

Kracker Krumb's Odds Bits Salvaged at Random

Back yonder when we were a kid, a person nearing the half-century mark was getting to be a very old man.

In fact, we used to refer to such person as "Old Man So-And-So," if we were quite sure our daddy was out of hearing distance.

We made the mistake of calling a person such a name in Dad's presence one time, and he gave us a moral lecture that we never forgot and forbade us to ever become so impolite as to call anyone an "old man" again.

Since we are clicking right along toward that mark, we can more readily see how right our daddy was. It kinda makes out bald spot turn red with anger to learn that anyone has called us old.

Although we feel older than our age at times, we still can't hold much appreciation for those who refer to us as an old man.

But really the point we started out to make is that this newspaper is getting older, too. We like to think that it, as people should do, has sort of improved with age. Every editor often thinks of means of improving his sheet with most of his ideas being discarded because of that little item of finances.

Just this week, though, we had to change some of our front page type. Last week we discovered we had printed our Volume No. 48, Issue No. 52.

So this week the type is changed to Vol. 49, No. 1. Which means that the paper is entering on a new year. It has completed its 48th year and started out on its 49th—and just as the editor is about to ring "curtains down" on the Volume 49 of his existence.

So you can see a good reason for us coming to the belief that neither men, nor newspapers, are so terribly old at 50.

At the beginning of a new year, we dedicate ourselves and the paper to the task of giving you the best, newest home town paper possible at all times. We want it to be the type of weekly newspaper you'll continue to welcome into your homes.

We'll make mistakes in the future, just like we have in the past. Oftentimes, as we glance over our weekly efforts when completed, we wonder just how such a bad error ever got by all of us. But they do.

One of the biggest news events of our present time was that of the signing of the Korea truce last Monday, which was at 7 p. m. Sunday, our time.

This halted three years and one month of undeclared war, but a war just as real and just as bitter as any war to those boys who have been fighting it and to those who have loved ones in battle.

All of us and each of us fervently hope that the war is really ended. Many hope, but doubt. But all agree with our president when he said: "Tonight, we greet with thanksgiving the signing of an armistice."

Another of his statements with which we are in full accord is: "Each of us devoutly prays that now peoples will no longer resort to futile battle to settle their differences."

New Books Added To Local Library

Members of the library committee reported the addition of eighteen new books to the Munday Public Library this week.

These include 12 books for adult reading, and six for children. The addition of new books regularly increases the value of the library for local people, and everyone is urged to use it for their reading enjoyment.

"Family Affair" Is Expected August 6th At C. Of C. Goodwill Festival

"Make it a family affair!" This is the slogan used by the Munday Chamber of Commerce in urging people of this area to attend the second annual Goodwill Jubilee which will be held at the athletic field in Munday on Thursday, August 6.

All you need to do is bring the family with you and come equipped with fork and spoon, or whatever you want to use to eat cold watermelon.

Entertainment for the event will be furnished by the Boys' Club of Wichita Falls, and these people are promising a program of interest to everyone, especially the children. Included in the program will be the watermelon feed, the Boys' Club is bringing some trapeze artists (acrobat), some fencers and they plan to mix comedy and music for your entertainment.

It will be a good place to come to and meet and visit with your neighbor, whom you probably have not seen in some time. Nothing formal about it, just a get-together where you can dispense good will and have an enjoyable evening.

Everyone is invited, and from all indications this year's crowd will far exceed that which gathered for the first jubilee last year.

Gospel Meeting To Open At North Side Church Of Christ

A gospel meeting will begin on Saturday, August 1, at the North Side Church of Christ and will continue through Sunday, August 9, it was announced this week.

T. F. Strother of Fort Worth will do the preaching for the meeting. The public is extended a cordial invitation to attend all the services.

Tiny Hill Comes Back To Win In Tri-County Golf Tourney Sunday

"Tiny" Hill of Seymour, winner of the Tri-County Golf Tournament in 1950, made a come-back here Sunday to defeat the defending champion, Jeff Graham of Knox City, closing out this year's tourney. Hill defeated Graham 2 and 1 in the exciting 36-hole finals. Other winners are as follows:

Funeral services for A. Y. Barnes, 67, were held Monday from the Church of Christ in Haskell with the minister, Fred Custis, officiating. Mr. Barnes died in a Haskell hospital after suffering a heart ailment for two weeks.

He was born September 24, 1885, at Grand Saline, and was married first to Miss Carrie Williams in 1904, then to Mrs. Lovie Land on December 19, 1936. He had lived in Haskell County since 1937, moving there from Knox City.

Surviving are his wife, Mrs. Livie Barnes; two sons, Herbert and J. B. Barnes, both of Abilene; two daughters, Mrs. Geo. Whitten, Levelland; Mrs. Lloyd Bailey, Alamogordo, N. M.; three stepsons, Arnold Land, Goree; Jack Land, Knox City; Noble Land, Haskell, and a step daughter, Mrs. T. R. Busby of Anson.

Other survivors include 22 grandchildren, nine great grandchildren, a sister and three brothers.

Fire At Noontime Destroys Home Here

A destructive fire which broke out at about noon Tuesday almost completely destroyed the home of Mr. and Mrs. W. R. Mitchell in the west part of town. All three of Munday's fire trucks answered the alarm, but were unable to bring the flames under control before the residence had been gutted.

Outside walls were left standing, but the interior of the home was almost completely destroyed, including furniture, clothing, and personal belongings of Mr. and Mrs. Mitchell.

The fire, which started in the attic, is believed to have been caused by the water heater.

Ten Ladies Of County Attend H. D. Encampment

A total of 115 home demonstration club women registered for the annual encampment which was held at Lueders on Thursday and Friday, July 23 and 24. The encampment was for women of four counties: Knox, Haskell, Jones and Fisher.

Attending from Knox County were the following: Munday, Mmes. J. O. Tynes, J. C. Rice, Gill Wyatt and F. L. Bowley; Benjamin, Mmes. L. A. Parker, Carl Patterson, Frances Sams and Lee Snallum; Truscott, Mrs. W. O. Solomon; Knox City, Mrs. J. C. McGee.

Mrs. Wyatt ably performed her duties as recreation leader for Knox County. The other ladies staged a humorous skit and reading at the night performance of entertainment, and other counties also furnished skits.

All attending reported a most enjoyable encampment, and the ladies voted to hold the encampment in Lueders in the summer of 1954.

Band Booster Club To Enjoy Picnic

A picnic for all Band Booster Club members and those interested in the Mogul Band will be held on Monday night, August 3, at 7:30 o'clock at the local athletic field.

All band members and boys and girls interested in joining the band are especially urged to present. The new band director will be there, and plans will be made for the band school.

Bring a picnic lunch, except drink and dessert, and enjoy the festivities.

To Hold Revival

Rev. Walter C. Hadley, above, pastor of the First Methodist Church in Goree, will do the preaching for the summer revival which opens at the Goree church on Sunday, July 27. The meeting will continue through Sunday, July 29.

Morning services will be held at seven o'clock, and evening services at 8:15. Everyone is extended a cordial invitation to attend all the services.

Prizes Offered In Local Child Photo Contest

Winston B. Lucas of Irving, Texas, will be here on Thursday, August 6, at 11 a. m. to 6 p. m. for the purpose of taking pictures of children of this area in a local photo contest. His studio will be located at Bertha's Baby-land.

The Munday Times has made arrangements with Mr. Lucas to furnish engravings of all local children, and these pictures will be run in this newspaper at future dates. In addition, the children will be competing for \$18.00 in prizes which are being offered for the three best photographers made during the day.

The photographs will be made free of charge, and there is no charge for their publication in the Munday Times. Proofs will be shown, and from these you may select the picture of your child which you would like to appear in the paper. If you wish extra photographs they may be purchased, but no purchase is necessary in order to compete for the prizes. It is entirely up to you whether you buy pictures or not.

There is no age limit on the contest, but pictures must be of uniform size and must be made by Mr. Lucas on Thursday, August 6, in order to be entered in the contest or run in the newspaper.

Don't wait until little Mary gets married or baby brother is elected to make political office to see their pictures in the paper—make plans now to have them photographed on August 6. Tell your friends and neighbors. The more, the merrier!

Many Gather For Opening Of Brazos Bridge

Between 800 and 1,000 people from Knox and adjoining counties gathered on the Brazos river west of Knox City on Tuesday evening for the formal opening of the new \$160,000 800-foot concrete bridge which has replaced a one-way bridge which had long been condemned.

Knox Citizens, whose work and dreams of long years' standing was realized in the opening of the structure, pitched a big barbecue for all visitors. Jeff Graham, president of the Knox City Lions Club introduced the notables, who included the principal speaker, Sen. George Moffett of Chillicothe, who reminded the crowd that "good roads and bridges are essential to the growth and development of any community," and complimented ranchers and business men for their untiring efforts in securing the bridge, which was "long overdue."

District Engineer Palmer Massey of Childress was on hand to accept the span from the contractor, as County Judge L. A. Parker of Benjamin expressed thanks to the Texas Highway Commissioners and Dewitt C. Greet of the highway commission.

Present also was H. T. Cunningham, resident engineer of Munday, who supervised the work.

Cars lined the highway in double lines for a half mile on each side of the bridge, as their occupants enjoyed a flavorful barbecue prepared by a host of workers under the co-chairmanship of Lee Smith and Barney Arnold.

Oil Activities

Burson sand production has been found at Ada Oil Company of Wichita Falls No. 1 Maude E. Harber well, five miles north of Weinert and about four miles south of Munday.

Producing through 32-64-inch choke and perforations from 4,715 to 4,738 feet, the well flowed 180 barrels of 39.2 gravity oil daily. Gas-oil ratio was 250-1.

The operator has requested the new area be named the Harber Strawn pool.

A failure for Knox County was the Humble Oil and Refining Company No. S-1 W. T. Waggoner Estate, eight miles north of Vera, which was plugged at 6,297 feet.

Korean Truce Plans Put In Motion Shooting Stops 12 Hours After Truce

Patterson Gives Information On Housing Units

In answer to a number of questions concerning the low-cost housing project in Munday, L. B. Patterson, chairman of the housing authority, has submitted the following:

"There have been a lot of questions about the low cost housing project. The contractor has gotten in a lot of material, but some delay has occurred from rainy weather here and elsewhere. I am sure they will start in a big way soon.

"Quite a few inquiries about who to see in order to bid on the stoves and refrigerators. We will advertise for sealed bids on both of these. Each person desiring to bid will be furnished printed form to fill out, and the bid will be opened and the contract awarded by the commissioners.

"A number of persons have been wanting to put in their applications to rent these houses. We can't take any applications until we have almost completed the job, for various reasons. One for instance, a person might put in his application now and move away before the project is completed."

Rural Minister

BIRMINGHAM, Ala., July 29—Rev. Father Victor G. Schmidt, pastor of St. Andrew's Church, Pleasanton, has been named Rural Minister of the Year in Texas for 1953 by The Progressive Farmer and the School of Theology, Emory University, Atlanta, Georgia.

The award is given annually to one minister in each of 13 Southern states in recognition of outstanding service to church and community.

It goes to Father Victor "for leadership in building adequate facilities, including parish recreation hall, catechetical center, priest's residence, new church structure and memorial cemetery site; for strengthening three rural missionary outposts; and for cooperation with Soil Conservation Service and other agricultural agencies."

Dr. Ben W. Bowden To Enter Service; Dr. E. G. Markward Returning Here

Dr. Ben W. Bowden, who has been associated with Dr. D. C. Eiland of Munday and the Knox City Clinic and hospital since July, 1950, will enter the armed service for a period of duty on August 10, being located at Orange, Texas. Dr. Bowden and Mrs. Bowden are in Orange this week looking for living accommodations.

Returning to practice in Knox County is Dr. Edward G. Markward, who has also spent two years of duty in the armed service, specializing in orthopedic surgery. Since his discharge, Dr. Markward has been practicing in Troup, Texas for some four months.

Before entering the service, Dr. Markward was also connected with the clinic and hospital, but made his home in Rochester. He and Mrs. Markward will establish residence in Knox City.

With the signing of the Korean armistice at 7 p. m. our time Sunday, U. N. and Communist forces started what all Americans hope and pray is the end of the undeclared war in Korea. The truce ended actual fighting, which had been waged for three years and one month, costing many American lives.

Actual fighting ceased 12 hours after the signing at Panmunjon. Only about five minutes before the firing of guns ended, the Allies cut loose with one tremendous barrage that shook the valleys and bruised hills of the central front. Communist guns, which had blazed away along most of the 150-mile front, ceased firing a short time before the deadline.

Tuesday, both sides began withdrawing armies across the shell-pocked Korean front to form the demilitarized buffer zone across Korea. The withdrawal is to be completed by 10 p. m. Thursday, and the Allied-held islands must be evacuated by 10 p. m. August 5.

It was announced from Washington that the end of fighting may permit monthly draft calls to be cut by 4,000 men in about three months, but the callup is expected to climb to 40,000 by mid-1954. With the lowering of draft calls, Selective Service officials expect they will not have to dip quite as deeply into the 19-year-old pool of youths.

With the fighting ended, Americans watch other developments closely in the hope that peace has again come to the nation.

City Lake Being Restocked With Bass, Catfish

Munday's city lake, which was filled to overflowing by last week's rains, is being restocked with fish by the State Game and Fish Commission.

A total of 1,000 channel cat and 1,500 bass were released in the waters of the lake last Friday, and an additional amount is expected to be placed in the lake within the next few weeks.

It is understood the lake will spring for a period, after which it is expected to furnish continuous fishing for local anglers. The fish released last week will be ready for the hooks in about a year, it was stated.

Mrs. Nora Broach Buys Dress Shop

Announcement was made this week that Mrs. Nora Broach has purchased the Sport Shop from Mrs. Ruth Searcy, taking charge of the business last Monday. The name of the firm has been changed to Nora's Dress Shop.

Mrs. Broach stated that all merchandise is now on sale at reduced prices in order to make room for new fall merchandise which will be arriving soon. She invites the patronage of all people of this trade area.

Doctors and staff members of the Knox County Hospital and the many friends of Dr. and Mrs. Bowden in this area, are looking forward to their return at the end of his military service.

Knox Singers Will Meet At Knox City

The Knox County Singing Convention will be held at the Four Square Church in Knox City on Sunday, August 2, it was announced this week by J. B. Justice of Goree.

An interesting program of songs and special numbers is being planned, and everyone is cordially invited to attend.

A BRIEF HISTORY OF THE JOHN E. GAITHER PARISH

EDITOR'S NOTE: The following was written by a relative of J. W. Gaither of Munday and is being printed by request for whatever value it may have for friends of the Gaither family.

This is a brief history of the four churches of Palestine, Hearn, Dowell's Chapel and Alpine, which comprised the group recently named the John E. Gaither Parish of Ouachita Presbytery.

Palestine
The Palestine church, located about ten miles west of Arkadelphia in Clark County, Arkansas, was organized in 1857, by the Rev. James Wilson, a Cumberland Presbyterian minister who was a pioneer in this part of Arkansas, having located here about 1850.

He pitched his tent and lived in that until logs could be hewn out and a cabin built in order to be protected from the cold winters.

The congregation worshipped under a brush arbor until the first church house could be built. Slave labor was used partly in the buildings of this first church, which was completed about 1859.

The country was still new and land cheap. It was bought up in small tracts. The farmers cleared this land, men built their homes and reared large families. Soon a community sprang up—a community not rich in this world's goods, but rich in faith and love toward God and their fellowman—remarkably like the original land of Palestine.

Among the new settlers who came after the Wilson family were the McNutts, Wrights, Gaithers, Lees, Clinghans, McSwains, Browns, Bethas, Rogers, Conways, Craigs, Ballews, Sossomons and McDonalds.

The Reverend Wilson donated the land for the church and pastored the church for sixteen years, from 1857 to 1872, when his health failed, and after a fruitful ministry he gave up his work passing to his eternal reward two and one-half years later, in 1875.

Soon after the organization of the church in this community, a Sunday school missionary laboring under the Board of Home Missions of the Cumberland Presbyterian Church, came to

Palestine and organized a Sunday school, and from that day on the Palestine church has not been without a living progressive Sunday school, which has been a great power unto God, to all who have been privileged to grow up under its influence. It has been a feeder for this church as well as sending many young people forth to fill useful places in the world and to help bring in the kingdom of our Lord and Savior, Jesus Christ.

The second minister called to serve was the Rev. F. Sanders, who served one year, 1873. After this, the church was without a minister about four years. Cumberland Presbyterian ministers were scarce in those days, however, a Rev. Smith, who was a school teacher, located in the Palestine community and taught several schools there. He preached occasionally, but no records were kept during this time.

The local church work was continued through the efforts of the Sunday school and prayer meeting services were held on Sunday morning. Most of the time these services were presided over by ruling elders, J. P. Clinghan, and W. A. McNutt, "Uncle Billy" as he was familiarly known.

The Rev. D. W. Browning, a native of Tennessee, was called to the pastorate of this church in 1878. During his long ministry his church had a steady growth. The records show the average membership stood at seventy-five for many years.

Hearn
The Hearn church grew out of the Palestine church. On September 9, 1888, Rev. D. W. Browning, with five of his elders from the Palestine church, namely, J. W. Gaither, J. P. Clinghan, W. W. Sassamon, Jeff Wright and Willis McDonald organized a Cumberland Presbyterian church under a brush arbor, near the spot where the present Hearn church now stands. Originally it was called the Hearn Chapel, and the records show the charter members numbered sixteen, of which more than one-half were received from the Palestine church.

In completing this organization, one elder, P. H. Marbury, was elected, installed, and ordained. Later three others were elected

to serve the new church as elders, W. W. Sassamon, Willis McDonald and Telford Ballew.

These three were transferred from the Palestine congregation and Mr. A. Overton was elected, installed and ordained as a deacon. P. H. Marbury was elected clerk of the session and the organization was approved by order of the Presbytery.

D. W. Browning was called to serve as its first pastor and he continued to serve this church, along with the Palestine church, for the rest of his ministry.

These two churches have always been served by the same pastor and a strong bond of love and Christian fellowship has ever existed between them. Because of this unity and loyal cooperation of minister and people God has abundantly blessed their labors. Hundreds of souls have been born into His Kingdom.

In 1906 a new era dawned for the Cumberland Church. Its Presbyteries voted by a large majority to reunite with the Presbyterian Church U. S. A. (northern) from which the Cumberland church has been separated since 1810.

This union sounded the death knell of many of the small country Cumberland churches. It placed the Palestine church at a crossroads. She, like many others, was divide over the question of the union. Title to the church property had to be settled by a friendly suit in the courts.

During this period of waiting many things happened in rapid succession. The Reverend Browning, who had served the church so long was then about 80 years of age and God called him home to rest from his labors and to receive his eternal reward.

About the same time, one of the senior elders died and his family moved to another part of the state. Two other elders, with their families, moved to adjoining states, thus reducing the membership of the Palestine church to eleven members, representing three small families.

On the last of June 1905, a disastrous flood had come to the little community of Palestine as well as to most of Clark County and had washed the crops away and had turned the fields together. Many of their farmers left their homes and followed

HOW MANY GODS ARE THERE?

If you were to answer, "Why there is one God." The answer would be incorrect. In 1 Cor. 8:5 the apostle tells us "as there be gods many, and lords many." That being the case, the next logical question would be, "Which god do you worship?" Some worship the god of money, the god of pleasure, of self-reliance and some the devil himself. Now, we know that all of these gods cannot avail and the worship of them is in vain. In the sixth verse of the same chapter Paul says, "But to us there is but one God, the Father . . ."

Now a god or goddess is always worshipped at a shrine or altar designated either by the god or men who made the god.

God, the Father, has so designated the place of worship to Him. Eph. 3:21. "Unto him be glory in the church by Jesus Christ throughout all ages, world without end."

Just as there are gods many there are also churches many. So, in which church are we to give glory to Him? The answer follows, His church, the one designated by Him.

He has only one. Eph. 4:4. "There is One Body." Col. 1:18, "And he is the head of the body, the church." The body is the church and there is One Body, One Church, designated by Him.

Are you worshipping the One God, the Father? At his designated shrine or altar, the church? His church wears his name, worships as He directs through His Word and accepts Him as the only Head in Heaven and on earth.

Knox Prairie Philosopher Willing To Take On The Job Of Finding Out Why People Get Tired When They Work

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek has been affected by the summer heat, his letter this week implies.

Dear editor:
With the world in the shape it is, with unsolved problems stretchin out from here to Korea and back again, the drouth, inflation, Russia, etc., it's odd how some people find time to spend energy and money on some minor problems, but I was readin in a newspaper last night

public works for several years, leaving their farms to grow up unattended.

During all of the years that the old church building which had very little maintenance, had become so deteriorated that it had to be torn to the ground and very little material could be salvaged to go into a new church. Whether or not to rebuild was the major problem confronting the little Palestine community. (Concluded Next Week)

It's Good Business to Save Regularly

In this inflationary period, it's hard to save very much, yet a systematic method of putting a little aside for a "rainy day" is just simply good business. This bank encourages regular savings among its customers.

a group of scientists up in New York have been conducting lengthy studies into the problem of why people get tired while workin.

Using highly scientific instruments and complicated charts and figures, they've been goin into factories and checkin on workers, tryin to find out why they get tired. At last report, they were still workin on the problem and ain't ready yet to come out with the answer.

I don't want to interfere with anybody else's racket, but I will be glad to conduct such a scientific survey out here on my Johnson grass farm for a much smaller fee than those scientists are chargin. Furthermore, it won't require any expensive lay-out for a laboratory, equipment, or scientific measurin devices.

I already got all the equipment necessary out here, consistin of a tractor and an un-plowed field, not to mention a hoe, plenty of weeds in the garden, an axe, saggin fences, saggin gates, un-patched roof, stuck windows, rickety steps, etc.

All I ask to be furnished is somebody to examine while he works. I'll figure out a system where he can swing by me on the front porch in his rounds of work every hour, and will guarantee to come up with the correct answer.

The reason I know I will come up with the right answer is that I already know it. I know why people get tired while they're workin. I ain't gonna come right out and lay the facts bare yet, but after years of testin myself I believe I have figured out the answer.

And after I get the facts es-

tablished, I will then back off and let science figure out a deeper problem, which is why, once you get tired of workin, you stay that way. I don't want science to remedy this felin, I've had it for years and find it agrees with me. All I want science to do is to establish a reasonably acceptable theory of why a man is entitled to stay tired if he wants to. It'd be a handy thing to hand to people on a written sheet of paper when they come up and kick you on the foot while you're restin under a shade tree in the summer time.

Yours faithfully,
J. A.

I'm not a member of the Elks but that organization holds a very impressive ceremony to which the public is invited and which I have attended—"the lodge of sorrow" in memory of members who have gone on in the past year.

Friends are priceless but "when from love's shining circle, the gems drop away", one is left with cherished memories. Among those who were especially esteemed who passed away in recent months were Joe Cooper,

W. D. Dixin and John B. Brewer, all of them newspaper men.

"Spike", as Joe Cooper was known to a host of friends, had just seen his excellent book about chile come off the press and he did not live to see the many excellent reviews of "With or Without Beans." I had intended to josh him next time I saw him, because he followed the preference of that great cowboy, Wetsbrook Pegler, and spelled it "chill" and ignored the preference of "chile" favored by those upstarts, Frank Dobie, George Sessions Perry and Boyce House. That little jest he did not get to hear but if he had, good old Spike would have chuckled and made a clever retort.

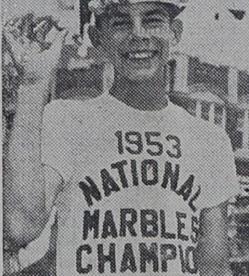

Dixon's first name was "Welcome" and that's the way he made you feel. The last time I saw him was last summer in Vernon, where he was editor of

Weekly Health LETTER

Issued by Dr. Geo. W. Cox, M. D., State Health Officer of Texas

AUSTIN—Polio isn't running wild in Texas this summer as it did in '52, but it is still smart to play safe with the kids. State Health Officer George W. Cox will tell you.

There are several common sense items parents ought to keep in mind during the polio "season." Dr. Cox lists them like this:

Don't get panicky. Keep in mind that half of all polio victims recover completely, and 30 percent of the other half recover with only slight weakness. Only 14 percent have lasting paralysis.

Realize that gamma globulin is not a cure for polio. There is no cure. GG is intended only as a temporary preventative against paralysis. At best it is effective only for 5 weeks, after which it has all been eliminated by the body.

Gamma globulin has been tested on more than 54,000 children and the results are now under study, but once the polio virus reached the nerve cells, GG cannot alter the course of the

disease. Last, but highly important, call your doctor at the first onset of any of these signs: headache, fever, sore throat, upset stomach, stiff neck or back. The earlier a case of polio is diagnosed, the better are the chances for recovery without lasting damage.

Great strides are being made toward the development of a vaccine, but until it is finally developed Dr. Cox believes this opinion is still valid:

"A high level of environmental sanitation and personal hygiene is the individual's best defense against polio."

Keep them clean and see that they rest in the afternoon. A nap is fine, but even playing quietly part of the day will help conserve their strength.

Meanwhile, don't isolate your youngsters when you hear of a case of polio in your community. There is no point in letting them contact strangers, but they ought to be allowed in their usual circle of friends.

HAS NEW GRANDBABY

Mrs. R. L. Brownfield of Haslet, formerly of Munday, has written that she has a new grandbaby. It's a boy who arrived June 17. His name is Melvin Gene Sharpless.

"Of course we all think he is great," she wrote, "me especially, as I have been sick in bed over three years. This new baby has three sisters and a brother."

Fashions to Brighten Home

COTTON HAVEN—A cozy retreat from the hustle-bustle of modern living is offered by this attractive studio room, decorated with colorful cotton. The Needle-tufted bedspread and matching drapery contrast with the soft, nubby-textured cotton rug. They are made by Cabin Crafts. A wide variety of matching cotton draperies and bedspreads are available this season, the National Cotton Council reports.

Neighbors Again Plow Jacobs Farm

Again the friends and neighbors of M. L. Jacobs have proven they were ready in the hour of need to serve by meeting at his farm and plowing for him. Mr. Jacobs has 70 acres of wheat land, 120 acres of cotton and 30 acres of feed which the good people of Munday plowed for him on Wednesday of this week.

Those who plowed, furnished tractors and drivers are: Floyd Warren, Earl McNeill, Lynn Ford, Jim McKinnon, Frosty Hallmark, Mr. Moody, Grady Phillips, F. G. Brief Articles On The Draft Law And Regulations

(Editor's Note: This is one of a series of short articles on the draft law and its rules and regulations.)

On a local draft board is placed the responsibility, under applicable laws and regulations, of deciding which men should be deferred because of their civilian activities.

The three categories of men considered are: (1) farmers or farm workers, (2) college or university students, and (3) men in industrial and all other civilian activity.

In the case of students, deferment until end of the school year is ordered by law, if the student is mailed an order to report for induction while he is in school satisfactorily taking a full-time course of instruction, provided he has never received such a statutory deferment before.

If the student has previously received such a deferment, then further deferment is up to the local board. The board can consider information outside the scholastic as well as scholastic information. The widely publicized draft test for college students can be ignored by local boards under draft regulations if the board so desires. Score on the draft test and class standing of the student are provided as information for the board.

Here are three things the board considers when it is looking at a case of possible deferment for farming or other civilian activity: (1) Is the man engaged, except for a seasonal or temporary interruption, in the activity? (2) Can he be replaced by persons with his qualifications or skills? (3) would his removal cause a material loss of effectiveness in the activity?

It's Fine To Be Fooled - Sometimes

Handy Peters entertained for the ladies of the Auxiliary the other night—and had the ladies believing for a while that he's the best marksman ever.

Handy put on a great act. He set up a whole bunch of balloons on a muslin backdrop and then took out his pea-shooter. He shot blindfolded, standing on his head, every which way—and broke a balloon every time!

No wonder Handy impressed the ladies. What they didn't know—till the show's end—was that Buck Mulligan was hiding behind the backdrop improving on Handy's aim with a hatpin.

From where I sit, we all get things "put over" on us now and again. When it's good-natured—fine! But, some folks would like to fool the rest of us into believing it's wrong to enjoy an occasional glass of beer—just because they prefer something else. For real American tolerance and neighborliness these people are simply "off target."

THE HORROR OF FAMINES

There is nothing new under the sun. History can be rightly called "a study of parallels" and particularly in regard to the present record-breaking droughts. Bad as the prolonged dry spell has been, we can take refuge in the fact that disasters, either local or national, bring out the humanitarian instincts of the more fortunate. As a result, tragedy is averted through gifts, loans and other economic means.

But this was not always so. Recent studies show that man have sometimes had to resort to cannibalism in order to live through the famines following great droughts.

In a story released by the Associated Press recently, Arthur Edson reports on a study of age-old droughts made by Julius Allen of the Library of Congress. Edson quotes Allen as saying famines also have been the cause of wars, migrations, revolutions and Communists.

"India and China, near starvation level even when things are at their best, have been hardest hit" Edson writes. "The University of Nanking figures that China has had 1,829 famines in the past 2,000 years.

"Famines have been no respecter of geography. Some 650 famines have been recorded in Europe. In 936, in Scotland, 'people began to devour one another.' During that time, the Irish sold their children for food."

There is this description of the Egyptian famine of 1064-1072, according to Edson.

"The wretched resorted to cannibalism, and organized bands kidnapped the unwary passenger in the desolate streets, principally by means of ropes furnished with hooks and let down from the latticed windows."

"Even the mere statistics are awesome: five million dead in the India famine of 1876-78, 9½ million dead in North China in the same period, and 12 million dead of starvation during the Russian revolution.

"The first written account of a drought remains one of the best. Two thousand years before the time of Abraham, a drought struck Egypt. The king, Torsor-thrus, left his report on it, and any Texas or Oklahoma farmer will know how he felt.

"I am mourning on my high throne for the vast misfortune because the Nile flood has not come for seven years. Light is the grain; there is lack of crops

and all kinds of food. "Each man has become a thief to his neighbor. They desire to hasten and cannot walk. The child cries, and the youth creeps along, and the old man; their souls bowed down"

Edson ends his story with Torsor-thrus' note of almost complete desperation: "Torn open are the chests of provisions, but instead of contents there is air. Everything is exhausted."

Mr. and Mrs. Joe Layne and sons were week end guests in the home of Mrs. Lane's sister and husband, Mr. and Mrs. Alton Hunter, in Iowa Park.

Willie Aboud of Shreveport, La., was a guest of Kay Waheed the first of this week.

News From The U. S. Congress

Congressman Frank Ikard

WASHINGTON, D. C., July 24—As we approach August 1st, chances look reasonably good that Congress will adjourn close to that date.

The two major obstacles in the way of adjournment are action upon two proposals that the President has put on his "must" list. They are a bill which would admit approximately 250,000 Southeastern Europeans into this country, in addition to our regular immigration quotas. There is expected to be considerable opposition to this bill and there is some question in my mind as to whether or not it will be passed. As I have stated previously in this column, I am opposed to this legislation.

The other bill is the one that deals with an increase in the postal rates. Among other things, this would increase the first-class postal rate from 3c to 4c. As is well known, the Post Office Department's deficit is roughly seven hundred and seventy-five million dollars. Of this loss, approximately three hundred and eighty-five million represents the loss on second and third class mail alone. I would not favor increasing the first class postal rates until after there has been an adjustment in the second and third class rates. At the present time, the first class mail shows a profit of over one hundred and five million dollars per year.

The House Ways and Means Committee has announced that this fall there will be a full-scale study and investigation made of our whole Social Security setup. Early during the next session of Congress, there will probably be a number of bills introduced as a result of this investigation. This is something that has been needed for a long time, there are many inequities.

Visitors in my office this week were Mr. Tom Craddock, of Seymour, and Mr. Joe Ward, who is on his way home after a trip to Europe, from Wichita Falls.

Mrs. E. T. Pittard, of Anson, who is conference secretary of mission education, is dean of the school which is being held in the St. John's Methodist Church. The theme of the school is Christian Discipleship Around the World. Classes are held in the mornings and workshops and clinics in the afternoon. The ladies are staying in one of the dormitories at Texas Tech while in Lubbock.

Guests visiting in the home of Mr. and Mrs. W. C. Cox this week are Mr. and Mrs. Arnold Spivey, Kay and Sherry of Winnsboro and Mrs. C. A. Thacker of Tyler.

CANCER'S 7 DANGER SIGNALS

1. Any sore that does not heal.
2. A lump or thickening in the breast or elsewhere.
3. Unusual bleeding or discharge.
4. Any change in a wart or mole.
5. Persistent indigestion or difficulty in swallowing.
6. Persistent hoarseness or cough.
7. Any change in normal bowel habits.

None of these symptoms necessarily means that you have cancer, but any one of them should send you to your doctor. Cancer is usually curable when detected and treated early. Remember the danger signals. Cancer strikes one in five. Strike back. Give to the American Cancer Society.

CAMERAMAN'S HELPERS?—Three tiny patients at the Texas Scottish Rite Hospital for Crippled Children offer plenty of good-natured advice to cameraman Bob Alcott shooting a motion picture at the hospital in Dallas. Looking through the viewfinder of the Jamieson Film Company employe's camera is six-year-old Donald Ray Mathews of Lamesa. Chipping in with grins and comments are "Assistant Directors" (left) Linda Kay Morehead, five, of Italy, Texas, and four-year-old Deborah Jester of Dallas. These children and other patients at the Scottish Rite Hospital supported by generous Texans participated in a newly-completed film showing life at the big institution. Deborah is a cerebral palsy victim. The other children are recovering from poli-

FOR WORTH—The early tabulation of ballots in the poll conducted by home town and county news papers in Texas showed a wide difference of opinion among the voters, but the majority leaned toward price supports for livestock, as well as other agricultural commodities. Many marginal comments indicated that the voter favored livestock support programs provided there was support on other things.

Stockmen were asked to express their views on four questions, or to submit their own views:

No. 1: I favor removal of all price supports in agriculture.

No. 2: I favor price supports on cattle, hogs and sheep, as well as on other agricultural commodities.

No. 3: I favor flexible price supports on agriculture, excluding livestock.

No. 4: I favor continuation of the present program of fixed price supports on grain, etc., but no supports on livestock.

The fifth proposal was for the reader to submit his own plan. Averaging the total ballots received through Monday, a little over eight per cent favored removal of all price supports.

Some 58 plus, per cent, favored supports on livestock, as well as on other agricultural commodities.

A bit over ten per cent favored flexible controls.

Almost 20 per cent favored the present program of rigid supports on agricultural commodities, and one none on livestock.

About three per cent favored their own individual plans.

In typical divergence of views were those reported by The Llano News when ten favored removal of all agricultural price supports.

Seven favored No. 2, with price supports on cattle, hogs and sheep as well as other agricultural commodities.

One favored No. 3, flexible price supports on agriculture, excluding cattle, hogs and sheep.

One wrote in his own plan, which was: The government buying the cattle from the ranchers, canning it and sending it to foreign countries instead of cash.

On the other hand The Comanche Chief reported: Three favored removal of price supports. Thirty-eight favored, No. 2

or price supports on livestock and agricultural commodities. The Comanche Chief reported 7 flexible supports on commodities; seven favored the present program. Two favored supporting livestock 100 per cent and dropping other commodities and two favored supports on all agriculture of 90% of parity.

The present rigid supports got their strongest support in the Tulia Herald, and strangely, no votes were reported there for proposition No. 1, the removal of supports. In the Tulia Herald, No. 2 got 58 votes, or more than 53%; No. 3 got 13 votes, or nearly 12%. No. 4 got 38, or almost 35% of the votes.

The Childress Reporter ballots were 2 to 1 in favor of supports for livestock as well as other commodities. One voter who favored removal of all supports in the Childress Reporter ballot wrote: "Do away with all this gimpy stuff, make the ranchers a loan at a cheap interest rate on long time, then expect him to pay his loan off, and most of them will be glad to meet their creditor with a smile and pay their notes."

The Paducah Post ballots were two to one in favor of supports. Comment with them favored feed at lower prices, and favoring ceiling on things farmers must buy. One ballot called for supports at 90% of parity, acreage allotments when necessary.

The Foard County News ballots were at the ratio of two to one favoring proposition No. 2. One ballot said stop all supports, all controls and stop all imports. Another ballot favored government purchase of three to five million cattle now.

Another ballot called for putting somebody in office who can negotiate foreign markets for our surpluses.

The Merkel Mail reported up to date a single ballot favoring Proposition No. 2.

The Bowie News Times reported No. 2 ahead five to three, with 25% of the ballot favoring removal of all supports. One ballot said, it's a crazy idea to support feeds and not livestock." Another said, "Price supports on all, or turn it all loose." Livestock and poultrymen have not a chance under the present set up." Another ballot said, "Give the producer of all commodities the same guarantee that is given labor, utilities and common carriers and other businesses."

The Mount Vernon Optic Herald reported two ballots for Proposal No. 2.

The delay in the mail caused

by the holiday over the past week end undoubtedly tied up many reports which were on the way in, some we will probably be able to complete the poll in our report next week.

It appears that the idea of price supports is so general in the farm and ranch sections that this will undoubtedly be a big issue in the months ahead in the hall of Congress as well as in the 1954 congressional elections.

EDITOR'S NOTE: It looks like near 100 papers ran the ballots, and we have had reports from only a few. Here's hoping we can wind this up next week.

'Floating' Shelf
ON A VACATION trip by automobile, space usually is at a premium. A midwest vacationer cleverly used the upper portion of his auto trunk for extra suits and coats, leaving the interior free of clutter and with unobscured vision. Here's what he did: Suitcases were packed in the trunk first, so arranged that they would support evenly a portable shelf. Next he cut a piece of Ma-

sonite Presdwood, one-quarter inch thick, to the available width and depth remaining. In that way, the shelf didn't slide around. He then placed the panel on a table, laying the coats and suits on it, one over another. To keep the clothes free of dust and any rain that might leak into the compartment, he wrapped them in a plastic cloth. The bundle then was tied up loosely with light cord and placed atop the suitcases. This tourist reports that the clothing made the 2,000-mile trip "in perfect condition." If needed at a stopover, the board would be taken into the room and unpacked; otherwise, it remained in the trunk. "It's the easiest and best way of carrying extra clothes in a car," he said. "The back seat riders particularly appreciated the full view they had, as there were no suits and coats hanging over part of the windows."

ENTERS AIR SCHOOL

SHEPARD AIR FORCE BASE, Texas—A/3c Billy L. Lambeth, 20, son of Mr. and Mrs. Homer L. Lambeth of Goree, Texas, has entered the Aircraft Mechanics School at Sheppard Air Force Base, Texas, the home of the largest technical school of this type in the world. During his specialized training as a student at Sheppard he will receive intensive training to provide him with the thorough knowledge and basic skills required in servicing, inspecting and maintaining aircraft currently used by the United States Air Force.

Upon graduation he will be awarded the rating of Airplane and Engine Mechanic. Along with the majority of graduates in his class, he will enter a course for advanced training or will be assigned to one of the major Air Force commands for on-the-job experience with first-line operational aircraft after completing of his schooling here. Airman Lambeth attended Goree High School prior to his enlistment in the Air Force on March 24, 1953.

Mr. and Mrs. Worth Gafford visited their son, Buddy, and family in Wichita Falls last Sunday.

Weinert Girl Named Tex. FFA Sweetheart

Texas' Future Farmers named a Weinert girl state FFA sweetheart in their meeting in Fort Worth last week. She is Miss Jo Ann Winchester, who was crowned sweetheart at last Friday's session.

Miss Winchester is the daughter of Mr. and Mrs. Clovis Winchester. She was sweetheart of the Stamford District and of Area II this year before entering the state contest.

New Car Devices Made Available For Handicapped Drivers

A new, manually-operated accelerator and brake control for handicapped drivers is now available for installation on 1953 Pontiacs, according to J. H. Otis, accessory sales manager of Pontiac Motor Division.

This new control, along with the hand dimmer switch, left foot accelerator and three different steering wheel grips are available installed at the factory

or by the dealer, Mr. Otis said. The new, hand-operated accelerator and brake control replaces the former vacuum-operated type, is much less costly and considerably simpler to install, it was stated. It is not applicable to 1952 or earlier models, but is interchangeable in 1953 models and is expected to be adaptable to later models.

Pontiac handicap controls meet all traffic regulations, according to Mr. Otis, who also points out that power steering and the Autronic Eye, an automatic headlight dimming device, are available as optional equipment on Pontiacs to make driving easier for handicapped persons.

DAUGHTER BORN

Pvt. and Mrs. J. P. Smith are the proud parents of a baby girl, who arrived at 11:50 a. m. July 24 at the Knox County Hospital. Her name is Barbara Ann, and she weighed six pounds and five ounces.

He daddy won't get to see her for a while, as he is stationed in Korea. Maternal grandparents are Mr. and Mrs. Jim Proffitt. Paternal grandparents are Mr. and Mrs. J. L. Smith of Plainview.

A. E. Cundiff's friends will be glad to know that he is convalescing nicely at his home after returning from a Wichita Falls hospital earlier this week. He underwent surgery the first of last week.

Mr. and Mrs. R. W. Wade of Lawton, Okla.; Mrs. Foil Brannon and children of Oklahoma City, Okla.; and Mrs. Bill Simpson of Altus, Okla., were guests in the home of Mr. and Mrs. Ben Yarbrough last week.

Walter Medley of Santa Rosa, N. M., visited his sister and husband, Mr. and Mrs. A. B. Warren, last Tuesday enroute to Haskell to take his mother, Mrs. J. W. Medley, home. She has been visiting in Santa Rosa.

Mr. and Mrs. H. C. Hawes and sons of Georgetown are visiting relatives here this week.

M. L. Barnard was a Wichita Falls visitor last Monday.

Mr. and Mrs. W. E. Austin and Jimmy of Fort Worth visited in the Jim Bowman home over the week end. They were enroute to Carlsbad Caverns and points in Old Mexico on their vacation.

Mrs. Russell Doran of Odessa is here this week to visit her parents, Mr. and Mrs. Walter Bevers, and other relatives.

Miss Shirley Graves of Abilene is visiting her uncle and aunt, Mr. and Mrs. Jim Bowman and children.

Mr. and Mrs. Dwaine Russell of Vernon were week end guests in the home of his parents, Mr. and Mrs. Henry Russell. Their son, Johnny, who had been visiting here the past week, returned home with them.

John H. McClaran of Dallas spent the week end here with his mother, Mrs. Ann McClaran.
