

AMBER REED (pictured at right) was selected Best Junior Model at the District 4-H Fashion Show held June 30 in Paducah. Shown with her are other winners from the 21 counties represented. Amber is the daughter of Mark and Pam Reed of Munday.

### County 4-H'ers Place In Top At District Fashion Show

Two 4-H members from Knox County exhibited sewing and buying skills as they participated in the annual District 4-H Fashion Show June 30 at Paducah. Twenty-one counties competed in the show.

Representing Knox County and honored for their efforts were Amber Reed, daughter of Mark and Pam Reed of Munday, Best Junior Model Award; and Amanda Baker, daughter of Mr. and Mrs. Jimmy Baker of Knox City, second place, in the inter-

mediate buying daywear division. Contestants in the district contest were judged on their sewing and construction skills as well as overall appearance, quality of workmanship, wardrobe coordination, appropriateness of care requirements and use of comparison shopping techniques.

Amber was selected Best Junior Model from over 70 participants based on modeling skills exhibited during the public style show.

West Texas Utilities Company and the Texas Agricultural Extension Service sponsored the event.

### FmHA Accepting Disaster Emergency Loan Applications

Knox County was declared eligible for Farmers Home Administration (FmHA) disaster emergency loans recently, under two different disaster periods. Farmers who have lost at least 30 percent of their production due to drought, hail, flood and freeze between January 1, 1991 and December 31, 1991 and freeze between October 1, 1991 and November 30, 1991 may be eligible for emergency farm loans.

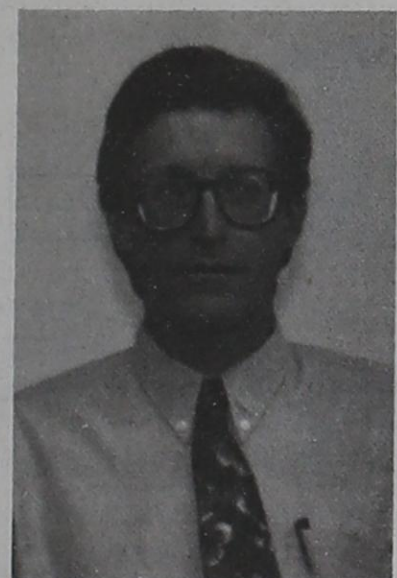

Applications for emergency farm loans due to production losses are being accepted at the Farmers Home Administration office located at 1101 East Main in Knox City.

FmHA County Supervisor Bobby Cude said that farmers may be eligible for loans up to 80 percent of their actual losses or the operating loan needed to continue in business of \$500,000, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest rate is 4.5 percent.

Farmers participating in the PIK of Federal Crop Insurance program will have to figure in proceeds from those programs in determining their loss.

Applications under this designation will be accepted through March 1, 1993 but farmers should apply as soon as possible.

Office hours are 9:00 a.m. to 5:00 p.m. Monday through Friday.

STEVE BARRETT

### Methodist Churches Welcome New Pastor

Rev. Steve Barrett resumed duties as minister to the Munday and Goree United Methodist Churches on June 18.

A former pastor at Darrouzett, Texas he has completed work at Perkins School of Theology at Southern Methodist University and did undergraduate studies at Texas Tech.

Barrett grew up in Lubbock, is single, and likes to play golf.

"I've heard a lot about people in Munday and Goree from former pastors. It seems to be a really friendly place and I feel fortunate to be here," he said.

Welcome to Munday, Steve Barrett!

## Education District Anticipates Tax Increase

Multi-County Education District #12 which includes Cottle, Dickens, King, and Knox Counties anticipates a huge tax increase. Senate Bill 351 created the C.E.D.'s as a means of equalizing public school funding. In 1991 C.E.D.'s were required to raise the equivalent of .72 cents per \$100 valuation multiplied by the C.E.D.'s State Property Tax Board values. C.E.D.'s then use the local values to determine what tax rate is required to raise the money required by law. In 1991 C.E.D. #12 was able to set a tax rate of .58 cents per \$100 valuation because the local values, which are current, was larger than the state val-

ues, which are one year behind.

In 1992 the law requires C.E.D.'s to raise .82 cents multiplied by the state values, an increase of .10 cents. The problem facing C.E.D. #12 is that the current state values are now larger than the local values. King County has lost about 108 million in taxable values and the other three counties have lost about 11 million for a total loss of local taxable value of 119 million in 1991.

This results in the strong possibility that the C.E.D. rate for 1992 will be between .92 cents and \$1.00 per \$100 taxable local value. The money required to be raised by the C.E.D.'s is law and the

C.E.D.'s board must set a tax rate that will generate that amount of revenue. C.E.D. #12 had the fourth lowest rate in 1991 but that will not be true for 1992.

The state legislature must develop a new way for financing schools by June 1, 1993 because the current plan has been ruled unconstitutional.

## Local Tax Rebates Increase Over 29%

While July tax rebates rose an average of 5.5% across the state, Munday showed an increase of 29.65%. The local payment for this period was \$5,508.09, as compared to last year's \$4,248.55.

Munday also showed a 48.47% gain in the year-to-date payments for 1992. This year's total was \$45,489.99, while the 1991 total thus far was \$30,638.56.

Across the county, Knox City showed a 13.59% decrease for the period. Their 1992 payment for this period was \$7,042.68, as compared to last year's payment of \$8,150.30. This brings their year-to-date total to a .03% increase over last year.

Goree received a payment for this quarter of \$744.34, an increase of 2.15% over last year's \$728.66 payment. Their year-to-date payments reflect a decrease of 10.93%.

Benjamin had no rebate for this

period but shows a 9.06% increase for the year.

### Local Man Wins Second Place In Bass Tournament

The weather was great Sunday, July 19, for the annual Munday Volunteer Fire Department's Open Bass Tournament held at Miller Creek Reservoir. Fifty-eight fishermen entered the contest, some traveling long distances to get here.

The contest winners were determined by the total weight of 3 fish weighed in. Brad Dubert of Aspermont had a total weight of 7.09, winning him 1st place and a check for \$710.50. David Booe of Munday won 2nd with 6.60, taking home \$426.30, and Morris Stevens of Abilene received \$284.20 for his catch totaling 4.54, for 3rd place.

There was also an optional Big Bass pot the contestants could enter. Wilburn Ellison of Aspermont hooked the biggest bass, weighing 4.54, and he received a check for \$250.00.

Following the tournament, prizes donated by local businesses were awarded to several other contestants.

It was a long day for those who had trouble finding just where the bass were hiding, but for those who did, it turned out to be a prosperous one!

### Consumer Opinion Survey Being Conducted

Everyone who shops or conducts business in Munday and Goree will have the opportunity to express his or her opinions about the goods and services being offered in our area.

The consumer opinion survey is being sponsored by the Munday Chamber of Commerce and Agriculture and the Knox County Extension Home Economics Advisory Committee in an effort to strengthen local business; identify goods and services needed; and perhaps improve the community's economic situation. Munday and Goree residents are encouraged to complete the survey.

General information gathered from the survey will be available for all businesses and individuals. Information specific to a certain business will be given privately to that business only. No name or signature is required on the survey to ensure anonymity. Survey results will be gathered, summarized, and reported by representatives from the Chamber of Commerce and the Home Economics Advisory Committee.

Surveys will be available at many local businesses, the Chamber of Commerce, and the Knox County Extension office. They can be returned by mailing to the Chamber of Commerce or by placing in the night drop box of First National Bank of Munday, West Texas Utilities or the City-County Library by July 31st.

Everyone is encouraged to pick-up a survey and participate.

### David Bordovsky Now Coordinator Of Research At Munday And Chillicothe

David Bordovsky, who has been at the Texas A&M University Munday Research Station since 1976 will assume similar duties at the Texas A&M Research Station in Chillicothe on September 1. His new title will be Coordinator of Research Farms. He will be head-quartered at the Research and Extension Center in Vernon. The operation of the Munday and Chillicothe stations will continue as usual with the exception that Bordovsky will be splitting his time between the locations.

The appointment was announced by Dr. Pete Jacoby, director of the Vernon Center. Jacoby said Bordovsky's expanded duties will allow more research time for agronomy professor Dr. Ed Clark who has been associated with the Chillicothe station for the past 19 years.

The Chillicothe facility, which is the site of historic grain sorghum research, has some 250 acres in cultivation in its farming operation. Most of that is divided into small plots for wheat, cotton and grain sorghum research currently underway there. The Munday station, with some 150 acres in cultivation, also is the site for wheat, cotton, vegetable and peanut research.

### Local FFA'ers Participate In State Convention

Five members of the Munday FFA chapter attended the 64th Annual Texas FFA Convention held July 14-17 in Amarillo.

Members attending this year's convention were David Tidwell, chapter president; Tanya Dunnam, district secretary; Brandy Branam and Roby Clem, chapter historians; and Toni Sellers. FFA advisor for Munday FFA, Ricky Moeller, and Kristi and Brandy Moeller also attended.

This 64th convention featured the election of new state FFA officers, selection of the first Mr./Miss Texas FFA team and guest speakers, and business meetings in general sessions of the convention. More than 2,000 members were recognized for achievement and \$891,000 in scholarships were awarded.

FFA is a vocational organization made up of students enrolled in Agricultural Science and Technology classes.

LONE STAR GAS EMPLOYEES searched three long and hard days for a gas leak. They finally located and repaired the leak on Friday. Workmen are pictured digging one of their holes in front of *The Munday Courier* office.

**Breast Cancer Detection Unit To Be Here Wednesday, August 5**

Breast cancer cannot be prevented, but early detection can save many lives. Breast cancer will strike one in nine American women. The American Cancer Society predicts that about 44,000 women will die of breast cancer this year.

Experts estimate that if every woman had regular mammograms according to guidelines established by the American Cancer Society, nearly a third of the women who die of breast cancer would survive. The guidelines are:

- a) Begin mammography by age 40
- b) Age 40-49 mammogram every 1-2 years
- c) Over age 50 annual mammo-

- gram
- d) Monthly breast self-examination
- e) Regular breast exams by a physician

Mammography is the best means for early detection of breast cancer.

Transamerican Diagnostic Services has been accredited by the American College of Radiology since 1989. The American College of Radiology program is voluntary and designed to insure women receive optimum quality mammographic examinations. The accreditation is done through evaluation of the facility's staff qualification (technologist, radiologist and physicist), equipment, quality control, quality assurance, image quality and breast dose. The service is also approved by the Texas Department of Health to accept self referred patients and is approved by Medicare as a provider to the Medicare mammography program.

Transamerican Diagnostic Services recently has been contracted by the Texas Department of Health to be an official provider for low income women.

Transamerican Diagnostic Services will have a mobile breast cancer detection unit available to local women on Wednesday,

August 5 at the Munday City Hall. Appointments may be made by calling Transamerican Diagnostic Services toll-free at 1-800-633-6452.

Mrs. Ola Myers of Dickinson, Tami Parchman of Lubbock, and Mrs. Howard Scheffler and Hunter of Hurst visited Mr. and Mrs. Douglas Myers during the weekend.

CAMMIE STEVENS, LVN, of Rochester, standing at right, was named Employee of the Quarter for the Mediplex branch offices. Pam Nelson, Munday branch manager, is shown presenting a plaque to Cammie at the Professional Advisory Committee meeting held at the Munday Chamber of Commerce on June 15. Recipients are awarded this title for going above and beyond the call of duty, doing more than are expected of them, which is why Cammie received this honor.

**At Your Service**

by Dr. Larry Fitzgerald  
Minister, Munday Church of Christ

Q: How many apostles were there? Were Peter and the others succeeded by other men?

A: The word "apostle" is translated from the original language of the New Testament (Greek) from the term *apostello*. This term literally means "one (who) is sent."

The first "apostle" was Jesus, himself. Hebrews 3:1 calls him the apostle of our confession. In John 13:20, Jesus identifies himself as the apostle sent by God. (The last phrase of verse 20 is literally "he who receives me receives the one who apostled me.")

To identify a person as an apostle requires that we not only identify the sendee but the sender, as well. Christ is the apostle from God because God sent his Son-Jesus.

There were twelve special men whom Christ sent. These are the "apostles of Christ". They were chosen and sent by Christ to fulfill a special ministry. Judas Iscariot was originally among this group but he lost his position by committing suicide prior to the ultimate "sending out" by Jesus. This was predicted by the Old Testament prophets. Therefore, Matthias was chosen to replace Judas (Acts 1:15-26). None other ever took the place of any of the apostles following this replacement. Indeed, when James was executed, the Bible mentions no replacement (Acts 12:2).

One other was selected by Jesus to be a very special apostle. This was the selection of Paul to be "an apostle to the Gentiles" (Galatians 1:11-2:21; see also 1 Tim-

othy 2:7; 2 Timothy 1:11). Paul was the very last eyewitness to the resurrected Jesus (1 Corinthians 15:8-9). Being an eyewitness was a requirement of being an "apostle of Jesus" which men cannot meet today (Acts 1:21-26).

Besides being an apostle sent by Jesus, Paul was also an apostle of the Holy Spirit. Barnabas was an apostle of the Holy Spirit but not an apostle sent by Jesus (Acts 13:3-4).

The term, "apostle," was also used of those who were sent by the church to do mission work. They were "apostles of the church." This explains the apostleships of James the brother of Jesus (1 Corinthians 15:7), Epaphroditus (Philippians 2:25), and possibly Andronicus and Junias (Romans 16:7). The term "apostles of the church" is used of missionaries in 2 Corinthians 8:23 which the RSV translates "messengers of the church."

Since men, today, cannot meet the requirement of being eyewitnesses of the resurrected Jesus on earth, then there can be no more apostles of Christ. But everyone who is sent by the church to do mission work is an "apostle of the church."

Only the apostles of Christ ("the twelve" and Paul) were able to bestow the gifts of the Holy Spirit through the laying on of their hands. None other is mentioned in the New Testament as having this power.

### Truscott-Gilliland News

By Mrs. Clara Brown

Visiting in the F. D. Welch home Sunday was his brother, Wilfred Welch, of Wichita Falls.

Mary Nell Hinds of Dallas visited her parents, Jodie and Clarence Miller, over the weekend.

A Sunday afternoon visitor in the Miller home was Fannie Lois Byars.

Truscott and Gilliland homecomings have been set for the Labor Day weekend. More about these later.

Don Brown of New York City visited Wednesday to Monday with his mother, Vivian Brown. He planned to visit his sister, Mary Harbour of Tulsa, before returning home Tuesday.

Visiting Opal and Edgar Jones Friday were her son, Phil Denton of Knox City, and his daughter, Jacqueline.

E. D. and Mary Welch have enjoyed visits from their grandchildren this summer. Their daughter, Susan Cartwright, and her three children were over last Wednesday from Benjamin. Adam and Julie Welch have been in and out, and Kevin Oustad of Munday has been helping his grandfather. Becky and her children were down earlier in the Summer.

Generosity gives help rather than advice.

## Weinert Church Hosts Christian Ladies Retreat

The first annual Christian Ladies Retreat, sponsored by the Weinert and Rochester Churches of Christ, was held July 17-18 at the Weinert school building. Helen Boykin registered 41 guests from 14 area towns (Seymour, Goree, Munday, Weinert, Haskell, Rule, Rochester, Knox City, Benjamin, Vernon, Sonora, San Angelo, Mesquite and Abilene).

The steering committee was comprised of Helen Boykin and Myrtle Phemister of the Weinert Church of Christ and Dora Brown and Barbara Pratt of the Roches-

ter Church of Christ. Songleaders were Orheana Greeson of Rule, and Shirley Gass and Lynn Fitzgerald, both of Munday. Theme of the Retreat was "Wings of Joy". Following the 6 p.m. meal, Barbara Pratt, MC of the Retreat, welcomed the ladies and introduced each speaker. Dora Brown read a poem she wrote for the Retreat entitled "Wings of Joy".

Lynn Fitzgerald of Munday gave a devotional talk entitled "Source of Joy, A New Friend". She related a personal story of a lady she met and became good

friends and was a definite influence on her friend's life. We never know when a stranger can become a good friend in our lives. A book by Barbara Johnson "Splashes of Joy in the Cesspools of Life" was reviewed by Barbara Pratt. Main speaker Claudine Jones of Sonora led the group in round table discussions on the subject "Source of Joy -- Through Others".

After singing, prayers, snacks and visitation, 30 ladies retired to their "bed-rolls" for a short night of rest, to awaken for an early morning walk, breakfast and more visitation. At 8 a.m. the ladies were joined by those who were unable to "rough-it" overnight. Orheana Greeson of Rule gave a refreshing devotional talk on "The Joy of Being the Child of a King". She encouraged each one to look toward the beautiful things that await a Christian in eternity, which will be so great that the toils and trials of this earthly life will be soon forgotten.

Dora Brown read another poem she wrote "Broken Bread and Poured-Out Wine". Myrtle Phemister gave a devotional talk about the "Magic Ingredient of Joy". She encouraged the ladies to be "enthusiastic" in everything, because the word enthuse is a Greek word meaning "God within", and enthusiasm is contagious. We are seldom aware

of the influence we have on others.

A funny style show "All Dressed Up and Somewhere to Go" was narrated by Myrtle Phemister with 13 ladies participating.

Guest speaker Claudine Jones had the rapt attention of everyone as she used one of her oil paintings to demonstrate how "Dressing Our Spirit in Joy" is very much akin to dressing our physical body. She used our five senses and how our eyes, ears, mouth and hands can, and must, be used to glorify our Heavenly Father as we live.

At 10:30 a.m. Janie Boykin of Vernon conducted a discussion on the "Role of Women in the Church". She based her talk on the book written by F. S. Smith, which was originally titled "What Most Women Want, and Few Find". She discussed women's priorities and said that man's role is being the "spiritual leader" in the Church, and the woman's role is being helper and protector of that role.

The women were treated to an informative talk and report by Evelyn Boyd of Knox City about her work with orphans in Haiti. She is home for a short rest.

The meeting adjourned after a salad luncheon, and the request was that the Retreat be repeated in 1993.

## NURSING CENTER NEWS

By Virginia Williams

Frances Cook and Valarie Kin-nibrugh of Gilliland Baptist Church called bingo. Richard Searcy and Lillie Parker won the black-out game and each received a wall hanger.

Sponsored by the Goree Baptist Church, Doris and Mutt Chamberlain served cake and punch for the residents of the Nursing Home with birthdays in July. Those with birthdays this month include: Beatrice Campsey, July 14, Eunice Strickland, July 18, and Gary Sanders, July 31.

Mable Jacobs has returned to the Nursing Center from the Knox County Hospital where she had been since July 4.

Frances Strickland is visiting her mother, Opal Brewer.

Edith Runnels spent a day in the Knox County Hospital. She is now doing nicely.

Willie Walsh visited Edith Runnels Friday afternoon.

Flowers were brought for the enjoyment of all the residents from the memorial service of Madge Mace, sister of Mauryse Stone.

Virginia Cary gave a devotional on asking forgiveness of anyone with whom you have bad feelings. The thought for the day was "Religion may not keep you from sinning but it takes the joy out of it". Psalms 23 was repeated in unison.

Attending Bible Study Monday afternoon from First Baptist Church were Nina Elliott, Carolyn Welch, Norene Hawkins, Christine Nelson, Evelyn Elliott and Marshall Benner. Geoff Rich, Trey Morrison and John Elliott were in charge of the program. They are the Recreation and Revival team from Midland who came to Munday to conduct day camps and lead youth bible study at First Baptist Church.

Annie Smajstira and Theresa Bruggeman of St. Joseph Church called bingo on Thursday. Mary Johnson won the black-out game and received a bottle of shampoo.

Woodie Strickland came to visit his mother, Eunice Strickland, for her 94th birthday on July 18. Also visiting was Woodie's daughter, Cynthia Rutland, her daughter, Tasha, and son, Austin, all from Florida, and Woodie's other

granddaughter, Krystal, who has just returned from Israel. Eunice's nephew, Jim and Margaret Mann of Dallas, also helped celebrate her birthday.

Maurine Williams came to see Virginia Williams Saturday afternoon.

Bunk and Aulsie Lusk of Stamford and Freddie and Frankie Stanford of Merkel visited Vera Mae Carver.

Oleta Lee of Ft. Worth visited her brother-in-law, Harvey Lee.

Steve Barrett, new minister of the Munday and Goree Methodist Churches, visited Mrs. Herby Peek, who had just returned from the Seymour Hospital, and other Methodist residents of the Nursing Center.

Father Gary Geurtz of St. Joseph Church brought the Sunday sermon on hospitality. Alice Reneau came for the services and to visit in the home.

Paula Miller of Slaton came Thursday to visit her mother, Nina Pendleton.

Clarence and Etta Searcy visited his brother, Richard Searcy. Gypsy Lee McMullin of Big Spring and J. C. Decker of Odessa called their mother, Florance Decker, on Sunday.

Gerry Parker and his grandson, Bobby Willson, of Benjamin and Auta Marion of Knox City came to see their mother, Lillie Parker.

Glenn and Carolyn Smith came to see his grandmother, Vera Carver, on Sunday.

Bill Williams came and took his mother, Virginia Williams, to his home for supper and to visit her granddaughter and great-granddaughter.

### Lala Morgan Visits Children And Friends

Visiting in the home of Lala Morgan during the 4th of July weekend were Irene Carmichael and daughter, Juana Ethridge, of Jackson, California, and an nephew, Arthur, Loretta and Karla Thorp of Oklahoma City, Oklahoma.

The following Monday evening, Lala's daughter, Neva Biggs of Austin, came up, and they visited Gayle Morgan at work. Gerald visited Tuesday morning before Lala and Neva left for Austin.

On the way to Austin, they stopped at Ursel and Nolan Phillips to visit them and Irene, Juana and Lenora, and Stan Hammet of Pionere, California.

While visiting Neva and her family, Lala also saw her two sons, Nolan, Martha and Anna Morgan, and Dennis, Judy and Kent Morgan, and Judy's mother and step-father, Mozelle and Al Lee.

Lala's nephew, Millerd Thorp, also visited Lala while at Neva's. She returned home Thursday. On Friday morning, Gayle Morgan and daughter, Elaina Reece of El Paso, visited Lala and Neva. Neva also visited Ursel and Nolan Phillips a little while and returned home Friday evening.

### Nursing Skills In Care Of Disabled Is Workshop Focus

Simple nursing techniques for families with a bedfast or disabled person at home will be the focus of a workshop on Monday, July 27, from 6:30 to 9:30 p.m. at the West Texas Rehabilitation Center.

Caregivers will learn skills that will make life easier for both patient and caregiver, such as how to change linens when someone is in bed, how to re-position that person without strain and how to move someone from a bed to a chair. Hands-on practice will be available to participants, using hospital beds and wheelchairs.

Other topics include universal precautions for infection, psychosocial issues of caregivers and anticipatory grief.

This seminar, which is free of charge and open to the public, is sponsored by Hospice of Abilene, Inc., the Big Country AIDS Support Group and the West Texas Rehabilitation Center.

### Senior Citizens Group Holds Regular Meeting

The Munday Senior Citizens group met in the Perry Patton Community Center July 2. There were six members present.

The next meeting will be August 7. All senior citizens are urged to attend. Visitors are always welcome.

## Carriker Proposes Water Rights Bill

Calling private property owner's rights essential to the economy and security of Texas, Senator Steve Carriker today announced that he is preparing a bill for the next session of the Legislature that will repeal the authority of the Texas Water Commission to limit the right of capture and called for a Legislative solution to the Edwards Aquifer dispute.

Carriker's bill would repeal section 28.011 of the Texas Water Code which gives the Water Commission broad authority over the pumping of all types of underground water anywhere in the state. "This provision of the code has never been applied by the Water Commission and the current commissioners assure me that they do not desire this kind of sweeping authority," Senator Carriker told a gathering of news media with commissioners John Hall and Peggy Garner present.

"While I applaud the efforts of the Commission to address a critical problem of potential overuse in the Edwards Aquifer, we must reach a long term legislative solution in the Edwards which sets no damaging precedents for the state's other aquifers," the Senator went on to say. He said that the repeal of section 28.011 was the first step in that process.

Senator Carriker went on to praise the Water Commission for taking the initiative to address the Edwards Aquifer problem and avoid Federal intervention, and for their refusal to invoke section 28.011. "If the Commission had used 28.011, then every Texas

property owner's water rights would be in question," he told the group.

Water Commissioners John Hall and Peggy Garner were in Wichita Falls Tuesday where Senator Carriker had arranged visits with municipal and county officials from North Texas interested in various areas of Commission regulation such as solid waste, hazardous waste, and surface and underground water.

## VERA NEWS

By Mrs. Thelma Coulston

Mr. and Mrs. Harold Beck returned home Saturday from a vacation trip which took them to points of interest in Wyoming, Colorado and Utah. They toured Yellowstone National Park in Wyoming and visited with Mr. and Mrs. Joe Alford in Colorado Springs, Co.

Mrs. Robbye Hill of Seymour visited Saturday evening in the home of Mr. and Mrs. R.J. Trainham.

Mrs. James Campbell of Hart was a visitor in the home of her sister, Mr. and Mrs. Randal Kinniburgh and Family. She accompanied Beverly, Kyle and Sarah to Arlington, Sunday where they enjoyed Six-Flags Over Texas.

Mrs. Aleitha Beck returned home recently from a visit with her son, the Russell Beck family in Wichita, Ka. She was accompanied by Daniel Beck who had spent three weeks with his grandmother.

Mrs. Maurine Parris visited Wednesday with Mrs. Madge Boyd and Mrs. Alma Shawver in the Texoma Christian Care Center in Wichita Falls. She also visited with Mrs. Bobbie Gore who was a patient in General Hospital in Wichita Falls. Bobbie had suffered a broken hip at the Texoma Christian Care Center but has improved enough to be moved from the hospital back to the Care Center.

Weekend visitors in the Billy Kinniburgh home were Mr. and Mrs. Tom Crawford of Lubbock, Mr. and Mrs. Tom Smith of Odessa, and Mr. and Mrs. Gordon Thomas and little daughter of Woodson.

Mr. and Mrs. Gaylon Scott spent the weekend in Abilene where they attended the 4-H Horse Show.

Visitors in the Keith Beck home during the week were Mrs. Carol Brook, Ward and Wade of Floydada and Dr. and Mrs. Walker Brook and Destiny of Eastland. Sunday the Beck family and Carol and boys and Mrs. Walker Brook and destiny attended the Allen family reunion at the community center in Munday.

Mrs. Maurine Parris was in Abilene Saturday and Sunday where she visited in the home of Mrs. Helen Randolph and enjoyed a visit with Helen's son, Dr. Collier Randolph of Bloomington, Ind. Collier spent his early childhood in the Vera community and is now a professor at the University of Bloomington.

Mrs. Judy Beck and children visited Saturday with her parents, Mr. and Mrs. Billy Daniel in Crowell. Monday, Keith and Judy were in Crowell where they attended the funeral of her uncle, J.C. Daniel.

Mr. and Mrs. Douglas Myers enjoyed watching their grandson, Todd Parchman, play in the Little League All-Star games in Lubbock. His team won city and district and will participate in the Regional playoff this weekend in Dumas.

### TOP WHEAT VARIETIES NAMED

Wheat harvest is finally complete and producers are beginning to make decisions on what variety to plant for the 1993 wheat season.

Two wheat variety result demonstrations were conducted in Knox County this year. One test was planted on the B.M. Brown farm on October 1 at a rate of 90 pounds of seed per acre. Prior to planting, anhydrous ammonia was applied at one-hundred pounds per acre. On March 19 and May 5, forage yields were taken on one square meter. On May 28, plots of four feet by four feet were hand harvested.

Results are shown below.

## DURA-SHIELD

# NEW SHIELD'S ANSWER TO MODERN DAY ROOFING PROBLEMS!

### THE SYSTEM:

After proper preparation of the existing roof, a superior strength polyester mat is sandwiched between layers of emulsified asphalt to provide a lightweight, tough, long-lasting, roof system with an energy efficient heat repelling surface.

### FEATURES:

- Superior strength, yet lighter weight!
- Excellent resistance to heat and water - even ponded water!
- Remains pliable and ductible, less susceptible to cracking, alligating, and oxidizing, actually improves with age!
- No fire, odor or toxicity hazard!
- Mat is non-organic - not susceptible to rot!
- Many times the puncture resistance of conventional "paper" or fiberglass roofs!
- Considerable saving in cost over conventional re-roofing!

### + PLUSES +

- + Lighter weight energy efficient surfaces!
- + Does not expose building to the elements while being made waterproof - as in conventional re-roofing!
- + Faster with less mess!
- + All the benefits of modern mechanization!
- + Expenditures are for repairs - not a capitalized item!

### New Shield Membrane

For years, felt has consisted of paper, or fiberglass saturated with asphalt. *The New Shield Commercial Roof Systems*, as well as systems comprising nearly fifty percent of the roofing applied today, utilize polyester-based felts. That is not without reason. The polyesters have many times the strengths and puncture resistance of the paper or fiberglass felts. They also have the ability to flex (up to 43%) to accommodate roof movement without cracking or splitting. With the *New Shield Commercial Roof Systems*, the asphalt coating and saturation is field applied. This leaves the polyester extremely pliable during application. This allows its use over surfaces that would require considerable preparation for the application of paper or fiberglass felts. Hence, a cost-saving - even with superior asphalt and felt!

JUANITA and JOHN EARL NELSON - 1942

### John Earl and Juanita United At 2 A.M. Wedding Ceremony

John Earl Nelson and Juanita Hunter made plans to meet in Yuma, Arizona and get hitched. Juanita left Munday by bus to go to Abilene and catch the train west to Yuma, where John Earl would be waiting to pick her up. Due to an unexpected layover and a take-over of the train by military troop movement, the bride was forced to wait for another train, thus missing the connection with the groom.

Upon her arrival in Yuma and eventually finding each other, they went on to the Justice of the Peace to be married, even though it was 2:00 in the morning. The JP's wife and a neighbor lady were awakened to be witnesses, and the marriage finally took place on July 26, 1942.

Following the ceremony, they journeyed to San Diego, California, where the groom lived, and made their home. John Earl was in the service, and was later transferred to Richmond, Virginia, where they lived till the fall of 1946. They then moved to Munday, Texas, to raise their family.

day, Texas, to raise their family.

Their children wish to invite everyone to a celebration to honor John Earl and Juanita on their 50th wedding anniversary. It will be held from 2 to 4:30 p.m. on Sunday, July 26, at the First Baptist Church Fellowship Hall.

Hosting this special occasion are Bobbie and Bill Wright, Rosann and Harold Owens, John Lee and Pam Nelson, Joe and Emily Nelson, and their families.

### The Lord's Corner

by Dr. Pete Bradfield, pastor  
First Baptist Church

How would you respond if God appeared to you as He did to Solomon and extended a blank check invitation: "Ask what I shall give thee". Be honest. Could you resist the urge to ask for riches, power, or fame? Perhaps you can

identify with the father who jokes "We have something at our hot money can't buy: poverty! there really something in the world more lasting and important than financial success? Do you place wisdom over wealth in your priorities?"

See you next week, and remember: money won't buy happiness but it will pay the salaries of large research staff to study the problem.

## Stealing electricity is against the law!

### Stealing electricity is a felony.

Some people tamper with their electric meters to avoid paying for the energy they use. Stealing electricity is a felony offense in the state of Texas and violators will be prosecuted. West Texas Utilities' Current Diversion Department is working hard to help combat the growing problem of energy theft.

### Energy theft is dangerous.

Not only is service theft a crime, but it is also very dangerous. Serious injuries can result from meter tampering.

### A crime against you!

When someone steals electricity, they are not only stealing from WTU — they are also stealing from you, as a rate-payer. Just as shoplifting increases the cost of items you buy in the store, power theft increases the cost of your electric service.

### WTU will prosecute.

Because we are concerned about the dangers and costs resulting from meter tampering, West Texas Utilities will prosecute energy thieves.
