Look To The East

By AARON EDGAR

There are different kinds of monkey business!

The one we have in mind at present is a 30-odd year episode of man and monkey that's been going on at the State Fair of Texas.

We thought of this man-monkey team at the beginning of State Fair '81, as we conjured up thoughts of the Texas-Oklahoma game and "Big Tex", who has stood guard over activities of the fair for 101, these many years.

We were introduced to this man-monkey business right about its beginning, we guess. That was when opening day at the fair was also "press day", and we had gotten the idea they couldn't unlock the fair gates until we and the Governor of Texas had arrived on the scene!

On one of these early-day occasions, we noticed a crowd had gathered in the area of Big Tex. As we approached and helped complete the circle of humanity, we discovered the goings-on inside the circle.

This little Capuchin monkey was roaming around dressed up in a sort of jeans-romper pants combination, yet it contained a bib and galluses as accessories. It wasn't long until we learned this little tyke was named Sam.

There was some sort of music going on, as we remember, maybe a hand-cranked organ or something played by the owner-manager as he held control over Sam with a leash. People were tossing coins into the circle, and the monk would pick them up and put them into his jeans pocket. If he should miss one, his manager would give a gentle yank on the leash, and Sam would continue his search.

We discovered something else about Sam and his antics. If he pocketed a penny, he didn't make much ado about it, but any coin of higher denomination merited a courteous tip of his cap—one similar to what we men are wearing these days. The higher the denomination, the more courteous the action.

As we watched, enthralled, on one of these trips and occasions, we imagined what a wondrous way to rake in the shekels with little or no effort when we finally retire!

Finally, we says to Bridge: "Gonna get me one those danged things someday!"

We just recently learned that Sam—now 42 years old—and his owner were still in business at the fair. But there had been an addition to the show—another monkey named Louie. And between training the two, Garland Parnell was getting trained, too.

While in San Francisco, he said, a fellow said, "You wanna make money without working? Get a monkey!" And he says he now works nine days a week.

When the performance is over, the monks retreat to their cage to be waited on hand and foot. Still, Parnell claims he "rewards them with tidbits" and they reward him with bread and butter!

When breakfast time comes at 9 a.m. each day, the little rascals start pounding on their cage, demanding breakfast, and he's always there to give them what they want.

Then there's the six-months off-season. Sam and Louie have to be fed three times a day—and there's no harvest of shekels!

Louie, the newest member, is also a diabetic, and he has to have his injections. Cages have to be cleaned twice a day. A "monkey sitter" is hard to find, in case Parnell wants to go out on the town.

They make the money, so their owner gives them their favorite food—lettuce, grapes, apples and peaches. They are mischievous, about five times as mischievous as a cat; and, maybe, with more lives than a cat.

We don't know of a cat that has ever attained the age of 42 years!

It appears that all that glitters is not gold when it comes to being associated with a monkey or two!

Alas! It appears that our dreams of a cute little 6-pound monkey and a money bag filled to the brim with shiny U. S. coins at the end of every performance has vanished into thin air!

Then, too, we're getting a mite too old to be working nine days a week!

Halloween Carnival Is Slated For October 31

The eighth annual Halloween Carnival will be held this year on Saturday, October 31, in the elementary school gymnasium, from 6:30 to 9:30 p.m.

This event is sponsored each year by the Munday Chamber of Commerce and Agriculture. Chamber directors are each assigned to a booth, and each is responsible for enlisting volunteer workers for the three-year period.

Many games of skill are being planned this year for a bigger and better night of entertainment for all age groups. Some of the booths are: Pumpkin pendulum, cake walk, animal walk, shooting galleries, goblet toss, basketball-football toss, spinning wheel, fishing pond, milk bottle toss, black cat ball toss, house of horrors, and a variety show.

Tickets for the various booths will be sold at the door. Tickets will be deposited at each booth, providing an opportunity for patrons to have a wise choice of entertainment for the one night of fun and frolic.

Local business firms have provided the funds for purchasing prizes in the various contests. A concession stand will also be in operation with cold drinks, popcorn and other goodies.

Proceeds from the carnival are used each year for a special community project. In the past, funds have provided for a share of the community sign expense, downtown planters, new Christmas decorations, etc.

This year, part of the funds will be needed to supply new letters for the community sign to replace those that seem to disappear regularly. The community sign has been a great asset to the

community, serving to remind local and area citizens of school, civic and holiday activities.

You are urged to make plans now to "trick or treat" at the Munday elementary school gym on Halloween night in Munday!

District Governor Pays Visit To Local Lions Club

District Governor Bob Schleider of Wichita Falls represented Lions District 2-E1 on his official visit to the Munday Lions Club at their regular meeting Tuesday. He was greeted with a lusty Hip-Hip-Hooray when he was introduced.

Lion Schleider presented an interesting program on Lions goals for the year, as outlined by our International president Kaoru 'Kay' Murakami of Kyoata, Japan and outlined his seven points of service in efforts for peace:

1. Sow seeds of peace;
2. Sow peace through understanding;
3. Nourish the spirit of peace through Lionesses;
4. Nurture peace in the disabled;
5. Cultivate young potential for peace;
6. Reap peace through leadership;
7. Share the harvest of peace.

He quoted the Lions president as saying, "The best way to achieve world peace is through Lionism."

The speaker also complimented the district band that made such an impression at the International Convention, and gave three special things that Lions should be proud of: the Texas Lions Camp at Kerrville, the District 2-E1 just bank, and the runaway hot line just started this year, which is a service to runaways if they need shelter, food or help.

Of the people helped through the eye bank, he said, "We didn't give them a seeing eye dog, or a cane, or help them to get around as a blind person—we gave them sight!"

In closing, he said it was a pleasure to visit the "fun club" of the district, and gave members 10 very important two-letter words—"If it is to be, it is up to me!"

Special guests at the meeting were those engaged in special growth services at the local Methodist Church, Rev. Bill Wright and Rev. and Mrs. Derrell Patterson. Rev. Patterson, with his wife at the piano, sang two special numbers for club members.

First Baptist Church Schedules Special Program This Sunday

Sunday morning, October 25, has been designated as "Great Day in the Morning" by the First Baptist Church of Munday. A concerted effort has been made all during the week by the staff, Sunday school teachers, and other members to contact all members and any prospective member to attend Sunday school and church services. They hope to stimulate interest and increase attendance.

The Larry Sinclair family will be leading the morning service at the Munday High School auditorium. The family, which is involved in full-time music evangelism, sings a mixture of contemporary and traditional music. Freida Sinclair is also a gifted ventriloquist and captures the hearts of all ages with her "son", Willie Jo. The service will begin at 10:45 a.m. and everyone is welcome.

Munday Sales Tax Up 2.06% From Last Year

Munday received \$2,932.63 in sales tax rebate for the period ending 10-9-81. Last year's amount received at the same time totaled \$2,417.06, reflecting a 2.06% increase this year over 1980.

Comptroller Bob Bullock released the amount \$37.9 million as the total mailed to Texas cities as their share of the one percent city sales tax for October. This figure is about \$9 million more than the cities received during a comparable period of 1980.

Munday Plays Paducah Here Friday Night

The Munday Moguls will host the Paducah Dragons Friday night, October 23. Game time is 7:30 p.m.

Both teams are 5-1 for the season. Paducah's loss was to Motley County, about a number three team in Class A in the State. Paducah was defeated 34-7. They have defeated Rochester, Chillicothe, Wichita Falls Notre Dame, Spur and Crowell. Crowell was the Dragons' first district game, while the Moguls' win over Quannah was their first.

Coach Lankford said, "Paducah has an excellent quarterback in Burr House. The Walker brothers also excel as running backs. They also have Hutchinson, an all-district tackle returnee. It should be a well matched contest overall."

Chris Moore, the Mogul quarterback injured earlier in the season, is progressing well. He went to Dr. Evens, the Dallas Cowboys' doctor, and the treatment and medication given him has caused a noticeable improvement. Coach Lankford stated, "Chris is coming along real well. He will return to Dallas to the doctor soon and possibly could be back with us on the field on

defense, if not at quarterback, by the Haskell game."

Robert Boyd was injured in the Quannah game while filling the position of quarterback. Robert suffered a shoulder injury and will not be able to play in the Paducah game. Stephen Schumacher will quarterback for the Moguls Friday night.

4-H Awards Banquet Scheduled

The annual Knox County Awards Banquet will be held Tuesday, October 27, in Knox City at the Santa Rosa Hall, beginning at 7 p.m.

The Gold Star boy and girl will be announced and other awards will be presented for each member's accomplishments.

The meal will be a covered dish supper.

Election Plans Finalized By Commissioners Court

The Knox County Commissioners Court met in regular session on October 13, 1981 at 10:00 a.m. in the Knox County Courthouse. All members were present: Billy G. Johnston, Commissioner, Precinct #1; Bobby J. Roberson, Commissioner, Precinct #2; Philip F. Homer, Commissioner, Precinct #3; and Lee G. Patterson, Commissioner, Precinct #4, with County Judge H. T. Melton presiding at the meeting.

The minutes of the last meeting were read, and stood approved as read. Motion was made by Billy G. Johnston and seconded by Bobby J. Roberson to pay all bills approved by the Court. All voted in favor.

Motion was made by Bobby Roberson and seconded by Philip F. Homer, with all voting in favor, that the election judges and clerks holding elections conducted through the commissioners court of Knox County, Texas, general and special elections, the rate of pay for same shall be \$4.00 per hour. The judge making the returns of the boxes shall be paid \$15.00, with the exception of Precinct #1, who shall be paid \$5.00.

Motion was made by Philip Homer,

and seconded by Lee Patterson, that the Court approve the County Treasurer's quarterly report. All voted in favor.

The Knox County Commissioner's Court at its regular meeting on October 13, 1981, did by a motion by Philip Homer, seconded by Lee Patterson, nominate W. R. Moore Jr., Munday, Texas, as a member of the Knox County Tax Appraisal District for the years 1982-83. Vote was duly called and said vote was unanimous. All members of the Knox County Commissioners Court were present and voted.

Motion was made by Bobby Roberson and seconded by Billy Johnston to advertise for bids on a car for the Sheriff's Department, for a standard V-8 heavy duty battery and alternator. Also bid on Police Package. All voted in favor of said motion.

Bids were opened for the Emergency Response System. The following bids were received: Liveline Systems, Inc., 400 Main St., Waltham, Me. 02254, Bid \$33,000.00; and LTL Industries, Inc., 2900 Griffin Rd., Suite 5, Ft. Lauderdale, Florida 33312, Bid \$30,217.00.

Motion was made by Bobby Roberson and seconded by Philip Homer to delay decision on bids until a later date. All voted Yes.

Bids on a new 12-passenger van were opened. The following bids were received: Bailey Toliver Chevrolet, Inc., Haskell - \$8,900.00; and Morris-Wirz Chevrolet Co., Seymour - \$8,400.00.

Motion was made by Philip Homer, and seconded by Lee Patterson that the bid from Bailey Toliver Chevrolet, Inc., Haskell, of \$8,900 with trade-in of 1978 Dodge van be accepted. All voted in favor.

There being no further business to come before the Court at this time, upon a motion by Bobby Roberson and seconded by Philip Homer, the meeting was adjourned, with all voting in favor.

Roll Back The Clock!

It's time for that chore that's most enjoyable for many people—that of rolling back the old clock one hour.

This is timed to happen at 2 a.m. Sunday (the last Sunday in October), but most folks are expecting the chore to be so enjoyable that they will perform it ahead of time. They'll set the clock back before retiring Saturday night, and not have to set the alarm for 2 a.m. and be awakened for this.

To keep one's thoughts straight, the old adage is: "Spring forward in the spring; roll back in the fall", so don't be confused. Turn the clock back, not forward, come Saturday night! Then enjoy the extra hour of sleep.

Sunday, we're supposed to put the words "Central Daylight Savings Time" on the shelf (or in the bureau drawer) and enjoy Central Standard Time for a spell—at least until next Spring!

United Fund Drive Is Well Under Way!

The Munday United Fund Budget Drive for 1982 was begun just over a week ago. On the day of the Kick-off Coffee, many of the workers picked up their envelopes with cards for the persons they were asked to contact. Some of the many volunteers began immediately to make their contacts. Some have already turned in their reports to the Chamber of Commerce office.

"We appreciate all who have made contributions thus far in our Budget Drive for next year," Keith Davis, drive chairman, said. "We hope that each family and each business will support our fund drive for 1982."

The budget for 1982 is \$7,265.00, a small increase over the 1981 budget. Eleven agencies receive funds through the Munday United Fund and will be dependent upon us to have a successful drive. "One gift works many wonders—when you give the United Way" is our theme.

Our volunteer workers for the fund drive are encouraged to make their contacts and turn in their reports as soon as they can. It was reported on Monday that a few workers had not picked up their envelopes as yet. When you read this article, if you agreed to be one of our volunteers and you have not picked up your envelope, please do so at the earliest possible time. We hope to be able to complete our drive by October 27, 1981. Division chairmen are asked to check with their workers to see how each one is getting along.

"We appreciate all the persons who have volunteered their time to work in the United Fund Drive in Munday and vicinity," the Rev. Ivan E. Allen, chairman of the United Fund board of directors, said. "Without these faithful workers, we would be unable to provide assistance to the many agencies we support."

"Thanks to you it works for all of us—The United Way."

Reminder

The Knox County Extension Home-maker Clubs will have their annual Achievement Day on Saturday, October 24. Registration begins at 9:30 a.m. in the Assembly Room of the Knox County Courthouse at Benjamin.

Various activities are planned including the presentation of awards, a special guest speaker and a covered dish luncheon. The public is invited to attend and view the exhibits.

Cotton Report

Rains brought the cotton
harvest to a halt, reports B.
B. Manly, Jr. of the USDA
Cotton Marketing Services
Office in Abilene.

Around 8000 samples were
classified last week, bringing
the season total to 18,000.
All samples classed were har-
vested prior to the rain.

Prices paid for cotton were
from 7 to 8 cents above the
CCC loan rate. Grade 41,
staple 31, mike 35-49 brought
around 53 cents per pound.

Cottonseed prices paid
producers ranged from 75 to
90 dollars per ton.

The quality of cotton
classed during the week end-
ing October 15 was as fol-
lows: Grades 41 and 31 were
predominant, with 28 and 26
percent each; Grades 32 and
42 were about 18 percent
each; Staple 31 was pre-
dominant with 50 percent;
Staple 32 was 30 percent, and
staple 30 was 11 percent;
Mike readings were 98 per-
cent 35-49 (around 70 percent
40 through 46); eight percent
was reduced on account of
grass, and 3 percent for bark.

The office received a
notice concerning billing user
fee. If a gin collects the 60¢
user fee, they will be billed
March 1 or when they finish
ginning if earlier. Producers
will be billed each four weeks
beginning October 31, when
the gin does not collect the
user fee.

Mother Helps Son Find Better Sight

Little did Martha Harvey
realize when she volunteered
for the vision screening
program in Beaumont that
the first child she'd help
would be her own. Yet it
happened on her first screen-
ing assignment. It was her
son's nursery school and
there the first to fail the
vision test she gave was her
four-year-old Graham.

Martha was stunned! "At
no time had Graham ever
given us any indication he
wasn't seeing correctly; yet
the screening indicated he
had very poor sight in his
right eye.

"My first reaction was that
he was nervous because his
mother was testing him. So
another screener did the re-
test, and when she got the same
results, I took Graham for a
professional eye examination
as quickly as I could get an
appointment."

The examination revealed
that Graham had amblyopia
or "lazy eye", the most
serious early childhood eye
problem, she explains. With
amblyopia one eye is stronger
than the other and gradually
takes over all seeing functions.
The other or "lazy" eye then
becomes progressively
weaker and in time loses all
useful sight.

"Once this happens,
nothing can be done to
restore sight in that eye. That
is why I am so grateful that
Graham's condition was
caught early enough to be
treated," she said. "As part
of the treatment, Graham's
stronger eye was patched,
forcing the weak one to
work, thereby strengthening
it. Glasses were also pre-
scribed.

If a child has not had a
professional eye examination
or been tested in a vision
screening program, Prevent
Blindness encourages the
parent to write for the
Society's free Home Eye Test
for preschoolers. This test
will give the parent an oppor-
tunity to play this important
"game" at home.

PUBLIC NOTICE

Brazos Electric Power Cooperative, Inc., in accordance with provisions of the Public Utility Regulatory Act of Texas, hereby gives notice of the Cooperative's intent to implement a new schedule of wholesale electric service rates, effective October 31, 1981, or as soon thereafter as permitted by law.

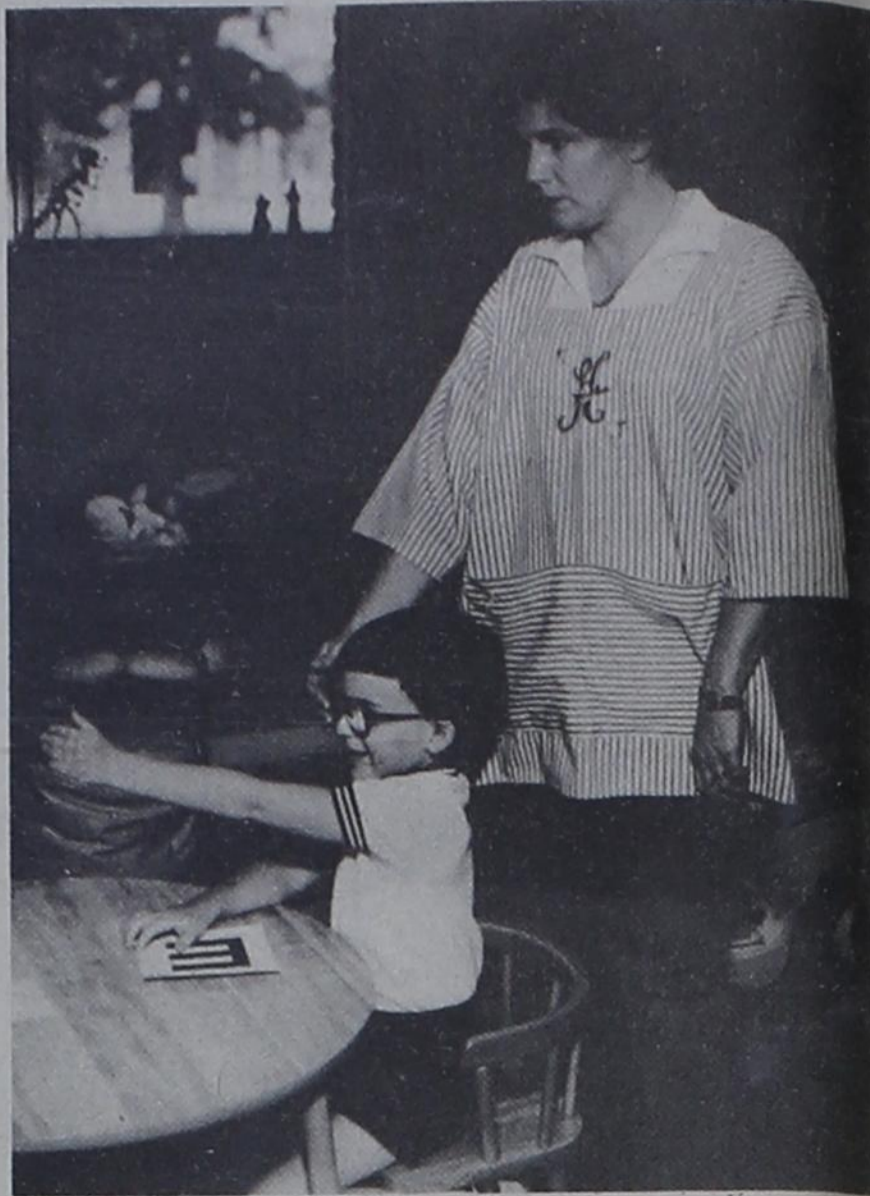

The proposed rate changes, all at the wholesale level, will affect all Brazos' member cooperatives and interconnection customers and are expected to result in an approximate 61.12% increase in gross revenues when compared to a test year, April 1, 1980, through March 31, 1981.

The increased revenues are necessitated primarily by a newly constructed lignite-fueled generation plant, mine, and associated transmission line providing electric power to the Brazos System consumers.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected member distribution cooperative and interconnection customer of the Brazos System. It is available for inspection at the Cooperative's offices in Waco, Texas.

THE "E GAME" is being re-enacted by Martha Harvey of Beaumont and her son, Graham. The E game is a vision test that gave the first indication that Graham was seeing poorly. His eye problem was diagnosed as amblyopia or "lazy eye"; had it not been detected and treated early, Graham would have soon lost useful sight in his right eye.

Local Official Announces Support For Proposition 5

Charles Griffith of Benjamin, president of the Knox County Farm Bureau, has announced support for proposed Constitutional Amendment Five, saying that passage of Proposition Five would be a positive step toward keeping a viable livestock industry in Texas.

Proposition Five proposes to include livestock and poultry with other farm products already exempt from property (ad valorem) taxes, and is one of seven proposed Constitutional Amendments to be considered by Texas voters on November 3.

These products are currently taxed inconsistently across the state because of a 1976 Attorney General's opinion that livestock and poultry are not "farm products". Texas is the only state among the large cattle-feeding states which allows such a tax.

"Any producer of any product must recover the cost of production, including taxes, and show some profit, if he is to stay in business," Griffith said. "Without passage of Proposition Five which would remove property taxes on livestock and poultry, some producers may conclude that they cannot afford to remain in that business. Then, we'll see a drop in production which will also hurt our local economy."

Griffith pointed out that no other food products are taxed in Texas. And, he noted that the present system of taxing meat is "inequitable and unfair."

"Many school districts and most counties do not tax livestock or poultry at all, while others do. With Proposition Five, we could assure fair, uniform tax treatment for all food producers," he said.

Griffith said that total revenues generated by livestock and poultry taxes accounts for less than one-fourth of one percent of all Texas property tax receipts each year.

Addressing the effect of the amendment on school districts, Griffith said that schools' revenue losses will be partially offset by increased state aid when livestock and poultry are

removed from each school district's state aid formula. "Statewide, this increased state money will average one-half of the lost revenues and some districts will actually receive more aid than the revenue they will lose," he said.

"In addition to helping consumers and producers alike, encouraging a healthy livestock and poultry industry in Texas will contribute to the vitality of the state's overall economy, thus increasing overall tax revenues from many other sources," Griffith concluded.

The "Vote for 5 Committee" is chaired by State Rep. Susan McBee (D-Del Rio) and consists of representatives from nine agricultural groups who have united to support passage of the amendment.

Gift Tea Saturday

Miss Kathy Nix, bride-elect of Joe Schuessler, was honored with a gift tea at the Munday Community Center on Saturday afternoon, October 17, 1981.

Mrs. Leonard Welch greeted the guests and presented them to the honoree; her mother, Mrs. Robert Nix; and Mrs. H. A. Patterson of Vera, grandmother of the bride-elect.

The serving table was covered with a beautiful white cut-work cloth and centered with a fresh flower arrangement of white gladioli and apricot carnations accented with baby's breath. The bride's chosen colors of ivory and apricot were carried out in the napkins, cookies, mints and punch. Ribbon streamers of apricot with the bride and groom's names in gold were displayed on the serving table.

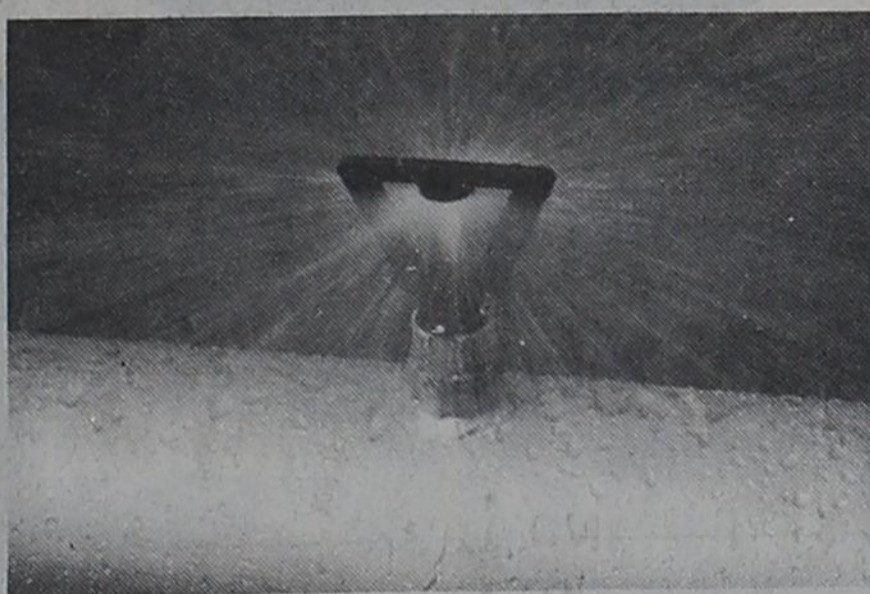

Punch was served from a silver punch bowl by Mrs. Larry Swan. Mrs. Byron Gass served coffee to the guests from a silver coffee service. Antique spoons and serving plates of silver were also used. Mrs. Ralph Cypert registered guests.

Hostesses for the occasion were Mmes. M. M. Booe, Sam Stone, Lee Roy Lellar, Byron Gass, Frank Steinbach, Dorse Collins, Doris Dickerson, Jerry Decker, John R. Rayburn, Kenneth Whittemore, Ralph Cypert, Larry Swan, Omar Cure, Nolan Phillips, Boyd Baker, E. C. Browning, Ruth Griffith, Billy Cypert, Glenn Maston, Al Cartwright, W. G. Welborn, Charles Yeager, Danny Welch and Leonard Welch.

A 'BIG THANKS' to all of our friends that visited the Knox County ASCS Office, Wednesday, October 14th, making our day very special. Thanks for all the flowers, cards, and telephone calls congratulating us. A special thanks the The Citizens State Bank of Knox City for furnishing the refreshments.

Now save more than \$20,000 with the new revolutionary Valley Double Low Pressure Spray Nozzle

New Valley 10 slashes H.P. by 50% over the lowest low pressure nozzle available.

This new Valley spray nozzle is a quantum leap in reducing energy costs as well as pump and engine investments. Because of its unique design, it is superior to other low pressure nozzles; fine droplets are practically eliminated, reducing both evaporation loss and wind drift.

Horsepower requirements are dramatically reduced from 17 H.P. for present standard low pressure, down to 7 H.P. for the new Valley 10. Over ten years, energy costs can be trimmed by more than \$20,000 assuming diesel fuel at \$1.00 per gallon, a 12% inflation factor and 1,200 hours of annual use on a quarter section size system pumping 800 gpm. Yet the diameter of the 360 degree pattern is only slightly smaller than spray nozzles operating at 25 psi.

If you can use low pressure, don't do anything until you've seen your Valley dealer for the ultimate savings in energy.

Valley dominates the field.

IF REFEREE WILL MOVE, Quincy Adams, Mogul RB (42) is ready to scat for a good gain, as he sees daylight around this Mogul-Indian pileup. Stephen Schumacher (22) is doing a yeoman's job against the Indians.

Moguls Down Quanah Indians In District Opener Friday

The Munday Moguls, putting up a gallant display of action, proved to their fans that they were able to come from behind to win the District 7-AA opener against the scrappy Quanah Indians last Friday night. The game was at Quanah and was witnessed by a good showing of Mogul fans.

Munday opened the scoring when halfback Quincy Adams ran for a 23-yard touchdown around left end with just 1:35 left in the first period. Lawrence Collier's toe added the point after, and the Moguls appeared on the move!

But "lady luck" was against the local boys, as they fumbled early in the second period, and the Indians recovered in the end zone, bringing the ball back to the Quanah 20. From there, the Indians drove eighty yards and

scored with 18 seconds left in the period. Larry Cox ran the three remaining yards to score, but the point after failed.

The Moguls lost the ball twice on fumbles inside the 25-yard line in the third period. On the second fumble, Quanah cashed in for a score when Larry Cox went over from the six. A try for two extra points proved fruitless.

The Indians received the ensuing kickoff and was on the Munday 31-yard line when they fumbled with a Mogul making the recovery.

Two plays later, Collier got loose for 64 yards and a touchdown with 2:45

remaining in the game. The extra point kick was blocked.

Munday then kicked off to Quanah, and a stiff defensive stand by the Moguls held the Indians' drive. The Moguls took over and ran out the clock.

Gary Adams was easily the outstanding defensive player for the Moguls.

Munday now stands at 1-0 in District 7-AA and 5-1 for the season. Quanah remains winless at 0-1 and 0-6.

Freedom From Frustration

Frustration is a common problem faced by people in our society. With all the bad news in the economic and political arenas, it is no wonder that so many people feel frustrated. For a person who looks at the world situation without an understanding of God's control, things do look bad. For a person with a personal relationship with Jesus Christ, however, things are different. The Psalmist gives us the keys to freedom from frustration in the 23rd Psalm. The key is a trust in God as the Good Shepherd, the gracious Host and the Loving Father (read Psalm 23).

First, the Psalmist pictures God as the Good Shepherd (verses 1-4) who leads, guides, provides for and protects His own. It gives one a great sense of security to know that the God of the universe is committed to caring for him.

Next, the Psalmist pictures God as the Gracious Host (verse 5) who prepares a victory feast in his honor. He provides liberally all that one could want at this great banquet.

Lastly, we see God as the Loving Father (verse 6) who receives us into His house forever.

We need not be frustrated by the circumstances of life if we know the One who controls those circumstances, and are living in a faith relationship with Him.

SEYMOUR EDGES HASKELL TRIBE

After a slug-fest all during the game, the Seymour Panthers edged out the Haskell Indians 6-0 on Haskell Field Friday night, with only five seconds left in the game.

Seymour halfback Robert Mergerson scored the six points in the first District 7-AA game for both teams, going over from two yards out.

Neither team could build up much offense in the melee, with Seymour making nine first downs to the Indians' five. The game was filled with nine turnovers.

The host Indians are now 3-3 for the year and 0-1 for district. Seymour stands 2-4 for the year and 1-0 in district.

KNOX CITY ROMPS OVER GREYHOUNDS

Greyhounds defeated the Throckmorton namesakes to the tune of 28-12 at Knox City.

Knox City went ahead in the first period when Ricky Gutierrez scored on a three-yard run and David Flores kicked the extra point. Knox

City took a 14-6 halftime lead on an eight-yard run by halfback James Stafford.

Throckmorton cut the lead to 14-12 in the third quarter, and Knox City claimed the fourth period by adding two more touchdowns.

BENJAMIN BESTS PATTON SPRINGS

Benjamin's Mustangs ran roughshod over their visitors, Patton Springs Rangers, last Friday in an action-filled game that netted the Mustangs 52 points to 20 for the Rangers.

Jim Mancille paced the Mustang "rough-town" parade with three runs of 48, 22 and six yards. He tossed the ball to Ancel Redder for 14 yards and another score. Other Benjamin scores were by James Propps in a 66-yard kickoff return, a 34-yard run by Troy Oxford, and a three-yard run by Doug Brown. Oxford kicked for five points after.

For Patton Springs, Kevin Adeock scored twice, and Louis Jimenez added

another. The Rangers also scored on a safety.

CHILICOTHE EAGLES DEFEAT ROCHESTER

Rochester's Steers again fell victims to their visitors when the Chillicothe Eagles downed them to the tune of 33-6. The Steers were injured during the play.

The visitors held Rochester to 51 yards rushing and 83 yards passing, while their offense amassed a total of 450 offensive yards.

RULE'S BOBCATS ROMP ON JAYTON

The Rule Bobcats extended their winning streak to six games Friday night as they humbled the Jayton Jaybirds to the tune of 35-8 in a 4-A district display.

Rule scored twice in the last four minutes of their one-sided victory. Jayton outgained Rule on the ground, 180-179 yards, but lost four fumbles.

PADUCAH WINS OVER CROWELL

In other district 7-AA action, the Paducah Dragons remained in the district race by defeating the Crowell Wildcats to the tune of 34-19.

Munday Area People Receive Awards Rolling Plains Economic Program Has Annual Meeting

Livestock, wheat and cotton markets each have their own problems in trying to meet the challenges to agriculture in the '80s. But one area in which they all need to focus attention is the marketing of their products, a panel of producers told almost 200 persons at the annual meeting of the Rolling Plains Economic Program (RPEP), held recently in Vernon.

"There are two major problems: producing and marketing," said panel member Tommy Isbell, cotton farmer from Paducah. A farmer spends all year getting a crop up, and then takes a beating on it at the market, he said.

Producers need to pay more attention to political liaison and consumer promotion, stressed panelists Rob Brown, cattleman from Throckmorton, and Jim Billington of Altus, Okla., president of the National Wheat Growers. Legislation and consumer demand directly affect the agricultural marketplace, they said.

Persons attending the meeting at the Vernon Regional Junior College also heard a variety of speakers address concerns of agriculture in the '80s and took part in afternoon seminars covering timely topics in cotton, horse, wheat, guar and mungbean, swine, and beef cattle production; special features of cotton fabrics, cotton promotion, lamb preparation, and the economic outlook for cotton and wheat.

RPEP is a regional organization sponsored by the Texas Agricultural Extension Service to promote economic growth and development and improved living in a 30-county area.

Re-elected to lead the group another year were Floyd Borchardt, Crowell

Whitworth Funeral Held On Monday

Mrs. Mary Lee Whitworth, 74, resident of Munday for a number of years, died suddenly early Saturday morning at Stephenville, where she and her husband had gone to attend a reunion. Although she suffered a chronic heart condition, her death came as a shock to all who knew her.

She was born on September 27, 1907, in Dundee, the daughter of the late Mr. and Mrs. R. L. (Uncle Bob) Gaines. The family later moved to a farm southeast of Munday where they resided for many years.

She married D. E. (Tuck) Whitworth on March 10, 1927, in Weirert. They moved to Munday from Nogales, Ariz., in 1947. She was a housewife, a member of the Munday Church of Christ and of the Munday chapter of American Assoc. of Retired Persons, where she was very active.

Funeral services were held at 10:30 a.m. Monday from the Church of Christ in Munday with Payne Hattox of De Leon, a former minister here, and Larry Swan, minister of the church, officiating.

Burial was in Johnson Memorial Cemetery under direction of McCauley-Smith Funeral Home.

Serving as pallbearers were Robert Gaines, Gordon Gaines, Craig Combs, Clay Combs, G. K. Welborn and John Cortest.

Surviving her are her husband of Munday; two sons, Richard Whitworth of Thousand Oaks, Calif., and Dunovan Whitworth Jr. of El Paso; two daughters, Bobbye Nell Selbo of Littleton, Colo., and Patsy Combs of Rockwall; 14 grandchildren; and seven great-grandchildren.

Proposition Five is positive step

When the interpretation of our state Constitution causes inequities and more problems than aids, it is time to change or clarify that law. Such is the case concerning Proposition Five, one of seven proposed Constitutional Amendments on the November 3 ballot.

The Texas Constitution says, in part, "farm products in the hands of the producer are exempt from all taxation." We agree with this concept, both in theory and practice, as it tends to hold down production costs for food. However, a 1976 Texas Attorney General's opinion held that neither livestock nor poultry constituted "farm products" and were therefore subject to property (ad valorem) taxation.

Some taxing entities, such as school districts, have imposed a tax on some livestock and poultry. Others have not. Some have studied the situation and, because of the difficulty of accurately counting livestock on the open range, have concluded that it would cost them more to administer the program than they would receive in additional tax revenues.

At the very least, an inequity exists when some producers are taxed while others are not.

At most, this is an important consumer issue. Approval of Proposition Five will mean that no meat producers will be taxed for either livestock or poultry, thereby decreasing their cost of production. In the long run, this is one positive step we can take which will help hold the line on increases in the cost of groceries we all buy.

For those school districts who decry losing these revenues, we point out that when their state aid formula is adjusted to omit livestock, on the average, they will be compensated for one-half the lost revenues, and some will even gain more revenues than they lose. In addition, this inequitable tax, as now applied, amounts to only an insignificant one-fourth of one percent of total revenues. In the final analysis, no one truly gains when revenues are generated by means which are not universally applied.

Surely it is worth it to all just-minded Texans to approve a measure which will assure fair, equitable taxation for all food producers.

We strongly urge you to go to the polls November 3 and vote FOR Proposition Five.

Mr. Casillas Of Knox City Dies Sunday

Manuel Casillas, 83, a retired Knox County farmer, passed away at 10:45 p.m. Sunday in the Knox County Hospital after a brief period of illness.

He was born on April 13, 1898, in Mexico, and married Margarita Solis in 1921 in Bridgeport. The couple moved to Knox County in 1925. He was a member of Santa Rosa Catholic Church.

Rosary was at 7:30 p.m. Tuesday, and funeral services were at 10 a.m. Wednesday at Santa Rosa Catholic Church with Rev. Brandon McGuire officiating. Burial was in Knox City Cemetery under direction of Smith Funeral Home.

Survivors include his wife; five sons, Manuel Jr. and Rudy, both of Fort Worth, Grady of Wichita Falls, Arnold of Arlington and Edmund of Knox City; two daughters, Aurora Rocha of Knox City and Sally Flores of Cotton Center; a sister, Mrs. Alma Escobar of California; a niece, Natividad Quintana of Knox City; 41 grandchildren and 41 great-grandchildren.

Mr. and Mrs. Bill Everett were recent visitors to Bill's old stomping grounds in Burnet County. They also visited in Austin while they were away.

Coach Lankford Comments

Statistically we dominated the game with Quannah. Two early scoring opportunities were thwarted by fumbles. We finally scored on our third opportunity on about a 20-yard run by Quincy Adams.

Quannah came back on their next possession and scored, moving the ball mainly by passing. Half-time score was 7-6 in the Moguls' favor.

About mid-way in the third quarter, Quannah turned another fumble into a touchdown. At this point Quannah led 12-6.

On the Moguls' next possession, they moved the ball 64 yards on 16 plays for the go-ahead touchdown. Quincy Adams scored this one on a 2 yard run. Stephen Schumacher went into the game to engineer the go-ahead score after Robert Boyd received a shoulder injury, and was unable to continue with the play.

The final score of the game came on a 65-yard run by Lawrence Collier.

Defensive standouts included Gary Adams, Lester Adams, Moses Dena, Stephen Schumacher and Dave Hunter.

Junior Ramirez also sustained an injury to his knee in the game, but should be well enough to go by Friday night.

Sunday morning, October 25, 1981 has been designated as

Great Day In The Morning
by the First Baptist Church of Munday

The Larry Sinclair family will be leading the morning service at the Munday High School auditorium. This family, involved in full-time music evangelism, sings a mixture of contemporary and traditional gospel music. Freida Sinclair is also a gifted ventriloquist and captures the hearts of all ages with her "son" Willie Jo. The service will begin at 10:45 a.m. and everyone is welcome.

FTA Chapter Has Meeting

by Kristi Smith

The Munday chapter of Future Teachers Association met Monday night, October 12, to discuss the District Nine convention. The annual convention will be held in Jacksboro on Saturday, October 24.

Angela Meers is running

for district vice-president. Paul Wright has announced for financial secretary and Donna Welch is running for district parliamentarian. Mona Choucair is running for Miss FTA. Last year she was named first runner-up in the State competition in San Antonio.

The Munday chapter will also participate in a name tag contest at the convention. Twenty of Munday's members plan to attend.

Munday 4-H Girls Prepare For Food Show

Members of the Munday Junior 4-H who are going to enter the Knox County Food Show have experienced a very busy but profitable month. Mrs. Jean Reneau and Mrs. Frances Parker are working with the girls. The Food Show will be held Saturday, October 31.

On October 7, in the home of Mrs. Reneau, the group learned to read a recipe and to measure liquid and dry ingredients. They also discussed the four basic food groups. Their finished products at this session were blonde brownies and a fruit drink.

The following day they met again in Mrs. Reneau's home to study the number of servings needed daily from the four basic food groups. They discussed the nutritional values and what each food contributes to our well-being. The girls prepared a nutritional snack of bean and cheese dip and

fruit punch. The group gathered at the Community Center October 10 and prepared a day's menu, using what they had learned. They brought the recipe for the dish they will be preparing for the county show and determined the key nutrition in each. They prepared a meal of sloppy Joes, cheese, dip served with vegetable "dippers," and fruit punch.

The girls worked on their food and nutrition records in Mrs. Reneau's home on October 13. They have had very good sessions to prepare for the food show.

Girls participating were Robin Reneau, Ann Parker, Jae Jae Reneau, Lynn Parker, Linda Hunter, Susie Morgan, Angie Partridge, Angel Dockins, Christy Williams, Christy Morgan, Janet Williams, Kacy Longan, Paulette Neskork, Missy Reneau, Amy Parker, and Glenda Hunter.

April Stamps, Knox County extension agent, was special guest at two of the meetings.

Texas Nurse Week Set

October 25-31 has been designated as Texas Nurse Week. This provides an opportunity for the public to be extra conscious of the service provided by our registered nurses. The slogan for the special week is "Nurses Are The Heart Of Medicine".

In connection with this, it would be well for the area people to realize that Knox County Hospital has a very qualified nursing staff and let the nurses know they appreciate them.

Melba Pharr, director of nurses at Knox County Hospital, stated, "I am very pleased with each one of the registered nurses on the staff of the hospital. We are privileged to have five registered nurses, with one more, Mabel Chaney, to join us in November."

Registered nurses on staff at the hospital include Fretta Wright, Peggy Whitten, Joe Yates, Gayle Harris and Debbie Bishop. Mrs. Pharr is also a registered nurse.

To The Editor

I want to renew my subscription to The Munday Courier with enclosed check. It will expire 11-11-81. It is always so nice to get the paper so I can keep up with what is going on in Munday.

Raynes of Great Bend, Kans.; four sisters, Alice Scott of Wheaton, Mo., Christine Roberts and Louann Minters, both of Seminole, and Lois Robinson of Great Bend, Kans.; three grandchildren and two great-grandchildren.

Tom Cowsar, Goree Pioneer, Dies Thursday

Tom Cowsar, resident of the Goree area for 83 years, passed away last Thursday in Fort Worth, following a long period of illness.

A native of Parker County, Mr. Cowsar was born June 22, 1888, and was 92 years, three months and 22 days of age at the time of his death. He came to Knox County in 1898, and married Ethel Moore on November 10, 1910, in Goree. He operated a barber shop in Goree for many years, retiring from active duty several years ago.

Mr. Cowsar was a member of a pioneer Knox County family, and attended school at "old Goree". He served as school tax collector for several years.

In 1943, the Cowsar family moved from Goree to Wichita Falls; and subsequently to Fort Worth, where Mr. Cowsar lived for the past 30 years.

Mr. Cowsar was a member of the First United Methodist Church in Goree and of Goree Lodge No. 1029, AF&AM.

Funeral services were held at 2 p.m. Saturday from the First United Methodist Church in Goree, with the pastor, Rev. Ivan Allen, officiating. Burial was in Goree Cemetery under direction of McCauley-Smith Funeral Home. Nephews served as

pallbearers.

Surviving him are his wife, of the home; a daughter, Lorena Cowsar, also of the home; a daughter-in-law, Mrs. Glen Earl Cowsar of Dallas; two grandchildren; three great-grandchildren; a sister, Mrs. Mamie Fitzgerald of Goree; and a brother, Virgil Cowsar of Abilene.

Mr. Williams Of Benjamin Buried Friday

Harold Russell Williams, 70, of Benjamin, died Wednesday, October 14, 1981, in his home.

He was born February 15, 1911, in Wakita, Oklahoma, and moved to Benjamin from Stinnett in 1964. He married Jonnie Barker on July 30, 1969, in Benjamin. He was a retired motel operator and a member of the Christian Church.

Funeral services were held at 10:30 a.m. Thursday in the First United Methodist Church at Benjamin. Rev. K. E.

House Speaker Clayton Pushes For Amendment 4

Critical Water Shortage Likely In Next 19 Years!

Did you ever turn on a tap--and no water comes out? This we have done on a temporary basis, but "those in the know" predict that this is very likely to be the case on a state-wide basis by the year 2000, it was pointed out, unless something is done about it!

This was the opinion of water experts who spoke at Saturday's meeting of 100 delegates to the annual West Texas Chamber of Commerce meeting in Abilene.

Texas House Speaker Bill Clayton told those at the chamber's luncheon that everything points toward a critical water shortage in Texas in the next 19 years. Clayton and others speaking before the assembly, including State Sen. Grant Jones of Abilene and executives from state water development organizations, pushed for passage of proposed state constitutional amendment No. 4, to be voted on in the general election on Tuesday, November 3.

The amendment, they said, is designed to provide governing bodies with the means of financing critically needed water projects for Texas--today and in the near future.

M. L. Wiggins of Munday, a life director in WTCC, was among the 100 delegates present.

The proposal would authorize the use

of a portion of excess state revenues for water development, water conservation, water quality enhancement and flood control.

Dr. Herbert Grubb, director of planning of the Texas Department of Water Resources, said with population growth in Texas estimated to grow from more than 14 million today to as much as 26 million by the year 2000, the demand for water is expected to exceed the supply by the year 2005 to 2010, and "we must invest our spare capital and labor into solving the problem."

In a recent press release, Speaker Clayton said: "We can all remember lining up at the gas pumps to get a few gallons of gasoline, but is almost beyond our imagination to see ourselves lining up to get a gallon or two of water. Yet, this could become a reality in this century."

"We here in Texas have a chance to create a funding mechanism that will be a strong shield against the impending water crisis. This mechanism is the water trust fund which would be established by passage of proposed Constitutional Amendment Number Four."

"The November 3rd election is fast approaching. I hope you will continue to become involved so that you will be able to cast your vote wisely and in response to our impending water crisis."
