Munday C. of C. To Hold Banquet

BACCALAUREATE SERVICES SUNDAY M. E. CHURCH

Elaborate Program Being Planned Ladies Guests

School Programs Scheduled During Coming Week Here

Finis is rapidly approaching for the student body of the Munday Public Schools, and the students and faculty members are laboring diligently to complete the year's work during the few remaining days, and especially busy are the members of the graduating class, who have a busy program mapped out for the next few days.

Sunday morning at 11 o'clock the baccalaureate sermon will be delivered at the Methodist church by the Rev. H. C. Hand, pastor, and the other churches of the city have cancelled their morning services in order that all may attend this service.

The commencement address will be held Friday evening of next week at the Methodist church by Mr. H. H. Riley, superintendent of the Canton schools, and formerly superintendent here. Mr. Riley's return here for this occasion is due to his popularity among the members of the class, a majority of whom have spent most of their high school days under his supervision.

The program for Sunday will be found elsewhere on this page.

Changes Made In Duties of City Employees Here

At the regular meeting of the city council on Monday night some changes were made in the duties of city employees which will become effective on May 15th. Chief of Police Shannon Layne will assume the duties of city waterworks man and discharge the duties that have formerly been discharged by Bill Shaw in addition to his duties of Chief of Police, while Bill Shaw has been assigned to night police duty and will serve the city in that capacity. The night police has formerly been maintained by subscription among the business concerns of the city and in assuming responsibility for this work the city council is relieving the business men of the burden and hereafter that place will be maintained through the city government.

Sunset School Board Elect Teachers For English Grades

At a meeting of the board of trustees of the Sunset Consolidated Schools Tuesday evening English teachers for both the grammar and high schools were elected for the coming year. Miss Gretchen Howell was chosen for the English post in the high school and Miss Annie Freeman for teacher in the grammar school. Both these young ladies are residents of Knox City. Miss Howell has the degree of M. A. from the University of Illinois.

Little Pen-o-grams

Mother's Day Program At Baptist Church Evening Hour

There will be no preaching service Sunday morning on account of the commencement service at the Methodist church.

Sunday school at ten o'clock. Music starts at 9:55. Be sure to be on time. We will get through in plenty of time for you to go to the other service.

Sunday evening at the regular preaching hour we will have a special Mothers' Day service. There will be some special songs and readings, and the pastor will preach on MOTHER. Make your plans now to come to the service. Let's honor our mothers in this service.

At the close of the service we will take a collection for charity work in the West Texas Baptist Sanitarium at Abilene. This is a custom that has been followed for a number of years. Mothers' Day is Charity Day for the hospital. Let's do what we can for this worthy cause.

You are always welcome to any or all of our services.

W. H. ALBERTSON.

Mr. and Mrs. Royal H. Porter and children of Dallas are here guests at Mrs. Porter's father, John McKenzie, and sister, Mrs. W. H. Chapman.

Mr. and Mrs. Jack Mayes are rejoicing over the arrival of a son, who made his appearance on Friday, May 5, at the Knox County Hospital.

Plans are being laid for the annual banquet and induction into office of new officers and directors of the Munday Chamber of Commerce, which will be held within the next two weeks, however, the definite date for the event has not been set. An elaborate program will be worked out for the event and the ladies will be this will be the first event of the included among those present. In fact kind to be inaugurated by the Chamber of Commerce in which the ladies will be guests at intervals throughout the year.

Tillman Strange, Former Mundayite, Dies at Waurika

Tillman Strange, 38, for a number of years a citizen of Munday, died on Sunday, April 30th at Waurika, Oklahoma, where he had resided for some time prior to his death. He had been ill for some months. Funeral services were conducted at Waurika on May 2 and the remains were laid to rest there.

Deceased is survived by his wife and one daughter ten years of age, as well as his parents, Mr. and Mrs. W. T. Strange of Waurika, also former Munday citizens. The widow and daughter have returned to Munday and will make their home with her parents, Mr. and Mrs. J. E. Edwards. Mr. Edwards attended the funeral services at Waurika.

Young People Hold Fine Meet; Large Attendance

The Young People's Department of the Methodist church of the Stamford District held a very successful and profitable meeting here on Saturday and Sunday, at which more than one hundred young people from over the district gathered here for a series of programs and entertainment. The programs were held in the Methodist church as was the banquet served for the visitors Saturday evening.

One of the interesting features of the meet was a tennis tournament played on the Munday Study club courts and on the court at the E. W. McGlothlin home in which both boys and girls competed, the prize being a trip to the assembly at Abilene with all expenses paid to the winning chapter, and in these events Seymour won both girls' and boys' titles. Seymour won the girls' singles, with Sagerton winning in the boys' division.

TODAY AND TOMORROW

We have heard folks argue that inflation of the currency bringing higher prices for farm commodities will not do the farmer any good because it will increase the cost of the things he buys—just as much as it increases the cost of what he sells. We do not think that is true.

In our opinion, the farmer will be the first as well as the greatest beneficiary of any change in our currency system which diminishes the purchasing power of the dollar. The farmer's cost of production has not fallen anywhere nearly as much as the prices he gets for his products have fallen. Labor cost on the farm is down a little; feed and fertilizers are slightly cheaper. But insurance, interest on mortgages, and taxes have increased, while prices of farm products have gone down.

Not long ago a farmer could get eight to ten dollars for a cowhide; now he is lucky, most places, to get fifty cents. Have any of our farmer readers had occasion to sell a cow lately? We hear of cows which were worth \$75 to \$100 three years ago being sold for \$5. One cowhide will make eight pairs of shoes, but it takes nine of them to buy one pair. One farmer told lately of getting (Continued to Last Page)

Mrs. J. C. Lowe Is Called By Death At Home of Daughter

Mrs. J. C. Lowe, 75 years of age, died on Saturday of last week at the home of her daughter, Mrs. J. L. Tuggle, at Bellview, New Mexico, and the remains were brought here for burial, the services having been conducted at the Union Chapel Baptist church Sunday afternoon with the Rev. J. C. Parks, pastor of the Baptist church at Goree officiating, assisted by the Rev. W. H. Albertson, pastor of the Munday Baptist church. Following the services at Union Chapel the remains were laid to rest in Johnson cemetery in Munday.

A native of Tennessee, Mrs. Lowe came to this section some 29 years ago with her husband from Cooke county. The husband died some two years ago. For many years Mrs. Lowe had been a faithful member of the Baptist church and was universally loved by those who knew her.

Mrs. Lowe is survived by eight children, as follows: Mrs. J. B. McFarland, Seymour; Mrs. S. A. Latimer, Marlin; R. A. Lowe, Cameron; E. E. Lowe, Goree; and Mrs. F. G. Adams, Munday; Edgar Lowe, Goree; E. R. Lowe, Goree and Mrs. J. L. Tuggle of Bellview New Mexico. The many friends of the family join with us in extending to the bereaved children our sincere condolence in their great sorrow.

Munday Defeats Goree Score 11-15

HEFNER NEWS

Rev. J. A. Linsley filled his monthly appointment at the Methodist Church here last Sunday.

Rev. J. S. Hubbard filled his appointment at the Baptist church Saturday and Sunday.

Mr. and Mrs. R. E. Lee of the school faculty spent the weekend at Denton visiting their daughter, Miss Lorene.

Miss Eva, daughter of Mr. and Mrs. E. A. Jones, who is attending Denton Teachers College, spent the weekend with homefolks, also attended commencement services in Goree Sunday.

Mr. and Mrs. Homer Lambeth are the proud parents of a fine boy since the 6th of May, whom they named Billie Lee.

Mrs. Palmer of Alvord, wife of the late Dr. Palmer, was a pleasant caller at Mr. and Mrs. W. I. Boggs recently. Dr. Palmer was Mr. Boggs' physician several years ago.

Mr. Boggs is now confined to his bed and enjoys to see his old friends.

Others on the sick list are Bernice Eadsom and Blanche and William Trimble.

Mrs. C. B. Warren has returned from Wichita Falls where she visited her parents, Mr. and Mrs. J. C. Newsom.

Mr. Rotan Barnett of Dallas is the guest of his uncle, W. A. Barnett, and Mrs. Henry Steward.

Mrs. M. J. Jones visited her sister Mrs. Riley Higgins of Aspermont last week. She was accompanied by her sister Mrs. Ward of Electra.

Uncle Bill Gullie celebrated his 85 birthday on April 14 at his home. It was also J. R. Manley's birthday, so he and wife, Ross Bates and family, J. C. Parks, H. T. D. G. and D. B. Jones families, and Dr. and Mrs. Wm. Taylor enjoyed a dinner prepared by Mr. Gullie's daughter.

On the 15th the members of Mrs. Major Jones' family went to her home in Ford County on her birthday where they enjoyed another birthday dinner.

Everett, son of Mr. and Mrs. G. D. Jones, winner of first place in the Baylor County half mile dash, also won first at the district in Wichita Falls, and got a trip to state where he lost. However, he had a nice trip to the state capital.

Was you dere Charlie? It was a real sand-lot contest, and there was some difficulty at times in determining whether there was more sand on the sandlot than in the air as the stiff wind whipped the alluvial soil of the Famous Knox Prairie across the great open spaces, and this condition likely contributed to no small degree to the heavy score hung up by both teams, which resulted in a victory for the home-guard to the tune of 15-11.

The outlook looked gloomy for the local fans in the first frame when August Loran walked the bases full before he relinquished the post to Chick Smith, that fast-ball artist from Sunset. But things brightened up in Munday's half of the first inning when Lambeth of Goree displayed the same lack of control as did Loran and filled the bases, each team registering four tallies in the first frame and balancing the game from there on out. Blankenship concluded the performance for Goree while Smith did likewise for Munday.

The Live at Home Program has been carried out very successfully by Mrs. John Albus of the Rhineland community during the year. Mrs. Albus canned 1162 quarts of fruits and vegetables alone. The great variety of vegetables which she has in her pantry was all raised in her garden, though most of the fruit had to be bought. In addition, two beehives and four hogs were butchered, supplying the family with plenty of fresh, canned and cured meat and lard, of which the surplus was sold.

Mrs. M. O. Burnett has returned home from a Wichita Falls hospital where she underwent quite a serious operation recently. Her condition is reported as favorable at this time.

Mrs. S. V. Crump, mother of Mrs. W. V. Tiner, has returned from a visit with relatives at Corpus Christi and Uvalde, Texas, where she has been for the past three months.

Mr. and Mrs. J. S. Kendall and daughter, Miss Florine, visited with relatives at Frederick, Oklahoma the past week end, returning home Sunday afternoon.

THESE, TOO SHOULD BE CITED FOR BRAVERY

In the April issue of 'The Rotarian' Colonel Frank Knox says that before the past is a blur, let's stop for a moment for a kindly word to the humble heroes whose names did not get on the front page. He recommends the following be cited for bravery in action:

- the man who, in spite of his lost job and lost hopes, managed somehow to keep his family fed;
- the wife who went through it all, uncomplaining and smiling;
- the merchant who, in spite of the rush to the store across the street refused to cut the quality, preferring to die by his standard rather than to desecrate it;
- the manufacturer who kept the shoddy out of his product;
- the dairyman who didn't water the milk;
- the man who, in spite of advice, kept his assets in his own name;
- the cop who shot it out with armed bandits and took his share of lead at the few dollars a month that he didn't get;
- the landlord who wasn't overly squeamish about the rent;
- the banker who protected his depositors;
- and last, but most noteworthy of all, the good citizen, of any land whatsoever, who kept his faith in God and country.

The night has been long; but the never ending cycle of night into day still persists and now—NOTHING CAN HOLD BACK THE DAWN.

SENIOR SCRAPBOOK

Well, the histories are over, and can't we glad? Barbara Eiland was mine, in case you wish to know in the magnificent prevaricator was. As school draws slowly, yet too little, toward an end we realize that will cease to be as one; and so, perhaps my last time, I'm going to fill all of the dirt I can think of these dear classmates:

Interesting Facts About the Seniors
 Number born in Munday: 17. (No doubt that's a record breaker.)
 Number who have gone thru school in Munday: 23. (Call us stick to it if you wish, we're proud of it.)
 Oldest member: If it were a girl I wouldn't dare tell, but since we are as old as they act, would you have guessed it to be Wallace?

Youngest Member: Women are as old as they look so is there any need to tell you that Madalynne Fritz comes nearest being an infant?
 Number born out of Texas: Three, you couldn't tell we, Barbara, Senator and I, were aliens could you?
 Tallest Member: Marvin Myers, he's made himself famous with his height in track and basket ball.
 Shortest Member: This refers to height—not stinginess—Geraldine Burnison.
 Girl graduating with most credits: Barbara Eiland will have nineteen credits at the end of the year with all the outside work she has done, such as acting as class president, playing basketball, taking expression and entering declamation—what a record! What a girl!
 Boy graduating with most credits: Lowry Rigby, who has acted as bas-

ketball and football manager for two years, who was chosen as leading character in the senior play, and who, with his colleague, went to district in debate. He's Honor Boy too! How's that for a record?

Out of the class one was born in January, two in February, three in March, two in April, four in May, six in June, three in July, four in August, two in September, two in October, two in November and three in December. Who said we didn't have a calendar in our class?

Class Colors: Red and white.
 Class Flower: Red Rose.
 Class Motto: Success comes only in 'cans'."

Did You Know That—

Deris Dickerson made A plds in arithmetic last six weeks—do doubt you did!

Luella Hunter is a great aunt? She doesn't look so ancient does she?

Geraldine Burnison is a cousin of "Mr. Hoot"?

Mildred Moore has succeeded in being Salutatorian twice? What a girl!

Katherine Jones recently had the measles? She's back again now and are "we" glad?

Chalmer Hobert has a new weakness—maybe you've already heard.

Arthur Laney, former woman hater, has changed his policy; in fact he prefers blonds.

Miss Couch has been almost a cripple for the past week.

That I consider being called "dumb" a compliment since the other three "Dummies", Mae Collins and Kat Milam are known as "Dumber" and "Dumbest" and Adelaide Barton is "More Dumb".

Give us more girls like that ambitious and industrious Frances Thompson. Listen to this: Even though Frances started six weeks late during both her Junior and Senior years, played volley ball and entered debate, she rated third among the girls for the highest average. How is that for ability?

Said Miss Couch, describing a fish she caught while fishing last week, "It was fully that long" she asserted, spreading her hands far apart, "I never saw such a fish!"

James Gaither: "Probably not."

This notice recently appeared on the bulletin board:
 Lost: A fountain pen by Jesse George half filled with Scrip ink.

Poisons absorbed into the system from souring waste in the bowels, cause that dull, headachy, sluggish, bilious condition; coat the tongue; foul the breath; sap energy, strength and nerve-force. A little of Dr. Caldwell's Syrup Pepsin will clear up trouble like that, gently, harmlessly, in a hurry. The difference it will make in your feelings over night will prove its merit to you.

Dr. Caldwell studied constipation for over forty-seven years. This long experience enabled him to make his prescription just what men, women, old people and children need to make their bowels help themselves. Its natural, mild, thorough action and its pleasant taste commend it to everyone. That's why "Dr. Caldwell's Syrup Pepsin," as it is called, is the most popular laxative drugstore sell.

TODAY AND TOMORROW . . . though it is hard to figure much of a surplus as long as taxes absorb all that even the prosperous farmer earns. We know of farms that have been sold up for taxes; we have heard of farmers giving their farms away to escape responsibility. We do not think that any kind of inflation could make conditions worse.

Work Weary "NERVES"

Do they make you Restless, Cranky, Tired, Sleepless, Dyspeptic, Head-achy? Do they spoil your pleasure and interfere with your work?

Tens of thousands have found a way to get relief from over-taxed nerves—a way so simple, so pleasant, so low in cost, that we are constantly receiving letters that say, "If I had only found Effervescent Nerve Tablets sooner." Simon Brandt writes: "I was very nervous from over-work. I couldn't sleep well, appetite was poor, and I felt weak for a long time. "Used Dr. Miles' Nervine and soon feel fifteen years younger and I am working the same as I did before—fourteen to fifteen hours daily. "Sorry I did not learn about this wonderful medicine sooner as I had tried everything I could hear of, without results, until Dr. Miles' Nervine put me back on my feet."

When you are nervous, try this—put a Dr. Miles' Effervescent Nerve Tablet into a glass of water. Watch it bubble up like sparkling spring water—drink it—enjoy the feeling of calm and relaxation that follows.

structing new Government buildings. Government employees are working every day, helping mildly about a small reduction in salaries. Streets are crowded with cars, driven with the utmost recklessness and most inefficient traffic regulation. Stores are doing as good business as ever, at prices much higher than in New York. Rents are almost up to the highest level.

Washington has but one industry, the Government of the United States. It is so detached from the rest of the country that it might as well be in some other nation. It is difficult for the men who run the government to realize how bad conditions are elsewhere, when they see evidence all around them of great prosperity.

I have long believed that it was a serious mistake to locate the seat of government away from the center of business and industrial activity. If I could do it, I would move the Capitol and the White House to Chicago, which is where they ought to be if they are really to represent the American people effectively.

LAND—Safest Investment.

In spite of the fact that many owners of real estate have suffered great losses in the past few years, land remains the safest, soundest investment in the long run. The supply is limited for one thing. Increasing population means increasing demand for land. Every baby born on Manhattan Island increases the value of the Woolworth building.

The time to buy land is now. Dollars are high now; they will be much higher shortly. Land is cheap now; it will be much higher before long. The time to buy anything is when everybody else wants to sell. If you have any land, hold on to it; if you have dollars, buy land with them for safety.

Don't speculate in land! Pay for it and hold it. Don't speculate in anything on which you can't always realize something at a moment's notice. You can't move land around; you must wait until someone wants that piece at that spot. So buy land intelligently, in the path of the movement of population. Regard it as an investment for your children rather than a way to make yourself sick over night.

The world's greatest and most enduring fortunes have been made by buying land and holding on to it.

EDUCATION—Learn to Work.

My friend Walter Lippman, who also writes a column and, curiously enough, picked the same title for it as this column of mine, wrote something recently which seems to me the best statement of it's kind I have ever seen:

"The truly educative process," said Lippman, "consists of learning to deal with reality, that is to say with people and objects and events that are not the mere projection of one's own wishes. Education is a matter of putting away childish things, of discovering that events do not respond to words, of learning that the world is not in us but that we are in the world."

Most of us live in a world of "wishful thinking." We'd like to be rich, and we dream of what we would do if we were rich, but we aren't will-

ing to take all the trouble and worry on ourselves that anyone must take if he is to attain riches. Education as Mr. Lippman points out, ought to teach you that it mustwork for what it gets.

Too many young people grow up these days with the idea that the world owes them a living. The world owes nobody anything for which it does not give a commensurate return in labor of one sort or another.

Cars Being Built at World's Fair

Millions of people will have their first opportunity to see an automobile being built, when they visit this mammoth room where the Chevrolet Motor Company will assemble "Master Six" coaches and coupes in the special General Motors Building at "A Century of Progress" exposition. On the left, Fisher bodies are being fabricated on a "J" shaped line and on the right, Chevrolets are being assembled from the bare frame to the completed car, ready to be driven out of the building under their own power. Note, in the center of the photograph, the body being swung from the end of the Fisher line over to its place on a Chevrolet chassis. Visitors may purchase cars built here and drive them home.

TWO NEW PLYMOUTHs

Amazing New Low Prices - Longer - More Beautiful

This is important news! Today Plymouth presents . . . the NEW Standard Six . . . and what a thrilling story for car-buyers!

Here's a big, beautiful new automobile. A smart, glorious, colorful car. A brilliant performer . . . Safe, Comfortable, Economical to drive.

Floating-Power engine mountings of course, Hydraulic Brackets and Safety-Steel Bodies to protect you. A big, powerful 70-horsepower, six-cylinder engine. A large, roomy body . . . comfort for a full-sized family of five.

Yes . . . it's the biggest, roomiest six in this new price class. Brilliantly engineered! Solidly built. An honest value.

And the price! That's the biggest news of all. Today Plymouth matches competition dollar-for-dollar . . . and on top of this piles up value features that nobody else can offer.

For example: A new Plymouth Standard Six 4-door Sedan sells for \$510. You can buy a four-cylinder car for this price . . . but nobody else offers you a six in this model. The Plymouth Standard is America's lowest-priced six-cylinder 4-door Sedan.

See these cars. Take a test ride in the Plymouth Standard Six; don't buy any car until you give it a trial.

2-door sedan \$465; 4-door sedan \$510; rumble seat coupe \$485; business coupe 445. Low delivered prices.

AND UP F. O. B. FACTORY

You'll agree something important has happened when Plymouth announces two new cars. This part of the story is about the new, long wheelbase Plymouth De Luxe.

It has typical Plymouth values. A 70-h. p. six with Floating Power engine mountings, Safety-Steel Bodies . . . Hydraulic Brakes . . . Free Wheeling . . . Rigid-X frames.

Best of all, the De Luxe is bigger! It has 112-inch wheelbase . . . the biggest low-priced six in America.

The radiator has been restyled. Interiors are more luxurious . . . upholstered in real broadcloth or mohair. There's a new smart instrument panel . . . a convenient glove box . . . all the touches that gladden a woman's heart. Everything you can ask for in a car is in the Plymouth De Luxe Six. There's speed, comfort, safety, thrills . . . and, best of all, economy.

Lower gas bills, because dead weight has been engineered out. Lower upkeep . . . because valves go 50,000 miles without grinding . . . springs never need to be oiled. Real savings!

Today these two new Plymouths are on display. Go see them. Take a fresh look "at all three" . . . and see how Plymouth sets the pace in value.

4-door sedan \$575; 2-door sedan \$525; convertible coupe \$595; rumble seat coupe \$545; business coupe \$495.
