Odd Bits Salvaged
At Random

(By Aaron Edgar)

K. C. D. D. No. 1! Oh, boy! Don't that sound snazzy?

And that's what we stand a chance of getting in and around Munday. And in case you don't understand that "new deal" method of initialing, that means Knox County Drainage District No. 1.

It all came about because of flooded conditions that occur in the town of Munday when heavy rains come—the Munday water and the Thorp water that we fussed about some time ago.

The idea came forth after that \$20,000.00 estimate on the project to drain Thorp water and nearby water away from Munday instead of into Munday.

Somebody comes up with the idea we ought to petition the Commissioners Court to create a drainage district, then we could vote bonds within the district for the purpose of carrying out said drainage program.

The idea "took" just like an epidemic of measles. Everybody saw that everybody within the district, by means of a bond election, would be paying his proportionate share of getting the town drained.

So the petition was circulated, and folks began signing. It was presented to us, and we decided we were a "freeholder" taxpayer, whatever that is, so we signed the petition. So did about 88 others who were in the same category.

It was then presented to the court on Tuesday, March 9. The court decided that everyone whose name was on the petition was a "freeholder", or something, and that there were a sufficient number of names to justify holding a ring.

It was so ordered, and the hearing is set for Wednesday, April 28, at 10 a. m., and if our problems, grievances, health hazards, and the like, are great enough in the eyes of the court, such a district will be created and established.

Notices have been posted in five public places within the proposed district. We found one at the city hall, and we don't know where the others are.

The notices describe the K. C. D. D. No. 1 by means and bounds, and the like, such things as we don't know anything about. It's in legal terminology, phraseology, et cetera, and we're just plumb dumb about those things.

Our guess is that the district will be large enough to meet the estimated needs, drain the town to a great extent and make a lot of folks happier.

Some will be unhappy, too, and you may lay to that. But those who know they're going to be unhappy about it are requested by the notices to meet with the court and state their grievances.

If you're smarter than we are—and we don't doubt it—drop by and study one of those notices which set out the boundaries of the district.

Beginning at the southwest corner of block so-and-so, N. R. A. survey; or some such survey; thence north so far; thence east an equal distance; thence northeast for a long way; thence west nearly as far; thence on out to Lake Creek where it makes a bend towards Jones.

Oh, well, you can study it out. A surveyor and a lawyer can word and phrase things so an ordinary brute, like ourselves, gets more bamfuzzled the longer he studies.

Anyway, we're just about thirty days away from having K. C. D. D. No. 1 created, maybe, and once that's done things may begin popping like a July firecracker.

Once we have the district, as stated before, we could then vote a bond election for a drainage system within K. C. D. D. No. 1. If the election carries, we could go ahead and issue bonds and plan to drain the town road and proper.

If the election fails to carry, (Continued on Page two)

Funeral For Mrs. Killian Is Held Friday

Mrs. Letha Fay Killian, well known Munday resident, passed away last Thursday afternoon at St. Ann Hospital in Abilene, following an illness of several days. She was taken to Abilene for hospitalization on February 29 and underwent a major operation.

Born in Haskell county on March 24, 1922, Mrs. Killian was 25 years, 11 months and 17 days of age, and had resided in this section all of her life.

She is survived by her husband, Olen Killian of Munday; two sons, Vernon Ray and Kenneth K. Killian; her parents, Mr. and Mrs. Amos Rutledge of Abilene; a brother, Ensign Homer Lee Rutledge, who is stationed on Guam; two sisters, Mrs. Abby C. Martin of Fort Worth, and Mrs. Tinnie Barnes of Abilene.

Funeral services were held from the First Baptist church in Munday at three o'clock last Friday afternoon, being conducted by Rev. W. H. Albertson, pastor. Burial was in the Gillespie cemetery under the direction of the Mahan Funeral Home.

Pallbearers were Stanley Wardlaw, Ed Jetton, Wallace Reid, Cecil Burton, John McMahon and Kirby Fitzgerald.

News From The Munday F. F. A.

The Munday Chapter of Future Farmers of America met Monday evening at seven in the classroom of the Vocational Agriculture building. Officers present were: Troy Lowrance, president; Scotty Ponder, vice-president; L. C. Searcy, secretary; Garon Tidwell, treasurer; Homer Lowrance, sentinel; Boyd Baker, historian; Danny Ponder, parliamentarian; and E. R. Ponder, adviser; Billy Brown, the reporter was absent.

Other members present were: J. L. Ford, Errel Egan, Dick Swope, Bobby Gray, Penny Reeves and Junior Howeth.

Business attended to was devoted to making plans for the Father-Son Banquet which will be held March 25 in the school lunch room. Each member is to invite his father and to introduce him at the banquet.

The program committee elected consists of Kenneth Baker, Bobby Gray, and Troy Lowrance. The decoration committee is composed of Garon Tidwell, Boyd Baker, and Scotty Ponder.

Robert Manire, State Director of Vocational Agriculture, will deliver the principal address. We feel grateful that we shall have the privilege of having Mr. Manire with us. Mr. Manire will be introduced by Mr. J. B. Payne, Vocational Agriculture director of Area IV of Stephenville. Again we are grateful to have Mr. Payne with us.

We wish it possible to have all the men of the school district present to hear these men, but since our space is so limited we cannot take care of that many.

Other matters discussed was the F. F. A. project show. The date set for the show is April 3. Any project that a boy has, may be exhibited at this time. Among the better projects are fat dry-lot steers, fat farrows, gilts, sows, and pigs.

The meeting adjourned with the regular closing ceremony.

Billy Brown, reporter

Mr. and Mrs. O. O. Putnam and daughter are visiting in Dallas this week.

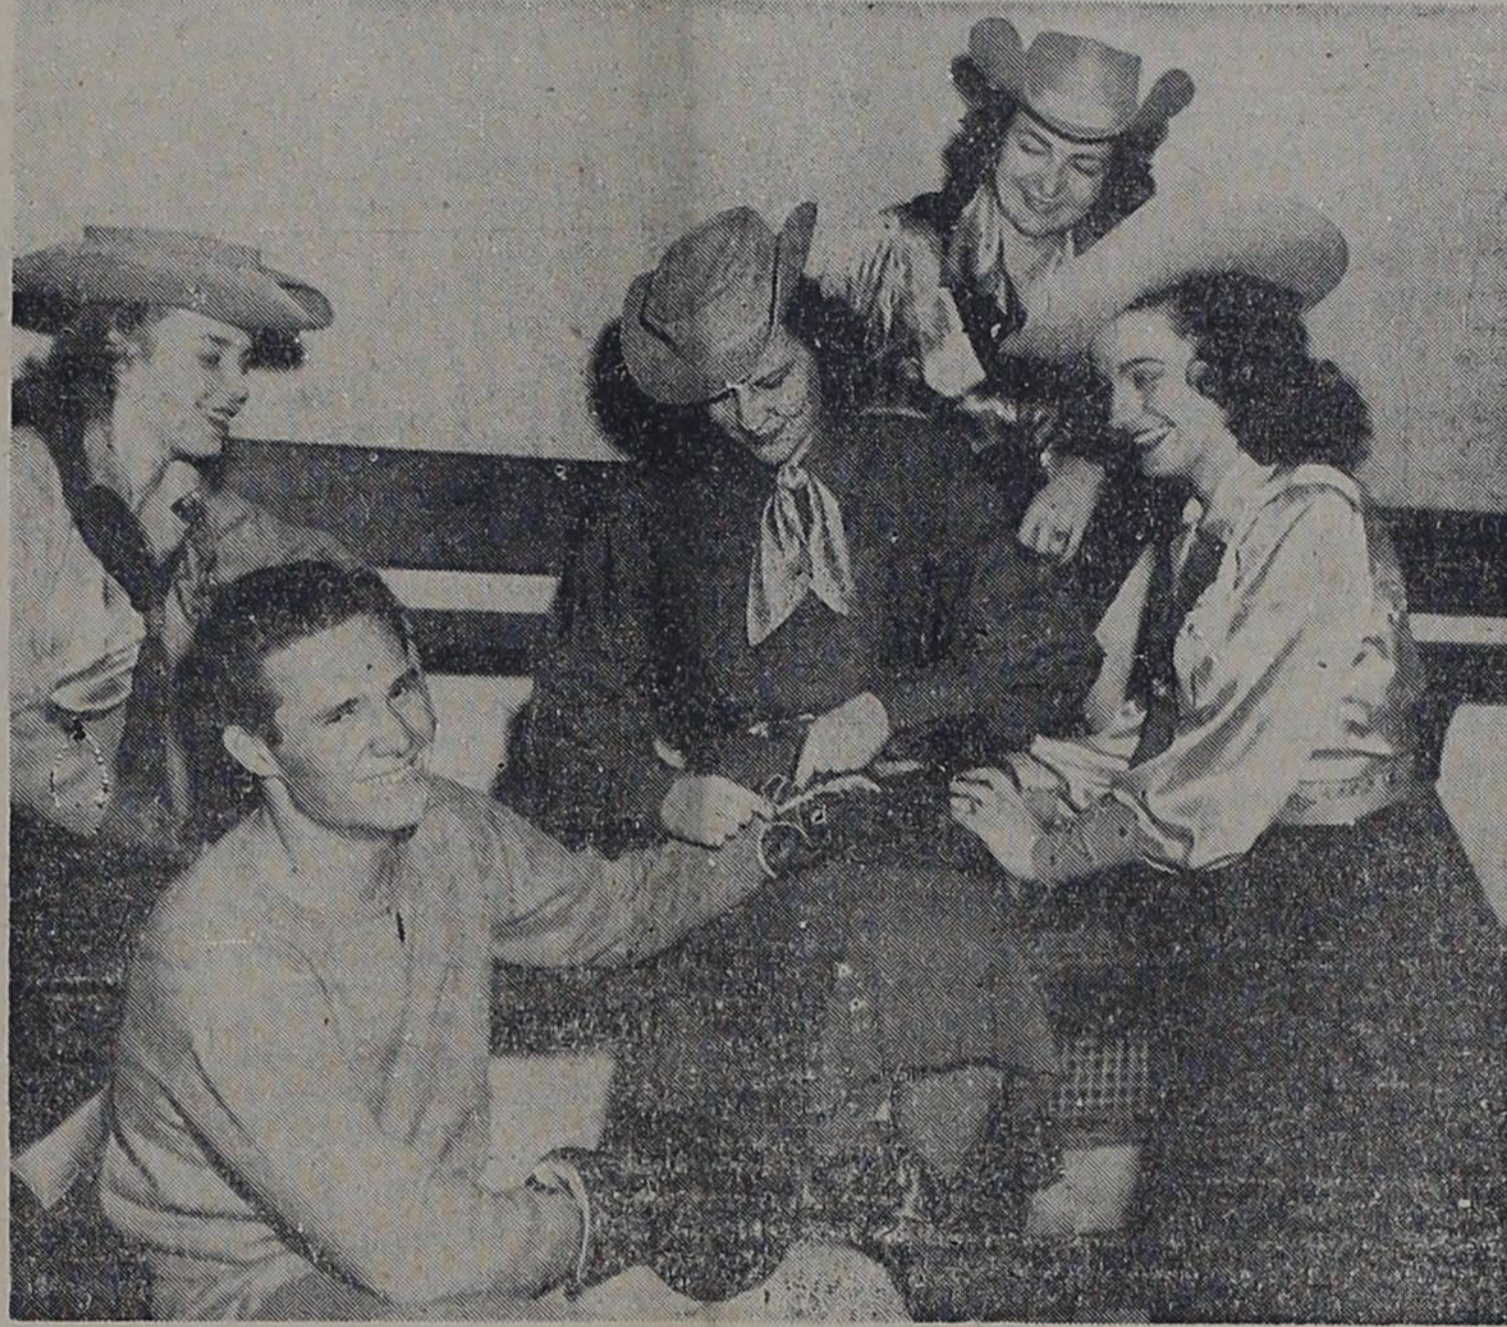

Weather Report

Weather report for the period of March 11th through March 17th as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

| Mar. 13 | 25 34 | 66 57 |
| Mar. 14 | 46 34 | 78 70 |
| Mar. 15 | 56 17 | 75 44 |
| Mar. 16 | 35 28 | 65 67 |
| Mar. 17 | 40 40 | 65 59 |

Rainfall to date this year, 2.42 inches. Rainfall to this date last year, 1.95 inches.

Munday Girl H. S. U. Class Favorite

Miss Carolyn Hannah of Munday is pictured above with other Hardin-Simmons favorites giving encouragement to Tom Adams, Hardin-Simmons University freshman and twice state light heavyweight Golden Gloves champion, in his final home workout, before leaving for New York. From left to right Alice Osborne, Abilene, junior favorite; Carolyn Hannah, Munday, freshmen favorite; Jesse Myers (background) Abilene sophomore favorite and Maewyn Bailey, Abilene, cheerleader. Tom left the Hardin-Simmons campus at noon Thursday for Fort Worth and a plane trip to Chicago to join the Western representatives for the March 22 inter-city Golden Gloves bouts between New York and Chicago in Madison Square Garden.

Masons Hold District Meet At Benjamin

Around 130 Masons gathered in Benjamin last Tuesday evening for the regular meeting of the 91st District Masonic Association. Benjamin and Knox City lodges were co-hosts for this meeting.

After visiting for a while in the corridors of the county court house, the group then gathered in the assembly room, where a delicious feed was served by ladies of the Benjamin Sorosis Club.

Following the feed, a business session was held in the district court room, with T. W. Templeton in charge. Bill Spreen, pastor of the First Christian church of Seymour, made a very inspirational address which was enjoyed by the group.

It was announced that the next meeting will be held at Seymour on Tuesday, May 25, at which time Horace Jackson, master of the Grand Lodge of Texas, is expected to be present to address the group.

Every lodge in the 91st district was represented except two, Woodson and Throckmorton. Several visitors attended from lodges outside the district.

NEXT WEEK . . .

The Times will carry another letter from Mrs. Billy Wayne Maddox, the former Polly Chamberlain, telling of establishing a home on the island of Korea.

The letter was "put into type" this week, but due to other news of time value, it was crowded out. Watch for this interesting letter next week.

Uncle Sam Says

The kid in upper 4 captured your heart during wartime. In spirit you traveled with him toward his uncertain future on the battlefields. The kid upstairs today is yours. The "kid" may be a freckled boy or a curly haired little girl—your son or daughter who will need your help through savings to find a place in everyday life. The Payroll Savings Plan for buying United States Savings Bonds where you work is the only automatic, safe, profitable way for you to buy bonds by the installment payment method. In this way you can build the nestegg which can make the difference between wishing and having the funds for education and a secure future for your children. If you are self-employed, buy bonds automatically through the Bond-A-Month Plan where you bank.

U. S. Treasury Department

School Election Set For April 3

The annual school election, for the purpose of electing school trustees, has been set for Saturday, April 3, according to Merick McGaughey, county superintendent. The election will be held in all common and independent school districts of Knox county on that date.

In addition to electing one or more trustees for each district, a county trustee at large will be voted on in each district, and Commissioners Precincts Two and Four will elect one member to the county board. Notices of the election have been posted in all school districts, McGaughey said.

W. E. Braly of Munday is the trustee at large whose term expires. Ernest Beck is serving on the county board from Precinct Two, and John Cure from Precinct Four, both of whose terms expire.

Two members of the Munday Independent School Board will be elected in the places of C. P. Baker and E. H. Nelson, whose terms expire. The names of John B. Scott and Gene W. Harrell have been filed for places on the ballot.

Farmers Union Gin To Pay Dividends

E. H. Nelson, manager of the Farmers Union Gin, Tuesday announced a meeting of all patrons of the gin for Saturday afternoon, March 20, at three o'clock at the Farmers Union Hall.

A review of the year's ginning operations will be given, and dividend checks will be issued to all the gin's patrons. All patrons of the gin are urged to attend this meeting.

Stage Show Coming To Sunset School

Sunset Seniors are sponsoring a big stage show at the Sunset high school on Thursday night, March 18 at 7:30 p. m.

Oran Raught and his Roadside Ramblers, an eight piece hillbilly band, will present a two hour show. Featured will be Patsy, the little blue eyed star of Texas; Little Willie, the boy with the fiddle; Jimmy, the steel guitar boy; Dale, the clown; and many many more. Everyone is invited to attend this show.

Weaver Attends Electronics School

Don J. Weaver, seaman, second class, USN, son of Mr. and Mrs. Bert Weaver of Munday, has been selected to attend Aviation Electronics Technician's School at the Naval Air Technical Training Center, Memphis, Tenn. for a 44 week course of instruction.

Weaver entered the Naval service Oct. 23, 1947, and received his recruit training at the Naval Training Center, San Diego, Calif.

Oil's Well That Ends Well . . .

Yes, Mam, A Producer . . . Smith Well's The Beginning

Wm. Griffith Is Candidate For Re-Election

The Munday Times is authorized this week to announce the candidacy of Wm. Griffith, present county judge of Knox county, for re-election to that office. Judge Griffith is asking for a second term, having been elected to the office in 1946.

Judge Griffith stated he had worked, and planned to keep working, for better farm-to-market road system in Knox County, as well as other projects for the betterment of the county. He has done his best to give an economical administration, and one to the best interests of all parts of the county alike. The Judge asks your support on his past record as an official, and promises to carry on the things that have been started which are incomplete at the present time.

"I will try to see as many of the voters as possible," he stated, "but in case I should fail to see you personally, I ask your support in the coming primaries."

Auction Sale Has Active Day

The Munday Livestock Commission reports a good run of cattle for Tuesdays sale with all classes selling on a good strong, active market.

Canner and cutter cows, \$12.50 to \$16.00; butcher cows, \$16.50 to \$18.50; beef cows, \$19.00 to \$21; butcher bulls, \$18.00 to \$19.50; beef bulls, \$20.00 to \$21.00; ranner calves, \$15.00 to \$18.00; butcher calves, \$18.50 to \$22.50; fat calves, \$23.00 to \$27.00; butcher yearlings, \$19.00 to \$23.00; fat yearlings, \$23.50 to \$27.50.

New Equipment Is Being Added To Funeral Home

G. B. Hammett of the Mahan Funeral Home returned home last Sunday from Memphis, Tenn., with a new ambulance for the firm which has been on order for some time.

The new car is a special ambulance body built on Chevrolet chassis, white in color, and very attractive and modern in every respect.

Mahan Funeral Home plans to use it strictly as a private ambulance and invalid coach, which is a service that has never been offered the people of Munday before.

"It has always been my ambition since being in Munday," Mahan said, "to provide a private ambulance service to the people of this area, even though such a service is seldom found in a town of this population."

Farmers Warned Of Recent Thefts Of Implements

A warning was issued Tuesday by Sheriff Homer T. Melton for all farmers to keep close tab on their farming tools, old implements, etc., which are sold for scrap iron has been reported during recent weeks, and the law enforcement officers expect this practice to become more extensive.

Sheriff Melton said farmers should check their implements, etc., regularly to see that all are in place and to make it possible for theft to be detected early.

In some instances valuable farming implements have been stolen, Melton said.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Litt Lemley are the proud parents of a daughter born last Friday, March 12 at the Knox Co. hospital. The little daughter has been named Judy Carolyn. Both mother and little daughter are reported to be doing fine.

It's definitely an oil well—a producer. That's the information those "in the know" in this oil game are putting out—and it's such a well that will cause further development in the Munday area.

It's Munday's oil well. Even though it's in Haskell county, it's just across the line a short ways and closer to Munday than any other town. Therefore Munday's all excited, and has been for the past ten days.

It's the British American Oil Producing Co. No. 1 A. A. Smith well, and now the \$64 question is as to when and where an offset well will be drilled.

Interested also is the Coffman Estate of Dallas, and it is predicted that everyone in and around Munday will benefit by the efforts of British-American and the Coffman Estate in further development of this field.

Efforts this past week, since drill stem tests were made, has been in determining strength of this well. Acidizing and swabbing have resulted in developing this into a commercial well.

Douglas Helms, who is here in the interests of the Coffman Estate, reported Wednesday that from best information available at the present time, the well will produce between 100 and 250 barrels. Tests have been run, and the oil is testing 37 gravity.

A battery of tanks are now in the process of being set up to store the oil.

Developments during the past week have been the cause of a lot of activity in leasing and royalty sales, both by major companies and independents, it was said.

Mr. Helms also has information that through the efforts of Munday's civic organizations, the senior and junior Chambers of Commerce, Rotary Club, etc., there will be extensive road work from Munday to the new oil field. This will be badly needed to facilitate further development.

Yep, excitement has been reports and street talk have been conflicting and confusing; and from the strain Bob Alexander has been in this past week, he's sadly in need of a fresh box of cigars!

The talk has been that she's producing all the way from five barrels to 200 barrels; that she's shooting oil all over the place; that she's belching forth salt water and will be abandoned, and if you got any royalty better get rid of it fast.

"Definitely a producer!" That's what they said, folks, and that's what we wanted to hear!

Munday's Pool

It's been suggested that this be named the Munday pool, or field, and that a nice-size picture of the discovery rig be hung in the First National Bank and the Yarbrough Hotel. And we'd run a picture in the Times if someone who has made a picture will submit one to us for the engravers.

O. T. Wagleys Are Now In Charge Of Goree Cleaners

Announcement was made Monday that Mr. and Mrs. O. T. Wagley, formerly of Anson, have purchased the Goree Cleaners, tailor shop in Goree which was formerly operated by Doyle Bowen.

Mr. and Mrs. Wagley have had several years of experience in this business, and they stated they will continue to do cleaning, pressing and alterations at the same established prices. They invite the continued patronage of everyone in the Goree area.

County Reaches Red Cross Quota

Wade T. Mahan, county chairman of the annual Red Cross Roll Call drive, announced Tuesday afternoon that Knox county has topped her quota in the drive. The quota this year was set at \$1,500.

There are some communities in the county which had not reached their quotas Tuesday, but others had gone over with enough margin to surpass the county's overall quota.

A detailed report by communities will be given in the final summary at the close of the drive, Mahan said.

MUNDAY'S NEEDS FOR 1948

1. A modern and up-to-date high school building, to care for the present and future educational needs of our children.
2. A waterworks system that meets all requirements of health, sanitation and supply.
3. A street sweeper that will keep our pavement clean enough to be recognized as pavement.
4. A clean-up campaign of lasting effect; yes, one that extends even across the tracks.
5. Completion of our drainage and paving program, which will probably be accomplished this year.
6. More activity among our civic organizations, looking forward to, and planning for, a better Munday in the future.

THE LAST BULWARK

Nearly everyone in this country has been doing a lot of talk about the pros and cons of the Marshall plan for European recovery. Recently there has been a tendency to become apathetic to the program on the parts of many citizens and the congressmen who represent them.

Probably the Marshall plan does have flaws. Most plans do. But the fact remains that the Marshall plan is the last bulwark which stands in the way of further ravages of Europe by communism.

And whether we like it or not, the engulfment of all Europe by the communists would bring swift and unhappy consequences to the western hemisphere.

As Oscar Johnston, chairman of the board of the National Cotton Council, recently pointed out, "a blackout of the European market would compel radical adjustments in our entire economic structure—changes which could hardly be made under our democratic, free enterprise system."

We might be able to continue for a time; nevertheless the odds are greatly against an individual in a free enterprise system long coping with such totalitarian practices as self-sufficiency, barter, forced contracts, political coercion through economic sanctions, and economic programs for political expediency.

This is our last chance. The tragic absorption of Czechoslovakia—the once model democracy—by the communists, the early Italian election returns are signs calling attention to the need for immediate action.

The bi-partisan Vandenberg-Connally Bill which would appropriate \$5.3 billion during the first year

MONOPOLY ON YELLOW

"Is there a monopoly on yellow?" a tired and disgusted homemaker asks after completing the messy task of mixing coloring into a pound of margarine.

Yes, Mrs. Homemaker, there is a monopoly on yellow. Through our own laws we have placed ourselves in the position of virtually prohibiting the use of yellow coloring by one wholesome food product, while allowing another to color itself yellow without restriction.

Here are the facts on the yellow monopoly: To buy a pound of yellow margarine you pay the federal government a 10-cent tax. To sell you that pound of yellow margarine, the retailer pays an annual federal license fee of \$48, the wholesaler \$480 a year, and the manufacturer \$600 a year.

In addition to these federal restrictions, there are laws in 23 states prohibiting completely the sale or manufacture of yellow margarine.

At the same time, the butter industry is allowed to color its product yellow without so much as indicating on the carton the fact that it is artificially colored.

Such discriminations are unjust and un-American. It is unfair that the consumer should be penalized or prohibited from buying margarine—a wholesome and nutritious product of American farms.

It is unfair that the nation's 1,500,000 cotton farm families and 450,000 soybean farm families should find their markets so restricted. It is to the credit of the 80th Congress that almost a score of bills have been introduced seeking the repeal of the anti-margarine laws and the removal of the monopoly on yellow. It will be to the lasting credit and benefit of the American people if through their letters and telegrams during the weeks ahead they give their Congressmen and Senators the support and encouragement essential to the removal of the margarine barriers this year.

of the plan's operation seems to be the soundest and quickest approach to genuine recovery in Europe and maintenance of freedom throughout the world.

If we stick to our knitting, keep our own economy right side up, explain frankly and full what we are doing, and with determination, we can safely leave the hollering to Molotov and Vishinsky.—The Saturday Evening Post.

then we don't need K. C. D. D. No. 1, and we just will give it back to the Commissioners Court, or the Indians.

We voted bonds for paving last year. We raised the school tax rate for better schools, but this year we haven't voted on anything yet.

Soon, though, we'll elect school trustees, a mayor and city councilmen, and along about the fourth Saturday in July we'll vote for lots of other people, so we might just as well vote on drainage bonds sometime in the interim.

Personally, we wouldn't be adverse to voting bonds for K. C. S. S. No. 1 of Munday, if we can't get it any other way.

And that, our dear friends, means Knox County Street Sweeper No. 1 of Munday.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. From where I sit... by Joe Marsh
How to Keep 'Em Down On the Farm
The other day Pete Swanson's nephew, Bud, allowed as how he was fed up with farm and country life... and was going to the city where there was a lot more opportunity and excitement.
Some folks might have tried to stop him. But not Pete. He even advanced Bud carfare for the trip... figured that when he'd had a good look around, he'd come back where he belonged.
And what happened? After seven days of big-town bustle and excitement, Bud was back behind the wheel of a tractor, with color in his cheeks again. And he'd traded the night life of the city for a quiet glass of beer with Dad.
From where I sit, that's how it goes. Try to prevent some one from getting what he thinks he wants—and he'll go on wanting it. But give him his head, and he'll settle for the sensible thing—whether it's country life, or a temperate glass of beer!

Knox Prairie Philosopher Finds A Bug Under The Chip Of The Latest Atomic Research Results

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek probably is up to his usual standard, which is misinterpreting what he reads, his letter this week reveals. Dear editor:

The birds was singing so and the water was boiling so in my wife's wash pot out here Monday mornin I couldn't help wanderin out in the woods out of sight on the banks of Miller Creek and was surprised to find a copy of a magazing floatin down the creek, as ordinary magazines don't get this far down, just mostly copies of the Star-Telegram or the Wichita Daily, or the Munday Times, brush heaps, dead animals, fence posts, and odds and ends, but since it drifted over to a gravel bar where I was standin and appeared to be in pretty good condition I picked it up and sat down with it, which I am now sorry I did.

J. A.

On the first page I opened it to was an article on how atomic scientists are workin on a by-product of the atomic bomb which will unlock new knowledge of plant growth, makin things grow twice as fast and twice as much as they do now.

"This is one of the glorious prod-

uces of atomic science," the article said, pointing out it would enable a farmer to increase his production tremendously and keep food production up with the increases in population.

Personally, I ain't taken in. In fact, I'm disturbed, if not outraged. Most people can't see but one side of a thing.

For example, if that atomic by-product them scientists is gonna fed into the soil to make cotton and corn shoot up, works, what in thunder do they figure is gonna happen at the same time to cockleburrs and Johnson grass? Who wants twice as much cotton if he's got to hoe twice as much Johnson grass? Scientists is smart up to a certain point, then they peter out.

All I can see to it is that they are gonna double the work of us farmers. It ain't no bait to me to lead me on by the promise of doublin my production if it's gonna double my labor to do it. Thunders, I already know I can produce more if I work harder, don't take no atomic scientist writin in a high-powered magazine to tell me that. What I'm lookin for, if the atomic age is gonna be a success as far as I'm concerned, is a method of producing more by workin less, or I'd even settle for producin just as much as I am workin less, I ain't hard to please.

See if you can't get Senator O'Daniel or Congressman Gossett to workin on this. Ain't no use

spendin tax money on atomic research if it's gonna result in taller Johnson grass and thicker cockleburrs. More food ain't worth that price. Yours faithfully, J. A.

LEGION WOMAN FINDS NEW USE FOR OLD GOLF CLUBS

Kansas City—Mrs. Andy Smith, a member of the American Legion Auxiliary here, has found a new use for steel-shafted cast-off woods.

They are life savers for blind veterans.

By chance, Mrs. Smith took a half dozen old golf clubs to the Wadsworth Hospital here. The blind veterans there couldn't use them to play with but they put them to a better purpose.

The clubheads are sawed off, a ball-bearing is welded to the tip and the steel-shafted woods become feeler canes for the sightless former soldiers.

Now Mrs. Smith is besieged with requests for more old clubs. She has secured the cooperation of the Mid-West P. G. A., and of local sporting goods dealers in collecting such old clubs.

Mrs. Sam Salem of Dallas spent last week with her husband, Sam Salem.

Buster Tolson of Pueblo, Colo. was a business visitor here last Monday and Tuesday.

Metropolitan Opera In Dallas to Present World-Famed Stars

Bidu Sayao, renowned Brazilian prima donna, will be one of a score of world-famous singing stars who will appear in Dallas with the Metropolitan Opera Co., April 8 to 10, under the sponsorship of Dallas civic leaders at Fair Park Auditorium. She will sing the title role in "Manon" Friday night, April 9. Other operas will be "Masked Ball," Thursday night, April 8; "La Traviata," Saturday matinee, April 10; and the double bill of "Cavalleria Rusticana" and "Pagliacci," Saturday night.

Mr. and Mrs. O. H. Murry and Mr. and Mrs. Ralph Murry of Brownfield, Mr. and Mrs. Willard Kilgore and children of Benjamin, L. J. Draper, O'Brien, Mr. and Mrs. W. W. Roberts and children of Goree, Mr. and Mrs. Kirby Fitzgerald, Mr. and Mrs. Cecil Fitzgerald and children of Munday were guests in the home of their parents, Mr. and Mrs. J. F. Draper of Goree last Sunday.

Mrs. Gollehon Is Hostess March 10 To H. D. Club

The Munday H. D. Club met in the home of Mrs. J. C. Gollehone on March 10. The meeting was opened with a contest.

After old and new business was discussed, two chairs were displayed by Mrs. Gollehone. One to be refinished and one which had been refinished by removing the old varnish and using the hot oil treatment which makes a very beautiful natural finish.

Mrs. Joe Patterson gave a demonstration of tying and dying of scarfs and ties.

This club is having a bake sale on Saturday, March 27th. Contact us for your Easter needs.

Refreshments were served to members of the club by the hostess, Mrs. J. C. Gollehone.

Munday H. D. Club Meets February 25 With Mrs. Searcy

The Munday H. D. Club met in the home of Mrs. A. M. Searcy, February 25. The meeting was called to order by the chairman, Mrs. J. C. Gollehone. Roll call was answered with color combinations liked. This meeting was carried out in a business session. One of the beloved long time club members, Mrs. G. L. Pruitt, has been confined to her bed for several weeks and the members voted to carry her a sunshine box of lovely cards and gifts to help pass some of her time.

Refreshments of sandwiches, cookies and coffee were served to the members by Mrs. Searcy.

Mrs. Iva Palmer Guest Speaker At Study Club Meet

A special Texas Day program was featured Friday for members of the Munday Study Club as they met in the club rooms with Mrs. M. H. Reeves as hostess.

Mrs. Doris Dickerson, director, introduced the speaker, a special guest artist, Mrs. Iva Palmer, who spoke on "Travelog of Texas" and "Education in Texas." Mrs. Palmer is county superintendent of schools of Haskell County and presented a most interesting and instructive talk on the chosen subjects.

The business hour was held with the president, Mrs. Fred Broach, Jr. in charge.

Benjamin H. D. Club Has Meeting With Mrs. Snailum

The Benjamin Home Demonstration Club met in the home of Mrs. Lee Snailum with 11 present. Roll call was, "Name a piece of furniture you wish to refinish."

Each member was asked to type their favorite recipe and bring to the next meeting.

The "42" party and "cake walk" given the night of March 4th was enjoyed by all present. The "Cake Walk" amounted to \$26.90. Another "42" party and "Bingo" will be given later.

The club has been asked to serve the Junior-Senior Banquet. Mmes. Lee Snailum, Carl Patterson and Earl Sams was appointed to attend the demonstration on making gloves and aluminum trays. The club was glad to have Mrs. W. N. Smith of Knox City as a visitor. Mrs. Myrtle Meinzer as a new member, and Mrs. Ed Earl Brown, Mrs. R. D. Benson and Mrs. Olga Bivins as renewed members.

After the business was attended to, games were played and refreshments served by Mrs. Snailum to the following: Mrs. W. N. Smith, Knox City; and Mmes. Ed Earl Brown, Leon Bivins, R. D. Benson, Myrtle Meinzer, Carl Patterson, Earl Sams, E. A. Darwin, Opal Logan, O. W. Driver, and Eugenia Butler, home demonstration agent, together with the hostess.

Goree Bible Study Class Meets Monday

Mrs. Lewis Blankenship was hostess Monday evening to the Goree Bible Study class. Mrs. Orb Coffman presided during the evening study and Mrs. Reuben Bates gave an interesting lesson on Solomon and the Temple.

Refreshments were served to Mmes. Reuben Bates, Lewis Blankenship, Barton Carl, James Carver, Buster Coffman, Orb Coffman, Walter Coffman, C. R. Copeland, Everett Gaither, Billie Hutchens, Leslie Jameson, J. A. Jolly, Orman Moore, Homan McMahon and Mac Tynes.

The group will meet April 5 in the home of Mrs. Orb Coffman.

Mr. and Mrs. J. J. Perdue, Mrs. R. D. Perdue, and Mrs. Eva Ray Estes and Jo Ann and Donnie were business visitors in Wichita Falls last Saturday.

THANK YOU, BUNNY! On behalf of the thousands of crippled children of Texas, 11-year-old Joann Frost of Dallas expresses her appreciation to the Easter Bunny for being the symbol of aid for handicapped youngsters through the Texas Society for Crippled Children. Joann urges every Texan to share his Easter joys by supporting the Society's Easter Seal Sale, March 8-28.

Sorosis Club Of Benjamin Meets On Thursday

The Benjamin Sorosis Club met in the club room Thursday, March 11th, at 3:00 p. m. The house was called to order by the president, Mrs. J. D. Redwine.

After the minutes of the previous meeting were read and approved, the president welcomed the new members who were present, namely, Mmes. G. H. Hudson, Connie Gray and Jan Jefferies and ask the secretary to read the Constitution and By-Laws for their benefit.

Mrs. O. W. Driver, Corresponding Secretary and Treasurer, gave a financial report of the condition of the Club's finances.

Mrs. Earl Sams, chairman of the Civic Committee, reported a place to be used as a "dumping ground" is still unsettled, but plans for a "clean-up" campaign is scheduled to get under way as soon as weather conditions will permit.

The incoming President, Mrs. M. D. McGaughey, was elected as a delegate to the District Meeting to be held at Breckenridge in April, and Mrs. O. D. Propps as alternate.

The program "Texas Day" with

Mrs. E. B. Sams as leader, was opened by the group singing "The Eyes of Texas are Upon You" and "Texas Our Texas", accompanied by Mrs. Bobby Fail at the piano. Mrs. Louis Parker gave, "What Part Did Texas Play In This War" followed by "Texas As A Resort", by Mrs. Oscar Campbell, and both were informative and interesting.

Mrs. Connie Gray, who recently finished a course on "Texas Authors", gave a very interesting talk on that subject. The hostess, Mrs. Annie Rhea Mayfield, served cake with whipped cream and coffee to fifteen club members.

The subject for March 25th, next meeting day, will be "American Home."

J. C. Hargham was a business visitor in Seymour last Monday.

Mr. and Mrs. J. C. Miles of Abernathy and Mr. and Mrs. Elvis Hutchenson of Knox City spent the week end in the home of Mr. and Mrs. T. L. Thompson.

Mr. and Mrs. Edgar Beecher and family of Lubbock are guests in the home of Mr. and Mrs. J. O. Bowden and Mr. and Mrs. Beecher.

D. R. Donoho of Goree has moved to Knox City to make his home.

SPRING RAYON

THIS perky navy and white print is attractively youthful and suitable for almost every spring occasion. It will please the budget conscious miss who likes to buy spring clothes that can be worn throughout the summer, for the one-denier Avisco spun rayon fabric is easy to care for and as cool as can be.

Treat Cottonseed For Much Better Stands, Says Extension Agronomist

If Texas cotton growers are wondering about the advantages of cottonseed treatment, E. A. Miller, extension agronomist of Texas A. and M. College, has the answers.

Your Red Cross Money Goes For 24 Services

The following article, taken from House and Gardens magazine, is being reprinted by request because it shows the various services maintained by the American Red Cross and is very timely during the annual roll call drive:

When the Red Cross will not be at work in communities all over the United States and all over the world, fighting disasters and alleviating illness, famine and distress. This year the Red Cross adds to its long list of services to mankind a new undertaking in a new field—it is establishing and maintaining a national blood program.

The aim is to collect, process and distribute blood and its products and to make them available to all citizens, free of charge. The medical profession feels that the need for such an undertaking is urgent to prevent disease as well as to save lives. The program is so large in scope that it will take from three to five years before it can be fully developed throughout this country. The Red Cross estimates that in the neighborhood of two-and-a-half million volunteers will have to be recruited to handle the work when it reaches its peak.

This new responsibility is a tremendous addition to the work already in hand and it calls directly upon the time and the money of all responsible Americans.

Here is a resume of the services the Red Cross maintains:

Disaster Service, New National Blood Program, Home Service, Social Welfare Aide Service, Services to the Armed Forces, Claims Service, Services in Veterans Hospitals, First Aid, and Water Safety, Accident Prevention, Nursing Service, Home Nursing Service, and Nurse's Aide Service.

Also, Arts and Skills Service, Canteen Service, Nutrition Service, Entertainment and Instruction, Gray Lady Service, Motor Service, Production and Supply Service, Staff Aide Service, International Activities, Junior Red Cross, and College Units.

Children Visit With Mrs. W. T. Ford

Mrs. W. T. Ford was honored by having all her children present for the first time in two years.

The following people were present: Mr. and Mrs. J. H. Hunt of Waxahachie; Mrs. Ida Steele, Los Angeles, California; Mr. and Mrs. R. H. Ford, Wichita Falls; Mrs. Ora Keown, Wichita Falls; Mrs. and Mrs. Charlie Sargent, Mr. and Mrs. Joe Voss, Mr. and Mrs. Norris Ford, all of Munday. Nine grand children were present.

Everyone enjoyed a delightful dinner and a social evening.

part of the nine points of the Sunday school. Dinner was served.

Mrs. Jannie Johnson of Albany spent several days in the home of her sister, Mrs. Mary Hayden and with her mother Mrs. Lizzy Veal who was ill last Monday.

Wae Chanley was burned by a kerosene explosion in their home on Mr. Gaithers farm.

Much Topsoil Is Lost Yearly By Erosion

"Actually, what do we lose through erosion? We all see muddy streams and rivers and know that the thing that makes them muddy is dirt—soil. We hear and repeat that 500,000 acres of land is being lost each year through erosion. But still that doesn't get down to how much is lost from my farm and your farm when the top soil is washed away."

In this way, Howard T. Kingsbery, chairman of the Texas PMA Committee, points up the conservation problem—that the problem of erosion concerns more than the farmer. Consumers everywhere, he says, have an interest in what happens to the soil—"It's where all of us get our food."

The chairman calls attention to a study made by the U. S. Geological Survey on the Iowa River in Iowa from October 1, 1945 to September 30, 1946. In this study the actual soil loss was carefully recorded.

During this period a million and a half tons of topsoil from Iowa farms went down the river. It was estimated that if this lost topsoil were loaded into trucks, the trucks standing bumper to bumper would reach a distance of 1400 miles.

Figuring the loss of fertility and the lower yields of crops where the topsoil was washed away, it is estimated that the erosion in one county alone had taken more than two million dollars' worth of land down the river. That would mean about a thousand dollars gone from each 160-acre farm.

The Iowa River drains an area of some 3,000 square miles, and in one day 188,000 tons of sediment went by in the river—over 58 tons per square mile.

Few people realize, says the chairman, that the sediment going down the river represents so much flour, pork, potatoes, beef, and other important foods. This he says is the reason for the Agricultural Conservation Program.

Mr. and Mrs. Donald Hobert of Knox City visited in the home of Mr. and Mrs. Dwight Key last Sunday.

Dr. Ralph Mills, a medical missionary, brought a handful of Korean lespedeza seed to the United States in 1919. The plant was growing on 40,000,000 acres of U. S. farm land last year.

gay embroidery touches, the National Cotton Council says.

Festive skirt and blouse combinations are headed for the fashion hit parade of the small fry.

DEATH STRIKES CHAPLIN OFFICIATING AT FUNERAL

Folsom, La.—An American Legion post chaplain died suddenly at the funeral of a World War II veteran here, at which he was officiating.

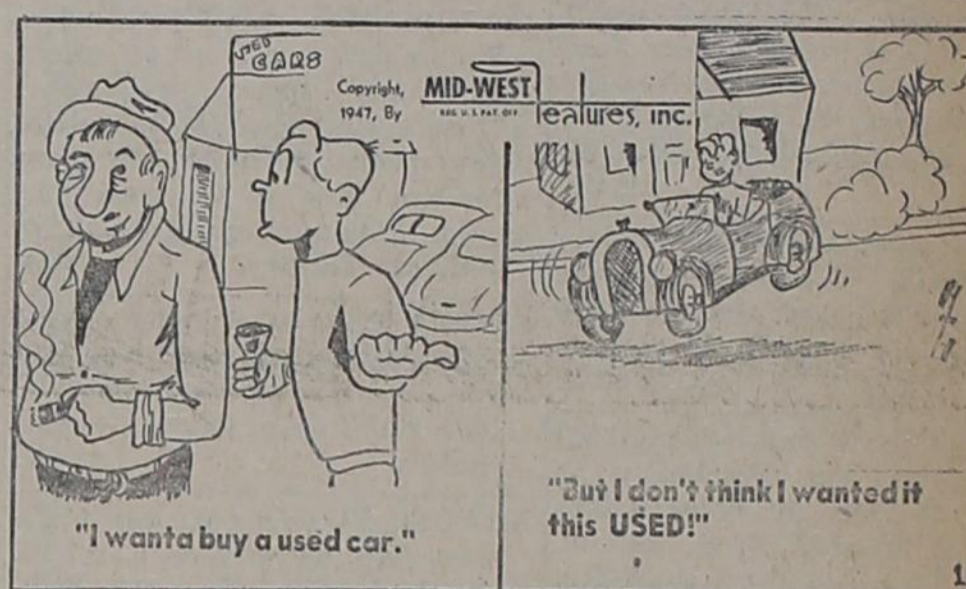

He was Chaplain Benjamin F. Edmundson, 58, of the Robert H. Burns Post 16 of The American Legion at Covington, ten miles

South of here. Chaplain Edmundson was assisting at The American Legion funeral services for Lt. Louis L. Landon, III, World War II veteran whose body had been brought here for burial.

The chaplain had just completed the funeral sermon when he was stricken. He died within a few minutes.

Veterans News

An explanation of recent increases in subsistence allowance for World War II veterans taking full-time courses in schools, colleges and universities under the GI Bill is being mailed to veterans in Texas, Louisiana and Mississippi with their March checks, the Veterans Administration reports.

The enclosure states that only veterans taking full-time courses of education in schools will be entitled to the increased allowances. The new payments, effective after April 1, will be at the monthly rate of \$75 for a veteran without dependents, \$105 for a veteran with one dependent, and \$120 for a veteran with more than one dependent.

The message explains that eligible veterans who are entitled to \$75 or \$105 under the new rates will not have to apply for the increased allowances. Existing applications will supply all the information needed to pay the new benefits. These veterans, therefore, need not write VA, since their increases will be paid automatically.

The note also includes instructions to veteran-trainees who are entitled to \$120 because they have

more than one dependent. It directs them to submit the information about their additional dependents needed before payments at the new rate can be made.

Student-veterans planning transfers to other schools are advised by the Veterans Administration to give at least 30 days notice of their plans, if they wish to avoid possible delay in payment of subsistence.

To enroll at a new school, the veteran will need a supplemental certificate of eligibility from the VA regional office. This requires both a notice to the VA and a statement from the present school showing satisfactory progress in studies.

Questions and Answers

Q. When I was discharged from the Army two years ago, I was advised by Veterans Administration to enter job training under Public Law 16. Due to conditions beyond my control, I was unable to enter training at that time. Is it possible for me to enter training now?

A. In all probability, you can enter training now, but you should contact your nearest Veterans Administration office where your first advisement will be reevaluated for you.

Q. I dropped my \$10,000 National Service Life Insurance term policy and later reinstated only \$5,000 of it. Is it possible for me to reinstate the other \$5,000 at this late date?

A. Yes. You have until July 31, 1948, to reinstate without physical

NATIONS MAKE CHOICES

By GEORGE S. BENSON
President of Harding College
Searcy, Arkansas

Looking Ahead

AS DRASTIC and as devastating as war is, I am confident that the economic troubles of many European countries are not traceable entirely to the aggravations of war. Famine, wars, oppressions: these are symptoms, not causes. Certain nations, like Switzerland, fare surprisingly well amidst the decay and chaos so common in Europe. Little Switzerland is not hollering for help. She is a free enterprise country.

Of course, Switzerland was not a belligerent, and hence was spared some spoilage of war. But now comes news that Belgium is prospering. What is the reason? Belgium chose a free economic system at the close of the war, when she might have taken some foolish panacea. This little country rightly chose a system of free enterprise and economic freedom as the system most likely to bring recovery.

Practical A REASONABLE degree of freedom is enjoyed by the Belgian people. Reports have it that the standard of living there is well up toward pre-war levels. Newspaper reports have called attention to Belgium's airline, Sabena, which reported its net profit for the year at \$2,800,000. This has happened despite the fact it started out with practically nothing after the war. The airline had lost most of its equipment, and had to get help from the government to go ahead.

This is high contrast to what is happening to British airlines. Owned entirely by the socialist government and operated by them, the British airlines find difficulty in keeping their losses down to that figure. The difference is that Britain blundered in choos-

ing, and Belgium chose wisely. Surely the European neighbors of Belgium will notice her good example. Planned economy sometimes looks good on paper, but it is free economy that permits people to use their initiative and work out their own salvation.

Matter of I AM NOT at all surprised to hear these things about Belgium. I was there in the summer of 1946. One very remarkable thing impressed me. And in this there is a lesson for our own people: labor was at that time cooperating in Belgium with the management of industry and with government, in keeping prices down. America has not achieved that much teamwork, and we need it. Dangers still threaten in the battle against inflation.

In Belgium, labor leaders were saying that it was necessary to increase production and thereby bring down prices rather than put up wages and keep prices high. They reasoned that in the long run this would be the best for labor. It is not surprising that their standard of living is reported good by those who have recently toured the country.

As a result of that policy, and because she kept her private ownership and private management of industry, Belgium has come back more rapidly than other European countries that were hit by war. This experience is only another link in the strong chain of evidence that free men working in a free economy are happier and better off than they could ever be under some kind of totalitarian government — any kind. Choosing freedom of enterprise, Belgium has shown wisdom.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

Austin—The recent death of a child in south Texas from rabies emphasizes the danger of this disease and its importance to public health.

According to a statement just released by Dr. Geo. W. Cox State Health Officer, there were 1,099 rabid animals discovered by laboratory examination in Texas last year. There were undoubtedly many more rabid animals running loose which were never examined. Since most of these animals were dogs, children are especially vulnerable to this dreaded disease.

"All dogs should be vaccinated annually as a rabies control measure," Dr. Cox said. "When a child is bitten by an infected dog, the dog should be penned up for observation for 10 days. If he shows no signs of illness in that time he is not rabid, but if he sickens, he should be killed in such a manner as not to injure the brain. The brain should be packed immediately in ice and sent to the State Health Department for examination. If rabies is shown to be present there is still time to begin anti-rabies treatment on the child."

Cities and towns should take firm steps to control the presence of stray and ownerless dogs since they remain unvaccinated and are usually the principal source of rabies.

(Re-Election)

A Mark of Distinction

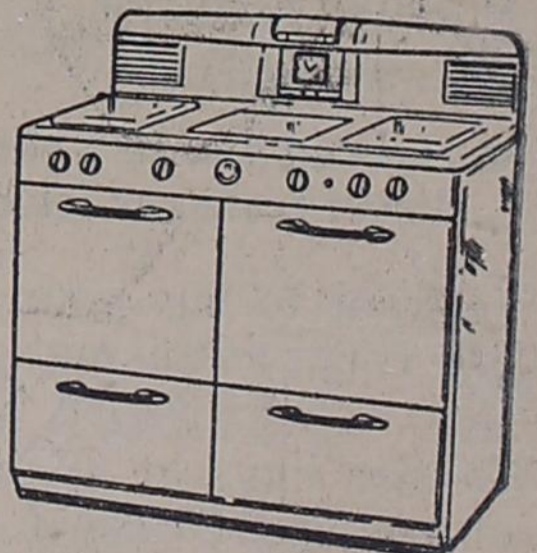

in her clothes
in her kitchen

For away-from-home activities today's smart woman slips into a casual flaring coat...having already slipped a complete oven meal into her automatic gas range built to "CP" standards.

Thanks to her range's automatic clock control, she goes shopping, to the movies, or to club meetings, serenely sure that a perfect meal, superbly cooked, awaits her return.

She enjoys her "CP" model range, too, for its faster, cleaner, easier top-of-stove cooking; its smokeless, cleaner, easier broiling; its smart design that makes it a perfect complement to her smartly appointed kitchen.

Coat selected by fashion authority and sketched in one of Southwest's fine women's apparel stores.

WESTERN HOLLY "CONTINENTAL"—one of the many different brand automatic gas ranges built to "CP" standards available in southwestern stores.

Mr. and Mrs. Bryan Lawson and children of Rule and Evan Roberts of Memphis visited J. J. Roberts Sunday.

Mr. and Mrs. Roy Lane and daughter Wilma were Wichita visitors Saturday.

Mrs. Henry Stewart and son, Marshall and daughter, Ila Faye of Shamrock were visitors in the Jack Stewart home this week.

Mr. and Mrs. Ira Owens of Anton visited relatives in Goree several days last week.

Mr. and Mrs. Laneyson Jones of Lockney visited his mother, Mrs. Emma Jones in the home of Mr. and Mrs. L. L. Atkerson, Sunday.

Mr. and Mrs. Orvis Lambeth of Anton visited his parents, Mr. and Mrs. R. L. Lambeth over the weekend.

Mr. and Mrs. Walter Williams of Bomarton were in Goree Saturday enroute to Carlsbad, New Mexico to visit their daughter, Mrs. Leola Lewis.

Mr. and Mrs. Virgle Edwards of Graham were Sunday visitors in Goree.

Mrs. Georgia Magles and Mrs. Elizabeth Cowser were Seymour visitors Monday.

Mr. and Mrs. E. V. Shackelford and daughter, Doris Ann visited Mr. and Mrs. Orville Parkey and daughter of Wichita Falls Sunday. They also visited Mr. and Mrs. Charlie Ellis of Burkburnett.

Mr. and Mrs. Lester Brown and Mrs. Dwayne Moran and children of Ponder were week end visitors in the home of Mr. and Mrs. Herman Caldwell.

Mr. and Mrs. Lev Jones and daughter, Anne of Sweetwater visited Mr. and Mrs. E. J. Jones Sunday.

Mrs. R. W. Harrist and Mrs. Jack McGinnis of Lubbock visited Miss Emma Cooksey Saturday and Sunday. Mrs. Harrist and Miss Cooksey are sisters.

Time To Plant Summer Grasses

Now is the time of year to think about planting summer growing grasses. They must be planted early so as to get ahead of spring weeds. Soil Conservation Service personnel assisting the Wichita-Brazos Soil Conservation District will be busy during the next thirty days assisting farmer and rancher cooperators plant such grasses as weeping love grass, sand love grass, buffalo grass, blue grass, side oats grama, and yellow (King Ranch strain) bluestem. The district is trying to build up a seed supply of these beneficial grasses.

A list of available grass seed distributors is available at the Soil Conservation office.

Much over seeding of native grass in over-grazed pasture is needed. Most of the pastures in the district have been over-grazed and should be rested this year from May until November. Grazing should be increased in most pastures during last half of March, and all of April to utilize the Rescue grass which is already furnishing grazing. Following that period the cattle should be greatly lessened or removed altogether to allow the better turf grasses to increase and cover the bare ground.

Continuous heavy grazing during the period (May to November) is helpful to the Mesquite trees and other brush and very harmful to the grass. Soon bare areas appear in the turf and erosion is evident. Usually this condition is blamed on the weather or on the brush. Good pasture management means the difference between profit or loss in most cases. There cannot be good pasture management without a rest period occasionally for the grass to seed and maintain its vigor. Where the original grass has been completely eliminated, grass seed must be over seeded, and now is the time.

Rev. J. R. Bateman, Rev. Charles Sargent and Lee Haymes attended the dedication services for the Vera Methodist church last Sunday.

More people drive... More people want CHEVROLETS than any other make of car

True for years—and truer than ever today—with the advent of this newer, smarter, finer Chevrolet for 1948! Official registration figures prove that more people drive Chevrolets—and seven independent surveys prove that more people want Chevrolets—than any other make of car! The reason, of course, is more value. And now Chevrolet value is made all the more outstanding by the smart new styling, brilliant new colors, and even more luxuriously appointed interiors which have been added to all

You'll admire the tasteful new styling, the new color harmonies, the new and richer upholstery and appointments which add so much to the enviable Big-Car beauty of Chevrolet's Body by Fisher.

the other advantages of Chevrolet's famous BIG-CAR QUALITY AT LOWEST COST. See the new 1948 Chevrolet, and you'll know why more people drive Chevrolets than any other make!

You'll find there isn't any other car in its field that gives the Big-Car comfort of Chevrolet for 1948—direct result of the Unitized Knee-Action Gliding Ride.

Chevrolet's world's champion Valve-in-Head engine gives an unequalled combination of performance, endurance, dependability and economy.

The record demand for new Chevrolet prompts us to suggest that you keep your present car in good running condition. See us for service—today!

CHEVROLET and ONLY CHEVROLET IS FIRST!
NIEL BROWN CHEVROLET CO
Munday, Texas

A deed that you might consider so light a thing that by tomorrow you will have forgotten it may yet have untold effect on the whole life of some youth.

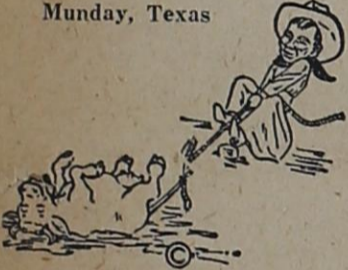

When I was attending high school in Memphis, Tenn., the Memphis Press published a "feature story" about a young tax assessor out west who had unusual ideas on taxation. I wrote him a letter and he replied, making a suggestion which, indirectly, led to my becoming a "cub reporter" on the Commercial Appeal and to a career as a newspaperman.

So when my newest book, "Cub Reporter", was published, I wanted to present a copy to my benefactor of so many years before—if he was still living. I recalled that his name was Knapp and that he lived in Pueblo, Colo. So I wrote to Lloyd Wilson (who used to be manager of the Waco Chamber of Commerce and before that at Vernon); he's manager of the Pueblo C of C and he enlisted the aid of

the Pueblo Chieftain. After the news item appeared, Knap wrote me. Oddly enough, he had moved away from that city about the time I was entering newspaper work and he lived in Utah, Iowa, Minnesota, Arizona and Missouri (engaging in newspaper work himself) and then had returned to his old home city.

And so a copy of "Cub Reporter," suitably inscribed, was sent to the man who, by answering a schoolboy's letter, helped to shape an individual's destiny.

Austin is a sea-port—at least, you can take a voyage there. You go out to Lake Austin, board a luxurious motor-boat (almost a yacht) and glide on the moonlit waters up the lake and across to the Cliff House, where you climb a flight of rock stairs to the building on top of the hill and there you enjoy an excellent dinner, then make a return voyage and take your car from the landing on back into the city.

The world laughed at Edison, Fulton and Bell.

I wonder who wrote their lines.

Dean Of Nursing School Speaks To Local Students

Miss Lucy Harris, dean of the Harris College of Nursing, associated with Texas Christian University in Fort Worth, spoke at Munday high school at 2 p. m. Thursday, March 18.

The visit to Munday was part of a series of trips to high schools and colleges in Texas towns to be carried out this spring. Over 100 towns will be visited in an effort by the college to interest high school or college girls in nursing as a career. The tour will take representatives as far south as Brenham, west as far as Big Spring and east as far as Marshall.

Talks made at the schools and colleges will explain the types of nursing course of study programs, how to choose a school and the rewards to be realized in a nursing career.

"Although nursing pay is good, pupils should realize that part of the satisfaction in nursing comes from being of service to others," said Miss Harris.

Raymond Mitchell and Joe Spann of Hardin College, Wichita Falls spent the week end with home folks.

Miss Martha Ann Reynolds of Wichita Falls visited her parents, Mr. and Mrs. W. E. Reynolds last week end.

Kelton Tidwell, who is attending Hardin Simmons University in Abilene, spent last week end with his parents, Mr. and Mrs. Buck Tidwell.

A former gas-company clerk from Houston, Tex., gets his chance to win a Met Opera contract when Ernest Lawrence, tenor, is a contestant on the Metropolitan Opera Auditions of the Air, Sunday, March 7, over ABC. Lawrence's fellow auditionist will be Coloratura Mathilde Serrand. Each will sing two solos, and they will join in the duet "O soave fanciulla" from "La Boheme."

ents, Mr. and Mrs. M. T. Chamberlain last week end.

Miss Bobby Carolyn Bowden, who is a student at Hardin Simmons University, spent last week end with home folks.

Ronald Foshee of A. and M. College, College Station, visited with his parents, Mr. and Mrs. R. H. Foshee over the week end.

Miss Carolyn Hannah of Hardin Simmons University, Abilene visited her parents, Mr. and Mrs. Leland Hannah over the week end.

Mrs. Jack Whitaker of Truscott was a visitor in Munday last Saturday.

Pink Boll Worms

Can Be Controlled By Kemgas Delinting and Grading Methods.

The Kemgas Process is the only Method that can delint and at the same time sterilize Cottonseed to comply with the regulations of the Bureau of Entomology and Plant Quarantine for the shipment of planting cottonseed from Pink Bollworm Quarantine Areas.

Pink Bollworms, their eggs, and larvae are sterilized, and infested cottonseeds culled out by Kemgas delinting and grading Methods.

In Pink Bollworm quarantine areas, Kemgas delinting plants sterilize planting cottonseed at 140 degrees F. instead of the 150 degree temperature required by the USDA of Gins, Oil Mills, and seed breeders who sterilize Cottonseed.

Rhineland Gin Ends Successful Ginning Year

The Rhineland Union Gin has just completed one of the most successful years in the history of its operation. Having just installed a complete new overhead cleaning system before the season began and having the entire plant in A-1 condition, practically no trouble was experienced during the season's run. A dividend of \$6.00 per bale was voted by the board of directors and disbursed at the annual meeting on March 1, 1948.

A substantial sum was kept in reserve for repairs and new machinery which will be needed in future years. All officers of the local and entire board of directors were re-elected for another year, a fact which speaks highly of the ability of these gentlemen. A. J. Kuehler, manager of the gin, says that everything which may be improved upon will be checked and repaired if needed, so as to have all the machinery in tip top shape again before ginning time next fall.

Mrs. Susan Stovall Is Buried Friday At Knox City

Funeral services for Mrs. Susan E. Stovall, 87, who had resided in Wichita Falls for 22 years, were held from the First Baptist church in Knox City last Saturday morning at 11 o'clock.

Rev. W. H. Albertson of Munday officiated, being assisted by Rev. R. G. Harthcock, pastor of the Knox City Baptist church.

Palbearers were grandsons: T. B., O. W., Ralph, R. P. and Bill Cypert and James Bryan. Burial was in the Knox City cemetery.

Mrs. Stovall passed away last Thursday at 5 p. m. in the home of a daughter, Mrs. J. O. Bryan of Wichita Falls.

Survivors include three other daughters, Mrs. I. R. Cypert of Munday, Mrs. M. H. Simmons of Knox City, Mrs. F. B. Bryan of Grand Prairie; a son, O. R. Stovall of Kaufman and several grandchildren and great grandchildren.

Mr. and Mrs. J. D. McStay and son, Johnny, of Vernon visited with Mrs. S. E. McStay on Wednesday. Johnny spent the night here with his grandmother.

Too Late to Classify

Co-Op Bank Meets Stockholders in Abilene Area

A meeting for central west Texas stockholders of the Houston Bank for Cooperatives will be held in Abilene March 25, according to an announcement from W. N. Stokes, Jr., the bank's president. The meeting will be held in the Wooten hotel and will begin at 9:00 a. m. Directors, managers and interested members of farmers' cooperatives in the Abilene area are invited to attend the meeting.

"There are 41 farmers' cooperatives within a 50 mile radius of Abilene and among this number are some of the oldest and most successful cooperatives in the state," Stokes said. "The cooperative gin at Rule was organized 34 years ago and the one at Munday recently observed its 33rd anniversary. Thirty of these cooperative gin cotton for the members and other crush cottonseed, handle grain, operate frozen food locker plants and purchase farm supplies.

"The stockholders in the Hous-

ton Bank for Cooperatives are these business organizations of farmers. Few farmers operate on a scale large enough to justify ownership of a cotton gin or a grain elevator. Such facilities as are needed to furnish these off-the-farm services can be owned by 100 or 200 farmers cooperatively," Stokes pointed out. "These cooperatives have played an important part in the farmers' big job of feeding and clothing the people of America and millions of less fortunate people in other lands."

Visitors in the A. H. Hargrove home Sunday were Mr. and Mrs. Sammy Norwood and children, Mr. and Mrs. Bud Hargrove and Elaine of Goree, Mr. and Mrs. M. E. Strickland and children of Rochester and Mrs. Leora Bellah and Miss Ina Richardson of Elbert.

Mrs. Bobby Barton and Mrs. Cecil Barton were business visitors in Wichita Falls last Monday.

Mrs. Howard Collins visited with relatives in Fort Worth over the week end.

CHURCH OF CHRIST

Sunday Sermons:
"The Thief on the Cross." 11:00 a. m.
'Mark the Perfect Man.' 7:30 p. m.

You are invited to hear both sermons. Bring a friend. The best way to prove yourself a friend to others is to bring them to hear the gospel.

Church Calendar
10:00 a. m. Bible Study.
11:00 a. m. Preaching and Communion.

7:00 p. m. Bible classes.
7:30 p. m. Preaching.

Monday:
3:00 p. m. Ladies' Bible Class.

Wednesday:
7:30 p. m. Singing, Prayers, Talks.

Do not stay away from the services because the church is not perfect. Just think how lonesome you would feel in a perfect church.
D. L. Ashley, minister.

Mr. Ira A. Hargrove, Miss Angie Hargrove, and Mr. and Mrs. A. H. Hargrove visited Mr. and Mrs. Jess Hargrove the first of the week.

HOME FROM HOSPITAL

John B. Reneau returned home last Friday from the Wichita Falls Clinic hospital, where he had been undergoing treatment for pneumonia. He was meeting a few of his friends on the streets Tuesday, and stated that he was getting along fine.

Joe Lynn and Dorris Wayne Phillips spent last week end visiting her parents, Mr. and Mrs. Coy Phillips at Levelland.

Mrs. Roy Sanders and two daughters of Haskell spent the week end with Mrs. Sanders' parents, Mr. and Mrs. H. A. Pendleton.

CITY DRUG STORE

HERE'S THE MOST UNUSUAL OFFER EVER MADE IN THE TIRE BUSINESS!

YOUR MONEY BACK
If Super-Cushion Tires Don't Give You The Softest Ride You've Ever Had!

YOU RIDE... THEN YOU DECIDE!

We mean every word we say—we'll put a set of Super-Cushion tires with new tubes on your car. Drive it for one week. Then, if you don't agree they give you a softer ride than any tire you've ever owned, we'll replace them with your own tires and give your money back.

The Super-Cushion is a remarkable new kind of tire. It is bigger and softer than conventional tires and runs on only 24 pounds of air pressure. It is so superior that we make this amazing trial offer... for a very limited time only due to the great demand for Super-Cushions.

Super-Cushion TIRES BY GOOD YEAR

SUPER-CUSHIONS give you a remarkable new ease in car handling. Your car hugs the road, seems to float through traffic, to flow around curves.

SUPER-CUSHIONS soak up crosswise jolts, soak up vibration. Results: less driving fatigue, less wear and tear on your car, fewer rattles, fewer repair bills.

SUPER CUSHIONS consistently average more mileage than the best standard tires. More— they make small cars ride like big ones... make big cars ride better.

SUPER-CUSHIONS run cooler; and because they're softer, they "roll with the punch", are harder to cut, bruise or blow out.

Arrange now for a Super-Cushion test run on your car.

MILLIONS OF SUPER-CUSHIONS ARE NOW IN USE ON NEW AND OLDER CARS
