

# THE FOARD COUNTY NEWS

AND CROWELL INDEX

SEVENTH YEAR NUMBER 37

CROWELL, FOARD COUNTY, TEXAS, THURSDAY, MARCH 3, 1938

\$2.00 A YEAR TEN PAGES

## Crowell's New \$73,500 Grammar School Building

Pictured above is Crowell's new and modern \$73,500 grammar school building recently added to the well plan to place it among the foremost in the State. The building was occupied on January 3, and formally opened as a part of the Parent-Teacher Association's "Fathers' Night" program. The structure was inspected by WPA and government officials and turned over to the school board of the well Independent School District on January 16.

## Hon. C. V. Terrell Speaker at "Horse Traders" Banquet

The February meeting of the Farmers and Business Men's Association was held last Friday evening in the basement of the Crowell Methodist Church with the Co-Laborers' class serving the banquet. The place of meeting was changed from Riverside to Crowell on account of the muddy and impassable roads in that community. George Self, new president of the organization, presided.

Committees for the March meeting appointed by the president follow: Ticket selling, W. H. Moyer and A. Y. Beverly; program, Hubert Brown, Dwight Moody and Jimmie Plunket. Time and place of next meeting will be announced later.

Out-of-town visitors present for the banquet were Judge C. V. Terrell, W. B. Renfro and Tom Beverly of Fort Worth; M. P. Bryan of Haskell, and Buddie Derington, Lloyd Gray, Bryan Banister, Edward Shultz, Reed Johnson and Miss Kathene Johnson of Thalia. The first number on the program was "The Old South" by the out-of-town visitors.

## Crowell Boy Wins Southwest Debate Honors at Austin

Jeff Bell, son of Mr. and Mrs. A. G. Bell, is a member of the debate team of Baylor University at Austin. He won the Southwest Conference debate tournament at Austin last Friday and Saturday. He and his colleague, Frank Ross, had won a debate tournament at Oklahoma City some time ago.

Jeff has the highest average in debating of any individual in the Southwestern Conference. He was a member of the Crowell High School debate team for two years before graduating.

The universities and colleges represented at the Austin meet last week were Baylor University, Texas A. & M. College, Emory University of Georgia, University of Texas, Kansas University, Texas Christian University, Southern Methodist University, and Louisiana State University.

## Foard County Farmer Taken to Frederick, Okla., by Kidnapers

A. J. Powers, farmer residing six miles north of Crowell, just off highway 16, was kidnaped last Wednesday night by two young men and forced to accompany them in his automobile to Frederick, Okla., where he was released after the young bandits had robbed him of a dollar bill.

In a statement to officers, Powers said he was driving his 1925 model Franklin to his home when he gave the two men a ride. About two miles from where he offered the ride, the heavier-set of the two men grasped Powers' hand and twisted his wrist and told him they were going to Oklahoma and he was going with them. "I am going to drive this car," he said. Powers stopped the automobile when the bandit brandished an automatic pistol. The heavier man forced Powers into the rear seat of the vehicle and the other and smaller man started driving. Powers urged them to take the car and let him go, but they refused.

**Ride for Hours**  
During the ride, which lasted several hours until about 12:45 Thursday morning, the bandits stopped the car one time to get gasoline, Powers said. He remained under a blanket during the entire time. A short distance north of Frederick the bandits stopped the automobile, took a \$1 bill out of Powers' pocket and got out of the car. They told him to "tear out and don't look back."

Powers proceeded to Frederick and reported the affair to officers there. He was taken to the hospital by the officers for medical attention and arrived home Thursday afternoon.

An investigation is being conducted by District Attorney Jesse Owens and Foard County officers.

## W. E. Evans Opened Repair Shop Monday

W. E. Evans of Quanah opened a radio repair shop in W. R. Womack's store Monday. He will also do repair work on electric refrigerators. Mr. Evans will be at his shop in Crowell every day although he will not move his family to Crowell until the present term of school closes in Quanah.

## MRS. COOK IMPROVED

The condition of Mrs. J. W. Cook, who has been seriously ill for several weeks, is considerably improved.

## Addition of New Grammar School Building Gives Crowell One of Finest Plants in State

## FFA'S FIRST ANNUAL PROJECT SHOW TO BE HELD IN CROWELL SATURDAY STARTING AT 9 A. M.

## SERVICES FOR J. N. KEESEE AT THALIA

## Thalia Man Succumbs To Heart Attack At Home

The first annual project show of the Crowell Chapter of Future Farmers of America will be held in Crowell Saturday, March 5, from 9 a. m. until 3 p. m., during which time the F. F. A. boys will exhibit their entries to the public. This will be the first agricultural show to be held in Crowell in about eleven years and much interest is being shown by the public.

Judging at 10 O'clock  
The judging and showing of the livestock will take place at 10 o'clock Saturday morning in the street on the east side of the square. At this time each FFA boy will parade his entry into the livestock division before the judge and the public.

Public Invited  
The public is invited and urged to examine the exhibits of the boys by Walker P. Todd, vocational agriculture teacher and F. F. A. adviser. The agricultural exhibits will be displayed in the show room of Self Motor Company and the livestock will be exhibited on the court house lawn.

Many Exhibits  
Many entries have already been made and Mr. Todd stated that a large majority of the boys who will have exhibits in the show have not yet made their entries, but will do so before tomorrow afternoon. According to the plans that have been laid for the show and the interest being taken by the boys and the public, the show has

## RECORD GROUP TURN OUT FOR GRID TRAINING

## Forty Boys Report; Six - Weeks Period Opened Tuesday

The largest number of boys ever to turn out for spring grid training in Crowell reported to Coach Grady Graves Tuesday afternoon, at which time a six-weeks' practice period opened. After uniforms were issued the recruits quickly steeled down to the business of learning football.

Seven boys who were starters last year reported but will report in about three weeks. Seven rookies who were not able to enter training until next week also reported. At present there are twenty-eight prospective gridlers slugging body-blocks at each other.

Many Veterans  
Not including the rookies, there will be eighteen boys, most of whom saw at least a little service, who are veterans of a season or more, in training within the next three weeks.

There are seven starters of 1938 returning and Coach Grady Graves needs to find only four men from the new crop of hopefuls to complete team to place on the field of battle.

At present it seems as though the seven veterans will fill the same position as they did last year, but a new bunch of material can always turn up a few surprise finds, as was the case last year. Coach Graves stated that although there is an unusually large number of players returning from last season, the players for the eleven positions will not and can not be fully determined until next fall, as there is a good, hustling group of boys having pigskins over the Crowell gridiron.

The first week of the training period will be used in getting the boys into condition to take the

(Continued on Last Page.)

Crowell's \$73,500 grammar school building recently completed as a Works Progress Administration project with the Crowell Independent School District as sponsor, is the realization of a dream that was conceived by a dream superintendent and members of the Crowell School Board which required full and complete faith in the future to bring the construction of this fine building to completion at a minimum cost to the school district.

Faith in district and state officials of the Works Progress branch of the Federal Government, faith in the people of the district to give their unstinted cooperation in the payment of taxes, and to lend their services in any other way to promote the construction of this building. An unselfish act that aided greatly and, without which a start could not have been made, was the lending of space in the Baptist Church by its members where grammar school was conducted during the construction period of 1 1/2 years of the new building. Teachers and children of the grammar school also deserve commendation for the fine spirit manifested during this time when they did their work where the conveniences of a modern school room were not available.

In order for the Crowell Independent School District to be able to vote \$12,000 bonds for the cash outlay as its part of the WPA project, it was necessary for more territory to be added and an election was held in the Crowell Independent School District and both districts voted favorably on the proposition.

The first step taken in this project was the razing of the old grammar school building and salvaging of brick and other material to be used in the new building. This was the first WPA project secured, and was started Sept. 14, 1936. The second project called for the laying of the foundation, installation of plumbing and building the walls to window sill height. Laying of the foundation started on Nov. 13, 1936, and the concrete and finishing work was completed on Dec. 30, 1936. Brick work on the second project was started Jan. 17, 1937, at the same time pouring of the 25th piers in the floor space was started.

The third project included the brick work from window sill height to the roof and finishing work that was required to complete the building. The walls and roof were completed on July 25, 1937, and the building was closed in from the weather. As soon as the roof was finished, 24 large ventilators were installed. Eighteen of these take the stale air from the classrooms and six take the hot air from between the ceiling and roof.

The building was occupied on Jan. 3 and was opened to the public as a part of the Crowell Parent-Teacher Association's "Fathers' Night" program on Jan. 10, at which time over 800 citizens of Foard County inspected the new structure. Chas. A. Martin, former supervisor of the Wichita Falls WPA District, was present on this occasion and spoke in the highest complimentary terms in regard to workers on this project, and stated that the building was one of the best school building to

(Continued on Page Four.)

## Key Sends Citrus Fruit from Valley

T. B. Klepper of The News force was the recipient Saturday of a bushel basket of grapefruit and oranges each, which were sent by Elmer Key, former Foard County cotton farmer of the Rayland community, from Mission in the magic Rio Grande Valley. The citrus fruit contained in these baskets is as good as any ever ate and is greatly appreciated. Thanks, Mr. Key.

A card received from Mr. Key had the following to say: "We are getting along O. K. Have had a very nice winter, very seldom had a fire. This is a fine place to live, but times are hard here. Fruit and cabbage, and all garden crops, are not worth much. Have plowed out corn twice. Will plant a little cotton in a few days - can't get over the habit."

## DR. SCHINDLER RECOVERING

Dr. H. Schindler, veteran Crowell dentist, who was operated on several weeks ago in the Quanah Hospital, has sufficiently recovered that he is able to make visits to town. He expects to resume his work within a short time.

## CONDITION IMPROVES

The condition of Miss Mildred Solis, daughter of Mr. and Mrs. Dave Solis, who has been seriously ill at the home of Mrs. Nora Boardman in Crowell, is slowly improving. Miss Solis has been ill for about four weeks.

## WILDCATS "BIG 5" RUNNERS-UP 1938 RACE; DROP PLAY-OFF GAMES TO WICHITA FALLS FIVE

## CAGE SEASON FOR WILDCATS CLOSED FRIDAY

## Local Cagers Hang Up 23 Victories Out of 30 Starts

Crowell High School's Wildcat sagers rolled up their scanty equipment Friday night and laid it away until next season. Looking back over the season, the Wildcats have established an excellent record, although it is not perfect and the teams with perfect records are very scarce this season. They were runners-up in the district tournament at Childress and placed second in the Northwest Texas Basketball Conference, after forcing Wichita Falls into two post-season play-off games before they could claim the championship.

**Careers End**  
Richard Kelsey, all-district man of 1937 and the Wildcat star forward; Bernice Fitzgerald, who was a starter at center this season and did splendid work in that capacity; and Junior Nelson, hustling Wildcat guard, put their shirts and shorts in the moth balls for the last time in their high school career Friday night. These boys will be hard to replace.

Those who will return are: J. S. (Cotton) Owens, fighting guard who has been the spark plug of the Wildcat's play this season; John Lee Orr, veteran of two seasons and one of the scrappiest hardwood; Leonard Smith, versatile Wildcat who has good promise of nabbing a regular berth next

(Continued on Page 7)

## Gravel Coat in Front of Methodist Church

Work is being done this week on the gravel base from the curb of the Methodist Church to the gravelled highway on Main Street. Rev. E. L. Yeats states that he expects it to be possible to give the gravel base an asphalt topping, the same as the highway will receive, when that work is done.

## Ringgold Variety Is Sold This Week

The Ringgold Variety has been purchased by Mr. and Mrs. Byron Davis from its former owner, Howard Ringgold, and will be re-named "Davis' Variety," according to an announcement made this week. The formal opening date of the store will be announced in next week's issue of The News.

## ILL AT KNOX CITY

Tom Westbrook of Truscott, who has been in the Knox City hospital for about three weeks critically ill from an appendicitis attack, is somewhat improved according to reports. Mr. Westbrook was in the hospital for two weeks before his condition would permit an operation. He was operated on last week.

## NEW CAR REGISTRATION

The following new automobile was registered in the office of the tax assessor-collector during the past week:

Leo Konesha, Chevrolet sedan.

## COUNTY MEET WILL BE HELD MARCH 24-25-26

## Musical, Literary and Athletic Events to Be Held in Crowell

The Foard County Interscholastic League meet will be held in Crowell Thursday, Friday and Saturday, March 24, 25 and 26, at the high school auditorium, building and athletic field, according to the program released Tuesday by I. T. Graves, general director of the Interscholastic League in this county.

The program for the meet is as follows:  
Thursday Night, March 24, 8 O'clock

The musical part of the county meet, consisting of programs to be given by the schools of Foard County will be held in the Crowell High School auditorium Thursday night, March 24, beginning at 8 o'clock.

Primary choruses will give two or three numbers of their own selection. The choruses of those schools that have less than sixty pupils enrolled will compete and choruses for the intermediate children of schools that have more than 60 pupils enrolled will also compete. The rural choruses and intermediate choruses will select songs suggested by the University Interscholastic League bulletin. Duets and quartets will be given by the intermediate division with each school making its own selections.

An admission of ten and fifteen cents will be charged for the meet.

(Continued on Page 7)

## POINTERS ON RAISING CHICKS GIVEN BY AGENT

## Brooders and Rations Important in Early Life of Chicks

Due to the fact that so many people in Foard County are bringing off hatches of baby chicks at this time of the year, some pointers on the care and feeding of baby chicks and flocks has been released by County Agent John Nagy.

## Prepare for Baby Chicks

Poorly prepared brooding quarters cause a great loss of baby chicks, so get ready for your chicks before you get them. Those using oil or electric brooders find a hardware cloth brooder floor of great help in reducing disease. This floor is made from half-inch mesh hardware cloth nailed on one by four set edgewise. This allows the droppings to fall through where the chicks can not get them. This hardware cloth floor need not cover the entire floor of the brooder house, but should extend at least two and one-half feet from the edge of the hover. Feed and water vessels should be placed on

(Continued on Page 6)

## Ten Lucky Persons

have complimentary guest tickets awaiting them at The News office to see—

## 'Swing Your Lady'

Five of them will find their names in the classified ad section and the other five will find their names in the Rialto Theatre ad on the back page of this issue.

Major Bowes' Discovery in Movie

Doris Weston, pictured between Wayne Morris and Pat O'Brien, was discovered by Major Bowes on his Amateur Program and has since gained recognition in the movies. She is appearing with Pat O'Brien, Wayne Morris (Kid Galahad), George Brent and Frank McHugh in "Submarine D-1," which is showing at the Rialto

Theatre next Wednesday and Thursday. As an added attraction on this program, a short subject, "Walt Disney's Academy Award Winners," including several of his cartoons featuring Donald Duck and Mickey Mouse and Silly Symphonies, worthy of mention will be shown.

Riverside School Announces Honor Roll

Pupils eligible for the honor roll for the fourth six weeks was released this week by Grady Halbert, Supt. Pupils with an average grade of 90 or above: First grade, Mary Ray Ayers, 90; Rex Whitten, 91. Second grade, Charles Howard Bursey, 90; Bobby Ray Gloyna, 97; Bonita Hopkins, 90; Martha Johnson, 90; Katherine Lorraine McLarty, 91; Robert Shirley McLarty, 90. Third grade, Bobbie Bradford, 93. Fourth grade, Frances Ann Ayers, 91; James Tucker, 92. Seventh grade, Mildred Bradford, 94. None in the fifth, sixth, eighth or ninth grades. Pupils who have been neither absent nor tardy: First grade, Joe M. Blevins; second grade, Bobby Ray Gloyna, Audrey Schroeder, Euna Fay Tucker; third grade, Bobbie Bradford; fourth grade, Patsy Ruth Hulse, Paul Johnson, Louis Pyle, James Tucker; fifth grade, Jerry Caldwell; sixth grade, M. J. Cribbs, Olga Mae Tucker; seventh grade, Mildred Bradford, Herman Gloy-

Board President

JEFF BRUCE

Veterans Service Officer to Be in Crowell March 4

Floyd L. Sloan, field representative from the Veterans State Service Office at Amarillo, will be in Crowell Friday afternoon, March 4, to assist veterans or dependents with any problems they may have, according to information received by Clint White, commander of the Gordon J. Ford Post, American Legion. "I would like to personally contact as many Gold Star mothers in your community as I can," Mr. Sloan stated, "and it is advisable for veterans and dependents desiring assistance with claims to bring all papers in their possession pertaining to the claim," he concluded. Mr. Sloan will be here Friday afternoon only and those who wish to contact him are asked to get in touch with Mr. White or other members of the American Legion post.

The Pied Piper

The Pied Piper is an old German legend of indefinite origin. Among English-speaking people its popularity is largely due to Robert Browning's poem about the piper.

Superintendent

Superintendent I. T. Graves has been at the helm of the Crowell schools for the past eleven years and this has been his most progressive era the Crowell Independent School District has ever known. During these eleven years, a new high school building, new

M. L. Owens Resigns As Foard City

M. L. Owens has resigned as postmaster at Foard City. An examination for postmaster will be held close March 18. Date of closing of applications for receipt of applications in admission cards will be mailed to applicants after the receipt of applications. Application blanks for information concerning the examination will be secured from the postmaster's office.

### Qualified for Location of Chemical Plants

The "inherently creative" nature of typical modern industries such as chemicals whose location Texas is particularly qualified by physical advantages is cited in a report of the South Development Council marking these industries as particularly worthy of attention by seeking to attract new industrial enterprise to the state.

Evenness and stability of industries in this classification are shown in various studies, among them a recent series of charts prepared by the National Industrial Conference Board. These, covering the period 1929 through 1937, showed the graph lines for chemical manufacturing at consistently higher levels than the average of 25 other industries—slower to dip in depression times, but just as fast to rise when things got better. The margin held good in employment, man-hours, and "real" weekly earnings charts.

### Trustees of Crowell Independent School District

F. C. BORCHARDT      HUBERT BROWN      R. L. TAYLOR      C. E. GAFFORD      T. E. WOMACK

### Dependence of modern economic life upon natural resources; it has only made that dependence greater in extent and degree, and thereby more intricate complex.

Nowhere are these scientific and technical advances better illustrated, or the dependence upon natural resources more pronounced, than in the modern chemical industry and its more closely allied industries.

### Farmers Should Take Advantage of FSA Services

Many farmers are losing their property or undergoing heavy expense to save it, because they fail to take advantage of debt adjustment services offered by the Farm Security Administration, it is reported by Julian Wright, FSA's county supervisor.

Mr. Wright was in conference recently with Guy Hill Tomlinson, FSA's supervisor for this district, to develop plans for spreading information on debt adjustment.

"The county advisory committee for debt adjustment meets every month, and sometimes oftener, but it is not necessary for a farmer to take his case directly to them," Mr. Wright said. "If he will come to the FSA office, I will go over his situation and advise him what the next step should be. Whenever action is taken in time, a satisfactory adjustment can usually be reached with little expense, the supervisor said, but the chances of settlement are decreased and the expense is increased when the debtor waits until foreclosure proceedings are about to be taken.

One case, recently foreclosed, could have been adjusted if application to the Farm Security Administration had been made a few weeks earlier, he said. The farm involved in this case will be saved for its present owner by taking advantage of the moratorium provided under the Frazer-Lemke Amendment to the Bankruptcy Act, but the owner will have to pay \$192.00 in attorney's fees, which would have been saved to him by earlier action. The supervisor cited a contrasting case, in which a farmer was about to be foreclosed on an \$1,800 mortgage. Negotiations covering several months resulted in the mortgage owner accepting a cash settlement of \$1,000.

### Your Horoscope

February 27, 28—You are interested in science, and read a great deal, are a fluent talker and know what you are talking about. Though you take many chances you do not often lose. When you do lose, you are as good a loser as you are a winner. You are fond of water sports, and like to row your own boat.

March 1, 2 — Possessing a will, and reasoning power, you have faith that you can accomplish what ever you undertake to do. Delays and apparent failure do not whip you but you go after the desired point from a different angle and eventually accomplish your aim. While you are bitter and spiteful to your enemies, you are just as true and loyal to your friends. You are reliable and worthy of all confidences intrusted to you.

March 3, 4, 5—You are fond of sport and all kinds of recreations, especially the water. While you do not make many close friends, your are entirely worthy of the confidence invested in you. You are often found in responsible positions. You say what you mean and mean what you say regardless of the consequence.

### THOUGHTS OF SERIOUS MOMENTS

Applause is the spur of noble minds; the end and aim of weak ones.—Calton.  
If thou continuest to take delight in idle argumentation, thou mayest be qualified to combat with the sophists, but never know how to love men.—Socrates.  
What ardently we wish, we soon believe.—Young.  
That is a good book that is opened with expectancy and closed with profit.—Alcott.

### Dancing Doll Show at High School March 7, Matinee and Night

The world-famous Tony Sarg Marionettes and the original New York company will play here Monday, March 7, at the high school auditorium, giving both matinee and night performances under the auspices of the Crowell Grammar School. The matinee performance will be Robinson Crusoe at 3:10 in the afternoon. The night performance at 7:30 will be a comic opera, "Mikado."

To many people who have seen the various Sarg shows during the last fifteen years the very name of Tony Sarg's Marionettes spells enchantment in anticipation. Sarg is the originator of the Marionette traveling company, and while he now has imitators too numerous to mention there are still very few who produce complete plays and none who have established the Sarg record of fifteen years on Broadway as a standard theatrical attraction, competing with the best the great white way and its prolific side streets can offer.

Those dancing dolls on strings have come to be supreme in a field of their own, and today there are hundreds of amateur marionette productions of great merit.

The Tony Sarg Marionettes have all the attributes of actors, and can do many things that the regular stage actor must omit. The dolls have moving arms, legs, eyes, mouths, all done by the aid of strings which are managed by wooden controls from a bridge built above the stage. The operators are hidden from view, and though the strings are visible in a few minutes the watcher is carried away by the magic of the artistry and forgets them entirely.

If Tony Sarg had lived in the days of black magic, says the Theatre Magazine, he would have been burned as a sorcerer or wizard, or whatever it is in trousers that corresponds to a witch. His puppets are so life-like that they really smell of sorcery. By making twenty-four strings sprout from their joints, fingers, and the insides of their little heads, and by means of improved sockets at elbows, hips, knees and ankles he has taught them not only to make practically all the movements of a living person but also to perform tricks and gymnastics of which no human is capable.

### West Texas C. of C. Convention in Wichita Falls April 25-26-27

Wichita Falls.—The twentieth annual convention of the West Texas Chamber of Commerce, to be held in Wichita Falls, on April 25, 26 and 27, will have "A Square Deal for the Producer" as its theme, convention officials announced here today.

A "square deal" for the agricultural, live stock, and oil producers will be featured subjects on the three-day convention program. Mayor Fiorenzo H. LaGuardia, of New York City, one of the nation's most vigorous and colorful public figures, and chief executive of the country's largest metropolis, is counted on to address the general assembly in the Memorial Auditorium on Tuesday afternoon, April 26.

Predictions are that the Wichita Falls convention will be one of the largest in WTCC history and that the host city may welcome 5,000 registered delegates, in addition to many thousands of convention visitors. Wichita Falls, as host city, in the midst of an era of major oil activity and expansion, is making entertainment and housing plans "to take care of everyone," convention officials declare.

Milburn McCarty, Eastland, WTCC president, D. A. Bandeen, Abilene, its manager, and Wilburn Page, convention manager and secretary of the Wichita Falls Chamber of Commerce, are directing general plans for an outstanding series of convention sessions. E. M. Crump, Wichita Falls civic leader, heads the host city's executive group, with Walter D. Cline, past president of the WTCC, and Albert E. Kelly, vice president.

### Duty of Society to Man

The duty of society is to aid man's growth, not to fetter him.  
40 % of Holland Faces Flood  
Almost 30 per cent of Holland would be inundated every twenty-four hours were it not for its dike system.

### Easter Seal Sale Will Aid Crippled Children of Texas

Dallas.—Without distinction as to the causes of their ailment, all crippled children of Texas will be aided by the annual Easter Seal sales campaign conducted by the Texas Society for Crippled Children. The President's birthday celebrations, recently successful throughout the nation, were to aid victims of infantile paralysis only. The spring campaign of the Texas Society for Crippled Children is to raise money for children accidentally crippled, crippled by disease, or crippled from birth. The money will go to aid unfortunate children with club feet or cleft palates as well as those deformed through infantile paralysis or similar diseases.

Abe Goldberg of Port Arthur, noted for his philanthropic work, is the Easter Seal sale chairman for the state. With him are serving Charles F. Ashcroft, Sulphur Springs; Sam Whitley, Commerce; Mrs. A. Y. Troutman, San Antonio; Thomas S. Reed, Beaumont; W. H. Richardson, Austin; and Milton Warner, El Paso.

Every county in Texas will be organized for the Easter Seal sale which will commence April 1 and last until Easter Sunday, April 17. Chairman Goldberg expects that Texas will contribute \$50,000 toward crippled children as the result of this drive. The money raised will be spent for crippled children in Texas and none will be sent out of the state except for the purchase of seals.

The State Department of Education, through Superintendent L. A. Woods and J. J. Brown, in charge of rehabilitation work, is co-operating in the seal campaign. In Dallas the quota is \$15,000 which is being raised by Ernest R. Tennant, local banker, chairman, and a committee of civic leaders.

### Early Traveling Shoemakers

In the yesteryears it was not uncommon for shoemakers to travel from house to house soliciting business.

### C. Y. Welch of Quanah, Candidate for District Judge

C. Y. Welch of Quanah has authorized The News to announce this week that he is a candidate for the office of Judge of the 46th Judicial District, composed of Foard, Wilbarger and Hardeman Counties, the position he now holds by appointment. Judge Welch assumed the duties of District Judge March 15, 1937, when he was appointed to fill the unexpired term of Judge W. N. Stokes, resigned. His candidacy is subject to the action of the Democratic primaries.

Judge Welch has been a resident of Hardeman County for the past 29 years. He served 18 months as county attorney before joining the army during the World War and upon his return he served 7 years as county judge of Hardeman County. Since that time he had been an attorney of Quanah until appointed District Judge.

In making his announcement, Judge Welch stated that he had served the people of this district faithfully and to the best of his ability, and respectfully asks the voters to elect him to this office for the next two years.

### Power to Discharge the Army

In the year 1795 congress gave the President power to discharge the regular army whenever he saw fit to do so.

### Arabian Horses' Heads

Arabian horses are distinguished by a square and sharply chiseled contour of the head.

We are proud of our New GRAMMAR SCHOOL BUILDING and proud of all those who were in any way responsible for the success of the plans and work on this building during the two years of its construction.

## CONGRATULATIONS to the Builders of Crowell's New Grammar School Building

We are proud of the fact that we were able to furnish part of the material used in the construction of this fine building.

### The Home Beautiful

The Home beautiful is the home decorated tastefully, and the principal medium of decoration is—  
**Wallpaper**  
Intelligently and properly applied.

In the home all must harmonize. Draperies carpets and rugs, pictures and woodwork are chosen with a view of pleasing combinations of color, but the dominant note is furnished by the walls.

Let Us Help You Solve Your Decorating Problems.

# CICERO - SMITH LUMBER COMPANY

# Washington, D. C.

BY DR. JAMES E. POPE

WASHINGTON NEWS COMMENTATOR

(Editor's Note—Dr. Pope's opinions are his own, and his articles do not necessarily always reflect the editorial policies of this paper.)

### Forward-Looking Congressmen

The Senate has discarded one filibuster and now, until a new one shows up, both the Senate and House are bending down to realities and appear to be getting up steam for the long hard pull toward business recovery—and for early adjustment in the interest of who gets elected to what in the autumn all-American political sweepstakes. I hesitate to express too much optimism, or to predict a millennial calm on Capitol Hill, for fear another storm may break before my words can appear in print.

But while the late special session was a do-nothing Congress the present term, viewed from any angle, is not. Those who in gleeful anticipation predicted that Congress would kick over the traces on emergency relief appropriations, or the farm bill, now find themselves out on a twig—with no soft landing place in reach.

Here in Congress we have the spectacle of radical New Dealers who constantly out-New Deal the New Deal and straggling survivors from the Summerized Tribe who conformably out-Hoover Mr. Hoover, caught in the act of holding hands

and working together constructively. This is a condition known to biologists as optimum, but on election years seekers after reelection secretly know it is good politics. So, we are reminded that election year carries some advantages along with its many drawbacks.

### Trends

Checks are now going out, and under the terms of the farm control or soil conservation act, a total of \$400,000,000 is expected to reach agricultural sections from this source alone. President Roosevelt still pulls for the adjustment and stabilization of industrial commodity prices, and contends that such a program is essential to full business recovery. So far, he has not exhibited an outrightly positive or definitely understandable plan of action, but it is safe to predict that some such plan is brewing, and we can expect something supposedly tangible along this line to emanate from the White House soon.

### Highways For Fast Autos and Faster Spending

Senator Robert J. Bulkley of Ohio, sponsors a movement calling for approximately eight billion dollars to be used in the construction of superextended Federal highways, which he contends will be self-liquidating and self-refunding through a system of moderate tolls. More important still, according to its enthusiastic backers, the scheme would serve as a super dreadnaught fighting machine in the battle against unemployment, as well as furnish a super speedway for the relief of high-pressure auto traffic.

Picture a series of travelways criss-crossing the continent, where even the most humble motorist may, for the payment of a small toll, travel de luxe as to speed, and live sumptuously or fast in his trailer for hours on end without having to pause for intersecting roads, or for cities, even. Some complain that by the time such a project could be completed everybody would be traveling by air. But good roads are of immense value, and Sen. Bulkley's proposal is regarded by many as embodying strong elements of practicability.

### The United States and Us

We, the people, sometimes forget to remember the great good fortune which is ours as citizens of the good old U. S. Of course, we have much to grow about, and we never fail to grow. No political party is responsible for what our country means, or should mean to us, and no special class or creed can claim credit for the goodness and greatness of America, and our sublime principles of freedom. Politics is responsible only for over bitterness and overburdensome taxes.

In the interest of a better understanding of an appreciation for what we are privileged to enjoy at home, many of us, especially those who are always crying "down with everything," should migrate to Moscow, Berlin or Rome. In comparison with everyday conditions in those countries, the darkest period of our depression would look like harvest time and bumper crops in the Garden of Eden.

## Health Certificate Mandatory for People Handling Food Supply

Austin.—For the protection of the public a law was passed in 1921 making it mandatory for every person who is employed in any public eating place, bakery, meat market, dairy or candy factory to secure a health certificate from a reputable physician. This law is intended to eliminate all persons having any communicable disease from handling any foodstuff. These certificates must be renewed every six months.

Typhoid fever, diphtheria, and amoebic dysentery carriers have been found numbers of times working in dairies, cafes, and other places where food is prepared or offered for sale. It is not too much for the consuming public to demand that those who sell them food shall be free from communicable diseases. If the examinations for food handlers are properly carried out, much good will be accomplished in protecting the health of the buyer as well as giving the applicant for a certificate accurate information as to his physical condition.

The Texas State Department of Health has repeatedly advocated periodic physical examinations for the general public, as it is during these examinations that many incipient diseases may be discovered and treatment begun in time to stop its development to such a degree that treatment will not be helpful. Many deaths and much suffering would be eliminated if every one would have this periodic check. In the case of food handlers, only the diseases that are communicable will withhold the issuance of a certificate. The cost is money well invested and the consuming public should demand that they they buy from this evidence of good health.

In Europe—the origin of our civilization and most of our misfortunes—we have the spectacle of one Adolf Hitler turning the German calendar back to 1914, while in Washington we see Congress not in total agreement as to specific formulas, but practically united in thought and general purpose on the proposition that in this country jobs shall be made safe for those who want to work. While Hitler, Mussolini and Co. move in and erect a trading post at London's No. 10 Downing Street, our Government reaches out across the plains and into our cities with relief for honest persons, aid for farmers, and co-operation for American businessmen.

### Keep Our Powder Dry

Men and dogs gone mad should be lethal-gassed. Times may change but truth never changes, and the eternal truth that sword swallowing egomaniacs always perform one time too many, and perish, does not provide a retroactive remedy for the sufferings inflicted by these maniacs while they are allowed to run amok. No man can the world unscramble the eggs in their omelets of damaged world conditions after they are gone.

While we keenly desire to be a good neighbor, we do not propose to ever again lend England our lawn mower—or can any of them borrow our cat for raking their burning chestnuts out of the fire. While we are willing for Asia to be made safe for Englishmen, we are quite stubbornly convinced that the partnership of Adolph, Benito & John can and must muddle through without our aid.

We do, however, remain thankful for America, continue to trust in God—and keep our gunpowder dry.

## Pneumonia Caused More Deaths in 1937 Than Tuberculosis

Austin.—Dr. Geo. W. Cox, State Health Officer, states that slightly more than eleven Texans die each day from tuberculosis. In other words, over four thousand persons died of this disease last year.

In these days of economy, when the seeds of disease are being sown in the bodies of undernourished children, the prevention of tuberculosis is more necessary than ever. Tuberculosis formerly held first place as a cause of death; it now ranks third in Texas, while for the country as a whole it ranks seventh. Pneumonia was the only communicable disease that caused more deaths last year than did tuberculosis.

Tuberculosis has been known for centuries and constant search for a specific cure has been the goal of doctors for many years. However, no medicine, yet discovered, will cure this disease. The treatment consists of rest, proper food, fresh air and proper medical supervision.

The greatest loss of life from this disease is between the ages 20 to 40 years, and its economic cost to families and the State is enormous. Tuberculosis can be arrested if found in its early stages, therefore, the State Department of Health urges that every one not feeling up to par should go to their family physician for a complete physical examination. In this way early beginnings of tuberculosis or other disease may be discovered in their early curable stage.

## In The News 15 Years Ago

The items below were taken in whole or in part from the issues of The Foard County News of March 2, 1923.

### Rainfall for Two Months

For January and February the rainfall was above the average for those two months with two and one-half inches. January had 1.55 inches while February had .95 inch.

### County Track Meet

A large attendance is expected at the big two-day track meet being held here today and tomorrow. All schools in the county, it is thought, will be represented. Margaret, Foard City, Rayland and Thalia are coming with sand in their craws and Crowell will be fairly well represented.

### Good Advertising

The Lee Highway Association has published a large pamphlet giving an outline of what is being done in construction work on the highway along the line from Washington to San Diego and there are some views of the highway in Foard County. This is good advertising for the county.

### Back from Florida

W. R. Parrish and family arrived Friday from Tampa, Florida, where they had spent the winter. They were on the road twelve days, actually traveled only about ten days, making the 1,800 miles in that time.

### School Tax Limit

The Foard City school district built a brick school building some time ago and it has been found that the present tax rate is insufficient to enable them to pay the interest on the bonds and create a sinking fund without a raise. A petition has been submitted for an election in the school district to ascertain the will of the taxpayers as to whether or not they wish a dollar tax limit.

## Map Improvement Promotes Safety

Ponca City, Okla.—A major improvement in automobile road maps which encourages the motorist to drive in terms of seasons rather than mileage to be covered, is announced by the Continental Oil Company in connection with the issuance of maps of the new type by the company's Conoco Travel Bureau at Denver, Colorado.

The new feature which will appear on the face of all Conoco maps consists of the addition of actual driving time in hours and minutes from town to town. These figures are printed in red ink and appear directly under each of the usual mileage figures which give the distances between cities and towns. A footnote points out that the driving time has been calculated for normal traffic conditions and dry roads and that allowances should be made by motorists who drive unusually fast or slow.

The improvement is also in use by one other major oil company and is understood to be under consideration by several others. This strong emphasis on reasonable driving time rather than the factor of distance - to - be - covered should do much to promote highway safety, say Conoco officials.

## Many Entries Already Received for My Home Town Contest, in April

Wichita Falls.—An early response to a request for entries in the annual "My Home Town Contest," to be held at the twentieth annual convention of the West Texas Chamber of Commerce in Wichita Falls, April 25, 26 and 27, assures one of the best competitive fields in the history of the event. Judge C. M. Caldwell, Abilene, general director of the contest plans, said here today.

Entries already received, since contest announcements were made only a few days ago, included those from Sweetwater, Spur, Hamlin, Shamrock, Midland, Eastland, Childress, Brownwood, Breckenridge, Bowie and Big Spring.

Last year, at the Brownwood convention, there were seventy-one entries. Ben J. Dean Jr., of Breckenridge, the contest winner, received cash awards of \$25.00, the Thomas Etheridge cup, and a selection of college and university scholarships.

This year's field of entrants may be larger. Winners from each town, and eligibility rules state that speakers must be high school students in school during the spring semester, will compete in three preliminary events during the annual WTCC meeting here. The winner in each preliminary round will participate in the finals before a general assembly of the convention on Wednesday, April 27.

Contest entrants come from throughout West Texas and in 1927, Sue Jean Lynch, of El Paso, won a special award for coming the greatest distance to compete.

Russia on the charge of being a spy.

8. He recently declared himself commander of all German land, air, and sea forces, elimination of all opposition to his will in Germany.

9. He is an orchestra director.

10. That they be limited to 35,000 tons.

### Sugar Used as Medicine

Sugar was prized as a medicine by the ancients.

## New Building—

(Continued from Page One)

be found in the state. Mr. Martin's influence was a great aid to the school officials in securing money and material to complete the building.

### Local Boy Architect

The plans of the building which were accepted by the WPA, were drawn up by Joe Ben Roberts, son of Mr. and Mrs. R. J. Roberts of Crowell, who is now a student in the University of Texas at Austin.

L. I. Saunders, Crowell contractor and builder, was the sponsor supervisor and had charge of construction work. Mr. Saunders also aided Mr. Roberts with plans for the building.

### Immense Building

The new building has a floor space of 24,000 square feet and is 280 feet long and 200 feet wide in a T shape. The width of the T is 60 feet, front and back. The building faces the south.

The building contains 17 class rooms, one large study hall, a modern library, cafeteria, two large book rooms, a spacious store room and two office rooms.

Class rooms range from 32 feet by 20 to 22 feet by 36 feet. The walls are ten feet in height. The study hall is 32 feet by 60 feet in size and the cafeteria is 22 by 34 feet.

Class rooms, two rest rooms, a store room, a book room and a cafeteria constitute the north section of the building. The office, library, study hall and two class rooms are located in the east wing, and four class rooms are in the west wing. The class rooms are equipped with three large black boards each.

### Well Lighted

The building is well lighted with 124 windows, with 18 panes of glass each, and an average of three large chandeliers to the room. There are 12 outside doors.

### Hardwood Floors

Hardwood floors were laid in every room and the halls of the building. The floors were sanded and given two coats of varnish.

### Steam Heated

The new structure is steam heated and the steam is furnished from the boilers in the high school building which is located about 100 feet west of the grammar school. A tunnel was dug and the pipes hung and sealed with cement to

### HOUSEHOLD HINTS

Berry Cobbler: Combine 2 tablespoons cornstarch and 1/2 cup sugar, add 2 cups berries and 1/2 cup water, mix well. Pour into shallow baking dish; cover top with rich biscuit dough, rolled out to fit baking dish, or cut in rounds. Bake in hot oven (450° F) 15 to 20 minutes or until crust is done. Serve with butterscotch sauce or cream. Serves 6.

The refrigerator, ice or mechanical, should have a weekly cleaning.

Salt meat, to be tender, requires longer boiling than fresh meat.

## We are PROUD

To be a part of a community that has a wonderful school plant as Crowell.

## Congratulations

To those who were responsible for the construction of the

GRAMMAR SCHOOL BUILDING

## TOURIST CAFE

JOE EDDY & SON, Proprietors

### Architect

JOE BEN ROBERTS

### Sponsor Supervisor

L. I. SAUNDERS

insure against the loss of heat between the two buildings. Radiators from the old school were repaired, repainted and installed in the new building.

Old Desks Refinished Over 300 desks, which were salvaged from the old building, were repaired, refinished and painted and installed in the new building. These desks were also used in the Baptist Church.

### Manual Training Shop

The frame building that had served as the WPA office during the construction of the grammar school building was moved to a location on the campus and repaired and is now being used by the Future Farmers of America as a manual training work shop.

This addition to the Crowell school plant brings it far to the front in the State of Texas and it is one of the finest in West Texas. The high school building, grammar school, gymnasium and lighted stadium are all located on the 6-acre campus in a stone's throw of each other, making the plant as compact as it is modern.

### Trustees

Trustees for the Crowell Independent School District are Jeff Bruce, president; C. E. Gafford, T. E. Womack, R. L. Taylor, T. V. Rascoe, Hubert Brown and F. C. Borchardt.

L. A. Andrews is tax assessor-

FFA Judging Team to Attend District Meet

The FFA district meat judging team won over the Chillicothe and Quanah teams in a judging contest held Friday at Everybody's Food Store market with Edwin Greening in charge of the display.

The towns that will be represented at the meet are: Crowell, Quanah, Chillicothe, Burk Burnett, Archer City, Harold and Westover.

The Crowell FFA meat judging team walked away with top honors, with Crowell coming in second and Chillicothe third. These three teams met in Vernon Tuesday afternoon and Crowell and Chillicothe tied for first place with Quanah coming up to crowd the first two teams named.

The papers were graded by the boys before leaving the market, and the average for the five Crowell boys was the highest of the three teams. Chillicothe placed second and Quanah third. At a previous contest held in Chillicothe, the Chillicothe boys won, with Crowell and Quanah placing second and third, respectively. A judging contest was staged in Quanah Monday and Francis Todd's Quanah team walked away with top honors, with Crowell coming in second and Chillicothe third. These three teams met in Vernon Tuesday afternoon and Crowell and Chillicothe tied for first place with Quanah coming up to crowd the first two teams named.

In the four contests held to date, Wilson Starnes leads the Crowell team with an average of 85, and Granville Mullins has an average of 80 for second place. Carl Connell and Kenneth Halbert have placed third and fourth, respectively, with averages of 79 and

Daily Thought

If you wish to be miserable, think about yourself, about what you want, what you like, what respect people ought to pay you; and then to you nothing will be pure. You will spoil everything you touch, you will make misery for yourself out of everything which God sends you; you will be as wretched as you choose.—Kingsley.

Baby Chicks—

(Continued from Page One)

This screened floor. This system allows good sanitation without daily cleaning of the brooder houses and therefore reduces labor. More heat is required from the brooder stove to maintain proper temperature, however.

Feeding and Raising Chicks During the first few days, feed an amount several times per day that they will clean up in thirty minutes. Have enough feeding troughs so that every chick gets an equal chance. After ten days, finely cracked yellow corn may be used as grain by feeding in troughs morning and noon, and at night give them all they want. After three weeks leave mash before them constantly.

Leave the chicks a pound in weight, the following mash growing ration will give good results: 36 lbs. yellow corn meal, 20 lbs. bran, 20 lbs. shorts, 5 lbs. alfalfa leaf meal, 5 lbs. meat and bone scraps or all the milk they can drink, 10 lbs. cotton seed meal, 1 lb. bone meal, 2 lbs. oyster shell, 1 lb. salt.

Leave the mash before the chicks at all times and feed scratch grain morning and night. In addition to above, the chicks should have green feed and sunlight. After six weeks, furnish roosts, and during hot weather provide shade. Sell broilers early and have pullets and cockerels separated when eight weeks old.

Brick Brooders Because they're cheaply and easily built and economical to operate, brick brooders are adapted to timbered country where fuel is cheap and plentiful. Fired with green wood three times a day such a brooder is "fool proof" as it keeps the dirt or sand floor heated for hours. The fire box should be about six inches below the surface to get the best results. No hover is needed unless the room is extra large or ceiling above eight feet.

Feeding and Raising A good poultryman adds pullets to the flock of layers each year to replace some of the old hens. While the previous year's culling has saved only the best hens, it is well to keep in mind that the hen's first year's production is her best. Therefore, the decrease in such as to make it wise to dispose of her after the second laying season. The raising of chicks for replacement is therefore a yearly program of utmost importance. As chicks eat only a small amount of feed it is often advisable to buy ready prepared starter.

Avoid Coccidiosis Coccidiosis is probably the worst chick disease. Feeding of skim milk will assist in prevention, and brooding on hardware cloth floor is another valuable precaution, especially with late chicks. Dryness of house and grounds is absolutely essential in either prevention or control. If trouble starts, clean the house and runs daily and feed a mash of 40 per cent dried milk until the disease is under control.

Don't Stall Appetites Keep the laying flock's appetite good by not overfeeding. See that grain fed at night is all cleaned up and put out fresh mash every day.

With spring approaching watch the weight of the birds to see that the winter grain ration is not making them excessively fat and hurting production. Continue the winter grain ration as long as they hold up heavy production, thus keeping them in good physical condition for hard spring and summer work. Open laying house ventilators on warm days.

Increase Fertility of Eggs Hatchability from the eggs of such breeds as Wyandottes, Orpingtons and Rocks may often be increased by cleaning the loose, fluffy feathers around the vents of both males and females.

CARD OF THANKS

We wish to express our sincere thanks to all who lent a kind and helpful hand during the sickness of our dear mother and grandmother, also the beautiful floral offerings and the nice prepared food which was brought. May God's richest blessings rest upon each and every one of you. Mrs. Jim Hammonds and family, Mrs. Roy Watts and family, John Strickland and family, J. V. Haney and family, H. R. Haney and family, Mr. and Mrs. Joe C. Haney.

Life in Drop of Water

As many as 106 forms of life are contained in a single drop of water.

Basketball—

(Continued from Page One) and 1937, and has only to win it one more year before it can find a permanent position in the high school's trophy case. Quanah won the championship and cup in 1936.

Play at Wichita Falls The Wichita Falls club was host to the Wildcats for the first game of the play-off series in a game which they won 29-20. In this tilt the Crowell boys came into their own in the last half and fought the rangy Coyotes on even terms throughout these two periods. The Coyotes were holding a 9-point lead at the end of the first half but were never able to increase that lead during the remainder of the scrap.

Coach Grady Graves obtained better results from his cohorts by shifting the line-up and the Wildcats, led by Owens at forward, gave the Wichita Falls boys the scrap of the season in the final half of the first tilt.

Crowell Game In the second and final game played at Crowell, the Wildcats'

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

Austin. — Participants in the Texas political circus, and observers of that biennial phenomenon likewise, have come to the Ides of March with the situation regarding the race for Governor badly muddled, and Gov. Allred, the key-man, still declining to clarify it by declaring himself in or out of the race for a third term.

The Senate investigating committee, after a three day session in Dallas, was to resume here Wednesday, with Attorney General Bill McCraw, and Mrs. McCraw, appearing by invitation of the committee, on McCraw's demand. Political observers here agreed that the committee will likely have a quick and decisive effect in shaping up the situation definitely, for it is likely that McCraw, an avowed but unpublic his formal announcement of his platform, Allred claims he is waiting "to see the platforms" before he makes his declaration. The action of Jim Ferguson is expected to hinge on what Allred decides to do about running. And Ernest Thompson, an announced candidate, is quietly making hay by filling speaking engagements and laying down in these speeches a political philosophy which his friends say embodies his forthcoming platform.

Senate Probe Puzzle Just what the Senate's probing committee, headed by the conservative Holbrook of Galveston as chairman, and the erratic Joe Hill of Henderson acting as prosecutor, may do next, and what its effect upon the political fortunes of the various candidates may be, remained a matter of speculation. Holbrook, denying any political intentions on the part of himself, pointed out his well-known enmity for Allred, and declared he was ready to summon anybody who could throw light on the affairs of the State departments, regardless of their political affiliations or ambitions. Hill has been sniping at the Railroad Commission and Ernest Thompson for some weeks, criticizing the allocation of allowances among the various oil fields, and the Sunday shut-downs. Dissection already has broken out

sharpshooters suffered tough breaks on their shooting rather than a tight defense on the part of the Coyotes. The Crowell boys played the visitors' defense to get plenty of shots, but the ball would not perform correctly for the Wildcats when it came to going through the elusive hoop. After taking the ball down to their own goal, the Crowellites got many shots before losing it. They obtained as many shots as the Coyotes but the visitors found the basket from afar with seeming ease.

On floor work the two quintets were evenly matched and the only edge the Coyotes had over the local dribblers was that they were sinking field goals where the Wildcats' shots went for barely misses. Time after time, the ball, after being shot by a Crowell cager, would look through the net, climb back on to the rim of the hoop and fall out. Reeves sank a free toss early in the game to give the Coyotes a lead they never lost. After taking the one-point lead, the Wichita Falls boys ran it up to 4 by the close of the initial period. During this time, the Crowell lads were only able to register a lone gratis shot. In the second frame, the Coyotes rang up 10 points and the Wildcats finally started getting some control on the ball to put it through for 6 points.

Although the Wildcats had been getting enough tough breaks in the first half to dishearten any ball club, they returned to the floor for the last half gamier than ever and put up a courageous fight, even though the hoop seemed to dodge their shots. The Wildcats continued to get numerous shots but were forced to watch the Coyotes sink tosses where theirs had barely missed. Showing a great fighting spirit, the Crowell boys continued their great fight right up to the last whistle and did not let down at any time. Even a shift-up in the line-up failed to produce the scoring touch which the Wildcats have had all season, but which seemed to slip from them in this important game.

Continuing to find the basket with regularity, the Coyotes were possessors of a 23-13 lead, and then went on in the final period to hang up a 38-22 victory over the Crowell cagers.

Twenty-two personal fouls were called during the game. Eighteen were called against Crowell and 4 against Wichita Falls. The Coyotes were given 22 gratis shots and sank 12. Crowell was given four free tosses and the Wildcats battered 1000, sinking all four. Kelsey and B. Fitzgerald of Crowell were fouled out of the game.

Box score for the Crowell game: CROWELL FG FT FTM PF TP Owens, f 5 1 0 2 11 Orr, f 0 0 0 2 11 B. Fitzg'd, c 0 0 0 4 0 Nelson, g 0 0 0 3 0 J. Fitzg'd, g 0 1 0 3 1 Smith, f 1 0 0 0 2 Kelsey, f 3 2 0 4 8 McKown, c 0 0 0 0 0 Meason, g 0 0 0 0 0 Dunn, f 0 0 0 0 0 Totals 9 4 0 18 22 WICHITA F FG FT FTM PF TP Reeves, f 1 3 2 0 4 Maddox, f 6 2 4 0 14 Scott, c 3 2 0 1 8 Owens, g 1 3 2 1 5 Monaghan, g 2 1 2 1 5 Frazier, f 0 0 0 0 0 Levell, c 0 0 0 1 0 Hanna, g 0 2 0 0 2 Totals 13 12 10 4 38 Official—Roy Mints of Vernon.

among the Senators on the committee, with Holbrook and Hill apparently lined up together, for the time being, and Weinert, Stone and Collicie opposing some of their tactics. Collicie bitterly criticized Hill and Holbrook for issuing subpoenas for the bank accounts of McCraw and Mrs. McCraw, declaring it was done without his knowledge or consent. Best informed observers here believe that the Dallas session of the investigating committee had done McCraw no harm, and, that if he acquits himself creditably in his personal appearance in Austin this week, he has been helped by the committee's actions.

Thompson Aloof Remaining aloof from the Allred-McCraw battle, and taking advantage of the situation to get in a few effective licks for his own candidacy, Thompson sounded a key-note in a speech at Wichita Falls, by declaring that talk of balancing the budget can't mend the state's financial ills, and said he favored, instead "Budgeting the balance." He pointed out the state's general revenue income increased by \$4,000,000 last year, and declared by living within income, this increase would retire the \$15,000,000 deficit within four years, without new or additional taxes. "There has been too much running to Austin and Washington to get something from the Government," he said. "We should remember that government is us—you, me, and the other fellow. When we get something from the government, we're getting it from ourselves. The time has come to call a halt to government spending, which has increased 2900 per cent in one generation for state purposes alone."

Oklahoma Loses Federal Cash Texas politicians who would seek to build a political machine by promises of "pensions for everybody" were shocked this week, when they saw Oklahoma, the only other state which rivals Texas in the liberality of its pensions gifts to old folks, cut off from Federal pension grants by the Social Security Board in Washington, until further notice. Alleged mis-spending of \$700,000 of Federal pension money, which investigators said was paid to "persons clearly not entitled to receive assistance" was given as the cause. No further federal money will go to Oklahoma pensioners pending a thorough investigation and possible revision of the State pension administration. Texas, with 113,000 pensions drawing benefits, exceeds every other State but Oklahoma in the percentage of oldsters who are drawing benefits. Any substantial increase in the number of Texas pensioners, officials here believe, might bring similar Federal action in the Lone Star state.

Chain Store Tax Cash Receipts from the State chain store tax, which was inoperative during a two-year court battle and

was finally upheld by the State Supreme Court, mounted above the million dollar mark this week, with additional payments yet to be made. A fourth goes to the school fund, and three-fourths to the ailing general fund. Many merchants learned with surprise, as the Comptroller began to collect the tax, that owners of a single store are subject to tax, the levy increasing number of stores, larger national chains have begun reducing the number of stores in the largest Texas, concentrating on a few huge stores to avoid the maximum \$750 per year.

WARD MOTOR SERVICE WHEN IT'S AN EXIDE BATTERY YOU START WE SELL EXIDE BATTERIES Congratulations to Crowell School Officials for their efforts and achievements

ANNOUNCEMENT I have sold my business, known as the Burseley Implement Company, to C. T. Boone of Vernon, Texas. Mr. Boone will move to Crowell and devote all his time to the operation of this business. My principal reason for selling this business is to enable me to devote all my time to the race for the Sheriff's office. I am taking this method to thank my many friends in the county for the loyal support and good business given me the last three years and earnestly ask for the same support in the coming election. HOWARD BURSEY

GLEANER BALDWIN 12 Foot COMBINEDRY Saves More Grain! Cleans Better! Gleaner's reputation for performance and efficiency has been on actual field operations. The Gleaner's ability to save grain and clean well, at a lower cost of operation is made possible by its many patented features and exclusive designs. Note especially its light weight compact design; the auger conveyor (eliminates canvases and all intricate feeder mechanisms); rasp cylinder (no ping, chewing or cracking); riddle type separator with double fan system of arating and cleaning. Saves more grain. Cleans better. THE GLEANER SIX FOOT COMBINE IS MOTOR EQUIPPED Big Capacity . . Rubber Tires Light Weight . . Low Priced Uniform speed is absolutely essential for threshing. When power is supplied by the combine is slowed down too often on wet or sandy soil, crossing ditches, etc. An independent motor is the only means which the correct threshing speed can be maintained. The Gleaner is virtually the Baldwin Twelve shrunk to the size. It contains many patented features and same principles of construction throughout. One man with a small tractor easily operates Gleaner Six. Since the combine is the only product of the Gleaner Harvester Corporation their can devote all of their time and thought toward making their one product ever better. ## For Congress

## Wichita Falls Man Is Candidate for Congress, Dist. 13

The News is authorized this week to announce the candidacy of K. C. Spell of Wichita Falls for Congress from the 13th Congressional District, subject to the action of the Democratic primaries in July.

According to Mr. Spell's announcement he is planning an intensive campaign and will see as many voters as possible in this county before the primary in July.

Following is a brief synopsis of the life of Mr. Spell: "Born on a farm in Jefferson County, Texas, 1885. Lived on that farm until seventeen years of age. Worked as a barber and common laborer until 1921. Spent seven months in the United States Army during the World War. Came to Wichita County in 1921. Owned and operated own barber shops for the past sixteen years. Has taken active part in all worthy community affairs. "Common school education in Jefferson County. Extensive program of self-education during the past twelve years. "Married fifteen years and has one son twelve years of age."

## "Iron Man" Kern Performs Feats of Strength Here

Jack "Iron Man" Kern performed feats of strength before a large crowd in Crowell Saturday afternoon on the south side of the square.

The first feat performed was a "neck pull" in which he moved a Phillips truck loaded with 1,100 gallons of gasoline by means of a rope around his neck and tied to an automobile. The pulling power was furnished by the automobile and Kern's neck and arms furnished the link between the two vehicles.

Donning a large leather belt to which the pulling rope was attached, Kern started a truck loaded with a John Deere tractor and then attached a pair of work pants obtained from the B. & W. Man's Store and pulled the same load with one arm.

school building, starting at 9:30 o'clock Friday morning.

Play-ground ball games for all divisions will be played on courts north of the high school building and will start at 1 o'clock Friday afternoon. Both boys' and girls' teams will enter the contests. If more than one rural team enters, then a separate division will be made for the rural schools.

Saturday Track, field events and rural pentathlon will be held for all divisions Saturday at 9:30 on the athletic field. Field events and all junior events in track and field will be held in the morning starting at 9:30 o'clock.

Senior track events will be held Saturday afternoon and will begin at 1:30 o'clock.

## Cage Season—

year: Jack Fitzgerald, lanky guard who turned in excellent work as a guard in the latter part of the season; Frank Dunn, Gene Meason, Marvin McKown and Sam Russell. Season's Record The Wildcats did not win any championships in 1938, but they established a record that any team could well be proud. They have won 23 of their 30 games during the past season and lost four of those games to Wichita Falls, the team that seemed to have Crowell's number. The other games were lost to Vernon, Paducah and Carey.

The Wildcats were caught napping by Paducah in a practice tilt, after beating them in a previous game. Vernon's Lions, who perform best on a large court, blasted the Wildcats at the Matador tournament. The Crowell boys defeated the Lions, who incidentally have two victories over Wichita Falls, in two "Big Five" games. Carey beat the Wildcats in the final game of the district tournament.

## "Leto's" for the Gums

Gums that itch or burn can become mighty trying. Druggists will return your money if the first bottle of "LETO'S" fails to satisfy.—Reeder's Drug Store. (1)

ment at Childress, 33-24, and then went on to win the regional championship. The Cardinals are among the favorites in the state tournament at Austin this weekend. Olney dumped the Coyotes in a conference contest, and Crowell hung up two easy victories over the Cubs, but were unable to cope with the Wichita Falls goal garners themselves.

Season's Scores During the past season the Crowell Wildcats played thirty games, of which they won twenty-three and lost four. In these games, the Wildcats scored 1,066 points and held their opponents to 796, which isn't bad scoring for any outfit.

The games played and the scores for the season follow: Crowell 27—Chillicothe 20. Crowell 36—Seymour 17. Crowell 56—Paducah 28. Crowell 48—Truscott 22. Crowell 56—Chillicothe 21. Crowell 32—Paducah 38. Crowell 35—Harrold 22. Crowell 32—Vernon 27. Crowell 33—Olney 21. Crowell 31—Quanah 18. Crowell 23—Turkey 22. Crowell 20—Wichita Falls 38. Crowell 32—Olney 22. ## Judge Terrell—

(Continued from Page One) Judge Terrell was a vocal quartet composed of Buddie Derington, Lloyd Gray, Bryan Banister and Edward Shultz, with a guitar accompaniment by Reed Johnson.

Judge Terrell speaks, introduced the speaker for the occasion, Judge C. V. Terrell, chairman of the Texas Railroad Commission, Judge Terrell's address principally concerned the activities of the Railroad Commission in its efforts to preserve the oil industry of Texas.

Judge Terrell was born in Wise County and the first office he held as a young man was City attorney of Decatur. Rapidly he rose to the offices of County and District Attorney, then to State Senator. From this office he was selected as delegate to the National Democratic Convention. Following this came the elections to the offices of County Judge and State Senator again. After the World War he was made Democratic Elector for the 13th Congressional District and was elected State Treasurer.

It was in recognition of his distinguished services in the offices he had filled that Judge Terrell was appointed Railroad Commissioner to succeed Commissioner W. M. W. Splawn when that official was elected president of the University of Texas. He received an overwhelming majority over his opponents in his race for the elective term of six years. In 1932 he was again elected to a six-year term as Railroad Commissioner, leading the entire state ticket and defeating his run-off opponent by the largest majority any state candidate has ever received with a majority of 186,000 votes.

Judge Terrell originated the practice of giving half-time state employment to students working their way through the University of Texas, a practice now national in scope. He was author of the bill creating the North Texas Teachers College at Denton and a like college at San Marcos. He was a delegate to the Houston convention when Governor Hoag was nominated and when the political issue was the creation of the Texas Railroad Commission. As State Treasurer he wrote and secured the passage of the present State Depository law.

## Fresh from the Ozarks With Hill-Billy Swing

A-BILIN' and A-FAUNCHIN' for some real wreslin' are Nat Pendleton (left) and Louise Fazenda. Humphrey Bogart (center) eggs them on while Abner Weaver and Penny Singleton stay on the sidelines. It's all part of the hillbilly hilarity in "Swing Your Lady."

Judge Terrell. The natural problems that arose with the discovery of such an unprecedented pool as that in East Texas were almost beyond the imagination. The Commission, with the storm beating about its head, sought methods of conserving and prorating nature's magnificent gift to Texas. Probably the crowning achievement of the Texas oil industry, raising the price of oil from 10 cents per barrel to the prevailing price of \$1.15 per barrel.

NOTICE OF ELECTION

State of Texas, County of Foard, City of Crowell.

Notice is hereby given that an election will be held at the City Hall, in the City of Crowell, Texas, on the 5th day of April, A. D. 1938, the same being the first Tuesday in April, in obedience to an order duly entered by the City Council on the 15th day of February, A. D. 1938, for the purpose of electing the following: Two Aldermen to serve for a period of two years or until their successors have been elected and qualified.

G. A. Mitchell is hereby appointed Presiding Judge of said election, and is hereby authorized to appoint such help as prescribed by law.

Any person desiring to have his, her or their name placed on the official ballot as a candidate for an elective office within the City of Crowell, shall file his, her or their names with the City Secretary not later than seven days immediately preceding such election.

All qualified voters who have resided within the Corporate Limits of the City of Crowell for a period of six months preceding said election shall be entitled to vote.

Said election shall be held in accordance with the laws pertaining to General Elections in this State as so far as they are applicable.

C. T. SCHLAGAL, Mayor. J. T. BILLINGTON, City Secretary. (SEAL) 40

Robert E. Lee in War

Robert E. Lee, a military engineer, never had commanded more than a few dozen troops in the field before the Civil War.

Needle-Shedding Conifers

The larch is the only tree in the North, and the cypress the only tree in the South among our native conifers which drop all of their needles each year. Most conifers lose only a fractional part of their needles during the fall season. Brown coloration and falling off of the white pine needles on last year's twigs is a well known example of this partial defoliation by habit. The larches produce an entirely new supply of bright green needles each spring.

CHURCHES

Christian Science Church Sunday School at 10 a. m. Sunday services at 11 a. m. Wednesday evening services at 8 o'clock. Sunday, March 6, 1938. Subject: "Man." The public is cordially invited.

Eastside Church of Christ Services will be held at the Eastside Church of Christ Sunday with Elder L. E. Garner of Quanah preaching at 11 a. m. and 7 p. m. Bible classes at 10 a. m.

Margaret-Thalia Methodist Church The attendance at the services at Thalia last Sunday were fine. The young people began having their meeting in the afternoon and had a good crowd. All the young people of the community are invited to meet with them every Sunday afternoon at 3 o'clock.

You are invited to all of the services of the Methodist Church at both Margaret and Thalia. Sunday School at both places every Sunday morning at 10 o'clock. Preaching at Margaret first and third Sundays and at Thalia, second and fourth Sundays. Missionary Societies meet every Monday afternoon. Young people of Thalia meet every Sunday afternoon at 3 o'clock and at Margaret just before the preaching services.

Christian Science Services "Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, March 6. The Golden Text is: "As many as are led by the Spirit of God, they are the sons of God" (Romans 8:14).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For by grace are ye saved through faith; and that not of yourselves; it is the gift of God" (Ephesians 2:8).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The claim, strong currents of true spirituality, the manifestations of which are health, purity, and self-immolation, must deepen human experience, until the belief of material existence are seen to be a bald imposition, and sin, disease, and death give everlasting place to the scientific demonstration of divine Spirit and to God's spiritual, perfect man" (page 99).

Two Minute Sermon (By Thomas Hastwell) Standing By One's Guns: In the book of Mark 16 to be found a number of instances in which Christ appeared in places, and in company, and under circumstances that the Pharisees chose to criticize and because of which they attempted to impugn his motives and purpose. In all of these situations, whether he was eating with the publican or the sinner or the social outcast, he never sacrificed anything of his Christly manner or bearing. Though he mingled freely with all classes he did not find it necessary to lower his own standards. In it all, and through it all, he was still the Christ. I think there is a striking lesson for everyone. There is no criticism of the man who mingles with all classes and kinds of people as long as he maintains unswerving and untarnished his own ethical and moral standards. Christ proved that it could be done, and, in doing it, sacrificed nothing essential. It is a common saying today that one must go with the crowd and do as the crowd does if one is to get along. When it comes to the sacrifice of any important principle the statement is merely an excuse, an alibi from one who lacks the courage to be individual and to stand for the things he believes to be right. There come times in the lives of everyone when self respect is worth more than the praise of the crowd, and there is no one less happy than the man who has secured this praise at the consistent cost of his self respect.

Mrs. Mary Palmer returned to her home in Fort Worth Thursday after several days' visit with her parents, Mr. and Mrs. C. C. Wisdom, here.

John Edwards and Frank Shultz of Hess, Okla., visited Pete Lindsey and family Monday.

Refrigeration of Today Not Expensive

When the mercury starts climbing, both men and beast hunt a shady spot.

They've been doing it for many centuries.

Rumor hath it that the cave-man went so far as to douse perishable foods in cool streams of water in an attempt to preserve his next meal from the ravages of Old Sol.

Which leads up to the fact that modern electric refrigeration is a far cry from the first recorded cooling system, tried out by the ancient Greeks and Egyptians before the birth of Christ.

According to Jack Seale, local manager for the West Texas Utilities Company, the first refrigeration was accomplished by filling shallow earthen dishes with water and covering them with sugar cane. This crude apparatus was then placed on a roof, where, exposed to the dry currents of the night, was evaporated during the night, and with it went some of the heat. Loss of the heat left the remaining water considerably cooler. The chilled water was then placed around bottles of wine to cool them, Clever, eh?

INTERESTING FACTS OF THIS AND THAT

The Congo River of Africa is said to pour more water into the sea than any other river.

About one-half the population of the United States lies in the Mississippi basin.

The Nile River in Egypt flows every 24 hours and 52 minutes.

When you refer to the left shore of a stream, it is assumed you are going down it.

The use of natural ice, he recalled, preceded development of the mechanical ice plant and electric refrigeration.

"The old-fashioned ice box went a long way toward making people more conscious of the need for food preservation," he opines. "It performed a real service in the past."

In 1880 a Chicago packing plant installed the first mechanical refrigeration equipment used by that industry, revolutionizing the whole system of feeding the people of this nation.

Electric refrigeration for the household followed.

"Do you remember how crude the old family bus of a decade or so ago looks today?" Mr. Seale asks. "It cost three or four times as much to operate the old models as it does the streamlined machine nowadays. Well, the same is true of the old model refrigerators. But the new electric ones! Shucks, man! They give the women-folks year-round temperatures of 40 or 50 degrees for what it costs to smoke three cigarettes a day!"

Visited by Virgin M.

The name of the girl, years of age, who, according to tradition, was visited by the Virgin Mary at the Grotto of the Nativity at Lourdes, France, and of its miraculous properties, Marie-Bernadette Soubirous, was better known in her day than Bernadette. It occurred

### PICK UPS

**Adam:** "Eve, you've gone and put my dress suit in the salad."  
**The real unraveling of the mystery picture on bargain day wasn't done by the sleuth in the picture. It was done by the couples on the back row.**  
**An amoeba named Joe and his rother were out drinking toasts each other, in the midst of laughing, they split their sides laughing, and found each other was mother.**  
**On a nearby campus we read, Will the individual who carried way the headlights, tires, radiator cap, spark plugs and windshield of my car, please call for the rest of the contraption?"**  
**Co-eds have found a new way "mooch" off unsuspecting Joe college at the University of Texas. Here's the way it's done: Girl and boy are standing in front of the building. Co-ed's friend comes along and asks girl for a nickel to buy a drink. Girl friend has no nickel. Result: No other alternative for the boy. He must be gallant and buy the drinks for all.**  
**Clothes do not make the man, it fortunately they cover him.**  
**DEATH BEGINS AT 40**  
**Death, too, begins at 40. A complete analysis of the official accident record of 1937 is shown that death begins at 40 is an hour.**  
**And because the same study "fragmentary evidence indicates that young people in their**

late teens are among the most dangerous," the high school group should be particularly interested in the findings.  
 Boys can not lay it on "the woman driver," for the drivers in 91.7 per cent of the accidents were men. Nor is the truck driver to blame, for 81.9 per cent of the vehicles in accidents were passenger cars.  
 Perhaps, then, the cause is inexperience, you say. But think again, for statistics show that 59.5 per cent of the drivers had been driving for more than a year.  
 Then it must be weather and road conditions, will probably be your last defense, but 81.5 per cent of the accidents occurred on clear days and 76.4 per cent on dry roads.  
 The ultimate conclusion must be that you, behind the wheel, are to blame.  
 Folks, it's the little things that bother you. You can sit on a mountain but just try to sit on a tack.  
**SUCCESS AND FAILURE**  
 Success is the result of one's best efforts.  
 A failure is a person who does not make full use of his abilities and opportunities.  
 Success is not in the pocket-book, it is in the mind.  
 Your ability to add to your experiences those of successful people primarily determines how big you will grow, because you can grow only as big as your mental horizon permits.  
 Open-mindedness develops success-mindedness.  
 It isn't the work that causes the success: it is the pleasure in the

is the pleasure in the work which causes greater effort that produces the outstanding success. Pleasure is the motive power of living.  
 Everything that makes you distinctive in your personality.  
 In order to be enthusiastic about one's work, one must visualize what the work is doing for the benefit of mankind.  
 Sincerity is a willingness and determination to put one self one hundred per cent into one's work. Standing still is the beginning of the end. Growth is life. Standing still is death.  
 As long as you are green, you grow.  
 The only geniuses are hard workers.  
 It is a law of nature that we expect ourselves to the fullest extent only in those activities in which we enjoy ourselves.

### SCRAPBOOK SCRIBBLINGS

Strokes from a sagebrush:  
 1. Modern children learn a lot from their forefathers.  
 2. People go to college to get skinned; the boys for pigskins, the girls for sheepskins.  
 3. Sometimes the chip off the old block flies off the handle.  
 4. Are live wires people who have shocking actions?  
 5. A class in nature study is one place where you can't let nature take its course.  
 6. Every person that's stuck-up ought to be patted one so he won't stick to it.

### SNEEKER

Ye ole Sneeker is buttered with vexation. She knows all but what she knows won't do for print.  
 Verne Joy must have been phoning "mama" Sunday night to tell her that Clyde was going to keep her out a "little" late.  
 Fern Pierce is running around on Sunday night when she should be following W. F. and Fay's example of going to church.  
 My, my, I do owe Wiley Starnes an apology for not mentioning his name in the News last week, but I do humbly apologize, Wilson.  
 Mary Bruce has taken to a mechanic now. It was a foreigner, who is returning soon, so I have heard.  
 Franklin had some fun in Lockney last week-end. But I haven't found out the details yet. Will some one please help me?  
 Some girls do work fast. Frances Davis, Ann Mabe, Margaret Woods and Frances Welch, all had Knox City boys in Crowell Sunday night. Girls, were there any boys left in Knox City? If so, tell the rest of the girls and they will see that there aren't.  
 Some high school girls want to go on a hay ride Saturday night if someone will loan them a wagon, hay, horses and boys.

### PHILOSOPHY

C conceit may puff a man up, but never props him up.—Ruskin.  
 It is much easier to be critical than to be correct.—Benjamin Disraeli.  
 Man's inhumanity to man makes countless thousands mourn!—Burns.  
 Errors, like straws upon the surface flow; he who would search for pearls must dive below.—Dryden.  
 One thorn of experience is worth a whole wilderness of warning.—Lowell.  
 Example is the school of mankind, and they will learn at no other.—Burke.  
**"POTPOURRI"**  
**Man!**  
 If you call a man a gay dog, it will flatter him; call him a pup, a hound, or a cur, and he will try to alter the map of your face. He doesn't mind being called a bull or a bear, yet he will fight if you call him a calf or a cub. Men are queer.  
**Woman!**  
 Call a girl a chick and she smiles; call her a hen and she howls. Call a young woman a witch and she is pleased; call an old woman a witch and she is indignant. Call a girl a kitten and she rather likes it; call a woman a cat and she hates you. Women are queer.

### PHILOSOPHY DISCOVERED FOR WEATHER CONDITIONS

At last we've found a bit of philosophy that will help you bear that damp feeling present every time you step outside this week. Just say over and over to yourself: "It isn't raining rain today, it's raining daffodils!" Thus you lose what coarser feelings you might have had down your back, and instead lose yourself in the realm of beauty and yellow daffodils.  
 Going a little further in that direction you might even come dressed in your Easter bonnet and white shoes. That would be perfect proof that you are a living example of the philosophy. Have you noticed the different students as they hurry from building to drug store? Glimpse the English student. His nose is uplifted in supreme contempt for the insignificant raindrop. His eyes gaze far above the contemptible, puddle barring his path. He hugs his precious books under the raincoat, guarding them against wetness at the expense of a slightly damp coat tail.  
 There's the biology student. She hurries and scurries, kicking water on her plodding classmates. Her eyes glance anxiously right and left for fear she'll miss something—just anything. She brushes the rain hastily off her nose, which is shiny—as usual.  
 The chemistry student. His dignified pace will not condescend to be hurried, even for the power of the elements. He smiles at the haste of us lesser beings and walks carefully around the pud-

Study the mathematics student. He has carefully figured out, from a previous talk from the cafeteria, just how deep the water is on the cement before the gymnasium, what route to take to avoid the most water and the scientific way to hold the flap of his raincoat to discourage the rain.  
 There comes the football hero. He strives, head up, chest out; he laughs at the rain falling on his bare head and thin shirt. The downpour even lets up a little as he begins his parade toward the mnasium.  
 Finally, music student brings up the rear. He hasn't decided to go to class until the last minute, otherwise he'd have led the rest. He walks to unseen music. He will pause at the slightest provocation, if nothing more than to trip his unsuspecting companion. But he did not laugh at the other's plight. Why? Cause the other guy was also a music student; therefore we leave the hero sitting in a mud puddle, as solemn as a judge.  
 Thumbnaid Sketch, Candid Camera Style: Future farmer likes Mary. People listen to him. Writes poetry. Good office holder. Decisive. Confident.  
 Talk of the Campus: The weather. If you don't know by now that a hard freeze is due, so that the fruit will all be killed, then you haven't lived.

### LOCALS

Faye Zeibig spent Saturday night with Ruth Steele.  
 Wayland Apple and Paul Edward Benedict of Knox City were visitors in Crowell Sunday.  
 Wanda V. Gamble visited in Vernon Sunday afternoon.  
 Billie Brown has been absent from school due to illness.  
 Charlie Austin was a visitor in Acme last week.  
 Juanita Johnson spent the weekend with Ada Groomer of Good Creek.  
 Thelma Lois Moore and Frances Davis were in Quanah Saturday night.  
 Franklin and Evelyn Evans visited in Lockney last week-end.  
 Peaches Wiseman of Acme visited school with Charlsie Austin Monday.  
 Raymond Roberts of Wichita Falls visited in Crowell over the week-end.

### CENTENNIAL SENIORS

To those who are interested in what happens to the high school graduates, the following information has been compiled regarding the Centennial graduates of CHS. Of the 44 graduates of 1936, 28 of them have attended or are attending college at present, making an average of 61 per cent who have enrolled in college. Some of those who have not gone to college are still planning to attend, while others are patiently waiting at home for some swain or damsel to pop the question.  
 The following students went to Draughton's Business College: Mary Lou Fudge, Effie Griffin, J. M. Housouer, Ruth Ferguson, Juanita Boman, George Cook and James Joy went to Tyler Commercial College.  
 Those who attended Texas Tech are John Cogdell, Hazel Todd, Austin Wiggins. Those who attended A & M College are F. L. Bennis, Sam Crews and Banks Campbell.  
 John Tarleton College claimed Peggy Cooper, Tom Ray Roberts, Bob Lilly and Mark Saunders.  
 N. T. S. T. C. got Eva Dale Morrison, Faye and Cecil Ingie, and Mildred McGinnis.  
 The nurses' training school in City-County Hospital in Fort Worth claimed Irma Brown and Lois Evelyn Norris.  
 California received two of the group. Mary Beryl Bell and John Fish have both gone to college there and are now working.  
 Oregon obtained Billy George Dunn where he is now employed. Myrthel Ketchersid attended a beauty school in Abilene. Mary Elizabeth Hughston C. I. A., and Dorothy Pauline McKown Wichita Falls Junior College.  
 Those who are working are Merrill Allee of Montgomery Ward in Denver, Ray Thomas in Rialto Theatre in Crowell and Frank Meason in Kermit.

Those still at home are Florence Collins, Osear Nichols, Prudence Coffey, Neil Patton, Milton Connell, Lillie Mae Edgin and Oliver Brisco.  
 Several have moved away with their parents. Aldon Horn to East Texas and James Stone to Kermit.  
 Martin Owens died at his home in Foard City last summer.  
 Therese Gamble and Helen Hough are now married.

### FLASHES

Ed Gafford is starting off in the traditional manner. He dated Billie Brown on Saturday night.  
 What is the significance of Richard's injured ankle?  
 And there are some romances on the campus that even the News can't keep up with!  
 The unanimous vote for the biggest bore goes to Ray Steele.  
 Gonzales did all right by himself when he dated Helen Harwell.  
 Thelma Moore, what about the boy in Long Beach, Calif., name of Jack? Can't you get away from these Jacks?  
 Flash! Scoop! Gariand Rasberry trifles out Mary Housouer, but only for a while.  
 Virginia Coffey is the latest success of Jim Whitfield's efforts.  
 A. Y. Olds is robbing Grammar School of their pride, Virginia Thomas, concerning Sunday drives.  
 J. S. Owen has been pulling a fast one. He's been dating cute Lois Burns of Margaret.  
 Other romances are: Bernice and Juanita, Johnny and Jenny, Sonny Eddy and Verne Joy, Glendon Russell and Joyce White.

## NATION-WIDE DRIVE IN SALE OF USED CARS IS BEING MADE BY AUTOMOBILE MANUFACTURERS

New York, Feb. 27.—A national drive to sweep the American automobile industry out of the current recession and stimulate American business generally was announced here today by Alvin Macauley, speaking for every American automobile manufacturer and the nation's 46,000 automobile dealers.  
 The campaign, to be known as "National Used Car Exchange Week" and scheduled for March 5 to 12, is an outgrowth of recent conferences at the White House between President Roosevelt and leaders of the automobile industry. Mr. Macauley said. The President has been advised of plans for the campaign, which is the first co-operative effort ever undertaken in which all American automobile manufacturers have taken part.  
 The campaign is timed at the outset of the spring selling season when both new and used cars usually begin to move in greatest volume. Mr. Macauley said. It is aimed primarily at stimulating the disposal of used car stocks now in dealer hands. Once this is accomplished, a substantial increase in car manufacturing schedules and employment of wage earners in the automobile factories is anticipated.  
 To support the campaign, Mr. Macauley announced, the manufacturers will spend \$1,250,000 in newspaper, radio and outdoor advertising and in other promotional channels. Two-thirds of the advertising budget will be spent in newspapers.  
 "The motor car industry," said Mr. Macauley in making the announcement, "is generally credited with showing the way out of the last depression."  
 "Today, the automobile manufacturers, their suppliers, the nation's 46,000 dealers and allied industries are launching a similar drive."  
 So far as the automobile industry is concerned, the most serious barrier to business improvement is the large stock of used cars in dealers' hands, Mr. Macauley pointed out.  
 "Unless these cars can be sold, it is impossible for dealers to handle a normal volume of new-car business," he explained. "This means that factories will be forced to continue on part-time, and thousands of men in the motor car plants and in allied industries must remain either out-of-work or on part-time schedules."  
 The primary purpose of the

### SAFETY SLOGANS

Few things about the home are more dangerous than a broken, wobbly cellar step.  
 The tractor is responsible for one-third of all fatal injuries from machinery.  
 Never start an auto in the garage without the garage door is open unless deliberate suicide is intended.  
 Never stand in a rocking chair. It is taking a foolish, reckless chance.  
 Always watch the fellow driving toward you. You can never tell what he will do.  
 Every vehicle using the highways at night should be lighted. There is no more reason that a farm wagon should not carry a warning light than there is that an automobile should not carry one. Both are vehicles using the highways and both are a menace to the safety of their drivers and the drivers of other vehicles without lights.  
 If your clothing catches fire, don't run. This merely fans the flame. Lie down and roll over slowly. Keep from inhaling the flame.

officers of the civil state; and Christians there have only one wife.

Among wealthy mandarins, only first-rank wives live with their husbands, the second rankers being housed separately and can be visited by such husbands only during the daytime.

## BUY A MODERN CAR NOW—WHILE YOU HAVE MORE TO TRADE AND LESS TO PAY

SEE ANY CAR DEALER DISPLAYING THIS SIGN

### Get there early while the choice is wide—fine cars now offered at rock-bottom prices

This National Used Car Exchange Week gives you a great opportunity to OWN A BETTER CAR for a small investment. Automobile dealers co-operating in this big sale have a fine selection of used cars—and prices are far below those of several months ago.  
 Many are 1937, '36 and '35 models—backed by the finest of dealer guarantees. All have thousands of miles of first-class unused transportation in them.  
 And the "first-class" transportation of these modern cars represents satisfaction which the owners of older cars can hardly imagine. Beautiful, modern styling—a more comfortable ride—more room for you and your luggage—finer,

more powerful engines—better gas mileage—better brakes—bigger tires—dozens of improvements introduced since your old car was built.  
 Now's the time to make the switch, while you have more to trade and less to pay. Your present car may cover the down-payment—balance on easy terms. If you have no car to trade, you can still take advantage of the low down-payments and easy terms during this sale.

## TEXAS DAY

In celebration of Texas Day and of Texas Week, as this week has been designated by Gov. Allred, a patriotic program was held in the High School auditorium Tuesday morning, March 2.

The program opened with the assembly singing "The Eyes of Texas," led by Miss Cora Carter

and accompaniment played by Miss Anne Lee Long.

Mrs. N. J. Roberts made an interesting talk on "The History of the Six Flags of Texas." At the close of her talk she presented a framed copy of flag etiquette to the school.

Mrs. Hubert Brown presented to the student body in the name of the Crowell P. T. A., a beautiful Texas flag which she herself had made. In presenting the flag, she told the significance of the Texas flag, its colors, how they are placed; the star and the meaning of each point of the star. Superintendent I. T. Graves, accepted the flag for the school. The state song "Texas, Our Texas," was sung by the audience as a closing number.

## MILBURN-WASHBURN VOWS TAKEN FEBRUARY 28

Miss Inelia Milburn, daughter of Mr. and Mrs. Walter Milburn, and Mr. Roland Washburn, son of Mr. and Mrs. John Ford, both of Crowell, were united in marriage Feb. 28 at the Baptist Church by Rev. W. B. Fitzgerald. They were accompanied by Mr. and Mrs. Cordie Briscoe and Miss Dorothy Love. The young couple will make their home in Crowell.

## MUSIC CLUB ORGANIZED

A music club for Crowell was organized at the home of Miss Anne Lee Long on Feb. 9, at which time Mrs. Y. H. Babison of Vernon, who is vice president of this district of the State Federation of Music Clubs, was present and assisted with the organization.

Miss Long was elected president, Mrs. Arnold Rucker, vice president, Mrs. Mrs. Wiley Ellis, secretary and treasurer.

A program committee, consisting of Mrs. Alva Spencer, Mrs. Leon Solomon and Mrs. Hub Speck, was appointed to serve during the remainder of the year.

The hostess, assisted by her mother, Mrs. Jim Long, served chicken salad, wafers, plum pudding and coffee to fourteen present.

The music club met at Mrs. R. L. Kincaid's on Wednesday, Feb. 23. During the business session it was decided that the meeting dates should be the second and fourth Tuesdays of each month.

Mrs. Esca Brown and Miss Cora Carter were appointed by the president to serve as a committee to select a name for the organization.

Two beautiful vocal numbers were given by Mrs. A. F. Wright and Miss Geraldine Carter, accompanied by Mrs. Arnold Rucker. They sang "Gold Mine in the Sky" and "Lord, I Want to Be a Christian." Miss Dorothy Winingham played a piano solo, "March of the Tambours."

The hostess served a molded salad, wafers, mince pie with whipped cream and coffee.

The next meeting will be next Tuesday afternoon, March 8, at 4 o'clock at the home of Mrs. A. F. Wright.

## IDLE HOUR CLUB

The Thalia Idle Hour Club met Thursday, Feb. 24, at the home of Mrs. C. C. Lindsey with Mrs. Lindsey serving as hostess.

All enjoyed the afternoon visiting, working and playing games. A delicious plate was served to the following members: Mesdames Lee Cox, Bob Abston, G. A. Shultz, Charlie Wood, Lee Sims, Raymond Grimm, Miss Minnie Wood; one visitor, Miss Hazel Gamble, and the hostess.

The next meeting will be held in the home of Mrs. G. W. Scales March 10.

## BRIDE HONORED WITH SHOWER AND PARTY

Mrs. Roland Washburn, formerly Miss Inelia Milburn, was honored with a lovely miscellaneous shower and party in the home of Mrs. Wade Collins Monday night at eight o'clock.

The guests were being entertained with many interesting games, when the hostess, Mrs. Collins, led the honor guest to a table, where she was presented with many lovely and useful gifts.

Refreshments of cake and fruit were served by the hostess.

## MARGARET 4-H CLUB

Margaret 4-H Club met at the club room in the school building on Friday, Feb. 25. A special musical number, a vocal solo by H. C. Payne, with guitar accompaniment by Estel Burns, was given.

Miss Myrna Holman, home demonstration agent, gave a demonstration on "Feeding and Watering of Baby Chicks." The two most important rules in caring for chicks are: 1. Keep the feeder sanitary; 2. Keep plenty of feed.

Next meeting of the club will be Friday, March 11.

## BOX SUPPER AT THALIA

A box supper, sponsored by the senior class of Thalia High School, will be held at the Thalia High School building Friday night, March 4, at 7:30 o'clock. J. A. Stovall will act as master of ceremonies.

The entire senior class will go to the Fat Stock Show in Fort Worth Friday, March 12, and the money realized from the supper will be used to help pay their expenses.

The public is invited and urged to attend by those in charge of the supper.

## BARGAINS for LADIES

New merchandise is being received daily. A dress for any occasion may be purchased now at most any price one would want to pay. Anything in the spring line may be found here.

## CONGRATULATIONS to New Grammar School Builders.

Milady's Dress Shoppe  
Next Door to Post Office

## Stamps Quartet Will Give Concert Here

The Stamps Quartet of Dallas will give a program in the High School auditorium Friday evening beginning at 7:30 o'clock under the sponsorship of the Crowell P. T. A.

This is an all-star quartet consisting of Frank Stamps and three others who have sung many times over the radio and they have a program that the public will appreciate.

## Grid Training—

(Continued from Page One)

knocks of the game and teaching them the finer points of the game, such as blocking, tackling, punting and passing. After that time scrimmages will start and the boys can put the first week's drills into actual use. After the first week, the time will be divided between scrimmaging and drilling.

**Returning Lettermen and Squadmen**  
The lettermen who are now practicing are Hugh Sallis, Charles Branch, Whitley Mitchell, Jack Bailey, and Charlie Clark. The squadmen are Ed Gafford, Reid Thompson, Murrell Diggs, Leroy Gibson, A. Y. Olds, and Murphy Sallis.

**Rookies**  
The fifteen rookies who reported for workouts are: Jack Fitzgerald, Leonard Smith, Frank Dunn, H. C. Brown, Jimmie Williams, Wayne Cobb, A. G. Simmons, Daniel Briscoe, Bill Russell, Ted Crosnoe, Robert Saunders, Jo Spencer, Johnnie Ray Gray, Fred Ely, and J. C. Rader.

The seven rookies who reported but will not start practice until later are Sam Russell, Gordon Thompson, W. D. Hudgens, Joe Wells, Billy Stevens, James Lee Braswell, and Billie Ownbey.

**Starters**  
The seven starters of the 1937 team who will report for practice at a later date are Raymond Joy, Bernice Fitzgerald, John Lee Orr, Que Meason, Marvin McKown, Wayne Canup, and Oran Johnson.

## Project Show—

(Continued from Page One.)  
every promise of being successful and one of interest to everybody.

The show has been made possible through the cooperation of Crowell merchants and individuals, who have contributed approximately \$100, which will be used in awarding cash prizes, ribbons, and helping to take care of other expenses, according to Mr. Todd, who is a member of the committee in charge of arrangements.

**Judge Selected**  
Frank Wendl, farm agent of Harteman County, has been selected as the judge for the show, and he will pick the first four winners in each of the twenty-six divisions that will make up the show.

The six classes, their divisions and awards are as follows:  
**Special Medal**  
A special medal will be awarded to the FFA boy having the most entries in the show.

**Auction Sale**  
Most of the livestock will be sold at auction Saturday afternoon at 3 o'clock.

**Cattle**  
Baby beef—first place, blue ribbon and \$4.00; second place, red ribbon and \$2.00; third place, white ribbon and \$1.00; fourth place, yellow ribbon.

Dairy calves—first place, blue ribbon and \$2.00; second place, red ribbon and \$1.00; third place, white ribbon and 50c; fourth place, yellow ribbon.

A special medal will be awarded for the best showmanship in this class.

**Swine**  
Hampshire gilts and all other gilts—first place winners in each of the two divisions, blue ribbon and \$2.50; second place, red ribbon and \$1.00; third place, white ribbon and 75 cents; fourth place, yellow ribbon.

Pigs under 100 pounds—first place, blue ribbon and \$1.50; second place, red ribbon and \$1.00; third place, white ribbon and 75 cents; fourth place, yellow ribbon.

Hampshire boar—no competition.

Grand champion of swine division will be awarded 50 cents extra and a special showmanship medal will be given.

**Poultry**  
First place winners of Rhode Island red male, white leghorn male, brown leghorn male and white rock

**SCHOOL CAFETERIA MENU**  
Monday—Stew meat, gravy, spaghetti and cheese, salad and blackberry cobbler.  
Tuesday—Toast dressing, gravy, green beans, banana pudding.  
Wednesday—Steak, gravy, creamed potatoes, salad, caramel pie, rolls.  
Thursday—Liver loaf, apple salad, potatoes, ambrosia cobbler.  
Friday—Meat loaf, tomato sauce, spinach and eggs, cake.

**CARD OF THANKS**  
For the many kindnesses shown us during our recent sorrow, we wish to thank each and every one. We will never forget the thoughtfulness and words of sympathy of our friends in the hour of bereavement. May God bless each one of you is our prayer.

Mrs. Pearl Keesee.  
Mr. and Mrs. William Keesee.  
Mr. and Mrs. Curtis Gardner.  
Mr. and Mrs. Dick Pharr.  
Mr. and Mrs. Morton Keesee.  
Mr. and Mrs. Lee Keesee.  
Mr. and Mrs. Ben Keesee.  
Mr. and Mrs. Joe Keesee, Jr.  
Otha Keesee.  
Ina Vae Cobb.

## Activities of Foard County H. D. Women

(Myrna Holman, Agent)

"I have twelve baby chicks," said Billie Morrison, ten-year-old member told the Margaret 4-H Club. She is the first in the club to get started with her chicks.

Billie reports that her chicks are Rhode Island Reds—a dual purpose chicken. They are now two weeks old. Seventeen eggs were set, thirteen hatched, and twelve of the chicks are strong and healthy.

She is feeding the chicks a grain mixture and clabber. They were kept in the cellar for warmth during some of the cold weather.

**MARGARET H. D. CLUB**  
The Margaret Home Demonstration Club met in the home of Mrs. A. F. Bradford on Friday afternoon, Feb. 25, with one visitor present.

The program subject was "The Table." A special song was rendered by Mrs. Bax Middlebrook.

Next meeting of the club will be held at the home of Mrs. S. Moore Friday afternoon, March 11.

**LIBRARY NOTES**  
There have been eight new novels added to the library this week: "Red Earth," Kathleen Norris; "The Red Box," Rex Stout; "Great Aunt Lavinia," Joseph C. Lincoln; "Blocking Back," Harry Stuhldreher; "Window in Heaven," Margaret Bell Houston; "Fine to Look At," Sophie Kerr; "White Brigade," Edison Marshall. This selection composes a wide range in fiction of mystery, romance, adventure, and "Western."

The library has also added a new magazine, "The Farmer's Wife," which answers the problems of many housewives by giving recipes, up-to-date articles, fashions, and fiction.

**INSTALL ELECTRIC TOASTER**  
Ferguson Bros. drug store installed an electric sandwich toaster in their store last week. It is of the very latest type and a toasted sandwich can be made in one minute, according to H. E. Ferguson.
