Mr. and Mrs. Bryant Little spent Saturday night with Mr. and Mrs. Tommie Polk of Claytonville. Mr. and Mrs. F. A. Hinkle visited Mr. and Mrs. J. V. Johnson of Foard City Sunday morning. Tommie Polk of Claytonville visited Bryant Little Sunday. Mr. and Mrs. Oscar Whitley of Crowell spent Sunday with his brother, J. W. Whitley, and family. Mrs. Henry Howell of Claytonville visited Miss Vidie Phillips Friday evening. Mr. and Mrs. P. M. Hinkle spent Sunday with Mr. and Mrs. W. M. Godwin of Claytonville. Derril Hord of Antelope Flat visited Mr. and Mrs. Rex Traweck Thursday evening. Mr. and Mrs. C. H. Groomer visited Mr. and Mrs. W. M. Godwin of Claytonville Sunday evening.

FOARD CITY

(By Lavoyce Lefevre)

Foard City school started again Monday after being dismissed for two weeks for cotton picking. Ora Mae Owens of Crowell visited Oma Floy McLain over the week-end. Mrs. G. M. Canup and children, Horace, Hazel and Harold, C. J. Marts and Frank Weatherall attended the Crowell - Chillicothe football game Friday night. Mr. and Mrs. J. Dell Johnson and daughter, Jo Dell, of Amarillo are here visiting Mrs. Johnson's parents, Mr. and Mrs. U. C. Rader, and other relatives. Mrs. G. M. Canup and Hazel,

In The News 15 Years Ago

The items below were taken in whole or in part from the issues of The Foard County News of Oct. 13 and 20. Vernon 25; Crowell 6. In one of the most hotly contested games ever staged in Vernon, Crowell Hi eleven was defeated 35 to 6. The Crowell team was outwitted but they worked together and the Vernon team was in danger from the kickoff. We heard nothing but praise from Vernon because of the sportsman-like game Crowell played with three of her veterans on the side line with injuries. There was no individual star on the Crowell team, every man giving his best for Crowell Hi.

Terry Gin Burns About 5 o'clock Thursday morning the Terry Gin caught fire and burned to the ground. The night watchman discovered the flames and turned in the alarm but the structure was wrapped in flames before the fire department arrived on the scene. The fire seemed to have originated inside the building and had been burning some time before it was discovered. The gin was owned by the Chickasha Gin Company and managed by Thurman Rascoe. Mr. Rascoe was informed that the Crowell loss was the third gin the company had lost by fire in two days.

Club Boy Wins at Fair Ragsdale Davis of Foard City, member of the agriculture club of Foard County, won first place in feterita at the Dallas State Fair, according to a dispatch in The Dallas News.

Cotton Catches on Fire About 14 bales of cotton were damaged by fire on the depot platform about 2 o'clock Saturday morning. The blaze was discovered by Mr. Grimlan who turned in the alarm. The trucks arrived on the scene to save the largest portion of the cotton and the platform. R. B. Edwards made the statement that enough cotton was saved to pay for the water works.

Senior Class Picnic The senior class was entertained with a picnic at Sloan Springs Saturday evening by Misses Louise Ray and Lillian Belle White. Miss Litha Crews and Dr. Schindler and wife chaperoned the party.

Win Over Chillicothe Last Friday afternoon Crowell High, with several of her veterans out of the game, proved to Chillicothe that they were completely outclassed. Although the score was 6 to 0 the game was Crowell's from the kickoff.

Celebrates The 21st birthday of Gordon Gribble was celebrated last Friday with a delightful turkey dinner served to a number of relatives and friends. The occasion was a complete surprise to Gordon.

Remember? L. I. Saunders began the construction of a new 4-room residence for J. H. Olds last week. It is located on the southwest corner of the N. J. Roberts block. Mr. and Mrs. T. B. Klepper moved.

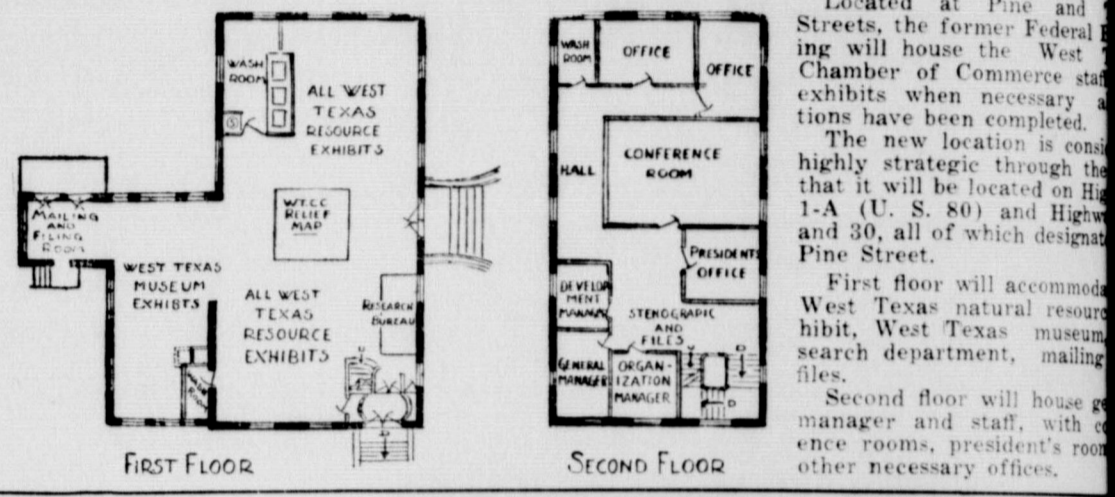

BLACK

(Mrs. Clint Simmons)

David Nichols of Lindon, Texas, spent from Friday until Sunday visiting relatives here. Mr. and Mrs. Moody Burse and Mr. and Mrs. Gerald Knox and son, Jerry, of Crowell spent Sunday with Mr. and Mrs. Tom Burse. Mr. and Mrs. O. B. Davis of Crowell spent Tuesday with their son, George Davis, and family. Jim Naron and Clint Simmons spent Sunday with G. W. Naron and family of Quanah. Mr. and Mrs. Grover Nichols and son, Gene, spent Sunday afternoon with Mr. and Mrs. Buster Gage of Quanah. They were accompanied by David Nichols of Lindon, who will visit relatives there. Raymond Bryant, who has been very ill in a Vernon hospital for the past week, was able to return to his home Sunday. School started Monday after being dismissed a while for cotton picking. Mr. and Mrs. Foy Nichols visited Mr. and Mrs. Johnnie Gamble of Thalia Friday. Mrs. Bert Hanks and daughter, Christine, of Crowell spent Monday with Mrs. Clint Simmons. Mrs. John Melnar is very ill at this writing. Mr. and Mrs. W. C. Trammell and sons, Riley and Horace, and nephew, Hamond Trammell, spent Thursday with Mr. and Mrs. Frank Quigg of Quanah.

Oma Shannon and Lavoyce Lefevre visited Mrs. R. N. Barker and family of Crowell Sunday. Mr. and Mrs. Preston Owens of Crowell visited Mr. and Mrs. M. L. Owens Sunday. Three truck loads of horses were shipped by J. H. Minnick to Oklahoma this week. Mrs. Ernest Spears of Crowell visited her parents, Mr. and Mrs. Pete McLain, Sunday. Bill Manning, J. W. McDaniel and Herschel Hough left Sunday for Hobbs, N. M. Mrs. Jess Autrey returned home from the Quanah Hospital this week.

New Home of the West Texas Chamber of Commerce, Abilene

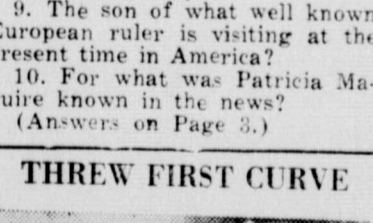

Located at Pine and Streets, the former Federal building will house the West Texas Chamber of Commerce staff exhibits when necessary actions have been completed. The new location is considered highly strategic through the fact that it will be located on Highway 1-A (U. S. 80) and Highway 30, all of which designate Pine Street. First floor will accommodate West Texas natural resource exhibit, West Texas museum, search department, mailing files. Second floor will house general manager and staff, with conference rooms, president's room and other necessary offices.

City Hall Completed The city hall was completed this week and turned over to the city and is now occupied. The lower floor is the place where the fire engines with all the fire fighting equipment stays.

City Council Meeting Regular meeting of the City Council of the City of Crowell was held Tuesday. Present and presiding, C. T. Schlagal, mayor; B. F. Ivie, E. Swaim, D. R. Magee and J. C. Self, aldermen; P. S. Lovelady, marshal, and L. A. Andrews, secretary.

Power and Utility the Year Around McCORMICK-DEERING Farmall Tractors WHEN the spring season is in full swing, the horse farmer is at his wits' end for time. Long hours in the field behind slow-moving teams bring him to the end of the day thoroughly tired... then the round of horse chores begins. Farmall Tractor owners will tell you that this drudgery is needless. They do more work in the field each day with their up-to-the-minute power, and when night comes, they snap the switch and call it a day. The three McCormick-Deering Farmall Tractors—F-12, F-20, and the F-30 shown above—handle planting and cultivating of all row crops as well as the general-purpose work from plowing to belt jobs. Ask us to bring a Farmall out to your farm for a demonstration.

Mr. and Mrs. Edens of Anson visited their son, Mack Edens, here last week-end.

Parents Urged to Co-operate to Check Spread of Diphtheria

Austin.—State Health Officer Geo. W. Cox urges all parents of children between the ages of six months and ten years who have not been immunized against diphtheria, to take them to their family physician and have this done at once.

The first ten months of 1937 saw 1,735 cases of diphtheria reported to the Texas State Department of Health. This is an increase over 1936's figures, and shows the need of immunization of children in this age group.

It was not many years ago that parents dreaded diphtheria because of inability of the medical profession to either prevent or cure the disease. But today when we know both the cause and the cure there is no obstacle but negligence which will prevent the complete elimination of the disease in Texas.

Diphtheria is most dangerous to the very young children, and it is especially important that immunization against it be given early in a child's life. In young children there is practically no reaction to the injection. Immunization has proven to give absolute protection.

"It is in the power of the parents of Texas, co-operating with their physician and the Health Department, to eliminate the disease," Dr. Cox stated. "In about six months after immunization the child should be given a Schick test to determine whether further treatment is necessary. Early immunization against diphtheria is a routine procedure with up-to-date physicians. Co-operate with your family physician and your community and make early immunization a regular practice in Texas."

Know Texas

Hail Popeye! Den.on.—Popeye may well be the patron saint of many people in Texas other than children, since this state leads the nation in the production of his well-advertised power food.

Over six million bushels of spinach were grown in 1936, with a total value of \$1,800,000. With Winter Carden, Zavala and Dimmitt counties, as the center of this industry, the town of Crystal City has won a name as spinach capital of the world. Citizens there have even erected three statues to Popeye. There is a farm nearby of about 3,000 acres which frequently produces more spinach than any other state in the union. The crop is also grown in the lower Rio Grande Valley and around Corpus Christi.

Four different models in various colors of the 1938 Chevrolet will be on display at the show rooms of M. & S. Chevrolet Co., local Chevrolet dealers, Saturday morning, Oct. 23. The showing will begin at 8 o'clock in the morning and continue all day. Managers of the company are making preparations to furnish other forms of entertainment besides the viewing of the new model cars. At 4 o'clock in the afternoon refreshments will be served. An orchestra will furnish music for the occasion and a space for dancing in the evening will be provided in the repair department. Plans for introduction of the new 1938 Chevrolet cars, with most extensive advertising program in the company's history,

were revealed last week at a special preview and business meeting attended by 1075 Chevrolet dealers and their personnel, from all points in the Dallas Zone. The new product with which they will undertake to exceed the current year's high volume was received by the dealers with the liveliest enthusiasm, according to H. Wilson, manager of the Dallas zone, who conducted the presentation meeting. The features of the new car were explained in detail at a morning session at the Pan-American Casino. The afternoon session was devoted to a presentation of the plans for the public announcement of the 1938 Chevrolet and a detailed explanation of Chevrolet's fall advertising campaign. A showing of the new models concluded the meeting.

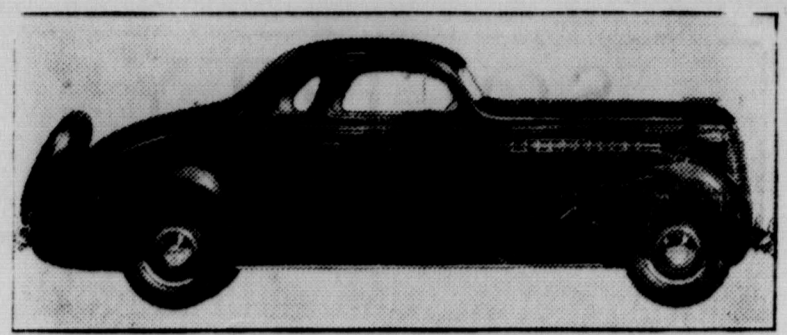

"The reception accorded the new Chevrolet by our dealer organization points to the most successful new-model announcement we have ever had," Mr. Wilson declared. "That the advances made over previous models will meet with the immediate approval of the public is an assertion of which there can be no doubt."

"Tiptoe-matic" Clutch Reduces Driving Effort On 1938 Chevrolet

Driving effort is greatly reduced, and control over the car is increased, by the new "Tiptoe-matic" clutch, of revolutionary design, which is being introduced on all the new 1938 Chevrolets, both passenger cars and trucks. The mechanism operates on a

principle which has already had some applications in long-range artillery, hydraulic presses, rail-car couplings, and similar heavy-duty installations, although it has never before been adapted to use in the automotive field. Many months of testing, both at the General Motors proving ground and on the highway, preceded its adoption on the 1938 Chevrolet. The central unit is a spring diaphragm of heavy heat-treated steel, shaped something like a concave disc, or, more accurately, a "dished" washer, with 18 tapering steel fingers pointing inward from its edge. When the clutch is in the engaged position, the entire outer rim of the disc bears against the pressure plate, proving complete distribution of the driving load. When the pedal is depressed for disengagement, however, the pressure of the throwout bearing on the inner ends of the fingers causes a diaphragm action, comparable to that which takes place when the bottom of an oil can is pressed. The outer ends of the fingers, toward the rim of the disc, pivot on the fulcrum of two fulcrum rings, one of which is located on either side of the diaphragm. This causes the rim of the diaphragm to spring away from the friction disc against which its own stiffness has held it, and disengagement results.

Just as the initial pressure required to operate an oil can is greater than that needed to complete its depression, so does the pressure required by the new Chevrolet clutch decrease as the pedal stroke progresses. Engineers report that it takes 25 per cent less effort than in 1937 to operate the clutch. At the same time, engagement

characteristics have undergone marked improvement. The fact that the entire rim of the diaphragm bears on the clutch disc assures complete distribution of the driving load. Uniform load distribution around the pressure plate, and softer application of the load, are affected by the substitution of the 18 tapering steel fingers, stamped integral with the spring, for the three pressure levers of 1937. Because the disc pivots on the fulcrums provided by the two steel rings, friction is held at a minimum, not only when the car is new but after long service, when the conventional clutch develops noticeable friction drag. The design of the new mechanism," Chevrolet engineers point out, is such that it requires no lubrication throughout the life of the car.

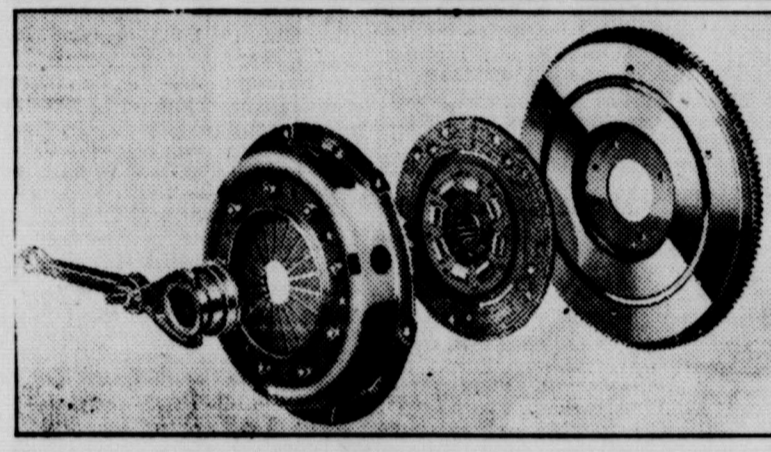

Heavy Fall Buying of New Models Is Predicted by Dealer

Fall automobile buying promises to be unusually heavy this year according to a statement by Henry Borchardt of the M. & S. Chevrolet Company. Basis for Mr. Borchardt's prediction is the large number of advance orders they are receiving for the new 1938 Chevrolet which will be officially announced to the public on Saturday, Oct. 23. "All orders received before announcement day are being classified as preferred delivery orders," said Mr. Borchardt, "and deliveries of new cars will be made in the order in which our customers make their purchases. Many of the orders taken for new cars have been placed by individuals who have previously owned Chevrolet cars; and although we have not been in a po-

sition to show them the new car, their past experience with Chevrolet has convinced them that they can buy any Chevrolet car with absolute confidence. "This confidence is well placed for I have been privileged to see the new Chevrolet and examine it in detail. It is easily one of the most beautiful and distinctive cars I have ever seen and I predict that it will be the most popular car we have ever sold. "Our plans for introducing the new car on October 23rd are nearing completion and we anticipate the biggest announcement day crowd we have yet experienced."

New Chevrolet Has 6 Major Requirements

Chevrolet's Master models for 1938 are designed and built for owners who seek to practice thrift without compromise on completeness. To such buyers, the Master Chevrolet is presented as embodying in fullest measure those qualities which Chevrolet's extensive public contacts indicate that modern motorists demand in their cars. Like the Master De Luxe again, they embody numerous refinements, in features affecting beauty, performance, comfort, safety, durability, and style. The result is an all-round heightening of the qualities which for the past three years have been generating a steadily-increasing demand for Chevrolet, with the result that production capacity has had to be enlarged again and again. Longest Part in Any Drama The longest part in any drama ever produced is said to be the title role in "Cyrano de Bergerac," which was written by Edmund Rostand in 1897.—Collier's Weekly.

You Are Cordially Invited to inspect the New 1938 Chevrolet

In Our Showrooms

Saturday, October 23

Entertainment Feature

We have made elaborate arrangements for our first showing of this fine New Chevrolet car.

For your entertainment refreshments will be served and orchestra music furnished Saturday night for those who wish to dance.

Come to our party—see the New 1938 Chevrolet and let's have a good time together.

OCTOBER 23rd CHEVROLET PRESENTS THE NEW 1938 CHEVROLET

THE CAR OF LOW PRICE THAT BRINGS YOU THE NEWEST, MOST MODERN, MOST UP-TO-DATE MOTORING ADVANTAGES

Chevrolet cordially invites you to visit your nearest Chevrolet dealer and inspect the finest motor car Chevrolet has ever produced—the new Chevrolet for 1938—the car that is complete. To see and drive this smart, dashing car is to know you'll be ahead with a Chevrolet . . . to own it is to save money all ways . . . because, again in 1938 as for 27 years, the Chevrolet trade-mark is the symbol of savings.

CHEVROLET MOTOR DIVISION
General Motors Sales Corporation
DETROIT, MICHIGAN
General Motors Installment Plan—monthly payments to suit your purse. A General Motors Value

MODERN MODE STYLING

Styling as different as it is beautiful, for this bigger-looking, better-looking low-priced car.

PERFECTED HYDRAULIC BRAKES

Smooth—powerful—positive . . . the safe brakes for modern travel . . . giving maximum motoring protection.

GENUINE KNEE-ACTION

(WITH SHOCKPROOF STEERING) So safe—so comfortable—so different . . . "the world's finest ride."

ALL SILENT ALL STEEL BODIES

(WITH SAFETY GLASS ALL AROUND) Larger interiors—lighter, brighter colors—and Uni-steel construction, making each body a fortress of safety.

VALVE-IN-HEAD ENGINE

Giving the most efficient combination of power, economy and dependability.

FISHER NO DRAFT VENTILATION

Giving protection against drafts, smoke, windshield clouding, and assuring each passenger individually controlled ventilation.

FOR 27 YEARS

"You'll be AHEAD with a CHEVROLET."
