MHS To Participate In Regional Track Meet

Fifteen Munday High School athletes will participate in the Region 1-A Track Meet this Friday and Saturday at South Plains College in Levelland. Each one earned the right to advance after winning either first or second place in their event at the District Meet held April 16 in Knox City.

Senior Nikki McGaughey will compete in the Discus and Shot Put after placing first and second respectively at the District Meet. Two other seniors joining Nikki are Sherita Jones and Brandi Branam. Sherita Jones qualified in the 100 Meters and Triple Jump.

Joining Sherita in the 400 Meter Relay are Juniors Melissa Berryhill, Michele Berryhill and Sophomore Gina Vaughn. Junior Heather King will run in Melissa Berryhill's place in the 800 Meter Relay.

Michele Berryhill and Brandi Branam will face off against the competition together in the 100 Meter Hurdles. Gina Vaughn advances in the 300 Meter Hurdles after winning first with her best time of the year at the District Meet.

Advancing to the Regional Meet for the Moguls are Senior Ray Hernandez in the 300 Meter Hurdles and 1600 Meter Relay. Sophomore Bronco Flye joins Ray in the Relay as well as running in the 200 Meter Dash. Juniors Kole

Sanders and Aaron Kiser round off the 1600 Meter Relay with Terry Tomlinson as alternate. Jason Bowman, also a junior, qualified in the Discus after winning first at District.

The students will be accompanied by their coaches, Alan Seay and Jim Edwards.

Saturday Is Election Day

Saturday, May 1, is election day for places on the city council, school board and hospital board. There will also be a race for U.S. Senator. At this time, all eligible voters may cast their ballots from

7 a.m. to 7 p.m. at the Munday City Hall for all four races. Winners Matthews will serve as election judge.

The only local contested race is for city councilman. Four candi-

dates are vying for three seats available. Incumbents Gary Tidwell and Jessie Andrade will be on the council ticket, along with Steve Morren and Larry Fitzgerald.

Two candidates will be listed on

the Munday ISD Board of Trustees ballot, with two to be elected. Incumbents Floyd Reed, Jr. and Maynard Moore are running for another term.

Incumbent Greg Clonts will be the only name listed to fill one position on the Knox County Hospital Board of Directors ballot this Saturday. This will be a two year term.

A Special Election with 24 candidates running for the unexpired term of U.S. Senator will also be held at this time. On the same ballot, voters will decide on three propositions concerning school finance, as listed below:

PROPOSITION NUMBER 1:

"The constitutional amendment allowing limited redistribution of ad valorem taxes for schools, authorizing the legislature or local districts to set a minimum tax rate in county education districts, and placing a cap on the ad valorem tax levied by county education districts."

PROPOSITION NUMBER 2:

"The constitutional amendment exempting a school district from the obligation to comply with unfunded state educational mandates."

PROPOSITION NUMBER 3:

"The constitutional amendment authorizing the issuance of \$750 million in state general obligation or revenue bonds to assist school districts in partially financing facilities, authorizing the state to forgive payments of loans made to a school district for partially financing facilities, and repealing the authorization for \$750 million in state revenue bonds guaranteed by the permanent school fund."

Being able to select your representatives in local and state government is an honor and a privilege. Be sure to exercise your right to vote this Saturday at Munday City Hall.

Local Golf Scramble Set For This Sunday

Lake Creek Golf Club has scheduled a golf scramble for this Sunday, May 2, at the local course. All area golfers are invited to participate.

Tee-off time is 1:30 p.m. Please be there to enter by 1:15 p.m.

Have a nice day!

Munday ISD Superintendent Discusses The Propositions

This is the final article in a series written by Superintendent Doyle Lowrance.

The Supreme Court has ruled that the current method of school finance is unconstitutional. The election on May 1 is an attempt to ensure an equitable finance plan for schools that will be constitutional. Passage of Proposition 1 on May 1st will enable the state legislature to recapture money and redistribute such in a process such as the C.E.D. or some other method. Legislative sources have indicated that a state income tax is the only other alternative to provide these funds.

Student population in Texas is growing at the rate of about 70,000 per year and additional funds need to be available. The projection of 650 million more dollars for education will not cover this growth. Legislative sources have told schools to expect less money over the next two years than was received the past two. The unanswered question at this point is how much less.

What would passage of Proposition 1 do for and do to Munday ISD? Sources such as the Equity Center, Representative David Counts, educational organizations, and others have indicated that passage of Proposition 1 would ensure the continuation of the successful operation of our district.

The reality of local taxes increasing is a strong possibility. Indications are that regardless of what happens in school finance that local taxes in some form will increase. This is due in part to the fact that the state is only funding about 50% of the total cost of education in our public schools. The possibility of this increasing in the next few years is not very strong.

Proposition 2 simply says that the state cannot impose new mandates on schools unless they fund such. This has not been the case in recent years and has placed a bigger burden on local tax payers. Passage of this proposition would serve as a safeguard for school in an attempt to hold the line on local tax increases.

Proposition 3 would provide 750 million dollars for construction of public school facilities across the state. This has always been a local responsibility in the past through the passage of school bond elections. Indications are that some districts have not been able to meet this obligation for one reason or another. Which districts would get this money is not known at this time.

I encourage all registered voters of the Munday ISD to give careful consideration on each of these three propositions. My main concern is that Munday ISD continue

to operate in a successful and efficient manner. Educational opportunities for the school children of our district can best be met if we are able to operate Munday ISD in its present structure.

VOTE MAY 1.

Goree Residents Vote At Memorial Building Saturday

Registered voters in Goree may cast their ballots from 7 a.m. to 7 p.m. on Saturday, May 1, at the Memorial Building. The City Councilman Election, the School Trustee Election, and the Special Election will all be held under the same roof.

There are no contested races in the Goree elections. Three have filed for three seats on the Goree City Council, which include incumbents Ray Hudson and Trudy Trainham, and newcomer Beth Maxwell.

For Goree Mayor, there will be a blank line on the ballot. Jimmy Harlan has filed as a write-in candidate for this position. Voters will need to write in his name on the blank line. The law states that you have to file before being eligible as a write-in candidate. Any other name written in will not be counted.

Incumbents Billy Dolan Moore and Leroy Russell will be on the ballot for School Trustee. This will be a three-year term, with two seats to be filled.

Also at this time you may vote in the Special Election for the candidate of your choice running for U.S. Senator. Three propositions on school finance is included on this ballot.

Election judge will be Margie Allen.

Everyone is urged to go to the polls and vote May 1.

The federal government first collected an income tax in 1863.

One-Act Play Cast Advances To State

Munday's One-Act Play has earned the title of Regional 1-A Champions following competition held last Thursday in Levelland. They will now advance to the state contest to be held May 6, 7 and 8 at the University of Texas at Austin. Munday is scheduled to compete on Saturday, May 8.

O'Donnell was the other play to advance.

Selected on the All-Star Cast were Andrea Longan, Heather King and Ricky "Dink" Fields. Honorable Mention All-Star Cast included Kerri Smith and Jay Kingston. Jay has been in the One-Act Plays for four years, and this was the first time he was selected for a special award.

Other 1-A plays to compete at Austin will be Penelope performing *Bus Stop*; Louise, *Threads*; Yantis, *Of Mice and Men*; Sabine Pass, *A Young Woman of Property*; Santa Anna, *Steel Magnolias*; Trent, *The Diviners*.

If you are planning on attending

the One-Act Play competition in Austin, ticket orders need to be in by this Friday, May 30. Contact Principal Phil Hall or Karen Longan.

Munday Receives Street Paving Grant

The City of Munday has received official notification from the Texas Department of Housing and Community Affairs of a grant to be awarded in the amount of \$250,000 for the provision of first time sewer service and street paving improvements.

This award was made available through the Texas Community Development Program. The grant was applied for 6 years ago, and every year since then. The City's continuing efforts have finally paid off.

A sewer line will be installed across the drainage ditch onto South Munday Avenue to service approximately six homes that currently use cesspools and septic systems.

The following streets will be paved with a curb and gutter:

- South 14th from Main Street to Eden Street
- Eden from South 14th to South 13th

- Alley from Eden north to Munday Housing Authority apartments
- Eden from South 12th west 1/2 block to existing pavement

- Gail Street from South 10th to South 9th
- Gail from 5th Street west 1/2 block to existing pavement

- South 8th from Main Street to Bowie Street
- North 8th from Main Street to B Street
- South 5th from Eden to Houston Street
- F Street from North Munday Avenue to North

- 3rd
- North Cedar Street from I Street to K Street

The total grant project amount will be \$287,500. The State funds will furnish \$250,000; City funds will furnish \$25,000, plus \$12,500 in labor, materials, equipment, etc.

Munday residents will begin seeing these improvements in the near future.

"On A Wizer Note"

by Paul Weiser,

Knox County Extension Agent - Agriculture

How is your garden growing? I hope that the dry spring so far has not disturbed anyone's garden.

My parents always had a hard time to get the larger tomatoes to produce. The cherry tomatoes were no problem however. This seemed to be such a great mystery.

In the May/June 1993 issue of "Texas Gardener" magazine there is an article which helps explain this situation.

One of the biggest problems with fruit set in tomatoes is if the daytime temperature stays under 55 degrees Fahrenheit. This can cause some tomato plants to lose their blooms.

Other problems include: over fertility, thrips, zinc or manganese deficiencies -- this can be eliminated with the use of most pre-plant fertilizers, and your selection of tomato variety is also important.

Does this mean there is no need to control insects? Not necessarily!

Some insects will still feed on the fruit and foliage. However, many of the critters found in a garden can be very beneficial. The "Texas Gardener" also has an article covering this topic.

Some such insects include assassin bugs, ambush bugs, bigeyed bugs, damsel bugs, flower bugs or Minute Pirate bugs and even some stink bugs.

How can you tell the good from

the bad when they are all ugly? The beneficial insects which serve as predators on other insects or larvae are recognized by their mouth parts which swing freely out in front of their head. Plant feeding species have mouth parts rigidly fixed to the underside of the head.

Speaking of insects, what is the latest on the Africanized Bees? The last I heard was that they were located around Georgetown in central Texas. Some believe they will not travel this far north, who knows for sure?

Even if they do not swarm up this way, Knox County will need to be aware of the bees. It is not unlikely for these bees to hitch a ride on vehicles. This includes harvesting equipment such as combines and pickers or strippers which travel from south Texas up north during harvest.

For your information, Africanized bees are almost identical to a normal honey bee -- maybe somewhat smaller. They have less venom and it may not be as strong. However, these bees are a whole lot more aggressive than regular honey bees and will attack at the slightest disturbance. Be careful when working around a beehive.

On May 5 from about 8:30 a.m. to 12 noon I will be officed in the Texas A&M Vegetable Research Center located on Hwy. 277 in Munday. On May 19 I will be in Knox City at the City Hall from 8:00 a.m. to 12 noon. If this works out it will be done on a monthly basis.

If you have any questions come by the Extension office in Benjamin or one of the two locations listed above and I will be more than happy to help in any way possible.

Mrs. Lometa Doss and Friends, Mr. and Mrs. M.F. Stewart of Red Springs and Mrs. Doris Hardin of Seymour were in Archer City, Saturday where they attended a rattlesnake roundup.

Mr. and Mrs. Keith Beck, Kimberly, Clint and Kerri attended the Cynthia Ann Parker Days celebration in Crowell last weekend.

Mary Helen Bratcher is recuperating at home following recent knee surgery in General Hospital in Wichita Falls.

Ferman and Bobbie Dowd returned home recently from an enjoyable trip thru east Texas. The trip began with a visit in the home of a daughter, Jo Carol and Mike in Wichita Falls and from there they were accompanied by their other daughter, Nelda Coulston of Sour Lake who was visiting with her sister.

Their first stop was made in Quitman, TX where Bobbie's parents, the late Mr. and Mrs. A.J. Caldwell, had been reared then on to Gilmer where Ferman's folks had been reared. Ferman was born in Rogansville, TX, near Jasper and his father is buried in the Hopewell cemetery near there.

Following their arrival in Sour Lake a call was made to Fernest Augustine in Eunice, LA, and a meeting was arranged for the two World War II "Navy buddies" to get-together for a reunion after 47 years. Ferman and Fernest had served on a destroyer in the Pacific theater.

R.J. and Lula Grace Trainham are visiting a few days with relatives in Midland after attending the Murphree family reunion at the Community Center, Sunday.

The Knox County Hospital Board election will be held this Saturday, May 1, in the Community Center. One at-large director for the hospital board is to be filled.

A reminder that the members of the Vera Baptist Church will host a celebration for the 75th anniversary of the church, Sunday, May 16, 1993. Former Pastors, members and all of their friends are invited to be present at this special occasion.

Mr. and Mrs. Bill Perry of Olney were recent visitors in the home of their friends, the Claudell Bratchers.

Mrs. Marguerite Beck of Seymour is spending a few days in the home of her son.

LAST WEEK TRUSCOTT

The wagon train started out on Wednesday, April 14, in wintry weather, but rolled into Crowell on the parade Saturday morning in fine shape. Those who stuck it out through the drizzle, snow, cold winds, and mud will have a story to tell for years about how they survived the wagon train of '93.

Cynthia Ann Parker Day had a big crowd. Besides the wagon train, the parade featured Indians, representatives from a Lubbock re-enactment cavalry group, the Ft. Sill band, a number of antique and classic cars, and all sort of folks from the high school band to horseback riders and those riding on one of the several floats.

Jodie Miller was visited by her daughters, Mary Nell Hinds of Dallas and Kay Hays of Abilene, from Thursday night to Saturday.

Irene and Owen New visited the wagon train encampment at Cooper Breaks Friday. Then on Saturday they enjoyed Cynthia Ann Parker Day activities at Crowell, along with their grandson, Jimmy Wayne New Jr. of Wichita Falls, and their daughter, son-in-law, and grandson, Peggy, Dwayne and Wade Plunk of Stratford.

Sunday visitors in the Owen New home were Mr. and Mrs. Jimmy New and daughter, Debbie, and her family.

Gladys Meek of Seymour visited Sybil Simmons Saturday afternoon. Sybil was in Crowell Saturday morning for the parade.

Crystal Dishman and her mother were in Knox City Friday for the district track meet.

Curtis Casey was in Abilene last Friday. His sister, Frances Carroll, had a storm door blown off by high winds recently and he helped put the door back. After lunch with his sister, Curtis visited his sister-in-law, Margaret Todd, at Coronado Care Center.

June and Newell Looney went to the farm show at Oklahoma City on Friday and Saturday, along with her sister and brother-in-law, Rachel and Walter Carl Taylor of Farmers Valley.

Harold and Carry Barry are back from San Antonio. Harold had a good checkup and everything is doing fine.

Jacquelyn Richey of Houston visited her parents, Jack and Clara Brown, Saturday and Sunday.

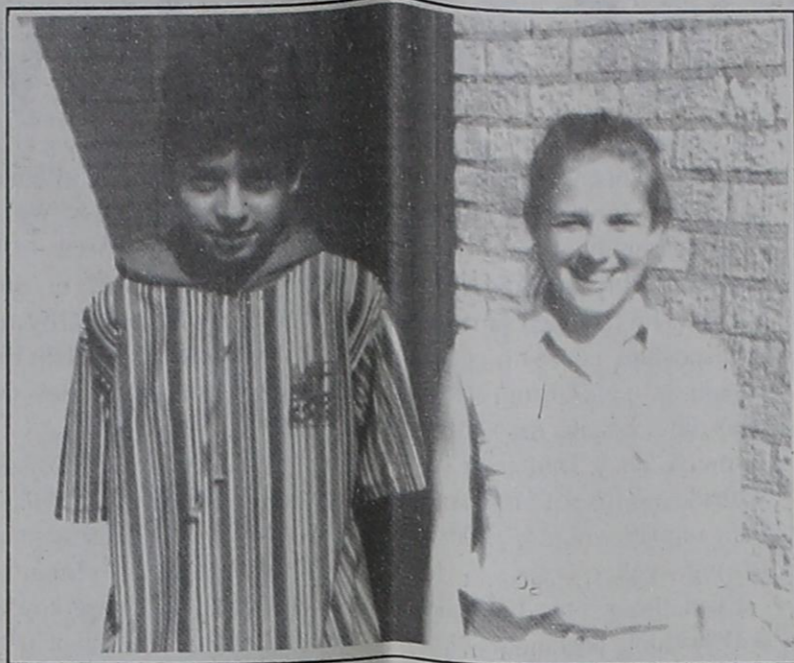

Visiting Vivian Brown over the weekend were her daughter, Mary Harbour of Tulsa, granddaughter Kim Fry, great-grandson Andy Fry, and a friend.

Sunday dinner guest of Jack and Clara Brown were Jacquelyn Brown, Vivian Brown and her guests, Vernon Jones of Crowell, and Opal and Edgar Jones of Truscott.

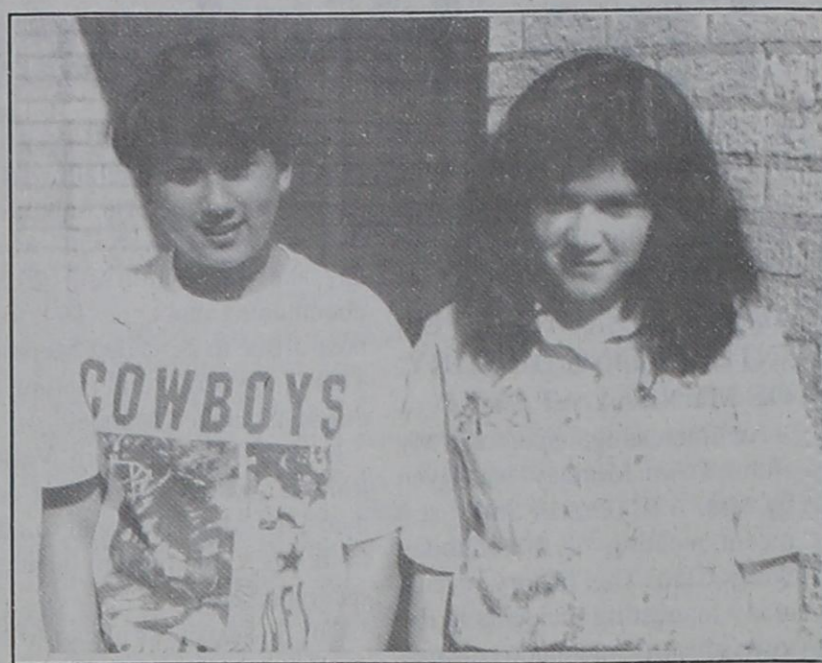

Jan Richardson of Lubbock attended the Knox City track meet Friday and spent Friday to Sunday with her mother, Scottie Burgess.

Frances Cook attended the activities at Crowell Saturday. She said she saw lots of old friends and former students.

The Truscott history group sold several copies of *Between the Wichitas*, the *Knox County History*, and several Knox County coins and pendants at the Wichita and Brazos Cattle Company booth Saturday. The Art Stall of Knox City shared the booth and sold quite a few copies of Wyman Meinzer's *The Roadrunner*.

SECOND PLACE SCHOLAR in Mrs. Partridge's sixth grade class is Brandon Sosa, at left, son of Rosa Sosa. Angela Albus, daughter of Richard and Cathy Albus was named second place scholar in Mrs. Brendle's class.

THIRD PLACE SCHOLARS at Munday Elementary are Kristy Yruegas in Mrs. Brendle's class, and Clarissa Valencia in Mrs. Partridge's class. They are the daughters of Joe and Mary Ann Yruegas, and Ernie and Diana Valencia.

Pathways

by Randy White, pastor
First Baptist Church

How many times have you prayed for something once, maybe twice, then given up? When the Lord was teaching His disciples to pray, He told them "Keep on asking, and you will receive. Keep on seeking, and you will find. Keep on knocking, and the door will be open."

Jesus gave the illustration of a man who had unexpected company arrive from another town late at night. Since he had nothing to feed them, the man went to his neighbor's house to ask for bread. The neighbor, however, had already gone to sleep, and did not want to get up. But that man was consistent, and kept knocking on the door. Eventually, the neighbor got up and gave the bread, so that he could get some peaceful rest!

Jesus uses this story to tell us that we often give up too soon in our praying. Sometimes it may be that the Lord waits on us to see if we will keep on praying the prayer, or if it is only a whimsical thought that sounded good, only to be forgotten tomorrow.

Have you got a prayer that you've been praying for some time now, and still no answer? The Bible tells you to keep on asking in faith -- you will receive!

"Lord, I come to you once again with the request that is so often on my lips. I pray that you would give me consistency, perseverance, and faith in this prayer. Amen."

Letter To The Editor

I love your paper, and I like monthly notices where I'll know where people I know are. Write a little more about what people are doing, especially older people of Munday because I know most of them.

I'm proud of Munday and Knox County.

The History of Munday

(The following article appeared in the February 10, 1949 issue of the *Munday Times*. Charles Baker retyped the story for us to use. We hope you enjoy it)

MRS. A. L. SMITH GIVES INTERESTING HISTORY OF MUNDAY AT CLUB

An interesting paper on "My Home Town, Munday" was given by Mrs. A.L. (Grace) Smith at a recent meeting of the Munday Study Club. This history reveals many interesting incidents in the town's history and much research upon the part of Mrs. Smith. The article is being reprinted below for its interest and historical value.

Do you know your home town? Do you know who the pioneer residents were and what part they played in the building of our town?

Frankly, I ask myself these questions and to my amazement found my knowledge of these important things very vague in my mind. I set out to find someone who could give me authentic information about this and, truly I have had a wonderful time visiting and talking to friends and neighbors.

Not only did I find Mrs. W.A. Baker a storehouse of information but had in her prized possessions papers yellowed with age and pictures of our early town that are indeed a delight to look upon.

My thanks also to Harvey Lee who furnished me dates and information of our city government, to Miss Maud Isbell, Mr. and Mrs. Austin Caughran, Dr. and Mrs. A. A. Smith, Mrs. J.R. Smith and Miss Shelley Lee.

To you who know the history of our town, it will be a pleasant trip through memory lane, and to others like myself, it will certainly be educational and interesting.

In 1893, the first business house in Munday was built in what was then called West Munday. Today the Barton home stands in its place (as I copy this in 1993, this house was known as the Beatrice Barton Campsey home till her death in 1993. It has now been sold to John Lee Nelson c.b.). This business was a supply store and housed our post office. To my surprise, I found that for a few weeks our town was called Maud, being named for our own Miss Maud Isbell (the first child born in Munday c.b.).

When they learned that in the far corner of the state another town was named that, Washington asked for another name to be submitted.

Mr. R.P. Munday, a pioneer of

this section, offered to keep the post office if he were allowed to submit the name. He submitted the names of Lowery and Munday, and Washington sent official documents October 8, 1894, for a post office to be called Munday. This is the origin and naming of our own beloved Munday.

In 1896, the Wichita Valley Railroad was surveyed out and then East Munday began to take form where the present business section is today.

Our first business in east Munday was the Alexander Mercantile that was established in 1900 and managed by our own Charlie Mayes. This business was in the location that Tiner Drug stands today. (in 1993, S & L Apparel department store c.b.)

Then followed the Baker-Bryant Co. managed and run by our beloved W.A. Baker. The present Baker-McCarty store stands on the same location. (in 1993, The Fair Store c.b.)

Gins and other businesses followed. Our first bank was organized and started business August 1, 1903, in a small space in one corner of the Baker-Bryant store. This bank was called the Knox County Bank and was an unincorporated institution.

Mr. Baker tells amusing incidents in connection with the operating of the bank. They had no capital stock except one safe that was purchased at a cost of \$1,000 on credit. This safe and a shingle with the word "BANK" on it was their stock in trade. The first deposit was made by Dr. J.T. Lee for his mother, Mrs. Manda Lee. The first check was drawn by R.J. Smith for \$2.50. This check was cashed in Seymour. The Knox County Bank had no correspondents or no exchange and when the check finally reached them, it was remitted by money order.

In those days before the railroad, currency and silver for the new bank were freighted in wagons from Stamford. J.A. Rayburn was one of the freighters who hauled most of it, and usually he was two days and nights getting from Stamford. Even though his money pack usually held \$5,000.00, nothing was ever thought of him losing it. Usually it was carried in his chuck box.

Here is another interesting incident concerning the bank. Mr. Baker at the time not only was serving as general manager of the Baker-Bryant store and president of the newly formed bank, but he

bought most of the cotton from the farmers. This was paid in currency and not by check. One day after he bought about 85 bales of cotton, a very agitated and nervous cashier looked him up and advised him to let up on cotton buying as they were out of money. This did not shake the faith of our farmers. They sold their cotton with the promise of Mr. Baker that their money would be in the following week.

Even though the bank started with nothing, on January 4, 1904, it was incorporated and became the First National Bank with \$30,000 in deposits, and Mr. Baker its President.

Our first hotel was owned by Uncle George Reeves, and this amusing incident was told to me by Austin Caughran. On June 6, 1906, our first passenger train arrived in Munday, and Uncle George was celebrating his 66th birthday on the 6th day of the 6th month of the 6th year and the train blew its whistle six times as it came to Munday. Miss Maud told me an interesting story of her train ride from Haskell to Munday soon after its advent into our realms. She boarded the train at Haskell about mid-morning. Her luncheon was pleasantly spent munching sandwiches and watching the beauties of nature unfurl. She arrived in Munday in mid-afternoon.

On August 22, 1907, about seven years after the surveying of the railroad, the *Munday Times*, edited and staffed by Thomas Durham, Standley T. Switzer, Clarence Knight, M. Clendinin and Clifton Branham, published a thirty-six page paper on the growth, history and development of our town. Much of my information was gained from this edition.

A wonderful sense of humor has very brilliantly been brought into display on the following descriptions of five of our early business pioneers, these men being J.F. McClendon, Charlie Mayes, W.A. Earnest, Walter H. Cousins and W.G. Sherrod. These men stayed here and worked, enduring the privations and hardships that are incident to the development of a new country. They met financial reverses like men and when they fell down they demonstrated to the world their ability to get up again. The secret of their success is the fact that they pulled together for Munday.

From the *Munday Times* issue August 22, 1907, I quote:

In 1900, W.A. Earnest pulled about him a bunch of boys and started the present City of Munday. He came to the vicinity of Munday in 1894. No proposition is too large for his ability and none too small for his attention. His business in Munday has been that of a ginner and builder.

Charlie Mayes came to Texas in 1888, and in 1900 he became the manager of Alexander Mercantile Co., the first business of east Munday. As a business man and financier, he always done everything possible to advance the interests of Munday and the Munday country.

W.G. Sherrod is cashier of the First National Bank. His business ability and sterling worth as a businessman was obtained from the school of experience.

J.F. McClendon, oldest of these pioneers, was here many years before the present town of Munday was thought of. All the old timers know him as a gentleman of sterling worth and integrity. Walter H. Cousins was born in

1878 near Leon River in McLennan County. We all know that the heart and hand of Walter Cousins is always open to help the needy and he is an apostle of "Sunshine and Happiness," and by universal concession is voted the biggest package of good fellowship in the town of Munday.

In his youth, Walter Cousins showed no symptoms of what is now a well developed case of greatness. He could open his mouth as wide and squall as loud as any kid along the river, and medical reports show that the stone bruises on his heels were as numerous as those possessed by any boy. At the age of nineteen we find him waving a pair of white socks in the air as a token of surrender to public criticism, and with a frock-tailed coat and derby hat as his sole evidence of learning, he applied for, obtained, and taught a country school. He was so successful in flattering the young ladies and cajoling the old maids in the community, that he was forced to teach for another term.

Then he landed high and dry in the realms of the lotus eaters and dope dealers of pharmaceutical career, and in January, 1901, he migrated to Knox Prairie with a bottle of turpentine and a can of crude carbonic acid in his grip, set up a dope joint in one of Uncle George Reeves hotel rooms, and in the company with a few other young hopefuls, began to put Munday on the map. Since that eventful hour, honors have thrust themselves upon him until he has a string of beads that look like this:

1. Son-in-law of Uncle George Reeves;
2. Justice of Peace 4 years;
3. First and present Mayor of Munday;
4. Confidential secretary to the Hon. Bud Weiser, MC;
5. Hot Air dispenser for the North West Texas local Option Association;
6. State poet for the Texas Pharmaceutical Assoc.;
7. Pencil pusher for the people in general;
8. Originator of the famous "Baby Sue Cigars";
9. Author of the proverb, "Our store makes others look like an old maid at a mother's congress.";
10. Proprietor of the finest drug store in West Texas.

Here's hoping that his string of beads will grow, until the weight of declining years is upon him, his honors and distinctions may no longer be counted sands; whether Munday ever puts Chicago in the shade or not, her citizens will ever remember and point with pride to the idea of its first mayor, Walter H. Cousins.

Pioneer citizens of our town included P.B. Broach who came here in 1888 and hauled his first cotton to Albany 85 miles away to be ginned, and R.P. Munday, who gave the first business lot in east Munday. Others were R.B. Wilson, G.W. Oliver, John Fisher, A.J. Glasgow, R.C. Rodgers, R.E. Bell, C.B. Goodwin, W.S. Ledbetter, E.B. Tull, J.F. Bolander, Thomas Lane, N.L. Newsom, G.H. Isbell, J.R. Reeves, W.R. Moore, John Naylor, J.L. Johnson, W.P. Clark, James Partridge, J.J. Switzer, E.E. Akers, D.L. Camp, T.D.L. Johnson, M.E. McKinley, J.M. Campbell, R.G.M. Eiland, John Couch, John Terry, B.L. Bowden, M.A. Lowery, G.W. Wren, E.R. Hobert, and others too numerous to mention.

Our pioneer doctors were Dr. J.T. Lee, who came to this country in 1900, and Dr. J.R. Smith who came to this country in 1891, but not till 1900 did he have an office in Munday. Dr. Lee's influence for good was far reaching and he

was ever ready to respond to any call that was for the welfare of his town and community. Dr. Smith came to Texas from Kentucky with a wagon train which disbanded in Bonham, Texas. Even though he had to come alone, he made his way on out to the Knox Prairie. These doctors lived in the horse and buggy day, but they cared for the sick, and no call was too far, nor the weather too bad to answer.

Other doctors to come later were: Dr. A.A. Smith, Dr. W.P. Farrington, Dr. D.C. Wylie, Dr. Crume and Dr. T.G. Easley, a dentist.

Our pioneer pastors will be remembered as Rev. R.G.M. Eiland, who served the churches in Benjamin and Vera for 14 years before moving to Munday in 1904. He was pastor when the first Baptist church was built. Rev. L.G. Carlton and Rev. Ed R. Wallace are mentioned as the first pastors of the Methodist church, which was the first church ever to be built in Munday. In 1906, the Christian Church was built and though two other denominations, the Presbyterian and the Primitive Baptist, did not have churches, they were well represented.

Many businesses had been established through the years from 1900-1906, and as proof of such is the following list quoted from the *Munday Times* issue of August 22, 1907:

A \$90,000 oil mill, 2 large merchandise stores, a hardware store, 3 grocery stores, 4 dry goods stores, 2 furniture stores, 3 hotels, 4 lumber yards, 2 meat markets, a jewelry store, 2 banks, 3 barber shops, an acetylene gas plant, 2 grain elevators, 2 cotton gins, 2 drug stores, a photo studio, a town government, an independent school district with 600 students, a new three-story school house, 5 organized churches and 3 buildings, and an estimated population of 1,500 to 2,000.

Following this, you can see wide awake townspeople with a faith unshakable in their town and country. As proof of this, let me quote the advertisement of Ledbetter Brothers Real Estate:

We can sell you a home in the west, Where the deer and the antelope play, Where scarcely a discouraging word is heard, And the sky is not cloudy all day.

Where wheat and oats do extra well, Where corn and cotton are successfully grown, Where gardens and fruits are the best

in the land. Where chills and fever are scarcely known.

The aspirations of our pioneer people were voiced by their declaration for wanting better roads, better streets, better sidewalks, better sanitation, better health, better prosperity and a faith that all these things would come to Munday.

Our present form of city government was officially incorporated in April, 1910, with a mayor and five aldermen. On down through the years, the town's needs have been discussed, developments made, and public services rendered. In November, 1922, the Chamber of Commerce was organized with its supreme purpose to foster the things that would be for the upbuilding of the town and community. The Study Club was organized in 1920, and became a Federated Club in 1921. Our present PTA organization of our schools is an outgrowth of the Study Club. The club has sponsored and established a public library and has on its shelves today more than 800 books and magazines.

So through the years of development and growth, we can look back and see the hopes and aspirations of our pioneer residents being realized because better roads, streets, sidewalks, sanitation, schools and churches have been realized.

Our hopes, our aspirations, and our faith for the future of our town are even greater than those of yester-years. So to you... and you... lets do our part even though it be small, to carry on with the faith and loyalty of our pioneer residents, the task that confront and face us today. Lets remember:

"No one can defeat us except our selves."

Grace Smith

As I copied this article from the well worn, yellowed clipping from the Munday Times of 1949, I could not help but reflect on those that "Blazed the Trail" before us. It is my hope that those of us that have "Carried the Torch for Munday" for the last 45 years, will be well remembered.

Church Of Christ Youth Do Well At Bible Bowl

The youth of the Munday Church of Christ traveled to Abilene to compete in a three-state Bible Bowl on April 17. Out of 65 teams, the seven member team was 22nd. In individual competition, Christina Fitzgerald was 8th out of 300 contestants.

The youth studied for six months in preparation for the contest over the Gospel of Mark. The contest was for juniors in the third through sixth grades, according to Larry Fitzgerald, minister.

"The adults watching these events are often amazed at how well their children have learned the Bible using this method," Fitzgerald said.

A sample of some of the questions that the entire team got right

are: 1. Who was the first Old Testament prophet quoted in Mark? 2. Who appeared with Jesus on the mountain of transfiguration? 3. What does 'Talitha Koum' mean? 4. Name the four brothers of Jesus.

The Munday youth have already started preparing for next year's contest on the book of Genesis, according to Fitzgerald. Coaches for the event are Gene and Tammy Klutts and Larry Fitzgerald.

This year's team was made up of the following youth: Waylon and Tommy Klutts, Edward Shields, Heather Stovall, Randy and Rickey Santellana, and Christina Fitzgerald.

Benjamin News

By Mrs Gladene Green

End of school activities have begun with UIL competition, banquets, and plans for Jr. High and Sr. High graduations.

The annual Jr.-Sr. banquet was held Saturday night at the Memorial Building. The place was beautifully decorated with the theme of "Unchained Melody".

ABOUT OUR ILL

Reports from Shirley Brown in Houston are good. She has begun treatment and so far has had no bad side effects. They will return home this week and she will return to Houston for regular check-ups.

I'm told that Grace Snailum is improving and that's good news.

No late news on Nell Hudson. She is still in Killeen.

Von Conner was back in Lubbock for a check-up recently.

Audrey Nolan, in the Care Home, has been suffering with a dislocated shoulder for a couple of weeks but is doing better. Her daughter, Peggy Dillard, was there to visit her.

Sammy Pierce was in Wichita Falls last week for a regular check-up. He is to go back in 3 months for further tests.

HERE AND THERE

Steve Conner of Hobbs, NM, was a weekend guest of home folks.

Kenneth Lloyd of Lexington, KY, was a recent guest of his mom, Dickie Lloyd, and his sister, Debbie Clower and family.

Jeff Pierce of Breckenridge was a recent guest of his parents, Barbara and Sammy.

Oleta Welch of Gorman has been a Benjamin visitor the past few days with her brother, Bill Rutledge, and all her friends here.

Dorothy Spikes and I attended the bridal shower honoring Sheri Parker, bride-elect of Steve Monroe, in Knox City on Saturday.

Rose Ellen and Daniel Albus of Lubbock were recent visitors with her mom, Nora Hertel, and with other relatives.

Bo Milson is a typical grandmother and is very proud of her grandson, Daniel Woolley, who was recently named "Mr. Spur Jr. High". Daniel is the 14-year-old son of Kermit and Kathy Woolley and is in the eighth grade. He was nominated for the honor by his teachers and voted on by the students. Congratulations Daniel!

Eunice Friday was in Dallas recently for a reunion of bank employees where she was employed. Fourteen exes got together at the El Fenix Restaurant for a meal and visiting. The next day they all gathered at the home of Micky Roe for a brunch. Most still live in the Dallas area except Friday and Rosalyn Knoch of Lansing, Michigan. She said it was good to see them all again.

If only ten percent of the 240 million Americans in the U. S. added an extra layer of insulation to their homes, the environmental, economic and social impact would be enormous, experts say.

"EVERY MINUTE COUNTS IN AN EMERGENCY!"

Emergency specialists call it the "Golden Hour." That's the first hour after a major injury or heart attack when you need emergency care, and you need it quickly.

Knox County Hospital Emergency

Room ER is just minutes away from you. We're equipped to handle emergencies quickly and efficiently. In fact, last year more than 900 patients visited our Emergency Room and more than 800 were treated in our hospital. The rest were stabilized and given vital treatment during the "Golden Hour" before they were transferred to another facility for specialized treatment.

Remember, when every minute counts, Knox County Hospital - is right here.

ONE-TWO PEST CONTROL FOR A HIGHER QUALITY CROP.

Protecting your cotton crop from weed competition and insect damage can pay off in higher yields. And we have a great combination to help you do just that.

WEED CONTROL

PROWL herbicide delivers long-lasting control of grasses and certain broad-leaf weeds, without root pruning, stunting or carry-over. And less root pruning helps improve insecticide uptake. That means your cotton gets off to a fast, healthy start, for

a higher-yielding quality bottom crop.

INSECT CONTROL

THIMET 20-G soil and systemic insecticide provides early-season control of aphids, thrips and mites in cotton. And applied at planting, it also controls aphids, leaf miners, leafhoppers, black cutworms and white flies.

See us today about the one-two combination that helps you get the most out of your cotton crop. We're your local Cyanamid AgriCenter dealer.

GORREE NEWS

By Joyce Greenwood

PEEK REUNION

The descendants of late Knox County pioneers, Jeff and Alice Peek, held their annual family reunion on April 24 at the Goree Community Center. Attending were their children, grandchildren and great-grandchildren: Ora Lane of Megargel; Effie Neighbors of Goree; Dimple Jetton of Spearman; John T. Peek of Solona Beach, CA; Wayne and Evelyn of Humble; Johnny and Jane Peek of Garland; Sharon Lane of Borger; Vicki Peek of Kansas City, Kansas; Noel Neighbors of El Paso; Alica Dell Dickerson of Red Oak; Lynell and Lynette Williams of Spearman; Mike, Kendia and Jordan Homke of Pasadena; Anna Mae Lewis of Dawson; and Juanita and Valita Lane of Megargel.

BRIDAL SHOWER

A bridal shower for Kindergarten teacher, Molly Jo Stout, bride-elect of Garry Wayne Urbanczyk, was held in the Goree Community Center on April 18. A brunch of fruit and fruit dip, pull-apart cinnamon bread, cinnamon rolls, banana bread and sausage balls was served.

Guests were greeted by the bride-elect, her mother Ann Stout of Seymour, the groom's mother Margaret Urbanczyk and his grandmother Mrs. Anna Urbanczyk.

Hostesses for the shower were: Jeannine Echols, Francelle Echols, Phyllis Reed, Cathy Albus, Ida Jo Owens, Donna Cotton, Barbara Bowman, Berniece Steward, Dorothy Herring, Pearl Yates, Susie Williams, Peggy Hosea, Dixie Elliott, Janet Dillard, Brenda Trainham, Lynann Stewart, Joyce Greenwood, Ethyl Birkenfeld and Dulah Lambeth.

UNDER THE WEATHER

Mrs. Wm. Taylor is a patient in the Haskell Hospital. She was transported there by ambulance after becoming very ill in her home on Friday.

Ray Harlan has returned home following surgery on his throat last month. His wife, Sue, will be taking him back to Wichita Falls for further treatment during the

next six weeks.

Word has been received that former Goree resident, Lucille Smith, now of Anson, is in serious condition in the Anson Hospital following a hip fracture.

Connie Gray reported that her little daughter, Candice, had eye surgery at Children's Hospital in Fort Worth last Thursday. Everything went well and they returned home on Friday. Joe Bob Gray came from Stephenville to be with Candice for the operation.

All Around The Neighborhood

Visiting Allene Seale was her son, Jim and Velma Seale of Arlington. Other visitors included Steven, Tommy and Britney Seale of Eroken Arrow, OK. They all visited Curtis Seale in the Munday Nursing Center.

Ethyl Birkenfeld reported that the Birkenfeld family had a get-together at Rhineland over the weekend. She said there were too many to name, but they had a great time visiting together.

Lloyd and Dixie Bradley spent last week with their son, Jerry and wife, Carolyn in Arlington. Their son, Clifford, visited with his parents at Jerry's home.

Jo Nell and Lee Patterson have returned home following a two week tour to the hill country to view the Bluebonnet Trail.

Dale, Mary and Amy Huffman of Munday; Glenn and Vicki Huffman, Brian and Crystal; Teresa Speck of Abilene; and Kyle Speck of Knox City visited Joyce and Bill Huffman during the weekend.

Laura Burnett Wins Third At Regional UIL Literary Meet

Laura Burnett, daughter of Bobby D. and Judy Burnett, placed third in Literary Criticism at the Regional UIL Literary meet held last week, and has qualified to go on to state competition.

Placing sixth in Current Events was Robin Bowen, daughter of Bob and Kathy Bowen. Andrea Longan placed sixth in Prose. She is the daughter of Bill and Karen Longan.

Fighting Snakes And Living With Lepers And Now Truitt Adair Comes To Munday

The seven foot snake coiled and hissed in the laundry room of Truitt Adair's house. Outside, the children played in the yard. Truitt's wife cooked supper in the next room. This was no ordinary snake

but one of the most poisonous in the world -- Africa's green mamba.

With a broom handle, Truitt managed to chase the monster out of the house through the yard and out into the jungle, without incident.

Not too many years later, Truitt had left Africa to work in India. His major residence -- the Leper cities of that country.

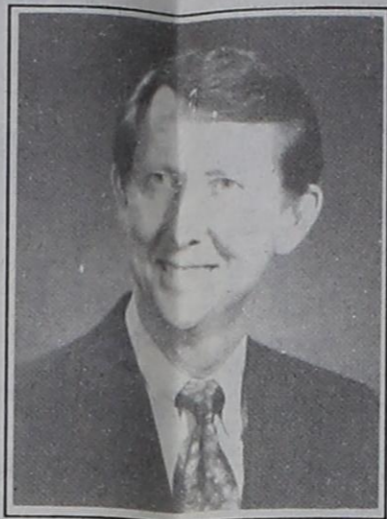

Truitt's life sounds like something out of Indiana Jones. But he isn't an archaeologist or an adventurer. Truitt is a preacher.

Truitt has worked throughout the world planting new churches, establishing schools of preaching and aiding the less fortunate.

Besides his many years in the foreign mission field, Truitt has also preached for congregations in Arizona and Texas. Currently, he teaches at the Sunset Church of Christ and is slated to be the school's new director in August.

Truitt will be speaking at the Munday Church of Christ this Sunday in a One Day Gospel Meeting. He will be speaking on "Victory in Jesus -- the True Message of the book of Revelation."

Truitt will be speaking to a combined adult/high school class at 9:30 a.m. and the regular morning worship service at 10:30 a.m. At noon the congregation invites you to a pot luck luncheon at the church building. At 1:00 p.m. the congregation will have its second worship service of the day with a short message from Truitt. At 2:30 p.m., the congregation will host an area-wide "Sing" for anyone.

NURSING CENTER NEWS

By Virginia Williams

Dorothy Brown and Camen Munoz of the First Baptist Church called bingo Tuesday afternoon. Vera Carver won the blackout game.

Bill Williams took his mother, Virginia Williams, to see Dr. Thompson on Thursday.

Nancy Cypert had a very good popcorn and coke party for the residents on Wednesday.

W. C. Nance of South Texas came to see his mother, Alpha Nance, and his cousin, Vera Carver, on Friday.

Vina Clark and Judy Gouge of Dallas came to see Ruby West and Linnie West.

Johnny and Jo Moore of Goree visited Alma Phillips.

Corine McKinney, a former employee of the Munday Nursing Center, came to visit a lot of residents who were here when she worked here. She now works at the Knox County Hospital. We all enjoyed her visit.

Woodie Strickland of Abilene came to see his mother, Eunice Strickland, on Sunday and had lunch with her.

Virginia Cary came Saturday and read several short poems and stories from the *Guide Post*. Let God be our guide, I Peter, verse 14. Then we all repeated the 23rd Psalms.

Tom Hamilton visited several here on Saturday afternoon.

Cordie Cunningham of Haskell came to visit her sister, Alma Phillips.

Frances Stillwell of Dallas also

visited Alma Phillips.

In Monday afternoon Bible Study, Brother Randy White, had a prayer and then read from Psalms Chapter 19, saying for people to go preach, plow, play, or whatever we wanted to do. God speaks to us at all times. He speaks to us through the beauty of things and life if we only listen to Him. It was one of the best sermons I have ever heard.

Bobby Lambeth of Midland and Willie Lambeth of Goree visited Gladys Lambeth on Thursday.

Tommy, Cindy and Jessica Thompson of Midland visited her grandmother, Etta Frazier, over the weekend.

Tonya Tolleson and Amber Clay of Wichita Falls visited Fleta Mayo on Sunday.

Reminder to family members to turn in your answers for the Mother's Day program by May 5.

Lions Club Garage Sale Big Hit With Local Shoppers!

The Munday Lions Club Garage Sale was a huge success. Area residents swarmed the downtown park to shop for bargains.

Vera Tomlinson was the winner of the gas BBQ grill, donated by Lone Star Gas. Keith Offutt won the \$100 Savings Bond donated by McCauley-Smith Funeral Home.

An Open Letter to the Citizens of Munday . . .

Dear Friends:

On May 1, we will be electing three members to our city council. Four candidates, including myself, have filed for the office. If the other three are chosen to serve, that will be fine. I believe that they are all good men with your best wishes as their concern.

However, should you choose me as one of your aldermen, I will do my best for you.

These are my major concerns:

1. To remember that elected officials in our country are servants, not rulers. I will seek to serve.
2. To seek out alternative financing for our city. Some taxes are necessary but often grants and other forms of alternative financing are overlooked. A good example are the free Christmas decorations I was able to secure for our town recently. Alternative financing can save us many tax dollars.
3. Working for new industry to bring in jobs for our children and grandchildren. My wife and I love Munday and hope to keep this as our home. We also want your and my children to have the opportunity to live and work here after graduation.

Your vote this Saturday is appreciated!

Sincerely,

Larry Fitzgerald

Don't Wait Until The Pie Is G-O-N-E

Everyone knows that if a pumpkin pie is cut into seven pieces and one eats a piece of pie every day, the pie will be gone in a week. The same is true of our non-renewable natural resources; there is only a finite amount of oil (for plastics), iron (for steel), or bauxite (for aluminum) to be found on Earth and once it's gone, it's gone for good.

By reducing the amount of garbage, the rate at which natural resources are used up is slowed down. Source (waste) reduction is an abatement of waste propagation, a decrease in the amount of garbage generated per person per day. It is a pollution prevention measure aimed at reducing, avoiding and/or eliminating the generation of waste.

There are a variety of ways by which to trigger source reduction:

- reusing a product for its original purpose,
 - purchasing products which use a reduced amount of a given material (lightweighting).
 - Increasing a product's useful life by taking good care of it to reduce discards and replacement needs,
 - substitute reusable products for single-use disposable products.
- Source reduction is beneficial in four ways:
- It decreases the size of landfills required for garbage disposal.
 - It decreases the groundwater

and atmospheric contamination problems originating from landfills.

- It decreases the quantity of natural resources consumed in mining manufacturing, packaging and transportation operations, by its materials or energy.

Facts About Dried Fruits

Dried fruits have concentrated nutrients because drying reduces water. As a result, dry fruit is generally high in minerals and some-time sin beta-carotene. Dried fruit is also high in fiber and is fat free. However, dried fruit loses most of its vitamin C in the drying process and the sugar, like the minerals, is concentrated. Dried fruit may contain as much as 70 percent sugar by weight, which approaches the level in some candies.

Dried fruits often contain sulfites, a preservative, to which some people are allergic. Dried fruits tend to stick to your teeth and can promote tooth decay. Brushing and flossing soon after eating dried fruits is important.

CHRISTIE WILDE

Christie Wilde, daughter of Verna Wilde of Munday, will be honored Saturday, May 8 by the members of the Major Francis Grice Chapter of the Daughters of the American Revolution during a luncheon at the Wichita Falls Country Club.

Christie, a senior majoring in Elementary Education, is one of three Midwestern State University students that has a Major Francis Grice student scholarship. These students are selected for their high scholarship excellence, their dependability, character, and through recommendations from former teachers and school administrators.

Mrs. Kenneth Meaders and Mrs. Raoul Ashby will introduce the three honorees. A program on Insignia will be presented by Mrs. C. L. Thompson and Mrs. Edward McRae also conducting the yearly Memorial Service. Hostesses for the day will be: Mrs. McRae, Mrs. Shirley Harris, and Mrs. Edgar Ellis.

**Lanesa Wilson
Recipient Of
Academic Award**

The United States Achievement Academy announced that Lanesa Wilson has been recognized for academic achievement as a United States National Honor Roll Award winner.

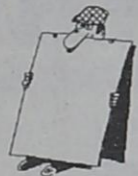

Lanesa, who attends Munday Junior High School will appear in the United States Achievement Academy Official Yearbook, published nationally.

"Recognizing and supporting our youth is more important than ever before in America's history. Certainly United States Achievement Academy award winners should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the United States Achievement Academy.

The USAA National Honor Roll Awards provide honor roll students with many benefits and services and is a great tribute to a student's dedication, talent and ability.

Lanesa is the daughter of Mr. and Mrs. Charles Pankhurst of Munday and Mr. and Mrs. Lowry Wilson, Jr. of Plainview. The grandparents are Mr. and Mrs. Leo Koenig of Munday and Jane Wilson of New Braunfels, Texas.

The Cross and The Flame

First United Methodist Church
Munday, Goree
Steve Barrett, pastor

Jesus said, "Blessed (Happy!) are you who are poor, for yours is the kingdom of God" (Luke 6:20). What could Jesus possibly mean? Anyone who looks at the poor can see that they are miserable and abused, deprived of the abundant life that all people deserve! We all fear poverty and the suffering it brings. Many of us work too hard and too long because of our fear. Perhaps workaholics are just as unhappy as the poor! Yet Jesus insists: "Happy are the poor!"

There is a stream of tradition that runs through the Bible saying "blessed are the poor". The prophets of Israel proclaimed that poverty was a sign of evil in the land. The prophets demanded that when Israel returned to the Lord there would be no more poverty in the land (Amos 5:11-13). Jesus stands in that tradition. He proclaims that God is on the side of the poor; the kingdom of God is their's. God loves us all, but God's friends are the poor. So, Jesus's saying is full of promise. With God definitely on their side, the poor have the energy to break out of the oppressive system that is against them. With God as their friend, the poor have the courage to confront those

who would keep them in their place. In spite of all appearances, God is with the poor. So, if we rich desire to be God's friends, we will have to befriend the poor. And, pray God, they will have to befriend us.

Public Invited To Special Meeting At Community Center

Economic and community development plans for Munday will be discussed at an open meeting Monday, May 3, from 7 to 10 p.m. at the Munday Community Center.

"This will be a working meeting," said Gary Schur, chairman of the committee. "Anyone who is interested in the future of Munday is welcome to attend and participate in the decisions that will be made."

Participants will discuss the strengths and weaknesses found in Munday and look at the opportunities that result from those strengths. Specific projects will be discussed and prioritized.

The meeting is sponsored by the Munday Economic Development Committee, a joint project of the city of Munday and the Munday Chamber of Commerce and Agriculture.

For further information, contact the Chamber of Commerce office at 422-4540.

It's estimated that one of every four toilets leak, making the matter no drop in the bucket.

Rally Day Held By County Homemakers

Over 60 Extension Homemakers and guests from Knox, Haskell and Baylor Counties attended the annual Rally Day in Benjamin on March 31.

The event was kicked off with a warm welcome from Knox County Treasurer, Evelyn Balis. Baylor County responded to the welcome with Haskell County presenting a devotional.

Theme for the day was "Hats". All those attending were asked to wear a hat made of or decorated with items from their kitchen. A style show of hats was enjoyed by the group.

A time of "show and tell" allowed members to share new ideas as well as old precious memories with the group.

Following a covered dish luncheon Ila Mae Bullion, Chairman of the event, conducted a business meeting. Haskell County will host the 1994 event.

Highlight of the day was a slide presentation on "West Texas Wildflowers" presented by Zoe Kirkpatrick. Mrs. Kirkpatrick of Post, Texas shared her knowledge of wildflowers with the group as well as information from a book she has written, "Wildflowers of The Western Plains".

Police Report

For the week of April 18-24. One citation issued for failure to maintain a single lane; six warning citations for speeding; our usual numerous verbal warnings; one report of stolen bicycle April 18, bicycle recovered in Weinert April 22, charges pending; one arrest for public intoxication and one DWI arrest.

This week let's discuss some forgotten and sometimes ignored laws that are usually the subject of the verbal warnings and soon to become citations. Vehicle Laws: Article 6675a (Sec. 3e) Operation without license number plates. Any person who operates a passenger car upon the public highways of this State at any time without having displayed and attached, two license number plates, one plate at the front and one at the rear, which have been lawfully assigned for that vehicle, shall be guilty of a misdemeanor.

(Sec. 7) After the fifth day after the date a registration for a motor vehicle, trailer or semi trailer expires any person operating said vehicle upon the highways of this State shall be deemed guilty of a misdemeanor.

Article 6675b (Sec. 1) Driving an unregistered vehicle: Any person operating upon any public highway a motor vehicle which has not been registered as required by law shall be fined. These are just a few that we sometimes forget.

County Treasurer Attends Seminar At Texas A&M

Knox County Treasurer Evelyn Balis was among approximately 200 county treasurers and other staff members taking part in the 21st Annual County Treasurers' Seminar at Texas A&M University April 12-15.

The seminar covered such topics as *County Employees and Credit Unions, Indigent Health Care, A Review of the Worker's Compensation Insurance Law, AIDS Awareness*, and much more.

County treasurers who attended all of the sessions of the conference received continuing education units from Texas A&M's Office of Continuing Education. Treasurers are required to complete 20 hours of educational effort every two years in accordance with state law.

NUMBER SEVEN! . . .

Purple Cloud Band Wins Sweepstakes!

Members of the Munday High School Purple Cloud Band received an unprecedented 7th Sweepstakes trophy in UIL Region II Concert and Sightreading Contest held in Vernon last Wednesday, April 21.

Superior ratings were received from each of the three judges in both concert and sightreading phases of the contest. This, added to the first division rating in marching last fall, earned the band a sweepstakes rating for the year.

The Purple Cloud Band was one of only two Class A bands in the

North Zone competition receiving the sweepstakes designation.

Other class A schools participating and their ratings (in concert and sightreading order) were Knox City, III and III; Windthorst, II and II; Throckmorton, II and I; Muenster, III and III; Paducah, I and I; Petrolia I and II.

The South Zone schools had the same judges as the North Zone. The schools and their ratings were, Rochester, IV and IV; Aspermont, IV and IV; Roby, III and IV; Baird, I and I; Roscoe, I and I; and Bront, III and II.

Thank You

Our Garage Sale was a big success. We would like to thank the ones who donated items, those who worked at the sale, and the public for their support. A special thanks to Lone Star Gas for donating the BBQ Grill, won by Vera Tomlinson, and to McCauley-Smith Funeral Home for the \$100 Savings Bond, won by Keith Offutt.
