

Pesticide License CEU's Offered At Rhineland April 13

The Knox County Extension Service and Production Credit Association in Munday is sponsoring a Continuing Education Unit program for re-certification of a private applicators license. This training program will be held at 7:30 p.m. on Tuesday, April 13, at the KC Hall in Rhineland.

Billy Henderson of the Texas Department of Agriculture will discuss record keeping and

spray permits. This will be followed by Ralph Porter, Dow Elanco and Annette Sledge of Rhone-Poulenc who will discuss pest management.

The training will offer two hours of credit for re-certification.

For more information contact Paul Weiser at the Knox County Extension office in Benjamin, 818-454-2651.

Knox County Hospital Takes Over Ambulance Operations

Knox County Hospital District is now operating the ambulance service for Knox County, according to hospital administrator Stephen Kuehler. "The hospital will be responsible for day-to-day operation of the ambulance. We'll do the billing and collecting, and basically be responsible for the service," Kuehler said.

For the last several years, the ambulance service was operated by the cities, with subsidies from the county and the hospital district. "For the next four years, the county will continue to help subsidize the service. After that, the ambulance service is the sole responsibility of the hospital district."

"We do not plan any changes in the operation of the service. The ambulance service will be handled through the station in Munday and through the station in Knox City. It has been well run, and we just want to keep that quality," Kuehler said. "What we do think we can improve is billing and processing claims through Medicare and Medicaid. The people who have done this in the past for the ambulance service have done a good job, but our people here at the hospital work with this type of claims every day. We believe that

Munday Lions Club Getting Ready For Big Garage Sale

The Munday Lions Club will be holding a Giant Garage Sale Saturday, April 17, at the downtown park area. Sales will start at 10 a.m. to 3 p.m. There will be no early sales.

The saying goes, "one man's junk is another man's treasure". Everyone is encouraged to stop by and see what 'treasure' you can find. If you have any merchandise you would like to donate, you are welcome to do so.

The Lions Club will also be giving away a gas grill donated by Lone Star Gas Co., and a \$100 savings bond donated by McCauley-Smith Funeral Home. Tickets may be purchased from any Lions Club member. The winners will be announced at 3 p.m. on Saturday.

Nursing Center To Sponsor Bake Sale Of Easter Goodies

Munday Nursing Center will sponsor a bake sale Friday, April 9, at M-System in Munday beginning at 9 a.m.

As everyone knows, Sunday, April 11, is Easter, and there will be lots of company coming.

Attend the church of your choice this Easter Sunday!

First Baptist Sets Sunday School Record

A record of 283 in Sunday School was set Sunday morning, April 4, at First Baptist Church. This is the highest attendance the church has had in more than a decade.

The record attendance was a part of celebrating Victory Sunday, an emphasis of the church in attendance and honoring the Lord for His blessings. Victory Sunday topped off the "Spring Forward" Sunday School Enlargement Campaign that the church has been involved in since February 28. For these six weeks the church emphasized the benefits of Sunday School attendance for all ages. During the six weeks, several Sunday School attendance records were set, bringing the average Sunday School attendance to 209 for the 6 week period.

As a part of Victory Sunday, each Sunday School class set an attendance and a new member goal. Almost every class met their goals. Randy White, pastor, is grateful for the vision, hard work, and excitement that church members have shown in reaching people for Bible study through the Sunday School. First Baptist Church offers classes for all ages which meet at 9:45 a.m.

Area Schools Have Four-Day Week, No School This Friday!

There will be no school this Friday, April 9, at Goree and Munday. Students and faculty have a long weekend to look forward to, due to the Easter holiday.

Munday students will also have next Friday off, April 16. This was a day set back to be used as a bad weather day.

Uniform Cotton Planting Date Set For May 17

The cotton growers of Knox County met March 19 at Rhineland to vote on a uniform planting date.

The meeting kicked off with a fish meal served by Stan White of Stephenville.

A program was presented by Preston Belt of BioFac, Inc. on biological controls. This was followed by a program on boll weevil control by Emory Boring, III, Associate Professor and Extension Entomologist of Vernon.

The cotton producers voted on May 17 as the uniform planting date.

Those present enjoyed an excellent meal and some interesting speakers.

Goree Has Write-In Candidate For Mayor

Jimmy Harlan has filed as write-in candidate for Mayor of Goree in the upcoming city election.

No one else has filed for this position.

Election day will be Saturday, May 1.

CHIEF DEPUTY RICKI RUSSELL and his K-9 companion, Cocoa, gave a demonstration at Goree Elementary School on Monday. Cocoa is fourteen months old and weighs approximately 85 pounds. She is currently being trained to track lost persons, such as children or adults who have wandered off, hikers, campers, etc. This is the second K-9 used by the county. They also have a 3 year old male who is used for felony criminal apprehension or crowd control. From the looks of this four-legged lady, I don't think I would want to be the one on the wrong side of the law!

It's Carnival Time In Munday!

The Munday Chamber of Commerce is sponsoring a carnival this week, to the delight of area kiddoes.

The carnival will be here through Saturday, April 10. Thursday will be family night. You can ride unlimited rides from 6 to 9 p.m. for \$7.00 per person.

Take the entire family out for an evening of entertainment!

Knox County PROFILE

"The informational profiles in no way reflect a promotion or endorsement by the Munday Courier, nor is it an attempt to interview the most prominent or interesting persons in our area, but rather to depict the common people, their values and interests. Hope you enjoy them."

Our profile this week is on one of our local bank employees.

Ronnelle (Garland) Cude was born April 17, 1943, in Shreveport, Louisiana. Her dad was a career Air Force man, so she lived in a lot of different places. "I especially enjoyed living in London, England, from age 12 until I was 15. I remember enjoying going to plays, from seeing Shakespeare at the Old Vic, to light comedies such as *Pajama Game*. We also enjoyed touring all the old castles and churches of the area," she stated.

Ronnie graduated from high school in Wichita Falls, "Old High" as they call it now. At that time it was the only high school in Wichita Falls. "Ryder opened the next year, and not before they needed it! There were 625 in my graduating class, and I think around 1500 sophomores. You could barely get down the halls when changing classes." She attended Midwestern University following graduation.

Ronnie was visiting friends in Munday when she was introduced to Bobby Cude. They later were married, and moved to Lubbock where Bob was a senior at Texas Tech. Following his graduation, he became Farm and Livestock Superintendent for the Tech Farms. They enjoyed living there

until they moved to the S Lazy S Ranch north of McAdoo, Texas. Bob was manager there until 1971, when they moved back "home" to Munday. They later bought the Billy Moore farm just outside of Goree, which has been their home for the past 21 years.

Ronnie and Bob have two sons, Shawn and Brand. "We have loved raising our sons, farming and ranching in Knox County. We feel that the family and friendships we have here have really given our sons vital roots in a wonderful community and we are very grateful for being able to live here."

The Cudes now have two grandsons, Geoffrey and Calder, whom they adore. "Even though they now live in Alaska, I hope someday they will be much closer."

Ronnie has worked at the First National Bank in Munday for the past 22 years, and now serves as Vice President, Credit Officer and Personnel Manager. "I have very much enjoyed watching the immense changes in the banking industry over the years. It is a very interesting business, and I have loved it. I work with a very wonderful group of people, and we all enjoy each other."

One of the most famous persons Ronnie has met is the actor, Dale Robertson, who played on *Wagon Train*. Mr. Robertson was a good friend of the owner of S Lazy S Ranch, and he visited in their home many times.

Emergency Care Is Vital Service To The County

In emergency care, specialists know that the "Golden Hour" is often the time when lives are saved. The Knox County Hospital Emergency Room is just minutes away from any part of Knox County and therefore provides a life-saving service, Stephen Kuehler, administrator, said. "Minutes can make the difference between a life saved

and a life lost when an accident has occurred. Our ER provides a vital service to the community by its very location."

If the Knox County Hospital ER was not open, trauma patients would have to travel 40 miles to Seymour or a 30 minute drive to Haskell, Kuehler said. "The time spent on the road, without the patient receiving the benefit of stabilizing care, can mean the difference in life and death for the heart attack victim, or accident victim" he said.

Kuehler noted that last year Knox County ER treated more than

900 patients. "Of those, we were able to treat more than 800 in our Emergency Room and/or in our hospital. Only 90 of those patients were stabilized and then transferred to a bigger facility. I shudder to think what would have been the fate of many of those people if our ER was not here," he said.

The ER is staffed by our local physicians and hospital personnel who have experience dealing with emergencies. "Some of our patients are not true emergencies. It may be a sick child who got suddenly worse over the weekend, or an adult who got a bad case of the flu in the middle of the night. Our Emergency Room is set up to handle that type of case, as well as heart attacks and trauma from accidents," Kuehler added.

Letter To The Editor

Dear Editor:

Enclosed is my check for the renewal of my subscription to The Munday Courier.

Some of my fondest memories are of growing up in Munday, and the years I spent in Munday schools. I feel fortunate to have been a member of one of Munday's pioneer families, and to have grown up in a much less stressful period of time. I graduated from MHS in 1952, after completing all twelve grades in Munday ISD. Through the years, many of my high school friends and I have kept in touch and still enjoy time together.

Following in the steps of my mother, Mauryse Blacklock Stone, as a public school teacher, I will be returning to Munday and am looking forward to renewing old friendships and making new friends.

Sincerely,
Bettye Blacklock Moore

ATTEND RECITAL

Several locals attended the organ recital of Ernest Neal held Sunday afternoon at the First Presbyterian Church in Wichita Falls. Ernest, son of Larry and Gaye Neal, is a student at Midwestern State University majoring in music.

Ernest dedicated the recital to his grandfather, Andrew Jack Neal, for giving him the inspiration to pursue his musical talents.

Attending from Benjamin were Kenneth and Jessie Roberts, Nancy McGreger, Rachel Duke, Belle, Benny, Kate and Diandra Grill, and Ernest's family, Larry, Gaye, Sarah, Audra and Laura Neal. Also with the Benjamin group were Rebekah and Phil Boone, Lucy Mings and Bea Parks, all of Wichita Falls, and Larry Neal Jr. of Vernon.

They all reported a great afternoon of entertainment.

SUNRISE SERVICE

Easter sunrise services will be Sunday morning at the Moorhouse Ranch west of Benjamin. Breakfast will be at 6 a.m. and the worship service will be at 7 a.m. John Gillespie, pastor of the Baptist Church, will bring the message and Charles Jones will lead the singing.

The public is invited to attend.

ABOUT OUR ILL

Shirley Brown was in West Texas Medical Center in Abilene last week undergoing tests. As soon as arrangements can be made, she will go to M. D. Anderson Hospital in Houston for further tests.

We urge you to remember Shirley and her family in your prayers as they make their decisions in the days ahead.

HERE AND THERE

Doug, Karen and Colton Brown of San Saba spent the weekend with his family, Stanton, Shirley and Shari.

Corrine Parrish of Franklin spent several days this week with her sister, Philomae and Bobby Roberson, and with other relatives here and at Vera and Seymour.

Bill and Pearl Ryder spent the weekend with relatives in Dallas.

Sunday guests of Era Brown and the Stanton Browns were Cindy Wells, Vela Whitmire and Jannan of Grapevine and Veba Jones of Hawley.

Kent Hertel of Coppell and Elizabeth Vasquez of Lewisville were guests of his parents, Don and Louise, last week.

Michelle Bufkin spent the weekend with her sister and family in Fort Worth.

Bo Milson spent the weekend with her daughter and family, the Kermit Woolleys in Spur.

SOROSIS CLUB MEETS

The Benjamin Sorosis Club met April 2 at the home of Eunice Friday.

Nancy McGreger brought her third and fourth class students to present a program on "Waste in Place" - a study which involves the school in our community's plan to "Keep Texas Beautiful". Nancy attended a "Waste in Place" school last summer, a require-

ment for this project.

The children brought a skit depicting Mother Nature and her Natural Resources. They emphasized the importance of recycling to help protect our environment.

"Who keeps America beautiful?" they asked. "You and me!" they insisted.

After being served cookies and punch the classes left and the club continued with the meeting.

It was decided to sponsor a dinner to benefit the Ex-Students Building.

Those present were Jessie Roberts, Dickie Loyd, Eunice Friday, Pearl Ryder, Ruth Ressel and Lucille Moorhouse.

The Benjamin Sorosis Club, with the help of some others, did their two miles of clean-up along the highway 6 toward Knox City, on April 3. The club ladies would like to express their admiration and appreciation to all those who turned out to help make Benjamin cleaner and more attractive on the "Great Trash Off Day".

Basketball Season Ends . . . Baseball Season Begins!

The Munday third through sixth graders played their last games Thursday evening at the elementary gym.

The Spurs played the Celtics in the first game, winning 12-6. The second game kept you on the edge of your seat when the Hornets and the Magics played a tie ball game, with a final score of 15-15. The Tornados slipped by the Red Hots, 14-9, and the Hot Shots beat by the Slammers, 10-6.

Following each game, the players were awarded a trophy for their hard work.

Team coaches for this season were Terry and Kristi Bufkin, Perry Kuehler, Gregg Sanders, Terry Hendrix, Jimmy and Phillis Urbanczyk, Ed Murphy, David Key, Lisa Myers, Janet Yates, Bill Longan, Richard Albus, Mike Urbanczyk, Jerry Lowe, and Larry and Annelie Welch. We would like to thank them for donating their time to teach the elementary youth the fundamentals of basketball. It was a fun season!

Well Water Should Be Tested Once A Year

Worried about the safety of your well water? You are not alone. Fears about the purity of drinking water has increased in recent years, along with news reports about leaking landfills, corroding lead pipes and crumbling gasoline storage tanks contaminating water supplies.

You can have your water tested by both public and private sources. A list of certified labs is available from the Texas Water Commission.

Before you purchase any type of water treatment system, arrange to have your water tested independently. At a minimum, test your water at least once a year for nitrates and bacteria.

Bacteria, namely coliforms, appear to be the main contaminant found in private wells. The presence of these organisms suggest the infiltration of animal or human wastes or fertilizers are entering the well. Nitrates are of special concern to young children and women of child bearing age because of "Blue Baby" syndrome.

Once problems with your drinking water have been identified, you can select a particular water treatment unit designed to address your drinking water problem.

Physical filters are simple units designed to remove particles from the water such as grit sediment, dirt, and rust. Physical filters cannot remove all disease-causing organisms from the water.

Activated carbon filters can remove some organic chemical contaminants from water that may cause undesirable tastes, odors, and colors. But these filters will not remove inorganic chemicals such as salts or metals. Carbon filter systems should not be used exclusively on water that contains harmful organisms. Activated carbon filters can let bacteria collect and multiply on the filter so the filter should be replaced periodically.

Reverse Osmosis removes sub-

stantial amounts of most inorganic chemicals such as salts, metals, asbestos, minerals, nitrates and some organic chemicals by allowing tap water to pass through a filtered membrane and collecting the filtered water in a storage tank. Reverse Osmosis units are not recommended to treat microbiologically unsafe water.

Distillation units vaporize the water and condense it. This process removes most dissolved solids, salts, metals, minerals, asbestos and some organic chemicals. Distillation units may not remove all chemical pollutants and some bacteria may pass through in some cases.

Ultraviolet (UV) disinfection units may destroy bacteria, inactivate viruses and leave no taste to the water, but UV units are not effective in removing most chemicals from the water.

Preventing well water contamination is very important. The water in your well can be polluted

from several sources such as improper well construction and completion, improperly designed septic systems, abandoned wells located near by, and storage of pesticide containers near or in the well house.

For more information on ways to safeguard the quality of your drinking water, contact the Soil Conservation Service - Seymour Aquifer Project office at 864-3334.

METER TAMPERING NOW A FELONY

The State of Texas has recently adopted an amendment to the State Penal Code making meter tampering a third degree felony. A third degree felony comes with a punishment of confinement in the Texas Department of Corrections for a term of not more than 10 or less than 2 years. In addition to imprisonment, an individual adjudged guilty of a third degree felony may be punished by a fine not to exceed \$5,000.

Before the amendment of the new law, it was a class A misdemeanor for meter tampering unless the loss of service was more than \$200. Under the new law, any meter tampering regardless of the amount of loss is now a felony of the third degree.

Meter tampering consists of, but is not limited to:

- (1) Diverting electricity from passing through a meter device
- (2) Preventing electric service from being correctly registered by a meter device
- (3) Unauthorized activation of electric service.

As a special note to our members, it will also be considered meter tampering if a meter is reset and electrical service is restored by anyone other than a Cooperative employee.

All Cooperative meters are sealed. This seal should not be cut or broken without special authorization. In cases where the seal must be cut for emergencies, the Cooperative should be notified as soon as possible so that the meter can be resealed.

Hutchinson And Miller Are Married On New Year's Day

Marjorie Suzanne Miller and Jeremy David Hutchinson exchanged wedding vows at 3:00 o'clock in the afternoon on Friday, January 1, 1993, at Lonesome Dove Baptist Church in Southlake, Texas. The wedding was officiated by Pastor William Harrington of Coldwater, Michigan, who officiated at the wedding of the bride's parents on May 31, 1964, in Coldwater. Brother Koy Quisenberry, minister of Lonesome Dove, gave the invocation prayer.

The bride's parents are Doug and Shirley Miller of Grapevine and the groom's parents are Jerry and Joan Hutchinson of Munday. The grandmother of the bride is Gretchen Miller of Coldwater, Michigan and grandmother of the groom is Viola Cude of Munday.

The honor attendants were Becky Miller, sister of the bride, and Lance Brown, friend of the groom. The bride's attendants were Debbi Miller, sister of the bride, Jana Miller, sister-in-law of the bride, Beth Nicholas, cousin of the bride, and Holly Johnson, sister of the groom. The groomsmen were Todd Meers, cousin of the groom, Brand Cude, cousin of the groom, Leslie Gattis, friend of the groom, and Joe Miller, brother of the bride.

The bridesmaids wore straight floor length blue dresses with peplum skirts and lace overlays. The groom and groomsmen wore black tux tail coats with black boots and jeans.

The bride's dress of white bridal satin featured a scalloped sweetheart neckline and basque waist enhanced with Schiffler lace adorned with pearls and sequins. The long tapered sleeves had lace cut-outs and pearls. The full skirt, edged with Schiffler lace, flowed

MR. AND MRS. JEREMY DAVID HUTCHINSON
... the former Marjorie Suzanne Miller

into a semi-cathedral length train which was accented throughout with scattered bows applied on lace. Her long veil of illusion was attached to a circular headpiece of delicate flowers and seed pearls.

The ceremony candles were lit by Rusty Guzman, friend of the bride, and Nicole Urbanczyk, cousin of the groom. The flower girl was Ashley Crownover, friend of the groom, and the ring bearer was Jacob Herricks, cousin

of the groom. The train was carried by the bride's nephew, Zachary Miller. Friends and guests were seated by Wayne Johnson, brother-in-law of the groom, and Scott Howry, cousin of the groom.

The piano and organ were played simultaneously by Pam Martin, aunt of the bride, and Tom Gleckler, uncle of the bride, who made a surprise arrival the week of the wedding. The song "If Tomorrow Never Comes" by Garth Brooks was sung by Kyle Meers, cousin of the groom. The wedding march was played by Mrs. Harriett Harrington, wife of Pastor Harrington.

The rehearsal dinner, hosted by the groom's parents, was held in the fellowship hall of the church. The bride's parents were hosts for the wedding reception, also held in the fellowship hall.

The bride will be a May graduate of Texas Tech University in Lubbock with a degree in Office Systems Technology and Admini-

stration. The groom is a December graduate of Texas Tech University in Lubbock with a degree in Ag Systems Management.

Following the ceremony, the couple stayed in Dallas at the Sheraton Park Central Hotel, compliments of Becky Miller,

sister of the bride. The following day the couple traveled to Pagosa Springs, Colorado, for a week of skiing, compliments of Brand Cude and Todd Meers, cousins of the groom.

The couple resides in the West Texas area.

"EVERY MINUTE COUNTS IN AN EMERGENCY!"

Emergency specialists call it the "Golden Hour." That's the first hour after a major injury or heart attack when you need emergency care, and you need it quickly.

Knox County Hospital Emergency

Room ER is just minutes away from you. We're equipped to handle emergencies quickly and efficiently. In fact, last year more than 900 patients visited our Emergency Room and more than 800 were treated in our hospital. The rest were stabilized and given vital treatment during the "Golden Hour" before they were transferred to another facility for specialized treatment.

Remember, when every minute counts, Knox County Hospital - is right here.

Glenda Cameron visited her mother, Fleta Mayo, and her aunt, Etta Frazier, on Monday and

Tuesday. Also visiting and attending the "Family Night" were Marie Frazier and her daughter, Diana, of Bowie.

Gladys and J. E. Hunter came to see her sister, Opal Borger.

John Phillips, Irene Struck and Elizabeth Watson helped lead the singing on Saturday afternoon.

Mr. and Mrs. Freddy Strickland of Brownwood came to see his great-grandmother, Vera Mae Carver.

Woodie Strickland of Abilene came to see his mother, Eunice Strickland, and played dominoes.

First United Methodist Church of Goree was in charge of the services at 3 p.m. Sunday. Brother Steve Barrett had a very interesting sermon on "Bearing the Cross". Several from the church attended.

At the Resident Council meeting we voted to sell the Shamrocks we made in Arts and Crafts. We also voted to sell the Easter wreaths we made at the bake sale we are going to have April 9. We are to give half of the money from the bake sale to the ambulance service and half to the fire department.

We plan to make Christmas cards to send to those who do things for the Nursing Home.

NOTICE OF RIGHT TO NOMINATE BY PETITION

The Farmers Home Administration (FmHA) is accepting nominations for County Committee elections for Knox and Foard Counties. This notice is issued to inform eligible voters of the right to nominate candidates by petition. Copies of the petition and instructions on its completion can be obtained from your local FmHA office.

Persons nominated should have an interest in a farm as an owner, tenant, or sharecropper within the county or area in which activities of the county or area committee are carried out. They must be citizens of the United States or aliens lawfully admitted to the United States for permanent residence, and be well qualified for committee work. Spouses of those persons who meet the eligibility criteria are also eligible for nomination for election to the county committee. Nominations must be received in the Knox County office no later than May 17, 1993.

FmHA committee elections are open to all eligible voters without regard to race, color, religion, national origin, age, political affiliation, marital status, sex, and/or handicap.

Beta Chi Chapter Holds Meeting Saturday, March 6

The Beta Chi Chapter of Delta Kappa Gamma Society International met Saturday, March 6, at 10:00 a.m. at the First United Methodist Church in Knox City. Delicious refreshments were served by the hostesses from Knox City, Truscott, and Benjamin.

In the absence of President June Biffle, Ellen Rieger, First Vice-President, presided over the meeting. The invocation was given by Vida White. The minutes of the previous meeting were read and approved as read.

Treasurer Margaret Chafin gave the financial report, followed by Kathy Boyles, Corresponding Secretary, who read several items of correspondence.

Dorothy Myers, Chairman of Constitution and By-Laws, read standing rules and proposals for changes. Members then voted on accepting the new rules for Beta Chi Chapter.

Ellen Rieger introduced Jo Cox, Special Education Consultant for Region XIV Education Service Center who spoke on "Women in Texas History," and told us of two women who lived in Texas in the early settlement days. Jo read from the diary of Mary Crownover Rabb, on of Stephen F. Austin's Old Three Hundred colonists, and read an interview of Sylvia King, a former slave from Fayette

County, Texas. Members were reminded of the hard work and achievements of these two women, as well as other women in Texas history.

The Beta Chi birthday salute was given in honor of this 57th year of Beta Chi Chapter. Mary Martin spoke about founding members and some of the charter members. Mary Holden also talked about Beta Chi charter members and gave personal accounts of those members she had known.

Members joined in singing the "Delta Kappa Gamma" song, and the meeting was adjourned by Ellen Rieger.

Egg Bargains

With the coming of Easter we celebrate spring and all its glory. Let's all take time to enjoy the trees budding, wildflowers blooming along the roads and the grass beginning to green.

Easter would not be complete with Easter eggs. Recognizing a bargain in eggs becomes even more important this time of year. We all know that eggs are sold by the dozen.

To compare prices, one should realize that a dozen large eggs weighs 1 1/2 pounds; medium eggs - 1 1/3 pounds; and small ones - 1 1/8 pounds. (according to USDA). You can get the best buy by comparing these weights against price per dozen. For instance large eggs at 90 cents a dozen would cost 60 cents a pound. That is very reasonable for a pound of high protein food.

Generally speaking, if there is less than a seven cent price spread between sizes in the same grade, you will get more for your money by buying the larger size.

Egg size has nothing to do with quality. Shell color makes no difference in the nutritional value of eggs. Some people have a strong preference for brown or white eggs.

The Araucana breed of chicken produces bluish-green eggs. These eggs have been promoted as being low in cholesterol. This is not true. According to D.W. Francis, retired Extension Poultry Specialist, they are slightly higher in cholesterol than brown or white eggs.

To keep eggs fresh, buy them only from refrigerated display cases and refrigerate them at home, large end up. Eggs should be left in the carton as long as possible in the refrigerator. The carton helps the eggs retain moisture and carbon dioxide content. Uncovered eggs in the refrigerator can also change taste and absorb other food odors.

Gently Launder Electric Blankets

It's time to put away the electric blanket, but it looks a little grimy. Can you launder blankets with all that wiring inside? Yes! Most electric blankets can be washed at home in your automatic washer using gentle treatment to avoid damaging electric wiring.

First, check the blanket's care label, then follow these steps.

1. Pretreat soiled areas; 2. Fill washer with warm water to high water level; 3. Add liquid laundry

detergent to the washer and agitate briefly to mix detergent evenly; 4. Stop washer; 5. Load blanket evenly around agitator and soak for about 15 minutes. Do not agitate; 6. Set dial for final 2 minutes of agitation, start washer and let machine complete the cycle; 7. Put 3 or 4 clean, dry bath towels into the dryer and preheat for 10 minutes at high heat; 8. Load blanket into dryer with warm towels; 9. Set Time Dry cycle for 20 minutes, start dryer; 10. Check after 10 minutes. Continue if needed; 11. Remove blanket while still slightly damp to prevent overdrying that can damage wiring and cause shrinkage. 12. Hang blanket over two lines, or lay flat, until dry.

Avoid long periods of agitation in the washer and excessive tumbling or overdrying in the dryer. Vigorous laundering can damage the wires inside the blanket. On the other hand, gentle laundering can extend the blanket's useful life - and keep it fresh and clean.

ATTENTION!!

Dear Munday Cable Subscriber:
Effective April 1, 1993, Harmon Cable will offer you more choices in your Cable Television Viewing. We will be splitting our current Basic Service into two options. The first option will retain the name of Basic Cable. It will include all of local and regional broadcast signals plus QVC, a new home shopping service. Our Basic service level will be offered for \$14.00 (plus tax). Our second option will be our "Cable Plus" service which will include ESPN, CNN, TNN, CMT, The Sci-Fi Channel, The Discovery Channel, KTVI, USA and more. This service will be priced at \$4.90 (plus tax). (You must have Basic Service to have Cable Plus.)

The combined price of Basic Cable and Cable Plus is the same price that you are paying now!!

These changes are being made to offer you more choice and in response to The Cable Television Consumer Protection and Competition Act of 1992.

Should you elect to take only the Basic Cable service, you will need to notify our office. An equipment installation will be necessary for this service and a \$40.00 installation charge will accompany the change in service. If you are happy with your current services, you need do nothing.

These changes are really quite simple. The easiest way to understand them is to refer to the enclosed channel guide. It will outline our changes and show you our Basic and Cable Plus channel line-ups.

Improved Billing Service
We have recently installed a new billing system that will provide you with much more detail on your cable bill than ever before. The new billing system is more accurate in the several areas, including state and local taxes. You may notice a small difference in the taxes due on your cable service. Please let us know if you have any questions.

Call our mattress hot line: 1-800-256-2232 and we will discuss your mattress needs on the phone. We'll help you decide on the set you need and deliver it in 2 days or less. If you are not completely satisfied, we'll exchange with you on any set in our store.

BED OF ROSES by Restonic:

20 year non prorated warranty. High profile 368 coil spring unit with 3/8" foam, plus a layer of cotton, plus another 3/8" layer of foam. Padding is tied to edges at each coil and also across the mattress to create the "Marvelous Middle". Four heavy duty foam bars run across the inside of the mattress to beef up the center 1/3 of the mattress. This gives extra support for the lower back, and eliminates a sagging mattress. Extra heavy duty box spring has steel channels to re-enforce the wood slats. A free set of sheets and pillow cases that match the mattress ticking is given with each set purchased.

Cool Weather Doesn't Stop Golf Scramble

Northern winds with a slight chill didn't stop local golfers from playing in the scramble held Sunday afternoon.

The team of Mary Smith, Jerry King, Chris Moore, and Oscar Cypert weren't bothered by the weather by turning in a nine under score of 61 to take first place.

Nancy Whittemore, Richie Smith, Danny Owens, and Jim Edwards followed closely with 62. Robert Alcala, Bully Ratliff, Michael Waggoner, and Stacia Cook chalked up a close third of 63. The team of Troy Nuckols, Susan Edwards, Bob Bowman, and Terry Bufkin turned out a 65

and Gaylon Albus, Bobby D. Burnett, Felton Jackson, and Larry Welch had a 67.

First and second place teams were to receive prizes but instead of collecting them, they gladly donated their winnings to pay for the new roof on the club house.

Anyone interested in playing in one of these scrambles or tournaments should watch for dates and times listed in *The Munday Courier*.

The Lake Creek Golf Association is running a Spring Membership Special, anyone interested in joining should contact Chris Moore at 422-4866.

100-Year Old Former Resident Dies In Wisconsin

Susan Emma (Sue) Scheadick of Wabeno, Wisconsin, died at her home March 19, 1993, at the age of 100.

She was born in Munday on February 13, 1893. The daughter of A.J.V. and Willie May (Page) Johnson, she grew up in Munday. She married Paul E. Scheadick on October 10, 1935. In 1938 she and her husband moved to Wabeno.

Mrs. Scheadick was a member and founder of Bethel Baptist Church in Wabeno. She loved gardening, flowers, and domestic animals. She was described as a very generous person.

Survivors include a daughter, Ruby Reed of Iron Mountain, Michigan; a son, Alton Rogers of Big Spring; a sister, Iola Hudson of Knox City; six grandchildren; 16 great-grandchildren; 13 great-great-grandchildren; a sister-in-law, Mary Johnson of Munday; and several nieces and nephews including LaTreace Lane of Munday, LaRue Patton of Weinert, and Mona Cook of Knox City.

Mrs. Scheadick was preceded in death by five children, Alvin, Lula Mae, Inell and L. Z. Rogers and Mildred Balch; five brothers and sisters, her first husband, Allen Rogers, and her second husband, Paul Scheadick.

Visitation was held Monday, March 22 at Suminski Funeral Home in Wabeno. Mr. Dennis Larson officiated at funeral services at 1 p.m. Tuesday, March 23 at the funeral home. Burial was in Forest Hill Cemetery in Wabeno.

Important Tips To Protect Our School Children

by Officer Tejada, Munday Police Department

Some of the most important things, and usually the most important thing in a parent's life, are our kids. At the same time, other parents' kids should be important to everybody. I know they are to me. So let's talk about some problems in the school zone, in front of the elementary school.

1. Never pull up in front of the crosswalk to pick up or drop off kids, it obscures the view of the drivers behind you of the crosswalk.

2. Don't pull out or back out from the parking lot and expect the approaching traffic to stop. They have the RIGHT OF WAY, as do the kids in the crosswalk.

3. USE YOUR TURN SIGNAL.

4. When attempting to make a u-turn on either side of the island in front of the school, you must stay on the inside next to the island to make the u-turn. DON'T SWING OUT. If your vehicle is too large to make the u-turn from the inside portion of the lane, go around the block.

5. DO NOT PASS in a school zone.

6. When dropping kids off on the south side of Main, pull past the crosswalk and have the kids go around the back of your vehicle. AND FINALLY...

7. The speed limit is 20 MPH from flashing light to flashing light, not 35, not 30, and not even 21, but 20!

Follow these tips/rules and I guarantee the only ceremony we will be attending for our kids will be the awards ceremonies.

Porter Fitzgerald Dies March 30 In Lubbock Hospital

Porter Fitzgerald, 73, died Tuesday, March 30, 1993, at Lubbock Methodist Hospital following a brief illness.

Services were held at 2 p.m. Thursday at First United Methodist Church of Seminole with the Rev. Wayne Norman, pastor, officiating. Burial was in Gaines County Cemetery under the direction of Ratliff Funeral Home.

Mr. Fitzgerald was born in October, 1919, in Goree. He was a long-time resident of Seminole and had retired as a pumper at Shell Oil Co. after 33 years. He was a World War II veteran and a member of the First Presbyterian Church. He was also a member of Seminole Riding Club and a Board Member on the Gaines County Honorary Sheriff's Department.

He and Vi Shipman were married November 6, 1950 in Lovington, N.M. She preceded him in death. He was also preceded in death by his parents, Boss and Mamie Fitzgerald, and a brother, Denzil Fitzgerald.

Survivors include a son, Tony of Seminole; a brother, David of Midland; two sisters, Lorene Hunt and JoNell Patterson, both of Goree; and two grandchildren.

Mail Tax Returns Now To Avoid Last Minute Rush

Munday Postmaster Dolores Lambeth encourages the public to mail their Federal Internal Revenue Service tax returns before the Thursday, April 15, deadline and avoid the last-minute rush to the post office.

The Postmaster also reminds postal customers to use adequate postage (29¢ for the first ounce, 23¢ for each additional ounce up to 11 ounces) and have a legible return address when mailing tax returns. "The Internal Revenue Service will not accept Postage Due mail, and this mail will be returned to sender," she advised. "Because local postal authorities are prohibited from opening First-Class mail, all local Postage Due mail without a return address must be sent to the U.S. Postal Service's regional Dead Letter Office in Atlanta, Georgia, to be opened." She added that mail sent to the Dead Letter Office may take several weeks to be processed and returned to the sender.

On the April 15 deadline, Lambeth said, many larger post offices throughout the country will provide midnight collections for the many thousands of tax filers who wait until the last minute to mail their returns.

Locally, the Munday Post Office will provide mail collections

until midnight. "If you have any questions about the amount of postage required for your tax filing, call or try to get to your local post office early and our window clerks will assist you in getting those tax forms in on time," Lambeth said.

Mrs. Douglas Myers Visits Daughter And Attends Initiation

Mrs. Douglas Myers enjoyed the weekend visiting Mr. and Mrs. Danny Parchman, Todd and Tami, at Lubbock. It was her first time to see Todd run in the 400 meter and 1600 meter relay at the Junior High Track Meet held at Friendship School at Wolford.

She was a guest of the Alpha Sigma Chapter of Delta Kappa Gamma, which met at 10 a.m. on Saturday, April 3 at the Lubbock Women's Club. Of special interest to Mrs. Myers was the initiation of new members, including her daughter, Diane Parchman.

On A Wizer Note

by Paul Weiser,
Knox County Extension Agent - Agriculture

Global warm... Hole in the Ozone... Greenhouse effect... Environmental issues... Who is taking the blame for these? The every day farmer.

There have been some studies conducted which now prove otherwise. A national poll of farmers recently released found several reasons to feel good about where agriculture is headed in respect to environmental issues.

First of all farmer's concern for the environment has increased. Three out of five farmers say they are more concerned about environmental issues today than five years ago.

Second, farmers are taking responsibility for environmental problems. While 80% of those surveyed believe government involvement will increase, 39% believe this responsibility should be left to themselves. Most farmers are saying "The Buck Stops Here". Many farmers have a strong sense of responsibility to leave the land in better shape than when he or she started farming it.

The third time is that farmers are making positive changes in their farming operations. Farmers are no longer waiting for someone to make decisions. Farmers are no longer waiting for someone to make decisions for them. They are using safe pesticides, recycling pesticide containers, and are likely to use less pesticides.

Farmers do not like pesticides any more than consumers do. Most pesticide handlers use the chemical properly; however, "it only takes a few rotten apples to spoil the barrel".

Farmer's confidence in the regulatory system is number four. At least 80% of all farmers believe current safeguards are sufficient to protect consumers, farm work-

ers and the environment. But even more (85%) are convinced that the general public doesn't understand these safeguards.

The final "feel good" sign is that farmers are pitching in to help educate the non-farm public. About 68% of farmers believe that education can reduce public concerns, while 36% say they have personally participated in efforts to educate their non-farm neighbors.

If we, as an industry, keep sharpening our understanding of these complex issues, keep embracing positive changes, and keep talking with non-farm neighbors, we'll have even more good news to talk about in the future.

Funeral Services Are Held March 30 For Bert Wardlaw

Bert Wardlaw, 87, died Friday, March 26, 1993, in Payson, Arizona. Funeral services were held Tuesday, March 30, at Payson Funeral Home Chapel. Burial was in Phoenix.

Bert was born July 20, 1905 in Munday. He and Avis McGee were married in Brownfield in 1925. He was a Baptist and a retired truck driver.

Survivors include his wife, Avis; a daughter, Mona Weathersby of Soddy-Daisy, Tenn.; two sisters, Ella Searcey of Lewisville and Marie Smith of Munday; seven grandchildren and eight great-grandchildren. He was preceded in death by a son, Stanley, in 1989.

Attending the services were Ella Searcey, Nancy Huckabee, and Pauline Hastings of Lewisville, Marie Smith of Munday and Lynda Fields of El Paso.

KACY LONGAN

Longan Nominated For Outstanding Woman At Midwestern State

Kacy Longan, daughter of Bill and Karen Longan of Munday, has been nominated for Outstanding Sophomore Woman at Midwestern State University in Wichita Falls.

This award is among the most significant honors one can receive at Midwestern. Nominations come from academic departments and student organizations.

Awards will be presented at the Honors Recognition Banquet Thursday, April 22, in the D.L. Ligon Coliseum.

Raymond Melton Of Weatherford Dies Thursday

Raymond J. Melton, 87, died Thursday, April 1, 1993, at his home in Weatherford following a lengthy illness.

Services were held at 10 a.m. Saturday at North Side Baptist Church in Weatherford. Burial was in Authon Cemetery under the direction of Galbreath Pickard Funeral Home.

Mr. Melton was born August 12, 1905, in Parker County, where he was a lifetime resident. He was a member of North Side Baptist Church and farmed in the Munday area.

Survivors include his wife Cleo (Polson) Melton; two daughters, Rama Brown of Weatherford and Margie Melton of Richardson; a sister, Opal Plantier of Tucumcari, New Mexico; a brother, Leslie Melton of Poolville; three grandchildren; and nine great-grandchildren. He was a brother-in-law of Grace Smith and Helen Patterson, both of Munday, and has a number of relatives in this area.

Memorials may be made to the North Side Baptist Church piano fund.

Mr. and Mrs. Gordon Smith and Grace Smith attended the funeral of Grace's brother-in-law, Raymond Melton, at Weatherford on Saturday morning.

Under The Weather Report
Ray Harlan's condition was improved Monday, after he suffered pneumonia over the weekend. He remains in Bethania Hospital in fair condition following extensive throat surgery on March 26.

School News
Several Goree students participated in track and field events last week. In the Jayton Six-man Relays held April 2, Mike Hernandez and Freddie Castorena ran in the 800 meter and 1600 meter relay; Angela Castorena won third place in the 3200 meter race and also ran in the 1600 meter event; Sonya Harvey won sixth place in the 400 meter run and also ran in the 800; Carlos Hardeman won sixth place in the shot put. Brian Huffman also participated in that event. Shea Trainham and Betsy Peek participated in the girls' discus and shot put winning sixth in the shot put.

In the Haskell Junior High Relays held April 3, Crystal Huffman was a participant in the long jump, triple jump, in which she took fourth place, the 200 meter run, and the 100 meter run which she

won fifth place. Latisha Allen entered in the shot put event. The District High School and Junior High meets will be in Seymour on April 8.

All Around The Neighborhood
Bermeice Steward and Julie Griffen attended a Ladies Bible Study meeting at the Church of Christ in Haskell on Saturday. Jack Steward accompanied the ladies to Haskell and attended the Haskell track meet.

Helping Joyce Huffman celebrate her birthday Sunday was her family which included husband, Bill, and children and grandchildren, Glenn, Vicky, Crystal and Brian Huffman of Goree; Dale, Mary and Amy Huffman of Munday; Teresa Speck of Abilene and Kyle Speck of Knox City.

Stephen Stovall of Fort Worth spent several days last week with his grandmother, Ruth Coffman.

Merle and Fannie Bell Lambeth were Lubbock visitors recently. Fannie Bell kept a doctor's appointment there and they spent the night with her sister, Blanche Atkinson of New Deal.

Lola Greenwood Moore of Munday was honored with a surprise party day in the home of her son, Tommy and Joyce Greenwood. The occasion was her 93rd birthday. Many family members were unable to be present, but several guests enjoyed a smorgasbord meal of ham, tuna salad, potato salad, fresh garden salad, beans, barbecued franks, home made ice cream and a birthday cake decorated with her favorite yellow roses.

Guests included Dene and D. A. Corley and Lisa and Cody Corley, all of Burleson; Butch Greenwood and daughters, Tanya and Heather, and Melody Hncirick, all of Seymour; Joel and Deanna Greenwood, Joey, Bobby and Kourtney, of Munday; and Rickey and Amy Redder of Goree. Unable to attend but calling with birthday wishes were Bulah Mae McCullen of Bowie, Jeanie Stout of Haskell and R. W. Greenwood Jr. of Sachse.

Your Local Postmaster Wants To Hear From You

"When you are having a mailing problem, tell me," says Munday Postmaster Dolores Lambeth.

"Tell your friends, if you must, tell your neighbors, tell your spouse, but please tell me, too--so

I can help you solve it."

Dolores Lambeth invites postal customers to call her or use a Consumer Service Card to complain about service, to compliment a postal employee, or offer a suggestion.

"Using our Consumer Service Card system can benefit you and others. A Consumer Service Card is tracked by computer to help us ensure that you receive a response and a solution. The computer also allows us to consolidate information so we can identify problems that might affect other customers in our area."

The postmaster says that every post office lobby has a supply of easy-to-use, postage-free Consumer Service Cards, which are also available upon request from any letter carrier. If the response to your card does not satisfy your concern, the post office will provide the name and address of your district's Consumer Affairs Manager, or you can write to the Vice President and Consumer Advocate of the Postal Service, 475 L'Enfant Plaza, Washington, DC 20260-2200.

Postmaster Lambeth says, "If you have a mailing concern, all of us are ready to listen and respond."

The Cross and The Flame
First United Methodist Church
Steve Barrett, pastor

This series of columns has addressed religious issues that the unchurched face. We are in the midst of "The Great Week" of the Church, when Christians commemorate the passion, death, and resurrection of Jesus Christ. Does this week move unchurched folk as much as it does us church-goers?

In the Middle Ages, dramatists wrote pageants and plays that retold the stories of the Bible. The pageants were moved outside of the church so that the productions could be more realistic and reach larger audiences. Even today great crowds of secular and religious folk attend such plays at Eureka Springs and elsewhere. While preachers like me are jealous of such success, we need not be. Such productions get out the message of the Gospel, in whatever form, to the people.

But for me the message is heard most clearly in the church. We church-goers know that we need to hear "the greatest story told" again and again. Why? Our greatest need is to see our own story, to know that we have a part in the stories that count. When we hear/see the story of Jesus' last week on earth, we see ourselves in the story's characters. The disciples sharing the Last Supper with Jesus represent us Methodists (and other Christians) drinking grape juice out of our little cups (shot-glasses?) and eating our nibble-size crackers once a month. Holy Communion.

POLICE REPORT

Following is the Munday Police Department report for the week of March 25 through April 1:

Truscott-Gilliland News

By Mrs. Clara Brown

Gail and Lee Whitley had two ostrich eggs hatch Saturday. These were under lamps Sunday. The newly hatched ostrich chicks looked to be about the size of a grown duck.

Last week Mike New of Haskell and sons, Micah and Aaron, and their friend, Jason, visited Owen and Irene New.

Sunday, March 21, Jeff and Lisa Teague, Missie and Justin, and Josh New, all of Haskell, visited Owen and Irene. Josh did not get to come with his dad, Mike New, earlier so he came on Sunday.

Owen and Irene New were in Amarillo last Thursday, March 25, for Owen to have some tests. They were accompanied to Amarillo by Shirley and Ruth Moore. While they were in Amarillo they were visited by Kim Feemster, Peggy Plunk, and Vickie Sappenfield and her children.

Nela Beth Swaner of Flint, Texas and her daughter, Linda Gooch of Mansfield, visited Curtis Casey on Saturday, March 20. They were friends of Virginia Casey and have visited Curtis once or twice a year for several years.

Curtis Casey visited Dud Ellis at the Munday nursing home on Wednesday, March 24. Dud is walking and doing much better.

Vivian Brown was in the Vernon hospital this past Saturday to Monday, recovering from the flu and dehydration. She is at home and doing much better now.

Several from Truscott and Gilliland attended the annual bar-

becue at Benjamin Saturday night of Local #89 of the Firemen's Mutual Insurance Company. There was a good crowd as usual and everyone commented on the good food.

Joe, Kay and Sarah Tomanek of Boyd spent the weekend with the Edmund Tomaneks and attended the barbecue.

Among those attending from Gilliland were Loyce and L.D. Welch, Florence Miller, Louis and Lula Baty, and Lloyd and Jo Heard.

Norma Jean Springfellow of California visited her aunt, Florence Miller, on Saturday, March 27. She is the daughter of Burl Whatley, Florence's brother.

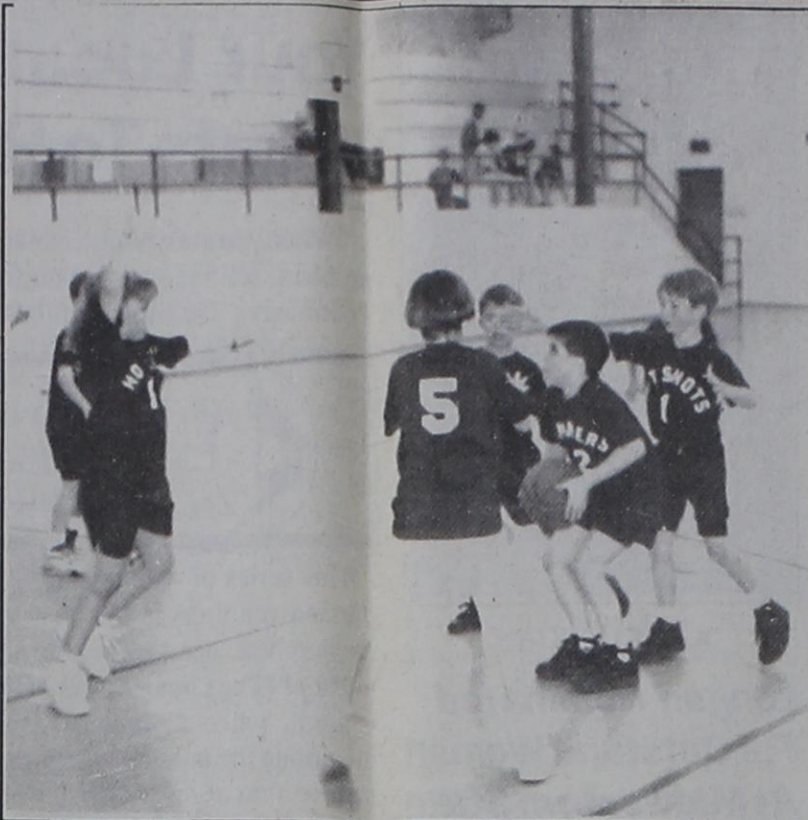

Jo Heard and her mother, Mrs. Lois Chilcoat of Olney, were in Seagraves on Wednesday, March 24, for the funeral of Fred Kinney of Seagraves. He died Sunday, March 21. Mr. Kinney was the uncle of Jo Heard and the brother of Mrs. Chilcoat.

Jo spent March 15-19 at Lake Stamford fishing, but she reports that it rained too much for good fishing.

Visiting Shirley and Ruth Moore Saturday and Sunday were their daughter and son-in-law from Amarillo, Nola and Derrell Havins.

Jo and Lloyd Heard took Jo's mother, Lois Chilcoat, to Olney Friday, March 26.

Vula Hord said her only news was that she is recovering from the flu. A good many around the area have had the flu recently.

JUSTIN KEY, a member of the Slammers, is preparing to shoot for 'two' in the last game of the season played Thursday night. Jessica West, #5, is ready to assist, since Hot Shots team members, Angela Hager, Chance Myers and Eric Sosolik, are trying to block the shot. Chuck Reneau, another Slammer player, is standing at far left. The Hot Shots won the game by a score of 10 to 6.

Foard County Eligible For Emergency Loans

Applications for emergency farm loans for losses caused by drought are being accepted at the Farmers Home Administration (FmHA) office located in Knox City, according to FmHA County Supervisor Bobby G. Cude.

Foard County is one of eight in Texas recently named by Secretary of Agriculture Mike Espy as eligible for loans to cover part of actual production losses resulting from the drought. Cude said farm-

ers may be eligible for loans of up to 80% of their actual losses or the operating loan needed to continue in business or \$500,000.00, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest is 4.5 percent.

"As a general rule, farmers must have suffered at least a 30% loss of production to be eligible for an FmHA emergency loan," Cude said. Farmers participating in the PIK or Federal Crop Insurance program will have to figure in proceeds from those programs in determining their loss.

"Applications for loans under this emergency designation will be accepted until November 10, 1993, but farmers should apply as soon as possible. Delays in applying could create backlogs in processing and possibly over into the new farming season," Cude said.

FmHA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for substantial part of their living.

Eligibility is extended to individual farmers who are U.S. citizens and to farming partnerships, corporations or cooperatives in which U.S. citizens hold a majority interest.

The FmHA office in Knox City is open from 8:00 a.m. until 5:00 p.m. Monday through Friday.

Services Held Saturday For Joe O. Ramos

Joe Oscar Ramos, 43, died Wednesday, March 31, 1993, in Fort Worth.

Rosary was said Friday, April 2, at McCauley-Smith Funeral Home in Munday. Mass was held Saturday at St. Joseph's Catholic Church in Rhineland with Father Gary Geurtz officiating. Burial was in Goree Cemetery.

A 1969 graduate of Goree High School, Ramos served in the U.S. Army during the Vietnam War. He was born in Pearsall, and lived in San Diego, California, for 20 years before moving to Fort Worth in 1992 where he was manager of an automobile rental service. He was a Catholic.

Survivors include his parents, Mr. and Mrs. Manuel Ramos of Goree; three brothers, Manuel Ramos Jr. of Yucca Valley, California, Arthur of Goree, and Roel of Arlington; three sisters, Connie Reyes, Molly Shires and Gloria Ramos, all of Fort Worth; and maternal grandmother, Maria Del Toro of Pearsall.

Pallbearers were Bobby Vasquez, James Vasquez, Ben Vasquez, Victor Vasquez Jr., Ralph Torres, and Jesse Cuellar.

Pathways
by Randy White, pastor
First Baptist Church

Prayer is the most powerful tool for Christian living that we have. It is the tool we use to talk personally with God. Almost all people pray at some time or another, but very few people have a real, powerful prayer life.

Many times we don't pray because we feel our prayers are not good enough. We've heard beautiful prayers in church, and we can't pray like that. We can't think of the right words to say, and so we're embarrassed to pray. John Bunyan, however, gave us some good advice when he said "It is

better to have a heart without words than words without heart." It's not so much what words we speak, but what message is in our heart. Charles Spurgeon said "It's not the length, but the strength of our prayers that make a difference."

When you pray, you are conversing with God. It doesn't matter if your prayer is beautiful and long. You're not praying to entertain someone, but to talk with God.

So sit down and talk with Him. Have a one-on-one conversation with God, just as if you were talking to a close friend. Tell Him your heart, your worries, your joys, your deepest desires.

"Lord, I come to you now just to talk. Thanks for wanting to have a conversation with me! Amen."

WE'RE A GOOD DEAL BETTER FOR YOU!

FOUR MEMBERS OF CUB SCOUT PACK 76 were chosen to be a part of the 1993 Report to State program in Austin February 12 and 13. Following a morning breakfast banquet on Saturday, they were participants in a parade to the Texas Capital building, where they were treated to a tour. Pictured are, in back row, Cubmaster Dr. David Neal and Nathan Neal; seated, Jarred Crownover, Michael Josselet and Chris Rocha. The boys' were also accompanied by their parents and families.

Munday Cub Scouts Go To Austin

Sixteen boys from the Northwest Texas Council were selected to attend the 1993 Report to State Program held in Austin February 12 and 13. Among those chosen to attend were Jarred Crownover, Michael Josselet, Chris Rocha and

Nathan Neal, all from Pack 76 of Munday.

Applicants were required to submit a list of accomplishments to a committee in order to be eligible to attend. This list included activities and awards earned in Cub

Scouts, school and church, as well as individual achievements. The Report to State Committee then chose sixteen boys to represent their council at Austin.

Each representative and their family was recognized at a banquet held January 26 at the Wichita Falls Sheraton.

Scouting - a Bridge to the Future was the theme for the weekend festivities in Austin. On Saturday, the scouts and their families were treated to a morning breakfast banquet, followed by a parade down Congress Ave. to the Texas Capital. Our Munday Scouts and Dr. David Neal, Cubmaster, were a part of this parade, along with over 1,000 other Tiger Cubs, Cub Scouts, Boy Scouts and adult leaders from all over Texas.

Following the parade, the Report To State delegates were seated on the floor of the legislative chamber. One speaker from each council in the state presented a report on the achievements and future plans of his council.

To conclude the day, the Northwest Texas Council delegation was given a tour of the Capital and the annex building by State Representative John Hirshi's staff.

Attending the activities with the boys were Kyle and Melissa Josselet and Jason; Pete and Robbin Rocha and Brook; Robby and Beverly Crownover, Alishia and Ashley; and Dr. David and Jan Neal.

At Your Service Dr. Larry Fitzgerald Minister, Church of Christ

Q: Where did Easter come from?

A: The holiday is actually named for a false goddess -- Eastre, the Teutonic deity of spring. The term "Easter" appears only once in the King James Version of the Bible but it is an outright mistranslation of the term "passover".

The Christians of the Bible did not celebrate "Easter" instead they celebrated the Lord's death and resurrection every Sunday in the communion service (1 Corinthians chapters 10-11; Acts 20:7).

The council of Nicea (325 A.D.) ruled that Easter should be celebrated on the first Sunday after the full moon following the vernal equinox. This means that Easter can fall anywhere between March 22 and April 25. Some churches do not use this method of determining the holiday. For instance, the Orthodox church will have their Easter on April 18 this year.

Many churches, hoping to restore religion to the original Christianity of the Bible, do not have "holy days" due to the injunction found in Galatians 4:8-11. However, since every Sunday is "Resurrection Sunday" it's always appropriate to celebrate Christ's victory over death (see 1 Corinthians 15).

Also, if it doesn't offend the conscience of the weak, one may engage in cultural holiday activities such as letting their children hunt eggs and candy (Romans 14:5-6).

To the world's eyes, Jesus' execution on the cross was a disgrace (1 Corinthians 1:23). But we understand that it was for our sins that Christ endured the cross (Galatians 3:13ff; Romans 6:1-6). by his resurrection we are given the hope of life after death (1 Corinthians 15).

If you have question for Larry, write him c/o Box 211, Munday, TX 76371.

Thank You

We would like to express our thanks to St. Ann's Mothers Society of St. Joseph Catholic Church for furnishing our family's meal after services. Your kindness and support meant so much.
