniversaries during the holidays. Congratulations!

Those having birthdays included Kenneth Sanders, Francis Moeller, Mildred Sanders, Jordan Hacker, Shelia Harbers and Anthony Pena. Happy Birthday!

This week we will sing the birthday song to Deanne Bruggeman Angela Herricks, Henry Rueffer and Betty Raynes.

Congratulations to Ed and Mary Murphy, Herschel and Myrtle Alexander, Joe and Caron Yates and Hal and Cindy Guess who will celebrate anniversaries!

Moneta Hix continues her stay in Hendrick Medical Center as she continues her radiation treatments and physical therapy. Linda and Elmer Adams spend a lot of time at her bedside and our prayers are for a complete recovery for her.

Faye Brian is a shut-in needing our calls and prayers as she regains her health and strength.

Our congratulations are extended to Alton and Mildred Sanders as they welcome a new granddaughter, Abby Noel, 7 lb. 13 oz, 20 inch angel, who came on December 27 to bless the home of Jerry and Joyce Sanders of Merkel. To greet her at Hendricks were sister Amanda, and brother Jeremy, along with grandparents, uncles, etc.

Sympathy is extended to Dey Lou and Arah Mayfield at the sudden death of her grandfather in Perryton on Saturday. He was in his nineties, but was agile enough to join his family as they went caroling on Christmas Eve, and later enjoyed a pizza party with them.

The Mayfields, along with Alexia and DeWayne Rimmer, Adriane and Elyse, of De Soto, and Evelyn Ricketts of Dallas were in Weinert to celebrate a late Christmas with their parents, J. A. and Laverne Mayfield, when they received the tragic news of his death. They left immediately for Perryton. The memorial services were held Tuesday in Miami.

Sympathy is extended to the Jenkins family at the sudden death of Carl Jenkins of Seminole, an ex-student and resident of Weinert, who died from a massive heart attack he suffered on Dec. 22.

Billy Alexander was in town for a visit with his mother, Pearl Alexander, and sister Erlinda and Tiffen Mayfield.

Margie Jordon of Hamilton was in to visit her mother, Francis Mahan, as well as several grandchildren, including Pam Marshal and Sarah of Vernon, and Mr. and Mrs. John Jordon of Allen.

Willie and Ida Farrell have been to Abilene several times to sit with her brother, Joe Garrett, who is very ill in

Humana Hospital.

Chris Howeth, an Ag student at Tarleton State in Stephenville, spent part of his Christmas break with his grandmother, Lucicle Adams.

There were 50 in attendance at the Christmas celebration at the home of Crystella and Bob Raynes, and they were all "family". Two were absent, attending the Munday Mogul state playoff game.

Doris and Jerry Walker had all their family home on Christmas, and had a special granddaughter's (their only one) birthday party as Jordan Hacker celebrated hers.

Jerry Don and wife of Stephenville was home for the first time in a long while.

Andrea and Julian Estrada, Monica, Mollye and Ezekiel, joined about fifty of her family for a Christmas dinner held in her mother's home in Haskell, which included Angie and Rueben Castillo and sons of Weinert.

Donnie and Shelia Harbers and children spent a week in Yoakum with their relatives. Donnie pastors the First Baptist Church, and because of the extremely cold weather, canceled Sunday night services.

Mildred Guess had her son, Bill Guess and LeAnn of San Antonio, for several days during the holidays and every one of her grandchildren were home for Christmas.

Spending the holidays at the Phemister home were their sons, Wayne and Linda of McAllen, and David and Peggy of Ft. Worth, and all of their children.

Ann's Cafe overflowed with cheer as all the Griffis family gathered for Christmas Eve and again for Christmas day at her place. Ann failed to get a count but it was a "bunch".

The Guess family gathered at the Haskell Civic center for their annual Christmas party with all the original

children present except LaVera Hummel of Illinois.

The families of Mabel Derr, Otie Mayfield, LaVerne Mayfield, Rita Hughes of Munday, H. L. Guess of Weinert, Rebus and Bob Guess of Haskell, with four generations in a few of the families were present.

Mr. and Mrs. David Sikes, Andrew and Nathan spent the holidays in Oklahoma and Colorado, where they saw a bit of snow and the boys enjoyed some skiing. (The must have brought it home with them!)

Sandra and T Nichols enjoyed a cruise trip during the holidays but were saddened that T's grandfather had to spend the time in the Lubbock hospital following a stroke, and was unable to accompany the family on the cruise which was a gift from him and his wife. Welcome home, Nichols.

Eddie and Myrnie Sanders spent

the holidays in Wichita Falls with their children there.

Mr. and Mrs. Leonard Mahan and Donald were in Mineral Wells for Christmas with their son, Len, and daughter, Michelle Sadler. Francis Mahan accompanied them.

Have a nice day!

LOCAL

Laquita and Roger Johnson of Alvarado visited with her mother, Lala Morgan, on Christmas Eve. They spent the night with her and enjoyed Christmas dinner before returning home. They also visited with their Aunt Ursel and Uncle Nolan Phillips on Christmas morning.

Other visitors in Lala's home were her sons and families, the Gerald Morgans and the Melton Morgans of Munday. They all had a good time visiting and exchanging gifts.

NOTICE TO THE CITIZENS OF MUNDAY

On or about February 1, 1991, the City will close the Sanitary Landfill. At this time, there is a slight chance that the new regulations will allow the City to operate a Landfill on the new site. When these new regulations are released, supposedly some time in January, we will be able to determine whether or not we will be allowed to re-open. If this is the case, it will take approximately 2 years to acquire a permit. During this time we will be required to carry our garbage to the Haskell Landfill. This will be a new experience for all of us so please bear with us and cooperate with any new rules that may have to be established. Dates and times of garbage pickup will change. These changes will be published in the Munday Courier in the near future. We here at City Hall will be glad to try to answer any questions that may arise.

EPIPHANY

Epiphany comes from the Greek word meaning "Manifestation." It is the term used for an official visit of a King or Emperor to some city of his realm. The apostles applied this term to Christ's manifesting Himself as a Divine King (Saviour) in 2 Timothy 1:10 and in Titus 1:3,4.

Epiphany started as a feast of the Lord's nativity celebrated on the day of the winter solstice in Egypt, which was twelve days behind the Julian Calendar (the one we use today). This festival also included the commemoration of the Magi's visit and adoration.

Here is a poem, written by William E. Brooks, which I found in the Christmas Ideals book from 1972 that tells of the visit of the Wise Men to the Infant.

THREE KINGS

To Bethel town in the long ago
 Three kings of the East came riding;
 Over the plains where the hot sands glow,
 And over the mountains deep in snow,
 Seeking the King in the manger low...
 Three kings of the East ariding.

To the inn they came, to the stable room,
 And they bowed them low before Him;
 And spices and gold and rare perfume

They piled at His feet in the gathering gloom,
 But the Christ Child's eyes lit up the room
 As He smiled at the gray heads o'er Him.

Then into the night to their lands afar,
 The bells on their camels ringing,
 They took their way where the wide plains are,
 But gone from the sky was the Christmas star,
 And strangely gone were the fears that mar,
 While peace in their hearts was singing.

And ever as dawns the Christmas Day,
 The worn old world goes faring,
 Seeking the place where the young Child lay,
 Where the kings of the East bowed low to pray...
 And peace was born to abide alway
 In the hearts that were long despairing.

As we begin a new decade, with all the troubles in the world, let's remember to keep the Christ Child in our hearts and do our part to bring peace to our community, our state, our nation, and our world. Remember the Epiphany, when God manifested Himself in the birth of the Christ Child.
 Come join us as we celebrate the manifestation of God in Jesus Christ.

Deadline Nears For Blue Chip Enterprise Award Applications

Small business in the area have just a few more weeks to apply for the Blue Chip Enterprise Award, a nationwide effort designed to learn from and recognize exemplary companies.

VRJC To Offer Peace Officer Training Course

The Continuing Education Division of Vernon Regional Junior College has scheduled the VRJC Regional Peace Officer Academy this spring. The academy is scheduled to meet from 6 to 10 p.m. on Monday through Friday evenings, beginning February 18, for a total of 400 hours of training. The class will be held at VRJC in Wichita Falls at 4105 Maplewood Avenue. The fee for the course is \$400 and the coordinator will be Joe Foley.

For further information or registration forms, contact the Office of Continuing Education at 723-0921, 696-8752 or 552-6291 in Vernon. Pre-registration is necessary. Interested persons may also use the WATTS line at 1-800-562-7395.

Other continuing education courses will be offered during January, including Physical Fitness For Senior Adults, Welding For Farmers And Ranchers, Introduction To Word Processing, Emergency Medical Technician Class Update and Paramedic Completion. For more information, contact VRJC.

Howard Voss Home Full At Christmas

Mr. and Mrs. Howard Voss had all their children, grandchildren and two great-grandsons here for the Christmas holidays. One grandson, Greg Munson, had to work and was unable to attend.

Attending were Don and Sue Munson of Mesquite, Donnie, Judy, Kristi, Eric and Ryan Voss of Ada, Oklahoma, Gerald Lee, Polly, Mandi and Kevin Voss of Throckmorton, Scott, Suzanne, Stephen and Shawn Morgan of Cedar Hill, and Gladys Loer of Munday. Donnie, Judy and family also visited the Gene Brown family.

Everyone helped Howard and Oleta celebrate their 54th wedding anniversary, also.

Calendar Of Events

Thursday, January 3 - Munday Volunteer Fire Department Auxiliary meets.

that have overcome adversity and achieved success. With the January 31 deadline for applications fast approaching, hundreds of small businesses around the country are already applying for the Award, which is part of the larger Blue Chip Enterprise Initiative.

The Munday Chamber of Commerce, which is one of nearly 600 Chambers nationwide supporting the program, encourages area businesses with between five and 300 employees and at least three years of continuous service to apply for the Award. Participation is easy -- simply call 1-800-AWARD-91 for an application -- and the rewards are significant. Companies selected as "Blue Chip" designees at the state level will be listed in NATION'S BUSINESS, the country's largest circulation monthly business magazine. From these approximate 200 state designees, one firm from each state will be selected for national consideration and will be spotlighted on "Nation's Business Today," seen daily on ESPN. In addition, companies will be profiled in a video library on small business management. These vehicles will give selected companies exposure to hundreds of thousands of other small businesses around the country. Three exemplary businesses chosen as "Blue Chip" enterprises will represent the

national small business community at the U.S. Chamber of Commerce's annual meeting in April, 1991.

As an incentive for sharing their insights, all small businesses that submit a completed application will receive the complete four-volume set of video case histories assembled from companies recognized as award designees in 1991. The Initiative is being sponsored by Connecticut Mutual Life Insurance Company and is endorsed by the U.S. Chamber of Commerce and NATION'S BUSINESS.

The ultimate goal of the Initiative

is to help small businesses meet the intensifying challenges of the 1990's by feeding back information from successful small businesses to others around the country. Case studies will be available in a quarterly video library and in a hard-copy format. The Initiative's focus on overcoming adversity through effective management of key resources will make these case histories even more valuable resources for today's tough economic times. For additional information, contact the Munday Chamber of Commerce and Agriculture at 422-4540.
