Potato Harvest Gets Underway In Munday

Local potato producers began harvesting their crop this week despite miserable, cold and rainy weather. Early reports for this year, which are often quoted the peak time of the average yields, ranged from just a few inches to a foot above average. Small numbers of potatoes were harvested, and with the rainy weather, the quality of the first potatoes is expected to be poor, though it is too early to make a reliable estimate.

Munday Vegetable Growers

Knox County Receives Unnecessary Soaking

Agricultural activities in the area are being curtailed, with a normal 75-100 inch of rainfall expected in the summer months. The recent precipitation has been uneven, with some areas receiving excessive amounts of rain, while others are still in need of moisture. The local weather forecast predicts continued wet conditions into the near future, which may have implications for water usage and crop production.

Motion Picture On Depression To Be Shown This Sunday

The Munday Post office and the Knox County Courthouse are the sites for an evening of entertainment and education, with a motion picture on the topic of depression. The film will be followed by a discussion with Dr. Miller Stover, a prominent Christian psychiatrist of the Methodist Church; Benjamin, 1-2 p.m. at Courthouse. This event is designed to help people understand the causes and effects of depression and provide strategies for prevention and treatment.

The recent precipitation has been uneven, with some areas receiving excessive amounts of rain, while others are still in need of moisture. The local weather forecast predicts continued wet conditions into the near future, which may have implications for water usage and crop production.

Local Town Gets State 4-H Food Show Award

LANCE PYRUP, left, of Munday Mos; Lincot Pyrup of Cypert, and David Tenney from previous years were recognized with the 4-H food show, one of the events in the state 4-H Round-up held last week.

The rain brings our total for the May to date - 17.55 inches. Though the rain is beneficial, it brings about the need for caution, as it can lead to flooding and mudslides.

Arab Race Baskets Reflect Increases

Mary Akridge is one of the winners of the city of Munday held last week. Her baskets collection was sold at $36.00, resulting in a 5.40 per cent increase from last year's race.

Local Men Tell Big Fish Story

There is a new record on a thousand-word, but unfortunately, a picture doesn't always turn you like this good. One of the first names for such a record is retrieved by a local man.

Racing Mothers

Dr. Neufeld Given Leave Of Absence By Hospital Board

For two days he was absent from the group, but his family, including his wife, sister, and many other members of the community, were able to continue their daily routine.

Weather Report

For seven days ending at 5 p.m. Monday, the weather was recorded and maintained by Goodson Farms, located in the Knox County area. Temperature:

High: 67
Low: 57
Rainfall last week: 4.39
Began their potato harvest a few days ago and a spontaneous sickness has produced a good set of... said Gene Thompson, one of the group members. "We know how much we are going to do with the high yields, but we are also expecting a good set of potatoes, and the quality is superior this year."
The National Catholic Rural Life Conference (NCRLC) has called for major tax reforms in several important areas impacting U.S. agriculture. The newly released major policy paper appeared at the annual conference last week in Odessa to address some key issues. On behalf of the community by seeking the common good, which ought to be the ultimate goal of all governments. The NCRLC, a non-profit organization which may appear in the columns of the paper will be gladly corrected upon the notice of same.

They are absolute ownership of the land, consolidation of tenant ownership, a more capital intensive and has taken excessive agriculture system and the elimination of short-range values over long-range values.

The preserved foods division will include:

- Yeast Breads - 4 rolls or 1 loaf
- Bar Cookies - 6 cookies
- Loaf Cake - 1 loaf
- Canned Pickled Okra
- Canned Pickles
- Jellies
- Jams, preserves and marmalades
- Dried items (this includes canned and preserved foods (this includes canned and preserved foods)

- Jellies
- Jams, preserves and marmalades
- Dried items (this includes canned and preserved foods)

- Yeast Breads - 4 rolls or 1 loaf

Linda Marie Shake and Kevin Allen were married at 7 p.m. in the evening on Friday, June 7, at the Shady Oaks Country Club in Abilene.

The couple stood before a setting of three arches: two flowers and a greenery and two trees

The ceremony was officiated by Mr. and Mrs. Steve Austin, the bride's uncle, and was witnessed by the couple's brothers and sisters.

The bride wore a formal gown designed by Mr. and Mrs. Ed George, of League City, and her brother, Mike Echols of Munday.

The bride's bouquet was arranged with spring flowers and featured a bleeding heart. The bride carried a basket of flowers and carried a bouquet of stephanotis, pink alstromeria, and pink roses.

The wedding was a memorable event for all those in attendance. The bride's father, Roy Shake, was offi-ciated the ceremony.

The wedding reception was held at the Kiva Inn in Abilene, where the couple and their guests enjoyed a delicious meal. The wedding cake was a beautiful creation, and the couple cut it with great joy.

The couple will make their home in Munday, where they plan to start a new life together. They are both looking forward to the future and the many years they will spend building a life of love and happiness together.

We extend our congratulations to the newlyweds and wish them all the best in their new life together.
Farmers Call For Checkoff Program On Grain Sorghum

Farmers throughout Texas have signed the key to an effort to increase the recovery in their own hands. They have called for a referendum on a statewide checkoff on grain sorghum to provide funding for research and development of extension services for their product.

The State Grain Sorghum Checkoff Act was passed by the Texas Legislature in 1983. The act called for a checkoff of one-tenth of one cent on each bushel of grain sorghum grown in Texas. The checkoff would provide funds for research and development, and for extension services.

If the referendum is passed, the Nebraska Grain Sorghum Research and Promotion Board would be established to administer the checkoff program. The board would have the authority to set the checkoff rate, determine the use of funds, and contract with research institutions for the conduct of research and extension activities.

The checkoff program would be designed to promote the production, marketing, and use of sorghum in the United States and internationally. The program would also be aimed at improving the quality and performance of sorghum products.

The referendum will be held on August 13, 1985, during the annual meeting of the American Farm Bureau Federation. It is expected that the referendum will be held in each of the 29 counties in which grain sorghum is grown in Texas.

**DPS Head Cautions Summer Motorists**

Vacation time is just around the corner. Many Texas motorists will be on the road taking advantage of the warm weather and the vacation activities Texas has to offer. With more people traveling more miles than ever before, here are a few precautions everyone must take before and during the long drives.

1. Always check your vehicle before you hit the road. A few minutes of maintenance can be in place for a break down. Checking simple items such as tires, cooling system, batter, and others can prevent expensive and unnecessary breakdowns.

2. Each vehicle should be equipped with a first aid kit. In addition, keep an emergency bag with such essentials as food, water, and extra clothes.

3. Protect your vehicle from the sun. Keep sunscreen, sunglasses, and hats handy.

4. Be aware of the dangers of driving while drunk. Never drive drunk or get in the car with someone who is.

5. Drive sober and drive safe. Your actions can affect not only you but others on the road.
