## Munday And Spur Ranked Second In District Football

With two-a-days yet to begin, the Munday Moguls are already making news. According to Dave Campbell's 1992 Texas Football magazine, the Moguls and Spur will battle it out for second place in District 3-A this coming football season. Paducah, who advanced to the Area Playoffs last year, is ranked at the top of this year's district list.

The Moguls, under the management of Coach Jim Edwards, expect to return 13 lettermen and from seven to nine starters. Spur returns 19 lettermen, while top-ranked Paducah returns 23.

Campbell lists 6'2", 270 lb. senior Junior Masias as the "player to watch" on the Munday team. Ronnie Whitfield, Jay Kingston, Freddie Sosa, Andy Dancer, David Tidwell, Jason Bowman, Matt Angerer, Mike Bunton, Aaron Kiser, Gene Shields, Ray Hernandez and Dustin Kiser are listed as top prospects for the Moguls.

Memphis, who won the

1991 Class A state championship, has now advanced to Class 2A. Also missing from the Class A roster this year due to advancement will be Wheeler, Thorndale, Rotan, Valley Mills and Italy.

Campbell's top ten predictions for the state Class A football outcome includes: (1) Bartlett; (2)

Hico; (3) Tenaha; (4) Paducah; (5) Runge; (6) Valley View; (7) Flatonia; (8) Sudan; (9) Iola, and (10) Overton.

As we all know, polls have been known to be wrong... and who better to prove that than the determined, and sometimes surprising, Munday Moguls!

THIS LINE-UP OF CLASSIC CARS was used in a soon-to-be-released Walt Disney movie recently filmed in Little Rock, Arkansas. Randy Abernathy of Munday Motors, who owns two of the cars, rounded up the vehicles for a friend who works at MGM Studios.

## Fireworks Safety Is Your Responsibility

Many cities in Texas have banned the use of fireworks within city limits. Even though fireworks are still available in most of these cities, the ban has improved public awareness of potential fire and safety problems.

Using fireworks safely can reduce the number of fires and injuries caused by fireworks. The Texas Commission on Fire Protection offers the following ten recommendations for safely using fireworks.

1. Purchase fireworks only from a vendor that displays a State Fire Marshal's Office retail fireworks permit.
2. Remember that many cities and communities regulate the possession and use of fireworks. Contact the local fire department or law enforcement authorities for rules in your community.
3. Never let children use fireworks. Always designate a responsible, sober adult to ignite fireworks.

4. Use fireworks outdoors only, in a clear area away from houses and flammable materials, power lines and automobiles.

5. Keep a bucket of water nearby while setting off fireworks. Use water to douse any malfunctioning fireworks or accidental fires, to immerse minor burns or to dispose of used sparklers.

6. Keep everyone, especially children under 15 years old, a safe distance away from the area where fireworks are ignited.

7. Read and follow directions exactly.

8. Never touch a firework after it has been lit. If the firework malfunctions, do not try to relight it or pick it up. Carefully douse all used fireworks with water.

9. Never experiment with fireworks. Don't take fireworks apart or mix anything with the contents. Never make fireworks at home. Don't set off fireworks in metal, glass or other types of containers.

10. After you have finished lighting fireworks, cool the remains with water. Then collect all used fireworks materials, put them in a metal container and cover with water again to reduce the chance of accidental fire.

The fun that children and adults have with fireworks can never equal the injury, loss of lives and loss of property caused by carelessness.

## Lucky Trio Wins Golf Scramble

Some call it luck, others call it skill. Whatever the reason, Robert Alcala, Charles Baker and Chris Moore won the weekend golf scramble at Miller Creek Golf Course with a low score of 60 and a three-stroke lead over their nearest opponents.

In a three-way tie for second place with a score of 63 were the teams of Gaylon Albus, Jimmy Harlan and Stacia Cook; Jerry King, Felton Jackson, Jack Nuckols and Mark Dobson; and Paul Stovall, Raymond Carden and Belle Grill.

Third place went to the team of Richie Smith, W.O. Ratliff and Gary Schur, who shot a 64. Tying for fifth were the teams of Troy Nuckols, Bill Kingston and Oscar Cypert and Wayne Zeissel, Don Coffman and Marion Waggoner, who each shot a 65.

## Local Vehicles Used In Walt Disney Film

What's the next best thing to being in a movie? Having your car in a movie!

When Randy Abernathy's old friend, Bill Davis, called him recently, he was in a bind. Davis, who works for MGM Studios in Burbank, California, needed some classic cars for a movie. Randy said, "No problem," and promptly proceeded to round up the six cars needed for the film.

Abernathy and his dad, co-owners of Munday Motors, had two 1957 Fords. Randy talked to Glenn Large of Knox City and Cliff Nicholson of Stamford, and came up with another '57 Ford, a '57 Chevy, a '56 Chevy and a classic Ford station wagon. According to Abernathy, all the vehicles were used in the Walt Disney movie "The Emmett Moore Story" filmed recently in Little Rock, Arkansas. The movie concerns the Segregation Bill passed in 1957 and shows federal troops escorting nine Southern black children to school.

Three of the cars came back to

Munday with LR Police stenciled on the side, while one was stamped U.S. Army.

Watch the theatres next fall for this compelling Disney drama, and be sure and keep an eye out for those local classic cars... one of your favorite "stars" may be driving!!

## Hunter Education Class Scheduled For July 6-8

A course in hunter education has been scheduled for July 6-8 from 6:00-10:00 p.m. in Munday, according to Ricky Moeller, Hunter Education Instructor.

"According to the Texas Parks and Wildlife Department's mandatory requirements, starting September 1, 1989, those persons whose date of birth is during the period September 2, 1971 through August 31, 1973, must have successfully completed the course in order to hunt in Texas. Effective September 1, 1990, the age group affected will be those whose date of birth is during the period September 2, 1971 through August 31, 1974 -- and so on. By September 1, 1993, all hunters born on or after September 2, 1971 must have successfully completed the course to hunt in Texas. However, any individual may take the course on a voluntary basis and is encouraged to attend regardless of requirements," according to Mr. Moeller.

"The course is open to adults and youngsters and will include instructions in rifle, shotgun and bowhunting handling and safety; outdoor responsibility and ethics; laws and regulations; conservation; hunting traditions; wildlife identification; field care of game; wilderness first aid and survival," Moeller added.

Students 12 years of age or older successfully completing the course will be issued a hunter education certificate from the

Texas Parks and Wildlife Department. Those less than 12 years of age will receive a certificate of attendance, but must take the course again for proper certification.

More than 160,000 Texans have already completed the hunter education course, which is mandatory in 39 states.

**Traveling Duo Return From Northwestern Tour**

Helen Patterson and Margaret Hill, both of Munday, recently returned from a beautiful tour of the Northwestern United States.

The ladies departed Munday June 6, joining a Fun Line Tours group in Wichita Falls. Their first night was spent in Clayton, New Mexico. Then it was on through the Capulin Mountains to Durango, Colorado, for the second night. From there the ladies took the Narrow Gauge Train for a lovely river drive through the mountains to Silverton, Colorado. They left Silverton by bus the following morning and traveled to Mesa Verde to view the Cliff Dwellings before heading to Cortez for the night.

The next day found the ladies in Utah, where they visited the Natural Bridges Park and the Capital Reef National Park, seeing many beautiful mountains and creations of nature. Then it was on across "the loneliest road in the world" that stretched across the dull mountains and sand dunes of Nevada to Carson City.

After touring Lake Tahoe the following morning, the tour advanced to the Pacific Coast state of California. Here, they drove through the Avenue of Giants and Redwood National Forest before heading for Eugene on the coast of Oregon and a beautiful river drive through golden mountains. They crossed Oregon into Washington state via the Olympia National Park and a walk through the Hoh Rain Forest... naturally "in the rain"... and arrived at Port Angelas for a two-night stay.

The ladies took a ferry to Victoria, British Columbia, Canada, the next morning for a tour of the lovely Butchart Gardens. They stated that "the flowers were of the most unbelievable size and beauty". Both thought this to be the highlight of their trip, though the visit was not nearly long enough.

The next stop on their tour was Mt. Ranier, which was so enveloped in clouds, it was not visible. The ladies stated that snow was everywhere they drove while in these mountains. They then returned to Oregon, driving through lovely farms irrigated by the rivers, and on to Idaho to see the entrancing Snake River.

The following day found the ladies in Salt Lake City, Utah, where they toured the Mormon Temple grounds and the Salt Lake before arriving in Price, Utah for the night. The following day's agenda lead them across more mountains and on across Mow-arch Pass to Gunnison, Colorado. They left the next morning for the Royal Gorge and then headed back to "dear old Texas".

Helen and Margaret said they saw "so many beautiful mountains (each so different), waterfalls, rivers, gorges, lovely farmland, huge trees and animals... this was truly a trip of a lifetime!"

**Local FHA President To Attend National Meeting**

Munday High School junior Danette Owens will be one of the 200 Texas delegates attending the 1992 Future Homemakers of America National Leadership Meeting July 5-10 in Chicago, Illinois. Representing more than 36,000 members of the Texas Association, Danette will be among approximately 3,000 delegates from across the nation attending the conference.

The youth development meeting theme, "The Time is Now", will be carried out as the meeting focuses on important and timely issues facing today's youth, families and the organization. Among the issues to be addressed at the meeting are teen violence, environment, AIDS, date rape, teen pregnancy, family communication and teen stress. Delegates will be charged to take action today to make a better tomorrow and future for our world.

During the conference, the Texas delegates will develop a plan of action for the state that will be implemented when school begins this fall. Students will also participate in competitive events during the week-long meeting, as well as share success stories from Texas FHA chapters.

Danette, the daughter of Danny and Pat Owens, currently serves as Region II Vice President of Correspondence and is also the Munday High School FHA Chapter President. She has been assigned to the National Communications Team and will have varied responsibilities during the National FHA Leadership Meeting.

Mrs. Penny Winchester, local FHA advisor, will accompany Danette to Chicago. She will attend the Adult Leadership Track Sessions, in addition to the All-Track Assembly.

**The Lord's Corner**

by Dr. Pete Bradfield, pastor First Baptist Church

Nothing is as hard to gain, and as easy to lose, as a good reputation. One philosopher has observed, "To have lost your reputation is to be dead among the living."

Perhaps as a child you heard your parents say, "Remember now, what you do and say reflects on us." Your parents were telling you that the family's reputation was either being tarnished or enhanced by your actions.

Your life as a Christian is the only "Bible" some people will ever read. Do you reveal a holy God by your commitment to holiness, or do you smear the reputation of God with an inconsistent life?

See you next week and remember: no one can build a reputation on what he's going to do tomorrow.

**Baptist Church To Host Day Camp**

Fun is all around! The First Baptist Church of Munday will sponsor a Day Camp from 9:00 a.m. to 12 noon each day, July 13-15 at the City Park. All children, grades one through six, are invited to attend.

Guests hosts for the camp will include John Elliott, Geof Rich and Trey Morrison of the First Baptist Church in Midland.

No pre-registration or fees are required. So mark your calendar, and get ready for some good old-fashioned fun in the sun!

serving on the building committee and the board of directors. He was a past member of the El Cajon Eagles Lodge and a former Cub Scout leader.

# Benjamin News

By Mrs Gladene Green

We have several on our sick list this week. Mable Moorhouse is a patient in the Seymour Hospital. Has been there several days and hopefully can return home soon. Nora Duke was admitted to Wichita General today for a series of tests.

Leola Isbell was dismissed from the Seymour Hospital Thursday after being there several days. She's doing pretty well since her return home.

Hester Hall is having a few problems. The weather we have been having is not good for his condition.

Jane Gideon was in Wichita Falls one day last week for a check-up. She got a good report, so of course is much encouraged.

Nell Hudson was dismissed from Bethania Hospital in Wichita Falls one day last week. She's recuperating at the home of her son, Johnny Tom, in Pilot Point. Aside from being mighty weak, she seems to be doing fine.

Please remember all these friends in your prayers.

## NEW ARRIVAL

Bubba, Laura, Sadie and Carla Benson want you to meet their baby brother. He's Karl Dylán, and he arrived June 21, 1992 at 9:45 a.m. at the Wilbarger General Hospital in Vernon. He weighed 6 lbs. 11 oz. and was 18 1/2 inches long. The other proud members of that family are the parents, Billy Carl and Kathy. Maternal grandparents are Mr. and Mrs. J.B. Reynolds of Knox City and paternal grandmother is Pat Benson of Benjamin. Lots of little cousins can't wait till he's old enough to join them at play. Last reports are that mother, new baby and the rest of the family are doing fine.

## HERE 'N THERE

Earlene Meinzer attended the Nichols reunion at Gilliland on Saturday. She said she saw lots of folks she hadn't seen in a long time.

Bo Milson spent the weekend with her son and family, David, Tal and Tanner Milson at Cedar Hill.

Hunter Meinzer spent last week with his grandparents at Buffalo Gap.

Shari Brown is spending this week at camp in Brownwood.

Karen Brown and Colton of League spent a couple of days last week with Shirley, Stanton and Shari Brown. It was Colton's first trip to Benjamin, and we were all glad to finally get to see who Shari has been bragging about! And we all agree, he is a dandy.

Don, Marilyn and Mandy Ervin were in Azle last Sunday for the funeral of Don's brother, Doyle. Also attending the funeral from Benjamin were Gary, Joann and Jeremy Hamilton.

Jack, Kathie and Justin Waldron took a long weekend and visited Carlsbad Caverns, among other places of interest, Friday through Monday.

Jr., Virginia and Michael Barrientez are moving to Abilene where he has accepted a position with the Postal Department. We hate to see them leave Benjamin, but wish them well in their new home.

David Jones of Bridgeport visited his parents, Charles and Joy, Sunday. His daughters, Kayla and Jessica, returned home with him after several days visit here. Also visiting the Jones's were their daughter, Sheila Palvadore and her little boys of Vernon.

Kenneth and Jessie Roberts returned home Sunday night after a two-week trip that took them first to Woodbridge, Virginia, for a visit with their son Bill and family and granddaughter Jennifer's graduation from high school. Jennifer was an honor graduate of her class.

From Woodbridge they went to Minnesota and Wisconsin for some visiting with relatives and got in on those storms that were taking place, seeing the results of them. Their last stop was in Kansas City for a visit with a nephew. They reported a very good time, but as always were glad to be home.

THE MHS CLASS OF 1962 met recently in San Antonio for their 30th "family" reunion. Shown above enjoying the festivities are (standing) George Reed, Gary Wood, Patte Patterson Lynch, Tommy Dickerson, Tony Hobert, Clifford Straw, Sue Garrett Duvall and Shirley Duncan Welch, and (kneeling) Cheryl Matthews Dickerson, Lynda Smith Fields, Jerry Meers, Leon Looney and Ralph Caram.

### MHS Class Of 1962 Holds 30th Reunion

The Munday High School graduating class of 1962 held their 30th reunion June 12-14 at the Crockett Hotel in San Antonio. A total of 28 class members, spouses, and members of other MHS graduating classes attended and filed the following report.

On Friday, while some played golf, others took in a few of the many things San Antonio has to offer, while still others spent the afternoon just visiting. That night, everyone walked to the "River Walk" to dine at the Kangaroo Court before returning to the hotel for an evening of reminiscing on the rooftop deck overlooking the San Antonio skyline.

Everyone was on their own Saturday morning. While most took in the sights of the city, some remained at the hotel to visit. At 2:00 p.m., a meeting was held in the Green Room of the hotel, allowing everyone the opportunity to tell what they had been doing for the past 30 years. It was noted that "at our 20th reunion, talk turned to our children, how they were doing in school, what college they planned to attend and in general just bragging a little. At our 25th reunion, again talk turned to our children, what they were doing, what college they were attending, if they were married, etc. Now, at our 30th reunion, talk turned to our grandchildren and the prospect of retirement in the coming years."

Following this discussion, talk turned to Munday and how great it was to be able to say Munday is our hometown. We are all proud of that fact. If your ears were burning on Saturday, the 13th, there is a good chance they had a good reason to be as everyone helped catch up on what they knew of the people and news from back home. Questions like "what ever happened to old so and so" or, "do you remember when... or, I remember when...".

During the meeting, Sue Garrett Duvall led the group in singing the Munday school song. Before we knew it, it was almost 6:00 p.m., and time to catch a trolley to the Market to eat at the La Margarita. Before we left, a vote was taken to determine who in the Class of '62 had changed the least in physical appearance (both male and female), with winners to be announced back in the Green Room after dinner. After the trolley ride and a great meal, we met in front of the Alamo for group pictures.

We then returned to the hotel, where George Reed and Lynda Smith Fields were announced as winners of the "least changed" awards and presented plaques. A plaque was also presented to Sue Garrett Duvall of the Class of '62 for traveling the longest distance to attend the reunion. Sue is from Las Vegas, Nevada. Kathy Yeager Reim received a plaque for the member of the class of '63 who traveled the farthest. Kathy came all the way from Wooley, Washington, about four miles from the Canadian border, after reading about the reunion in the Munday Courier.

After the plaques were awarded,

the rest of the night was spent reminiscing. After brunch Sunday morning, we said our good-byes and departed our separate ways for home.

We all left San Antonio knowing that we not only had our class reunion, but we also had a family reunion. As the years go by, this class grows closer and closer. We are family now. For those of you who were unable to attend, we missed you.

Those attending from the Class of '62 were Tom Dickerson, Cheryl Matthews Dickerson, Jerry Meers, Lynda Smith Fields, Patte Patterson Lynch, Tony Hobert, Sue Garrett Duvall, Clifford Straw, George Reed, Shirley Duncan Welch, Gary Woods and Ralph Caram. Guests included Ronnie Hardin, Karen Johnson, Kathy Yeager Reim, and Leon Looney, all from the Class of '63, Karen Trantham Meers and Louis Flores from the Class of '64, and Barbara Walsh Averitt, from the Class of '65.

## Lynn Electric Of Knox City Observes 35th Anniversary

Lynn Electric Motor Company, owned and operated by Jimmy and Georgie Lynn, recently observed its 35th anniversary in business. Located at 1011 East Main in Knox City, the business has expanded several times and now occupies the entire block. The business offers complete services for the oilfield, as well as irrigation and domestic pumps supplies and service.

Mr. Lynn began his electrical experience while in high school, working part-time as an armature rewinder. He later worked full time as a rewinder and repairman in the motor department of United Electric in Wichita Falls. He gained another year's experience with American Electric in Odessa before coming to Knox City in 1957.

In 1967, Lynn built and moved into a modern building. Since that time he has added to his services of rewinding and repairing motors, installation, servicing and repair of pumps and oil field service and repair, a considerable display of stock, plus several ditching machines, two small

trucks, a bucket truck and a 40 kw generator. Machine work is provided with a milling machine and two lathes. Each vehicle of the business is equipped with a 2-way radio, and three employee homes are equipped with radio and shop extension phones to allow for 24-hour service.

Lynn is a member in good standing of the Electrical Apparatus Service Association, a select organization which supplies members with weekly up-to-date information and data. He is also an authorized dealer of Dayton and Baldor motors.

An avid believer in returning support to his community, as well as the surrounding communities, Lynn offers support and dona-

tions to their activities. He is a member of the Knox City Chamber of Commerce, serving the group as president in 1979, and is a member of the Knox City Lions Club. He and his wife are also active members of the First Baptist Church in Knox City. He responded to the Chamber's request of beautification by installing a fence around the business yard, and has for several years maintained, on the radio antenna above the main building, a lighted Christmas Tree that can be seen for miles around.

Mrs. Lynn, who is actively involved in church and community work, has been her husband's bookkeeper since he began his electrical career. Her office staff has expanded to include a daughter, Laura Anderson, nine years, a son, Scott, associated in business in the shop for seven years, most recently in the office, and Mrs. Toby Whisenhunt, 11 years. In order to keep the office running smoothly, Lynn Electric has employed the use of a computer system, which not only keeps up with receivables, payables, payroll and inventory, but supplies the shop servicemen with computerized motor redesigning.

The service staff at Lynn Electric has grown from two in 1970 to the present 13 full-time and two part-time employees. John Helms, who has been with the business for 29 years, heads up the shop in motor rewinding and repairs, as well as pump repairs. Other employees and the length

of their service include: Richard Averitt, 20 years; Tom Whitford, 17 years; Randy Hollingsworth, 12 years; Eusebio Lopez, Jr. and George Gross, 11 years each; Marq Brockett, 9 years; Rick Hacker, 7 years; Joe Barnard, 5 years; Thomas Willson and Johnny McCown, 2 years each, and Steve Clopton, one year. David Anderson, who is married to the Lynn's daughter, has been associated with the business nine years. Part-time employees are Matt Munsell and Howard Myers.

The Lynns are the parents of four children and grandparents of six, including David and Laura Anderson, Brian, Candace and Heather of Knox City; Jimmy II and Jan Lynn, Josh, Jennifer and Jessica of Grapevine; Scott and Lawri Lynn of Knox City, and Steven Lynn of Plano.

"We would like to thank our customers and friends for allowing us to serve your needs these past 35 years. In the future, we will continue to 'be there' for you, and serve you to the best of our abilities, as we have in the past."

Due to the busy summer season, Lynn Electric will host an open house, complete with refreshments, sometimes this fall.

On September 26, 1983, the America's Cup was lost by the U.S. for the first time in the yachting classic's 132-year history. The Australian challenger, Australia II, defeated the U.S. yacht Liberty four races to three.

**At Your Service**  
by Dr. Larry Fitzgerald  
Minister, Munday Church of Christ

Q: I'm 15 years old, but mature for my age. My boyfriend is 17. I want to go steady, but my parents won't let me. Do you think it's wrong to go steady?

A: I went steady when I was 17, but never to a girl who was 15 (no matter how mature she was). The one over-riding principle to anything we do is to ask the question: "Would Jesus have done this?"

Going steady is usually seen as the first major step toward marriage. Generally, in our culture, youth do not get married at such an early age. I would advise you to wait a couple of years before taking such a dramatic step in your life as going steady. Studies have shown that when you marry before you are twenty that your chances of a failed marriage are far more than when you marry after twenty. God hates divorce, and we should respect that (Malachi 2:16).

Going steady intensifies your emotions and makes sexual immorality a stronger temptation. God wants you to reserve sexual intimacy for your marriage relationship (Revelation 21:8 compare with 1 Corinthians 7:1-5).

I know two years seems like a long time, but if you are mature

for your age at 15, just think how much more mature you will be at 17 or 18 years old.
