

THE MUNDAY TIMES

Volume XXVIII.

Munday, Texas, Thursday, November 10, 1932.

Number 25.

DEMOCRATIC TICKET SWEEPS NATION

Bullington Gets Majority Here In His Old Home Town

Knox county returned to the Democratic fold in Tuesday's election from the brief returns that have been received at the time of going to press. In the presidential election in 1928 Knox county went for Hoover by a substantial majority, only three voting boxes in the county giving the Democratic ticket a majority—Benjamin, Truscott and Rhineland—and this time at least one of these boxes—Rhineland—gave the Democratic ticket 100 per cent support, every vote in that box going to the Democratic national ticket, and only two votes were cast there for the Republican nominee for governor.

Munday voters took a decided swing back into the Democratic column in casting their ballot for the national ticket, Mr. Hoover receiving only 26 votes out of the almost 400 votes cast, while the Republican nominee, Orville Bullington, a former citizen of this city, received a majority of the votes over Mrs. Miriam A. Ferguson, the vote for the city being 220 for Bullington and 138 for Mrs. Ferguson. The north box in Munday gave Mrs. Ferguson a majority of four votes but the south box gave Bullington a majority of 41 votes—127 to 86, thus giving the total from the Munday precinct to Bullington by 37 votes.

All the amendments received a majority here except the Centennial amendment, which ran behind the other amendments.

Chevrolet Car Is Stolen From Streets of Munday Tuesday

A 1928 Chevrolet car was stolen from the streets of Munday on Tuesday evening and officers over this section of the state were notified to be on the lookout for the car.

The car was the property of E. H. (Bud) Nelson and he had driven it to town with a trailer attached with a bale of cotton and parked it in the street between the First National Bank and the Baker-Campbell Co. and had gone to the picture show. When he returned to where the car had been left the trailer had been detached and the car was missing.

LATER: The car was found on Wednesday morning about seven miles west of Munday, partially stripped, the front tires having been removed and the lugs taken off the rear wheels but the thieves were evidently disturbed before completing the task of stripping the car and fled with only the two tires.

Democratic Rally Here Saturday Is Attended By Many

The Democratic rally held here Saturday afternoon was attended by a large crowd, and enthusiastic talks were made in the interest of the Democratic nominees for office by E. L. Covey of Goree, Judge James Stephens and H. B. Williams of Wichita Falls, who came as a substitute speaker for Hon. John Davenport, who was unable to attend on account of illness.

The address of Mr. Williams was devoted almost exclusively to national issues and the speaker drew applause from the audience as he condemned the Hoover administration for its many misdeeds during the past four years.

The talks of Mr. Covey and Judge Stephens were confined principally to state issues, both urging the election of Mrs. Miriam A. Ferguson.

American Legion To Celebrate Armistice Day With Dance Here

Armistice Day will be observed here Friday by local members of the American Legion with a dance at the Klan hall, which will be open to the public.

Baker Britton and his orchestra will provide music for the occasion and a grand time is anticipated by those who enjoy this kind of entertainment.

Mr. and Mrs. J. S. Kirk and little daughter, Doris Lorraine of Lovin, New Mexico, are here this week visiting in the home of Mr. and Mrs. Earl Shackelford.

Thinking Out Loud

By J. A. K.

"Believe it or not" Ripley comes out with the statement that cooper and nickel coins are not legal tender, however, we have arranged with the bank to take them, and any of our subscribers who may have a supply on hand and wish to apply them on their subscription to this great moral guide are at liberty to do so.

Are you now, that the camp is over, let's all shed our political buttons and replace them with Red Cross buttons.

After all, this great humanitarian organization has gone about its work of bringing relief to millions while both political parties have been making promises of relief.

Anyway, there's little danger of grass growing in the streets of American cities, as Mr. Hoover has predicted would be the case if his policies were repudiated, so long as so many folks are walking the streets in search of employment.

And why couldn't the nation have accepted the Literary Digest poll and been through with it?

And Old Texas is proud of the fact that one of its native sons has been honored by the nation. We Texas Democrats have been voting for Yankee Democrats so long that it evidently never occurred to us before that we could or should be represented in high official circles.

And Mr. and Mrs. Ferguson can thank their lucky stars that they were on the fastest-running Democratic ticket that that party has ever put into the field, and were opposed by the most unpopular national ticket that the GOP has ever put forward.

Now that the Ferguson's are in, Alex Jones is practicing on a bicycle, expecting to receive appointment as traffic cop. We're just wondering if Alex has slipped a fast one by Uncle Bud Rogers and Bob Huckabee. These latter lads are deserving too.

And Old Man Bob Davy has a cinch on his notary public commission, Tom Benge being our authority. In fact, Tom states Davy's appointment was pre-election trade.

Given Lift, Youth Takes Overcoat Off Traveling Man Here

A traveling man passing through the city Saturday night reported to Chief of Police Layne that he had given three youths a lift into town along the highway between Munday and Goree and when a few miles south of Munday he discovered that his overcoat was missing, and suspected that it had been taken by one of the trio.

Chief Shannon Layne accompanied the man to the point where their car had been parked at the roadside and they towed the car into town and then went in search of the three youths who were soon located and one of them was wearing the stolen coat.

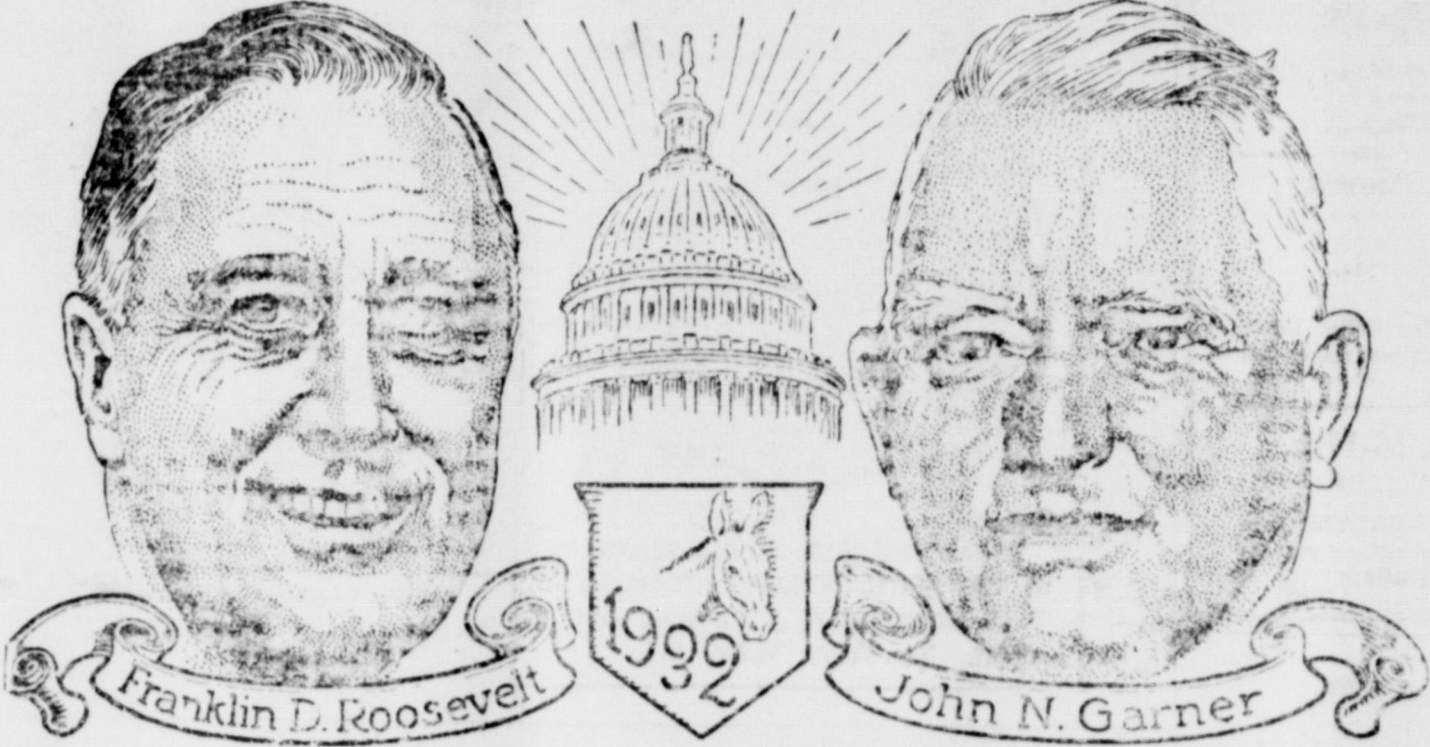

They were taken into custody by Chief Layne and the youth who was wearing the coat assumed full responsibility for the theft and paid a fine in municipal court.

J. C. Nelson Passes Examination State Board of Pharmacy

J. C. Nelson, son of Mr. and Mrs. J. R. Nelson of this city, who has been for some time associated with the Eiland Drug Store and the Rexall Store here, has successfully passed the State Board of Pharmacy and is thereby given authority to follow that profession within the state.

J. C. recently attended a school of pharmacy in Fort Worth for several months and took the examination given by the State Board immediately after leaving school, and word was received early this week he had successfully passed the rigid examination required by the board, and he is receiving the congratulations of his friends.

They Win In Democratic Landslide

W. T. C. of C. Gives Study To Reforms In County Government

STAMFORD, November 7.—With a view to offering and supporting a definite plan for the reorganization of county government in Texas at the general session of the Forty-third Legislature, the committee of the West Texas Chamber of Commerce on county reorganization has undertaken a definite study of county government, and two reorganizational proposals that have been made already.

The Central Public Expenditure Committee of the regional chamber, headed by Van Zandt Jarvis of Fort Worth, has furnished the members of the county reorganization committee a brief of information and facts about county government in Texas incorporating the program of the West Texas Chamber as announced at the Sweetwater convention, a critical analysis of county government, a recital of the experience of other states on county reorganization, the proposed C. A. Jay plan, the proposed home rule measure proposed at the forty-second Legislature by Representative Walter Beck, and a synopsis of the present constitutional provisions affecting the county government.

Members of the committee on county reorganization of the West Texas Chamber are: A. H. Britain, Wichita Falls; Walter Beck, Austin; E. B. McClintock, El Paso; Senator Clint C. Small, Amarillo; Representative R. M. Wagstaff, Abilene; and Representative A. B. Tarwater, Plainview.

Chairman Jarvis outlines the program and proposed of the regional organization in the brief as follows: "Having its inception in a resolution adopted at the Fourteenth Annual Convention of the West Texas Chamber of Commerce in Sweetwater in May, 1932, one of the objectives of the organization is: Work to secure a more economical form of county government as may be provided for in the enactment of a home rule measure for county government.

The text of the Sweetwater resolution is: Resolved that the West Texas Chamber of Commerce, its Central Public Expenditure Committee, and affiliated committees favor and support the immediate enactment of such constitutional amendments and laws that will permit county home rule, consolidation of counties one with another, providing such constitutional amendments and laws are applicable uniformly to all counties of the state.

The purpose of the brief this committee is submitting to the sub-committee on county reorganization is that the information has been compiled by our committee and other agencies upon the problem may be studied by the sub-committee that it may be prepared to offer a county reorganization plan that will fit the needs and accomplish the purposes set out in our work program.

Neither of the two proposed plans on county reorganization may fit the needs, in the opinion of the committee, but both represent a tremendous amount of work and thought, and should enable the committee to formulate a proposal with a minimum of time and effort."

R. S. Boles has been confined to his home this week with a bad case of influenza.

J. C. Barden made a business trip to Fort Worth on Tuesday of last week.

Would You Like To Have a Free Ride In Reg Robbins' Plane?

Well you can have it if you want it, for The Times has arranged with Mr. Robbins to give a free ride with each subscription to The Munday Times paid between now and Saturday night. There is no contest, no strings or no catches to this offer. It is simply this: With each subscription for one year received we will issue a ticket good for one ride when accompanied by one additional paid ticket, or, if you prefer the ticket issued by The Times and 25 cents additional will be accepted as a fare.

Take advantage of this offer to take a ride with this famous aviator in his big plane. You will enjoy the thrill!

Charges Filed Against Pair After Fatal Auto Crash In Haskell Co.

HASKELL, Texas, Nov. 7.—Charges of driving while intoxicated and negligent homicide were filed here today against Jett Tynes and Buster Coffman, both of Goree, in connection with an automobile accident last night near an automobile accident last night near Weinert which proved fatal for R. D. Robertson, 27, of Fort Worth, and resulted in injury for Coffman, Tynes and Willard Chambers of Fort Worth.

Tynes, 20, made bond of \$1,500 on the two charges, \$1,000 on the driving charge and \$500 on the homicide charge, and was released. Coffman, about 27, is in a Stamford hospital with severe lacerations and an injury to the knee.

Chambers, 40, brother-in-law of the dead man, is in the Stamford hospital with a broken thigh and other injuries. He will recover.

Robertson's wife and his brother, J. S. Robertson, arrived here this afternoon and accompanied the body to Bryan, Texas, a former home, where funeral services will be held Tuesday.

The accident, a collision between the automobiles occupied by Robertson and Chambers and Tynes and Coffman, was believed to have been a head-on crash. The Fort Worth men were returning to their home after leaving ducks in this territory.

The other men were returning to Goree from Haskell.

Robertson died while being rushed to the other men in an ambulance to Stamford.

Identical charges were filed against Tynes and Coffman. Both claimed to be driving the automobile, Sheriff W. T. Correll said.

Mrs. F. W. Kleeburg and daughter, Miss Lillian, of St. Louis, Mo., have been here during the past week visiting in the home of their daughter and sister, Mrs. A. G. Hulme.

Miss Adrian Akers, who is in charge of the music department of the Burnett Public schools, spent the week end here visiting her parents, Mr. and Mrs. E. E. Akers.

Judge J. W. Melton of Benjamin was here mingling with friends on Friday.

Mr. and Mrs. C. R. Elliott of Benjamin were over visiting friends on Friday of last week.

REG ROBBINS

Reg Robbins Will Return Here This Week With Big Plane

Reg Robbins, who was here some weeks ago with his big 14 passenger Ford plane, will return here Saturday and Sunday, he and his party having decided to stop over here enroute back to their home in Fort Worth, and they will carry passengers from the landing field east of town during their stay here.

Robbins will again be accompanied by Leon McKernon, parachute jumper, who will give the crowds an even greater thrill than he did when they were here some weeks ago when he jumped from the plane some 2000 feet in the air.

Those who know that Robbins is a past master in the art of handling his big ship, making perfect landings without the slightest discomfort to passengers, and handling his ship with such perfect control as to give confidence to those within the plane, and we are sure that many who were not permitted to ride on his previous visit here will take advantage of his return visit to this city.

Haskell County Farmer Is Robbed By Highwaymen

Haskell, Nov. 5.—W. L. Farley, prominent Haskell county farmer, who resides in the Balow community, was held up Thursday night near the city limits north of Haskell and robbed of his purse containing \$331 in cash. Mr. Farley had been to the gin and was returning to his home in his wagon when three men asked to ride.

They had been in the wagon but a few minutes when one of the men stuck a gun in Farley's side and another grabbed the lines and pulled the team out of the road. Farley managed to throw another purse containing \$125 into the weeds, and recovered it later.

The purse taken by the robbers was found a short distance away with all papers and checks, but the money was gone. Several arrests have been made by local officers, but none of the suspects have been identified.

Hospital Clause In Morton Will Is Held Invalid

The hospital clause in the will of Mrs. Kate F. Morton, Haskell pioneer, has been held invalid and \$50,000 which she designated for the building of a hospital in memory of her husband, Francis Marion Morton, will go to her brothers, Joe Lee Ferguson, Haskell, and Alex Ferguson, Sherman.

Judge W. R. Chapman, whose construction of the will was agreed to by the Ferguson brothers and the City of Haskell, yesterday rendered decision holding the hospital clause invalid. The decision was, in full:

"I hold the hospital clause of the Morton will is invalid and that the residuary legatees should receive the part of the estate mentioned in the clause. The decree may be prepared accordingly."

Joe Lee and Alex Ferguson were named heirs to the residue of Mrs. Morton's \$300,000 estate, after provision was made for the hospital and for a few individual legatees.

The residuary legatees contended the hospital clause was invalid because no specific instructions were given for establishing the hospital and no trustees named.

The case was submitted to Judge Chapman, in 104th district court, upon written briefs. Attorneys were Law Henderson of Bryan for Alex Ferguson; Tom Davis of Haskell for Joe Lee Ferguson, and Ratliff & Ratliff and Ben Charlie Chapman, of Haskell, for the City of Haskell.—Abilene Reporter, Monday, Nov. 7.

Old Fiddlers Will Compete In Contest Here Saturday Night

As announced last week, the annual old fiddlers' contest will be held at the community auditorium in Munday on Saturday evening, November 12th, and already U. R. Houser, who is in charge of the contest for the Munday Fire Department, has received a large number of entries and many more are expected, and the contest this year is likely to have the largest number of entries in its history.

The cash prizes will be given, the amount of which will depend to a large extent upon the amount of receipts at the door, but the local contest has always paid liberal prize money, and will do so this year. The submission price will be 25 cents, and all who enjoy the old-time fiddle music are urged to attend this annual event.

Mrs. W. S. Britton and sons, Baker and Charles and wife, have moved to Munday from Abilene, and will make their home in Munday. Mrs. Britton is the widow of the late W. S. Britton, for many years sheriff and tax collector of Knox county, and who died while in the service of the law enforcement agencies of Abilene and Taylor county.

Mrs. N. E. Sweatt and daughters have returned from Dallas and McKinney, where they visited relatives and friends.

Mrs. Lavoy Burton and baby of Haskell and Mrs. Bernard Stodghill of Hobbs, New Mexico, were here Friday of last week visiting in the home of their parents, Mr. and Mrs. U. S. Rogers.

Roosevelt-Garner Ticket Has Safe Majority of Votes

Incomplete returns compiled by The Associated Press at 10:15 a. m. (central standard time) show totals which if borne out by later figures would give the following electoral vote: Roosevelt 472, Hoover 59. Necessary to elect 266.

A mighty Democratic tornado whipped across the country in Tuesday's voting. It tore relentlessly into every section of the nation, elected Franklin D. Roosevelt to the presidency, assured him a strongly Democratic congress and brought success to a multitude of his party's state and local office seekers.

In the hands of the Republicans it left a scant handful of New England and eastern states and upon New York's governor it conferred an electoral vote that, from all indications today, will surpass the record of 444 established when Herbert Hoover was elevated to the nation's highest office four years ago.

The whole was an emphatic reversal of the 1928 landslide, North, East, South and West, the triumphant Democrats gleefully added to their total the electoral votes of state after state which heretofore had been regarded as traditionally and unshakably Republican.

DALLAS, Nov. 9.—Incomplete and unofficial returns to the Texas election bureau at noon today from 145 out of 254 counties gave Mrs. Miriam A. Ferguson, Democrat, a lead of 67,148 over Orville Bullington, her Republican opponent, for the governorship of Texas.

The vote was: Roosevelt, 278,210; Hoover, 37,167.

Texas Governor—145 out of 254 counties; two completed: Ferguson, Democrat, 199,258; Bullington, Republican, 132,107; Armstrong, Independent, 476.

2,200 Red Cross Chapters Waging War On Distress

The annual Roll Call of the American Red Cross, announced for November 11 to 24, will find more than 3,000 chapters seeking membership for support of regular and emergency activities through 1933.

Mr. D. T. Mauldin, chairman of the local chapter, has summed up the national organization's relief activities during the past year as follows:

"To prevent suffering in this economic depression, the Red Cross has made widespread distribution of wheat, flour, clothing, medicine and other supplies. More than 2,200 chapters have participated in community unemployment relief problems.

"Approximately 15,000,000 persons, residing in every state in the Union, have received flour through the Red Cross, while the clothing needs of tens of thousands of distressed families have been supplemented by the organization's present cloth and clothing distribution program. The task of converting government wheat and cotton into flour and garments was assigned to the Red Cross this year by Congress.

"After fifty-one years as the official national relief agency, the American Red Cross finds itself in 1932 carrying the largest peace-time load in its history," the chairman said.

Ninety-five disasters—in addition to unemployment—command the relief facilities of the organization during the last fiscal year, according to the local chapter official. That disaster played no favorites is revealed in a Red Cross report which shows 62 disasters visited the continental United States and 28 struck insurance possessions during the fiscal year. Five foreign disasters were sufficient severity to bring help from the American Red Cross.

Final plans for an extensive campaign here are being completed this week and those directing the community-wide appeal have expressed the belief that the membership quota will be reached or exceeded in a comparatively brief period.

AN OMISSION.

In our account last week of the death of H. H. Langford we inadvertently omitted the name of R. B. Davy from the list of active pallbearers, and it having come to our attention, we wish to add his name and express our regrets for the omission.

ROXY THEATRE

Munday, Texas

FRIDAY, NOV. 11th:

JOHN BARRYMORE in
"STATES ATTORNEY"
with Helen Twelvetrees. Thrill with Barrymore—as he tears a witness to pieces.
Comedy—"NEVER THE TWINS SHALL MEET" with Roscoe Ates.

SATURDAY, NOV. 12th:

TIM MCCOY in
"THE RIDING TORNADO"
with Shirley Grey, Wallace Macdonald and Montagu Love. Come and enjoy an hour and half out in the wide open spaces.
Comedies—"Traffic Trouble and Wolf in Cheap Clothing".

Sunday Matinee—Monday and Tuesday:

EDWIN G. ROBINSON in
"TIGER SHARK"
with Richard Arlen and Zita Johann. Fifty Men Defied Death Five Weeks to make this thriller. Good short subjects makes this a whale of a program.

Wednesday and Thursday, Nov. 16-17th:

"HOT SATURDAY"
with Cary Grant, Nancy Carroll and Randolph Scott. They gave her a bad name and she lived up to it. Come and see, we guarantee you will enjoy it. Comedy—"SINGING PLUMBER."

Work Weary "NERVES"

Do they make you Restless, Cranky, Tired, Sleepless, Dyspeptic, Head-achy? Do they spoil your pleasure and interfere with your work?

Tens of thousands have found a way to get relief from over-worked nerves—a way so simple, so pleasant, so low in cost, that we are constantly receiving letters that say, "If I had only found Effervescent Nerve Tablets sooner." Simon Brandt writes: "I was very nervous from over-work. I couldn't sleep well, appetite was poor, and I felt weak for a long time. Used Dr. Miles' Nerve Tablets and now feel fifteen years younger and I am working the same as I did before—fourteen to fifteen hours daily. Sorry I did not learn about this wonderful medicine sooner as I had tried everything I could hear of, without results, until Dr. Miles' Nerve Tablets put me back on my feet."

When you are nervous, try this—put a Dr. Miles' Effervescent Nerve Tablet into a glass of water. Watch it bubble up like sparkling spring water—drink it—enjoy the feeling of calm and relaxation that follows.

In Dr. Miles' Effervescent Nerve Tablets a special formula for soothing over-worked nerves is combined with bicarbonate of soda and citric acid which tend to correct hyper-acidity—the frequent cause of nervousness.

NO PICNIC.

Getting out this paper is no picnic. We print jokes, people say we're silly, if we don't they say we are too serious. If we clip things from other papers, we are too lazy to write it ourselves. If we don't, we ought to be out hunting news. If we do not get out and hustle, we are taking the business too seriously. If we don't print contributions, we don't appreciate true genius. If we do, the paper is filled with junk.

If we make a change in a fellow's write-up, we are too critical. If we don't we are asleep. Now, likely as not, somebody will say we swiped this from some other paper. We did.

It might have been just any other Monday when school opened this week. You could hardly tell that school had been out three weeks. The students of Munday High are going to work with the same vigor that caused the cotton market to drop the first week school turned out for cotton picking. How is that for an active school?

Senior Scrapbook.

Who said dear old Munday High isn't the sweetest place in the whole world (especially to us). Most of us have come to the same conclusion as Abe Lincoln about the cotton rows being much longer than school hours. All who picked continuously, agree that the strain on the mental capacity is a huge percent less than that on the back. Regardless of the occupation the past three weeks, all of the pupils are happy to again resume the daily routine of school life.

The seniors started to school, "filled to the brim," pep, enthusiasm, vim and wit so characteristic of them! We intend to strive for the highest standard of good workmanship and sportsmanship the remainder of the school year, and we feel confident that we can reach such heights with such a class as we possess.

Juniors

It surely is good to have Munday School going again. Nearly all of the juniors were here the first day. We were thrown far behind during the three weeks we were turned out. We will have to study hard for a while but we are going to do our best and cooperate with the teachers.

Rigsby's Roundup.

Here we are again in school, after three weeks of work. The Moguls

played two fine games during the holidays. Due to work and cotton picking the team was not at its highest efficiency, but they showed the fight and spirit it takes to hold a team together.

The Moguls were defeated by the Haskell Indians; the score was 14-0. This is not an alibi, but I want to make mention of the fact that these outstanding players were out of the game for various reasons: W. L. Henderson, guard; Capt. Earl Nichols, end; Dick Rayburn, quarterback; Wallace Ross, tackle.

Although the Moguls were weakened considerably by this loss in the lineup the team showed that they played real football.

The team also played a game this last Friday with Throckmorton. The team was in fine shape, although that they had had only two workouts before the game. The game was one of fight and enthusiasm. The first two quarters were played without mishap, but, due to a misunderstanding between the team in the third quarter, it was called no game.

Well, fans, let's go this Friday November 11th, and see the Moguls whip the Rule Bearcats in a thrilling football game. Our pep squad is functioning fine, and our coach is feel-

Five Burned And Home Destroyed In Fire at Hefner

M. G. and Chas. Gatliff, brothers, were carried to the Knox County hospital at Knox City early last week for burns which they sustained when a stove exploded in their home and destroyed the home and all three contents near Hefner. Mr. and Mrs. Gatliff, parents of the two brothers, were also burned in the explosion, but their injuries were less serious than those of the two brothers, a younger brother was also burned in taking his mother from the burning building.

M. G. Gatliff, who is a son-in-law of Mr. and Mrs. R. L. Brownfield of this city, and his brother were working on an oil heater for the home when the explosion occurred. The injured members of the family were brought here for first aid treatment and all carried on to Knox City for further treatment, and the two older brothers who were more seriously injured, were confined to the hospital for several days.

ing good; the team is on its toes, so come on, let's go!

Sophomore Report

Our class is once again reassembled after three weeks of adjournment which was given that members of the class might assist in the harvesting of cotton, but, to most of us, it has proved a period of idleness. However, only a few students have failed to return to classes. Let us hope that we shall all be willing to study hard, resuming our studies where we left them, and not be like the green soldier who, when his captain asked "What do you use your head for?" replied: "To keep my collar from slipping off."

We trust that interest in our work and great enthusiasm will be continued as before the adjournment, and that, with the cooperation of teachers, parents, and students, we will be able to report rapid advancement and make this a banner year for this part of the school.

The Freshman News

We are glad to be back in school, and happy to see all the faculty and student-body in good spirits.

We welcome Inez Standfield in our freshman class. Mr. Hartigree expressed regrets at not being able to pull bells because he could not find a sack to fit his back when he was in East Texas. Any of the freshmen would have been more than glad to let him have theirs. We were glad that one of our class, Everet Pruitt, played in the football game Friday. We all say that he played a good game.

A Study

. . . in Contrasts

The above scene is a graphic representation of the homes of two housewives—just before guests arrive for the evening meal. The woman at the left has been working in a hot kitchen all afternoon . . . nothing has gone off well . . . she is nervous, tired, irritable . . . and looks it. But the modern home-manager at the right is cool, fresh, lovely and unhurried. She has been away from home all afternoon, yet is ready to take a delicious, savory and attractive meal from her oven. Her meal will be an unqualified success . . . the success of the other housewife's dinner-party is extremely doubtful.

The difference is that the modern home-manager, at the right, has an Electric Range. . . The other housewife still cooks by old-fashioned methods!

You, too, should profit by the many advantages and superiorities of modern Electric Cookery. With one of the new General Electric Hotpoint Ranges in your kitchen you'll save money, work, time and food. You'll serve better, more healthful and more attractive meals. You'll be happy, cheerful and energetic. Take advantage of special prices and terms . . . TODAY! See one of our salesmen NOW. He will be glad to tell you the interesting and valuable story of Electric Cookery. There's no obligation, of course.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

INSULL'S COMPANIES.

Abilene Morning News: Samuel and Martin Insull's unpardonable sin was in running out from the consequences. They cannot be forgiven for that. But whatever may be said of the Insulls, they have never run out on West Texas. Out here, the most significant counter picture to the vast and reverberating fall of their house of holding-company cards is the going condition of the operating companies that were the real heart of the structure.

During this deluge of Insull news—all about Martin in the \$20-a-week boarding house, Samuel's flight to Paris to Florence to Athens, Martin in jail, of Samuel the expatriate and fugitive—it is well to remember that the brothers dreamed of dependable electricity in small towns, on the farm; and that the West Texas Utilities company remains, with the other operating units to fulfill the dream. West Texas is not willing to put that company on the spot for offenses of which it was ignorant.

It has not missed on the promise to pay, a few weeks ago distributing 117,000 in hard coin of the realm to its holders of \$5 preferred stock of whom 2,000 are West Texans. Last year it paid taxes amounting to \$1,160 per day, and salaries and wages of \$5000 per day.

More can be said. The West Texas Utilities Company, has, every year, spent more money in the development and expansion of its properties than it has received in profits from their operation. In efficiency and good conduct it is one of West Texas' finest assets. Last year two hard-headed business men from Chicago, the receivers of the Mid-West Utilities Co. in the first week of its operation, viewed for the first time upon the administration of the Middle West Utilities Co. Messrs. Hurley and McCullough. These gentlemen issued an enthusiastic statement in which, however, they only said what the West

TEXAS ALREADY KNOWS.

The News pays its tribute because, in the present emergency, its personnel have taken their medicine without complaint or whimper. Not one, from the president down to porter in the general office, has asked this newspaper, or any other newspaper, to "go easy" or "give us a break."

Exemptions from Jury Service.

The following persons are exempt from jury service in Texas when they claim such exemption:

All persons over sixty years of age. All civil officers of the state and of the United States.

All overseers of roads.

All ministers of the gospel engaged in the active discharge of their ministerial duties.

All physicians and attorneys engaged in actual practice.

All publishers of newspapers, schoolmasters, druggists, undertakers, telegraph operators, railroad station agents, ferrymen, and all millers engaged in the operation of flouring and saw mills.

All presidents, vice presidents, conductors and engineers of railroad companies when engaged in the regular and active discharge of the duties of their respective positions.

Any person who has acted as jury commissioner within the preceding twelve months.

All members of the Volunteer Guards of this state under the provision of the title of "militia."

CARD OF THANKS.

We wish to express our sincere thanks and appreciation to the many good friends who assisted us in so many ways during our recent bereavement. For the comforting words of consolation, the many deeds of kindness and thoughtfulness, the beautiful floral offerings, and the many other kind deeds we shall ever feel grateful and shall cherish the friendship of our good neighbors so long as life itself shall last.

Mrs. H. H. Langford,
Mr. and Mrs. Whitt Smith,
Winnie Langford,
Mary Langford.

A. H. Diersing of the Rhineland community came in the other day and showed his figures up for two years in advance. "We may not make any cotton next year" said Mr. Diersing, "so I'm paying for The Munday Times two years as we don't want to do without it." Mr. Diersing stated that his daughter, Miss Francis, who is a student in Texas Tech at Lubbock, is getting along nicely and likes the school fine.

Peter Albus of Rhineland was in town Wednesday and called and showed his figures up a notch. Mr. Albus reported that Rhineland had given Roosevelt and Garner every vote cast in the Rhineland box, and that only two were cast for the Republican nominee for governor.

TIME COUNTS

when you're in PAIN!

Insist on genuine Bayer Aspirin; not only for its safety, but its speed.

Take a tablet of Bayer Aspirin and some other tablet, and drop them in water. Then watch the Bayer tablet dissolve—rapidly and completely. See how long it takes to melt down the other.

That's an easy way to test the value of "bargain" preparations. It's a far better way than testing them in your stomach!

Bayer Aspirin offers safe and speedy relief of headaches, colds, a sore throat, neuritis, neuralgia, lumbago, rheumatism, or periodic pain. It contains no cocaine, irritating particles or impurities.

Auto Accident Fatal To Hamlin Man.

Stamford Leader: An accident which resulted in death for one of the victims and serious injury for the other occurred on the Anson-Hamlin Highway Monday night. The injured people were identified as Inez Jones of Sweetwater and Allen Bates of Hamlin. Bates died of a fractured skull and other injuries and his companion is in the Stamford sanitarium in a serious condition.

Johnnie Bates, sewing machine salesman of Hamlin, discovered the accident in returning from Abilene Monday night. The overturned Chevrolet was found about five miles from Hamlin with the lights shining out over the field. On investigation Bates discovered the man some fifty feet from the car and the young woman nearby. Both were in an unconscious condition. He took the couple to Hamlin for first aid treatment and ambulances brought them on to the sanitarium.

Bates was identified by Hamlin friends in the hospital and his family was summoned, but no clue as to the identity of the young woman was established until late Tuesday. Her father, U. H. Allen, came over from Sweetwater Tuesday night and is at his daughter's bedside.

Haskell County Leads West Texas In Loan Payments.

Haskell Free Press: Haskell County leads all West Texas in the payments of loans to the Reconstruction Finance Corporation, according to J. Edwin Brown, district supervisor of the West Texas division, who was in the city today. Mr. Brown states that the farmers are paying off their loans in this county far better than any other county in this division and is leading by a substantial margin.

Mr. Brown is moving his family to Lubbock tomorrow in order to be nearer in the center of his territory. He has made his headquarters here since last March and states that he regrets to make the move, as he thinks that Haskell is one of the best towns in West Texas and the contacts and association with the people here has been a pleasure that will long be remembered, and he reluctantly makes the change.

Officer Returns Man Wanted For Wife Desertion. Deputy Sheriff Olen Dotson made a trip to McGregor, Texas, this week

and returned with Red Koel, wanted in Haskell county, charged with wife desertion. Koel made bond in the sum of \$1,000, and was released by the sheriff's department. Koel returned to McGregor the first of the week.

Cotton Ginned In Haskell County

Rule Review: There were 22,562 bales of cotton counting round as half bales, ginned in Haskell county, from the crop of 1932 prior to October 18th, 1932, as compared with 20,236 bales ginned to October 18, 1931, as reported by Jas. E. Lindsey, special agent.

WHY THE TEXAS CENTENNIAL?

The most splendid conception of this generation, in behalf of a greater Texas, is the Texas Centennial.

It will celebrate one hundred years of unexampled progress, from barren wilderness to modern commonwealth.

It will foregather the marvelous products of Texas' brain and brain in every field of human endeavor.

It will turn toward Texas the attention of peoples of many tongues and lands beyond the seas.

It will make the tale of Texas table-talk in ten million homes, in the two Americas, from Baffin Bay to Cape Horn.

It will repay Texas for all outlay from her treasury, from out of uncounted millions dropped within her borders by the unnumbered hosts who come by rail and road and plane to behold her resources and applaud her strides.

It will be an epochal event in which the Nation will claim the right to share, since in succession 1836 was followed by 1845, San Jacinto by Cha-

pultepec and American domain and destiny pushed westward from the Sabine River to the Pacific Ocean.

It will be far more than a mammoth modern exposition, whose buildings are models of architecture, in brick and stone, housing triumphs of invention and miracles of science and the riches of Texas soil and sun.

It will testify that Texans are not unworthy the incomparable heritage left to them by martyrs and patriots, dying and ready to die, that Texas might become an Angelo-Saxon commonwealth.

It will commemorate the sacrifices of the plain pioneer men and women who first trekked the unpeopled wilds, with an ax and plow and rifle and spelling book and Bible, to lay the mudsills of civilization.

It will teach all the sons and daughters of Texas, native-born and adopted, to know Texas better, to love Texas more and to serve Texas with a single-hearted zeal.

It will seal in tighter bonds of unity, through contact and understanding, Texas citizenship of every type, from pines to plains, from the river to the Gulf.

It will rid our State of the specter of sectionalism to the end that Texas may remain in territory, ideals and destiny forever undivided and indivisible.

It will rekindle the dying flame of patriotism, in decadent days, and as we renew our faith at Texas sacred shrines, put to shame a leadership of noisy pretense and little deeds.

It will serve to bring to pass the poet's prayer:

"Bring me men to match my mountains,
Bring me men to match my plains,
Men with empires in their purpose,
And new eras in their brains."

ANNOUNCEMENT . . .

We have secured the services of Mrs. Thelma Williams to assist in our Beauty Shop on Fridays and Saturdays, and she will have charge of a booth in which we will make a specialty of Wave Setting, and have reduced our prices on these days as follows:

- Wet Sets 25c

MisSimplicity

makes your clothes fit like a Paris Mannequin's!

Leading dressmakers everywhere say, "It's no trick to achieve smart lines, when the frock is fitted over a correct moulding foundation." MisSimplicity, designed by Gossard, skillfully moulds the figure to slim curves. The diagonal "cross-pull" of the waistline straps flattens the diaphragm and abdomen, uplifts the bust, slenderizes the waistline and holds the figure to correct posture. Side panels of pliant elastic taper the hips to perfection.

The GOSSARD Line of Beauty

MISS THELMA PICKLE,
Gossard Factory Representative

Will be at our store on Saturday, Nov. 12th to give you a perfect fit and advice. We urge that ladies in town make an effort to come before noon in order to avoid the rush of the afternoon.
