Serving The Best Informed Readers In Knox County

VOLUME 20 THURSDAY, JULY 11, 1991 MUNDAY, TEXAS 76371 PRICE 35c (ISSN 8750-6750) 10 PAGES IN ONE SECTION NO. 42

DONALD J. HICKS

## Locals' Son Elected To CBS-TV Board

Donald J. Hicks, General Manager of KOAM-TV in Pittsburg, Kansas, has been elected to the Board of Directors of the CBS Television Network Affiliates Association.

In this capacity, he will serve as the representative of all CBS Affiliates for the states of Kansas, Missouri, Oklahoma and Arkansas in regards to areas of concern with the CBS Television Network, Congress and various Federal Regulatory Agencies. Hicks has been General Manager of KOAM-TV since January 1988. Prior to that time, he worked at television stations in McAllen and Wichita Falls in Texas and also in Springfield, Missouri.

He is the son of Mr. and Mrs. J.D. Hicks of Munday.

## WTU To Lower Fuel Costs This Summer

West Texans trying to hold off the effects of summer temperatures received some welcome news from West Texas Utilities Company. The electric utility has lowered the cost of electricity 7.8% for July through September, compared to costs for the last year.

According to Leon Sellers, WTU's local manager, the interim decrease is part of WTU's request to lower the fuel cost portion of the bill to reflect the price it is paying for gas and coal to generate electricity. The Public Utility Commission of Texas will decide whether permanently lower costs should go into effect beginning in October, Sellers said.

Those final costs are expected to be about 2.5% lower than they were during the last 12 months. July through September are typically the months of highest use as air conditioners and heat pumps work overtime to keep inside temperatures as much as 30 degrees lower than outside temperatures. The actual size of each customer's bill will be determined by their use.

WTU also offers energy saving

## Sunday Afternoon Scramble Planned

The Lake Creek Golf Association has planned a scramble for this Sunday, July 14, beginning at 1:15 p.m.

The event will offer area golfers a chance to show their skills, visit and "catch some rays". And ladies...the competition is not limited to men only. Come on out and join the fun!

## City Crews Work On Repairs And Clean-Up

Have you had to detour lately around City crews working on the streets? That's because the City of Munday has been busily repairing local roadways this summer.

The City reviews the condition of all streets in the community at least once each year. At that time, the pavements most in need of repairs are listed as the number one priority for that year's project.

Streets on this year's priority list have been receiving the attention of the City work crew for the past few weeks. These include North Ninth, North Fourteenth, North Fifteenth, all of Twelfth, "C" (from Third to Fifth), "E" and Dallas (between Fifth and Seventh), and Cisco (from Munday Avenue to Seventh).

Perhaps the most noticeable of all the repairs is "B" Street, between the Munday Courier office and City Hall. This street has been stripped com-

pletely, prior to being built up, packed, sealed and paved.

The City Council was scheduled to review bids and award the paving contract at their meeting Tuesday night. According to City Secretary, Jim Slayton, all work should be completed by September 15.

In the meantime, remember that the minor inconveniences we are experiencing now will be well-worth the finished product.

Upon finishing their part of the repairs, the City will turn attention to the dilapidated structure and weed ordinances previously enforced. In January of this year, the City began destruction of several deserted buildings around town in an effort to rid the community of these health and fire hazards. This clean-up procedure, as well as the mowing of overgrown lots, will continue as time allows.

All of this repairing and cleaning should make Munday a cleaner, safer, more attractive community...one you can call "my hometown" with pride!

\*\*\*

## Plans Underway For The Taste Of Munday

The Taste of Munday, scheduled for Sunday, July 21, is just around the corner.

According to Lynn Fitzgerald, local Chamber manager, plans are well underway for the first-time event. Residents will be treated to samples of area cooks' specialties, as well as a back-to-school fashion show with new styles from seven Munday businesses shown by local models.

It's still not too late to offer your favorite recipe of goodies for the buffet. If you have a special dish you would like to share, contact Lynn at the Chamber office. All proceeds from the event will go towards building a stage for community activities at the Downtown Park.

## Softball Tourney This Weekend

"It's a home run!" If you like baseball, then you'll love the Men's Slow-pitch Softball Tournament this weekend in Munday. The tourney, sponsored by the Munday Chamber of Commerce, will be Friday and Saturday at the pony league field adjacent to Munday High School.

Several teams had signed up at press time, with more expected before the competition begins. Already entered were two Munday teams and teams from Crowell, Haskell and Knox City.

A concession stand will be open during the games, which begin at 6:00 p.m. on Friday and 8:00 a.m. on Saturday.

\*\*\*

## Beat The Heat At City Pool

With the temperature hovering around the 100° mark, many local residents are having a hard time staying cool.

If you find the heat unbearable, try a dip in the City Pool. The pool is open Tuesday through Sunday from 1:00-5:00 p.m. Lifeguards are on duty at all times. Join the crowd and beat the heat at the City Pool.

\*\*\*

THE MUNDAY LITTLE LEAGUE ALL-STARS are competing in the District Little League Tournament in Seymour this week. The boys gathered for this photo just before leaving for their first game Monday night. Shown standing from left to right are: Coach Tim Hendrix, Jason Hise, Cody Perry, Robby Vaughn, Tyler Smith, James Phillips and Coach Freddie Caram. Kneeling are Derek Stovall, Dusty Hendrix, Ricky Serrato, Roberto Nunez, T. Marsh and Mickey Meurer. Three teammates, Greg Blake, Junior King and Nathan Urbanczyk, had already left for the game and are not pictured.

## Local All-Stars Compete In Little League Tournament

The Munday Little League All-Stars, coached by Freddie Caram and Tim Hendrix, are participating this week in the District Little League Tournament in Seymour.

Other teams entered in the competition are Knox City and Seymour. In the first game of the playoffs Monday night, Munday faced Seymour. Although Munday led the game until the bottom of the fourth inning, Seymour came out the winner by a score of 22-9. Seymour then played Knox City on Tuesday night. Munday faces the loser of that game on Wednesday.

As this is a double-elimination tournament, Munday could still come out on top. The games will continue

through the week, with the winner advancing to the next round of play-offs in Olney.

Members of Munday's team include: Greg Blake, Dusty Hendrix, Jason Hise, Junior King, T. Marsh, Mickey Meurer, Roberto Nunez, Cody Perry, James Phillips, Ricky Serrato, Tyler Smith, Derek Stovall, Nathan Urbanczyk and Robby Vaughn. Alternates are Danny Caram and Kizzie Shields.

Game time each night is 7:00 p.m. Let's all drive over to Seymour and support our hometown team!

\*\*\*

## Lions Club Sponsors Highway Clean-Up

The Munday Lions Club will meet at 8:00 a.m. this Saturday morning to pick up trash on Highway 277 between Munday and Goree, according to Mike Wulf, committee chairman.

## TEAMS Exit Tests Set For Tuesday

The Texas Educational Assessment of Minimum Skills (TEAMS) exit level tests will be administered at Region 14 ESC, 1850 Albany Highway in Abilene next week.

The English-language arts test will be given on Tuesday, July 16, and the mathematics test is slated for Wednesday, July 17. The tests will begin at 9:00 a.m. both days.

This July administration is limited to individuals who have completed all requirements for graduation (or will do so by August 31, 1991), but have not passed one or both sections of the TEAMS exit level examination.

Questions concerning out-of-school examinee testing should be directed to the Texas Education Agency, Division of Student Assessment, (512) 463-9536.

## Weather Report

Following is the weather report for seven days ending Monday, July 8, 1991, as compiled and recorded by Goodson Sellers, local U.S. weather observer.

	TEMPERATURE	
	HIGH	LOW
July 2	96	72
July 3	88	72
July 4	96	65
July 5	98	65
July 6	100	65
July 7	98	78
July 8	96	85

Rainfall year to date 16.06

## Humid Heat Wave Could Be Deadly

An early heat wave, combined with high humidity, could lead to the deadly threat of heat-related illness for many Texans.

Health officials warn that heat stress, or hyperthermia, contributed to 1,700 deaths in the U.S. during the humid summer of 1980. The victims of heat stress are usually the elderly, the very young, the poor, or people weakened by illnesses such as heart disease or alcoholism.

Dr. Jim Check, of the Texas Department of Health's Bureau of Disease Control and Epidemiology, said, "The first few days of a heat wave with high humidity are particularly dangerous." He explained that generally four to seven days are needed for people to acclimate to elevated temperatures. Dr. Check noted that most cases of serious heat-related illness occur early in the summer.

Heat-related illness includes a broad spectrum ranging from simple heat cramps to life-threatening heat stroke. Although many persons with heat stroke have some form of debilitating disease, healthy young persons may develop heat stroke following strenuous physical exertion. The warning signs of impending heat stroke may be few, and loss of consciousness may be the first sign. Heat stroke is a medical emergency and care should be sought immediately.

Dr. Check stated that "people can prevent heat-related illness by drinking more fluids, preferably water, before exposure." In addition, he noted, "particularly susceptible people such as the elderly and the very young should wear light, loose-fitting clothing, take frequent baths, avoid strenuous activity, and remain in a cool place."

Local weather forecasts can be a guide to the danger of heat-related illness. The "heat stress index," obtained from the National Weather Service, reflects how hot the air feels to humans. A heat stress reading of 105 is considered very dangerous, yet can occur while temperatures are in the mid 80's. For example, even though the thermometer only reads 90°, the heat stress can be 106 if the humidity is 70%. Be sure to pay attention to the humidity this summer, as well as the temperature. This precaution could help save you, or someone you love, from the deadly threat of heatstroke.

BRICKLAYING IS A DEMANDING ART, but Jimmy Urbanczyk (kneeling) makes it look easy. Jimmy, assisted by his father-in-law, Bobby Hutchinson, is building the low-profile brick wall in front of the Downtown Park, as well as constructing planting areas. When completed the area will serve a multitude of community activities. Plans are to have the area ready in time for the Munday school homecoming in October.

**B-K Electric Dedicates Book To Charter Member**

When the incorporators of B-K Electric Cooperative gathered for their first meeting on June 25, 1941, they designated themselves the first board of directors and elected Charles T. Porter to serve as secretary. "Charlie" is 76 years of age today and still the secretary...and he continues to plow and weld and ride horseback and run a bulldozer and work cattle as well.

His picture is on the cover of a just-published handbook for members of the Cooperative, headquartered in Seymour. And his biography, from birth on December 11, 1914, to his present activities, is the subject of the story inside.

Porter was born into a Baylor County pioneer family and he and his wife still live on the land his parents

bought in 1895. Married in 1942, Charlie and Mary K., who came to Seymour as a school teacher in 1940, have three children: Tom and Carl, both Baylor County residents, and Linn Harkrider of Corpus Christi. Their three grandchildren are all natives of Baylor County.

Charlie has spent his life as a hard-working farmer-rancher and small feedlot operator. His sons are business partners and assist in the day-to-day operations of the Porter business.

He has also served his community in many ways. He was an Ogden Community School board member and the community's choice to serve on the Seymour Rural School board when consolidation occurred in 1944. He was elected for several additional terms.

Charlie has been a member of the Baylor County Agricultural Stabilization Committee several times and currently is a member of National Cattlemen's and the Texas Cattle Feeders associations and B-K Electric Cooperative, of course.

The B-K book of bylaws and other information is dedicated to Porter for "his significant leadership in the Cooperative and to rural electrification for the past five decades."

**Partial Solar Eclipse Visible On July 11**

A partial solar eclipse will be visible throughout the Southwestern United States on Thursday, July 11. In those states, the moon will cover about 60% of the sun. A full eclipse will be visible in Hawaii, making this the last total solar eclipse visible from the United States in the 20th century.

Dr. Wayne E. Fung warns against looking directly at the eclipse. "Staring at the eclipse can burn the retina, the membrane at the back of the eye that senses light," he said. "Though you won't feel any pain, you may be permanently damaging your sight."

"There is no treatment for the vision-impairing scarring and permanent blind spots that result from staring at the sun," he added.

He stressed that sunglasses (with or without ultraviolet-blocking coating), welding goggles or smoked glass WILL NOT protect the retina. Viewing the eclipse directly through a telescope or binoculars is even more hazardous, since these devices increase the intensity of light.

Watching the eclipse on television may be the safest way to enjoy this natural phenomenon. Many planetariums, science museums and university astronomy departments will use optical instruments to project large, bright, focused images of the eclipse from a telescope onto a screen. These eclipse watches are open to the public and are always supervised to ensure safety.

The eclipse will last approximately two and a half hours. At maximum eclipse, the sun will appear as a crescent, with its "horns" pointing south. The time of maximum eclipse varies. It will be visible in Dallas at 2:12 p.m. and Austin at 2:13 p.m. That should make the maximum eclipse visible to local residents at approximately 2:10-2:13 p.m.

The full shadow of the moon will move from Hawaii across the Pacific to the southern tip of Baja California, then through Mexico and Central America into Central Brazil. For people living along this path, the sun will gradually be blocked from view as the moon slowly moves in front of it. The moon will completely cover the disc of the sun, leaving only its outer atmosphere or corona in view.

A simple device for viewing the eclipse safely can be constructed from two sheets of white cardboard. First, make a pinhole in the center of one of the pieces. Standing WITH YOUR BACK TO THE SUN, hold the pinholed sheet up so that the sun shines through the hole and on to the other sheet. A small image of the sun will be visible on the cardboard. Focus or change the size of the image by changing the distance between the sheets.

The average adult has about 3,500 square inches of skin. The skin has roughly a billion pores.

**Farm And Ranch Report**

By Donnie Peters

They're here! By that I'm referring to the many calls from local homeowners concerning fall webworms in trees. Jimmy Kay Ryder of Benjamin and the Rev. Tony Megee officiated. Burial was in Goree Cemetery under the direction of McCauley-Smith Funeral Home.

Fall webworms are identified by the web which surrounds the worms that are feeding on foliage of ornamental fruit and nut trees. The preference of choice for the webworm tends to be pecan or mulberry trees. The fall webworm larvae, which does most of the damage, is identified with tufts of long white hair and being approximately one inch long. As the larvae hatches, they begin feeding on the foliage and spin a web over the limb being fed upon. As the larvae grow, the web becomes larger. If fall webworms heavily infest a tree, the tree may be weakened or killed by the severe defoliation.

If only small colonies are found and the limb can be easily reached, pruning is the best way to remove the webworm.

Egg masses which are deposited in scale covered masses on the underside of leaves should be removed when found.

Both eggs and infested branches should be burned or discarded to prevent further infestation.

Chemical control measures include Orthene, Diazinon, Dursban, Lorsban, Seven or Bacillus Thurigenis (BT). A combination of BT with another insecticide could provide longer results, as BT must be eaten by the worm to be effective.

Homeowners should use a high pressure sprayer or pole to break up the webbing so that insecticide contact with the worm will be improved.

California has the greatest number of bowling leagues in the U.S.

**Hord Services Held In Goree**

Funeral services for Gaylon Lee Hord, 64, were held at 2:00 p.m. Tuesday at the Goree First Baptist Church. The Rev. Wayne Varnell and the Rev. Tony Megee officiated. Burial was in Goree Cemetery under the direction of McCauley-Smith Funeral Home.

Hord passed away Sunday, July 7, at the Seymour Hospital.

He was born May 9, 1927, in Truscott. A veteran of the U.S. Navy, he was a farmer and a member of the Goree First Baptist Church. He and Joy Guffey were married December 31, 1948, in Seymour.

Survivors include his wife; a son, Mike of Seymour; four grandchildren, Shane Hord of Wichita Falls, and Dustin, Nicholas and Laura Hord, all of Seymour; one great-granddaughter, Brytni Hord of Wichita Falls; and a sister, Lorene Zellers of Fort Worth.

Serving as pallbearers were Lee Patterson, Harold Jones, Rhoades Allen, Kenneth Baker, Harry Traweck and Bill Quattlebaum.

The family requests that memorials be made to the American Cancer Society.

### The Lord's Corner

by Dr. F. E. Bradfield, pastor  
First Baptist Church

There are many skills you can learn in an afternoon: how to ride a bike, change the oil in your car, bake a batch of cookies.

Other skills take weeks to master: how to read 1,000 words a minute, sing four-part harmony, drive a car.

And then there are skills you will hone and develop for the rest of your life: how to work with people, study

God's Word, draw upon God's promises even when the circumstances aren't too promising.

It takes a world with trouble in it to train people for their high calling as God's children. Faced with trouble, some people grow wings; others buy crutches. Which kind are you?

See you next week, and remember: it is possible to learn from an enemy things we can't learn from a friend.

\*\*\*

The word "business" comes from the Anglo-Saxon "bisigian" meaning "to occupy, to worry, to fatigue."

### Thank You

Dear Friends,

We will always be grateful for your love, concern and acts of kindness during the loss of our loved one. Your words of comfort will always be remembered.

God bless you all,  
The Family of Cecil Gulley

## Morrow-Harrington United In Beaumont Ceremony

Michele Elaine Morrow and William Edward Harrington, Jr. were united in holy matrimony in a candle-light ceremony on Saturday, June 29, at the First Christian Church in Beaumont.

The bride is the daughter of Mr. and Mrs. Richard T. Morrow Jr. of Beaumont and the granddaughter of Mrs. Pauline Morrow of Munday and Mrs. Verna James of Beaumont. Parents of the groom are Mr. and Mrs. William E. Harrington, Sr. of Lumberton. He is the grandson of Mr. and Mrs. Gilbert Theall of Lake Charles, Louisiana.

Given in marriage by her parents and escorted by her father, the bride wore a designer gown of white bridal satin. The bodice featured a sweetheart neckline with imported alencon lace overlays accented with iridescent sequins, beads and seed pearls. The sleeves were softly gathered at the shoulder and tapered to the wrist. The straight sheath skirt was complemented with a detachable full cathedral-length train accented with appliques of beaded alencon lace. The back of the gown was cut in a deep "V" and accented with a large bow at the waist. The bride designed her cathedral-length veil of white iridescent illusion, featuring a blusher and attached to a tiara of lace, sequins, pearls and rhinestones.

She chose a cascade bouquet of white and mauve roses, stephanotis, alstroemeria lilies, allyssum, baby's

breath and English ivy, accented with pearls and ribbons.

For something old, the bride wore a gold bracelet which her great-grandmother, Mrs. Delia Mullican of Munday, wore at her wedding. For something borrowed, she wore the string of pearls her mother wore at her wedding. The bride's dress served as something new and she wore a blue satin garter. She also carried a lucky shilling, a gift from her brother, in her shoe.

Jennifer Harrington of Houston served as matron of honor. She wore a floor-length gown of light mauve satin. It featured a fitted bodice with a sweetheart neckline, puffed sleeves and sheath skirt. The back of the dress dipped to a low "V" and was accented with a large bow.

Heather Mitcham of Beaumont served as maid of honor. Bridesmaids were Stephanie Gerac of Houston and Dana Herndon and Suzanne Whitley, both of Beaumont. They were dressed identically to the matron of honor. They all carried small baskets of floral arrangements featuring mauve roses, pink carnations, alstroemeria lilies, baby's breath and English ivy.

The groom wore a Christian Dior black tuxedo with tails and black accessories. Thomas Harrington of Houston served his brother as best man. Groomsmen were Michael Morrow, brother of the bride, Troy Hunter and Michael Watkins, all of

MRS. WILLIAM E. HARRINGTON, JR.  
...nee Michele Elaine Morrow

Beaumont, and James Duplisse of Lumberton. Pat and Chris Childs, both of Beaumont, served as ushers. They were all attired in matching Christian Dior black tuxedos.

For her daughter's wedding, the bride's mother selected a two-piece light pink sequined gown with a rounded neckline and short sleeves. The groom's mother wore a light blue two-piece chiffon dress accented with pearls and sequins. They each carried small nosegays of mauve roses, alstroemeria lilies and pink carnations.

Officiating at the ceremony was the Rev. Glenn Farrell Moore, minister of First Christian Church of Beaumont. Providing special music were the quartets, Driftwood, who sang *Every Day of My Life*, and The Sound Investment, who sang *The Wedding Song*. The Harmony Exporters Chorus sang *The Lord's Prayer*. Organist was Corbin Young.

The bride's parents hosted a reception following the ceremony at The Tower Club in Beaumont. Providing music for the dancing was the band, Southern Exposure.

The bride's four-tiered cake, deco-

rated with white and mauve roses, alstroemeria lilies and baby's breath, was topped with the traditional bride and groom. The chocolate groom's cake featured a golf theme and was surrounded with English ivy.

Following a honeymoon in Jamaica, the couple will live in Beaumont. They are both 1990 graduates of Lamar University-Beaumont. The groom has a bachelor's of business administration degree in management and is operations manager for Sabine Gas Transmission Company. The bride has a bachelor of science degree in mass communications. She is employed by Muscular Dystrophy Association.

The groom's parents hosted a rehearsal dinner June 28 at Patrizi's Other Place in Beaumont.

Attending the festivities from Munday were Mrs. Pauline Morrow, Mrs. Viola Cude, Mrs. Ruby Meers, Mrs. Jerry Don Hutchinson, Mr. and Mrs. Boyd Lynn Meers and Miss Holly Hutchinson. Also attending were Mr. and Mrs. Bobby Cude of Goree.

**The Cross and The Flame**  
First United Methodist Church  
Munday, Goree  
Loren Gardner, pastor

The greatest moments we have are those special times that we have with God when we hear his voice. God is always speaking, but we are not always listening. The distractions of the day often inhibit our ability to hear. That is why we need a quiet time. God provides quiet for our benefit, but when those nudgings of the Holy Spirit come we decide we are too busy. Hear God's word: "In quietness and in trust shall be your strength." (Isaiah 30:15)

Take on the difficult task of listening to God and waiting for God's answer. Waiting time is learning time. Sit in quietness and reflect on where you are in your Christian walk. "Be still, and know that I am God." (Psalm 40:10) Let Christ come to the desert of your heart and feel the streams of living water quench your thirst.

Read the lyrics of the song "Beneath the Cross of Jesus", written by Elizabeth C. Clephare; 1830-1869.  
"Beneath the Cross of Jesus  
I fain would take my stand,  
The shadow of a mighty rock  
Within a weary land;  
A home within the wilderness,  
A rest upon the way,  
From the burning of the noon-tide heat,  
And the burden of the day.

Upon the Cross of Jesus  
Mine eyes at times can see  
The very dying form of One  
Who suffered there for me,  
And from my smitten heart with tears,

These wonders I confess,  
The wonder of His glorious love,  
And my unworthiness.

I take, O Cross, thy shadow  
For my abiding place;  
I ask no other sunshine  
Than the sunshine of His face  
Content to let the world go by,  
To know no pain nor loss,  
My sinful self, my only shame,  
My glory all the cross.

I hope to see you in study and worship this Sunday!

## GOREE NEWS

Mr. and Mrs. Barton Carl are back home after spending two weeks visiting their daughter, Mr. and Mrs. Bill Moorhouse and daughters in Round Rock.

Visiting Mr. and Mrs. Mutt Chamberlain during the weekend were Julie Coody of Farmers Branch and Mr. and Mrs. Jimmy Routon of Lubbock.

Mr. and Mrs. Marvin Armstrong of Lancaster visited Mrs. Goldie Brown on Friday.

Mr. and Mrs. Wayland Jones of Floydada visited in the Charles Atkinson home last Sunday afternoon.

Tyler, son of Mr. and Mrs. Scott Cunningham of Lubbock, returned home on Wednesday after spending several days visiting his grandparents, Mr. and Mrs. Doug Cunningham.

Kristie Warren and Helen Dickson of Arlington spent the weekend visiting Mrs. Lorene Hunt.

Mrs. Winnie Howry visited a few days last week with her son and family, Mr. and Mrs. Jackie Howry and daughters in Wichita Falls.

Jan and Kyle Westmoreland, Josh and Kayla of Houston and Macky and Janet Yates, Micah and Justin of Munday spent the weekend visiting Mrs. Pearl Yates.

Doug and Barbara Lambeth of Seymour visited his mother, Mrs. Winnie Lambeth, on Saturday.

Billy Simaichl of Seymour visited

his grandmother, Grace Smith, on Sunday and attended church services with her at the First Baptist Church. Frank Jr. and Glenda Simaichl of Seymour visited her mother last Wednesday evening.

Visiting Mr. and Mrs. John Jones during the weekend was their daughter, Mr. and Mrs. Doris Blankenship of Olney, and their granddaughter, Brandi Moore of New Jersey.

Josh and Sara Dormier of Throckmorton are visiting their grandparents, Mr. and Mrs. Carl Echols, this week.

Paula and Terry Turner, Cody and Taylor of Wautauga spent the weekend visiting Mr. and Mrs. Grady Williams.

Visiting Mr. and Mrs. Billy Huffman this week is her niece, Dodie Shahan of Graham.

Scotty Cooksey and Stephanie of Marietta, Georgia, and Mrs. Ginger Cooksey of Throckmorton visited Mr. and Mrs. Ruby Hammons last Monday.

Visiting Mrs. Ruth Coffman on Saturday were her great-grandsons, Jordan and Riley Coffman of Haskell.

Mr. and Mrs. Robert Arismendez and family visited her sister, Mr. and Mrs. Gary Eggleston, at Big Lake during the last weekend.

Visiting Mr. and Mrs. Tommy Greenwood during the July fourth weekend were Mr. and Mrs. D.A. Corley and Mr. and Mrs. Larry Corley, Darrell and Cody, all of Burleson, LaFern Dunlap of Munday, and Brenda Parkhill of Dallas.

Brandon Benge of Seymour was a recent visitor in the Felton Jackson home.

Mr. and Mrs. Ward Cooksey of Throckmorton visited her parents, Mr. and Mrs. Ruby Hammons, on Sunday.

Mrs. Ethel Birkenfeld visited her daughter, Janet and Mike Evanson, at Lake Kemp on Sunday. Jennie and Derek Birkenfeld of Seymour are visiting their grandmother this week.

Visiting Mr. and Mrs. Dewitt Green on Sunday were Mr. and Mrs. Don

## Local Couple Exchange Vows In Burkburnett Ceremony

Francine A. Redder and Mark V. Redder were united in marriage Saturday afternoon, June 8, at St. Jude Catholic Church in Burkburnett.

The bride's parents are Herman and Ruth Redder of Benjamin. She is the granddaughter of Mary Redder of Rhineland.

The groom is the son of Francis Redder and the grandson of Alma Wardlaw, both of Munday.

Kellie Westmoreland of Wichita Falls attended the bride as maid of honor. Bridesmaid was Elaine Redder of Decatur, sister of the bride.

Tony Wilde of Denton served as best man. Frederick Redder of Benjamin, brother of the bride, was groomsman.

Music was provided by Dee Doria and Lence Escue.

A reception followed the ceremony in the Parish Hall.

## Well-Known Munday Teacher Passes Away

Ina Dingus Cowan, 85, well-known Munday teacher, passed away Tuesday, July 2, in an Abilene nursing center.

Funeral services were conducted at 10:00 a.m. Friday, July 5, at the First United Methodist Church. The Rev. Loren Gardner, pastor, officiated. Burial was in Johnson Memorial Cemetery under the direction of McCauley-Smith Funeral Home.

She was born February 12, 1906, in Comanche County, Texas. She and Hurschel Harris Cowan were married June 25, 1927, in Goree. He preceded her in death on September 20, 1983.

Mrs. Cowan was a teacher in Knox and Haskell counties for 42 years, and will be long-remembered for her dedication to the youth of Munday. She was a member of Delta Kappa Gamma, First United Methodist Church and Eastern Star.

She is survived by a son, Harry Cowan of Dallas; a daughter, Nancy Earp of Hurst; three sisters, Merle Dingus of Munday, Maxie Irland of Abilene, and Rita Longbotham of Guyton, Oklahoma; a brother, Bill Dingus of Pampa; four grandsons and one great-grandson.

Serving as pallbearers were Mickey Jackson, Tom West, Melvin Cypert, Billy Paul Cypert, Kenneth Baker and David Earle.

Memorials may be made to the Munday Library or an educational fund of the donor's choice.

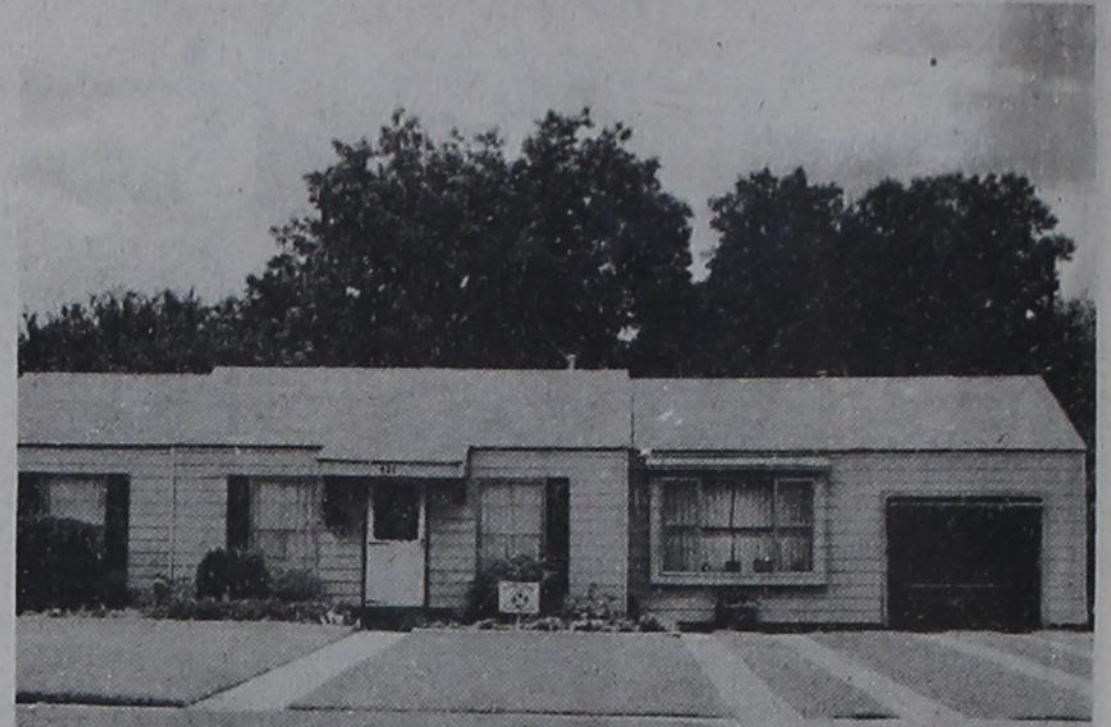

Ray Davis and Daniel of Megargel. They also visited Mrs. Hallie Campbell at the Munday Nursing Center.

## GRAY FAMILY ENJOYS CELEBRATIONS

Mr. and Mrs. Joey Gray were honored on their 29th wedding anniversary with a party at their home on Wednesday evening. The three-tiered cake was baked and decorated by their daughter, Angie. Those attending were Mr. and Mrs. Felton Jackson, Mr. and Mrs. Terry Gray, Kayla and Kole of Rhineland, Joe Bob Gray of Stephenville, Connie Gray, Cami Crysta and Candy of Dublin, and John Gray of the U.S. Navy.

On Sunday evening, John, who had just returned from an overseas tour of duty with the Navy, was honored at a family get-together at the Joey Gray home. Those attending were Mr. and Mrs. Felton Jackson, Mr. and Mrs. Jerry Gray of Munday, Joe Bob Gray of Stephenville, Mr. and Mrs. Terry Gray, Kayla and Kole of Rhineland and Connie Gray, Cami, Crysta and Candy of Dublin.

This group also met at the lake Thursday evening for a picnic and fireworks display.

THE MANY COLORFUL BLOSSOMS in the lawn of Billy Paul and Donna Cypert caught the eye of the Munday Garden Club judges in their search for this week's Yard of the Week. The flower beds hold an array of marigolds, salvia, oxalis, periwinkles, moss rose, geraniums and bachelor buttons, as well as a lovely pink crepe myrtle. Drive by 431 South 11th Avenue for a look.

# End Of The Disposable Society Is Near At Hand

By Angie Partridge

One of the problems of living in a land of plenty is that there is always plenty left over. In fact, America generates more trash than any other nation in the world.

Until now, most of our waste (about 80%) has been buried in landfills across the country. These landfills that once provided a deceptively simple solution are closing either because they are full or because they do not meet new federal or state standards.

The end of a disposable society appears to be near. Burying our problems in a garbage heap restricts land use and threatens our underground water supply. Seeking other alternatives will be lower in cost in the long-run and less of a hazard to our environment.

One popular solution is recycling. Recycling re-uses solid waste. When materials are recycled, they're essentially removed from the waste stream and put back to good use.

Substituting recycled or "secondary" material for new material in the production process conserves natural resources and landfill space. For example, recycling aluminum beverage cans saves 95% of the energy needed to make new aluminum from ore. Last year the aluminum industry

saved enough energy through recycling to meet the residential electrical needs of a city the size of Pittsburgh for about six years!

While landfills provide little opportunity for economic development, recycling secondary materials creates potential economic development benefits for the local community and region.

These facts might convince you of the importance of cutting back on waste and perhaps using recycling as a way of "re-using" some of this waste.

\* We throw away enough glass bottles and jars to fill the 1,300-foot towers of New York's World Trade Center every two weeks.

\* Every Sunday, more than 500,000 trees are used to produce the 88% of newspapers that are never recycled.

\* American consumers and industry throw away enough aluminum to rebuild an entire commercial air fleet every three months.

\* Houston alone uses about 300,000 tons of paper each year. It takes about five million trees to make that much paper.

\* We throw away enough iron and steel to continuously supply all the nation's automakers.

(Figures borrowed from the Texas Agricultural Extension Service.)

**PUBLIC NOTICE**

**NOTICE**

Jesus Mendoza  
340 S. 9th Street  
Lot 10, Blk. 44 Lee Addition

On August 14, 1990 the City Council of the City of Munday enacted an Ordinance requiring property owners to keep their property clean.

These regulations were adopted as a means of protecting the health of all residents, reducing the danger of accidents, danger of grass and trash fires, reducing the health hazards such as insect breeding areas and making Munday a more attractive place to live and visit. The Ordinance provides that a property owner may clean his/her own property, or that the City may clean it and bill the owner for the cost. In the event an owner refuses to pay the cost of cleaning, that cost will be assessed against the property.

The condition of your property in Munday is in violation of the City's Ordinance. The dilapidated structure must be removed and the lot cleaned. You have **TEN DAYS** to correct this situation. We would appreciate your advising us of your intentions on this matter prior to our next inspection of this property which is scheduled for August 1, 1991.

Jim Slayton, City Secretary 42-2tc

**STATE OF TEXAS COUNTY OF KNOX AFFIDAVIT TO THE PUBLIC**

Before me, the undersigned authority, on this day personally appeared Jim Slayton who, after being by me duly sworn, upon oath states that he is the agent of the City of Munday, lessee of that certain tract or parcel of land lying

and being situated in Knox County, Texas, and being more particularly described as follows:

Being the Southeast part of the Samuel Washburn Survey, Knox County, Texas, out of Abstract #410, beginning at a point where the Northeast Corner of the site intersects with State Highway 222 on its South R.O.W., this point also being the same as where the J. C. Spann land is a fence line boundary with A. Jones Est., a 262 acre tract, said tracts also intersecting the same point on State Highway 222 South boundary line as the Munday Sanitary Landfill Site; Thence Southwesterly 1596 feet along a joint boundary line fence between the J. C. Spann and A. Jones Est.; Thence in a Northwesterly direction along a fence 29 feet to a point; Thence in a Northeasterly direction with the meanderings of a fence 1720 feet to a point in the South R.O.W. of State Highway 222; Thence in a Southeasterly direction 44 feet along a fence to the place of beginning and containing approximately 5.6 acres of land.

The undersigned further states that from the year 1942 to the year 1991 there was operated on the aforesaid tract of land a Solid Waste Disposal Site.

Further, the City of Munday, Texas was the operator of such Solid Waste Disposal Site.

Notice is hereby provided to any future owner or user of the site to consult with the Texas Department of Health prior to planning or initiating any activity involving the disturbance of the landfill cover or monitoring system.

**WITNESS MY HAND** on this the 5th day of July, 1991.

signed/Jim Slayton, Operator  
**SWORN TO AND SUBSCRIBED** before me on this the 5th day of July, 1991.

signed/Cheryl D. Crawford, Notary Public in and for Knox County, Texas

**VERA NEWS**

By Mrs. Thelma Coulston

Visiting J.L. and Joyce Trainham during the July 4th weekend was their son, Mr. and Mrs. Murl Trainham, Neil Lee, Murl Lee and Brandy of Azle.

Kevin Trainham of Moran and Toby and Eva Ann Crooks of Seymour visited the Jerrell Trainhams on Thursday.

Mr. and Mrs. Carl Coulston spent Tuesday through Sunday with their son, Benny, Diane and Ryan Coulston at their home on Lake McQuenney.

Holiday company in the home of Duward and Wanda Richards were Ray and Irene Schuck of Grand Prairie, Bert McCleary, and Bert's daughter and granddaughter, Terry and Kala of Springfield, Missouri.

Mr. and Mrs. Jerrell Trainham, Jerrell Wendell and Mrs. Toby Crooks of Seymour were in Abilene Friday to visit the Trainhams' grandson, Stony Trainham of Moran, who was a patient in Hendrix Hospital. Stony was dismissed from the hospital Saturday.

Dr. and Mrs. William McGaughey of Manhattan, Kansas, Herman and Mary Alice Dentler of San Antonio, Jimmy McGaughey of Seymour and Bob McGaughey spent Friday through Sunday with Mr. and Mrs. James McGaughey.

Sunday guests in the Perry Kuykendall home were a son, Woody Kuykendall, Christopher, Stephanie, and Kyle of Olney, and Perry's sister, Mrs. Margaret Bland and daughter, Lanell of Dimmitt.

Gary LaFrance of Arlington spent the weekend with his parents, Ernest and Doris LaFrance.

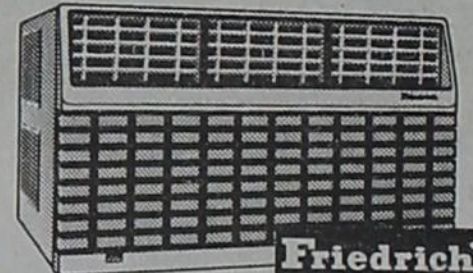

Rev. Delmer McBeath spent last week visiting his children in the Fort Worth area.

Mr. and Mrs. Keith Beck, Kimberly, Clint and Kerri spent an enjoyable weekend in Abilene.
