

Kracker Krumb's Odd Bits Salvaged At Random

(By Aaron Edgar)

Well, here's gravel in your eyes—both of them!

Last week, it would have been mud in your eyes, but this week it's gravel.

Which means there's lots of gravel in places in Munday—the gravel base for our paving project.

Gravel trucks have been hauling away for several days, and it won't be long now until there'll be some hard topping poured.

And won't that be just dandy?! We'll feel well imbursed for the inconvenience of "mudding our way" homeward, or wherever we wanted to go, during the July rainy spell.

Some of our streets were not just impassable during a period of about a week—they were impossible, too.

People in the southwest part of town would make it, maybe, on one street coming to work; then worry all the while how to get home, being afraid to try that route the second time.

Jim Harpham was in town one night and threatened to put up at a hotel, rather than try to make it home. Streets could barely be traveled in daytime; but at night, snucks!

"How do we go to get home, now?" asks Weldon Smith of Winston Blacklock on election night, as Weldon and family returned from Wichita Falls.

Winston directed him, but we've been afraid to ask ever since whether Weldon got home without getting stuck.

But all of that worry will be "water over the pavement" when our paving job is completed. And that will make it all a heap much nicer.

Which reminds us that the boys out the Smith, Harpham, Blacklock, Smith, Lee and Billingsley way have a street fixing project all of their own in the offing.

We learned of it Monday, and they'll have an outlet from home to the pavement. This project can't be paved, but it'll be gravelled, and made passable.

It commences at Pop Davy's place. If you don't know where Pop Davy lives, the project likely won't be clear to you.

If you want it cleared up, go by and ask Pop where he lives, and this is where the graveled street goes:

By the side of Pop's place, a block or so westward; thence south two or three blocks, to run in front of the homes of those boys mentioned above.

They're having the mud holes filled in now. Then a grade will be built up, giving them a sort of drainage as an outlet for flood waters.

Then a deal has been made with Commissioner George Nix whereby this stretch will be graveled. And, mister, that's the next best thing to paving. It'll eliminate the worry of how to get home, or away from home.

It seems some have interpreted our criticism of Munday's slowness in getting our primary election returns in as criticism of inefficiency of our election officials and helpers.

This was not our purpose, and we think our statements were misinterpreted. At least we certainly did not intend them to mean our people helping in the election were inefficient.

We stated last week: "We're not minimizing the efforts of our election officials or their helpers, because they did a good job and just as fast a job as accuracy would permit." Certainly the count has to be accurate.

Our election judges selected efficient people to help with the election—that no one has a doubt. We doubt if more efficient helpers could be found anywhere.

Nevertheless the count was slow, which was made necessary by the long ballot—and this could not be remedied by any election judge or his helpers. The fact that Munday's boxes were the last to get the votes counted was due to the heavy vote in these boxes.

Which still bears out our belief that larger boxes need two sets of callers and tally clerks, making the ballot count twice as fast.

The idea of draining the town will be the topic of discussion over (Continued on last page)

1948 Agricultural Program Shaping Up For County

Plans and provisions of the 1949 Agricultural Conservation Program are "shaping up," so that farmers of Texas will not be delayed in making their conservation plans for the coming year. According to B. F. Vance, Chairman of the State PMA Committee, the 1949 National Outline, approved by the Secretary of Agriculture, has been received. The National Outline is made up of practices recommended by State PMA and County Agricultural Conservation Committees after the advise and assistance of soil and crop specialists of State and Federal Agricultural Agencies. State PMA Officials, soil and crop specialists of State and Federal agricultural Agencies met with County Agricultural Conservation Committees and Administrative Officers in the State PMA Office in College Station July 19, 20, and 21 to review the National Outline and to develop the State Agricultural Conservation Program for 1949.

The Conservation practices for 1949 have been re-grouped under six major objectives which focus attention on the soil and water problems the practices are to help correct. The first objective is "Practices to Protect Farm Soil from Erosion by Wind and Water". In this group are such practices as the construction of dams, terraces, sod waterways, farming on the contour, strip-cropping and planting trees.

Other practices are grouped under the following objectives: "Developing Cropping Systems to Restore and Maintain Soil Productivity," "Practices to Restore and Maintain Sustained Yields on Range and Pasture," "Practices to Conserve and Obtain Efficient Use of Irrigation Water." Forestry and drainage practices are the other groups.

In 1949 there will be an increased emphasis on local use of the program to meet specific and "most serious" conservation problems. County committees will be encouraged to "push" practices which are most needed in meeting local problems. In instances this will mean the introduction of practices which are not well known in the county or community and which need added assistance to get them started.

Six From County In Summer School At Hardin-Simmons

Abilene—Three persons from Munday and three from Goree are attending the second term of the current summer sessions at Hardin-Simmons University, it has been announced.

Munday residents taking advantage of the short terms are Mrs. Irene Bardwell, a senior student; Mrs. Sue Partridge Meeks, senior; and Cooper Rutherford, also a senior. Rutherford is a son of Mr. and Mrs. J. W. Rutherford of Munday.

Persons from Goree at H-SU this six weeks are Mrs. Frances Akins, Mrs. W. M. Taylor, and Mrs. Ava Thiebaud, all seniors.

Only one more term remains during the current summer sessions, a three weeks course from August 20 to September 9.

Registration for the 1948-49 school year begins near September 16 when Hardin-Simmons, the oldest institution of higher learning between Fort Worth and Los Angeles, starts its 57th annual session.

Local Boys Leave For Armed Service

Seven local boys left last Monday for Camp Hood, Texas, and San Antonio where they will receive training in the Air Corps and the United States Army.

R. L. Trammel and Norvell Johnston will receive training in the Air Corps at San Antonio, while Kelson Tidwell, Delbert Montgomery, Curtis Gollehon, Joe Frank Bowley and Gary Reid, Jr., will receive training in the United States Army at Camp Hood.

C. D. A. Installs Temporary Office

A temporary office for the Community Development Association has been established in the office of Production Credit Association. Miss Gwynna Lee Smith has been employed as office secretary.

The organization will work from this setup until another office can be secured. Directors are planning to employ a full-time secretary as soon as possible.

A telephone is being installed in the temporary office, and everyone is to call for the Community Development Association regarding business matters of the organization.

KNOX LODGE TO HAVE CALL MEETING MONDAY

Officers of Knox Lodge No. 851, A. F. & A. M., have called a special meeting for Monday night, August 9, at the lodge hall.

Work in the Entered Apprentice degree will be featured at this meeting. All Masons have a cordial invitation to attend.

Encampment Of Club Women Is Held July 28-29

Knox-Haskell Counties held their annual Home Demonstration Club Encampment on July 28 and 29th at the Baptist Encampment Grounds at Leuders. Registration, with Mrs. F. L. Montandon in charge, began at 3:00 and 81 members and guests registered. The theme of the Encampment this year was, the "Good Neighbor" policy, and the planning committee carried this out through the entire encampment. Cabins were named after countries and each woman had two new "Good Neighbors" to get acquainted. Songs and games played were also centered around this idea.

Following registration, and a swim, the group gathered for assembly with Mrs. J. C. McGee in charge, to get acquainted. Highlights of the night program were games directed by Mrs. Homer Martin, Gilliland and Stunts by each club in the counties. Gilliland Club won first prize with "Too Many Boy Friends." Mrs. Lee Snailum, Benjamin Club, had charge of serving a watermelon feast after the program.

The morning was devoted to Exhibits and Crafts, under Mrs. H. P. Gillespie, Truscott. The women made cedar door-steps by peeling, sanding and treating lengths of cedar with hot linseed oil and finished them by bluing on felt pads to protect the floors.

After completions of the crafts, a business session was held with Mrs. J. C. McGee, vice-president, presiding; Mrs. Lee Snailum as secretary. The presiding officer for next year will be Mrs. Jim Farrin, of Josselott Club.

Everyone felt that the encampment was a worth-while one, and agreed that the motto "To have a Neighbor, Be a Neighbor" was very well fitted.

Deadline Near On Filing Claims On Overseas Deaths

August 9, 1948, is the last day for filing claims for lump-sum death benefits under the Social Security Act on account of the death outside the United States of a qualified individual after December 6, 1941, and before August 10, 1946. According to Erton F. Tate, Manager of the Wichita Falls office of the Social Security Administration, any such claims filed after that date cannot be paid.

Tate pointed out that Congress amended the Social Security Act in August 1946 to give special consideration in those cases, where servicemen or civilians died outside the United States during and immediately following World War II by extending the legal limit of two years as provided by law. However, the extension was for two years from the date of the amendment and it expires on August 9, 1948.

The survivors of civilians and servicemen, who died overseas and who had earned wages in employment covered by the Social Security Act, are urged by Tate to inquire as to possible benefits before the deadline. The office located at 412 Post Office Building in Wichita Falls will render all possible assistance.

Many Farmers Use Poison On Cotton Insects

The fight on cotton insects is going on strong in the fields of farmers of this area, as they work to protect the cotton from the ravages of various types of cotton insects.

Sale of spray formulas has been brisk for the past two weeks, according to those who handle the poison.

Spraying is being done against the insects that infest local cotton fields, principally the flea hopper, the boll worm and the leaf worm.

Several spraying machines, which spray the fields on a commercial basis, are now in operation in this area. With present prospects very bright for another bumper cotton crop, farmers are doing "everything in the book" to insure a good yield.

VISIT IN TENNESSEE

Mr. and Mrs. E. H. Mullican and Jo Nell, Mr. and Mrs. John Fruehwirth and daughter, Mr. and Mrs. Elmer Cude and children, Betty Carolyn Morrow and Marie Howeth are spending this week with relatives in Jackson and Bells, Tennessee. This is their annual vacation trip.

HAS OPERATION

Mrs. E. B. Littlefield underwent a major operation at the Knox county hospital last Friday. She is getting along nicely, according to latest reports.

Gets Nationwide Recognition

NEW YORK—A salute to the country's garment industry, as personified by one of the youngest and most successful dress manufacturers, Henry Rosenfeld, above, was aired by the U.S. Chamber of Commerce June 29, on its weekly program "Let Freedom Ring" over the entire ABC network.

Henry Rosenfeld, who in the short space of 6 years has become a byword to American women for dresses that are chic, expensive-looking and yet retail under \$25, is the 37-year-old manufacturer who brought up Fifth Avenue to Main Street. The story of his life, the strenuous rags-to-riches haul which has made him the world's largest manufacturer of dresses in his price line, was dramatized on the special broadcast. The program originated from Rosenfeld's showroom, in the heart of New York's garment center.

Jack Jones Gets His Commission As 2nd Lieutenant

Fort Belvoir, Va.—At an impressive retreat review today marking the end of the Engineer ROTC 1948 summer camp, Jack D. Jones, of Munday, Texas, who is attending Texas Technological College received his Second Lieutenant's commission in the Engineer Reserve from Major General Douglas L. Weart, Commanding General, The Engineer Center and ROTC Camp Commander. The graduation program was part of the final parade of ROTC cadets in one of the nation's largest summer camps which trained cadets from forty-eight colleges and universities in thirty-one states.

Idol Nominated On Draft Board In Three County Area

Jack Idol of Benjamin was recently nominated as a member of the local draft board, which will serve the three-county area of Knox, King and Baylor counties. Nomination was by Gov. Beauford Jester, who also nominated members for 136 Texas draft boards with recommendations for their appointment by President Truman.

Mr. Idol, well known Knox county rancher, served on the draft board during inductions in World War II.

Goree Girls Are On Honor List

Denton—Alta Burton and Gloria Murdoch of Goree are among 1176 students at North Texas State College who are on the dean's honor list for the first six weeks of the summer session.

To be eligible for the dean's list, a student must be at least of junior standing and have a "B" average with no grade less than "C" on at least 18 hours work during the last semester. Students on the list are exempt from usual class absence penalties.

Munday To Ask Drainage District On August 9th

Knox County Commissioners court will act at 10 a. m. August 9 upon a petition by Mayor W. R. Moore and 56 other citizens for creation of a drainage district for Munday.

The petitioners previously appeared before the court in June but withdrew their request after farmers in the vicinity of Munday registered a vigorous protest against their properties being included and a new district embracing only properties within the corporate limits are defined.

For years Munday has suffered considerable property loss from high water from heavy rains south and southeast of the city flowing into main streets. Years ago high water damaged stocks of goods in stores.

The district would enable construction of a division channel to carry flood waters around the city, it was stated.—Abilene Reporter News.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Joe Lane are announcing the arrival of a son born at the Knox county hospital last Sunday evening, August 1. The boy has been named David Michel and weighed five pounds. Both mother and little son are reported doing nicely. Grandparents are Mr. and Mrs. Ed Lane and Mr. and Mrs. E. Y. Johnson of Munday.

Revival Opens On Wednesday At Local Church

Minister D. L. Ashley and members of the Church of Christ of Munday announce this week that their annual revival meeting will open on Thursday, August 12, continuing through Sunday, August 21.

Wilburn Dennis, evangelist, who conducted the meeting here last year, will return to do the preaching for this meeting. His messages were well received last year, and many Munday people will be glad to learn that he will lead this year's meeting.

Tom Morton of Munday will serve the church as song leader. Services will be held twice daily, at 10 a. m. and at 8:15 p. m. Morning services will be held in the air-conditioned church building, while evening services will be out in the open, on the church lawn.

The public is extended a cordial invitation to attend each and every service of the meeting.

Spraying Kills Many Weeds In Panhandle Area

Three hundred and forty acres of bindweeds were sprayed with 2, 4-D on 22 Gray county farms during May with one county owned sprayer, reports County Agent Ralph R. Thomas.

The 150 gallon sprayer was mounted on a pickup truck equipped with low volume nozzles. With 30 pounds pressure and a speed of four and a half miles per hour, the solution was applied at the rate of 10 gallons per acre.

Last year, Thomas pointed out, the two county sprayers—one 150 gallon tank and one 200 gallon tank—only sprayed 220 acres during the summer. And about half of this had two sprayings. Three hundred gallons of 2, 4-D to the acre was sprayed on the first time, and 100 gallons the second.

"We are using the same amount of 2, 4-D per acre that we used last year, but this year we are using high pressure nozzles and using only 10 gallons of water," said Thomas. "Last year we spent most of our time hauling water. This year we spent most of our time spraying bindweed.

"So far, the results of this spraying appear to be as good or better using the low volume, high concentration spray."

Masons To Honor Grand Master At Meeting At Bowie

Master Masons of the 91st Masonic District of Texas, including the local lodge, have been invited to a barbecue and homecoming on historical Queen's Peak, near Bowie, on Monday evening, August 16, when the 86th district will honor H. K. Jackson, Grand Master, and H. M. Craig, Deputy Grand Master of the Grand Lodge of Texas. Both men are natives of Montague county.

Grand Master Jackson, now of Gatesville, became well known here during the years he made his home at Seymour. Craig, who grew up in Masonic Home, was born at Bowie, but now makes his home in Fort Worth.

The 91st district includes lodges of Throckmorton, Haskell, Seymour, Munday, Knox City, Rule, Woodson, Benjamin, Rochester and Goree. The district represents a total membership of 962 Master Masons.

All grand lodge officers, including district deputy grand masters, have been invited. In addition to special invitations to the 106th district, approximately 75 other lodges of North and West Texas have been invited to what is planned as the biggest affair ever held by Masons of the area. The invited list of lodges represents a total membership of 10,000, and as many as 2000 are expected to attend.

Registration will begin at five o'clock, with the barbecue to begin at six. The open-air, tiled lodge program will get underway at eight o'clock. The two grand lodge officers, in whose honor the meeting is planned, will address the gathering.

Queen's Peak is famous for the part it played during the Indian fighting days. Being 1189 feet high, it provided an ideal spot for lookouts against approach of trouble-making Indians. A number of eventful battles were fought there.

Mr. and Mrs. Hal Fairman of Christoval were here the first of this week for a visit with their son-in-law and daughter, Mr. and Mrs. A. A. Smith, Jr., and other relatives and friends.

Mr. and Mrs. Clayton Bridge of Dickens visited with W. J. Bridge and Mr. and Mrs. Aaron Edgar last Friday.

Last Rites For M. J. Schumacher Held Thursday

Funeral services for Martin J. Schumacher, well known resident of the Rhineland community for many years, were held at 8 p. m. Thursday from St. Joseph's Catholic church in Rhineland. Services were conducted by Rev. Fabian Dierring, O. S. B., pastor.

Mr. Schumacher passed away at 3:38 p. m. Tuesday, August 3, at a Wichita Falls hospital, succumbing to a cerebral hemorrhage. He had been taken to the hospital for treatment several days earlier.

Born at Netphen, Germany, on May 23, 1874, Mr. Schumacher was 74 years, two months and 20 days of age. He came to the United States as a young man, and was engaged in farming in the Rhineland community for many years. He had retired from active work a few years ago.

Mr. Schumacher was regarded as a good man, a good farmer and a community booster.

He is survived by his wife, Mrs. Mary Schumacher of Rhineland; four daughters, Mrs. John Brown, Mrs. Ann Urbanczyk, Mrs. Joe Brown, all of Rhineland, and Mrs. Leo Herring of Amarillo; 22 grandchildren; a brother, August Schumacher, and a sister, Mrs. Peter Lorant, both of Rhineland.

Burial was in the St. Joseph's cemetery at Rhineland, with the Mahan Funeral Home in charge of arrangements.

Pallbearers were Marvin and Louis Urbanczyk, Ralph Schumacher, Bernard Brown, Clarence Stengel and Gerald Brown.

Building Goes On In Munday

Despite the high cost of labor and materials, building activity continues its progress in Munday and vicinity. There is quite a bit of activity under way at the present time.

Most recent program to begin is the erection of an office building for the cotton firm of Kelly and Golden. This building, constructed mostly of concrete tile, is being erected on the block of the Masonic hall.

Work is progressing on the new home of Mr. and Mrs. Sidney Winchester, west of the city limits, and this is expected to be completed before long.

A good start has been made on the new home of Mr. and Mrs. Troy Lindsey in the west part of town.

The old school building, erected here in 1907, has been demolished and much of the brick and other material will be worked into the new high school building. This work came about as a result of voting the \$110,000 bond issue by school patrons.

Most of the brick work has been completed on the new Glover Farm building, and the owners, Morton and Welborn, expect to be able to move into the new quarters sometime during September.

Reconstruction work on the West Texas Cottonland Company is going forward, with the office building being erected and the concrete foundations laid for other portions of the plant. The long-range building program will eventually give Munday a complete new mill.

Baptist Revival To Close Sunday; Many Attending

More than usual interest and good attendance is being manifested in the revival meeting which is now in its last week of progress at the First Baptist church in Munday.

Rev. Huron A. Polnac, pastor, is doing the preaching for the meeting; and he is bringing messages of interest and inspiration to both young and old alike. Assisting in the services are Wayne Blacklock, who is leading the singing, and Willard Reeves, who is directing the junior choir, and Miss Carolyn Hannah, pianist.

Services are being held twice daily, at 10 a. m. and 8 p. m., with the evening services being held on the church lawn. The meeting will close with the services next Sunday evening.

The public is cordially invited to attend each of the remaining services.

MRS. E. F. HEARD HAS OPERATION IN DALLAS

Dr. and Mrs. E. F. Heard of Goree are in Dallas this week, where Mrs. Heard submitted to a major operation Wednesday morning at the Methodist hospital.

Reports early Thursday were to the effect that Mrs. Heard is resting nicely. Her many friends wish for her a speedy and complete recovery.

T. J. Turner of Stamford visited with relatives and friends here the first of this week.

Uncle Sam Says

Vacation Time! What a wealth of memories this brings to mind. Or the keen anticipation with which we waited for those trips to the seashore or to the mountains. The wonderful times we enjoyed are still vivid remembrances. But how about the future? Can you look forward to the hazards of that future with the same assurance? You can if you have a nice nest-egg of U. S. Savings Bonds. Simply sign up for the Payroll Savings Plan where you work or for the self-employed join the Bond-A-Month Club at your own bank. U. S. Congress, March 2, 1879.

MUNDAY'S NEEDS FOR 1948

1. A modern and up-to-date high school building, to care for the present and future educational needs of our children.
2. A waterworks system that meets all requirements of health, sanitation and supply.
3. A street sweeper that will keep our pavement clean enough to be recognized as pavement.
5. Completion of our drainage and paving program, which will probably be accomplished this year.

WOOLING THE VOTERS

Prices are still rising and by the end of the year they will be higher.

That is a pessimistic statement. But it is an accurate capsule summary of what most economists are saying and writing. All the forces that make for price inflation—higher wages, tremendous government spending, near-record purchasing power in the hands of the public—are still in effect.

High prices constitute the most serious problem of millions of families. But the American people must not be carried away by the kind of hysteria that believes that more laws, more controls and more political domination of the economy can provide the answer. This is an election year, and many candidates will use price control as a device to woo the voters. What those candidates will not point out is that nobody will produce goods at a price which is too low to return a profit—and the greatest beneficiary from price control is the black market racketeer.

The common argument that high prices are largely the result of conscienceless profits should be scotched. Competition is the best means of limiting profits that ever existed. As an example, the typical retailer in general merchandise earns a profit of around five cents on each dollar you spend with him. In the food field, with its fast turnover, he earns less than two cents. The profits of manufacturers are usually about six per cent, and are often less. Certainly, no one can say that this is an excessive wage for the enormous service business renders America.

A BIG SERVICE AT A SMALL COST

When this nation began, practically everyone was a farmer. The average family raised and processed nearly everything it needed to live on, and most of its time was devoted to the hard work of providing the bare necessities.

Today something like 26,000,000 people—a sixth of our population—live on farms. They supply the food for themselves and all the rest of us—plus an enormous additional quantity that is shipped abroad.

Various factors have been responsible for this change. And one of those factors is an efficient system of bringing foods of all kinds from the market to the towns and the cities. Meat is an excellent example. Relatively few people can go to a farmer, buy an animal, and store it away against their future needs. That's where the packing industry comes in. It provides what amounts to "clearing houses" in various sections of the country where meat animals can be sent to market. It slaughters and pro-

FIRE'S BEST TARGET

Fire prevention must begin in dwelling places.

The last annual report of the State Fire Marshal of Oregon backs that up. In 1947, more than 74 per cent of all insurance claims in the state had to do with fires in dwellings, apartments and flats. By contrast, the second category—losses in mercantile and office buildings—accounted for but 6.5 per cent of the claims. From the standpoint of money loss, the home fires came to nearly 30 per cent of the total for the state—about double the figure for the next highest classification.

These proportions will vary from state to state. But the home is fire's most effective target. Runtown heating equipment, substandard electrical facilities, carelessness with smoking materials and flammables—these causes alone are responsible for thousands of home fires each year. And in many of those fires, lives are lost.

The authorities can't inspect every home. They can't make you put your heating system in order before fall comes, or replace frayed wiring, or clean the junk out of attics and closets and basements, or do any of the other simple things that will go a long way toward making your house safe. All they can do is advise, and tell you what precautions to take. From there on, it's up to you.

If you think fire prevention is worth while, start checking on your own home now. The chances are you'll be amazed at how many hazards you find.

cesses them, under a system of strict supervision which assures high sanitary standards. It distributes the meat to the centers of demand. And finally, the cuts appear in the butcher's showcase, ready for the table.

This is an essential service. And the packers do it at a cost which averages but a fraction of a cent per pound on all the meat sold at retail. That is true whether prices are high or low. The packers do not fix the price. Supply and demand does that. Further, in order to hold the charge for handling the meat to the lowest figure they have made ingenious use of the inedible by-products of slaughtering, for production of glue, fertilizer, drugs, etc. The revenue from these helps pay the expense for preparing and processing meat.

All in all, it's a complex business. And its salient characteristics are efficiency and economy.

The Roman catacombs—the first church and cemetery of the early Christians—wind for 587 miles under the Italian city and contain more than 6,000,000 tombs.

The progenitor of the Lee Swiss Straw hat was introduced in England in 1779 by Admiral Nelson, who made it the summer uniform hat for his crew.

Democritus, the great physicist of ancient Greece, was the first man to discover the atom and report that it was the basis of all matter.

The hairspring in a lady's wristwatch is less than 1/3 the diameter of an average human hair and vibrates 18,000 times an hour.

Legal Notice

H. J. R. No. 24
HOUSE JOINT RESOLUTION
proposing an Amendment of Section 1-a of Article VIII of the Constitution of Texas to provide that no ad valorem tax shall be levied for State general revenue purposes after January 1, 1951, and authorizing the several counties to levy additional ad valorem taxes for certain purposes, providing for a Three Thousand Dollars (\$3,000) residential homestead exemption, and providing for tax levies in counties having tax donations; providing for submission to the qualified electors and for the necessary proclamation by the Governor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 1-a of Article VIII of the Constitution be amended so as to be and read as follows:
"Section 1-a. From and after January 1, 1951, no State ad valorem tax shall be levied upon any property within this State for general revenue purposes. From and after January 1, 1951, the several counties of the State are authorized to levy ad valorem taxes upon all property within their respective boundaries for county purposes, except the first Three Thousand Dollars (\$3,000) value of residential homesteads, not to exceed thirty cents (30c) on each One Hundred Dollars (\$100) valuation, in addition to all other ad valorem taxes authorized by the Constitution of this State, provided the revenue derived therefrom shall be used for construction and maintenance of Farm to Market Roads or for Flood Control, except as herein otherwise provided.
"Provided that in those counties or political subdivisions or areas of the State from which tax donations have heretofore been granted, the State Automatic Tax Board shall continue to levy the full amount of the State ad valorem tax for the duration of such donation, or until all legal obligations heretofore authorized by the law granting such donation or donations shall have been fully discharged, whichever shall first occur; provided that if such donation to any such county or political subdivision is for less than the full amount of State ad valorem taxes so levied, the portion of such taxes remaining over and above such donation shall be retained by said county or subdivision."
Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the date fixed by law for the General Election in November, A. D. 1948, at which all ballots shall have printed thereon "FOR the Constitutional Amendment of Section 1-a of Article VIII of the Constitution of the State of Texas to provide that no ad valorem tax shall be levied for State general revenue purposes after January 1, 1951, and authorizing the several counties to levy additional ad valorem taxes for certain purposes, providing for a Three Thousand Dollars (\$3,000) residential homestead exemption, and providing for tax levies in counties having tax donations," and "AGAINST the Constitutional Amendment of Section 1-a of Article VIII of the Constitution of the State of Texas to provide that no ad valorem tax shall be levied for State general revenue purposes after January 1, 1951, and authorizing the several counties to levy additional ad valorem taxes, providing for a Three Thousand Dollars (\$3,000) residential homestead exemption, and providing for tax levies in counties having tax donations." Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machine in such a manner that each voter shall vote on such machine for or against the Constitutional Amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State.
James L. Lawlis of Brady spent several days here last week with his mother, Mrs. R. A. Clements, and other relatives. Mrs. Clements accompanied him home for a visit.
Barbara Lee and Kay Walker of Fort Worth are spending this week with their grandmother, Mrs. G. R. Eiland.
Don J. Weaver, A. N., who is in the U. S. Navy, is visiting his parents, Bert Weaver and Mrs. Willie Weaver; also his brother, Merle, in Lubbock. Don will leave this week for Jacksonville, Fla.
Mr. and Mrs. Emil Jakubec and daughters have returned home after visiting relatives and friends in Gatesville, West Waco and Lampasas.

Uncle Sam Says

Regardless of the heat wave, you can't afford to be lazy about your future, because the future holds for you what you hold for the future. Ben Franklin didn't make this statement, but any United States Savings Bonds payroll saver who works with you could claim this bit of advice as his or her own. All he has to do is sign his name once on the card for the United States Savings Bonds payroll savings plan. His employer does all the rest. Three dollars saved through the payroll savings plan get Mr. Summertime Lazybones four dollars 10 years hence.

Knox Prairie Philosopher Not In Favor Of Better Roads If It Means More Work For Him To Do

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek is a little riled up about somebody's wanting him to pay a gasoline tax on tractor or gas to pay for rural roads, although we doubt he has ever owned a tractor.

Dear editor:

Now that most of the votes are over and my road ain't no nearer paved than it was before the promises started, I been givin some thought to a big city paper's campaign to have the farmers finance their own roads.

J. A.

According to this plan, the farmers would pay a tax on all the gasoline they use in farming, and the state would take the money and build county roads. This means the more they went up one row and down another, the more money the state would have to build roads with. That ain't my notion of helpin the farmer.

One city paper argues that a good road will increase the value of a farm to such an extent that the road will pay for itself.

The editor of that paper just ain't never been out here on Miller Creek. Lou could build a concrete boulevard with hedges and petunias on both sides up and down every turn-row I got out here and a double-lane thoroughfare to the highway and my Johnson grass farm wouldn't produce no more than it does now under the present management, which I don't intend to change, and if it don't produce no more I don't see how its value would be increased none. I don't know about others, but my aim in wantin a good road ain't to increase the value of my farm so I can pay more taxes, it's just to get to town on. And what I want to get to town for is the same reason anybody else goes to

town for. A farm is a good place, but once in a while you got to break the monotony.

What burns me up is the idea that most city people have that if the farmer's comfort is improved a little it's got to result in increased production or more food for the city people. If they build us a road, we got to work harder for it. I don't look at it that way. All I want a road for is to get to town on for no other excuse than I just want to get to town, and maybe occasionally haul something in and if they expect me to plow more for the privilege, they can just let the present road grow in weeds.

I haven't heard of no city man cuttin more hair or tightenin more bolts or sellin more groceries or weldin more seams or writin better editorials just because he lives on a paved street.

Yours faithfully,
J. A.

H. J. R. No. 13
HOUSE JOINT RESOLUTION amending Section 15 of Article XVI of the Constitution of the State of Texas, by adding thereto a provision that the husband and wife from time to time may in writing partition between themselves in severalty or into undivided interests all or any part of their community property, whereupon without prejudice to the rights of existing creditors the portion or interest set aside to each spouse shall be and constitute a part of the separate property of such spouse; further providing that such Constitutional Amendment if adopted shall be self-operative and self-executing; providing for the submission of this Amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 15 of Article XVI of the Constitution of the State of Texas be amended so as to read as follows:

"Section 15. All property, both real and personal, of the wife, owned or claimed by her before marriage, and that acquired afterward by gift, devise or descent, shall be the separate property of the wife; and laws shall be passed more clearly defining the rights of the wife, in relation as well to her separate property as that held in common with her husband; provided that husband and wife, without prejudice to pre-existing creditors, may from time to time by written instrument as if the wife were a feme sole partition between themselves in severalty or into equal undivided interests all or any part of their existing community property, or exchange between themselves the community interest of one spouse in any property for the community interest of the other spouse in other community property, whereupon the portion or interest set aside to each spouse shall be and constitute a part of the separate property of such spouse.

This Amendment is self-operative, but laws may be passed prescribing requirements as to the form and manner of execution of such instruments, and providing for their recordation, and for such other reasonable requirements not inconsistent herewith as the Legislature may from time to time consider proper with relation to the subject of this Amendment. Should the Legislature pass an Act dealing with the subject of this Amendment and prescribing requirements as to the form and manner of the execution of such instruments and providing for their recordation and other reasonable requirements not inconsistent herewith and anticipatory hereto, such Act shall not be invalid by reason of its anticipatory character and shall take effect just as though this Constitutional Amendment was in effect when the Act was passed."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State of Texas at an election to be held throughout the State on the second day of

November, 1948, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words:

"FOR the Amendment to the Constitution of the State of Texas providing that husband and wife from time to time may in writing partition between themselves in severalty or into undivided interests community property existing at the time of partition so as to convert same into separate property of the respective spouses without prejudice to the rights of pre-existing creditors."

Those opposing said proposed Amendment shall write or have printed on their ballots the words: "AGAINST the Amendment to the Constitution of the State of Texas providing that husband and wife from time to time may in writing partition between themselves in severalty or into undivided interests community property existing at the time of partition so as to convert same into separate property of the respective spouses without prejudice to the rights of pre-existing creditors."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have same published as required by the Constitution for amendments thereto.

CITATION BY PUBLICATION THE STATE OF TEXAS TO: Irene May Crouch, Defendant, Greeting:

You are hereby commanded to appear before the Honorable District Court of Knox County at the Court House thereof, in Benjamin, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 6th day of September A. D. 1948, then and there to answer Plaintiff's Petition filed in said Court, on the 26 day of May A. D. 1948, in this cause, numbered 4655 on the docket of said court and styled George Crouch Plaintiff, vs. Irene May Crouch Defendant.

A brief statement of the nature of this suit is as follows, to wit: Suit for divorce, the plaintiff alleging statutory residence requirements of the plaintiff and

date of marriage and separation of the plaintiff and defendant, and that defendant has been guilty of cruel treatment of plaintiff of such a nature as to render their further living together insupportable. That plaintiff and defendant have one child in the person of Barbara Ann Crouch and that they have no community property. Plaintiff prays judgement of divorce from the defendant, etc. as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. Issued and given under my hand and the Seal of said Court, at office in Benjamin, Texas, this 21st day of July A. D. 1948.

Attest: Opal Harrison, Clerk, District Court, Knox County, Texas. (SEAL) 52-4tc.

Mr. and Mrs. Clay Hutchinson returned home the latter part of last week from a vacation trip to various points in the Rio Grande valley and along the gulf coast. They reported a very enjoyable trip.

Mrs. Josephine McAfee and son, Glenn Loy, and Larry Belson of Cicero, Ill., spent the past week with Mr. and Mrs. C. L. McAfee and family and with other relatives.

Mrs. E. Beecher and Miss Carolyn Bryan spent the latter part of last week in Lubbock visiting with Mr. and Mrs. Loy Dutton.

Geo. Salem left last Sunday to visit with his family in Washington, D. C., for several weeks.

Mrs. T. B. Cypert and children and Mr. and Mrs. Eugene LeBeauf and son of Jal, New Mexico, spent the week end with Mr. and Mrs. S. C. Hawes and with other relatives and friends.

Hiley Proffitt of Glasgow, Ky., has been visiting his cousins, Mrs. John Smith, Mrs. D. R. Donoho and Jim Proffitt of Munday and Mrs. George Crouch of Goree.

Jungman Family Annual Reunion Held On July 28

The annual Jungman family reunion was held in McKinsey Park, Lubbock, on July 28, 1948. The weather was excellent all day, the park was in first class condition for the affair, as those in charge had watered the fine lawn early in the morning and sprinklers were in operation nearly all day, which cooled off the area where the group congregated.

Guests began appearing at 9 a. m. and by noon a very nice crowd had assembled, all bringing well filled baskets. Eates were spread on a large table and served picnic style.

Useless to state that everyone enjoyed the swell meal, consisting of (what would you wish) fried chicken, boiled ham, beef roast, a variety of potato salads, all kinds of vegetables and fruits, mostly home grown, the same as the meat. The drinks consisted of tea, soda pop and coffee which Ted Hertel had cooked camp style as usual. If you have never drunk any of Ted's coffee, you have missed a real treat.

The afternoon was spent in talking over old times and present conditions. In the business meeting, A. G. Jungman was re-elected chairman; John Jungman, vice chairman; Herbert Jungman, second vice chairman; W. A. Jungman, secretary-treasurer. The next meeting place was set at Seymour on the third Saturday in July, 1949.

The general expression was that all were very sorry that several of the brothers and sisters and their family could not attend on account of distance and health. It is hoped that in 1949 all will be able to attend the reunion in Seymour.

The day was well enjoyed by all present, but at 5 p. m. the sad hour for departure arrived. All will remember this as a swell day spent in the McKinsey Park at Lubbock.

Mahlon Boggs spent the week end in Wichita Falls, visiting with Mr. and Mrs. J. B. Walling and Mr. and Mrs. Randal Walling.

Mr. and Mrs. Joel Morrow and Mr. and Mrs. E. H. Morgan are visiting with relatives and friends in Mississippi this week.

Gilliland Club Meets July 21st With Mrs. Welch

The Gilliland Home Demonstration Club met in the home of Mrs. Jim Welch, July 21.

The group discussed plans for the encampment to which several of the members are planning on going.

The losers of the contest are to entertain the winners at the school house on August 4th. Everyone is urged to come.

The hostess, Mrs. Jim Welch, served refreshments to the following members: Mmes. Arthur Ilweng, Arnold Navratil, Homer Martin, W. T. Cook, John Thompson, Charlie Groves, Damie Groves, O. R. Miller, Jim Cash, Grady Duncan, Omar Cure, G. W. Hollis, Oliver Iseng, A. J. Whately and two visitors, Mrs. Homer Cash and Mrs. Kenneth Myers.

Vera H. D. Club Has Meeting With Mrs. Jannie Roddy

The Vera Home Demonstration Club met July 20th in the home of Mrs. Jannie Roddy. The house was called to order by the chairman, Mrs. Norman Clark. The secretary, Mrs. Mary Lou Albright, read the minutes. Twelve members answered the roll call.

Mrs. Willie Richards gave a very interesting and instructive demonstration on reseating chairs. Miss Butler will give a demonstration on Bermuda fagotting at our next meeting on August 10th.

Refreshments were served to Mmes. Norman Clark, Oliver Albright, Willie Richards, J. A. Fuller, Wesley Trainham, Roy Vehon, Grady Hardin, Opal Nimmo, Carl Coulston, Reuben Richards, Grover Coffman, W. J. Roddy and Mary Alice, Vicki, Roddy and Beverly.

Mrs. Tug Nesbitt and son, Glenn Royce, of Dallas spent the week end with her parents, Mr. and Mrs. Emmett Branch. Mrs. Branch returned with them to Dallas last Tuesday for an extended visit.

Mr. and Mrs. M. L. Barnard returned last Friday from a two weeks' vacation trip to Ft. Smith, Arkansas and other points.

Miss Loyce McGraw And Bill R. Hawkins Wed Here Sunday

Last Sunday evening, August 1 at 6:45, Miss Loyce McGraw became the bride of Mr. Bill H. Hawkins, in the home of Mr. and Mrs. John E. Jackson. The Rev. Huron Polnac, pastor of the First Baptist Church in Munday read the single ring ceremony.

The couple stood before an archway flanked with large white carnations and greenery with large baskets of white gladioli.

The bride, given in marriage by her father, wore a navy blue dress with white accessories and carried a bouquet of white carnations.

Mrs. Bessie Nelson, sister of the bride, served as maid of honor. She wore a yellow crepe dress with a corsage of white carnations. Miss Joyce McGraw, also a sister, was brides maid and was attired in a yellow crepe dress with a pink and white carnation corsage.

Best man was John E. Jackson. The bride is the daughter of Mrs. Joe McGraw of Munday and Joe W. McGraw of San Antonio. She attended the Munday high school for the past two years.

The groom is the son of Mr. and Mrs. Howard Hawkins of Goree and attended school in Jackson, Calif., before entering the U. S. Navy in 1942. After serving in the navy for about four years, he received his discharge in August 1946.

Immediately following the ceremony, a reception was held at the home of Mr. and Mrs. John E. Jackson. The brides table was covered with a lace cloth and decorated with the colors of pink and white which was carried out throughout the party rooms. Mrs. John Jackson served the cake and punch and was assisted by her mother, Mrs. Lily Hawkins.

Mrs. Nellie Edwards of San Antonio, sister of the bride, secured the names for the brides book.

After a short wedding trip to Tulsa, Okla., the couple plan to make their home in Goree where Mr. Hawkins is engaged in farming.

The following guests attended the wedding: Mr. and Mrs. B. W. McGraw of Wichita Falls; Mrs. R. A. Nelson and son, Wichita Falls; Joe McGraw, Jr., Tulsa, Oklahoma; Joe McGraw, Sr., San Antonio; Mr. and Mrs. Fayette Edwards and son, San Antonio; Royce and Joyce McGraw, Munday; Mrs. McGraw, Munday; Mr. and Mrs. Howard Hawkins and children, Gay and Kay of Seymour; Mr. and Mrs. John E. Jackson and children, Jacquetta, Eddie and Carolyn and Carolyn Wallace, all of Munday; Mrs. Josephine Moore, Vernon; Misses Martha Nell Bullington, Yvonne Morris, Burnidine Suggs, Margurite Hammett, Margie Lou Campsey, Betty Finley, Patsy Morrow, Wanna Allen Johnson, Norvel Johnston and Mr. and Mrs. H. T. Cunningham, all of Munday.

Mr. and Mrs. A. C. Boggs and children, accompanied by Mr. and Mrs. A. C. Boggs, Sr., of Haskell, left last week on a vacation trip to Ruidosa and Hot Springs, New Mexico, and other points of interest.

Mr. and Mrs. Jim Proffitt and grandson, Clifford Straw; Hiley Proffitt, Mrs. D. R. Donoho and Mrs. George Crouch went to Kirkland recently to visit the latter's brother, Adis Proffitt, and sister, Mrs. Lola Wiginton of Wheeler, Texas.

Protection For Little Pixies

This little lady plays with leprechauns in "Finian's Rainbow" on Broadway, but off-stage, she is nine-year old Norma Jane Marlowe. She knows it takes more than fairies to protect her precious bicycle from theft and therefore uses the Yale ziplock to guard it securely. Norma uses the same lock for her camping equipment.

New H. D. Club Formed Recently By Vera Women

Several Vera women met with the Knox County Home Demonstration Agent, in the home of Mrs. Wesley Trainham, July 13th, for the purpose of organizing a Home Demonstration club.

Mrs. Norman Clark was elected chairman, Mrs. Willie Richards, vice-president and council representative; Mrs. Oliver Albright, secretary and treasurer and Mrs. Carl Coulston, parliamentarian and reporter.

Miss Butler displayed some of the work other clubs have been doing such as glove making, chair bottoming, bermuda fagotting, lengthening dresses and short

cuts to putting on collars.

After business adjourned, refreshments were served to Mmes. Mary Lour Albright, Norman Clark, Clelan Russell, Duward Richards, W. J. Roddy, Opal Nimmo, Joe Wayne Roberson, Carl Coulston, Wesley Trainham and Ronnie, Gilda Grace, Gail, Travis, Vicki and Miss Eugenia Butler.

Mrs. T. H. Thomason and Mr. A. B. Tiner of Uvalde returned with Mrs. Thelma Tiner last week for an extended visit. Mrs. Thomason returned to her home in Uvalde last Sunday while Mr. Tiner remained here for an extended visit.

Mr. and Mrs. E. N. Felty and Jimmy and Mr. and Mrs. Bob Felty of Celeste came in last Wednesday for a visit with R. B. Davy and Mr. and Mrs. J. K. Jackson.

Wheat Insurance Made Available To Knox Farmers

Opportunity to protect their investments in producing a wheat crop for harvest in 1949 and future years is now knocking at the door of Knox county wheat producers, Bennett Haman announced today.

The County ACA Office is now ready to do business with eligible producers who want to put their wheat farming operations on a business-like basis from the standpoint of protection against unavoidable losses as well as from the standpoint of doing everything humanly possible to produce a bumper crop.

Most producers in the county can get a Federal Crop insurance

policy to protect their wheat investment providing they sign an application before the deadline date. There is some land in the county which has not been classified for insurance in 1949 and will not be eligible to participate in the program.

Haman advises wheat producers—owner-operators, tenants and landlords—to pay a call at the county office to get full details on the new plan of Federal crop insurance which is low-cost protection of the wheat investment against crop catastrophe. "This is a sound business proposition," he points out, "that farmers should be willing to 'come and get' and continue to carry every year so that they will have protection when it is needed. It is low-cost protection that they buy and add to their operating costs just like they buy more expensive seed in

an effort to assure more and better production."

Premiums paid by farmers for Federal crop insurance protection are used only to pay losses suffered by insured producers. This means that the actual loss experience in the county will determine any adjustments in the cost of this protection to local farmers.

Consequently, over a period of years wheat farmers in the county can expect to pay for this protection its actual cost in losses paid. The administrative costs of the program do not come from the premiums but instead are provided by the Federal Government as a service to farmers.

Protection under the new crop insurance plan is established in three progressive stages. The first stage applies to acreage released for planting to another crop, the second to other unharvested acreage, and the third to harvested acreage. This insurance deals with dollars instead of bushels.

MAID LOOKS HOMEWARD

Wearing the same sky-blue cotton dress that brought her luck the night she was selected 1948 Maid of Cotton, pretty Matilda Nail smiles happily as she thinks about the wonderful experiences she has had during her 35,000 mile international journey for King Cotton. Matilda will end her six-month tour in mid-June and return home to Ft. Worth, Texas, for a well-earned vacation.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox
M. D., State Health Officer
of Texas

Austin—Statistical information compiled by the State Health Department shows a total of 182 cases of typhus fever so far this year. During the week between July 17-24, seven new cases were reported, one-half the seven median of fourteen for the week of July 24.

The disease reaches its peak in the month of August, Dr. George W. Cox, State Health Officer, said.

Over a five year period from 1943 to 1947, typhus fever has been responsible for 273 deaths. The death rate has been reduced from sixty-three in 1943, to thirty

in 1948. "Typhus fever as we know it in Texas is transmitted by the fleas of infected rats," Dr. George W. Cox, State Health Officer, said. "It can be controlled by the simple expedient of consistently maintaining a program of rat poisoning, rat trapping, and rat proofing."

Typhus fever is marked by a severe headache, chills, and fever. A reddish mottling appears on the skin, and a hacking cough develops. The headache is the outstanding symptom because of its severity. Illness may last from 5 to 14 days.

The greatest outbreak of typhus fever, or Brill's Disease, was in 1941, when there was a total of 733 reported cases.

The Health Officer added that it was a sad commentary on our position as the most health minded nation on Earth if we allow the disease to flourish when the means for its control and eradication is right at hand.

Mrs. John W. Moore and little son, Richard, of Corpus Christi came in Monday for a visit with her mother, Mrs. J. R. Smith, and other relatives and friends.

Mr. and Mrs. Jernon Killey of Tahoka, Texas, were visitors in the home of Mr. and Mrs. Cecil Gulley Sunday and Monday. Mrs. Killey and Mrs. Gulley accompanied by Mrs. A. G. Pierce of Pyatt, Ark., visited relatives in Lawton, Okla., last Monday and Tuesday.

Miss Doris Bowen has returned to her home in Abilene after spending her vacation here with her sister and brother-in-law, Mr. and Mrs. Homer Lain.

Attend Some Church Next Sunday

FIRST METHODIST CHURCH

Sunday services at the First Methodist Church will be as follows according to announcement by the pastor, Rev. Wm. G. Barr, Sunday School at 10:00 a. m. Joel Massey is Gen. Supt. Classes for all age groups. Electric fans have recently been put in the basement of the church so that there are now cool rooms for all in the Children's Division. Mrs. Oscar Spann is Supt. of this Division.

Morning Church at 11:00 a. m. Janie Spann is Pianist and Mrs. Oscar Spann is choir director. The Pastor, Rev. Wm. G. Barr, will bring the morning message. Methodist Youth Fellowship at 6:30 p. m.

Both groups will meet at this hour, have their worship program together and see the special sound picture, "Unfinished Rainbows", which the pastor will show. The service will be dismissed in time for the young people to attend the service at the Baptist Church.

There will be no evening church service. This is done to cooperate with the Baptist people in their revival campaign.

GOREE METHODIST CHURCH

(Eugene L. Naugle, pastor) Rev. U. S. Sherrill, pastor of the Methodist Church at Sudan, Texas, will do the preaching in a revival beginning on Friday night, August 6.

Mr. and Mrs. Burrell Justice of Goree will have charge of the music during the revival. All singers in the community are invited to join the choir at every service. The hours of service will be each morning at 10 and each evening at 8:15.

A cordial invitation is extended to the entire community to attend these services.

Mrs. W. W. Pusey and little daughters, Mary Faith and Dianna of Lexington, Va., are visiting her mother, Mrs. J. R. Smith, and other relatives and friends.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Ed Havran of Rhome, Texas, announce the birth of a son, Robert Edward, born July 21st at Harris Memorial Methodist Hospital, Fort Worth. The little son weighed 8 pounds and 14 ounces.

Grandparents are Mr. and Mrs. Adolph Havran of Route 1 Knox City, Texas.

Mrs. Homer Lain visited her parents, Mr. and Mrs. D. B. Bowen, in Abilene and also visited in San Angelo and Carlsbad while on her vacation.

Mr. and Mrs. Weldon Herring left on Wednesday for Conway, Ark., where they are spending a two weeks' vacation with Mr. Herring's parents, Mr. and Mrs. Frank J. Herring.

For treating ant colonies and spraying in the home, try using 2 or 3 percent chlordane. When colonies are found, pour a small amount of the liquid in the entrance of each.

BOYCE HOUSE Gives You Texas

I'm agin any rationing of gasoline for Texas!
Last winter, we shivered and dozens of cities shut down and hundreds of schools were closed because we didn't have gas—when at the same time hundreds of millions of cubic feet of Texas gas was going to the North and East. Let's quit being saps. We produce the oil and refine the gasoline down here in Texas and, as long as there is no war, let's take all of our gasoline that we want and the rest of the United States

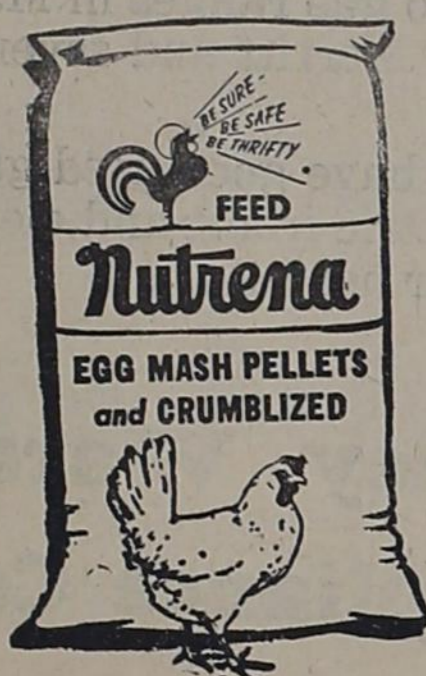

IT PAYS TO ADVERTISE

\$1.50

We have just installed new washing and greasing equipment, including a hydraulic lift, and we guarantee the best of service.

We are also equipped to do polishing jobs, and to vacuum clean the interior of your car throughout.

Come in, let us serve you during this "get acquainted" period.

Munday Truck & Tractor Co.

The Farmall House Chrysler-Plymouth

can have the rest.
The Lieutenant Governor of Massachusetts referred to the people of the Southern states as "backwoods yahoons", or something to that effect not long ago, and if we let him and the other people of his section impose rationing of out gasoline on us, we are exactly what he says we are.

Do the people of Chicago refrain from going to big league ball games which are played in their city simply because we of the Southwest can't go? Do the people of New York refrain from going to a Broadway hit just because we of this section can't see it? You can bet your favorite fedora with the snap-brim and the pink band that they don't. Being able to see big league baseball and Broadway shows is one of the advantages—

one of the few advantages, I might say—that living in the North offers.

If the Yankees want plenty of gasoline, let 'em more to Texas—as a good many of them have).

The career of an athlete, even the greatest, is tragically short. Years and years ago, there was an old-timer who pitched for the semi-pro club in Eastland. He summed up the whole story of an athlete in this remark, "When I was a youngster, they said I had a million-dollar arm and a two-bit head; now, I've got a million-dollar head and a two-bit arm."

BIRTH ANNOUNCEMENT

Mr. and Mrs. Wallace Moorhouse of Seymour are announcing the birth of a son who arrived at the Knox county hospital on Friday, July 31. Mother and son are reported to be doing nicely.

No Iron Curtain

By GEORGE S. BENSON
President of Harding College
Searcy, Arkansas

Looking Ahead

THE COMMUNISTIC attitude is getting to be pretty well known to Americans. Even the Iron Curtain has not been able to hold behind its barriers the ideas and thoughts of men. We have come to understand what the Russian Communists think by watching the actions of their American comrades. Everybody knows the Communist party in this country watches Moscow closely. We can believe that Moscow keeps them in line, too.

Everybody knows also that the Communist party in the United States is not very powerful. In terms of what it can do legally as a party, the average American gives it very little attention. However, what the party would do if it thought it could get away with it—that is another thing. In this respect, home-grown Communist opinion is very enlightening.

RECENTLY, William Z. Foster, top man for the Communists in America, told the Senate his party would not support the nation in event of war with Russia. He was testifying before the Judiciary Committee on the Mundt-Nixon bill, which would put strict controls on Communists. Foster defiantly told the committee, if the bill should become law the party would not register with the Department of Justice as required.

Foster shouted that Russia would never attack the United States. His reason: Russia is not an imperialistic nation. At the same time, he said that America has embarked upon an imperialistic program, the greatest in history. (Imperialism means the practice of seeking control or dominion over other lands and peoples.) Way the American Communists have the situation sized up bears no kinship to the plain truth in international affairs.

Any school boy knows that America has no ambitions for the control and domination of other countries. On the other hand, what Russia is doing in eastern Europe looks like the most obvious kind of "taking over."

Recognize Their Tactics IT IS this same William Z. Foster who once wrote that the Communist party would take over the United States government and liquidate the free enterprise system, along with the Republican and Democratic parties and our religious institutions.

The rankest kind of imperialism known today may be seen in the Communist Internationale, to which all world Communists are responsible. This world organization exists for the purpose of satisfying the imperialistic ambitions of Russia's political rulers. It works by boring from within. It uses Communists wherever they are. It plots the overthrow of other governments by force. It incites revolutions wherever Communists stand to gain.

Communists will continue to do everything possible, by whatever methods, to hamper domestic peace and prosperity. They seek to set worker against employer, to create costly strikes and walk-outs that cost the American public and workers billions of dollars.

The Communists did these things during the recent war. No good may be expected from them, either in time of war or peace. As good American citizens we must study their tactics, so that when we see the fruits of Communist skulduggery we can identify the tree from whence it came. As Communist tactics and ideas are made clear, everyone of us will have more appreciation for our own way of life.

Goree News Items

H. D. Arnold, superintendent of Goree schools, is in a Wichita hospital where he underwent surgery last Friday. At this writing he is reported to be doing nicely.

Mr. and Mrs. Floyd Coffman and son, Edwin, of Littlefield vis-

ited Mr. and Mrs. E. W. Norris and W. W. Coffman, Sunday.

Eulas Tucker of Muleshoe and Claxton Tucker, who attended Texas Tech, are spending some time with their parents, Mr. and Mrs. W. C. Tucker.

Miss Johnnie Williams of Denton is visiting homefolks, Mr. and Mrs. J. J. Williams.

Cannon Roberts and Woody Roberts visited their mother, Mrs. Eula Roberts of Munday, who is in a Wichita Falls hospital for treatment this week.

Mr. and Mrs. Walter Coffman and family are vacationing in Oklahoma City, Oklahoma, and Pryor, Oklahoma, and other points this week.

Mr. and Mrs. R. J. Penick and daughters, Nancy, Pat, and Mary Margaret, have gone to St. Joseph, Mo., where they are visiting with relatives while on their vacation.

Mr. and Mrs. John Nobles and daughter of Big Spring, Mr. and Mrs. Mack Haymes of Fort Worth, Mr. and Mrs. Bobby Haymes of Dallas, Mr. and Mrs. Donald Jolly

of Fort Worth, Mrs. A. W. Wyatt of Midland and Mr. and Mrs. Otis McClain and daughter of Plainview were guests in the home of Mr. and Mrs. Lee Haymes over the week end.

Mr. and Mrs. E. C. St. Clair and Donnie left last Wednesday for a two weeks' vacation trip to Beloit, Wisconsin where they will visit Mrs. St. Clairs' parents, Mr. and Mrs. Helser, and other relatives and friends.

Mrs. D. C. Eiland and David and Allen and Mrs. John R. Rayburn and Susan were business visitors in Wichita Falls last Tuesday.

Mr. and Mrs. Joe Duke and Jo Ann were visitors in Wichita Falls last Tuesday.

Legal Notice

H. J. R. No. 7
HOUSE JOINT RESOLUTION proposing an Amendment to Article IV, of the Constitution of the State of Texas, by adding a new Section to be known as Section 3a, so as to provide for succession to the office of Governor in the event the Governor-elect dies, or becomes disabled, or fails to qualify, before taking his oath of office as Governor; and providing for the issuance of the necessary proclamation and publication by the Governor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IV of the Constitution of the State of Texas, be and the same is hereby amended, by adding another Section to follow Section 3, and be designated Section 3a, to read as follows:

"Section 3a. If, at the time the Legislature shall canvass the election returns for the offices of Governor and Lieutenant Governor, the person receiving the highest number of votes for the office of Governor, as declared by the Speaker, has died, then the person having the highest number of votes for the office of Lieutenant Governor shall act as Governor until after the next general election. It is further provided that in the event the person with the highest number of votes for the office of Governor, as declared by the Speaker, shall become disabled, or fail to qualify, then the Lieutenant Governor shall act as Governor until a person has qualified for the office of Governor, or until after the next general election. Any succession to the Governorship not otherwise provided for in this Constitution, may be provided for by law; provided, however, that any person succeeding to the office of Governor shall be qualified as otherwise provided in this Constitution, and shall, during the entire term to which he may succeed, be under all the restrictions and prohibitions imposed in this Constitution on the Governor."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this State at a General Election to be held throughout this State on the date provided by law in the month of November, A. D. 1948, at which election all ballots shall have printed thereon: "FOR the Constitutional Amendment providing for gubernatorial succession in the event the Governor-elect dies, or becomes disabled, before qualifying and for such succession in other contingencies." "AGAINST the Constitutional Amendment providing for gubernatorial succession in the event the Governor-elect dies, or becomes

disabled, before qualifying and for such succession in other contingencies." Each voter at such election shall mark out one of such clauses on the ballot, leaving the clause expressing his vote on the proposed

amendment.
Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and laws of this State.

Brazos River Might Be Dammed If Cities In Area Need Water Supply

Priority to construct the Bob Baskin dam on the Double Mountain Fork of the Brazos River southwest of here might be given by the Bureau of Reclamation if municipalities of the region show interest in the project as a water supply source. That's the opinion of L. W. Smith, planning engineer of the United Bureau of Reclamation, Austin, who addressed the Bob Baskin Association meeting here a few days ago.

Smith expressed belief water behind the proposed dam would be suitable for municipal use. Mayors A. C. Humphrey of Stamford and John A. Couch of Haskell indicated that their municipalities were compelled to find larger supplies to insure growth.

Humphrey and Bob Baskin Dam Association Director, Roy Arledge, of Stamford said that Stamford now was up against a water problem and future developments would determine whether Deadman Creek project or a dam across another creek northeast of Stamford would be pushed. Haskell wells are lowering and the city wants to keep ahead with a good supply.

Stamford would be 27 air miles from Lake Bob Baskin. Smith said. Altitude at the dam would be 1,530 feet and at Stamford 1,603, requiring a 350 foot pump head. Haskell has an altitude of 1,553 and would require a pump head of 250 feet. Smith said that Munday, 25 miles away, could receive water by gravity flow.

Arledge said a suggestion that Stamford dredge Lake Penick for more storage was not practical, as the water quality would be no better. Both Arledge and Mayor Humphrey said the water at times is very bad. This year the city has pumped water into the city reservoir and been able to stave off a water famine.

Leroy Melton, Benjamin merchant, said his city would take water from the project if connection could be made.

With oil development in our area, Benjamin would jump to thousand inhabitants overnight if guaranteed water, he said. "The only other place where we can expect to get supply is 10 miles distant and it would bankrupt us to get it, so our prospects are very empty."

Since lands for irrigation are in large tracts owned by a few land lords and the government has imposed a restriction against a single owner getting water for more than 160 acres, the Bureau of Reclamation officials thought the Bob Baskin dam project would be difficult to finance unless municipalities stepped in to help.

In a talk before the association Stamford Mayor Humphrey said. "We've grappled for six years now

with a serious water situation. It has been alarming at just how close we were to the edge. We want you to know that Stamford is all out for this project regardless of whether we use water from the reservoir."

Interest in the project was deep as scores of representatives from over twenty towns listened intently to Bureau officials explain the situation. They represented Benjamin, Goree, Haskell, Hamlin, Knox City, Lubbock, Leuders, Roby, Rochester, Munday, Rule Seymour, Spur, Sagerton, Crosbyton, the 6666 Ranch and O'Brien.—Abilene Reporter News.

Sanders Elected As Head Of Farm Board Of Houston

At a monthly meeting of the Board of Directors of the Farm Credit Administration of Houston, held on Thursday, July 22, 1948, Mr. B. L. Sanders of Corsicana, Texas, was elected Chairman of the Board to succeed Judge S. A. Lindsey of Tyler, Texas. Judge Lindsey recently resigned effective September 1, 1948, after thirty years' service as Director and Chairman of the Federal Land Bank and the Farm Credit Board of Houston.

Mr. Sanders has been interested in Farm Credit activities for many years. In 1932 he was elected Secretary-Treasurer of the Corsicana National Farm Loan Association. In 1934 he was elected a director of the Farm Credit Board of Houston and has been a member of the Board continuously since that time. He has extensive farm and ranch holdings in Central Texas, and is also President of the First National Bank in Corsicana and the First National Bank in Coolidge.

Mr. Charles C. Thompson of Colorado City, Texas, was elected Vice Chairman of the Board, succeeding Mr. Sanders in the Position. He also has been associated with Farm Credit activities for many years. He served as Secretary-Treasurer of the Colorado National Farm Loan Association

Stop Mr. Weevil Before He Eats '48 Cotton Crop

Be on guard against the boll weevil. Prevent him and other cotton pests from getting a head start in your cotton fields.

Regular infestation counts throughout the season and prompt application of insecticides when needed will go a long way toward holding cotton losses to a minimum in infested areas, the National Cotton Council says.

When should insecticides be applied? Many state entomologists agree that dusting for boll weevil should be begun when infestation reaches 25 per cent—that is, when 25 out of each 100 squares are punctured. On land whose cotton yield usually is low, however, dusting may be advisable when 10 to 15 per cent infestation is reached.

Once dusting is begun it should be continued at intervals of about five days until control is achieved. Since conditions vary from state and area to area, the Cotton Council recommends to cotton farmers that they consult local county agents and vocational agriculture instructors on proper dusting practices for their individual farms.

Heavy Duty Loader

CLARKSTON, MICH.—500 farm leaders and representatives of the nation's press and radio attended the 1948 press demonstration of the Ford Tractor and Dearborn Farm equipment at the Dearborn Motors education farm near here. Among the sixty-four implements, designed to operate with the Ford Tractor, demonstrated was the heavy duty loader pictured above. It looks complicated but it's simple: drive the tractor under the frame, fasten six bolts and you have a power shovel, crane or hoist by merely changing attachments. With different attachments, farmers can excavate and move dirt, lift and stack baled hay, fork and load manure, shovel and elevate grain, or clean away snowdrifts.

from 1931 through 1943. In 1945 he was elected a member of the Farm Credit Board of Houston. Mr. Thompson is Chairman of the Board of Directors of the Texas Technological College of Lubbock, Texas, is an active rancher, and is also President of the City National Bank of Colorado City, Texas.

L. A. Parker Thanks Voters Of Precinct

To The Voters Of Precinct Two:

I take this method of expressing my sincere thanks for the splendid vote given me in the July Primary, and I solicit your continued vote and influence in the runoff primary August 28th.

I also want to thank my opponents for the good, clean campaigns which they conducted.

I have tried to keep my campaign on a high plane and shall continue to do so in the runoff campaign.

If re-elected your commissioner, I pledge you my honest and sincere efforts toward making the precinct and county a good commissioner. Upon this basis and upon my past record, I solicit your vote and influence.

Very sincerely,
L. A. PARKER. 1tp.

Veterans' News

Veterans attending colleges and universities under the GI Bill must obtain supplemental certificates of eligibility from the Veterans Administration if they plan

to enroll in a new school this fall. The certificates should be requested from the VA regional office at least 30 days before the date the term opens at the new school. Advance requests will help speed payment of subsistence allowances after the start of the new term.

Supplemental certificates to the original certificates of eligibility issued by VA are necessary only when a veteran changes from one school or training establishment to another.

The veterans' full name, correct address, VA claim number and present training establishment should be included in any request for new certificates.

Colleges and universities attracted nearly 60 percent of the World War II veterans who were enrolled in educational institutions under the GI Bill and Public Law 16 on June 1, VA reports.

The remaining 40 percent were taking courses in high schools, and other educational institutions below the college level.

On June 1, a total of 1,632,780 veterans were training in educational institutions under the GI Bill. Of these, 962,297, or 59 percent, were in colleges and universities.

At the same time, 121,071 disabled veterans were in school under Public Law 16. College students numbered 82,623, or 68 percent of the Public Law 16 trainees.

Questions And Answers
Q. I expect to purchase a home

PRETTY PEDAL PUSHERS

The playtime cotton ensemble from the Maid of Cotton wardrobe has a smart long-sleeve jacket for a fashionable cover-up on a breezy afternoon.

under the guaranty provisions of the GI Bill and would like to know if I must pay the appraiser's fee?

A. Yes. The appraiser's fee is paid by the veteran and usually is from \$15 to \$25.

Q. How do I arrange to get a loan for business purposes under the GI Bill?

A. It is up to you to find a bank, public or private lending agency or even an individual willing to advance the money.

Q. I want to obtain a GI farm loan to buy some farming equipment. However, I don't live on my farm. Am I eligible for such a loan?

A. Yes, if you actually conduct the farming operations.

Q. I applied at a bank for a GI business loan, but I was turned down. What should I do?

A. First consider whether your proposition is a sound one. If so, try another lender. The fact that one lender is not interested does not indicate that another may not be.

Q. I applied for a GI loan and it was entered on my discharge papers, but the loan wasn't completed. Can I have my papers corrected?

A. Send your discharge to the

J. O. Warren Thanks Precinct Voters

TO THE VOTERS OF COMMISSIONERS' PRECINCT NO. 2:

I would like to thank each of the voters of Precinct No. 2, of Knox County, Texas, for their support given me in the first primary; and especially the gentlemanly manner of each of my opponents; the race was clean of all personalities, and for my part the remaining days of the coming run-off primary will be kept on the same plane.

It is my intention to see as many of the voters as is humanly possible, and ask you for your vote, but should I fail to do so, then take this as my personal solicitation for your vote on August 28th.

If I am elected your Commissioner, I will do my very best to conduct the affairs of the office in a business like manner, and in keeping with good business alike for all communities affected.

Respectfully submitted,
J. O. WARREN.

THE SIGN OF BETTER SERVICE

Section 1. That Section 28 of Article III of the Constitution of the State of Texas be amended so as hereafter to read as follows:

"Section 28. The Legislature shall, at its first regular session after the publication of each United States decennial census, apportion the state into senatorial and representative districts, agreeable to the provisions of Sections 25, 26, and 26-a of this Article. In the event the Legislature shall at any such first regular session following the publication of a United States decennial census, fail to make such apportionment, same shall be done by the Legislative Redistricting Board of Texas, which is hereby created, and shall be composed of five (5) members, as follows: The Lieutenant Governor, the Speaker of the House of Representatives, the Attorney General, the Comptroller of Public Accounts and the Commissioner of the General Land Office, a majority of whom shall constitute a quorum. Said Board shall assemble in the City of Austin within ninety (90) days after the final adjournment of such regular session. The Board shall, within sixty (60) days after assembling, apportion the state into senatorial and representative districts, or into senatorial or representative districts, as the failure of action of such Legislature may make necessary. Such apportionment shall be in writing and signed by three (3) or more of the members of the Board duly acknowledged as the act and deed of such Board, and when so executed and filed with the Secretary of State, shall have force and effect of law. Such apportionment shall become effective at the next succeeding statewide general election. The Supreme Court of Texas shall have jurisdiction to compel such Commission to perform its duties in accordance with the provisions of this section by writ of mandamus or other extraordinary writs conformable to the usages of law. The Legislature shall provide necessary funds for clerical and technical aid and for other expenses incidental to the work of the Board, and the Lieutenant Governor and the Speaker of the House of Representatives shall be entitled to receive per diem and travel expense during the Board's session in the same manner and amount as they would receive while attending a special session of the Legislature. This amendment shall become effective January 1, 1951."

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held throughout the state on the first Tuesday after the first Monday in November, A. D. 1948, at which all ballots shall have printed thereon:

"For the amendment to Section 28, Article III of the Constitution of Texas providing for a Board for apportionment of the state into senatorial districts and representative districts in the event the Legislature fails to make such apportionment."

"Against the amendment to Section 28, Article III of the Constitution of Texas providing for a Board for apportionment of the state into senatorial districts and representative districts in the event the Legislature fails to make such apportionment."

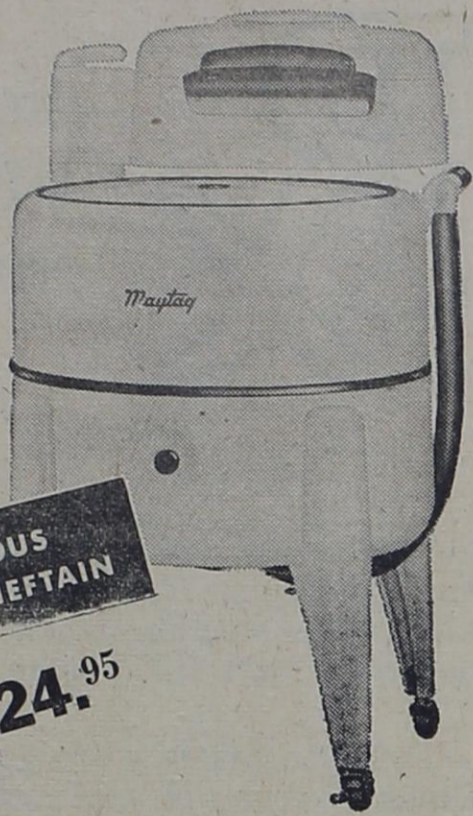

Each voter at such election shall mark out one of such clauses on the ballot, leaving the clause expressing his vote on the proposed amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this state.

Sec. 4. The sum of Ten Thousand (\$10,000.00) Dollars or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of this state not otherwise appropriated, to pay the expenses of such publication and election.

HARRELL'S

Hardware Furniture

Kraker Krumbs—
(Continued from Page One)

at the county capital on August 9th.

That's when a bunch of citizens will meet with the Commissioner's Court to point out the whys and wherefores of Munday's need for creation of a drainage district.

This was being pointed out once before, but the objections were strong among farmers who would be affected by such a project.

Then proponents of the project comes up with the idea of leaving the farms out of the deal and making it strictly a drainage district which involves draining the town of Munday.

So the test-a-test with the Commissioner's Court next Munday will be for a drainage district embracing the town of Munday, diverting the water around the town and out of town, instead of into town.

We think the intention of directing the water out to Lake Creek remains the same, and local people are still not interested in where it goes from there, just so it don't come coursing through town.

It'll seem like a different town when she's paved, and graveled and drained, and fogged, and cleaned up all at the same time.

But we'll still need a street sweeper!

Tommy Spelce Takes Trip To Illinois

Tommy Spelce has been vacationing in points of Illinois and had a wonderful time boat riding, swimming and visiting as many lakes as possible during his vacation in Antioch, Ill. Antioch is surrounded by "55" lakes and is truly a "Paradise" for out door recreation. Tommy favored rowing the boat on beautiful Channel Lake. He appreciates nature's way of hand rowing. It is the real enjoyment of sport.

While Tommy visited Fox Lake, he learned and witnessed various activities such as speeding motor boats, whiz by sharp as lightning. Then a small fishermen's boat trying to keep its course and the fisherman holding his line with a "good catch" of food.

For his evening meal, Tommy was invited by friends to visit Lake Geneva in Wisconsin, which is the one and only spring fed lake in the United States. This lake is the largest and most beautiful of them all and has a center depth of 195 ft. Tommy rode on a Ferry boat and was so overwhe-

med by all the beauty of nature's own style. His plans are to visit Antioch again and see more of the "Chain O Lakes", his friends will welcome him always.

Housewives that find their biscuits are burning on top and still remain pale on the bottom can usually remedy the situation by using a smaller baking sheet. Too large a baking sheet tends to hold the oven heat from the burner to the bottom of the oven.

Mr. and Mrs. J. O. Young of San Bernadino, Calif., Mr. and Mrs. Lee Faulkner and little grandson, Micheal, of Belview and granddaughter, Patricia Moore of Austin spent the latter part of this week visiting in the home of Mrs. Young and Mrs. Faulkner's sister, Mrs. Irene Meers.

Calcium and riboflavin are the two nutrients most often left out in American diets.

Horan Thanks Precinct Voters

To The Voters Of Precinct Six:

I am indeed grateful for the nice vote given me in the July primary, and I solicit your continued support in the runoff primary, August 28.

All the promises I made before the first primary, I repeat now, and I will do my best to make this precinct a good constable, if elected, and give you sincere and faithful service.

Very sincerely,
R. F. (Shorty) Horan. 1tc.

When canning tomatoes, try using a fine sieve for straining the juice. A fine sieve will mean finer particles, and less settling of pulp particles to the bottom.

To keep your broom in the best

In planning a Texas homestead, homes should be located so as to take advantage of the breezes, as well as for convenience and attractiveness.

When putting foods in the refrigerator, avoid crowding them so closely together that the circulation of cold air is cut off.

**Here's the BEST Tire Deal in Town
A SMOOTHER, SAFER, RIDE
OR YOUR MONEY BACK!**

An amazing offer? True, but Super-Cushion is an amazing tire — a tire so sensational we have no hesitation in saying "ride, then decide"! Let us put a set of Super-Cushions, complete with new tubes, on your car. Drive it for one week. If you don't agree that Super-Cushions give you a smoother ride, easier car handling, and quicker, safer stops — we'll replace them with your old tires and give your money back!

The Super-Cushion is a bigger, softer tire — runs on only 24 pounds of air! It soaks up bumps, rattles and vibration — gives safer, quicker stops — makes your car float through traffic — flow around curves. And Super-Cushions average more mileage than the finest standard tires! Super-Cushions "roll with the punch" — are harder to cut, bruise or blow out. Don't miss the thrill of riding on Super-Cushions!
