Plainview Man Killed Instantly as Car Crashes on Crowell-Thalia Highway Tuesday

FOUR PERSONS RECEIVE ONLY MINOR BRUISES

En Route to Alabama To Attend Funeral Of Relative

Joe Jacobs, tenant farmer, 50, Plainview was killed instantly when his car crashed on the side of the pavement about two or three times west of half a mile west of Thalia Tuesday afternoon at 4 o'clock. Four other persons in the car were injured with only minor bruises and cuts. The car was being driven by Joe Jacobs, 18-year-old son. Other persons in the car were Mrs. Jacobs, her daughter, Guelma, 8, and Mrs. Jacobs brother, Bert Stover, all of Plainview. They were en route to Decatur, Ala., to attend the funeral services of Mrs. Hattie Hampton, sister of Mrs. Jacobs and Bert Stover. The accident happened as their light sedan over-turned on a curve about half a mile west of Thalia on the Crowell-Thalia highway. A hitch-hiker who witnessed the wreck stated the car was sliding at a high speed. Mr. Jacobs' body was brought to Crowell by the Wagon Funeral Home and was taken to Plainview Tuesday night. The body was badly crushed as it was thrown from the automobile and caught under the automobile which was greatly mangled. Mr. Jacobs is survived by his wife, a daughter, Mrs. J. D. Moon, Bescoe, and the following children: Roma Lee 22, Lois 20, Joe Evelyn 12, Bert 10 and Leslie 8.

RESETTLEMENT SAVES THREE FORCED SALES

More Than 300 Acres Other Property Involved

Three farmers of Foard County have been enabled to avoid foreclosure of their property as a result of the settlement of their debt. The settlement of their debt was reached through the aid of the Resettlement Administration. A total of 311 acres of land as well as other property, was involved. Debts amounting to \$3,117 before adjustment were reduced by \$1,096. "One long-time purpose of the Resettlement Administration is to help farmers toward ownership of the land which they operate," said P. Sandifer, chairman of the Resettlement debt adjustment committee. "It is just as important to keep them from losing land which they have already owned as to help them buy new land." He said that the debt adjustment work is largely with all farmers whose financial needs are so small that other agencies do not profit in handling them. (Continued on Page Five)

J. Roberts' Father Dies at Bonham Home Thursday Last Week

W. I. T. Roberts, 79, father of J. Roberts of Crowell, died early Thursday morning, Sept. 24, at his home in Bonham following an illness of about six months. Funeral services were held at the Bonham cemetery. R. J. Roberts was called to Bonham last Wednesday. He was accompanied by Mrs. Roberts. They returned home Tuesday. Mr. Roberts was born in Virginia. His parents moved to Ohio when he was a child and he had resided in this state for many years. His wife died several years ago. The only survivors are one son, J. Roberts, one daughter, Mrs. Grace Roberts, of Bonham and one grandson, Joe Ben Roberts, of Austin. Martin Davall, who had been in charge of the Cicero Smith Lumber Co.'s yard during Mr. Roberts' absence, returned to Fort Worth Wednesday.

FARM SURVEYS FOR NEW PLAN ARE MAILED IN

Land Measurements Taken by Local Farmers

Practically all the "Reports of Performance" of the 1936 Soil Conservation program, the new federal farm plan, in Foard County have been prepared and sent in to the Extension Service at Texas Agricultural and Mechanical College at College Station. The reports contain the official measurements of crop land. The number of acres devoted to cotton, general soil depleting crops, and soil conserving and soil building crops are contained in the reports. The official measurements were made by representatives in Foard County selected by the Extension Service after examining the applicants. Those selected to take the measurements were: Luther Tappin, Floyd Ferguson, Henry Fish, L. L. McKown, Oscar Nichols, David Solis, Royce Cato, Beacher Wisdom, Claude Orr, J. D. Miller, Billy J. Middlebrook and Arlie Cato. These twelve men began taking the measurements of the land devoted to the soil building and conserving program Wednesday, August 25. The county was divided into sections and each of the men were assigned to a section.

Sister of Crowell Man Succumbs at San Angelo Home

Mrs. G. C. Rector of San Angelo, sister of J. A. Wallen of Crowell and Mrs. J. W. Owens of Foard City and daughter of Mr. Foard City and daughter of Mr. Foard City, died at her home Saturday morning. Funeral services were held in San Angelo Sunday afternoon and burial was in the San Angelo cemetery. Mrs. Rector's death came after an extended illness of several months. She underwent a major operation about ten days prior to her death. Mrs. Rector is a former resident of Crowell, living here four or five years before moving to San Angelo about 20 years ago. Mrs. Owens and Mrs. Rector's parents attended the funeral services. She is survived by her husband, Mr. and Mrs. G. W. Wallen of San Angelo, and the following brothers and sisters: J. A. Wallen of Crowell, Mrs. J. W. Owens of Foard City, Mrs. I. E. Huffaker of Denton, W. M. Wallen of near Wichita Falls, and J. F. Wallen of California.

WPA Project Employs 30 Men; Requires Ninety Days

A WPA project to construct a low-water bridge over Good Creek on the road to the Texaco Gasoline Plant in the southwest part of the county was begun Tuesday. Two shifts of government laborers consisting of about 15 men each will be employed in the construction of the bridge which is to be completed in approximately three months. The concrete slab will be 182 feet long, the center of which will be in the creek bed. The project will also include the cutting down of hills leading to the approach of the bridge. The project is under the sponsorship of the county and commissioners J. M. Marr and A. W. Barker. The work lies in both precincts three and four.

High School, Grammar School, Colored School Aided

The National Youth Administration of Texas has approved applications of three schools in Foard County for student aid employment. Lyndon B. Johnson, state director, said. Students assigned to jobs thus provided will receive a maximum monthly wage of \$6 for doing socially desirable work under supervision of local school officials, he said. The state headquarters is examining applications for aid from all schools making application and additional allotments of funds will be announced soon. A pupil wishing to obtain employment under the NYA program should apply to his school principal, Mr. Johnson said. Allotments to the schools were made on the recommendation of a Placement Committee for this county appointed by the county superintendent. Schools for which job allotments in this county have been made are: Crowell Elementary School, Crowell High School, and Crowell Colored Elementary School. Applications from other schools will be approved as soon as they are received.

THIRTY YOUTHS EMPLOYED ON NYA PROJECTS

District Representative H. A. Ziegler of the National Youth Administration spent Saturday in Foard County inspecting NYA projects and conferring with county officials regarding local activities of the Youth Administration. Representative Ziegler stated that Saturday's check revealed a total of 30 boys and girls employed on NYA work projects in this county with a monthly payroll of approximately \$300.00. Representative Ziegler also said that the total funds allotted to Foard County by Lyndon B. Johnson, Texas Director of the NYA, amount to approximately \$1,470.00. These funds are set aside to finance Foard County youth projects until the first of the year. According to State Director Johnson, more than 29,000 youths are employed on NYA jobs in Texas. Of that number approximately 11,000 high school students have been able to remain in school through part-time jobs provided by the NYA. Approximately 6,000 college students have continued their higher education with pay received from NYA jobs. The remaining 12,000 youths, previously unemployed and not in school, are working part-time on more than 350 work projects scattered over the state.

Gordon Cooper Made Continental Oil Agent in Foard Wednesday

After about eleven and one-half years as an employee in the Crowell post office, J. G. Cooper resigned his position as assistant postmaster and was installed yesterday as wholesale agent in Foard County for the Continental Oil Company's oil and gasoline products. He is taking the place of J. F. Powell of Paducah who was the Continental representative in this district until yesterday. Mr. Cooper's resignation as assistant postmaster became effective Friday. He had been employed steadily in the post office since April 1, 1926. He first became a clerk in the post office in 1918, working part time until 1919 under Mrs. Leo Spencer, acting postmaster, who was succeeded soon afterward by Leo Spencer. Mrs. Spencer was acting postmaster, filling the

STOLEN GOODS FOUND ON FARM NEAR TRUSCOTT

Automobile Tires and Tubes, Tractor Tires Found

Loot stolen in recent burglaries in Oklahoma, Spur, Truscott, Memphis and other points in this section was recovered Monday on the farm at Ralph Myers several miles southeast of Truscott by officers from Foard, Knox, Childress, Hall, Baylor and Wilbarger counties. The officers were accompanied by Freeman Albee, 27-year-old former convict, who is held in Vernon on a burglary charge in connection with the robbery of the Western Filling Station at Oklahoma September 21, and who is alleged to have been implicated in other recent burglaries. Ralph Myers was arrested and taken to the Memphis County jail where he is being held. Officers stated he would probably be charged with receiving and concealing stolen property. Property recovered at Truscott and Childress included a motor from an automobile stolen at Truscott recently and found near Rayland, several automobile tires and inner tubes and tractor tires. Among the officers who were at Truscott at the time the property was recovered were: Sheriff Dick Moore of Childress, Sheriff J. N. Colvin of Hall County, Sheriff J. C. Thomas of Foard County, Sheriff C. R. Elliott of Knox County, Sheriff Chas. Shaver of Baylor County, Sheriff J. L. Koonsman of Dickens County, and Sheriff Ed Williams of Wilbarger County.

CCC Calls for 20 Boys From Foard County by Oct. 8

Twenty boys from Foard County are to be sent to Civil Conservation Corps camps on October 8, according to H. E. Thomson, Foard County welfare case worker. Mr. Thomson stated that Foard County's quota was 20 and that applications will be taken by him at the relief office. Those whose applications are accepted will be enrolled at Quannah. If transportation cannot be furnished by the applicant, it will be furnished by Mr. Thomson. Although it is not known where the boys will be stationed, they will be sent to out-of-state camps.

Frank Parsley Goes To Engineering Job With Federal WPA

Frank Parsley, formerly employed in the office of the Foard County Agricultural agent, has resigned and will accept a position in the field of engineering the first of October. Mr. Parsley will be employed by the federal Works Progress Administration with headquarters in Wichita Falls. He is in the engineering department. His family will move to Wichita Falls within a short time. He has been employed in the agent's office here for about two and a half years. Prior to his coming to Crowell, he worked with the Texas Highway Department at Vernon.

BLUE NORTHER BREAKS LONG RAINY SEASON

Total for Year Goes to 17 Inches in Crowell

From Tuesday, September 15, to Sunday, September 27, more rain fell in Foard County than in any period of that length in the county's history, according to the memory of "old-timers" of this section. Since an inch and a half precipitation fell September 15, eleven and one-tenth inches have fallen with only three days up to Monday of this week not receiving as much as half an inch. The two weeks' "rainy spell" turned into a "blue norther" Sunday night which caused overcoats and topcoats and hunters to be brought to light Monday after an unusually hot summer. It was the first norther of the fall which sent the mercury down below 50 degrees.

Temporary relief from one of Foard County's worst droughts in recent history came September 3 when an inch and a half rain fell. The rain also ended temporarily the crisis of Crowell's water supply by placing about five or six weeks' supply of water in the City Lake.

However, it was followed less than two weeks later with the present series of rains which lasted until Sunday. The total rainfall for the month was brought to 13.1 inches, according to the official measurements taken at the Crowell State Bank. The year's total is (Continued on Page Five)

BIRTHS

Births recorded in the office of the justice of the peace since September 23 are: To Mr. and Mrs. Augustus Hancock of Crowell, a daughter, Jane, September 18. To Mr. and Mrs. Murrell Everett Gray of Crowell, a daughter, Martha Louise, September 22. To Mr. and Mrs. Raymond Edens of Crowell, a daughter, Mae, September 22. To Mr. and Mrs. John Wesley Kinsley of Thalia, a son, William Robert, September 22. To Lynn Smith and wife, colored, a son, Lynn Jr., September 13. To Eunice Brigham and wife, colored, a son, Clyde Reese, September 15.

Famous Facts—And Fancy—Had You Heard That—

Texas occupies all of the North American Continent except the small part set aside for the United States, Mexico and Canada. Texas has the only dusty river in the world which is navigable for mud cats and pedestrians. Texas is bounded on the north by thirty or thirty-five states, on the east by all the oceans in the world except the Pacific, and on the south by the Gulf and South America and on the west by the Pacific Ocean, the Milky Way and the sidereal Universe. Texas is so big that the people in Brownsville call the Dallas folks Yankees and the people of El Paso sneer at the citizens of Texarkana as being snobs from the effete East. It is one hundred and fifty miles farther from El Paso to Texarkana than it is from Chicago to New York. Fort Worth is nearer St. Paul, Minn., than it is to Brownsville, Texas. Unless your front gate is 18 miles from your front door you do not belong to society as constituted in Texas. Some Texas landlords have whole mountain ranges and rivers on their ranches and one Texan has forty miles of navigable rivers on his farm. The United States with Texas off would look like a custard pie without the custard. One Texan's gate is one hundred and fifty miles from his front door and he is thinking of moving his house back so that he will not be annoyed by the dust of passing automobiles and peddlers.

Floyd Webb attended the wolf hunt near Quannah this week.

Frank Main, who has been visiting his parents, Mr. and Mrs. R. E. Main here, has returned to his home in New Mexico.

Robert Wisdom and Frank Main were visitors in Mineral Wells a few days last week.

MYERS TELLS HISTORY OF SCREW WORM FLY CONTROL IN STATES

Cases of screw worms in livestock have been known in the United States since 1843, according to Harry S. Myers, district screw worm supervisor, whose headquarters are at Wichita Falls.

The pioneer cattle raisers of Texas recognized the screw worm as a serious pest of livestock, and there are many references made by the early entomologists and veterinarians to it in literature.

One of the first materials recommended for treating cases was calomel, which was placed directly in the wound. Later, the use of chloroform and carbolic ointments was adopted.

None of these substances is now recommended. The U. S. Department of Agriculture, Bureau of Entomology and Plant Quarantine, recommends the present method of treatment and control as the result of research work conducted by Dr. F. C. Bishopp, Entomologist, and his associates of the Division of Insects Affecting Man and Animals.

Other important contributions have been made by entomologists and veterinarians of various state agencies.

In 1916, D. C. Parman, Entomologist of the U. S. Department of Agriculture, Uvalde, Texas, began studies of benzol, the present accepted material for screw worm case treatment.

At the same time he and his associates developed the use of pine tar oil as a wound dressing and fly repellent.

In 1933 a contribution of great importance was made by Emory C. Cushing, Entomologist, of the U. S. Department of Agriculture, when he discovered that there were two species of screw worms that had previously been confused as one species.

The two flies, although almost identical in appearance, are entirely different in habits. One designated as the true screw worm infests only wounds of living animals.

The second species, called the secondary invader, breeds in carcasses and decaying flesh. This discovery placed emphasis upon controlling infested wounds in living animals, thereby reducing the population of true screw worm flies, and upon preventing wounds in domestic animals and livestock.

From time to time outbreaks of screw worms have occurred outside the territory normally infested by the fly—in Louisiana, Mississippi, Tennessee, Kansas and other states.

In 1935 a serious infestation occurred in Georgia, Florida and other southern states. The forces of the Bureau of Entomology and Plant Quarantine were immediately centered in that section and an extensive control campaign was begun.

This control campaign was successful and the losses from screw worms in that area were greatly reduced.

At the present time the U. S. Department of Agriculture personnel working on the control of

screw worms is directed from San Antonio, Texas. The problem is being approached through the use of proper animal husbandry practices and proper materials for treating cases. You can assist in this campaign by giving records of screw worm cases in your livestock to your local county agent or to the district screw worm supervisor, who will be glad to give you any information you desire concerning screw worm control.

SAFETY SLOGANS

Never be in a hurry to move an injured person until the extent and nature of the injury is known. A splintered bone may sever an artery or vital organ. Only when there is serious bleeding or stoppage of breathing is there need for hurry.

Never give an unconscious person water or liquid, as he is not capable of swallowing it. Keep an injured person warm. It will help alleviate shock. Keep an injured person lying down. Do not walk him around or make him sit up.

If you are in charge of an injured person endeavor to keep him cheered up. The realization of his injury may depress him greatly.

PUBLIC HEALTH MEET TO BE HELD IN KILGORE

Austin.—Dr. Reginald M. Atwater, Executive Secretary, and Dr. James Wallace, Field Director of Health Conservation, of the American Public Health Association, are among the speakers scheduled to appear on the program at the annual meeting of the Texas Public Health Association at Kilgore on October 14, 15 and 16.

John W. Brown, State Health Officer and Chairman of the program committee, Sessions of the public health association and allied organization will be held at the Kilgore Hotel. There will be a general session on each of the three days, while a special Milk Section will meet October 15. A Laboratory Section meeting will be held October 13, prior to the opening of the main meeting.

Invitations are being sent out to health officers, sanitarians, nurses, laboratory workers, city and county officials, and all other public health workers, to attend the meeting. Local committees have been working for months perfecting arrangements. Entertainment will include a dance at the Country Club for the nurses, a motorcade through the East Texas oil fields, lunch at the city park, open house at Meadowbrook Golf Club, floor show at the air-

BALLARD FEED & PRODUCE

One of the greatest tragedies of the drouth is the forest fires that have swept thousands of acres of timber.

The five-year average wheat yield of the world is 5,093,744,000 bushels. The 1936 yield is 4,639,720,000 bushels.

FRANKLIN USED GLASSES; "NEAR," "FAR," HIS IDEA

It was Benjamin Franklin in the 1780s who gave the first stimulus to spectacle-making in this country...

Even though we were at the mercy of foreign manufacturers our little shops did their best to supply our eye needs.

CARP IS NATIVE OF CHINA; ONCE SERVED TO PRINCESS

The carp is an Asiatic fish related to the catfish, introduced into England in the beginning of the Seventeenth century.

The carp, according to a writer in the Indianapolis News, prefers still waters with a soft muddy bottom in which it buries itself in winter.

The common carp in the United States is abundant in many streams, but is not much esteemed for food.

Recent tests made for the Texas Planning Board's land use committee show that beef cattle can be finished for market in Texas just as well as they can be finished in the famous mid-west finishing areas.

OFFICIAL WAR IN CLASS B TO START FRIDAY

Burk to Iowa Park and Throckmorton to Chillicothe

War will be officially declared in class B grid circles Friday as the Burk Burnett Bulldogs send a highly-touted eleven to meet the Iowa Park Hawks and the Chillicothe Eagles...

Crowell, Archer City and Seymour each have scheduled non-conference tilts this week-end before joining the ranks of the warring Bulldogs, Eagles, Greyhounds and Hawks next week.

One of the crucial games of the season will be staged at the Hawk's nest when Iowa Park meets Burk Burnett. The Bulldogs, doped as the strongest in the conference will be meeting an eleven well equipped with experience.

The game will be the opener for the Hawks as their tilt with Henrietta last Friday was cancelled because of rain.

If fate runs true to the predictions of the seers, Chillicothe should take the Throckmorton lads by a none-too-heavy score when the racers visit the Eagles.

The Chillicothe Flock was idle last week-end because of rain in their own nest where they were due to entertain the Eldorado, Okla., squadron.

The Crowell Wildcats venture again into foreign territory Friday to tackle the Paducah gridmen in a non-conference fray.

Archer City will have their hands full entertaining the class B squad of Wichita Falls. It is a non-conference tussle.

Aggie-Cowboys-

(Continued from Page One)

the fray Dick twice crossed pay-dirt with the pigskin. Todd, Manning and Nesrta, reliable Aggie backs, lived up to expectations in the fall opener and scored frequently despite the loss of prospective all-American 230 tackle "Bomber" Lindsey.

The Aggie aggregation has been given the Southwest Conference 1936 championship by many coaches, sport writers and dopsters of this section to automatically rate them above the Abilene crew by three or four touchdowns.

Ticket Sales Ticket sales in Crowell had reached a total of approximately 290 Tuesday when they were taken to Wichita Falls.

An entire section of 300 seats near the middle of the east side of the stadium was reserved for Crowell. The Crowell tickets are on the A. & M. side of the field.

There are still approximately 30 tickets for reserve seats in the Crowell section of Coyote stadium on sale at M. & S. Chevrolet Company, according to Clarence Self, chairman of the sales committee here.

As added attractions the Hardin-Simmons University Cowboy band, internationally famous, and Cowgirls, a colorful pep squad, will be on the field at the intermission. They will also parade in Wichita Falls Saturday morning.

Wildcat-Indian Tilt Cancelled; Quannah Has No Open Dates

The football game between the Crowell High School Wildcats and the Quannah High School Indians scheduled for play at Quannah Friday night was cancelled because of wet grounds and rain.

WOLF HUNTS ATTENDED BY FOARD FANS

Enthusiasts Greeted With Conveniences In "Tent City"

Wolf hunters, after getting off to a late start at Quannah in their annual outing because of inclement weather conditions, decided to extend the hunt through Thursday so as to get in three full days' hunting.

Many Crowell and Foard County hunting fans followed the hounds during their chases which netted a large number of coyotes.

The hunt opened Tuesday morning after being delayed a day. The dogs were scheduled to be called out for the last time this morning.

Dr. V. C. Tisdal of Elk City, Okla., was re-elected president of the Texas-Oklahoma Wolf Hunters' Association at the Tuesday afternoon meeting.

Several coyotes were caught Tuesday morning to bring the total to twelve, five having been caught Monday night in the preliminary races.

The hunters were greeted this year with a "Tent City" which afforded modern accommodations. There were two streets with provisions for sanitation and convenience.

GUY TODD IS STAR IN TILT IN CALIFORNIA

31-Yard Run Puts Gray Hair in Head of Enemy Coach

Guy Todd of Crowell, former football star on the Crowell High School team who is now playing at St. Mary's University at San Antonio, was one of the outstanding players in the game between St. Mary's and San Francisco Sunday, Sept. 20.

Running 31 yards on the first play of the second half for the longest run of the day, Guy "Pop" Todd, the San Antonio Light said, "but more gray hairs on Coach Spud Lewis of the Dons than any other one play of the game. Pop had passed everyone but the safety man when he was tackled."

The California team which was doped to take the Rattlers by 40 points was held to a 6-6 tie, largely by the ball carrying of the ex-Crowell lad. He plunged the line, circled his ends and returned kick-offs and punts for many gains.

Within the last half dozen plays of the game Todd "rolled around" left end for a first down on the Don 41. It was a 17-yard gain. Todd hit tackle for three, Todd on another end run went six more. Todd's pass bounced into the arms of Buchanan on the Don 11.

Wildcats-Dragons-

(Continued from Page One)

Dragons when they play the last of their practice games in the lighted Paducah stadium Friday night.

Glen Don Reeder, who has been out of the line-up since the first scrimmage game with the Vernon squad, will be the starting center, according to present indications, against the Dragons when they attempt to defend their honor on their own field tomorrow.

Three enemy backs are seasoned Dragons. Hindman, last year's fullback, has taken over signal barking duties and general managing at quarterback in the absence of Combest, now a "has-been." Blythe, another back of the 1935 team, has been shifted to the fullback slot; and Boon, formerly a Dragon guard, has been promoted to left half for Spearman's machine in the capacity of blocking back.

Craig, veteran guard, is still holding down the post for the

fiery 1936 Dragons, and Irons, experienced tackle is now the pivot man, to add seasoning to the forward wall.

Little Que Meason, Crowell rookie, is slated to receive the call at right half in the starting eleven and has been showing promise working with John Lee Orr at left half in the drills this week and last. Richard Vecera, who has seen service already this year in the backfield and in the line at guard and center, may be shifted to left end in tomorrow's fray if Eddy's shoulder is not improved by then.

Marvin McKown, prospective backfield aspirant who injured his hand in the first of the pre-season workouts, joined the squad this week to participate in the drills, but will not be in Friday's game. He is a hefty 160-pound back who is labeled to fill the shoes of his older brother, Paul, last year's Wildcat sensational fullback who was an all-district man.

Last week's game was the first

official tussle for the Dragons under their new tutor, Spearman, former coach at Olney and all-Southwest Conference half back for Texas Christian University.

Table with Probable Starters, listing names and positions like Crowell (Position), Eddy (Left End), Shook (Left Tackle), etc.

"Earthworm Tractors" and "Texas Rangers" Headline Entertainment

Joe E. Brown in "Earthworm Tractors" plays at the Vernon Theatre Friday and Saturday. On the same program with this film is an all comedy show headed by Bob Burns in "Rooftops of Manhattan" and last but not least Mickey Mouse and Donald Duck in "Alpine Climbers" their latest all color cartoon comedy. For the midnight show Saturday and Sunday, Monday, Tuesday and Wednesday "The Texas Rangers" will be shown. In the cast are Fred MacMurray, Jack Oakie, Jean Parker, Lloyd Nolan and Benjie Bartlett. All children 12 years of age and under will be admitted free to see this picture, the only requirement being that he or she bring the tops from two Kellogg Corn Flakes boxes which will be accepted in lieu of 10c. In the above two pictures we see Joe E. Brown and June Travis in a scene from "Earthworm Tractors" and the lovely Jean Parker, feminine interest in "The Texas Rangers."

sons in the state to lose their homes and property and caused warnings which have sent many to seek safety. Two thousand homeless persons are reported at Waco and martial law prevails as national guardsmen are patrolling the area in motorboats. Residents near Cameron have been warned of rises in the Brazos and Little rivers. Residents at Temple have been issued the same warning by Brazos River officials. At Lampasas business houses in parts of the city were in two to eight feet of water in the worst flood of that district in 63 years. Monday the Llano River had risen 26 feet and traffic from Llano was cut off in all directions.

Study Course at Truscott Started; Meets on Tuesdays

The study course being held by the Truscott Women's Missionary Society has got under way with the second meeting Tuesday, September 29. The first meeting was held Tuesday of last week. The course is based on "A Preface to Racial Understanding" by Chas. S. Johnson. The second of six meetings was held this Tuesday with the discussion of two chapters, "The Negro Worker" and "Social Factors in Negro Life."

In these lessons we hope to learn more of the Negro as he works in agriculture, factories and for the government; we hope to learn better how to help him with his problems of health, housing and family life," Mrs. M. W. Clark, who is active in the course, said.

Resettlement—

(Continued from Page One)

or where the debt is so large, in proportion to the value of the property, that other financing agencies consider it unsafe. The Resettlement Administration makes no loans for paying delinquent taxes, interest or principal, but through committees of local volunteer workers brings about agreements between the debtor and creditors for reducing or extending the indebtedness to such an extent that the debtor has a reasonable opportunity of paying it off. Assistance is rendered in re-financing the debt, through the Farm Credit Administration or other public or private lending agencies.

Although it can make no loans for payments on land or taxes, the Resettlement Administration is authorized to make loans for purchase of teams, tools, and supplies. Such loans were made in many of the cases adjusted during the year. Unsettled cases pending September 1 totalled 0.

Members of the debt adjustment committee for Foard County are: C. P. Sandifer, Crowell; H. C. Brown, Crowell, and C. E. Gafford, Crowell.

PRICE CHANGE

The price of a "Family Wash" in the ad of Nu-Way Steam Laundry should be 12 cents per lb. instead of 8c per lb. as it now reads in the ad on page 3. The change in the price was ordered after this section of the paper had already been printed.

We have a bargain in a used battery radio.—M. S. Henry & Co.

Blue Norther—

(Continued from Page One)

now 16.99 inches.

When and How Much Rains recorded for September are:

Date	No. Inches
Sept. 3	1.50
Sept. 15	1.97
Sept. 16	2.00
Sept. 17	.85
Sept. 18	.75
Sept. 19	2.00
Sept. 21	.70
Sept. 24	.48
Sept. 25	1.10
Sept. 27	1.20
Total	13.10

The most rain to fall within 24 hours in Crowell came September 15 and 16 with a precipitation of 9.97 inches to inaugurate the rains.

Of Much Benefit

The rains, falling slowly and steadily for the most part have been and will be of inestimable aid to Crowell and Foard County in many ways.

Crowell, besieged throughout the summer months with the problem of securing water, is now assured of an indefinite supply of water as the City Lake, recently improved to hold more than twice its initial capacity, was filled during the rains and the water ran over the spillway Friday, September 18.

Rains, compared to those received in the fall of 1918, the year preceding Foard County's greatest wheat harvest, indicate that the moisture received this fall may be of value in producing another such crop in 1937, farmers of the county predict.

The rains have also placed adequate moisture in the ground to allow wheat sowing for winter pasture. Sowing will begin as soon as the land dries to the extent that it can be plowed or sowed.

Wheat pastures for stock will be of much aid to farmers and stockmen because of a lax feed crop caused by drought conditions.

Rains in other sections of the state and floods caused by torrential rains have caused many per-

SETS WORLD RECORD

A typical leatherneck in appearance is Marine Gunner Henry P. Crowe of Lincoln, Ill., who is pictured after he had set a new world's marksmanship record at Camp Perry, Ohio, outshooting 1,370 of the best riflemen in the United States. Gunner Crowe scored a possible 100 to win the famous Wimbledon trophy, competition for which is fired over a 1,000 yard range.

sets in your mouth shut many War was desired for a pri-

There are many countries in the world today where lifeguards are unknown. The government takes the attitude that if people are foolish enough to get drowned, it is their own fault, and they must pay the consequences.

But not our country—the safest in the world. The government, in thousands of ways is constantly watching public interest, so that your life, and that of your family, may be safer, freer, happier.

Hand in hand with the Federal government is our bank—operating with it at all times so that your financial troubles may be perfectly secure at all times.

Like the lifeguard, far above the throng, we can see from our large experience, the financial experiences of the average family in a sane and sensible light. Come in and advise with us about the problems!

UNIQUE CLOCK TELLS ALL

An extraordinary clock given by Queen Liliuokalani to a church in 1890 recalled days when Hawaii was a monarchy rather than an integral part of the United States. Liliuokalani was the last royal ruler of the islands. The royal gift is a round wall clock, 32 inches in diameter, says a Pan-Pacific Press Bureau. Figures around the outside of the 24-inch dial are numbered 1 to 31; telling the day of the month. An eight-inch dial above the center tells the hours and minutes, but instead of the numerals the 12 letters in the queen's name record the hours. Another dial gives the phases of the moon. A still smaller dial indicates years and leap years. The complete device is operated by a single spring.

CHURCHES

Christian Science Church
Sunday School at 10 a. m.
Sunday services at 11 a. m.
Wednesday evening services at 8 o'clock.
Sunday, October 4, 1936. Subject: "Unreality."
The public is cordially invited.

East Side Church of Christ
Bible study will be held at the East Side Church of Christ Sunday morning at 10 o'clock. Elder T. H. Bass of Midland will preach at 11 o'clock. He will preach at the Thalia Church of Christ at the evening service.

Methodist Church
One month until conference and the changes that this will make our church personnel. The pastor would like to see you make an extra effort to be in your place of worship or service for one more month that we may close out the year and also quadrennium with no regrets. Regular monthly stewards' meeting Tuesday at 7. Church services will be held at 7 in the evening from now on, and prayer meeting at the same hour. We need to rally to the support of the Sunday School for the first Sunday of the Educational Year. Promotions were made Sunday for those present. Leagues will begin their new organizations also.

GEO. E. TURRENTINE.

Christian Science Services
"Unreality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist on Sunday, October 4.
The Golden Text is: "Vanity of vanities, saith the Preacher, vanity of vanities; all is vanity" (Ecclesiastes 1:2).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Ye shall walk in all the ways which the Lord your God hath commanded you, that ye may live, and that ye may be well with you, and that ye may prolong your days in the land which ye shall possess" (Deuteronomy 5:33).

The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Man, governed by immortal Mind, is always beautiful and grand. Each succeeding year unfolds wisdom, beauty, and holiness. Life is eternal. Let us then shape our views of existence into loveliness, freshness, and continuity, rather than into age and blight" (page 246).

Two Minute Sermon

(By Thomas Hastwell)

This One Thing I Do: To me the most remarkable New Testament character, except the Christ, is the Apostle Paul. There are many lessons that every man can learn from his life and teachings, lessons that he can take into every day living and of which he can make practical application. One of the most inspiring of these lessons is to be found in the 13th verse of the third chapter of Paul's letter to the Philippians, which reads: "Brethren, I count not myself to have apprehended; but this one thing I do,

ment, etc., of the aforesaid publication for the date shown in the caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse side of this form to-wit: That the name and address of the publisher, editor, managing editor and business manager is: T. B. Klepper, whose address is Crowell, Texas; that the known bondholders, owners or holding one per cent or more of the total amount of bonds, mortgages, or other securities are, G. M. Thacker, Crowell, Texas, and the Mergenthaler Linotype Co., Brooklyn, N. Y.

T. B. KLEPPER,
Sworn to and subscribed before me this 26th day of September, 1935.
LEO SPENCER,
Notary Public.

Early Postage Rates
As late as the '40s postage on a letter delivered was 12 1/2 cents. It was not until 1850 that postage was reduced to 5 cents, then to 3 cents, and then to 2 cents, and letters and packages were gauged by weight. About this time the use of envelopes became legal, the practice previously being to fold the stationery.

Charter Grants in Texas Increase in August Over July

Austin.—New charters granted to Texas corporations during August were only slightly greater in number than those of the preceding month last year, but the capitalization of these firms was sharply above both comparable periods, the University of Texas Bureau of Business Research has reported. The records of the office of Secretary of State show 132 new charters granted, against 131 in August last year and 128 in July. Contributing to the increase in total capitalization was the fact that there were four firms with capital of more than \$100,000 in August compared with only three in July and two in August last year, the Bureau pointed out.

Groups showing an increase in the number of new charters granted were manufacturing, merchandising, and public service.

Department Store Dollars Sales Show Increase in August

Austin.—Dollar sales of Texas department stores during August showed substantial gains over the corresponding month last year and a moderate seasonal increase over the preceding month, the University of Texas Bureau of Business Research has announced.

Reports from 87 representative Texas establishments indicate an increase in sales of 16.8 per cent over August, 1935, and 7.6 per cent over July of the current year. Sales for the year to date were 16.1 per cent greater than for the like period last year.

Cities having gains in sales above the State average in comparison both with August a year ago and the first eight months of the year included Abilene, Corsicana, Dallas, Lubbock and San Antonio.

THOUGHTS OF SERIOUS MOMENTS

Riches take wings, comforts vanish, hope withers away, but love stays with us—love is God.—Lew Wallace.

The final test of religious faith is to live it.—Charles Reynolds Broun.

A generous nature is not prone to strong aversions, and is slow to admit them even dispassionately.—Dickens.

Certain thoughts are prayers. There are moments when, whatever be the attitude of the body, the soul is on its knees.—Victor Hugo.

The Midland Bank of London is the largest bank in the world. Its deposits are \$2,071,618,727. The largest bank in the United States is the Federal Reserve Bank of New York, which has deposits of \$1,909,752,000.

Brief Bits of News From Here and There

The Post Office Department has issued a special three cent postage stamp in honor of Susan B. Anthony and bearing her likeness, to commemorate the sixteenth anniversary of the ratification of the Nineteenth amendment to the Constitution granting suffrage to women.

Some time during the next month the United States treasury will transfer some \$10,600,000,000 in gold bullion from its vaults in New York, Washington and Philadelphia to its new vaults at Fort Knox in Kentucky. The purpose is to further remove the gold from the Atlantic seaboard to a point where it would be less accessible to alien raiders. The gold to be stored at Fort Knox represents approximately one-half of the gold of the world.

The war in Spain is now about two months old. General terms applied to the two factions are: Rebels and Federalists. The rebels consist of fascists, monarchists and soldiers. The Federal forces consist of liberals, socialists, communists and anarchists. The rebel leaders desire a military dictatorship similar to that of Italy and all property returned to the old owners, some of whom are feudal lords. If the rebels are victorious it is the plan to hold a plebiscite to determine the sentiment of the

INTERESTING FACTS OF THIS AND THAT

When the English ship, Queen Mary, made her initial trip to America visitors on board the ship, while she was docked in New York Harbor, stripped the boat of everything that could be removed as souvenirs.

According to the bureau of advertising of the American Newspaper Publishers Association, newspapers received during 1935 over 58 per cent of the national advertising for the year. Magazines received 26 per cent and chain broadcasts 15 per cent.

Thirty-two states have met the Federal requirements that entitle them to Federal aid in old age pensions.

There are only two cities in the world that have more telephones per 100 population than Stockholm, Sweden. They are Washington, D. C., and San Francisco.

New York City has more telephones than all of France.

Four tons of paper money are turned out each day by the mint at Washington.

The life of a dollar bill while in circulation is estimated at from six to eight months.

HOUSEHOLD HINTS

You can keep cheese fresh, moist and free from mold by wrapping it in cheesecloth which has been dipped in vinegar and wrung dry. With this precaution cheese will keep fresh for weeks.

An excellent topping for baked apples can be made by mixing honey and whipped cream.

If you cut a pattern for quilt blocks from fine sandpaper instead of ordinary paper, you will find it will not slip. Moreover, it need not be pinned in place.

Your Horoscope

September 28, 29, 30. — You have no patience with pretenses or shams. You love your home and think there is no people like your own, especially your parents. You are fearless, bold, determined, and overcome all obstacles, having perfect faith in your own abilities. You consider yourself equal to anything.

October 1, 2.—You generally have a very sunny and happy disposition. You are demonstrative in your affections and want love in return. You are very shrewd in business but always honest and reliable. You are affectionate, sensitive, strongly intuitive, and your home is your kingdom.

October 3, 4.—You are methodical, with the faculty of making your abilities pay. You are a good trader, but always fair in your dealings. You are honest, shrewd, conscientious, careful in money matters, want to pay all you owe and want all you earn. You are a very interesting talker because you understand what you are talking about.

Co-Laborers Honor Mrs. Eli Smith With Handkerchief Shower

The Co-Laborers' Sunday School class of the Methodist Church met in regular monthly meeting with a covered dish dinner at the home of Mrs. Clint White on last Wednesday with Mrs. White, Mrs. J. E. Harwell, Mrs. Grover Cole and Mrs. W. H. Bell as co-hostesses. In the forenoon Mrs. Frank Fleisher, class president, conducted the business session. A delicious dinner was served at the noon hour. Mrs. Allen Sanders was leader of the afternoon's session. The subject was "Making the Most of Sundays." She was assisted by Mrs. A. Y. Beverly and Mrs. Roy Todd. A feature of this meeting was a compliment to Mrs. Eli Smith, who left Thursday for Chillicothe to make her home. Mrs. Smith has been a valuable member of the class. Mrs. Jeff Bruce, teacher of the class, presented her, in appropriate words, with a shower of beautiful handkerchiefs. Guests, other than members, were Mrs. Herbert Edwards and Mrs. Claude McLaughlin.

Thalia Idle Hour Club Holds Meet Thursday Afternoon in Crowell

Mrs. Fred Dennis was hostess to the Idle Hour Club in her home in Crowell Thursday afternoon. A very pleasant hour was spent in doing fancy work, after which a business meeting was held with Mrs. Stovall presiding in the absence of the president and vice president. The resignations of Mrs. Dennis and Mrs. Lewis Webb were accepted with regrets and Mrs. John W. Wright was elected as a new member. A lovely refreshment plate was served to the following members: Mrs. Lee Sims, Mrs. G. W. Scales, Mrs. T. H. Matthews, Miss Minnie Wood, Mrs. Bob Abston, Mrs. W. L. Cox, Mrs. Royce Cato, Mrs. J. A. Stovall, Mrs. C. H. Wood, Mrs. Raymond Grimm and the hostess, Mrs. Dennis. The next meeting will be with Mrs. Raymond Grimm Oct. 8 in the home of her mother-in-law, Mrs. O. M. Grimm.

Speer's Store Opens Sale Tomorrow at 8

An eight-day sale starting tomorrow (Friday) at 8 a. m., will be held at the local Speer's 5c to \$5.00 Stores. It will end Saturday night, October 12. Dick Speer, sales promoter for the company, arrived Wednesday to assist in the opening of the sale. He will remain here until Saturday night of this week. The Crowell store is under the management of Leon Speer. The company has stores at Floydada, Spur, Crowell and Abilene.

WEST SIDE H. D. CLUB

"How much do you really know about your table manners? Then off with the old and on with the new way," was illustrated in a lovely demonstration by Mrs. Walter Thomson, assisted by Mrs. Donald Norris and Mrs. Marion Crowell, to the West Side Club Sept. 23, at the home of Mrs. Thomson. Fashion's newest table etiquette was given by the program assistants on "Serving the Meal." Mrs. Mason Brown and Mr. Mae Brown were visitors. Each member is requested to bring one dish of vegetables for serving at the next meeting, Oct. 14, to be held at the home of Mrs. E. L. Ribble.

LIBRARY NEWS

The life stories of two men who have gained fame in their different fields of work were recent additions to the library. One is a rancher, the other a druggist. "Charles Goodnight" is written

Industrial Machine Gets Into Full Sway With Coming of Fall

Labor Day marked the end of summer and the beginning of fall, from the industrial standpoint. In an ordinary year, manufacturers speed up production after the seasonal summer drop, retailers build up inventories and the industrial machine swings into high gear after a few months of idling. Some recent reports follow, taken from various authoritative sources:

Automobiles—Production has dropped sharply, due to preparation for new models. Production will be high during the next few months, may reach record figures. There have been no major changes in the automobile field, and new cars will not be much different from 1934 models save in details. Important development is a Packard entry in the low-medium price field where competition is keenest. Commercial car makers expect to sell 600,000 units this year, which will surpass 1929.

Steel—This basic industry is holding up extremely well, is operating at around 70 per cent of capacity with gains forecast for the immediate future. Steel prices likely are being revised upward by most big mills.

Textiles—This is another basic industry which is holding to high levels, will continue to better production and sales figures. The cotton mills are exceptionally active.

Utilities—Electric power consumption has surprised everyone—it is commonly said that surplus production capacity, on the average, may get too low this fall and result in big construction activities by the power companies. The private utilities, as well as the government, are giving much thought and effort to speeding rural electrification developments. The rate level continues to gradually decline.

Railroads—Some lines are faced with the prospect of equipment shortage, due to stimulated freight business. Upshot is that rolling stock buying is on a high level, will probably jump sharply soon. The railroad profits are better than in any recent year, but still average less than 3 per cent after payment of fixed charges.

Air Transport—Is establishing new records, according to Business Week—for the first time in the industry's history, passengers carried exceeded 100,000 in July.

Employment—All surveys show that the unemployed rolls are decreasing, but slowly. And it is a sad but true fact that the rise in industrial production has not been accompanied by an equivalent percentage rise in workers employed. One interesting result of this is found in the political platforms. When the President started Federal relief for the unemployed, Republican spokesmen were biting in denunciation. Now Republican leaders, including Governor Landon, favor it, though they criticize New Deal methods.

APPOINTED LOCAL AGENT FOR MID-CONTINENT

C. W. Thompson has been appointed agent in Crowell and Foard County for the Mid-Continent Life Insurance Co. of Oklahoma City, according to announcement made here yesterday by W. C. McKown, manager of the district office in Wichita Falls, and C. W. Aitken, field supervisor of Oklahoma City. Mr. McKown and Mr. Aitken were here on business for the company Tuesday afternoon and Wednesday morning.

Fred Dennis Buys Station Owned by Bursy Thursday

The Magnolia retail service station on the northeast corner of the square on the Crowell-Vernon highway is now under the management of Fred Dennis who purchased the stock, fixtures and equipment from Howard Bursy Thursday, September 24.

The station will handle Magnolia Petroleum Company's products and will continue its operation under the name of "Quick Service Station." Mr. Dennis is renting the building from George Hinds who has it leased from John Roberts.

Frank Meason is employed by Mr. Dennis in the operation of the station.

Ceremonies Held for Ground Breaking for West Texas Museum

Lubbock.—Members of the West Texas Museum association and officials of Texas Technological College participated in ground breaking ceremonies for the museum building on Texas Tech campus Wednesday morning.

W. G. McMillan, who this month completed a new stadium at Mataro field, was recently awarded the building contract, and last week the City of Lubbock released a building permit for the structure.

Only the ground floor of the proposed three will be constructed this year. The structure is to be of bricks similar to those in other Texas Tech buildings, and it is to be trimmed in cast stone.

Deadline for Wheat Seed Loans Moved Up Until October 15

A second extension of the deadline for obtaining seed wheat loans through the emergency crop and feed loan section of the Farm Credit Administration has been announced by C. Hogan, field supervisor for the agency.

The new deadline has been set at Tuesday, October 15. Applications for loans may be made to Miss Alma Walker at the office of the county attorney.

Loans will not be made to farmers unless they are unable to borrow money anywhere else, Mr. Hogan said. They must not have borrowed from any other government agency to be qualified for the loans.

The maximum amount of loans is \$400. It was first set at \$200, but was raised. The former rates were \$2 per acre up to 100 acres, but the present rates are \$2 per acre with a maximum of 200 acres.

Louis H. Swan Joins United States Army; Sent to Fort Warren

Louis Swan of Foard County has enlisted in the United States Army for service in the Infantry at Ft. F. E. Warren, Wyoming, and has been forwarded to that station for duty, according to information received this week from Col. L. S. Ryan, recruiting officer at Oklahoma City.

The recruiting officer also stated there are a few vacancies for young men who are ambitious, between the age of 18 and 35 years and of good standing in the communities where they reside.

October 1 Marks Beginning of New Tax Paying Season

Today, October 1, marks the beginning of another tax paying season, with the city, county, state and school tax rolls complete and the tax collectors prepared to accept taxes, according to the various officials in charge.

County and state taxes are payable at the office of the county tax assessor-collector, R. J. Thompson, in charge of the collection of the city taxes with his office on the second floor of the City Hall. L. A. Andrews is secretary for the school board of trustees and is in charge of collections with headquarters in the basement of the court house.

ROTARY CLUB LUNCHEON

Misses Jim Lois Gafford and Margaret Long were the main speakers at the regular luncheon held in O'Connell's Lunch Room Wednesday at noon. They used as their subject the work and needs of the Girl Scouts.

W. F. Kirkpatrick was in charge of the program and after a short talk introduced the guest speakers.

Hubert Brown was chosen as vice president of the organization to fill the vacancy left by R. D. Oswald. Esca Brown was elected as a director in the vacancy left by Eli Smith.

T. S. Haney, a new member of the club, attended his first meeting Wednesday. The club held its first luncheon in O'Connell's Lunch Room since moving their meeting place from the Premier Hotel.

Inquire at News Office for bargain prices on subscriptions and clubbing offers.

Rains Have Caused Graves to Sink; Call For Contributions

The recent heavy rains have caused much damage at the Crowell Cemetery, according to an announcement made Wednesday morning by Mrs. N. J. Roberts, president of the Cemetery Association. Over seventy-five graves have fallen in which has made it necessary to re-employ the sexton. It will also be necessary to have several trucks of dirt hauled to the cemetery to be used in repairing these graves.

Mrs. Roberts further stated, "this makes an unexpected and heavy strain on our already depleted funds and we are urging those who are interested and anxious in seeing this work hurriedly put the cemetery back in good shape to contribute any small amount to the cause."

Send your contributions to Leo Black, treasurer, at the Crowell State Bank, or to Mrs. N. J. Roberts, president of the association.

WORKS AT WRIGHT CLEANERS

Murray Reeder of Lubbock arrived in Crowell Thursday of last week to begin working at the Wright Cleaners.

Mr. Reeder was formerly employed in the tailoring and cleaning business in Lubbock before moving to Crowell. Mrs. Reeder plans to move to Crowell to join her husband within the next few days.
