

## LION-LEGION GRID CLASSIC HERE NEXT WEEK

### Moguls to Play at Stamford Tonight

#### TWO MIGHTY TEAMS CLASH AT 8 O'CLOCK

#### Record Crowd Looked For, Admission Hits Rock Bottom

By BOYDE CARLEY  
IT'S HERE!!—The game that should break more records and more bones in gridiron glory than the gosh-awful Yankees—in fact, the members of the Lions club will feed the Legionnaires to the Yankees if they aren't nice—at any rate the Lions are one up on the Legion youngsters. In a round-about way I'm telling the world that the Munday Lions club will play the Lowry American Legion Post in a football game and groan game next Wednesday night at 8 o'clock, at the Mogul field under the lights.

Yesss—I can't imagine Lions W. E. (Ironman) Braly, A. L. (Beefy) Smith, Jimmy (Bigboy) Harpham, etc., in a game either, but you will be subjected to every known type of oddity will be a battle of titans. And on the other squad of gorillas you will see Buel (Swivel Hips) Bowden, (J. E. (Tuffy) Reeves, Galloping Ghost Tom Haney and so on.

Shakespeare's "Comedy of Errors" will be a piker compared to the Lion-Legionaire grid affair. Wrong-Way Corrigan will probably look like a sucker, too, when the Lions 225 pound line surges upon the Legion's backs in a ruthless wave of terrorism—in fact, the Lions are expecting the Legion boys to do all of the scoring for them in their pitiful flight backwards. (In case you haven't caught on by now, your writer of this excellent bit of news is a member of the Lions club. I'm going to leave town as soon as the paper hits the streets and return after the game. If I don't the Legion boys might forget their age and brittle hulks and think I'm one of the Huns.)

I don't know what the money derived from the game will be used for, but it will probably be needed for hospitalization and burial expenses. Lion Wade Mahan, incidentally, will have his two ambulances on the field, one at each end, with the emergency cots on the ground to pick up the debris after the tornado hits. It may spend its full destructive power in the kickoff, and if any of the Lions or Legion boys survive the initial play the game will progress as far as possible. Both clubs will wear full football regalia, and all players are requested to be at the dressing room of the Moguls at four o'clock—I figure it will take that long for them to get into the suits since the game doesn't start until 8 o'clock that night.

Nope, you can't afford to miss it—in the first place it will cost only 10 cents and that's the cheap price you will ever pay to see legalized murder—just 10 cents to everyone. I suppose if you put on a good bally-hoo you are to say that if you have a weak heart, faint easy, become upset at the sight of blood and all that sort of rot, you had better not come. Children must be accompanied by their parents—we don't want them to be frightened by the "big bad mans."

But seriously, don't fail to see this grid classic next Wednesday night at 8 o'clock at Mogul stadium. If you don't get your money's worth, write your Congressman—if he got elected—because the players will be too stiff and stoved up to talk about it.

Probable starting lineup for the Lions club will include such performers as Bill Moore (Bill, incidentally, played at Oklahoma University back in the days when it took brawn instead of brains to play—no reflection on Bill . . .) Wade Mahan, Lee Haymes, E. W. (Rowdy) Harrell, W. E. Braly, Sebern Jones, Virgil Reynolds, L. M. Palmer, J. H. Bass, Boyde Carley, Grady Roberts, W. V. Tiner, etc. That's more than eleven, but I don't know who will start the game and anyway if I did I wouldn't know which position they would play, because they don't know one position from another, anyway. The Lions said they wouldn't play unless they could have the new suits of the Moguls. You know it's still old "I'll go home . . ." gag is still good and may be put to use before the game is over. Incidentally, if I can't be captain I won't play either (private note to the Lions club.) Note to both teams—both teams don't go into the same huddle.

Bee keepers in Corsicana, (Navarro counties) are reporting extensive losses among their bees as a result of the wide-spread poisoning in the cotton fields.

#### Queen of Fair—

MISS VIRGINIA ATKEISON

Above is shown Her Royal Highness, Miss Virginia Atkeison, teacher in the Paint Creek schools, Haskell county, daughter of Mr. and Mrs. W. H. Atkeison of this city, who was crowned Queen of the Haskell Fair on October 19.

Also among royalty at the fair were three other Munday girls, Miss Peggy Jo Haynie, a Princess, and Miss Sylvia Barnes, a Duchess, and Miss Janie Lyle Martin of Haskell, Duchess, is a former Munday girl.

#### WEINERT WINS FRIDAY'S GAME BY SCORE 14-7

#### Moguls Score First 7 Points of Season In Game Here

In a game on Scruggs Field here last Friday night, the Moguls gave their finest exhibition of football this season when they scored on Weinert with a spectacular run for 62 yards, only to lose the game, 14-7, by a margin of inches. Near the end of the third quarter, Munday carried the ball to within one foot of the goal line and there relinquished possession when Weinert met three thrusts with an invincible wall.

Munday practiced a new type of kickoff Friday night when the bootmaster came up from the left side and kicked out of bounds on Weinert's 46. In two plays the visitors made a first down and the crowd—at least half of it Weinert fans—went wild when Herman Johnson, mainstay of the Bulldogs, picked up 16 yards on an end around. But this threat was short lived and Munday came back nobly to match thrust for thrust until near the close of the quarter. Playing 12 yds. behind midfield in Mogul territory, Jack Pippin took the ball on a clever fake and broke through 20 yards of plunging tackles to race the full 62 yards to the goal. The run was well earned, nicely executed, and Munday fans went to their feet with an all-time record for cheering. The kick for point was blocked, but Foytik ran the ball over to make the score 7-0. The quarter ended just as the tally was marked up.

Again Munday kicked out of bounds, this time on Weinert's 33 yard line. They returned the kick, which went out on the Moguls' 38.

(Continued on Page Eight)

#### Jean Williams is Queen Of Hallowe'en Carnival

#### One Word Sentence—

"Congratulations!" was greeting given Manager Joe McCarthy of Yankees (right) by Judge K. M. Landis, commissioner of baseball, after New Yorkers had smothered Chicago Cubs for all-time record third straight world's baseball championship.

#### Senior Candidate Has 42-Vote Margin on Freshman

Miss Jean Williams, daughter of Mr. and Mrs. P. V. Williams, will be queen of the Hallowe'en Carnival, to be held Monday night, October 31, it was decided in a city-wide election here this week.

The four classes of high school nominated candidates for the honor and students solicited votes Tuesday, at the rate of 1c each. Miss Williams was given 1,658 votes, and runner-up in the election was Miss Doris Henslee, who received 1,616. Other candidates were Miss Evelyn McGraw, sophomore, and Miss Helen Albertson, junior nominee.

**P.-T.A. Buys Piano**  
Negotiations with a Forth Worth music company for the purchase of a piano for the school building were completed last Saturday with the purchase of a Premier grand piano by the local Parent-Teachers Association. An indebtedness of about \$200 was assumed by the group, and the proceeds from the queen election, as well as all money derived from the forthcoming Hallowe'en Carnival, will be applied on this debt. Money derived from the election was \$48.73, school officials announced, and this fund was further augmented Thursday when the Chamber of Commerce voted a cash donation, at their regular meeting.

On the P.-T.A. piano committee were: Miss Mildred Kennedy, Prof. L. M. Palmer, Mrs. J. C. Borden, and Mrs. H. A. Longino.

**Queen Has Four Attendants**  
Miss Williams will have four attendants at the coronation ceremony, Miss Wilma June Burnison, and the four unsuccessful candidates, Misses Henslee, McGraw, and Albertson.

#### Cannon Ball From Wichita Pays Off

Giving a fair demonstration of Cannon Ball Baker's talents, over Texas highways, a Wichita Falls man was hailed into Justice of Peace G. M. Bryan's court last Saturday by officers of the State Highway Patrol, on charges of driving 75 to 80 miles per hour.

The car, carrying three men besides the driver, was said to have flashed through Haskell some 30 or 40 miles per hour in excess of that city's speed limit and a chase by the highway officers ensued. After driving in excess of 80 miles per hour most of the way, the officers overtook the car two miles south of Munday. The driver had come from El Paso that morning and was en route to his home in Wichita Falls. His speedometer was out of order, he told officers.

Fine of \$5 and \$8.50 costs was paid.

Another victim of the law's vigilance was a man from Truscott who is alleged to have started a fight at Rhineland. A constable from that community filed charges in Justice Bryan's court and the defendant pleaded guilty and paid a fine.

**FISHING PARTY**  
Tom Bengie, Bill Moore, and Hap Pendleton enjoyed a fishing trip to Lake Kemp last Tuesday. Some big ones got away, said Mr. Bengie, but "we brought back enough to dirty the skillets."

**Mr. and Mrs. Grady Davis** had as their guests Wednesday, Mrs. G. E. Savage and children of Iowa Park, Mrs. Geo. Meyers of Manokin, and Mr. and Mrs. W. S. Alexander of Sherman.

#### CAKE SHOW IS SUCCESSFUL EVENT HERE

#### Interest Very Good in Display Arranged Last Weekend

Five classes of cakes and two classes of cookies were entered for display and in competition for prizes at the Home Demonstration Club's Cake Show, held here last Friday afternoon and Saturday.

Tea and coffee, and cookies were served to several hundred visitors and many came to visit the exhibit who were not served. Seven clubs were represented in the displays, and people from every part of Knox county were on hand during most of the day. Cakes shown were much above the average and judges had a hard time deciding on the winners in most of the exhibits, Miss Nina Astin, local home demonstration agent, said.

Judges were Miss Vida Moore, district home demonstration agent, and Miss Helen Johnson, demonstration agent of Paducah.

**Awards Made Friday**  
Friday afternoon the judges viewed the various exhibits and made the following awards:

Angel food cake: 1st, Mrs. John Rice, Munday; 2nd, Mrs. Walter Fowler, Goree, and 3rd, Mrs. Jack Fowler, Goree.

Sunshine Cake: 1st—Mrs. Roy Jones, Hefner; 2nd—Mrs. Elmer Dickerson, Munday, and 3rd—Mrs. J. B. Reneau, Munday.

Butter cake: (Chocolate) 1st—Mrs. C. R. Parker, Munday; 2nd—Mrs. T. J. Partridge, Sunset; and

(Continued on Page Four)

#### Gospel Singing Here Next Sunday

There will be an old-time gospel singing at the First Baptist Church next Sunday afternoon, starting at 2:30 o'clock, it was announced this week. Old time songs in the church hymnals, that have lived through the years, are to be sung, but singers, both individuals and in groups are being invited to participate, singing any kind of gospel songs they choose.

Plans were to make this a regular Fifth Sunday affair at some church in the district, and to include for congregational singing only those songs used regularly in church services.

Singers from Seymour, Knox City, Benjamin and Goree already have signified their intention of being present and the Sunshine Girls from Weinert are expected.

Everyone who enjoys gospel singing is asked to come, and special song numbers will be enjoyed during the afternoon.

#### SUNDAY MORNING FIRE DOES SMALL DAMAGE

Firemen answered an alarm Sunday morning about nine o'clock, from the home of Mr. and Mrs. Bill Mabry in the northwest part of the city, and extinguished a small roof fire. The fire is thought to have started from a defective flue or chimney sparks, and was pretty well under control when the department arrived. The booster unit on the pumper was used on the blaze and small damage was suffered.

## Sales Barn Interest Grows Each Week

officials report.

**Special Event Next Tuesday**  
Next Tuesday will be horse and mule day at the local barn and everybody is invited to bring in this kind of stock for the big sale. Buyers will be on hand from several places not represented so far and the sale will in all probability be the largest one yet.

Col. Bill White, regular auctioneer, will be on hand for the November 1 sale, and advertising is going out to the effect that every prominent buyer in this section of the state and the adjacent part of Oklahoma.

The sale will start here earlier than any sale heretofore, and stockmen are urged to get their

livestock in as early in the day as possible.

Last week was the first time, it was said, that the sun ever set on a sale by Col. Bill White, and the bidding was not over last Tuesday until about dark. For this reason it is expected that bidding will start much earlier for the coming special sales event, and it is sure to be brisk due to the large number of buyers who will be on hand.

Attendance of ladies is increasing practically every week, and excellent order has been maintained at all times. Comfortable seats are provided for the comfort of those ladies who attend, and officials urge all farmers to bring their wives.

#### Game Changed From Here at Request of Stamford

Interest this week turns toward Stamford, 9-B conference leaders, who will be host to the Moguls tonight (Thursday) at 7:30 o'clock, instead of coming to Munday for a game on Scruggs Field Friday night, as had been originally planned.

Stamford school officials had urged the change in plans for several days, Dr. J. Horace Bass, superintendent of Munday schools, told The Times Thursday. "We agreed," said Dr. Bass, "because they guaranteed us more money than we probably could have cleared above expenses had the game been played here. Stamford is a much larger town than Munday and gate receipts would naturally be greater."

Stamford took Hamlin to a neat trimming last Friday in a 34-0 affray, but Hamlin isn't proving the setup some people had predicted. Three times Hamlin went far beyond Stamford's 25-yard line, and the one-sided score last week does not prove that Hamlin will be easy when they come here on November 18.

Stamford is probably the fastest team Munday will meet this season, and Coach Billy Cooper's proteges are going to have to dig in a lot deeper than they have been to keep the scoring out of big figures.

Rule, favored to win the C conference championship, took the strong Mattson aggregation 26-0 last week, and will come here on Armistice Day. Wichita B team, which comes here a week from tomorrow, is a tricky squad, say scouts who have seen them play, and they're good enough to interest any team in this conference.

#### ANSON B TEAM TAKES 27-0 TILT HERE SATURDAY

The fastest game yet seen on Scruggs Field was unreeled here Saturday night when Anson's ineligibles came here for an exhibition game with Munday's B string, including our ineligibles.

Jiggs Thompson, who is on the roster for next year, was much in evidence in the game, and he got off some nice plays, but the team fell short in the pinches and missed scoring by only a hair, several times.

The game was loosely played by both sides, being marked by frequent fumbles and many intercepted passes, but scoring honors went to the visitors who made three touchdowns with extra points and failed to make the point on their last score, making 7-7-7-6 to 0.

#### Seymour Girls to Play Volley Ball Here Tues. Night

A girls volley ball team from Seymour will be here next Tuesday evening, at 7:30 o'clock, to play the Munday girls team, it was announced Thursday.

Seymour sports a fast team of girls, and was one of the only two teams which defeated Munday last year. Local girls are practicing in preparation for the event, and "anything can happen," Dr. J. Horace Bass, coach of the Moguls, told The Times.

A small admission charge of 5c to students and 10c to adults will be charged for the Tuesday night game. Munday has a smooth working team of girls and sports fans are assured of good entertainment in attending these games.

#### 345 Bales Cotton Ginned This Week

Cotton in this section does not appear to be slowing down quite as fast as many believed until last week, although it is conceded that the bulk of the crop was in a week ago. One local gin reported a steady flow of the fleecy staple all week and another ginner said things were "rather quiet" but they were still operating.

Both gin units reported a total of 7,025 bales of the 1938 crop ginned this year to date, Thursday noon, as compared with 6,680 at noon, October 20. Altogether, 345 bales were turned out by the local gins during the period of one week, from noon, October 20, to noon, October 27.

Permanency of Munday's livestock auction sales project, started here on September 20 and held each Tuesday, was definitely established during the past two weeks when increasing numbers of buyers were present, and large droves of livestock were sold.

Last week, statistics show that more hogs were received here and sold than were received at Fort Worth, and average prices were above those paid in either Fort Worth or Chicago that day.

This week, the amount of livestock was off slightly, though still far above what was originally expected. Prices held up, and bidding was keen on good stuff, sales

## "What a Man Does For Himself Dies With Him— What He Does For His Community Lives On and On"

### THE NIGHT OF GHOSTS

At Hallowe'en, according to ancient tradition, the spirits of the departed are supposed to return to earth. In former centuries this was actually regarded by many as a fearful occasion. People still have an innate fear of cemeteries, but one doesn't hear so much about "haunted" houses in recent years.

What we have more to fear in these days is vandalism committed under the cover of Hallowe'en pranks. Youngsters sometimes give vent to the suppressed desires to tear something up, and they have a "get-by" if apprehended in some destructive deed on this occasion.

The better class, however, confines its revelries to gay parties, ghost hunts, etc., and for them it is really a hilarious occasion. Hallowe'en offers one of the best opportunities for unique parties that will be found during the year. It is young people's night as long as they confine their spookin' to "hantin" someone or playing ghosts at a party, we're for them in anything they do.

The day of destructiveness is passed. Property is too hard to accumulate these times and children—good, thinking children—realize it too well to want to spoil anything.

Let's don't spoil the fun of the occasion. Let's have a "Safe and Sane 31st"!

### MEN WITHOUT A COUNTRY

We felt a poignant sympathy back in school when someone recited the notable verse:

"Breathes there a man with soul so dead,  
Who never to himself has said  
This is my own, my native land . . ."

And now 7,000,000 Jews are being tossed about from one country to another, having no place to call their home and being wanted in no country. God's chosen people are still far from their gathering back at Jerusalem.

It is one of the strange contradictions of history that the Holy Land, which the Christian world reverences as the home of Jesus, is now the center of bitter strife. The Arabs rise in revolt against Jewish immigration and against British authority which is trying to maintain peace and order.

The Jews have always been harassed by persecution. The plight of many of them now, driven from their old homes in Austria and Germany, is pathetic.

They'll gather back, some of these days. The Scripture speaks of their return, and the world looks for it. Though it may presage the end of time, people everywhere look forward to the restoration of peace and harmony in this land which should be an example of Christian fellowship for all the world.

### THEY GO HAND IN HAND

The American Newspaper Publishers Association announces that newspaper advertising is steadily picking up. That is always the forerunner of better business. When a business firm is unable to advertise, it is plainly in no position to go forward. When stocks are low or adequate, advertising only causes prospective customers to lose confidence in that merchant.

But when stocks are ready for buyers, and the tills are full, then the store owner can afford to advertise to attract people to his place of business. Increased advertising can only mean a better selection of merchandise in the stores.

The owner of one of this city's smaller business enterprises recently told this newspaper that his advertising was all done over the counter . . . in service and good wares. That is to be expected, but as it is, very few people know of his advertising. Newspaper ads are intended to tell readers what a merchant has, and invite them to come in. Backing up those claims after the customer comes in, is only the reasonable, sensible and sane thing to do, if one would continue to enjoy the confidence of the people.

### THEY LOVE MISERY

"One would consider that the average person has sufficient worries without borrowing imaginary ones," said Dr. Geo. W. Cox, state health officer.

"But for no sane reason at all, many persons insist on enjoying poor health."

Since we live only once, it is a sad thing, indeed, that some people are so foolish as to make psychological invalids of themselves in this fashion. They deny themselves good health in order to solicit sympathy. There is grounds for belief that a person can actually become affected by living in such a mood too long.

No man can produce great things who is not thoroughly sincere in dealing with himself.—Lowell.

A war cloud is probably the only one that never has a silver lining.

The average man's greatest delusion is that some day he will be out of debt.

Some persons worry over the idea that their daughter didn't marry as well as she should, when their neighbors are thinking the girl was lucky to get a husband at all.

Gossip, said someone, is the only thing for which the supply never equals the demand. Probably they had forgotten about alimony.

## THE MUNDAY TIMES

Published Every Thursday at Munday

Grady G. Roberts Editor, Owner and Publisher  
Harvey Lee Foreman

Entered at the Postoffice in Munday, Texas, as second class mail matter, under the Act of Congress, March 2, 1879.

### SUBSCRIPTION RATES

In first zone, per year \$1.50  
In second zone, per year \$2.00

The Munday Times is Democratic, yet supporting only what it believes to be right, and opposing what it believes to be wrong, regardless of party policies, publishing news fairly, impartially.

NOTICE TO THE PUBLIC: Any erroneous reflection upon the character, standing, or reputation of any person, firm or corporation which may appear in the columns of this paper, will be gladly corrected upon due notice being given to the publisher, at the Munday Times office.

Most people who claim to speak just as they think usually speak a little more often than they think.

### GOOD UPLOOK TO 1939

It was very cheerful news a few days ago that General Motors Corporation would soon put 35,000 more people to work. And national press statements on Monday of this week tell us that Ford is increasing his payroll at the rate of 1,000 a week, getting new models into the production line. Chrysler Motors, always a melting pot for labor troubles because of the insidious influence of a certain group of organizers (or disorganizers) seems about to restore peace among the laboring ranks, to the exclusion of troublesome parties.

How this affects us is more than apparent. The automobile trade is a practical barometer to national business. For seven years it and its related businesses have been the nation's largest enterprise. When it is bad, business is bad. When it is on the boom, other things are on the uplook.

Pessimists have said that the depression was caused by too many poor people buying cars. Last year, the poor people bought 58 per cent fewer new cars, and every line of business except crime, in the United States dropped from 2 per cent. (on retail clothing sales) to about 74 per cent on steel, glass and cotton manufacture. That, obviously, affects us, here in the Southland.

When people's courage is low, they make the old bus plug along another year or so, and motor workers have to sit around idle. Manufacturing drops off, raw products are less in demand, prices drop, and farmers—our mainstay—lose money.

When business improves, people feel that they can't endure the old car any longer and they blossom out in the new motor styles. When 60,000 more men go back to work at the motor company benches, it can be felt in West Texas, in California, in Central Arkansas; don't ever doubt it.

Don't criticize—but compliment—the poor man who buys a new car. He's entitled to all he can get out of life (fairly) and he's helping whip the depression more than another million or so for relief will do in Washington.

### MAN'S DEVELOPMENTS

The progress of science can be utilized to produce wealth and comfort many times greater than what we have today, said Dr. Karl T. Compton, president of Massachusetts Institute of Technology, in a recent address. He foresaw that the progress of the years ahead should be greater even than that which has been seen in the past three of four generations.

Four generations ago, which was about the year 1800, life was of the most primitive kind. The people traveled by stagecoaches. Railroads were not in existence. The roads were very poor and travel on them was often dangerous. Houses were poorly lighted. Automobiles, radios, airplanes, were scarcely dreamed of. Most other modern inventions were either entirely unknown, or only in the most primitive stages. People toiled with their hand tools, and there were few machines.

Now life has been made easy, we have short hours of work, labor saving devices and comforts and quick transportation, and many other things have revolutionized life.

If the next four generations can see an equal change, what a wonderful world it will be. We all long to see it.

While man makes superb progress along scientific lines, in human relations progress is very slow. If the world is going to get these great things, it must stop fighting wars. If people spend their money, their energy, their blood, in conflict, how can they have much left for promoting these inventions?

Also people have to learn to give justice to each other. If the world is full of class conflict, how can we get the co-operation needed to make all these wonderful systems work? Man has to learn to reform himself, before he can enjoy the wealth of benefits that science is ready to give us, if we will but open the way through peaceful and harmonious labor.

Intuition is that strange faculty that tells women they are right when their suspicions are groundless.

The less some people know, the more they blow.

A man without any principal certainly doesn't get any interest.

## Facts Worth Knowing

The average height of men in America is five feet and eight inches, and of women, five feet and four inches.

Approximately three hundred words make up seventy-five per cent of all the words used in ordinary speech and writing.

It would take more than nineteen hundred years to spend one million dollars at the rate of one dollar a minute.

The word 'cleave' has direct opposite meanings. It means to adhere closely, and also means to cut apart.

If all the land in the United States were to be equally divided

there would be between sixteen and seventeen acres for each inhabitant.

The next to the largest state in the Union is Oklahoma. It is next to Texas. Second largest in area is California.

Ten million people in the United States do not have an approved hospital within 30 miles of their homes.

In the last six years 9,500 miles of railway lines have been abandoned in this country.

The average turkey provides servings for 20 people.

The addressograph was invented in 1892.

## Compliments, Criticisms and Casual Comments

BY T. F. FRY

Raucous dance tunes on the nickelodeon used to bother us some in cafes when we were trying to concentrate on a T-Bone (that was in the good old days) but the new swing tunes get over much better. They harmonize with the jangle of dishes, and what we need now is some good music to go with it.

Stressing the fact that women's minds are usually much cleaner than men's, moralists have the answer in one editor's comment: They should be, says he, they change them so often.

The best story of the month concerns a minister in Oklahoma who requested his home-town paper to announce as his text for the following Sunday: "The biggest fools of all," and added the note: "The minister urges all his friends to attend this service."

Which wasn't quite the implication very obviously intended by a petite usherette in the Paramount Theatre at Texarkana. Reminding the fellow in the seat next to mine that he wasn't allowed to smoke in the theatre, he demanded to know where he could smoke, since he'd bought a ticket and was going to see the show. "Go to the foyer, and on the right you will see a sign reading 'Gentlemen,'" she said, "Just pay no attention to it, but go right on in."

Those new Chevrolets are a neat bit of work, says everyone who viewed Mr. Moore's showing last week. Asked by Mr. Moore what model of car i drive, the writer felt more inclined to say it could hardly be regarded as a model . . . it's more of a horrible example.

A very welcome letter this week was from a railroad friend in Paris, by the name of Skeet Warren. The son of a railroad engineer and youngest of five brothers, his father christened him "Caboose" when he was only a baby, explaining that he was the "last car" in that train. Caboose is a popular young man, and still the baby of the family.

Refusing to name her twin children "Pete" and "Repeat," as many friends suggested, a Dallas woman insisted on calling one of them "Encore" because, she said, he wasn't on the program.

Blue ribbon for honesty goes to Chan, of Chan's Lunch Room. Mr. Hughes declined to advertise the "Best Chili in Town," saying that he didn't know for sure it was the best, since he didn't eat at other places. "But it's the best I know how to make," says Chandler.

Bakery business must be bad in Rising Star. Reads an ad, in that paper recently: "For Sale, baker's business. Good location, large oven. Owner has been in it for 20 years."

A place, no doubt, where another advertiser could not stand to be. Her ad read: "For Sale, nice parlor suite, by widow, stuffed with hair."

We used to like to talk about college, till dad told the family one day what he thought about it. Said he: "College bred is about a four year loaf, made from the flower of youth. It seldom rises high and takes an awful lot of douch." Pretty smart! But dad had a lot of unimpeachable arguments when the writer wanted to up his allowance.

Omission of one letter in a word often gets the editor into hot water. The Lampasas Leader stated, in writing up a quilting bee: "After lunch the ladies 'cat-fed' with one another for an hour." We have known several other such errors.

Recently we named several reasons why women might be compared to newspapers. The winning answer was "Because every man should have one of his own and not run after his neighbor's."

Jack Harper, of Dallas, now comes forward with other reasons that can't be denied. Among them: "They look better than they used to. They have many type faces. Back numbers aren't in demand. They try hard to be up to date. They aren't afraid to speak their minds. They can make or break a man. If they know anything they'll tell it. Only the ones you can depend on are worth what they cost."

## Hints for the Household

Use a teaspoonful of salt in your starch and it will not stick to your iron. It will also preserve colors in clothes.

A little salt added to the whites of eggs in beating will make them froth quickly.

A strong strained tea infusion added to the last rinsing water strengthens faded pongee.

Add a little sugar to sauerkraut when cooking, it improves the taste.

Sprinkle talcum powder into new shoes. They will be more comfortable when worn the first few times.

Indirect lighting, that is, light thrown against the ceiling and reflected downward, is said by lighting authorities to be three times as easy on the eyes as direct lighting.

Paste a strip of sandpaper around all poison bottles in the house. That might warn a person by touch who had overlooked the label.

### Maybe It Does!

Lubbock, Texas, Oct. 27.—From pillow to pillow, a lone slice of wedding cake has travelled, spending ninety-six successive nights under twelve pretty heads at Texas Tech.

Testing the legend that if a maid sleeps on wedding cake eight nights she will dream about the man she is going to marry, occupants of the Tech women's dormitory have reduced this tasty morsel to a wizened crust.

"It doesn't work, though," said one coed despondently. "I dreamed about the awfulest goons."

### SATISFIED

Farmer: "Be this the Woman's Exchange?"

Woman: "Yes."

Farmer: "Be ye one of the women?"

Woman: "Yes."

Farmer: "Well, then, I think I'll keep Maggie."

### A GOOD OFFICER

"I hope you are marrying a man who doesn't frequent gambling dens or dives," said the mistress to her maid.

"Oh, my no," replied the maid. "He's a policeman and he never goes near such places."

### INDISPENSABLE

Dad: "Do you really think those new glasses help very much?"

Son: "I'll say they do. They've kept three fellows from hitting me already."

### WHICH ONE?

"Is it a boy?" asked the excited father.

"The one in the middle is," the nurse told him.

## ALLIES BEG FOR PEACE BUT ARE WELL EQUIPPED FOR WAR

Despite the fearsome thunderings of Adolf Hitler and Benito Mussolini, a paradox of war-made Europe is that the foes of Germany and Italy have far superior military equipment.

Though Rome and Berlin may shout and boast, a cold analysis of comparative strength shows that the inevitable "allies" can eventually defeat them in a war which might last as long as two years.

Below is shown the comparative military strength of outstanding European nations, as published by Western Newspaper Union early this month:

	Army	Nav. Tons	Battleships	Aircraft
Italy	7,008,000	668,668	8	5,000
Germany	3,600,000	438,364	10	6,500
Russia	19,600,000			7,000
Great Britain	917,000	1,758,478	20	5,000
France	6,208,000	699,342	9	3,400
United States	472,000	1,407,945	17	3,850
Japan				3,000

Even though Great Britain has a surprisingly small armed force, the mighty power of Russia and France are something to be reckoned with. Russia cannot afford to throw her entire weight against a European foe because the threat of Japan necessitates maintenance of a good-sized force in the Far East. But the Soviet military machine is a wonder of the modern world.

In her weakened condition, from the Chinese conflict, Japan cannot be considered an important factor in any current European war. The above figures, on comparative military strength—furnished by the United States army and navy departments—do not even list Japan's land forces for this reason. Tokyo's only power lies in whatever "nuisance value" she might provide in Siberia to help her Fascist allies, Germany and Italy.

Thus the lineup of great powers finds Germany and Italy on one side, opposed by Great Britain, France and Russia. Such European countries as Yugoslavia, Rumania and Hungary are minor factors. Switzerland, Norway, Sweden, Denmark and Finland have avowed their intention of escaping complications.

In air strength, the "allies" have 15,400 planes, while Germany and Italy together have 11,500. Great Britain's navy is alone bigger than the combined fleets of Italy and Germany. France could match Germany nearly two to one in the number of soldiers available and Great Britain could sink the combined fleets of Germany, Italy, and Japan, if naval power is any criterion by which we may judge these countries.

The allies, that is the peace-loving nations, beg for peace not through fear of being conquered, but to prevent needless bloodshed. American people need have no fear of the growth of these belligerent powers, for the time at least, because watchful eyes in Europe and everywhere are continually on these nations.

Very little cotton is being plowed under in Harris county in connection with the government's crop control program, L. P. Davidson, of Alameda, county committeeman with the Agricultural Association, has announced. Most of the farmers, he states, have stuck pretty close to their quotas.

## LISTEN TO THIS

By TOM FIZDALE

**Changing Scene:** A few years ago a comedy team billed as Burns and Allen left New York to fill a vaudeville date in Hollywood. They hopped a sleeper and arrived on the coast alone and unheralded. Last week that same Burns and Allen, plus a retinue of writers, production men, a musical director, and others, totaling seventeen, made one of the fastest rail trips on record between the same towns. Crack trains were held for them both in New York and Chicago. Time marches on.

Betty Winkler

**Girl Alone:** Betty Winkler, beautiful star of the Girl Alone daily dramas on NBC, is very seldom alone. Her beauty and charm, and the fact that she likes people, keep her constantly surrounded by friends and admirers. But she was quite alone one day this week when she canceled all dates to be with cousins coming in from out of town and then forgot to tell them the address of her new apartment.

**Symphonic Swing:** Conductor David Broekman of the CBS Star Theatre orchestra is one man who finds it easy to put symphony into swing or swing into symphony. Before he came to America from Holland he held such important musical jobs as conductor of the National Opera of Holland, conductor of the Royal French Opera and the Holland Civic Opera—but he also spent years playing in gypsy bands just to get the spirit of the thing.

**Long Deserved:** Music arrangers, those hard-working technicians who are often responsible for the success of many name orchestras and musical programs, seldom win the spotlight. But Bob Strong, arranger for the Saturday night Avalon time show on NBC has won air billing—the only arranger to be so recognized on a current network production.

Bob Strong

**Big Moment:** No one in the world's largest city, New York, was more thrilled last week than seventeen year old Jean Farney. Two weeks ago she walked from her home on a farm near Cedar Rapids, Iowa, into that town to get an audition with Horace Heidt. He liked her voice. The following Sunday she made her radio debut on his NBC program and last week opened with him at the Strand theatre in the Big Town.

**All-American Girl:** Betty Jane Wells might well deserve the title of All-American Girl. She's the only girl in the big cast of the popular NBC juvenile program, Jack Armstrong, All-American Boy.

**Famous Addresses:** You can add to your list of famous addresses, which include such entries as 10 Downing Street, The White House, etc., 79 Wistful Vista. That's the address millions of radio listeners turn to each Tuesday night for some of the best laughs of the week. You're right—the home of Fibber McGee.

**Personality:** Tommy Riggs, who with his voice-child, Betty Lou, is starred each Saturday night on their own NBC program, has decided that he has made his little girl very real to listeners. She has been invited to parties, offered scholarships by girls' schools and been asked over to play by the neighbor's children.

**Five Sisters:** We know a man who listened to the Eddie Cantor show for two years before he realized it wasn't One Man's Family.

## Texas Cotton is Much Improved Over Last Year

Oct. 27.—Less than 5 per cent of the almost two million bales of cotton ginned in Texas prior to October 1 is untenderable, as compared with 22 per cent for the same period in 1937.

The same improvement was noted in the increased percentages of more desirable staple lengths, figures quoted by E. A. Millier, agronomist of the Texas A. & M. College Extension Service, from U. S. Department of Agriculture Bureau of Agricultural Economics estimates, show.

Almost 25 per cent of the cotton ginned before October 1 was an inch or longer in staple as compared with only 8 per cent last season, Miller said.

Approximately 47 per cent was 15-16 and 31-32 inch and 23 per cent was 7-8 and 29-32 inch. While less than 28 per cent was shorter than 15-16 inch, 58 per cent was of these lengths for the same period a year ago.

Grades ran from about the same as in 1937 to a little higher. The estimates indicate that 88 per cent was strict middling white or better as compared with 32 per cent last year, and that more than 71 per cent of the cotton ginned up to October 1, 1938, graded middling white or better.

"Not all of the credit for the increase in staple length can be given directly to the 213 one-variety cotton associations through which 632,897 acres, or about 6 per cent of the 1938 crop, were planted to quality cotton," the agronomist pointed out. "County agricultural agents tell me that many farmers, as individuals, planted better cotton than previously as a result of the cotton improvement campaign. These farmers, even if they did not always get paid on a quality basis as did the association members, at least made a substantial contribution to the improvement of Texas cotton."

## Cotton Bagging Is Most Popular

Oct. 27.—Cotton bagging and cotton rope to replace metal ties, recently introduced in Texas and used by a number of gins serving one-variety cotton community associations, not only promises an annual market for some 135,000 bales of cotton in the United States but will be popular with foreign spinners.

The Daily Digest, issued by the United States Department of Agriculture, declares, "I may say that we hope the movement to cover cotton bales with cotton will increase in your country, as the elimination of jute and sisal fibers will be much appreciated by the cotton spinners of the world."

The Federation Mr. Pearce represents is composed of the cotton spinners of Great Britain and 19 other nations, and has long advocated the use of cotton bagging. A resolution that cotton should be covered with standard cotton bagging was adopted by the federation several years ago.

The all-cotton wrapping weighs four and a half pounds against twelve pounds for jute. A recent shipment of bales wrapped in cot-

ton bagging and tied with rope, received by a mill near Hendersonville, N.C., was the first under an agreement whereby the manufacturer pays the farmer the difference between the weight of cotton wrapping and the old time jute bagging.

## Dr. Truett Appeals To Football Squad

A story as thrilling as any ever written was enacted on the Baylor university campus at Waco, Texas, last week as at least three-fourths of the record large student body of 2,250 one-by-one reconsecrated their lives and fifty-nine were converted in a revival series led by Dr. Geo. W. Truett of Dallas, leaving only a small fraction of one per cent of the university's students.

One of the early converts was Robert Nelson, Baylor Bear football hero. Nelson teamed up with W. J. Wimpee, another gridster whose stand for Christ was well-known.

Thursday morning's service witnessed the professions of five members of the varsity football team. Seventeen other students took stands for Christ for the first time at the service and some 300 one by one rededicated their lives. —West Texas Baptist.

## METHODISTS LEAD IN TECH ENROLLMENT

Lubbock, Texas, Oct. 27.—Sixty-four per cent of the 3,507 students enrolled at Texas Tech this fall are men, an increase of two per cent over last year. Normal increase over last year's enrollment is shown in each division of the college.

Of the fourteen denominations represented on the campus of Texas Technological College, Methodist students lead in numbers, with 1,203, and Baptists are second with 1,113. Only 248 or 7 per cent of the 3,507 students enrolled indicate no church preference.

Other churches and the students affiliated with them are: Church of Christ, 268; Presbyterian, 261; Christian, 244; Roman Catholic, 71; Episcopal, 63; Christian Science, 25; Lutheran, 18; Jewish, 5; Assembly of God, 4; Latter Day Saints, 3; Nazarene, 3.

## Writer Tells of His First Canter On a Wolf Hunt

Newspaper accounts of recent organized wolf hunts in North Texas call to mind the narrative that a former schoolmate of The Times editor gave after riding a horse for the first time in his life, on such a chase.

Said Ridley Staunton in the Little Rock Gazette last fall: "For the benefit of those unfortunate people who wanted to go on this hunt and did not get to do so, I will give an account of my own thrilling experiences."

I rode a horse called Arrow, and had so many hounds I could hardly see the ground. Frankly, I would prefer to ride on the hounds, not to them. Because I rode a horse for the first time today, and I sincerely hope the horse is just a fad and cars will again become popular.

As a means of transportation the horse is plumb awful. In the first place he is not comfortable. If railroads and buses had seats like that prize nag, people would boycott 'em. Now I know very little about a horse's make-up, but a horse has a bone running from his tail to his collar button that—when sat upon—gives the same general effect as straddling a medium sized sapling.

A sapling would be better, in fact, because it doesn't move, and the horse did. The one I rode had three gaits. Its owner said they were walk, trot and canter, but I'd call them jolt, bump and shake.

Another drawback about a horse is that he gives no hint of what he is going to do. When I first climbed astride his back, the brute put his head between his hind feet and gave a good imitation of a grasshopper that's scared. But the groom assured me he wouldn't hurt me. So I climbed back on the thing and it started moving.

We had gone no more than 100 yards when Arrow—that was his name but it should have been mine—saw a bush that he wanted to eat. I had been told not to let him eat bushes, so I yanked him the other way and pulled up his head. That made him sore. He stopped dead still, threw his ears into reverse . . . and me, too.

"Okay," I said, a little alarmed at what might happen if I denied his passion for the bush. "I'll let you have one mouthful and no more."

That was a fatal mistake on my part. From then on that horse sensed he had a keeking on his back and paid no more attention to me than if I had been a carrier pigeon. He ate the tops off every bush within a radius of a half mile. I went out for a ride and ended up on a graze. I might have just as well ridden him into the barn and let him have his hay.

Finally, after a 34-course dinner of shrubs and leaves, he decided to take a little trot, right through the middle of the woods. Going down one hill, he thought it would be fun to run under the branches of an absurdly low tree, and I yelled to the tree. Neither paid any attention to me so I went under one in the best of Tom Mix's man-

ner. I was doing pretty good at that until something exploded right on the top of my head.

When I woke up I called the horse . . . but I didn't call him Arrow.

## Young People To Meet at Westover

Theme: The Place of the Young People in the Church. Saturday, October 29

5:00-6:00 Registration.  
6:00-7:00 Supper.

## CECIL COOPER TO HEAD SCOUTS ANOTHER YEAR

**Dr. Glenn Stone To Be Assistant, Succeeds Robert Green**

At a meeting of the Boy Scout executive committee, composed of E. W. Harrell, B. L. Blacklock, Lee Haymes, Riley B. Harrell and Jim Reeves, held in the city hall Wednesday afternoon, Cecil Cooper was re-elected as the scoutmaster for another year, with Dr. Glenn Stone as assistant. Dr. Stone will take the place of Robert Green, who was unable to serve.

Members of the executive committee take this means of expressing their appreciation and thanks to Mr. Cooper and Mr. Green for their untiring efforts and hard work in putting the scout program over in a big way the past year, and they want to assure the scoutmaster and his assistant, as well as the boys, that they will be back of them the coming year one hundred per cent.

The local Boy Scout troop was organized in Munday about a year ago and has grown in numbers and interest and it now ranks among the best troops in this section.

Many things of worthwhile importance have been accomplished the past year and below we are giving a list of them by Scoutmaster Cecil Cooper.

Boy Scout Troop No. 76, is sponsored by the Munday Chamber of Commerce, and directed by a committee of fine men, Jim Reeves is chairman and E. W. Harrell, B. L. Blacklock, Lee Haymes and Riley B. Harrell are committee-men.

"We started this troop on September 30, last year, and at the time we had only a few boys, but before long we passed several boys through their tenderfoot tests.

"The last Thursday in March we had 24 boys to pass and be awarded badges at the Court of Honor at Seymour. At present we have almost finished our first class tests, which we hope to complete, and be awarded badges soon.

"This has been a very enjoyable year for me, in working with the boys. I had hoped to have all the boys in uniform by now, but we have something to look forward to this year—a very fine group of boys, a good troop committee and a very good sponsor.

"I wish to say that Dr. Stone and myself have big plans in store this coming year. We want Munday to be proud of Boy Scout Troop No. 76.

"With all working together, we can do much to help young boys become good citizens and leaders," Mr. Cooper concluded.

## MEAT CURING PLANT OPENS ON WEDNESDAY

**Banner Ice Has One of Most Modern Plants in West Texas**

Plenty of meat on the opening day, and more people than we could show around as we would have liked, was the report George Hammett, manager of the Banner Ice and Meat Curing Plant at Munday, gave of the opening day program last Wednesday. The occasion was to celebrate the opening of Munday's new meat curing vault, built this year for year-round service on meat curing.

Visitors from several adjoining towns, and some from distant cities were on hand, including Mr. Leddy, representative of the Morton Salt Company of Dallas, who explained cutting and curing of meat being dressed by County Agent W. W. Rice. Miss Lois Spraggins, home economics teacher in the Sunset school, brought 24 girls of her class to the plant and they enjoyed a very thorough inspection of the refrigerating and curing facilities.

Among other towns represented were Coleman, Seymour, Haskell, Goree, Weinert, Knox City, Benjamin and Stamford, and O. C. Williams, general manager of the system, of Abilene, was here.

The local plant is said to be one of the most complete meat curing plants in West Texas, and its design is being considered in the construction of similar plants at other places. Farmers in this section have the benefit of modern curing methods at nominal cost in the new plant, and it was described by County Agent Rice and others as one of the best things for this section completed in years.

## HEFNER NEWS

Hefner home demonstration club had its achievement program with the kitchen demonstrator, Mrs. Felton Lambeth, October 25.

After a brief business session, contests were enjoyed. Mrs. Ben Holder was leader.

Miss Astin gave a talk on home demonstration club work, and all the members explained their views of the demonstrator's kitchen, which she had improved so much.

Quite a number of quilts, lace, canned foods, and home-made articles were on display during the afternoon, which had been accomplished through the year.

Refreshments were served to all present.

## RALPH JOHNSON OPENS RADIO REPAIR SHOP

Announcement is made in an advertisement in this paper of the opening of a modern radio repair and service department in the Home Furniture Co., by R. C. "Ralph" Johnson.

Mr. Johnson is well known here, having formerly been in that business before going to Haskell two years ago. He owns a farm northeast of town where his family has resided for some time. Mr. Johnson has spent 15 years at the work, with experience in Dallas and Abilene before coming here. He attended Texas Technological College four years.

## EARLY 4H CALF SHOW AT VERA NOVEMBER 10

**Everyone Invited For Event and to See New School**

Plans are under way to have a preliminary 4-H Calf Show at Vera on Thursday, Nov. 10. All 4-H boys will have their calves in Vera by 10 a.m.

The calves will be weighed and compared on their present condition. The boys are all anxious to judge their own calves by the other fellows' calves.

The ladies of Vera will serve dinner on the grounds to all visitors, at a nominal price. Proceeds will be used for the beautification and completion of decorations in the new school building at Vera.

Vera people have extended an invitation to all folks in Munday and the surrounding country to attend the calf show and see their new building.

## Lions Club Probes Football Deficit

The Lions club met Wednesday noon at the Eiland Hotel for their regular luncheon. A fair representation was present.

The invocation was offered by Lion Lee Haymes, with Lion president Bill Moore in the chair.

Following the luncheon the club joined in a warm business session, discussing among other things, the expenses of the football association, which seemed to be running some behind the regular schedule, or in other words, some monies were needed to carry on as it should be.

Some of this was immediately raised with a committee appointed to contact others, so should this committee see you, reach your hand down in your pocket and give it to them with a smile.

Lion Wade Mahan was appointed as talker to take the place of Jimmy Harpham who is unable to serve in this capacity.

Secretary Austin Caughran read an invitation from the newly organized Knox City club to attend the Charter night program in that city which will be held on Thursday night, Nov. 3, at the school gym. The Munday club is expected to go to Knox City strong, since this club sponsored the neighboring club. Munday will also have a number on the program on that night.

Guests at Wednesday's meeting were: Homer Lee of Wichita Falls, and Roy Gaither, district manager of the Wm. Cameron yards, with headquarters at Altus, Oklahoma.

Virgil Reynolds, transferee of the Haskell club, was present, also old Lions Pitzer Baker and Jimmy Harpham were at their regular places.

Editor and Mrs. W. L. Garner of Knox City were business visitors to the city Monday.

Miss Maureen Bevers spent last week visiting in Haskell and taking the fair.

Vinyl Hudson of Haskell was a business visitor to the city Tuesday.

# Announcing THE OPENING OF THE CUT RATE Radio Shop

## 150 Farmers Meet To Study Wheat Program for 1939

Approximately 150 farmers met in County Agent W. W. Rice's office last Tuesday, Oct. 25, to hear J. H. Watson, state committeeman from New Castle, representing this district of counties, when he explained the 1939 wheat program to the farmers.

Mr. Watson gave a very thorough explanation of the outlook on wheat, the wheat allotments, and took about 30 minutes to answer individual questions of the farmers. He stated that there was enough wheat stored in elevators over the nation to hold the price at its present level without another crop.

"Farmers should give the wheat program serious consideration before rejecting it," Mr. Watson told the assembly of farmers, Tuesday.

## C. of C. To Have Christmas Tree

A good attendance was present at the meeting of the Chamber of Commerce Thursday noon when luncheon was served at the Eiland Hotel.

President T. G. Bengé presided at the business session, where the discussion of a proposed community Christmas tree was brought up. For several years the Chamber of Commerce has sponsored a tree each Christmas, but as it involves quite an expense, there has been some talk of discontinuing it this year. However, the body voted to have the tree this year, and a committee on arrangements will be appointed soon, the president said.

Miss Maude Isbell gave a report on the library, which is being organized in Munday, sponsored by the Munday Study Club. The report was very favorable and the business men voted to make a cash gift, at the meeting. Miss Isbell was also appointed publicity director for the Chamber of Commerce.

Mrs. Louise Ingram made a report on the piano, recently purchased by the Parent-Teacher organization for the local schools and a donation was made to this fund, also.

Mr. Bengé, who is manager of the Munday plant of the West Texas Cottonseed Co., announced the purchase of a car load of fine Acala cotton seed and his interest received hearty commendation from every member. The Chamber of Commerce has taken a great interest in the bettering of cotton crops this year and only last month gave practically their entire program to a discussion of the foreign cotton market.

As the members left the hotel at the end of the session a newsreel cameraman was on the street and made pictures which will be shown at the Roxy Theatre here in the near future.

## County Committee To Wichita Friday

The county committee will go to Wichita Falls for a meeting of the AAA officials Friday and Saturday, Oct. 28-29, it was disclosed this week by County Agent Walter Rice.

The 1939 program will be explained to the members who will return to the county and pass this information on to the farmers.

The following are planning to attend from Knox county: J. W. Smith, chairman of the county committee; August Schumacher, E. A. Beck, P. C. Phillips, County Agent Rice and Administrative Assistant Jack Welch.

Mr. and Mrs. Henry Jones returned Sunday from Globe and Holbrook, Arizona, where they visited Mr. Jones' brother.

J. O. Cure of Gilliland was a business visitor to the city Tuesday.

Mrs. Allene Koenig of Wichita Falls is the guest this week of her parents, Mr. and Mrs. W. C. Bevers.

## Cottonoil Co. Gets Fine Cotton Seed

A car load of Certified Acala 8 cotton seed is expected to be received early next week by the West Texas Cottonoil Co., here, T. G. Bengé, local manager, said this week.

This seed, known as the Blue Label Acala seed, is grown by the California Planting Cotton Seed Distributors, of Bakersfield, and is produced by the State of California with the cooperation of the U.S. Department of Agriculture.

The local cottonoil mill is considered very fortunate in getting such a shipment of seed and it is believed it will be sold here in a very short while. Farmers in this section are urged to avail themselves of the opportunity to get such quality seed for the next year's crop.

E. H. Bauman, of Bauman Motors, local Ford dealers, was in Dallas Monday and Tuesday, visiting in the Ford plant.

Homer Lee of Wichita Falls was in the city Wednesday looking business interests.

Mr. Gaither, district manager of the Wm. Cameron & Co., was in the city Wednesday.

Mr. and Mrs. Joe Giles and son of Breckenridge are guests this week of Mrs. Giles, parents, Mr. and Mrs. J. R. Counts.

Mrs. Fred Roberson of Seymour spent the weekend here visiting her husband, who is connected with the Mity Nice Bakery.

M. Boggs, manager of the Home Furniture company, returned Monday evening from a business trip to Fort Worth.

Mrs. R. E. Alexander was in Dallas, Tuesday, buying new merchandise for the Hat Shop.

Mrs. A. A. Smith and Arthur Smith, Jr., were in Wichita Falls Monday.

Miss Mildred Barnes, home demonstration agent at Haskell, was in the city Friday, assisting in the judging at the cake show.

Miss Louise Ingram, student at NTSTC, visited her mother, Mrs. Louise Ingram, over the weekend.

Mr. and Mrs. Bob Parks and Mrs. Fitta Gray of Abilene were here Sunday visiting friends.

Mrs. H. A. Pendleton, Mrs. Paul Pendleton, and Mrs. W. R. Moore were in Wichita Falls one day last week.

## HASKELL COUPLE WED HERE LAST SATURDAY

Jeston Thomas Johnson and Miss Madge Noel McMillin, both of Haskell, were married here at 2:30 o'clock Saturday afternoon. Rev. W. H. Albertson, pastor of the First Baptist Church, performed the ceremony at his home.

## Pastor Urges Spirit Of Thanksgiving

We appreciate the increased attendance at services in the past few weeks, especially the evening hour. There has been a gradual increase in the Sunday School but there is yet room for more people in each department.

There are three more Sundays before Conference, and I will have charge of each morning service but only one of the evening hours; the one this Sunday night. On November 6, the Chanters from McMurry College will have charge and render a song program. On November 13 will be our fourth Quarterly Conference and Bro. Bowen will be in charge. Your attendance at all of these services will encourage and add interest to the church work as well as be a blessing to each one attending. Our churches are very fundamental to our American civilization.

Would it not be an act of gratitude to God, for the wonderful weather that has been extended until the bulk of the crops are now gathered, to attend some church service this Sunday? There is no sin in giving thanks for blessings before the set "Thanksgiving Day." Try it out now in case one might have so many other things on that day he might forget to give thanks at the appointed time.

We will be looking for you at church where friend meets friend and our lives are lifted by Christian service.

H. A. Longino

## Dr. Becker's CROUP NECKLACE

Breaks up that choking, croupy cough—fast. Quick relief without vomiting. No medicine by mouth. No dangerous vapor lamps to set the house afire. Just tie Dr. Becker's CROUP NECKLACE around neck and put child to bed. Mothers say: "Wonderful! Would not dare be without it." One necklace lasts all winter. GUARANTEE: I will return your money if not completely satisfied. Send only \$1 to H. E. BECKER, 1218 Allen Bldg., Dallas, Texas.

## ATTENDS JOHN DEERE TRAINING SCHOOL

Pete Barnes, mechanic for Mansell Hardware, is in Dallas this week attending a training school sponsored by the John Deere Implement Co. This is the third year Mr. Barnes has attended the annual weekly schools.

Miss Wanda June Williams, student at TSCW, Denton, visited relatives and friends in this city last weekend. She was accompanied back to school by Winston Blacklock and Jerry Cain, who visited Miss Mary Moore while in Denton.

Mrs. Carl Mahan and children of Abilene visited her mother, Mrs. E. M. Wilson, last weekend.

Mr. and Mrs. Raymond Stapp visited the former's brother in Lueders, Sunday.

Jim Reeves, local Plymouth-Dodge dealer, was in Abilene, Monday, transacting business.

Mr. and Mrs. Ambrose Brown and daughter, Bobby Joyce, of Stamford were Sunday visitors here with Mrs. Brown's sister, Mrs. L. C. Davis.

## CAKE SHOW

(Continued from Page One)

3rd, Mrs. Frank Bowley, Munday. Spice cake 1st—Mrs. Ed Jones, Hefner; 2nd—Mrs. Dora Phillips, Munday, and 3rd—Mrs. T. J. Partridge, Sunset. (White cake) 1st—Mrs. J. W. Laningham, Goree; 2nd—Mrs. John Rice, Munday, and 3rd—Mrs. Will Phillips, Munday.

Cookies (plain) 1st—Mrs. R. M. Almanode, Sunset; 2nd—Mrs. T. J. Partridge, Sunset, and 3rd—Mrs. Geo. Weber, Hefner.

Cookies (decorated) 1st—Mrs. O. C. Turner, Truscott; 2nd—Mrs. Vera Payne, Hefner, and 3rd—Mrs. Don Phillips, Munday.

Merchants Helped Electrical wiring, fixtures, and several types of cooking utensils were furnished by the West Texas Utilities Co. Furniture and silver tea service was loaned by Mansell Hardware, and several

pieces of fine cut glassware and two linen cloths were furnished by Mrs. W. M. Taylor of Goree.

Besides a varied display of plain and fancy cakes and cookies, decorations carried out the Halloween theme on a table inside the building and in one window on the street.

In the other window was seen a chest of linen, which was probably the greatest attraction of the show to many, though men folks who visited the show were seen to look longingly at the pastry exhibit on the tables. Cakes were sold, many of them on Friday afternoon soon after being put on display.

## Miss Lois Bowden Is Married In Yuma, Arizona

Announcement has been received here of the marriage on October 8, of Miss Lois E. Bowden, daughter of Mr. and Mrs. J. B. Bowden of this city, to W. L. Roberts, at Yuma, Arizona. Both young people were residents of Los Angeles, Calif.

The impressive ceremony was read by the Rev. H. L. Gillenwaters, pastor of the First Baptist Church at Yuma, in the church parsonage, at 9:30 a.m. The wedding was witnessed by Mr. and Mrs. W. H. Vermeulen who had, themselves, just been married. The bride was attired in a tailored black suit, with black accessories and a red corsage. The couple motored to Yuma Friday and left after the ceremony for Los Angeles where they will make their home at 1330 W. 11th St.

The bride has many friends here, where she attended school and was graduated from Munday High School. Mr. Roberts, the son of Mr. and Mrs. F. A. Roberts, of Okmulgee, Okla., is engaged in the building trades at Los Angeles. The couple plans an extensive wedding trip to their former homes at Christmas time.

## Methodist W.M.S. Entertained in Mrs. Golden's Home

Nineteen members were in attendance last Monday afternoon at 3 o'clock when the Woman's Missionary Society of the Methodist Church met in the home of Mrs. Oates Golden.

There was a short business session and a social hour which was much enjoyed by everyone. This was the regular monthly meeting of the society, for October.

Mrs. Golden was assisted by Mrs. G. W. Dingus, who was co-hostess for the occasion. An appetizing refreshment plate was served during the afternoon.

## S. S. Class Has Hallowe'en Party With Dr.-Mrs. Bass

Dr. and Mrs. J. Horace Bass were hosts to a delightful party in their home here Wednesday night when they entertained members of the Amigos class, young people, of the First Baptist Sunday School.

Games were enjoyed by the large group until refreshments, in Hallowe'en colors, were served. Decorations and score cards for the "42" and "84" games also carried out the black and yellow motif.

Those attending the party, besides the hosts, were Dr. and Mrs. Hollis Douglas, Messrs. and Mesdames M. L. Barnard, John Ingram, Chandler Hughes, Don Wardlow, Grady Roberts, Chester Bowden, Buel Bowden, Bill Cooper, J. C. Elliott, Virgil Reynolds, Wallace Reid, Lawrence Barber, M. C. Hallmark, Howard Cobb, Cecil Cooper, Mrs. T. F. Fry, and Riley B. Harrell.

## Monday Night Bridge Club Enjoys Meeting

The Monday Night Bridge Club met in the home of Mr. and Mrs. Fred Broach Monday night, with Mrs. Broach hostess for the evening.

A three course supper was served consisting of tomato cocktail, creamed chicken and pie alamo.

Following the supper, the evening was spent in playing bridge, with high score for the women going to Mrs. Pitzer Baker and high men's score going to Tom Haney.

Members present were Mr. and Mrs. W. R. Moore, Mr. and Mrs. H. A. Pendleton, Mr. and Mrs. Tom Haney, Mr. and Mrs. Pitzer Baker, Mr. and Mrs. Grady Roberts, Mrs. Louise Ingram as a guest and the host and hostess.

Mrs. Cebern Jones, Mrs. Jack Mayes, Mrs. Jim McDonald, and Miss Clo Mayo were visitors to Wichita Falls Wednesday.

## Sunshine Circle Of Methodist Church Met Monday Night

The Sunshine Circle of the Methodist church met with Miss Cloe Mayo in business and social session Monday night, Oct. 24. We also had the first three chapters in our new study book, "This Moslem World," which was very interesting.

Those present were: Mrs. Layne Womble, Mrs. Levi Bowden, Ruth Baker, Mrs. Cecil Cooper, Mrs. Bess Porter, Merle Dingus, Mrs. Joe B. King, Mrs. Burrow, Mrs. Jack Mayes and Margaret J. Womble.

We were glad to have a new member, Mrs. Cox, join us.—Reporter.

## Mrs. Elzo Moorman Of Goree Honored At Shower Here

Honoring a recent bride, a very pretty shower was given in the home of Mrs. Ardelle Spelece Friday afternoon, for Mrs. Elzo Moorman of Goree, formerly Miss Audrey Kegley of Munday.

Assisting Mrs. Spelece in the hostess duties, were Mesdames Zack Gray, John Bowden, A. U. Hathaway, Edwin Foytik, Misses Mildred Gray and Lavena Counts.

Thirty-seven guests registered in the bride's book, and twenty sent gifts.

## Hi-League Party This Evening to End Contest

The Hi-League of the Methodist church met last Sunday evening at 6:00 o'clock with 14 members present. The contest started a short while ago, ended Sunday. A party is planned for Thursday evening, at 7:30 at the church. A very interesting program was given as follows:

Leader—Louise Gafford.  
Scripture—Hugh Longino.  
Song, Take the Name of Jesus With You.  
Talk—Mary Lois Beatty.  
Talk—Margaret Jean Womble.  
Song, Have Thine Own Way, Lord.  
Benediction, By All.

## Library is Given Hearty Response In Opening Drive

An unusual response, both in cash gifts and in the books donated by people of this section, greeted the opening drive of the Munday Study Club for a library here. Last Thursday a large number of people called for tea and to show their interest in the project which has been termed by many civic leaders, one of the greatest things for Munday in a long time.

Miss Edna Montandon has been selected as librarian, and it is expected that the doors of the new library will be opened on November 1. Original date was set for October 29, but the study club announced this week that the date later suggested will be more satisfactory.

On November 1, the district librarian will be here to assist in the opening as well as the librarian from Vernon.

Those giving cash donations to the project were: Dr. R. I. Newson, Mr. and Mrs. Grady Roberts, Pendleton Gin Co., Farmers Union Gin, T. G. Bengel, Jones Grocery, Mansell Hardware, Mrs. S. E. McStay, Mr. and Mrs. L. S. Hardegre, Mrs. Fred Broach, Farmers Elevator, Graham Mill & Elevator, W. M. Huskinson, R. B. Bowden, The Fair Store, Mrs. A. Rutledge, Mrs. Carl Jungman and Mrs. C. R. Elliott.

Those contributing books were: Eiland Drug Store, Mrs. Louise Ingram, Mr. and Mrs. Riley B. Harrell, Mr. and Mrs. Levi Bowden, Mr. and Mrs. H. F. Barnes, Mr. and Mrs. F. S. Broach, Jr., Mr. and Mrs. R. B. Davy, Mr. and Mrs. T. R. Haney, Mr. and Mrs. John Ingram, Mr. and Mrs. P. V. Williams, Mr. and Mrs. Jim Isbell, Mr. and Mrs. Chandler Hughes, Mrs. Guy Rutherford, Miss Maud Isbell, Mrs. T. G. Bengel, Miss Fannie Isbell, Mrs. Chester Borden, Mr. and Mrs. Leland Hannah, Dr. and Mrs. D. C. Eiland, Mr. and Mrs. M. H. Reeves, Leona Keel, Mrs. J. J. Keel, Mrs. Carl Jungman, Mrs. W. L. Barber, Mrs. J. C. Elliott, Mrs. W. E. Braly, Mrs. J. R. Burnison, Kathleen Houser, Mrs. M. F. Billingsley, Miss Shelley Lee, Mr. and Mrs. Jim McDonald, Mrs. H. A. Pendleton, Mrs. Jack Mayes and Mrs. W. M. Huskinson.

Magazine subscriptions given were: Dr. D. C. Eiland, Hygeia, Rowde Carley, Time, P.-T.A., Parents' Magazine, Chamber of Commerce, Readers Digest.

Back issues of magazines given by: Miss Georgia Dorsey, Mrs. W. L. Barber, Mrs. Riley B. Harrell, Mrs. Jack Mayes, Mrs. R. B. Bowden, and Mrs. J. C. Elliott.

Many others have promised gifts of books and cash. The P.-T.A. and the Chamber of Commerce assisted in the drive and were given a vote of sincere appreciation by members of the club.

Everyone who has a book or other gift for the library is asked to see either Mrs. Riley Harrell, Miss Maud Isbell, or Mrs. Fred Broach, Jr.

Mr. and Mrs. M. C. Hallmark and family were visitors in Seymour Sunday.

## Rhineland Couple Wed in Ceremony Tuesday Morning

The marriage of Miss Philomena Wilde, daughter of Mr. and Mrs. Anton Wilde of the Rhineland community, and Herman Friske, son of Mr. and Mrs. Lorenz Friske, also of Rhineland, was solemnized last Tuesday morning at 8 o'clock at the St. Joseph's Cathedral in that community. Rev. Matthew, O.S.B., officiated at the wedding.

The bride chose a tailored, all-wool, navy worsted suit with white and navy accessories. She carried a bouquet of white carnations with fern.

Miss Rosalie Wilde, sister of the bride, was her only attendant. She wore a dress of blue alpaca crepe with a parkuade wool top.

Philip Bruggeman was best man for the occasion.

Following the ceremony, a reception at which many friends and relatives of the couple were present, was held in the home of the bride's

parents. In the evening the couple was honored with a dance given at the Rhineland community hall.

Mr. and Mrs. Friske will reside at Rhineland.

R. J. Reynolds, of Haskell, was in this city Tuesday, looking after business interests and visiting his son, Virgil Reynolds, manager of the local Piggly Wiggly store.

**WHEN SNOW DRIFTS HEAP AND MUD GROWS DEEP...**

Why mire down in deep mud and snow drifts this winter when a set of Seiberling Mud and Snow tires will pull your car thru the deepest mud and snow? Here is one mud and snow tire that has excellent traction both forward and in reverse. Its scientifically-designed tread is self-cleansing and does not clog up with mud and snow and become slippery. Each tread cleat acts as a running rib, hence this tire gives long, economical mileage even on dry pavement. Due to the scientific arrangement of the cleats—this tire does not pound and runs quieter.

knows not that he knows not.  
 A Sophomore knows not and knows he knows not.  
 A Junior knows and knows not he knows.  
 A Senior knows and knows he knows.

**Junior Class Report**  
 Well, Hallowe'en will soon be here, and we'll all be looking for you at the carnival Monday night.  
 Hallowe'en  
 We all love the time for Hallowe'en. With a full moon beaming, the wind so keen.  
 The Jack-O-Lanterns shine from every place.  
 The way they look at us it's a disgrace.  
 The tall old trees look thin and bare,  
 With spooks and black cats everywhere,  
 And far in the distance, about a mile or two,  
 An owl can be heard saying, Who, Who, Who.  
 You'll be walking along under some trees,  
 Walking and feeling with the greatest of ease,  
 Then suddenly you'll stop, dead in your track.  
 What is it you see, so ugly and black?  
 It's old nose is crooked, so sharp, so thin;  
 It's hair is shaggy, blowing in the wind.  
 The teeth are so shiny, the eyes are so green,  
 You'll think it's the ugliest thing you've ever seen.  
 You then hear laughing, a familiar sound.  
 You listen, stare, turn all around.  
 Then you tell yourself what a fool you've been,  
 That ghost you saw was your best friend.

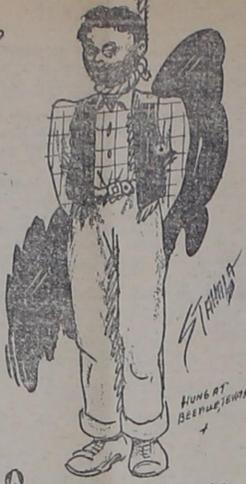

**Senior Report**  
 The senior nominee for carnival queen this year is Jean Williams.  
 The fate of one hundred and eighty students rests in the hands of the faculty this six weeks. We have already done our work, or we have not and wish we had. A few are not worried.  
 Wilma June Burnison is the next senior in line for her life review.  
 Wilma June was named Wilma at first and then June seemed an appropriate "middle name," since she was born on June 15. The year was 1922, which seems to be the most popular with the seniors so far.  
 Wilma has always been a "Munday booster" except in 1934 when she moved to Austin where she went to school a year.  
 Ann tells of an amusing incident (that is, amusing to everyone except Wilma), which occurred when she visited Wilma in Austin. It seems that Wilma tried to hide behind a door from Ann and somehow her foot was caught in a cuspidor at the Capitol building.  
 Wilma June won a magazine contest once, and her picture was printed in one of the papers. She also received a prize of a fifty-

## A MURDERER WILLED HIS SKIN TO BE USED AS A DRUM HEAD.

## PEEP SHOW

By MIGNON  
 The loveliest thing, perhaps about my recent visit to Tulsa aside from seeing the Prints, was to be his guest at a Lily Pons concert. If there are any more wonderful things he hasn't done for me it is because he couldn't think of them. Imagine a gal like me in the first stages of starvation for music at a Lily Pons concert. The clear, warm tones, the charm of her personality, her dresden doll appearance and her expressive face were only a few of her talents. She is so different from the big-bosomed prima donnas, of the old days and yet she has everything it takes to captivate a great audience.  
 She sang a taxing program of 15 numbers and 5 encores so effortlessly that it was difficult to realize that it included compositions which are a real test for an singer, among them three arias, four numbers with flute obligato, Liszt and Debussy.  
 Frank La Forge unobtrusively at the piano provided accompaniments in complete accord; Hale Phares in the two numbers which required flute obligato added talent to make more evident the superior quality

**SEWING ROOM WOMEN MAKE 5,722 GARMENTS IN PAST 11 MONTHS**

Two units of the WPA sewing room have been designated for Knox county, Mrs. Addie L. Layne, superintendent of the Munday room, disclosed this week. The other unit, at Knox City, is made up of 19 workers and a supervisor, Mrs. Minnie Lee Huntsman, and will come under the supervision of the sewing room here. In Munday there are 34 workers, including nine who have been reclassified, besides the superintendent. Mrs. Layne has served in this official capacity since the organization of the room here, three years ago. In all, 55 women are employed on this project in Knox county, and the monthly payroll is approximately \$1,700, Mrs. Layne said.

During the past 11 months the women have turned out 5,722 completed garments, and used 11,584 yards of material, the records show.

A short chapel program is observed each morning at 8:30, and everyone has a special invitation to visit the sewing room, at any hour in the day, the superintendent declared. "We register all visitors, and would especially appreciate a large visiting list next month to show interest of local people in our project," Mrs. Layne said. Working hours are from 8:30 a.m., to 4:00 p.m.

**FOOTBALL**

(Continued from Page One)

After a fumble in which Weinert recovered at midfield, they got off a long punt that put the ball in Munday's possession on our own 1-yard line. Munday had worked the ball back to about the 25 stripe when Weinert, then in possession, got off a long pass into the end zone that just missed by a shade being completed. On the next play, Weinert tried the same thing again which was completed for their first score. They plunged over to tie things up 7-and.

Following the next kickoff, Pippin broke through for 17 yards and things were getting lively when an unfortunate fumble ended that drive. Weinert completed a 19-yard pass as the half ended, with the ball on Munday's 18-yard line.

Weinert opened up the second half with much the same type of kickoff as Munday had practiced, thought not intentionally. The ball went 15 yards and was returned to even midfield. After a series of exchanges, the Moguls pushed it to within inches of the Weinert goal, but failed in three crashing plays to break through for a payoff. Weinert took the ball on downs and kicked out from behind their goal to Munday's 26. Here, the Moguls tossed a slow pass 13 yards that was intercepted by Johnson for Weinert. They, in turn, took a basket of 15 yards for unnecessary roughness and the game saw-sawed through the quarter, far into Mogul territory.

It was soon after the final period started, that Munday's kick on their own 22-yard line was blocked, but Munday recovered. On the next play, the Moguls again attempted to punt, but the ball went barely a yard, into the arms of a Weinert lad, who trotted over the goal line, only to be called back because both teams were off-sides. Munday kicked the third time, getting the ball to Weinert's 34. A few minutes later, Munday, again in charge, fumbled and Weinert recovered on their own 26 yards, then slung a 17-yard pass that was completed and they carried the ball to Munday's one-yard line when Pippin pulled the runner down in open field. It took Weinert four downs to make that precious foot of ground but they huddled a tightly-packed defense to slip over with four inches to spare. Weinert made a beautiful pass to complete 14 points just four minutes before the game ended.

The closing gun was fired with the ball in the air near midfield and Pippin made a desperate try for the pass, intended as a touch-down play. It slipped from his fingers in what missed by inches being a complete pass and probably a 40-yard run for another score.

Pippin, Warren, McCarty and Capt. Lowrance surpassed anything seen this year in the Mogul performance, and the whole squad showed signs of teamwork that has not been apparent heretofore. Munday is handicapped by a rather light line, and has to work one of its two ball carriers on every play. Our passing attack has not been developed and punting fell short of what it should have been, but the boys showed unmistakable signs of improvement.

Stellar roles in the Weinert performance were played by Fullback Johnson, but Marsh, who plays at left end, was by far their defensive star last Friday. That flashing No. 6 was in every play, and he proved to be the nemesis of those who would gain ground for Munday High. Soesbee, C. No. 4, was with him side by side, and they made a pair that bracketed practically every play. One other who carried his part like a veteran was Owens, chunky guard, who stood only shoulder-high to most

**Weather Report**

Some of the most unusual facts of the week, as far as actual facts are concerned, is the news that the famous unstable, convention-free West Texas weather has apparently settled into a rut. Our authority for this statement is Mr. H. P. Hill, and like most of his other statements, can be backed up with the figures. Mr. Hill has been sitting back and watching Old Man Weather do his stuff for several years, and what's more, he's been taking notes on each day's performance. And, says Hill, the day the Weather Men gives us the same performance is on October 23 of the last four years. Mr. Hill's records for this date show that this section has experienced a sharp dip in temperature on this particular date, as is shown by his figures:

Year	Low	High
October 23, 1935	38	degrees
October 23, 1936	36	degrees
October 23, 1937	37	degrees
October 23, 1938	34	degrees

The weekly weather report as recorded by Mr. Hill, as follows:

Year	Low	High
1938 1937	1938 1937	
Oct. 20	44 44	63 80
Oct. 21	42 50	81 71
Oct. 22	53 44	66 62
Oct. 23	34 37	56 76
Oct. 24	38 50	76 78
Oct. 25	47 51	84 89
Oct. 26	49 53	86 78

Rainfall this year, 24.12 inches. Rainfall to this date last year, 17.22 inches.

the players, but who went through the line like a pile driver.

Both teams deserve commendation for the game they played Friday night. Weinert, a Class C team, is playing its first year of football this season, but under Coach Elmo Cure, is showing some championship material. Munday, in Class B, has practically a new team this year, with several first string men new to the business, and was further weakened by the loss of two ace ball carriers who were found ineligible after the season had begun. Coach Billy Cooper has some smart tricks in the bag, but it will take time and experience to polish them into a finished product.

**Summary**

Munday	Weinert
First downs	7
Yds. scrim.	218
No. Punts	8
Yds. on punts	201
Av. of punts	25
Passes tried	11
Passes com.	2
Yds by passes	13
Pass average	7
Intercept.	pass 0
Penalized	40
Thrown for loss	5

**Officials**

Referee—Morrison, Vanderbilt.  
 Umpire—Scruggs, A.C.C.  
 Head Linesman—Andrus, Har-  
 din-Simmons.

**PEP SQUADS VIE FOR HONORS**

Two pep squads ran a pretty even race at the game when Munday's own Moguelettes matched holders with the Pepper girls from Weinert. Both squads were in uniforms of school colors and lent much to the spirit of the occasion. During the half intermission, 24 Weinert girls marched onto the field and formed the letters "M" and "W" in honor of the two towns. Following their formation, 28 Munday girls formed the two letters and sang their school song in midfield.

**ATTEND DEALERS MEET CLOVER FARM STORES**

Sebern Jones and Joe McGraw of the local Clover Farm Store attended a district meeting of the Clover Farm stores in Stamford Monday night. They report a good meeting with lots of interest.

**HERE FROM PADUCAH**  
 Dr. J. B. Reneau, Jr., of Paducah, was here the first of the week visit-

ing his parents, Mr. and Mrs. J. B. Reneau.

Mrs. B. I. Gifford, who runs a farm west of Cleburne, (Johnson county) was selected as winner in the master farmer contest in Texas Agricultural District 4 comprising 16 counties. Selection was based in farm production, methods and residence completeness. This master "farmerette" has been operating the farm three years.

**WANT ADS**

**"RUPTURED?"** — Examinations Free. We examine and fit your truss right in our store, no waiting for correct truss, we carry a complete stock. Examination and advice Free.—THE REXALL DRUG STORE, Drug Dept 9-tfc
