## Look To The East

by Aaron Edgar

"I'd just love to be able to smile again!"

An expression like this recently emanated from a woman who had been unable to smile for seven years! She suffered facial paralysis during the removal of a brain tumor.

She underwent rare surgery on August 10, to restore her smile. A chewing muscle from her temporal region was grafted to an area under her left cheekbone.

We just hope and pray the operation was a success, because . . .

It's just wonderful to be able to smile!

There was a time when we were unable to conjure up a smile. Well, a half-smile, maybe, but not a full-fledged one.

We awoke one morning with a sort of tingle but otherwise numb feeling in the right side of our face.

We were not alarmed at first, but noticed that as we tried a drink of water the fluid would spurt out of the right corner of our mouth. The same thing happened as we tried to enjoy our early-morning coffee. We also had to use our finger to close our eyelid.

Then's when we took a quick trip to our doctor in an effort to find out what was a-matter! He decided the right side of our face was paralyzed, temporarily, that is. He prescribed some medicine that was supposed to hurry up the return to normalcy.

We didn't enjoy the fact that people on our left could see the semblance of a smile. Those on our right saw no movement whatever. We thought chiropractic treatments might also be of value, so we went to our chiropractic friend without the knowledge of our M. D. friend.

Our friends were happy--and so were we--when our smile returned within a matter of 10 or 12 days!

Everett J. "Ebb" Grindstaf of Balingier, who recently became president of Lions International, dwelt on the value of a smile in his inaugural address titled: "Share The Vision of Service". We quote the "smile" portion of his address:

"What is it that people like to see the most? Well, let me give you one language that is all its own, a time-proven universal language understood by people of every nation. Indeed, we may not speak the same tongue as our neighbors, but there's one thing that we do that has no language barrier--we smile in the same tongue.

"There is no interpreter needed for this expression of love, happiness and good will.

"When you meet a man without a smile, give him one of yours. A smile costs nothing but gives much. It enriches those who receive, without making poorer those who give. It takes but a moment, but the memory of it sometimes lasts forever.

"It brings rest to the weary, cheer to the discouraged, sunshine to the sad, and it is nature's best antidote for trouble.

"Yet it cannot be bought, begged, borrowed or stolen, for it is something that is of no value to anyone until it is given away!

"Some people are too tired to give you a smile. Give them one of yours, as none needs a smile so much as he who has no more to give.

"A smile is a curve that can set lots of things straight.

"When you do not know what to do or which way to turn, smile. This will relax your mind and let the sunshine of happiness into your soul.

"A smile is a mystery; nobody knows its biological cause, only its emotional effect. For the person who smiles feels better himself. His smile is not only light to another's spirit, its curve swings inevitably back to light your own.

"A smile is the light in your window that tells people there's a caring, sharing individual inside."

**KINDERGARTEN STUDENTS** in the Munday Schools were busy learning a new routine this week. Mrs. Melissa Josselet's class was listening to a record explaining about different shapes. The children in the class of Mrs. Nell Sloan and Mrs. Frances Cypert were in the process of drawing pictures of themselves on paper plates. There are 35 boys and girls enrolled in kindergarten this year, and the alphabet chart and books in the rooms indicate just a few of the things they will be learning in their first year in school.

## Sales Tax Rebates Show Slight Increase Over '81

State comptroller Bob Bullock Monday sent checks totaling \$97.9 million to 967 Texas cities as their share of the one-percent city sales tax for August.

"So far, these monthly rebates of local taxes are running nearly 12 percent ahead of last year's totals," Bullock reported. "As we predicted last month, the oil glut has slowed down the pace of this growth markedly, especially in the places that were experiencing oil booms. But the general state growth rate is still strong and healthy."

Net payments to Knox County this period amounted to \$18,165.54, this sum being allotted as follows: Benjamin, \$624.23; Goree \$925.00; Knox City, \$9,509.93 and Munday, \$7,106.38. Comparable payments for the same period last year amounted to \$24,161.06.

## Sunset Homecoming Plans Finalized

Members of the Sunset homecoming committee have finalized plans for the 1982 homecoming, which will be held Sunday, September 5, 1982. This will be Labor Day weekend.

The program will be held in Munday High School auditorium and a catered dinner will be held in the high school lunchroom, following the church services.

Rev. Mart Hardin, son of the late Mr. and Mrs. Mart Hardin, who was born and raised in the Sunset community, will be the speaker. He was a 1945 graduate of Sunset and is now pastor of the First Baptist Church Chickasha, Oklahoma.

For further information, contact Mrs. Myrtle Partridge Everett, 422-4020, or Mrs. Winters Groves Matthews, 422-4666.

## City Hall Lawn To Be Site For Health Fair

The Knox County Health Fair, which will be held on the Munday city hall lawn on Saturday, August 28, from 10 a.m. until 4 p.m., will be a fine opportunity for local citizens to bone up on their general health knowledge.

A spokesman for the Knox County Extension Service's Family Living Committee, which is sponsoring the fair, reported that local response to requests for booths and displays has been tremendous. They have 25 confirmed booths, displays and demonstrations representing health-related and service organizations, including American Heart Association, American Cancer Society, Alcoholics Anonymous, Red Cross, Knox County Hospital Auxiliary and the Lions Club.

Professional medical personnel will be on hand to provide screenings to detect anemia, diabetes, hearing and vision tests and blood pressure checks. Members of the EMT group will be giving CPR instructions, and fire department and police department representatives will have displays.

Refreshments of the health food and drink variety will be provided. Most of the booths and displays will be free of charge.

If any organization wanting to fill a booth at the fair has not been contacted, they may call the Extension office at Benjamin at 454-2651, or Kathy Carrol, chairman of the Family Living Committee, at 474-3261.

Everyone is urged to attend the fair and participate in the activities there.

## Milo-Corn Harvest Getting Under Way

Harvesting of milo and corn was reported in the Munday area last Monday by Maynard Moore, manager of Farmers Grain Co-op in Munday.

A load of milo was received last Friday, being brought in by Zeissel Bros., who are farming the Everett Thompson place west of Munday. They said they spot-cut the milo and could not easily determine the yield. Another load of milo was brought in by Jimmy Albus, who farms the Virginia Smith-Moore place, west of Munday.

Corn in the area is about all harvested, according to Moore. Yields in the hail damaged area was around 10 to 15 bushels per acre. Highest yield was 130 bushels, this being outside the hail area north of Goree.

AN EVENT FOR EVERYONE . . .

## Lions Melon Feed Is Set For September 2nd

Repeating what has been termed "a good thing", members of the Munday Lions Club have set Thursday evening, September 2, at the date for their annual watermelon feed.

Everything is being placed in readiness this week, getting started in a big way at noon Tuesday when Barton Carl, chairman of the feed committee, read off names of a majority of Lions Club members as members of committees. These are to take care of all details for this event.

The site will be that which was used last year, an area just south of the field house on Mogul Field. There you may assemble at 7:30 p.m. Thursday of next

week, select your piece of melon, spread a pallet on the ground, and dig into the cold delicacy!

Bring yourself and family, a friend or whatever, and your appetite for melons!

There'll likely be entertainment, too. Arrangements are being made to have Lion Norm Anderson and his musical group to perform during the event. James Smith has agreed to furnish the melons, which will be gathered and chilled ahead of time.

It's a big event when Lions want local people to know they're still around, and they invite everybody to come, visit with friends, partake of tasty melons and just have a jolly good time. Come on over, won't you?

## Booster Club To Benefit Munday's Young Athletes

Members of the Munday Quarterback Club have recently re-organized to form the Munday Booster Club. This change was made to enable the club to extend its support to the participants in all sports.

President of the new club is Gene Thompson, and Kenneth Hendrix is the secretary-treasurer. Meetings will be held each Tuesday night at 8:00 p.m. in the high school cafeteria. The club is open to all interested persons.

For its first activity, the club will be selling homemade ice cream at Munday's football scrimmage against Abilene Christian High School here Friday night, August 27. Game time is 6:30 p.m. Proceeds will go into the Booster Club's treasury to be used to finance further activities.

The club is in urgent need of help in the form of attendance at the meetings and support for all its activities. This is

## Local School Enrolls Total Of 414 Students

A total of 414 students were enrolled in the Munday Public Schools the first of this week, according to an announcement by Supt. Doyle Lowrance. This was a decline of seven students from last year's enrollment.

Enrollment divided by classes in Munday elementary school included:

Pre-kindergarten, 2; kindergarten, 36; first grade, 35; second grade, 33; third grade, 26; fourth grade, 40; and fifth

grade, 22, for a total of 194.

In junior high school, there are 27 students in sixth grade; 29 students in seventh grade, and 35 students in eighth grade, making a total of 91 students.

High school enrollment is 129. This includes 44 freshmen, 25 sophomores, 29 juniors and 31 seniors.

A slight increase in enrollment is possible, as new students might enter schools later on.

## Moguls Win Scrimmage, Face ACHS Friday Night

The Munday Moguls traveled to Crowell last Friday night for their first scrimmage of the 1982 season. Both varsity and junior varsity teams participated, and both brought home victories. The varsity game ended 4-0 in favor of the Moguls, and the Munday JV's blanked their opponents 2-0.

This week's scrimmage will be at the Munday field against Abilene Christian High School, a private school which fielded a playoff team in 1981. The game will be played Friday night, August 27, and starting time will be 6:30 p.m.

## Comments On Scrimmage

by Rogers Lankford

The coaching staff was favorably impressed with the way the Moguls got down to business in Friday night's scrimmage with Crowell. The team

looked to be a bit stronger than we had expected at this point in the season.

The area in which we had to do the most rebuilding was the defense, and it appears that our work on this has been beneficial. The defense held the Wildcats to under 30 yards total offense in 35 plays. One defensive player, Terry Hendrix, intercepted a pass and returned it for a touchdown.

Offensively, we looked real good. Total offensive yardage was 348 yards on 35 plays. Lawrence Collier had one touchdown, and Quincy Adams scored two. One score was called back on a penalty. Chris Moore did a good job at quarterback, completing five out of seven passes for 95 yards. Danny Hertel caught four passes for 85 yards. The offensive line, consisting of Johnny Collier, Terry Hendrix, Junior Ramirez, Bryan Kuehler and Ray Serrato, did a good job opening holes for our backs.

We were also pleased with the Junior Varsity game. The JV's had 243 yards total offense in 20 plays. Todd Thompson ran 80 yards for one score, and the other was an 80-yard pass play from Dent Offutt to Ryan Wright.

The defense limited their opponents to under 50 yards offense, and Crowell was not able to score against our line.

In all, we felt good about both teams. The boys got good workouts, we were able to see our strengths as well as our weaknesses, and we can see a lot of progress has been made. We should be able to make improvements in the areas where we looked a little weak, and see more progress in our next outing.

This week our scrimmage is against Abilene Christian High School, and it will be in Munday, starting at 6:30 Friday night. They are a big team and will definitely have the size advantage. Hopefully our speed will offset their size.

The players and coaches urge local people to come to the scrimmage and support the team. The backing of local fans can make a lot of difference in the team's attitude. At this scrimmage, the Munday Booster Club will be selling ice cream and cold drinks, so we hope everyone will come out and enjoy the game and refreshments.

## Wildcats To Scrimmage Newcastle Team

The Goree Wildcats will scrimmage Newcastle at Goree on Friday, August 27, at 7 p.m.

The Wildcats, champions of their district last season, took to the field for their first scrimmage last Friday night against McCaulley. According to head coach Gus Dormier, the practice game "went real well." He said the team looked good, and played up to his expectations.

The Wildcats have 14 returnees from last year's 10-1 squad. Napoleon Johnson is the team's assistant coach.

# Moorhouse Ranch Is Winner Of Title Of Best Ranch In Texas

By topping 12 other major ranches in the state during the second annual Texas Ranch Roundup in Wichita Falls last Friday and Saturday, the Moorhouse Ranch of Benjamin won the right to call themselves "The Best Ranch in Texas!" This title went to the ranch at the close of contests Saturday night.

The Moorhouse Ranch scored a total of 46 points in various events of ranch skills, but barely nosed out two other major area ranches, the U-Lazy-S Ranch of Post and the Pitchfork Ranch of Guthrie.

The ranch contests were held at the Wichita County Mounted Patrol rodeo arena, and were co-sponsored by the North Texas Rehabilitation Center and Budweiser.

All funds from the roundup will go towards the North Texas Rehab Center, the West Texas Rehab Center at Abilene, and the West Texas Boys' Ranch at San Angelo.

The title of Best All-Around Cowboy for the show went to Junior Daniels of the Pitchfork Ranch. He won the saddle bronc riding Saturday night with a 76 score and also was outstanding in the wild cow milking and the wild mare race.

Last year's all-around cowboy was Tom Moorhouse of the Moorhouse Ranch, who helped the family ranch to win the state contest this year. He was the top bronc rider of the two nights, getting a 77 score Friday night, and helped with the roping and handling of stock in other contests.

Ranch queen contest winner was Susan Stephens, also of the Moorhouse Ranch.

Overall standings of the 13 ranches for best ranch in Texas were listed as follows:

Moorhouse Ranch, Benjamin, 46 points; Pitchfork Ranch, Guthrie, 45; U-Lazy-S Ranch, Post, 45; Renderbrook-Spade Ranch, Colorado City, 36; Cowan and Son Ranch of Seymour, 32; R. A. Brown Ranch, Throckmorton, 23; Lewis Ranches of Clarendon, 20; Waggoner Ranch of Vernon, 20; Scarbauer Ranches of Midland, 19; Coldwater Cattle Co., Amarillo, 16; Swenson Ranch of Stamford, 14; Double-U Ranch of Post, 11; and the Tongue River Ranch of Paducah, 1.

Scores in the talent contest also contributed toward a ranch's overall score.

## Immunizations Required For School

Parents should remember that State law requires that all children entering child-care facilities and Texas schools must be immunized.

Students in Texas schools must have at least three doses of DPT/Td (diphtheria, tetanus, pertussis, or tetanus, diphtheria) vaccine and three doses of polio vaccine. At least one of the three doses of DTP/Td and polio vaccine must have been received since the fourth birthday.

A dose of measles vaccine after the first birthday or a physician-verified history of illness is also required for all students under 12 years of age. Mumps vaccine or a physician-verified history of illness is required for students 10 years of age and younger. Yearly increases by one year of age for mumps vaccine will continue until September 1, 1990, when all students will be included.

"All students must show a validated record of immunizations when they enter school," said Ron Moellenberg, with the Immunization Division of the Texas Department of Health.

## Summer Fun And Good Nutrition - A Great Combo!

Fun-filled summer months can be fast-paced, making it easy to simply grab a bite without thinking about nutrition.

"Keep in mind that good health is no accident, and it can be wrecked by poor nutrition," warns Dr. Dymple C. Cooksey, food and nutrition specialist for the Texas Agricultural Extension Service, Texas A&M University.

"Summer hunger" can be fended off with sandwiches and sodas, but these alone are not enough," Cooksey says.

Each of the major food groups - including milk, cheese and other dairy products; meat, poultry, seafood, legumes and nuts, including peanut butter; breads and cereals; and fruits and vegetables - are important and provide essential nutrients.

In addition, sugars, fats and oils fall naturally into eating patterns, she says. "As a team working together, selections from the major food groups satisfy all of the body's nutritional needs," Cooksey explains. Within the groups are many

choices to avoid low nutrient density foods.

A healthy diet should be limited in rich baked goods and high calorie snacks. Meals can be planned around fresh fruits and vegetables since they are nutritious and plentiful at this time of the year.

"Calorie watchers should choose lean meat, poultry, fish, skim milk and low fat cheese," Cooksey says.

Concentrate on variety. No single food contains every vitamin, mineral, amino acid and essential fatty acid the body needs. Eat a wide selection of foods to get all the required nutrients. A dietary "rut" is not only boring, but can also be a health hazard, Cooksey added.

## Kathy Carroll Tells Lions Of Health Fair

The Munday Lions Club had "lady visitors" at their meeting at noon Tuesday. These ladies, Kathy Carroll, chairman of the Family Living Committee; April Stamps, Sheryl Simmons and Marlene Siepel, were present in the interest of the Health Fair to be held on Munday's city hall lawn next Saturday.

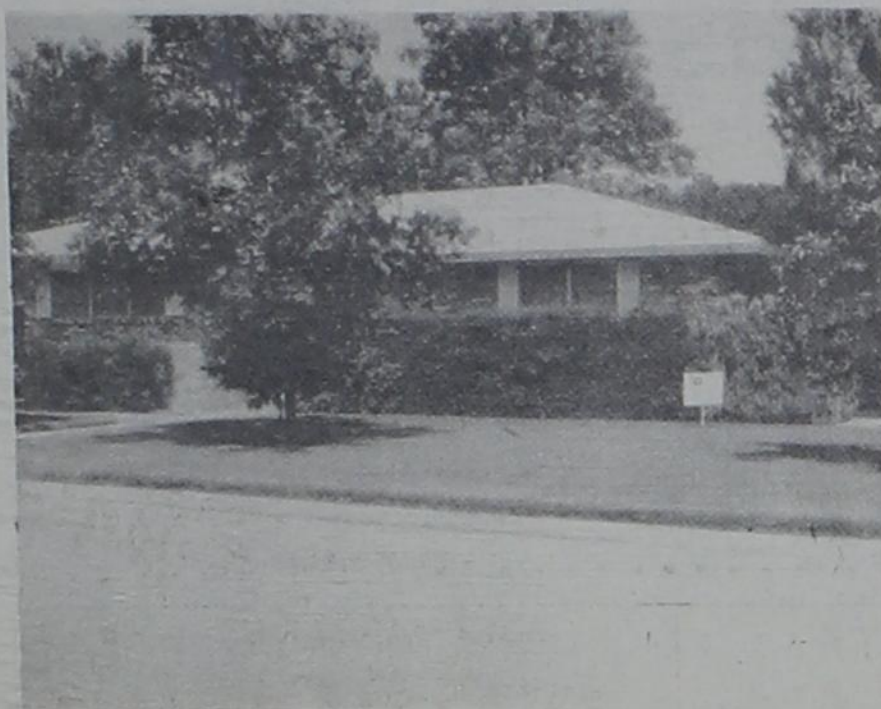

Kathy detailed some of the events and services of the fair, and asked the support of the Lions Club in this undertaking. "We hope everyone will come," she said, "for it will be a day of a lot of fun!"

Support of the local club was pledged for the event.

## Farmer Input Needed For '83 Cotton Program

Cotton farmers have a chance to guide their own destiny by offering suggestions for the 1983 Upland Cotton Program.

Farmer input is needed by September 14 so that the U. S. Department of Agriculture can announce program plans for the coming year around November 1.

"A number of major decisions will be made regarding next year's cotton program, so comments from farmers are vital," said Dr. Carl Anderson, economist in cotton marketing with the Texas Agricultural Extension Service, Texas A&M University System. "A major issue is acreage set-aside."

Farmer input is needed on the following: mandatory or voluntary acreage reduction, paid land diversion, base loan rate for Strict Low Middling 1-1/16 inch cotton with a 3.5 to 4.9 mike, 1983 target price and the loan rate for seed cotton. Comments should go to Director, Analysis Division, USDA ASCS, Room 3741-S, P. O. Box 2415, Washington, D. C. 20013.

Anderson noted that the financial implications of a set-aside program are far reaching. "Producing less may well mean that farmers will make more money," he said. "Base cotton acreage would have to be reduced in the range of 25 percent or more to be effective in reducing surplus stocks."

The cotton market is currently in the doldrums and may remain so another year or so, noted the economist. Demand is weak because of this nation's high unemployment and the current deep recession which is straining consumer budgets for needs other than clothing. Mill usage in the U. S. has dropped to the lowest level since the 1930 depression.

"High interest rates have also been the enemy of cotton farmers," Anderson pointed out. "They make it

expensive for the cotton trade to hold large inventories of raw cotton or manufactured textile goods, so such inventories have been reduced. Consequently, farmers or the government end up holding cotton which, then, hangs over the market and holds down the price."

Cotton farmers also are having to put with an unpredictable export market and a growing level of imported manufactured textile goods, said the economist.

Exports have suffered because foreign governments are temperamental in deciding on cotton production and use. Furthermore, the strong U. S. dollar has pushed up the American price in terms of most foreign currencies, so overseas buyers are reluctant to purchase U. S. cotton. At the same time, the strong American dollar has made foreign textiles a good buy so that imports are cutting deeply into domestic mill usage, Anderson noted.

"Faced with huge cotton stocks and other circumstances that have weakened demand, cotton farmers need to be wary of the devastating financial effects of a large 1983 cotton crop," Anderson said. "Without a sizeable cutback in the base acreage for 1983, any price improvement this season could result in a big increase in cotton acreage and production next year which would almost certainly push prices well below production costs."

Adverse weather has severely reduced cotton acreage this year so that the crop could be below use levels. That, said Anderson, could reduce carryover stocks and cause the USDA to decide against an acreage set-aside program, which would be a mistake.

## FATHER MCGUIRE IN ACCIDENT

Father Brendan McGuire, pastor of St. Joseph's Catholic Church in Rhineland, was involved in a one-vehicle accident Monday, August 16, between Lawton and Chickasha, Oklahoma.

Father McGuire, who was traveling to Subiaco, Arkansas, on vacation, apparently blacked out due to low blood sugar complications, and his car turned over, landing in a ditch. He was taken by ambulance to Comanche Memorial Hospital in Lawton, and received treatment there for the remainder of the Men of the parish brought him home Friday, August 20. His injuries have healed sufficiently for him to be able to return to his usual routine.

# RETIREMENT SHOULD BE MORE THAN JUST A GOLD WATCH.

THE NEW TAX-DEFERRED INDIVIDUAL RETIREMENT ACCOUNTS-IRAs.

You'll be putting in years of hard work between now and retirement. And when you finally retire, you shouldn't have to struggle just to make ends meet.

Social Security can help. So can a company pension.

But an insured Individual Retirement Account—or IRA—managed by the professionals at our FULL SERVICE BANK\* could help provide the financial security that can make you truly independent.

For the first time, new government regulations allow our FULL SERVICE BANK to offer IRAs to almost everyone. Including individuals already covered by a company pension or profit-sharing plan.

With the new IRAs, you're able to invest any amount up to \$2,000 a year towards a high-yield retirement

account. Making deposits by the week, by the month, or whatever plan suits you best.

And because our FULL SERVICE BANK'S IRAs are tax-deferred, you deduct your IRA investment from your taxable income every year. So you'll pay no federal taxes on your IRA until you start withdrawing funds (minimum age: 59½).

Then, when you retire, you'll probably be in a lower tax bracket, paying lower taxes.

But more importantly, your total deposits at our FULL SERVICE BANK are insured by the FDIC up to \$100,000. While many other places promoting

IRAs can't offer you this kind of insurance.

So, with an insured IRA at our FULL SERVICE BANK, you'll have fewer taxes to pay today. And less to worry about tomorrow. Plus, you'll be able to keep that gold watch.

For professional guidance with your financial future, talk to the professionals at our FULL SERVICE BANK.

They'll help make your golden years just that—Golden.

### Hawkins, Reames Marry In Wichita Falls Ceremony

Deanna Hawkins and Jack Metz Reames of Wichita Falls were united in marriage at the Western Hills Baptist Church in Wichita Falls on Saturday, August 14, 1982, at 2:30 in the afternoon. Officiating the double ring ceremony was Reverend Jerry Hodges, pastor.

The bride is the daughter of Mr. and Mrs. James D. Hawkins and the groom is the son of Mr. and Mrs. Jackie A. Reames, all of Wichita Falls.

White pillar candles in arched candelabrum with lemon-leaf foliage and white daisies formed the background for the ceremony. Two altar arrangements consisted of white daisies mingled with blue, yellow and apricot mixed flowers, and the unity candles were covered with lemon leaf foliage accented with a yellow satin bow.

Mrs. Margaret Sanders was organist, and pianist was Mrs. Donna Beavers. Traditional wedding songs were presented by Gil Beavers, soloist.

The bride was escorted to the altar by her father and given in marriage by her parents. The bride wore a traditional gown of organza over taffeta with a lace stand-up collar and empire waistline. The bodice featured front and back ruffle lace-trimmed yokes and long illusion sleeves ending in lace cuffs. A chapel length train was attached to the full skirt.

Her lace tiara covered with seed pearls and sequins held the full cathedral length veil of silk illusion edged with lace. She carried a bouquet of white silk daisies and

MRS. JACK METTZ REAMES  
formerly Deanna Hawkins

yellow rosebuds encased around a silk Bible.

For something old, the bride wore a gold bracelet belonging to her great-grandmother, Mrs. E. H. Mullican, which has been worn by all her granddaughters in their weddings. Something new was a gold watch given by the groom. The silk Bible in the bride's bouquet was borrowed from her mother, and she wore the traditional blue garter. The sixpence in her shoe was given by the groom.

Maid of honor was Lana

Hawkins, sister of the bride. Bridesmaids were Mrs. Beret Gilbert and Mrs. Janet Clark.

Serving as best man was Terry Thompson. Grooms-men were David Hargrove and David Smith. Kevin Hawkins, brother of the bride, and Mike Stanfill, brother-in-law of the groom, were ushers and candle-lighters.

Following the ceremony the bride's parents hosted the reception in the church fellowship hall.

Guests were registered by Karen Lucas. Serving were Mrs. Linda Lucas, Mrs. Karen Bagley, Mrs. Diana Roberts and Mrs. Linda Stanfill. Rice bags were distributed by Michelle Howry and Tina Lucas.

After a honeymoon in the Big Bend National Park, the couple will be at home in Wichita Falls.

The bride is a graduate of Rider High School and is a senior at Midwestern State University. The groom graduated from Wichita Falls High School, and is also a senior at Midwestern. They are both employed by United Supermarkets.

Deanna is the granddaughter of Mrs. Dorothy L. Howry of Munday, G. A. Howry of Goree and Mr. and Mrs. John Hawkins of Haskell. Her great-grandmother is Mrs. Delia Mul-

lican of Munday.

The groom's grandparents are Mr. and Mrs. Clarence Metz of Marlow, Okla., and Mrs. Leona Reames of Fairview, Okla.

### Lynch, Adlong Vows Read

Marriage vows were exchanged between Rosemary Lynch and Matthew Wayne Adlong on Saturday, August 14, 1982, at the First Baptist Church in Conway, Arkansas, with the Rev. William Probasco officiating.

The bride is the daughter of Dr. and Mrs. Audie J. Lynch, and the groom's parents are Mr. and Mrs. Donald W. Adlong, all of Conway. The groom is the grandson of Mrs. George L. Conwell, a former Munday resident, and the late Mr. Conwell.

The new Mrs. Adlong is a graduate of Conway High School and the University of Central Arkansas. She is employed as a staff accountant by Glen Reed Co., of Siloam Springs, Arkansas. Her husband is also a graduate of the University of Central Arkansas, and is a law student at the University of Arkansas.

After a trip to Eureka Springs, the couple will be at home in Fayetteville, Ark.

### Senior Citizens To Sing Tonight

The Munday Senior Citizens will hold their monthly singing Thursday (tonight), August 26, at 6:30 p.m. in the Community Center. Several out of town singers have been invited and we look for a good crowd.

Any local singers are invited to attend. All senior citizens wishing to sing or just listen will be welcomed.

### Girl Scouts To Organize In Munday

There will be an organizational meeting for Girl Scouts of the U.S.A., Thursday, September 2, at 7:00 p.m. at the Munday Elementary School library. Any and all interested adults or parents of girls in the first through twelfth grades are asked to attend this meeting. The Field Advisor from the Nor-CenTex Girl Scout Council will be on hand to discuss what Girl Scouting is all about and to answer any questions.

Girl Scouting is a continuing program centered around the home, the arts and the out-of-doors. It is offered to girls of four age levels: Brownies - first through third grades; juniors - fourth through sixth grades; Cadettes - seventh through ninth grades; and Seniors - tenth through twelfth grades.

The purpose of the Girl Scout movement is to inspire girls with the highest ideals of character, conduct, patriotism and service so they may become happy and resourceful citizens.

Munday is in the Nor-CenTex Girl Scout Council area. The council service center is located in Wichita Falls. Nor-CenTex Girl Scout Council is a non-profit corporation.

If you have any questions, you may call Kay Wilde in Munday, 422-4426.

### Poster Contest To Be Held

The Family Living Committee of the Texas Agricultural Extension Service would like to invite and encourage all youth ages 3 to 12 to enter a poster contest.

The poster is to be on a regular size poster board and turned in by 9:30 a.m., Sat., Aug. 28, 1982. (You need to bring it to the City Hall Lawn in Munday and leave it at the registration table.)

The contest is being held in conjunction with the 1982 Health Fair so the theme for the posters may be any health related area.

Age divisions for the contest are: 3-5 years of age; 6-8 years of age; and 9-12 years of age.

Cash prizes will be awarded in the three age divisions.

For more information contact the county Extension office-454-2651 or Mrs. Kathy Carroll, Chairman of the Family Living Committee-474-3261.

APRIL STAMPS  
KNOX COUNTY EXTENSION AGENT

### Stir-Fry To Save Time, Energy And Nutrients

Save time, energy and nutrients-cook stir-fry style! Stir-fry involves cooking slivers or cubes of vegetables, meat, fish or poultry in hot oil at 425 degrees using a wok or skillet. This form of rapid cooking over high heat originated in China and was used when fuel and food were scarce. The Chinese emphasized preparation and variation of their cuisine.

In addition, the Chinese philosophy of beauty dictated their guidelines for combining colors, flavors and textures of foods to create contrast and harmony in all dishes.

Stir-frying retains the natural flavors of the food as the hot oil preserves the color, flavor and crispness of the vegetables and seals in natural juices of poultry, meats and seafood. Vegetables and meats stay bright, crisp, nutritious and flavorful with stir-fry cooking.

Of course, each food has its own cooking time. Thick or dense foods needs more cooking time while tender foods need less time. To ensure that ingredients are sufficiently cooked, add each food to the pan separately in a recommended sequence. Add a small amount of liquid near completion of the dish, and finish cooking the ingredients in it as quickly as possible.

Stir-fry cooking is energy efficient in both human and fuel terms. One seeming drawback is the Chinese styles of cooking take more preparation time beforehand than American methods. For example, preparing

hamburger patties for frying the American way requires little time, whereas chopping beef into pieces for the Chinese stir-fry method takes about five minutes.

But the Chinese stir-fry method redeems itself during actual cooking since it requires only one or two minutes of cooking time while hamburgers generally cook about 10-20 minutes.

For maximum energy conservation in stir-fry cooking, use small electrical appliances such as a wok or a frying pan rather than the range or oven.

Also, use small amounts of liquid, seldom more than one-half inch, and cover pans tightly. These procedures enable liquid and foods to reach and maintain boiling temperatures with less fuel. In addition, cooking will be faster, and foods will have an improved appearance while more nutrients will be retained.

Stir-fry cooking offers diet versatility-whether you're interested in overall good nutrition for the whole family or whether there are special diet needs.

Since it efficiently keeps the nutrients in vegetables, fruits, meats, fish and poultry, it's perfect for low-calorie diets, diabetic diets and low-budget menus.

Now that you understand the stir-fry method of cooking, try a recipe from your favorite recipe book or magazine.

Mr. and Mrs. Donald Hobert were in Houston over the weekend to visit their son-in-law and daughter, Mr. and Mrs. Robert Casagrande, and to welcome their new grandson, No. 4, Robert Michael Casagrande.

### DAVID AARON DAVIS Davis Member Of Winning Team

David Aaron Davis, 10-year-old son of Mr. and Mrs. David Davis of Austin, was a member of the Austin Town and Country all-star baseball team.

This team defeated all other Austin area all-star teams to win a berth in the South Texas world series, and defeated teams from the Houston area, Rio Grande area, San Antonio area and Mexico City to win the series. Their opponents scored a total of only four runs to 34 runs scored by Town and Country.

David is a grandson of Jerry and June Kane of Munday.

## ATTEND FUNERAL

Among the Benjamin people attending the funeral of Jimmy Collins in Seymour last Tuesday were Mr. and Mrs. Bobby Roberson, Kathy Waldron, Gloria West, Jessie Roberts, Dutch and Slick Benson, Raul Barrientez and the Fred Carvers.

## HERE AND THERE

Mr. and Mrs. Dutch Young vacationed in Red River, N. Mex. and part of Colorado last week.

Mr. and Mrs. Blake West, Michael and Jana, of Springtown, visited his grandmother, Edith West, and his uncle and aunt, the Leroy West.

Mr. and Mrs. B. W. Duke of Fort Worth visited in Benjamin on Monday and attended to business.

Mr. and Mrs. Homer T. Melton and their son and his children, Jim, Kobi and Jason Melton of Quitaque, vacationed in the San Antonio-San Marcos area last week.

Bill and Lorene Powers of Midland were here during the weekend for the funeral of Bessie Clower. They visited her parents, the C. B. Clowers.

Mr. and Mrs. Butch Duke and Marian of Lubbock visited his mother, Clodell Duke, during the weekend.

Gordon and Debbie Taylor, Becky, Cody and Melissa, of Paducah, visited her parents, the Van Greens, Saturday. They all attended the Ranch Roundup in Wichita Falls Saturday night.

Among others attending the Ranch Roundup in Wichita Falls Saturday were the Ned Jones, the Bobby Robersons, the Bill Spikes, the Don Ryders, the Davey Oxfords, the Herb Propps, Lewis and Betty Lyles, Mike and Vicki Lyles and children, the Lewis Spinks and Wendy Pollock. We all enjoyed see-

ing our local cowboy, do so well and are very proud of the "Moorhouse bunch" for their fine showings and first place honor.

Mr. and Mrs. Johnny Her-tel of Tishomingo, Okla. and Lee Bivens of Stamford visited the Leon Bivens during the weekend.

## LOCAL'S DAUGHTER IN TENNIS MEET

Gay Duke Roberts, daughter of Clodell Duke, was part of the double team that won the Michigan State Tennis Championship in the state finals in Lansing, Mich. the past weekend. Gay and her partner played 2 sets. The scores were 6-2 and 6-1; 7-5 and 6-1.

The next competition is the sectional finals in Kalamazoo, Mich. with competitors from five states. I hope next time to report that Gay has won there. We're thinking of you Gay.

Gay is married to Ken Roberts and they have a son, Mark. They reside in Midland, Michigan.

## POULTRY COMPETITIVE WITH RED MEAT

Broiler and turkey production and consumption have risen significantly since 1955, while the various red meat supplies have been showing diverse trends because of their longer production cycles. As meat production cycles change, availability is the major factor affecting per capita consumption, says an economist in livestock marketing with the Texas Agricultural Extension Service. Beef and chicken consumption each increased an average of 2.2 percent annually from 1966 to 1976. Total red meat and poultry consumption in 1981 was 2 percent below the 1976 level.

## Emergency Response System Installed, Coordinator Named

Trudy Hunt of O'Brien is the new Program Coordinator for the Emergency Response System which is being installed to cover the five county area of Knox, Throckmorton, Haskell, Stone-wall and Kent counties. Mrs. Hunt is a native of the area and has attended Midland College. She resides in O'Brien with her husband and three-year-old daughter.

The Emergency Response System makes use of a cordless call button which is carried or worn by an Emergency Response participant. The button is pressed in the event of an emergency to signal for help through a device attached to a telephone. The alarm message is also transmitted automatically when the client is unable to signal after a preprogrammed period of time. Upon receipt of an alarm call from a participant, the system assures appropriate response through a volunteer, friend, neighbor or relative who has agreed to assist the participant if called upon.

The central station for the Emergency Response System will be located and monitored on a 24-hour basis at the Knox County Hospital in Knox City.

Mrs. Hunt will be coordinating the program and working with volunteers operating the program in each of the five participating counties.

Since the program is funded under the Older Americans Act through the West Central Texas Council of Governments Aging Department, the Emergency Response System home units must be placed in homes of frail and handicapped persons over the age of 60. A questionnaire has been developed which aids in determining whether or not the placement of a unit in a particular home is warranted. This questionnaire covers factors such as general state of health, any illnesses or conditions which may render a person unable to telephone for help if it is needed, and the amount of time the individual spends alone in his home.

A reception and informal meeting open to the general public will be held at the Knox City Community Center, 212 South 3rd, on Tuesday, August 31, 1982, from 9:30 to 10:30 a.m.

Persons interested in having an Emergency Response System home unit or learning more about the program may contact Lillian Logan at the Knox County Senior Citizens Center, 817-658-3618.

## Control Spider Mites In Gardens

Spider mites, or red spiders, are probably the most difficult pests to control in vegetable gardens. With hot dry weather, gardeners should be on the lookout for this pest by checking the underside of plant leaves.

Although spider mites will attack almost any plant, among their preferred hosts are beans, tomatoes, peas, eggplants and corn.

Actually, spider mites are not insects but are eight-legged relatives of ticks and spiders. Their small size, about 1/60 of an inch, makes them difficult to see without a magnifying lens. They range in color from red, green and yellow to white and brown. Spider mites deposit their eggs on the underside of leaves. These hatch in about five days. There may be 10 to 15 or more generations per year.

Mites can cause considerable plant damage by sticking their needle-like mouthparts into leaf tissue and sucking out the juice

while injecting a toxic substance into the leaf. Heavy infestations will cause leaves to appear blotched or spotted, turn pale or yellowish in color, curl up, turn brown and eventually drop off. A thin webbing may cover leaves and stems.

Begin a control program as soon as spider mites are detected and before plant damage is obvious. A light

infestation of spider mites can be reduced and kept at low levels by spraying plants with a strong stream of cool water every few days.

If chemicals must be used, select from such effective materials as Kelthane, diazinon and malathion. Two to four applications may be needed at five day intervals. Always follow directions on the pesticide label.

## Conservation Tillage Saves Dollars In Fuel

How much fuel can be saved by making the switch to conservation tillage from conventional tillage methods? A considerable amount according to some recent studies.

According to the University of Nebraska figures, the conventional moldboard plow tillage system has the highest fuel and labor requirements. By substituting a chisel plow, there is nearly a 23 percent reduction of fuel consumption. By using a disk for seedbed preparation, over 42 percent fuel savings has been found. The study went on to show that a 70 percent fuel savings can be realized by using no-till over conventional systems.

In a similar study conducted by Michigan State University and published in the July 1980 edition of "No-Till Farmer", fuel sav-

ings were equated to money saved. That study showed a savings of 4.21 gallons of diesel fuel per acre with no-till farming over conventional. With a 400 acre operation, that means an annual savings of 1,684 gallons of fuel, and at a "conservative" \$1 plus per gallon, it's a big savings.

## Vera Woman Is Recent WSTU Graduate

Beverly J. Kinnibrugh of Vera received her BS degree in elementary education from West Texas State University in Canyon during summer graduation ceremonies held recently at the Amarillo Civic Center Auditorium.

Over 300 graduates received degrees in the summer exercises, which conclude two summer sessions at WTSU.

Mrs. Kinnibrugh is from Kress, Texas, and is married to Randal Kinnibrugh of Vera.

**Police Nab Burglars**

**Police Report**

by Chief of Police Gerald Saffel  
 This report covers police activities from August 16-August 22. The department issued seven traffic citations, two warning traffic citations, two warnings for civil disturbance, and two citations for drinking in public. The department had one report of vandalism, and the subject was apprehended and agreed to pay for damages. One subject was arrested and incarcerated for driving while intoxicated; subject was also involved in an accident which was investigated. One female subject 19 years of age was arrested and jailed for burglary of a habitation. Part of the property was recovered.  
 Two juveniles were arrested for burglary, having been caught in the act of burglarizing the Sugar Shack restaurant by Chief Saffel and Patrolman Cypert. From statements taken from these two subjects, seven of the eight burglaries that have taken place since July 3, 1982, have been cleared. The combined cash taken from the eight burglaries was only about \$5, but several dollars worth of perishables was taken and not reported; also the damage to property while breaking in will be over \$250. These juveniles will be brought before District Judge Brookreson by the County Attorney. They will be charged as Juveniles in Need of Supervision, and

could receive time in the Texas Youth Correctional Institution, be placed on probation, or set free.  
 There are still two other burglaries with the same characteristics that are being investigated, which the department hopes to clear up through this juvenile arrest.  
 The department wants to thank Munday citizens for your help, and we urge you to continue to call us when you have leads on narcotic or any other type of criminal activity.  
 When you have a crime committed against you or your property, call the police quickly. The evidence of that crime may be fragile. Try to keep your friends from trampling the evidence. Do not call all your neighbors to come see your problem before the police get there to collect evidence.  
 If a thief takes something from you, he may also leave something behind. He may leave any of the following: footprints, fingerprints, skin or blood samples, articles of personal property, bits of clothing, particles of hair or saliva. Some of these items are very fragile and must be collected quickly or they will be lost. For this reason, the first officer on the scene of a crime has the responsibility to protect the scene. But many times the scene of the crime has already been totally destroyed by some well-meaning victims, friends and neighbors.  
 Even if crime scene investigation does not lead to the immediate arrest of a suspect, the investigation may give the

police a suspect to watch, and this knowledge may result in catching that suspect in the act. This was the case with the arrest of the juveniles this past week.

Each school district may determine the price charged for reduced-price meals, but in no case may the charge for a reduced-price lunch exceed 40¢ or a reduced-price breakfast exceed 30¢.

Following are the income eligibility guidelines which will determine the children who may receive free or

reduced-price breakfasts and lunches at local schools. Parents who think their children may be eligible should read the guidelines

and contact the school in their area. Names, addresses and phone numbers of the person in charge of the meal

programs in the Munday, Weinert and Goree schools were published in the related article in last week's issue of The Courier.

## IN TOUCH

### Gospel Meeting

I would like to extend an early invitation to come and hear Harold Paden in a gospel meeting, September 12-15. Harold is a former minister of the Munday Church of Christ. I'm sure you will look forward to hearing him preach the good news of Jesus Christ. He is looking forward to renewing his old friendships. Make plans now to be a part of each service. Further details will be given later.

By the way, you may be wondering, exactly what is a gospel meeting? A gospel meeting is simply a place where the gospel is preached. Jesus said in Mk. 16:15-16, "Go into all the world and preach the Gospel. He that believes and is baptized shall be saved, but he who has disbelieved shall be condemned."

The gospel is the only thing that can save your soul! Rom. 1:16, "The Gospel is the power of Salvation!" You are called to Christ by the gospel! 2 Thess. 2:14, "Whereunto he called you by our Gospel, to the obtaining of the glory of our Lord Jesus Christ." The calling is not mysterious, but from a simple, yet glorious, message. The gospel calls all, every creature!

What if we neglect to hear the gospel, neglect to obey the gospel, neglect to hear the calling? 2 Thess 1:7-8, "And to you who are troubled rest with us, when the Lord Jesus shall be revealed from heaven with his mighty angels, in flaming fire taking vengeance on them that know not God, and that obey not the gospel of our Lord Jesus Christ: Who shall be punished with everlasting destruction from the presence of the Lord, and from the glory of His power;"

How many gospels are there? How many plans did God have to save man? How many plans are there about salvation? The Bible talks about "the way", not the ways. Which way is right, since there seems to be various ones to choose from today?

Don't take anyone's word, let the Bible speak. Without interpretation, without personal feelings, without commentaries, without opinions. Let's read merely what the Bible says about the one Gospel.

(Merely read these Scriptures from your Bible: What the Bible teaches about Salvation, the gospel.)

1. The Bible says one must hear! Read Romans 10:14, "How then shall they call on him in whom they have not believed? And how shall they believe in him of whom they

have not heard? and how shall they hear without a preacher? So then Faith cometh by hearing and hearing by the word of God."

2. The Bible says one must believe. Jh. 3:16, "For God so loved the world that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life."

What if we don't believe? Jh. 8:24, "For if you believe not that I am he, you shall die in your sins."

3. The Bible says, one must repent. II Cor. 7:10, "For godly sorrow worketh repentance to salvation not to be repented of: but the sorrow of the world worketh death."

What if one doesn't repent? Lk. 13:3-5, "I tell you, Nay, but except ye repent ye shall all likewise perish."

4. The Bible says, one must confess. Romans 10:9, "That if thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thy heart that God hath raised him from the dead, thou shalt be saved."

What if one doesn't confess? Matt. 10:33, "But whosoever shall deny me before men, him will I also deny before my Father which is in heaven."

5. The Bible says, one must be baptized for the remission or the forgiveness of sins. Read Acts 2:38, "Then Peter said unto them, Repent and be baptized every one of you in the name of Jesus Christ for the forgiveness of sins, and ye shall receive the gift of the Holy Ghost."

What if we refuse baptism,

LARRY SWAN  
 CHURCH OF CHRIST

and baptism for the purpose specified. Read Jh. 3:3, "Verily, verily, I say unto thee, except a man be born again, he cannot see the kingdom of God."

Read Romans 6:3, "Know ye not, that so many of us as were baptized into Jesus Christ were baptized into his death? Therefore we are buried with him by baptism into death: that like as Christ was raised up from the dead by the glory of the Father, even so we also should walk in newness of life. (The born again life - to be born again, we must first die, we die to sin, and now we are born again by a burial of baptism which is in the likeness of Christ in his resurrection.)

Question? Now, is baptism connected with salvation (the gospel)? Now read I Peter 3:20ff, "Which sometime were disobedient, when once the long suffering of God waited in the days of Noah, while the ark was being prepared, wherein few, that is, eight souls were saved by water. The like figure whereunto even baptism doth also now save us (not the putting away of the filth of the flesh, but the answer of a good conscience toward God) by the resurrection of Jesus

Christ."

6. Now, does man have anything to do with his salvation? Of course he does! God has done his part. Now the only part that remains is for us to receive this grace through the gospel plan of salvation, that anyone can read in their Bible. Read Acts 2:40, "Save yourself from his untoward generation. Then those who gladly received his word were baptized: and the same day there were added unto them about 3,000 souls, praising God and having favour with all the people. And the Lord added to the church daily such as should be saved."

7. Lastly, are there other ways to be saved? Are there other gospels, other plans of salvation? The Bible says No! Read Galatians 1:7, "... Some would pervert the gospel of Christ. But through we, or an angel from heaven preach any other gospel unto you than that which we have preached unto you, let him be accursed."
