\$2.00 A YEAR EIGHT PAGES

CROWELL WILDCATS WILL PLAY FIRST NON-CONFERENCE GAME IN HASKELL FRIDAY NIGHT AT 8

Crowell High School's Wildcats journey to Haskell Friday night for their last non-conference game of the season with the Indians. The Crowell club, after three consecutive games, will not entertain another on the local field for four weeks when they meet the Iowa Hawks on November 8.

The Indians will outweigh the Wildcats fifteen pounds per man. Haskell line averages 163 pounds and the Wildcat linemen average 151 pounds, a difference of 14 pounds per man in forward walls. If Wilfong, Crowell tackle, is used, the Indians' average for the line is raised to 166 pounds and the average weight for the entire team will be 164 1/2 pounds.

There is a difference of 12 pounds to the man in the backfield. Haskell holds that advantage. Crowell "pony" backs average 145 pounds and the Redskins average 163 pounds. This difference will be a burden to the Wildcats.

Records Different
Haskell eleven holds the advantage in weight but a check-up on records of the two teams place Crowell as the favorites. Crowell has won four games, conference tilt, and has rolled up a total of 133 points while their opponents to 31. They have also nearly doubled their opponents in first downs and have gained from scrimmage.

Although the Indians' record is as impressive as the Crowell they have dropped only one game. That was to Throckmorton as a result of a blocked field behind the goal line. The Wildcat boys sent the favored Panthers home on the second of a 7-0 score and ran 144-pound Rule 20 to 0.

Crowell fans point to the "let-down" after their hard fight with the Paducah Dragons that remains to be seen. Majority of the Wildcat supporters feel that the game will be a hard one but that the Crowell boys will add another victory to their string.

Graves' Boys Ready
Coach Grady Graves announced the boys were in good shape ready for the large Redskins. The Wildcats came through the week scrap without any injuries. During the workouts this week, the Crowell lads have been fighting out rough spots in their (Continued on Page Five.)

Wildcats' Pilot

Coach Grady Graves, pictured above, takes his Wildcats to Haskell Friday night for their last non-conference game before meeting the remaining five teams in this district. He is serving his eleventh year as coach of the Crowell High School Wildcats and is piloting another squad into the higher ranks of District 10-B.

Motion Picture Cooking School Ends Wednesday

With the showing of the talking motion picture, "The Bride Wakes Up," Wednesday morning from 9:30 to 11 o'clock, the three-day free Motion Picture Cooking School sponsored by The Foard County News came to a close. During the three showings of the picture more than 400 women and girls visited the school which was held at the Rialto Theatre.

The picture was produced by the Pictorial Promotions, Inc., of Chicago, and the privilege to use the film in a three-day free cooking school is made possible by a newspaper's membership in the National Editorial Association.

The motion picture type of cooking school is an innovation in cooking schools, this being the first year that a talking moving picture cooking school has been produced, and they are proving very popular throughout the nation. The splendid co-operation given by merchants of Crowell who furnished many inches of advertising and advertising furnished by national manufacturers were largely responsible for the local showing.

Crowell National Farm Loan Ass'n. Twenty Years Old

The Crowell National Farm Loan Association reached its twentieth birthday on Sept. 26, 1937, according to information furnished us by the secretary, J. C. Thompson.

The association was organized on Sept. 26, 1917, and the two men most responsible for securing the organization were C. E. Gafford and W. A. Cogdell, who are still members. The only other charter member who still holds membership is J. W. Owens.

At the close of 1917 loans had been made in the amount of \$10,775.00 and on the twentieth anniversary the loans outstanding exceeded \$1,000,000, with a total membership of 330.

RUN-AWAY TRACTOR

A run-away tractor broke the plate glass window and pushed in the brickwork on the south side of the front of the building occupied by the Allis-Chalmers Tractor Company on the east side of the square late Tuesday afternoon.

The tractor was parked in front of the building for demonstration and during the day someone had left it in gear. When the machine was cranked to be moved, it climbed the curb and crashed into the front of the building before it could be stopped.

BIRTHS

Born to Mr. and Mrs. A. R. Vesell, a boy, Sept. 28.
Born to Mr. and Mrs. H. N. McBeath, a boy, Oct. 2.
Born to Mr. and Mrs. John Vasser, twins, a boy and a girl, Oct. 6.

"Dickie" Brings Help in Nick of Time

Mrs. Christine Toth, seventy, of Lucaston, N. J., fondling her pet, Dickie, after the dog had been instrumental in saving its mistress's life recently. Ill from food poisoning, Mrs. Toth wrote a note, "Help, I'm dying. Mrs. Toth," tied it to the dog's collar and sent him to her house. The dog's shrill barking awakened Rev. Harry E. Stockton, pastor of the local Methodist Episcopal church, early in the morning. Noticing the note, he telephoned for a doctor who sped to Mrs. Toth's side, reaching her just in time to save her life.

CROWELL FFA BOY TO GO TO CONVENTION

President Roosevelt to Address Boys at Kansas City

Members of the Crowell FFA Chapter voted to send their president, Glenn Shook, to Kansas City, Mo., October 18-21, to represent the chapter at the Tenth National FFA Convention, in a called meeting in the Crowell High School auditorium Monday afternoon.

President Franklin D. Roosevelt, state governors and other prominent speakers will address the group at the convention.

Glenn will leave Lubbock Saturday morning, Oct. 16, on a special bus carrying other delegates from Area 1 to the meeting. He will be in Kansas City for four days of the following week, and will be expected to write some of the most interesting occurrences back to the chapter each day. After he returns, Glenn will summarize his trip and will make a complete report to the chapter.

The entire trip will cost about \$22 and the Crowell chapter is paying \$11 of his expenses.

WILDCATS WIN OVER STRONG PADUCAH TEAM

Crowell Boys Beaten During First Half Of Game

After being soundly outplayed during the first half of the non-conference game with the Paducah Dragons, Friday night on the local gridiron, the Crowell Wildcats quickly turned the tables in the early part of the third quarter and left a dazed band of Dragons on the short end of a 19-6 score.

Although the score at the half time whistle was 6-6, the heavier Dragons had pushed and banded the scrapping Wildcats around the field until it looked as though a defeat for the local eleven was inevitable. The Wildcats took advantage of two "lucky" breaks and scored twice on the visitors in the third period. After the sudden change of the situation, the Dragons were held to close quarters and never offered another serious scoring threat.

Spectacular Run

Raymond Joy, swivel-hipped Wildcat quarterback, contributed the longest and most spectacular run of the game for the entertainment of the fans late in the last quarter. He followed his interference through right tackle, reversed his field, side-stepped and stiff-armed his way through the secondary defense and galloped 58 yards before being overtaken on the Paducah 10-yard line. Even though Joy was carrying the ball, his team mates did their share with beautiful blocking.

On Goal Line When Game Ends

On the play following the long run, Meason circled left end and missed another touchdown by inches. Joy failed to put it over on two running plays and the game closed before another play could be executed.

Absence Profitable
Joy's absence from the line-up in the Archer City fray was profitable to the Wildcats. Paducah scouts carried tales of the feats of John Lee Orr, who ran wild against the Archer City team, and their defense was set to stop him. Two Dragons were used to plug holes Orr gained through against Archer City. The Dragons did a nice job of bottling little Orr but at the same time it gave Joy a chance to gain, which he did consistently.

Although Orr could not help much in the running attack, his punting kept the invaders in trouble throughout the game. In two instances, Orr stood near his own goal line and punted over the safety man, putting the ball deep into the enemy's territory. He un-benched two kicks for 64 and 53 yards and kicked 7 times for an average of 40 yards.

The Paducah eleven presented a brand of football different from any that had been encountered by the Crowell boys this season and it was not until late in the second quarter that the Wildcats were able to cope with them. Once the plays of the Dragons were learned, they stopped the line plays and reverses of the opponents. An odd defense was put up by the visitors but the Wildcats soon learned how to cope with it also.

Dragons Lack Scoring Punch
The Dragons outgained the Wildcats (Continued on Last Page.)

Crashes

Cleveland, Ohio. — Lucky dog! Count Otto von Hagenburg of Germany is pictured here emerging from the ruins of his plane which crashed while traveling 200 miles per hour. The internationally famed stunt flier provided an unexpected thrill for 50,000 air fans attending the National Air Races when he climbed out of the wreckage, saluted them and collapsed as he attempted to get into an ambulance.

District Governor Will Visit Rotary Club Next Wed.

Ed McLaughlin of Falls, District Governor, will pay his first official visit to the Crowell Rotary Club next Wednesday at the regular meeting at O'Connell's Lunch Room.

A classification talk by Bob Oswald, lawyer member of the club, featured the program yesterday at noon with Ernest King in charge.

Two visiting Rotarians present were George Backus of Vernon and C. H. McClellan of Wichita Falls.

The Crowell club has been invited to give a program at the regular meeting of the Vernon club next Tuesday at noon.

Rayland Busy Place; Harvesting Potatoes and Cotton Rushing

Rayland, located in the extreme northeast part of the county, is enjoying a very busy season, according to information received from there Tuesday.

The A. L. Lockett gin runs all day and as late as 12 to 2 o'clock in the night. Around 800 bales have been ginned.

Potato harvesting is almost as rushing as cotton gathering. The yield is from 125 to 300 bushels per acre.

H. T. Faughn, A. T. Beazley and T. E. Lawson are well along with the harvesting of a good crop. Others are just beginning the harvesting of their potatoes.

NEW NIGHT WATCHMAN

Lewis Sloan assumed his duties last Friday night as night watchman for Crowell. Albert Schooley has held this position for the past several years.

MARRIAGE LICENSE

A marriage license was issued from the office of the county and district clerk to Raymond H. Dunn of Crowell and Miss Katie Lee Perry of Ringling, Okla., on October 1.

NEW CAR REGISTRATION

A new Oldsmobile sedan was registered in the office of the tax assessor-collector last week by H. C. Brown.

RECORD CROWD ATTENDS MEET OF FARMERS AND BUSINESS MEN AT MARGARET TUESDAY

Fred Borchardt Hurt Wednesday When Horse Falls

Fred Borchardt, son of Mr. and Mrs. F. C. Borchardt, was painfully injured about 6 o'clock Wednesday afternoon when the horse he was riding fell and threw him to the ground.

The accident occurred near the Borchardt home in the Beaver community southwest of Crowell. He was rushed to Crowell for medical treatment and was then taken to Vernon for closer observation.

Fred had just returned from school in Crowell and was riding the horse to bring several cows to the barn for the night. He was not found until about an hour after the horse had fallen with him, it is presumed.

The doctor who treated him in Crowell stated that apparently his injuries were not serious although complications might arise and the exact condition of the boy would be determined in the Vernon hospital.

Riverside Concludes First Month's School; Program Friday Night

A program was given last Friday night at the Riverside school auditorium with a large crowd present. Many visitors were present from neighboring communities. Numbers on the program follow:

Welcome, seven primary girls; reading, Charles Howard Bursey; songs, primary chorus; reading, Frances Tamplin; Smile Song, 5th and 6th grades; Your Radio Hour, 7th and 8th grades; playlet, Lovell's Errand; reading, Rudell Blevins; choral reading, Buckingham Palace; reading, Norma Jean Simmons; Riverside Rhapsody.

Immediately following the program, Rev. Burns of Margaret, entertained with selections on his guitar while the final plans were being made to sell the pies.

Over fifty pies were sold by Charlie Blevins and Grady Halbert, principal of the school. Erwin Reed, teacher in the Riverside school, received the most votes and was awarded a cake for being the ugliest man present.

Proceeds from the sale of pies will be used to buy new equipment for the school.

BUILDING DERRICK

The Texas Co. No. 14 Les K. Johnson, in section 36, block L, S. P. R. R. survey, 20 miles southwest of Crowell, located 1683 feet from the north and 3083 feet from west lines of section 37, is building a derrick.

Texas Co. No. 13 Les K. Johnson is drilling at 3,536 feet.

NEW CAR REGISTRATION

A new Oldsmobile sedan was registered in the office of the tax assessor-collector last week by H. C. Brown.

A Stitch in the Britches Just in Time

But what if the needle should slip? This snapshot was taken at a holiday camp on the Kent coast in England, where the fair needlewoman obliged her unlucky companion.

The October meeting of the Farmers and Business Men's Association held in the school building at Margaret Tuesday night was attended by a record crowd. The organization voted to hold its next meeting at Thalia some time within the next month. Dwight Moody, vice president, was in charge of the meeting in the absence of the president, T. S. Haney.

Dr. R. L. Kincaid, president of the Crowell State Bank, and Fred Rennels, Wilbarger County agent, were the principal speakers of the program and discussed the 1937 cotton program. John Nagy, Foard County agent, also gave a short talk on the same subject.

Program
The program was opened with a song by the entire group. After the invocation by Rev. E. L. Yeats, the banquet was served by the Margaret Home Demonstration Club ladies. After everyone present had introduced himself, Geo. Self, chairman of the entertainment committee, took charge of the program and introduced the first speaker, Dr. Kincaid.

Farmers Must Co-Operate

Dr. Kincaid stated that contrary to the old belief that farmers, who compose one-third of the nation's population, were independent, they must co-operate among themselves to get their just share of the national income and combat the large corporations. He pointed out that through co-operation the large corporations had grown until they had taken complete charge of their particular field which was the cause for the high cost of supplies that must be purchased by farmers. Land owners and tenants, he said, must work together in order to get just prices for their products. International co-operation cuts down exports and cheapens the price of cotton, he pointed out.

Co-operation of the people, as a whole, is the direct cause of the development of this nation, Dr. Kincaid declared, but the farmers are the last group to band together to protect their own rights and regardless of ideas to the contrary, this must be done on a nationwide scale. According to Dr. Kincaid, the farmers will soon be banded together and governed by Federal laws. Good men who know the situation thoroughly must be placed at the head of the movement, he advised. Individuals must sacrifice their own selfish interests to improve civilization and do their part in the movement because if it is for universal good, it is also good for the individual, Dr. Kincaid concluded.

A song and tap dance number was given by Miss Paula Plunkett. She was accompanied by Mrs. William Riels at the piano.

Explains Cotton Program

Fred Rennels was introduced by Mr. Self as the first president of the association and he explained the 1937 cotton program to the audience.

Mr. Rennels compared the program from 1933 until 1935, at which time the Supreme Court killed the AAA program. The present program was instituted shortly afterward and has a two-fold purpose—to lessen production and aid in soil conservation. The 1937 program is by far the most difficult to understand, he stated.

Mr. Rennels declared that regardless of what the individual thinks, it is better to follow the advice of the authorities who are making an honest effort to raise the income of the farmers. In comparing the price paid for the farmers' products and those they must buy, Mr. Rennels stated that if the price of cotton was determined by the price paid by the farmer, cotton would sell at about 17 cents per pound at the present time, and this is the level authorities are trying to reach, but the farmers must co-operate. According to Mr. Rennels, the program of Secretary Wallace is democratic as each state sends representative farmers to take part in conferences.

Mr. Rennels gave the following (Continued on Page Four)

NEW PASTOR

Rev. C. C. Dooley, pastor of the Chillicothe Presbyterian Church, will preach two Sundays each month at the Crowell Presbyterian Church, according to announcement made this week. Rev. Dooley will preach in Crowell on the 2nd and 4th Sundays of each month. Sunday School will be held every Sunday with W. F. Kirkpatrick as superintendent.

ATTEND CARNIVAL

The following members of the Sophomore Class of the Thalia High School attended the carnival in Vernon Saturday night: Edgar Long, J. M. French, Buster Roberts, Clyde Bray Jr., Alma Lee Townsley, La Vern White and the class sponsor, Miss Helen Willard, and Miss Wells.

Items from Neighboring Communities

RAYLAND

(By Annise Davis)

Mrs. Lisa Lawson and Mrs. Estelle Turner of Vernon spent the week-end with Mr. and Mrs. R. A. Rutledge.

Miss Hazel Key of Vernon was visiting her uncle, G. T. Key, and family and friends here last week. She had just returned from a visit with her father, E. M. Key, and family of Mission.

Howard Green and family of Farmers Valley spent Sunday with her mother, Mrs. T. A. Raines, and family.

Will Raines and family spent the week-end in Wichita Falls with Mrs. Raines' brother, Woody Jernigan.

Mrs. Minnie Lyles and son, Willie, were business visitors in Crowell Friday.

Mrs. Joe Bowers of Vernon spent several days last week visiting her daughter, Mrs. T. E. Lawson, and family.

Mrs. Ollie Evans of Bomarton was buried at Thalia last Sunday. She was the daughter of Mr. and Mrs. A. H. Martin of this community. She and her husband, Lewis Evans, were teaching school at Bomarton when both were taken sick with typhoid fever. Mr. Evans is in a very serious condition.

RIVERSIDE

(By Bonnie Schroeder)

A program and pie supper marked the first activity of the school year in the Riverside school auditorium Friday night. A large crowd attended the entertaining novelty program and heartily joined in the social get-together which followed. The sale of pies brought a total of \$26, which will be used in acquiring library books and playground equipment. The school faculty and students are grateful for the splendid co-operation shown by the community in making it possible to improve school room and play ground facilities.

Mrs. Lewis Evans, 39, of Bomarton, daughter of Mr. and Mrs. A. H. Martin of this community, died in a Wichita Falls hospital Saturday night following a 10 days' illness. Funeral services were conducted in the Thalia Church of Christ Sunday afternoon and interment was in the Thalia cemetery near the grave of her son, Kenneth, who died August 15, 1935. Mrs. Evans is survived by her husband and two children.

New Electric Welding Machine

My new electric welding machine has arrived and is one of the very best in this section of the state. The installation of this machine will enable me to do any kind of welding or blacksmith work that the people of this county may need.

I am also now prepared to do welding on automobile and tractor heads. If you need any blacksmith work, disc rolling, or welding done don't fail to see me. I will appreciate your business and guarantee satisfaction.

LEMON CHIFFON PIE FEATURE IN FAMOUS MOVING PICTURE

★ In the new cooking-school moving picture, "The Bride Wakes Up", Lemon Chiffon Pie makes a big hit. This delicious pie will make a hit at your house, too. Dad will say it's the best pie he ever tasted. It is made with genuine Knox Sparkling Gelatine—the plain gelatine that blends with all of nature's fruits and vegetables.

- LEMON CHIFFON PIE**
(One 9-in. Pie—uses only 1/4 package)
- 1 envelope Knox Sparkling Gelatine
 - 1/2 cup cold water
 - 1/2 teaspoonful salt
 - 4 eggs
 - 1 cup sugar
 - 1/2 cup lemon juice
 - 1 teaspoonful grated lemon rind
- Add one-half cup sugar, lemon juice and salt to beaten egg yolks and cook over boiling water until of custard consistency. Pour cold water in bowl and sprinkle gelatine on top of water. Add to hot custard and stir until dissolved. Add grated lemon rind. Cool. When mixture begins to thicken fold in stiffly beaten egg whites to which the other one-half cup sugar has been added. Fill baked pie shell or graham cracker crust and chill. Just before serving spread over pie a thin layer of whipped cream.

KNOX is the real GELATINE

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

Austin.—Accompanied by a fanfare of oratory and belated press statements, emanating from Gov. Allred and Sen. Tom Holbrook of Galveston, leaders of the more tax and anti-tax factions, the legislature laid the groundwork during its first week's session for a memorable tax battle. The house revenue and taxation committee, receiving some 30 tax proposals, sent them to subcommittees. The general plan adopted was to lump most of the revenue proposals into an omnibus bill, which would raise tax rates on natural resources, theater admissions, public utilities, carbon black and cement by about 45 per cent—sufficient to yield three-fourths of the \$15,000,000 demanded by Allred. In addition, the committee likely will bring out several "single shot" measures including an amended franchise tax bill and some method of increasing taxes on oil pipelines.

Battle Yet To Come

As public hearings on this general skeleton plan got under way, it appeared that at least another week will be necessary before a definite line on the real tax battle can be obtained. Stiff opposition is certain to be encountered from many sources that will be penalized under the omnibus bill. The new rate on crude oil would be 4 per cent, and marginal well owners claim many of them will be forced out of business by such a tax. Residents of rural areas and small towns already are registering bitter opposition to proposed increases on gas and power and light companies which serve them. Rates in these rural areas have always been higher than in cities, because of low volume and limited buying power of most of the customers. The legislature has recognized this by exempting gross receipts in towns of 2500 and under from the gross receipts tax, and graduating the tax scale in towns up to 10,000. Under the new bill, this graduation is wiped out. Small town consumers claim their rates will be unjustly increased, and the power companies declare they cannot continue building rural lines to extend service to farmers, if the tax is raised.

Sale By Drink Proposed

The house liquor committee favorably reported Rep. Emmett Morse's bill, proposing to legalize sale of mixed alcoholic drinks in establishments whose main business is sale of food. Morse estimates the 10 per cent sales tax provided on such drinks, together with license fees, will yield \$2,000,000 a year additional revenue. Sentiment for the measure seems stronger than at any previous time, and several members who have discussed it with Gov. Allred declared they believed he would sign the bill, if passed. It would apply only in the 44 counties which now legalize sale of hard liquor. The governor has been publicly silent about the measure.

Senate May Back

Regardless of the house's action on the tax problem, there is sure to be a bitter battle in the senate. The senate investigating committee, headed by Holbrook, put itself in position to force Allred to permit action on reducing appropriations, when it reduced the appropriation bill to pay for the special session from \$100,000 to \$50,000. This may necessitate a supplemental per diem bill later and the plan is to attach to it amendments to reduce departmental appropriations, thus getting around Allred's refusal to submit economy to the session. The senate bitter-enders will fight to prevent any additional taxes whatever, and there is such a close division of strength in the upper house that the last week of the session will doubtless be the earliest date anybody actually knows how the battle is going.

Oil In Limelight

Federal control and federal taxation of the oil industry, always of paramount interest to Texas, with half the country's oil re-

position with the Stovall-Jonas Grocery store in Thalia. He assumed his duties Friday.

Joe Johnson and son spent the week-end in Fort Worth, visiting their wife and mother, who is attending a business school there.

Otis Tole, who is teaching school at Buelah near Littlefield, arrived Monday for a month's visit with his parents, Mr. and Mrs. Sam Tole, while his school is closed for cotton picking.

Luther Cribbs and Ernest Cribbs went to Wichita Falls, where Luther Cribbs received medical treatment.

At a meeting of the Riverside Home Demonstration Club in the home of Mrs. Harry Simmonds Tuesday it was decided to start meetings of the community chorus on Wednesday nights. The first meeting will be Wednesday night, October 6, in the school auditorium with Joe R. Elliott conducting. The club will sponsor monthly socials in the members' homes beginning this month with Mrs. Shirley McCarty as hostess. The club will meet at the home of Mrs. Grady Walker Oct. 12.

Mr. and Mrs. Ben Bradford and children, accompanied by Mr. and Mrs. David Lee Owens of Crowell, spent from Saturday until Monday visiting at Oklahoma City, Norman and other points in Oklahoma.

THE FOARD COUNTY NEWS

To keep your engine running smoothly, the oil you use must really do a job! Must cling to metal like the paper on the wall. Must supply a friction-fighting film that is tougher than tough.

That's where Phillips 66 Motor Oil comes in. It has high-degree viscosity. Its heat-resistant film does not thin out or squeeze out. It stays put

in the bearings and on all moving surfaces. Stands up amazingly longer. Holds your oil level high. All because it is specially refined from a costlier 100% paraffin base crude.

Next time, drain and refill with Phillips 66 Motor Oil. It's concentrated! . . . This year's big value in car lubrication. Look for the Orange and Black 66 Shield.

Whooping Cough Is Dangerous Disease for Young Children

"To the very young there is no other disease as dangerous as whooping cough," states Dr. Geo. W. Cox, State Health Officer.

"In addition, the equal amount of suffering of which parents show so much inexcusable disregard, not only for the safety of their own children, but also for that of their neighbor's children.

"There does not exist a natural immunity against whooping cough during the first six months of life as there does for measles. It is at this age that whooping cough strikes its heaviest blow, and over fifty per cent of the deaths occur in children under one year of age.

"Whooping cough is usually transmitted by direct contact with the secretions of the mouth or nose, and only a very short exposure is required to contract the infection. Handkerchiefs, drinking cups and toys may also transmit the infection.

The infection is communicable from the appearance of the first symptoms and is most contagious at this early period when the natural tax is not high enough.

Meanwhile, several members of the legislature voiced fear that the federal government may soon seek to tax crude oil for federal revenue. Both Gov. Allred and Sen. Joe Hill expressed uneasiness, while Sen. Claude Westerfield of Dallas, wrote President Roosevelt, urging him to recommend a federal tax, because he thought the state tax is not high enough.

Liquor Board In Balance

Public discussion of the desirability of abolishing the state liquor control board, turning the tax collecting function over to the comptroller, and leaving enforcement to local officers, has brought on a storm of argument. Opponents of the board point to the \$1,000,000 a year it costs to operate it, and claim the money should go into the treasury. Drys, however, contend the liquor industry should pay for enforcement through taxes, and these taxes are not intended as general revenue. They assert tax collections would drop substantially under any other system, encouraging bootlegging, tax evasion and other evils, while liquor law enforcement would be a joke, with 250 different kinds of enforcement being carried out by as many county officials. As a dry, Gov. Allred would be expected to veto any attempt to repeal the act creating the commission, which was set up under his administration and provides one of the richest sources of patronage for the governor's office.

QUESTIONS AND ANSWERS

1. For what is Hugo Black known in the news?

kill a man—in fact, she has sent many of their graves, asserts a writer in Pearson's London Weekly.

The Black Widow is as tough as a gangster, too, and if you ever meet her, the only sure method of putting her out of action is to smash her with something hard, like a swatter or the back of a shovel.

Drop for drop, the Black Widow's venom is more deadly than that of the rattlesnake.

Owing to its larger size, the rattlesnake injects much more poison than the Black Widow when it strikes, and, therefore, its death rate is higher—it kills about one in three. The Black Widow kills about one in twenty, but she is more common, and bites more people, so that, in the course of a year, the Black Widow causes more human deaths than does the rattlesnake.

"Four-Footed Toe Dancers"

African antelopes, known as klipspringers, are also called "four-footed toe dancers," because of the characteristic habit they have of poisoning themselves on the rocks in a position in which their feet resemble those of a ballerina. Most interesting of antelopes, they rank among the smallest and standing less than two feet at the shoulder. Extremely nimble, they climb upward in the mountains with great speed, agility and sureness of foot, while in downward leaps they safely negotiate gaps of thirty feet from one rocky ledge to another, steadied upon landing by their cup-shaped "non-skid" hoofs.

Old Mother Nature indulges in a grim joke sometimes, and she must have been in one of her "humorous" moods when she created the Black Widow spider. This merry widow of the insect world is one of the nastiest of all the creepy-crawlies—a murderous and dangerous female.

Not only does she kill and eat her husband when she has no further use for him, but she can

is no mistaking the disease, there is whooping cough in the community, keep other children away from your little children and keep your children at home. Consult your family physician early. Isolation of all cases for at least two weeks from the development of the characteristic whoop should be rigidly enforced.

THE Foard County News

T. B. KLEPPER, Editor-Owner.

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, October 7, 1937

Every good gift and every perfect gift is from above, coming down from the Father.

THANKS

The Foard County News wishes to express its sincere thanks to all who helped in any way to promote to a successful conclusion a free motion picture cooking school...

Although promoting a cooking school that was new to everybody entailed considerable responsibility and anxiety, we are glad that we were permitted to present it to the people of Crowell and surrounding territory while it was new.

If you have not driven around through the streets of Crowell lately, you have a treat in store, for rarely have the yards looked so pretty. The last rains we had seemed to come just at the opportune time, for the grass and shrubs and flowers have taken on new life and with much weed-cutting in effect, the home town has donned a gala dress which it is not usually privileged to possess.

EXPERIMENT

(An editorial from the Rotarian Magazine)

The story has been going the rounds of a city man who bought a farm. While examining the line fence which had been a source of much quarrelling in the past, the neighboring farmer said:

"That fence is a full foot over on my land."

"Very well," said the newcomer, "we shall set the fence over two feet on my side."

"Oh! But that is more than I claim," stammered the surprised farmer.

"Never mind; I would rather have peace with my neighbor than two feet of earth."

"That's sure fine of you," replied the farmer retractably, "but I couldn't let you do a thing like that. Let's not move the fence at all."

It is suggested that the next time you have a dispute about "rights," you try surprising the other fellow by giving him more than he claims, and then see what happens!

Youths working on a campus improvement work project at the Roby Public Schools have constructed 1560 feet of rock curbing around the school grounds, laid 500 feet of concrete sidewalk, and are now completing a hard surfaced tennis court, a rock shower room and equipment house for the boys physical education department, and an amphitheatre, N. C. Forrester, Superintendent of the Roby Public Schools, has reported to J. C. Killam, State NYA director.

Beware Coughs from common colds That Hang On

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm. Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

CONGRESSMAN W. D. McFARLANE

Mortgage Loans Paid In Full

The Farm Credit Administration states that 23,113 farmers mortgages during the past twelve months have been paid in full. This is an increase of more than 60 per cent of the preceding twelve months. The Farm Credit Administration announces that a large majority of the Federal Land Bank borrowers have met their principle and interest installments regularly and promptly. The farmers paid \$39,213,091 during the recent 12 months period, which was 83.2 per cent of the amount of principle that would ordinarily have matured. The farmers have paid Land Bank Commissioners loans amounting to more than twice the amount due, and more than twice the amount collected in the preceding twelve months. This splendid record fully answers and justifies the confidence Congress placed in the farmers in creating the legislation that has assisted them in saving their farms, that has lowered their interest and in continuing this legislation that has assisted them so much.

Nations Income Increased

The Department of Commerce reports the National income for 1936 as \$63,799,000,000, the largest income since 1930. They estimate the nation's income for 1937 will exceed \$70,000,000,000 because of increased industrial products, larger farm earnings, and improved employment. The nation's income dropped to about \$38,500,000,000 in 1932. In 1936 the income was 21 per cent lower than in 1929, the peak, when the total was \$80,757,000,000. The income and excess profits taxes collected for 1936 were \$1,427,447,594.36, and for 1937, it was \$2,179,841,834.73, or an increase of \$752,394,240.37. It is interesting to note in comparing the increased tax collections for 1936 and 1937 that corporations increased from 1927 over 1936 was only \$318,409,899.77; while the individual increase of 1937 over 1936 was \$417,924,972.33. It is also interesting to note that the gift tax collected decreased in 1937 over 1936 as follows: \$160,058,761.47 in 1936 and only \$23,911,783.26 in 1937. It will be remembered that the writer bitterly opposed the gift tax loophole placed in the 1936 Act at the time it was made, which permitted the Mellons, the Morgans and all the rest of the wealthy of the nation to run to cover with all their wealth and avoid the higher rates in the gift and estate laws. It is noted in passing that the government will receive a very small per cent of the large estate accumulated by the late Andrew Mellon because of these loopholes.

Farm Meetings

Last week I spoke at the following places: Graham, Olney, Newcastle, Loving, Prospect, Shannon and Decatur. At the close of each speaking the farmers were requested to express their attitudes as to whether or not they favored rigid farm control legislation. At each of these meetings all present expressed their unanimous approval of such a program. Following these meetings, government educational films were shown. There was a splendid attendance at all of these meetings.

In addition to the meetings the writer was a guest of the Lion's Club at Seymour last Wednesday at noon and showed government films.

This week on Monday and Tuesday the writer will speak at Archer City and Megargel; on Wednesday and Thursday at Henrietta and Bellevue; Friday and Saturday at Bowie and Necona. Sunday I will speak at the dedication services of Kell Field, Municipal Air Port, of Wichita Falls, Texas.

Tonnage Ship May Carry

The quantity of tonnage that a ship may safely carry varies with the seasons, the hemispheres and the kind of water. Hence nearly all vessels carry "load lines," or a Plimsoll mark, painted on the sides of the bow and stern, that represent the depth to which the ship may safely be loaded in FW (Fresh Water), SW (Salt Water), IS (Indian Summer), S (Summer), W (Winter) and WNA (Winter North Atlantic). — Collier's Weekly.

Never Passed a Bill

The so-called "Added Parliament" met on April 6, 1614, sat through two months, and was dissolved by James I without having passed a single bill.

WHAT WE THINK

(By Frank Dixon)

Immediately following the bombardment of Shanghai by the Japanese the State Department of this country was flooded with appeals that this government take the necessary steps to protect American investments in the war zone. The demand also comes that the necessary steps be taken looking toward the reimbursement of losses already sustained, or that may be sustained, by American business located there.

I am in no sense a pacifist. I have little sympathy with the movement that is already in the country to the effect that we completely disarm and disarm our army and navy. I believe there are times when honor and self respect and right can only be maintained by fighting, even to throwing in the entire resources of this nation.

But I am unqualifiedly opposed to this nation being drawn into the war with Japan or any other nation to protect investments of American capitalists and American industry on a foreign soil.

I believe that the State department and the diplomatic service should go as far as possible to bring about, on the part of an aggressor nation, the proper consideration and regard for an American industry located on foreign soil, but I am opposed to an entire nation being drawn into war with all its attendant debt, misery and hardship to protect a few million dollars which some capitalist has risked on a gamble, because of its possibilities of large profits.

It is of little avail for this country to bewail the fact that it has to bankrupt itself for years to come, because of its having gone into war to protect some one's investment that may represent but one day's interest on the war debt.

It does little good to bewail the fact, after war has become a reality, that we must send our young men to a foreign soil to protect an investment whose location there is a questionable right.

It does little good to regret these things if we persist in taking a course that cannot help but eventually lead to this very thing.

On the other hand I am in favor of a concerted action among the nations of the world, interested in world peace, to the end that exploitation and despoliation of a weaker nation by a stronger nation, merely because it desires more territory and more power, be stopped. I am in favor of pledging the resources of the nation along with the resources of other nations interested in world peace for this, because I believe that in this way, and in this way only, will world peace become a reality.

The consensus of opinion in any group these days seems to be that, come what may, the United States must keep out of the Japanese-Chinese war and all other wars in which major powers may become engaged.

The administration has taken a position on the question of neutrality, which, if observed to the letter, will, in effect, remove this nation from any reasonable possibility of participation in world difficulties. To me such a position, such a policy, is merely one of wishful thinking.

We live in a world whose interests, because of modern communication and modern needs is too closely related to permit one conceivable portion of it to be engaged in a devastating war, and the rest to maintain a policy of isolation and strict neutrality.

Any reasonable view of the situation, that goes deep enough to make possible a true appraisal, is going to be forced to the conclusion that there is no such thing as saving our own skins, while the rest of the world crashes in ruin.

Whether we like the idea or not, we are going to have to take our share of world responsibility. Turning our back upon facts, or burying our head in the sand, is not going to solve the problem or dispose of it. It is here to be settled, and must be settled.

The league of nations came in for much ridicule, but my conviction is, that the solution of this world problem lays in the concerted action of all nations, whether it goes under the name of the League of Nations or some other name. If any proof of this were needed we have but to review the things that have happened since the World War, any one of which contained as much or more provocation for a world war than that which provoked the World War.

My conviction is that if the nations interested in world peace were united in such a desire sincerely and honestly, and played the game squarely, most of the differences between nations could be settled by economic pressure, and open hostilities would seldom be necessary. To me it appears the only solution of the world problem.

The solution, like many such, is easier diagnosed than applied, and the tragic part of it is, that with the issue so clearly defined, we will continue to blunder along, attempting to force the use of methods that time and experience have proven again and again will not work. We will continue in a program that has in the past, and will in the future, not only fail in its purpose, but continue to lay upon the shoulders of humanity a debt that will continue to keep upset the economic structure of the world.

Motto of French Revolution

The motto of the French revolution was "Liberty, Equality and Fraternity."

Record Crowd—

(Continued from Page One)

as the main things the 1937 program is trying to accomplish: fair share of national income to farmers; prevent wide fluctuation of price and production; security of tenants; conservation of soil; research through experiment stations and other branches.

He advised that farmers study the program and how and to what extent it will benefit them. Lay out a correct map of their farms in order to save measuring every year and plan the year's work. Learn the farm basis, taken from an average from 1928 to 1932, and how to get full benefit from the basis in getting into condition for the 1938 program. Study farm and learn different practices for each farm in the way of improvements. He said that according to information received the payments under the 1938 program would be made differently from this year's. Two cents per pound will be paid on the entire acreage of the farm instead of five cents paid this year on the depleted acreage.

In concluding his talk, Mr. Renwick revealed the fact that prospects for the government loan program was much brighter at present, due to activities of congress in the past few days in raising the loans so they will range between six and nine cents, six cents being the lowest. He also mentioned the proposed wheat insurance plan and stated that it was fairly simple and should work. This plan does not insure against low prices but against crop failures.

Improving Cotton Staple

Mr. Nagy stressed the importance of improving the staple of cotton in Foard County in the future so that farmers may receive a better price for their products. He designated Margaret as the community in this county that had done more toward this movement than any other. Mr. Nagy pointed out the fact that farmers do not make more money by planting short staple cotton than long staple because of the difference in the

price. He gave as an example a community in which the farmers were co-operating in this movement and gave figures to show that they were getting better prices. A government cotton checker has been stationed at Hamlin and farmers in this county can ship their cotton to that place. A report will be returned within three days, according to Mr. Nagy.

Roy H. Goff, supervisor of the Soil Conservation Survey stationed at Vernon, made a short talk and invited the people of Foard County to visit the water conservation project now being conducted on Adams Creek near that place. E. S. Craig, assistant county agent of Wilbarger County, also talked briefly.

Committees Appointed

George Self, Jack Seale and John Rasor arranged the Margaret program. The committee appointed by Mr. Moody to arrange the program to be held at Thalia was composed of the following: E. C. King, chairman; Henry Ashford and Rev. E. L. Yeats.

J. E. Harwell and Howard Ringold were appointed to sell tickets for the next meeting.

NEW SERIES OF ADS TO APPEAR FOR CREOMULSON

The Foard County News is again on the select list of weeklies picked by the Creomulsion Company, Atlanta, Georgia, to run a series of advertisements on their product, Creomulsion, a prescription for coughs and bronchial irritations due to colds.

Creomulsion, recommended by thousands of doctors and druggists, is sold by all drug stores. All druggists are authorized to refund the purchase price to any customer if not satisfied with the results from the very first bottle.

An NYA work project on which 12 San Antonio youths may learn finger printing is being organized with the co-operation of the San Antonio police department, J. C. Kellam, Texas Youth Director, announced.

First record of troops on Governor's Island, New York Bay military post, was in 1744.

Recipes Used in Cooking School

CHOCOLATE LAYER CAKE

- 1/2 cup Spry
1/2 teaspoon salt
1 teaspoon vanilla
1 1/2 cups sugar
2 cups sifted SnoShien cake flour
2 1/4 teaspoons baking powder
1/2 cup milk
2 egg whites
Combine Spry, salt, and vanilla. Add sugar gradually and cream until smooth. Add vanilla and salt. Add cake flour and baking powder together 3 times. Add small amounts of flour to creamed mixture, alternately with milk, beating after each addition until smooth. Beat egg whites until stiff but not dry and fold carefully into mixture until well blended. Pour batter into two 8-inch layer pans greased with pan-coat. Bake in moderate oven (350°) 25 to 30 minutes. Spread chocolate frosting between layers and top and sides of cake.

CHOCOLATE FROSTING

- 2 tablespoons Spry
2 tablespoons butter
1/2 cup chocolate
5 tablespoons hot milk
1 1/2 cups sifted confectioners sugar
1/2 teaspoon vanilla
1/2 teaspoon salt
Melt Spry, butter and chocolate together over hot water. Pour hot milk over sugar and stir until sugar is dissolved. Add vanilla and salt. Add chocolate mixture and beat until smooth and thick enough to spread. Makes enough frosting to cover tops and sides of two 8-inch layers.

HOT TEA

The best way to make hot tea is as follows: Use an earthenware or crockery teapot. Rinse the teapot with boiling water. A teaspoonful of Lipton's Tea for each cup and one for the pot is sufficient, not more. If you prefer a stronger tea, add sugar, although some like it stronger. Pour on freshly boiling water (it must be boiling), let steep for 5 to 8 minutes, and pour off. Add sugar and milk or lemon to taste.

LEMON CREAM

- (Six to Eight Servings)
1 cup milk
1 cup coffee cream
2 eggs
1/2 cup sugar
1/2 cup syrup
1/2 cup lemon juice
1 teaspoon grated lemon rind
Beat eggs until lemon colored. Add sugar gradually until the mix becomes a thick custard-like consistency. Combine with syrup, milk, cream, and lemon juice and rind. Pour into freezing tray. When frozen, remove to bowl and whip with an electric or hand beater until mix becomes light and creamy. Return quickly to freezing tray and allow to finish freezing.

BENGAL PUNCH

(Chilled)
Make tea in the usual way, using an earthen pot if available. Do not allow to stand more than 5 minutes, stir thoroughly, then strain. Allow 1/4 lemon for each glass, squeezing the juice right into the tea. Let stand in refrigerator about 1 hour before serving and sweeten with honey (or sugar, if honey is not available) but put no ice in the tea. As a variation of the above, pour the hot tea on about 1/4 teaspoonful of honey to each glass of tea and squeeze in the juice of 1/4 lemon to each glass. Then set aside to cool. The flavor will be slightly different if prepared this way.

PAN-COAT

- 1/2 cup Spry
1/2 cup Pillsbury's Best Flour
Mix Spry with Pillsbury's Best Flour to form a smooth mixture. Keep pan-coat in a covered dish on the pantry shelf. It will stay fresh in indefinitely. Use for greasing cake pans, muffin pans, etc.

PERFECTION SALAD

- (6 servings)
1 envelope Kno Sparkling Gelatine
3/4 cup cold water
1 cup hot water
1/2 cup mild vinegar
1 tablespoonful lemon juice
1/2 cup sugar
1/2 teaspoonful salt
1/2 cup cabbage, finely shredded
1 cup celery, cut in small pieces
1 pimiento, cut in small pieces, or 2 tablespoonfuls sweet red or green peppers
Pour cold water in bowl and sprinkle gelatine on top of water. Add sugar, salt and hot water, and stir until dissolved. Add vinegar and lemon juice. Cool and when mixture begins to stiffen, add remaining ingredients. Turn into mold that has been rinsed in cold water and chill. To serve, remove from mold to bed of lettuce leaves or endive, and garnish with mayonnaise dressing. Or cut salad in cubes and serve in cases made of red or green peppers, or turn into mold to bed of lettuce leaves or pimientos.

BANANA BUTTERS-COTCH LOAF

- Recipe fills 11 x 6 x 2-inch loaf pan or 9-inch deep, round pan; serves 10.
Temperature—325° F.
Time—about 1 hour for loaf; about 35 minutes for layer.
1 1/2 cups Pillsbury's SnoShien Cake Flour
1 1/2 teaspoons baking powder
5 eggs, separated
1 1/2 cups sugar
2 cups cold water
1 teaspoon grated lemon rind
1 tablespoon lemon juice
1/2 cup melted butter
3 not-too-ripe bananas
3 tablespoons butter
1/2 cup brown sugar
Sift flour and baking powder together. Beat egg whites to a stiff froth, add sugar gradually, beating constantly until mixture is thick and smooth. Beat egg yolks until thick and lemon-colored; cut and fold lightly into egg whites. Add water, lemon rind and juice; mix lightly. Fold in flour mixture as for sponge cake. Fold in butter, cooled until slightly thickened. Peel bananas; cut in half lengthwise. Beat 3 tablespoons butter; add brown sugar, stir and beat until sugar is dissolved. Pour into baking pan. Arrange bananas, cut side down, over syrup. Pour in cake batter. Bake in 11 x 6 x 2 inch loaf pan. Bake in oven until cake is done. Loosen cake carefully; invert on serving plate. Garnish with Bananas and a few nutsmeats. Serve warm.

BANANA-CREAM

- 1 ripe banana, peeled and sliced
Few drops lemon juice
1 tablespoon sugar
1 cup cream, whipped
Fold bananas, lemon juice and sugar into whipped cream. Serve cold with warm Banana Butterscotch Loaf.

SOUTHERN FRIED CHICKEN

- 2 1/2-3 1/2 pound frying chicken, cut in pieces for serving
1/2 cup Spry
1/2 cup water
1 1/2 tablespoons Pillsbury's Best Flour
1/2 teaspoon salt
1/2 teaspoon pepper
1/2 teaspoon paprika
1 cup boiling water
2 tablespoons cream
Roll pieces of chicken in seasoned flour. Fry chicken in hot Spry in skillet. Brown well on both sides, then reduce heat slightly, add water, cover, and cook for 15 minutes on each side, or until chicken is tender. Pour off from pan all but 2 tablespoons of fat. Add flour, blend, and stir until richly browned. Add salt, pepper, paprika, and boiling water. Cook until smooth and thickened, stirring constantly. Add cream and blend. Pour around chicken—serves 4.

GOVERNMENT COTTON LOAN

I have completed arrangements for handling Government Cotton Loans. There are 5 different loan brackets. Be sure that your cotton is in the proper loan bracket and that you fully understand the conditions of the loan, and save future complications.

Let me write your loan contracts. Accurate and efficient service.

According to Our Exchanges

Cotton Picking Over

About three-fourths of the cotton crop in this area has been harvested, according to farmers, many of whom say they lack only the scrapping being through and are making preparations to begin gathering corn. Another week of open weather will leave most fields empty of pickers and cotton. — Bogata News (Red River County.)

Crowell is probably the best football town in Texas, according to its size. Nowhere is the western hospitality greater than there, the town that produces football players that train the year around. If the Dragons can hold this highly tutored and trained team to as low as 20 points, we will have won a moral victory. — Paducah Post.

Franklin Indicted

Lewis Franklin of Chillicothe, known as the left-handed fiddler, was indicted by the Hardeman County grand jury in session Tuesday for murder in connection with the death of Mrs. Cora Houston, long-time resident of this city, and operator of a boarding house. — Chillicothe Valley News.

Fall Trades Day

At a meeting of the merchants committee of the chamber of commerce the plans for the fall trades day program were made with the adoption of a feature double the former entertainment until Christmas season. The members spent the evening planning the financing of the special attraction. — Burkburnett Star.

Cattle Well

Location was staked last Friday and drilling will begin within the next 30 days on the Earl Lee Well No. 1, center SE quarter of survey located four miles west and two miles south of Paducah. A rig capable of drilling 10,000 feet will be moved here from the Louisiana line within the next few days, according to information received here today. — Paducah Post.

To Issue Cotton Edition

After receiving several requests from parties interested in the development of this section of the state, to issue a "Cotton Issue," we have decided to do so and you will receive this issue on Oct. 15. The Lockney country produces one of the finest staples of cotton to be found anywhere, which is proving very beneficial to cotton producers. — Lockney Beacon.

A Beautiful Capital

Dar-es-Salaam is the beautiful-looking capital of Tanganyika Territory, on the central-eastern coast of Africa. If a drowning person seizes you, catch your breath and submerge with him, place your foot against his body, straighten the leg and force him free. You must break

his hold. It is impossible to rescue him until you do.

M.S. HENRY & CO.

Furniture for Every Nook in the Home.

Stick-on shoe soles 10c at M. S. Henry & Co.

W. E. Hallmark returned to his home in Crowell after a visit of several weeks in the homes of his sons in Kermit.

Mr. and Mrs. A. Y. Beverly and son, Joe Wallace, were in Frederick, Okla., Sunday to visit Mrs. Beverly's brother and family.

J. E. Stone and daughter and granddaughter, Mrs. W. E. Davis, and Miss Rosalind Davis, of Dallas were visitors in Crowell Thursday and Friday.

Miss Mary Hughton, student in State College for Women at Denton, spent last week-end at home visiting her parents, Mr. and Mrs. M. L. Hughton.

Dollar clocks and watches at M. S. Henry & Co.

Mrs. J. F. Witherspoon of Fort Worth was here Saturday attending to business. She was accompanied home by her mother, Mrs. S. M. Whitfield.

J. O. Dollar of Fort Sill, Okla., who was here for several days visiting his sister, Mrs. O. L. Dykes, returned home Monday.

Mrs. Luther Roberts of Dallas is here visiting in the homes of her brothers, A. Y. and J. R. Beverly, and her aunt, Mrs. T. L. Hughton.

Two-cell flash lites only 49c at M. S. Henry & Co.

Mr. and Mrs. Sam Ferguson and E. J. Anderson of Knox City and Mr. and Mrs. Ambrose Farris of Benjamin spent Sunday visiting relatives in Crowell.

Mrs. Maggie French of Corpus Christi is here visiting relatives and friends. Her son, Clifton, also of Corpus Christi, arrived Sunday for a visit.

Merrill Allee of Denver, Colo., is at home for a visit with his mother, Mrs. J. R. Allee, and other relatives. He is an employee of Montgomery Ward & Co., of Denver.

Mrs. B. A. Spears and two children, Wayne Aubrey and Dixie, arrived last Monday for a visit with Mrs. Spears' parents, Mr. and Mrs. E. L. Ribble, and other relatives.

New electric floor and table lamps at M. S. Henry & Co.

Reuben Dockins, son of Mr. and Mrs. A. J. Dockins, returned to his home in Crowell from McNary and Clifton, Ariz., Saturday where he had been stationed at a CCC camp for the past five months.

S. P. Ferguson of San Angelo was here Sunday visiting his parents, Mr. and Mrs. S. J. Ferguson. Mr. Ferguson is an employee of the Santa Fe Railroad and at present is located at Knox City during the cotton season.

Mrs. Claude Callaway returned Saturday from Wylie where she visited relatives last week. She was accompanied by her daughters, Mrs. Joe Welch and Miss Faye Callaway, of Sherman, who returned home Sunday afternoon.

FOARD CITY SCHOLASTICS

Foard City has a more than ninety per cent enrollment, due, perhaps, to the fact that children could not help much by staying out of school to pick cotton at its new low.

C. J. Martz, one of the seventh graders, probably realized that he had a loyal group of school mates when he read the forty-odd letters written to cheer him in his convalescence.

A visitor, most attractive to the interests of the pupils, was caught near school last Friday. The visitor, a real, live rabbit was brought by Howard Ferguson. Instances such as this give valuable first hand information in nature study.

This Friday at 3:30 the high school presents a play concerning Columbus, with all the proper trimmings such as appropriate songs and readings. Every Columbus fan is invited.

FFA Boys Perform Operations on Farm Animals Last Week

Thirteen FFA boys have been active during the past few days assisting their dads and other farmers in performing some much needed farm operations.

The boys have been working with farm animals. Ordinary castrating at this time of the year is not practiced on account of screw worms, but by using "Burdizz" on calves no blood is lost and screw worm infestation is reduced to a minimum. The vocational agriculture class has a new improved pair of "Burdizz" and they require but little skill for the boys to operate them.

Pine tar oil, an improved repellent distributed by the U. S. D. A., has been used on hogs after castration. This product has the acid removed and it does not burn and injure the raw cut as most preparations do.

Farmers who have received this service are: Sam Russell, 15 calves; Will Erwin, 16 hogs and 1 calf; C. C. Joy, 7 hogs; Jim Shook, 4 pigs and 1 calf; J. Y. Welch, 1 hog; Allen Fish, 50 lambs docked and castrated; Albert Fish, 5 lambs; Robert Fish, 8 calves and 3 lambs; Oscar Fish, 3 calves; Dwight Campbell, 3 calves and 3 hogs.

The boys who took part in the above operations were James Long, Franklin Evans, William Simmons, James Welch, Glenn Shook, Jim Hill Erwin, Raymond Joy, Ralph Flesher, Garland Rasberry, Wayne Cobb, Sam, Glendon and Billy Russell. Walker P. Todd, vocational agriculture instructor, supervised the work.

"IT ISN'T YOUR TOWN —IT'S YOU"

If there is one idea I like to harp on, it is that which says that a town is a reflection of its citizenship, and that when they say that a town is "dead," they are simply declaring that the business men of that town lack nothing but decent burial.

It is a thought that should be pounded into the heads of the business men everywhere. Houses, store buildings, churches, theatres, etc., don't make a town. It's the MEN of the town that ARE the town. If the town is dead, it's its business men that are in that condition. POUND that thought eternally home, and the merchant will be slow to say, "My town is dead." He doesn't like to feel that he is declaring himself ready for embalming.

Remember this. When you see a big rock rolling ponderously up a steep hill, you know without going back of it to look, that there is some force behind that rock that is pushing to beat the band; and when you see a town that is going forward steadily and surely, overcoming the obstacles that all growing communities have to encounter, riding down its little, old-time, good-enough-for-father-and-good-enough-for-me, obstructionists, you will know without the question of a doubt that good men and true are behind that movement, and that they have their shoulders to the job.

There may be exceptions to that rule—and if so, they only serve to prove the rule—but the fact is that towns and cities are only what their citizens make them, and in such matters, "Citizens" means "business men."

You say, "That town has great possibilities," and it is all bosh. Human possibilities are man-made; nothing else. They say, "You can't make a silk purse out of a sow's ear," but the truth is that a skillful man can make a purse out of a sow's ear that has a silk purse skinned to death. It isn't so much what you have, as what you think you have.

MAKE OTHERS THINK YOU HAVE. Half a loaf to a wise man is worth more than a whole bakery to the man who does not realize the value of his possessions.

You say, "My town is dead," and you immediately contribute liberally towards its burial ceremonies. Your town is what you and your other townspeople think it is. Reverse your attitude. Instead of thinking it's dead—think it's alive, and you will immediately begin to contribute towards its enlightenment. Say it's alive, and get others to saying it. They will soon be believing it, and when they begin to believe it, it will become a fact.

Remember, IT ISN'T YOUR TOWN, IT'S YOU. Make your town what you would like to see it.—Jack Dionne in The Gulf Coast Lumberman.

Flaws in Diamonds

A diamond of the "first water" is invisible when submerged in water. A second-water stone has some slight imperfection . . . flawless, but tinged with color . . . or colorless with some slight flaw. The average person cannot recognize the common flaws found in ordinary diamonds.

Folks Are Funny

By E. V. White, Dean, Texas State College for Women

Some people get tired when they see other work.

In The News 15 Years Ago

The items below were taken in whole or in part from the issue of The Foard County News of October 6, 1922.

Finally Won

Crowell Hi has rolled that Knox City bunch at last! It was one of the prettiest, headiest, hardest fought battles yet staged on the Crowell grid.

George Cates made both of Crowell's touchdowns, one in the first quarter and the other in the last period.

Following is a list of the team members with positions and weights: Jack White, center, 178; Crawford Burrow, left tackle, 167; George Cates, fullback, 164; Jim Ashford, left guard, 164; Norman Cook, right guard, 164; Roy Avery, left halfback, 162; Garland Shultz, center, 158; Ernest Wood, right guard, 158; John Carter, right halfback, 151; Beadie Meason, left guard, 151; Owen Cook, end and backfield, 148; Merl Kincaid, left guard, 147; Roy Buckley, right end, 145; Sam Ivie, right tackle, 143; R. L. Walling, left end, 143; Earl Norman, left tackle, 140; Bill Norman, right tackle, 135; Jack Roberts, right end, 133; Paul Crews, left end, 128.

It will be noticed that the entire team averages 151 pounds, the first string eleven 153 pounds, and the heaviest eleven 161 pounds.

Resigns to Write Book

According to a news item in the Amarillo News a short time ago, Paul J. Merrill, who was pastor of the Christian Church here during the war, has resigned his pastorate at Pampa and will write a novel entitled, "As God Made Him," a book dealing on the problems of a minister.

Orr's Hog Wins Prize

J. L. Orr entered his Texas Ranger, a yearling boar, in the junior class at the Electra fair last week and won first prize and then exhibited him at the Oklahoma-Texas Fair at Wichita Falls and won second prize.

Cotton Coming In

C. W. Thompson, public weigher, had weighed 1,500 bales of cotton the first of the week and cotton is coming in at the rate of 100 bales per day. The price for cotton ranges between 10 and 20 cents.

Potatoes Making Fine Yield

J. C. Davis exhibited some of his Porto Rican potatoes grown on his farm in Crowell last week. He says that his crop is not as good as it was last year but he will get from 70 to 100 bushels.

Haskell Game—

(Continued from Page One)

offense and defense and are prepared for a strong eleven who should cause them plenty of trouble when the two teams clash under the lights at Haskell tomorrow night.

Conference Games Coming

The scrap with the Indians will be the last practice game for the Wildcats before they meet the remaining teams in District 10-B between October 8 and November 19. The local club will rest on October 22 as it has an open date on that day. Only two more games will be played in Crowell. They will be with the Iowa Park Hawks on November 5 and Burk Burnett, favorites to cop the district title, on November 19. Should the Wildcats and Bulldogs go through the season without a defeat, this game will decide the district champions.

Starting Line-Ups

The starting line-up for the Wildcats and Indians is as follows:

Crowell	Position	Haskell
Fitzgerald	Left End	Cousins
McKown	Left Tackle	Thompson
Evans	Left Guard	Scott
Branch	Center	Billard
Gibson	Right Guard	Carmichael
Statser	Right Tackle	Barnett
Canup	Right End	Hayes
Joy	Quarterback	Rogers
Meason	Right Half	McMillin
Orr	Left Half	Jossett
Simmons	Fullback	Thomason

Set Fire to Cane Fields

Harvesters of sugar cane in the Hawaiian Islands start by deliberately setting fire to the cane field, says Collier's Weekly. This burns away the leaves and tassels, makes the cane easier to cut and destroys insects, rats and mongooses. The cane itself does not burn as it is heavily laden with juice.

per acre, which means from \$90 to \$125 per acre gross profit.

A New One

Thieves are said to have been

picking cotton from the fields near Paris by moonlight. One farmer estimates that he has lost one bale from his fields. This instance furnishes a new record of thievery.

Classified CHURCHES Ads

Quarterly Conference
The fourth quarterly conference for the Thalia Methodist Church will be held at the church next Sunday evening at 7:45, Oct. 10. Rev. Cal C. Wright, presiding elder of Vernon, will preach and immediately following the sermon the conference will be held.
E. A. IRVINE, Pastor.

Presbyterian Church
Church services will be held at the Presbyterian Church each second and fourth Sunday mornings at 11 a. m., with Sunday School every Sunday led by W. F. Kirkpatrick. Next Sunday will be our regular day and we invite the public to worship with us. We are glad to be part of that fine community in this way.
C. C. DOOLEY, Pastor.

Christian Science Church
Sunday School at 10 a. m.
Sunday services at 11 a. m.
Wednesday evening services at 8 o'clock.
Sunday, October 10, 1937. Subject: "Are Sin, Disease and Death Real?"
The public is cordially invited.

Christian Science Services
"Are Sin, Disease, and Death Real?" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 10.
The Golden Text is: "The law of the Spirit of Life in Christ Jesus hath made me free from the law of sin and death" (Romans 8:2).
Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Know therefore this day, and consider it in thine heart, that the Lord he is God in heaven above, and upon the earth beneath: there is none else" (Deuteronomy 4:39).
The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Scripture declares, 'The Lord He is God (good); there is none else beside Him' (page 414).

MARGARET
(By Mrs. John Kerley)

Mr. and Mrs. Lee Wright and two children and her parents. Mr. and Mrs. Long of Pampa spent from Friday until Sunday with Mr. and Mrs. J. D. Wright and Mr. and Mrs. Johnnie Wright. Billy Morrison is ill at this writing.

Mr. and Mrs. Worth Hunter and son, and Mrs. Jones and daughter, Ruth, of Garden Valley visited relatives here Sunday.

Lock and Mack Reinhardt of Niland, Calif., arrived last week for a visit with their mother and other relatives.

Mr. and Mrs. John Henry Kenner have been at Truscott several days with his sister, Mrs. Steve Mills, and family. Mr. Mills having undergone an operation a few days ago.

Mr. and Mrs. Johnnie Wright and Mr. and Mrs. John Kerley attended the circus in Vernon Monday night.

W. A. Priest and family visited Mrs. Bertha Powers and attended the circus in Quanah Thursday evening.

Mrs. Arthur Bell returned last week from several weeks' visit with relatives in Elida, N. M.

Mrs. Greer Reinhardt returned to her home in Los Angeles, Calif., last week after several weeks' visit with her mother, Mrs. Ella Fry, and other relatives here.

Mr. and Mrs. Carl Bradford of Rayland visited Mr. and Mrs. Johnnie Wright Sunday evening.

Mr. and Mrs. Harry Kelsey spent from Friday until Sunday with relatives at Lubbock.

Mr. and Mrs. Robt. Long visited in Dallas last week-end.

Rev. and Mrs. Tom Burns visited relatives in Quanah Monday.

Mr. and Mrs. Johnnie Neil of Los Angeles, Calif., arrived Saturday night for a visit with her parents, Mr. and Mrs. Z. D. Shaw, and other relatives.

Mack Bradford of Crowell was here Monday.

Miss Margie Davis of Rayland is visiting her sister, Mrs. Fred Taylor, and husband this week.

Mr. and Mrs. David Lee Owens of Crowell visited relatives here Monday.

A bridge gang on the Santa Fe with Tex Herrin as foreman was stationed here Friday.

Mr. and Mrs. Major Owens visited their son and family of San Angelo over the week-end.

Mr. and Mrs. Bob Thomas of McLean spent from Friday until Sunday with relatives here.

Mr. and Mrs. Pete Bagley of Crowell visited relatives here last week.

GAMBLEVILLE
(By Opal Carroll)

Several from this community attended the Paducah-Crowell football game at Crowell Friday night. Ike Wilson of Crowell spent Saturday night and Sunday with Milburn Carroll.

Charles Diggs spent Friday night with Ray Davis of Crowell.

Mr. and Mrs. Race Higgs of Crowell spent Sunday with Mr. and Mrs. Ed Higgs and family.

Mr. and Mrs. C. W. Carroll and daughters, Opal, Wilma Fay and Lola Jo, visited Mr. and Mrs. Arthur Sandlin of Vivian Sunday afternoon, and attended church and singing Sunday night.

Miss Leona Higgs spent Saturday night and Sunday with Mrs. Frank McBee of Crowell.

Mr. and Mrs. Claudius Carroll and children visited relatives in the Black community Sunday.

Not only were they an important recruiting factor for the North in the Civil War and also responsible for the overthrow of the Tweed Ring, says Collier's Weekly, but they introduced the donkey to typify the Democratic party, the elephant to represent the Republican party and the tiger to symbolize Tammany Hall.

Camels Used in Australia

Camels have been in use in Australia for nearly a hundred years, and are found hauling wool to railway sidings from "out-back stations" in West Australia. Twelve to fifteen are hitched to a huge truck. An old gold miner from Melbourne recounted how camels were used to pull the stage coaches from Melbourne to the mining towns before the railways were built. The stage coaches were duplicates of our own in the "Deadwood Dick" days. And alongside the driver rode an armed guard for protection against the outlaw "bush rangers."

A French Commune

The entire territory of France is comprised in municipal organizations called communes, the number exceeding 36,000. They vary greatly in size and population. All except Paris are governed under a single brief code, the municipal laws of 1884. Each commune has a municipal council composed of from 10 to 36 members, elected by universal French male suffrage for 4 years, and a mayor, elected by the municipal council, who may be assisted by one or more aids called adjoints. All serve without pay.

Lonely Island

Every two years ships visit Tristan da Cunha, biggest of a group of five islands lying between the Cape of Good Hope and Cape Horn. Community church, which serves 181 islanders, is built of volcanic rock, like the other buildings. Islanders raise livestock and potatoes, but can't grow wheat because of a plague of rats which came from a shipwreck.

Among and Amongst

Among and amongst are two words that are practically interchangeable. We use the more euphonious or the easier to say. Some writers always use amongst where there is movement: "He travelled amongst native tribes," but "He lay among the daisies." The foregoing applies also to amid and amidst.

Unjustified Attack on Indians

Probably the most atrocious of all the unjustified attacks on Indians by America's sanguinary "Indian fighters" was the Sand Creek (Colorado) massacre on November 29, 1864, in which 900 soldiers swept into this peaceful village of Cheyenne and Arapaho Indians and murdered and scalped 300 men, women and children. The tragedy was later condemned by a congressional investigating committee.—Collier's Weekly.

Influence of Nast's Cartoons

Thomas Nast (1840-1902) remains the dominant figure in the history of American caricature because the influence of his cartoons has never been surpassed.

HERO SWIMS 25 HOURS

Mobile, Ala. — Addley Baker, twenty-five-year-old seaman pictured here, swam a raging sea for more than 25 hours to secure rescue for the crew of the sinking freighter Tarpon, off Panama City, Fla. His heroic work made it possible for a coast guard cutter to save eleven men and recover the body of Capt. W. G. Barrow, who went down with the ship. The crew had life preservers and clung to wreckage, awaiting Baker's return.

First Shipping of Ice

Probably the first ice cut and shipped as an article of commercial value was sent, in 1799, from New York to Charleston, S. C. The real beginning of the industry came in the year 1805 when Frederic Tudor of Boston shipped a cargo of 130 tons to the West Indies.

Big Ben Made in 1854

The clock known as a Big Ben was made in 1854 and remained in the factory for five years. It was placed in the tower in 1859 and began to go permanently the following year.

Adams' Wedding Church

John Quincy Adams, President of the United States, was married in the Church of All Hallows, London, in 1797. William Penn was baptized there in 1644.

First to Use "Administration"

George Washington introduced the word "administration" in its United States political sense in his farewell address of 1796.

Expenses at Middlebury College

Room and tuition and incidental college expenses in 1829 at Middlebury college in Vermont were \$37.82, an old letter reveals.

Goiter an Old Affliction

The goiter affliction is older than written history. Juvenal, the Latin poet, wrote, "Who wonders at goiter in the Alps?"

Miniature dogs can be bred from most small breeds. Often dogs of smaller breeds are crossed to reduce size. Miniatures were bred more than 400 years ago. Though now generally mere lap dogs and freaks, they were originally used to ferret out rats and other burrowing animals. They are delicate animals and require much care. All are rare, since they usually have but one puppy in a litter.

Typewriter in 1714

The world's first successful typewriter, Remington's, was made in this country in 1875; but England has record of a patent taken out by one Henry Mill, back in 1714, for an apparatus "for impressing and transcribing of letters singly or progressively one after another, so neat and exact as not to be distinguished from print."

Satsuma Ware, Japanese Pottery

Satsuma ware is a famous variety of Japanese pottery. It is pale yellow and has minute crackles in the glaze. It is richly painted and lavishly gilt. It was widely manufactured in the last century at Awata, near Kioto. The cracked appearance is partly due to the process of firing.

An old woman, living at Portsmouth, heard a ghost story about a murdered sailor which so impressed her that she put up a memorial tombstone to the victim. Odd tombstones are to be found in all corners of the countryside, says London Tit-Bits Magazine. Peter-son's Tower, at Sway, New Forest, is 220 feet high—probably the world's record tombstone, if we except the Pyramids, tombs of the Egyptian kings. As a memorial to Sir Walter Raleigh's first smoke, a tree was planted. A spade stuck in the ground at the head of a grave, with the laborer's name carved on the handle, is surely the simplest as well as the most apt, memorial.

Ring a Peal of Bells

Ring a peal of bells is not just a matter of pulling a number of ropes one after the other until the ringer gets tired. Proper peals are all arranged carefully beforehand, with "music" of their own, so that the same combination of bells never occur more than once, though the peal may go on for as many as four hours or more. This doesn't sound quite so impossible, says London Answers Magazine.

Crowell, Texas, October 7, 1937

BEAUTY'S DAUGHTER

By Kathleen Norris

SYNOPSIS

CHAPTER XIV — Cudworth will not sign the death certificate, should Spencer die. Spencer declares that Serena has been killed. Quentin arrives. Serena threatens to accuse Quentin. An investigation is started, saying she will expose their affair and ruin him. While Quentin, working desperately, saves Spencer's life. Serena disappears.

CHAPTER XV

Silence and night and vigil. Unseen somewhere a clock struck the hour and the half-hours; outside the dark a rising wind whined, and now and then a broken branch skittered on the eaves of the roof. In the upper part of the Morrison house the lamp burned softly, steadily, and the half-open door that led to Spencer's room came sounds: the creaking of a chair, the clinking of a glass, and a sort of bubbling groan that made Vicky's heart stop for a moment in terror.

She prayed, trying not to think, and, awakened with a start, found that it was not all a strange dream. She really was here in the Morrison house in the middle of the night, Quentin was behind her bedroom door, bringing all his skill, every ounce of strength and knowledge and inspiration that he could muster to the saving of Spencer Morrison's life, and Serena was in her bedroom only a few feet away somehow living through the hours that would be on a charge of murder.

What was she doing? Vicky wondered. She had swept away from the group hours earlier, had closed her bedroom door upon whatever she was experiencing, suffering. Furious with fear, the wailing eyes of both doctors upon her, their flat refusals to perceive themselves in protecting her all ringing in her astounded ears, and Spencer struggling in the throes of her causing she angrily withdrawn. Had she herself down on her bed and gone into dreamless sleep? Vicky wondered.

But I'm just magnifying the whole thing into an absolute bugaboo! Victoria told herself. "It won't happen that way! Spencer will die of an operation, Quentin will sign a certificate about that, anyway, and Cudworth won't talk. I got his own professional reputation to protect, he doesn't want to be mixed into any murder trial! He'll go away, and this time next year we'll be worrying about something else!"

She could reassure herself for a moment; then the solitude and silence of the night began to work their spell again, and Victoria felt with a sort of desperation that if Quentin didn't come out of that room pretty soon . . .

The amah appeared presently, looking like a little old mahogany carving in a black-and-white cotton coat. "Fix room for nurse," she whispered, and Vicky was glad to go with her to the spare room, help her in the warming human business of making beds and arranging towels. He wasn't dead yet, anyway! Before they had finished, Quentin and Dr. Cudworth joined them.

Quentin looked exhausted; his hair was tangled, and his operating gown, one of Miss Pierce's aprons, put on backward, was spattered with red. He took off the apron, and in his sleeveless fiber-cloth undershirt; with a towel he wiped the perspiration from his ashen face and smiled wearily at his wife.

"Excuse my appearance, Vic," he said, sitting down panting. "My Lord, but that was quick work!" "How is he?" Vicky asked. But even before she asked it, the blood had come back to her heart and she had had time to feel an almost frightening first ecstasy of hope.

"He's doing remarkable," Dr. Cudworth said. "And he can thank your good husband here. You are, in my opinion, a genius, Dr. Hardy."

"Oh, Quent, there isn't really a chance?" "Magnificent constitution, and his own feeling will help," Quentin still ghastrly pale and breathless, said to the other doctor. And then to Vicky, "Everything

Crowell High News

C. H. S. September 23, 1937 C. H. S.

CHUCKLES

Something has been rumored among the students of Crowell High about changing their colors to Black and Blue, since the skating rink has come to town.

It seems that Sybil Mullins is the "See All," "Hear All," "Know Everything" girl of Crowell High. It seems that Thelma Jo and Ira Klepper like to skate together.

If John Lee and Jennye Dee will be "Sweethearts for ever." Who skated with Elsie Vecera so much Saturday night? Could it have been "Rusty?"

Who Verne and Mary were with Saturday night? Was it Glenn Shook and Joe Spencer? Why Thelma Lois and Theda were so mad at Jack and H. C. Saturday night.

If Verne and Mike aren't getting up a serious affair. It seems Verne keeps her eyes on him all the time.

If Billie likes Tommie or Buster? It seems that Billie and Buster did a lot of skating together Saturday night.

If H. C. is ever going to realize

beautiful luxurious nothings with which Serena had surrounded herself, a rabbit-skin rug, silver frames and vases, tortoise-shell fitting mounted in gold for the desk at which Serena wrote only love notes.

"Wait a minute!" Quentin said sharply. He went to the bed, touched the figure lying there; gripped the unresponsive shoulder with a big hand and shook it. "Serena!" he said. And then, turning to Vicky and the other doctor: "Look here!"

"What is it?" Cudworth asked, advancing into the room. "Dead!" Quentin said.

"Oh, no, Quent!" Vicky was clinging to his arm. "Oh, no! Who would do it, who would do it?"

"She's done it herself, eh?" Cudworth asked. He stooped and picked from the floor something that glittered brightly in the soft light. "Ye didn't care for that investigation, did ye, my lady?" the old man queried, staring down at the dead woman with a shrewd light in his eyes.

"Suicide!" Vicky whispered. "Yes; she did it herself," Quentin muttered. "Look there!"

Vicky's eyes found the little round violet puncture of the bullet hole at the flawless marble temple. Serena's sleeping face was placid, but the once scarlet mouth was pale and flecked with blood, and the beautiful pale gold hair was loosened into a careless cascade that hung in a web over the side of the bed. There was a horrible sprawling relaxation in her position, a dreadful mysterious shutness in the colorless lips that made Vicky tremble.

"Is there anything to do, Quent?" "Not now." He did not turn from his contemplation of the wreck of what had been so soft, so lovely and alluring and fragrant and warm only a few hours ago.

"No, it was instantaneous, Vic," he muttered. "Killed herself!"

"She thought he was dead, d'you see?" the older man supplied suddenly. "The Chinese woman had come out of his room. It was while we were all in the hall there, a while back, when we all thought that poor Morrison had no chance."

"I thought, from the way you all talked," Quentin said, "that he was! I was amazed when Amah said he wanted to see me. And certainly she must have thought so. Poor woman!"

An hour later Victoria and Quentin walked across the Morrisons' side garden, and through the gate into the lane and through their own gate. A perfect spring dawn was strengthening over the world now; it was four o'clock; the east was flushed with exquisite pink, against which shoals and galleons of delicate silver and gray cloud made long bars.

"I feel reborn," Vicky said. "Reborn. I'm terribly grateful, Vic," Quentin said.

"Oh, grateful! If you knew what I was thinking of all night long. Every horror that anyone can imagine seemed to be sweeping over me. I had you in jail; I had us all moving to some remote place."

"Perhaps you think I didn't, Vic, while we were working over him. Perhaps you think I didn't have a chance to think how I'd taken my life and destroyed it with my two hands. But thank God it's all over now!"

"I am tired, Quent, doesn't the tea for the Vienna doctors and our lunch at the St. Francis seem longer ago than yesterday?"

"That wasn't yesterday," he exclaimed. "That's all it was."

"My God," he said again, struck. "She did do it, didn't she, Quent?" "Yes," he said with a serious look. "I guess she did."

"Her killing herself! — The words sounded so strange that Vicky had to stop short and think of them — her killing herself looked as if she did," she mused.

"She had that — I don't know what to call it — ruthless quality," Quentin said. "She went over any obstacle that was in her way. She used to say that she had Tartar blood. She had a way of going berserk — not wild, but cold and revengeful and determined."

(CONTINUED NEXT WEEK)

ping. Charles Branch says that Irons, Paducah's center, lives up to his title of champion boxer of the golden gloves tournament of Collier County.

Mossy McKown looked good the last half of the game after a slow start.

Perhaps none of the other players appreciated winning like Evans did. Paducah is his old home town.

Have you ever seen a team change like Paducah's team did? Paducah's slogan should be, "Biggest little team in Texas." Maybe their uniforms just made them look larger than their weights on the program indicated.

Did you know that Que Meason hasn't fumbled a punt and lost the ball on the safety position this year?

One Paducah boy was heard crying after the game Friday night and saying very emphatically that Silverton had better be ready for a whipping next Friday. We're guessing he's right.

INSURANCE

FIRE, TORNADO, Hail, Etc.
Mrs. A. E. McLaughlin

LOCALS
Jim Whitfield is up after a very long illness.

Betty Norman from Paducah visited Verne Joy last week-end.

Several of the C. H. S. students visited in Childress and Quanah Thursday.

A large group from Paducah was here for the game Friday night.

Faye Zeibig spent Monday night with Ruth Steele.

Jess Whitfield was absent from school Monday.

Lois Burns, Aylene Payne and Geraldine Roberts were absent from school Monday. (Reason unknown.)

We wonder why Granville Mulline wanted to move by Mary Owens in the last study hall.

FRESHMAN PICNIC

The Freshman class thoroughly enjoyed a picnic at the North Park, Monday afternoon. Various games were enjoyed and a delicious picnic lunch was served.

Those present besides the class members were the class mothers, Miss Nona Olds and Mrs. Clyde Cobb, and the sponsor, Miss Cogdell.

MRS. HOWELL LECTURES

Mrs. W. D. Howell and Mrs. Tom Beverly visited the afternoon ancient history class Thursday.

Mrs. Howell displayed many articles from Egypt, Palestine, and other lands. Among these articles was a complete costume that is worn by a Palestine man.

STUDENT PERSONALITIES

Sophomore Ruth Steele
This Soph, cutie lives at Four Corners and has scores of friends. She drives a V-8 but prefers a '33 Chevrolet. She loves to have fun and is always seen laughing or smiling. She likes her gentleman friends to be tall, dark, and handsome with blue eyes.

Sophomore Charlie Clark
In Crowell High Charlie Clark is recognized as Clark Gable the second, by Teda Wright. He likes football, and considers So Rare as his Star Spangled Banner. Clark likes his girls to be short, fat and just peppy enough. He is seen driving a '37 V-8 with the "Brunette girl."

PEP SQUAD

Last Friday night the pep squad made its first appearance upon the field in formation. Their mascot, Rosemary Cates, made her first appearance also in costume. While the squad made its formation, Wanda Cobb assisted by beating her drum.

SOMETHING ABOUT NOTHING

The trite adage "a sucker is born every minute" or something is wrong. Some minutes there are twins, triplets and even quintuplets. Evidently when the following group of people were born, somebody hit the jackpot.

A non-sensical question was asked of the gathering and some even got serious about it. But judge for yourself.

Question: "What would you do if you had nothing else to do?" Marjorie Spencer: "I would ride around and eat and have lots of fun."

Jim Hill Erwin: "I would cool off and go take a nap."
Robert Saunders: "Fly in an airplane, if I could pilot one."
Joyce White: "I would probably go crazy."
Coach Graves: "I'd catch up on sleeping and eating which I'm not behind on."
Frances Davis: "I would find something else to do."
Garland Raspberry: "Blamed if I know. Never tried it, afore."
Now see there what a bunch of serious answers to the question. Some people will never learn when you are fooling. Anybody would know that the answer to the question is that if you did anything when you didn't have anything to do — well that is if you had nothing to do and did something — Say, who started this?

HIGHLIGHTS OF THE PADUCAH GAME

We have heard no argument to the statement that Paducah has the strongest team the Wildcats have met this season.

Sno Sheen SCORES BIG HIT

in the Motion Picture Cooking School . . . and the bride in the story is delighted when she discovers that, with this remarkable flour, even a beginner can make cakes an expert would be proud of!

GARDEN CLUB

The Crowell Garden Club will hold its first meeting of 1937-1938 Friday afternoon at 3 o'clock at the First Christian Church. Mrs. B. W. Self will serve as leader for the afternoon's study. She will also have charge of the flower exhibit which is a feature of each meeting.

"Steps in Home Planting" is the subject of a discussion which will be given by Mrs. O. R. Boman. Mrs. George Self will talk on "Hedges and Vines for Foard County." Miss Frankie Kirkpatrick will give the "Lore and Legend of Spice."

Mrs. H. K. Edwards is president of the Garden Club for the year. Mrs. O. R. Boman is vice president and Mrs. M. Crowell is secretary-treasurer.

SHOWER FOR VISITOR

Mrs. Floyd E. Stone of Wichita Falls, who before her marriage in the summer was Miss Evelyn Lee Caution, was honored at a shower Saturday afternoon when Mrs. Carl Howry and Mrs. O. L. Dykes were hostesses at the home of the honor guest's grandmother, Mrs. J. A. Ashford. Mrs. Stone has been here for several days visiting her mother, Mrs. A. L. Johnson, and other relatives.

Besides the gifts brought by those who attended, others were sent, and Mrs. Stone was the recipient of many nice, useful gifts. Refreshments of punch and cake were served during the afternoon.

METHODIST W. M. S.

The Woman's Missionary Society met in the home of Mrs. Hinds Clark on Oct. 4, with Mesdames J. H. Lanier, Bettie Thomson and Hines Clark as hostesses.

Mrs. Baxter Johnson led the lesson from the World Outlook on "Progress Through Conflict." The leader made helpful comments on the Scripture, Matt 5:11-12.

Mrs. M. J. Grish gave an article on "How Women Became Citizens."

Mrs. E. L. Yeats told of the "Release of Women Around the World."

At the conclusion of the program the hostess served dainty refreshments to fourteen members.

Lighter cakes, flakier pastry, crisper fried foods

SO DELICIOUS, TOO. Get Spry today. It's whiter, smoother, purer. Mixes twice as fast, fries without smoke, makes baked and fried foods doubly delicious. Tested and approved by Good House-keeping Institute. Get the big 5-lb. can.

Spry The new, purer, ALL-vegetable shortening - TRIPLE-CREAMED!

GOOD THINGS TO EAT AT BARGAIN PRICES

It has been the policy of this store during the time it has been serving the people of this community to have for sale quality groceries at reasonable prices. We do not intend to overlook the smallest detail in giving our customers the most for their money, including prompt and courteous service.

The fall season is now on and the demand for more groceries is increasing as the cotton picking season swings into the rush period. We solicit a fair share of this business and will put forth our best efforts to merit the patronage.

Watch our windows for bargain prices.

GROCERY and MARKET

High School Clubs Meet Monday Night

The Crowell Future Farmers of America Chapter and the Future Homemakers of Texas met Monday night in the high school building and the meeting was opened with the regular opening ceremonies.

Short talks on "Friendship" were made by Franklin Evans and Lenegene Green. Sam Russell and Marie Wells discussed "A Boy and His Girl Friend." "Why I Was Late" was the subject of a talk made by Fred Borchardt. Parliamentary procedure was practiced and several motions were made and seconded.

After the meeting had adjourned, the group played games on the lawn in front of the building and refreshments were served to the following FFA boys and FHT girls: Franklin Evans, Sam Russell, Vernon Gibson, James Welch, William Simmons, Grandville Mullins, Cecil Carroll, Edward Gafford, Clyde Teal, Wayne Cobb, Glendon Russell, Billy Russell, Bob Middlebrook, Raymond Joy, Wilson Starnes, James Long, Kenneth Haibert, Leroy Gibson, Ralph Flesher, Jim Hill, Erwin, Fred Ely, Tommie Haseloff, Carl Connell, Albert Cox and Fred Borchardt.

Mary Frances Bruce, Lenegene Green, Sybil Mullins, Margaret Woods, Helen Harwell, Elsie Yeager, Marie Wells, Verne Joy, Frances Henry Johnson, Joyce White, Oma Ely McClain, Marjorie Bradford, Daphne McClure, Iva May Bradford, Margaret Lewis, Oleta Faye Ziebig, Wanda Lewis, Dorothy Flesher, Dorothy Wingham, Evelyn Evans, Jean Opal Borchardt, Iva Ruth Gafford, Beverly Hughton and Louise Eubanks.

Mrs. M. S. Henry was program leader. The devotional on "The Marks of the Christian Church" was ably presented by Mrs. John Long. Mrs. R. L. Kincaid and Mrs. H. Schindler discussed "Safety" from the two standpoints of the home and the school. The meeting adjourned for lunch which was served by the Vivian Club.

At one o'clock, discussion of the man club study "Industrial Progress in the South" began. Papers for the afternoon were "North Carolina" by Mrs. Henry and "South Carolina" by Miss Frankie Kirkpatrick.

Another interesting article "Jews in America" was given by Mrs. N. J. Roberts.

About thirty club members from over the county were present and each one returned home with the determination that her club would be better represented at the meetings to follow as Mrs. Kincaid offered a cash prize to the club having the largest attendance percentage at the close of the year.

Refreshments of punch and cake were served during the afternoon.

turned the oval to his own 16 before being downed. Paducah again fumbled and lost 5 yards. Hindman hit the center of the line for 4. Latimer gained 8 yards on a double reverse. The invaders were held for no gain and Gibson kicked to Meason on the Crowell 18. Joy squirmed through center for 10 yards but the Wildcats were given an offside penalty of 5 yards and were held for no gain on the last play of the first half.

Second Half

Hindman kicked to the Crowell 20-yard stripe and Meason returned the ball to the 30. Joy lost one and Meason lost two more on a try at right end. A pass, Fitzgerald to Simmons, netted only 8 yards and Orr kicked out-of-bounds on Paducah's 31.

Gibson failed to gain. Simmons recovered a Dragon fumble on the 28-yard stripe. Joy lost two. Paducah penalized 5 yards for offside. Joy failed to gain at center and lost 8 trying to go around left end. Fitzgerald passed incomplete over the goal line.

Paducah took the ball on the 20-yard line and a fumble was recovered by Crowell on the 19. Orr tackled 6. Joy slipped through left tackle on a quarter sneak and raced 13 yards for a counter. Fitzgerald's place kick for extra point was good. Crowell 13, Paducah 6.

Cummings was downed on the Paducah 28-yard line after taking Meckown's kick-off on his own 30. Gibson thrown for 1 yard loss by Joy. Simmons intercepted a Paducah pass and was dropped on the Dragons' 16-yard line. Joy followed his interference through right tackle, reversed his field and dodged his way through the enemy's secondary defense for the last score of the melee. Fitzgerald's extra point accounted for the extra point. Crowell 19, Paducah 6.

Fitzgerald's place kick was taken on the Paducah 12-yard line by Hindman, who returned it to his 40. Hindman picked up 7 yards on 2 plays. Merrill gained 3. Hindman kicked to the Wildcats' 25-yard stripe where the ball was killed. Joy made 4 yards through the left side of the line and Orr added 2 more on a play to the left side. Joy picked up 3 and Orr punted to the Dragons' 12-yard line where the safety man was dropped in his tracks. Gibson advanced the ball 6 yards. Crowell 19, Paducah 6.

Last Quarter

Latimer was dropped for no gain on a double reverse. Gibson picked up 5 yards and kicked to Fitzgerald on the Paducah 10. Meason scampered around right end for 7 yards. Crowell fumble recovered by Paducah but Dragons were offside. Joy made 9 yards on four plays into the line and ball went over to Paducah on downs.

Gibson gained four at right guard. Hindman made 2. Fitzgerald fumbled Gibson's punt on his own 38-yard marker and Paducah

recovered. Hindman's pass was incomplete. Hindman made 1. Pass, Hindman to Isbell, completed for 4 yards. Pass knocked down by Fitzgerald.

Orr lost 5. Pass incomplete. Joy picked up 4. Orr's punt from his own 30 to Paducah's 39 was returned 6 yards. A long pass fell incomplete. Meason returned Gibson's kick 10 yards from his own 20. Joy made 2. Orr failed to gain. Joy broke through the line and stepped off 58 yards before being overhauled and stopped on the Dragons' 10-yard line.

Meason circled left end to place the ball on the 1-foot line and Joy failed to gain on two plays, missing another touchdown by inches as the game ended. Crowell 19, Paducah 6.

Starting Line-Up

Fitzgerald	Left End	Latimer
McKown	Left Tackle	Cummings
Evans	Left Guard	Fuller
Branch	Center	Irons
V. Gibson	Right Guard	Thaxton
Statser	Right Tackle	Bennett
Canup	Right End	Isbell
Joy	Quarterback	Hindman
Meason	Right Half	Gibson
Orr	Left Half	Merrill
Simmons	Fullback	Hall

Summary

Yards gained from scrimmage: Crowell—130; Paducah—106. Yards lost: Crowell—21; Paducah—15. Passes—Crowell completed 3 for 30 yards, had one intercepted and one incomplete; Paducah completed 3 for 42 yards, had one intercepted and 1 incomplete. Punts—Crowell punted 7 times for an average of 40 yards; Paducah punted 7 times for an average of 27 yards. First downs: Crowell 11; Paducah—6. Fumbles: Crowell fumbled 4 times losing 2; Paducah fumbled 6 times losing 3. Penalties: Crowell—1 time for 5 yards; Paducah 6 times for 40 yards.

WHITE CURTAINS

New white curtains which hang to the baseboard add much to the attractiveness of the dining room which has been recently refurnished at the home of Misses Myrtle and Naomi Fish of the Vivian Home Demonstration Club.

An old rug was moved from the floor and the floor varnished. The table and chairs also received a

WE HEAR

By W. E. HURD

Boys Have Hands Full

The Wildcats will have their hands full when they tangle with the Haskell Indians tomorrow night but the boys have met heavy teams before and have shown how small, light backs can squirm, twist, side-step, stiff-arm and run. In the meantime, the Crowell line-men have proven the fact that a heavy man can't run when someone is tangled in his feet. W. E. believes that the Wildcats will win and no telling how many points.

Takes Drubbing

The Wildcats took one of their worst drubbings of the season last Friday night when the Paducah team did everything but stamp them into the ground and score. The Dragons couldn't believe it when the Crowell eleven came back onto the field at the half and asked for more. They not only asked for more but gave more in the second half than the Paducah lads did and pushed over a couple of counters to cinch the game.

Good Pep Squad

The Crowell pep squad executed its drill at the end of the first half last Friday night to perfection and we compliment the sponsors, Miss Mildred Cogdell and Miss Vera Patton, the leaders, and the members of the squad for their hard work in preparing the formations and in the manner in which the group performed. 'Tis a swell pep squad! Keep up the good work.

Doing Well

We hear that Lester Patton, former Wildcat gridman and captain of the regional championship team of 1934, is going places at St. Mary's University along the pigskin trail. Although Lester is just a freshman in the university this year, we hear that he has obtained a place on the traveling squad and has seen service on the varsity team. Local fans always said that Lester was good.

coat of varnish, as did all of the woodwork. The walls were covered with a light paper to complete the improvements and make the room both attractive and cheerful.

FOARD CITY H. D. CLUB

"No child should be neglected or disappointed at Christmas time," said Miss Myrna Holman, home demonstration agent, to the Foard City club ladies in their meeting Tuesday.

With a can of bright paint, spools, clothes pins, ordinary tins, cigar boxes and other similar items, Miss Holman had made and had on display 75 very attractive gifts "at a cost of approximately two dollars," she stated, thus proving anyone really can have a delightful "Christmas on shoe string."

Mrs. Walter Thomson of the West Side Club, who has just returned from San Antonio where she attended as a delegate to the convention of the Home Demonstration Association of Texas, was a guest and gave a splendid report of the meeting as well as of some interesting things of the city. Mrs. Claude Callaway of Crowell was a guest also.

The club will meet again on October 19 at the club house.
