## ROOSEVELT AND GARNER ARE RE-ELECTED

### Five of Six Proposed Amendments to State Constitution Get Approval of Texas Voters

#### FOUNDATION OF NEW SCHOOL TO BE LAID SOON

#### Project Approved By WPA Headquarters At San Antonio

The Works Progress Administration project which calls for the foundation of the grammar school building has been approved, according to official notice received this week by dependent I. T. Graves. The project calls for the laying of the foundation, the plumbing of the building, the walls up to the windows. According to the notice received this week, the new project is to begin the force to be employed in the construction of the new building will be enlarged. Several more men will be added to the crew now employed in razing the old building and salvaging the material used in the construction of the new building. However, the men who will be those eligible for employment on the WPA rolls who are not yet been assigned to any projects. Other government building projects in the county will (Continued on Page Four)

#### WILDCATS IDLE THIS WEEK AS INJURIES HEAL

#### Prepare Defense for Clash With Orr's Seymour Lads

The Crowell High School Wildcat eleven is content to remain aloof from conference warfare this week-end. Coach Graves following his lads a free rein in this week's rehearsals for several weeks. Little left half Johnny Orr is nursing an injured hand which has kept him from his best since early in the season. It has been a severe handicap to him in pass snaring, mail carrying and (Continued on Page Four)

#### Famous Facts—And Fancy—Had You Heard That—

The state bird of Texas is the mockingbird. Cattle have stood up to their knees in the Pecos River and bawled for water. The Pecos River is alkaline in places that cattle can drink but little of the water. Texas has had eight capitals. Washington-on-the-Brazos, Harrisburg, Galveston, Velasco, Quintana, Columbia, Houston and Austin. New York City is in Texas. Midway between Bellevue and Henrietta, a small store alongside the highway has this sign in front—'New York City.' Pittsburgh, Los Angeles, Buffalo, Detroit, Omaha, Moscow, Sweden, Turkey and Italy are in Texas. A fier would pass over four states, a foreign country and the sea if he should take an air line route to the five corners of Texas and be would fly about 2,000 miles, nearly as far as from Los Angeles to New York City. The first sentence of the Texas declaration of independence contains 293 words. Adopted at Washington-on-the-Brazos, March 7, 1845. (More Next Week.)

#### Benefit Grid Match Between Crowell "B" and Vernon "B" Organizations to Be Staged Here Friday Night at 7:30

#### Sample Copies of News to 2 Routes

Sample copies of The Foard County News are being sent this week to every box holder on routes one and two out of Crowell. The News' annual bargain rates for new subscriptions or renewals for The Foard County News and several other publications have been announced and may be found on page 6 of this issue. Both readers and prospective readers of The Foard County News may obtain subscriptions to their favorite daily papers, the Semi-Weekly Farm News and Pathfinder with The Foard County News at attractive prices by mail or at this office. Please consider your sample copy a sincere solicitation for your subscription.

#### CROWELLITES PLAN TO SEE A&M-SMU TILT

#### Mails Daily Bringing to Local Fans Tickets For Contest

The mails have been bringing tickets to the A. & M.-Southern Methodist University football game to Crowell daily as local A. & M. fans prepare to see the contest Saturday in the Southern Methodist Stadium. The Aggie followers, who have greatly increased in numbers since the fall of 1935, of this section have looked forward to this scrap since the opening of the present season. Dick Todd, former Crowell High School football hero, who is now the "Sparkplug of the Aggie backfield," will be one of the outstanding stars of the night's performance, and it is largely his followers from this section of the state who will leave this week-end to be eye-witnesses to the game. Although the Farmers bowed to Arkansas last Saturday by three touchdowns to place them almost completely out of the running as far as the Southwest Conference crown is concerned, they should give the Mustangs a stiff game with about an even chance of taking them in the Centennial City. At present the Southern Methodist eleven is leading the Southwest Conference, but has played only one conference game. Advance sales on tickets to the game have been brisk and choice seats have been scarce the first of the week.

#### Mercury Drops to New Low for 1936 As Norther Strikes

The mercury tumbled to its new low for the year this week as a norther struck in the Panhandle late Monday and descended on other portions of West Texas. According to the Wichita Falls, lowest temperature of the year was registered about 8 o'clock Tuesday morning after the arrival of the norther Monday night. Although there was no official thermometer reading here, a considerable amount of ice gave evidence of a temperature of several degrees below freezing. The coldest registration in Texas was at Texline when the thermometer dropped to 16 degrees. In comparison with temperatures farther north, however, at Denver, Colo., the mercury stood at 4 and at Winnipeg it dropped to 6 below zero.

#### NEW CAR REGISTERED

One new car was registered in the office of Foard County tax assessor-collector this week. It was a 1936 Ford Tudor registered by Ernest Patton.

#### FIRST CHANGE DEFEATED BY TEXAS VOTERS

#### Moffett Amendment Carries in State; Also Foard

Five of six amendments to the Texas Constitution which were voted on in the general election held Tuesday, November 3, had substantial leads, according to summaries Wednesday morning. Only one of the amendments was defeated. The first amendment listed on the official ballot, the one which would place the state in the liquor business, was defeated. The latest vote count was about 155,000 against and about 117,000 for. The amendment authorizing the creation of a retirement fund for persons employed in public schools of the state passed by 141,125 to 123,612, according to figures Wednesday morning. The third amendment, the one authorizing the Legislature to provide for the payment of workmen's compensation insurance for employees of the state, was adopted by a vote of 156,180 to 39,594. **Revising Pardoning Power** The change in the State Constitution providing for the creation (Continued on Page Five)

#### BRIDGES BEING BUILT ON NEW ROAD TO RIVER

#### Road to Be Open for Traffic Shortly After Jan. 1

Approximately 30 laborers of the Works Progress Administration are now employed in the construction of bridges and culverts on the strip of new highway from Crowell to the Foard-Knox county line. It is estimated that with the continuance of favorable working conditions and an adequate supply of laborers the project will be completed soon after the first of the year. Footing for the bridge work was begun during the latter part of September. The sand, gravel, steel and lumber also arrived in September to be used in the construction of bridges. Practically all the grading work has been completed on the strip. According to the survey, the new piece of highway from Crowell to the North Wichita River will measure 11.695 miles with a roadbed 34 feet in width. The right-of-way is 100 feet wide. When complete and open for traffic, the new road will shorten the distance to the Knox County line by about two miles. The project is under the National Recovery Work Relief program with the federal government bearing 100 per cent of the expenses outside of the engineering and equipment. The WPA furnishes 70 per cent of the expenses and the PWA 30 per cent.

#### BIRTH

To Dixie Gates and wife, colored, a daughter, Maybell, October 24.

#### Red Cross Section In News Next Issue

The Foard County News will carry a special supplementary section next week, November 12, which was published and printed by the United States National Red Cross. The section urges that all who are able to assist in the drive do so by joining the Red Cross. The drive is held throughout the nation from Armistice Day, November 11, through Thanksgiving Day, November 26. The inserted sheet published by the Red Cross summarizes the work of the organization during the last year and shows how the needy in different parts of the nation have been aided.

#### Voted in Another Term in Landslide

FRANKLIN D. ROOSEVELT

JOHN NANCE GARNER

#### Work of Remodeling Rialto Theatre To Be Complete by End of Next Week; Front to Be Rebuilt, Walls Repainted

Work was begun Tuesday in remodeling the Rialto Theatre, both inside and out, according to Dwight Moody, local manager. The work of remodeling and redecorating is under the direction of Luther W. Cummings, expert theatre decorator. The walls of the Rialto are to be repainted and new sound plaques are being built. The wall lights are to be replaced also. The front of the theatre is to be improved. A ceiling is to be built from the awning of the building back to the ticket booth and entrance doors. A new removable letter sign similar to the one already at the theatre is to be built during the remodeling. The work will be finished about the end of next week. Mr. Cummings said. After the completion of the remodeling, the theatre will be modern in every respect with regard to decorating and designing. Mr. Cummings has had many years' experience in this line of work. He was formerly employed by the R. & R. chain of theatres and for the last two years has been connected with the Long Theatres at Bay City.

#### 3-Year-Old Daughter Of Mr. and Mrs. Guy Easley Dies at Quanah

Jacquelyn Ann Easley, 3 1/2-year-old daughter of Mr. and Mrs. Guy Easley of the Vivian community died in the Quanah Hospital early Friday morning at 6:30 o'clock following a brief illness of about one week. Funeral services were held at the Quanah Church of Christ Friday afternoon at 4 o'clock and burial followed in the Quanah cemetery. Relatives at a distance attending the funeral were the child's grandparents, Mr. and Mrs. A. J. Blakemore of Hereford, Mr. and Mrs. Grant Mills and Miss Eva Blakemore of Amarillo, Mr. and Mrs. Emmett Blakemore and children, Mr. and Mrs. Ed Peacock and A. J. Blakemore of Hereford. Survivors include the parents, Mr. and Mrs. Easley, and a sister, Donna Janice.

#### To Start Drilling L. K. Johnson No. Eight Next Week

Drilling on the L. K. Johnson No. 11 oil well at the Texas Company field about 20 miles southeast of Crowell will begin the latter part of this week or the first part of next. Preparations are under way to start the drilling soon. Although the L. K. Johnson No. 8 is now producing about 100 barrels of crude oil a day, the work of bringing in the well has not been completed.

#### HOSPITAL NEWS

Mrs. D. B. Jones of Goree entered the hospital last Thursday and underwent an operation. She is recovering satisfactorily. Mrs. O. W. Orr submitted to an appendix operation last Tuesday and is recovering rapidly. Miss Oleta Thompson was dismissed from the hospital Tuesday following appendicitis operation.

#### LEADING IN 46 STATES TO NAB 523 ELECTORS

#### Texas Goes 8 to 1 for Democrats; Return For 4 Years

Roosevelt and Garner were leading in 46 of the 48 states late Wednesday to insure their re-election over Governor Alf Landon of Kansas and Col. Frank Knox of Chicago. Roosevelt and Garner, Democratic nominees for chief executives, apparently carried the United States by more electoral votes than they did four years ago when they defeated Hoover and Curtis, thus breaking the all-time record set by themselves in the last presidential race. According to reports of the Associated Press Wednesday afternoon the Democratic party was leading in all states except Maine and Vermont. Wednesday morning New Hampshire favored the Republican candidates who lost out in the last count which gave the Democrats about a 3,000 vote margin with only one precinct unheard from. It is believed that precinct has less than 1,000 votes. Provided final check-ups do not (Continued on Page Five)

#### CONTRACTS FOR NEW PROGRAM READY TO SIGN

#### Foard Among First 3 Counties to Get Reports Ready

Applications for payment on the new 1936 farm program are now ready for the signatures of the farmers of Foard County, according to County Farm Agent John Nagy. Mr. Nagy returned Tuesday night from College Station where he took the contracts Friday night of last week. Foard County was among the first three counties in the state to complete the work of preparing applications and turning them into the home office of the Extension Service, Texas Agricultural and Mechanical College at College Station. Practically all the applications turned in by Foard County complied with the new 1936 program, according to the agent. Circular letters were distributed throughout the county this week requesting the farmers who are complying with the new program to sign the contracts which now await their signatures in the office of the agricultural agent. Mr. Nagy urged that the farmers of the county come to his office as soon as possible and sign the contracts. The reports giving the land measurements of the soil building crops, soil conserving crops and soil depleting crops were completed by the staff of workers at the agent's office last week. The total number of reports amounted to 556. These reports furnish the basis for the government's payments to the complying farmers to the regulations and requirements of the new program. The signatures of the farmers on the blanks is the last step in completing the government contracts.

#### Moseley Appointed Game Warden of 4 Counties Nov. First

P. D. Moseley has received an appointment from the State Game, Fish and Oyster Commission as game warden in Foard, Hardeman, Knox and King counties. His appointment went into effect November 1. Mr. Moseley, former deputy sheriff in Foard County, will maintain his headquarters in Crowell. He succeeds Austin Aulds of Quanah who has been transferred by the Commission to serve as game warden with headquarters at Matador. Mr. Moseley has been deputy sheriff and jailor in this county for several years.

#### Election Polls Only 23 Absentee Votes

Twenty-three absentee ballots were cast in the general election in Foard County which was held Tuesday, November 3, according to figures received from the office of the county and district clerk. Absentee voting began Wednesday, October 14, and closed Saturday night, October 1. According to the election laws, absentee voting begins not more than 20 days prior to the election and ends not later than 3 days prior to it. Thirteen votes were cast in person at the office of the clerk and 10 ballots were mailed to Foard County voters. Only one vote which was mailed out failed to be returned in time for official counting. The absentee voting fell lower than the absentee votes cast in both the Democratic primaries held in July and August. The second Democratic primary polled one hundred and thirty-three absentee ballots while the first one polled one hundred and twenty-three.

#### MOFFETT GLAD AMENDMENT 6 CARRIES STATE

Representative George Moffett of Chillicothe expressed his thanks to the voters of this county, district and state who voted for the adoption of the sixth amendment to limit the number of representatives of any one county to 7. The amendment was written and has been pushed by Mr. Moffett for six years. The letter from Mr. Moffett expressing his thanks was received Wednesday. He said: "The importance of this amendment can hardly be overestimated, for Texas is, and perhaps always will be, the leading agricultural state in the Union, and yet the trends of population are so definitely toward the big (Continued on Page Four)

#### Two Burglaries Now Being Investigated By County Officers

Two burglaries occurred in Crowell this week. The T. P. Duncan & Son elevator was burglarized Monday night, but no property was taken. The prowlers crashed through a window and turned the office topsy-turvy. No property or money was missing, however. Burglars also broke into Raymond's Cafe Sunday night and escaped with about \$20. They broke into the Self Motor repair department, then entered the cafe through a side window. County officers are investigating both crimes.

Items from Neighboring Communities

MARGARET (By Mrs. John Kerley)

T. M. Choate returned Friday from Fort Worth where he visited his brother, who is improving after having a light stroke several weeks ago.

Sunday and Monday, who has been very ill several days, but is much better at this writing.

The District Epworth League union meeting was held here last Thursday night. Seventy-two were present.

Mr. and Mrs. Harry Kelsey went to Roundup Friday to visit her father. Mr. Kelsey returned Sunday but she remained there, keeping books for her father at the Roundup Gin.

Friends of Willard Kerley might be interested to learn that he is working 15 hours per week during this school term paying on next year's term. He is attending college near Knoxville, Tenn.

Mrs. Harvey Blevins and little son, H. L. of Eldorado are visiting her mother, Mrs. Mary Hunter.

RIVERSIDE (By Bonnie Schroeder)

G. J. Teel of Clarendon visited Wallace Scales and family Monday.

Mr. and Mrs. Joe Johnson and son returned Monday from Dallas, where Mr. Johnson had been working.

Mrs. David Lee Owens returned to her home at Margaret Tuesday night after several days' visit with relatives here.

Mrs. Lloyd Porter and children, William and Audrey Mae, of Meadow spent Thursday night and Friday with Mr. and Mrs. Elmer Key while en route to Alvord to visit their mother and grandmother, Mrs. L. L. Leeth, who is ill.

Rev. and Mrs. W. A. Reed of Kirkland spent Thursday night in the Charlie Cavin home.

Douglas Adkins, who is attending Decatur Baptist College at Decatur, spent the week-end with his parents, Mr. and Mrs. Cap Adkins.

The Hallowe'en party sponsored by the P. T. A. at the school

FOSTER DAVIS ATTORNEY-AT-LAW

Office in Lanier Building

house Friday night was well attended. Following a program by the primary and intermediate grades, games, contests and stunts were enjoyed. Jerry, the real live monkey, bobbing for apples, a fishing pond and grab box were other diversions of entertainment provided. Candy, fruit and popcorn were sold. The proceeds amounted to \$9.28.

Mr. and Mrs. Wayne Dishman and children returned home Thursday from Glenrose where they have been for several weeks visiting with relatives.

Everyone is urged to come to

More Than 50,000 School Children See Texas Centennial

Dallas—Ten of the state's twenty-four administrative school districts have been cleared through the Texas Centennial Exposition. The attendance has represented more than 50,000 children—with more than 50,000 separate pieces of baggage.

This baggage has been cleared and checked through the school division, the children relieved of the burden of transporting it to their overnight stopping place—and not a single piece of baggage has been lost or misplaced.

Frank N. Watson, head of the promotion department of the Exposition, explains this record is due to the fact that tags are placed on each separate bag, a duplicate is given the child or his sponsor, and it is delivered in a Centennial truck to the point of the overnight stay. The child thus may attend the Exposition without the worry of transporting his baggage or his blanket, with full assurance that he will be able to find it at night.

The record as to baggage matches that as to accidents or lost children. There has not been a single accident in the movement of the children, nor has one been lost from his group for more than a few minutes. Uniformed guides are assigned to the children's groups to make sure there will be no "lost sheep" and to further make certain that all will get to the lodging assigned them.

Every deputy administrator who has attended the Exposition to date has commended this far-sighted policy of the Exposition, and all have joined in a unanimous statement that the parents of Texas may feel perfectly safe in entrusting the children to their sponsors for the Exposition visit.

Sunday School Sunday morning and bring someone with you.

E. T. Evans, Evalyn Evans and Johnnie Marr, Elmer Holly of Ogden and Mr. and Mrs. Earl Evans of Paducah left Sunday for Dallas where they will visit the Texas Centennial a few days.

Announcement has been made of the marriage of Mrs. Bonnie Bailey of this community and Bud Lowery of McKinney which took place at McKinney August 29.

Mrs. M. E. Boren and Mr. Lowery is the son of Mr. and Mrs. Homer Lowery of McKinney, formerly of this community. Mr. and Mrs. Lowery and Mrs. Lowery's son, Kenneth Ray Bailey, left Thursday for McKinney where they will make their home.

RAYLAND (By Annice Davis)

Mr. and Mrs. Connie Dale and family of Vernon visited Mr. and Mrs. Arlie Dunn last Thursday night.

Tom Davis is visiting friends and relatives in Sweetwater.

Mrs. Martha Price and granddaughter, Doretta Price, returned Wednesday of last week from a few days' visit with friends and relatives in Abilene.

Mrs. Fred Duffie and children spent the week-end in the home of her mother, Mrs. Bessie Jordan, of Doans.

Mr. and Mrs. S. G. Presley and family of Chillicothe spent Sunday in the home of her parents, Mr. and Mrs. J. C. Davis.

Mr. and Mrs. Frank Ward and family of Riverside spent Sunday afternoon with Mr. and Mrs. Buck Clark.

Mrs. Tom Lawson and daughter, Barbara Ann, spent Monday afternoon in the home of her parents, Mr. and Mrs. Joe Bowers, of Vernon. Mrs. Bowers returned home with her for a few days' visit.

Robert Dunn of Thalia spent the week-end in the home of his brother, Arlie Dunn, and wife.

Mr. and Mrs. Tom Beazley and family of Five-in-One spent Sunday in the home of his mother, Mrs. Josie Beazley.

Mr. and Mrs. Clyde Patterson and daughter, Betty Joyce, visited her parents, Mr. and Mrs. J. P. Haynes, and family of Vernon Sunday afternoon.

Lee Jordan of Bridgeport is here visiting friends and relatives. He was accompanied by George Cribbs, who returned home Sunday.

Rev. J. W. Hawkins of Vernon filled his regular appointment at the Methodist Church here Sunday morning and night. It was his last service for this conference year.

Mr. and Mrs. R. A. Rutledge and T. C. Davis visited relatives in Chillicothe Sunday afternoon.

Mr. and Mrs. R. L. Rhey and Mrs. Jewel Young and daughter of Riverside spent Sunday afternoon in the home of Mr. and Mrs. Tom Lawson.

Mr. and Mrs. Loyce Lambert and family left for Levelland Sunday to make their home. Mr. Lambert is employed there.

Rev. Charles N. Gilbert of Decatur preached at the Baptist Church here Sunday morning and night. Each service was well attended. A B. T. U. study course is in progress at the church this week, closing Sunday night. Everyone is invited. The classes begin at 7 o'clock each evening.

Mr. and Mrs. Walter Tole and family and Lucille Tole of Crowell spent Sunday in the home of their father, Bud Tole, and family.

Weldon and Jack Petty of Odell visited friends here Sunday afternoon.

Brief Bits of News From Here and There

Of the 200 families put on the 8,000 acres of government land in the Mantanuska Valley, Alaska, a year ago, 162 remain, 38 having given up and come back home. There are 3,600 families on the waiting list to take the place of the 38 families who quit the project. The colony had a fine harvest this year. A fine school has been built, hospital, creamery, cannery, trading post, and church. A complete system of good roads has been built throughout the colony. Drought and crop failures are unknown in Mantanuska Valley. About everything is grown in abundance here that is grown in the middle west. The growing season lasts about 100 days but the days are so long that there is ample time for crops to mature. Live stock is kept on stored feed about nine months of the year. Ready sale has been found for all surplus produced at Fairbanks and Seward.

The Mormon Church has brought to a successful conclusion a drive whereby the 80,000 members of the Mormon Church now on federal relief are to be taken from this roll and supported by the church. Warehouses have been secured and food and fuel, most of which has been gathered by the needy themselves, will be made available.

The next Nebraska legislature will be asked to pass a law prohibiting women access to saloons. The demand for the law comes from the Bartenders Union whose secretary and business manager is reported to have said that there were more women than men in the saloons and unless something was done about it prohibition would be back in a short time.

Each member of the winning team of the World series baseball games will receive as his share of the receipts of the series approximately \$7,000.

According to the United States Department of Agriculture gross farm income reached the highest point last week in six years.

The United States Treasury announced at the end of August money in circulation in the United States had reached a total of \$6,226,557,523, an increase of more than \$64,000,000 over the July total and \$597,000,000 over August of last year. The figure was regarded by some experts as an all time high.

Montgomery Ward reports sales for the first seven months of 1936 totaling \$186,785,453. This is said to be the high point in the history of the Company for a like period.

Results of a recent survey of the homes in Washington, D. C., re-

Pension Money for November Grants Not to be Delayed

Austin.—Pension Director Orville S. Carpenter said this week that November 1 grants to 87,000 aged for approximately \$1,360,000 would not be affected by changes in the Texas Old Age Assistance Law.

Saturday, Oct. 24, Carpenter sent a sworn statement to the Social Security Board in Washington saying that Texas now had its share of the dollar for dollar matching funds for November assistance payments.

Carpenter said he hoped for an early approval of the Texas request and expressed belief the federal grant for approximately \$800,000 would not be delayed as was the October allotment.

October assistance checks were held up nearly two weeks because the Social Security Board was slow in passing upon a request to match state payments made to so many aged on such a liberal basis.

Fear Expressed That Mexican Intake May Change Rio Grande

Austin.—Fears were expressed today that the Rio Grande, from Donna to the Gulf of Mexico, will be drained dry by an intake channel which the government of Mexico is constructing to divert the waters of the international river into a storage dam at Ratamul.

Information has reached the Texas Planning Board, which has already interested itself in the Rio Grande water situation, that considerable apprehension is being shown by irrigation interests in the Lower Rio Grande Valley over this channel which they claim will practically change the channel of the Rio Grande from a point south of the Donna pumping plant. This big intake, according to a

vealed some interesting facts regarding the Nation's Capital. Of the 139,630 dwellings including apartments, etc., over 91,000 are for rent, 16,000 have no bath facilities, 10,000 do not have electric lights, only 13,800 homes of the city are occupied by their owners, 10,000 have no inside bath rooms, running water or sewer and over 28,859 one family homes are mortgaged.

An effort is to be made to put out a fire that has been burning in a coal mine near New Straitsville, Ohio, for 52 years. 300 WPA workers directed by engineers from the United States Bureau of Mines and the Ohio State Department of Mines will be employed. It is expected that the effort will cost \$500,000. During the fifty-two years that the fire has been burning it is estimated that it has consumed 12,000,000 tons of coal and threatens 28,000,000 more. Every known means has been tried in the past to extinguish the fire but without success.

QUESTIONS AND ANSWERS

- 1. What prominent Anglo has been referred to as the "Py Warrior"?
2. What is the name of American woman who has been prominently known as a guest of the court of King Edward of England?
3. For what is Frank R. known?
4. Where is President Roosevelt's home residence?
5. What team won the World Series?
6. What Giant team pitched a 16 game winning streak during the World Series?
7. What unusual experience did the Communist candidate for president recently have?
8. To what extent did France devalue the franc?
9. For what is Anthony F. known?
10. For what is Mrs. Eleanor Roosevelt known?
(Answers on page 3.)

report received by the Texas Planning Board, is designed to take water from the Rio Grande by gravity flow. It is estimated that a flow of 6,000 second can be run through this intake which is more than the flow of the river in the lower part of the valley a large part of the time.

The intake would divert a large volume of water for irrigation purposes in the Mexican territory of the Rio Grande. Since there are no existing agreements between Mexico and the United States concerning the use of the waters of the Rio Grande, Mexico divert whatever amount of water she desires through this intake seriously jeopardizing irrigation systems below Donna.

The Texas Planning Board has been pressing for a Rio Grande treaty with Mexico and it is hoped that such an agreement will be made in the near future.

THE Foard County News

T. B. KLEPPER, Editor-Owner. DAN TARPLEY, Ass't. Editor

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, November 5, 1936

Let all the earth fear the Lord: let all the inhabitants of the world stand in awe of him.—Psalm 33:8.

Candidates who think a district or a county or perhaps a state is a large area to cover should compare their lot with the candidate in Alaska. A candidate there must cover an area twice the size of Texas to see only 70,000 people, approximately half of whom are not voters.

The curved ball in base ball was discovered in 1874 by Joseph Mac Elroy Mann, of Princeton University. Due to an injury to his finger he noticed the ball broke into a curve when it left his injured finger.

There is need for enough improved roads, bridges and concrete highways in this country to put to work every man who cares to work for the next ten years. Why wouldn't it be a good plan for the government to initiate a big road building program whenever unemployment becomes a problem?

Some one gives as good advice to young people the simple injunction, "Work hard and behave." To be effective it must be followed out.

It used to be recommended when one couldn't sleep that he count sheep. The modern plan is to try to figure the interest on the public debt.

It is predicted that railroads of the United States will be "out of the red" by a liberal margin for the first eight months of 1936. A similar period last year showed a deficit of \$80,000,000.

A good many good business men make money in their own business and lose it by investing in some one else's game. A good business man should keep his money in his own business.

A fine creed: Guard within yourself that treasure of kindness. Know how to give without hesitation, how to lose without regret, how to acquire without meanness.—George Sand.

Intuition is that instinct possessed by young people which lets them know just how far they can go with the family car and have just exactly enough gas left to get back home.

In one of the midwestern states fairs a country grade school girl got into the high school spelling contest group by mistake and carried off the honors.

Any man who tries to adjust conditions to himself might just as well give up and go home. The thing to do is to adjust one's self to conditions.

Every man cordially hates a price cutter in his own line yet habitually seeks him out in all other lines.

Future Farmers to Go to Centennial at Dallas This Week-end

Twenty-four members of the local organization of the Future Farmers of America will leave early Saturday morning to go to Dallas to attend the Texas Centennial Exposition being held there this year.

The boys will go in one of the school buses. They plan to leave Crowell Saturday morning at 1 a. m. so as to arrive in Dallas in time to spend most of the day at the Centennial grounds. Arrangements have been made so that the members of the class who attend will have lodging accommodations at "Tent City" in Dallas. They will return to Crowell late Sunday.

Walker P. Todd, head of the department of agriculture in Crowell High School, will accompany the boys to Dallas. The first monthly meeting of the FFA since its organization last month was held Tuesday, October 20. The next meeting will be held next Tuesday, the organization having decided to meet the second Tuesday of each month at 7 o'clock.

Campaign Fund From Texas Sent in With \$25,000 Donation

Austin.—Jubilant over favorable developments during the past few days, state leaders in the Democratic national campaign this week pushed forward their plans for a sweeping victory along two fronts—a Texas contribution of \$25,000 to the Roosevelt-Garner fund; and a mammoth Democratic majority at the polls.

Three \$10,000 contributions, a \$5,000 donation, and smaller contributions from thousands of loyal Texas Democrats poured through state campaign offices here to National headquarters at New York for use in carrying on the Democratic campaign in doubtful states. These rapidly-increasing donations to the party's "war chest" pushed the Texas total well over the \$100,000 mark last week-end, and Roy Miller, state director, predicted the state's quarter-million-dollar quota will be raised before election day, November 3.

Jesse H. Jones, Houston capitalist, publisher, and chairman of the Reconstruction Finance corporation, authorized announcement by Director Miller of a \$10,000 contribution from him and Mrs. Jones.

Announcements of \$10,000 contributions also came from Mrs. Clara Driscoll Sevier, Democratic National committeewoman from Texas, and Mrs. W. L. Clayton, wife of the Houston cotton factor. Mr. Clayton himself, who a short time ago announced he would support President Roosevelt for re-election after previously criticizing the New Deal, authorized announcement of a \$5,000 contribution from him.

From every section of the state also came contributions in varying amounts by Democrats with no less party fealty but with more moderate means. Additional Texas counties daily were exceeding quotas set for them by the state campaign organization. Among the new ones were Lynn County, with a quota of \$604; Liberty with a quota of \$874; and Fannin with a \$1666 quota. Oldham, San Patricio, and Potter County Democrats also reported they had exceeded their quotas early this week.

Vice President John N. Garner himself broke his usual campaign silence, and added impetus to the Democrats efforts with a stirring radio address, and with the authorization of telegrams to all district and county chairmen throughout the state, commending them for their work and urging them to redouble their efforts in the two-fold drive for Democratic funds and votes.

New School—

(Continued from Page One) continue as they have in the past. "T" Shape

The new structure will be in the shape of a "T" and will be located on the east side of the high school building. It will face south. L. I. Saunders is the sponsor's superintendent of the razing of the old building and the construction of the new one. H. D. Poland is the Works Progress Administration supervisor.

According to the government plan, the money for the construction of the new building is being furnished chiefly by the federal government. The agency furnishes the money for the materials and the common labor necessary in the erection of the building. The Crowell Independent School District has agreed to furnish necessary funds for skilled labor. In order to obtain their portion of the money, the School District voted a bond issue of \$12,000 to pay for skilled labor and equipment.

The razing of the old building is well under way. Laborers lack only the basement and a small part of the first story having the entire building torn down. Bricks and part of the lumber in the old building is being prepared by government laborers for use in the new building. Usable materials in the old building will not detract from the quality or appearance of the new grammar school, according to those in charge.

Havoc Wrought by Hallowe'en Spooks In Annual Prowling

Spooks wandered in Crowell Saturday night of last week, Hallowe'en; and when they had cast aside their ghostly shams and another day had dawned, property had been damaged to a great extent in several places.

Brick columns at the homes of N. J. Roberts and Dr. R. L. Kincaid were damaged considerably. Another residence received a broken window pane and other slight damage was reported throughout the town.

OFF TO CONFERENCE

Rev. Geo. E. Turrentine, pastor of the Crowell Methodist Church for four years, and Rev. Marvin Brotherton, pastor of the Margaret-Thalia Methodist Churches four years, left Tuesday night for Houston to attend annual conference. Rev. M. W. Clark, pastor of the Truscott-Foard City Churches, is also in Houston for the annual conference. Mr. and Mrs. Claude Callaway, who are also in Houston, left Tuesday afternoon in their car and expected to make a short stop in Dallas. The annual affair this year is a combined gathering of all Methodist conferences in the state.

BURK DOWNS WILDCATS BY 33-12 SCORE

Crowell Makes Both Touchdowns in Last Period

Burkburnett's High School football eleven broke a long-time tradition Friday night by crushing Crowell's machine underfoot 33 to 12 as they march on undefeated to the 10-B conference race.

Graves' underdogs in the melee staged a spirited rally in the fourth quarter to cross the enemy goal line twice for 12 points. Crowell's counters were the first scored on the Bulldogs in conference games this year.

Tolly McKown and Co. started their scoring spree early in the game. In the first quarter Coach Volney Hill's aggregation drove from the Crowell 43 over the pay-stripe. Four plays netted the necessary gain for the first 6 points. Teal took Rasberry's punt and ran out of bounds on Crowell's 43. Teal went over left guard for 6 yards and McKown took the oval on a hidden-ball trick and was almost loose before he was discovered. He was finally run out of bounds on Crowell's 20. McKown then took a reverse for 4 yards, after which he circled his left arm for the remaining 16 yards for the touchdown.

For the first time in 14 tries the Bulldogs missed the extra point. Just as the first quarter ended Burk started another drive which almost terminated in their second touchdown in the opening of the second period. Rasberry punted to Teal who was dropped on his own 45, but a roughing penalty on Crowell gave the Bulldogs 15 yards. McKown passed incomplete and then spun for 4, after which he looped over right tackle to Crowell's 27. After another futile plunge McKown passed to Finch, good for 13 yards. McKown lunged for 3, circled end for 2 and Teal came up for a first down on Crowell's 4. A reverse lost the Bulldogs 5, but McKown backed up and on a fake pass came back to Crowell's 3 as the quarter ended. Then on the fourth down with a gain to go Fitzgerald took the Canines for a loss.

Later in the second quarter a steady drive from midfield by McKown, Finch and Teal took the pigskin over for the 6 points. None of the runs were long, but all were for good gains. McKown failed to kick the point.

Burk's third touchdown in the first half was a result of a fumble by Crowell on their own and Burk recovered. Finch plunged for 5 and McKown went out of bounds on Crowell's 12. He went over right tackle for 7 and then for 3. The Burk's big threat went through the middle for the touchdown. He ran for the extra point.

Soon after the half the Bulldogs were aided by a fifteen yard penalty for roughing, the penalty allowing the Bulldogs to take the oval from their 37 over the Wildcat 0 mark for a fourth touchdown. Had the penalty not been called the Bulldogs would have been forced to punt at the penalty on Crowell's 12. He went over right tackle for 7 and then for 3. The Burk's big threat went through the middle for the touchdown. He ran for the extra point.

THE FOARD COUNTY NEWS

defense and at times resembled Crowell's defense of old shown in the first of the season.

Play-by-Play Cook for Burk kicked to Rasberry who was dropped on his 30. Rasberry lost 1 and on the next play the Wildcats drew 15-yard penalty for holding. Rasberry picked up 4 and Meason failed to gain. Rasberry punted to Teal on Crowell's 45. McKown made 3 and Meason intercepted McKown's pass and took it back to Crowell's 38.

Rasberry failed to gain and a lateral Meason to Joy was good for 3. Joy passed to Rasberry for 4 yards. Rasberry punted to McKown who fumbled and Crowell recovered on Burk's 28.

Meason went over left guard for 6. Joy fumbled and Burk recovered on their 20. Finch lateraled to McKown and the play was good for 9. Finch plunged for 2 and McKown repeated. Finch kicked out on Crowell's 21.

Joy made a first down to Crowell's 31 round left end. Meason made no gain and Joy lost 5. Rasberry punted to Teal who was run out on Crowell's 43. Teal went over left guard for 6. McKown on a hidden ball trick ran 23 yards to the Wildcat 20. McKown took a reverse for 4 and McKown round left end for a touchdown. His pass for the point was incomplete. Burkburnett 6, Crowell 0.

Cook kicked to Meason who was nailed on Crowell's 30. Burk drew a 5-yard penalty. Joy made no gain then lost a yard on a reverse. Rasberry punted to Teal on the Burk 45. Crowell drew a 15-yard punishment.

McKown passed incomplete then spun for 4 yards. McKown went over right tackle to Crowell's 27. Orr in for Joy. Cook plunged for a yard and McKown passed to Finch on the Wildcat 14. McKown plunged for 3 and circled for 2. Teal made 5 for a first down on Crowell's 5. A reverse lost Teal 5 and McKown backed up to pass, then ran to Crowell's 3 as the quarter ended.

Second Quarter McKown plunged to the one-foot line and on the fourth down Fitzgerald broke through to down McKown for an 8-yard loss and the ball went over. Rasberry picked up 1 and on a fake punt Rasberry gathered 10 yards. He plunged for no gain then lost 3. He punted to Teal who was downed on the midstride.

McKown picked up 2 and passed to Spray for 7 yards. Teal took a reverse for 6 and McKown faked a pass for 3. McKown plunged for 8 and 3 and a pass from McKown to Teal was lateraled to the Crowell 4. Teal plunged to the one-foot line and McKown drove through center for the pointer. McKown failed to kick. Score, Burkburnett 12, Crowell 0.

Cook kicked to Rasberry who stopped on Crowell's 31. Crowell's totter fumbled and Burk recovered on the Wildcat 30. Finch went over right guard for 5 and McKown went out of bounds on the Wildcat 12. He took 7 over right tackle to Crowell's 12 and plunged for 3 more. Again McKown went through center for the pointer. He also ran round end for the point. Burkburnett 19, Crowell 0.

Cook kicked to Rasberry who was nailed on his 39. Rasberry made no gain and Fitzgerald passer incomplete. Rasberry passed and Finch intercepted it and carried to midfield. McKown plunged to Crowell's 39 and Cook plunged for 6. On the next play a Burk lateral went wild and Crowell recovered on their own 25. Rasberry made 12 and Burk over left tackle and passed incomplete 3 times. He punted out on Burk's 39. Burk failed to complete a pass and McKown lateraled to Teal who went over left tackle for 2 as the half ended.

Third Quarter Cook kicked to Rasberry who was stopped on his 31. Rasberry went over right tackle for 5 and Vececa came in for Orr. Rasberry made 2 but the play was called back and Burk over left tackle and passed incomplete 3 times. He punted out on Burk's 39. Burk failed to complete a pass and McKown lateraled to Teal who went over left tackle for 2 as the half ended.

Fourth Quarter Cook kicked to Rasberry who was stopped on his 31. Rasberry went over right tackle for 5 and Vececa came in for Orr. Rasberry made 2 but the play was called back and Burk over left tackle and passed incomplete 3 times. He punted out on Burk's 39. Burk failed to complete a pass and McKown lateraled to Teal who went over left tackle for 2 as the half ended.

BURK CINCHES FIRST PLACE IN 10-B LOOP

Crowell, Seymour and Throckmorton Try For Runner-Up

As the 10-B conference race narrows down to the question of runner-up, Burkburnett having lived up to expectations and predictions by looming high and dry above all her contemporaries, the Greyhound Pack from Throckmorton race over to the Seymour circuit's week-end night for the Panther fair Friday night for the Burkburnett Bulldogs play host to the second group of Wildcats in as many weeks as Archer City's cellar occupants meet Coach Volney Hill's ever-victorious machine. As the Eagles of Chillicothe remain in their nest this Friday to clash with their feathered friends from Iowa Park the position of fifth place is at stake with both aggregations having chalked up a single victory to their three losses.

Crowell will have a much-needed rest this week-end as Grady Graves' Wildcats will watch their second string clash with fan favorite Vernon's "B" Lions.

Throckmorton at Seymour Recent trends in the play of the lanky Hounds and the screaming Felines are that they will fight to a close score with not more than a touchdown separating the winner from the loser. Maurice Orr's lads from Baylor County started their conference scuffling with a boom by taking the ineffectually-weakened Archer City Club 37 to 0. Two weeks later they saw their margin of victory cut to a single touchdown by the slightly stronger Iowa Park Hawks. Then last week they were victims of the fifth place Chillicothe Flock 7 to 6.

In contrast to the Panthers' downward trend, the Throckmorton Greyhounds have been steadily climbing higher. After taking an early season victory from Chillicothe 7 to 0, they were helpless at the hands of the conference's top-notchers 42 to 0. The following week they came to Crowell to upset the dope and the Foard County youngsters 12 to 6. They reached a peak last week by trouncing Archer City's Wildcats 25 to 0. Conflicting dope shows that Seymour was 12 points more impressive than Throckmorton against Archer City, but Throckmorton proved themselves 8 points stronger than Seymour in their tilt with the Panthers in Chillicothe.

In the percentage column the Panthers are half a game behind and Cook encored. Finch went through to the Wildcat 14. Shook for Thompson. McKown got 2 then 1. McKown passed incomplete. McKown raced round right end for a touchdown. McKown passed to Finch for extra point. Burkburnett 33, Crowell 6.

Statler for Gibson. Cook kicked to Fitzgerald who was dropped on his 28. Rasberry went over right tackle for 17 yards. Fitzgerald passed to Eddy who raced to Burk's 16. Rasberry made no gain. He passed incomplete. He plunged for 8 to Burk's 8. He made a first down to the 5. Rasberry picked up 1. He passed to Fitzgerald over the goal line for the second touchdown. Rasberry's drop-kick went foul. Burkburnett 33, Crowell 12.

Reed for Teal. Fitzgerald kicked to McKown who was stopped on his 41. Cook got 2 and Reed made 3. Finch took his turn for 2. Finch punted to Eddy who was stopped on his 47, but the play was called back and Crowell drew a 5-yard penalty. McKown in for Meason. Crowell received a 15-yard penalty for roughing and gave the ball to Burk on Crowell's 29. McKown failed to gain as the final gun shot.

Starting Line-Ups Crowell Position Burkburnett Eddy Blair Thompson Left End Johnson Simmons Left Tackle Elliot Reeder Left Guard Hageman Gibson Center Whitten Klepper Right Guard Montgomery Fitzgerald Right Tackle Spray Joy Right End Finch Meason Quarterback McKown Rasberry Left Half Teal Lankford Right Half Cook

Crowell, Texas, November 5, 1936

the second place Greyhounds. Iowa Park at Chillicothe. In a mid-afternoon skirmish at the Eagles' nest in Chillicothe the game to decide who will become the undisputed owner of fifth slot will be fought. Although the facts and figures favor neither the Hawks or the Eagles to any great extent, the trend favors the Chillicothe Flyers. The Hardeman County lads lost a heart-breaker to Crowell by a point while the Hawks had their wings clipped by the Wildcats by 19 points. The Museum also beat Seymour while Iowa Park was subdued by the Ormen by a touchdown. Dope favoring the Hawks is based on their holding the Burk Dogs to 2 touchdowns while the Eagles were the Dog's meat by 6 touchdowns.

Archer City at Burkburnett Burkburnett should take the lowly Archer City Club by almost any desired score to move far above her closest contender for championship honors and drag the Wildcats further into the cellar with little chance of getting out. The Bulldogs removed one of their main obstacles to a perfect conference race this year by downing Crowell 33-12 last week. Seymour is their only near-dangerous hurdle to jump in keeping their slate unmarred.

The Foard County Wildcats lay in resting and waiting this week for their dreaded clash with Seymour. A victory over the Panthers, with other games going right may mean runner-up notch for the Gravesmen.

Conference Standing Team— G W L Pct. Burkburnett 4 4 0 1000 Throckmorton 4 3 1 750 Seymour 3 2 1 663 Crowell 4 2 2 500 Iowa Park 4 1 3 250 Chillicothe 4 1 3 250 Archer City 3 0 3 000

Benefit Game— (Continued from Page One) Curtis and W. Mitchell, Curtis is a grammar school student in the seventh grade, but will be the beefiest Wildcat in the game. He tips the scales at about 160 pounds. Two reserve tackles are Elmer Nichols and E. Dunn who will stand ready for service at a nod from Coach Graves.

Proven Guards Both W. F. Statler and Franklin Evans, probable starting guards, have seen service on the main string as powerful reserves and will prove valuable men near the middle of the line. Ready to assist them will be Jack Fitzgerald, Reid Thomson and Dick Smith.

Gravelly Mullins has the inside track for the sumbats at the pivot position. Two assistants, Sam Russell and Eddie Campbell are listed among the B roster.

Veteran Backs Three veteran backs will team up in the B backfield for the Crowell lads. The signal calling duties fall to light-weight Raymond Joy who did the job for his mates on the B team last year. Although little Que Meason will do most of the mail carrying, Joy will see considerable duty at that post. Big 160-pound McKown will do the booting for the youngsters. Besides the ends who often don back to the ends who often don back to the ends with accuracy and distance. The fourth in the backfield will be Gafford who will probably play the club position.

Substitute backs are Basil Nelson and Leroy Gibson. The seasoning of the Wildcat backfield should give the enemy defense plenty to think and worry about as well as keep them guessing the next Feline move.

Graves spent most of this week in running plays by the B organization against the first string. Such practice also gives his main stringers much needed defensive practice to sharpen a now slumping defense which was probably the most effective in the conference earlier in the season.

Moffett— (Continued from Page One) cities, that if this amendment had been only a few years until they would have been in a position to control the state. Since its adoption, the smaller towns and the rural areas will always be certain to have a very powerful voice in making the laws under which all must live. I have advocated this amendment for six years, and it took a lot of hard work to get it brought to a vote, but I feel fully repaid for all the effort spent. I am sincerely grateful to all who voted for it, and also to the many weekly newspapers and dairies who supported it, for their support made its adoption possible.

"The Foard County News has been most loyal and faithful in its support which no doubt contributed heavily to the big majority given to the amendment locally."

CAMPAIGN FOR DEMO MONEY SUCCESSFUL

Contributions Will Be Accepted After Election

The drive in Foard County to obtain funds to be used by the Democratic party in its campaign to re-elect President Franklin Roosevelt and Vice President John Nance Garner closed Tuesday night.

Although the drive officially closed Tuesday, donations will be accepted later and turned into the national committee for payment of Democratic party debts incurred during the recent campaign according to members of the county committee in charge of the drive for campaign funds.

Contributions are being accepted by A. R. Sanders, county Democratic chairman; T. P. Reed and Leo Spencer in Crowell, and A. Stovall was director of the drive at Thalia; J. P. Davidson received the contributions at Margaret and W. D. Lawson was in charge of donations at Rayland main counties.

The drive in Foard County this year was one of the most successful in the history of the county, although the total did not reach the quota set by the national committee.

Resettlement Office To Be Open Saturday For Loan Application

Applications for loans and grants from the Resettlement Administration may be made at the office of the justice of the peace in the court house on each Saturday as well as Mondays and Fridays, according to A. W. Burkett, rural supervisor for the government agency.

Mr. Burkett stated that he would be in Crowell to take applications on Saturdays until further announcement was made concerning the dates. He is rural supervisor for both Foard and Hardeman counties.

The Resettlement Administration makes loans to needy farmers to purchase feed for livestock. It also makes grants to farmers who are in need of food for himself and his family.

Wildcats Idle—

(Continued from Page One) tacking. The rest will also allow the Wildcats a relief from the monotony before they clash with the tough Panthers of Seymour next week-end—a game which may have lots of bearing on where the Gravesmen and the Ormen end up in the 10-B conference standing.

Gilbert Lankford, defensive star of the backfield, is suffering with a bad ankle. Glen Don Reeder, center also has an infected heel which received no good in the Burkburnett tussle. Other members of the starters are limping with bruises, soreness and scratches received in the Wildcats' week's fray.

Most of this week's work for the likely starters of the Seymour team was devoted to reviving and recuperating. The Crowell lads strongly defensive which shone so brilliantly earlier in the season. A second string eleven, which challenges the Vernon "B" Lion Friday, spent a good part of the week running plays at the first stringers. The practice gets both elevens in shape for their approaching melees.

The Wildcats will line-up next Friday night with the highly-rated Seymour Panthers in Wildcat Stadium for one of the best games on the Crowell schedule this year. Although the Baylor County lads went in a slump to take a close defeat at the hands of Chillicothe last week, they are due to be back at par in time for their invasion of Wildcat territory.

Stevens, a three-year man, is the main threat of the Seymour squadron, doing most of the Panthers' leather lugging. He is a speedy trotter, right shifty and should give Crowell's side-stepping Garland Rasberry a race for carrying off individual honors.

Mrs. W. R. Womack attended the Centennial in Dallas the latter part of last week. She was accompanied by her son, Recie, and daughter, Miss Bertha, and Miss Eva Johnson of Wichita Falls. They returned Sunday night.

George Burress and Mr. and Mrs. Fred Brown of Thalia went to Kerrville Saturday where they went to take Henry Burress to a Veteran's hospital. Mr. Burress is reported to be seriously ill. They were accompanied by Mrs. Burress who is living at Breckenridge.

Mr. and Mrs. R. B. Schooling and daughter, Joan, Mr. and Mrs. W. U. Curtain and William Cates of Tulsa, Okla., spent the week-end in Crowell visiting Mrs. Schooling's and Mrs. Curtain's parents, Mr. and Mrs. J. W. Cook. The 75th birthday of Mr. Cook was celebrated at his home Sunday with several of his children and families present for the occasion.

## Appearing at the Vernon Theater

On the left, Joan Blondell nee Mrs. Dick Powell as she appears in the film musical "Stage Struck" playing at the Vernon Theater Friday and Saturday. Also in the cast are Dick Powell, Frank McHugh, Warren William and the Yacht Club Boys. Mary Astor appears to be happy and why not after getting one of the leading roles in Sinclair Lewis' famous novel "Dodsworth" playing for the midnight show Saturday and Sunday-Monday. Walter Huston and Ruth Chatterton have the principal roles, with the lovely Mary Astor and handsome Paul Lukas in support. Lew Bray, manager of the theater announced the booking of the sensational JACLEAR SPOOK SHOW on the stage for a midnight show only Monday, Nov. 9th at 11:30 p. m. The JACLEAR SPOOK SHOW is different from any show of this type ever presented. It features 45 minutes of magic, illusion and various forms of spooks and goblins and is delighting audiences from coast to coast. In addition to the stage show a feature picture, "One Frightened Night" with Mary Carlisle and Wallace Ford, will be presented. The management also announced that positively no children's tickets would be sold to this show because it would be TOO scary and that children would not enjoy it. Tickets have been placed on sale and may be obtained at the theater box office.

## National Red Cross Drive Starts Nov. 11; Ends Thanksgiving

The annual membership drive by the National Red Cross begins Wednesday of next week and continues until Thursday, November 26. This year the Red Cross drive starts on Armistice Day and ends Thanksgiving Day. Claude Callaway has been appointed chairman of the work in Foard County this year in obtaining new members and renewing the old members. Mr. Callaway has announced that those to assist him in the work in the county will be named soon so that they will be ready to start the drive November 11.

## P. T. A. to Sponsor Carnival at High School Tonight 7:30

A carnival sponsored by the Parent-Teachers' Association for the junior class will be held at the Crowell High School building tonight (Thursday).

The money taken in at the carnival will be used to help defray the expenses of the junior-senior banquet. It will start at 7:30.

There will be numerous booths and a member of the school faculty will be at each booth. Bingo, chucking the Negro babies, cake walking, terrain races, fortune telling and other carnival attractions will be the feature of the program.

## HERE FROM SOUTH AMERICA

Mark Allen Huffman of Maracaibo, Venezuela, South America, was in Crowell several days last week visiting his aunt, Mrs. M. S. Henry, and husband. Mr. Huffman is an employe in the production department of the Gulf Refining Co. and has been living in South America for the last nine years. He is here on a two-months vacation which he will spend visiting relatives and friends. He left Saturday for Dallas and is touring the United States in a new car he bought upon his arrival in New York City.

Mr. and Mrs. Jap Bray of Hereford, former Crowell residents, were here for a short time Tuesday morning visiting friends. Mr. and Mrs. Bray had been visiting relatives in Fort Worth. They left Crowell 16 years ago.

## First Change—

(Continued from Page One) of a Board of Pardons and Paroles to assist in pardoning convicts, except in treason when the governor may grant reprieves, passed by a probably the largest vote of any of the amendments. The vote was 188,775 for the amendment and 71,920 against it.

A vote to raise the salary of the governor and several other state officials passed by 146,406 to 113,945. An amendment to this effect has been defeated many times. The governor's salary was tripled.

The limitation of any district to seven representatives in the legislature passed by a vote of 154,599 for to 95,149 against.

**How Crowell Voted**  
The voters of the four precincts of Crowell rejected only two amendments, the one creating a retirement fund for teachers of public schools supported wholly or partially by the state by a vote of 181 for to 226 against, and the one calling for the advance of the salary of the governor and other state officials by a vote of 184 for and 209 against.

The amendment receiving the most decisive win in Crowell was the limitation of each county to seven house members. It was adopted by a vote of 363 to 39.

**Affirms Democrats**  
The election Tuesday meant to the citizenry of Texas, this Senatorial district, this Congressional district and this county the formal approval of candidates chosen in the Democratic primary elections.

## Texas Press Sends Out Questionnaire About Advertising

The Texas Press Educational Bureau of the Texas Press Association is mailing out this week an important questionnaire concerning future "advertising and selling" plans for "Texas of Tomorrow" following the close of Centennial year.

For some months the Texas Press Educational Bureau has been going into this matter very thoroughly with the hope that definite plans will be created and put into effect for an extensive publicity and advertising campaign throughout the nation as a follow-up of the great activity brought about by the Texas Centennial Celebrations during the year.

The purpose of the questionnaire being sent out is to get reaction and recommendations from a cross section of Texas in the matter. If the returns are favorable, then the Bureau will co-operate fully in a campaign to secure the necessary funds.

Just as soon as the questionnaires have been filled out and returned, the Texas Press Educational Bureau will call a meeting of its committee at Austin to canvass the returns and make future plans according to the information and inspiration shown in the questionnaires.

The mailing list of the questionnaire includes every newspaper and periodical and every Chamber of Commerce in Texas—including the Board of Directors of the three Regional Chambers, all members of the Texas Centennial executive groups, all members of both houses of the Legislature, all state officials and many prominent business and professional executives of Texas.

## FFA Boys—

(Continued from Page One) ed secretary. Other members of the association are H. L. Purvis of Kirkland, M. S. Dean of Burkhardt, and Walker P. Todd of Crowell. The six men were present for the meeting.

Activities of the year planned by the Vernon district FFA include an encampment at Lake Worth, Fort Worth; contests in meat identification, poultry and other farm projects; tournaments in basket ball, soft ball, and public speaking; and the awarding of 60 certificates of merit in connection with the completion of various projects.

BOY, 7430 Second Blvd., Detroit, Mich. Enclose with your name and address \$1 for a year's subscription, \$2 for three years, and add 50 cents if you want the subscription to go to a foreign address. On news stands, 10c a copy.

## Leading in 46—

(Continued from Page One)

reverse the leads in any of the states, Roosevelt will receive 523 of the 531 electoral votes. Four years ago he received 472 to the Republicans' 49. Other presidential candidates in the 1936 presidential race received no electoral votes.

**In Crowell**  
Although complete returns in Foard County were unobtainable, the four voting precincts in Crowell went 471 for Roosevelt to 41 for Landon.

Predictions by most authorities conceded the race would be close and one of the unusually dependable straw votes, the Literary Digest poll, predicted a victory for the Republicans.

**In Texas**  
Even Texas, one of the Solid South with the exception of 1928 when it went for Hoover, voted stronger for the return of the present administration than was predicted by most state authorities. Estimates of four or five to one were considered fair to liberal, but the latest check-up on the state vote gave Roosevelt and Texas' native son, Garner, approximately eight votes to Landon and Knox's one.

**Popular Vote**  
The popular vote over the nation also certified the Democratic nominees as the people's choice stronger than the popular vote of four years ago.

## CARD OF THANKS

We sincerely appreciate the many expressions of sympathy during the illness and death of our baby, Jacquelyn Ann. Mr. and Mrs. Guy C. Easley and Donna Janice. Mrs. Eula Easley and Family. Mr. and Mrs. A. J. Blakemore and Family.

## Helps Babies Rest Ends Colic Pains Aids Digestion

When your baby tosses about, cries in pain and cannot sleep, why not get at the cause with McGe's Baby Elixir. It neutralizes indigestion acid, ends gas cramps and colic pains and then helps them become cheerful again. They sleep better. McGe's Baby Elixir is made of the purest medicinal extracts and syrup. It cannot harm. Years of use has proven that. Simple directions tell exactly how to use it. Tastes good. Gives relief promptly. Two sizes: 35c, 60c. (adv)

### MAGNA CHARTA SIGNED BY KING JOHN'S ROYAL MARK

Every school boy knows that Magna Charta was signed by King John at Runnymede on June 15th, 1215, observes a writer in London Answers Magazine.

But every school boy happens to be wrong! Magna Charta was never signed at all—for the very good reason that King John was quite unable to write even his own name.

In this he was not alone. Most of the British rulers of that time—and those on the Continent, for that matter—were ignorant of the use of a pen.

And so Magna Charta bore at the foot an apparently meaningless mark which was called, perhaps to the secret delight of his Majesty, "the royal signature."

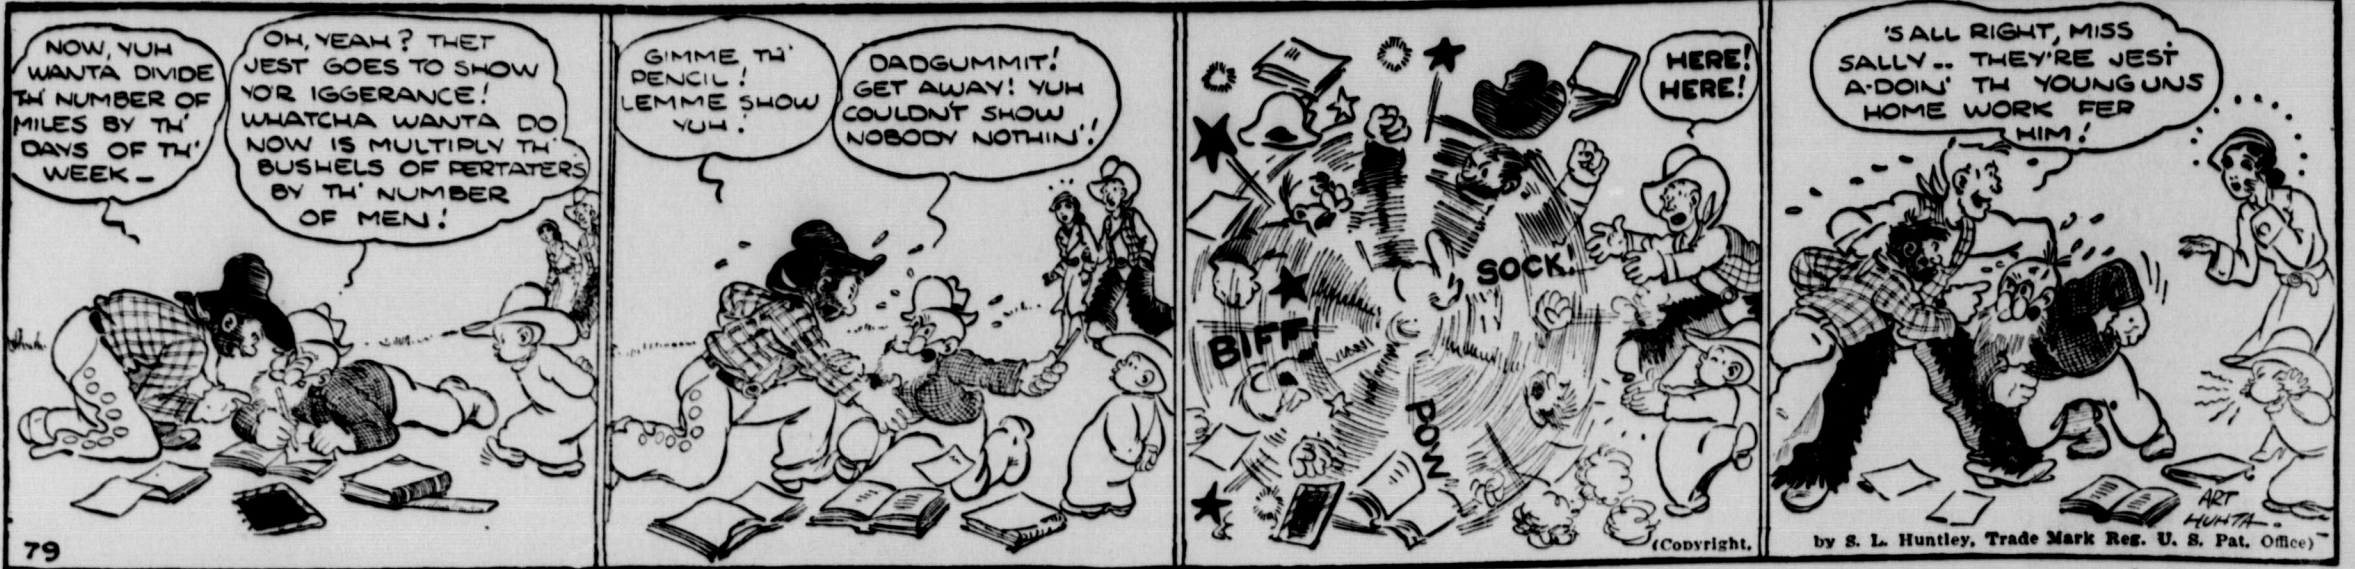

However, the barons made sure that there were plenty of witnesses to the "signing," and John would never have dared to repudiate his mark.

Only fragments of the original Charta remain, most of it having been destroyed by fire 200 years ago.

### An Odd Request

One of the strangest requests ever made of Harvard is recorded in a petition addressed to the President and Fellows in 1817, begging the favor of two sea-horse teeth from the university museum. Dr. Daniel Scott of Boston was the person who wanted them for false teeth. The donor was willing that he should have them, but it is unknown whether he ever got them.

### MESCAL IKE By S. L. HUNTLEY

## CHURCHES

**Christian Science Church**  
Sunday School at 10 a. m.  
Sunday services at 11 a. m.  
Wednesday evening services at 8 o'clock.  
Sunday, November 8, 1936. Subject: "Adam and Fallen Man." The public is cordially invited.

**Methodist Church**  
Rev. J. A. Phipps will preach both morning and evening Sunday at the Methodist Church. Those who have heard Rev. Phipps will be glad to hear him again Sunday, for he brings messages packed with unction. The pastor will be in Houston at Annual Conference. The appointments will be broadcast after the evening services. You will have plenty of time to get to your radios after services. We wish to thank everyone who has stood by the work of the Kingdom during the quadrennium of our pastorate, and also for the many personal deeds of kindness. We will continue to pray for you wherever our path may lead, and will rejoice in every progress that you make as individuals or as a church.  
GEO. E. TURRENTINE.

**First Baptist Church**  
Sunday school at 9:45. I. T. Graves, general superintendent. Preaching at 11 a. m. by W. B. Fitzgerald, pastor. B. A. U. and B. T. U. at 6 o'clock. Garnet Jones, general superintendent.  
We invite you to be with us at all our services and show your love for your Savior by obeying His command.  
All evening services meet thirty minutes earlier.—Reporter.

**First Christian Church**  
At the First Christian Church Sunday morning at eleven o'clock the minister, Rev. John W. Tyndall Jr., will speak on the subject: "Withered Hands." At the evening service at seven o'clock the subject will be "Religious Certainty." These are interesting subjects and the public is cordially invited to hear them discussed.  
Bible School under the direction of Brother John E. Long, begins promptly at ten o'clock, with classes for all groups. There is a contest between the men and the women of the Bible School. At this time the women are leading so the men will have to make a special effort to catch up! Let's do it, men, in a big way!  
Every member of the church should make an effort to attend the services of the church. Your help is greatly needed and we hope all of you will respond one hundred per cent. We will be looking for you. A warm greeting awaits you. Come and meet with us at the Lord's House on the Lord's Day.  
REV. JOHN TYNDALL JR., Pastor.

**Christian Science Services**  
"Adam and Fallen Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 8.  
The Golden Text is: "They which are the children of the flesh, these are not the children of God" (Romans 9:8.)  
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "I heard a great voice out of heaven saying, Behold, the tabernacle of God is with men, and he will dwell with them, and they shall be his people, and God himself shall be with them, and be their God" (Revelation 21:3.)  
The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Science of being furnishes the rule of perfection, and brings immortality to light, and is the parent Mind, and man is God's spiritual offspring" (page 336.)

### Two Minute Sermon (By Thomas Hastwell)

**A More Convenient Season:** When Paul appeared before Felix, the governor of Caesarea, following his arrest in Jerusalem, he presented his case with logic and eloquence and conviction as he reasoned of righteousness, temperance and justice to come. Felix trembled and answered, Go thy way for this time, when I have a convenient season I will call for thee. There is no record that a convenient season ever came, or

## H. D. and 4-H CLUB ACTIVITIES

**Officers of FOARD COUNTY HOME DEMONSTRATION COUNCIL**  
Mrs. A. L. Davis, Chairman Mrs. J. L. Hunter, V. Chairman  
Miss Bonnie Schroeder, Secretary-Treasurer  
Miss Myrna Holman.....Home Demonstration Agent

### VIVIAN H. D. CLUB

The Vivian Home Demonstration Club met with Mrs. B. W. Matthews Thursday, October 29, in an all-day meeting with covered dish luncheon. Nine members and three visitors were present.  
Mrs. J. B. Rasberry and Mrs. T. W. Cooper gave a demonstration on first aid treatment.  
The next meeting will be Thursday, November 12, with Miss Bernice Walling instead of Mrs. Oscar Nelson.

### BLACK 4-H CLUB

The Black 4-H Club met on Wednesday, October 27. Miss Myrna Holman took the girls to observe some closets to see if they could be improved.  
They found that one of the closets could be improved. They went to Miss Holman's office and she showed them some different methods of building closets.  
The next meeting will be held Wednesday, November 11.

### THIS WEEK IN HISTORY

November 2.—Warren G. Harding born, 1865. North and South Dakota admitted to Union, 1889.  
November 3.—France, by secret treaty, ceded all of Louisiana west of the Mississippi River to Spain, 1763. First American casualties in France, 1917.  
November 4.—Patent on cash register issued to James J. Ritty, 1879.  
November 5.—Americans 7,000 strong invaded Canada, marching to attack Montreal, 1813. American Revolutionary Army disbanded, 1783.  
November 6.—Sealing treaty with Russia and Japan signed at Washington, 1897. Abraham Lincoln elected president, 1860.  
November 7.—Completion of Canadian Pacific railway, connecting Halifax with Vancouver, B. C., 1885. Bolsheviks seized Russian government, 1917.  
November 8.—Great Britain opened the West Indies trade to the United States, 1829. John Milton died, 1674.

### MAKER OF STRAD VIOLINS

Stradivarius died at the age of ninety-three. He was born in Cremona in 1644 and was first a violin player. He came of a wealthy family, had considerable means of his own, and eventually decided to improve upon the violins of his master, Amati. He spent the years between 1668 and 1686 in selecting the best wood. From 1686 to 1694, he experimented with a violin which had a flatter arch and was much larger than former models. Between 1695 and 1714, says Collier's Weekly, he perfected the model which has never been equaled. Stradivarius was a rapid workman and is said to have finished a violin a week. That would mean approximately three thousand Strads over his active career of nearly sixty years, but there are fewer than two hundred and fifty known Strads in existence.

that Felix ever sent for Paul. How like many today. They put off decisions. They dally with petty things, halting between two opinions, wasting time and nervous energy because of lack of decision and inability to choose. They seek to settle the question of a vocation, a life's work or an education by evading them and putting off a decision until a more convenient season. Even when confronted with the great decision of whether or not they will take Christ into their lives and make his law the law of their lives they put it off. Like Felix, until a more convenient season, and to many, as to Felix, that more convenient season never comes.

### Boxer Dogs Boxed

Boxer dogs are so named because they actually sparring and parried with their front paws, much in the manner of a gloved gladiator. In the middle of the Nineteenth century, these dogs fought in the same manner as pit Bull-terriers.

### WEST SIDE H. D. CLUB

What to do in the ordinary emergencies of accidents and sudden illness as first aid was the lesson given by Mrs. Roscoe Eubank and Mrs. C. R. Bryson in a meeting held at the home of Mrs. Curtis Ribble Oct. 28.  
Mrs. F. A. Davis gave the report of Council.  
The election of officers for 1937 were: Mrs. Walter Thomson, president; Mrs. S. E. Tate, vice president; Mrs. Donald Norris, secretary; Mrs. E. A. McLaughlin, parliamentarian; Mrs. E. W. Burrow, council delegate.  
The next meeting will be held at the home of Mrs. Donald Norris Nov. 11, at 2 p. m.

### RIVERSIDE H. D. CLUB

The Riverside Home Demonstration Club met at the home of Mrs. J. S. Ray Tuesday afternoon with 11 members present. A council delegate, Miss Bonnie Schroeder, Mrs. Ray and Mrs. J. H. Ayers gave hints on first aid. The club will

### Your Horoscope

November 1, 2.—You are very quick to criticize others but you hate to be criticized. You are very changeable which is fortunate for your associates because you are not very pleasant during moods of depression, but they never last long. You have a very loving nature. You favor a domestic life, and love a home and children.  
November 3, 4.—You are hasty, vigorous, self-reliant, radical, and at times you are the most unhappy person in the world. You dive into the depths of mystery without fear but your friends fear for you. You always explore much deeper than the surface of things. You display the results of your experiments without fear of opinion.  
November 5, 6, 7.—You give up

### The Bridge of Sighs

The Bridge of Sighs built about 1400, spans Rio della Paglia Venice and leads to the prisons.

### Ends Aching Sore Muscle

For longer lasting, quicker relief, Ballard's Snow Liniment which contains ingredients to give a more than local act thus bringing a surge of warmed blood, scatter congestion and more quickly away the pain from aching muscles, sprains, backache and lumbago. Ballard's Snow Liniment, 30c and 60c.

## WE WONDER—

Where Goodlow, Bob and Albert Schooley went Sunday night?  
 Why Miss Cogdell sat at the table of the bus Friday night?  
 Who Maxine Lindsey's visitors were Sunday night?  
 How Evelyn Cauthon makes it a habit of having two dates in one night?  
 What made Miss Patterson's rattle so Saturday night?  
 How Ann Mabe is going to beat Mike's time with Mike?  
 Where Mike and Joe went Sunday afternoon (It seems that they didn't be found.)  
 Why the Senior Class is dead (A plan was planned, but no one wanted to go. If the Senior Class is the Junior Class will gladly take their place.)

## ITS THRIFTY TO BE SMART

A dozen or so years ago, as the "great age" was in its beginning, during those boom years of the twenties, luck and easy money and good time was the tune that America danced to. No one had to work very hard to get by then. It is, in the students of the nation, anybody that made better than a C in his grades was tagged as a "greasy grind." Why study every day when you can get the prizes without the work? The good mixer, the lad with the "greasy grin" and the girl with the "greasy smile" were the ones that were in the long, long ago. The boys and girls in the 1930's seem to be taking life with reasonable seriousness, though they aren't lost the capacity of having fun. And who would think that the depression is the thing that is responsible for all this? The depression has put all the emphasis in the position that those who are those who have college training or at least exceptional high school training.

But education means more than that. It means that one has learned how to handle one's self and how one's fellowmen act as they act. It means that one has broadened and attained the freedom to see truth in the "American" situation.

High school students of the last few years have learned that it is a common sense to make good use of the chance to learn.

## SOPHOMORE PARTY

Saturday at 7:30 p. m., October 31st at the home of Mrs. Adrian Thomson the Sophomores were entertained with a delightful party. Games were played, and prizes were offered for contests. Refreshments were served to about 25 members of the Sophomore class. The sponsor, Walker P. Todd, and the two class mothers, Mrs. Adrian Thomson and Mrs. Tom Howell.

## FRESHMAN PARTY

The Freshman class was entertained with a Halloween party Saturday night at the American Legion Hall. The Halloween party was carried out in the decorations. After various games were played a delicious plate of refreshments was served to about 30 members of the freshman class and the sponsor, Miss Mildred Cogdell.

## AGRICULTURAL CLASSES VISIT EXPERIMENT STATION

The Vocational Agriculture classes of Crowell High School made a trip to the Chillicothe Experiment Station Tuesday last to study the different crops of the farm.

Mr. Quinby, the superintendent of the station, explained how the crops of the farm were planted and cultivated, and also showed the different types of shrubs, trees, and grasses of the farm. This station was established in 1916 and has one hundred acres in cultivation. About three thousand different varieties of wheat, cotton, grain sorghums, and other crops are planted annually in small plots each. New varieties of plants from all parts of the world are sent here and planted to determine their adaptability to this locality. Some new varieties of grain sorghums that have been developed by this station are Ajax, and Milo hybrid No. 5. Farmers wishing information on the adaptability of any farm crop should write to this station.

Both classes of Vocational Agriculture and their teacher, Walker P. Todd, went in Mr. Fox's school bus and Houston McLain's car.

## PEP RALLY

A pep rally was held Friday afternoon in the high school auditorium. Songs were sung and yells were given by the pep squad and the entire student body. Talks were made by Supt. I. T. Graves and Coach Graves concerning the Burk Burnett game.

## JUNIOR PARTY

The junior class was given a Halloween party at the home of H. C. Brown by the boys of

the junior class. The junior boys decorated the house and planned the games for the party. Costumes of various kinds were worn by those attending the party. Refreshments were served by the class mothers, Mrs. H. C. Brown, Mrs. H. K. Edwards, and Mrs. Frank Long. James Everett Long, junior president, conducted the various games and contests of the party.

## MRS. JOHNSON SPEAKS

Thursday afternoon, Mrs. W. B. Johnson spoke to the Homecoming III girls on "How to Be a Good Hostess." Many interesting features concerning entertaining were given to an appreciative audience.

## N. R. A. CODE FOR STUDENTS

Bigger and better assemblies. Hamburgers and cake in study hall. Less labor—demanding pencil sharpeners. Less hours and more credits. Less criticism and more praise. Less home work and more fun. More recreation and less recitation.

## LOCALS

Patsy Bentley of Haskell is visiting Ann Mabe this week.  
 About twenty pep squad girls attended the ball game at Burk Burnett Friday night.  
 Elaine Lucas, Hazel Carruth, and Naydean Foster of Paducah visited school last Thursday afternoon.  
 Mozelle Lemons is in Dallas attending the Texas Centennial Exposition.  
 Marjorie Spencer went to Dallas last week. She attended the Centennial while there.  
 Many C. H. S. students attended the ball game at Burk Burnett Friday night.

## PERSONALITY OF THE WEEK

The personality of this week is a brunette senior girl. Yes, you have guessed it—none other than Annie Mae Hall. She is certainly the type of person that everyone adores. Friendly, charming, sweet, very likable, smiling, and always ready to lend a helping hand. She seems to enjoy living thoroughly, and is a very good sport when she happens to get some of the hard knocks that will come anyway. The teachers all seem to cast their votes her way in both beauty of self and beauty of features. Never has she been known to have an enemy, but who would want to be an enemy to one of Crowell Hi's most amiable co-eds?

## PEP SQUAD TO BURKBURNETT

About twenty pep squad girls journeyed to Burk Burnett Friday night to cheer the boys on to victory. This was the first game in which they used the new megaphones, which proved to be a great aid.

## REGIONAL HONOR AWARD

A framed sheep-skin certificate for debating has been added to the C. H. S. trophy case. The boy debaters, Tom Ray Roberts and Banks Campbell, received this last year when they won second place at the regional meet.

## GET INTO THE SPIRIT, BUT—

Witches are reputed to ride about the country on broomsticks committing evil deeds and searching for trouble. However, frolicking on Halloween is not reserved for witches alone. We mortals can also have our share of the fun. But our part should be quite different from that played by the witches. We should set a different example. Last Saturday night, quite a bit of damage was done in the city of Crowell by some thoughtless person. It is not believed that this damage was done by high school students, for we believe that they are better citizens. It is to be hoped that those who committed these evil deeds will be apprehended and properly punished. With everyone entering into the spirit of the occasion, good, clean fun can be enjoyed, but there is no need for destroying property.

## HIGHLIGHTS OF THE BURKBURNETT GAME

The Wildcats played their best game of the season last Friday night, even though they were defeated.

They were not contented with being the first conference team to cross the Bulldogs' goal line, they had to do it twice.

Burk has the best club in the district and deserves the championship. It is their first one, and of course they will be plenty proud of it.

Burk plays as clean football as we have seen this year. They deserve much credit for that, too.

Evans, Veera, Shook, Orr, Statser, and McKown must have been doing some good in there the last half of the other night. The Wildcats really went to clicking after they were substituted.

We can still say that the Cats have not been outplayed the last half of a game this year. Each club

## Machine for Picking Cotton Not to Take Place of Laborers

The cotton-sack, the water-jug, and steelyard will not be completely doomed by the cotton harvesting machines which some engineers believe are on the road to perfection. The throng of old and young in the cotton belt, who always greet the first open bolls in the fall as harbingers of the cotton picking season when the year's best earnings will bring the money so much needed for winter clothes and other necessities, will not all be displaced by mysterious machinery which harvests cotton at a fabulously low cost although a successful cotton picking machine would be a great boon and would be generally welcomed. There is little doubt that machines can be developed which will gather the cotton and do it more rapidly and with fewer laborers, but the cotton must be pretty well all open before it will pay to put in the machine, and by the time the lint will be found to have deteriorated considerably regardless of whether there has been much rain and stormy weather. In fact, it has been shown in recent experiments led by Miss Mary Anna Grimes, of the Texas Experiment Station, that the weathering of cotton in the field due to delays in harvesting results in damage to the fiber, that is considerably more serious than it has generally been thought to be; and, waiting for the crop to open fully so as to make machine harvesting successful, may result in losses that are greater than the gains which may be expected from the less expensive machine harvesting.

In this series of experiments, comparisons were made of the grade, strength, and color of cotton exposed from one to 33 weeks with that of unexposed cotton. The studies covered two seasons at Temple, Chillicothe, and Lubbock.

When the cotton began opening freely, approximately 3,000 bolls were tagged at each station. Thirty of these were picked and sent immediately to College Station for ginning, classing and study. The following week and each week thereafter as long as cotton remained in the field thirty of the bolls were sent in for study. At those stations where cotton opened after a killing frost, 1000 bolls were tagged, 30 of which were picked at once and 30 each week following as long as cotton remained in the field. These methods of tagging and picking were repeated the second season with one exception—the cotton was picked at intervals of two weeks instead of one.

The report shows that cotton exposed in the field lost one grade in less than four weeks at all points, and in one case lost a grade in one week of exposure in the field. There was a maximum loss of 14 per cent in strength of staple for the season, that at Lubbock being higher than that at Temple, due possibly to greater ultra violet in the sunlight at the higher altitude. All the cotton became less creamy and darker as the exposure increased and in all cases the creaminess and brightness decreased within 3 to 5 weeks after opening. The deterioration increased with the time of exposure and at 33 weeks a drop of five grades was noted, resulting in a reduction of from 150 to 265 points in the market

price. The monetary loss due to exposure ran as high as \$13 per 500 pound bale based on the market of 1932 and 1933.

As the period of exposure in the field lengthened, the staple was classed as shorter, probably because the ends of the fibers were weakened and more easily broken during ginning and classing. The decrease in the length of the cotton as classed during the exposure periods was from 1/16 to 3/16 inches. The greatest decrease occurred in the 1932-33 season.

Two explanations of the somewhat greater rate and extent of the loss in the strength of the Lubbock cotton over that from Temple and Chillicothe are suggested. It may be that there were differences inherent in the cotton itself. It seems possible that the greater ultra-violet in the sunlight to be expected at Lubbock where the altitude is greater and the atmosphere more arid than at Temple and Chillicothe, may have increased the degradation of the cellulose with a corresponding decrease in the strength of the fibers. These findings suggest that early harvesting may be more imperative at Lubbock and similar regions than it is at lower altitudes. These data indicate that to avoid a loss in strength, cotton should be harvested within the first four or five weeks after opening.

In connection with the tests to determine the effects of weathering upon cotton in the field, Miss Grimes also conducted tests to determine the effect of storage upon the strength of line cotton. In these tests strength measurements were made upon representative samples before and after one and two years of storage. The samples were stored in paper bags placed in a vault free from light. All of the cotton lost strength after storage although samples from Temple, Lubbock and Chillicothe did not lose strength equally, and there was a difference in the loss in the 1931 and 1932 samples

at the several points, the variations being similar to the differences found for the two seasons and at the three points due to weathering. Inasmuch as some other experiments have been reported, particularly in India where in no deterioration seemed to follow storage, Miss Grimes' findings are quite interesting and in consideration of the extraordinary care used in her measurements and the very highly developed equipment which she had at hand for making the measurements, it is possible that these experiments which have found differently may not have been quite so accurately gauged.

It has been generally understood by cotton producers and dealers that weathering of lint after opening is injurious but until these experiments, there have been no accurate measurements of such injury. The hair-splitting measurements to determine the differences not only in length, but in color and in strength, were made possible by delicate apparatus and intensive training in the use of modern laboratory equipment.

When the cotton began opening freely, approximately 3,000 bolls were tagged at each station. Thirty of these were picked and sent immediately to College Station for ginning, classing and study. The following week and each week thereafter as long as cotton remained in the field thirty of the bolls were sent in for study. At those stations where cotton opened after a killing frost, 1000 bolls were tagged, 30 of which were picked at once and 30 each week following as long as cotton remained in the field. These methods of tagging and picking were repeated the second season with one exception—the cotton was picked at intervals of two weeks instead of one.

The deterioration increased with the time of exposure and at 33 weeks a drop of five grades was noted, resulting in a reduction of from 150 to 265 points in the market

made two touchdowns a piece in the last half Friday night. Seymour and Crowell should have the best game of the season next week. Seymour made fourteen first downs to Chillicothe's two, but Chillicothe won by one point. Crowell made eleven first downs to Chilli's four but the Cats won by one point.

If Seymour defeats Throckmorton this week, the Cats will have a chance to uphold the record that they have held for six years. Crowell hasn't finished below second place in the district during that time.

The Burk Coach indicated that he was going to vote for three of our boys for All-District. Could you guess which ones?

It sounds mighty fine to hear the fans say that they are behind the boys when they play like they did Friday night, even though they were defeated.

Stay with the Cats and they will give us another upset victory next week.

## JOKES

Mr. Black: "What are cow hides used mostly for in Texas?"  
 Billie Russell: "To hold the cow together, I imagine."

Miss Cogdell had forbidden the pupils to eat candy or chew gum during school time. One day she became suspicious of a lump in Mike's cheek.

"Mike," she said reprovingly, "are you eating candy or chewing gum?"  
 "Neither one," replied Mike, "I'm soaking a prune to eat at noon."

Stranger: "Will you please sit down in front so I can see this ball game?"  
 George Cates: "Sorry, sir, but I'm not built that way."

H. C. Brown: "That's a nice dog you have."  
 Joe Reavis: "Yes, but he's a consumptive."  
 H. C.: "What do you mean?"  
 Joe Reavis: "Spitz blood."

Frances D.: "You used to say that Mary was such a sweet pensive little girl."  
 Shook: "Well, she soon got over that. You might say that she became expensive."

## What! No Chaperons?

Miss Margaret Chapman of Havana, Cuba, who recently enrolled in Texas State College for Women (CIA), was both amused and surprised when Miss Chaney Miller, senior journalism student, pointed out that girls at the college are permitted to have dates without chaperons. "In Cuba," she says, "your mother or brother must chaperon you at night."

When the cotton began opening freely, approximately 3,000 bolls were tagged at each station. Thirty of these were picked and sent immediately to College Station for ginning, classing and study. The following week and each week thereafter as long as cotton remained in the field thirty of the bolls were sent in for study. At those stations where cotton opened after a killing frost, 1000 bolls were tagged, 30 of which were picked at once and 30 each week following as long as cotton remained in the field. The deterioration increased with the time of exposure and at 33 weeks a drop of five grades was noted, resulting in a reduction of from 150 to 265 points in the market

at the several points, the variations being similar to the differences found for the two seasons and at the three points due to weathering. Inasmuch as some other experiments have been reported, particularly in India where in no deterioration seemed to follow storage, Miss Grimes' findings are quite interesting and in consideration of the extraordinary care used in her measurements and the very highly developed equipment which she had at hand for making the measurements, it is possible that these experiments which have found differently may not have been quite so accurately gauged.

It has been generally understood by cotton producers and dealers that weathering of lint after opening is injurious but until these experiments, there have been no accurate measurements of such injury. The hair-splitting measurements to determine the differences not only in length, but in color and in strength, were made possible by delicate apparatus and intensive training in the use of modern laboratory equipment.

## COFFEE DRUG

Caffeine is the drug in coffee, and its scientific name is Trime-thoxy-purine. Isolated, it is in the form of shining white, needle-shaped crystals, like minute icicles. Many people think that coffee is harmful because of this drug, but an eminent American scientist made 76,000 measurements and conducted a number of experiments which led him to believe that coffee is not only harmless but actually of great benefit. It enables the muscles to do more work with the same expenditure of energy, and acts as a tonic without having an enervating result. Also, not only does it facilitate clear thinking, but it enables the student to acquire more knowledge in a shorter period than before drinking it.

## ONE-BOY NEWSPAPER

With 85 paid subscribers and enough advertising to keep his sheet "out of the red," Edwin L. Heminger, nine-year-old editor and publisher, is shown at the small hand-press with which he puts out his "Glendale Times." Young Heminger, whose father is editor of the Findlay (Ohio) Republican-Courier, and whose grandfather, I. N. Heminger, has been a Findlay publisher since 1890, put out his first paper on a typewriter a year ago. So impressed was his grandfather with the lad's efforts that he bought him some type and the press. Now Edwin gathers his own news, solicits his own advertising, writes and edits, sets type and runs his paper, of by himself.

## Terraces Made by Help of New Plan Suffer No Damage

Inspection trips made after a recent 8.01 inch rain revealed that on farms near Waco under co-operative agreement with the Soil Conservation Service, sodded terrace outlet channels suffered no damage from excessive run-off waters, according to Frank Moore, technician in charge.

"All of the 11,448 linear feet of channel protected with Bermuda sod was in excellent condition after carrying the run-off from terraces. No repair work will be necessary on any of these channels," Moore's report says.

Despite some of the channels having been sodded for little more than a month there was no damage from the rain water. In one case where sod had been placed in an outlet channel with a drainage area of 42 acres there was no washing or scouring whatever, although the sod had been there only three or four weeks, proving that with solid sodding almost immediate protection can be secured.

The more expensive outlet channels, protected by mechanical structures, will require some maintenance work, the report stated. Damage to mechanically controlled channels was due to the water

following dry weather cracks around the wing walls of structures.

Erosion on farm lands in the Waco area which were unprotected by erosion control measures was very severe following the recent heavy rains, Moore says. Gullies and deposits of topsoil in low places were evident on every hand. In comparison to this heavy damage, land on which the complete erosion control program of the Soil Conservation Service had been placed suffered practically no damage.

## Duties of the Court Crier

The principal duties of the court crier are to announce the opening of the court and its adjournment and the fact that certain special matters are about to be considered, to announce the admission of persons to the bar, to call the names of jurors, witnesses and parties, to announce that a witness has been sworn, to proclaim silence when so directed, and generally to make such proclamations of a public nature as the judges order.

## Constipation

If constipation causes you Gas, Indigestion, Headaches, Bad Sleep, Pimples on Skin, get quick relief with ADLERIKA. Although in action yet entirely gentle and safe.

## Hectic Days Sleepless Nights

IF YOU are nervous today, you probably will not sleep well tonight. If you don't sleep well tonight, you will probably be nervous tomorrow.

Don't allow yourself to become nervous. Take Dr. Miles Nervine. It will relax your tense nerves and let you get a good night's sleep.

Irritability, Restlessness, Sleeplessness, often lead to Nervous Headache, Nervous Indigestion, Hysteria—sometimes to a nervous breakdown and organic trouble.

Some of the people, whose letters are printed below, were as nervous as you are—possibly more so—yet they have found relief.

Three years ago I was so nervous I could not bear to go out in company and could not sleep nights. A friend recommended Dr. Miles Nervine. I now enjoy myself thoroughly and sleep every night. Miss Juliette Carrier, New Market, N. H.

I have used Dr. Miles Nervine in liquid form and find it the best medicine for the nerves I have ever used.  
 Christene Lanier, Middleton, Tennessee

Whenever I have over-indulged and feel restless I take one or two Nervine Tablets just before I retire. In the morning when I awake I feel like a new person and can go about my work as usual. Dr. Miles Nervine Tablets quiet your nerves, brace you up and are the simplest, most convenient tablets to take I have ever found.  
 Miss Grace Redman, St. James, Minn.

Before using your Nervine I was very nervous and irritable. Since I have started to take it I feel so much better that my family notice the difference. I still take it from time to time and the good result is wonderful.  
 J. H. Redding, 1027 15th Ave., Rock Island, Ill.

Mr. Redding's family appreciate his improved disposition.

## Allen Cogdell and Paducah Girl Wed At Hollis Saturday

Allen Cogdell of Paducah, son of Mr. and Mrs. W. A. Cogdell of Crowell, and Miss Mildred Stallings of Paducah were married Saturday, October 31, at Hollis, Okla.  
 Mr. Cogdell is a former resident of Crowell, having lived here until six years ago. He is a graduate of Crowell High School and is now employed in the Paducah post office.  
 The bride, formerly Miss Mildred Stallings, is the daughter of a prominent Paducah merchant. She is a senior at Hardin-Simmons University this year. The couple married Saturday as she was at home visiting her parents and friends for the week-end.  
 Mr. and Mrs. Cogdell spent Sunday with relatives and friends in Crowell.

## J. W. Cook Given Surprise Birthday Dinner November 1

J. W. Cook was given a surprise dinner on his seventy-fifth birthday last Sunday when all his children except one son and one daughter attended the celebration.  
 His children who helped him observe his 75th birthday were Mrs. William Curtin of Tulsa, Okla., Mrs. Roscoe Schooling and daughter, Joan, and William Cates of Oklahoma City, Okla., Mr. and Mrs. J. W. Cook, Mr. and Mrs. Frank Cates and family, Mr. and Mrs. Jim Cook, and Miss Francis Cook, all of Crowell.  
 Twenty persons ate at the birthday dinner at Mr. Cook's home Sunday. Those who attended the affair were Mr. and Mrs. William Curtin of Tulsa, Mr. and Mrs. Roscoe Schooling and daughter, Joan, and William Cates of Oklahoma City, Mr. and Mrs. J. W. Cook, Mr. and Mrs. Frank Cates and family, Mr. and Mrs. Jim Cook and family and Miss Francis Cook, all of Crowell.

### ADELPHIAN CLUB

The Adelpian Club met October 29, with Mrs. A. Y. Beverly as hostess.  
 Mrs. S. S. Bell presided during a short business hour, after which Mrs. G. D. Self was in charge of the music program. A leader, Mrs. Self reviewed Moore's "Musical Instruments."  
 The program included two piano solos by Mrs. Sidney Miller. These were: "L'Adieu" by

## Husbands Honored By Columbian Club Thursday Evening

Members of the Columbian Club met at the home of Mrs. R. L. Kincaid Thursday evening, October 29, and entertained their husbands with an annual forty-two party.  
 Mrs. Kincaid and Mrs. John Ray were hostesses for the delightful occasion.  
 Mrs. Leonard Male won high score for the ladies and was presented with an ivory bowl. Dr. Kincaid, scoring high for the men, received a handkerchief.  
 Delicious refreshments were served from quartet tables with Halloween covers for club members, their husbands, Mrs. Frank Hill and Claude McLaughlin.

## Rene Tavarzer, and "Minuet in G" by Beethoven.

Miss Hill gave Chopin's "Valse op. 70," Mrs. T. S. Haney sang Devorak's "Humoresque" and Kriesler's "Old Refrain." Mrs. Foster Davis played the violin obligato, and Mrs. Miller was the accompanist for these numbers.  
 As a violin solo, Mrs. Davis gave Schubert's "Serenade," with a concluding number Mrs. W. B. Johnson gave two pianologues, "Just a Wearyin' for You," and "Roses."  
 Refreshments were served to members and two guests, Mrs. Henry of California, and Mrs. T. L. Hughton.

## Dr. Mildred Hanna Of Quanah Honored At Truscott Party

Dr. Mildred Hanna of Quanah was honored by Miss Ila Masterson with a bridge party last Friday evening. The tally cards were significant of the Texas Centennial. Refreshments of angel food cake and hot chocolate were served to the following guests: Mr. and Mrs. Jack Whitaker, Mr. and Mrs. Marion Chowning, Mr. and Mrs. L. A. Haynie, Mr. and Mrs. Robert Berg, Misses Thelma Aldridge, Lela Jones, Dr. Hanna and the hostess, Ila Masterson.

## Truscott Seniors Given Party With Halloween Theme

Mrs. R. O. Berg and Miss Eileen Motley entertained the senior class of Truscott High School with a Halloween party at the home of Mrs. R. O. Berg last Thursday evening.  
 Halloween games were played and refreshments of "Witches Brew," ginger snaps, plenty of candy and apples were served to the following guests: Ray Lynn and Wayne Cure, Winnie, Durwood and Aileen Horne, Nina Cook, Martha Lois Meeks, Gladys Martin, Deward Sewell, Helen Berg, Helen Chowning, Jessie Lee Glasscock, Lee Lyndon Turner, Margaret Casey, Buford Brown, Marjory Browning, Pauline Stinebaugh, Myrna and Leslie Cobb, Zelner Sowders, and Mrs. Charles Holmes.

## Co-Laborers Install Officers at Meeting At Church Thursday

The Co-Laborers' Class met Thursday afternoon, Oct. 29, at the Methodist Church in its regular monthly meeting.  
 The program, "Cultivating Church Relations," was led by Mrs. Allen Sanders who was assisted by Mrs. Will Erwin and Mrs. Henry Lankford.  
 The following officers were installed for the coming year: Mrs. Clint White, president; Mrs. Paul Shirley, vice president; Mrs. Lewis Ballard, secretary-treasurer; Mrs. Thomas Hughton, devotionalist; Mrs. Will Erwin, finance; Mrs. P. D. Moseley, membership; Mrs. Tom Russell, social service; Mrs. Lewis Sloan, program; Mrs. Pete Bell, recreation; Mrs. Walker Todd, publicity; and Mrs. Jeff Bruce, teacher.  
 The hostesses, Mrs. A. Y. Beverly, Mrs. Moseley, and Miss Minnie Ringgold, served delicious refreshments.

## County Federation Meets Wednesday

The County Federation met at Margaret Wednesday with the Margaret Home Demonstration Club as hostess. Representatives from eight clubs of the county attended. Clubs with members present were the Adelpian Club, Columbian Club, Garden Club, and the Foard City, West Side, Riverside, Margaret and Vivian home demonstration clubs.  
 The following fine arts program was given: "Bentonelli," by Miss Frankie Kirkpatrick, who lead the program; "Grace Moore" by Mrs. T. W. Cooper; "The Singing Ice-man" by Mrs. S. S. Bell; and "Masters of the Violin" by Mrs. G. D. Self.  
 A covered dish luncheon was served at noon, Wednesday afternoon. Mrs. F. A. Davis gave an article on the Philippine Islands. Mrs. Henry Ayers gave a talk on "Japan in the Philippines."

## Quanah Prepares for Turkey Shoot to Be Held Sunday, Nov. 8

Quanah. — Preparations are a virtually complete here for Northwest Texas' first annual Turkey Shoot, which will be held on the Quanah Rifle Club's range Sunday, Nov. 8. Club officials are expecting an entry list of approximately 500, and have purchased some 300 turkeys to be awarded as prizes.  
 The marksmen will compete in three main divisions, using rifles, pistols and shotguns. Several classes are to be arranged in each division to assure contestants competition on a basis as nearly equal as possible.  
 For the most part, the classes will consist of not more than 10 contestants, hence the large number of turkeys expected to be awarded as prizes.  
 While a number of the outstanding marksmen of the section have notified the club secretary, R. G. Warner of their intention to compete, an extraordinarily large number of unskilled marksmen are showing interest in the fete. Many farmers of the immediate area as well as local business men have entered, with apparent designs that give consideration to the Thanksgiving menu.

### ROTARY LUNCHEON

Rev. John Tyndall, pastor of the First Christian Church of Crowell, was the guest speaker at the regular luncheon of the Rotary Club held at O'Connell's Lunch Room Wednesday afternoon.  
 Gus Jones, Rotarian from Quanah, was a visitor at the meeting. Mr. Jones stated this was his first visit to the Crowell organization and that he had not missed a meeting of his club for six or seven years.  
 M. S. Henry also made a short talk asking members of the Crowell Rotary Club to assist in a financial way to Crowell Girl Scouts' organization. The club recently voted to support the organization.

### LIBRARY NEWS

"Around the World in Eleven Years" is a rare thing, a completely artless travel book written by children for grown-ups. Written by Patience Abbe, an eleven year old girl, with the occasional help of her younger brothers, Richard and John, it takes the reader to all the countries of Europe and to other continents as well.  
 The children of James E. Abbe, an internationally known photographer, and his wife, Polly Platt, a former actress, the Abbes have traveled everywhere and know everybody. They have lived in all sorts of cities and in all sorts of shelters from tents to the grandest of palaces.  
 This book tells exactly what has happened to the Abbes from the time of Patience's birth in Paris eleven years ago up to the summer of 1935, spent on a ranch in

## For Thanksgiving Day Party

Part of the big flock of 300 turkeys being fed out to be awarded as prizes at the first annual Northwest Texas Turkey shoot to be held in Quanah November 8.

## Smart Gets 25-Year Sentence in District Court Here Saturday

W. A. Smart, former school superintendent at Margaret, was sentenced to 25 years in the state penitentiary, after about two and a half hours deliberation by the jury, for criminal assault.  
 The case was tried in Forty-sixth Judicial District Court last week in Crowell in a special session. The case scheduled for the regular September term of court was postponed to a special term of court for Monday, October 12. The case was again postponed to Thursday, October 29, because of illness of the defendant.  
 A 14-year-old Margaret girl was the chief witness for the state.  
 Ed Gossett, district attorney, and Jess Owens, district attorney-elect, were the prosecuting lawyers, and John Storey, and R. R. Donaghey of Vernon and Vance Swain of Crowell were attorneys for the defense.  
 A venire of 75 men met in the District Court room Thursday morning, from which the jury was selected. Testimony began Friday afternoon. The lawyers' pleas were heard Saturday afternoon and the case went to the jury shortly before 5 o'clock. After about two and a half hours deliberation the defendant was found guilty and the penalty assessed.  
 The case was appealed to the Court of Criminal Appeals in Austin.

### EMPLOYED AT FREER

Charlie Wisdom Jr., formerly of Thalia, has been employed by the Magnolia Oil Company at Freer and is working in the production department as gauger. He assumed his duties October 12.  
 Colorado. It is more than a vivid, funny record of events, for it is an astonishingly apt critique of manners, morals and reputations.

Always look your best by letting us do your fine cleaning and tailoring by modern methods with up-to-the-minute equipment.  
 We guarantee to give superb service and the best of quality in cleaning your finest garments. We want to help you keep your appearance at its highest.
