"It's easy to smile when someone cares".

Each year in early November, or before, we receive solicitations from various charitable, or worthwhile, organizations seeking funds to help make others happy.

A rewarding smile is just about the best compensation one could hope for! Funds given, or received, without the smile seem a lot less rewarding.

We are in the midst of our annual United Fund drive, and this is another means by which we can make people of several organizations smile.

We have already received our packet of Christmas cards from the organization of paralyzed veterans, with the admonition to keep the cards and please send a contribution.

We have church and other organizations seeking help just to help keep things going.

We have drives by organizations other than the United Fund to help in research to find a cure for many illnesses, or to just help those less fortunate to find a better way of life.

But that little slogan at the top of this column had a sort of touching appeal for us. It came in the annual Christmas greetings letter from Cal Farley's Boys Ranch, "A home and a future for boys".

In it was the question: "How can Cal Farley's Boys Ranch take a troubled, mixed-up boy and make a well-adjusted, responsible citizen out of him?"

The Ranch got its answer at its annual meeting of directors of the Boys Ranch Alumni Association, when twelve former "ranchers" were invited to be guests of the directors.

These men told why they came to the Ranch, how long they lived there, what the Ranch did for them, as well as offered suggestions for the betterment of the boys now being raised at the Ranch. When asked what the Ranch did for him, a 30-year-old man was quick to reply, "Everything".

They all agreed that the day-to-day living, constant supervision, the busy program, the love and affection - but firm discipline, and everything else put together made them what they are today.

Included in this group was a salesman, plumber, electrician, fireman, rancher, college student, deputy sheriff, administrator for another home for children, nurseryman, restaurant manager, and a dorm dad of the Ranch.

The "boys" who knew Cal Farley can see that his philosophy still guides the staff and directors in the tremendous job of providing a home and future for the nearly 400 boys of today who range in age from five through nineteen years.

So Cal Farley's Boys Ranch is still taking the waifs off the streets, boys from broken homes who eat out of the trash cans and who have no place to go, and making useful citizens of them.

As we've said before in this column, our trip to Cal Farley's Boys Ranch for the noon-day meal is one of the most memorable occasions that highlight our numerous trips to Amarillo for the annual meeting of the Panhandle Press Association.

We may not be able to give funds to the various worthwhile projects, but we can give a smile to everyone we come in contact with. There's a lot of truth in the song: "A smile will go a long, long way!"

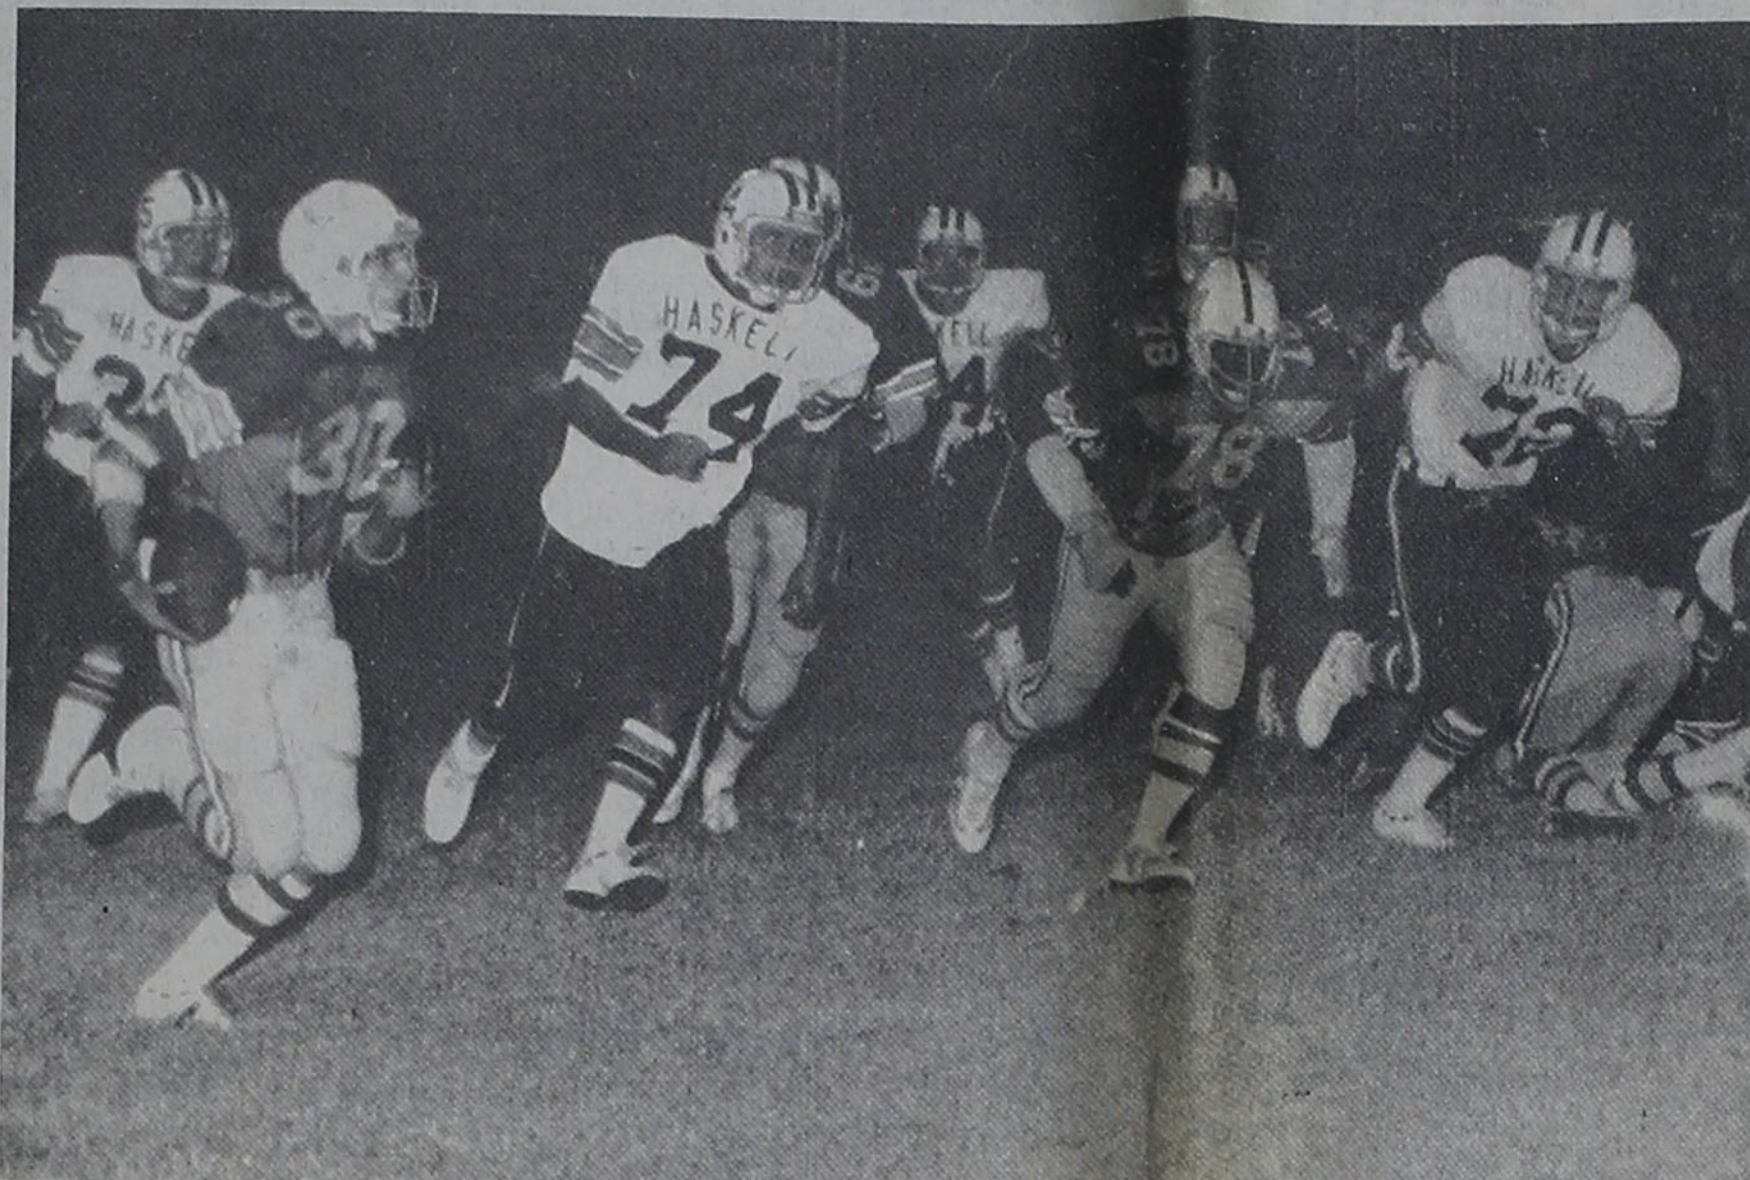

A wee bit sent to Boys Ranch in Amarillo will help those 400 boys to keep smiling. Cal Farley once said: "Furnish a boy a shirttail to hang onto and you'll never have to furnish him a room at a reformatory."

## MUNDAY SCREENING CLINIC SCHEDULED FOR NOVEMBER 12

The Texas Department of Health will conduct a Screening Clinic at the Munday Community Center on Wednesday, November 12, 1980, from 9:00 a.m. till 12:00 noon.

The following screening tests will be offered: blood pressure, diabetes, anemia, skin disorders, height and weight. If an abnormality is found, the person will be referred to the physician of their choice.

## Voter Turnout Heavy In County

CRAIG PAYLOR, 30, is on the move for the Moguls in the game against Haskell last Friday night. Other Moguls shown are Lester Adams, 78, Gary Adams, and Allen Brown.

## Carter Knox County Choice

Out of 2962 registered voters in Knox County a total of 1968 went to the polls on Tuesday to cast their ballot for the candidate of their choice for the next president of the United States. Carter carried the county with 1163 votes. Reagan received a total of 783 votes. Other votes cast were 5 for Clark and 17 for Anderson.

Two candidates were chosen for Railroad Commissioner offices. Henry C. (Hand) Grover, Republican faced Democrat, Buddy Temple, and J. "Doc" Blanchard, Republican, opposed James E. "Jim" Nugent, Democratic party candidate. Knox County's citizens put Temple with 1062 and Nugent with 1399 as their choices.

Jim Brady, Republican, and James P. (Jim) Wallace, Democrat, opposed each other for Associate Justice, Supreme Court, Place 1. Wallace received 1077 votes in Knox County with 303 for Brady.

For Associate Justice, Supreme Court, Place 4, (unexpired term) Will Garwood, Republican, ran against C. L. Ray, Democrat. Knox County awarded 1038 votes to Ray and 342 votes to

Garwood. The above candidates were the ones, other than the presidential race, who had opponents.

Munday voters favored Carter with 353 votes, Reagan received 290. Other votes cast were 9 for Anderson and 2 for Clark, making a total to 654 votes cast in Munday in the presidential race.

Carter carried Knox County for president with 413 votes and Reagan received 228.

Goree voters gave Carter a total of 110 votes compared to 74 for Reagan.

Benjamin citizens chose Carter with 103 votes for him and 49 for Reagan. Vera voted 52 for Carter and 16 for Reagan. Gilliland gave 31 of their votes to Carter and 29 to Reagan. Truscott, with a total of 53 votes, tallied 32 for Reagan and 21 for Carter.

County-wide, proposed Constitutional Amendments numbers 1, 2, 3, 4, 5 and 8 failed with numbers 6, 7 and 9 receiving favorable votes.

## Big Purple Cloud Receives A One!

Members of the Big Purple Cloud proved once again they are tops! They attended the UIL Contest in Wichita Falls on Tuesday and brought home a one rating!

Mr. Ben Hoaldrige, director, was estatic as he reported to The Courier while the buses unloaded about 3:30 p.m. He said the judges had some very nice comments about their performance.

Shari Offutt made a one in solo twirling and the twirlers also brought in a one with their quartet twirling.

A more complete report will be in next week's Courier.

## NOTICE

Word was received Tuesday by Coach Lowrey and Munday School officials that Crowell was canceling their football games with Quanh and Munday. Thursday and Friday night will be the last chance for Munday supporters to see their teams play. Let's all go to Seymour on Friday.

## Munday Bests Haskell In Defensive Battle

There are times, though they may be rare, when the defensive team wins football games. And this was especially true last Friday night in the "defensive battle deluxe" which was waged by the Munday Moguls and Haskell Indians on the local field.

Important, too, was that this was a crucial game for the Munday Moguls, even more so than for the Indians, as their standing was not in the balance.

The fact that most fans believed this game was won by the defense is not to lessen the importance of Munday's offensive game. Football battles are rarely won without a score, and the Moguls placed the exciting 7-0 victory on the scoreboard.

The scoring drive for the Moguls started on their 28 yard line. Nine plays later with the running of Craig Paylor, who carried the pigskin for 64 yards in the drive, Lawrence Collier 15 yards, Steven Kuehler 3 yards, Randy Routon 1 yard and the TD. The Moguls were slowed by a 15 yard holding penalty. The score came with 2:26 left in the third period. Craig Paylor wound up as the leading rusher, with 147 yards for the night.

Munday's stubborn defense stopped the Indians on the one-yard line, then again on the 16-yard line in the last

quarter to protect this important 7-0 lead.

This important victory left the Moguls with a 6-2-1 record, while the Indians dropped to 1-7 for the season.

Haskell had 181 yards rushing in the interesting defensive battle. The Indians lost the ball twice on fumbles and had three of their six passes intercepted by Rupert Martinez, Joey Kuehler and Steven Kuehler. Munday

## Moguls Visit Panthers Friday

The Moguls will travel to Seymour to play on Friday night. Game time is 7:30 and all the Munday fans are encouraged to drive to Panther land and see the Moguls in action.

Seymour has a 2-6 season this year. They beat Haskell 14-12 and won against Crowell 52-0. They have been defeated by Holliday, Knox City, Electra, Henrietta, Olney, and Quanh.

The Panthers dropped down a classification this year so this is Munday's first time to face them in a district game.

## Halloween Carnival Rings Bells For Many People

They came, they saw, they participated and had fun!

With all preparations completed by a fine bunch of workers ahead of time, prizes secured, booth workers contacted and other things, the Halloween Carnival on Tuesday night at the elementary school gym again went into the success column. As the crowd began gathering, the gym became boisterous with happy voices and laughter.

In addition to the variety show, there were more than a dozen booths for revellers to try out their skills at winning prizes. All this was not done without "manpower", and local townspeople, both men and women, furnished this power.

When the revelry was over, workers also busied themselves with cleaning up afterwards. Principal A. B. Martin

did his usual job of checking up, and Wednesday found the elementary gym is such shape that one couldn't realize what had gone on the night before. Such as this makes the carnival enjoyable for the sponsors.

Munday's merchants and business persons contributed money for the prizes, and a supply thought to be fully ample was purchased. Prizes were dished out hurriedly, as participants "hit the bull's eye", and the carnival closed a little earlier than usual because the prize list was deleted!

Elsewhere in this issue, the Chamber of Commerce has expressed thanks to everyone who had a part in making the carnival a huge success.

A portion of the carnival funds will be used toward the purchase of new Christmas decorations for Munday, it was stated.

## Munday Hit By Freeze October 29

The frost got on the pumpkin, and the first freeze of winter came several days early for the Munday area. In fact, a freeze isn't exactly anticipated before November 10.

But it came early Wednesday morning, October 29. This was about three days earlier than the first frost of last year, which came on November 1.

According to Goodson Sellers, local U. S. weather observer, the temperature dipped to a chilly 29 degrees, three degrees below the freezing point. Sunshine soon warmed things up above the freezing point.

This was enough, however, to nip tender foliage and even burn the outside leaves of cotton.

Although the thermometer didn't fall below 34 degrees Wednesday night, the freeze damage was more noticeable Thursday morning after a day of sunshine.

The late crop of cotton bolls that appeared after the rains was lost to the freeze, but farmers believe the larger bolls will continue to open up.

## Nutrition Program To Begin In Munday, Truscott, Benjamin

The Knox County Pilot Project will begin serving a hot, nutritional meal at the Munday Housing Authority Community Center on Monday, November 10. A nutritionally balanced meal will be served each Monday, Wednesday and Friday beginning at 11:45 a.m., at the Community Center. For reservations call 422-4172 or 422-4454.

Meals will also be served at the Truscott Community Center and the Sorosis Club in Benjamin beginning Thursday, November 13. Meals will be served each Tuesday and Thursday beginning at 11:30 in Benjamin and 11:50 in Truscott. For reservations call Truscott, 484-3255 or Benjamin, 454-3421.

The program, in addition to the meal, includes regular recreation and other activities. Information and referral services, programs of special educational interest, and other events are also scheduled. The program is open to all persons in Knox County, regardless of national origin, sex, or religion, who are 60 years of age or over, and their

spouses regardless of age.

Contributions to cover the cost of the meal are invited and are accepted in a confidential manner. However, persons who are unable to contribute should feel free to participate in all areas of the program. Contributions will be returned to the Nutrition Project to cover the costs of meals above the level of Federal Funding. A charge of \$2.50 per meal will be made to guests under 60 years of age.

For further information dial Lillian Logan, Project Coordinator at 817-658-3618.

The Knox County Pilot Project is funded with the county through a grant from the West Central Texas Council of Governments Area Agency on Aging.

## United Fund 92% Of Goal

The Munday Area United Fund 1981 Drive is drawing to a close and thus far \$5,974.20 has been contributed. This is 92% of our goal, which is \$6,525.

Moulton Wiggins, drive chairman, reports that the majority of volunteers have turned in their envelopes. He further stated, "Our workers have done a great job and we would like to thank them for their hard work. We are all pleased with the response thus far." The various chairmen will be contacting their remaining workers to offer whatever assistance is needed to finish the drive.

The Munday Area United Fund Drive supports: Munday Little League; City-County Library; West Texas Rehab; Boy Scouts; Girl Scouts; American Red Cross; Salvation Army; U. S. O.; Texas Mental Health Association; United Way of Texas; and campaign expenses.

## Tom-Tom News

**SPANISH**  
By CYNTHIA JOHNSON  
In Spanish I students are introduced to basic vocabulary and Spanish pronunciation. They spend a typical week learning new vocabulary as it is used in a little skit, which the students listen to on recorded tape. They then work on basic grammar and finish the week with NOTAS HISPANICAS, which is a lesson Spanish culture or history. In addition to these activities the students participate in Spanish conversation and occasionally play Spanish Bingo or Futbol using verb conjugations to pick up yardage. They also learn about typical Mexican dishes and even get to taste a few.

**MOGULETTES**  
By KENDRA COOKE  
The Mogulettes are underway with workouts after school on Mondays and Tuesdays! They have been working out since school started, but they are now getting it all together for their first game. This will be the Hawley Tournament on November 20, 21, and 22. They are hoping for a successful year. Be sure to come out and support the Mogulettes.

**THE MOST DELINQUENT STUDENTS**  
By LESTER ADAMS  
Running among the top ten that are always in trouble is one better known as the delinquent student. We have some students who are better known as the trouble makers, people who refuse to obey the rules, people who are always saying something at the wrong time.

I believe to have a better school we should always go along with the rules in order to maintain order. We have some people who can't do anything right for doing it wrong.

**PEP SQUAD**  
By DEBBIE VALENCIA  
The Munday Moguleens will hold a meeting Wednesday during activity period. The purpose of the meeting will be to elect nominees for football heroes. The Moguleens will elect three Senior boys to be able to accept this honor. We hope that all the boys understand that there can only be three nominees.

After the boys are nominated the student body will be voting on these three. The football hero will be announced and recognized at halftime during the Munday and Crowell game. The football sweetheart will also be announced at this time.

**GOD'S ANGELS**  
By BERNICE SHIELDS  
The God's Angels went into effect Tuesday at the Halloween carnival. They had very good responses on their songs, "The Lord is Blessing Me", and "Praise Him". The members of the God's Angels are: Paul Wright, Bernice, Vickie and Lola Shields, Doris and Helen Spells, Elaine and Gwen Jones, Cynthia Johnson, Ruth Ann Murray, Connie Dockins and Tina Taylor.

**COACH McLESKEY**  
Coach Russell McLeskey attended Abilene High School, graduating in 1974. He is also a 1980 graduate of Abilene Christian University.

A football scholarship was awarded Coach McLeskey and he played two years at ACU. A knee injury, followed by surgery ended his football playing career. In his spare time he enjoys hunting and fishing. Dating is somewhat a problem for him because of the mileage involved. This being Coach McLeskey's first teaching experience, he has mixed emotions about it. So far his students are working hard,

with the exception of a few.

Good luck, Coach McLeskey, we hope you enjoy being at Munday High School.

**CHEMISTRY - 1980**  
By KENNETH LUSTER  
There are sixteen students in Mr. Winchester's chemistry class. They began studying different classes of compounds such as salts, acids, and carbons. Their objective is to recognize the difference in compounds, or in other words, why is a salt a salt, and how does salt differ from an acid or a carbon.

Mr. Winchester said that most of his students are interested in chemistry, he also said that he would not like to see all students take chemistry - only those who plan to go ahead with their education.

**Retired Teachers Hold Meeting**  
The Knox County Retired Teachers met at the Knox City Community Center on Tuesday, October 28, at 2 p.m.

After a brief business meeting, guest Lynn West of Munday High School, using a projector, showed dozens of pictures taken on her summer Europe tour as a member of America's Youth In Concert.

As she presented the pictures she told where each was taken and interesting facts about each city and country. Sherri Adams, also a student at Munday High School, assisted Lynn.

The trip began with a performance at Carnegie Hall in New York City and ended with a performance in Rome. They also performed in six or seven other major cities in Central Europe.

Everyone present enjoyed this interesting and educational program. Hostesses for this monthly meeting were Mauryse Stone and Euris Reid of Munday and Ila Moody and Hazel Smith of Weinert.

All retired teachers in Knox County are invited to join this group which meets on the last Tuesday of each month at 2:30 p.m. at the Community Center in Knox City.

**Livestock Clinic Set For Nov. 12**

The Knox County Livestock Committee is sponsoring a "Bull Fertility Clinic" for anyone having individual bulls that you would like tested. This clinic is not only set up to test your bulls but to stress the importance on fertility to have a calf crop each year. Everyone is invited to attend.

The program will be conducted by Dr. Stewart of Munday and Dr. Hairgrove of Haskell. The program will be held at Dr. Stewart's Animal Hospital in Munday on November 12, 1980 from 9:00 a.m. to 11:00 a.m. Anyone wanting to test their bulls that day please contact Jim Mazurkiewicz, C.E.A. at 454-2651 ahead of time so we can have everything organized.

**COACH LOWREY COMMENTS**  
The win against Haskell was a very satisfying one since it had been several years since we had beaten the Indians. I feel like the key to the win was the ability of the Mogul defense to make

the big play when it really counted. We've had several goal-line stands against teams throughout the season but the fourth and goal situation at the one yard line, in which we held Haskell probably was the difference in winning the ballgame.  
Statistically it was a close ballgame with the Moguls having a slight edge. I was proud of the blocking by the offensive line which enabled us to rush for over 200 yards for the second week in a row.  
Two Moguls were injured in the Haskell game. Dave Hunter injured a shoulder and Robert Murray suffered a groin pull. Both of these boys are questionable for the Seymour game.  
The Panthers present another tough opponent for the Moguls. They have had injury problems throughout the first part of the season, but look to be at full strength for our game. Seymour is big and physical and the Moguls will have to be "up" for their ballgame. We consider this a big ballgame for us since the victory over Seymour would give us three big wins against our neighbors from Knox City, Haskell and Seymour. It should be a good football game.

Las Vegas vacation offers that promise much more than they deliver are now being sold by mail across the nation, Postal Inspector in Charge W. R. Newsome warned.

Newsome said at least 12 separate companies now contacting prospective buyers by mail and telephone are under investigation by the Postal Inspection Service. Complaints have been received from Texas consumers in Fort Worth, Dallas and Houston.

In response to inquiries about vacation "certificates," the companies ask for a "service charge" of from \$25 to \$50, sometimes requesting personal credit card numbers, supposedly to confirm identity but actually to bill prospective buyers through credit card companies. The firms claim the "certificates" are good for three days and two nights lodging for two in Las Vegas, and include meals and a gambling package valued at \$250.

Typically, those who take the bait have to pay additional fees and reservation deposits, and the so-called "service charge" is not refunded as represented in an initial offer. In response to inquiries about vacation "certificates," the companies ask for a "service charge" of from \$25 to \$50, sometimes requesting personal credit card numbers, supposedly to confirm identity but actually to bill prospective buyers through credit card companies. The firms claim the "certificates" are good for three days and two nights lodging for two in Las Vegas, and include meals and a gambling package valued at \$250. Typically, those who take the bait have to pay additional fees and reservation deposits, and the so-called "service charge" is not refunded as represented in an initial offer. Newsome said when certificate holders send hotel reservation requests they are met with "regret" letters advising that no rooms are available on the days requested, and when refunds are requested they get letters asking them

### Braves Win Both Games With Haskell; J. V. Is Defeated

#### SEYMOUR COMES TO MUNDAY THIS WEEK

The 7th and 8th grade Braves came up winners with their games last Thursday with Haskell. The 7th grade won 20-0 with the 8th grade winning 16-6.

Munday Junior Varsity experienced a hard loss of 30-18 after being tied at one point in the game.

Seymour will come visiting Thursday (today). Game time is at 5 p.m.

#### COMMENTS FROM COACH DENNIS SEVENTH GRADE GAME

The Braves traveled to Haskell and played the Warriors last Thursday with the Braves racking up a winning score of 20-0.

Led by a good defense and the shut-out and good offensive blocking by the line, the Braves made a good showing.

A touchdown was made by Randy Kuehler, who scored from 15 yards out. Scotty Jackson completed the two point conversion to Tony Wilde which made the score 8-0.

Later in the second quarter, Jackson went in on a quarterback sneak from one yard out. Our two point conversion failed.

In the third quarter, Tim Collier went in from 10 yards out and once again the two point conversion failed. From that point on, the Munday defense controlled the game.

We were able for everyone to see quite a bit of action in the fourth quarter which we feel is very important to the boys' growth and development.

Seymour will come here on Thursday and bring with their coach calls a "scrappy" group of 7th graders.

#### EIGHTH GRADE GAME

The Munday 8th grade boys won 16-6 against Haskell, with the game being scoreless at the end of the first half.

The Haskell coach told his team at half time that the first team that scored would win and he was right.

On the first position of the third quarter, the Braves marched the length of the field to score. The big play of the drive was a pass from Dent Offutt to Terry Lowrey to set up a one yard touchdown by Offutt. The two point conversion was good with a pass from Offutt to Lowrey.

Haskell came back to

score their touchdown and failed with their two point conversion.

Munday led 8-6 at the end of the third quarter. The Brave defense did a very good job of bending but not breaking throughout the ball game and came up with several big plays.

In the fourth quarter with the strong running Jim Earl Dockins and Isaias Dena, the Braves moved the ball out to approximately mid-field. On a third and five situation with two minutes left in the game, Offutt completed a touchdown pass to Rueben Escamilla with Offutt going in for the two point conversion. That touchdown broke the Warriors back, so to speak, as there was no way they could get ahead with the game nearly ended.

From that point, the Brave defense played very well with us having the ball at the end of the game. Seymour's 8th grade will be our visitors this Thursday. In conversation with their coach, I learned they seem to be pretty big and physical but after the big win last week, we are looking forward to playing them.

JR. VARSITY GAME COMMENTS

#### By COACH LANFORD

We were down 18-6 at half time with Haskell, after we had scored on the very first play from scrimmage.

After the half, we came back with two touchdowns and tied the score. It appeared that we had a good shot to win the ball game at that point, but on our next possession we fumbled and Haskell scored.

On the ensuing kick-off we ran the ball back to mid-field but fumbled again and Haskell recovered. Haskell scored once more toward the end of the game and we never had another chance to score in the ball game.

Danny Sloan is still questionable and is the only injury.

We play Seymour here Thursday, and they have a real good ball team. We expect a definite battle when we face them on the field.

\*\*\*\*\* Mr. and Mrs. Noble E. Flennikin of Dallas were here a few days last week, looking after business interests and visiting friends.

### Area Grid Results

#### GREYHOUNDS ROMP OVER NEWCASTLE

Jay Rutherford, quarterback, ran for two touchdowns and passed for two more, to lead the Knox City Greyhounds in a one-sided victory of 56 to 7 over visiting Newcastle. Rutherford left the game in the second quarter, and Tyke Meinzer took over to carry on the attack until Rutherford's return to the game. Ricky Gonzales kicked seven of the eight extra points.

Newcastle's touchdown came in the third quarter. Knox City is now 7-1 for the year, while Newcastle is 1-7 overall and 0-5 in district.

#### GOREE WILDCATS DEFEAT BENJAMIN

The Goree Wildcats raced to a 50-14 six-man victory over the Benjamin Mustangs in a six-man contest at Goree.

Leading the scoring attack for Goree were Roman Arismendez, with three touchdowns and seven conversion points; Joe Bob Gray, with three counters; and Sam Tyra, who made one.

Mark Oxford scored the touchdown for Benjamin.

Goree is now 4-4 for the year, and Benjamin is 5-3.

#### WEINERT LOSES TO PATTON SPRINGS

With Weinert's Bulldogs leading 53-50 after the third quarter, visiting Patton Springs rallied for 14 fourth quarter points to win, 65-64, over Weinert in a dazzling six-man contest at Weinert.

The loss came in spite of a splendid performance by John Bruggeman, who scored nine touchdowns and four PATs for the Bulldogs. Scoring for Patton Springs were: Louis Jimenez, five; Brad Tilley, two and one extra point; Joey Ramez, two, and Kevin Adeock, one and two PATs.

#### SEYMOUR BLANKS CROWELL WILDCATS

Seeking revenge for early losses, the Seymour Panthers ran rough shod over the Crowell Wildcats on Crowell Field Friday night to chalk up a 52 to 0 victory. This was a District 7-AA contest and was the Panthers second win out of eight starts.

Seymour's defense proved as devastating as their offense. Crowell had a minus six yards rushing and gained only 16 in the air, making five first downs. Seymour had 25 first downs, 244 yards on the ground and 52 in the air.

Other scores of interest to local people are: Chillicothe 26, Throckmorton 20; Aspermont 35, Jayton 20; Hamlin 40, Baird 13; Jim Ned 34, Anson 6; Rotan 14, Roscoe 2.

## Decline Is Shown On Collection Of Tax On Auto Sales

Bob Bullock, state comptroller, said recently that the automobile industry's woes brought about by sagging sales are reflected in the state's income from the motor vehicle sales tax.

For the 12-month period that ended September 1, 1980, he said, the four percent motor vehicle tax levied on sales of cars, trucks, motorcycles and mobile homes amounted to \$439.4 million. This was \$3.7 million less than was collected in the previous one-year period.

Motor vehicle sales taxes are collected by county tax assessor-collectors, and the counties retain five percent of the amount and send the remainder to the state. Collections for counties of this immediate area are:

Baylor, \$147,690.37; Haskell, \$230,507.79; Knox, \$59,733.84; Archer, \$213,264.77.

FIRE TRUCKS are always fun to children. This group of Munday 4-H members had a short "joy-ride" by driver, Freddie Caram, on Wednesday, October 22. The 4-H members also learned about the fire equipment used by the Munday Volunteer Fire Department.

### CHRISTINE NELSON RETURNS FROM TOUR

Christine Nelson returned home on Tuesday of last week from a week's foliage tour to eastern Oklahoma, northwestern Arkansas and Missouri. She was accompanied by Mrs. Earl Nichols and daughter, Tru Ellen, of Levelland.

The bus tour originated in Amarillo with 42 people making the trip. Their first stop was at the Will Rogers Cowboy Hall of Fame in Oklahoma City, then on to the lovely foliage area of Arkansas, and to Branson, Mo., where they saw the "Shepherd of the Hills" play and a musical production.

An interesting feature of the tour was that a devotional period was held each morning on the bus.

# Farm Income To Improve, Well, Maybe Next Year!

Texas farmers and ranchers will have to "wait till next year" for any improvement in their income.

"Higher farm prices resulting from a sizable drop in crop production this year, smaller meat supplies, and strong export demand all point to an improved agricultural income picture in 1981," believes Dr. Carl Anderson, economist in marketing with the Texas Agricultural Extension Service, Texas A&M University System.

Crop producers will likely fare much better in 1981 because of this year's short crop and a rise in prices. And, with meat supplies expected to slip under year-earlier levels, prospects look somewhat better for livestock producers as well.

Although production expenses will rise again, price increases are not expected to be as sharp as in 1980, says Anderson. During the past 12 months, fertilizer prices jumped 28 percent, fuel and energy prices and interest rates climbed 25 percent, and agricultural chemicals rose 21 percent.

"Texas agriculture suffered considerably from the extended dry, hot weather during late spring and summer. Dryland farmers, cow-calf operators and poultry producers experienced big setbacks. Irrigated crops were even stunted by the intense and prolonged heat wave," notes Anderson.

Despite the steep drop in crop production, cash receipts for 1980 are estimated by Extension Specialists to total only a little less than in 1979. Crop inventories carried over from the bumper 1979 harvest and price increases for many commodities have helped maintain sales close to last year's level.

Livestock sales sagged a little as lower cattle and hog receipts more than offset increased sales of poultry and milk.

While overall agricultural receipts won't be down too much from last year, net income will be off sharply due to surging costs of running a farm or ranch, says Anderson.

And, to make matters worse, the purchasing power of income has been further reduced by this

year's double-digit inflation.

"Declining farm income is also hurting businesses serving agricultural producers. As farmers and ranchers tighten their belts, they will be buying fewer production and consumption goods and services," notes the economist.

## Farm And Ranch News

By JIM MAZURKIEWICZ

Frost will be hitting Knox County before long, and this could lead to prussic acid poisoning in livestock grazing certain pasture grasses and forages.

Although many plants contain the toxic material that causes poisoning, those causing the highest mortality in livestock when grazed after they have been frozen and wilted are Johnson and Sudan grasses and sorghum or hybrids of these.

The most dangerous time as far as the grazing of these plants is concerned is following frost when the plant material begins to wilt. Livestock should not be allowed access to the wilted material until it has dried completely. This usually takes three or four days of good sunlight. New plant growth usually becomes nontoxic and can be grazed within 10 days to two weeks following a rain.

As far as prussic acid poisoning is concerned, the poison acts rapidly and can kill animals within minutes. In most acute cases, animals become affected within 10-15 minutes after eating toxic material and can die in two to three minutes. Symptoms may include a brief period of stimulation followed by depression and paralysis. Signs of colic may be present. Stupor (loss of sensibility), difficult breathing and frequent convulsions

may result. Death is caused by suffocation since oxygen remains in the blood and is not exchanged to the tissues. This also causes the blood to appear bright red. To prevent prussic acid poisoning in livestock, follow these steps:

1. Allow plant material affected by frost to dry thoroughly before grazing. This may require a week or more of good sunlight.
2. Feed animals hay or a supplement before turning them in on plants that may contact prussic acid. Animals that are not hungry will not be affected as seriously by toxic material since their intake will be limited.
3. Remove all animals from the pasture if one in the herd shows any signs of poisoning.

## Livestock Program Planned

### NEW BRUCELLOSIS REGULATIONS

There will be a Brucellosis meeting on November 13, 1980 at 7:30 p.m. at the Knox County Courthouse in Benjamin. Dr. Seaquist, Area Veterinarian for the Brucellosis Program will give the program. All those interested in the Brucellosis Regulations and how they effect you are encouraged to attend. This meeting is set up to help explain our current laws governing the Brucellosis Program.

**LIVESTOCK COMMITTEE**  
O. L. Patterson, Jr. Arlin Kinnibrough, Marvin Zeissel, Larry Thompson, Ronnie Simmons, Stanton Brown, David Key, Ed Daniel, Randy Jones, Donnie Ryder; There will be a short meeting before the Brucellosis Meeting on November 13, 1980 at 7:00 p.m. at the Courthouse. The Livestock Committee will discuss the past year, possible programs for next year and prepare for the next Program Building meeting on December 9, 1980 in Rhineland.

### DEATH CLAIMS TWO SISTERS OF FORMER MUNDAY WOMAN

Word has been received here from Mrs. B. L. Blacklock of Abilene, longtime former resident of Munday, of the death of two of her sisters.

Mrs. Mae Poe of Clovis, N. M., who taught in the Munday Schools in 1923-24, died on October 10, 1980. The other sister, Mrs. Viola Guy of Austin, wife of Dr. W. D. Guy, died on October 25.

# 4-H Food Show Is Slated For Nov. 8th

4-Hers will match foods and nutrition expertise against each other in the Knox County 4-H Food Show Nov. 8, 1980.

About 30 youth will compete in senior and junior divisions, according to April Werley, County Extension Agent.

Entries will be on public display at 12:00 noon at the Memorial Building in Benjamin.

Senior-division entrants

are ages 14-19, while junior-division youth are ages 9-13.

A feature of the show will be a "tea tasting" event, with a charge of \$1.00 being made for those tasting.

For the contest, each 4-H entrant will compete in one of four classes, including main dish, side dish, breads and desserts, or snacks and beverages.

"Because the foods and nutrition program focuses on nutrition, each contestant will have to demonstrate what she or he knows about nutrition, meal planning, food buying and meal service, as well as preparation techniques," Miss Werley explains.

Knox County 4-H Food Show is sponsored by the Texas Agricultural Extension Service, The Texas A&M University System and The Morrison Milling Company of Denton.

# Eddie Bateman Of Knox City Dies Friday

Edgar "Eddie" Bateman Jr., 64, well known county resident, passed away at 4 p.m. Friday at the family home in Knox City, succumbing to an apparent heart attack.

Mr. Bateman was born in Dallas on November 28, 1915, and moved to the family ranch in King County with his parents, the late Mr. and Mrs. Ed Bateman, in 1933. He moved to Knox City in 1959, and married Glenda Gordon on August 22, 1963, in Wichita Falls. He was a prominent rancher and manager of the Bateman Ranch in King County. He was also a member of the Stamford Cowboy Association.

Funeral services were held at 3 p.m. Sunday from First United Methodist Church in Knox City with the pastor, Rev. James Patterson, and Rev. K. E. Woolley of Benjamin officiating. Burial was in the family cemetery on the Bateman Ranch with Smith Funeral Home in charge of arrangements.

Serving as pallbearers were Robert Miller, Harold White, Donald Johnson, Carl Shelton, Jerry Quinn, Cidy Williams, Buddy Urbanczyk and Frank McAuley.

Listed as honorary pallbearers were Jeff Graham, Dr. R. G. Howell, Lee Smith, Jack Spencer, Bill Ryder, Earl Wilson, Son Propps, Leon Ward and Bob Meizer.

Surviving him are his wife, four sons, Edgar W., Burleson and James Thomas of Denton, Charlie B. of Knox City and Terry Lynn of Lubbock; a daughter, Carol Sue Fletcher of Burleson; a sister, Caroline Mongrain of Guthrie, and ten grandchildren.

### Garden Clubs of Texas Meet in Munday

The Area meeting of Texas Garden Club will be held in Munday Community Center on Monday, November 10. Registration will begin at 8:30 a.m. with the program starting at 9:30 a.m.

Counties included in this area-wide meeting are Wilbarger, Archer, Clay, Baylor, Foard, Hardeman, Wichita and Knox. A large group of garden club members from these counties are expected to attend. Mrs. C. E. Courtney of Arlington, will be the guest speaker. Her topic is "The Many Faces of Mums." District representatives will conduct various workshops. Door prizes will be awarded. The luncheon, catered by Curley Awalt, will be served at the Community Center.

The next meeting for Munday Garden Club is planned for December 9, at 7:30 p.m. in the home of Mrs. Kenneth Baker. This will be the Christmas meeting, and the program will be presented by Mrs. Georgeen Meadors.

### Guard Against Dust Storms

According to Pete Elliston of the local Soil Conservation Service, sand or dust storms are our major air pollutant in Knox County. Elliston stated that due to the sandy texture of some soils in Knox County many farmers leave vegetation either growing or in the form of residue from preceding crops on the surface of the soil to aid in control of this menace - old man dust.

Dust storms not only pollute the air but valuable small grained, highly fertile soil particles are blown from fields leaving the coarser, large grained particles in the field or along fence rows. In any case dust storms are bad, not only to the land from an economic standpoint but especially to the doctor's patient who is suffering from infected sinuses and to the wives who have to dust and wet mop or vacuum more frequent.

### Ambulance Report Shows Many Accounts Yet Unpaid

Bobby Hutchinson, who heads operations of the Munday Ambulance Service, has submitted a report of operations for a period beginning in 1976.

The fact that a number of unpaid calls have been made is an indication that a number of people do not appreciate the excellent emergency service given for this area. Unpaid accounts can become burdensome and could hamper service in the future.

The report is as follows: In 1976 a total of 108 calls were made, with charges being at \$6,044.50. Of this amount \$5,151.65 has been paid, with \$547.30 unpaid, and \$345.55 termed uncollectable.

In 1977, calls amounted to 164, with charges of \$8,345.00. A total of \$7,432.70 has been paid, leaving a balance of \$742.50, of which \$170.30 is uncollectable.

In 1978, 165 calls resulted in charges of \$8,274.00, of which \$7,583.70 has been paid, leaving a balance of \$630.90 and \$59.40 uncollectable.

In 1979 there were 162 calls amounting to \$7,632.50, with \$6,003.56 being paid and a balance of \$1,628.94.

The tabulations for 1980 were given by months, and were as follows:

January - 23 calls amounting to \$1,055.00, with \$921.00 paid and a balance of \$126.00 and \$8.00 uncollectable.

February - 18 calls for \$760.00, with \$642.00 being paid, \$100.00 unpaid and \$18 uncollectable.

March - 8 calls for \$311.00 with \$236.40 being paid and unpaid balance of \$74.60.

April - 7 calls for \$490.00, with \$310.00 being paid and balance of \$180.00.

May - 11 calls for \$673.00, with \$483 being paid and a balance of \$190.00.

June - 15 calls for \$785.00, with \$528.00 paid, balance of \$257.00.

July - 14 calls for \$780.00, with \$370.00 being paid and

a balance of \$410.00.  
August - 22 calls for \$1,001.00, with \$666.00 being paid and a balance of \$335.00.

September - 18 calls for \$800.00, of which only \$75.00 is paid, leaving a balance of \$805.00.

October - 12 calls for \$630.00, with \$220.00 being paid, leaving a balance of \$410.00.

Percentage of collections were 85% in 1976; 89% in 1977; 92% in 1978; 79% in 1979, and 60% in 1980.

Mr. and Mrs. Porter Blankenship of Munday were among the Ozark Foliage Tour out of Wichita Falls on October 24-26. This included seeing the Passion Play at Eureka Springs, Ark.

### Activities of Colored People

By ALINE JOHNSON

SS opened with Supt. Murry and teacher Honsby leading songs, prayers, responsive readings. We had a very nice Sunday. Bro. Honsby taught a very nice lesson, words from the class and Sis Chass was present and wonderful words from Eld. Cloves, also Eld. Blue, pastor. Pastor Blue spoke wonderful on the lesson, words very powerful. Then afterwards those who could went to Rule to the Joint Meeting.

Decon Dorkins and Mrs. Stafford went with Mrs. Aline Johnson to Wichita Falls to the General Hospital to see Dr. Myers and after visit our dear Mr. and Mrs. J. Wellington. He called his office and he met us there and of course he declared I was doing fine and come back in six months.

I must say we had a lovely dinner at Mr. and Mrs. Wellington's home. It was lovely, of course it was not my first time there and I certainly must say I do appreciate little Miss Carolin Jean Collier to come to see me from Sweetwater. I'm very proud of her she is our secretary of the SS School. Of course I must say I did enjoy Mrs. Paul Pendleton and her granddaughter. She is so sweet and also her mother, Paula. I must repeat those Pendleton boys and one girl, Maxine, didn't fail to visit me in the hospital and one of the boy's wives, Mrs. France Pendleton. I'm very thankful the children haven't forgot me and I'm sure they love me

### One Work Crew Gets The Job Done But Not For Hire

The old adage, 'getting together to get a job done' may not be common practice since the barn raisings have gone out of style, but the people at Munday Gin and Seed did just that - got together and got a job done. The office of Munday Gin and Seed was in need of a new roof and the directors and members decided to set aside a "work day" and do it themselves.

"A NEW HAT" for the office of Munday Gin and Seed was on the agenda of the directors and members of this organization. Instead of hiring the new roof put on, the men joined together and completed the job themselves.

Starting early on Tuesday morning, bringing their own hammers and crowbars, the men donated their labor on Tuesday and part of Wednesday. When first undertaking the chore in their thoughts, they were confident they could do it in one day but as Tuesday neared its end, it was determined that a bit more time would be needed.

"Dinner time" came and Wally Roberts, a member who was unable to be one of the "hands", furnished the noon meal to all the workers.

A great deal of kidding and laughter and some thumb hitting was mixed in with the hard work. It was evident that the group of men were pleased with what they were accomplishing.

Members helping with the project were Howard Myers, Elmer Bruce, Bobby Hutchinson, Boyd Meers, Hutchinson was "errand girl" for the project.

Needless to say everyone looked with pride at their completed job. The men felt the right decision of doing the job themselves had been made.

### Highlights Of Anniversary

In addition to the many friends who came to greet Clifton and Mozelle Patterson at their 50th wedding anniversary held in Seymour on Sunday, October 26, were two surprises by their children, which also highlighted the observance.

A daughter, Judy Honeycutt of Bedford, surprised her parents by presenting them an exroxed copy of page one of the New York Times on their wedding date, Sunday, October 26, 1930. This was when Herbert Hoover was president, and Franklin D. Roosevelt was governor of New York.

In a box at the bottom of this page was the announcement that the price of the New York Times would be increased from five cents to ten cents per copy on news stands.

Then their son, Robert Patterson, came up with another surprise which the visitors didn't get to see. It was a copy of the Baylor County Banner of Thursday, November 6, 1930, containing the Patterson's wedding story. Although well preserved, the paper wouldn't bear much handling, so it was not on display.

Robert learned that Gene Porter had asked for copies of the Banner which were to be thrown away when the old courthouse was torn down. He stored them in the "Chevrolet House", and Robert asked if he might look for this particular one.

Mr. Clifton Patterson and Miss Mozelle Harris were married Sunday week. The event was a surprise to their friends and relatives, who were not suspecting the romance had attained this culminating stage.

The bride is the daughter of Mr. and Mrs. C. B. Harris and an attractive and capable young lady. She was born in Seymour and lived here continually until the family moved to their farm west of town. She has been quite a mainstay in the family since her mother has been away in the hospital and she and her husband will live there at least until her mother returns, about a month from now.

The groom is the son of Mr. and Mrs. D. E. Patterson, and has lived here with his parents for the past five years. He and his wife both have attended the schools of Seymour. Clifton is a popular young man, with good parentage and with plenty of ambition and industry. At the present time he is with the Sanitary Bakery.

The best of good wishes are extended the young people for their success in every day and a long and happy life.

Mr. and Mrs. Aaron Edgar were business visitors in Abilene on Wednesday of last week.

#### SUCCESSFUL BIKE-A-THON

By CHRISTINA SANCHEZ  
The FHA sponsored bike-a-thon held on Saturday, October 25 was a tremendous success. Twenty-seven persons participated, some rode their bicycles and others walked. The proceeds will go to St. Jude's Research Hospital for Crippled Children. We want to express our appreciation to everyone who participated and their sponsors.

Reagins and Linda Nickerson; and juniors, Robert Arismendez and Connie Lambeth.

#### THE MUSTANGS By BRUCE YEAGER and SAMUEL TYRA

The Goree Wildcats defeated the Benjamin Mustangs by a score of 50 to 14 in a district 3A six-man game at Goree last Friday night. The Wildcats were in charge of the game at all times; scoring first and never relinquishing the lead.

Scoring for the Wildcats was as follows: Joe Bob Gray, three touchdowns; Robert Arismendez, Matt Presnall, and Samuel Tyra, one touchdown each.

Leading the way defensively for the Wildcats were: Eddie Sanchez, Freddy Allen, Robert Lee Mayes and Bucky Decker.

School spirit was running high all week long. The team would like to express their appreciation to the cheerleaders, drill team and pep squad.

### Smokeout Planned For November 20

The American Cancer Society announced that country music performer Larry Gatlin has been named honorary chairman of the 1980 Great American Smokeout in Texas.

A recipient of numerous country music honors and recent nominee for four Country Music Association awards, Gatlin will join thousands of ACS volunteers in Texas to encourage smokers to give up their cigarettes for at least one day - November 20.

As part of the fourth annual one day event sponsored by the ACS nationwide, Texas is planning activities in most cities and towns to recruit smokers to commit to quit.

Rallies with local celebrities are planned in Fort Worth, Houston, Austin and San Antonio while Dallas is aiming at corporate involvement with over 40 major companies planning in-house promotions.

### Agent Report

By APRIL WERLEY

How are your shopping skills? If they're not so good, you could be losing lots of money at the grocery market. Test your skills with the easy checklist below (answer "yes" or "no"):

\_\_\_\_\_ I plan weekly menus.

\_\_\_\_\_ I plan meals to include weekly newspaper specials.

\_\_\_\_\_ I compare brands for the best buys.

\_\_\_\_\_ I compile a grocery list based on my menus.

\_\_\_\_\_ I am flexible and include unadvertised specials.

\_\_\_\_\_ I read food labels.

\_\_\_\_\_ I check expiration dates on food products.

\_\_\_\_\_ I go shopping alone if possible.

\_\_\_\_\_ I organize my shopping list to go with the order of the store aisles.

\_\_\_\_\_ I buy only what I can store and use before spoilage.

\_\_\_\_\_ I occasionally buy in quantity for the freezer when I find specials.

\_\_\_\_\_ I store food properly as soon as I return from the market.

\_\_\_\_\_ I watch the checkout cashier to see actual amounts charged.

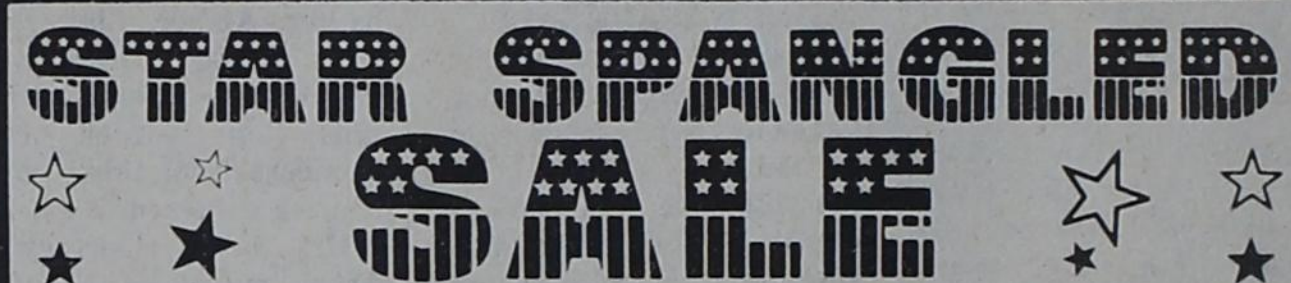

\_\_\_\_\_ I examine produce carefully for damage.

\_\_\_\_\_ I do not go to the grocery store with an empty stomach.

There are many more shopping tips than the 15 listed above, but each statement should have received a "yes" answer.

If you have less than 12 "yes" answers, you can be sure you are not using your time, energy or money efficiently.

Study the statements and map out a different and better strategy for your trips to the market.
