Goodyear Tire Sales Reach All-Time Mark

Akron, O., May 12.—Reaching a production milestone unequalled in the rubber industry, completion of 250,000,000 tires was announced by The Goodyear Tire & Rubber Co. last week.

As the company entered into production of its second quarter-billion tires, first casing to come out of the molds was an All-Traction tractor tire, a type which, although announced but a few months ago, has already gained wide approval.

In view of Goodyear's pioneering work on pneumatic tires for farm use, Goodyear officials regarded it as particularly fitting that the first tire in the second quarter billion should be designed for use on the farm.

Interesting statistics in connection with production of 250,000,000 tires were given by Goodyear engineers. The tires, if stacked one on top of the other, would reach a height of 17,750 miles. If laid side by side, they would encircle the globe four and one-half times, or reach nearly one-half the distance to the moon.

Converted into tire mileage the 250,000,000 tires would equal 3,000,000,000,000 miles, or more than enough for 60,000 round trips to the moon.

Construction of the tires consumed approximately 1,200,000,000 pounds, or 2,400,000 bales of cotton, and approximately 2,750,000,000 pounds of rubber. At the present rate of rubber production, this would amount to the world's supply for a year and a half.

Placed in box cars the tires would make up a train that would stretch more than two-fifths the distance across the United States.

Entire World Views Texas With Interest

Dallas, Texas, May 12.—Interest in the State of Texas and its Centennial year celebrations is world wide, according to requests for literature and information. Several thousand inquiries are received each week as the result of the extensive advertising campaign carried on by the state organization.

Inquiries have been received from practically every foreign country. Canada leads in number with England sending in the most requests from Europe. Numerous inquiries, however, are being received from Spain, Germany, Italy, Greece, Sweden, Norway, France, Denmark, Holland, Portugal, Poland and other countries. South American countries have manifested great interest and Mexico has sent in many requests for information.

The state department answers each inquiry with a varied assortment of printed matter, descriptive of the Lone Star State and its state-wide Centennial celebrations.

TAX SURVEY IN CROWELL UNDER WAY

Purpose Is to Insure Proper Rendition Of Property

The state wide tax survey sponsored by the State Tax Commission, financed through the Works Progress Administration of the Federal Government, is well under way in Foard County, according to Mrs. Pauline Meason who is in charge of this office.

R. D. Dewitt of Austin, technical field supervisor of the State Tax Board, recently visited this county in connection with this survey. Survey purposes, said Dewitt, are: To insure proper rendition of real property subject to taxation; to provide authorities with all requisite information necessary to equalize taxes and equally distribute tax burdens; and to give the State Board and the Legislature definite information upon which to base corrective tax laws. The primary purpose, however, Mr. Dewitt states, is to bring about a more equitable system for ad valorem taxation.

and Clarendon's feature of the old Clarendon College, a pioneer educational institution.

Advance reports indicate that the meeting in Memphis is to be one of the most outstanding folk festivals of the state. The Memphis regional meeting was authorized recently by the National Folk Festival Commission at a committee meeting in Amarillo, and the state director called on all towns of this section to take part in the Upper Red River Valley Regional Festival.

These towns have met the challenge, and two programs have been arranged, one on Monday night and the other on Tuesday night. These programs will portray frontier and pioneer life in the Texas Panhandle.

Clarendon will open the program Monday night and will depict the educational methods of many years ago by holding an old-fashioned spelling bee. Costumes in this scene will be similar to those worn by their forefathers. The blueback speller and the McGuffey's Reader will be used for texts. The professor with his hickory sticks and the little log school house will be portrayed in this skit.

"The Watch of the Plains" will bring to life 45 years of Childress County history and customs and will be both historical and entertaining. Distinguished and typical "old-timers" will be included in the cast.

Turkey will portray early ranch life and amusements as practiced by cowboys of the early days.

The Wellington delegation will stage an old-time square dance, with a caller who will direct the dance as it was staged in the early days of Collingsworth County. The costumes are to be typical of several decades ago.

Quitaque will open the Tuesday night program with an after-supper scene at the old F Ranch. Real cowboys and real cowboy life in its rugged stages will be featured.

Matador will stage a one-act play that is built around the old Matador Ranch. This promises to be very entertaining.

DEER ON PRESERVE

A truck load of deer were placed on the state game preserve on land owned by L. K. Johnson about 17 miles west of Crowell Wednesday night by representatives from the State Game Commission. Ten small deer, three bucks and seven does, were turned loose on the preserve. The deer were brought from a preserve near Kerrville.

HORSE MARINES

During the Texas Revolution against Mexico in 1835, 20 mounted Texas Rangers gained the sobriquet of "Horse Marines" by effecting the capture of three ships loaded with supplies for the Mexican army.

Rodeo Contestants, Sponsors Get Ready For Cowboy Reunion

From Cleburne Huston News Director—Texas Cowboy Reunion, Inc., Stamford, Texas, May 13.—Sponsors and contestants are already making inquiries about the seventh Texas Cowboy Reunion to be held in Stamford July 2nd, 3rd and 4th. H. G. Andrews, chairman of the sponsors' committee, has announced that four towns have selected sponsors to attend this year's reunion, which is to be known as the Texas Cowboy Reunion Celebration of the Texas Centennial.

Attractive prizes are to be awarded the winners in the sponsors' contest, which is to be based on appearance, horsemanship, and riding apparel of the girl—and appearance, performance and equipment of the horse. This contest is to be held the first and second mornings of the rodeo. First prize will be a fine saddle, second prize a pair of boots, third prize a bride and fourth prize a pair of spurs. A hand-made miniature quilt, the workmanship of John Selman of Stamford, will be presented each sponsor.

Tickets of admission to all performances of the rodeo will be given each sponsor and they will be honored with numerous social events. Mrs. H. G. Andrews has been named as hostess for the Reunion this year.

Contests preserving the customs of ranch and range will be held for the cowboys, and performers actually employed on ranches rather than professional rodeo performers will be featured in calf roping, steer riding, bronc riding, wild cow milking, cutting horse contest and old-timers' calf roping contest. In addition to the cash prizes to be awarded by the Reunion in these events, cowboy equipment will be given by various firms as special awards.

The Texas Cowboy Reunion is considered as being one of the most authentic representations of the institutions and customs of the Old West; and recently accepted an invitation to join with the Central Exposition of the Texas Centennial in Dallas, August 1st through the 9th, at which time a program of cowboy contests—similar to the program at Stamford in July—will be given twice daily, afternoon and night.

Charlie Chaplin Here Tonight, Tomorrow

Tonight and tomorrow the theatre-goers of Crowell will be given an opportunity to see Charlie Chaplin, who has not made a picture in five years previous to this one, in "Modern Times."

After a five-year absence one of the world's greatest entertainers of all times returns to the screen to again invite smiles from Chaplin fans.

For the Saturday night show the Rialto offers Edward Everett Horton in "Your Uncle Dudley" and it will be followed by the preview, "Rose Marie." "Rose Marie," which will also be on for the Sunday matinee and Monday night, brings to the screen again those two stars who made such tremendous hits in "Naughty Marietta," "Jeanette MacDonald and Nelson Eddy." In their new hit they bring newer and better musical thrills.

Other features of next week's program at the Rialto will be "13 Hours by Air" with Fred McMuray and Joan Bennett and "Strike Me Pink" starring Eddie Cantor.

NOTICE!

To the Water Customers of the City of Crowell:

We are now facing a real emergency.

The City Lake is dry and the wells supply about one-half of the normal consumption.

The City Secretary has notified hundreds of the customers personally, but some paid no attention and are still using City water for purposes other than household use.

The City Council hereby notifies all water customers not to use the City water for any purpose other than actual necessities. Do not water lawn, flowers, trees or garden, wash cars or allow water to be hauled in tanks to the country or anywhere. If any customers are caught violating this order, their individual City water supply will be cut off at the stand pipe and turned on for only an hour or two in the morning and afternoon.

The City water must be reserved for drinking water and for emergencies and fire.

The City Council asks your co-operation in this matter. Do not force them to take more severe action.

C. T. SCHLAGAL, Mayor
City of Crowell.

The public is cordially invited.

Methodist Church
The splendid attendance last Sunday at Sunday School, Mother's Day service and baccalaureate service was inspiring throughout the day. It is hoped that in the near future we may begin a revival, but nothing definite has materialized yet. Nothing will make a good revival possible like a full attendance upon all the services such as we had Sunday. May we individually pray for a great awakening in our church and the salvation of the lost and work together to make this possible.

Christian Science Services
"Mortals and Immortals" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist on Sunday, May 17.
The Golden Text is: "What man knoweth the things of a man, save the spirit of a man which is in him? even so the things of God knoweth no man, but the Spirit of God" (I Corinthians 2:11).
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For this corruptible must put on incorruption, and this mortal must put on immortality, then shall be brought to pass the saying that is written, Death is swallowed up in victory" (I Corinthians 15:53, 54).
The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Mortality is finally swallowed up in immortality. Sin, sickness and death must disappear to give place to the facts which belong to immortal man. Learn this, O mortal, and earnestly seek the spiritual status of man, which is outside of all material selfhood" (page 476).

FAREWELL EDITION

LAST EDITION
This, gentle reader, is the last edition of the High School News that you shall be privileged to read this year. However, the paper will have its old place in the columns of The Foard County News again next year.
The staff, editors and reporters, and the paper's sponsor, Henry Black, feel greatly indebted to The Foard County News for allowing the High School News to take up space in its columns.
The News has been printed in a spirit of good, clean fun with offense to no one. So, if anyone has been hurt or embarrassed, the staff is sorry and offers all apologies. It is hoped that you have enjoyed reading it.

AN APPRECIATION
We, the staff of the High School News, wish to express our appreciation to The Foard County News and its staff for the co-operation that they have rendered in publishing the school news during the past nine months. We also wish to thank the teachers and all others who have helped make the publication possible.

GOODBYE, SENIORS
This is just a simple way of saying to the Centennial Seniors of Crowell High School that we hate to see them go. They have been one of the best classes in the history of Crowell High School. These seniors will depart on May 15 and very probably will never be reunited, and deep in the heart of each of these pupils there is a longing for one more year of school in which they can do more and better things with the time they have to spend. Most of these seniors have been together since they started to school 11 years ago, and since they have been in high school they have had only one sponsor, Henry Black. This group of seniors has broken some of the C. H. S. traditions, but take them as a whole they are one of the best classes in school, and we really hate to lose them.

GRADUATING SENIORS
Boys—J. W. Connell, John Cogdell, Banks Campbell, Neil Patton, James Stone, Ray Thomas, Austin Wiggins, Sam Crews, Tom Ray Roberts, Mark Saunders, Bob Lilly, Martin Owens, J. M. Housouer, Merrill Allee, Cecil Ingie, Aldon Horn, John Ebert Fish, Oliver Brisco, George Cook, Billy George Dunn, Frank Meason, Oscar Nichols, F. L. Rennels, James Joy.
Girls—Therese Gamble, Peggy Cooper, Ruth Ferguson, Mary Byrl Bell, Juanita Boman, Irma Brown, Effie Griffin, Myrthal Ketchersid, Mary Lou Fudge, Mary Elizabeth Hughton, Dorothy McKown, Lois Evelyn Norris, Mattie Florence Collins, Mildred McGinnis, Faye Ingie, Eva Dale Morrison, Hazel Todd, Prudence Coffey, Lillie Mae Edgin, Helen Hough.

HISTORY
An interesting bit of class history is found in the fact that 13 of the seniors this year started to school in the same room and are now finishing together. The lucky ones are Sam Crews, Dorothy McKown, Myrthal Ketchersid, Banks Campbell, Merrill Allee, John Cogdell, Frank Meason, J. M. Housouer, Peggy Cooper, Ruth Ferguson, Mary Byrl Bell, Effie Griffin, and Lois Evelyn Norris.
This is a record any class should be proud of, and one that no other class has yet attained in Crowell High School.

SENIOR FACTS
Twenty-six of the Centennial Seniors have been preceded by either brothers, sisters, or both, in graduation from Crowell High School. They are Merrill Allee, 2 sisters and 1 brother; Oliver Brisco, 3 sisters and 1 brother; Juanita Boman, 1 sister; Mary Byrl Bell, 1 sister; John Cogdell, 3 brothers and 3 sisters; Mattie

ASSURANCE OF SAFE FOOD PRESERVATION

Government Bulletins and health authorities agree that perishable foods must be kept below 50 degrees and above 32 degrees. Meats, milk and other costly foods keep only a short time unless chilled below 50 degrees. Frigidaire is equipped with a remarkable cold making mechanism—the Meter-Miser. Safety Zone temperatures are automatically maintained, even in hot Spring and Summer weather of 110 degrees and over. This is your assurance that Frigidaire will safely protect your food—and the health of your family.

On Guard!

Frigidaire builds this Food-Safety Indicator right into the cabinet—visible proof that foods are kept at Safety-Zone Temperature, below 50 degrees and above 32 degrees.

Chevrolet Truck Demonstration Is Held Here Saturday

A Chevrolet demonstration of nineteen trucks was given under the auspices of the local Chevrolet dealers here Saturday afternoon from 3 until 7:30 o'clock. The complete line of trucks manufactured by the Chevrolet Motor Company was demonstrated. They were brought to Crowell from Vernon by a group of men from here. From here they were taken to Seymour after the exhibition. The cavalcade was headed by a sound-equipped car. A phonograph attached to the loud speaker furnished music while the demonstration was in progress. The trucks circled the square twice and were then lined up for inspection by the public along the east side of the square. The trucks are on an exhibition tour out of Detroit and are being demonstrated by local dealers. Each dealer is required to furnish drivers to transfer the trucks from one place to another.

FREAK CHICKEN

A freak chick with four legs and four wings was brought to The News office last week. Two of the wings were in their normal position and the other two were attached to the body in front of the other wings. The chick was brought in by Johnnie Wright of the Margaret community. The fowl was dead and never hatched. It was discovered by Mr. Wright as he examined some of the eggs which he had set.

BUYS CAFE

Lee Roy Statser has purchased the fixtures and equipment of the City Coffee Shop in the Kamstra Hotel from Mrs. L. Kamstra and opened the cafe for business Monday, May 4. He is renting the building from Mrs. Kamstra. Mr. Statser has been in the cafe business in Crowell at intervals since 1914. Up until about the first of April he was owner of the Crystal Cafe, but he sold it to Homer Martin.

Admiral Laning Assumes Command

Rear Admiral Harris Laning, right, is congratulated by Capt. Frederick L. Oliver after Admiral Laning assumed command of the Third naval district at ceremonies held at the Brooklyn navy yard, to succeed Rear Admiral Yates-Stirling, Jr., who retired. Captain Oliver had been acting commandant of the district since Admiral Stirling's retirement.

Gossett Formally Begins Campaign For Congressman

Ed L. Gossett, candidate for Congress from the 46th Judicial District of Texas and present district attorney, formally opened his campaign Saturday afternoon, May 9, with an address at Henrietta. In summarizing the plank in his platform regarding little business Saturday, he said, "Small business

men, small merchants and small farmers should be protected from unfair competition and ruthless extermination." His statement regarding agriculture and the farm program was: "Agriculture is the oldest and most fundamental of human enterprises and should be protected from unfair competition and unfair prices. The National Farm Program should include provisions for (1) parity prices for farm

products; (2) widespread ownership and stability for the family-sized farm; (3) a better scientific research program to discover new uses for agricultural products; and (4) farmer controlled and directed governmental machinery through which farmers can cooperate and through which they can have equal rights with other classes in the benefit of government."

Many Beautiful Girls Found In Southwest, Says Big Show Man

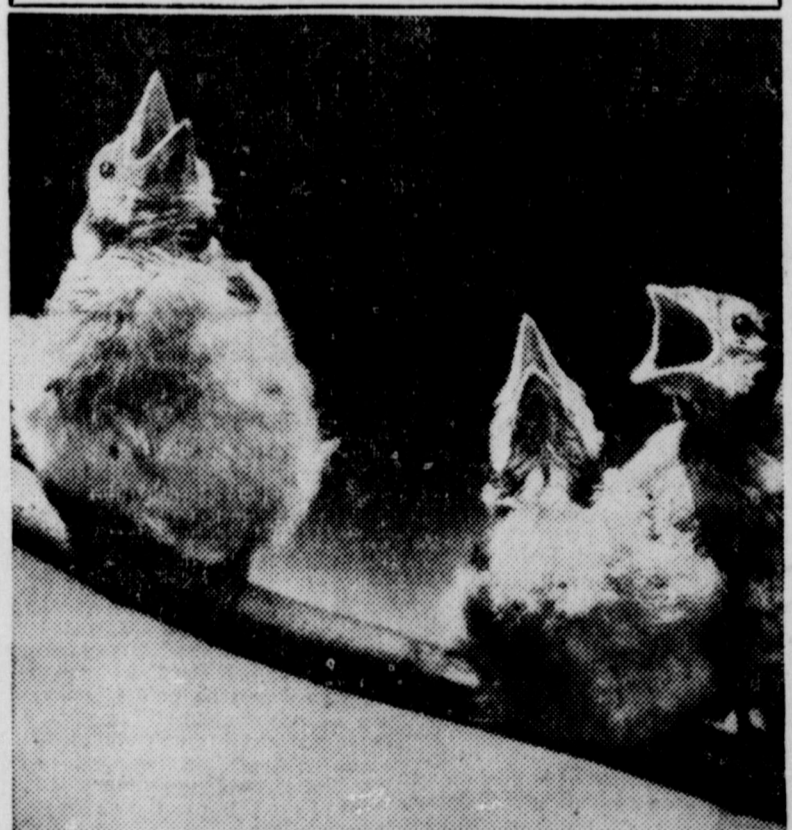

Fort Worth, May 12.—There are more beautiful and talented women in the Southwest than there are on Broadway, Billy Rose, the top among the nation's leading showmen, declared today. Rose, who has featured beautiful women in Jumbo and his other theatrical successes, is now confident that he can secure in the Southwest more than half of the 500 girls needed for his Frontier Centennial attractions.

"Our calls for dancers and showgirls have been answered by some of the most beautiful girls in America," Rose said. "A number of talented dancers have also come forward. I am now convinced that there are more beautiful and talented women in the Southwest than there are on Broadway. "In New York few of the beautiful girls are able to dance and those that can dance as a rule are not beautiful. Here the combination of beauty and talent is not nearly as rare as it is on Forty-second Street." Rose issued an invitation to girls in all parts of Texas, Oklahoma, New Mexico, Arkansas and Louisiana to send in their pictures if they desire to make applications for parts in the Fort Worth Frontier Centennial as either dancers or showgirls.

LEAVE FOR OHIO

Mrs. S. M. Shievers, who had been here for several weeks on account of the illness of her mother, Mrs. A. J. Dockins, left Wednesday afternoon for her home in New Athens, Ohio. She was accompanied by her mother.

Why Gulf is the Gas for May

Birds are nesting. It's Spring . . . and it's the time of year to use Spring gas. The average temperature is several degrees higher than it was in April, and unless you're using a gas specially refined for Spring driving you're throwing dimes and dollars away. Get That Good Gulf Gasoline. Because it's "Kept in Step with the Calendar"—all of it goes to work, none of it goes to waste. Pull up at the Sign of the Orange Disc and try a tankful—today.

Horse Traders Will Not Meet This Month

The regular monthly banquet of the Farmers' and Business Men's Association which was scheduled to meet Monday, May 18, will not be held this month, according to Amos Lilly, president of the organization. Every third Monday in each month is the regular meeting day. "Due to the recent Forty-fifth Anniversary Jubilee and other activities, the Horse Traders will not meet at their regular meeting time this month," Mr. Lilly said. They will resume their meetings next month, he stated.

Crowell Gets .7 Inch Rain Thursday Night

A .7 inch rain fell Thursday night of last week for the first shower for Foard County this month. A little more than 2 inches fell during April. Although a general rain fell all over Central and East Texas, the precipitation west of Crowell was light. Almost an inch fell at Truscott and .7 of an inch was recorded at Benjamin. The western part of both Knox and Foard counties did not receive enough rainfall to be of value to the crops. About .69 of an inch was registered at Wichita Falls. Rains were reported in the Panhandle and part of Oklahoma.

LETTER FROM NEW ZEALAND

The invitation committee for the 45th Anniversary Jubilee has received a letter from John McDonald of Timaru, New Zealand, expressing his regrets that he and Mrs. McDonald could not attend the jubilee. Mr. and Mrs. McDonald were among the early residents of the Rayland community. Mrs. McDonald being a sister of J. S. Ray. They went to New Zealand 28 years ago. The committee also had a letter from Ross Sloan of Apache, Ariz. Mr. Sloan was a pioneer resident of this county and is now a rancher in Arizona.
