ARCHER CITY TO PLAY FRIDAY NIGHT

High School's most important football game of the season will be played here tomorrow night at 7:30 o'clock. The battle of the Wildcat and Archer City felines of the local opposition to the local teams of District 11A. Archer County boys have won their conference games Friday and Paducah. They are strong 2A Olney team weighing 176 pounds, and average over Crowell.

Coach Grady Graves went to Archer City two years ago from Olney and started a building program. It looks like this might be the pay-off. However, Crowell's little giant killers have been pretty potent themselves thus far this season. Probable starting line-up follows:

Crowell	Wt.	Pos.	Wt. Archer City	No.
Taylor	140	Left end	172 Ray Bussey	81
Looney	161	Left tackle	171 Billy Pitts	52
C. Borchardt	144	Left guard	192 Monte McCarty	50
Smith	140	Center	182 Butch Hannah	72
Corder	145	Right guard	190 Robert Tepfer	61
Clifton	161	Right tackle	180 John Rutherford	73
Shrode	162	Right end	180 Barney Oliver	84
Mike Bird	152	Quarterback	153 Donny Linscott	31
Henry	151	Left half	175 Gary Tepfer	74
Kralicke	157	Right half	165 Mike Stewart	35
Campbell	138	Fullback	175 Barry Morrison	10

TOTON GINNINGS NOW TOTAL 1,397 BALES

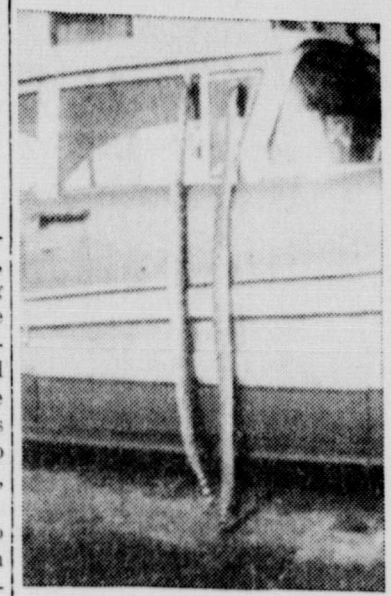

County's four gins reported Monday afternoon that they had ginned a total of 419 bales last week. This brings the total for the year for Foard County to 1,397 bales. The cotton usually puts on a heavy growth, but the dry weather prevented that this year, and defoliation took place earlier than usual. This will probably cause an early finish to the harvest. Machines are being used to gather most of the cotton, although some of the crop is being gathered by hand. Ideal cotton gathering weather prevailed all of the past week.

Margaret Church Lists Time Change

Rev. E. H. Martin, pastor of the Margaret Methodist Church, has announced a change in services as follows: Sunday school at 10 o'clock, preaching at 11, and evening service at 6:30. "Come and bring some one with you. Can we have 50 in church Sunday morning?" Rev. Martin asked.

3rd Sunday Singing

The regular third Sunday singing will be held at the Free Will Baptist Church Sunday afternoon beginning at 2 o'clock, it was announced Monday. Everyone is invited to attend.

Shown above are two large rattlesnakes, 4'3" and 4'2" which were killed by Mrs. Maggie Capps and Mrs. Oran Ford of Thalia. Mrs. Capps has hunted rattlers for several years and has killed as many as 35 in a single year. The past year Mrs. Ford has joined Mrs. Capps in hunting the rattlers. Last fall they eliminated four rattlers within a 3-hour period. The largest rattler Mrs. Capps says she ever killed measured 6'3".

Mrs. Roy Shultz Died in Crowell Hospital Thursday

Funeral Services Held at Thalia Saturday Afternoon

Mrs. Roy Shultz of Thalia died about midnight Thursday in the Foard County Hospital following an illness of six months. Mrs. Shultz was an employee of the Vernon Manufacturing Co. Funeral services were conducted last Saturday afternoon at 3 o'clock in the Thalia Baptist Church conducted by Rev. C. C. Lamb, former pastor of the Fargo Methodist Church, and Rev. Dennis White, pastor of the Thalia Baptist Church. Interment was in the Thalia Cemetery directed by Henderson Funeral Home of Vernon. Pall bearers were Lee Sims, Walter Ramsey, Floyd Webb, T. R. Cates Jr., Raymond Grimm and Bill Cates. The family had requested that friends who planned memorials to the memory of Mrs. Shultz make contributions to the Thalia Cemetery Association. Mrs. Shultz was born in Vernon May 8, 1915, as Gelia Elizabeth Martin. She and Mr. Shultz were married in Thalia March 23, 1939. She was a member of the Thalia Methodist Church and the Thalia Home Demonstration Club. Survivors are her husband; a son, Roy Martin Shultz of the U. S. Air Force at Biloxi, Miss.; her mother, Mrs. John T. Martin of Vernon; two sisters, Mrs. Vera Kind and Mrs. Frances Eley, both of Vernon; a brother, Elbert Perkins of El Paso; one granddaughter and several nieces and nephews.

District 1A-11 Re-Organized Last Tuesday

The executive committee of District 1A-11 of the Interscholastic League met in Vernon last Tuesday morning and organized for next year's football season. The only change for the next two years will be Knox City taking the place of Chillicothe. The Eagles will go back to class B and Knox City is coming up from that classification. This will give Crowell six district games with the following teams: Archer City, Henrietta, Holliday, Knox City, Munday and Paducah. Crowell's four non-conference games will be with Memphis, Chillicothe, Matador and Quanah, in that order.

Local Board Orders Fourteen Men for Induction Nov. 14

Local Board No. 131 has eight men for pre-induction physicals and 14 men for induction on Nov. 14, as a result of the state draft quota of 868 men for November as set by the State Selective Service.

Oil Test Will Be Drilled on Milburn Carroll's Land

Socony Mobil Oil Co., Inc., has staked its No. 1 Milburn Carroll (A), 4 1/2 miles north of Crowell, about 2300 feet from north line, 1900 feet from west line of section 440, Block A, H&TC survey.

M. Y. F. Barbecue to Be Held Saturday Night

The Methodist Youth Fellowship is now selling tickets to a barbecue to be held Saturday evening in the basement of the Crowell Methodist Church. Serving hours will be from 6:30 until 8 p. m. This is an annual event for the local MYF, and funds derived from the barbecue will be used for one of their projects.

Five New Vehicles

Five new vehicles were registered here last week: Oct. 4, Frankie M. Halencak, 1963 Chevrolet 4-door; Oct. 8, Jean L. Reeder, 1964 Pontiac 4-door; Oct. 9, H. E. Mints, 1963 Ford pickup; Oct. 11, Akers Body Shop, 1964 Chevrolet 4-door; Oct. 11, Roy C. Steele, 1964 Oldsmobile 4-door.

Camp Fire Girls to Have Council Fire

A county-wide Council Fire will be held by all the Camp Fire and Blue Bird groups on Tuesday evening, Oct. 22, at 6:30 at the Country Club picnic grounds. This will be the first such Council Fire, and everyone is invited with special invitations to the parents of the registered girls. There are three Camp Fire groups and one Blue Bird group in Crowell, and Truscott has one Camp Fire group, with a total of about fifty girls. Camp Fire Girls center their program around the home fire and the camp fire. Indian lore plays an important role in the program, thus making these council fires most effective.

Workshop to Be Held on Refinishing Furniture Oct. 22

A workshop on refinishing furniture will be held beginning Tuesday, Oct. 22, at 1:30 in the Community Center. There will be three or four work sessions in the meeting. The times for the other meetings will be worked out at the Tuesday meeting.

Down Town Bible Class

Rev. J. T. Bolding, evangelist for the revival in progress last week at the First Baptist Church, brought the message to twenty-six men at the Down Town Bible Class Sunday morning. A special number was a solo sung by J. C. Arthur, who led the singing for the revival. He was accompanied by Miss Lanette Lemons, who also played for the group singing led by Rev. Clarence Bounds.

Former Residents Visit

Mrs. T. C. Nichols of Spur spent Sunday and Monday here as a guest in the home of Mr. and Mrs. J. R. Beverly. She is the former Miss Della Comper and the family was among the early-day settlers in this county. Mr. and Mrs. Beverly had several old-time friends to call at their home Sunday afternoon to visit Mrs. Nichols. Mrs. Nichols was accompanied to Crowell by Mrs. John Shirley of Matador, member of another pioneer family, who visited in the home of her brother, Grover Nichols, and wife and other relatives and friends. She is the former Miss Muriel Nichols.

Rotary Club

Program for the Wednesday noon meeting of the Rotary Club last week was in charge of Rev. Glenn Willson who introduced Rev. J. T. Bolding, evangelist for the Baptist revival, who delivered the message for the program. He also introduced the singer for the revival, J. C. Arthur, who sang a solo, accompanied by Miss Gail Smith, club pianist. Rotarian Henry Dixon of Quanah was a visitor. Student guests were Mike Shrode and Larry Henry.

LIONS CLUB CARNIVAL TO BE HELD HERE MONDAY, TUESDAY AND WED.

FIRE PREVENTION WEEK—Last week was Fire Prevention Week over the nation, and in observance of that event, Gaylon Whitley of Whitley Bros. Texaco Station, is shown above (left) presenting a Texaco fire truck to Fire Chief Martin Jones of the Crowell Volunteer Fire Department.

Son-in-Law of Foard City Couple Died in Seymour

Funeral services for Buster Ryan, 50, who died Sunday night in the Baylor County Hospital in Seymour, were held Tuesday afternoon at 2:30 o'clock from the First Baptist Church in Seymour conducted by Rev. Robert Devin of Graham and Rev. William Spreen, a retired pastor. Graveside rites were conducted at 4:30 p. m. Tuesday in the Crowell Cemetery under the direction of Elliston Funeral Home of Seymour. Mr. Ryan was the son-in-law of Mr. and Mrs. G. C. Owens of Foard City. A resident of Seymour for the past 18 years, he had been employed by the W. T. Waggoner Estate for 20 years. He was born Dec. 10, 1912, in Scurry County. Survivors include the widow, Mrs. Victoria Ryan; a son, Billy Ryan of Denton; a daughter, Miss Georgia Ann Ryan of the home; and his mother, Mrs. Dearie Ryan of Seymour.

World War I Memorial

Not many years after the conclusion of World War I, Foard County residents raised money to erect a memorial to the Foard County men who fought in and lost their lives in the war. This memorial has been located on the court house square for all these years in tribute to the World I veterans. However, the memorial has been desecrated on a number of occasions during the past few years. Sometime during the past week, the World War I cannon was partially removed from its pedestal by someone, and the soldier and sailor statues have also been abused in the past. This memorial to the Foard County veterans of World War I is something special in the hearts of many residents, and should be respected by every resident.

Crowell Voters Approve Greenbelt Water Contract

City of Crowell voters approved by a 186 to 122 margin Tuesday to join the Green Belt Municipal and Industrial Water Authority. In the annexation vote also held Tuesday, 186 voted for and 127 against. Crowell's approval of the water contract now makes a total of five towns voting approval, as Quanah, Childress, Hedley and Clarendon had already approved it. Paducah voters turned down the proposal.

News About Our Men in Service

Jackson F. Wishon arrived in the States last week from Germany where he had spent the past 18 months with the U. S. Army. Wishon received his discharge at Fort Hamilton, N. Y. He is the younger son of Mr. and Mrs. Carl Wishon and is presently here visiting his parents.

FOARD COUNTY YOUNG PEOPLE ATTENDING COLLEGE WITH SCHOLARSHIPS WON IN 4-H WORK

The value of 4-H Club work dramatically illustrated here by the announcement of Foard County's Extension Agents, Joe Burkett and Mrs. Virginia Heng, that four Foard County young people are now attending college using scholarships earned while participating in 4-H program. Arlos won his scholarship in 1960; Cecelia won both of her's in 1962; and Lynda and Joe David won their's in 1963. In addition to the above, fifteen 4-H Club members have won out-of-state all-expense-paid trips ranging from ten days to two weeks. These trips were won during the past seven years. Also, during the past seven years, Foard County has won the Talent Club Tour eight times. This is a ten-day all-expense-paid educational trip to various places of interest over the United States. The University of Dallas on a \$400 Santa Fe scholarship. His sister, Miss Cecelia Drabek, is also a student in the University of Dallas and she has won a \$500 Home Economics scholarship and a \$250 Farm Bureau scholarship. Miss Lynda Mechell, daughter of Mr. and Mrs. Ed Mechell, won a \$500 Home Economics scholarship and is enrolled in Tarleton State College. These four young people have won these scholarships in the past three years, and the total value of the scholarships is \$1,900.

EDITORIAL

Thanks, Mr. Columbus

Last Saturday was Columbus Day. It was on October 12, 1492, that Christopher Columbus, commander of the three ships, the Pinta, the Nina and the Santa Maria, discovered America. Actually, the discovery was a mistake, for Columbus had been attempting to reach the East Indies by sailing west. Though Columbus is credited for the discovery of the Americas, the Vikings are thought to have landed in the New World years before. The Indians, too, had previously discovered the continents, for they were already living in the land when Columbus arrived. Perhaps, they came across the narrow Bering Strait which

separates Asia from the Americas. However, whether Columbus was actually the first to make the discovery is not nearly so important as the fact that after his voyage, others followed, and soon the land was being colonized. Through the efforts of many great men and women, the United States came into being and developed into the leading world power that it is today.

Yes, we, the present citizens of this nation, owe much to Columbus for making the initial plunge which resulted in the establishment of our country. We cannot simply be grateful to those who have contributed to our American way of life; we must also do our part in preserving that way of life so that future Americans may enjoy the same privileges we have today.

Students Receive Inspiration

Tuesday, Oct. 8, Rev. Glenn Willson, pastor of the First Baptist Church, introduced to the student body Rev. J. T. Bolding and J. C. Arthur. These men were the evangelist and song leader, respectively, for the revival held at the Baptist Church, Mr. Arthur sang "How Great Thou Art" with the students joining in on the chorus. Then Rev. Bolding gave a short sermon, commenting that he approved of "going steady"—steady with high ideals, honesty, good conduct, industriousness, etc. The student body was fortunate to have had these men with them.

Memories Are Precious

Time: A. D. 2034.
 Place: Crowell, Texas.
 Scene: A little old lady in a rocking chair calls to her husband as he hobbles slowly into the room.
 Judy: Otis, look what the maid brought me from the top of that old closet she was cleaning out.
 Otis: Huh, what did you say?
 Judy (dusting a book): I said, "Look at this, the 1964 yearbook!"
 Otis (grabbing the book): Let me see that. Why, that was the year we married. Does it seem like it was seventy years ago?
 Judy (hurriedly opening the book): Look at the faculty—dear souls—I guess all of them have

gone on. Must be a relief, after many years of putting up with kids.

Otis: Here's a picture of the school board. Let's see: Mike Bird, president; Brudge Andrews, secretary. Yes, yes, I do remember them now. Let's turn on.

Judy: Oh, here are the class pictures. Why, Otis, I can't remember when you looked so young as that. Why you had hair then.

Otis (seeing Judy's picture with sophomore officers): And, dear, do you remember when you were treasurer of your class? I guess that's the reason you've always been able to keep our money so well.

Judy: Let's turn on. I can't remember the personalities for that year. Oh, here they are: Mr. CHS, Bobby Bond; Miss CHS, Carolyn Hickman, etc.

Otis, turning more pages: Oh, wait, turn back to the sports section. Yes, there are the Wildcats of '64 who did what couldn't be done! Where's coach's picture? There are the managers, too.

Judy: I even want to read the ads: here's one from the Dairy Bar. What would we as teenagers have done if we hadn't had that place to gather? Everyone of those places bring to memory some happy experiences.

Judy (sighing as she closes the book): Well, this has been the most enjoyable day I've had in a long, long time. I'm so glad you bought me a 1964 Yearbook. Memories are precious.

Note: If you want to save similar happy memories, buy a yearbook now. The deadline is next Monday, Oct. 21.

Laughs

"Chumpy" whistled the car to the curb and pointed to the dog in the front seat. "Does your dog have a license?" he asked.
 "Heavens no," Judy replied, "what for? I do all the driving."

Mrs. Lykins examined the complicated toy doubtfully and turning to the salesman said: "It seems to me this is rather complicated for a young child."
 "Madam," the salesman said, "this is an educational toy designed to adjust a child to life in the world of today. Any way he puts

it together, it's wrong."

Two buckets of live crabs, side by side at the fish market, were labeled "\$1.50 dozen" and "\$2.00 a dozen." A dowager viewed them and suddenly a crab from the \$1.50-dozen tub climbed up with much effort and dropped into the \$2.00-dozen tub.

"That's the sort of thing," the dowager told her companion, "which could happen only in America!"

"If"

This past week the Wildcats got a little well-earned rest as they did not have a game Friday night. However, the coaches put them through some tough routines to keep them in readiness for the game tomorrow night against the strong Archer City Wildcats.

Even though the Wildcats had an open date, they made the best record of the season—if you look at it in one way. They came from umpteenth place in class A competition to better than a AAA school and also better than the school ranked first in state in AA competition. How? Well, a few weeks ago Quannah (AA) defeated Vernon AAA. Then Friday night Iowa Park defeated Quannah 21-12. And you do remember that Crowell defeated Iowa Park 26-6 in our first game of the season. So, who is great? The Wildcats! Therefore, this was the Wildcats' most sensational week of the season, even if they didn't play.

Oh, well, even if we have figured ourselves out to better than the AA team that proved to be better than we were, tomorrow night the Wildcats will need real backing to defeat Archer City. Come to see this game on our home field at 7:30 p. m.

Yes, Columbus was the first to discover America, but there have been many other "firsts" since that time. You might enjoy the following ones:
 Map of a city—St. Augustine, Florida, 1588.
 Physician—Lawrence Bohone arrived in Virginia Colony 1610.
 Military leader—Miles Standish, Massachusetts, 1621.
 Stove manufacture—Massachusetts, 1628.
 Popcorn introduced—1630.
 Election held—Massachusetts, May 18, 1631.
 Road constructed according to highway regulations—Virginia, 1632.
 Brick building constructed—New York City, 1633.
 Club woman—Anne Hutchinson, arrived Boston Sept. 18, 1634.
 Hurricane—recorded at Plymouth Aug. 15, 1635, and first earthquake recorded there 1638.
 College established—Harvard, Cambridge, Mass., Sept. 8, 1636.
 Teachers convention—New York, January, 1831.
 Baptist Church established Providence, R. I., 1639.
 Post office established at Boston 1639.
 Oh, well, this is a partial list of "firsts." Interesting, isn't it?

Be Informed!

How many students can actually say they read some newspaper each day. Some of us may read what we call the education sections such as the comics, the want ads and the lost and found! However, we need to read the front page to learn about the problems of the world. As Americans, we should know the situations that develop in regard to our nation in order that we may be better

citizens.
 Through our school, students have the opportunity to read from four newspapers: the Fort Worth Star-Telegram, Wichita Falls Times, Vernon Daily Record, and best of all—The Foard County News.

Remember: Education is gained not only through knowledge of past events but also through understanding of present events.

Senior Personality

Note: height, 5'4"; hair, blond; eyes, green.

These are the features of this week's personality, Terri Dee Thomas. She is the seventeen-year-old daughter of Mr. and Mrs. Jack Thomas of the Vivian community.

Terri's favorites are the teachers, Mrs. Manard and Mrs. King; singer, Bobby Vee; the movie with either Sandra Dee or Paul Newman. She dislikes most a conceited person.

Terri is an officer in the Columbian Club and the Library Club, and she is an active member on the Wildcat and annual staffs. In the previous years, she has also been a member of the Wildcattettes and the FHA.

Terri believes that her parents have influenced her most. After graduating, she plans to attend West Texas at Canyon.

News and Nonsense

Here's the old scandal bug with a little news and a lot of nonsense.

Together Friday night: Bobby-Barbara, Philip-Ruth, Gary-Mary Sue, Bill-Lanette.

At the Monday game: Dennis, Junior, Ronnie, Kenney, Pete, John Carl.

"Beware of Wild Man Barker!" Scherry, did you have fun over the week end?

Couples Saturday night: Bobby-Barbara, Philip-Ruth, Gary-Mary Sue, Otis-Frances, Bill-Lanette.

Double dating at the drive in: Dennis-Sharon S., Ronnie-Sally.

Jean B., who distracted you so much during your report in a class? Could it have been Danny P.?

Together Sunday night: Loy-Nelda.

Saunna, what happened at the ball game Friday night at Monday? Were you scared?

What do the initials C. P. mean to Tommie C.?

Ricky, who is your new love in fifth period Spanish class?

Together in Abilene Sunday: Charles-Beverlie.

Paul Wayne, did the "coops" scare you Saturday night? How are your tires "holding up?"

Kenney, Don Ray, John Carl, Mike S., are you sure it was "VS Juice?"

Who is Saunna's new love? Is it J. D.?

What do the initials G. S. S. mean to Janis J.?

Gary, Ken and Kenneth, we thought that Oklahoma and Texas were rivals. Ask Mary Sue, Mary Ann, and Scherry G. (Submitted by three jealous "Fish.")

Rosa, Merida, etc., were the lights too bright Saturday night?

Ronni O., what happened Satur-

I frantically race up the stairs, nearly causing a catastrophe as I hurry past James and Shirley Mike stranded on the landing. I pause, scamper into the first room I see for I must discover a mouse haven. There in the back of the room, I spy a beautiful silver structure. Some one passing by says "Look at this awful radiator," but to me it is the most beautiful mouse haven I've ever seen. After making myself comfy on a structure, better known as an old gas pipe, I settle back to enjoy hearing about Macbeth. Cold chills make my mouse hair stand on end and I stifle a screech when I hear that a ghost has just entered the room. Oh, well, so much for that creepy literature. I am still shaking when all of a sudden I hear a loud bell. I am nearly trampled to death by students rushing into the hall. I then scamper downstairs, back to my mousehole for another meal. Maybe next week I'll get to explore some other room in CHS. Who knows what adventures lie ahead?

Juniors Celebrate

An ice cream party was held in the school cafeteria Friday, Oct. 11, honoring the junior class for their extremely tough job of breaking all previous records in magazine sales. Delicious cakes, furnished by Jean Burkett, Mary Sue Speer and Ella Cates, were devoured by those present. The losing team also furnished soft drinks for the pupils. Our thanks go to James Johnson for buying our ice cream and also to those who baked cakes. We wish again to thank all those in Crowell who bought magazines or made subscriptions and also to express appreciation to our sponsor, Mrs. E. C. King, for pushing us as she did.

Increase in Doctors

There has been a sharp increase in the number of physicians per 100,000 population in this country, according to an American Medical Association report. The present ratio is 146.7 physicians for every 100,000 Americans, an increase of 8.9 from the 1960 figure, and of 11.4 from the 1950 ratio. Our physician population, as of a recent date, was 275,974.

Approximately 8% of the electricity consumed each year in the United States is distributed by electric co-ops to their Member-Owners...

We're a small part of the electric pie

Electric co-ops serve over 4 1/2 million Member-Owners in the United States. Like other electric power distributing systems, they buy some electricity from federal and other public power projects—about 46% in the case of co-ops. About 39% is bought from independent companies with power generating facilities. There are several co-ops which generate electric power and this accounts for another 15% of the total.

Electric cooperatives operate to improve the lives of people... they are a strong and effective tool in raising the standard of living of a large segment of the population.

Serving an average of less than 4 consumers per mile of line, as compared to about 40 per mile in the cities, the electric co-op—although a small part of the electric utility industry—is an effective "yardstick" whereby comparisons of the costs of electric power distribution can be made. This is a sort of "competition" by example, and has obvious benefits for the users of electricity in cities too.

What Grace Is.

Never let the devil deceive you into supposing that God planned sin as "a gracious means to a glorious end," for then salvation from sin would be simple justice, not grace. No, you can't charge God with your sin.

It is to the guilty, the undeserving, far and wide, that God offers "the forgiveness of sins according to the riches of His grace" (Eph. 1:7).

There are two significant phrases in Eph. 2 which shed clear light upon the character, the nature, of grace. They are found in verses 2 and 3, which speak of the unsaved as "children of disobedience" and "children of wrath."

Meditate for a moment on these phrases: "Children of disobedience" and "children of wrath." It is against this dark, black background of deserved wrath, that we read further:

"But God, who is rich in mercy, for His great love wherewith He loved us,

"Even when we were dead in sins, hath quickened us together with Christ (by grace ye are saved).

"And hath raised us up together and made us sit together in heavenly places in Christ Jesus:

"That in the ages to come He might show the exceeding riches of His grace in His kindness toward us through Christ Jesus" (Eph. 2:4-7).

Somehow it takes a load off one's heart and mind to come to the end of his rope, as it were, and admit that he is a sinner, deserving God's wrath. How sweet, to the ears of such, is the wonderful message of redemption by grace, through the finished work of Christ at Calvary? We were all the "children of disobedience" and therefore "by nature the children of wrath"—but God! "When hope seemed gone, He intervened and now offers salvation to all by grace, through faith. "Believe on the Lord Jesus Christ and thou shalt be saved" (Acts 16:31).

Card of Thanks

A word of love and thanks to all our friends for so many lovely cards and flowers. Each card filled my heart with joy to know I had so many friends that thought of me while I was sick. I am still under the doctor's care and need your prayers that I will soon be well and see all my friends at church again soon. And thanks to Dr. Kralicke and Dr. Stapp for all their kindnesses and all the wonderful nurses while I was in the hospital at Crowell.

Almost Considered a Second-Class Citizen

"A special presidential council on the Older American has concluded that the man or woman over 65 has become almost a second-class citizen. He may be hale and healthy, but he can't get insurance except at exorbitant rates, he can't get a job, he can't make his ideas known (except in higher professional levels), he is becoming more and more excluded from family councils, he is thrown into institutions and deprived of his liberty on the barest excuses. . . . All levels of government, private organizations and individuals need to do their share to restore these stalwarts of another day to first class citizenship."—De Pere, Wis., Journal-Democrat.

'Newspaper Week in Texas' Now Being Observed

by John Connally
Governor of Texas

Austin, Texas.

Greetings:

Newspapers have played a vital role in the history of the United States and of the State of Texas. They have become so much a part of our daily lives that we often take for granted the talent, dedication, and hard work which go into the publication of a single issue.

Our Constitution proclaims the rights of freedom of speech and press, but we must remain vigilant against all who would stifle these freedoms which are so essential to all Americans.

Almost from the time printing was invented, newspapers have been instrumental in advancing justice and individual liberty. Texas newspapers are striving to fulfill this great responsibility of leadership, and it is fitting that we recognize their efforts with a special commemorative period each year.

Therefore, I, as Governor of Texas, do hereby designate the period October 13-19, 1963, as Newspaper Week in Texas, and urge all citizens to give due recognition to the achievements of the hundreds of daily and weekly newspapers in our State.

In official recognition whereof, I hereby affix my signature this 11th day of September, 1963.

JOHN CONNALLY,
Governor of Texas.

SEAL

In connection with Newspaper Week, Congressman Graham Purcell released the following statement:

"Our free press makes us the most adequately informed society in the world. The press, which is free to criticize or praise the actions and policies of government, provides us with a background of information on which we can base our own opinions with more assurance.

"But hard news is just one small part of the myriad of valuable services performed by the press in our Nation. When we open our newspaper we find many things. We find features to help the housewife with her daily chores or the do-it-yourself handyman with the project he has been putting off. We find news of the community, of sports activity, of the business world, and of the many other aspects of our society which are all important. We find, in the pages of our newspaper, advertising which informs us of new development in products and merchandising. Advertising, in all its varied forms, deserves much of the credit for the high standards of technology, merchandising, and living which we enjoy."

Time to Control Peach Tree Borers

If you have noticed wax or gum oozing from the trunk of your peach trees they are probably infested with peach tree borers and now is the time to control these pests, says Joe Burkett, County agent.

The insects damage the trees from about a foot above the ground to three or four inches below it, Burkett says.

Treatment for peach tree borers is Paradichlorobenzene crystals applied to the infested trees between October 20 and November 15. All weeds and grass should be removed from around the tree trunk for about a foot and the PDB crystals placed in a circular band around the tree about two inches from the trunk.

A mound of dirt six inches high should then be packed against the tree without allowing the crystals to touch the tree as they will harm it if they do. Leave the mounds until spring, then level them back to the original ground line.

Two to three year old trees require about 1/2 ounce of PDB crystals per tree, and four to five year old trees need about 3/4-ounce per tree. A mature tree requires 1 ounce of crystals per tree. When the crystals are placed around the trees the soil should be dry, and the soil temperature should be above 55 degrees.

Dr. Lemee Speaks at Masonic Meeting

Dr. Raymond A. Lemee of Vernon was the principal speaker for a meeting of the Crowell Masonic Lodge Monday night. Dr. Lemee's topic was "The Dead Sea Scrolls," which were found in 1947.

Proposed Legislation Would Deny Right to Trial by Jury

"For the first time in the peacetime history of the United States, it is proposed in legislation now pending before the Congress to deny the right of trial by jury! This is one of the more important (and least publicized) aspects of S. 1731 and H. R. 7152. . . . Under this insidious bill, the judgment of Federal inspectors, appointed to bring about social reforms, would supersede our traditional and Constitutional judicial processes. Through the sly device of eliminating criminal penalties, those who drew the bill have it so a violator of the 'public accommodations' section (Title II), would be haled without hearing before a judge and placed under Federal injunction to cease and desist whatever act of discrimination the Federal overseer may have charged him with. And the penalty would be fine or imprisonment for contempt of court—from which there is no appeal."—Chipley, Fla., News.

Card of Thanks

Our hearts are filled with humility and appreciation for our many good friends whose comfort during our recent sadness meant so much to us. We thank each of you from the bottom of our hearts. We especially thank Dr. Stapp and the nurses at the hospital for their care of our loved one during her illness.

The family of Mrs. Roy Shultz.

It Was Freedom

It was freedom that made it possible for Americans to transform Europe's costly plaything—the automobile—into a vehicle for everybody. So writes Christy Borth, who has been a close observer of the Detroit scene for 50 years, in Petroleum Today. In his view, it was neither superior

know-how nor abundant resources that made this American achievement as individuals, each in the hope of making a profit.

NEWS for truck owners who need a new one now

Things Chevrolet has developed since the last time you bought to give you more for your money:

Double-wall construction. This feature of Chevrolet cabs and the Fleetside pickup body has two advantages. Insulation and sound-deadening material is sandwiched between the two layers of steel in the cab to give you more comfort; in the body, the lower inner wall acts as a buffer against load damage, preserving the outer appearance of the truck.

Suspension to fit the truck. Conventional half- and three-quarter-ton models have independent front suspension with variable rate coils in the rear. Variable rate coils do not "bottom out" as readily.

Mediums and heavies have I-beam suspension with variable-rate leafsprings. It automatically stiffens as the load increases—and vice versa. It means a smoother, flatter ride regardless of load, a better handling truck.

The right engine. Chevrolet never has been in better position to give you the type and size you need for maximum efficiency. Today there are many different capacities of gasoline and diesel

Chevrolet truck engines—fours, sixes, V8's.

Stronger frames. Every conventional 1964 Chevrolet truck has a ladder-type frame. This type is more resilient, better able to give with the load and terrain. Its simple design also makes it easier to mount special bodies on the truck. Its riveted side rails are stronger.

Greater model selection. This time you're going to find it a simple matter to pick the exact type of Chevrolet truck for the kind of work you do. In delivery trucks, for instance, in addition to regular panels and pickups, we have eleven different sizes of ready-made walk-in vans, some with full-width rear doors.

Quality and value. Chevrolets today are a lot more truck than your money bought the last time, and yet the price tag is just about the same as 5 or 6 years ago. Call your Chevrolet dealer for information or for a demonstration.

Quality trucks always cost less!

Crowell Garden Club

At the Truscott home of Mrs. W. M. Rake, the Crowell Garden Club met on Friday, October 11. Sharing hostess duties with Mrs. Rake were Mrs. Jack Brown and Mrs. H. P. Gillespie. Fourteen members were present for the occasion.

During the brief business session, Mrs. Bob Thomas was elected to represent the club on the Community Improvement and Development Committee.

Mrs. J. M. Chowning gave seasonal horticultural tips. She stressed the importance of digging and fertilizing beds before winter. She suggested the importance of making cuttings of many plants that are now in the beds; now is an excellent time to begin setting bulbs.

Mrs. N. J. Roberts had as her topic "Every Ward a Bird Sanctuary." She pointed out that many birds become extinct each year. Besides the interest that birds lend to the yard, they eat many dis-

ease bearing insects. Mrs. Edgar Jones showed an unusual display of wild flowers which grow in this area. Mrs. C. T. Murphy displayed weathered wood and rocks. The rocks are an accumulation of many years and from many states and overseas.

On September 27, seven members of the club attended a lecture by Mrs. Howard S. Kittel, State President of Garden Clubs, and afterwards visited the Fort Worth Botanic Garden. Mrs. H. E. Monkres showed movies of the group at the Botanic Garden.

West Side H. D. Club

The West Side Home Demonstration Club met October 8 in the home of Mrs. Charlie Wishon with Mrs. Wishon, vice president of the club, presiding.

"I know something good about you" was the opening exercise given by Mrs. Henry Ross.

Roll call was answered by "an important person I have met." Mrs. Jim Henry, council delegate,

gave a report of council.

New officers for the coming year were elected: Mrs. Charlie Wishon, president; Mrs. Homer Ketchersid, vice president; Mrs. L. G. Simmons, secretary and treasurer; Mrs. Walter Thomson, reporter.

Mrs. E. A. Boren gave an interesting report on the state THDA meeting at San Antonio. Refreshments were served to ten members.

Margaret H. D. Club

Roll call was answered with "a V. I. P. I have met" when the Margaret Home Demonstration Club met Oct. 11 in the home of Mrs. Frankie Halenack. As the opening exercise, Mrs. Verda Bell gave "Farm Auction." Mrs. Hugh Shultz gave a report from council and also conducted the business meeting, at which time the following new officers were elected for next year: president, Mrs. Johnnie Wright; vice president, Mrs. Owen Ketchersid; secretary, Mrs. Verda Bell; and treasurer, Mrs. W. F. Bradford.

The program for the afternoon was given by Mrs. Dick Ballard on how to make a proper introduction. The hostess served refreshments to twelve members. Next meeting will be Oct. 25 in the home of Mrs. W. S. Carter.

'Loathed' by Retirees

"Something we have suspected for a long time has been verified at last. The use of the term 'senior citizen' as applied to retired elderly persons is 'loathed' by every one of a number of retirees recently interviewed by a Los Angeles research firm. The terms 'old' and 'elderly' are perfectly good words and, with the backing of the Goodkin Research Corporation, it would seem the person who successfully has navigated a large number of years cannot abide the condescending appellation foisted on them by 'modern-minded' younger folks who seem to have no concept of how fulfilling it can be to reach a ripe, old age."—Grants Pass, Oregon, Courier.

From the News . . .
THIRTY YEARS AGO

News items below were taken from the Thursday, Oct. 19, 1933, issue of The Ford County News:

The importance with which the Texas Company's L. K. Johnson No. 3 oil well west of Crowell is being considered in oil centers was shown in the Wichita Daily Times last Sunday when a map showing the location appeared on the front page of the Sunday edition together with an article under a headline entirely across the top of the front page.

The McClellan Construction Co. of Wichita Falls was awarded a contract by the State Highway Department Monday for the construction of the grade and drainage structures on 7 1/2 miles from Crowell north to Pease River, on Highway No. 16.

Foard County's wheat acreage reduction campaign closed Monday night with a total of 165 farmers signing contracts, totaling 30,024 acres with an average production of 474.579 bushels.

Several cases of "sleeping sickness" (encephalomyelitis) has been reported among the horses of Foard County, according to reports which have been coming to Fred Rennels, county agent.

The city's campaign against the large number of stray dogs in Crowell is now underway and a number of the canines held since Tuesday by the city marshal, were killed by him this morning. Other stray dogs that do not wear City Dog Tax plates will be taken as rapidly as they can be caught. If not claimed by the end of three days, they will be killed.

The 30-day special session of the Texas Legislature, which adjourned last Friday night, was one of the busiest sessions in recent years, according to a letter to The News from George Moffett of Chillicothe, representative from this district.

Mrs. Lee Lefevre and daughter, LaVoye, of Foard City were guests of Mr. and Mrs. Joe Ward of Crowell Saturday.

Mr. and Mrs. J. E. Harwell and children and Miss Gussie Rich visited in Dallas this week to secure new goods for Harwell's Variety and to attend the State Fair.

Markham Spencer is a member of the football squad at the Texas School for the Deaf in Austin.

Ginnings in Foard County, prior to Oct. 1, amounted to 3,305 bales, compared with 1,654 for the same period last year.

With the arrival of 35 cotton checks here last Saturday, only 95 are yet due to reach Foard County. Saturday's consignment amounted to \$6,778 and brought the total number of checks to 474 with a total value of \$117,032.00.

Mrs. Frank Moore and Mrs. Grover Nichols were named winners in the Foard County News' "Picture Puzzle Contest."

The resignation of Grant L. Slagle as pastor of the Crowell Christian Church has been accepted.

Widespread Activity

From Industrial Development magazine: "Widespread activity has characterized the railroad industry during the past year in its never-ending competition with highways and rivers. New services, expanded operations and new lures for industry have all combined with developmental research to place railroads in an advantageous position to attract new industrial facilities. . . . In short, they have embarked on an aggressive program of selling industry on the respective merits and advantages of their lines."

Card of Thanks

To Drs. Kralicke and Stapp, Mrs. Gafford, Mrs. Roark and all the nurses a sincere thank you for all the attention that was given me during my stay in the hospital. Thanks to everyone for the cards, flowers, visits and gifts. May God's richest blessings be with each of you forever is my prayer.
Lee Leslie Chappel. pd.

the finishing process, some tubular knits twist as much as 4 to 6 inches. This cutting along the fold cuts across the continuous ribs the depth of the twist. To straighten such fabric will cause some loss.
"If the tubular knit has not been cut, baste along the rib the entire length of the fabric, refold on this baste line and pull the fabric into a flat shape as it is steam pressed," Mrs. Ilseeng concluded.

Termites Costly Insects for Texans

Few insect pests are more discouraging or annoying to a homeowner than hungry termites, says Joe Burkett, County Agent.
Texans lose thousands of dollars each year satifying the enormous appetite of this tiny wood-chewing pest, he says. Nothing short of financial or natural disaster is more damaging to the homes of Texans in some areas.
Termites can literally eat a home to pieces if they are allowed to go unchecked, but they can be stopped by several methods, says Burkett.
Prevention is the best way to avoid trouble from termites, he emphasizes. Provide good drainage, ventilation and floor clearance under houses not of slab construction. Remove wood, paper and cloth waste from around the house. Haul off excess piles of dirt and in short, remove the places where termites might live, he says.
Before the home is completed, effective control of termites can be assured by treating the soil under it with a recommended insecticide for the purpose. where the building is to be controlled of the pest can be expected for at least five years, Burkett.
For the house already infested several insecticides are recommended. Five per cent DDT, two per cent chlordane are two most common materials, dieldrin, lindane, and sodium selenite are also effective, says Burkett. Injecting a .5 per cent gamma isomer of BHC in the into the tunnels of the termite is also effective, says Burkett. A precaution on the use of these chemicals for control of termites is to read the label fully and follow its instructions to the letter, warns Burkett.

Study Forecasts 33 Million People in U. S. in Year 2,000

A recent study forecasts by the year 2000 the U. S. population will be 331 million, earn an average of \$14,000 year per family after taxes, will produce \$2 trillion worth goods and services. The population will be taller, the study goes on, and will eat more meat, wear lighter clothes, travel extensively, and pay about 25 cent more income taxes.
