

Safe Driving Urged During This Month

Austin, Dec. 1.—With the most dangerous traffic month of the year facing motorists and pedestrians, the state safety department officials pleaded today for close observance of traffic rules in December.

Homer Garrison, Jr., safety director, recounting that 230 people were killed in traffic crashes in December last year, pointed to the Christmas holidays as the heaviest traffic period of the year during which the death rate leaps upward.

Texas highway patrolmen—a force limited to 300 men—will work double shifts during most of the month to deter reckless drivers in a strict enforcement drive. Referring to the 20 per cent decrease in fatalities in Texas since the beginning of the year, Garrison exhorted drivers and pedestrians to be alert to the hazards that will confront them with shortened daylight periods, murky and cold weather, heavier traffic and wet pavement to combat.

Garrison was joined in the plea by Chairman W. H. Richardson, Jr., of the safety commission.

"Texas, like other states, is faced with a possibly heavier death and destruction month in December," Chairman Richardson said. "Motorists must cut their speeds appreciably and be alert to impending traffic disasters. Pedestrians should walk with heads up, eyes toward approaching vehicles, cross only at proper places and be careful in darkness."

Garrison added that a sharp death reduction in December should bring to Texas a fatality drop of more than 400 persons for the year, a great saving in human lives.

Girl Scout News

Troop No. 1 of the Munday Girl Scouts met on Tuesday afternoon at four o'clock in their regular weekly meeting.

The time was spent in making puppets. The troop is making a puppet show of "Hansel and Gretel." The play will be given at the regular campfire meeting in December.

Plans were completed for the Christmas party to be given at the home of Lola Jones. Names were drawn for gifts.

The next project for the troop will be planning and decorating the club room in the elementary school building.

Scouts present were: Billie Lou Spelce, Jean Reeves, LaVerne Haney, Betty Morris, Betty Lou Boone, Jerry Chamberlain, Latrice Johnson, Betty Golden, and Miss Crawford, captain.

MEETING POSTPONED

Dr. Paul L. Myers Comes to Munday For Free Clinic

Dr. Eledia Moylette has arranged for the services of Dr. Paul L. Myers, well known consulting Chiropractor, to be available in Munday on Wednesday, December 7th, one day only.

Consultation with Dr. Myers will be without charge. Persons desiring a complete pathoclast examination may secure it at a reasonable charge. Appointments must be made in advance for either of these services, with Dr. Moylette.

Dr. Myers is well known nationally for his contributions to the science of Chiropractic, and for his accuracy of diagnosis. He is bringing the pathoclast for this clinic, and his skilled technician and receptionist to assist him in serving the people of this vicinity.

Amateur Hour

In former days we went to church
To hear the pastor tell
Of golden streets of heaven
Or sulphur pits of hell.
But now at home we twist a dial
On polished radios
And listen to the amateurs
Of Major Edward Bowes.

I wonder if beyond the skies
Before a dazzling throne,
St. Peter is the master
Of an astral microphone.
I wonder when he calls on me
To face that angel throng
If I shall hear All right! All right!
Or if I'll get the gong.

BARBARA HUTTON MADE HUSBAND FINANCIAL ADVISER

she could rely, Miss Maxwell states. He was of an age to be Barbara's mentor, and, contrary to the nature of her first husband, was constantly making small economic mistakes. It was evident that he couldn't be a fortune hunter because he had a small private fortune of his own and would not be dependent on his wife.

Part of Court's advice consisted in pointing out to her that, with the erosion of fortunes going on in America today, she would be likely to have little or nothing to leave her son. He persuaded

Barbara that the only way to save for him would be to become a Danish citizen, since taxation was less severe in Denmark. "Though the advice he gave her was psychologically disastrous for her, it should be noted that he did not try to take financial advantage of her change of citizenship," the international social leader points out.

Is there another man in her life? Miss Maxwell admits that there is. He is three years old and he loves Barbara for herself and not for her money. His name is Lance Haugwitz-Reventlow.

Haskell Clinches District Title; Vies With Crowell for Bi-District

Rallying in the final half, the Haskell Indians won the championship of District 9-B at Haskell on Thanksgiving Day, defeating Stamford 26-7 in the final district game.

Being outscored 6-11 in the matter of first downs in the first half, the Indians put the Bulldogs on the spot in the last half to cop to district title. The Stamford team, leading in the first period 7-0, after a series of brilliant plays, in which their aerial attack featured, fell behind during the final quarters and was subdued by the Indians' onslaught.

Sam Henshaw, Haskell speedy halfback, counted for Haskell on flashy runbacks of Stamford's punts.

The winning of this Turkey Day game entitles Haskell to meet the strong Crowell club on Friday for bi-district honors.

At a conference last Saturday, school officials decided the bi-district game will be played on the Indians' field in Haskell, beginning at 2:30 o'clock Friday afternoon.

By TOM FIZDALE

With Rudy Vallee in Hollywood and Eddie Cantor in New York, it looks as though radio stars are beginning to recover from their vacations sufficiently to get the wanderlust again. Burns and Allen have made two transcontinental trips since their return. Now all we need is for Jack Benny, Charlie McCarthy and Bergen, Bob Hope and the Star Theatre troupe to decide to go east and for Tommy Riggs, Fred Allen, and a few more New York stars start west. Then we'll know everything is back to normal again.

Tommy Riggs

Tommy Riggs, whose voice-child, Betty Lou, is starred with him on his Saturday night variety show, is the subject of a lot of scientific scrutiny because of those remarkable vocal cords that enable a husky man to portray the voice of a little girl so perfectly that most of a nation is fooled. Outside of that, however, Tommy is a very regular chap. Horseshoe pitching, golf and mystery stories are his favorite diversions and his big ambition is to catch a barracuda, fighting deep sea fish.

Ned Sparks, dour-faced, cigar smoking comedian, whose voice with the brassy-wang is heard belittling everyone on the Wednesday night Star Theatre show, once played the music halls of the Yukon—as a tenor.
Those who know Joan Blaine, beautiful star of Valiant Lady on NBC, admit that she is both determined and resourceful. Those traits were demonstrated again recently when she got a cinder in her eye on the way to the studio for pre-program rehearsal. Unable to read her lines and with no time for medical attention, she had a fellow actor read them over to her until she had them memorized and proceeded to play the broadcast without faltering. A quick mind and her early theatrical training, plus those other named qualities, had come to her rescue.

Motion picture scouts are giving more than a casual thought to Red Foley, star of that Saturday night Avalon Time show. Plenty masculine, with a singing voice equally effective in both current and early American songs, Foley is one of the most rapidly rising radio stars of the year.

Jane Crustinberry, author of those top-flight dramas, The Story of Mary Marlin, gets plenty of exercise just writing her scripts. She gets so engrossed in her story that she gets up from her typewriter every few minutes to act out the scene herself in order to make the dialogue more natural.

If you are one of those people who hate to write even a letter, give a thought to Don Quinn, author of those crack Fibber McGee broadcasts. He writes and re-writes every script as many as half-a-dozen times before it goes on the air—and then isn't satisfied with it.

George Burns' staff worked for four months preparing the original score and set construction of the 27 minute musical comedy, "Three Loves Has Gracie of 1933," which George and Gracie aired on a recent broadcast. Since yesterday's broadcast is as dead as yesterday's newspaper, their only solace was that fifteen million people were in the audience when the curtain went up.

The largest congregation administered by any minister in the world is that of the Rev. Charles E. Fuller, conductor of the Old Fashioned Revival Hour on MBS Sunday nights. He has almost 20,000,000 regular parishioners.

you to be employed some day at maybe, Columbia University. At least, you have your speec.

The seniors have certainly been acting queerly during the week. We wonder what caused— Nettie Griffith to be so disappointed Thanksgiving. Rlp MCBeth to be such a "girl-ish" driver. E. G. Parkhill to enjoy wearing lipstick.

Junior Matthews to rate so high with senior girls. J. E. Hunter to be so cross. (Is it heart trouble, J.E.?) Hallie Phine Clarke to start taking home economics so seriously. Louise Gray to blush so when a certain ex-senior boy is mentioned.

Orville Strickland to watch Junior so closely the last few days. (Could the evidence in the trial be more truth than fiction?) Winters Groves to gain so many pounds during Thanksgiving. Wardell Sweat to be so silent about affairs of the heart. (Especially when a blond-haired, blue-eyed senior boy is concerned.) Marry Herinig to take such a sudden interest in Crowell football games, and a certain boy who lives up there. Mamie Tankersley to become so interested in Benjamin, (is it because of the size of the town or . . .)

Volleyball
After the grand Thanksgiving all of the girls had, they are now ready again for some real volleyball. They have not had a game for over a week and the girls are really anxious to get into a game again; and they will have their chance Friday night in a game with Munday. This will be their first game with Munday, and they assure everyone that it is going to be one of the best games of the season. Everyone is invited to come out and see the game.

Senior Boys' Basketball
The Eagles have taken an interest in books this week instead of basketball. The Eagles have all passed their subjects, and are ready once more to show the fans some real basketball. The boys have not played any games this week. The team still invites everyone to come out and see them play their games. The next game will be on Friday night, and they will play Bomarton here in the home gym.

Miss Mary Moore, who is in T. S.C.W. at Denton and W. R. Moore, Jr., of A. & M. College, visited their parents, Mr. and Mrs. W. R. Moore, Sr., during the holidays.
Wade T. Mahan returned home last Sunday night after spending several days at Wellington attending the bedside of his father, J. A. Mahan, who is suffering an attack of pneumonia.

R. B. Davy and daughter, Mrs. Earl Owens, were business visitors in Fort Worth the first of the week.
Chancey Hobert, who is attending A. & M. College, visited home folks here during the Thanksgiving holidays.

Mr. and Mrs. L. E. Rosser of Dallas, Texas, spent the week-end here, visiting with Mr. Rosser's sister, Mrs. Dave Eiland, and other relatives.

COUNTRY NOW HAS GOOD 5-CENT CIGAR—BUT WHAT'S THE BRAND?

Lubbock, Texas, Nov. 25, 1938.—Here's further evidence that what the country needs most is a good five-cent cigar.

W. T. Gaston, business manager of Texas Tech, is testifying after his annual deer hunt on the Madera Ranch in Culberson County. Having hunted Wednesday and till 3 o'clock Thursday without luck, the wind blowing a gale, he parleyed with Ruford Dadera, his hunting partner. Ruford didn't smoke cigars but took one from his guest's generous supply "just to change our luck."

Just as he bit the end of the five-center there they came—five of them, two bucks and three does. Ruford got one of the bucks. On Friday Ruford had a twin brother of Ruford, was out with Gaston and no luck.

"I'm going to try one of these cheap cigars," Tom said, and proceeded to bite the end off one when from nowhere two nice bucks dashed up. The business manager got his.

Going out of the mountains Saturday morning, W. G. McMillan, Lubbock amateur photographer, complained that he had brought his movie outfit along to take some pictures of antelope but had seen no antelope. "Just wait," Tom said, and while he was biting the end off one of the cigars a herd of 15 antelope obligingly swept into view for a picture.

"Sure, I'm going to take a supply next year," says Tom, "but I'm not saying what the brand is."

Scout Troop's Activities Are For Scout Uniforms

Members of the local Boy Scout troop are sponsoring a sale of polish cloths, Cecil Cooper, scoutmaster, announced Monday.
These cloths are of two types, one for polishing furniture and another for silverware and various metals. They are endorsed by Good Housekeeping, Mr. Cooper stated. Money derived from this sale will be applied to the Boy Scout uniform fund, as are other monies raised by the various Scout activities in Munday.

Scoutmaster Cooper stated that the scouts will also sponsor the sale of fireworks during the Christmas season. This sale is expected to begin within the very near future.

Jim, Emil and Henry Marek of Penelope, Texas, and Jerry Marek of Abbot, Texas, are visiting Nolan Phillips and other friends in Knox county.
