Look
To The
East

By Aaron Edgar

April is here!
It is a month of great promise. We're expecting big things during this 30-day period.

Right off, if you're on your toes, you are missing out on some of the fun. Today is April Fools Day, remember?

Two days later, April 3, we'll be voting in city, school and hospital elections. These are county-wide, area-wide, state-wide, etc.

Do not be derelict of your duty. Get out to the polls and exercise your privilege of voting. Let this bi-centennial year be one for renewing your vows to practice democracy in its fullest!

Other dates in April are some to be revered by people of the Christian faith—those who believe in the risen Christ. They are Palm Sunday, April 11; the Passover, the 15th; Good Friday, the 16th (the date when we have religiously done our garden planting in the past), and then Easter Sunday, April 18.

Easter Sunday is a holy time for Christians, a time that should be more religiously observed than it is. We've become sort of lax in this modern world to appreciate this period in its fullest.

Way back yonder, no one thought of doing anything on Easter except go to a place of worship, hearing the inspirational songs and then have the preacher take his place in the pulpit and proclaim the wonderful message: "He Is Risen!"

Back yonder, too, men would wear their best bib and tucker, women would dress up in their Easter finery, and churches would be almost filled to capacity if for this day only.

The types of women's hats brought amusement to the observing male population. No woman would dare attend church without being attired in a hat. Now, they wear hats no more—a transition that took some women a long time to become accustomed to.

As if following the example set by "The Man From Galilee", the entire world seems to arise from its winter's sleep in April and begin to take on new life. Regardless of what the calendar says, it doesn't seem like spring until April arrives.

Then it is that trees burst forth in new life and put on their garments of spring greenery of varying and sundry shades. Birds build their nests and sing louder and longer with the advent of spring. Even those that migrated south for the winter return and fill the air with their music.

The rangeland becomes enveloped in a carpet of greenery, and the sight of fine cattle grazing on prairies lush with green grass is an inspiration. Fruit that has escaped the late freezes begin to become visible on the branches.

April showers bring May flowers!
This line of a familiar poem becomes true to life during the month, and it is an enjoyable time when one can take a leisure drive and behold the beautiful flowers (Continued On Page 2)

Plans Inaugurated For City To Operate Ambulance Service

TALKING IT OVER: Here a group of interested citizens are conversing with members of the City Council of Munday on possibilities of the city taking over ambulance service here. The city officially took over this service on Thursday, April 1.

If plans initiated at the "town hall" meeting of citizens on Thursday night of last week are carried out to fruition, the City of Munday may soon be in the business of operating an emergency ambulance service for the Munday area.

Some 60 persons who attended this meeting in the Community Center of Munday expressed concern over the proposed stopping of ambulance service, and "kicked the matter around" with a 100 per cent attendance of the City Council. A number of persons expressed willingness to cooperate as volunteers for the city-operated service.

Several plans of operation were discussed, including the Gold Cross service of Wichita Falls, and a county-wide service operated with units based at the Knox County Hospital.

At the request of Mayor J. E. Reeves, Clint Norman, mayor pro tem, presided at the meeting. Following discussions and suggestions, it was decided to steer their efforts toward a city-operated ambulance service, with financial aid coming from the

IT'S OFFICIAL, NOW!

Members of the City Council of the City of Munday, in a special meeting on Monday night, officially voted to assume operation of ambulance service in Munday. This became effective on Thursday, April 1.

Details of the operations, transfer of ambulance equipment, etc., are being worked out between the city, McCauley-Smith Funeral Home and the public health office of Region 4.

The Council voted to hire a full-time ambulance operator, and applications for this position are now being received by the city administrator.

Rates for ambulance service are contained in an ad appearing elsewhere in this issue of The Courier.

county, hospital district and possible other sources.

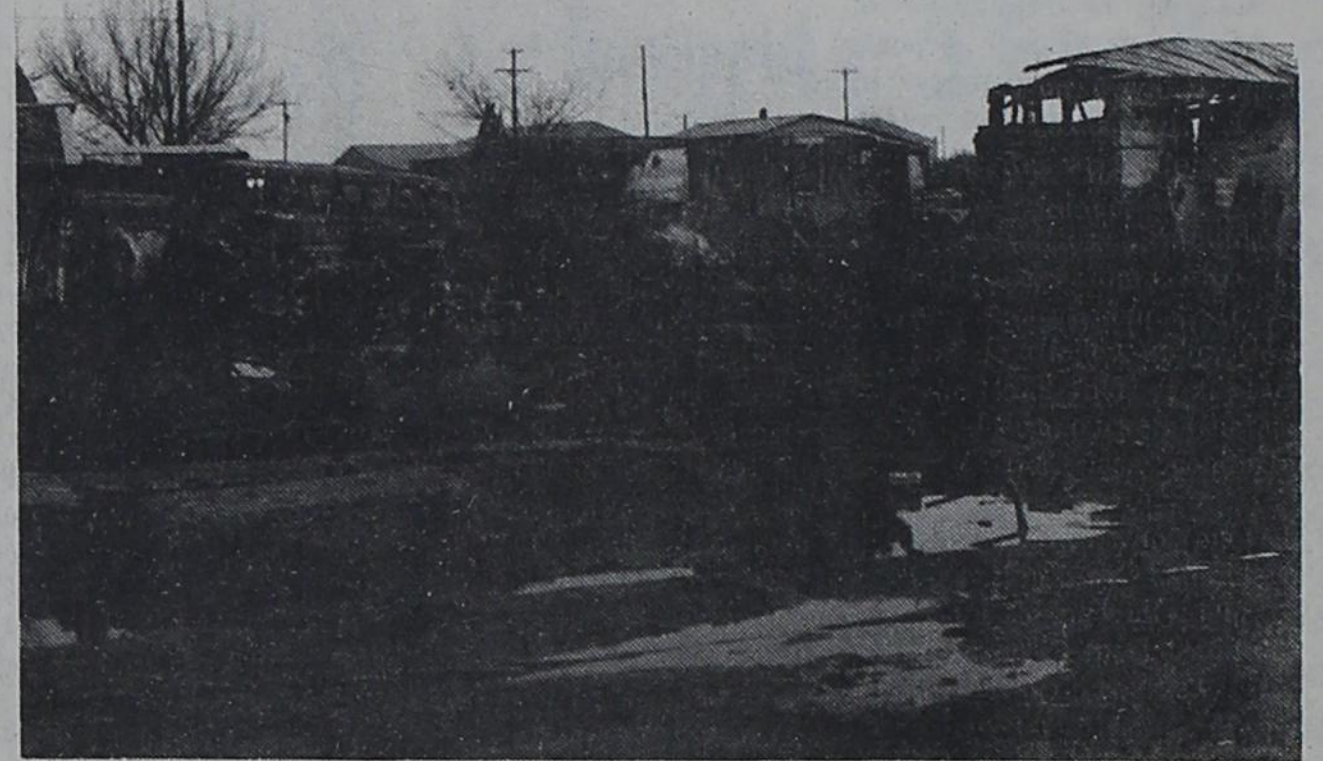

Richie Smith, speaking for McCauley-Smith Funeral Home, stated that the funeral home would donate the city one ambulance and sell the other for \$5,000. The privilege of using the funeral home property for storage, etc., would be granted until other facilities could be worked out.

It was pointed out that the city could likely hire an additional "good man" to oversee the ambulance service and also help out in the police department. Volunteer help could be used in other areas of service.

The importance of keeping an ambulance service in Munday was emphasized, as "precious minutes" in emergency cases would be lost if one in need of this service was forced to wait until an ambulance could arrive from somewhere else.

Gene Brown made a motion that those assembled go along with a city-operated ambulance service.

SMOLDERING RUINS: This is all that remains of four houses in "The Flats", one of which was a cafe, that were destroyed by fire last Thursday night. Local firemen battled the blaze for at least three hours. Flying cinders threatened other homes in the area.

Annual Chamber Banquet Slated For Monday Night

Interest of people of this area is centered this week on one of the highlights of the year for Munday!

It is the annual Chamber of Commerce banquet, which will be held on Monday, April 5, at 7:30 p.m., in the high school auditorium.

Tickets are selling briskly this week, as officials of the Chamber of Commerce are "wrapping up" plans for the banquet. A larger than usual crowd is expected, due to an unusual feature of the banquet.

This feature is the honoring of all area citizens who have lived in Munday for a period of 70 years or longer. Special invitations have been extended to these citizens, and special table arrangements are being prepared for them.

Callie Ann Combs, chamber manager, has set 5 p.m. Thursday (today) as the deadline for letting her know if the designated persons can attend. This is important, since it must be known ahead of time just how many will attend and arrangements completed.

Reagan V. Brown, special assistant to Gov. Dolph Briscoe, will be principal speaker at the banquet. He is rated as one of Texas' most popular speakers, with a sparkling style and down to earth philosophy which has made him a favorite at

REAGAN V. BROWN

many state and national meetings.

Often called "Mr. Community Improvement", Brown has helped many communities in programs designed to make them more beautiful, more prosperous and better places in which to live.

He is equally at home in academic circles or at rural community meetings. He has received standing ovations in college campuses, sales meetings, conventions, and hundreds of community get-togethers. He is a community builder, ambassador for Texas, Sunday School Teacher, father and an Aggie. He is also a champion for the acceleration of industrialization of our state.

The speaker will be introduced by the Hon. W. S. (Bill) Healy, representative of the 101st Legislative District of Texas.

W. O. Smith, treasurer of

the Board of Directors, will serve as master of ceremonies. It will "fall his lot" to perform the enjoyable chore of recognizing the pioneer citizens in attendance.

Special music will be provided by Mrs. Joe Alcala of Lubbock, well known and accomplished vocalist who will be accompanied at the piano by Mrs. Dwight Key. Dinner music will be furnished by "one of our own", Miss Nancy Patterson, presently a student in McMurry College in Abilene.

These and other features of the banquet are designed to make it one of the most enjoyable in recent years, attracting many area people as well as a large number from neighboring towns.

Instruction In First Aid To Begin Tuesday

Richie Smith, certified first aid and C. P. R. instructor, has announced that a class in American Red Cross first aid will begin on Tuesday, April 6, at 7 p.m., with classes being held each evening.

This course will be given at the Texas A&M Vegetable Research Center, he said.

This is for all ambulance attendants and other interested personnel. It will also be a follow-up for those who did not get their required hours in the last first aid class conducted here.

Everyone who may be operating an ambulance under the new city-operated setup are especially invited to take this course.

SS REPRESENTATIVE TO BE HERE APR. 8

A representative of the Vernon social security office will be in Munday at the City Hall on Thursday, April 8, from 10 a.m. until noon. He will be glad to assist you with your Social Security problems. If you are unable to visit personally, you may transact your business by telephone.

BULLETIN

Notice Band parents. There will be a Band Booster meeting Monday, April 5, 1976 at 8 p.m. in the Munday Band Hall. Be sure and attend.

Saturday Is Election Day!

When voters go to the polls to cast their ballots next Saturday, they will have at least "four elections" instead of one. This fact is expected to create more than usual interest in "election day", as these phases of local governmental bodies will be voted upon.

These elections will be for city officials, school board members, hospital board members, and members of the county school board. All of these are important to the voters of this area, and a large attendance and increased interest is anticipated.

Following is a brief resume of the elections which effect people of the Munday-Goree areas:

Munday Elections

The City of Munday will elect a mayor and two

Rodeo Opens Friday

Plans are in the final stages as those in charge continue working toward the junior rodeo which will open Friday night at the local Lake Creek Arena.

The parade officially opening the rodeo will be staged at 5 p.m. Friday, and all are invited to witness this event.

Rodeo performances will be at 7:30 o'clock each evening, with the rodeo continuing through Saturday. Producer of this event is Runt Sloan, who is well known in rodeo circles.

Special events to be staged are: bareback bronc riding, break-away calf roping, steer riding, barrel racing, scoop races, pole bending, ribbon roping and bull riding.

For evenings of real western-style entertainment, come out to these performances. The admission is \$2.00 for adults and \$1.00 for students.

aldermen. Mayor J. E. Reeves, declined to run, after serving in this capacity for 12 years. Voters will also be elected Saturday. Members whose terms expire and who are listed on the ballot for another term are Richie Smith and Vernal Zeissel, both of Munday.

Listed on the ballot for aldermen are: Glenn (Sonny) Crawford, Clifton (Pat) Patterson, James (Jimmy) Reid, and Ray Lynn Hardin.

The Munday school board election has developed into quite a race and should create interest among the voters. Six men are vying for the three vacancies on the board.

They are: James Amereson, incumbent; Spike Bryan, Buford Berryhill, Philip McAfee, Rebus Guess and Howard Myers.

Other incumbents, Dr. W. H. Stewart and James Smith, did not ask re-election. Hold-over members of the board are Richie Smith, A. L. Awalt, Daniel Ramirez and Sandra West.

Goree Elections

The City of Goree will be given three aldermen in the election Saturday, with four candidates appearing on the ballot.

Included on the ballot are: W. M. Cooksey, George K. Cotton, Joe M. Andrade and John L. Lambeth.

Goree has yet to select a mayor, probably by appointment, since Mayor Walter Coffman resigned a few weeks ago.

Two members of the Goree school board will be named by voters Saturday from a list of four candidates. They are: Bob Cude, Elvis Blake, Calbert Haskins and Ramon Arismendez.

County Board

On the county school board, voters will elect three positions. J. Omar Cure is running as a member from Precinct 4, while Arlin Kinnibrugh is on the ballot for Precinct 2. Jack Idol is listed for a "county at large" place on the board.

Hospital Board

Two members to the Knox County Hospital Board will also be elected Saturday. Members whose terms expire and who are listed on the ballot for another term are Richie Smith and Vernal Zeissel, both of Munday.

Rolling Plains PCA Officers Attend Meet

Officers and directors of Rolling Plains Production Credit Association joined other agricultural credit specialists from across the state April 1-3 for the Federal Intermediate Credit Bank's annual meeting of stockholders in Houston's Hyatt Regency.

Rolling Plains PCA participants include board members Lasater Hensley, Guthrie, chairman; Mack T. Claburn, Anson, vice chairman; W. J. Boykin, Northfield; Winfred C. Mann, Clarendon; and John Paul Perrin, Haskell. Claburn is the association's official delegate. PCA officers R. C. Cobb, president, and J. D. Gillespie, vice president, will accompany the group.

Approximately 500 are expected for the meeting, Cobb said, which is designed to bring together representatives of 32 Production Credit Associations and 7 agricultural credit corporations.

CANCER DRIVE

April 9, 1976
The Cancer Drive will start at 6 p.m. Thursday, April 8, 1976 according to Mrs. Don Welch, chairman, and Mrs. Debbie Bohanan, co-chairman.

Munday FHA girls will be knocking at your door for your donations to this very worthy cause. These girls will be giving their time so Mrs. Welch ask that you please help by giving what you can.

that have burst forth in all
colors of the rainbow.

April showers are what
this area is waiting for!
These will be welcomed as a
raise in salary for the
salaried man, because they
mean moisture for the year's
crop activities.

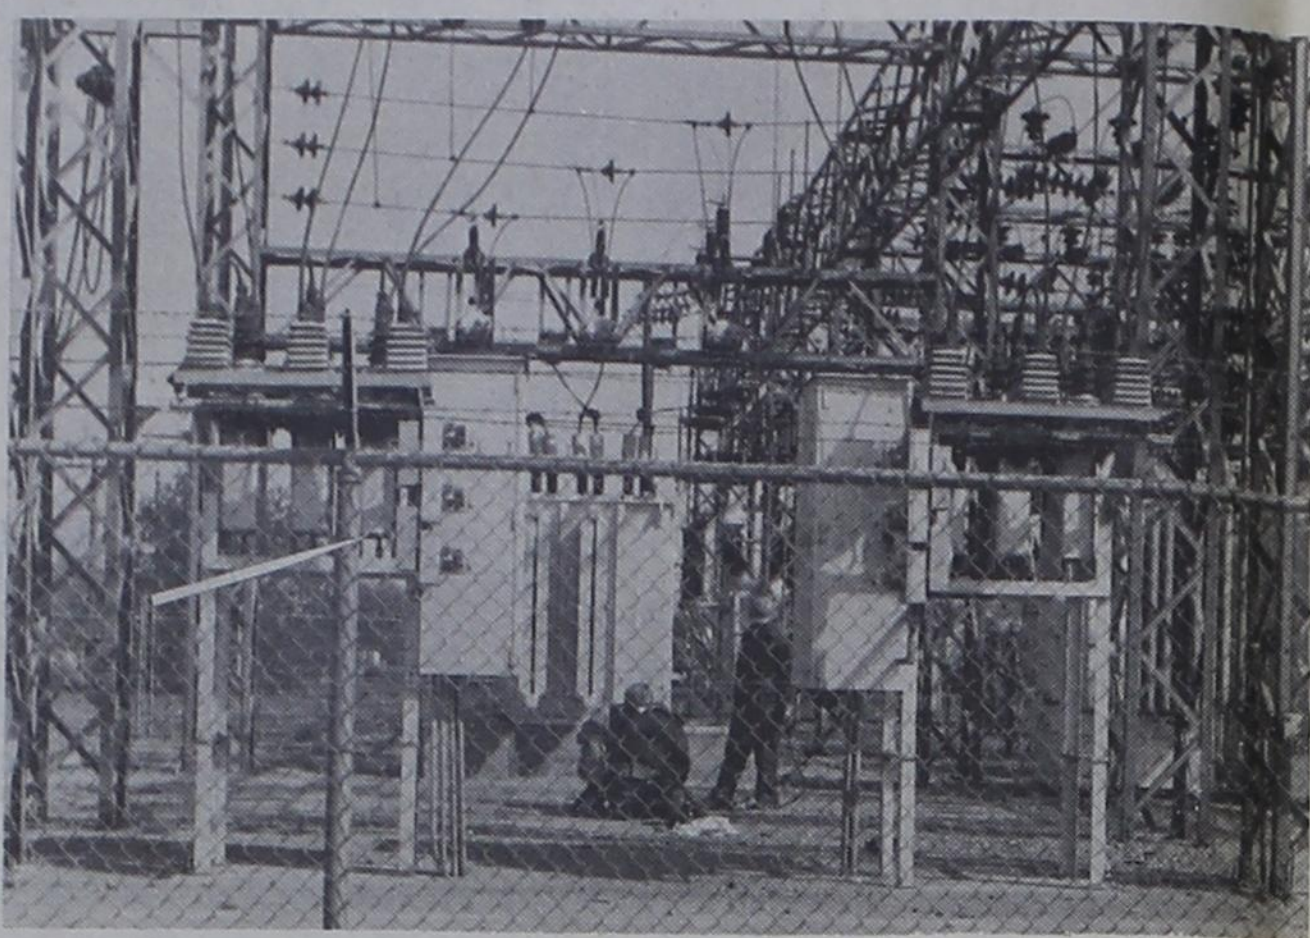

We heard that recent cafe
talk got off in rainfall, and
one of the group remarked
that water would be running
over the spillway of Millers
Creek Reservoir by mid-
April. He seemed to speak
with authority, and we sure
hope he knows what he was
talking about.

One thing's for sure! The
watershed along Millers
Creek had better get in high
gear. It's going to take lots
of water to fill stock tanks
and furnish enough runoff to
fill the lake.

It's a fine idea, though!

**GARDEN CLUB
PLANS MEET**

The regular meeting of
Munday Garden Club will be
held at 2:00 o'clock, Tues-
day, April 6, in the
fellowship hall of The First
Baptist Church. Special
guest will be Mrs. George
Beavers of Vernon who will
be showing slides.

RESTORING SERVICE: Workmen are shown restoring service at the Munday substation of West Texas Utilities Co., after the "blackout" last Friday caused by a transformer shorting out. "The birds done it," they said.

**Blackout Is
For The Birds**

Darkness may not be "for
the birds", but birds caused
a "blackout" or electrical
failure for Munday and
Goree last Friday morning.
These towns were without
electricity from 9 a.m. until
11:05 a.m.

Personnel of West Texas
Utilities Co. reported that
birds built nests in the
insulators at the Munday
substation, causing a short-
age in the electrical current.

Another power failure
occurred for around 15
minutes on Friday night.

People were given an
insight to how inconvenient
it is to be without electricity.

**Homes In "The Flats"
Destroyed By Fire**

One of the most disastrous
fires since the burning of the
old Terry Hotel in Munday
in February, 1975, occurred
last Thursday night when
flames destroyed four build-
ings in the eastern portion of
Munday known as "The
Flats".

Destroyed were a cafe
owned and operated by
Jessie Thomas, a large
house nearby, occupied by
Mary Johnson and her
family, and two smaller
buildings.

Firemen were called to
the scene about midnight
Thursday, and found the
cafe enveloped in flames.
Twenty-one of the 24
members of Munday's vol-
unteer fire department bat-
tled the flames for at least
three hours before they
were brought under control.

All three units of fire
fighting equipment were
pressed into service. An
additional hour was required
to "police" the premises and
roll up the fire hose.

Firemen reported that the
intense heat and flying
cinders threatened other
buildings in the vicinity.
Roofs would catch fire on
buildings some distance
from the blaze, and the
explosion of a butane
"bottle" added to the
seriousness of the situation.

Firemen are grateful to
Dr. H. Wayne Walker, Alvin
Hollar, Milton Morgan and
others who furnished them

with drinking water and
refreshments during the
height of the fire. Even then,
they were a worn out bunch
of men when they "hit the
hay" shortly after 4 a.m.!

The exact cause of the fire
has not been determined,
but there was a hint of arson
by some who witnessed the
buildings being destroyed.

**CAFE BURGLARIZED
IN "THE FLATS"**

While fire was destroying
several buildings in "the
flats" on Thursday night of
last week, a burglar (or
burglars) took advantage of
the fact that everyone's
attention was directed to the
fire.

The other cafe was
entered by breaking down a
door, and a number of items
were taken. The "Coke"
machine was also broken
into and all change was
taken.

Mr. and Mrs. Earl McNeil
visited relatives in Azle and
Wichita Falls over the
weekend.

Funding Request Denied

Mayor J. E. Reeves
received a letter recently
from the Department of

Housing and Urban De-
velopment to the effect that
Munday's pre-application for
low-income funding has been
denied.

The city had requested
funding in the amount of
\$100,000 for additional
paving, replacement of 53
old fire plugs and installa-
tion of two new ones,
replacing water main valves,
and other needed projects.
Sub-standard housing, low
poverty level, etc., were
cited to indicate Munday
was eligible for this grant,
and the application had been
approved by West-Central
Texas Council of Govern-
ments.

**Ambulance
Plans**

Continued from page 1
ted plan, hiring of an
additional man to aid in the
police department, and the
securing of trained people if
necessary. The motion was
seconded by Bobby Hutch-
inson, and those present
voted favoring the motion.

Guided by their wishes,
the City Council voted to go
ahead with the city-operated
plan.

"It is our plan to operate
an ambulance service only,"
Walter Hertel, city ad-
ministrator, stated, "and not
a taxi service. This means
that those who are able to
walk out and ride up front
with the ambulance driver
will be required to use a
private type of service."

Charges for ambulance
service would likely be in
line with those set by the
City of Knox City, it was
stated. They are: city
service, \$25; O'Brien or
Benjamin, \$35; to Abilene,
\$90, and to Wichita Falls,
\$95. Some officials believed,
however, that one set fee
should be charged for all
in-county services.

An ambulance operator
would need a chauffeur's
license and a first aid card.

Date of inauguration of
the city service will likely be
worked out between Mc-
Cauley-Smith Funeral Home
and the City of Munday. The
funeral home first set March
1 for stopping ambulance
service, then an additional
month, to April 1, was
granted to give officials time
to decide on a plan.

Among those who "signed
up" as volunteers to aid in
the ambulance service are:
Charles Boren, Richie
Smith, Rev. H. B. Graves
Jr., Von Marr, Joe Lane,
Roy Welch, Bobby Hutchin-
son and wife, Pat; Sandra
West and Winters Matthe-
ws.

ment became available on
December 15, 1975, and was
furnished to all Councils of
Governments and others
requesting it. All pre-
applications have now been
rated in accordance with the
rating system and the funds
available. A cutoff point was
established below which we

are unable to invite appli-
cations. Your pre-applica-
tion falls below that funding
line.

"Each year the Secretary
of the Department of
Housing and Urban De-
velopment established a
date for acceptance of
pre-applications for these
funds. We anticipate this
date will be established after
October 1 of this year. . . ."

TRIP TO FORT WORTH

Friday the 26th, the 4th, 5th, and 6th grade students here at Goree took a trip which started at 5:30 that morning and ended around 7:00 that night. The trip consisted of seeing a live show pertaining to the Bicentennial at the Casa Manana, lunch at McDonalds Cafe, and spent the rest of the afternoon at the Fort Worth Zoo. The trip proved to be very educational if not a lot of fun and will be remembered for a long time.

DINNER THEATER

The Dinner Theater which was held Friday the 26th turned out to be a success. The play cast wishes to thank all who came. The play which was presented that night was put on for district Tuesday at Rochester. The results will be printed next week.

CRITICISM:

The gossip column of last week drew a bit of criticism but was asked to add that Mr. Hosea was wanted by his Bookkeeping Class of 6th period (please don't ask how I can't print such things).

Brown Tells Of Services Of Highway Patrol

Trooper John Brown, who is with the safety education department of the Texas Department of Public Safety, brought an interesting program at Tuesday's meeting of the Munday Lions Club.

Brown said most people thought only of the "patrol" portion of duties, but he said the Department was composed of at least five uniformed services which are being rendered, with each one distinguished by the shoulder patch on the uniforms. These types of service are: Patrol, drivers license, license and weights, vehicle inspection, and safety education.

"Speed generally regulates whether you live or die in an accident," he said. In dealing with speed, Mr. Brown said that the new radar system is greatly improved over the older type. It can read speed in any direction, regardless of the rate of speed. This rate of speed can be locked into the radar equipment so the speeder can actually see how fast he was going when clocked.

In an interesting manner, Brown detailed some of the basic duties and services of the several uniformed units.

Mrs. Murdock Hosts HD Club

The Munday Home Demonstration Club met Wednesday, March 23, in the home of Mrs. J. T. Murdock with the club president presiding. The hostess read an inspirational article from Leaves of Gold titled "Good" by Chalmers.

Mrs. A. L. Roden acted as secretary in the absence of Mrs. Joe Patterson, Roll Call was answered with "What I Like About Spring."

Mrs. Roden and Mrs. Earl McNeill reported on the tri-county rally day which they attended recently in Haskell. Rally day will be held in March of 1977 in Seymour. Plans were made to attend the district THDA meeting in Sagerton on Tuesday, April 6.

Mrs. McNeill gave the demonstration on hand-made clothing accessories, including hand crafted pins and pendants to brighten up spring wardrobes.

The hostess served very attractive refreshment plates to Mmes. R. M. Almanrode, W. M. Cooksey, L. C. Crouch, Grace Gollehon, McNeill, J. F. Reddell, Roden, Bessie Winchester, Gill Wyatt, Frank Hendrix and a visitor, Mrs. Walter Moneey of Goree.

The next meeting will be Wednesday, April 14 at 2 p.m. in the home of Mrs. R. M. Almanrode. Reporter, Grace Gollehon.

Johnny Phillips of Texas Tech, Lubbock, spent the spring break here with his parents, Mr. and Mrs. John Phillips.

Police Chief Completes Civil Defense Seminar

John L. McMaster, chief of police and civil defense director for Munday, has just completed the local Civil Defense Directors' seminar at the Department of Public Safety's emergency operations center in Austin. He spent most of last week at the seminar, which was held

March 23 through 25.

It was designed to provide local Civil Defense directors and co-ordinators with the latest information and guidance concerning the disaster preparedness effort. The roles of state and federal preparedness agencies in supplementing the local program were discussed in detail. Further information regarding assistance available to local governments was provided.

Staff members from the Division of Disaster Emergency Services and the Defense Civil Preparedness Agency conducted the seminar.

ON DEAN'S HONOR ROLL

Mary Kay Kane was named to the Dean's Honor Roll at Texas Tech in Lubbock for the fall semester. Mary Kay is a senior at Tech majoring in Social Welfare. She is the daughter of Mr. and Mrs. Jerry Kane.

Little League Organizes At Meeting March 29

Approximately 20 interested persons met at the Chamber of Commerce meeting room for the purpose of organizing Little League games for the coming season. It is hoped that more people will become involved this year and encourage the Little Leaguers. In the past two years attendance has been very slack and this is very discouraging to the players. Won't you as a parent show your child you care by going to see the game?

Officers were elected as follows: president, Freddie Caram; 1st vice president, Danny Offutt who will be working with the Pee Wee League; 2nd vice president, Daron Parker who will be in charge of boys age 13 thru 18 years of age; secretary-treasurer, Martha Andrade;

asst. secretary-treasurer, Richard Searcey; head chairman of women's auxiliary, Helen Roberts; player agent, Tony Shawver; equipment manager, Bobby Bohanon; umpire and chief, Don Welch; official score keeper, Dan Sloan.

The first Little game will be played Saturday, May 1, 1976.

Teams and their managers are: Braves, Jessie Andrade and Salvador Sosa; Yankees, Bill Longan and Gary Crawford; Cardinals, Daniel Ramirez and Ricky Herring; Red Sox, Jamie Welborn and Richie Smith.

Tony Gaunt of Texas Tech, Lubbock visited his parents, Mr. and Mrs. Troy Gaunt, during the spring break from college.

GETS CERTIFICATE: Local police chief, John McMaster, center, received his certificate upon completion of a public safety seminar in Austin last week. Shown with him are Kyke Thompson, left, director in Defense Civil Preparedness Agency, and Frank Cox, deputy co-ordinator of Disaster Service.

We have a new home. Come help us warm it.

On Saturday, April 3, from 9:00 a.m. to 4:00 p.m., you are cordially invited to our Grand Opening.

A large number of tiny second graders will officially open the doors at 9:00 a.m. by untying a mammoth ribbon.

Over 18 prizes will be given away throughout the day by famous WBAP radio personality Dick Yaws including boots, belts, signed western art prints, Corvus clocks, a Mowrey gun, Thermos air pots, and savings accounts.

A Grand Prize will be given away at 3:30 p.m. for a free trip to Washington, D.C. and Colonial Williamsburg.

Be sure and bring the kids to talk with Mickey Mouse, Donald Duck and the Easter Bunny. And you can sign a giant reproduction of the Declaration of Independence.

KSWA Radio will be on hand in the afternoon to interview guests.

A special time capsule burial ceremony will be held at 4:00 p.m. to finalize the event.

Please join us for an eventful day of fun. Tour our facility. And open a savings account. 'Cause it's the Olney way to save.

M-System Stores Sold

Mr. and Mrs. John M. Edwards of Seymour last Tuesday announced that they have sold the M-System Super Markets to J. C. Pace and Co., of Fort Worth. Mr. Pace built and operated the Buddies Super Market chain throughout Texas, which he operated for several years.

Its same local manager and personnel and will continue to operate under the M-System name. Basically the store will maintain the same policy which the public has learned to appreciate through the years. Immediate plans are to greatly enlarge the Seymour and Anson stores.

Mr. and Mrs. Edwards expressed their thanks and appreciation to the people of the Munday area for their support and patronage over the past 15 years they have been operating the local store. They solicit your continued patronage of M-System under its new ownership.

L. O. Phillips, Former Munday Resident Dies

L. O. (Ottis) Phillips, 77, of Dora, N.M., passed away on Monday, March 22, in Roosevelt General Hospital in Dora after a lengthy illness.

Phillips was born February 1, 1899, in Duster, Texas, the son of Tom and "Aunt Darcus" Phillips, well known pioneer residents of Munday. He was a farmer and rancher who had lived in the Dora community for the past 20 years.

Funeral services were held at 3 p.m. March 23 from the Dora Baptist Church, with Rev. Bobby Fuller and Rev. J. J. Terry officiating. Burial was in Restlawn Memorial Cemetery.

Serving as pallbearers were Pennie Mac Carty, Junior Carnes, Earl Dunn, Gene Gardner, J. D. Hays and Joe Van Ruiten.

He is survived by his wife, Clema; and one daughter, Mrs. Gaynell Howard of Morenci, Ariz. There are three step-daughters, Mrs. Nina R. Allen of El Paso, Mrs. Zoe Ann Ledbetter of Dora and Mrs. Laura Lee Turner of Eagle River, Alaska; and three step-sons, Royce H. Allen of Alamo-gordo, N. M., W. C. Allen of Oklahoma City and W. M. Allen of Roswell, N. M.

Also surviving are 16 grandchildren, four great-grandchildren, and four sisters, Nena Johnson and Estelle Morrison of Lawton Okla.; Billie Woods of Harrah, Okla., and Veli Horne of Denver, Colo.

Gene Tonn Of Haskell Dies

Gene Tonn, 82, of Haskell, passed away at 10:20 p.m. Thursday in the Haskell hospital after a lengthy illness.

Funeral services were held at 2 p.m. Saturday from the First Methodist Church in Haskell with Rev. Robert Brown Sr., pastor, and Rev. Hubert Sego, a Baptist minister, officiating. Burial was in Willow Cemetery, directed by Holden-McCaulley Funeral Home.

Mr. Tonn was born October 11, 1893, in Brenham, and moved to Haskell County with his parents in 1902. He lived in Knox County a few years, returning to Haskell in 1911. He was a blacksmith, mechanic and farmer.

He married Irene Lee of Munday in 1925. She was the daughter of the late Mr. and Mrs. Oliver Lee of Munday, and sister of Harvey and Sidney Lee, now of Fort Worth. She died in an auto accident in 1946. He married Mildred Bowers on May 17, 1947, in Philadelphia, Pa.

Survivors include his wife; a stepson, Don Bowers of Mesquite; two sisters, Clara Hendrix of Houston and Mrs. Karl McGregor of Abilene; six stepgrandchildren, three step great-grandchildren and several nieces and nephews.

Bill McGee Of Knox City Dies Thursday

W. A. (Bill) McGee, 64, of Knox City passed away at 5:45 a.m. Thursday, March 25, in the Knox County Hospital following a long period of illness.

He was born August 9, 1911, in Montague County, and married Ruby Nix on June 9, 1928 in Denton. He retired as a mechanic repairman with Texaco in 1972 after being with the company 22 years.

Mr. and Mrs. McGee had lived in Olney, Nocona and Sweetwater before retiring to Knox City. He was a

member of the Knox City Lions Club, a first aid instructor, and a member of the Church of Christ.

Funeral services were held at 10 a.m. Saturday from the Church of Christ in Knox City with W. E. Burkham, minister of Temple, Okla., and Linwood Bishop of Knox City officiating. Burial was in Nocona Cemetery under direction of Smith Funeral Home of Knox City.

Serving as pallbearers were Pete Ellison, Elwood Hackney, Jim Dillon, John Crownover, Raymond Wilhite and Clifford Coronet.

Surviving him are his wife; two daughters, Mrs. Leona Burkham of Knox City and Mrs. Claudia Snow of Loving, and six grandchildren.

Greg, Diane and Helen Myers of Texas Tech, Lubbock spent the between semester holidays here with their parents, Mr. and Mrs. Douglas Myers.

Class of '76.

Now there was a great bunch of guys. With an unheard-of, revolutionary, class gift. The Declaration of Independence. A document so powerful, it stirred a colonial people to take stock in a new idea: America.

And take stock, they did. By purchasing U.S. Government securities.

After all, we sure needed the money back then, and everyone knew it. But there were more than a few who wondered if this young, determined nation would pay it back.

Well, we did. Every last penny. With interest.

And it's the same today.

Maybe that's why now millions of Americans take stock in their country every payday by buying U.S. Savings Bonds.

You see, when you join the Payroll Savings Plan, a little is set aside from each paycheck to buy Bonds. There's just no easier way to save. And certainly no safer way.

So take a tip from the Class of 1776 and buy U.S. Savings Bonds. You'll be voted most likely to succeed.

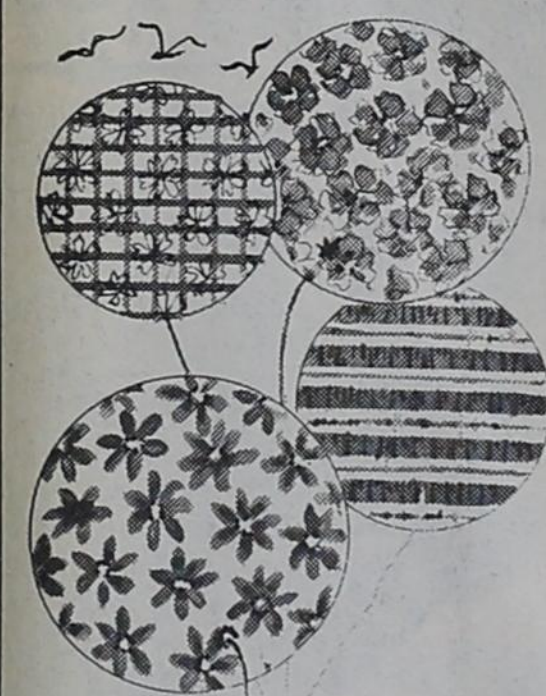

Take stock in America.

200 years at the same location.

Now E Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Lost, stolen or destroyed Bonds can be replaced if records are provided. When needed, Bonds can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

TEXAS TALK
By Tommie Harper

Taking a punch at public opinion, Nobel prize winner Dr. Norman Borlaug speaking recently in Houston, said the basic attitude toward farmers has been a hindrance to greater food production. Borlaug, now associated with the Rockefeller Foundation in Mexico, City, said the public does not understand the necessity of the profit motive to increase production. The Houston Chronicle quoted the scientist as saying, "If a farmer can't improve his standard of living, he will not adopt the new technologies". He said the hope of feeding a growing world depends on technological advances. Pointing to last year's uproar over foreign grain sales, Borlaug said the public talked about "our grain" as though it was public property. This in effect was making a decision which affected the income of the producer without consulting the producer himself.

Bill's Blabbin'

By Bill Bowley

Did you ever work and labor to set out some flowers to cover some barren spots in your front yard? We did. It was labor because we are definitely not a flower girl and we certainly do not have a green thumb...you could say we are all thumbs and none of 'em green.

Blab
We had special ordered some plants that they guaranteed would grow and had kept them in the refrigerator for several days trying to get up enough courage to tackle putting them in the ground. We finally tilled the soil and readied it for putting the plants in the ground.

Blab
This was one afternoon after work... then after two afternoons of rest, got enough courage to try the planting act. We dug us a little furrow in a circle shape and down on our knees we went and set out six of them, watered them all so good, and were really proud of the job.

Blab
The job was completed Wednesday and then on Thursday our Dennis the Menace great-grandson arrived to spend a few days. That was when the trouble began. Little Joey gets the hoe and gets in the soft dirt, that was where the flowers were, and does some fancy hoeing. We spied him before he got them all dug up and carefully poked them in the ground again, and very

emphatically tells him to stay out.

Blab
That was fine for awhile. Then on Friday we happens to look out and he had his little red wagon in the bed going back and forth. This time we jerked both him and the wagon out and threatened to lambast him if he rolled the wagon over our flower bed again.

Blab
Again we gets down on knees and straighten our poor little plants and packed the dirt around the roots, hoping they had survived the onslaught of a 3 1/2 year old boy. Wait a minute... for the final harrassment, guess that what he was doing to them, he got the lawn rake and was carefully straightening out the ground so the flowers would look pretty.

Blab
Those were his words not ours... so if we have any pretty little flowers we will send our little gardener to your place and see what he can do for you. What he does for us is make a nervous wreck out of an otherwise very calm person.

Mr. and Mrs. B. W. Pavlicek of Fort Worth visited her parents, Mr. and Mrs. H. L. Bellinghausen, during the weekend.

Misses Sharon and Angela Stubblefield and a friend, Miss Robin Bunch, all students at NTSU, Denton, spent some time here during spring break with their grandparents, Mr. and Mrs. H. B. Stubblefield, and with relatives in Knox City.

Vets' Payments Are Tax Exempt

Persons who receive monetary benefits from the Veterans Administration are reminded that such payments generally are exempt from taxation. According to Allen Lowrey, Service Officer for Knox County, the amounts received from these sources are not to be reported on federal income tax returns.

Major tax-exempt VA benefits include all disability and death compensation and pension payments made to veterans and their surviving dependents. Also included are all educational assistance payments, such as those made to disabled veterans in rehabilitation training, veterans receiving GI Bill training, and the eligible dependents of veterans who are in training under a VA approved program. Also exempted from income taxes are the grants made to certain

severely disabled veterans who are eligible for specially adapted housing to accommodate the use of wheelchairs or other devices or appliances which must be used. In addition, veterans whose service-connected disabilities caused them to suffer the loss or loss of use of one or both arms or one or both legs, or are blind, are provided with a financial grant of up to \$3,300 toward the purchase of an automobile or other private conveyance, and such payments are not subject to the federal income tax laws.

Interest which is accrued on government life insurance dividends left on deposit or credit with the VA is not exempt, however, and must be reported on annual income tax returns.

The dividends themselves which are paid on certain government life insurance

policies each year are not taxable, and they should not be included on income tax returns, which must be filed by each citizen by April 15. It must be pointed out, however, that the proceeds from government insurance policies, when paid to a beneficiary following death of the insured, are subject to the Federal Estate Tax laws.

Bullock Notes Increases In Tax Revenue

Comptroller Bob Bullock said Thursday that increased collections of the sales tax, natural gas production tax and motor vehicle sales tax have helped boost state revenue at the mid-point of the fiscal year to \$3 billion, 18 percent higher than a year ago.

"The sales tax is up \$87.5

million over last year," Bullock said. "The gas production tax is up \$46.4 million and the motor vehicle sales tax up \$27 million. Altogether, tax collections are 12 percent higher than the same period last year."

However, the Comptroller noted in his March monthly financial statement, expenditures through the first six months of the fiscal year totaled \$3.3 billion, 24 percent higher than during fiscal 1975.

The biggest chunk of the expenditures, Bullock noted, has been for education.

"The state has paid out \$1.8 billion so far this fiscal year on education," he said. "That amounts to 54 percent of the state's total expenditures."

Bullock's report showed the state collected \$603.2 million during the month of February and paid out \$510.6 million in expenditures.

NANCY'S NOTES

Turquoise is more fragile than diamonds, so Indian jewelry should be treated carefully.

Avoid wearing the jewelry when doing rough work that could scratch or chip the stones. Also chemicals found in some detergents and hand lotions can discolor turquoise and affect the patina of the silver.

The silver itself should not be polished with any kind of solvent. The patina would be stripped, removing the natural highlights of the silver. To clean the silver, use a jeweler's polishing cloth (for sale at jewelry stores) to remove surface tarnish.

To store jewelry, wrap the pieces in old cloths and avoid stacking the pieces. Some jewelers suggest using the Indian method for storage—place the jewelry in cornmeal and store in a dry place. The small amount of oil in the cornmeal helps maintain the luster of the stone.

Feedlots Determine Cattle Prices

Cattle feedlots will play a dominant role throughout 1976 in determining prices of fed and feeder cattle.

That's the contention of Dr. Ernest Davis, livestock marketing specialist for the Texas Agricultural Extension Service.

Fed cattle supplies have increased in recent months and continued growth will add further to this year's beef supplies, thus depressing prices, points out Davis.

Cattle going on feed last September were a whopping 87 per cent above the previous year. During the last quarter of 1975, cattle placements were up 27 per cent from the previous year while cattle on feed on January 1 showed an increase of 28 per cent above January 1, 1975.

What has brought about

this resurgence in the cattle feeding industry?

"The main reason," says Davis, "is that cattle feeding has become profitable once again. Not only has the market for fed beef improved but feeding costs have declined due to a large feed grain crop last year. Also, many feeder cattle went directly into feedlots during the winter due to the lack of grazing on wheat pastures."

More recently, fed cattle prices have declined under pressure of a larger supply of fed beef and continued high cow slaughter. Presently, fed cattle prices are below break-even cost levels again, and this should slow cattle placements for a few weeks, notes the Texas A&M University specialist. "Cow and non-fed cattle

slaughter, however, is expected to seasonally decline this spring so the beef industry will be more dependent on feedlots for beef supplies. This should boost Choice fed cattle prices this spring. And continued pressure on feed grain prices should stimulate more cattle feeding," believes Davis.

Of course, there is always the problem of expanding too quickly. If fed cattle marketings exceed 6.2 or 6.3 million head per quarter during the last half of 1976, beef supplies will be at record levels. This will push prices below \$40 per hundredweight. On the other hand, if feedlot operators are cautious and market cattle in an orderly fashion, feed cattle prices should hold up fairly well, contends the specialist.

CONSERVATION ESSAY winner Shelia Cobb of Knox City is pictured with her champion trophy. Shelia's essay competed with the first place essays from Munday, Benjamin, Weinert and Rochester. Essays were written in Knox City High School under the direction of Mrs. Wayne Watson and C. H. Underwood. Miss Cobb's essay has been forwarded to the state committee to compete for state awards. She is the daughter of Mrs. Jeanie Holcomb of Knox City. The contest was sponsored by the Wichita-Brazos Soil Conservation District.

John C. White, Commissioner

Bah, Bah, Bah... Moo, Moo, Moo... Chirp, Chirp, Chirp.

Sheep and lamb feeding is up 10 per cent from a year ago and up 17 per cent from a month ago in Texas.

Drylot sheep feeders with a lot capacity of 2,000 head or more had 68,000 sheep and lambs on feed as of March 1, according to the Texas Crop and Livestock Reporting Service.

Current intentions to market the 68,000 head are 28,000 this month, 25,000 in April and 15,000 in May. The April and May intentions are subject to change since additional lambs could be placed on feed.

CATTLE FEEDING is continuing to surge ahead, too. There were 1,810,000 head of cattle and calves on feed for slaughter in the state's feedlots as of March 1. This is 68 per cent above a year ago, although it is 5 per cent below a month ago.

In the seven major feeding states of Texas, Arizona, California, Colorado, Iowa, Kansas and Nebraska, the number of cattle on feed is up 48 per cent from 1975.

Texas cattle feeders placed 293,000 head into their lots during February. This is 119 per cent above a year ago but 10 per cent under a month ago.

BROILER PRODUCTION in Texas during 1975 shows a 3 per cent decline compared to 1974.

Texas continues to be seventh in the nation in the number of broiler chicks placed during 1975.

Gross income from broilers was \$167,424,000 during the past year compared to \$140,502,000 a year ago. Average price received for 1975 was 27.8 cents a pound live weight compared with 21.3 cents per pound a year ago.

Nationwide, the gross income from broiler production in 1975 at \$2.8 billion set a new record high level; it was 19 per cent above 1974.

The average broiler price in Texas was about a cent and a half higher than for the nation.

BASED ON MARCH 1 CONDITIONS, the 1975-76 citrus crop is now estimated at 5.3 million boxes more than last season's crop.

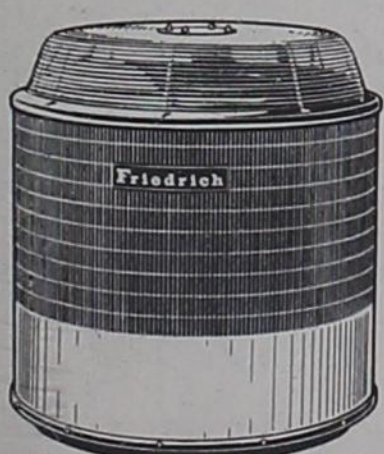

Grapefruit production is expected to total 11 million boxes, up 3.7 million boxes from last season.

Early and mid-season oranges are estimated at 3.8 million boxes, which is 870,000 more boxes than last year. Valencia oranges are expected to fill 690,000 more boxes than last year.

Citrus trees are in good to excellent condition though many groves required heavy irrigation because of the extremely dry winter season.

SENIOR FEATURES

JANETTE PARHAM
This quiet young miss is Janette Parham. Janette is known around MHS as one of the brains of our Senior Class.

Janette has been in the National Honor Society and this is quite an honor to have. She has also been active in FHA and is currently serving as the chapter's historian. The Moguls had one faithful fan for two years it was Janette.

As for the future, Janette is undecided. She is the daughter of Mr. and Mrs. Albert Parham.

JERRI ANNE DECKER

One of the highlights of our senior class is Miss Jerri Anne Decker. Jerri is the daughter of Mr. and Mrs. Jerry Decker.

Jerri puts her musical ability to work by playing in the Munday Mogul Band. She has been a member of this organization for four years playing her cornet in both our marching and concert bands. Jerri has also been a member of Choir for three years. FHA has claimed Jerri as a member for her four high school years also.

For a fun filled future Jerri plans to go to school and become a nurse.

JEANETTE HERRING

When you want to see a beautiful person come to the halls of Munday High. Jeanette Herring is one of the beautiful sites of our high school.

Jeanette is one of the nominees for Miss MHS and was a cheerleader her sophomore year, class officer one year and has a very exciting acting life where she has been in the one act plays for two years, currently serving as president of the FHA chapter, she has been in the FHA four years and has been an officer two years.

Jeanette plays the flute in our Concert and Marching

Band. She really has talent put forth.

Jeanette plans to go to Midwestern University this summer and work on an elementary education degree plan. She is the daughter of Mr. and Mrs. C. H. Herring Sr. Good luck to you.
