## CROWELL TO MEET BURKBURNETT FRIDAY

### Burkburnett Player Ruled Ineligible by Executive Football Committee Monday

#### COMMITTEE FINDS JOHN BLAIR TO HAVE REACHED AGE OF 19 BEFORE SEPTEMBER 1, 1937

##### Entry Made in Doctor's Record Deciding Factor

Burkburnett's hopes for a district championship were shattered when the district executive committee ruled John Blair, all-district Bulldog end, ineligible at a meeting in Wichita Falls Monday afternoon. The resolution of the committee stated that Blair was declared ineligible because he had reached the age of 19 before Sept. 1, 1937.

##### Record Proves Age

The question of Blair's eligibility was made on the basis of a record entered in the ledger of Dr. J. A. Collins of Gordonville, Texas, and other records that proved that the player was 19 years of age before Sept. 1, 1937. The entry of Blair's birth recorded in the ledger was made on August 15, 1918, and other records revealed the birth date to be in July, 1918. The doctor's ledger was secured by Coach Grady Graves of L. A. Andrews, both of Crowell, who visited the home of Dr. Collins.

In a previous hearing brought by Throckmorton, an affidavit from Dr. Collins had been produced which stated that records in his files showed he attended Blair's birth on Sept. 15, 1918. This affidavit had been the principal basis for the action of the committee in refusing to disqualify Blair at the meeting two weeks ago.

The new action came as a surprise to Burkburnett's superintendent who had trusted the doctor's affidavit and the executive committee voted a resolution that J. C. Duncan, superintendent of the Burkburnett schools, was justified in certifying John Blair eligible and did not deserve censure as he had made every possible effort to determine the age of the boy before the season started.

Both Superintendent L. T. Graves of Crowell and Superintendent Duncan of Burkburnett were disqualified to vote as they were interested parties and the committee was composed of J. F. Kemp, district chairman and superintendent at Seymour, and W. R. Bradford of Iowa Park.

The evidence entered is as follows:

1. Record book of Dr. J. A. Collins of Gordonville, which is the only original document that has been produced, shows John Blair to have been born before September 1, 1918.
  2. Telegram from John Olsen, State Department of Education Census Director at Austin, stating that the records there show John Blair was born before September 1, 1918.
  3. Sworn statement from C. M. Henderson, County Clerk of Cotton County, Okla., stating that it is on record there that John Blair was born before September 1, 1918.
  4. Records in the County Court house at Wichita Falls showing John Blair to have been born before Sept. 1, 1918.
- The above evidence was given to the committee with the following statement:
- "Since all of these named documents show Blair to have been born before September 1, 1918, and since the committee has no other evidence to the contrary, it is the opinion of the committee that John Blair was born before September 1, 1918."
- (Continued on Page 6)

which shows at the Rialto Theatre on the Saturday night preview, Sunday and Monday.

#### Notice, Farmers

According to information received by County Agent John Nagy, wheat plowed under this season as green manure will not be allowed as soil building or retired. Further information will be given at a future date.

#### Dr. T. P. Reeder Jr. Locates in Quanah

Dr. T. P. Reeder Jr., who has recently completed his internship and post-graduate work at the Jefferson Davis Hospital in Houston, has entered a partnership with Dr. R. R. McDaniel of Quanah and will be located in the Quanah Clinic, according to an announcement made here this week.

Dr. Reeder is a graduate of the State University School of Medicine in Galveston and served one year in the Houston Hospital. Dr. and Mrs. Reeder were in Crowell this week visiting their parents, Mr. and Mrs. T. P. Reeder and Mr. and Mrs. B. W. Self. They expect to move to Quanah the latter part of this week.

#### Advice About Hoppers Given Here by Expert

Farmers of Foard County have been advised to watch the hatching of grasshopper eggs next spring by R. R. Reppert, Extension Agronomist, who was here last week making a grasshopper survey.

Mr. Reppert and County Agent John Nagy made inspections on several different farms in the county and found about 300 to 1,200 hopper eggs per cubic foot. According to Mr. Nagy, the grasshoppers can be easily combated if farmers will watch next spring when the hatch is due. The young grasshoppers will stay in the same vicinity about two or three weeks before scattering and this is the time to spread poison. This, also, saves having to scatter poison over such a wide area.

#### ACCEPTS POSITION

Ralph Burrow has been employed as bookkeeper at the local office of the West Texas Utilities Company and assumed his duties Monday.

Mr. Burrow has served four years in the United States Navy and received his discharge Wednesday, Nov. 10. During the time he served in the Navy he was stationed on the U. S. S. Richmond, with the home base at San Diego, Calif.

#### Exiled Nobel Winner Arrives in U. S.

Thomas Mann, renowned German novelist and Nobel prize winner, pictured with his wife as they arrived in New York recently. Mann was forced to leave Nazi Germany. His daughter Erika, who preceded her parents to New York, plans to become an American citizen.

#### Cotton Report Gives 6,996 Bales Ginned Here Prior to Nov. 1

According to the Department of Commerce, Bureau of Census, Washington, D. C., 6,996 bales of cotton had been ginned in Foard County from the 1937 crop prior to Nov. 1, 1937, as compared with 1,685 bales ginned to Nov. 1, 1936.

#### Many from County Attend Meeting Held in Vernon

Many from Foard County attended a meeting for club women held at the court house in Vernon Friday afternoon, Nov. 12, with Miss Dosca Hale, Extension Specialist in Parent Education and Child Development of College Station and former Foard County home demonstration agent. Miss Hale discussed "The Family and Its Importance" at this meeting.

The morning session of the conference was spent by the agents from the various counties in planning work for the coming year, along the family line. The afternoon meeting was for women from the counties included.

Those from this county who attended the afternoon session were: Miss Myrna Holman, Miss Bonnie Schroeder, Mrs. F. E. Digs, Mrs. T. W. Cooper, Mrs. Jim Cates, Mrs. R. L. Taylor, Mrs. W. B. Jones, Mrs. S. E. Tate, Mrs. G. H. Patton, Mrs. J. S. Ray, Mrs. F. A. Davis, Mrs. Marion Crowell, Mrs. T. B. Klepper, Mrs. Vern Walden, Mrs. E. A. Dunagan, Mrs. W. A. Dunn, Mrs. Dave Solis, Mrs. Verda Bell, Mrs. Leon Solomon, Mrs. A. W. Barker and Mrs. Otto Schroeder.

#### Former Crowell Resident Killed in Auto Accident

Mrs. Bernice Riley, 35, of Quanah, daughter of Mr. and Mrs. N. J. Dickerson of Quanah, former Crowell residents, died in a Wichita Falls hospital Monday afternoon an hour after she was injured in an automobile accident near Wichita Falls in which four other persons were hurt, one seriously. Mrs. Riley sustained a fractured skull and severe scalp wounds. She was returning to Quanah with William F. Modgling and three children from Fort Worth where they had been on account of the serious illness of another child of Mr. Modgling.

Funeral services for Mrs. Riley were held in Quanah this morning.

#### ATTEND FUNERAL

Mr. and Mrs. F. C. Borchardt, Henry Borchardt and Mrs. Chester Hord attended the funeral of Mrs. Borchardt's nephew, Frank Greer, in Olney Tuesday.

#### NEW CAR REGISTRATIONS

The following new cars have been registered in the office of the tax assessor-collector:

- P. K. King, Chevrolet sedan.
- Paul E. Morton, Terraplane.
- Orval Vaughn, Ford sedan.
- W. J. Long, Ford sedan.
- C. V. Wales, Chevrolet coupe.

#### MOVIES FOR MONTAGUE

A million-dollar contract for appearances in movies, radio broadcasts and professional golf matches was signed by John Montague, fabulous golfer friend of Hollywood notables after his acquittal recently of the seven-year-old first-degree robbery charge on which he was brought back to Elizabethtown, N. J. Montague, whose real name is LaVerne Moore, was a mystery man in Hollywood for a number of years.

#### WILDCATS TAKE PANTHERS BY SCORE OF 7-6

#### Local Club Weakened By Last-Minute Loss of Que Meason

Coming to life early in the third quarter the Crowell Wildcats pushed over a touchdown and the all-important extra point to defeat the Seymour Panthers 7 to 6 in their Armistice Day battle at Seymour after trailing 6-0 throughout the larger part of the second period.

#### Meason Out

The running attack of the Wildcats was slowed down and the defense weakened due to the loss of their co-captain and left halfback, Que Meason, who suffered an attack of influenza early Thursday morning and was unable to attend the game.

Hugh Solis filled Meason's position in the Panther scrap and did a nice job, although the position was new to him. His defensive play was excellent and he gave a good account of himself throughout the game.

#### Narrow Escape

The final whistle stopped a Seymour drive from their own twenty-yard line to the Wildcat's nine. The Panthers took the ball on downs on their own twenty with about three minutes of play remaining and staged a sustained drive that nearly spelled defeat for the Crowell lads.

Powell of Seymour shot a pass to Mikeska, who was finally dragged down by Joy on Crowell's thirty. Three plays later, a pass, Butler to Mikeska, placed the ball (Continued on Page 6)

#### Leave for Canada To Plant Wheat Crop Next Spring

Mr. and Mrs. Robert Long left Saturday for Camrose, Alberta, Canada, where Mr. Long expects to plant a spring wheat crop on 400 acres of land he bought last summer while on a trip to Canada.

Mr. Long is a Foard County wheat farmer and, according to his present plans, expects to make two wheat crops a year, owing to the fact that the wheat seasons in Alberta, Canada, and Texas are in different parts of the year. He will plant his wheat crop in Canada in the spring and then return to Texas to harvest his wheat in Foard County, living six months of the year in Canada and six months in Texas.

Mr. Long stated that his plans were tentative and would not be made permanent until they had proved successful as a financial venture.

#### Northwest Texas M. E. Conference Convened at Quanah

Rev. E. L. Yeats, local Methodist pastor, left Wednesday morning for Quanah to attend the annual session of the Northwest Texas Conference of the Methodist Episcopal Church, South.

Following his first year's work with the Crowell church, Rev. Yeats went to conference with salaries and church benevolences paid in full and a great reduction made in the church debt.

Bishop H. A. Boaz of Ft. Worth will preside over the conference. Business and devotional meetings will take up the time until Sunday afternoon when the appointments of preachers for next year will be announced.

Two important matters of business to engage the attention of the Conference will be action on the proposed unification of the three principal branches of Methodism in the United States and the election of 14 delegates to the General Conference of the church which meets in Birmingham, Ala., next April. The delegates to General Conference will be equally divided among laymen and preachers.

#### Work on Hi-Way 16 South of Crowell May Be Continued

Continuation of the gravel base on State Highway 16 south of Crowell has been virtually assured, according to Judge Claude Callaway, who met with the State Highway Commission in Austin Tuesday, and work may be started about Jan. 15, 1938.

Judge Callaway stated that he asked the commission for a straight state appropriation to extend the base to a point about eight miles south of Crowell but failed to obtain it as the commission is placing appropriations where they will be met by Federal government allotments in NRWR projects.

This work will be started just as soon as Foard County can place fifty WPA laborers on the job, which will be done as a NRWR project, and it will not be until the first of the year before that number of men will be available. Judge Callaway declared, but once the job has been started he feels assured that the road to the Wichita River will be completed.

Judge Callaway was accompanied to Austin by A. W. Barker and Frank Cates, county commissioners.

#### Garden Club Flower Show Friday, 4 p. m.

The regular November meeting of the Crowell Garden Club will be held Friday afternoon at 2 o'clock in the Christian Church. The program chairman especially urges each member to come and bring her home grounds plans to be entered for contest.

The fall flower show is at 4 o'clock, following the regular meeting of the club.

#### A, B, C, D Quads Have Birthday

These quadruplets, sons of Mr. and Mrs. Philip Perricone of Beaumont, Texas, were labeled A, B, C and D by the physician who attended their birth eight years ago. Their parents promptly named them Anthony, Bernard, Carl and Donald (left to right). Here they are with their last birthday cake.

#### STRONGEST TEAMS IN DISTRICT TO CLASH ON LOCAL GRIDIRON TOMORROW NIGHT, 8 O'CLOCK

#### Renews Paper for Thirty-Ninth Time

J. R. Coffman of Albuquerque, N. M., a former Foard County resident and a regular reader of The Foard County News for 38 years, sent in a check this week to renew his paper for the 39th time.

Mr. Coffman has lived in Albuquerque for many years and was one of the hundreds of former residents who were here last year for the 45th Anniversary Jubilee Celebration on April 27-28.

#### First Frost of Fall Received Wednesday

Foard County's first frost this fall arrived Wednesday morning, several days later than the date for the average first frost for this particular area, Nov. 5. The frost was a heavy killing one.

Citizens of Crowell got their first real taste of winter Wednesday morning when the thermometer hovered near the freezing point and much ice was in evidence. A "norther" blew up late Monday afternoon and the weather has continued colder since that time.

#### Agriculture Meeting Held in Court House

A meeting for the discussion of the agriculture situation was held in the district court room in Crowell Saturday morning at 10 o'clock. J. A. Scofield, district agent of district 3, and J. H. Watson, State agriculture committee man, were in charge of the meeting.

Other than Foard County, the following counties were represented, H. L. Williams, county agent, Mr. Dawson, assistant agent, and Miss Hattie Tacker, home demonstration agent, of Cottle County; Fred Rennels, county agent; Miss Nanie Hill, demonstration agent; the Wilbarger council chairman, the chairman of the education committee Wilbarger County and the three Wilbarger county committees; F. T. Wendt, county agent, and Miss Margaret Leuty, home demonstration agent, of Hardeman County; R. L. White, county agent, of King County; W. W. Rice, county agent, of Knox County; I. L. Sturdevant, county agent, and LeBron Hardie, assistant agent, of Stonewall County.

#### SERIOUSLY ILL

Jim Polk is seriously ill at his home in the Claytonville community and was reported to be very low early this morning.

#### Crowell Underdogs in Tilt; Both Teams Are Ready

The eyes of the football fans of this section of West Texas will be focused on the Crowell High School gridiron Friday night when the Wildcats clash with the powerful Burkburnett Bulldogs in the game that has been awaited since the first of the season.

This tilt might turn into a grudge battle on the part of the Bulldogs as they will be out to appease their wrath with a Wildcat slaughter after losing out in the last lap of the championship race when John Blair, all-district Bulldog end, was ruled ineligible by the district executive committee Monday. Many fans are planning to be on hand to see the toughest game ever staged on the Crowell field.

In this game the Wildcats will not be at stake, the Wildcats will be playing to prove that they are able to uphold the name of "champions." The decision of the executive committee did not lessen the determination of the Cats to win the fray against their natural rivals, the Dogs, and avenge a 32-12 defeat suffered last year at the hands of the Burkburnett boys.

#### Crowell Underdogs

The Crowell team will enter the scrap tomorrow night as the underdogs, according to comparative figures on games played. In games with Chillicothe, Iowa Park, Seymour and Throckmorton the Bulldogs rolled up 196 points while holding their opponents to 18 points, but these scores vanished with the ruling of the committee Monday. The Wildcats scored 109 points on the four teams mentioned above and held them to 12 points.

#### Rivalry Dates Back

In ten years of grid competition the Bulldogs have only won one scrap from the Wildcats, and that was last year when the Burkburnett eleven were victorious 33 to 12.

Coach Volney Hill of Burkburnett has met with very little success against squads of Coach Grady Graves of Crowell as he has only been able to win two out of seven games with the Wildcats.

Hill's first victory came the first year he hurled his cohorts at those of Coach Graves and it was by a 12-0 margin. The next two years the Crowell boys were the underdogs in games with the Hillmen but came through to wallop them 7-0 and 21-14. The following year the two squads met at Quanah and the Cats had little trouble in riling up a 54 to 0 score. Coach Hill moved to Burkburnett the following year and in their game that season the Wildcats handed him a 53-0 defeat and followed that up with a 19-6 victory the following year. It was not until last year that Coach Hill was able to win over a Crowell team again and that was by the score of 32-12, and only after the Cats out-scratched the Dogs during the last half.

Coach Hill will be trying to win his third game from the Wildcats in eight starts when the two teams line up tomorrow night.

#### Stars to Meet

This game will bring together four of the outstanding backs of the district. Joy and Orr of the Wildcats will be gunning to snare honors from the fast-stepping Tol. (Continued on Page Seven)

#### COTTLE-KING SINGING CONVENTION WILL BE HELD AT DELWIN SUN.

The Cottle-King Singing Association will hold an all-day singing at Delwin, Sunday, Nov. 21. Many prominent singers and musicians from this section are expected to attend the convention.

Baugh and children, Violet and Lyndall, left Friday for Lubbock where they will make their home. Mr. and Mrs. J. O. Cure and children, Geraldine and Lowell, attended the funeral of Mrs. Virginia Franklin Knead at Seymour Friday. An amateur program was held in the Truscott high school auditorium Friday night, Nov. 12. Of the many entries Billy Bob Montgomery's tap-dancing number won first prize which was \$5.00. N. R. Barr, who played a saw solo, won second prize of \$2.50. The tap dancing of little Martha Tyson won third prize of \$1.00.

Scarlet Fever on Increase in Texas

Austin.—Dr. Geo. W. Cox, State Health Officer, has just issued a warning in regard to scarlet fever, as the number of cases reported in Texas are increasing rapidly. Last year nearly three thousand cases were reported—the majority occurring from November through February. Scarlet fever is a very contagious and serious disease. Grown people may catch scarlet fever, but children under 15 years are most likely to have it, if exposed. It is especially dangerous for children under five years, and for babies. Do not let your children take any chances with scarlet fever. Call the doctor as soon as the symptoms appear. If your child is going to have scarlet fever, the first signs you may notice are that he seems tired, restless and out of sorts. Usually, there is a sore throat, chill, vomiting, or convulsion. The child has fever. His skin is dry

RAYLAND (By Annise Davis)

Mr. and Mrs. L. W. Greenway of Crowell spent last Sunday with Mrs. Rintia Creager. Otto Droick and family visited relatives at Levelland last week. Carl Bailey and wife and baby visited her father, W. J. Dewberry, and family Sunday. Fred Duffie and family moved from Doans to their place here last week. Mrs. Fred Taylor of Margaret visited Mrs. Fred Duffie Sunday. A. T. Beazley and mother, Mrs. Josie Beazley, visited relatives at Clovis, N. M., last week. Mrs. B. A. Rutledge was called to Denton last week. Her aunt, Mrs. Sidney Robinson, was buried there Wednesday. Mr. and Mrs. Harry Simmonds of Riverside visited friends here Thursday. Bob Price and wife and children of Abilene visited relatives here last week. T. C. Davis and wife, Mr. and Mrs. Howard Green and children, and Mrs. T. A. Raines and children, T. J. and Thelma, visited relatives near Lubbock during the week-end. Mrs. J. C. Davis accompanied them to Paducah where she visited her daughter, Mrs. Bill Barrett, and family. Dick Bayles and family of Colorado spent the week-end with Mrs. Bayles' mother, Mrs. Nina Newman, and other relatives. Mr. and Mrs. J. W. Bowers and son, Mr. and Mrs. Joe Bowers of Vernon, and Mr. and Mrs. Brooks of Odell, visited Mr. and Mrs. Tom Lawson Sunday. A. T. Beazley and family and W. L. Beazley spent Sunday afternoon with their brother, Tom Beazley, and family of Five-in-One.

GOOD CREEK (By Vidie Phillips)

Dr. and Mrs. H. C. Fortner of Forest Grove, Oregon, and A. W. Fortner of Happy came Monday to visit friends and relatives and to attend to business. Roy Daniels visited Cecil E. Dunn of Black Wednesday afternoon. H. E. Davis of Crowell visited his son, A. L. Davis, Friday. He also visited Bryant Little. Little Grant Morrison of Fort Bliss, El Paso, is visiting Mr. and Mrs. A. L. Davis. Vernie Polk and Clarence Beesinger of Claytonville visited Mr. and Mrs. Bryant Little Sunday morning. Mr. and Mrs. J. T. Phillips of Claytonville spent Sunday with Mr. and Mrs. C. C. Hinkle. Mr. and Mrs. G. W. Brown and son, Clark, of Claytonville visited friends in this community Sunday morning. James and Ray Phillips of Claytonville and Leon Beggs of Crowell spent Sunday with Perry Hinkle. Mr. and Mrs. J. T. Phillips of Claytonville visited Mr. and Mrs. A. C. Hinkle Sunday evening. William Whitley of Crowell visited C. C. Hinkle Sunday. Mrs. Arthur McBride of Poca-sett, Okla., who is visiting her parents, Mr. and Mrs. J. P. Whitley, spent the past week with her sister, Mrs. Pat McDaniel, of Crowell. Mr. and Mrs. L. R. Scott visited in Claytonville community Sunday night.

Scarlet Fever on Increase in Texas

and hot. His tongue is furred, and, under this white covering, it is red and swollen. In ordinary cases, these early signs are followed in a day or two by a rash. Little flat red points, close together, appear first on the neck and chest. Soon the rash is over most of the body and brilliant in color. The doctor is required by law to report the case to the local health officer. Do your part by following carefully the quarantine instructions which the health officer will give you. Children who have had scarlet fever, or who have been exposed, must not return to school until permission is given by the health officer and physician. A severe or fatal case of scarlet fever may develop from contact with some one who has only a light attack.

Brief Bits of News From Here and There

The representation of the Republican party in the U. S. government is but 17 out of 96 Senators, 87 out of 435 Representatives, eight out of 48 state governors. The first product made by the Heinz Company was horseradish, raised, dug and grated by the father of the present head of the Heinz Company. The first plant was a small red brick house at Sharpsburg, Penn. The house still stands opposite the administration building of the Heinz factory. On its outside wall is a sign bearing the announcement, "The House Where We Began." A general increase in freight and passenger rates is made necessary as a result of the recent increase in wages of railroad employees totaling \$35,000,000. College students have a vocabulary ranging from 20,120 words to 94,075 words, and sixth grade students from 4,192 to 30,184, according to Edward L. Thorndike of Columbia University. A drug store offering ten cent items only, was recently opened in Spokane, Washington. According to a report released by the Treasury Department for all persons filing income tax returns in 1935 the average income was \$3,258. In 1934 the average was \$3,125. According to a report released by the Treasury Department 41 persons had net incomes of \$1,000,000 or more in 1935. In 1934 there were 33 in this class and in 1929 there were 513. Eastern railroads now lay their rails welded in one long continuous rail instead of in 39 foot lengths as has been the custom in the past.

Know Texas

Horses Versus Cars Again Denton.—Horses and mules evidently still have an edge on the "horseless carriage" in Texas, there being over a million of them as compared with about 950,000 automobiles according to the 1936 tax figures. However, they are just worth twenty-five million dollars, while eighty-seven millions are invested in Texas automobiles. This valuation for cars is almost a million higher than in 1935, but the number of cars has decreased. Texans seem to be going in for quality rather than quantity in transportation. Run, Gobler, Run Wild or tame, old man turkey it is for it now. If he's wild his gloomy season started November 16 and lasts through December 31, when both north and south zone hunters are welcome to make him a target, providing they don't kill more than three goblers a season. However, there are 39 counties without open season at any time, so he might try hiding. The fate of tame turkeys is even more inevitable, especially in this state, which has the largest turkey crop in the world. Besides the home supply over 1,600 carloads of this Thanksgiving fa-

TIGHT FITS between engine parts That's why mere "fast-flowing" oils get beat by WINTER OIL-PLATING How hard is it for any known oil to squirm in amongst scores of close-fitting engine parts? It's hard. Hence all Winter oil ads rightly tell you that even a worn, loosened-up engine needs extra fast oil-flow this season. Free-flowing Conoco Germ Processed oil holds records for speedy flow in any cold. And yet Conoco asks you earnestly: WHY BE SATISFIED WITH ANY FREE-FLOW ALONE, WHEN YOU CAN JUST AS EASILY HAVE THE RE-DOUBLED INSURANCE OF AN OIL-PLATED ENGINE? Only an OIL-PLATED engine is lubricated for every cold start in advance—whole hours and days before any mere free-flowing oil can do one single wiggle! Germ Process action on every working part creates OIL-PLATING. It becomes a part of all surfaces. It cannot drain down. It stays up without interruption, forever ready to speed your starter and preserve your engine every inch of the way this Winter. Oil level stays up, too, once your Conoco Mileage Merchant puts in your correct Winter grade of Germ Processed oil. CONOCO GERM PROCESSED OIL Write for "The Story of Oil-Plating"...Dept. 6, Conoco, Ponca City, Okla. Your Mileage Merchant Let Us Fill Your Crank Case With CONOCO GERM PROCESSED OIL Then You Will Have Winter Oil-Plating FULL STOCK OF CONOCO PRODUCTS GIRSCH SERVICE STATION

Walter Henry and family and Zack Medlin and family of Quanah visited Emmett Howard and family here Sunday.

Percy Taylor of Wichita Falls visited his parents, Mr. and Mrs. J. C. Taylor, last week-end.

Mr. and Mrs. H. R. Randolph of Vernon visited their daughter, Mrs. Lee Sims, and family Sunday.

Hal Mason of Dallas visited relatives here this week.

H. A. Dodson and family of Vernon visited S. N. Dozier and family here Sunday.

John Nichols of Seymour visited T. R. and E. M. Cates here one day last week.

Miss Billie Gene Reaves of O'Brien visited in the E. H. Roberts home here last week-end.

Mrs. Bertha Shultz and daughter, Helen, visited her mother, Mrs. I. M. Cates, in Crowell last week-end.

Mrs. J. W. Hathaway and son, Charlie, visited relatives in Gainesville a few days last week.

John Hugh Banister and son, Billie, of Elk City, Okla., visited his parents, Mr. and Mrs. H. W. Banister, here a few days this week.

Mrs. C. C. Ford and two children, Miss Elizabeth Wright and Miss Thompson of Goodlett visited J. W. Wright and family here Sunday.

Lee Shultz has sold his house and lot here to R. C. Huntley.

Dr. J. E. Johnson of Mineral Wells visited with relatives here Sunday. He was accompanied home by his mother, Mrs. W. L. Johnson, who will spend the winter in Mineral Wells.

Thos. Wright of Charlie, Texas, visited his son, John W. Wright, and family here a few days this week.

J. C. Lovell of Kemp City visited in the R. C. Huntley home Sunday.

Hugh Thompson and family of Levelland attended the birthday celebration of his father, J. G. Thompson Sr., here Saturday.

### NOBODY'S BUSINESS

BY JULIAN CAPEERS JR.

Austin.—Gathering momentum of public opinion in many sections of Texas may "blow the lid off" one of the most bitterly controversial questions in Texas' history, namely, the land vacancy problem. The vacancy question has been a recurrent issue ever since the discovery of oil in Texas, and the extension of oil production into new sections has brought it into the fore again during the past few months, notably in the Texas Gulf coast area, including Polk, Matagorda, Chambers and adjoining counties.

The controversy arises from the fact that surveys of public lands in Texas in the early days were frequently rough and inaccurate. When school lands were sold off, a buyer sometimes would pay for 160 acres, but as the result of an inaccurate survey, would fence and farm an extra 15 acres. The land had so little value that it was not worth the cost of a re-survey. But discovery of oil under much of this former public land made it very valuable for the mineral rights, and "vacancy" hunters—men who looked up the field notes in the State Land Office, and had it re-surveyed to find these surplus or "vacancy" tracts, came into being. The discoverer of such a vacancy has the right under the law to file claim to the mineral rights, giving the state a part of the royalty, and retaining the major part of the mineral rights, at a nominal cost. The occupant of the land has a preferred claim to the surface rights only. But the oil or gas under the ground is where the real wealth lies.

Farmers Are Bitter

In some of the South Texas cases, the land has been farmed and occupied for 100 years by the families now occupying it. They have never known that the land they had under fence and under cultivation was not actually part of their farms. Thus, when oil is discovered, and they have an opportunity to realize substantial wealth from sale of leases or royalty, they naturally are resentful when strangers invade the community, file "vacancy" suits in the name of the State, with the Attorney General representing them, and take away the mineral rights.

On the other side of the question, is the claim made in behalf of the State and its school funds, that because an error was made in the surveys years ago, there is no valid reason why the error should be perpetuated and the land, to which buyers were never entitled, should revert to those occupying it in error. The law at present provides that vacancy suits may be tried either in the county where the land is located, or in Austin, and it is claimed this works an extra hardship upon the claimants, as the Attorney General usually elects to try the cases in Austin.

Legislature Acts

The special session took cognizance of the situation, when the Senate adopted a resolution requesting the Attorney General to try some 200 suits recently filed in Polk County in that county, rather than in Austin. In the

House, Rep. George Davisson, of Eastland offered a resolution commending the Land Commissioner and the Attorney General for bringing the Polk County suits to the House defeated the resolution overwhelmingly, and Davisson drew caustic criticism, because of his well known personal friendship for Land Commissioner Bill McDonald, who is a former County official from Eastland County. Typical comments on the floor during debate on Davisson's resolution were:

W. E. Jones, of Jourdanton: "These vacancy hunters who say they're trying to do something for the schools don't give a damn about the school children. They are just engaging in on the rottenest, most slimy, most patrid disgraces in the State."

B. E. Junin of Beaumont: "I understand he has several relatives on the payroll of the land commissioner. He's just getting ready to represent some of the land grabbers before the Land Commissioner."

Coke Stevenson of Junction, former speaker, led a memorable fight against vacancy hunters in the Legislature several years ago, and several meetings were held at that time to enact laws to restrict the activity of the vacancy hunters and better protect the rights of those who believe they have legal title to the disputed lands.

Pension Situation In Doubt

Gov. Allred washed his hands of responsibility for pension cuts—if they develop—and this week was in Mexico on a hunting trip, leaving Lt. Walter Woodul to act as chief executive. Woodul is not regular session to enact some reforms that will restrict the activity of the vacancy hunters and better protect the rights of those who believe they have legal title to the disputed lands.

Actual construction of over a million dollars worth of new buildings for the state eleemosynary institutions will be under way by early December, under contracts to be let by the Board of Control within 30 days. These include the new Insane Hospital for West Texas, at Big Spring, costing \$817,000 for 7 buildings; a \$10,000 store room at Waco State Home; chapel and vocational building at Wichita Falls hospital, \$95,000; ward building and laundry at Austin State School, \$55,

000; ward building and ice plant at Rush Hospital, \$135,000. These buildings must be paid for out of the general fund, under appropriations made at the regular session; the general fund this week reached a new peak deficit of \$15,747,888, figures from Treasurer Lockhart showed.

### Asbestos Will Not Burn

Asbestos is one of the best safeguards against fire. It just won't burn. Even the ancients knew that, says a writer in the Washington Post, and used the fibrous rock accordingly. Before putting their dead on funeral pyres, they wrapped the bodies in asbestos cloth so the human ashes would separate from those of the wood. France's ruler of olden times, Charlemagne, probably used in the strangest way, however, had an asbestos table cloth, which amused his guests, when dinner was over, by throwing it in the fire and withdrawing it all clean and ready for use!

### Silvery Sheen of Fish

The characteristic silvery sheen of fish is caused by reflecting light from a waste substance called "guanine."

Walter Henry and family and Zack Medlin and family of Quanah visited Emmett Howard and family here Sunday.

Percy Taylor of Wichita Falls visited his parents, Mr. and Mrs. J. C. Taylor, last week-end.

Mr. and Mrs. H. R. Randolph of Vernon visited their daughter, Mrs. Lee Sims, and family Sunday.

Hal Mason of Dallas visited relatives here this week.

H. A. Dodson and family of Vernon visited S. N. Dozier and family here Sunday.

John Nichols of Seymour visited T. R. and E. M. Cates here one day last week.

Miss Billie Gene Reaves of O'Brien visited in the E. H. Roberts home here last week-end.

Mrs. Bertha Shultz and daughter, Helen, visited her mother, Mrs. I. M. Cates, in Crowell last week-end.

Mrs. J. W. Hathaway and son, Charlie, visited relatives in Gainesville a few days last week.

John Hugh Banister and son, Billie, of Elk City, Okla., visited his parents, Mr. and Mrs. H. W. Banister, here a few days this week.

Mrs. C. C. Ford and two children, Miss Elizabeth Wright and Miss Thompson of Goodlett visited J. W. Wright and family here Sunday.

Lee Shultz has sold his house and lot here to R. C. Huntley.

Dr. J. E. Johnson of Mineral Wells visited with relatives here Sunday. He was accompanied home by his mother, Mrs. W. L. Johnson, who will spend the winter in Mineral Wells.

Thos. Wright of Charlie, Texas, visited his son, John W. Wright, and family here a few days this week.

J. C. Lovell of Kemp City visited in the R. C. Huntley home Sunday.

Hugh Thompson and family of Levelland attended the birthday celebration of his father, J. G. Thompson Sr., here Saturday.

**EXCHANGE**  
 It probably won't startle you to know that the average co-ed wears 1.58 square feet of lipstick per year.

Trinity university students are now working on a school flag. Ideas are being received from any of the students. From the flags submitted the judges will choose the best. The student body will select the one to become the official school flag.

Texas Christian university students have worn out three editions of Emily Post's book on etiquette and the fourth is in shreds, according to the librarian. The most frequent borrowers are boys.

Girl: I maintain that love making is just the same as it always was.  
 Boy Friend: How do you know?  
 Girl: I just read about a Greek maiden who sat and listened to a

## MEALS CAUSE SICK STOMACH

Meal-time again! Do you sit down to the table with a hearty appetite and the joy of eating a good meal? Or do you sort of dread the idea of eating—feeling that you sort of hate to eat because you know how miserable you will feel afterwards due to acid indigestion?

Now acid indigestion simply means that your stomach contains an excess of acid. You can quickly neutralize this excess acid by taking a spoonful of Bisma-Rex in half a glass of water right after you eat.

Bisma-Rex is a pleasant-tasting preparation that gives relief quickly from those distressing symptoms of acid indigestion.

Bisma-Rex is sold only at your Rexall Drug Store—Ferguson Brothers Drug Store in Crowell. Remember to look for the Rexall Store sign, and be sure to ask for Bisma-Rex, the four-way action antacid powder.

**Ferguson Brothers**  
 Druggists

**GULF PRODUCTS—WILLARD BATTERIES**  
**Crowell Service Sta.**

Charles Branch: "I'll be a hard fight, but we'll beat 'em about 7 points."  
 Que Meason: "We are going to take the ball and show every one what we can do."  
 Marvin McKown: "I think we'll win Friday."  
 Raymond Joy: "We still have a good chance to win."  
 Vernon Gibson: "We are going on the field Friday night and give them all we've got."  
 Bernice Fitzgerald: "When we get through the Burk boys will look like hash."  
 William Simmons: "We'll win even if they are supposed to be tough."

Charlie Clark: "I think we'll beat Burk."  
 Merrell Diggs: "We're gonna win."  
 Reid Thompson: "I think we'll win."

**WE AGREE**  
 We won't argue, gentlemen; you are perfectly correct. We started yelling for women's rights, and we wanted to be on an equal basis with the men; we have what we want; the right to vote and to hold positions in the business world.  
 So, certainly split the bill at the drug store, pay your own way to shows.  
 Twenty years ago girls just didn't do what is done today. People say—"What is to become of this modern generation?" Ten to one, their parents said the same thing when they were in their teens.  
 Just because the boys are polite, they're called "ladies' men." One must have good manners and be polite to get along; be a lady or a gentleman. Be on your own; be modern.

**ON OSCULATION**  
 A kiss is a peculiar proposition, of no use to one, yet absolute bliss for the other. The small guy gets it for nothing; the young man has to steal it, and the old man has to buy it. The baby's right, the lover's privilege, and the hypocrite's mask. To a young girl, faith; to a married woman, hope; to an old maid, charity.

**PEP SQUAD**  
 The pep squad came back from Seymour with tired bodies and sore throats but very high spirits. Although they made no formation, they thoroughly enjoyed one made by Seymour.

**WINNERS OR LOSERS**  
 We wonder why Ed Roark went to sleep in the study hall Friday morning? He didn't go to the game.  
 We wonder why Louise and Dorothy Nell didn't go on the bus? Was it because they knew their boy friends would ask them to come home with them?  
 We wonder why Joyce White got stood up Saturday night? Could it have been the party forgot he had a date with her?

**THINGS WE LIKE TO DO**  
 Billie Brown—Skate.  
 Marjorie Spencer—Go with new boys.  
 Jack Fitzgerald—Neck.  
 Juanita Brown—Go to ball games.  
 Frances Henry Johnson—Go to Thalia or Black.  
 Thelma Lois Moore—Go to Quannah.  
 Helen Harwell—Flirt.  
 Margaret Woods—Gripe.  
 Jess Whitfield—Tease Miss Roark.  
 Edward Gafford—Chew gum in the study hall.  
 Richard Kelsey—Dream.  
 Joyce White—Go with Cecil.  
 Syble Mullins—Get the low down on every one.  
 Iva Ruth Gafford—Talk.  
 Clyde Eddy—Tend to babies.

**ASSEMBLY PROGRAM**  
 A very interesting assembly program was presented by Miss Patton last Wednesday morning in the high school auditorium. The numbers were as follows: Stunts, "Just a Love Nest," "A Visitor," "On the Phone," "A Bit of Ribbon," violin solo, "Faculty Burlesque."  
 Those taking part were: Bernice Fitzgerald, Garland Rasberry, Raymond Joy, Virginia Coffey, A. Y. Olds, Joe Wells, Theda Wright, Gene Fox, Joyce White, John Lee Orr, Wilma Lovelady, Lena Gene Green, Mary Bruce, James Erwin, Faye Zeibig, Jenny Dee Coffey, Mary Housouer, Dorothy Winningham, Mrs. Rucker.

**PICK-UPS**  
 Add new ways of gate crashing: sophomores at Purdue University rode down a dumb waiter in order to gain admittance to the freshman mixer, and then were ejected.

If all the students in N. T. S. T. C.—2,200 of them—were to dance to swing music for two hours, enough heat would be generated to heat a two story house for four days in ordinary winter weather, or, enough energy would be released to raise a five-ton elephant 64 miles in the air. We leave it to you to determine energy released if the students were doing the Big Apple.

Three hundred blurry-eyed, under-slept Ohio State freshmen congregated Wednesday on the steps of the gymnasium. They waited for half an hour for the remainder of the class to arrive for freshman convocation. Then one of them looked at his program to find that the meeting was for 8 p. m. not 8 a. m.

Discovering that he was a man, Delta Delta struck Joy Lively's name from the rushing list after he had received bids from campus sororities.

The only male enrolled in home economics department at Purdue must wear a bright pink powder puff sewed on his freshman cap. He wants to become a dietician.

A person in the limelight may be expected to be annoyed by insect.

**ALL IN FUN**  
 An elderly gentleman went to a rejuvenating wizard and asked: "Can you make me 18 years old once more?"  
 Yes, was the reply, "but it will cost you \$10,000."  
 Never mind what it costs, "I'll take the operation."  
 Six months later the rejuvenating wizard asked for his money.  
 "You can't collect," said the patient. "I'm under age, and if you say I ain't I'll sue you for fraud."

Lawyer: "Then you admit that you struck the plaintiff with malice aforethought?"  
 Defendant, indignantly: "You can't mix me up like that. I've told you twice I hit him with a brick, and on purpose. There wasn't no malice nor nothin' of the kind about it—just a plain brick like any gentleman would use."

Glendon: "Papa, I ain't got no brother."  
 Papa: "John, correct your brother."  
 Sam (looking over into Glendon's plate): "Yes, you is."

**(A letter from Alva Spencer)**  
 Dear Son:  
 This is the cliff from which the Spartans threw their defective children. Wish you were here.  
 Love,  
 Dad.

Soph: "Well, what do you think of our little college town?"  
 Freshman: "It certainly is unique."  
 Soph: "Whadda mean, 'unique'?"  
 Fresh: "It's from the Latin 'unus, 'one' and 'equus, horse.'"

**LOCALS**  
 Charlie Austin enrolled in school Monday morning. She is from O'Donnell.  
 Nell Roberts of Thalia visited Dorothy Flesher Sunday afternoon.  
 Lois Burns and Charlie Austin visited in Childress and Quannah Sunday.  
 Reid Thompson went to Quannah Sunday afternoon.  
 Miss Patterson and Mary Housouer visited in Lubbock Friday.  
 Walker Todd visited his V. A. boys Saturday at Margaret.  
 The pep squad went to Seymour last Thursday.  
 Mozelle Lemons spent Friday night in Quannah.  
 Frances Davis, Billie Brown, Marie Wells, Thelma Lois Moore, Tommie Haseloff, H. C. Brown, and Jack Fitzgerald were Quannah visitors Friday night.

Crowell High School has selected an invincible football eleven. Their opinion deals out the following team:  
 Flash Gordon, left end; Toar, left tackle; Mickey Finn, left guard; Joe Palooka, center; Snuffy Smith, right guard; Pa Piffle or Muley Bates, right tackle; Dynamite Dunn, right end; Popeye, quarterback; Dick Tracy, halfback; Alley Oop, fullback; Tarzan, halfback.

**PHILOSOPHICAL PHRASES**  
 People who work under other people are often over-worked.  
 To be alive is often more of a problem than a privilege.  
 The word "original" has not had a chance to be correctly used for some years.  
 Man's love for his fellowman has come more nearly to mean his love for a fellow's woman.  
 It is only necessary to grow old to become indulgent. I see no fault committed that I have not committed myself.—Goethe.  
 The man who will live above his present circumstances is in great danger of living in a little time much beneath them.—Addison.

**Foard City Scholastics**  
 (By School Reporter)  
 Lots of news this week—about past, present and future happenings.  
 Buster Whitby proved that there is not always room for one more when he packed 25 in his orange school bus and journeyed to Seymour last Thursday. How those Foard Cityites yelled, and swelled the ranks of the Wildcat loyalists.  
 The fact that people have different opinions makes life interesting. Last week the English classes held a formal debate on the question: Resolved: That the Ford is a better car than the Chevrolet. After long and heated discussions, much waving of car advertisements, and the reading of letters of commendation written by local people, the debate was tied. The main thought which ran through the debaters' minds, says your reporter, was something like this: "The (Chevrolet or Ford) car is the better because my dad owns one, and as in most debates, each person came away feeling more strongly his first opinion."  
 Colored rubber balls are now being bounced about by the primary children while the high school ones chase ping pong balls. The idea behind ping pong is to knock

## Folks Are Funny

Other people do not see the same person you see before the mirror.

the ball back across the net with the tiny racket. But it's a very elusive thing—that ping pong ball.

Current romances have not been publicized, but this one demands mention. Crowell high students exhibit but are interested in this, too. Floyd Carl Borchardt, freshman of the primary grades, is escorting Oma Floy McLain about. Sometimes he takes his mother along—but as chauffeur, mind you!—not chaperone.

Marney Stone is being missed at school these days. May he hurry and conquer those scarlet fever troubles.

The P. T. A. will meet on Thursday night this week, in order to meet, for it would be impossible to miss that Wildcat climax with Burk Burnett Friday night.

An English club has been organized by the high school group. LaVoyce Lefevre was elected president; Blaine Barker, vice president; Polly Johnson, secretary; and Anita Traweck, treasurer.

There is to be a Thanksgiving program at the school house, Watch for the date next week.

**DINOSAUR**  
 Lubbock.—Dug from a cliff near Calgary, pelvic girdle of a dinosaur of the upper Triassic age has just been placed on exhibit in West Texas museum, on Texas Technological College campus.

Dr. John Clark, former curator of vertebrate fossils at the museum, and W. C. Watt, chemistry instructor at Lubbock high school, found the specimen.

Age of the fossil is definitely established as Triassic by its peculiar, rusty bronze color.

**ANSWERS**  
 1. Tobacco Road.  
 2. Elixir of Sulfanilamide.  
 3. Journal of the American Medical Association.  
 4. She was freed by a jury at New Brunswick, N. J., from the charge of murder for shooting Paul Reeves in defense of her honor.  
 5. Shirley Temple.  
 6. He is an expert golfer of Hollywood who recently was faced with a seven year old robbery charge near Elizabethtown, New York, which was dismissed.  
 7. Ginger Rogers.  
 8. Annapolis, Maryland.  
 9. As editor of the Saturday Evening Post.

November 15—Drake completes circumnavigation of globe, 1580. Great fire in Boston, 1872.  
 November 16—Sherman's march began, 1864. Oklahoma admitted to the Union, 1907.

November 17—Congress met for the first time in the newly erected capitol building in Washington, D. C., 1800. Tom Taggart, statesman, born, 1856.  
 November 18—Panama Canal treaty signed, 1905. First trial of an eighty-one ton gun at Woodrich arsenal, England.

November 19—James A. Garfield, 20th president, born, 1831. Lincoln's Gettysburg address, 1863.  
 November 20—Dissolution of Standard Oil Company ordered by the federal court, 1909. First issue of Arkansas Gazette, the first newspaper published in Arkansas, 1819.

November 21—Thomas Edison announced his invention of the phonograph, 1886. The Pilgrims reached Cape Cod and executed the historic "Mayflower Compact," 1620.

**(Last Week in History)**  
 November 8—Lincoln re-elected President of the United States, 1864. Maryland adopted a state constitution, 1776.  
 November 9—Marie Dressler, actress, born, 1873. Kaiser Wilhelm, abdicated, 1918.

November 10—Massacre at Cherry Valley, 1778. Pan-American Exposition opened, New Orleans, 1885.  
 November 11—Armistice signed, 1918. Washington state admitted to the Union, 1889.

November 12—Sixty blocks of buildings destroyed by fire in Galveston, Texas; property loss of \$4,000,000, 1885. Elizabeth C. Stanton, reformer, born, 1815.  
 November 13—John Drew, actor, born, 1853. Edwin Booth, actor, born, 1833.

November 14—Pike's Peak discovered, 1806. Chas. Carroll, last signer of Declaration of Independence, died, 1832.

**MANY POISONOUS PLANTS GROW IN FIELDS, MARSHES**  
 More than 200 different species of poisonous plants, according to estimates, grow in some states. Some are cultivated in gardens, but the majority grow wild in fields, marshes, woods, or along the roadside.

Some are dangerous because they may be eaten by humans, particularly children, either because they resemble plants known to be harmless or because the fruit or flowers are attractive. Among the plants poisonous when eaten by man are:

- Lily-of-the-valley—A cultivated

ornamental of the garden.  
 Pokeweed—A tall perennial herb common in clearings, open woods, and along the borders of woods. The most poisonous part of this plant is the large, fleshy root. Children are sometimes poisoned from eating the berries.  
 Monkshood—Plants cultivated in the garden for ornament.

Red hancberry—A native perennial herb found in rich woodlands. The red fruit of this plant, and its relative, the white hancberry, are poisonous when eaten.  
 Thorn apple or Jimson weed—An annual herb found in cultivated fields and waste places on light soil. The fruit and seeds are especially poisonous.  
 Other plants to guard against include the water hemlock, the European bittersweet, the common elder or elderberry, and purple foxglove.

**Papillon, Native of Mexico**  
 The papillon is not thought to be a European dog but a native of Mexico and brought to Spain by returning soldiers, says a writer in the Los Angeles Times. There is a striking similarity between this tiny stout-hearted pal and that of the lovely long-haired Chihuahua. This breed was interbred with the dwarf spaniel, and the offspring the true papillon.

**How Magician Fools Audience**  
 It is not the speed of the magician's hand that fools his audience. It is his ability to distract attention from what his hand really is doing, plus sleight of hand and mechanical apparatus.

**Invented Artificial Writing Machine**  
 Charles Thurbin, of Worcester, Mass., invented an artificial writing machine (typeprinter) in which the letter-spacing was effected by the longitudinal movement of a cylinder.

**THE Foard County News**  
**T. B. KLEPPER, Editor-Owner.**  
 Entered at the Post Office at Crowell, Texas, as second class matter.  
 Crowell, Texas, Nov. 18, 1937

Continue in prayer, and watch in the same with thanksgiving; withal praying also for us, that God would open unto us a door of utterance to speak the mystery of Christ.—Colossians 4:2-3.

It is a good plan for everyone to stop for a while and check up on their lives. How much of life is left for you? What have you accomplished so far? Is there something you could do to make the rest of life more profitable and more worth while and more satisfying? Inventories are taken in business for the purpose of seeing which way the business is going and what can be done about it. Sometimes such a check in business results in a complete change of plans and tactics. A check up of one's life might also result in just as complete and just as radical change. It is often worth trying.

It is pretty generally agreed that the application of a commercial boycott by other nations would be the most effective means of putting an end to war. The difficulty lies in getting other nations to give up the opportunity to profit that the supplying of war munitions affords. In other words when we say we are in favor of peace, we say it with our fingers crossed.

In times past candidates for the presidency, and other high offices, have boasted that they were born in a log cabin or sod house, but we doubt if the time will ever come when any candidate offers as reason for recognition the fact that he was born in a trailer.

Any one who can make the world any better is worth while. He is worth knowing and worth cultivating. The world needs now, and will always need, folks whose lives can make it better.

Jim Farley will be remembered by newspaper men of the country as the author of the ruling that requires an editor to pay two cents for a notice of change of address of a subscriber.

Some things seem never to change. The moth and the rust still corrupt and thieves still continue to break through and steal.

The world's rewards may be often misplaced but God's rewards never are.

No matter how large a closet or attic is, it eventually becomes filled up.

**Rep. Marvin Jones Releases Statement on Crop Production**

The following statement has been received from Hon. Marvin Jones, chairman of the Committee on Agriculture, in the U. S. House of Representatives, favoring the voluntary or premium method of crop control rather than penalty or compulsory crop control. It follows:  
 "Most of the members of the House Committee on Agriculture seem to prefer a voluntary farm program as to most commodities. Personally I favor the voluntary or premium method rather than penalty or compulsory control.  
 "By using soil conservation payments and adding additional funds secured through tariff equalizing taxes, premiums can be paid to the farmer as an offset to the tariff, and he will then have a better income, and at the same time his products can flow into the markets at home and abroad.  
 "On the other hand, the penalty or compulsory control method will tend to curtail our markets both here and in foreign countries by encouraging foreign competition and domestic substitution.  
 "There are two extremes. Some favor production in unlimited quantities regardless of price. Others would undertake by compulsory control to gain a temporary high price regardless of its final effect on outlets and markets. A middle course that would undertake to secure a fair price and at the same time to produce all that the market will absorb both in this and other countries would seem to be desirable.  
 "It is important that our foreign markets should not be surrendered. Any adjustment or control program should be shaped so these markets can be gradually regained."

**English Words of Saxon Origin**

The majority of English words are of Saxon origin.

**Panther Game—**

(Continued from Page One)

on the nineteen and on the following play Bledsoe passed to Butler on the Crowell nine. The final whistle blew as the teams were lining up for another play.  
**Panthers Score First**  
 The Panthers drew first blood in the second quarter two plays after one of Crowell's punts. Butler returned Fitzgerald's punt from the midway stripe to the Wildcats' forty-five. On the following play, Bledsoe heaved a forward pass to Mikeška who advanced the ball to the Crowell two-yard line from which point Barber plunged over for the first score. Bledsoe's place kick for the extra point was low.

The Wildcats returned to their old form early in the third quarter to score the winning points. Fitzgerald returned Bledsoe's kickoff to his own 41-yard stripe; a series of twelve plays, with Joy and Orr carrying the ball, Orr placed the ball on the Seymour 3-yard line and on the fourth down Joy went over from the six-inch line. Canup, pass-grabbing Wildcat end, out-scraped a Panther back to complete Fitzgerald's pass for the extra point. Both boys had their hands on the ball but Canup took the ball out of the hands of the Seymour lad.

**Weak on Passes**  
 Crowell's passing attack was sadly poor. The Wildcats completed only one pass for 11 yards with five incomplete and two intercepted. Seymour netted 103 yards from five passes, throwing seven incomplete and having one intercepted.

Crowell's rushing attack gained 159 yards as compared with the Panthers' 133 yards from rushing. McKown was the outstanding defensive Wildcat player in the line and was closely followed by Stasser, Evans, Gibson and Johnson. Fitzgerald and Orr played brilliant defensive ball from their backfield positions.

Joy and Orr were the outstanding offensive players for Crowell. Barber, Chandler and Butler led the Panthers in several drives that set the invading Wildcats back on their heels with Mikeška grabbing playing honors, both offensively and defensively, at his end position. He, alone, stopped many Crowell plays and his pass catching placed the Wildcats in a hole on many different occasions.

**Play by Play**  
 Fitzgerald took Bledsoe's kick on his own 20 and returned to Seymour's 41. Orr and Joy carried the ball to the Panthers' 40 and Orr fumbled with Barber recovering on the Panther 30.

Butler gained 1 and Bledsoe lost 2. Bledsoe punted out-of-bounds on his 48. Joy gained 1 and then lost 1. Joy advanced the ball to Seymour's 39. Crowell penalized 5 yards for offside. Orr's punt was blocked and Seymour recovered on the 50.

Evans knocked down Barber's pass. Barber gained 12 on a lateral around right end. Butler gained 2 and Barber passed incomplete. Chandler to Crowell 26. Butler fumbled and lost 1 and Crowell took the ball on downs.

Joy picked up 2 and Orr added two more. Joy gained 5 and Fitzgerald kicked out on Seymour's 38. Chandler made 4 and Bledsoe added 6 yards more. Chandler accounted for 2 and Bledsoe circled left end to Crowell's 44. Chandler made it a first down on the 43. Bledsoe fumbled and lost 6. Barber passed incomplete. Chandler picked up 9 and Bledsoe punted out on Crowell's 5. Joy made 1. Seymour drew a 5-yard offside penalty. Joy through center for 8. Joy added 1 and Orr failed to gain. Joy gained 9. Orr made 1 and then lost 1. Joy picked up 2 and Fitzgerald's punt was killed on the 50 as the quarter ended. Crowell 0, Seymour 0.

**Second Quarter**  
 Powell passed incomplete. McNeil failed to gain and then made 3. Bledsoe's punt was killed on Crowell's 23. Fitzgerald lost 2. Joy gained 1. Crowell penalized 5 yards for offside. Fitzgerald punted to Butler on Crowell's 42.

McNeil made 2. Seymour penalized 5 yards for offside. Powell again passed incomplete. Joy returned Bledsoe's punt from his own 10 to the 17. Joy failed to gain. Butler intercepts Orr's pass and returned it to the Wildcat's 20.

Barber picked up 1 and Chandler carried the ball to the 10. Stasser and Johnson dropped Chandler for a 5-yard loss. Chandler made 1 and Barber gained 1. Crowell took the ball on downs. Fitzgerald kicks from his own 12 to the 50 and Butler returned it 5 yards. A pass, Bledsoe to Mikeška, placed the ball on the Crowell 17. Barber went over for a touchdown on the following play. Bledsoe's kick was low. Seymour 6, Crowell 0.

Orr took Bledsoe's kick on the Crowell 18 and returned to the 30. Joy was held for no gain. Fitzgerald passed incomplete. Barber intercepted Fitzgerald's pass and returned to his own 49.

Chandler made 11 yards then 4 more. Barber picked up 4. A lateral netted 15 yards. Chandler failed to gain and then Barber made 7. Seymour penalized 15 yards for holding. Orr intercepted Bledsoe's pass and returned to the Crowell 17. Orr dropped Fitzgerald's pass in the last play of the first half. Seymour 6, Crowell 0.

**Second Half**  
 Bledsoe's kick was returned 21 yards to the Crowell 41 by Fitzgerald. Joy made 6. Orr added 2 and Joy skirted left end for 16. Orr made 5. Joy picked up 2 and then failed to gain. Joy through center for 9. Orr added 1 and Joy made 17 around right end to the Seymour 3. Orr pushed the ball to the 1 and Joy picked up about 2 feet. After failing to gain, Joy went over for the touchdown. A pass from Fitzgerald to Canup was complete for the deciding point. Crowell 7, Seymour 6.

Fitzgerald kicked over the goal line and the ball was put in play on the Seymour 20 in possession of the Panthers. Barber made 2. Orr and McKown dropped Chandler for a 5-yard loss. Bledsoe punted to his own 35.

Joy through center for 2 and then lost 3 yards. Orr again dropped a pass from Fitzgerald. Joy punted over the goal line for a touchback and the ball was taken by the Panthers on their own 20-yard stripe. Barber circled right end for 12 yards. Stasser recovered Chandler's fumble on the Seymour 38.

Orr picked up 10 yards through center and Joy added 2 more. Joy made one and on the next play was thrown for a 6-yard loss by Mikeška. Fitzgerald's pass was incomplete and the Panthers took possession of the ball on downs.

Barber made 10. Butler picked up 6. McKown recovered Chandler's fumble on the Seymour 40. Crowell was penalized 5 yards for offside. Joy hit center for 6 as the quarter ended.

**Last Quarter**  
 Canup passed incomplete and Joy punted to the Seymour 20. Powell made 1. McNeil added 1. Bledsoe picked up 4 and then punted to Joy on the Crowell 40, who returned it to the midway stripe. Joy circled right end for 22 yards. Crowell drew another 5-yard penalty for offside. Joy lost 1. fumbled but Simmons recovered for a loss of 3 yards. Orr skirted left end for 9 yards. Joy made 8 but the ball went over on downs.

McNeil made 5. Powell passed incomplete and then passed to Mikeška for 4 yards. Bledsoe made 17. McKown dropped Powell for a 4-yard loss. Powell passed incomplete on an attempted screen pass. McKown broke through again to throw Powell for another loss of 9 yards. Joy returned Bledsoe's punt from the 50 to the Panthers' 43.

Joy made two and Orr added 8 more for a first down. Joy failed to gain and then lost 2. Fitzgerald passed incomplete and then passed to Orr for 11 yards but the ball went over on downs.

Powell passed to Mikeška who was finally dragged down on the Seymour 48 by Joy. Butler made 1. Powell passed incomplete. Butler passed to Mikeška to Crowell's 19. On the last play of the game, Bledsoe passed to Butler to the 9. Crowell 7, Seymour 6.

**Many New Subscriptions and Renewals Being Received During Fall Campaign Now in Progress**

The annual fall subscription campaign which has been carried on by The News for the past fifteen or twenty years is now in progress and we are thankful for the splendid start made so far. During this campaign The News is \$1.50 per year and we have a number of attractive clubbing offers with the dailies, the Semi-Weekly Farm News and the Pathfinder, to offer our subscribers.

The Foard County News and the Star-Telegram, one year, 8:20; the Wichita Falls Record-News or Daily Times with The News, one year, \$5.50; Semi-Weekly Farm News and The Foard County News, one year, \$2.15; The Pathfinder and Foard County News, one year, \$1.85.

We are anxious to add new subscribers to our list as well as to have those who are already taking the paper to renew their subscriptions promptly. We deeply appreciate the loyal support given us in the years past by our many loyal readers and this support has done much in helping us to carry on under strenuous circumstances. Conditions are better this fall no doubt than they have been in several years, even if the price of cotton is not what was expected, and we sincerely hope that at the

end of bargain days we will have the best paid-up subscription list in the history of the home-town paper.  
 Renewals and new subscribers received since Oct. 27 are as follows: C. A. Bullion, Truscott; E. Davis, Tula; George Burress, Lubbock; D. D. Adams, Rt. 1; F. W. Goodman, Rt. 1; Miss Ida Richardson, San Antonio; Mrs. T. J. Priest, Rt. 2.  
 W. H. Tamplin, Rt. 1; Grady Graves, city; W. T. Graves, Stephenville; C. T. Hord, Rt. 2; Mrs. J. A. White, Rt. 1; W. C. Baker, Harlingen; Earl M. Norman, Rt. 1, Floydada; E. R. Roland, Foard City; T. C. Croker, Chikilcothe; Oscar Boman, city; J. A. Whitefield, Rt. 2.  
 A. G. Bell, Rt. 1; Mrs. W. Luke Johnson, Thalia; T. L. Johnson, Spur; B. L. Johnson, Forney; Dr. J. E. Johnson, Mineral Wells; B. F. Hinds, city; Robert Long, Camrose, Alberta, Canada; Harold Hinds, Eldorado, Ark.; Miss Myrna Holman, city.  
 L. W. Haynes, San Angelo; A. R. Sanders, city; J. R. Pittillo, Thalia Star Rt.; Mrs. Rudie Hollen, Sanitorium; J. R. Coffman, Albuquerque, N. M.; G. A. Mitchell, city; J. H. McDaniel, Foard City.

**The Special Session—**

The writer arrived in Washington last Friday in preparation for the special session and finds the different members rapidly coming in to be here for the opening of the session. By the time you read this, the President will have made clear to the Congress in his opening message his views regarding the major legislation to be considered at this session, i. e., Crop Control, Wage and Hour, Tax Loophole, Departmental Reorganization and Power Regulation. None of the above mentioned measures are ready for immediate consideration except Departmental Reorganization.

I will give you the general outlook at this time on these important pieces of legislation.

**Crop Control—**  
 It seems that the Agricultural Committees of the Senate and House have been holding hearings on this legislation, and have not as yet reached any definite conclusion on the ways and means of regulating the basic agricultural commodities. Some favor control of products through acreage on the present voluntary plan, with increasing subsidies to invite co-operation, having in view continuing the present program with larger subsidy payments to the co-operating farmers. It is well known that this program favors the large farmer at the expense of the tenant and small farmer. Others favor a modified continuation of the present agricultural program with a graduated bale or unit tax on all products beyond the average consumption of our nation over a period of years, plus a reasonable

**Wage and Hour—**  
 Wage and hour legislation was passed by the Senate last Session and after considerable delay and much amendment, was reported favorably out of the House Labor Committee. Before the labor committee, labor's great champion, the chairman of the labor committee, our late beloved Billy Conroy died. Following his death many amendments were placed on this legislation before it was reported by the committee to the House. The House Rules Committee refused to give this legislation a rule at the last session. Indications are that a rule will be forthcoming early this session. It is hard to predict the outcome or final form of this legislation because of the heat applied and being applied by big business.

**Tax Loophole—**  
 Secretary Morgenthau and Senator Byrd (Va.) in recent radio broadcasts, vied with each other in urging the balancing of the budget, each sparring for openings, ducking and dodging the most perplexing questions now confronting Congress and the Nation. Balancing the budget is to be desired by all and the elimination of the glaring tax loopholes in our laws are to be desired by the masses and bitterly fought by the classes, but neither of these gentlemen had much to say on either of these important questions. The Tax Committees of the House and the Senate after jointly considering tax loophole legislation, seem to have little information to offer at this time, giving Congress any definite answer to this great question.

**Departmental Reorganization—**

The President will no doubt strike hard at this session to more efficiently reorganize all Government agencies. Certainly a definite program of planning and reorganization of all Government departments into a more co-ordinating co-operating and less duplicating system of agencies should be speedily worked out and enacted into law at this session of Congress, and there is no doubt but what many bureaus and commissions should be eliminated with little cost of efficiency and at great savings to the taxpayers. The President, the House and the Senate all have widely different views on this important subject.

**Power Legislation—**  
 It is to be hoped that the Supreme Court will render an early decision in the Duke Power vs. Greenwood County, South Carolina, case, which will clarify the Supreme Court's position on this important question. The tremendous charges annually made by the utilities should be regulated, for as stated in last Sunday night's broadcast over WFAA and

**THANKS**  
 The County Federation wishes to thank the B. & P. W. Club for sponsoring the benefit for the county library.

**THANKS**  
 I wish to thank those who helped me in any way in the contest conducted by M. S. Henry & Co. The votes given me were greatly appreciated.  
 Mrs. J. S. Owens.

**INSURANCE**  
 Do you have adequate protection against FIRE, HAIL, and WINDSTORM on your property? If not, consult us for the proper protection.  
 We represent some of the strongest and most outstanding fire insurance companies in the state. The cost of insurance is insignificant compared with the protection it gives you.  
 We will take pleasure in assisting you to get just the kind of insurance you need.

**FFA Chapter Selects Aims and Committees**  
 Seventeen objectives were set up at a recent meeting of the Crowell FFA Chapter and committees were appointed to be in charge of each of the objectives. The objectives and committees selected by the chapter are as follows:  
 To hold a "Father and Son" banquet. Bob Middlebrook, chairman; Clark Brown and Glendon Russell.  
 To enter teams in district, area and state contests. Herman Blevins, chairman; Raymond Joy and Frank Dunn.  
 To complete 100 per cent projects started. Albert Cox, chairman; Reid Thompson.  
 To entertain the FHT girls and hold picnics. Cecil Carroll, chairman; Fred Ely and Edward Gafford.  
 To conduct project show. Sam Russell, chairman; Tommie Haseloff and William Simmons.  
 To sponsor picture show and elect FFA sweetheart. Kenneth Halbert, chairman; Wayne Cobb and Cecil Carroll.  
 To stage high school assembly program. Glenn Shook, chairman; and Garland Rasberry.  
 To purchase FFA banner and U. S. flag. Richard Davidson, chairman; James Long and Franklin Evans.  
 To purchase project produce co-operatively. Basil Nelson, chairman; Fred Borchardt and Glenn Shook.  
 To encourage FFA membership. Carl Connell, chairman; Jack Bailey and Jim Hill Erwin.  
 To encourage all to practice parliamentary procedure. Billy Russell, chairman; James Welch and Clois Orr.  
 To landscape new school building, and homes. Tommie Haseloff, chairman; Glendon Russell and Vernon Gibson.  
 To encourage pest eradication.

**In The News 15 Years Ago**  
 The following items were taken in whole or in part from the issue of The Foard County News of Nov. 17, 1922.  
**6,462 Bales Ginned**  
 According to the Government report there were 6,462 bales of cotton ginned in Foard County prior to Nov. 1. This was 228 bales more than was ginned at the same time last year.  
**C. H. S. Popular**  
 A popularity contest was held last week and the proceeds went to the Melting Pot. The winner of the contests are as follows: Most popular senior, Paul Crews; most popular junior, Vera Crews; most popular sophomore, Bill Norman; most popular boy in school, John Carter; most popular girl in school, Geneva Wishon; best sport, Bill Elliott; best athlete, Zeff Campsey.

Mr. and Mrs. Gordie Gafford and son of Electra, Mr. and Mrs. Will Stanley of Wichita Falls and Dr. O. Stanley of Abilene have also been here.

Fred Spears, who has been living in Taft, Calif., for the past several years, spent from Thursday until Sunday visiting in the home of his parents, Mr. and Mrs. T. A. Spears. Mr. Spears has been transferred to Oklahoma City by the company for which he is working.

## Burk Game—

(Continued from Page One)

by McKown and his Bulldog running mate, Willett.

McKown is hailed as the greatest District 10-B back since the colorful Dick Todd. Some bold Burkburnett fans have gone so far as to place him ahead of Todd. McKown has set a record that will place him in the district hall of fame. This game will mark the first appearance of McKown on the local gridiron and many fans are anxiously awaiting to see this great back swing into action Friday night.

## WINE, WOMEN AND HORSES

Barton MacLane and Ann Sheridan, above, are starred in this happy-go-lucky yarn about race tracks and the people who keep them going. MacLane's smooth performance adds lustre to the picture, which has plenty of laughs and an interesting turf atmosphere. MacLane is an inveterate

## WE HEAR

By W. E. HURD

### The Big Day Is Here

The day of days for grid fans of this district is at hand and everybody is ready to see the annual battle between the Crowell Cats and the Burkburnett Bulldogs. When the Cats and Dogs start snarling at each other from opposite ends of the gridiron fans may rest assured that they are about to witness sixty minutes of real football.

Much has been said about this game and a lot more could be said and still not do justice to it. Some fans venture to predict at unheard of scores in favor of the furious Bulldogs. One scribe for a daily sheet in this area has stated that the Dogs would defeat the Wildcats by a score of about 40 to 0. Well, his face will be red Saturday morning or W. E.'s will.

### Underdogs Again

The Felines will enter a game as the underdogs for the "umph" time tomorrow night. W. E. believes that the local clubs in the past did not play their best ball until they were rated as the underdogs and then they came through to upset the battered and bent dope bucket on many occasions. Some seem to think that if the Cats hold the Dogs to three touchdowns that it will be an upset but W. E., along with many other Wildcat supporters, believes that the mythical bucket is in for a good tromping.

### Boys Are Ready

Members of the local team are ready for their crucial test physically and mentally. They have much respect for the Burk lads and know that they have a great team and realize that they will have to be at their best to defeat the invading squad. With this in mind the Wildcats have been working hard for this game and it is believed that they will be at their best tomorrow night.

### Mentor Battle, Too

This will mark the eighth year that the mentors of football squads for the two schools have hurled their teams at each other. Another angle to add to the feverish pitch that surrounds the approaching game is the struggle of the mentors of the two schools. This year will mark the ninth year that Coach Grady Graves of Crowell and Coach Volney Hill of Burkburnett have hurled their teams at each other and to date the Crowell mentor has, by far, the better of the struggle.

Coach Hill was able to win only one game during his five year stay at Chillicothe and has added another to his string since going to Bulldogville three years ago. The Wildcats will be out to uphold this record set by Gravesmen of the past.

### Great Little Team

Although the 1937 Wildcats have not piled up large scores as did the squad of 1934, they constitute a great little team and are the best since the regional championship group of 1934. They deserve and need every bit of support that can be given them by local fans, so be on hand Friday night to help these boys in their hardest test of the season.

are about the same, with the Bulldogs having an advantage of a few pounds. The average weight of the Bulldogs is 151 pounds per man and that of the Wildcats is 149 pounds.

The Wildcat line will outweigh the Burkburnett forward wall by about 3 pounds per man but the Bulldog backs will outweigh those of the Wildcats by 9 pounds per man.

### Bulldogs Strong

Burkburnett will depend on one of the greatest backfields to ever represent that school. The Bulldogs will be paced by T. McKown, Evans, Willett and Bates. The ugly mutts, led by the above quar-

playing against the Burkburnett boys.

Fitzgerald and Canup will be raring to go at their end positions at the opening whistle tomorrow night. The pass combination, Fitzgerald to Canup, has attracted attention at almost every town in which they have displayed their acts. Fitzgerald is the principal part of Crowell's extra point conversion department. He has placed the ball over the bar for 16 points and has failed 15 times. When he doesn't place kick he shoots passes and the majority of his extra point heaves have been completed. Fitzgerald also shares punting duties with Orr.

At the tackle position in the Wildcat forward wall will be two of the Cats' best defensive men, McKown and Johnson. This pair has made it plenty tough on the opponents' running attack and have been able to charge through the line to drop backs for losses on numerous occasions and very little yardage has been made through the positions held down by them.

The "unsung hero" positions of the team will be filled by two veterans, V. Gibson and Statter, guards. They constitute one of the most important cogs in the offense and defense of the Wildcats, and their blocking is well above the average.

Evans, who shifted from his guard position to center upon the injury of the regular center, will be performing the pivot duties. Although he is comparatively new at the position, he is fast improving and will be a good match for the pivot men he will meet tomorrow night.

### Burk Starters

The probable starters and weights for Burkburnett are as follows: Spray 127, left end; O. Elliott 145, left tackle; H. Elliott 165, left guard; Hageman 150, center; Whitton 151, right guard; Johnson 165, right tackle; J. McKown 135, right end; T. McKown 158, quarterback; Bates 130, left half; Willett 145, right half; Evans 178, fullback.

### Wildcats Strong, Also

Members of the Crowell eleven have not made such an impressive record, but they have proven that they can arise to meet the occasion and are determined to give the Dogs a fight that will leave fans of the district talking during the coming winter.

The Wildcats will be strengthened by the return of Co-Captain Que Meason, who was absent from the Seymour game due to an attack of influenza. He will be ready to handle the safety position and share running and blocking duties. He has turned in a fine record at the safety position, as very few punts have slipped through his hands and he is a main cog in the pass defense. His sure-fire tackling from this position has stopped many touchdown runs of opposing backs.

Joy and Orr, quarterback and left half, respectively, "touchdown twins" of the Crowell club, will be ready with their running attack for the Bulldog fight. Joy, who has been called a "mouse-like" runner by many in this district, and Orr, ball-bearing hipped ground gainer, have piled up a staggering amount of yardage from running plays. This pair works as smoothly as any two in the district.

Simmons, fullback, does not carry the ball, but it can be assured that he will give account of himself in the classic tomorrow night. His body-jolting blocking is just as important to the squad as the running of his team mates. His defensive work at left end, on the defense, has been fine. Fans are expecting him to keep up his stellar

## Star Reporter

Joan Blondell, pictured above, is cast as the star reporter in love with her hard-boiled managing editor, Pat O'Brien, in "Back in Circulation," which shows at the Rialto Theatre Saturday night preview, Sunday and Monday.

Miss Blondell turns in the best performance of any of her recent pictures and Pat O'Brien is featured in a role similar to the one he played in "The Front Page," which catapulted him to stardom. In order to make a story, Miss Blondell gathers circumstantial evidence which results in the conviction of an innocent woman accused of murdering her husband. Margaret Lindsay and John Litel are cast in supporting roles.

## SHERIFF'S SALE

The State of Texas, County of Foard.

By virtue of an order of sale, issued by the Clerk of the District Court of Foard County, Texas, on the 3rd day of Nov., 1937, as directed by the terms of a judgment rendered in said Court on the 2nd day of Sept., 1937, in a certain cause wherein the Crowell Independent School District is plaintiff and Mrs. Susie Franklin and husband, Jimmie Franklin, are defendants in favor of the plaintiff, and against said defendants Mrs. Susie Franklin and husband, Jimmie Franklin, for the sum of Seventy-four and 86-100 (\$74.86) Dollars and the further sum of Five and no-100 (\$5.00) Dollars cost of suit (for School taxes, interest, penalty and costs), with interest on said sum at the rate of six per cent per annum from date of judgment, together with all costs of suit, and to me directed and delivered as Sheriff of said Foard County, I have seized, levied upon, and will, on the first Tuesday in December, A. D. 1937, the same being the 7th day of said month, at the Court House door of said Foard County, in the City of Crowell, between the hours of 10 o'clock a. m. and 4 o'clock p. m. on said day proceed to sell for cash to the highest bidder all the right, title and interest of Mrs. Susie Franklin and husband, Jimmie Franklin, in and to the following described real estate, levied upon on the 8th day of November, 1937, as the property of Mrs. Susie Franklin and husband, Jimmie Franklin, to-wit: Lots Nos. Five and Six in Block No. Six in the Original town of Crowell, in Foard County, Texas.

Subject, however, to the right of redemption the defendants, or any one interested therein, may have, and subject to any other and further rights the defendants, or any one interested therein, may be entitled to under the provisions of law. Said sale to be made by me to satisfy the above described judgment foreclosing the lien provided by law for the taxes, interest, penalty and costs against said real estate, in favor of the Crowell Independent School District, together with interest and the costs of suit, and the proceeds of said sale to be applied to the satisfaction thereof. Said sale will be

# CHURCHES

**Christian Science Church**  
Sunday School at 10 a. m.  
Sunday services at 11 a. m.  
Wednesday evening services at 8 o'clock.

Sunday, Nov. 21, 1937. Subject: "Soul and Body."  
The public is cordially invited.

**East Side Church of Christ**  
Regular services will be held Sunday. Sunday School at 10 o'clock and preaching services at 11 a. m. and 7 p. m. Elder Al E. Garner of Quanah will preach.

**Christian Science Church**  
"Thanksgiving" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Thanksgiving Day, November 25.

The Golden Text is: "The Lord is my strength and my shield; I am not moved, neither will I be overthrown: therefore my heart rejoiceth; and with my song will I praise him" (Psalms 28:7).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "I will mention the loving kindnesses of the Lord, and the praises of the Lord, according to all that the Lord hath bestowed on us" (Isaiah 63:7).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is not moved by the breath of praise to do more than He has already done, nor can the infinite do less than bestow all good, since He is unchanging wisdom and Love. Love is impartial and universal in its adaptation and bestowals. It is the open fount which cries, 'Ho, every one that thirsteth, come ye to the waters'" (pages 2 and 13).

## Two Minute Sermon

(By Thomas Hastwell)

Life, Warmth and Enthusiasm: Not long ago I attended the Sunday service of a church in a county seat town. The subject of the morning lesson was, "Why do not more people attend church and Sunday School?" The service, I thought, answered completely the question. The leader arrived late and floundered lamely through a pointless, and unprepared opening service. Throughout the service there was evident an air of indifference and lack of interest. It was impersonal, methodical, cold. It lacked utterly interest, warmth, enthusiasm. If every member of the church and the members of other churches like it, they should read at least once each week from the life and letters of Paul, and catch some of the fire, and the zeal, and the enthusiasm, and the singleness of purpose, of the great character, it would bring about the greatest revival in church attendance that this country has ever seen. With too many, their religion is not a part of them, it has never become an essential element of their lives. If it were it would make itself known, not only in their attendance and participation in the service of the church and Sunday School, but through it and because of it would make of these services a warm, vital, living, attractive force for which men and women would eagerly seek out the house of God on Sunday morning, because they would find there that satisfying, fellowship and companionship, and spiritual strength, and uplifting, for which every man and woman secretly hungers. This might well be one of the answers to the question, "Why do more men and women not attend church and Sunday School?"

## SHERIFF'S SALE

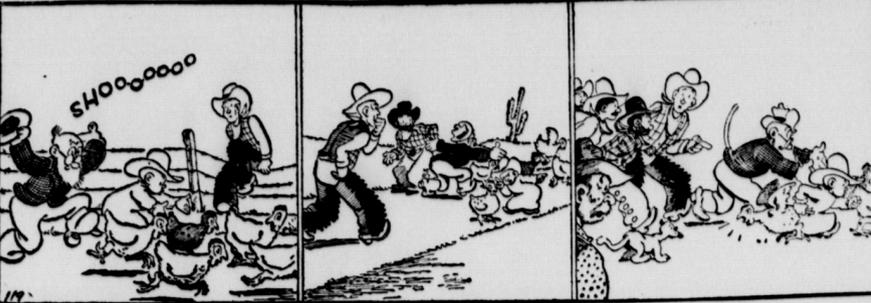

The State of Texas, County of Foard.

By virtue of an order of sale, issued by the Clerk of the District Court of Foard County, Texas, on the 3rd day of Nov., 1937, as directed by the terms of a judgment rendered in said Court on the 2nd day of Sept., 1937, in a certain cause wherein the Crowell Independent School District is plaintiff and W. B. Wheeler, is defendant in favor of the said plaintiff, and against said defendant, W. B. Wheeler, for the sum of Sixty and 72-100 (\$60.72) Dollars and the sum of Six and 15-100 Dollars cost of suit (School taxes, interest, penalty and costs), with interest on said sum at the rate of six per cent per annum from date of judgment, together with all costs of suit, and to me directed and delivered as Sheriff of said Foard County, I have seized, levied upon, and will, on the first Tuesday in December, A. D. 1937, the same being the 7th day of said month, at the Court House door of said Foard County, in the City of Crowell, between the hours of 10 o'clock a. m. and 4 o'clock p. m. on said day proceed to sell for cash to the highest bidder all the right, title and interest of W. B. Wheeler in and to the following described real estate, levied upon on the 8th day of November, 1937, as the property of Mrs. Susie Franklin and husband, Jimmie Franklin, to-wit: Lots Nos. Five and Six in Block No. Six in the Original town of Crowell, in Foard County, Texas.

Subject, however, to the right of redemption the defendants, or any one interested therein, may have, and subject to any other and further rights the defendants, or any one interested therein, may be entitled to under the provisions of law. Said sale to be made by me to satisfy the above described judgment foreclosing the lien provided by law for the taxes, interest, penalty and costs against said real estate, in favor of the Crowell Independent School District, together with interest and the costs of suit, and the proceeds of said sale to be applied to the satisfaction thereof. Said sale will be

## THOUGHTS OF SERIOUS MOMENTS

A slender acquaintance with the world must convince every man, that actions, not words, are the true criterion of the attachment of friends; and that the most liberal professions of good will are far from being the surest marks of it.—George Washington.

We always like those who admire us, we do not always like those whom we admire.—Rochefoucauld.

None think the great unhappy, but the great.—Young.

Observe good faith and justice towards all nations. Cultivate peace and harmony with all.—Washington.

Thank God every morning that you have something to do, whether you like it or not. Being forced to work and forced to do your best, will breed in you temperance and self-control, diligence and strength of will, cheerfulness, contentment and a hundred other virtues, the folk never know.—Charles Kingsley.

Do unto others as though you were the others.—Elbert Hubbard.

Force may subdue, but love gains; and he that forgives first, wins the laurel. Love is the hardest lesson in Christianity; but for that reason it should be most our care to learn it.—William Penn.

A wise man revenges himself for injuries by kindness.—Chinese Proverb.

The submergence of self in the pursuit of an idea, their readiness to spend oneself without measure prodigally almost ecstatically, for something great and noble, to spend oneself, one knows not why some of us like to believe that this is what religion means.—Justice Cardozo.

In approaching railroad crossings, train your mind to mind the train.

In 1936 more than 100,000 persons lost their lives in mishaps that could have been prevented. Practice safety habits.

The reason for most traffic accidents is the man behind the steering wheel.

Two out of every five persons killed in traffic accidents last year were pedestrians, and if the car drivers had not been more careful than the pedestrians the ratio would have been higher.

Eight thousand persons burn to death annually. Guard against fire.

During the first eight months of this year more than 24,000 persons were killed on the streets and highways of this country. For everyone killed 35 others were injured, either temporarily or for life. Drive and walk with care.

Not all the traffic accidents in which pedestrians lose their lives are the fault of the car drivers. There are plenty of pedestrians who walk without caution.

Two-thirds of all traffic accidents occur after sun down when one-third of the traffic is on the road.

Even a small amount of alcohol renders a man unfit to drive a car. Alcohol dulls the mental faculties, blurs the vision and slows down the driver's reaction time.

The man who makes a practice

of finding out first when he picks up a gun whether or not it is loaded never has to offer the excuse following an unfortunate accident that "he didn't know it was loaded."

When coming in from a hunting trip always withdraw the loads from your gun.

Never start your automobile engine in a closed garage. Carbon monoxide gas strikes its victims down without warning of any kind. It is colorless, odorless and tasteless.

There are some five hundred separate muscles in the human body.

An eight-inch electric fan takes about as much electricity as a 25-watt Mazda bulb.

The leather binding on books lasts longer when used a great deal.

There is enough phosphorus in three old style matches to kill any human being, yet the body contains enough phosphorus to make 800,000 matches.

Nearly half the weight of the body is made up of muscles.

Fish live to be as old as 267 years of age.

Fig trees will produce two crops in one year.

There are no fat people in Ceylon.

The largest bell ever made, the 230 ton Tsar Kalokak of Moscow, was never rung because, before it was finished, an 11-ton piece fell from its side.

The humming bird is the only bird that can fly backwards.

In the average hand the third finger is as long as the hand is wide.

There are more Jews in New York City today than ever lived in Palestine.

The Rock of Gibraltar is 1,396 feet high.

The capital crime among the Moslems is marriage with a Christian.

China has the largest population of any country in the world.

**COLOR BLINDNESS**

Lubbock.—Color blindness among women is very rare, but a young woman who is color blind has been found at Texas Technological College. She is Miss Mary White, freshman journalism student from Tahoka.

Biologists say that color blindness is determined by genes, and they are the inheritance carriers in the human body. All possibilities of inheritable traits are dependent upon genes. There are dominant genes and recessive genes. A dominant gene shows up by itself, but a recessive gene cannot of itself transmit a trait, but requires the co-operation of a dominant gene.

Color blindness is dominant in men and recessive in women. A man can transmit color blindness

to his son but in order for his daughter to be color blind her grandfather on her mother's side must also have been color blind. This is a very rare combination, but that is exactly what happened in Miss White's case. Her father is color blind and her mother's father was color blind. However, all such cases do not result in color blindness.

Thus nature favors women who delight in colors by ordaining that few be color blind. And for the same reason very few women are bald. Baldness, according to biologists, is regulated by genes just as is color blindness, and so baldness among women is just as rare as color blindness.

**HAS BIRTHDAY**

Austin, Nov. 10.—Anniversary of the first year's administration of the Texas Unemployment Compensation Act discloses \$17,000,000 contributed by Texas employers to the "Jobless Fund" for the qualified unemployed. Benefit payments from this fund will become payable on January 1, 1938.

Figures made available today by Orville S. Carpenter, chairman-director of the Commission, disclose the cost of administration has amounted to two per cent of the collections. This cost is borne entirely by the Federal government and is not deducted from the contributions of Texas employers.

Interest for the year amounts to approximately \$154,000.00, which is included in the total fund figure given above.

More than 12,300 Texas employ-

ers are contributing to the reserve fund for the 700,000 employees in the State covered by the Act. If one lost his job, the Employment Service would aid him in finding another, and, failing that, would pay to him a certain amount for a certain period of time. The amount and the duration of the benefits will depend upon the work record of the individual employee.

**GERMAN MUSIC BOX**

Lubbock.—A 50-year-old music box, made in Germany in the 18th century, is being refinished by a class home furnishings at Texas Technological College. Listed in a stic handwriting on the lid are names of the songs it plays: "Home, Sweet Home," "Sweet Bye and Bye," "Lonely Hour," "Hickerson's Reel," "Spanish Dance," and a composition of Johann Strauss.

**Early Iron Plows Rejected**

The first successful cast-iron plow invented in the United States in 1797 was rejected by New Jersey farmers under the theory that cast iron poisoned the land and stimulated the growth of weeds.

## Miss Iris Thompson Wed to Quana Man

Miss Iris Thompson, daughter of Mr. and Mrs. John W. Thompson who live north of Crowell, and Mr. Carl C. Roberts, son of Mr. and Mrs. A. L. Roberts of Quana, were married in Frederick, Okla., on Thursday, Nov. 4. Rev. Cecil Wright, pastor of the First Christian Church read the ceremony. The couple was unattended.

For the ceremony the bride wore a blue crepe dress with matching accessories, and for going away, a matched costume of gray wool with green velvet trim.

After a short trip through Oklahoma, the couple returned to Quana where they will make their home.

## BIRTHDAY CELEBRATED

Mrs. J. H. Lanier, assisted by her daughter, Miss Alyn Lanier, entertained a group of little girls and boys at their home last Friday afternoon, to celebrate the sixth birthday of their granddaughter and niece, Joine Lanier. Punch was served to the guests soon after their arrival. Many games were played indoors and out.

The pretty birthday cake was decorated with six little candles and was cut and served with ice cream to the following: Jane Bruce, Rondine Self, Marilyn Male, Gordon Wood Bell, Jimmie Rasberry, Eugene Todd, Don Ray Burrow and Joine.

Dolls were presented to the little girls and cars to the boys for souvenirs. Photographs were made of the group.

## JUNIOR COLUMBIAN CLUB

The Junior Columbian Club met Wednesday, Nov. 10, with Mrs. P.

## Miss Donna McLain Married in Ft. Worth

Miss Donna McLain of Fort Worth, daughter of Mr. and Mrs. P. H. McLain of Foard City, became the wife of Mr. W. M. Young, also of Fort Worth, on Oct. 22, 1937.

Mrs. Young was a member of the 1934 graduating class of the Crowell High School. She is a registered nurse and graduated from the City and County Hospital School of nursing in Fort Worth in June, 1937. She is now employed in that institution.

Mr. Young is an undertaker at Gause Ware Funeral Home in Fort Worth.

Mr. and Mrs. Young are now living at 920 West Terrell Street, Fort Worth.

## D. Moseley as hostess. The subject of the program was "International Goodwill."

Miss Thelma White was leader. A special feature of the program was a very interesting account of the National Boy Scout Jamboree given by James Everett Long and Jimmie Williams, local boy scouts, who attended it. Mrs. Lewis Sloan gave an inspiring talk on "Education and Internationalism."

A delicious refreshment plate was served to club members and one new member, Miss Mary Ragland Thompson.

## COLUMBIAN CLUB

Mrs. F. A. Davis was hostess to members of the Columbian Club on Wednesday, Nov. 10, with Mrs. T. L. Hughston as leader.

The topic of the lesson for the afternoon was a study of Bolivia, Paraguay and Uruguay. The leader presented an interesting description of the geography, industries, resources, people, education and culture of Bolivia. Mrs. A. E. McLaughlin gave the same descriptions of Paraguay and Uruguay. Mrs. McLaughlin told legends of Huirakocha, a story of Guile, Tabor.

The hostess served a salad course at the close of the meeting to club members.

## RIVERSIDE P. T. A.

The Riverside Parent-Teacher Association met Thursday afternoon, Nov. 4, with thirteen mem-

bers present. The regular business meeting concerned an excellent report from the cafeteria, and it was announced that the new association's funds, was already installed and had been put to use on several occasions when the children had received injuries from minor accidents.

The association expressed its interest in all pupils entering some contest in the forthcoming Inter-schools League program.

Mrs. Grady Halbert gave a paper on "The Problem of Home-work," which was based on an article in the Parents Magazine. Dr. Washburne of the Winetka School System, was the author of the magazine article.

At the conclusion of the meeting, the members of the club were invited into Mr. Halbert's office to make a personal inspection of the medicine cabinet.

## Local Ladies Attend Lake Pauline Party

The West Texas Utilities club house at Lake Pauline in Hardeman County was the scene of a pretty party last Friday afternoon when Mrs. Eli Smith, Mrs. Dewey Marsh and Mrs. Hardin Cole of Chillicothe were hostesses to twelve tables of ladies from Chillicothe, Crowell, Vernon and Quana, at a delightful bridge and 42 party.

Those attending from Crowell were Mesdames Hubert Brown, Clint White, D. R. Magee, John Rason, O. R. Boman, A. F. Wright, C. C. McLaughlin, Jack Seale, Tom Russell, Herbert Edwards and J. E. Harwell.

The Thanksgiving motif was used in the decorations and also in the refreshments. The rooms were profusely decorated with chrysanthemums and roses. Prizes in the games were hand-painted pictures, the work of Mrs. Cole.

The refreshment plate held an elaborate salad course.

## IDLE HOUR CLUB

Members of the Thalia Idle Hour Club met Thursday afternoon, Nov. 11, in the home of Mrs. Leotis Roberts.

A very enjoyable afternoon was spent doing fancy work, and playing games.

The hostess served a delicious plate to the following members: Mesdames C. C. Lindsey, G. W. Seales, T. H. Matthews, Lee Cox, Charlie Wood, Raymond Grimm, J. A. Stovall, Marvin Jackson, John Wright, Royce Cato and Miss Minnie Wood, the hostess and four visitors, Mesdames John Sims, T. J. Wood, Misses Audra Abston and Nell Roberts.

The next meeting will be in the home of Mrs. Bob Abston, Nov. 18.

## ENTERTAINS FACULTY

Members of the faculty of Crowell schools were entertained with a theatre party by the manager of the local theatre, Dwight Moody, last Thursday night.

## P. T. A.

Mrs. Clyde Cobb presided over the register at the November meeting of the Crowell Parent-Teachers association Tuesday afternoon in the High School auditorium. Guests were presented corsages of autumn flowers by Mrs. Tanner Billington.

Miss Cora Carter led the singing and Miss Anna Lee Long accompanied on the piano.

Mrs. Hines Clark was leader of the program observing Book Week. Juanita Brown discussed the life of Grace Noll Crowell, and Camille Graves read several of her poems. These girls are members of Mrs. Lewis Sloan's English class.

Mrs. H. K. Edwards talked on "Mental Health and Leisure." Pictures were awarded by Mrs. Jack Roberts and the P. T. A. to Miss Mary Ragland Thompson's room in the primary department, and to Mr. Burrow's room in the intermediate department. The sophomore class won a dollar for having the most parents present.

The next meeting will be Dec. 14, when Mrs. Will Erwin will be leader.

The following registered: Mesdames Joe Ward, Harry Adams, J. E. Anderson, E. W. Brown, Hines Clark, H. Biggerstaff, P. D. Moseley, R. J. Thomas, Floyd Thomas, Allen Sanders, H. K. Edwards, Chas. Thompson, Tom Russell, Hubert Brown, Tanner Billington, T. B. Klepper, Lewis Sloan, I. T. Graves, Arnold Rucker, Alva Spencer, Clyde Cobb, E. C. King, Jack Roberts, L. A. Andrews, Otto Ravenport, Walter Thomson, Misses Cora Carter, Thelma White, Mary Ragland Thompson, Ruth Patterson, Elsie Fay Roark, Anne Lee Long, Florence Black, Frances Hill, and Messrs. Ted Burrow and I. T. Graves.

## SOCIAL CLUB ORGANIZED

Several young people of the Vivian and Ogden communities met with Miss Bernice Walling Saturday night, Nov. 13, and organized a social club.

"Pleasure Seekers" was adopted as the name for the club. Officers elected were: Elmer Holley, president; Rosalie Fish, vice president; Mrs. R. L. Walling, secretary-treasurer; Miss Bernice Walling, reporter.

Misses Rosalie and Myrtle Fish and R. L. Walling were appointed program committee. The club adjourned to meet with Miss Neoma Fish Wednesday night, Nov. 24, for a Thanksgiving party and program.

## "PERFECT WAITRESS"

Meet the nation's "perfect waitress," Miss Ruth Gierke, of Cleveland, Ohio, who received her title from the National Restaurant Association at its recent convention in Chicago. A twenty-two-year-old brunette, Miss Gierke is employed by a Cleveland restaurant.

## ADELPHIAN CLUB

The Adelpian Club met Nov. 10 in the home of Mrs. J. A. Stovall.

Mrs. Jeff Bruce served as leader and a most timely and informing lesson on "International Good-Will" was enjoyed. Mrs. W. A. Dunn gave an article taken from a contemporary magazine, giving the causes and the drastic results in deaths, morals and finances of the past wars and insisted that each one present pledge herself anew to hold high the torch for peace and fellowship.

Mrs. Bruce gave a paper on "Two-Way Trade Treaties." Mrs. G. D. Self made a talk on "Folk Songs of the Americas," quoting the origin of several of the old favorites. As a surprise and special treat, Mrs. Self had invited Mr. Henry Ferguson to be present and he sang two folk songs he had heard years ago when he was a cowboy riding the range.

The songs were the inspiration of some homesome cowboy singing aloud his thoughts to a tune that came to him as naturally as did the words.

Mrs. Stovall served an attractive salad course to 25 members and one guest, Mrs. W. Lee Cox, of Thalia.

## FOARD CITY H. D. CLUB

During the business session at the meeting of the Foard City Home Demonstration Club Tuesday, Mrs. W. B. Jones was elected kitchen demonstrator, and Mrs. Tom Ferguson, home food supply demonstrator, for the coming new year.

The program led by Mrs. Blake McDaniel on "Thanksgiving" was very interesting, having been arranged by Mrs. McDaniel and Mrs. J. M. Glover.

During the social hour Mrs. Percy Stone, a member of the club, who is moving away, was honored with a shower of lovely handkerchiefs. Cake and punch were served to twenty-two members and the following visitors: Mrs. Joe Owens, Mrs. Helen Stinebaugh, Mrs. Ruth Marts and Misses Ona Shannon and Hazel Canup.

The club will meet again Dec. 7 at the club house.

## LIBRARY NOTES

"North of Suez" by William McFee, an English novelist, is now in the library. McFee spent almost all his earlier life on the sea, and during the World War he served in the Mediterranean. After he began writing, it was necessary for him to stay on shore, and in 1922 he became a resident of Westport, Connecticut, where he now lives. There he writes letters to the papers on public questions that interest him. He has also lectured on Kipling. His living room is filled with mementos of the sea, including a model of the ship on which he was born.

"North of Suez" is projected against a background of the War in the Near East base, and involves both military and naval ranks and certain civilian characters. It is a book of intense interest.

## ROTARY CLUB

Rev. O. P. Clark, Methodist pastor at Abilene, was the principal speaker on the program of the Crowell Rotary Club Wednesday at noon. Rev. J. H. Hamblen, also a Methodist pastor at Abilene and a former pastor of the Crowell Methodist Church, was present and spoke briefly. The program was in charge of Rev. E. L. Yeats.

Mrs. Esen Brown was pianist for the meeting.

## First River Ship to Louisville

The first Ohio River ship to reach Louisville, Ky., arrived on June 16, 1800.

Beirut, Syria American college of the name, is in the Lebanese republic.

## H. SCHINDLER DENTIST

Office Hours: 8 to 12 and 1 to 5  
Crowell, — — — Texas

## Jeff Bell Will Play Part of Mr. Winch in Baylor Little Theatre

Jeff N. Bell of Crowell will take part in the Baylor University Little Theatre production of Victor Wolfson's successful comedy "Excursion" to be presented Thursday, (today) Friday and Saturday of this week, according to a news release from the University's News Service.

The play has recently closed a record long run on the New York stage, and is acclaimed by critics as an excellent philosophical dramatization of life on the weekly excursion trips from the busy life of New York to the carnival and recreation of Coney Island.

A full-dress "first night" will be staged in connection with the initial presentation, it has been announced. Speech instructors from the leading universities of Texas are expected to be present and join the reception line.

Bell will play the part of Mr. Winch, an important character in the play. With his successful debut in "A Man's House" in the spring of 1935, he was accepted in the Little Theatre. He has had three years experience in college debate and oratory. is a member of the Pi Kappa Delta honor society and the International Relations Club.

## FSA Borrowers Must Produce Own Living

Home-owned farms and home-grown food were planned at a meeting held in Seymour from which county representatives of the Farm Security Administration and Extension Service have recently returned.

The home-grown food program has put relief families back on their feet throughout this part of the state, it was shown in reports from FSA supervisors, who require that borrowers produce their own living at home, and also grow adequate feed for their livestock. Texas borrowers from FSA now have net assets running up to \$1,000 and more per family, as compared with less than \$100 two or three years ago. Ten to twenty-five per cent of them will pay off their loans in full this year and be able to get future financing from local banks which previously considered them ineligible.

Prospects for home ownership by tenants were explained in an address by C. M. Evans, Dallas, regional director of the Farm Security Administration. He said that for the present year, ending next July, twenty or thirty counties will be selected, and in each of these loans will be made for purchase of not less than five and not more than ten farms. Counties will be selected by a state advisory committee. The following year, funds now authorized by Congress will permit purchase of 450 farms, as compared with only 180 in the state this year. The third year, funds now authorized will permit purchase of 900. "This is a very small, demonstrational beginning, to blaze a trail," Evans said. "Eventually we expect this program to be extended until every qualified tenant can become owner of the land he cultivates."

The plan allows forty years' time, with interest at three per cent. Applications must be made to county committees which will be named in each of the twenty or thirty selected counties.

## Contest at Local Store Closed Saturday

The contest at M. S. Henry & Co.'s store which had been in progress for the past two weeks in connection with a trade extension campaign closed Saturday night and prizes for the leading candidates were awarded at 7 p. m.

Winners of the six prizes are as follows: First prize, Mrs. Herman Greening, bed room suite; second prize, Miss Emma Wisdom, cedar chest; third prize, Mrs. J. S. Owens, set of silverware; fourth prize, Mrs. Tom Patton, rocking chair; fifth prize, Mrs. Donald Norris, 9x12 rug; sixth prize, Miss Russie Rasberry, Aladdin lamp.

## Finnish Epic

The Finnish national epic, the Kalevala, is many hundreds of years old and is regarded as one of the finest epic poems in the world.

## Food Demonstrators Tell of Work Done During Year of 1937

A total of 608 containers of 27 different varieties of food is stored away on organized pantry shelves at the home of Mrs. J. M. Marr, home food supply demonstrator for the Vivian Home Demonstration Club, and two hogs and a beef are to be canned and cured later in the year.

This supply of canned products includes 250 containers of vegetables, 118 of fruit, 111 of brined vegetables, 85 of preserves and jellies, 36 of meat, and 48 of tomatoes. Twelve hundred pounds of meat and 160 pounds of lard were stored last winter. Eight bushels of green tomatoes have been gathered from the vines this fall, about two bushels of which have ripened for use on the table or canning. Some are still stored in the cellar and are ripening gradually.

This food is stored in a ventilated cellar having six shelves properly placed and wide enough for three rows of cans or jars. In improving the appearance and in the cellar, Mrs. Marr once again demonstrated that "Where there's a will, there's a way." She says, "The shelves were easy to white-wash but the walls crumbled and the white wash could not be put on with a brush." After a number of trials, it was about decided to give it up, but Mrs. Marr decided to try once more and so concludes by saying, "I gathered broom weeds and made a mop, and splashed the lime and buttermilk on the walls. This made the cellar much lighter and much more attractive."

Fruit, tomatoes, and leafy vegetables proved more difficult to secure than the other products. Fruits were purchased and canned and tomatoes and leafy vegetables were purchased already canned. The total expense for all of the products purchased; and sugar, spices, vinegar, jar lids, and other items needed in canning was \$25. Along with this expense Mrs. Marr reports that she has made \$66.45 from the sale of cream, \$41.95 for chickens, and \$19.75 for butter, a total of \$128.15 leaving a balance of over \$100.00, to be used for staple groceries, or clothing.

"I can say that I have only partially achieved the purpose of the demonstration, which is to conserve a food supply that is safe, adequate, economical, and enjoyable. However, it has proved most valuable and convenient to me and I have benefited immensely by being the home food supply demonstrator," says Mrs. C. L. Thompson, demonstrator for the Foard City Club in summing up her work.

A long time plan for home food

supply was made out, including the preserved foods needed for this year. All that the plan calls for has been provided except for some of the preserved foods. Approximately half of the leafy vegetables planned for were provided, and more than enough fruit was preserved. Tomatoes and the remainder of the leafy vegetables are provided by purchase from week to week.

The cellar was built early in the year. The walls and ceiling were whitewashed and the door is large so that there is sufficient light. The cellar. A weight was put on the door for ease in lifting, and an actus was transplanted on top of the cellar, to prevent the soil from washing and to improve the appearance. The cellar shelves were labeled and the products arranged on them according to classes. The pantry in the kitchen provides place for storing a supply for the cellar for a week, or a few days, if desired.
