LOCAL QUINTET WILL REPRESENT 18 COUNTIES OF THIS SECTION IN STATE BASKETBALL TOURNEY

Trustee Elections in Foard on Sat., April 1

School trustee elections will be held in Crowell and at all other schools on Saturday, April 1.

At Crowell the terms of Leo Spencer and Grover Nichols expire. Other members of the Crowell board are: L. A. Andrews, T. B. Klepper, S. T. Knox, N. J. Roberts and Fred Rennels.

Two trustees for the county board are to be elected since the terms of W. S. Tarver, Precinct 1, and R. N. Beatty, Precinct 4, expire. Those remaining on the county board are: J. L. Reanel, No. 2, A. Weatherall, No. 3, T. N. Bell, trustee-at-large.

Virginia Satterwhite Taken by Death at Electra Wed. Morning

Virginia Louise, 3-year old daughter of Mr. and Mrs. J. D. Satterwhite, died Wednesday morning at 7:45 o'clock in an Electra hospital following an operation Tuesday morning.

The child became seriously ill late in January of this year. She was operated on for appendicitis at the Crowell hospital on Jan. 29, however, her appendix was ruptured before she reached the hospital.

Her condition continued to grow worse and on Feb. 19 she was taken to Electra for further treatment. She underwent a second operation Tuesday when it was thought that she was strong enough to stand the operation.

Virginia Louise was born on Sept. 30, 1929, at Electra and came to Foard County with her parents in the fall of 1931. The Satterwhite family now lives on the J. T. Gribble place, about 3 miles southeast of Crowell.

Funeral services were held from the home of J. T. Gribble here Wednesday afternoon at 4 o'clock with Rev. Geo. Turrentine, pastor of the Crowell Methodist Church, officiating. He was assisted by Rev. M. J. Girsch. Pall bearers were Will Erwin, Gordon Gribble, C. C. Joy and Earle Davis. Interment followed in the Crowell cemetery.

The deceased is survived by its parents, two brothers and two sisters. Out-of-town relatives present for the funeral were: Mrs. Geo. B. Ansell Jr. and Mrs. Chas. Maulding of Electra, and Mrs. Florence Robinson of Holdenville, Oklahoma. A number of out-of-town friends were also present.

Work Is Started on Foard School Census

The annual census for the schools of Foard County is now being taken. Work in some school districts on the census started March 1. The census work is to be completed by April 1.

State school aid is based on the returns of this census and it is important that all who are entitled to be in it will be listed by the enumerators.

School officials of the county are urging everyone to co-operate in seeing that all eligible names are in the census.

MORE MOISTURE FOR CROPS IN FOARD COUNTY

Additional moisture for Foard County crops was received Saturday night. It covered the entire county and ranged from one-half inch to about five inches. At Crowell and in the western part of the county, the rain was some lighter than in the eastern section.

The downpour at Thalia, West Rayland and the southeast part of the county ranged from three to five inches, according to reports reaching The News.

The coolest weather felt here in three weeks came Monday and Tuesday mornings, ice making its appearance each day.

OPENS CAFE

W. R. Campbell has opened a small cafe on the south side of the square, between Ketchersid Furniture Co. and the Crowell Service Station. It is housed in the structure that was used for a cafe near the local gin this season and was recently moved to its present location.

Nine members of the Crowell High School basketball squad and Coach Grady Graves departed for Austin shortly after 1 o'clock Wednesday afternoon to participate in the State basketball meet on Friday and Saturday.

Plans were made for a night stop-over in Stephenville, Coach Graves' "old home town" and the city in which his parents, Mr. and Mrs. W. T. Graves, now live. In case of an early arrival there, it was planned to have a brief workout in the John Tarleton College gymnasium.

The trip is being made in cars belonging to and driven by L. A. Andrews and Coach Graves. Mrs. Andrews and son, Tom Alton, also accompanied the group. They will arrive in Austin Thursday afternoon. The schedule for the tournament follows:

Upper Bracket, Friday

9 a. m.—Athens vs. El Paso.

10 a. m.—San Antonio (Thos. Jefferson) vs. Zavalla.

11 a. m.—Crowell vs. Big Spring.

4:30 p. m.—Winner 9 o'clock game vs. Bryan which drew first round bye.

7 p. m.—Winner 10 a. m. game vs. 11 a. m. winner.

Lower Bracket, Friday

1:30 p. m.—Houston (Jeff Davis) vs. Gilmer.

2:30 p. m.—Dallas Tech vs. Beeville.

3:30 p. m.—Temple vs. Lamesa.

8 p. m.—Winner 1:30 p. m. game vs. 2:30 o'clock winner.

9 p. m.—Winner 3:30 p. m. game vs. Brownwood, which drew first round bye.

Upper Bracket, Saturday

2 p. m.—Winner of Friday's 4:30 o'clock vs. winner 7 p. m. contest.

Lower Bracket

3 p. m.—Winner of Friday's 8 p. m. game vs. winner 9 o'clock game.

7 p. m.—Third place game.

8 p. m.—Championship game.

Crowell's Opponent

Crowell's opponent in the first round, the Big Spring Steers, has a powerful quintet and one that defeated Athens, the team that is favored to win the State championship. Athens bowed to the Steers while on a road trip through West Texas during the Christmas holidays.

Dallas Tech, Jeff Davis of Houston and Thomas Jefferson of San Antonio are also two outstanding favorites in the State tourney. Temple, last year's winner, is back again but is not among the favorites. A few years ago Athens won the United States high school championship two years in a row.

If Crowell should beat Big Spring, in all probability its next opponent would be San Antonio and the winner of that game will no doubt play Athens for the final upper bracket game. By this illustration one can readily see what a tough bracket the Wildcats are in.

Representing 18 Counties

As a result of their second consecutive victory over the District 4 champions, Wichita Falls, the Wildcats, District 3 champs, will represent around one hundred teams from the following eighteen counties: Foard, Hardeman, Cottle, Hall, Motley, Childress, Wheeler, Collingsworth, King, Wilbarger, Wichita, Clay, Baylor, Young, Archer, Throckmorton, Jack and Montague.

Close to two thousand basketball teams started participating in Texas Interscholastic League basketball this year and of this number, only 14 teams remain in the State race.

Whether they win or lose at Austin the Wildcats have already made a record that any team should be proud of and one that has already made the greatest record in Crowell athletic history.

Co. Federation Elects Officers on March 15 At Margaret Meeting

The election of officers of the Foard County Federation of Women's Clubs will take place at the meeting of this organization at the Margaret Methodist Church on Wednesday, March 15. The program will start at 10:00 a. m. and a covered dish dinner will be served at noon.

The Margaret Home Demonstration Club will be hostess for the meeting and Mrs. A. Y. Beverly of Crowell is the program leader for the day. An excellent program is being prepared.

The meeting is a very important one and it is hoped that all clubs will be represented. Officers are to be elected for a two-year term at this meeting.

BANK HOLIDAY IS OBSERVED ALL OVER U. S.

"We expect to conduct our business according to the most liberal construction that can be placed upon rules given us by the Government," was the statement made by Dr. R. L. Kincaid, president of the Crowell State Bank, Thursday in regard to the bank holiday that has been in force in Texas since last Friday and throughout the nation for almost a week.

The local bank's doors have been open each day to make change. A number of checks for necessities of life were cashed at the bank beginning Wednesday under a ruling permitted by the state and national governments. By Friday of this week banks expected to be allowed to operate on a wider scope and possibly in a short time most banks will be operating in a normal manner.

Active steps are now being taken in Congress, by President Roosevelt and Cabinet officials to remedy their present situation.

Former Resident of Margaret Died Last Thursday at Dallas

Mrs. Elizabeth Murphy, 62, former Margaret resident, died at her home in Dallas on Thursday, March 2, following ill health during the past three years. She had been confined to her bed for the last six months.

Four sons, W. J., C. T., E. J. and Jack Murphy, all of the Margaret community, are included among the survivors. They were present when death came at 1 o'clock in the morning, along with Mrs. W. J. Murphy and Mrs. E. J. Murphy.

They left Margaret Wednesday when a telephone call came from Dallas informing them that their mother was dead, however, this call was a mistake as it was made in haste by a relative when it appeared that Mrs. Murphy was dead. The Foard County relatives arrived about an hour before death came.

Funeral services were held at the Holy Trinity Catholic Church in Dallas on Friday morning and burial followed in the Calvary Hill Cemetery.

Besides the four sons mentioned above, Mrs. Murphy is also survived by one other son, Walter Murphy of Dallas, and two daughters, Mrs. Ellen Bright and Miss Lillian Murphy, both of Dallas. They lived in their mother's home. Ten grandchildren are also among the survivors.

Born in England
The deceased, originally Elizabeth O'Conner, was born in Liverpool, England, on April 25, 1870, and came to America when a small girl, settling with her family in Navarro County, Texas. In the early 90's she was married to T. S. Murphy in Navarro County and they lived there until about 1900, when they moved to the upper Panhandle and later to Oklahoma.

In 1910 they came from Snyder, Oklahoma, to Foard County and settled on the farm, where W. J. Murphy now lives, about two miles north of Margaret. Mr. Murphy died there in 1916 and was buried at Snyder.

DeMolay Program Will Be Given Mon. Night At Methodist Church

Everybody is invited to attend the free program that will be given Monday night in the Methodist Church at 7:30 o'clock by a DeMolay committee from Wichita Falls. DeMolay is a junior Masonic organization for young men from 16 to 21.

The following program has been announced:

History and origin of the Order of DeMolay. RMC and Advisor Rowland Mills.

Reading by Miss Auden Kouri.

What DeMolay means to me—PMC Daryl Daniel.

Accordian selections by Max Ramsey.

Masonic address by a prominent Shriner.

Conferring of the Majority Service with the following DeMolay members working on this in the various stations: Eugene Garrett, Bob Souther, Mack Taylor, Carl Oglesby and Travis Hanks, all of whom are Wichita Falls DeMolay officers.

Second Rabbit Drive At Black Next Wed.

A second rabbit drive will be held in the Black community on Wednesday, March 15. The drive this time will start one mile south of the Black school house at 8 o'clock in the morning.

A big barbecue dinner is promised by the people of Black to all who participate in the drive.

FOARD FARMERS MAY APPLY FOR FEDERAL LOANS

Application blanks for crop production loans from the Reconstruction Finance Corporation have been received by the Foard County committee consisting of Dr. R. L. Kincaid, N. J. Roberts and Silas Moore and may be received from any of these men or the county agent, Fred Rennels.

The loans are to be made on much the same basis as in the last two years. The landlord's waiver must be secured again this year and a mortgage must be given on all crops growing or to be grown.

Various other requirements in securing the loans may be secured from local committeemen or the county agent.

All checks will be received through Jno. O. Stovall of Childress, who has been assigned to the following five counties: Foard, Hardeman, Childress, Hall, Collingsworth, Donley, Cottle and Motley.

During the 60-day period in which applications may be made, Mr. Stovall will be in Crowell each Monday afternoon. On Monday morning he will be in Quanah and each Tuesday he will be in Paducah.

When a crop loan has been approved by the Dallas office and the check written, then the borrower will be notified that his check will be delivered by Mr. Stovall on the day that he is to be here.

Mrs. Murphy continued living there until moving to Dallas in 1925, where she had since lived.

NEW GAS SAND IS REACHED IN TEXAS CO.-L. K. JOHNSON OIL TEST; 41,000,000 CUBIC FEET

Mrs. Chapman Wins at Wichita Meat Show

Mrs. W. G. Chapman of Thalia was Foard County's principal winner at the meat show in Wichita Falls last Friday and Saturday. She won the grand championship for hams and bacon and premiums totaling \$15, including first and fifth for heavy hams and first in bacon.

Other Foard County people to win places follow: Mrs. Clarence Ross, second for bacon and fifth light ham; Mrs. A. G. Bell, seventh for both heavy ham and bacon; Kenneth Halbert, eighth for senior calves; Oscar Nichols, fourth for heavy hogs.

APPENDICITIS OPERATIONS

Two appendicitis operations were performed at the local hospital this week.

Miss Thelma Boman, 12, daughter of E. G. Boman of the Five-in-One community underwent an operation on Monday and on Thursday afternoon, Miss Anita Fish, 17, student in Crowell High School and a daughter of Mr. and Mrs. Allen Fish of the Vivian community, was operated on.

Both are getting along nicely.

Wallace Hughton to Speak Saturday Over Radio Station WFAA

An important message will be delivered over radio station WFAA of Dallas on Saturday evening at 6:45 o'clock by Wallace Hughton of McKinney, grandmaster of Texas Masons.

An invitation is extended to everybody, especially Masons, to tune in on WFAA and hear this important message. It will be of added interest here in view of the fact that Mr. Hughton is a nephew of J. W. Beverly and Mrs. T. L. Hughton of this city and is known by a number of people here.

CAFE CHANGES HANDS

Lee Roy Statser and Earl Manard have assumed management of the City Cafe, having bought the stock of dishes, cooking utensils and other things that are necessary for the operation of a cafe, from Roscoe Campbell. They have been in charge of the

A gas sand measuring forty-one million cubic feet was reached at a depth of 3,125 to 3,127 feet in the Texas Co.-L. K. Johnson No. 3 oil test at about noon Wednesday. This test is located on the L. K. Johnson ranch about 20 miles west of Crowell. The rock pressure at present is 1,060 pounds and the gas is dry.

Officials at the test intend to let the gas run wild until Friday and if oil is not blown in by that time, it is then planned to stop the flow and continue drilling.

On Dec. 1, 1932, at a depth of about 3,098 feet, a gas sand estimated at about 30,000,000 cubic feet was reached in this test and it was several weeks before the gas was shut off so that drilling could be resumed.

Good Creek Man Died On Wednesday Night

James Alonzo Love, 26, died at about 10 o'clock Wednesday night at his home in the Good Creek community as a result of an attack of influenza which developed into pneumonia. He was the son of Mr. and Mrs. W. A. Love of Good Creek and had lived there for about four years.

He was born on Oct. 11, 1906, in Dallas County. Funeral services were held at the family home Thursday afternoon and interment followed in the Crowell Cemetery.

REV. WATSON TO BE AT MARGARET AND THALIA SAT. NIGHT AND SUNDAY

Rev. J. W. Watson of Lubbock, executive secretary for Christian Education of the Northwest Texas conference of the Methodist Church, will preach at Margaret Church Saturday evening at 7:30 o'clock, and will be at Thalia on Sunday for an all-day service. Dinner will be served on the ground at noon.

During his visit at Margaret and Thalia, Rev. Watson will speak on matters pertaining to Sunday School and young people's work. Everybody is invited to attend the services.

Many People Present For Trades Day Mon.

Messrs. John Ray, Dr. Hines Clark, R. M. Magee, Jim Bonnar, S. M. Roberts, V. T. Johnson and Ed Rettig attended the meeting of the Grand Lodge of Odd Fellows at Fort Worth this week.

Mr. and Mrs. Tom Beverly royally entertained a few couples of young people last Saturday evening. Music rendered on the violin by Ross Edwards, accompanied by Miss Crouch, deserves special mention. Also Miss Ragland rendered some good vocal music.

School News

The basketball teams have not practiced much this week on account of high winds.

One of the girls who had missed school came to visit Wednesday afternoon. Prof. Cogdell asked her why she did not have her Algebra and she said she was visiting. On asking Mabel Crowell why she did not have her lesson, she answered "visiting too."

The Orient people are surveying the townsite of Margaret at the present time.

There is not an empty dwelling house in Crowell, yet we have three lumber yards and a large number of contractors, carpenters, paper hangers and painters, all of whom are trying to supply the demand for houses.

Some of the boys from Crowell have been robbed in the wagon yard at Quanaah recently, their money being taken while they slept.

The present issue of The News is indebted to the assistance of Miss Mattie Klepper, who has become one of its compositors.

C. P. Sandifer is building a small house in north Crowell this week.

Railroad for Thalia

Morris R. Locke, president of the Colorado, Texas & Mexico R. R. Co., was in Crowell Saturday in the interest of the proposed road to run

through the eastern part of the county and through Thalia.

Mr. Locke is having deeds of trust filed in the county clerk's office in the counties through which the road is to pass.

The road is to run from some point in Wyoming through South Dakota, Nebraska, Colorado, Kansas, Oklahoma and Texas, and terminates in Mexico.

The road has been surveyed but has not been graded through this county. Mr. Locke said that steel is now being laid between Mangum, Okla., and Red River and that work would be pushed just as rapidly as steel could be laid.

Thalia has been anxious for a road for several years and will regard the movements of this company as having some significance in that direction.

Boys and Girls

Katherine Sui Fun Cheung, who recently completed a course in aviation in Los Angeles, is the only Chinese girl pilot in the world.

A possible successor to Mildred (Babe) Didrikson as an all around track and field performer is seen in Frances (Babe) Kanzius, 17-year old farm girl, of near Burgettstown.

Get Rid of That SORE THROAT!

Any little soreness in the throat grows rapidly worse if neglected. Crush some tablets of genuine Bayer Aspirin in some water, and gargle at once. This gives you instant relief, and reduces danger from infection. One good gargle and you can feel safe. If all soreness is not gone promptly, repeat. There's usually a cold with the sore throat, so before gargling take two tablets to throw off your cold, headache, stiffness or other cold symptoms. Bayer Aspirin relieves neuralgia, neuritis, too. You may use it freely, it does not hurt the heart.

AWAKENED WOMAN

The Perfect Serial

Mystery Suspense and Love.

Joyce, as she opened her eyes on that memorable morning, was equally surprised at the warm, flower-scented air, at the luxurious sleeping porch where she lay and at the diamond circlet on her wedding finger.

Was she married? Was it summer? Surely the fruit-laden orange trees she could see were not in Chicago—this silk-covered bed was not a hospital cot. Yet—the last thing she remembered was a skidding taxicab on a sleeting November day in Chicago.

And when a man came and sat on her bed and kissed her goodbye for a hurried business trip, telling her to be careful after her fall from her horse the day before, her mystification was complete.

So she was married.

Later she discovered from her toilet articles that her initials are F. L. P. . . . and that the house she lived in was rich—and beautiful.

OUR SELF-CONTAINED COUNTRY

One of the most important pieces of news we have seen in papers in a long time is the announcement that the great potash deposits of New Mexico have been developed to the point where, by the end of this year, the United States will be independent of foreign sources for this essential fertilizing element.

For the first time in our national history we no longer have to import any of the three elements necessary for the fertilization of our agricultural lands, namely, potash, phosphoric acid and fixed nitrogen. Until a very few years ago practically all of our nitrates had to be imported from Chile, and all of our potash from Germany, while the sulphur necessary to reduce phosphates to phosphoric acid was imported from Spain and Sicily.

We have a feeling that the ultimate happiness and prosperity of all the people of the United States is going to be best served by concentrating business, industry and agriculture upon supplying the needs of our own people and keeping our own people busy supplying those needs. If we have anything left over, and can find a foreign market for it, well and good; and if foreign countries have something superior to offer us which we don't care to bother about producing at the moment, then also well and good. But we think it is time to abandon the idea that our national prosperity depends upon our foreign trade.

Interesting Notes

NEWS' BARGAIN RATE EXTENDED 10 MORE DAYS

On account of the bank holiday that has been in effect for the past week, The News management has decided to extend the bargain rate of \$1.25 per year in Foard and adjoining counties and \$1.50 outside this territory, to Monday, March 20th, in the hope that those who failed to take advantage of this offer may be permitted to do so before this time is up.

We feel very grateful for the response we have received during this bargain rate campaign and the extra time is given so that all of our readers may line up with us for another year 100 per cent.

We have added many new readers to our list during this campaign. Several lists have been published and those who have subscribed since publication of the last list, are shown below.

GETTING ATTENTION

A tired pilgrim once arrived in the up-to-date and perfectly satisfied city of Athens. He arrived on foot because he had no carriage. His shoes were sadly worn and his clothing unkempt and covered with dust. One would say that these disadvantages were enough to disqualify him for success in a town so smart and critical, but he had other handicaps more fundamental. He was too short and thickset to be impressive; his eyes had a decided squint; altogether he was not at all the kind of a man who commands respect before a crowd.

The principal business of the clever gentlemen of that city was standing around the market-place, there, to "hear or to tell some new thing." They were the joke-makers and fashion-setters of their era. As for investing in a new religion—they had hundreds of religions, some new, some fairly new, some old, but all entirely unused. A fine appreciative atmosphere for the foreign visitor named Paul, straight on he marched until he reached Mars Hill. A few of the clever ones gathered about. The critical moment had come. Paul must say something, and no matter what he said, it would be wrong. Suppose he had said: "Good morning, gentlemen, I have something new in the way of a religion which I'd like to explain." A boisterous laugh would have eeded his talk.

But Paul knew the psychology of the crowd. "Men of Athens, I congratulate you on having so many fine religions. I've traveled about quite a bit and your assortment is larger and better than I have seen anywhere else. I noticed that you not only have altars erected to all the regular gods and goddesses; you even have one dedicated to the unknown God.

"Let me tell you an interesting coincidence, gentlemen. This God whom you worship without knowing his name, is the very God whom I represent."

Paul stopped short and voices called out demanding that he go on. It appears later in the narrative that after his talk was over "some mocked, and others said, 'We will hear thee again of this matter.'"

It was not a complete victory such as his Master had achieved at Jacob's well; but the audience which had confronted Paul was hostile, and his initial success so cleverly won, that this story deserves a place beside that of Jesus. Together they help us to understand the great mystery—how a religion, originating in a despised province of a petty country, could carry around the world. It conquered not because there was a demand for another religion but because Jesus knew how, and taught his followers how, to translate a great spiritual conception into terms of practical self-concern.

THIS WEEK IN WASHINGTON

Washington, D. C. (Autocaster) March 8.—The Administration of President Franklin D. Roosevelt started off with the largest gathering of visitors in Washington, and the biggest inaugural parade, since President Harding and his Republican Administration took office in the spring of 1921, after eight years of control by the Democratic party.

The nation has had twelve years of Republican control of the executive departments, and practical control of Congress except for the past two years. Twelve years is not such a long time as politics go, and many of the faces which are coming back to Washington are familiar reminders of the days of President Wilson.

President Roosevelt himself, of course, lived in Washington through those eight years, 1913 to 1921, as Assistant Secretary of Navy. Also, he was the nominee for Vice-President on the Democratic ticket in 1920.

Old Friends Back Daniel C. Roper, the new Secretary of Commerce, is far from being a stranger in Washington. He first came into public office in the Wilson Administration, in which he was Commissioner of Internal Revenue.

For the past twelve years he has been engaged in the practice of law in Washington, specializing in income tax cases, in which his experience as the head of the Government's tax collecting machinery has been of great value to him.

One man who will be welcomed back to Washington by many is William Gibbs McAdoo, the new Senator from California, who has held more and bigger jobs in the Wilson Administration than anybody else. He was the secretary of the Treasury, director-general of railroads, and held five or six more administrative posts, besides being the son-in-law of President Wilson. Mr. McAdoo is expected to exert a powerful influence with the new Administration, and to take a leading part in the deliberations of the Senate, while Washington society is expecting Mrs. McAdoo to be one of the leading lights.

Democratic faces are not the only familiar ones coming back to Washington after a considerable absence. James W. Wadsworth, Jr., newly elected member of the lower house from New York State, was here for six years as one of the United States Senators for New York. Political historians here do not recall any other instance of a man who has once been Senator coming back a Representative; but there was once a President of the United States who became a member of the lower house of Congress after he had finished his term in the White House. That was John Quincy Adams, who died while making a speech on the floor of the House.

There is Work to Do A lot of politicians are concerning themselves with trying to get their men into the one hundred and fifty thousand Federal jobs which Postmaster-General Farley will distribute among the faithful, but the main concern of the new Administration, as soon as the new Congress assembles, is to get through some more financial legislation and something that will answer the pressing problems of farm relief.

The banking situation in many parts of the country, resulting in the closing down and reorganizing of the big banks in many big centers, which have stood the strain so far, but finally had to yield because of their frozen assets, is reviving talk of the Government itself going into the commercial banking business, for which it has the nucleus already set up in the Reconstruction Finance Corporation and Federal Reserve System. Nobody can guess yet how far the new Congress and the new Administration may desire to go or succeed in going in that direction, but it is regarded as possible that some temporary plan may be worked out whereby Federal agencies and departments may take over the national banks and operate them, as an emergency measure, as was done with the railroads during the war.

Nobody knows yet very much about the policies of William H. Woodin the new Secretary of the Treasury, and it is regarded as probable that the two last previous Democratic Secretaries of the Treasury, Mr. McAdoo and Mr. Glass, both of them now in the United States Senate, will have a great deal of influence in shaping the new Administration's financial policies.

The Farms and Europe There is apparently an excellent outlook for early passage of some sort of a domestic allotment farm relief measure, which would limit acreage and production and thereby insure better prices for farm products. Except for opposition from the White House it might have been passed before now.

The European debt situation is going to hold the center of the stage

for some time to come. Mr. Woodin's plan, it is understood, deal with the debtor nations of Europe one by one, trying to get out with each of them the best that can be made for the interests of both parties. There is going to be no cancellation of the debts Europe owes us without some value to us in return.

The first of the European nations with whom the bargaining has been taken up is England, and the British Prime Minister is expected in person to conduct the negotiations with the President. Once a deal is made with England it is going to be easier to deal with France. French people are beginning to realize that their Government's mistake is not paying the interest on the debt to America which is due December 15th, and that they are in a bad position when it comes to asking favors.

The talk of giving President Roosevelt practically wartime authority to run the Government has been handed in beginning to die. Good many Senators and members of the House of Representatives are unwilling to yield their authority, and some are pointing out that Congress has no right to shirk its own responsibility.

The one subject on which Congress would like to pass the buck to the President is that of cutting the expenditures for veterans' relief. Members of Congress are much afraid of that subject, but they also want to get re-elected, and they don't like the idea of cutting the American Legion against them. But Mr. Woodin has made it clear that he is going to let them shift their responsibility to his shoulders.

MINNESOTA GREAT STATE SAYS WELLS How people know that Lindbergh, Kellou, Sinclair Lewis and Gall-Curei are natives of Minnesota and that this unusual state of more than 11,000 lakes was visited in 1932 by Viking explorers, hundreds of years before, Raddison, LaSalle and Marquette were born? The foregoing are but few of the unusual facts about the "gopher" state to be presented to radio fans throughout the nation by Carveth Wells, Continental Oil Company radio entertainer, in his regular Wednesday broadcast on March 15. To provide historical spice, Wells resurrects the ghost of Hiawatha and learns why this great war chief deserted his people. The Conoco program may be heard by local listeners who tune in on stations WFAA, WOAI or KOA Wednesday night at 9:30 o'clock. Rev. W. E. FORMER RESIDENTS RENEW

The News received renewal this week for two subscriptions from B. J. Glover who is now located in Archer County, one for himself and one for his sister, Mrs. B. B. Edwards of Ellenboro, N. C.

Mr. Glover is working on a ranch in the southwest part of Archer County where he worked in 1887, but says it has changed very much since that time as the country is covered with oil wells now and in 1887 it was an open range. Mr. Glover was foreman of the Halsell Ranch in Foard County for many years. Another former resident heard from this week was J. W. Bruce of Richards, Colo. Mr. Bruce says "tell all the boys hello for me."

ANOTHER OLD LETTER

Another old letter was brought to The News office this week by J. W. Cook. It was written by Mr. Cook's father, I. N. Cook, and was dated July 7, 1866, Jasper County, Mo. The letter was sent to John L. Cook of Hamilton, Ohio, and about 40 years ago he gave the message to J. W. Cook.

The letter was written shortly after the end of the Civil War and the cost of living was mentioned as being very high. It stated in the letter that flour was \$8.00 per hundred; corn meal, \$1.25 per bushel, and bacon, 27 1/2c per pound. "I expect to sell a yoke of steers and soon be in funds again," was one statement in the letter.

So far the oldest letter received at The News office was one in the possession of Mrs. Pearl Carter. It was written in 1829.

COUNTY TAX MEETING HELD HERE SATURDAY

The regular monthly meeting of the Foard County taxpayers association was held in Crowell Saturday afternoon. Dr. R. E. Main gave a report of his visit to the meeting of the Taxpayers Association of Texas at Austin recently. The next meeting of the State association has been postponed from March 10-11 to April 7-8 and every taxpayer is invited to attend.

A resolution against the proposed sales tax was voted down at the local meeting. A committee composed of J. H. Self, Dr. R. L. Kincaid and Homer Zeibig was appointed to confer with local city and school officials on the matter of getting the same ten per cent assessment the same ten per cent assessment the same ten per cent assessment.

At the conclusion of the meeting C. P. Sandifer, president of the association, displayed the extortionate letter that he recently received. The association adopted a resolution condemning this act and expressing the determination of the association to work in stamping out such practices as this.

COMMENT CAGE

By PERCY NALLS

Close to two-thousand teams started the race for the high school basketball championship of Texas and only fourteen now remain in the running. Crowell is one of the 14 teams that will participate in the State finals at Austin on Friday and Saturday and no matter what record the Wildcats make at Austin, we know that they have already achieved the greatest honor in Crowell athletic history.

Foard is by no means the only county that will be pulling for the Wildcats to do big things at Austin, for Crowell is representing 18 counties of this section in the Austin event and from all that we can gather, this whole section is squarely behind the local quintet.

On behalf of the people of Wichita Falls, the sport editors of the Record News and Times, Fred "Rambler" Thompson and Al Parker, have expressed themselves as being one thousand per cent for Crowell. They are not only for the Wildcats, but also actually believe that Crowell will make a worthy showing at Austin.

We certainly admire the way Wichita Falls took its bi-district defeat. "Just too much Crowell power," was Coach Ted Jeffries' comment following the game. No alibis were offered as a result of the handicaps for a visiting team in the local gymnasium.

Coach Jeffries was quoted as making the following statement in the Wichita Times: "Crowell has a fine team that bids fair to make it interesting for all rivals in the State tournament. They are a fine, clean-cut bunch of youngsters who play the game for all it is worth and I know that I express the sentiment of every Coyote player in wishing Crowell all the success attainable in the State tournament. I've never played a series in any sport in which relations were happier than those with Coach Graves and the other Crowell officials."

Thank you, Coach Jeffries. We are sure that the pleasant relations that have always existed between Crowell and Wichita Falls have been strengthened as a result of the bi-district competition. Jeffries is not only a real sport, but a real coach as well as was proven by the remarkable improvement of his club from the time that it played Crowell in two practice games to the time of the two bi-district tilts.

Large cities and small towns meet on common ground in the State tournament. Houston is the largest and Crowell is next to the smallest. Cities participating in the tournament and their latest population figures follow:

Houston	292,352
Dallas	260,475
San Antonio	231,342
El Paso	102,421

Thalia 4-H Club Boys Attend Wichita Show

Clyde Self took twenty-six 4-H Club boys of Thalia to Wichita Falls last Friday so that they could spend the day at the 4-H livestock and meat show. Charlie Wisdom, president of the club, acted as sponsor of the boys on the trip.

Leaving Thalia at 6:30 a. m., the group arrived in Wichita Falls at 9 a. m. Before noon the boys viewed the 127 feeder calves, swine and sheep with much interest, especially the judging of livestock. They also took great interest in the judging of meats and canned goods.

In the afternoon the 4-H Clubbers visited the milk plant, ice cream plant, union depot, cheese factory, Kemp Hotel, the zoo and many other places of interest.

All members expressed themselves as greatly enjoying the trip and are looking forward to another similar one.—Contributed.

UNUSUAL EGG

The annual "strange egg" season for Foard County opened last week when C. E. Lyon, who lives just west of Crowell, brought an unusually shaped Rhode Island Red or Buff Orpington egg to The News office.

It was a heavy shelled egg less than half the size of an ordinary egg and resembled a jumbo peanut to a great extent.

Miss Edna B. Reed of Portland, Ore., is thought to be the first woman in the United States to head a farm co-operative organization.

Miss Bessie Kelly, a Democrat, is the first woman sheriff of Texas county, Mo.

Christian Church
We are entering the third month of work under the leadership of Bro. Slagle, with promise of continued improvement. Emphasis is being placed upon those things calculated to build up the devotional and spiritual life of each individual christian—to bring us closer in knowledge, understanding and living to Christ. May we all labor earnestly to that end.

The Christian Endeavor, the mid-week prayer service, and the Sunday School are all showing signs of improvement. May we make them everyone effective as means of spiritual advancement.

The pastor with several members attend the District Evangelistic Association at Childress last Monday, a report of which will be given Sunday morning.

Please remember that we are cooperating with the other churches in Crowell in a week's pre-Easter meeting, plans for which will be announced within the near future.

SUNDAY SCHOOL LESSON

by Charles E. Dunn

Jesus Ministering to the Multitude
Lesson for March 12, Mark 6:30-44
Golden Text: Matthew 20:28

The lesson opens with a picture of the Master and His disciples so busily at work ministering to the needs of the many who hurried to see them, that they had no time for meals. It is then that Jesus sounded His call for a retreat, that they might restore their depleted energies.

"Come away, all of you," said He, "to a quiet place, and rest awhile." Our sorely harassed modern world greatly needs this advice. Relaxation is a lost art. We desperately lack serenity and poise. Our voices are harsh and high-pitched. Our muscles are taut. Our minds are over-tense and excited. William James, the psychologist, uses the expressive phrase, "bottled lightning," as an apt description of the explosive American temperament.

Systematic exercise of the body stimulates steadiness of spirit. Well-planned vacations restore one's balance. Best of all, religious faith bring an inner, untroubled peace. When we share Jesus' boundless trust in God, we are calm and unshakable. But, alas, the Master's quest for rest, like so many of our own

Rev. Chas. E. Dunn

attempts today to flee from the world's tumult, met with frustration. When He and His disciples stepped from the boat upon the lonely shore they had chosen for their escape, a great multitude was there. It was as difficult for Jesus to avoid people as it is for "Babe" Ruth!

With characteristic compassion He extended His sympathy to them, for, as Mark in our lesson says, "They were like sheep which have no shepherd." And now we see Jesus rising to the emergency of hunger. The day was advancing. The place was remote. But Jesus contrived, with the help of the apostles, to feed those five thousand famished folk with an abundance to spare.

How this miracle was actually performed will never be known. It is futile to try to rationalize and explain this famous deed of mercy. The important fact to bear in mind is that it was not a merely physical act, but a spiritual communion with Him Who is, as John's gospel tells us, the true and living bread.

Christian Science Churches

"Substance" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, March 12.

The Golden Text is from Hosea 12: "Turn thou to thy God; keep mercy and judgment, and wait on thy God continually."

Included with other passages to be read from the Bible will be the following from Matthew 6: "Therefore take no thought, saying, What shall we eat? or, What shall we drink? or, Wherewithal shall we be clothed? . . . But seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you."

The Lesson-Sermon will also include the following from the citations to be read from the Christian

Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy (p. 468): "Substance is that which is eternal and incapable of disorder and decay. Truth, Life, and Love are substance, as the Scriptures use this word in Hebrews: 'The substance of things hoped for, the evidence of things not seen.'"

SERMONETTE

THE POOR WILL MISS HIM
By Arthur B. Rhinow

"It's te poor that will miss him."

This compliment was paid to a physician shortly after his death. It is a splendid compliment.

We believe, to be sure, that a doctor is entitled to a compensation commensurate with his knowledge, skill, and many years preparation, and the lady would probably be surprised if it were told of all the charity the medical profession has to its credit. But it makes us feel good to hear of any man in any profession, who, in spite of the hardening process of struggle and years, has kept his heart tender toward the needy.

Of that hardening process there is no doubt. There is a time in life when the professional idea is vital and plastic, but unless we are very careful, it is likely to harden into a mere set of rules as time goes on and competition grows keen.

"We must make a living," we plead in excuse, as we think of the fee more than the work, and part company with them that found their richest reward in alleviating suffering and helping the helpless, the world's truest nobility.

"The poor will miss him" is a fine compliment, but the perfect compliment would be, "He will be missed

WANTED: TWELVE MILLION JOBS

If an individual analysis could be made of the lives of a majority of the people who are out of employment it would, no doubt, be a revelation. Not in all cases, of course, because thousands of people in all professions who are well qualified are out of employment. In a majority of cases we would likely find that the individual failed to realize soon enough in life the importance of a practical training in some good vocation or profession.

For instance, look what Radio is doing. Could our fore-fathers have had the opportunities that Radio offers to prepare themselves, we feel sure they would have welcomed them with outstretched arms. This is the age of Radio and it is THE means of communication of the future. It is true that radio is yet a mere infant, and only a few people have any conception of what a giant it is to become. With its growth is coming a new order of things.

Never in the history of the world has the future held such opportunities for a real service for those who are well trained in Radio. Unlike most of the professions, Radio is not over crowded. So far, it has attracted only young men into the profession, and this means more jobs with better pay for those who are qualified.

Every young man who is casting about for a suitable vocation would certainly do well to investigate the

possibilities offered in Radio. The South's foremost School of Radio is operated by the Tyler Commercial College and School of Business Administration at Tyler, Texas. An interesting booklet descriptive of this big school will be sent to any interested. Address the Tyler Commercial College and School of Business Administration, Tyler, Texas, and ask for Booklet "R-6". Adv.

INFLUENZA

I am thinking about "flu" this morning. When one is in a battle he naturally rivets a good deal of attention on the enemy. I am losing a case of the dreadful disease today, and that always hurts, and makes one think how helpless we are sometimes, when the odds are too great. My case—now dying—is over 80. And she has been a semi-invalid for years—a neighbor as well.

We learn something from each case. This aged lady was eating breakfast; suddenly she sank down, her face on the table, unconscious. She had a "cold" for a few days. I was called immediately after the alarming symptoms set in.

A straight case of influenza; it came with a rush—it came to overpower the frail old body. We put her to bed, and gave her all the nourishment and stimulation she would bear. There was little or no fever but a distressing cough; we endeavored to keep down all the distress possible. Then absorption of nourishment ceased—it was the end of life, hastened by the advent of the "flu" poison,—one of the most treacherous I have ever met.

The object of this report is, to urge aged people to be careful and pay attention to the most trivial-appearing "cold." It may hold deadly poison. We should do our very best to secure proper ventilation for our aged relatives. No drafts that bring sudden changes of temperature, yet plenty of pure air of comfortable heating.

Influenza is one of the few diseases that I genuinely fear and dread in old people. I wish we had an established, reliable form of treatment. I believe in immunizing vaccines, but they do not always work as we would have them.

Your Power Supply

As much electricity as you can use—or as little as you may require; at the place where you want it, at the time when you want it—reliable and continuous, always ready, instantly delivered.

These standards of electric service have resulted from years of building.

Large, efficient power plants—and widespread networks of transmission lines to serve groups of towns—have resulted in the ample, inexpensive power supply available everywhere today.

The West Texas Utilities Company, with three major generating stations, nineteen auxiliary plants and over 2,500 miles of transmission lines, is providing this modern power supply to 125 progressive cities and towns in West Texas, the "Land of Opportunity".

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

TRUSCOTT P. T. A.

The Truscott P. T. A. met in regular session last Friday night, March 13. The president, Mrs. Masterson, being unable to attend for the first time in a very satisfactory term of leadership, the meeting was in charge of Mrs. Lee Randolph, vice-president.

The subject of the program was "Citizenship." The meeting was opened by singing "Battle Hymn of the Republic," after which the devotional was led by Mrs. H. A. Smith. After the business session was concluded the following program was given.

"The Home as the Cradle of Democracy," Mrs. S. E. Mills. Group of songs and readings on Human Education, pupils of Miss Williams and Mrs. Madole.

Implanting Kindness in Children, L. P. Jones. Piano solo, Mrs. Gwynn Hickman.

Following the program a social half hour under Mrs. Adcock was enjoyed by all those who were present.—Reporter.

BIRTHDAY PARTY

Mrs. Luther Marlow honored her daughter, Marjorie, with a party Saturday afternoon celebrating her seventh birthday which was March 13.

The guests arrived at 2:30 o'clock, each bringing gifts. A number of games and songs were enjoyed, after which the candles were lighted on the birthday cake.

Refreshments of candy, hot chocolate and cake were served to Margaret Gregg, Dorothy Gregg, Mildred and John Young, Bennie Lee Bradford, Max Dean, Juana Fay and Winn Henson Beidleman, Mary Jo and Claudia Johnson, Gene, Hazel and Mildred Marlow, Edwin and Billy Thorn, James and Freeland Jobe, Letha Fay Marlow and Marjorie Marlow.—Contributed.

WOHELO CLUB

The Woheolo Club met February 22 at the Margaret school with 21 members and Miss Hale present.

We had with us Miss Grubbs and Miss Clayton, the home improvement agent from A. & M. Miss Clayton gave an interesting talk about the bed room and how nice it was to have a bed room of your own.

Our next meeting will be March 10. Miss Hale will give a demonstration on making towels and we want every member to be present that day.—Reporter.

HOBO STEW

The school children of the Black community entertained their parents and community friends with a hobo stew at the Black school house Friday night.

Games and stunts directed by Margaret Calvin and Mrs. Howard Bursley were played. The women of the Black community received a string of bologna sausage as a prize for the best stunt.

Hobo stew and coffee were served to about two hundred persons, all of whom reported a very enjoyable time.—Reporter.

Margaret Girls and Crowell Junior Boys Winners in Tourney

The Margaret senior girls and the Crowell junior boys took first place honors in the Foard County senior boys and junior boys basketball tournament that was held in Crowell on Saturday and Tuesday.

The Crowell junior boys beat Margaret 22 to 17 in the final game here Tuesday afternoon and the Margaret girls followed this game with a 46 to 13 victory over Crowell in the final game of their division.

Junior Boys
Results in the first round of play for the junior boys division follow: Margaret 25, Vivian 10. Crowell 31, West Rayland 6. Foard City 12, Thalia 8. Margaret beat Foard City 25 to 13 in the second round to go into the finals with Crowell.

Senior Girls
First round results for the senior girls follow: Margaret 17, Thalia 16. (A three-minute extra period was necessary to decide this game.) Crowell 15, Foard City 7.

In the second round Margaret beat West Rayland, which drew a bye in the first round, by the score of 31 to 9 in gaining the opportunity to go into the final contest with Crowell.

Final Games
In the final contest between the Crowell and Margaret boys, the height of the Crowell juniors was entirely too much for their smaller opponents and the visitors lost 22 to 17, although Margaret was ahead 9 to 8 at the end of the half.

The Margaret girls were complete masters of the situation in the girls final, which they won over Crowell 46 to 13. They were ahead 22 to 9 when the first half ended.

Baseball League for This Part of Tex. to Be Discussed Here

Representatives from seven cities in this section of Texas are expected to meet in Crowell Sunday afternoon at 2 o'clock for the purpose of re-organizing the Red River Valley Baseball League that operated part of last season in this section of Texas and Oklahoma.

According to O. O. Hollingsworth, it is planned to have only Texas clubs of this section in the league this year, all of which are connected by pavement. The proposed league members are: Electra, Vernon, Oklahoma, Chillicothe, Quana and Crowell. It is understood that Paducah is also interested in becoming a member of the proposed league.

CIVIL APPEALS COURT ACTS ON MILLER CASE

The following Associated Press dispatch was published in daily papers Thursday morning:

Amarillo, March 8.—The district court judgment for \$7,700 obtained by Foard county against Que R. Miller, former sheriff and tax collector of that county, and his sureties, which involved an alleged misapplication of funds, today was reduced by the seventh court of civil appeals to approximately \$2,450.

In reforming the judgment of the lower court, the appeals court held that more than \$5,000 of this amount involved was collected by Miller through automobile registrations from outside of Foard County, that these collections were not within his prescribed duties, and that his surety, the American Surety Co., therefore could not be held responsible.

Miller's conviction for misapplication of funds was reversed and remanded by the court of criminal appeals last October.

John J. Allen of Davis, Okla., who is 108 years old, eats corn bread three times a day and likes to chide his wife, 61, about being "an old lady."

Robert Wadlow, of Alton, Ill., who is 15 years old and tips the scales at 340 pounds, says he wants to gain a little.

When police of Raleigh, N. C., arrested Ed Cuppie he was wearing three pairs of trousers, four shirts, three pairs of socks, two suits of flannel underwear, one sweater, one overcoat, one overall jumper, and two cravats.

In a plea for separate maintenance filed in answer to the divorce of her husband, John, Mrs. Lizzie Stateheim of Los Angeles complained that her hubby had permitted his big dog to sleep in their bed.

Ralph Lawrence, fireman in Minneapolis, Minn., admitted in police court sending in 15 false alarms in a four-hour period.

Now Senator Clark

Bennett C. Clark, (D) Missouri, son of a former Speaker, Champ Clark, was sworn in as the new Senator from his state, February 3, succeeding Sen. Hawes, and thus gaining seniority rights.

Crowell Wins 23-7 Over Wichita Team In 2nd Bi-district

With a 23 to 7 victory over Wichita Falls last Thursday night the Crowell High School Wildcats achieved the greatest athletic honor in local history. This was the second victory in the bi-district series with Wichita Falls, thus giving Crowell the championship of District 3 and 4 of the Texas Interscholastic League and the honor of competing in the State finals at Austin on Friday and Saturday of this week. Crowell won the first bi-district game at Wichita Falls by the score of 22 to 19.

Defensive Battle

As the score indicates, the game here was an outstanding defensive battle. The Wildcats were held scoreless in the first quarter, although they barely missed several shots. A field goal by Chatterton, just as the whistle blew for the end of the quarter, made the score 2 to 0 in favor of the visitors.

Crowell opened the second quarter with a fast-breaking offense which netted four points in rapid order, the first one by Russell and the second by Carter. Later in the quarter Russell dropped in another and the first half ended 6 to 2 in favor of Crowell, as the Coyotes were unable to score in this period.

Last Half

Wichita scored first in the second half when Decker accounted for a free toss. Although the Wildcats were slow in getting started in this period, yet they scored more than half of their points during it.

Wisdom started Crowell's scoring with a field goal, and free toss. Carter added another field goal and Allee fell in with the spirit of the occasion with a free toss and field goal. At this point, Randolph substituted for Greenwood, and promptly scored a field goal for the Coyotes. Wisdom retaliated to make the score 18 to 5 as the third period came to an end.

Final Quarter

Wichita's defense tightened in the last quarter and the Wildcats were held to only five points, however, the Coyotes were able to score only one field goal. Russell's free toss was the first score of the final quarter. Later in the quarter he added a field goal. Chatterton dropped in a field goal for the Coyotes' final counter. Shortly before the end of the game Dick Todd made Crowell's final score with a beautiful long shot.

Although Thompson of the Coyotes and Todd of Crowell did not figure as high point men, yet their defensive work in this game, along with contributions to the offense, established them as the outstanding players for their teams.

Wichita Falls scored only one free toss out of eleven attempts while Crowell made good three times in eight attempts.
