"Iron Man" Jack Kern to Perform Feats of Strength Here Saturday

Will Pull Truck Weighing Over 5 Tons at 2 P. M.

Contests for Kiddies Featured In Free Program on Streets

The "Iron Man," Jack Kern, will give an exhibition of strength and physical endurance, denoting standing physical development, at the demonstration Saturday afternoon at 2 o'clock on the east side of the city. This will be Kern's second appearance in Crowell as he has given a good, clean, entertaining program here featuring feats of strength never before seen in Crowell.

Sponsored by Merchants. This outstanding entertainment program on Saturday afternoon will be free to the public as it is sponsored by merchants and business whose names appear in an advertisement elsewhere in this issue of the News.

In his demonstration Saturday, Kern will pull a truck loaded with gasoline and oil along the street and then will pull a truck loaded with a tractor and farm equipment. Each of the trucks will weigh a gross weight of over five tons.

In each of the three pulls that will make, Jack will employ the leverage of a motor vehicle, putting the weight of the engine on his own body.

Jack will make one pull using a rope around his neck. In the second feat, the "Iron Man" will use a pair of pants taken from the stock of a local store to pull the heavily loaded truck. In the third pull, Jack will demonstrate the strength of his arms as the truck will be tied to the truck with a recent contest with the Par Junior College football player.

The "Iron Man" held a rope in the crook of each arm and clasped his hands together and 28 sky gridmen, 14 pulling on each side, were unable to open his arms.

The third pull, probably the most dangerous of his performance, will be made with an inner-tube tied to the truck and placed around his body. The danger of a stunt lies in the fact that the pressure could break under the strain and cause him bodily injury.

Contest for Kiddies

Jack's hobby is kids and for that reason he is arranging his program so that the smaller boys and girls of Foard County may take part.

Miss Allen will present in her demonstrations new recipes of meats, vegetables, salads, breads, cakes and pies, and women desiring to keep a permanent record of Miss Allen's recipes are requested to bring their note books.

Foard County Will Enter Wild Flower Show at Childress

Over 1 Inch of Rain Recorded Wednesday P. M.

Moisture Brings Relief After Days of High Winds

Relief from high winds was brought to Foard County Tuesday night and Wednesday when a general rain was received in this area. One and two-tenths inches of rain were recorded at the Crowell State Bank and rain reports from the communities of the county were about the same at the recording made here with the exception of the west part.

With this rain many feel that the county will be assured a fair wheat crop this year. Fortunately, this rain came at the right time to be very beneficial to crops.

Due to the fact that the ground was wet from recent rains, much water was caught in tanks and only a hard rain is needed to fill the lakes and tanks of the county.

My Mother— A Prayer

FOR the body you gave me, the bone and the sinew, the heart and the brain that are yours, my mother, I thank you. I thank you for the light in my eyes, the blood in my veins, for my speech, for my life, for my being. All that I am is from you who bore me.

For all the love that you gave me, unmeasured from the beginning, my mother, I thank you. I thank you for the hand that led me, the voice that directed me, the breast that nestled me, the arm that shielded me, the lap that rested me. All that I am is by you, who nursed me.

For your smile in the morning and your kiss at night, my mother, I thank you. I thank you for the tears you shed over me, the songs you sung to me, the prayers that you said for me, for your vigils and ministrings. All that I am is by you, who reared me.

For the faith you had in me, the hope you had for me, for your trust and your pride, my mother, I thank you. I thank you for your praise and your chiding, for the justice you bred into me and the honor you made mine. All that I am you taught me.

For the sore travail that I caused you, for the visions and despairs, my mother, forgive me. Forgive me the peril I brought you to, the sobs and moans I wrung from you, and for the strength I took from you, mother, forgive me.

For the fears I gave you, for the alarms and the dreads, my mother, forgive me. Forgive me the joys I deprived you, the toils I made for you, for the hours, the days and the years I claimed from you, mother, forgive me.

For the times that I hurt you, the times I had no smile for you, the caresses I did not give you, my mother, forgive me. Forgive me for my angers and my revolts, for my deceits and evasions, for all the pangs and sorrows I brought to you, my mother, forgive me.

For your lessons I did not learn, for your wishes I did not heed, for the counsels I did not obey, my mother, forgive me. Forgive me my pride in my youth and my glory in my strength that forgot the holiness of your years and the veneration of your weakness, for my neglect, for my selfishness, for all the great debts of your love that I have not paid, mother, sweet mother, forgive me.

And may the peace and the joy that passeth all understanding be yours, my mother, forever and ever. Amen.

WHEAT

Safety First

When you begin hauling your wheat to the elevators, you may intend to sell it, but by the time you get through hauling it, the market might break, and you might keep it a week, a month, or a year.

Any elevator might be in fine financial condition now, but in twelve months, conditions could be different.

We could have cyclones, fires, explosions, speculations, and many ways your wheat would not be there when called for.

Just any elevator ticket is no more than confidence in the elevator, and is good just so long as the elevator company is good.

So we have made our elevator a Government approved elevator, and can issue a warehouse receipt that will be paid at any time, and is just as safe as your Government.

Be on the safe side, and bring your wheat to a Government approved warehouse.

During the many years in which the strong man has traveled over the country performing his feats of strength, he has helped thousands of boys develop strong, healthy bodies and has actively engaged in training Boy Scouts. The "Iron Man" has even turned down contracts to endorse cigarettes in fear that he might give growing boys a "bum steer."

All of the kids who wish to enter Jack's contests here Saturday are urged to be here at 4 o'clock. There will be two contests and each will be open for all comers. The winners will receive either ice cream or bread as prizes.
Ripley Features "Iron Man"
 Jack has been compared in Ripley's "Believe-It-Or-Not" column to red ants and lowly Texas fleas. It was shown that the ant could pull 275 times his own weight on a level surface and the flea could pull 300 times his weight, however, the "Iron Man" has pulled 307.2 times his weight, thereby being nominated the world's strongest creature for his size.

Defeated Giant in Contest
 Although Jack weighs only 170 pounds, he holds the world's record for moving the greatest load with the human body. In a contest at St. Louis with a giant strong man of Coblenz, Germany, he defeated his 242-pound opponent by four tons to defend his championship. In this contest, Jack pulled 24 tons a distance of 45 feet up a one per cent grade. Positively no collection taken or nothing sold.

NOBODY'S BUSINESS
 BY JULIAN CAPERS JR.

Austin.—Assuming the role of elder statesman, and still making no declaration of his expected entry into the gubernatorial race, Railroad Commissioner Ernest O. Thompson centered the attention of political observers of Texas upon himself this week, by a radio address in which he advocated a 5-cent a barrel tax on oil, to raise \$25,000,000 for social security, teachers' retirement and other state fiscal needs. Thompson vigorously opposed the sales tax. He said he was speaking as a "public official" and that he believed "all public officials should speak out on public questions."

Inside information here was that Thompson will get back into the Governor's race, and his re-entry may change the complexion of the race considerably. His tax talk might easily have been the opening speech of a declared candidate.

Think Thompson Candidate
 Thompson's re-entry, after he started to run for Congress in the Amarillo district, and then with-

draw, will undoubtedly affect most the race of Harry Hines, who is generally regarded as having gotten the jump on other anti-sales tax candidates as a prospective run-off opponent of W. Lee O'Daniel. There is not a great deal of difference between Hines' and Thompson's taxation programs, except that Hines proposes to raise \$15,200,000 instead of Thompson's \$25,000,000, and Hines also advocated an increase of present absurdly low franchise taxes on corporations. Hines' proposal probably would call for an increased oil tax equal to about one-half of Thompson's proposed "nickel for Grandma," and, since oil and gas are produced in such a large proportion of Texas counties now, it is likely Hines' program would have more chance of enactment than Thompson's.
 Reports here indicate that much of the strength which Thompson polled as runner up to O'Daniel two years ago has held together, and that he will prove a formidable bidder for the anti-sales-tax, natural resources taxation group of voters. Canvasses of the state by various headquarters here indicate that there is still a preponderantly strong sentiment against a sales tax in Texas, and with only O'Daniel and Ferguson advocating a sales tax—each under a different fancy name—and all other candidates opposing it, experts here regard the enactment of a sales tax next session as very unlikely.

Truce Declared
 To avoid open conflict in the statewide precinct conventions, to be held within a few hours after this column is written, Congressman Sam Rayburn and Congressman Lyndon Johnson worked out a truce between Garner and Roosevelt leaders, under which it was agreed Rooseveltians would not oppose a movement to give Garner a complimentary "favorite son" vote at the Philadelphia convention. The agreement provided that the Roosevelt-Garner administration would be endorsed by Texas' democracy, and that the Garner endorsement must not be used as a "Stop Roosevelt" movement. Myron Blalock and Gene Germany, Garner leaders, accepted the terms of the truce, which was said to have been approved by Roosevelt personally. Some localities reported the truce did not end plans for an out-and-out endorsement of Roosevelt and a third term pledge of Texas' support.

Austin Notes
 Gov. O'Daniel named Reuben Williams, Fort Worth lawyer who has been one of his assistant secretaries, as campaign manager, and plans to polish up his white sound truck, hire some musicians to replace Leon and the others who quit to join up with Jerry Sadler, were under way. The Governor was expected to take the field soon after the close of the filing date, June 3. . . . Seventeen candidates now seek election to the post of Railroad Commissioner, to succeed Lon Smith, and Walter D. Hood, former head of the law endorsement division of the motor transportation bureau, resigned and was expected to become No. 18 candidate. Olin Culberson, another ex-employee who battled the gas companies for lower rates, and regarded as one of the top candidates, opened his campaign with a big rally at Hillsboro, where he was formerly county judge. . . . Amon Carter, the Fort Worth publisher who is never at a loss for words to express his vigorous convictions, got considerably the best of his controversy with Harold Ickes, Secretary of the Interior, over Honest Harold's political activity in Texas.

Four Crowell Men Have Narrow Escape When Boat Overturns

"Fisherman's luck" held true with four Crowell fishermen at Lake Kemp last Saturday afternoon when their boat overturned, losing their fishing equipment and camping supplies and causing them the inconvenience of hanging to their boat until they were rescued. They were Lee Black, Merl Kincaid, Ernest Spears and Crews Cooper.
 The accident occurred at East Coffey Creek as the fishermen were going out to an island to make camp. They were about 200 yards from a point to land when the boat overturned and were forced to hold to the boat they were forced to hold to the boat for some time until aid reached them.

The exchanges between these two able expressionists gave the whole state a good laugh, but Mr. Ickes didn't add anything to his reputation as a file-tongued debater when he tied into Carter.

Mrs. LeQuesne—
 (Continued from Page 1)

est King, accompanied by Mrs. Arnold Rucker, sang three hymns which were favorites of the deceased.

Fannie Lee, daughter of Presley S. and Mary Schooling Ray, was born in Metcalf County, Ky., Nov. 25, 1862. She moved with her parents to what is now Foard County in September, 1884, and lived on the farm where her brother, John S. Ray, makes his home, until her marriage. She was married to G. S. LeQuesne at the family home April 3, 1894, by Rev. I. R. Jacobs, pastor of the Presbyterian Church of Vernon.

For several years Mr. and Mrs. LeQuesne made their home in Foard and Hardeman Counties, but for more than twenty-five years had lived in Fort Worth.

Although her health had been poor for several years, her condition did not become critical until about two weeks prior to her death. According to those closest to her, Mrs. LeQuesne's greatest joy was in ministering to her husband and loved ones. All of the children in the neighborhood knew and loved her. She loved flowers and her rose garden responded well to her care. Her soul was filled with music, and her family will cherish the memory of her sweet voice singing as she went about her household duties.

Mrs. LeQuesne is survived by her husband; one brother, John S. Ray, of Thalia; two sisters, Mrs. John Pirie of Dallas and Mrs. John MacDonald of Timaru, New Zealand; also by a number of nieces and nephews.

Funeral services will be held in the high school auditorium Friday evening, May 17, at 8 o'clock.

Officers Warn People Against Paying for "Easy Money" Ideas

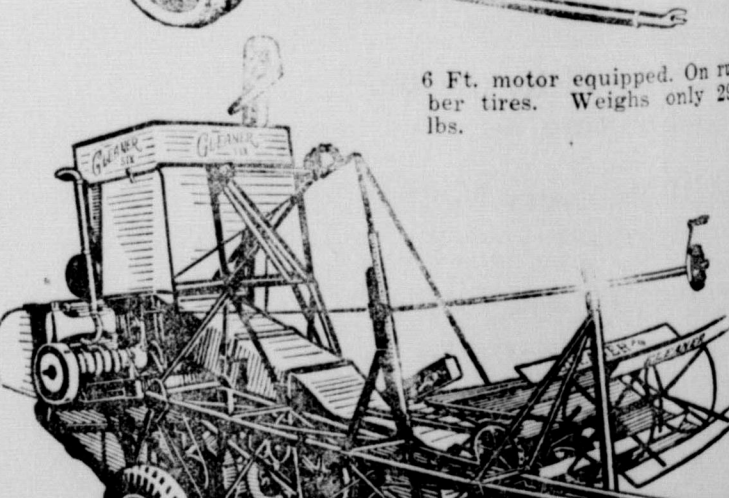

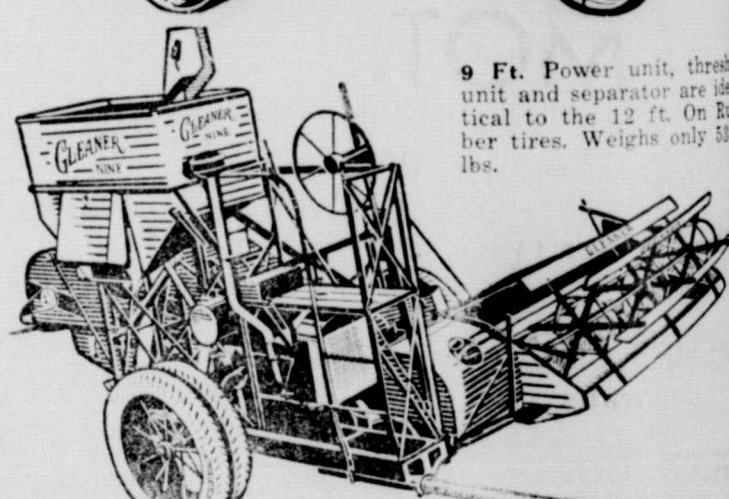

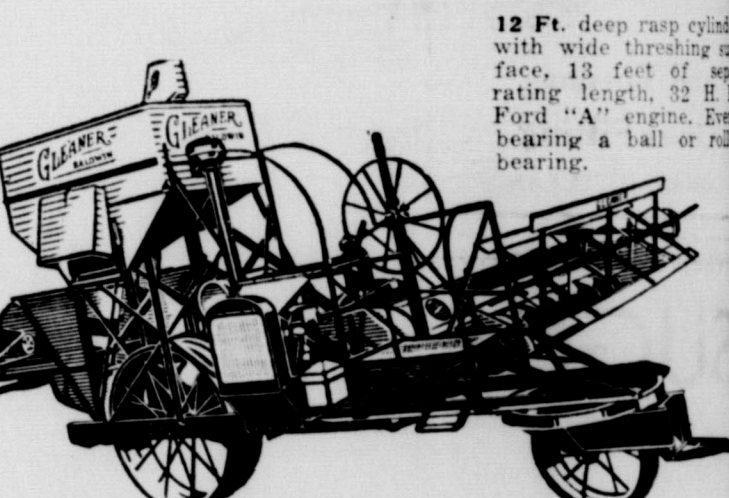

Local officials issued a warning this week to the people of Foard County against being swindled into buying something that will not be delivered after such a racket was uncovered and broken up by Crowell and Vernon officers last week.

According to Sheriff A. W. Lilly, there were two Crowell men who lost about \$50 each and a group of Paducah men lost over \$100 before the racket was stopped.

Following is the way the swindle was carried on. The victim was first approached by a man, usually known to him, and told how easy it was to make money by buying counterfeit bills. The schemer then produced a brand new, real United States bill and told the victim that it was a "bogus" bill which would pass anywhere and that he could get him a large number for a comparatively few dollars.

GLEANER BALDWIN
 The Original Auger Type Combine
 Gleaner Baldwin originated and pioneered the auger type combine which was promptly recognized by the farmer as simple and practical. Its popularity and reputation have never been equalled. The direct feed to the rasp cylinder and the two fan system of separating and cleaning afford the most efficient separator ever designed for combine use. The higher resale value of used Gleaner Baldwins is evidence of their superior construction and performance. Over twenty-five thousand satisfied owners is its best recommendation.

FOARD COUNTY Softball News

Something occurred this week in the Foard County Softball League that rarely happens in any league. There isn't a team in the cellar, believe-it-or-not. They are all on the top rung of the ladder, tied for that place with a percentage of .500 per cent.

Last Thursday night, the Margaret boys dumped the high ranking Rayland lads by a score of 18 to 4 to put the Crowell Aces in temporary command. Then the Phillips Oilers came along on Monday night and politely blasted the Aces, 12-5, to throw every team in the race into a tie for first.

From that standpoint, softball fans of the county will see the teams fly at each other during the next week in their efforts to remain on the top of the list.

The game which would have broken this four-way tie, scheduled between Margaret and the Oilers on Tuesday night, was rained out. This game will be played at a later date.

Livestock Killed When Truck Wrecks Near City Tuesday

Ten head of livestock were killed when a truck overturned about one and a half miles west of Crowell on State Highway 28 Tuesday night near 11 o'clock. The truck was owned by C. A. Stokes of Lubbock and was occupied by two men, neither of whom was injured.

The driver stated that he was forced from the road by a car approaching on the wrong side of the road and lost control of his truck when it reached the wet road shoulders. The truck, traveling eastward toward Crowell, plunged down a 10-foot embankment before overturning, pinning the livestock under the heavy trailer bed.

The occupants of the cab escaped injury due to the fact that the truck overturned in such a manner that the cab came to rest in the bed of a creek with the body of the truck holding the weight of the load from the cab.

Five-in-One Girl Wins Second Place in Typing Contest

Miss Lavoy Burke, typing student in the Five-in-One school near the line of Foard and Wilbarger Counties, won second place in the State Interscholastic League Typing contest in Austin Saturday.

The typing instructor in the Five-in-One school is Henry Teague, a native of Foard County and the son of Mrs. L. Kamstra of Crowell. Mr. Teague accompanied his typist to Austin and, no doubt, is greatly pleased that she won second in a contest that covers the big state of Texas.

Programs for the closing of the Five-in-One school are now in progress and the school term will be completed May 17.

Margaret Church Sponsors Candidate Speaking for May 13

A candidate speaking for Monday evening, May 13, is being sponsored by a native of Foard County and the son of Mrs. L. Kamstra of Crowell. Mr. Teague accompanied his typist to Austin and, no doubt, is greatly pleased that she won second in a contest that covers the big state of Texas.

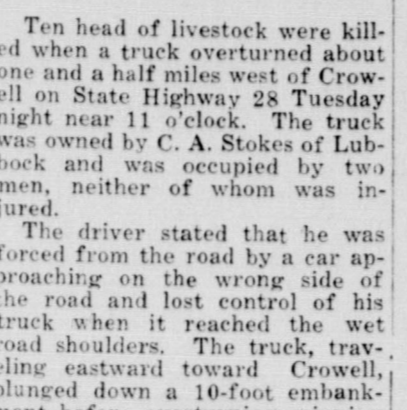

Programs for the closing of the Five-in-One school are now in progress and the school term will be completed May 17.

CCC Enrollment for Foard County Slated For Month of July

The next quarterly CCC enrollment for this district will be held in July and in order for Foard County's applicants to be included in the enrollment, it will be necessary for those wishing to enter a CCC camp to place their applications at the relief office in Crowell at an early date. Mrs. R. S. Carroll, who is in charge of the local office, stated this week.

The more applications received here will give the county a larger quota for this enrollment, so all applications should be placed as soon as possible. Monday of each week will be given to this work at the Crowell office.

R. R. Donaghey Seeks District Attorney Post

R. R. Donaghey, well known Vernon lawyer and at present a member of the Legislature from Wilbarger and Wichita Counties, has announced as a candidate for the office of District Attorney for the 46th Judicial District. In making his announcement, Mr. Donaghey issued the following statement:

"If elected to the office of District Attorney I expect to devote all of my time to the preparation and trial of felony cases. Every case should be thoroughly briefed and all the evidence fully presented to the members of the jury in order that they may have all material facts before them to aid them in their deliberations.

"The prosecution of felony cases requires a seasoned and experienced lawyer. In the trial of important cases he must cope with the best legal talent in the country. A prosecuting attorney should be well versed, not only in the criminal law but in the civil law as well, because the successful prosecution of criminal cases often requires an understanding of civil procedure. In fact, many times important civil law questions figure in criminal prosecutions and an understanding of them is necessary to determine whether criminal statutes have been violated, or in what way they have been violated. This is especially true in theft and embezzlement cases.

"If elected I have no intention of attempting to substitute my views and opinions for the statutes as passed by the Legislature, or of deciding that some laws ought to be enforced and others ignored. I shall prosecute with vigor all cases presented by the grand juries. As to my ability and integrity as an attorney I gladly give as references attorneys and

First Methodist Church
We were happy to meet so many at the services Sunday, and appreciate your attendance and co-operation. We wish that all of the membership would use the talents that the good Lord has given to you. What a church we would have.
Next Sunday is Mother's Day. We shall remember her with special services—come and honor your mother. Looking backward into childhood one sees the time spent at his mother's knee as a time of comfort and meaningful experiences. The religion and comfort gained at mother's knee is lost because we have neglected the lessons learned there. In our lives there seems no place for communion with God in privacy and seclusion.

We also neglect to gather our children around our knees and instruct them in God's ways. Public worship in the church, important as it is, can never take the place of worship in the home. For if one form of worship is neglected, the other is also overlooked.
J. Edgar Hoover has very aptly said, "If the youth of today receives proper instruction at the knees of its parents, aware of a sacred place in the home, in the future we will not have to number the criminals sought in the millions."

Our revival is at hand. We trust that every member of the church will make special plans to be in each service and give themselves to this, the biggest event in our town and church for the year.
W. B. HICKS, Pastor.

Christian Science Services
"Adam and Fallen Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, May 12.

The Golden Text is: "That which is born of the flesh is flesh; and that which is born of the Spirit is spirit" (John 3:6).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "As for me, I will behold thy face in righteousness: I shall be satisfied, when I awake, with thy likeness" (Psalms 17:15).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "A demonstration of the facts of Soul in Jesus' way resolves the dark visions of material sense into harmony and immortality" (page 428).

It is with glad hearts that we come to the time of the year that is set aside for the special purpose of paying tribute to our Mothers. SPANISH BANQUET

(A. Y. Olds)

The annual Spanish banquet for the first and second year Spanish classes was held by Miss Helen Yeats Monday of last week at the DeLuxe Cafe. This was a typical Spanish banquet with Spanish decorations and food.

An interesting program was provided for the classes. Typical Spanish music was played by Ebb Scales; Spanish legends were told; and later, the game, "Ferdinand the Bull" was played. All of this provided an interesting Spanish program with a Spanish atmosphere.

As all of you know there is only two more weeks of school and, of course, there will be graduation. Most of you have friends in the graduating class and do not yet realize that some of them you may never see again. Here is a small incident that some may remember: A group of seniors and a junior or two were talking and one senior said, "You know in about four more weeks we will all be gone and on our way." One junior laughed. You may all laugh if you want to, but it won't be quite so funny when those two more weeks are up. And we, the seniors, will look back, I am sure, and long for our high school days and some of you most wonderful underclassmen. We wish you all a lot of luck and hope to see you sometime in the future.

Then, until we all meet again, we ask you to take care of yourselves, dear old CHS, the faculty, and our superintendent. We all hate to leave very much.

"I'm sure that all the seniors feel as Hank does about graduating, so, underclassmen and juniors, why not show them just how much we hate to lose them, too?"

CAT'S CLAW

Seven more days and we'll be free, from this awful misery. No more lessons, no more books, no more teachers' dirty looks.

When! Remember Willford Ellis, who used to live here, who now lives in Paducah? He very innocently visited our little city Sunday night and—? Margaret Claire Shirley was riding horseback that afternoon and her poor old horse just wouldn't ride double—until Willford came along! And that night another little (oh, yeah) blonde sophomore practically hung a "I own him" sign on

the poor boy, much to the disgust of Evelyn Jean Scales. Oh, hum! These snakes in the grass! Jesse Whitfield doesn't seem to be crying over his loss of Beverly Hughston, does he? In fact, Saturday night he seemed to be enjoying himself very much with Jenny Dee Coffey.

Marjorie Davidson, the lucky stiff, was stepping out with A. Y. Olds, this last week-end.

We wonder how the Jr-Sr picnic is going to turn out? It's bound to be nice, because just look who's going!

We think Richard Bird and Reed Sanders make a darling couple. Keep it up, kids.

We think that "Himmie Williams" and John Lee Orr's red hair is just simply—er—beautiful!

Well, kids, the time has come! We've been keeping you in suspense all year and we won't do it any longer! Now, for Kitty's real name. She really doesn't want it revealed until next week, but after all—her name is TABBY CAT—so there, too!

See you next week, kids. Tabby. P. S.—Don't fail to read next week's edition.

FRESHMAN NEWS

(Betty Zeibig and Rita Callaway)

We, the freshmen, want to thank sincerely all upperclassmen for not breaking into our pleasures this year. We hope the fish of '41 will have as easy a time as we did! We also enjoyed having Miss Cogdell as our sponsor this year—hats off to you, Miss Cogdell. Thanks also to our class mothers, Mrs. H. K. Edwards, Mrs. W. B. Tysinger and Mrs. E. A. Evans.

All the fish are wondering when Mary Jo Brook is going to give the boys a break—ah, come on, Mary!

Dovey Barker is in love! Ah, gee! Ain't love grand? Who is the lucky guy, Dovey?

12 Local Tuberculous Patients Admitted to State Sanatorium

Sanatorium, May 6. — During the past five years 12 tuberculous patients from Foard County have been admitted to the State Tuberculosis Sanatorium, according to a recent check of admission records of the large, 1,000-bed state hospital.

Since the State Sanatorium began operation in 1912, a total of 27,466 patients from all parts of Texas have been received for treatment, said Dr. McKnight, superintendent of the institution for the past twenty-six years.

Dr. McKnight declared the sanatorium was one of the largest tuberculous hospitals of its kind on the South. He said that of the 1,974 tuberculous patients treated during the past fiscal year, 91 per cent or 1,808, showed definite physical improvement at the time of their discharge from the sanatorium.

The hospital, located seventeen miles northwest of San Angelo in Tom Green County, provides nine months of treatment for Texas citizens. Bona fide citizens residing in the state for a period of not less than three years are eligible for admission. The institution also maintains a modern, 187-bed preventorium for tuberculous children. Treatment is free to those unable to pay.

President Roosevelt Signs Gossett Bill

Washington, D. C., May 4.—Among the bills signed this week by President Roosevelt and becoming law is H. R. 9047, by Congressman Ed Gossett, of Wichita Falls. This law provides for the transfer by the Federal Government of Federal prisoners to states demanding them for trial or to serve convictions for felonies.

In commenting on this law, Gossett stated: "This bill provides for better co-operation by the Federal Government with the States in the matter of law enforcement. It will save needless trouble and expense of foolish extradition proceedings between states where the custody of Federal prisoners is demanded by any State of the Union. It is a small step in the right direction and will help in our fight against crime."

"While I was District Attorney in 1934, I prosecuted and secured the conviction of a former Sheriff and Tax Collector of Foard County for the embezzlement of public funds. In January 1935, this ex-sheriff was placed in the Federal Penitentiary to serve a sentence for conspiracy and counterfeiting. In December 1935, he was turned out of the Federal Penitentiary in Atlanta, Georgia, and although he was under several convictions and indictments in Texas, our State was unable to secure his return. Under this new law, the Federal Government would have brought him back to Texas before releasing him."

We will never be able to express how much the many words and acts of kindness helped to ease our wounded hearts, and also for the beautiful floral offerings. Any oil-change helps "youthify" your engine...but not like this change to OIL-PLATING

You change to an OIL-PLATED engine by changing to Conoco Germ Processed oil—patented. It goes in like any oil and is priced as low as any. But a costly extra ingredient—created in the laboratory—technically described in the Patent Office—energizes this oil to couple up direct to inner engine surfaces. The connection is as close as that of any plating on your car. A plating is not in the habit of getting wiped away at speed, or of draining down at a standstill, and so that all goes for OIL-PLATING.

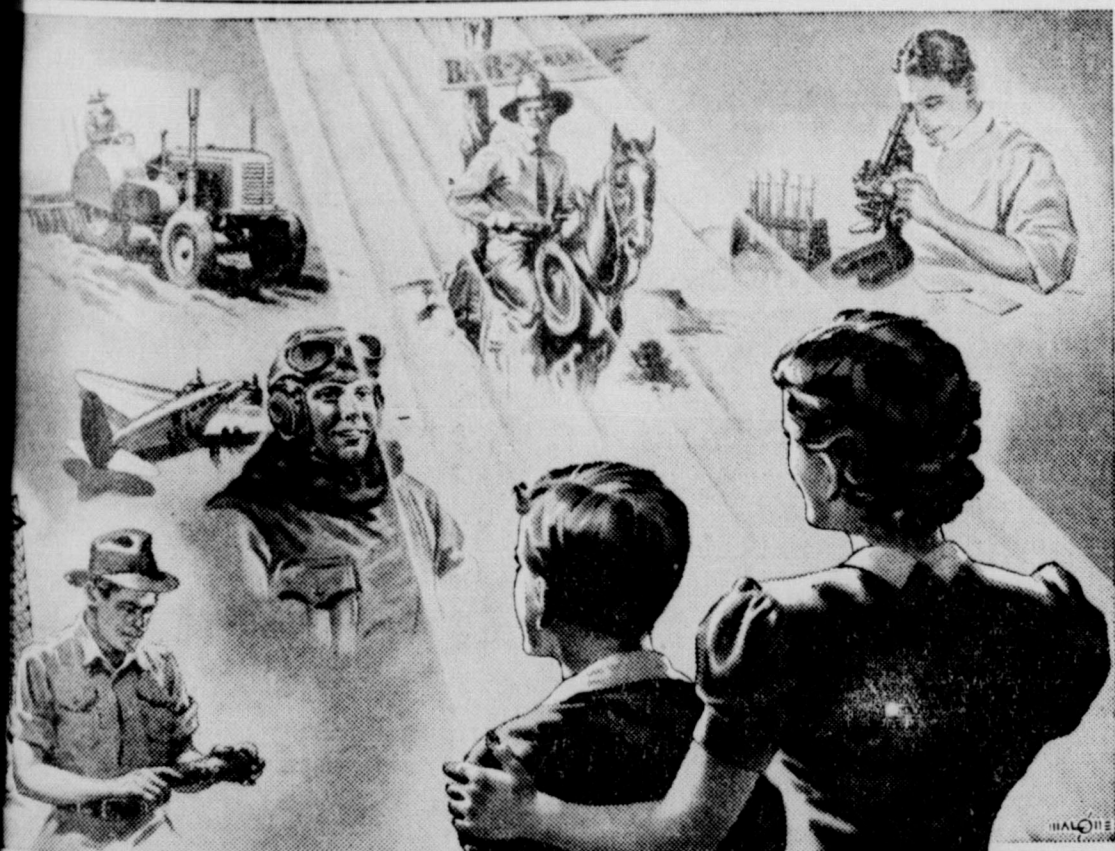

Then no matter how long the car stands or runs with Germ Processed oil in the crankcase, the OIL-PLATING still stays up to its topmost point in each cylinder—fastened up to its job when fluid oil-film couldn't be. You get a great fluid oil-film, mind you, with Germ Processed oil, but in addition you get OIL-PLATING... drain-proof... a fixed defense against the strong assaults of Summer wear. Helping to keep up your engine, OIL-PLATING helps to keep up the level of your Germ Processed oil. Even in an older engine its economy may remind you of "the first year." WHEN Your Boy Grows Up!

ALL mothers and fathers want their children to have worthwhile employment when they grow up.

The Texas oil business is manned by Texans... the Texas boys and girls of yesterday. 225,000 of them earn good livings for themselves and their families—a yearly payroll of \$271,000,000.

Oil pays good wages... maintains reasonable working hours... and offers opportunity for promotion.

Old age retirement and unhampered development of the oil business will provide many new jobs each year for our young Texas workers.

But the growing tax burden is a serious factor in wages and employment, since the Texas oil industry now pays taxes equal to 36 per cent of its labor payrolls.

Unwise laws and excessive taxes can retard and stop the growth of this industry which means so much to the future employment of our boys and girls.
