

Kracker Krumb's Odd Bits Salvaged At Random

There's signs of activity everywhere this week. The combines are coming! Reports are that in portions of Kansas and Oklahoma there are many combines headed this way. This activity comes from reports of a pretty good wheat crop in this area, and we guess it is better than in lots of places. Combines are being made ready in Knox County. We have lots of combines that are owned locally. A good many have been purchased, with local dealers reporting pretty brisk activity. And in about ten days, we'll likely see quite a lot of activity in the wheat fields and at the elevators.

Farmers with wheat are getting ready for that portion of their harvest. They are trying to get those "row crops" in shape so they can forget them while the wheat is being harvested. But there's quite a bit of land that's not being planted right now. It won't be for some time yet. It's that portion of lowlands that are lakes of water as a result of recent rains. Came a report from Benjamin last Monday that you never saw a more worried bunch of farmers than those who were summoned for jury duty on that special venire. Those boys who needed to be in the fields were faced with the possibility of getting "stuck" on a jury for a murder trial. Pretty good cause for worry. We guess there's not a convenient time to serve on a jury. Some of Munday's business men are finding it so this week. These south and southeast winds are bringing drying weather—the type farmers are wanting right now. Only trouble with those winds is that they bring through town the smell of cottonseed being processed at the local oil mill. We've always enjoyed the odor of cooking going on at an oil mill. The smell always makes us hungry, however, at a situation that's not always too good for a fellow who's bordering on the fat type.

The recent rains have brought on a crop of mosquitoes, too. Boys out at the golf course have been having some trouble with those winged varmints. They're giving some trouble, here in town, too. It's about time for the mosquito campaign to commence to begin. Heard via grapevine that the fogging machine operated a while a few nights ago. And from that same source came the statement that it should have been started a good while ago, before the mosquitoes get big enough to carry the machine off. But we can do more to combat those buzzers than fuss about the fogging machine not being in operation. Those low places where the water stands and becomes stagnant should be doctored. And that's something a child can do. Getting rid of the breeding places will go a long way toward controlling the pesky things. Then our fogger will have a better chance to get those that have survived in spite of our efforts. Keeping down flies and mosquitoes is everybody's job—not just the job of our city officials and our fogging machine.

Hill Announces For Justice Of Precinct Six

H. P. Hill, well known Munday resident, last Monday authorized the Munday Times to announce his candidacy for the office of Justice of the Peace, Precinct 6, subject to the action of the voters in the coming primaries. Mr. Hill is well known to practically every voter in the precinct, having resided in Munday for many years. He bases his candidacy solely upon his ability and willingness to fill the office with justice to everyone. "I shall appreciate your vote and influence," Mr. Hill said in announcing his candidacy, "and if elected, I will do my best to make you an honest, courteous and efficient public official. Please consider this announcement as a personal solicitation of your vote in the coming election."

Spears To Assist Farmers, Operators In Wheat Harvest

Mr. Joe B. Spears, located in the County Agent's office in the Court House at Benjamin, will represent the Texas Employment Commission in assisting the farmers and combine owners in Knox County in the 1950 wheat and small grain harvest. The Texas Employment Commission requests all farmers who have small grain to cut to please contact Mr. Spears at the County Agent's office and give him a list of their needs. Combine owners living in Knox County are asked to contact Mr. Spears giving him a list of their equipment, combines and trucks. By doing this it will enable Mr. Spears to route the equipment to the farmers needing grain harvested. Combine owners coming into Knox County from out of state or out of area will also please contact Mr. Spears and give him a list of their equipment in order that he might route such combines to the farmers needing grain harvested. The Texas Employment Commission feels that there will be ample combines available to harvest the 1950 wheat crop if the farmer and combine operator cooperate and proper routing of the combines can be done, and by this cooperation Mr. Spears will be able to serve the farmer and the equipment owner more efficiently if they will report their need and their equipment to him immediately. G. B. Purcell, Texas Employment Commission, 723 Tenth Street, Wichita Falls, Texas.

140 Men Attend Brotherhood Meet Held At Haskell

Around 140 men attended an associational brotherhood meeting of the Haskell Baptist Association last Monday night at the First Baptist Church in Haskell. Following a delicious feed served by the host group, the men heard a very inspirational address by Rev. Cliff Brannon, evangelist of Longview. Representing the First Baptist Church of Munday were Rev. Huron A. Polnac, B. L. Blacklock, Wayne Blacklock, Bill Morris, Chan Hughes, Herbert Stodghill, D. L. Thigpen, Ardell Spelce, J. O. Bowden, Jack Tidwell, Ed Thompson, Rayburn Morgan, Wallace Reid and George Hammack. The next brotherhood meeting will be held at the First Baptist Church in Munday, the date to be announced later.

Sied Waheed Starts New Brick Building

Brick work was started last Monday morning on the new brick building which is being constructed by Sied Waheed on his property just north of the Piggly Wiggly store. The concrete foundation and flooring had been laid earlier. The new building will be rushed to completion and is expected to be ready for occupancy within a few weeks.

Twin Flames of LP-Gas Industry

Miss Butane and Miss Propane, the LP-Gas Twins, reigned as queens of the annual convention and trade show of the Liquefied Petroleum Gas Association in Chicago. The girls, wearing symbolic blue-flame crowns, are lovely 17-year-old Beverly (left) and Barbara Dahm of Evanston, Ill. A record 1,800 LP-Gas marketers, producers and appliance and equipment manufacturers attended the sessions. LP-Gas, also known as bottled, tank, butane and propane gas, now brings modern gas service to upwards of 6,500,000 homes beyond the city gas mains. One of the nation's fastest growing businesses, the LP-Gas industry added a million new domestic customers in 1949 alone.

Knox County Hospital Notes

Patients dismissed from Knox County Hospital since last Monday, May 15th: Herbert Sams, Benjamin; Mary Casillas, Knox City; Mrs. J. A. Pack, Benjamin; Pack Baby Boy; Mrs. Nerlis Barreron, O'Brien; Barreron Baby Boy; Mrs. William Guier, Baby; Guier Baby Boy; Thelma A. Thompson, Knox City (negro); Mrs. Teed Helms, Knox City; Mrs. T. C. Beason, Knox City; Mrs. S. J. Lowe, Munday; Arthur Cameron, Rule; Cristela Mendes, Goree; B. H. Lawrence, Munday; Tom Foster, Rochester; Linda Norris, Benjamin; Vicki Lee Hamilton, Rochester; Mrs. Anna Hunt, Benjamin; Sue Pace, Goree; Mrs. J. R. Hughey, Knox City; Hughey Baby Girl; Edward Tennis, Benjamin; Howard Spikes, Benjamin; Johanna Sue Davis, Throckmorton; Mrs. D. C. Green, Munday; Linda Johnston, Knox City (negro); John Dutton, Knox City; Dorsia Lee Wheeler, Munday; Mrs. Johnny Farrar, Rochester; Paul Harthcock, Knox City. Funds Needed For Gillespie Cemetery

Plans are being made to do some much needed work in cleaning the cemetery in Gillespie. It was reported Tuesday the cemetery needs working very badly and no funds are on hand for this purpose. A number of persons usually make contributions toward the Gillespie cemetery's upkeep, and those desiring to do so should please contact M. G. Nix, Roe Myers, or J. Walter Moore, members of the cemetery committee.

RETURNS FROM HOSPITAL

Boyd Bert Patterson, son of Mr. and Mrs. L. B. Patterson, Jr., returned home from the Bethania Hospital in Wichita Falls last Friday after receiving a major operation several days earlier. According to reports, Boyd is doing nicely.

Mr. and Mrs. Silas H. Ward and son of Knox City and Mr. and Mrs. Cecil Fitzgerald, Wynelle and Sharlene attended the commencement exercises held at Texas Tech, Lubbock, last Monday night.

Morrow Wins City Tourney

Joe Morrow is a repeater. A few years ago Morrow took honors during the city golf tournament, and last Sunday he showed superiority with his woods, irons and putter to again become champion golfer of the Munday Municipal Country Club. Morrow downed Jeff Graham, 3-1 in the finals last Sunday to cop the championship crown. About 50 players participated in the tourney, making three complete flights. Matched play started on Sunday, May 14, and continued during all of last week. Due to wet weather, the Calcutta pool and feed which was scheduled for Thursday, May 11, was called off. In the championship flight consolation, A. V. Kemletz defeated Buel Gibson, 1 up. Other matches Sunday were as follows: First flight: Ray Holcomb won over Richard Winseed, 1 up. Charles Harpham defeated Billy Mitchell, 3-2 in the consolations. Second flight: Barton Carl defeated Charles Reece, 2-1; and Charles Massie took the consolation match from Herbert Partridge, 2-1.

Cartwright Well Being Plugged Back; Discovery At Goree

From the Star-Telegram came the following notes of oil activity in Knox County: Texas Pacific Coal and Oil Co. No. 1-A Louis Cartwright, block 215, W. Washburn survey, Knox County wildcat four miles southeast of Munday, plugged back from 6,047 feet in the Ellenburg and set 7-inch casing at 4,684 feet and was moving in cable tools to drill plug. The wildcat showed for production on drillstem test of the KMA Strawn sand from 4,531 to 4,536 feet with recovery of 3-870 feet of free oil. The wildcat is located on a block of approximately 2,000 acres. Shallow discovery reported Saturday of Knox County is the Lake Creek Oil Co. No. 1 Emma Cooksey, sec. 6, block 2, D. and W. Survey, three miles northeast of Goree. The well pumped 50.2 barrels of 37 gravity oil daily from an unidentified sand at 1,610 to 1,630 feet. The area has been named the Cooksey pool.

CUDE NAMED ACTING POLICE CHIEF HERE

A. J. Cude has been appointed acting chief of police in Munday, succeeding D. E. Whitworth, who asked for a leave of absence. Mr. Cude has been connected with local police force at various times. Whitworth announced he will devote his time between now and July 22 toward his candidacy for the office of sheriff of Knox County.

RETURNS TO AIR BASE

Pfc. Bobby Howard left Thursday for Lowry Air Force Base in Denver, Colo., where he has been stationed for sixteen months. Pfc. Howard is in the Motor Pool Squadron. He is the son of Mr. and Mrs. C. N. Howard of Munday.

Murder Trial Is Under Way In District Court

With the selection of the jury last Monday, testimony in the trial of Lee A. Wampler, 69-year old former nightwatchman, got under way in district court at Benjamin on Tuesday. Wampler was indicted for murder by a Knox County grand

Verdict of Guilty

Lee A. Wampler, former Knox City night watchman, was found guilty of murder with malice in the February 3 shooting of Guy Milford, cafe operator at Knox City. The 50th District Court jury at Benjamin set Wampler's punishment at 10 years in the state penitentiary. His attorneys, John and Bill McLean of Fort Worth and Joe Reeder, Jr., of Knox City, immediately filed a motion for a new trial. The case went to the jury at 12:10 p. m. Wednesday, and its verdict was returned shortly before 4 p. m., thus ending the 3-day trial which opened Monday. Wampler was released on a new \$5,000 recognizance bond pending the outcome of the motion.

Jury on March 14 following the shooting February 23 of Guy Milford, Knox City cafe operator.

Two jurors were chosen Monday morning before the court recessed for lunch. The remaining 10 were selected during the afternoon, with the 12th man being chosen at 5:15 p. m.

The jurors are J. J. Perdue, Paul Pendleton, W. O. Barnett, W. C. Taylor, R. H. Lain, K. W. Homer, Ben O. Bales, Winston Blacklock, M. H. Brumley, Charles M. Groves, Hugh Eubank, and E. B. Littlefield. District Judge Lewis M. Williams is presiding. District Attorney D. J. (Bill) Brookreson of Seymour and County Attorney Carl Patterson of Benjamin are prosecuting attorneys. Attorneys for the defense are John and W. E. McLean of Fort Worth and Joe Reeder, Jr., of Knox City.

Munday Leatherneck Completed Basic

MARINE CORPS RECRUIT DEPOT, SAN DIEGO, Calif.—Marine Private First Roy T. Butler, son of Mr. and Mrs. E. L. Butler, Route One, Munday, Texas, recently completed his basic Marine Corps instruction at the Marine Corps Recruit Depot, here and was promoted to the rank of Private First Class. The Munday Leatherneck completed ten weeks of intensive schooling under the guidance of the best instructors in the Marine Corps, all veteran non-commissioned officers especially trained for this work. After completion of his training and his basic leave he was transferred to a new duty station where he begins a career which will take him to all parts of the world.

Eight Receive Degrees At Tech

Eight Knox County students were among the 1,101 students who received their degrees at the 24th annual commencement exercises of Texas Technological College in Lubbock at 8 a. m. Monday, May 22. Knox County students, each receiving the B. S. degree, are as follows: T. M. Tucker, Jr., Harvey D. Arnold, Jr., and Walter Coffman Kennedy, all of Goree; Henry Lowrey White, Alton Lee Ward and Marie Robin, all of Knox City; Marion Presley Phillips, Munday, and Harold Beck, Vera.

Fire Destroys Bob Jarvis Home In Sunset Community

An old landmark of the Sunset community disappeared early Saturday morning, May 13, when fire completely destroyed the home of Mr. and Mrs. Bob Jarvis. The home, known as the F. T. Jarvis home, was a large two-story structure containing 11 rooms and a bath. It was built in 1921, replacing another home which was destroyed by fire. Mr. and Mrs. Jarvis had gone to Megargel the afternoon before to spend Mother's Day with Mrs. Jarvis' people and were notified by telephone Saturday that their home had burned. They stated origin of the flames could not be definitely determined. The house and contents were only partially covered by insurance. The Jarvis family will make their home in Munday until such time as they can rebuild on their farm.

Eighth Graders Get Diplomas On Thursday Night

Members of the Munday elementary school held their graduation exercises on Thursday night of last week, at which time Supt. W. C. Cox presented diplomas to the graduates. Honor students are Walter Owen, valedictorian, and Bera Fay Spann, salutatorian. Honor awards and certificates were presented by Mrs. Herbert Partridge, C. C. Brown and Mrs. Paul Pruitt. This class was the first eighth grade graduating class to wear caps and gowns for the exercises. Included in the class roll were Mary Frances Atchley, Charles Bailey, Bobbie Bass, Homer Edington, Gloria Elliott, Marion Elliott, Cleborn Fields, Sharlene Fitzgerald, Helen Annie Ford, Gwendolyn Fox, Loys Gray, Jerry Hawes, Gene Haynie, Billy Henson, J. W. Inman, Leon Johnson, Bobby Fay Killian, Don Killian, John King, Betty Lawrence, Eddy Mitchell, Gary Offutt, Walter Owen, Barbara Phillips, Joe Lynn Phillips, Dicky Ponder, Frances Pruitt, Sammie Smith, Joan Sokora, Bera Faye Spann, Betty Stodghill, Myrtle Thomas, Billie Jean Tuggle, Stanley Wardlaw, Jr., and Gladene Yeager. Mr. and Mrs. H. H. Cowan and Nancy and Miss Merle Dingus spent last Sunday visiting in Abilene and Comanche.

Wheat Harvest Opens In County

Several wheat farmers of this area started their 1950 harvest the first of this week, with quite a few loads of the golden grain coming in to local elevators. Among farmers reported having combines running included Gene Michels, Troy Lindsey, Raymond Reeves, Mr. Steinbach, and others. A carload of wheat was almost ready for shipment Tuesday afternoon. Yields of around 20 bushels per acre are being reported.

TAKEN TO HOSPITAL

George Hammett was taken to the Knox County Hospital Tuesday of last week for medical treatment. According to reports coming from the hospital, he is doing nicely.

BIRTH ANNOUNCEMENT

Mr. and Mrs. R. D. Bell of Munday are announcing the arrival of a daughter born at the Knox County Hospital May 15. She weighed 10 pounds and 12 ounces. Both mother and little daughter are doing nicely.

Our Citizens Of Tomorrow

This is the final picture in our newest "future citizens" series. Left to right, they are: John, 6 years, Mary Ann, 7 years, and Francis, 2 years, children of Dr.

Munday's playground and recreation program for Munday's school age youngsters will get under way Thursday, June 1, under the direction of Coach David Green.

The program, sponsored by the Community Development Association, is to take in a wide scope of youngsters from ages of 6 to 18. The C. D. A. athletic committee has been working on this program for several weeks. It will be mainly concerned with games and various contests with the emphasis on participation by all youngsters instead of for a skilled few. Facilities will include the school gym for volleyball and basketball, with tennis being played on the new courts. A shuffleboard court, ping-pong table and various small games, such as darts, will be held. At the side of the tennis courts, croquet grounds, horse-shoe games and washergames will be played. Archery is also to be taught, Coach Green said. A softball diamond will also be used if enough boys show an interest in organizing a city softball league.

Through the summer, various tournaments are to be held to add to the general interest. A city tennis tourney will be held June 19 to 23 for junior boys (14), seniors boys, (15-18), men, junior girls and senior girls. A boys' golf tournament will be held sometime in July, it was stated, and a horse shoe tournament for boys and girls will be July 5-7. Boys and girls washer tourney is slated for July 19-21, and a badminton tourney is also planned.

All young people planning to take part in the program are urged to register June 1, and are welcome to come up and have something to do any time in the summer. During registration, girls are to say if they want to form a city volleyball league and boys are to say if they are interested in taking part in a softball league. The program is expected to furnish many forms of recreation to youngsters of all ages. With the cooperation of the C. D. A., the schools, and the citizenship, Coach Green expects to carry on a very successful program.

Act of Congress, March 2, 1879.

OUR NEEDS FOR 1950

1. Completion of our portion of the Throckmorton road, giving the farmers of that area an all-weather outlet.
2. A farm-to-market road to the north and east of Munday, possibly connecting with the Herner road.
3. A U. S. Federal building. Munday needs a new post office home.
4. More homes in Munday. We did a good job in 1949, but there's still a housing shortage.
5. A new telephone system, giving the town adequate telephone service and tapping the rural area surrounding the town.
6. Greater cooperation of business man, farmer, and citizen toward long-range development for our community.

THE COUNTRY PRESS SAYS

MESABI, Minn., DAILY NEWS: "In the conversion of electricity to do the chores of America, power accomplishes the work of a billion and a half men. No age has seen anything like it, a marvelous testimony to the effectiveness of the private enterprise system."

BEAVERTON, OREGON, ENTERPRISE: "The postoffice curtailment will bring sharply home the dire effects of government reorganization and economy. For those who rise up in arms over the lessening of mail deliveries, let them recognize fully that the wages of reorganization are economy, not more governmental services."

GARNER, IOWA, LEADER: "It can be said without any deservation that the solicitation and sale of government stamped envelopes, with the addresses printed, is highly discriminatory—and an improper invasion of the free enterprise field by the Federal government."

DEARBORN, MICHIGAN, PRESS: "Debts of state and local governments have gone up in the last year, according to the Census Bureau, which reports that they reached an all-time high of \$20,875,000,000 last June 30th. This look like a large amount but it is nothing compared with \$252,000,000,000 that the Federal government owes. The total, \$273,645,000,000 amounts to \$1,834 for every man, woman and child in the country."

NORWICH, NEW YORK, CHENANGO UNION: "It is the basic principle of democracy that might does not make right. When that principle is disregarded by an individual or group of individuals, whether it be a labor union or an association of employers or a political party, our system of liberty and justice for all is endangered."

AIKEN, S. C., STANDARD AND REVIEW: "In England . . . more and more restrictions have been placed on the freedom of the work-

ers . . . In that country men and women cannot change jobs without permission of the government and when such a condition exists there is no longer any free labor. Free labor and free enterprise go hand in hand. We cannot have one without the other."

VOTE!

The failure of millions of Americans to exercise their right to vote is a national disgrace.

In the last Presidential election, for instance, less than half of the eligible voters troubled to go to the polls. In many elections in which the Presidency is not involved, less than a third of the voters cast ballots. What we have, as a result, is government by minority.

Free elections are at the root of all our freedoms. But free elections mean little if the people are too lazy or too indifferent to participate. A man who does not vote has no moral right to criticize the acts and policies of officeholders.

When you vote you are building on the foundation of the best system of government ever devised. And that is true of primary as of general elections. In the near future, primaries will be held in many states. The candidates of the parties will be chosen and will start their campaigns for election in November. If you want your party to nominate the candidate you believe best fitted, go to the polls.

If you value your freedom—if you have any interest at all in defending and maintaining a free nation—vote. Vote in every election, whether it involves a President or local officials. Every time you fail to vote, you fail to discharge the most basic American duty.

"It is a curious fact that when we get sick, we want an uncommon doctor. If we have a construction job, we want an uncommon engineer. When we get into war, we dreadfully want an uncommon Admiral and an uncommon General. Only when we get into politics are we content with the common man."—Herbert Hoover.

"Every Federal officeholder and do-gooder is in favor of simplifying the executive establishment and rendering it less expensive, so long as his own agency is not touched. If anyone suggests that his office might be eliminated it comes close to treason."—Editorial Statement, The Wall Street Journal.

"This idea that you can be rocked to sleep by a bureaucratic government and still remain free is just plain foolish."—Hatton W. Sumners, Former U. S. Representative from Texas.

"Some people speak from experience and others, from experience, don't speak."—Doc Ank-lam.

Uncle Sam Says

This Memorial Day remember those you loved by remembering those you love—make your child's future bright with the promise of financial independence by enrolling him during the U. S. Savings Bonds Independence Drive. Then automatically, your bank or your place of employment will see to it that his pile of Savings Bonds grow and grow. Each \$3 you invest for him today will in ten years return him \$4. By this simple method he will be financially able to pay for an education, to start in business, or perhaps to build his own home. You owe it to your family to enroll. NOW, for the Payroll Savings Plan where you work, or if self-employed, the Bond-A-Minute Plan.

Political Announcements

The Munday Times is authorized to announce the candidacy of the following, subject to the action of the voters in the 1950 Democratic Primaries:

For District Attorney:
ROY A. JONES
D. J. BROOKRESON, JR.
(Re-election)

For County Superintendent:
MERICK MCGAUGHEY
(Re-election)

FARM NEWS

From the County PMA Committee

GRAIN STOCKS INSURE RESERVES

The large stocks of grains on hand today should give farmers a comfortable feeling, Bennett Haman, Secretary of the Knox County Production and Marketing Committee, remarked today.

Not many years ago, a short corn crop forced the liquidation of many livestock, and reserve grain supplies would have come in handy, he said. Then, too, recently reported duststorms in the southern Great Plains may cut the wheat crop somewhat this year, and the stocks already on hand will give a margin of safety.

According to the latest reports of the Department of Agriculture, here are the figures on grain stocks:

Corn stocks on April 1 totaled almost 2,014 million bushels—the largest in history to date. Farm stocks of 1,634 million bushels were smaller than in 1949, but terminal stocks were the largest since 1942; stocks at interior mills, elevators, and warehouses were nearly three times as large as a year ago and largest of record. Disappearance of 1,920 million bushels of corn since harvest is the lar-

gest since 1943-44 when livestock numbers were at their peak.

Of the other feed grains, April 1 stocks of 523 million bushels of oats and 135 million bushels of barley were about average, although smaller than a year ago.

Wheat stocks of about 663 million bushels have been exceeded only twice; the record for the date was 896 million bushels in 1943. Disappearance during the first quarter of this year was larger than in any year before 1943. Stocks of about 199 million bushels on farms were below average for the date, stocks of about 189 million in interior mills, elevators and warehouses were the largest of record for April 1, and stocks of nearly 89 million at merchant mills were the largest in recent years. In addition, nearly 181 million bushels of commercial stocks at terminals were reported by PMA, and 5 1/2 million bushels owned by the Commodity Credit Corporation were in transit or in positions under CCC control.

Stocks of rye, the other grain, totaled 13 million bushels on April 1—the largest for the date since 1945.

FARM PRICES APRIL 15, 1950

Beef cattle at 128, lambs at 127 and veal calves at 129 were the only farm commodities bringing parity or above on April 15, 1950. Cotton, wheat, peanuts, sweet potatoes and grapefruit were all bringing prices averaging between 90 to 100 percent of parity.

Rice, corn, potatoes, milk oats, grain sorghum, chickens, eggs, hogs and oranges at 66, grain sorghum at 71 and eggs at 73 percent of parity.

Mr. and Mrs. Melvin Hicks and son, Bobby, of Plainview, spent the past week end visiting in the home of Mr. and Mrs. Dan Hicks.

J. L. Hill, Jr., of Stamford was a business visitor here last Monday.

Mr. and Mrs. Clayton Wren and Erwin, Mr. and Mrs. W. G. Welborn and Gaston and Mrs. Tom Morton spent last Sunday in Ballinger visiting with Mr. and Mrs. L. L. Williams and Kenneth.

Citizens School Group Names Southern Director

ATLANTIC CITY, N. J.—Southern interest in the work of the National Citizens Commission for the Public Schools has been so great that we chose Louisville, Kentucky, for the establishment of our first regional office, Henry Toy, Jr., Executive Director of the Commission, said today.

Announcement of the opening of the Louisville office and the appointment of Maurice D. Bement as regional director was made at the beginning of the Commission's two-day meeting in Atlantic City.

The National Citizens Commission for the Public Schools, which is financed by the Rockefeller Foundation and the Carnegie Corporation, is made up of thirty-six prominent laymen. Roy E. Larsen, President of Time Inc., is chairman. Purpose of the organization, which was formed only a year ago, is the stimulation of local citizen interest in school betterment. The Commission also serves as a clearinghouse of information and works with a growing list of local school improvement groups, now totaling more than 300, all over the country.

The Louisville office, under Mr. Bement, will give particular attention to public education in the South and provide specialized assistance at the request of groups forming in this area.

"It is our belief," Mr. Bement said today, "that the responsibility for better schools is the local responsibility of each community. We want private citizens to organize with their neighbors to help the schools do the job each local community feels they should do. Citizens should, and must, meet that obligation if progress in education is to match that in other fields."

Mr. Bement has had wide experience in both business and public life. He is well-known throughout the South for his five years' service as Executive Director of the Committee for Kentucky, an organization which enrolled thousands of Kentuckians in a state-wide program of action for community and rural betterment. The Committee's campaign covered problems of public interest ranging from school im-

Maurice D. Bement

provement to political clean-ups, and has been credited with effecting civic progress throughout the state.

During World War II, Mr. Bement served as employment supervisor for the Consolidated-Valtee Aircraft Corporation's Louisville division.

He was also a teacher in the public schools of Lone Oak, Kentucky, for six years. He is a graduate of Murray State Teachers' College, with advanced work at George Peabody College in Nashville, Tennessee. He is married and the father of two children.

"We want to hear from all citizens who are interested in the cause of public education in the South," Mr. Bement said. "We hope to perform a real service, but the job can be done only in cooperation with local citizens in each community."

Address of the regional office is the Realty Building, Jefferson Street, Louisville, Kentucky.

enough to have VD, but lucky enough to have gotten attention."

"Untended syphilis can cause heart disease, mental illness, blindness and other severe physical disabilities," the health official asserted. He asked pointedly, "See why you're lucky?"

Two state supported rapid treatment centers, Rocky Mount Hospital in Overton, and the Mission Medical Center in San Antonio, are maintained by the

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

AUSTIN—Texas' private war on venereal diseases among indigents is proceeding in wholesale fashion, with over 95,000 patients having passed through State Health Department rapid treatment centers since the first center was opened in 1943.

This was the word from State Health Officer Geo. W. Cox, who described the 95,000 as "unlucky

State Department of Health for handling cases of venereal diseases in people unable to pay for private care, Dr. Cox said.

Gonorrhea, is handled in the VD clinics of local health units, rather than sending the indigents to the RTC's, Cox said.

"State Health Department policy calls for local health unit VD clinics as diagnostic centers," he said. "However, a good many rapid treatment center patients are referred there by private physicians."

Rapid treatment center personnel conduct patient education via conferences pamphlets, and motion pictures, which is, Cox said, "one of our most valuable educational processes."

"We learned long ago that educating patients while they are undergoing treatment has more retentive value than any other device we could use."

Dr. J. M. Croley attended a dental study in Stamford last Wednesday.

Announcing Winner No. 2

JACK MEDFORD

KNOX CITY

You are the second in Knox County to win a free radio as a gift from Goble's Dairyland. Your radio awaits you at the grocery store named on your entry.

AND THE BEST OF THIS EXCITING CONTEST IS YET TO COME!

The third and final winner in Knox County will be announced next Thursday. Be winner and not only you, but your grocer as well, will win one of these popular table-model radios. Just remember . . . there's no time to lose . . .

Contest Closes Saturday Night

All entries must be postmarked not later than midnight, this coming Saturday, May 27th. Stock up on Goble's Dairyland Milk now for the weekend, and send as many entries as you like!

HERE'S ALL YOU DO TO ENTER THIS EXCITING CONTEST:

- 1—Complete the following sentence in 25 words or less: "I LIKE GOBLE'S DAIRYLAND MILK BECAUSE..."
- 2—Underneath that, write the name of YOUR GROCER who offers Goble's Dairyland Milk.
- 3—Give your name and complete address.
- 4—Enclose three Goble's Dairyland milk bottle tops or paper container tops (or reasonably accurate facsimiles) and mail to Goble's Dairyland, Box 1226, Wichita Falls, Texas.

Now's Your Last Chance - So Hurry!

It's easy to enter . . . easy to win. Take a moment NOW to write out your entry. Mail it to Goble's Dairyland, Box 1226, Wichita Falls, Texas—and a free radio may be YOURS!

Details Of Smith Doxey Program Are Announced Recently

Details of the 1950 Smith-Doxey cotton classing program for cotton farmers were announced recently by Mr. N. J. Matejowsky, in charge of the Abilene office of the cotton branch, Production and Marketing Administration, U. S. Department of Agriculture.

"Farmers will follow the same procedure as they did last year in signing up for this program," Matejowsky said.

Under it, he continued, they receive without cost cotton classing and market news from U. S. Department of Agriculture. Any group of farmers organized to promote the improvement of cotton is eligible for these services.

Matejowsky urges all cotton farmers interested in Smith-Doxey benefits to organize community groups immediately and submit applications.

Applications and more details can be secured at the cotton office, 1407 South First Street, Abilene, from County Agricultural Agents, County PMA offices and ginners.

* BANQUET SCENE—Pictured above is John Ben Shepperd, chairman of the American Legion. The speaker is one of the outstanding young men of the nation. On the speaker's left is Gene W. Harrell, who served as toastmaster and on his right is J. C. Shockey, boyhood friend of Shepperd, who introduced the speaker.

Be prepared for an ALL-CROP harvest

No waiting for neighbors... no hiring a custom machine... no extra harvest crew. With your own All-Crop harvester, you can handle the job alone, when your crop is ready.

Look at these features:

ALL-RUBBER SHELLING CONTACTS reduce crackage of beans, seeds and grain.

FULL-WIDTH SPIRAL BAR CYLINDER—same width as the header. Puts crop through without bunching or chopping.

AIR BLAST SEPARATION plus oversize threshing rear saves more grain, even in long, heavy straw crops.

SAW TOOTH WIND CONTROL VALVES mean better cleaning and saving of light seeds over cleaning shoe.

The All-Crop handles more than 100 different kinds of grains, seeds and beans. Let's talk about an All-Crop for your harvest.

Washington News Letter

By Congressman Ed Gossett

WASHINGTON, D. C., May 20—The most important action taken in the Congress this week was the Senate's defeat of cloture. This means the Senate refused to cut debate, i.e., eliminate filibuster. This in turn means that Southern Senators will not permit the enactment of F. E. P. C. during this session of Congress. To many, filibuster seems foolish. However, the filibuster is often the only way in which a minority can defeat itself against a majority. In this instance the filibuster is the only weapon Southerners have to use against the immoral, hypocritical drives to enact the so-called civil rights proposals which both Republican and Democratic parties have been writing in their platform to get the minority group votes in the big cities of the big states.

The House this week passed a bill "amending and supplementing the Federal Aid Road Act—to authorize appropriations for continuing the construction of highways." It provides \$500,000,000 per year for the next two years. It divides the funds on the same basis as the 1944 Act. \$225,000,000 goes to Federal aid highway projects (this means the main highways); \$150,000,000 goes to the Federal aid secondary highway system

(this means farm-to-market roads), and \$125,000,000 goes to projects on the Federal aid highway system in urban areas to be used for the purpose of widening streets, viaducts, etc., building highways through our cities. I voted for this bill. On my desk as a part of the propaganda for the road bill is an interesting booklet published by the National Highway Users Conference, Inc., entitled "The Highway Transportation Story". In this booklet appears the following data: "We have 350,000 miles of rural highways, i. e., primary state highways; 214,000 miles of secondary and farm-to-market roads; 2,373,000 miles of local rural roads; 316,000 miles of city street and highways; 70,000 miles of roads within federal reservations. The United States has 78% of the world's cars and 72% of the world's trucks. In America there is one vehicle for every 3.6 persons. In England one for every 13 persons, elsewhere in the world, one for every 222 persons. We have 35,500,000 passenger cars, 8 million trucks, and 200,000 buses, etc. Highway transportation accounts for a business volume of 30 billion dollars annually. Trucks serving agriculture have increased 60% since 1941. In 1934 one out of 10 farms had electricity; now 4 out of 5 have electricity. Rural carriers travel 1,495,000 miles a day. In the 3 months period, March 15 through June 15, 1949, more than 300,000 students visited Washington by bus.

From the looks of the buses on the Capitol grounds at this time, more students will probably visit Washington this year than last.

A lady complained to me this week that she had sponsored two DP's—a father and a son—into this country. Within six months of her taking these folks, the father died of cancer, and the son had to be admitted into an insane asylum. Dozens of similar instances have been brought to my attention. Still, we are told that DP's are carefully screened.

I have several letters from home asking me what my campaign plans were for this summer. I have none, as yet, and have been too busy to think of campaigns. I do not intend to leave my post of duty while Congress is in session. Following the adjournment of Congress I will return home immediately and open Congressional offices in the Federal Building in Wichita Falls. Our office here in Washington is never closed.

Following adjournment of Congress, I shall visit all parts of our District. A Congressman should know the wants, hopes, fears and aspirations of all of those who he seeks to serve. His actions, of course should always be based on the old platinoidous democratic maxim of the greatest good for the greatest number. The greatest good should, of course, take into consideration both spiritual and material values, not alone for this generation, but also for succeeding generations.

My wife has just called to say that our youngest daughter, Melissa, has the mumps.

Mr. and Mrs. John Spann and Sam spent last week end visiting Joe and Johnny Spann, who are attending W. T. S. T. C. in Canyon. They also visited with relatives in Floydada.

Mr. and Mrs. Russell Penick were visitors in Abilene last Tuesday.

Special for Baby Many mothers find it convenient to keep a special set of cooking utensils and dishes for preparing and serving baby's food. In this way they can be given special attention and kept in spotless condition. If the cooking utensils are of sanitary porcelain enamel, it is easy to keep them immaculate. Enamelware has no pores to accumulate grime or food particles. A thorough soap and water washing, followed by a scalding rinse will leave it germ-free. Utensils needed are a small double boiler and a sauce pan or two. For the young baby, a porcelain enameled sterilizer, a graduate measure and a funnel are essential equipment.

H. W. Nance of Mineral Wells was a business visitor here the first of this week.

**Poultry Losses
Decrease Profits**

Laying hens are not so fortunate as the "proverbial cat." They have only one life to live and the length of life, says Professor E. D. Parnell, department of poultry husbandry, Texas A. & M. College System, may well determine whether the poultryman uses black or red ink for his bookkeeping job.

If you're an average poultryman, Parnell hopes you are not, you lost 17 percent of your growing turkeys and almost 20 percent of your laying chicken hens during 1949. That was on a national basis but the record in Texas was even worse. He says 24 percent of all the laying hens in Texas die sometime during the first year of egg production. Poultrymen, he points out, who suffer such flock losses are burning or burying their poultry profits with the dead hens.

He says there are lots of good drugs available to help with the fight against diseases but their use is only a part of the answer. Preventive practices must be used more widely, he believes so the poultry will not have

any excuse for getting sick.

Here are some practices that poultrymen have found mighty effective for preventing disease outbreaks, says Parnell. When new birds, unless it's day old stock, or when birds are returned from shows or contests, keep them isolated for a few days and watch them closely for possible disease outbreaks. If one occurs, never add them to the flock.

Keep the young and old stock completely separated at all times. This is one place where segregation pays off. Such a practice may be hard to follow on many farms but it pays big dividends.

Use deep, dry litter in the poultry house. If the litter is kept dry and the mud puddles are eliminated, disease germs will have a hard time surviving on the farm. A good sanitation program, plus a close checking immediate treatment or removal from the flock of all possible disease carriers, says Parnell will go a long way toward keeping a lot of the hens that die every year on the job. And this is turn can materially increase your poultry profits.

A Times Want Ad Pays

POLIO PRECAUTIONS

RECOMMENDED BY
THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

WHEN POLIO IS AROUND, the National Foundation for Infantile Paralysis recommends these simple precautions: Keep children with their own friends and away from people they have not been with right along. Don't become exhausted through work or hard play. Don't stay too long in cold water or sit around in wet clothes. And always wash hands before eating. Watch for feverishness, sore throat, headache, upset stomach or sore muscles. They may—or may not—mean polio. Call your doctor and then, if help is needed, contact the National Foundation Chapter in your area.

November, be sure and clean out done with 5% Rotonone applied at the rate of 3 to 4 pounds per acre foot of water. Mix at the rate of one pound of 5/8 Rotonone and 20 gallons of water and spray it over the entire surface of the pond. The powder can be put in a sack and dragged in the water but the spray method is best. Rotonone paralyzes the gills and the fish die from lack of oxygen. The water is not damaged for use of livestock and the pond can be restocked within several weeks. It is a simple matter to get fish for your ponds. Application can be made to your local office of the Wichita-Brazos Soil Conservation District and fish ordered before August will be delivered this fall.

You can't overstock a pond. There is nothing as good for the pond for fishing. All fishermen should remember one thing: get permission from the farmer or rancher who owns the pond. Then be sure to close all gates, be careful of fire and do not tear down fences or disturb the cattle.

It is a privilege to have fishing privileges on someone else's place so treat it as a privilege and not as a right.

Mrs. Terry Harrison, Peggy and Don, and Mrs. Verbon Voss spent last Sunday in Abilene visiting with relatives.

Mrs. A. H. Mitchell spent last week in Denton and Fort Worth shopping and visiting her daughter, Miss Patsy Mitchell.

Mrs. Ernest Kinnebrugh and grandson, Bruce Kinnebrugh, of Vera, were visitors in Munday last Monday.

**Good Farm Pond
Should Be Included
In Conservation**

Many inquiries have been received about management of farm and ranch ponds for fish production.

A good farm pond is a part of a complete soil conservation program. The farmer or rancher who has a tank and isn't using it for fish production is missing something. One that has a surface area of about one acre can provide all the fish a family can use if it is properly managed.

Fertilizing the water stimulates the growth of one-celled plants and animals that the fish feed upon. Commercial fertilizer is the best, but barnyard manure can be used. If you can see your arm in the water to the elbow, the pond needs fertilizer. Ten pounds of ammonium nitrate added to the hundred pounds of 4-12-4 makes a good fertilizer. This should be applied once a month at the rate of 100 pounds per surface acre of water and should be scattered in the water around the shore

from April to November.

Fertilizer not only produces more food for the fish but it helps keep down moss by shading it out. If the pond stays muddy, barnyard manure applied at the rate of one ton to the acre every two weeks for a month or so will help clear it.

It isn't necessary to fertilize before the pond is restocked with fish. If you plan to restock your pond in October or all the fish first. This can be

Baptist Circles Meet Monday In Church Building

All circles of the Baptist W. M. S. met in the regular business and social meeting on Monday, May 22nd, at eleven o'clock in the church.

The Dorothy Swienburg Circle was in charge of the program. Mrs. B. L. Blacklock directed a very interesting program on Radio's Place in Religion. The following women took part on the program: Mrs. B. L. Blacklock, Mrs. Alvin Reid, Mrs. D. L. Thigpen, Mrs. J. C. Campbell, Mrs. Winston Blacklock and Mrs. M. C. Hallmark.

Miss Shirley Yost furnished organ music for the entire program and accompanied Miss Sue Hallmark for a vocal solo.

At the noon hour, a luncheon plate of sandwiches, salad, pie and iced tea were served to forty-four members and several visitors.

Hostesses for the day were Mrs. Andy Hutcheson, Mrs. Raymond Suggs and Mrs. Joe Patterson.

A business meeting was held with Mrs. Huron A. Polnac, president, in charge.

Wesleyan Service Guild Meets Monday In H. R. Hicks Home

The Wesleyan Service Guild met Monday evening at 8 o'clock in the home of Mr. and Mrs. H. R. Hicks.

New officers were installed for another year by Rev. R. L. Butler before a beautiful table with a large Silver Cross and seven colored candles. Officers installed were:

President, Mrs. H. R. Hicks; vice-president, Mrs. I. V. Cook; secretary, Mrs. J. C. Harpham; treasurer, Mrs. J. B. King, spiritual life; Mrs. Oscar Spann, Missionary education, Mrs. Wel-

Mrs. Frank Adams Celebrates Her 59th Birthday

Mrs. Frank Adams celebrated her 59th birthday last Friday in the home of a daughter, Mrs. Melvin Gray. Those present were:

Mrs. Melvin Gray and children, Loys and Leroy; Mr. and Mrs. Frank Adams and Elton, Mr. and Mrs. Delbert Adams and children, Betty, James, Doyle and Bonnie; Mr. and Mrs. Cleborn Gray and children, Kenneth, Robert, and C. T.; Mr. and Mrs. Aaron Ballard and children, Sidney, Katherine, James, David and Charles, Sam and Jerry Gray and Eddie Mitchell.

Mrs. J. B. Stevens and sons, Joe Milton and Gordon, left last Saturday for points in Arkansas where they are visiting relatives this week. They were accompanied by Mr. and Mrs. R. C. Stevens of Slaton.

Mr. and Mrs. Gordon Stone of Stanton were week end guests in the homes of Mr. and Mrs. A. A. Smith, Jr. and Mr. and Mrs. J. C. Borden.

don Smith; C. S. R., Mrs. William Gaither; and publicity, Mrs. Joel Massey.

After the installation service, a delicious dinner was served by the hostess, to Rev. and Mrs. R. L. Butler, Mrs. I. V. Cook, Mrs. C. P. Baker, Mrs. Levi Bowden, Mrs. J. C. Harpham, Mrs. Charley Harpham, Mrs. J. B. King, Mrs. Joel Massey, Mrs. A. H. Mitchell, Miss Florence Gaines, Miss Ruth Baker and Miss Merle Dingus. A guest, Mrs. J. B. Scott and the hostess, Mr. and Mrs. H. R. Hicks.

The next meeting will be in the home of Mrs. I. V. Cook June 5th. Mrs. J. H. Bardwell will be our leader for the evening. Each member is asked to bring a guest.

Roxy Theatre, Sunday and Monday

June Haver and Gordon McRae are starred in the technicolor production "The Daughter Of Rose O'Grady."

HEFNER NEWS

(Mrs. E. J. Jones, correspondent)

Elder J. L. Gray filled his appointment Sunday morning at the Friendship Church, Good attendance was also had at Sunday School, with all teachers being present.

Mr. and Mrs. Earl Wisdom of Seymour attended church services here Sunday.

All of Hefner attended the baccalaureate services at the Goree school building last Sunday night. A large crowd was present for this service for the Goree graduates. Quite a few attended the Munday graduation exercises on Friday night.

Mr. and Mrs. Bob Holder and children of Wichita Falls visited in the Ben Holder home and with other relatives here last week.

C. E. Jones had his "old pickup" to burn at Hefner last week.

Johnny Poore Is Entertained With Birthday Party

Johnny Poore, son of Mr. and Mrs. Roy Poore of Atascosa, was entertained Monday afternoon at the home of his grandparents, Mr. and Mrs. Cal Stevens, with a party celebrating his third birthday.

After an afternoon of games, the children were served ice cream and punch with the birthday cake.

The following children attended: Penny Johnson, Skipper and Mike Lane, Butch and Bunny Rhoades, John Wyatt, Jr., Sandra and Nancy Taylor, Pat, Nora Pearl, and Erma Young, and Alan Stevens of San Antonio.

Hostesses were Mrs. Cal Stevens, Mrs. Poore and Mrs. Joe W. Stevens of San Antonio.

BENJAMIN NEWS

(Elda Purl Laird, Reporter)

The Community Singing will be held Sunday, May 28, beginning at 2:30 p. m. Singing will be held in the First Baptist Church, of Benjamin. Everyone interested in singing or listening to good singing, is urged to attend.

Mr. and Mrs. Carl Howard and Mr. nad Mrs. Wayne Howard and children, of Lubbock,

Piano Students Are Presented In Recital Monday

Mrs. Jo Mae Davis presented a group of her students in a recital and party at the Munday Study Club club house last Monday night.

After the program, refreshments were served to friends and parents who attended. Presented on the program were the following students:

Dolly Inman, Diane Hobert, Nita Tidwell, Maurice Tidwell, Sharon Cypert, Lee Ann and Judy Green, Linda Kay Smith, Sarah Evelyn and George Quinton Offutt, Elaine Raynes and Joey Davis.

Birthday Celebration Held On May 21st At Hodges Home

Mr. Woodie Hodges and Mr. Buster Jackson celebrated their birthdays with a double birthday dinner on Sunday, May 21, in the home of Mr. Hodges. Fifty-seven were present during the day.

Those present from out of town are: Mr. and Mrs. Buster Jackson and family, Vera; Mr. and Mrs. Buster Melton and family, Mineral Wells; Mr. and Mrs. Buster Hodges and family, O'Brien; Mr. and Mrs. J. T. Murdock and Mr. and Mrs. Ray Jackson and sons, Hefner; Mr. and Mrs. Luther Parker, Henrietta.

Gilliland Club Meets Recently In Quiz Program

Seventeen members of the Gilliland home demonstration club were given a true-false quiz on traffic safety by group leaders, Mrs. Elton Carroll and Mrs. Omar Cure, at the regular meeting, Wednesday, May 17.

A study was made of the factors causing traffic accidents and the resulting loss of lives and economic loss, in the hope that the seriousness of the situation as it exists today, be properly impressed.

"The Life You Save May Be Your Own", was a slogan quoted to sum up in a few words that the traffic accident problem is a question of "individual responsibility."

What carbon-monoxide is, how it kills a person, its usual sources, symptoms, effects, and treatment of the victim were reviewed.

Refreshments were served to the following: Mrs. Omar Cure, Mrs. Monroe Cash, Mrs. Jim Cash, Mrs. Alton Cook, Mrs. Elton Carroll, Mrs. Charlie Groves; Mrs. Richard Winstead, Mrs. Hewett Simmons, Mrs. George Solomon, Mrs. L. D. Welch, Mrs. John Thompson, Mrs. Emil Navratil, Mrs. Grady Duncan, Mrs. Bill Logins, Mrs. Earl Burgess, Mrs. John Kinnibrough, and Mrs. W. T. Cook.

Mrs. Aaron Edgar visited with Mr. and Mrs. Roy Rogers near Quanah over the week end. She was accompanied home Sunday by her father, W. J. Bridge, who will visit here during the summer.

Mr. and Mrs. J. E. Reeves and son, Perry, visited with relatives in Dallas and Fort Worth over the week end.

Mr. and Mrs. C. L. Wilde of Dallas spent the past week end here visiting with relatives and friends.

visited in the home of Mrs. W. A. Barnett and family Sunday.

Mr. and Mrs. J. R. Steedman and sons, Don and Badge, spent the past week end visiting Mr. and Mrs. Rhea B. Merritt, of Austin. Mrs. Merritt, daughter of Mr. and Mrs. Steedman, had an operation recently, but is getting along fine.

Charlie Hamilton, of Wichita Falls, was in Benjamin Tuesday of this week on business and visiting with friends.

Miss Frankie Lee Coy, of Texline, is visiting in the home of her grandparents, Mr. and Mrs. Frank Hill, this week.

Mrs. Floyd Lindsey, of Stamford, is visiting in the home of her mother, Mrs. Ed Moorhouse, this week.

Mrs. H. L. Wood of Harrah, Okla., is visiting in the home of her mother, Mrs. T. I. Phillips, this week.

Knox City Student Receives His Degree

Lee Ward, son of Mr. and Mrs. Silas H. Ward of Knox City, was one of ten to receive his Bachelor of Science degree in Textile Engineering, at Texas Technological College in Lubbock last Monday night.

He is one of several from Knox County to receive his degree from Tech in the exercise.

Miss Merle Dingus and Mr. and Mrs. H. H. Cowan and Nancy attended the graduation exercises for McMurry Seniors in Abilene last Tuesday. Harry Cowan and O. H. Spann, Jr. were among the many to receive their diplomas.

Mr. and Mrs. Bill Ehlers and children were Stamford visitors last Sunday.

CARD OF THANKS

We wish to express our sincere thanks and appreciation for your loving kindness, shown us after the loss of our home and furnishings by fire. We especially want to thank Mr. Roe Myers, Jerry Nix, Mrs. Hattie Sessions, the fire boys, the Sunset school faculty and school children and the ladies who sponsored our shower and many, many others who helped in different ways. It is a great consolation to us to know that we have so many friends and that we lived in such a wonderful community.

May God bless you all.

Mr. and Mrs. Bob Jarvis 431tp

Rural Electrification Administration Observes Its 15th Anniversary

May 11 is an important anniversary for Texas farmers. For on that date in 1935 President Roosevelt ordered the establishment of the Rural Electrification Administration, and such previously indispensable rural gadgets as the coal oil lamp, the wood cookstove, and the old-fashioned washboard were on their way into oblivion.

In 1935 only 2 per cent of rural homes in Texas had electricity, while today 81 per cent of Texas farms and ranches put electricity to more than 300 different uses. Texas' 77 rural electric co-ops now serve more than 256,000 rural homes over 104,000 miles of wire, enough to reach four times around the world.

Texas has been a leader in the rural electrification program from the start. The first rural power lines in the country built with money borrowed from the government were energized by the Bartlett Electric Cooperative at Bartlett, Texas, in March, 1936.

Rural power lines spread rather slowly over the state for the first few years. REA provided nothing except technical advice, guidance, and loans to be paid back with interest. Rural people talked it over, organized co-ops, and built more and more power lines as it became apparent that the co-ops were financially practical and would be able to pay back their loans to REA.

Then came the war and rural power lines were built even more

rapidly, for the government realized that rural electrification would have to play a vital role in wartime production of food, replacing the farmers' sons and hired hands who went to war. Rural electric co-ops were given high priorities for construction materials, and the war effort benefitted from the resulting increase in food production.

But rural electrification in Texas is past the stage where the accent is on the extension of lines. It is developing to a point which will create a new problem, arising from an increased farm use of power to create income. In December of 1941, the average power use per farm for that month was 45 kilowatt-hours. In December of 1949, it was 90 kilowatt-hours. The national average is 141 kw. This constantly increased demand for power on the farm eventually is expected to throw an additional strain on Texas' power sources. Even now many suppliers are nearing the limit of their capacity to produce dependable service. Co-op leaders are hoping for new dams to provide more hydroelectric power to meet the increased demand.

Texas' 77 rural electric co-ops now have a monetary value of more than \$125 million. They are owned and controlled by the rural families they serve, and each of them is repaying the loan to the federal government well ahead of schedule.

Knox County Man Is Second Winner in Dairyland Contest

Jack Medford of Knox City has been named winner of the second radio given away in Knox County by Goble's Dairyland, as the result of his entry in the Dairyland contest now in progress.

Winner of the first radio, announced last week was Mrs. William B. Payne, of Munday. Each contest winner receives a Motorola Table-Model Radio.

The final winner will be announced in next week's issue of this newspaper. In addition to the free radio going to next week's winner, an identical radio will also be awarded the grocer named by that winner or his or her entry. Rules of the contest require that each entry be accompanied by the name of the grocer with whom the contestant trades.

Closing date for entries, to be

included in the final judging, is Saturday, May 27th. Entries must be postmarked not later than midnight of that date.

Simple rules for entering the contest may be found in the Goble's Dairyland ad appearing in this issue.

Mrs. A. A. Smith, Mrs. Effie Alexander and A. A. Smith, Jr., spent the first of this week in Houston visiting with Mrs. M. E. Fairman and Mrs. A. A. Smith, Jr. Little Art Smith returned home with them.

Miss Gwynn Lee Smith returned home Wednesday to spend the summer months with her parents, Mr. and Mrs. A. L. Smith, and with friends. She is a student in Baylor University in Waco.

Chrysler Begins Advertising Series

DETROIT—A newspaper campaign described as the biggest and most consistent that has ever been put behind a line of Chrysler cars has been announced by Joseph A. O'Malley, general sales manager, Chrysler Sales Division, Chrysler Corporation.

The campaign will include more than three thousand daily and weekly newspapers from coast to coast, covering practically every Chrysler-Plymouth dealer town that has a newspaper.

The first advertisement appeared May 14th. A second followed the week of May 21, and the series will continue each week during the month of June.

LOCALS

New Varieties Of Grain Sorghums Are Developed

Three new grain sorghum varieties—each selected to meet a definite need, have been developed by plant breeders of the Texas Agricultural Experiment Station and released to certified seed breeders for increase, Director R. D. Lewis has announced.

The Station will have additional seed at the end of this season for distribution through county agents for demonstration plantings in 1951.

The characteristics of the new varieties, as explained by R. E. Karper, agronomist in charge of grain sorghum investigations, and J. R. Quimby, superintendent of the Chillicothe station, are:

Combine Kafir-60—Like Kafir, the stalks are juicy and stand up well in the field. The heavy head is borne on a long stem and stands well above the stalk. The variety is awnless and seed are white with black specks, testing 60 pounds to the bushel. The variety blooms in 60 days from June 1 planting at Lubbock, or about a week earlier than Texas Blackhul Kafir or Plainsman. Combine Kafir-60 was developed by crossing a double dwarf Kafir selection with Texas Blackhul, followed by selecting and backcrossing to the Kafir parent several

times until a pure type of double dwarf adapted to combine harvesting was obtained.

Redbine-60 and Redbine-66—These new seeded varieties are similar except in their maturity. Redbine-60 blooms in 60 days, a little earlier than Martin; Redbine-66 in 66 days, a few days earlier than Plainsman. Both have dry head-stems and rachis, can be combined before frost if desired, and have a long stem so that there are fewer leaves and less stalk to load down the shaker when combining. Both varieties have a brighter reddish-yellow seed color than Martin and have a longer stem, are taller and have better threshability than Plainsman. Redbine-60 has awns, tests 57 pounds to the bushel and is a little surer of production because of its earliness. Redbine-66 is awnless, tests 60 pounds to the bushel and will yield higher under favorable conditions because of its longer growing season. These two varieties were chosen after several years of tests from numerous selections from the progeny of a cross between Martin and a sib of Caprock.

Four ounces of each of the new varieties were distributed to 35 Texas certified seed growers.

Some of the growers have pooled their seed and planted it in Hidalgo County. This crop will be harvested in early June and the seed shipped to the Lubbock area for planting there for fall harvest.

One such pool of 70 ounces of each variety is expected to

NEW HIGHWAY BRIDGE IN WEST TEXAS

Standing against the picturesque hill country in West Texas, this handsome concrete and steel span six miles west of Junction is one of a series of four new highway bridges over the North Llano River and tributaries in western Kimble County. Just opened to traffic, the bridges will serve motorists on the scenic U. S. Highway 290 route between the Austin and San Antonio areas and El Paso. The structures, representing the most up to date in highway bridge design, include three concrete and steel crossings—

300, 800 and 1010 feet in length—and one reinforced concrete structure. All structural steel and cement for the four-bridge project was supplied by U. S. Steel subsidiaries. Virginia Bridge Co. furnished structural steel totaling 950 tons. Universal Atlas Cement Co. supplied 4,650 barrels of Atlas Dura-cement, a special air-entraining cement used to impart to concrete an increased plasticity for proper placement in forms, an improved surface appearance and greater durability in use. The 800- and 1010-

foot bridges replace hazardous low water crossings over the North Llano's shallow stream bed which frequently were closed when waters from its Edwards Plateau watershed fed the quick-rising stream. These are the last low water crossings on U. S. 290 in Texas. General contractors were M. E. Worrell, and Worrell & Watkins, Junction and Dallas, and the project was under the direct supervision of W. N. Hardeman, Texas Highway Department resident engineer.

Mrs. H. F. Jungman, Mrs. W. C. Hertel and Mrs. H. M. Michels were in Wichita Falls last Monday, where Mrs. Michels underwent a medical checkup at the Clinic Hospital.

Mrs. Max Demel and son, and Mrs. Norman Demel and son of Littlefield spent the week end here visiting with relatives.

IT PAYS TO ADVERTISE

From where I sit ... by Joe Marsh

Why "Moose" Changed His Mind

Last week, parents were calling Moose Jackson on the phone—and kids were hooting at him in the streets. All because Moose fenced in his field near the depot, where the kids like to play ball.

Moose got sore the way folks acted—refused to budge. Then Doc Sherman, who likes to play center-field himself sometimes, decided to "use a little psychology."

Over a friendly glass of beer at Andy's Garden Tavern, Doc says, "Sorry this came up, Moose. We were thinking of asking you to umpire—what with your professional

experience and all." (Moose used to play a little semi-pro ball.)

That did it! Next day Moose put up a stile over his fence. In return, the kids promised not to cause any damage. From where I sit, when you try to understand the other fellow's point of view—like his personal preference for beer or coffee—and then take into consideration the will of the majority, why, things seem to go better all around.

Joe Marsh

Touch Of Spring May Be Added To Family Menu

It isn't much trouble and it will not upset the food budget to add a touch of spring to the menu. A clever homemaker with a dash of imagination and a sharp paring knife can work wonders with crisp little radishes, green leaf lettuce, snowy onions and golden carrots, says Ida Belle Allen, County Home Demonstration Agent.

She says the family will enjoy the added touch of color and the nice crisps vegetables are just good tonic for everyone. Here is her suggestion for giving macaroni and cheese a touch of spring. Stir a couple of chopped green onions into the cheese sauce before folding it into the macaroni. She likes to use the whole onions including the green tops.

If only a few spears of fresh, green asparagus are available and you want to share them with the family, the macaroni and cheese casserole makes a good setting for them. She says the cooked spears should be cut into even lengths and folded into the cheese sauce along with the macaroni.

The use of a few crisp green pepper rings on top of the casserole is another good way to perk up the macaroni and cheese. The crunchiness of the pepper is a pleasing accent to the smoothness of the main dish, she says.

Fresh tomatoes, cut in thick slices and placed on top of the casserole before it is baked, add

to the dish.

Crisp relishes served with the macaroni and cheese casserole set it off to good advantage. The color of the relishes plus their crunchy texture is just right for the smooth casserole dish, says Miss Allen.

Here's something different. Instead of making fancy radish roses, try slicing the radishes in thin slices, to within about an eighth of an inch of the underneath side, and then placing them in ice water so they can fan out. Maybe you'd like to try carrot curls for a change. Here is Miss Allen's suggestion for doing the job. Slice the carrots lengthwise and very thin. The potato peeler is an excellent tool for the slicing job. While the slices are still pliable, roll them up and place the curls immediately in ice water.

To get those crunchy celery sticks, she says, cut the small green stalks to a point at each end and then split them in one-eighth inch strips, cut about half way to the center from each end of the stalk. The strips will spread apart when placed in ice water.

Miss Allen says foods deserve a lift and the plentiful supply of spring vegetables from the home garden or the grocery store can be used to add color,

N. A. Howeth and children visited with relatives in Ft. Worth over the week end. Mrs. Howeth returned home with them after several days visit there.

vitamins, minerals and that touch of spring to the family table.

NOTICE OF ROAD BOND ELECTION

THE STATE OF TEXAS
COUNTY OF KNOX
TO THE RESIDENT QUALIFIED ELECTORS OF COMMISSIONERS' PRECINCT NUMBER 3, OF KNOX COUNTY, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID PRECINCT, AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held on the 3rd day of June, 1950, within COMMISSIONERS' PRECINCT NUMBER 3, OF KNOX COUNTY, TEXAS, to determine if said Precinct shall issue bonds, and if an annual ad valorem tax shall be levied annually on all taxable property within said Precinct sufficient to pay the bonds at maturity, and to pay the annual interest thereon, in pursuance of an ELECTION ORDER made and entered by the Commissioners' Court of Knox County, Texas, on the 27th day of April 1950, and which order is in words and figures as follows, to-wit:

ORDER OF THE COMMISSIONERS' COURT ORDERING BOND ELECTION TO BE HELD IN SAID COMMISSIONERS' PRECINCT NO. 3, OF KNOX COUNTY, TEXAS.
THE STATE OF TEXAS
COUNTY OF KNOX

ON THIS, the 27th day of April, 1950, the Commissioners' Court of Knox County, Texas, convened in special session, there being present and in attendance the following members of the Court, at the regular meeting place thereof in the Courthouse at Benjamin, Texas, to-wit:

J. B. EUBANK, JR., COUNTY JUDGE,
G. L. KNIGHT, COMMISSIONER, Precinct No. 1;
L. A. PARKER, COMMISSIONER, Precinct No. 2;
C. A. BULLION, COMMISSIONER, Precinct No. 3;
GEORGE NIX, COMMISSIONER, Precinct No. 4;
and, among other proceedings had, were the following:

There came on to be heard and considered the petition signed by more than fifty (50) of the resident property taxpaying voters of COMMISSIONERS' PRECINCT NUMBER 3, of Knox County, Texas, praying this Court for an order for an election to determine the following proposition:

"WHETHER OR NOT the bonds of COMMISSIONERS' PRECINCT NUMBER 3, a political subdivision of KNOX COUNTY, TEXAS, shall be issued in the total sum of \$35,000, for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof, throughout Commissioners' Precinct Number 3, of Knox County, Texas, and which bonds are to bear interest at a rate not exceeding 3% per annum and are to be payable at such times as may be deemed most expedient by the Commissioners' Court; but not to exceed twelve (12) years from the date thereof; and whether or not ad valorem taxes shall be levied on all taxable property within the said Precinct for the purpose of paying the interest on the said bonds and providing a sinking fund for the redemption or payment thereof at maturity."

AND IT APPEARING to the Court that said petition was presented to the Court, and filed with the Court, on the 10th day of April, 1950, and that it is duly signed by more than fifty (50) resident qualified property taxpaying voters of said Commissioners' Precinct Number 3, of Knox County, Texas; and

IT FURTHER APPEARING to the Court that on said date, to-wit: April 10, 1950, by order duly passed and entered of record, this Court set said petition down for hearing before the Commissioners' Court, at a session thereof to be held in the Commissioners' Court Room in the Courthouse in the City of Benjamin, Texas, on the 27th day of April, 1950, at 10:00 o'clock, A. M., which was not less than fifteen (15) nor more than thirty (30) days from the date of the aforesaid order setting such petition down for hearing; and

IT FURTHER APPEARING to the Court, from the evidence submitted, that notice of this hearing was thereupon given by the County Clerk in the time and manner required by law, and which notice informed all persons concerned of the time and place of such hearing, and of their right to appear at such

hearing and contend for or protest the ordering of such bond election, and further, that the aforesaid notice also stated the amount of the bonds proposed to be issued, and described the boundaries of said Commissioners' Precinct as such boundaries are described and defined in the order of this Court re-defining and re-establishing the boundaries of said Commissioners' Precinct Number 3, passed and adopted on the 24th day of August, 1903, of record in Volume 2, Page 319, et seq., of the Minutes of the Commissioners' Court of Knox County, Texas; and

IT FURTHER APPEARING to the Court, and the Court so finds from the evidence submitted, that the Clerk of this Court, pursuant to the order setting said Petition down for hearing, posted and published the notices of such hearing in the time and manner required by law; that is to say—

(a) The County Clerk and Ex-Officio Clerk of the Commissioners' Court of Knox County, Texas, executed said notice by posting true copies thereof in the following three public places within COMMISSIONERS' PRECINCT NUMBER 3, OF KNOX COUNTY, TEXAS, to-wit:

ONE COPY on Post, front of New's Service Station, Gilliland, Texas,
ONE COPY on Post in front of Cafe, Truscott, Texas.

ONE COPY on post in front, or corner Bates Grocery, Truscott, Texas

(b) That the said County Clerk also posted a true copy of such notice at the door of the County Courthouse of Knox County, in the City of Benjamin, Texas.

(c) That each and all of the three copies of the notice of hearing were posted by the County Clerk at the three public places in said Commissioners' Precinct above described, on the 11th day of April, 1950; that each of said places was a public place in said Commissioners' Precinct; and that each of the notices posted at said places was posted in a conspicuous position; that each of said places was accessible to the public; and that each of said notices so posted at each of said places was posted so as to be easily visible to the public;

(d) That the copy of the notice of this hearing, posted by the County Clerk at the Courthouse door, as aforesaid, was posted on the 11th day of May, 1950, and that such notice was posted at said place so as to be easily visible to the public, and

(e) That the said County Clerk also caused said notice of hearing to be published in THE MUNDAY TIMES, which is a newspaper of general circulation in Commissioners' Precinct Number 3, of Knox County, Texas, and published in said Precinct in the City of Munday, Texas, and which said notice was published in said newspaper on the 13th day of April, 1950, which date was at least five (5) days prior to hearing set for the consideration of such petition.

AND WHEREAS, on this the

27th day of April, 1950, and being the date set for hearing said petition, the said petition came on to be heard and considered in regular order; and

WHEREAS, it appearing to the Court that if said bonds are voted and issued, the money received from the sale thereof will be applied to the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, throughout Knox County, Texas, Commissioners' Precinct Number 3; and

WHEREAS, it appearing to the Court from evidence submitted that the amount of \$38,000 will be needed for the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof, within said Commissioners' Precinct; and

WHEREAS, IT APPEARING TO THE COURT that it is necessary and desirable to increase the amount of the proposed bonds to be issued to the sum of \$38,000;

NOW, THEREFORE, on this the 27th day of April, 1950, the Commissioners' Court of Knox County, Texas, in special session, as aforesaid, by reason of investigations carefully made, and from all facts found and evidence submitted at such hearing, finds, and IT IS THE ORDER AND JUDGMENT OF THIS COURT:

(1) That the petition for said bond election is signed by more than fifty (50) of the resident qualified property taxpaying voters of COMMISSIONERS' PRECINCT NUMBER 3, OF KNOX COUNTY, TEXAS, and who had duly rendered their property for taxation.

(2) That due notice of the hearing had on such petition has been issued, made and given in the time and form and manner required by law.

(3) That it is necessary and desirable to change the amount of bonds proposed to be issued to the amount of \$38,000.

(4) That the proposed improvements will be for the benefit of all taxable property situated within the boundaries of said COMMISSIONERS' PRECINCT NUMBER 3, OF KNOX COUNTY, TEXAS.

IT IS, THEREFORE, FURTHER CONSIDERED AND FOUND BY THE COMMISSIONERS' COURT OF KNOX COUNTY, TEXAS:

I. That an election shall be and is hereby ordered to be held within COMMISSIONERS' PRECINCT NUMBER 3, OF KNOX COUNTY, TEXAS, on the 3rd day of June, 1950, and which date is not less than thirty (30) days from the date of this order, at which election the following proposition shall be submitted:

"WHETHER OR NOT the bonds of COMMISSIONERS' PRECINCT NUMBER 3, a political subdivision of KNOX COUNTY, TEXAS, shall be issued in the total principal sum of \$38,000, for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof, throughout Commissioners' Precinct Number 3 of Knox County, Texas, and which bonds are

to bear interest at a rate not exceeding 3% per annum, and are to be payable at such times as may be deemed most expedient by the Commissioners' Court, but not to exceed twelve (12) years from the date thereof; and whether or not ad valorem taxes shall be levied on all taxable property within the said Precinct for the purpose of paying the interest on the said bonds and providing a sinking fund for the redemption or payment thereof at maturity."

II. IT IS FURTHER ORDERED that said election shall be held under the provisions of the laws of the State of Texas, particularly Chapter 16, of the General Laws of the State of Texas, passed by the Thirty-sixth Legislature, at its First Called Session in 1926, and amendments thereto.

III. IT IS FURTHER ORDERED that all persons who are legally qualified voters of this State, and of this County, and who are resident property taxpaying voters in COMMISSIONERS' PRECINCT NUMBER 3, OF KNOX COUNTY, TEXAS, and who have duly rendered their property for taxation, shall be entitled to vote at said election.

IV. IT IS FURTHER ORDERED that the ballots for said election shall be prepared in sufficient number and in conformity with House Bill Number 357, passed by the Fifty-first Legislature in 1949, and that printed on such ballots shall appear the following proposition:

"FOR THE ISSUANCE OF BONDS AND THE LEVY OF AD VALOREM TAXES IN PAYMENT THEREOF,"
"AGAINST THE ISSUANCE OF BONDS AND THE LEVY OF AD VALOREM TAXES IN PAYMENT THEREOF."

V. The polling places and the officials of said election shall be as follows:

Voting Box 2—Polling Place, at Caram Bldg., Truscott, Texas; Election Officials: J. C. Black, Presiding Judge; J. G. Adcock and J. C. Browder, Clerks.

Voting Box 3—At Schoolhouse, Gilliland, Texas; A. T. Brumley, Presiding Judge; Arnold Navratil and W. T. Cook, Clerks.

VI. IT IS FURTHER ORDERED that the manner of holding such election and canvassing and making returns thereof, shall be governed by the General Laws of the State of Texas, when not in conflict with the provisions of Chapter 16, of the General Laws passed by the Thirty-ninth Legislature at its Called Session in 1926, and amendments thereto.

VII. IT IS FURTHER ORDERED

that notice of said election shall be given by publication of a copy of this order in THE MUNDAY TIMES, a newspaper published and having a general circulation in COMMISSIONERS' PRECINCT NUMBER 3, for three successive weeks before the date of said election, and, in addition thereto, there shall be posted other copies of this order at three public places in said COMMISSIONERS' PRECINCT NUMBER 3, and also at the door of the County Courthouse in the City of Benjamin, Texas, and all of which notices shall be posted for three consecutive weeks prior to said election.

The County Clerk is hereby authorized, ordered and directed to post and publish notices of said election as hereinafter directed, and further orders are reserved until the returns of said election are made by the duly authorized election officers and received by this Court. The duties herein imposed upon the Clerk may be performed by said Clerk or by Deputy, as provided by law for other similar duties.

The above order having been read, it was moved by Commissioner Bullion, and seconded by Commissioner Parker that it be passed. Whereupon, the question being called for, the following members of the Court voted "AYE": Commissioners Knight, Parker, Bullion and Nix; and none voted "NO".

WITNESS THE SIGNATURES OF THE MEMBERS OF THE COMMISSIONERS' COURT OF KNOX COUNTY, TEXAS, this the 27th day of April, 1950.

J. B. EUBANK, JR.,
County Judge, Knox County, Texas

O. L. KNIGHT,
Commissioner of Precinct No. 1

L. A. PARKER,
Commissioner of Precinct No. 2

C. A. BULLION,
Commissioner of Precinct No. 3

GEORGE NIX,
Commissioner of Precinct No. 4

The above and foregoing NOTICE is issued and given by me pursuant to authority conferred by the above and foregoing order of the Commissioners' Court of Knox County, Texas, and I HEREBY CERTIFY that the above and foregoing is a full, true and correct copy of the order of said Court, ordering said bond election, and also the Minutes showing the passage thereof.

WITNESS MY HAND WITH THE SEAL OF THE COMMISSIONERS' COURT affixed, this the 27th day of April, 1950.

M. T. CHAMBERLAIN,
County Clerk and Ex-Officio Clerk of the Commissioners' Court of Knox, County, Texas.

(Com. Court Seal) 404tc

Tom Price spent several days last week in Waco visiting with Mr. and Mrs. Dick Price and daughter, Charlotte.

Mr. and Mrs. Ralph Geddie of Dallas were visitors in the Stanley Wardlaw home over the week end. They also visited other relatives and friends while here.

Mr. and Mrs. Dan Billingsley and children of Odessa visited with Dan's parents, Mr. and Mrs. M. F. Billingsley, and with relatives in Goree over the week end.

OFFERS TO PAY FRIENDS IF HADACOL DOESN'T HELP

HADACOL HELPS SUFFERERS OF VITAMIN B₁, B₂, NIACIN AND IRON DEFICIENCIES

Mrs. Wallace tells her granddaughter, Maynell Wallace, over the phone how HADACOL brought relief to her.

Mrs. Belle Wallace, 449 Formwalt St., S. W., Atlanta, Ga., is so grateful to HADACOL for the blessings it has brought her that she has recommended HADACOL to a number of her friends. She told them she would pay for their bottles of HADACOL if it didn't help them. She explains with a smile that she hasn't had to pay any of her friends, because HADACOL has helped them.

Mrs. Wallace, who is 74 years old, has five children, seven grandchildren and two great-grandchildren. She was suffering from a deficiency of Vitamins B₁, B₂, Niacin and Iron, which HADACOL contains.

Mrs. Wallace said: "I couldn't sleep or eat until I started taking HADACOL. I'd lie awake and toss and turn until the small hours of the morning. I was highly nervous. I couldn't even thread a needle. But, since I've been taking HADACOL, my nerves are as steady as can be. I couldn't eat because when I did my stomach would puff and bloat and fill with gas. I am on the 7th bottle of HADACOL and my stomach is so much better."

Appetite Good
"I have a good appetite and my stomach does not bloat or fill with gas. I sleep like a log. I have recommended HADACOL to a number of friends and have told them that if it didn't help them, too, I'd pay for it, but I didn't have to because HADACOL did help them. HADACOL has 'done me more good than anything I have ever taken.'"

© 1950, The LeBlanc Corporation

Why Be Satisfied With Temporary Relief?

HADACOL also helps build up the hemoglobin content of your blood (where Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body—to the heart, liver, kidneys and lungs—even to the eyes, hair and nails—to help repair the damage that such a deficiency may be causing there. Countless thousands are benefiting from HADACOL. Why don't you give it a chance to help you? Why continue to suffer? Remember, HADACOL doesn't give temporary relief. Instead, it treats the real cause of your illness when, as so often, it's due to such deficiencies. That's why it's so effective; that's why it is accomplishing such amazing results.

You'll Feel Great . . .
... with the first few bottles you take, or your money back. There is only one HADACOL and it is sold on a strict money-back guarantee. So give this remarkable HADACOL medicine a chance to help you. It's never too late to start taking HADACOL. Many who despaired of improvement found that HADACOL was almost like a miracle for them. Remember that HADACOL is amazingly different and amazingly effective because it treats the real cause of deficiencies of Vitamins B₁, B₂, Niacin and Iron. Make up your mind to take HADACOL regularly. Refuse substitutes. Insist on the genuine. You can't lose a cent, because it's sold on a strict money-back guarantee. Only \$1.25 for Trial size. Large Family or Hospital size, \$3.50.

Statement of driller for an independent oil producer, South Texas, on file at Humble Oil & Refining Company, Houston, Texas.

"Humble sure rang the bell with Esso Extra motor oil"

Thank you, sir; other users of Esso Extra motor oil confirm that statement.

Thousands of Texas motorists have changed to the extra protection of Esso Extra motor oil. Their demand for Esso Extra's unique cleaning, cooling and lubricating qualities recommend Esso Extra to you. . . It is, in fact, the best motor oil you can buy—the only motor oil that combines detergent-dispersive action with superior wetting ability, anti-oxidizing quality and highest viscosity index. Use an oil that users recommend. Drain and refill with the out-standing new motor oil of the post-war years. . . Humble Oil & Refining Co.

Knox Prairie Philosopher Proposes Brand New System Of "Undertime" Pay To Eliminate Embarrassing Surplus

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek comes up with another strange idea this week, as the following letter reveals.

Dear editor:
I was out here the other afternoon givin' some serious thought to my agricultural program for this year, it ain't no

matter to be taken lightly or entered into hurriedly, as it seems pretty obvious that lack of thinkin' coupled with over-work has brought on the present embarrassing farm surplus.

The way I see it, if more farmers had been thinkin' more and workin' less, we might have been confronted right now with a good old-fashioned scarcity and prices could stay high without any government help. Personally, I wash my hands of any responsibility for all these surpluses. Can't pin it on me. Many's the time when I was confronted with the greedy urge to get in my field and start plowin', but I always put the welfare of the country ahead of myself and wandered off in the pasture and spent the day thinkin'.

As a result of this thinkin' I have figured out a way to keep this country from buildin' up these embarrassin' surpluses. As I see it, the country has been puttin' too much store by over-time. It's workin' over-time that builds up a surplus, don't make no difference whether it's cotton or corn or rice or automobiles or clothes pins or B. B. guns. Now under the present system, people get paid for over-time, which is a vicious incentive for building up price-ruin surpluses.

What this country needs is a system of extra pay for under-time. Anybody can see this over-time system merely leads to bigger and bigger surpluses and since everybody knows by now it's the government's job to see that everybody stays properous why not adopt my system? It's simple. Say I'm toyin' with the idea of goin' to the field this afternoon and plowin'. Instead, I apply for under-time, forget the field, go fishin', and help hold the surplus down. It seems to me a lot simpler to pay a man for under-time instead of payin' him for over-time. It's easier on the man and his equipment and the government saves the expense of storin' the surplus.

Yours faithfully,
J. A.

Mr. and Mrs. R. W. Berry of Throckmorton were visitors in Munday last Sunday.

New Name, More Awards In 4-H Dairy Program

CHICAGO — Announcement has been made by the National 4-H Club Committee of changes in the name and awards of the 4-H Dairy Production program.

Now named the National 4-H Dairy Achievement program, awards have been increased to a maximum of four sterling silver medals for winning members in each participating county. The State champion's award will be a gold watch.

Sectional awards also have been increased to twelve educational trips to the National 4-H Club Congress in Chicago. The national awards remain the same—six \$300 college scholarships. All awards are provided by Lederle Laboratories division, American Cyanamid Company.

Texas has accepted the program for 1950, which will be conducted under the direction of

the Cooperative Extension Service.

Among the program's objectives is to help 4-H Club members understand the full meaning of cleanliness, sanitation and animal health as applied to the production and care of milk and dairy products. The participants are encouraged to practice these

Lt. Col. Jones Holds Key Job At Air Transport

Lt. Col. Paul C. Jones, son of Mrs. Ed Jones of Goree, is holding a key post with air transport groups on maneuvers in North Carolina. Jones is stationed in Massachusetts. The following article taken from "The Airliner" tells of the work of this group:

ATLD Hq.—Three prominent Westover officers have been named to key posts of the Strategic Air Transport Staff, aerial force scheduled to operate this week end in the Camp-Mackall, N. A. area as part of Exercise

Swarm.

Col. Gibson E. Sisco, Jr., deputy chief of staff for Operations Atlantic Division, was scheduled to serve as chief of staff, Air Transport Force. Lt. Col. Paul C. Jones, commanding officer of the 1600th Air Transport Group, is heading the maneuverer's 1600th Air Transport Group, which includes aircraft supplied by Westover's 1251st and 1253rd Air Transport Squadrons. Capt. Harry T. Badger, commander of Navy's Air Transport Sq. V-G, here, is acting as CO of the 1700th Air Transport Group, another element of MATS' contribution of the 60,000 man exercise.

During the absence of these officers their Westover assignments are being filled by Lt. Col. J. M. Johnson, Lt. Col. J. Mantoux and Commander A. Y.

Medicine King

SENATOR DUDLEY J. LEBLANC

HADACOL sales or shipments have reached the amazing total of 5,000,000 bottles since January 1, more of any one tonic than has ever been sold in so small an area in so short a time.

Senator Dudley J. LeBlanc, Founder and President of the LeBlanc Corporation, Lafayette, Louisiana, makers of HADACOL, said the sales and shipments would have been far greater if his company could have obtained enough material to meet the demands.

"We have been several hundred thousand bottles behind in shipments since January 1," said Senator LeBlanc. "It looks like we just cannot catch up because every time we increase production the demand increases."

Senator LeBlanc credited the South's heaviest newspaper schedule with much of the success of HADACOL.

Paranak, respectively.

A total of 22 aircraft from this base forms part of a stream of military transports scheduled to shuttle troops and supplies into a "beachhead" at a tempo equal to that of last year's Berlin Airlift—one plane arriving every three minutes.

The maneuver scheme generally assumes that aggressor forces have invaded the U. S. after landings made in the vicinity of Wilmington, N. C., and are advancing inland toward the Winston-Salem industrial areas. To repel this advance, the U. S. is assembling 60,000 troops and is attempting to establish an airhead in territory already overrun by the enemy units.

Through the airhead it is necessary to push combat troops, their weapons and 26,000 tons of equipment and supplies. Westover transports will be part of a total of 200 aircraft shuttling into the maneuver area.

Mr. and Mrs. Oscar Spann and Bera Faye attended the baccalaureate services for the Texas Tech seniors in Lubbock last Sunday night. They also attended the commencement exercises on Monday night. Their son-in-law, Conrad Link, was one of the many to receive his degree.

Mr. and Mrs. Clyde Followell and Brenda of Borger were week end visitors in the home of Mr. and Mrs. L. B. Patterson, Jr. and other relatives.

Mr. and Mrs. Alton Williams of Fort Worth spent the past week end here visiting Mr. and Mrs. A. E. Bowley.

Wellington Man Drowns Monday In Lake Kemp

The waters of Lake Kemp gave up its latest victim at about 5:30 a. m. Wednesday morning, when the body of O. D. Holton, 55, well known agent for Continental Oil Co., at Wellington, was recovered.

Dragging operations had been under way at the lake, about three miles from the Seymour Chamber of Commerce camp, since Holton was thrown from his boat Monday afternoon. The body surfaced Wednesday morning not far from the spot which had been marked as the scene of the tragedy.

Holton disappeared from his speeding motorboat Monday afternoon, and witnesses said his boat tipped sideways and then righted itself to continue on without an occupant. The light aluminum craft, driven by a 10-horsepower motor, beached near the victim's cabin.

Mr. and Mrs. Charles Haskin and son of Goree were witnesses to the tragedy. They heard cries for help and went to the scene but found no trace of Holton. A hat, cigarettes and oars were floating on the surface.

A large number of men, including several from Munday, aided in the search.

The body was returned to Wellington for funeral services. Holton is survived by his wife, daughter, Mrs. W. H. Goulson of Quanah; four sons, John nad O. D., Jr., of Wellington, Rayborn of Muleshoe and Lawson Holton, student at the University of Oklahoma; two brothers, Homer Holton of Wellington and Tom Holton of Childres; and a sister of Abilene.

Mrs. Joe U. Stevens and Alan of San Antonio are here for an extended visit with Mr. and Mrs. E. Y. Johnson and Mr. and Mrs. Cal Stevens and other relatives.

Sied Waheed of Lubbock was here the first of this week, visiting with friends and attending to business matters.

Mr. Cavalier In Munday Recently

Tall, handsome and dressed in a costume representing one of the most romantic periods in history, Mr. Cavalier arrived here last Thursday. Mr. Cavalier headed a friendly force of several automobiles bearing banners heralding R. J. Reynolds's Tobacco Company's new, extremely mild king-size Cavalier cigarettes.

Following the parade, Mr. Cavalier dismounted from his unique musical car and mixed with crowds in the shopping district. He dispensed complimentary Cavalier cigarettes to the curious among whom were many members of the fair sex who frankly admired the young gentleman.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Lloyd Brazzell of Munday are the parents of a daughter born at the Knox County Hospital on May 6th. Mother and little daughter are doing nicely.

Mrs. R. A. Clements left Wednesday for Brady where she is visiting Mr. and Mrs. James L. Lawliss for several days.
