Much Progress is Made by City Sponsored WPA Street Improvement Project Now in Operation Here

The City of Crowell street improvement program under the Works Progress Administration, with Walter P. Thomson as superintendent, has shown much progress during the past few months.

An average of approximately fifty workmen have been employed since the inception of the project, and to date, a total of \$39,149.95 has been expended for labor, equipment and materials. This expenditure represents \$29,578.25 Federal funds and \$9,568.67 sponsor's funds.

To date, the project has completed approximately 2,000 lineal feet of curb and gutter, two concrete dips and 3,000 lineal feet of channel widening and straightening on Beaver Creek, in the city limits, and 11,580 square feet of four-foot sidewalk.

There has also been seven and one-half blocks of 36-foot wide concrete pavement completed, with other blocks still under construction on the city's streets. The completed pavement is located as follows:

Three blocks on Logan Street, six blocks north of the court house square, beginning at Main Street and extending east to the east edge of the Crowell school property; one block extending north from Logan Street on Lanham Street on the west side of Crowell High School building; one and one-half blocks on California Street, beginning at Houston Street at the Borchardt Chevrolet Co. and extending east past the Premier Hotel; and two blocks on Houston Street south from Logan Street.

Mayor C. T. Schlagal heartily recommends the paving program and suggests more property owners sign up for the program soon. The project is scheduled to close in the next six days.

Anyone in the city of Crowell interested in obtaining the permit should contact Mayor Schlagal in the near future.

1,099 Vehicles Tagged for 1940 Before April 2

One thousand and ninety-nine motor vehicles and trailers were registered before April 2 for the year of 1940, according to information released from the office of the tax assessor-collector this week.

This number is below the total vehicles registered during the year of 1939, however, a registration record at April 1, 1939, not obtained, but the total for 1940 might well exceed that of the previous year during the next twelve months.

Of the total registrations before April 2, which was the deadline for driving motor vehicles out 1940 tags, 870 were passenger cars, 96 commercial vehicles, 115 farm trucks and 18 trailers.

Crowell FFA Boys in District Meet in Quannah Saturday

The Crowell F. F. A. Chapter first place in the Vernon district F. F. A. livestock and poultry judging contests which were held in Quannah Saturday, March 30.

Crowell led Chillicothe and Harbottle, who tied for second and third places, by a score of 1,545 points to 1,515 points. Burk Burnett placed fourth with 1,470 points and Quannah was fifth with 75 points.

The judging contests consisted of four divisions — dairy, hogs, chickens and poultry.

The results of the contests follow:

Dairy judging — Crowell, first; Harbottle and Chillicothe, tied for second and third; Burk Burnett, fourth; and Quannah, fifth.

Poultry judging — Chillicothe, first; Harbottle, second; Crowell, third; Burk Burnett, fourth; and Quannah, fifth.

Beef judging — Quannah, first; Crowell, second; and Burk Burnett, third.

Hog judging — Harbottle and Burk Burnett tied for first and second; Crowell and Chillicothe tied for third and fourth; Quannah, fifth.

T. Hughton of Crowell tied with three boys from Quannah for individual honors in the beef judging division. These four boys had perfect scores of 100 points.

Fred Ely of Crowell tied with other contestants for second individual honors in the hog judging contest.

Televisionist

Pictured at work in the office of his Fort Wayne, Ind., laboratory is Philo T. Farnsworth, who was recently designated one of the "ten outstanding young men of 1939." Farnsworth, who is now 34, had filed a patent application on a complete television system before he was 21.

SERIOUSLY ILL

Mrs. John Greening is seriously ill at her home in Crowell. She was stricken last Sunday and her condition is reported to be slightly improved.

Henry Black, T. S. Haney New Aldermen

202 Votes Cast in City Election Here Tuesday, April 2

T. S. (Hid) Haney and Henry Black were elected as aldermen of the City of Crowell at the election held in the City Hall Tuesday, April 2, to succeed A. L. Johnson and Granville Lanier whose terms expire this year. Two hundred and two votes were cast in the election.

More interest was shown in this city election than there had been in many years, especially one in which only aldermen were to be selected. This unusual interest was shown by the large number of votes cast and to the number of men seeking the offices. They were Mr. Haney, Mr. Black, A. L. Johnson and A. G. Ketchersid.

Tabulation of the votes was as follows: Mr. Haney, 162; Mr. Black, 130; Mr. Johnson, 68; Mr. Ketchersid, 40.

Final Details Being Made for Play Tourney

Seven Counties to Be Represented Here Saturday, April 13

Final preparations for the District 4 one-act play tournament which will be held in Crowell on Saturday, April 13, are being made, according to a statement by Supt. I. T. Graves, who is in charge of the tournament.

Supt. Graves stated that those in charge of the tournament are expecting one of the most interesting and entertaining groups of plays that have ever been presented in the district tournament, as in the past few years the one-act plays have shown great improvement and this is predicted to be the most successful of the play tourneys to date.

Seven counties are expected to send representatives to Crowell next week, however, final details from the schools have not yet been received, but it is felt that seven plays will be given in the tourney.

Three of the plays will be presented in the morning, and three in the afternoon. Immediately following the plays, the judges will announce the plays to compete in the finals Saturday night.

The schools expected to enter the tournament are: Memphis, Hall County; Crowell, Foard County; Silvertown, Brisco County; Quannah, Hardeman County; (Continued on Page Five.)

INVITED TO CHILICOTHE

Members of the Crowell Garden Club and any others, who may be interested, are urged to attend a moving picture in technicolor presented by the Chillicothe Garden Club at the Strand Theatre in Chillicothe Monday, April 8, at 4 o'clock, according to Mrs. E. M. Leach, secretary of the Chillicothe Club.

Pictures of the San Jacinto battle ground in Houston, the Azalea Gardens and the French quarters in New Orleans, and the Coast Line Drive by the Seven Cities of the Sea, will be featured. Other films included will be one of the famous Bellingrath Gardens and the Mobile Azalea Trail. Tickets may be purchased at the theatre Monday.

CONDITION CRITICAL

The condition of Mrs. M. E. Todd which has been critical for the past several days, is reported unchanged. Mrs. Todd suffered severe burns when her dress caught on fire from a bath room stove on Tuesday, March 5.

UNDERGOES OPERATION

Lewis Brown underwent an appendix operation in a Vernon hospital last Sunday and is reported to be recovering satisfactorily. Mr. Brown returned recently from Ballinger to visit his grandmother, Mrs. Griffin.

BABY ILL

Dale Hines, baby son of Mr. and Mrs. Carl Howry, is reported to be critically ill at his home in Crowell.

BIRTH

To Mr. and Mrs. Joe A. Bradley, a boy, Freddy Leon, March 24.

PROCLAMATION

(By the Mayor of the City of Crowell)

The days of April 9 to 12, inclusive, have been designated as SPRING CLEAN-UP CAMPAIGN days in Crowell.

There are many reasons why the Spring Clean-Up Campaign this year should receive the enthusiastic support of every man, woman and child.

First, because a city that is clean and beautiful creates cheer and banishes gloom. Cheer produces courage and confidence, and no doubt, most of us are badly in need of both of these attributes at this particular time.

Second, because every dollar in property destroyed by fire, which so frequently is the result of "careless" house-keeping in the home and in the average place of business, is a serious drain upon our present economic condition.

Third, because every job created in connection with the Clean-Up Campaign not only develops fire protection, but supplies better sanitation and public health. It creates an atmosphere of encouragement.

Now, Therefore, I, C. T. Schlagal, Mayor of the City of Crowell, hereby set aside the days of April 9 to 12, 1940, as City of Crowell Clean-Up Campaign days.

Mrs. H. Schindler is hereby appointed as chairman of the committee to supervise this work in the residence part of the city, and Audie Brown is hereby appointed as chairman of the committee to supervise this work in the business part of the city. The above chairmen are hereby authorized to appoint such help on their committees as they think necessary to handle this Clean-Up Campaign.

I call upon the schools, churches, clubs, civic organizations and all good citizens to co-operate in the observance of this campaign. I further urge that all our citizens consult with their committee chairmen as to the best ways and means of conducting this campaign so as to be of the most benefit to our entire citizenship.

Witness my hand and seal of office this the 3rd day of April, A. D., 1940.

C. T. SCHLAGAL, Mayor, City of Crowell, Texas.

Co-Operation of People Is Urged In 1940 Census

The people of Foard County are urged to co-operate with the census enumerators now taking the 1940 census as there is only a limited time for the workers to complete their report and any delay will hinder them in their work. Full co-operation on the part of the people with the enumerators is necessary in Uncle Sam's ten-year roll call.

There have been several instances during the first few days where the enumerator is asked to return for the information with which to fill in the blanks. This is an unnecessary delay and costly to the person who will call upon you, so it has been advised that the heads of the households of the county write this information upon a sheet of paper so that it will be ready when the enumerator calls.

The person who will call at your home is thoroughly drilled in obtaining the necessary information for the blanks and all facts concerning information given will be kept in confidence.

Scrimmage Opens Second Week of Spring Practice

Wildcats to Meet All-Stars in Tilt Monday Afternoon

Two elevens from Coach Grady Graves' group of aspirants for the 1940 Crowell High School Wildcat football team battled to a scoreless tie in the first scrimmage of the spring training period last Monday afternoon, to open the second week of practice.

Each team was headed by two of the four captains and the boys were equally matched as was indicated by the score. Each boy turned in a good performance for the amount of training he had received, as only seven of the entire group saw any service last year. Of these seven, only one, Bill Ownbey, was a regular last year.

Next Monday afternoon, the Wildcats will get their first test of strength when they scrimmage (Continued on Last Page)

County, Crowell School Trustees Will Be Selected in Election to Be Held on Saturday, April 6th

Verbal Bomber

A member of the crew of a British bombing plane demonstrated the method of dropping propaganda leaflets on enemy territory. The verbal bombs are slipped through a chute and scatter as they fall.

There will be a trustee election for each school in Foard County on Saturday, April 6, at which time twenty-four trustees will be selected, according to information released this week from Judge Claude Callaway. Two of the trustees will be for the Crowell Independent School District, two precinct trustees, one trustee-at-large and the others will be for schools outside of the Crowell school district.

The two precinct trustees will be elected to the county school board. The names appearing on the ballots for these positions are A. Weatherall and S. Moore.

The name of N. J. Roberts will appear on the ballots for trustee-at-large. The trustee-at-large also serves on the county board. The county board is composed of a trustee from each commissioner's precinct and the trustee-at-large.

The polls will open at the schools listed below at 8 o'clock Saturday morning and will close at 6 o'clock.

Crowell Election

An election will also be held for the Crowell Independent School District on Saturday, April 6, for the purpose of electing two trustees. The election will be held in the Justice of the Peace's office in the court house and will be in charge of G. A. Mitchell, presiding judge.

The Crowell trustees whose terms expire this year are J. W. Bruce and R. L. Taylor, whose names will appear on the official ballot for re-election.

A trustee-at-large for the county will also be selected Saturday, and his name will also appear on the ballot on which qualified voters of the Crowell district will vote. N. J. Roberts' term in this office expires, and he is also a candidate for re-election.

The ballot will carry the following names:

Trustee-at-large—N. J. Roberts, Trustee, Precinct No. 2—Silas Moore.

Trustee, Precinct No. 3—A. Weatherall.

These trustees elected will serve on the county school board. In the county trustee elections there will be no names on the ballots and voters must write in the name of their choice for trustee. All qualified voters in precincts two and three will be allowed to vote for the county trustees.

Following are the trustees whose terms expire and the schools which they serve and where the boxes will be located:

Four Croners, No. 1—Zeké Bell and Ernest McFadden.

Thalia, No. 3—L. H. Hammonds, W. J. Long and H. L. Swan.

Gambleville, No. 4—Dave Solis.

Margaret, No. 6—George Reithmayer.

Black, No. 8—C. D. Hall.

Vivian, No. 9—Ike Everson.

Riverside, No. 12—H. L. Ayers and R. G. Whitten. Three trustees will be elected for this school.

Foard City, No. 13—T. F. Welch, T. W. Lewis and S. E. Crosoe.

Claytonville, No. 14—W. M. Cox. Two trustees will be elected for this school.

Good Creek, No. 18—L. R. Scott. Two trustees will be elected for this school.

Judge Callaway asks that those in charge of the boxes in this election bring the returns to the commissioners' court on Monday in order that the canvass of the votes may be made while the court is in session.

NEW CAR REGISTRATIONS

The following new motor vehicles were registered in the office of the tax assessor-collector during the past week:

Coy Ward, Plymouth sedan. Eleanor Pennington, Ford sedan.

Carl Damron, Ford sedan. Ruth Patterson, Plymouth sedan.

Wade Barker, Ford coupe.

LARGE TURKEY EGG

A large turkey egg was brought to The News office Monday morning by Earl Davis, who lives about 7 miles south of Crowell.

This is the largest egg to be exhibited in some time and probably the largest turkey egg to be brought to Crowell in many years.

The egg measured 9 1/4 inches around the ends and 8 inches around the middle.

HOUSE COMPLETED

Remodeling of the old Kirkman home three blocks northeast of the square, by C. B. Graham, was completed Wednesday. The house is now a 4-room stucco structure and contains bath and other modern conveniences. The Kirkman home was one of Crowell's old landmarks, being one of the first houses to be built here.

J. A. Scofield, district agent, and Mrs. Isla Mae Chapman, district home demonstration agent, of the Extension Service in College Station will be in Crowell Friday afternoon, April 5, for the purpose of holding a meeting on planning mattress making in Foard County.

The meeting will be held in the district court room of the court house and everyone is invited to attend. Other than Mr. Scofield and Mrs. Chapman, there will be district representatives from other agencies; every member of the county committee, commissioners' court and the county home demonstration council will be present at the meeting.

Recently an experimental project in supplying mattress materials to low-income farm families was initiated in 12 counties in Texas. In brief the project operates in about the following manner:

The Federal Surplus Commodities Corporation in co-operation with the Agricultural Adjustment Administration and the Extension Service undertakes to supply to each low-income farm family —

that is, a farm family having an income of \$400 or less per year—50 pounds of cotton and ten yards of mattress ticking. Under the supervision of the Extension Service this material will be processed into mattresses by the recipients. There is no cost to the recipient other than the time and labor in processing the materials plus possibly a small charge of a few cents for the necessary thread and such other small accessories as might be necessary.

In the counties where the experiment is now under way there is an enthusiastic response to this project, and the Extension Service has had numerous inquiries from other counties requesting that this project be extended to those counties.

According to information from the Washington office, the minimum quantity of materials that may be requested is 12 bales of cotton and 1,200 yards of ticking, which is sufficient material to make 120 mattresses. At the present time mattresses are available only to low-income farm families and only one mattress to a family.

HEADED FOR THE Big League?
It's HARD to tell... but EASY to pick a winning oil

WILL this lad ever be a likely candidate for a berth with a major league club? Even an experienced baseball scout, who spends his life scanning the sand lots and combing the bush leagues, would need a crystal ball to answer that one.

But you don't need to spend your life learning how to judge the value of lubricants... you don't have to do any crystal gazing... to choose a winning oil for your motor. It's easy to tell. This is why:

Without reservations of any kind, we frankly publish the fact that **Phillips 66 Motor Oil is our finest quality**... the highest grade and greatest value... among all the oils we offer.

That makes it easy for you to get a big-league oil. Just drain and refill your winter-worn lubricant with Phillips 66 Motor Oil at the **Orange and Black 66 Shield**.

The Finnish comment that she was "deserted by the world's democracies" has a sad ring of truth in it. England and France committed a tragic error in failing to get aid to Finland. The moral effect of stopping Russia at Finland's borders would have been worth all it cost the allies. Czechoslovakia was deserted, Poland was deserted and now Finland has been deserted. What faith can the little nations place in the promises of France and England?

The man who doesn't advertise likes to point to the time honored saying, "the world will beat a path to the doorway of the man who makes a better mousetrap." He overlooks the fact that before the world can do anything toward beating a path its got to know about the mousetrap, and also the name and address of its maker. It takes advertising to spread that news these days.

Bill Introduced by Ed Gossett Passes House

Washington, D. C., April 1.—The House of Representatives today passed a bill by Congressman Ed Gossett entitled "A Bill to provide for the transfer of United States prisoners in certain cases."

Mr. Gossett told the House of Representatives that his bill sought to secure closer co-operation with the Federal Government with the States in the matter of law enforcement and that the bill would "plug a big hole in our defense against crime."

Under this bill Federal prisoners will be brought back to states demanding them for trial on felony indictments or to serve sentences for felony convictions. In his statement to the House of Representatives, Mr. Gossett referred to the case of a former sheriff of Foard County, Que R. Miller, who was sentenced to the Texas penitentiary in 1934 for misapplication of public funds.

Gossett stated: "Ex-sheff Miller was released from a Federal penitentiary in Atlanta in December of 1935 even though he was wanted in Texas to complete service on three convictions and to answer several indictments of felonies. Texas was unable to secure his return. Had this bill been the law, Que Miller would have been returned to Texas by the Federal Government for the completion of his Texas sentences."

What We Think (By Frank Dixon)

From time to time there is launched against J. Edgar Hoover, chief of the Federal Bureau of Investigation, charges of various types tended to discredit him in the eyes of the people of the country and especially those in authority.

The purpose back of these charges, however, they are disguised, is to turn this department of the government over to the politicians that they may have an equal lot of appointments that may be made to reward political henchmen.

The Federal Bureau of Investigation, as it has been built up under Mr. Hoover, is the most effective crime preventive organization in this country. It came into being at a time when kidnaping, bank robbing and gangdom had reached such a height in this country that it was outstanding in all the world.

Before the bureau was organized by Mr. Hoover gangdom flourished and went unpunished. Local authorities were unable to cope with it and convictions were rare. Under these conditions gangdom grew bolder and bolder as local law enforcement agencies one by one gave up the effort to bring the gang overlords to justice.

Kidnaping had become a common thing. It had become a species of brigandage that was carried on with a reasonable degree of safety and little likelihood of apprehension of the kidnapers. Attracted by the success of a few bolder leaders the wave had begun to sweep the country until no one of means felt safe from their periodic raids.

Bank robbing had become a profitable venture that could be pursued with rich rewards and little likelihood of capture. Good roads and fast cars aided the robbers to rob a bank and in a few hours disappear several hundred miles from the scene of their operations.

Crime of all kinds, protected by powerful and ruthless gang overlords, was at flood tide. Local enforcement agencies for the most part were helpless, either through fear or a feeling helpless futility.

This was the condition of this country when Mr. Hoover organized on its present basis the Federal Bureau of Investigation and made of it an organization of men trained in the detection of crime rather than a haven for politicians' henchmen. Mr. Hoover set up his organization on the theory that to catch a criminal one must have men smarter than the criminal. Our present system of political appointments of ward heelers to political jobs rarely, if ever, provides this intelligence.

The people of America who are interested in honest and thorough law enforcement should guard zealously the Federal Bureau of Investigation as it is operated under Mr. Hoover's direction. The enervating and amoral blight of the politician's slimy trail should never be permitted to cross its threshold or to blight its efficiency. In the effort to do this the politician, the arsonist, the bank robber, the kidnaper, the vice overlord, the gangster and the political corruptionist will work hand in hand and see eye to eye, for against all of such J. Edgar Hoover and his splendid organization is the sworn, the relentless enemy.

EGG SHIPMENTS INCREASE

Austin, Texas, April 1.—Thirty-five carloads of Texas eggs were shipped to market during February, the University of Texas Bureau of Business Research has reported. In February, 1939, only eighteen cars moved.

Shipments of chickens, however, sank 31 per cent below February, 1939, totaling only 38 cars, while turkey movement remained the same—seven cars.

West Texas Chamber Sends Freight Rate Equality Resolution

Abilene, April 1.—A freight rate equality resolution has been presented by the West Texas Chamber of Commerce and the Freight Rate Equality Federation for consideration by the United States Chamber of Commerce at its next convention.

The resolution as sent to W. Gibson Carey, Jr., president of the USCC, Washington, D. C., by D. A. Bandoen, WTCC general manager, and J. M. Willson, Floydada, FREF president, is as follows:

"Resolved that the national transportation system be revised to the end that transportation charges shall be required to preserve the inherent advantages of each form of transportation; to pay adequate operating and dividend returns, and to bring about equality and uniformity in rates as between the different sections of the United States in line with operating costs.

"We believe the first two provisions of the resolution are already a part of the policies of the USCC but that the organization has yet made no declaration relative to the third provision in which the Southwest is vitally interested," Bandoen said.

WTCC officials hailed the March 14 decision of the Interstate Commerce Commission refusing to reopen for reargument the long-fought South-to-North freight rates case, but warned that Texas and the Southwest must secure reduction in their own rates or they will be at further disadvantage because of the lower rates in the Old South.

In its recent ruling the ICC refused to reconsider its previous decision to lower rates on 18 commodities from the South to North to approximately level of rates on North to South shipments. The new rates, which reduce the Southern differentials by about 37 per cent, will become effective June 1.

"This decision is important to Texas and the Southwest because it sets a precedent for freight rate equality, for which the WTCC has been battling for a long time, officials said.

"The decision, however, in giving the Old South parity with the North on 18 commodities makes our Texas differentials even more harmful," Mr. Bandoen pointed out.

"The decision puts the lie to propaganda recently circulated to the effect that our commodity rates are lower than in the North. Along with the recent Texas Railroad Commission ruling removing differential rates in far West Texas, the ICC decision establishes, for the first time in 50 years, a precedent for knocking out this nefarious zone system of making rates," the WTCC manager declared.

"It likewise emphasizes the need for action on the part of the state freight rate fact finding committee which was given funds by the Legislature to prosecute a case before the ICC for freight rate equality in Texas. If the case for Southern rates is right, then our case is even more just, since our rates not only are higher than those in the North, but also are higher than those in the Old South."

Claude Callaway Enters Race for County Judge

The News is authorized this week to announce the candidacy of Judge Claude Callaway for County Judge and Ex-Officio County School Superintendent subject to the action of the Democratic primary in July.

In making his announcement, Judge Callaway released the following statement:

"In announcing my candidacy for re-election as county judge and ex-officio county school superintendent of Foard County, I fully realize that I am very late about making my announcement, but I was a very sick man the first part of the year when other candidates were making their announcements. This long spell of sickness has left me in bad financial condition but I think that I am the happiest man living, since the Almighty God has allowed me to regain my health and to be a well man again.

"As to my qualifications, I feel that there is but little that I can afford to say, for the people of Foard County have made me all that I am and any success that I have made as your county judge, I owe all of the credit to you, for the wonderful co-operation that you have given me. I feel sure that I know every phase of your county's and school's business affairs and if you see fit to re-elect me as your county judge, I think that you will find me in the future just like you have in the past, big enough to be your county judge, yet humble enough to be your servant.

"Even though I am very busy with the many duties of my office and the great work program that our county now has in progress, I plan to find time to see each of you personally and solicit your vote and influence."

Boliver Started New World "Good Neighbor" Policy

The "good neighbor" policy fostered among New World nations, in which President Roosevelt and Secretary of State Hull have been extremely active, was "fathered" back in 1826 by Simon Boliver, who called the first meeting of nations comprising the Americas, according to Pedro de Alba, assistant director of the Pan American Union, writing in the Rotarian Magazine.

To Bolivar's first meeting of American nations go the beginnings of the Pan American Union, which will celebrate its 50th anniversary on April 14. The fact that this birthday can be celebrated is a hope for the future, de Alba asserts. He points to the Union as an instrument of co-operation and goodwill, and says: "The governing board of the Pan American Union presents a vibrant and healthy example of the way in which problems facing an international order might be met. An atmosphere of understanding and tolerance bars sterile controversies, but at the same time a sense of responsibility makes each representative a devoted spokesman for his own country."

Harry Hines to Discuss Campaign Issues Frankly

San Antonio, April 1.—(Special)—Asserting he would not build up "straw men" to knock down, but would talk about realities, Harry Hines, candidate for Governor, said in an address broadcast from here tonight he would make his pledges to the people as the campaign progresses and that "as Governor you will not find me throwing them overboard afterwards."

Hines, who is completing a six year appointive term as State Highway Commissioner, said he would discuss the issues facing Texas in a series of broadcasts every Monday night in a frank, plain manner and that he would not try to create false or manufactured issues, nor hedge, or camouflage.

Declaring that "the recognized press and radio stations of Texas are good enough for me," Hines said "I want it clearly understood now that I will not use any radio stations in a foreign country to bring these messages to Texas people, nor will I publish a house organ, or political newspaper.

"Also, if I find it necessary to talk about so-called 'professional politicians,' I will have the honesty and the courage to call them by name, and tell you what I mean by a professional politician," Hines said. "If I think any newspaper, or any newspapers are subsidized or controlled by harmful special interests, and are being used against the public good, then I will have the honesty and the courage to tell you which one, or ones I am talking about, and why."

According to Julian Wright of Vernon, Farm Security Administration supervisor, many small farmers of the county are operating under such a top-heavy load of debt they can never hope to pay out and it is often just a matter of time before back payments and interest force them to give up and quit farming—a great calamity both for the family and the community.

G-Man Hoover Says Today's Criminals Are Grown at Home

Criminals, like honest and law-abiding citizens, have no mysterious origin, but are "home grown," charges J. Edgar Hoover, America's Number One G-man, who fixes responsibility for crime within the family circle in his current Rotarian Magazine article on juvenile delinquency.

There will be a meeting of the Crowell Townsend Club tonight (Thursday) at 8 o'clock in the district court room. Everyone invited. An interesting program awaits you.

"Character, good or bad, gets its original 'set' at the dinner table, in front of the living-room fire, in the basement workshop or playroom, even perhaps in the wood-shed—wherever parents and their children meet, live with one another, react on one another," Hoover tells Rotarian readers. Very few parents consciously and wilfully instill criminal ideals in their youngsters, he says, but criminal tendencies are picked up outside the home because of improper background training.

Economy Butane gas systems are fully automatic.—W. R. Womack.

"Boys seek the street and the outside, and become receptive to the criminal ideas and ideals of tough pals or gangs, usually for just one reason: somehow, whether because of indifference, ignorance, laziness, or stupidity, the home and parents have failed," he reasons out of 15 years' experience based on hundreds of cases. That this is true—and discouraging—is shown in the fact that throughout the past year the largest number of individuals arrested by ages fell in the 19-year-old group, while those 18 years were second. One out of every five persons arrested was under 21 years of age.

Mr. and Mrs. W. H. Grimm and Mr. and Mrs. E. M. Pollock and grandson, Steven Rayburn Taylor, of Oklahoma City visited Saturday and Sunday with Mr. and Mrs. George Wesley and family and other relatives and friends in Crowell and the Margaret community.

"The greatest of all recipes for crime prevention is understanding of boy nature by older people, especially parents. It is chiefly from homes where misunderstanding or indifference occurs which drive boys into haphazard relationships outside, that the men are recruited whom we of the Federal Bureau of Investigation later know, and conduct nationwide hunts for, as kidnapers, murderers, forgers, thieves, rapists, and other public enemies," G-Man Hoover asserts. "The threat of criminality has to be fought on every front where it shows its ugly head. But it is too bad that we have to ruin so many lives that could be useful, simply because the right influences are not present at the right time." Everyone—parents, taxpayers, and possible victims of criminality—must enlist in this war on crime, he says, adding: "The finest victories against crime can be won before individuals become criminals."

Mrs. Emma Howard returned Monday from a visit with her daughter, Mrs. Geo. Bateman, and family near Poughkeepsie, Ark. She resumed her duties in the office of Dr. Hines Clark Tuesday morning.

counselor, discussed several articles from "The Clubwoman" on safety. She suggested that since this is the golden anniversary of the General Federation, each one mark the calendar for April 24, and to listen over the Columbia network at 2 o'clock on that day for a program celebrating the Jubilee.

The hostess served a salad course to members and Mrs. H. K. Edwards as a guest.

B. & P. W. CLUB

The club enjoyed a lovely Easter dinner Thursday, March 21, with Misses Blanche Hays, Gussie Todd and Alma Walker as arrangements committee.

The table was decorated with potted lilies and tulips and a large Easter bunny and Easter eggs. At each place was a green nest with hen and eggs. Place cards were small hand-made Easter bunny cutouts.

Guest speaker for the evening was Mrs. T. B. Klepper, who talked about "Easter Pageants." Mrs. Alva Spencer played a piano solo and contests appropriate to the season were enjoyed.

On Monday night, April 1, the club sponsored another 42 and bridge tournament. This was for the milk fund.

COLUMBIAN CLUB

Miss Joellene Vannoy was hostess to the Columbian Club at the O'Connell Lunch Room on Wednesday, March 27.

The subject of the afternoon's study was "Education," concerning which the following quotation was quite apt: "To insure happiness, security and the better life, instruct the mothers of men."

Answering roll call each member told of something the Texas Federation of Women's Clubs is doing for education.

Mrs. R. L. Kincaid was leader of the program and discussed the Golden Jubilee, as this year marks the 50th anniversary of the organization of the General Federation of Women's Clubs, which now has a membership of 2,000,000 women. The Texas clubs were federated 10 years later, in 1900.

"Outstanding accomplishments of Women of the Past" was the subject brought by Mrs. T. L. Hughston, in a very interesting way, as she gave a brief history

of a number of women of both the United States and Europe and the way in which they had benefited mankind.

Mrs. N. J. Roberts discussed "Women Leaders in Various Fields of Activity," of whom she said "there names are legion" and that there were few fields of endeavor in which women do not stand out.

"Adult Education — a New Deal Project," was well brought out by Mrs. M. O'Connell, saying this was a great movement and that it had already lessened the number of illiterates in the United States.

The hostess was assisted by Mrs. O'Connell in serving lovely refreshments to the members and two guests, Mrs. B. J. Smith and Mrs. Dameron Spruell.

BIRTHDAY PARTY

Mrs. Mack Edens was hostess at a delightful birthday party at her home in the Thalia community Wednesday evening, March 27, honoring R. H. Cooper Jr.

Games of forty-two were enjoyed by the guests and refreshments of ice cream and cake were served.

Those present were Mr. and Mrs. Bailey Rennels, Mr. and Mrs. R. H. Cooper Jr., Mr. and Mrs. Loyd Fox, Mr. and Mrs. Oneal Johnson, Mr. and Mrs. Royce Cato, Willie Cato, Mrs. Howard Bursey, Mr. and Mrs. Crews Cooper and Mr. and Mrs. Mack Edens.

FORTY-TWO CLUB

The Forty-two Club was entertained by Mrs. Thomas Hughston in her home Wednesday afternoon. Attractive spring tallies and bouquets of spring flowers were suggestive of the season.

After several hours of the game, in which an "84" floating prize provided much merriment, a delicious ice course was served to the members and one guest, Mrs. R. J. Thomas.

CROWELL W. M. S.

Mrs. S. S. Bell and Henry Borchardt were hostesses to members of the Woman's Missionary Society at Mrs. Bell's home Monday afternoon. After a short business session Mrs. H. Clark gave the devotional and Mrs. Borchardt gave the history of the life of Walter Lambert, missionary and world traveler.

Highlights of the thirtieth annual Missionary Conference held in Plainview last week was given by Mrs. J. A. Stovall. She stated this was the last annual meeting where the organization would be called Woman's Missionary Society, but that after plans were perfected for the united auxiliaries, it would be known as the Women's Division of Christian Service.

She told of the reports given by Miss Sue Stanford, missionary at home on furlough from Virginia School in China, and of the growing need for teachers and doctors in the part of China occupied by the Japanese. Miss Stanford expressed the belief that Japan will never conquer China.

Another speaker who was enjoyed by all delegates at Plainview was Miss Thelma Stevens, superintendent of Christian Social Relations, stationed at Nashville, Tenn. She named the liquor problem, needs of migrants, training of Negroes, and survey of rural youth problems as immediate aims of this department of

THALIA 4-H CLUB

"A chicken house should have good ventilation, dropping pit, and some good nests," stated Miss Joellene Vannoy at the Thalia Girls 4-H Club on March 27.

At the next meeting the club will go out to Dorothy Mae Hlavaty's to see her chicken brooder house and hen house. The meeting will be on April 10.

INVITED TO TARLETON

Dean J. Thomas Davis, head of John Tarleton College, sent invitations last week to Mr. and Mrs. P. B. Flesher and Mrs. P. H. McLean inviting them to attend the Parents' Day program to be held at that institution on May 5.

Included in the day's activities will be a pageant, "Tarleton on Parade," band concerts by both boys' and girls' bands, military drills, a review, and a talk by Rev. W. H. Andrews of Bryan.

Texas Federation of Garden Clubs to Meet April 11-12

Temple, April 1. (Special)—In preparation for the Texas Federation of Garden Clubs scheduled to meet here April 11 and 12, the hosts, Temple Garden Club and The Temple Gardeners, have made elaborate plans. Banquets with bouquets will be the keynote of the sessions, according to Mrs. J. B. Stanton, general chairman of the meeting. A banquet honoring the President, Mrs. Will Lake, Fort Worth, will be held on the Doering Hotel roof, April 11 and two luncheons, plus a pilgrimage of Temple gardens ending with a tea at sunset, will be held on the second day, April 12.

Mrs. Will Lake announced yesterday that she had appointed on the attendance committee, Mrs. R. L. Kincaid, president Crowell Garden Club, Crowell.

against eleven All-Stars and fans should be looking forward to this practice session in order to watch the 1940 gridirers under fire. The scrimmage will be held on the high school gridiron at 4 o'clock.

Monday's Scrimmage

One of the leavens in the scrimmage last Monday afternoon, the Packers, was led by H. C. Brown and Jimmie Williams, and the second, the Redskins, was headed by A. Y. Olds and Glendon Russell. These four boys show great promise of being among the district's outstanding players next season, as all did well with the Wildcats last season, and in the training period are looking to be in rare form.

Although the game was scoreless, the Packers had the edge in the offensive department, due largely to Ownbey and Brown in the backfield, however, the Redskins, with only one experienced player, Olds, in the backfield, had the strongest defense, and the Packers were forced to the air during the greater part of the scrimmage.

The Packers made several threats upon the Redskins' goal line, but were never able to produce the scoring punch. They once carried the ball to the two-yard line, but their attack bogged down at that point, and the Redskins kicked out of danger.

All of the lads showed good defensive prospects and just how they will click in offensive tactics can not be determined until next fall when Coach Graves will devote most of the time to offensive play.

The lineups for the two teams are as follows:

Redskins—backs, A. Y. Olds, Albert Bird, Daurice Naron, Dewitt Cauthan; ends, W. D. Hudgeons, David Parkhill and Wilburn Davidson; tackles, T. L. Owens and Charlie Thompson; guards, Glendon Russell and Bob Spears; center, Joe Wells.

Packers—backs, Bill Ownbey, H. C. Brown, Duane Capps, Ralph Flesher; ends, Jimmie Williams and J. T. Hughston; tackles, H. A. Phillips, S. J. Lewis and Harold Canup; guards, Fred Ely and Rudolf Halenack; center, Alton Roark.
