LADY MILLER NOT TO DEATH SUNDAY NIGHT

Lady Miller, 23, of this city was almost instantly killed here Sunday night at about eleven o'clock by O. McDaniel, 51, employe of the city of Crowell and deputy sheriff Que Miller, is charged with murder in connection with the killing.

She was released on a \$1,500 bond, and the hearing examining trial of the case is being held in the Foard County Jail on a charge of conspiracy in connection with Miller to kill McDaniel. He is the only witness to the affair. He was examined Monday morning and his bond at that time was \$1,500, which he failed to post. Tuesday the bond was raised to \$2,000.

The shooting took place on the corner of Broadway and Main streets.

BASKET PICNIC TO CELEBRATE FREE BRIDGE

A delegation of Quanah citizens, led by the Quanah municipal council, visited Crowell for about a week Saturday morning for the purpose of advertising the Fourth of July picnic that is to take place Saturday at El Vivian pool, 4 miles north of Quanah on Highway 10.

The celebration is being held to mark the opening of the free bridge across Red River, between Quanah and Eldorado, Oklahoma.

A good program of entertainment has been planned and among other things there will be an old fiddlers' contest, baseball game and a terrapin race. Music will be furnished by the Quanah band.

Following several band numbers Tuesday morning, F. W. Kennerly of Quanah made a short talk which urged the people of this county to attend the picnic.

Practically all businesses in Crowell will be open on the Fourth except banks and a few offices.

THEATRE TICKET AMITTING TWO GIVEN WITH EACH SUBSCRIPTION

With every purchase of a year's subscription to the Foard County News during the campaign that is now under way, a ticket good for two adult admissions to the Rialto Theatre will be given. These tickets will be good for any show during the campaign.

The admission to most of the pictures will be thirty-five cents. At times there are programs for which the admission is fifty cents. This was the case with the picture, "Trader Horn," which was shown last week. In such a case each ticket is worth one dollar, otherwise they are worth 70 cents.

Demonstration Will Be Given by 4-H Clubs

The 4-H Club girls of Foard County will compete in various demonstrations here Friday, beginning at 10 o'clock in the morning.

The girls will work in teams of four and each of the six girls' clubs in the county are expected to have at least one team entered, according to the county agent, according to the county agent, according to the county agent.

The demonstrations are to take place at the court house. They will consist of several different demonstrations to be given by the teams, including table service, bread and butter making and various others.

The team scoring the greatest number of points will compete later in the district contest at Quanah and the winning team there will compete in the state finals at College Station.

The following score card will be used:

Subject Matter—Importance and practicality. Completeness and accuracy. Clearness and definiteness.

Team Work—Arrangement and use of material. Appearance and conduct of team.

Skill. Results—Effect upon audience. Finished product.

Local Boy Preaches First Sermon Sunday

Charles Ferguson, son of Mr. and Mrs. H. E. Ferguson of this city, delivered his first sermon at the Crowell Methodist Church Sunday evening.

Although he has not yet taken theological work, Charles delivered a sermon that would do credit to a minister of many years experience.

Evening services at other churches of the city were called off Sunday in order that all church groups might turn out for this event. An excellent crowd was present with the entire lower floor filled.

Charles used the following text: "I Have Seen God Face to Face and My Life Is Preserved," taken from Genesis 32-30. He dealt mostly with faith as an element of conversion.

The three main points that he brought out were: repentance of sin; element of faith, and obedience to the Lord.

Charles received his license to preach last September from the Vernon District of the Northwest Texas Conference. He graduated from Crowell High School in 1929 and for the past two years has attended Asbury College at Wilmore, Kentucky.

As soon as he gets his A. B. degree he will enter some other school to take theological work.

Retiring President

John Rator, above, retired as president of the Crowell Rotary Club at its luncheon Wednesday, after serving as the head of this organization for the past year. As a token of appreciation for his services, George Self presented him with a pen and pencil set on behalf of the club membership.

Eli Smith was installed as president at the luncheon. Other officials for 1931-32 are John Ray, vice president; Mack Boswell, secretary-treasurer; George Self, Fred Rennels and John Rator, directors. The retiring president automatically becomes a member of the board of directors.

Twenty Per Cent Cash Commission Will Be Given Workers Every Saturday Night; Still Plenty of Time to Win Ford

WANTED: Men and women, boys and girls, for positions paying \$75 to \$100 weekly, requiring spare time only. Apply "Weekly Payroll" Dept., Foard County News.

Suppose an advertisement such as the above should appear in the classified section of today's paper. Wouldn't there be a stream of people pouring into the Foard County News office trying to connect with that position?

Yet that is exactly what the Foard County News is offering to live-wire men and women of Foard County and vicinity, in its big "Weekly Payroll" subscription drive, just starting.

When the Foard County News' "Weekly Payroll" campaign was announced, it was expected that scores of entries would be made. It seems, according to the management, that lots of people expect some other person to enter and win all of the awards; consequently there is plenty of room for more workers in every section of the territory. Some of those who have become members have done no actual work.

Big Pay For All The winner of the First Prize has an optional choice, for he or she may choose between a Trip to Europe, the cash equivalent of the trip to this newspaper or a \$727.00 Ford 4-door Sedan, to be displayed by the Self Motor Company, of Crowell. A trip to California or the cash equivalent, will be given as second prize, while a veritable shower of cash will make up the third, fourth, fifth and sixth prizes. All who do not win a prize will receive twenty per cent cash commission and everybody will be paid every Saturday night.

Costs Nothing To Enter All that is necessary to become a "Weekly Payroll" worker is to clip the entry blank appearing elsewhere in this issue and write in your name and address and mail or deliver to the Foard County News. Upon receipt of this coupon at the campaign headquarters, a complete working outfit will be sent you at once. Thus equipped, you have but to see your friends and relatives, acquaintances and neighbors and to get them to subscribe to the paper through you. That is all.

Campaign Fail To All In order to give everyone who enters this campaign the greatest possible assistance, a campaign department has been created and two experienced managers, Mr. and Mrs. William Forgy, placed in charge, who will devote their entire time and attention to those who take part. Participants residing in the remotest sections of the county will receive the same attention as those living in the immediate vicinity of the Foard County News Office.

Early Start Big Help According to the campaign manager, those who have been "thinking" of entering the "Weekly Payroll" campaign, but have never done so, should lose no further time, for every day it is put off in entering is just that much time lost and can never be regained. Only a few participants have entered and an opportunity exists for more "live-wire" workers to capitalize their spare time and make themselves important factors and probable winners of the biggest and best prizes.

Also, only a few subscriptions have been turned in to the "Weekly Payroll" headquarters.

With a choice of a Trip to Europe, cash equivalent, or a \$727.00 Ford Sedan, as the top prize and with no one receiving less than twenty per cent commission, no one can lose by trying and to win you must enter and to enter you must win, for the campaign is so arranged there'll be no losers.

First hand information regarding the campaign may be had by calling at the office or by telephoning 43.

DOUGHBOY AND SAILOR STATUES ARRIVE IN CROWELL; \$1,450 OF NECESSARY \$2,000 NOW RAISED

Plans for one of the finest monuments in Foard County that has yet been erected in Texas in memory of the U. S. soldiers and sailors of the World War are about to become a reality.

The soldier and sailor statues that were ordered for the purpose of placing them on the concrete pedestals, where the German cannon is now located on the court house lawn, have arrived and the doughboy statue has already been paid for and has been removed from the depot.

The solid marble sailor statue also came c. o. d. and has not yet been entirely paid for. The total cost of both statues is \$2,000.00 and \$1,450.00 of this amount has already been raised by the American Legion from among its members and a one thousand dollar donation from W. T. Waggoner of Fort Worth a year and a half ago.

If the remaining \$550 is not raised soon the American Legion will lose the \$450 deposit that has already been made on the sailor statue.

The people of Foard County are being appealed to to give anything they can to take care of this amount. The Legion has done more than its part and it is now up to the people of Foard County to take care of this moral obligation. They did their full share during the war in protecting this nation and the least the people can do now is to honor them in this respect. The Legion members themselves have been particularly interested in having this monument completed to honor their dead comrades.

Donations to take care of the \$550 due on the other statue will be received at either local drug store, or Miller, Dr. Hines Clark, George Self or most any other Legion member.

The doughboy statue will be displayed in some prominent place in town, according to plans now being made. It is of bronze and weighs over 400 pounds. The solid marble sailor statue weighs 2,300 pounds.

Funeral Services Held for Knox Co. Woman

Rev. Woodie W. Smith left Thursday morning for Knox City to conduct the funeral services for Mrs. Sallie Jones, wife of William Jones of Knox City. She died there Wednesday morning. She was about 65 years of age and was commonly known to people of Knox County as Aunt Sallie Jones.

Several years ago Rev. Smith was pastor of the Knox City Baptist Church, of which Mrs. Jones was a prominent and active member. She is survived by three sons, Vance, Henry and Casey, all of Knox City, and two daughters. She had lived in Knox County for a long time.

EXAMINED AT FT. WORTH

Walton Wallace returned Tuesday from Fort Worth, where he had gone Sunday for an examination of an injury that he received on his head several weeks ago at Abilene when he fell from an electric sign to a concrete curb.

He was working for the Magnolia Petroleum Company at that time and the insurance company representing that firm had Wallace to go to Ft. Worth for the examination. Doctors suggested that he refrain from any work for some time.

Birthday Celebrated

The above is a picture of Mrs. D. M. Shultz, whose birthday was recently celebrated at her home, ten miles northeast of Crowell, with forty persons present for the birthday dinner on that occasion.

For the past forty-one years Mr. and Mrs. Shultz have lived on the place where they are now living. They settled on this place on Feb. 13, 1890, a year before Foard County was organized.

FOX MAKES GOOD WHEAT YIELD ON KNOX FARM

Nine thousand bushels of wheat on three hundred acres were harvested this year by Roy Fox on his Knox County farm for an average of 30 bushels to the acre. This land, which is located on the Shuwater ranch, was just put in for the first time with this crop. Mr. Fox, a former Crowell resident, now lives in Paducah.

WHEAT HARVEST NEARS END IN FOARD COUNTY

Up to Thursday afternoon a total of slightly more than 625,000 bushels of wheat had been brought to the grain elevators of Foard County.

It is estimated by grain men that there is from 150,000 to 200,000 bushels of wheat in the farmers' granaries. Many farmers are holding their wheat on account of the low price. Many are also keeping it to use as livestock feed and also an estimated 75 to 80 per cent feed.

Practically all combining is finished and is estimated 75 to 80 per cent of the entire wheat crop of Foard County has been threshed.

ATTEND WORKERS' COUNCIL

The following from Crowell attended the Wilbarger-Foard Baptist Workers' Council at Tolbert Tuesday: Mrs. Arnold Rucker, Mrs. E. A. Dunagan, Mrs. R. D. Oswalt, Mrs. Henry Dunagan, Mrs. D. Moses, Duke Wallace and Rev. Woodie W. Smith.

JACK RABBITS ARE DAMAGING FOARD CROPS

Jackrabbits have been doing considerable damage in most every section of Foard County, according to reports reaching here. One of the principal reasons given for this damage is because the dry weather has killed all the green vegetation in the pasture and field crops offer the only source of food for the rabbits.

There are several methods of poisoning these pests, according to Fred Rennels, county agent. The success of the results of poisoning depends on how thoroughly the poison is prepared and distributed.

A few methods of poisoning have been furnished by the county agent and are printed below:

Strychnine and Salt Mixture in Wooden Bait Blocks
1. Mix, dry one part of strychnine and twenty parts of common table salt. Be sure to stir thoroughly because the strychnine is much lighter in weight than the salt.

2. Cut old weather-beaten two by fours or two by sixes up in six inch blocks. Be sure not to use new lumber because the rabbits are not as (Continued on Page 4)

Double-Header Game Feature of July 4th in Crowell Saturday

The Fourth of July in Crowell will be celebrated rather quietly Saturday. A double-header ball game between Eldorado, Okla., and Crowell Saturday afternoon at three o'clock will be the principal feature of the day.

There Must Be a Reason--What Is Yours?

IS IT BECAUSE--

You haven't the ambition to get in and carry on a successful "Weekly Payroll" campaign and make in the neighborhood of \$100.00 per week in your spare time these next few weeks?

OR BECAUSE--

You have kidded yourself into thinking you have not time to win a wonderful trip to Europe, \$727.00 Ford 4Door Sedan, Trip to California or MONEY in the spare mo-

ments of the next few weeks that will not be used for any other purpose?

OR BECAUSE--

You are so well fixed with the coin of the realm that such an amount as this does not appeal to you?

OR BECAUSE--

You really have a legitimate reason that would stand the test if put under a strong light for not entering?

If it is for the first reason, or the second, then the fault is with you and your loss will be somebody else's gain. If it is for the third reason, why then you are to be congratulated on being so well off. If it is the fourth reason, then you are being deprived of the greatest OPPORTUNITY for money making that has ever been offered you.

Check up on yourself and see which one of these reasons is responsible for you not having entered the Big "Weekly Payroll" Campaign now forming

Don't Rasp Your Throat With Harsh Irritants

"Reach for a LUCKY instead"

The great Lord Tennyson in a beautiful poem refers to a woman's Adam's Apple as "The warm white apple of her throat." Consider your Adam's Apple. Touch it—your Adam's Apple—That is your larynx—your voice box—it contains your vocal chords. When you consider your Adam's Apple you are considering your throat—your vocal chords. Protect the delicate tissues within your throat. Be careful in your choice of cigarettes. Don't rasp your throat with harsh irritants! Reach for a LUCKY instead. Here in America LUCKY STRIKE is the only cigarette which brings you the added benefit of the exclusive "TOASTING" Process, which includes the use of modern Ultra Violet Rays. It is this exclusive process that expels certain harsh irritants present in all raw tobaccos. These expelled irritants are sold to manufacturers of chemical compounds. They are not present in your LUCKY STRIKE. And so we say "Consider your Adam's Apple."

Col. C. T. Herring of Amarillo Died Monday

Col. C. T. Herring, 81, native Texan and pioneer banker, cattleman and financier, died at his home in Amarillo Monday after an illness of a few hours.

Mr. Herring was well known to a number of Crowell and Foard County people, having made numerous business visits here during his life. In his early days he ranged in Wilbarger, Wichita and Archer Counties in Texas and in Greer County, Okla.

He also owned what is known as the L. K. Johnson ranch in the western part of Foard County. He moved to Vernon in 1893 and 1899 established a private bank, known as the C. T. Herring Banking Company which in 1903 became the Herring National Bank. He had lived in Amarillo since 1907.

He is survived by one daughter, Mrs. L. K. Johnson, of Vernon and one son, W. E. Herring, of Amarillo.

Poor Sleep Due to Gas in Upper Bowel

Poor sleep is caused by gas pressing heart and other organs. You can't get rid of this by just doctoring the stomach because most of the gas is in the UPPER bowel.

The simple German remedy, Adlerika, reaches BOTH upper and lower bowel, washing out poisons which cause gas, nervousness, bad sleep. Get Adlerika today; by tomorrow you feel the wonderful effect. You will say the day you read this was sure a lucky day for you.—Ferguson Bros., Druggists. R2

AND HOUSTON GOT BELOIS

The law works slowly, sometimes even mysteriously; but eventually it gets its man.

It took Chicago years and years to get Capone, but it got him. It took Houston a year to get the first of that group of men who put Edwards on the spot; but Houston got him. It may take longer to get the rest of Edwards' slayers; but they'll get them, too.

These two triumphs of criminal investigation charge us with renewed respect for federal and county enforcement officers. Again we can say that "anybody may break the law, but nobody can escape it."

We've been smugly complacent here in Texas. We've held up our hands in horror as we read of the brazen effrontery of Chicago gangs—forgetting, perhaps, that the hands we raised were far from lily white.

The Edwards matter came close to home. In fact it came home. There is every indication that the aviator's killing was just a mistake of what appears to be a wealthy ring of super-criminals engaged in the liquor business in a tremendous way. The arrest of one of Edwards' killers only reminds us that we've still a man-sized job to do.

The work of the Harris County District Attorney and his persistent investigator is to be commended. But it is to be hoped they do not rest upon the laurels so long as the men higher up remain to be brought to account.

SANITATION PROGRAM FOR COUNTY MADE

Tuesday morning a meeting was held in Miss Dosca Hale's office for purpose of arranging a plan whereby the sanitation program might be carried most effectively to all the rural communities in Foard County. Those present were Mrs. R. L. Kincaid, chairman of the health committee; Mrs. L. A. Andrews, president of the Adelpian Club; Eli Smith, president of the Rotary Club; Miss Dosca Hale, home demonstration agent, and Willie E. Collins, district sanitarian. It was hoped to have a representation from each civic club so that an expression might be had from each one.

After due consideration it was decided that the best agency to work through would be the home demonstration clubs since they are organized in each community. In order to secure the maximum amount of interest for any program it is necessary to offer an incentive. Since it is desired to improve the whole county and not just small sections, it was deemed best to offer a prize which would appeal to any community. It was suggested that a cooking retort of the hotel size would be the most attractive and most practical gift that could be offered. It is hoped that the civic clubs of Crowell will be able to make this prize possible for it is felt that the expenditure required is a small item when the health and welfare of the whole county is involved.

The plan in brief is to have Mr. Collins meet with the home demonstration clubs, and actually convert a surface toilet to an approved type pit toilet so that they may see how little work other than digging the pit has to be done. It will also be explained to each club how the diseases are transmitted through improper disposal of human fecal matter so they will understand the real need of this improvement to each home in the community. Each member will then be expected to carry this message to the other homes of the community and further the complete sanitation of her community to the best of her ability. A record of all improvements made will be kept by each club, and Mr. Collins will inspect the reconstructed toilets to see that they are satisfactory. The contest will end on October 1st and the club which can show the greatest percentage of the total number of homes in the community sanitized, will receive the cooking retort. It is hoped that everyone will support the club in their community and try and make it possible for them to win this equipment which is so necessary to group giving.

A list is given below of the days on which a demonstration will be made at the club meetings:

July 1, Catesville; July 2, Gambelville; July 3, Thalia; July 4, Gilliland; July 7, Foard City, Good Creek, Beaver; July 8, Black; July 9, Vivian; July 10, Margaret; July

14, West Rayland; July 15, West Side; July 16, Ayersville.

This same type of program is being put on in Knox and Baylor Counties and Foard County may be sure that it will receive real competition.

SCATTER YOUR RISK

It has been taught, and many believed, Much human want could be relieved If all the farmers only knew, How to raise two blades where but one grew. But it seems the farmer plays bad bets, The more he raises the less he gets; For the word goes out there is a big crop, Then the market begins to drop and drop. The First State Bank would like to impress: By diversification your risk is less.

Mining Company Chartered

"The Foard County Copper Company" has been fully chartered with a capital stock of \$10,000.00, the new company having already received its charter. The mines are located on the J. A. Johnson ranch several miles north of Crowell and we are informed that it is the intention of the company to open the old mines and do mining on a large scale.

Many years ago, General Geo. B. McClellan of Civil War fame, organized a company and operated the mines on a large scale, it having been said that machinery was installed that cost at least \$500,000.00. Just why the company ceased operation will probably never be known. The mines were shut down for a number of years before the machinery was finally removed, that was an early day, even before Foard County was organized.

If the copper ore, which is said to be among the richest, best and most accessible in the state, was rich enough and abundant enough to attract capitalists of the East and cause them to invest more than a half million dollars back in that early day, it ought to prove a coveted field for the modern investor.

Reviving all activities of the church at once is the program of the church to the end that we may get ready for the August meeting. Let us pray, sing, teach, preach, pay, study, do personal work as never before. For the next five weeks let us put the church first in our thoughts and our lives. Above all let us pray that we may be used of God and that many souls may be saved.

Our 1911 church program is that every family in the church will subscribe for at least one religious paper, preferably the Christian Standard. Those who desire the Standard may secure it for 25 cents per quarter to be received in the bundle distributed by the pastor; or for \$2.00 per year mailed direct. Under the latter plan if we send in eleven subscriptions we get 100 song books free for the church. Surely we can send in the eleven subscriptions. We need these song books for our gospel team work. See Bro. Long or the pastor if you desire the Standard.

sons will be in the Acts and the Epistles. Jesus set forth principles pertaining to the kind of a life that He said should be lived. The Acts of the Apostles demonstrate that such a life is possible. In His ascension to heaven there was a conscious loss to His followers, but He had promised them that a wonderful experience would come to them, and in preparation for this event directed that they should abide ten days in prayer.

The place was probably the room where the Passover had been observed and the Lord's Supper instituted. Many think that this was the home of Mary, the mother of John Mark. All the apostles were present during those days and in addition many who were aggressive followers of Jesus. All did not understand the fullness of teaching which the Master had presented. Some were still looking for the erection of a visible kingdom that would overthrow the power of hated Rome.

On the day called Pentecost the dispensation of the Holy Spirit began. There were spiritual and visible signs, described in the lesson text. These manifestations are more incidents compared with the divine power evidenced in the preaching of Peter, who explained how prophecy was being fulfilled in their midst. The sublime truth of the Trinity of the Godhead is evidenced. Christ was declared in the Old Testament and His Life was known in the Gospels. Even so, the Holy Spirit, though always present, came into special relationship with man on that day of Pentecost. His ministry is to make the work of the sons of God effective.

SERMONETTE

STRETCHING

By Arthur B. Rhinow

Doctors tell us that stretching is a good exercise. In a book on health culture I once read that we ought to stretch several times a day, especially in the morning before rising as a cat stretches after a nap.

The routine of physical activity has a tendency to make us droop.

JUST a tasteless dose of Phillips Milk of Magnesia in water. That is an actual, effective, yet harmless. It has been the standard antacid for 50 years. One spoonful will neutralize at once many times its volume in acid. It is the right way, the quick, pleasant and efficient way to kill the excess acid. The stomach becomes sweet, the pain departs. You are happy again in five minutes. But don't depend on crude methods. Try the best way yet evolved in all the years of searching. That is Phillips Milk of Magnesia. Be sure to get the genuine Phillips Milk of Magnesia, the kind that the physicians prescribe. "Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1872.

Much of our work is habitual. The body responds automatically to the stimuli. We seldom exert our physical powers to the full, and we are likely to develop a stoop and grow one-sided. And when we stretch we lift ourselves to our full length.

The mind, too, needs to stretch at times. We are prone to be content with thinking in conventional ruts. A professional man complained that his colleagues neglect their reading. They read newspapers, to be sure, and perhaps browse through a weekly journal, but they hardly ever find time to read a book that compels extraordinary thinking. And yet that is what we all need. That is mental stretching; so necessary to return to our full height and to grow.

But we are more than physical and intellectual machines. We have that within us that can love and pray. That is our most real self. We call it the soul, and the soul, too, needs stretching. In nothing are we in greater danger of sagging than in our spiritual life. Then we say prayers instead of praying, and we are content with being "as good as the average man."

Try soul stretching. Avail yourself of the inspiration of divine worship; occasionally face yourself in all honesty, no matter how humiliating that may be, and learn to sacrifice—really sacrifice—for good causes in which you believe. You will be surprised to find how high you can reach.

Mrs. R. L. Campbell of Silverton has been visiting in the home of her daughter, Mrs. Glen Burnett.

Mr. and Mrs. J. O. Hickman and their son, Ralph, all of San Angelo, visited in the home of Mr. and Mrs. Frank Hickman last week. J. O. Hickman is a brother of Frank Hickman and has many former acquaintances here who are happy to note his much improved health following serious illness several months ago.

A. C. Adkins and son, Cecil, of Dallas and a nephew of New York City are here working in the harvest at the Bomar Ranch.

Guynn Hickman has closed his hayrack down until August or September.

Mr. Lee, son of former Judge Lee Munday, is working in The First Bank of Truscott now.

Mrs. Claude Hutton, who is attending school at Canyon, was here for a week-end visit. Mrs. Calvin Hutton of Truscott has been visiting her son, Dean, who is in school at Canyon for the summer.

Last Thursday night the young people of the town and community enjoyed a picnic on the cotton platform.

E. P. Storm and Dave Moore were here during the past week, but are able to be at their posts of duty at the present writing.

Mr. and Mrs. K. M. Moore were Knox City visitors last Friday.

Mrs. H. B. Maddox was called to Truscott last week on account of her father's death. We feel that we can express sincere sympathy to Mrs. Maddox.

Jim Moody attended the Old Cowby reunion at Stamford last week and we feel sure he has reported having a delightful time. Mr. and Mrs. Henry Craig and their son, Virgil, attended the reunion also and reported a good time.

Miss Irene Maddox has been ill the past week, but is improving.

Mrs. Jack Brown and Mrs. George Brown were Crowell visitors last Tuesday and while there met Mrs. Frank Gilliland and daughter, Mary Ellen, from the Bomar Ranch.

Mrs. Herbert Smith spent last Thursday and Friday with her husband at Vernon. Mr. Smith is in an employ of the Humble Pipe Line Company.

There were 120 pupils in the Sun-

day Schools of Truscott last Sunday. We wish that number could at least be doubled within the next few weeks and we hope our readers will talk Sunday School, invite people to come, and we feel there will be a hearty welcome extended to all who attend at each of the respective churches.

Miss Leila Jones has been ill for the past week. Miss Leila was one of the teachers in the Girard High School last term and is spending the summer with her father and sisters in Truscott.

Miss Madeline Graig is visiting in Munday with her friend, Miss Louise Atkins.

A. A. Clark sold 38 bales of cotton last week for 8 cents. It was considered a good sale if such a thing as "a good sale" can be made during this depressing time. We are pleased to call it "a good buy."

M. G. Tarpley and daughters, Retta, Ruth and Elsie, visited in Truscott the past week. Mr. Tarpley is a former resident of this place, but is now the employee of the Brown-Tarpley Lumber Co., at Hauley, Texas. His many friends were sorry to hear of the recent fire at Hauley which damaged the office and hardware equipment of the company he serves.

The Bomar Ranch shipped a car of cattle to butchers at Dallas this week. Mart Ebeling of Dallas, one of the owners of the ranch, was here overseeing the work.

Improvements continue to go forward in our town. Mrs. Oscar Solomon has been repapering her house. Quite a bit of similar improvements have been done in several homes and it is interesting to note that in most instances the mistress of the home has been the chief factor in the work.

We have been experiencing some very warm weather in this part of the country, having temperatures running from 90 degrees as high as 106, and with the dry winds, we fear crops will injure if rain does not come soon, however, cotton is growing fast. Many farmers have poisoned for grasshoppers.

The health clinic, which was announced to be held at Truscott Monday, on account of not having plans completed, will not be conducted until July. The exact date will be announced later.

Miss Cleo Abbott visited friends in Foard City last week.

Mrs. W. W. Clark, who has been ill for some time and who was at

Marlin for her health, has returned to Mineral Wells hoping her improvement would be more pronounced than it was at the former place. Mrs. Clark is a long time resident of Truscott and it is hoped she will soon be well again.

Mr. and Mrs. Jolly Myers made a business trip to Haskell last Wednesday.

Mr. and Mrs. Hays Hanks of the Magnolia Pump Station left Sunday morning for a two weeks' vacation. Among the most noted places they will visit while on their trip is Carlsbad Cavern.

C. C. Browning went to Mineral Wells for the week-end and brought his daughter, Annie Catherine, back with him to visit with her cousin, Marjory Browning.

Dr. Hughes has been in our town for the past three months. He comes to us from Wichita Falls well recommended and we are glad to welcome him to our community.

We wish to express our appreciation to the citizens of our town and community for their hearty co-operation in phoning in the news and happenings that are interesting to our readers. It is the purpose of The Foard County News to serve the people in a satisfactory way and we wish to express the appreciation of the News force and the Truscott correspondent to each citizen.

GILLILAND

(By Special Correspondent)

Floyd Burgess and family of San Benito was a Knox County visitor last week. He is a land owner in the Goree community, was a winner of that place for several years, and is now a prosperous citrus fruit grower in the Rio Grande Valley. While in the county he visited Mrs. Ethel Cure of Heifner, a sister, Mrs. May-Barnett of Truscott, a niece, Earl Burgess of Gilliland, a brother.

Dr. J. E. Stover, county health officer, held the second health clinic here Friday. There were 109 doses of diphtheria toxoid administered and 36 vaccinated against small pox. This finishes the work begun in Knox County for diphtheria immunization. There has been 1800 doses of diphtheria toxoid, 400 doses typhoid vaccine administered and approximately 300 persons vaccinated against small pox, since the work began May 25. The work has been hampered by not being able to secure enough vaccines of the different kinds.

Dr. Stover informs us that Knox County is second in amount of work done in the entire state and would have readily been first if the materials could have been secured. We are promised that after July 1 that there will be plenty of materials for all uses. In July let's see Knox County take first place.

Mrs. Ethie Lee P'Pool, County Superintendent, has been notified that Gilliland will get school bus aid. This is gratifying news as we have been unable to get aid as the consolidated schools did.

Marion (Sug) Ryder was painfully burned Saturday morning while operating a combine for Ralph Myers of Truscott. Burning gasoline was thrown on him from a hose that had caught fire from a lighted match that had first lit a cigarette. There was no other damage reported. It will be several weeks before Mr. Ryder will be able to work again.

Several old timers and young people attended the Stamford Rodeo and Cowboy Reunion. Those attending were: B. J. Glover of Crowell, who is spending the summer with his children here, Mr. and Mrs. Jim Welch, Arthur and Herbert Propps, Vernon Dixon, Arthur Horne, Velma Horne, Dallas Patton, Sherman Cook, Ed Feemster.

Willis Collins, district sanitarian, is meeting with the directors of the Co-operative Gin on July 4 to arrange for a pit type sanitary toilet demonstration.

Miss Betty Chilcoat of Truscott is spending the week with Mrs. Geo. Solomon.

Helen Glover and Sybil Spivy attended the 4-H club girls encampment at Lea Park, 3 miles west of Knox City.

Mr. and Mrs. Walter Crofford went to Knox City Sunday afternoon to meet their little daughter, Margaret, who had spent the past week with her grandmother, Mrs. Spurling, at Rule.

Mrs. J. W. Files of Bryson spent Tuesday with Mrs. Geo. Solomon.

Mrs. Dallas Patton and Mrs. Marion Ryder shopped in Seymour one day last week.

Mr. and Mrs. B. J. Glover Jr., John and Furd Glover shopped and visited old friends in Crowell Saturday afternoon.

Saturday night is "Jolly Gypsies" night again at the school house. They always bring a good program.

Several Gilliland families and young people attended the musical program at Truscott Saturday evening. All report a very enjoyable time and a splendid program rendered.

EIDEL WEIS BRIDGE CLUB

The Truscott Eidel Weis Bridge Club had its regular meeting last Thursday morning from 8:00 to 10:00 in the home of Mrs. Henry Craig. Petunias and sunflowers were used in decorating the living room of the spacious and attractive home. Black and white was used in the score tags. After several games of bridge were enjoyed by all present.

JOLLY EIGHT BRIDGE CLUB

The Truscott Jolly Eight Bridge Club met Thursday afternoon in the home of Mrs. K. M. Moore. The 4th of July idea was carried out in the decorations and the beautiful arrangement of the red, white and blue demonstrated the artistic taste of the hostess.

After all present had enjoyed several games of bridge a delectable salad plate was served, on which the color scheme was carried out.

Those present were Mesdames Jolly Myers, Robert Berg, Harvey Sikes, Glen Burnett, Jack Brown, and Misses Betty and Connell Chilcoat.

Mrs. Robert Berg won high score and Miss Betty Chilcoat low score.

Miss Althea Saunders Weds Amarillo Man

A marriage which took place in Santa Fe, N. M., on June 22 and which is of special interest to Crowell people is that of Miss Althea Saunders to R. Nickolich of Amarillo. Mr. and Mrs. Nickolich were accompanied to Santa Fe by Miss Zell Saunders, sister of Mrs. Nickolich. The couple left immediately after the ceremony for California, where they will remain for several weeks. They will visit other western points of interest before their return. Mrs. Nickolich is the daughter of Mr. and Mrs. L. L. Saunders of this city. She graduated from the local high school in 1925 and has made her home in Amarillo since 1929. Mr. Nickolich is a business man of Amarillo, where he has lived for a number of years and at which place they will make their home upon their return from their wedding tour. Mr. and Mrs. Nickolich have the best wishes of the Crowell friends.

Maurine Bostic Wed to L. L. Gann at Walters

Miss Maurine Bostic, daughter of Mr. and Mrs. Bostic of this city, became the wife of L. L. (Cotton) Gann, in a wedding at Walters, Oklahoma, on June 23. The ceremony was performed by Rev. G. C. Hutto, Baptist pastor of that city. Mrs. Gann was a member of the Junior class of Crowell High School during the past year. Mr. Gann, son of Mr. and Mrs. R. M. Hudson of Vernon, formerly attended the high school here and was a member of the Crowell High School football squad of 1929. They will make their home in Crowell. They were accompanied to Walters by Mrs. Arthur Steana and Miss Eula Ribble of this city.

Local Man Is Married Sunday at Mangum

In a wedding at Mangum, Okla., Sunday, Miss All-Rosa Stewart, became the wife of Barney Eugene Deason of Crowell. The bride is the daughter of the late Andrew M. Stewart and Mrs. Stewart of Mangum. Mr. Deason is the son of Mr. and Mrs. W. E. Deason of Vernon and has lived in Crowell since April, being employed as bookkeeper and assistant manager of the Wm. Cameron Lumber Company.

The wedding was performed at the home of the bride's mother with Rev. C. E. Wilbanks, pastor of the First Baptist Church of Mangum, reading the ring service. Mr. and Mrs. Deason arrived in Crowell Monday night after a short wedding trip. They will make their home in the residence formerly occupied by Mr. and Mrs. M. M. Hart Jr.

Mrs. Deason has taught in Frederick High School for the past two years. She is a close personal friend of Mrs. Jimmy Doolen of this city. They were formerly school mates at Mangum High School.

street just north of Wm. Cameron Co. in about the middle of the block. Immediately after it McDaniel surrendered to officers and was placed under the care of Dr. Hines Clark, as he had received several severe scalp wounds, which McDaniel stated were received when Miller struck him over the head four times with a wrench.

A blood-stained wrench was found by officers in the Howard car, in which the two youths were riding, however, Howard denies any knowledge of this wrench.

McDaniel stated that he had just got in from the city lake, where he has been looking after the fishing activities there, and was on his way home, which is about one block west of where the affair took place, at the time of its occurrence. He said a model T Ford coupe stopped a short distance in front of him and that Miller got out of it and after a few words struck him (McDaniel) a few blows with a wrench, knocking him down. He said he fired two shots from his pistol as Miller continued the attack after he (McDaniel) had been knocked down. One shot entered the neck and came out at the back of the head. The other shot failed to take effect. "I greatly regret that this had to happen, but I felt I did the only thing I could to save my life," McDaniel stated to a representative of The News.

Several weeks ago Miller was arrested by McDaniel, along with two other men, all of whom were charged with theft of gas from the city tractor-grader, to which charge Miller had pleaded guilty in county court, along with the other two, and served a 10-day sentence here of ten days.

McDaniel is the operator of this garage, which was located close to his residence at the time of the arrest on a Sunday night early in May.

Funeral services for Miller were held Monday afternoon at the Crowell Cemetery with Rev. Woodie W. Smith, pastor of the Crowell Baptist Church, officiating.

Miller is survived by his parents, Mr. and Mrs. C. W. Miller; five brothers, Vernon, Leon, Delmas, Eldon and Macanay; and one sister, Miss Marie Miller, all of whom live in Crowell. The family came to Crowell on Dec. 10, 1930, from Estelline, Texas.

Miller had recently been employed in highway construction work west of Crowell.

Farmers May Have Bales Wrapped in Cotton This Year

Austin, Tex., July 2.—Farmers may obtain cotton wrappers for their bales this year without penalizing themselves, as a result of efforts of the Association for the Increased Use of Cotton.

J. E. McDonald, commissioner of Agriculture and vice-president of the national association, reported today that cotton mills of the south are "lining up enthusiastically" behind the proposal that they allow seven pounds extra weight to be added to all bales wrapped in standard 100 per cent cotton bagging, the added weight to offset the difference has

been the principal barrier to the substitution of cotton for jute in making bagging.

The association first presented the matter of the seven pounds allowance at mills with which he was connected, but sent a letter to all cotton mills in the South, requesting that they do likewise.

McDonald was informed today by Harold C. Booker, Columbia, S. C., secretary of the association, that enough mills have reported their willingness to grant this extra weight to assure success of the plan.

"It is now squarely up to the farmers to demand that their cotton be wrapped in cotton bagging," McDonald said, "and thus use up many thousand bales of cotton this fall which have been helping to depress the market. It is very conservative-ly estimated that 65,000,000 pounds of additional cotton will be consumed if this type of bagging is generally adopted and used. Surely everyone in the South can see that this will have its effect on the market."

MANY FARMERS MAKING PLANS FOR TERRACES

There will be more stubble land terraced this year in Foard County than ever before, according to Fred Rennels, county agent.

He bases this prediction on the interest that is being shown and requests coming to his office for assistance in running the terrace lines. Last summer there was a shortage such that there was very little stubble land terraced, however, those that did terrace are well pleased with the results.

Where the terraces are wide, very little difficulty has been experienced in using the combines and harvesting machines. Naturally there is some more trouble in crossing the terraces, according to Roy Todd, but he thinks the trouble is secondary to their value in distributing the moisture and also in preventing the rolling soils from washing.

Ed Rettig, who lives southeast of Crowell, will terrace his wheat land just as soon as he disc his stubble and gets other details arranged. He plans to use his own machinery in constructing the terraces.

Dave Solis of the Gambleville community will also terrace a portion of his farm just as soon as his threshing is completed.

M. L. Cribbs, who lives in the West Rayland section, and who has a wheat farm southeast of Crowell, will also terrace as soon as his wheat is threshed and the stubble disc'd.

"Due to the fact that horse feed

is plentiful, labor cheap and men needing work, it might be an opportune time to construct terraces," Mr. Rennels stated. During the past few years the terracing has been done by the use of road machinery and big tractors. Others have used the small tractor, Martin ditcher or the Caterpillar grader and ditcher.

In some sections the use of a bulldozer for the construction has been resorted to with excellent results, according to Mr. Rennels. Where the terraces are used it is usually handled by a man and four horses. A scraper of dirt being brought up from the side of the terracing bed.
