

THE FOARD COUNTY NEWS

AND CROWELL INDEX

THIRTIETH YEAR NUMBER 43

CROWELL, FOARD COUNTY, TEXAS, THURSDAY, APRIL 10, 1941

\$2.00 A YEAR EIGHT PAGES

PROCLAMATION

By the Mayor of the City of Crowell

The days of April 14 to 26, inclusive, have been designated as SPRING CLEAN-UP CAMPAIGN days in Crowell.

The Spring Clean-Up Campaign this year should be made the best and most thorough in the history of Crowell.

First, because April 28 and 29, is the Golden Anniversary of Foard County, and everyone in Crowell should take pride this year in making this Clean-Up Campaign the best in our history.

Second, because every dollar in property destroyed by fire, which so frequently is the result of "careless" housekeeping in the home and in the average place of business, is a serious drain upon our present economic condition.

Third, because everything done in connection with the Clean-Up Campaign not only develops fire protection, but supplies better sanitation and public health. It creates an atmosphere of encouragement to others to clean up around their homes and places of business.

Now, therefore, I, C. T. Schlagal, Mayor of the City of Crowell, hereby set aside the days of April 14 to 26, 1941, as City of Crowell Clean-Up Campaign days.

The following are appointed to see after the Clean-Up in their respective parts of the residential district of the city, Mrs. Grover Cole, Mrs. Mike Brown, Mrs. W. A. Cogdell, Mrs. M. O'Connell, Mrs. Merl Kincaid, Mrs. Ernest Spears, Mrs. Lewis Ballard, Mrs. Hines Clark, Mrs. A. D. Campbell, Audie Brown is hereby appointed as chairman of the committee to supervise this work in the business part of the city. The above are hereby authorized to appoint such help as they think necessary to handle this Clean-Up Campaign. Everybody is hereby especially asked to co-operate by having their trash hauled to the dump ground.

I make Clean-Up Campaign to cover two weeks this year, although one week or less is usually designated, I do this to give everyone plenty of time and I hereby urge that everyone give all the time possible to this campaign and keep working until the 26th, so our town will be the cleanest in its history for the big celebration.

I call upon the schools, churches, clubs, civic organizations and all citizens to co-operate in the observance of this campaign. I further urge that all our citizens consult with the above named committees so as to insure co-operation in making this campaign be of the most benefit to our town as a whole.

Witness my hand and seal of office this 7th day of April, A. D., 1941.

C. T. SCHLAGAL, Mayor, City of Crowell, Texas.

Dinner Chairman and Golden Jubilee Ham

Claude Callaway is shown at left holding a large ham which he has set aside to prepare for the Golden Jubilee. He has named it a "Golden Jubilee Ham."

Preparations for the basket dinner which will be spread on tables in the streets of Crowell on the first day of the Golden Anniversary Jubilee, April 28, are progressing nicely and more than enough food to take care of the huge crowd expected in this city on that day will be brought by the people of the county, according to a report from Mr. Callaway, chairman of the dinner committee.

Mr. Callaway stated that all of the people in the various communities of the county have expressed much enthusiasm concerning the basket dinner and that practically everyone is planning to prepare a large basket of food to be served to visitors of the Jubilee on that day. He also reported that more interest is being shown this year than it was five years ago when he was chairman of the dinner committee for the 45th Anniversary Jubilee. At that time, several thousand people were fed at the basket dinner.

Golden Jubilee Rodeo Entrance Fee Is \$5 Per Event Entered

During the past few days, it has been circulated in this vicinity that the entrance fee to any contest in the amateur rodeo to be held in Crowell during the Golden Anniversary Jubilee on April 28 and 29 would be \$20. This is an error as the entrance fee to each single event is \$5.00, so that if a person were to enter all of the events, the total fee would be \$20.00, but the fee to any single contest is only \$5.00. This error had caused much discussion among amateur performers in this section and could easily handicap the rodeo, due to lack of contestants, unless every person who has talked or heard of such a high entrance fee do everything possible to correct this error.

George Self, general chairman, is in possession of a number of event cards which clearly states that the entrance fee to any event is \$5.00 and how the mistake was started is not known, but everyone is asked to correct it as soon as possible.

Our Weekly Sermon

By Rev. Clarence H. Benson, Director of Christian Education Course, Moody Bible Institute of Chicago.

The Unfinished Task
Text.—This gospel of the kingdom shall be preached in all the world for a witness unto all nations; and then shall the end come.—Matthew 24:14.

I. The Fact.—"This gospel of the kingdom." The Bible is not a supposition or a speculation, but a revelation of fact. The Scrip-

ture cannot be broken, because its contents are a series of verified facts. The apostles were threatened, persecuted, and martyred, yet they persisted that they were but speaking the things which they had seen and heard, Luke says that he wrote nothing except what was delivered unto him by eyewitnesses. He insists that his gospel was built upon many infallible proofs. Peter substantiates his mission and his ministry in his dying message: "We have not followed cunningly devised fables, when we made known unto you the power and coming of our Lord Jesus Christ, but were eyewitnesses of his majesty."

2. The Field. No person can be a follower of Jesus Christ until he recognizes the world as the field of his religion. He must think and talk and act in world terms. He must overcome racial prejudice and exclusive selfishness. Christ thought and talked of the world. Paul recognized that the world was his field, and extended his business into the remotest corners of the earth.

3. The Force. "This gospel shall be preached for a witness," Mark says. "The gospel must first be published among all nations." Christ said, "Ye shall be witnesses unto the uttermost parts of the earth." The force is the factor that conveys the good tidings. It is, or at least should be, the church. What sort of a force is a church? What sort of a force are we proving to be to the uttermost parts of the earth?

4. The Finish. Today you and I stand looking upon "The task the centuries might have done, now crowded in the hour of setting sun." What we need, what the world needs today, is to be reminded that there is an end at hand, and that it may be at our very doors. Never since the days of the apostles has the world had better facilities of transportation and communication. Never before have so many Bibles been printed. Never before have such efforts been put forth. It is not presumptuous for us to believe that the unfinished task may be accomplished in our day. What an opportunity! What a responsibility! Where will the end find you and me?

What We Think

(By Frank Dixon)

The approach of the time when spring elections are held brings to attention the question of suitable men for the several positions to be filled.

Taking my own town as an example I think that too often we fail to give the attention we should give to the men we vote for and permit to be offered to the voters in our city elections and for places on our school board.

In my opinion our proneness to pay little or no attention to the candidates who present themselves for office reacts to our detriment. We are prone to complain about our tax burdens and the mistakes of administration after the mistakes have been made and it is too late to correct them.

I presume there is a natural hesitancy to speak out in a country town where everyone knows everyone else, and a less impersonal relationship exists than exists in larger towns where everyone is not more or less intimately acquainted with everyone else.

In my town this spring we are faced with a situation that is typical in too many towns over the country. Two citizens who for personal reasons two years ago became enemies of the superintendent of the city schools, started out to "get" the superintendent, a man against whom, by the way, there was little if any other criticism.

By misrepresentation and pernicious activity they have built up a following against the present superintendent and at each city election endeavor to bring out a candidate for the school board who is pledged to vote to dismiss the present superintendent.

The situation keeps the superintendent in a mental turmoil and unable to do his best work. The board sessions are unpleasant for the reason that the two parties in question strive to make them so. The schools of the town are being caused to suffer because of the vindictiveness of two narrow minded vengeful characters.

In our city election, for purely personal reasons, one group this year is promoting a man wholly unfit and unsuited for the place on the council to which he aspires. He has none of the qualifications desirable in this particular office in our town.

For purely personal gain this group would displace a man qualified in every way for an inefficient and wholly incompetent old man.

This situation actually exists in my town. I have no doubt that it will be duplicated many times over this country in the spring elections. It is unfortunate indeed that the welfare of the whole community, its schools, and the city in general is going to have to suffer because of men of this type. It is one of the weaknesses of the popular vote system. Unsuspecting voters are too easily misled by charlatans and demagogues and self seekers.

The good people of the town are going to pay for this wrong in impaired schools and less efficient management of their city as well as in higher taxes.

POLITICS IN THE DRIVER'S SEAT

March 1, the U. S. and British Governments spent about \$2,137,000,000 enlarging or building defense plants. Another \$393,000,000 worth of plants was financed privately, the agency estimated.

Information on how to get orders, the OPM stated, is readily available from their Defense Contract Service offices at every Federal Reserve Bank. The agency warned, however, that agents of "contacts" cannot help get a contract, and any contract obtained through an agent on a fee basis is subject to cancellation.

Defense Investigations Senator Truman (D. Missouri), announced his special Senate committee was ready to begin its investigation of the defense program for the information of the Senate, and the House voted authority to the Military and Naval Affairs Committees to conduct similar investigations.

Aid to Democracies President Roosevelt announced he had released \$500,000,000 in equipment from present Army and Navy stocks for transfer abroad.

Ships Seized The Coast Guard took into custody 28 Italian, 2 German, and 35 Danish merchant ships in American waters to prevent sabotage.

Pan-American Relations Congress passed a resolution warning aggressor nations the U. S. would not recognize the transfer of Western Hemisphere possessions to a non-American power, and providing joint hemisphere defense measures in such cases.

Sabotage The Office for Emergency Management announced a comprehensive program for fire and sabotage protection under the supervision of State Fire Co-ordinators and local Defense Fire Chiefs.

Army Air Expansion The War Department announced ten additional flying schools are planned at Macon and Albany, Georgia; Selma, Alabama; Ellington Field, Texas; Bakersfield, Taft, and Mather Field, California; Phoenix, Arizona; and Las Vegas, Nevada, as part of the program to train 30,000 pilots a year.

District Meet (Continued from Page One) declamation division, Helen Jo Callaway won first place in the girls' contest and John Thomas Raso placed second for the boys.

at Biloxi, Mississippi; Wichita Falls, Texas; Scott Field, Illinois; Lowry Field and Fort Logan, Denver, Colorado; Chanute Field, Illinois; and at 15 civilian schools.

New Army Units The Army announced plans to form 300 new units composed of 148,000 draftees who will complete 13 weeks' initial instruction at replacement centers by June 30.

Defense Housing Defense Housing Co-ordinator Palmer announced completion of 5,425 defense dwelling units and the letting of contracts for an additional 1,800 units—making a total of 45,000 units on which work is ready to start.

Selective Service The Selective Service System formed a medical advisory council to improve the System's medical examination techniques and plan health programs for men rejected as physically disqualified.

Navy Progress The Navy announced it completed in the last month construction of six warships—four destroyers and two submarines—giving the Navy 329 combat ships as of April 1—15 battleships, 6 aircraft carriers, 37 cruisers, 164 destroyers, and 107 submarines.

Labor Disputes An OPM survey showed more defense strikes had been caused by union disputes than by demands for higher wages. The President stated mediation would be given a full and fair trial before he would sponsor new labor legislation.

Price Stabilization National Defense Advisory Commissioner Henderson, in charge of price stabilization, issued price schedules for zinc and zinc scrap, soft coal, and iron and steel scrap.

LETTERS

(From Former Residents)

Portales, N. M., April 1, 1941. Gentlemen: I am quite interested in the Golden Jubilee Celebration you are planning for the 28th and 29th of April. It would be a "high day in Israel" for many "old-timers."

There is nothing I would enjoy more than to attend this glorious home-coming and I shall do my best to be there. Should anything come up to prevent my coming, I just know I will be with you in spirit, if not in person.

Thank you for your gracious invitation.—Mrs. J. Frank Potts, Portales, N. M.

Sulphur Springs, Texas, April 1, 1941. Dear Friends: I feel very grateful for the invitation to the Golden Jubilee on April 28 and 29, and am trying to arrange so I can be there on that date as there will always be a warm place in my heart for the Foard County folks and I enjoy being with you. Mrs. Gafford will not be with me as she is still in bed, has been in bed for 16 months, but some folks. She often speaks of you folks and the fine time we had five years ago and the get-together at that time. Yours truly,—Ellis Gafford.

Dallas, Texas, April 1, 1941. Kind Friends: In answer to your nice letter of invitation to the forthcoming celebration of Foard County's Golden Jubilee, please allow me to say I am proud to be classed as a pioneer, as I have endured the hardships and enjoyed the thrills of many trips up the trail. I will mention my first trip. On All Fool's Day in 1890, 51 years passed today, at Benbrook, Texas, I fell in with one R. S. Patton. (My Dear Daddie), to help drive a small herd of cattle to free grass. Well, after battling them along for 15 days, we found what we were looking for and turned them loose in the Chain Seven pasture on that noted creek, "Talking John."

There was an abundance of grass, but a super abundance of panther, lobo wolves and rattle snakes. At that date this was Hardeman County, but one year later became Foard County. A few days after the Crowell-Sandrock battle, I rode down to check over the spoils and I found Crowell, but I say it is the headquarters of the world's best people, and I don't mean maybe.

On April 27, I expect to duplicate my trip of 1890, only in a different mode of travel. This time I will be riding in a Dodge coupe, the first time on a stick horse.

Each and every one who is putting forth an effort to make the coming event, which I know will be a grand success, I say it is very, very commendable. Hitler may try to bomb me, but I shall have a strong convoy, my brother, Orville. Yes, we intend to meet with you—wouldn't want to miss it. Yours for a grand time.—C. O. Patton, Dallas.

Pueblo, Colo., April 4, 1941. Gentlemen: In reply to your recent invitation to the Foard County Golden Jubilee, I don't know of anything I'd enjoy so much as visiting with my many friends at the date set, but can't make any definite promise right now.

If for any reason a trip would be necessary to your city, I will try to be there on that date. Thank you for your nice letter.—E. G. Campsey.

Houston, Texas, March 26, 1941.—Dear Mr. Thompson: The bank is in receipt of your letter telling us of Foard County's Golden Jubilee celebration, to be held on the 28th and 29th of April. On behalf of the officers and other

pay for the medical expenses incurred when David Parkhill received a broken leg in a practice game recently.

Lineup

The lineup for the Wildcats will be as follows: Alton Roark and Charlie Thompson, ends; T. L. Owens and Harold Canup, tackles; Fred Pierce and Paul Vecera, guards; Kenneth Archer, center; Albert Bird, quarterback; Rudoff Halenak, right half; Dewitt Cauthan or Charles Nelson, left halfback; and Bobby Spears, fullback. Other Wildcats who might see service are Gordon Erwin, Bobby Hunter, Clifford White and Bill Owens.

The Senior's lineup will be: Wilburn Davidson and Junior Haseloff, ends; Murrell Diggs and Stanley Sanders, tackles; Roy Lee Weathers and Daniel Briscoe, guards; Charles Davis, center; A. Y. Olds, quarterback; Maurice Ray Naron, right halfback; Ralph Flesher, left halfback; and Duane Capps, fullback.

Play All-Stars

The Wildcats scrimmaged an all-star team composed of Thalia and Crowell players Tuesday afternoon and won 20 to 12.

The Wildcats scored first with Bird driving through the line for several yards. The conversion attempt from placement failed. The second high school score was turned in by Bird who crossed the goal stripe on an end run. Bird added the extra point with a plunge through the line.

A hide-out pass play, McKown to Gamble, carried the ball to the Wildcats' two-yard line and after three stabs at the line, McKown put it over on the fourth down. The extra point try failed.

The high school lads came back with a score through the air with Nelson passing to Roark for the tally. On a fake kick play, Bird ran the ball over the goal line for the extra point.

On the last play of the scrimmage the all-stars made the hide-out pass work again with McKown passing to Hudgeons for the score. The conversion failed.

The lineup for the all-stars was as follows: L. Wisdom and Clifford White, ends; R. C. Bell and Murrell Diggs, tackles; Bill Owens and C. Woods, guards; W. D. Hudgeons, center; Paul McKown, McKinley, Howard Gamble and Duane Capps, backs.

During the past few weeks, the Wildcats have been working in preparation for the coming football season and the boys given in the high school lineup above appear to have the inside track on the first string berths, however, there are a number of the rookies who have been doing excellent work and if they fail to win their letters next year, they have shown that they will be strong Wildcats of the future. The most outstanding of the rookies have been Clifford White, Lowell Campbell, Clay Vessel, Pat McDaniel, Gordon Erwin, Bobby Hunter, Billy Fred Short, Bill Owens, and David Parkhill, who is at present out of practice because of a broken leg.

Wool Blanket, Made in West Texas, Given WTCC Museum

One of the first 100 blankets ever manufactured in West Texas, a product of the West Texas Woolen Mills in Eldorado and one of three bought by the West Texas Utilities Company at the auction sale and formal opening of the mills in February, has been placed in the Resource and Museum Institute of the West Texas Chamber of Commerce in Abilene.

Blanket Presented to WTCC Officials

The blanket was presented by Price Campbell (right), president of the pioneer utilities company, to WTCC officials, D. A. Bannan (left), general manager, and Malcolm Meek (center), treasurer.

Auctioned off by Gov. W. Lee O'Daniel, speaker and auctioneer at the formal opening, the blanket is to become a permanent part of the wool and mohair exhibit in the Museum and Institute, visited by thousands of people annually.

The gift to the WTCC was made following a tour of the mills by Mr. Campbell.

"West Texas produces the climate, the grass, and the people who in turn produce some of the best cattle, sheep and goats in the nation," he said. "This region is becoming famous for its wool and mohair and now is the world's largest market. There is no reason why we cannot do as good a job processing it as we do raising it."

"This mill," he predicted, "is destined to grow and become the forerunner of a great industry in which a native product is produced, manufactured and sold—all here in this region."

"We hope that placement of the blanket with the West Texas Chamber of Commerce will help lead to further progress and expansion along this line," he added, "and that successful operation of the Eldorado plant will inspire other industrial undertakings throughout West Texas."

Bannan said that "it is a valuable addition to our collection of West Texas resources and manufactured products" and pointed out that all West Texans "are mighty proud" of the West Texas Woolen Mills and the fact that the first wool manufacturing plant in the state is located in West Texas in the center of the greatest wool-producing area in the world.

"Thousands of out-of-state visitors to the Institute and Museum each year will inspect the blanket and learn that West Texas is turning from the 'raw material capital

of the world' to an industrial region as well," he declared. "We are very grateful to the West Texas Utilities, which long has been a friend to agricultural and industrial development throughout West Texas, for this gift. It will do much to help build up a market for the Eldorado product and to advertise the fact that virgin wool can be manufactured right here at home."

Of the other two blankets bought by the utilities through its district manager at San Angelo, H. H. Batjer, and Eldorado local manager, Jerry Pennington, one is to be kept on display in the San Angelo district headquarters while the other is being retained by Mr. Campbell for exhibition in his office.

Methodist Church
More people go to church somewhere on Easter Sunday than any other given Sunday in the calendar year. The general theme of the messages is that of victory rather than defeatism. The songs are filled with hope and assurance and the bursting forth of spring giving new life to nature, all seem to say to man it is time to live gloriously. We invite you to church services next Sunday hoping that you may find just that atmosphere that will meet and satisfy the inner longing for a spiritual uplift. You will have visitors possibly, but they, too, will appreciate being in services on this glorious day. In honor to Him who sacrificed so willingly for you and me, let's find our way to the house of worship on this, the greatest day in the Christian's calendar.
Sunday School convenes at 9:45 with church services at 11 a. m. and 7:30 p. m. The Woman's Society of Christian Service meets on Monday, 3 p. m., and other services announced at church hours. We will continue in revival services at Thalia Methodist Church through the week, but will be back for the morning service

in Crowell Sunday. The hours of services at Thalia are 10:30 a. m. and 7:45 p. m. The visitors on Monday night from the Crowell church were greatly appreciated. The fine attendance at Sunday School last Sunday was appreciated but our goal has not been reached. Will you be one who will supply this needed number of persons to reach our goal next Sunday? We are counting on every member being on hand, on time, for Sunday School and church.
H. A. LONGINO.

Thalia Baptist W. M. S.
On Monday, April 7, the Thalia Baptist W. M. S. met at 2 o'clock at the church.
The regular Bible lesson was taught by the pastor, Rev. T. J. Dubose. After the Bible lesson, a social hour was enjoyed with Mrs. T. J. Dubose and her team in charge.
Refreshments of punch and cookies were served to twenty members and one visitor, Mrs. Wood, of Seymour, Texas.

Thalia Methodist Church
We are having a short pre-Easter meeting at the Thalia Methodist Church. Rev. H. A. Longino of Crowell is preaching. People are coming to hear him and they enjoy his sermons. We invite all who can to attend.
Services are held at 10:30 a. m. each week-day morning and at 7:30 each evening. The meeting will close Sunday night.
Don Culbertson, Pastor.

The Intermediate Endeavor
Junior Hennessee led the lesson on "My Influence and How It Ought to Be." Gerald Davis Jr., Dorothy Teague, Mary Elizabeth Roberts, Sharon Sue Haney and Joe Favor gave talks on the lesson. Several songs were sung. Sentence prayer followed, and plans made for next Sunday at 4:30 o'clock.

Christian Science Services
"Are Sin, Disease and Death Real?" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist,

heard of him, and declare unto you, that God is light, and in him is no darkness at all" (1 John 1:5).
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "God, Spirit, dwelling in infinite light and harmony from which emanates the true idea, is never reflected by aught but the good" (page 503).

Senior Christian Endeavor
(By Roy Joe Cates)
The meeting of the Endeavor was held last Sunday thirty minutes earlier. Before the regular meeting, the Senior young people and the Intermediate young people met together and practiced Easter hymns for the young people's choir which will sing next Sunday in the Christian Church. The choir was directed by Mrs. Roy Steele, and the accompan-

JOY OF BEING EDITOR

(By Dotie!)
 Getting out this paper is no joke. We print jokes, people say we are silly. If we don't, they say we are serious! We clip things from other papers, we are too lazy to write ourselves. We don't we are stuck on our stuff. If we stick too close to the job, we ought to be out hunting for news. We do get out and hustle, we want to be on the job.

If we don't print contributions, we don't appreciate true genius. And if we print them, the paper is filled with junk! If we make a change in the other fellow's write up, we are too critical. If we don't, we are asleep. Now, like as not, some guy will say we swiped this from some other paper. Ha! We did! UGH. Meaning "nuts to you" in Indian language!

CAMPUS CHAT

Yips! Who ever said "Live Alone and Like It" musta been lying. The Old Maid's Club will

meet every Thursday afternoon immediately after school in front of the school building. Well, anyway, congratulations, LaVerne Kenner, and the best of all luck and happiness!

Hmmmm! Does Laura Belle Whitfield have that certain gleam in her eyes? I'll say she does! Good luck, Homer!

June Billington certainly had her eye on an out-of-town car last Sunday! That's all right, Burley, we'll come to see you!

Ge! Margaret Claire Shirley and "J. P." (Marjorie) Davidson really took Memphis in this last week-end! Ain't it wonderful?

Seen—round and about: The ideal double-dating couple—Bev-erly Hughton, Ralph Flesher, Virginia Thomas and Shorty Roark. Jeeps! Don't Jinny and Shorty look cute together?

Do you know Joan Gentry? You do? Well, it seems that she has her eye on a seventh grade cutie—Bobby Jo Hunter and that they are really getting along—and when we say getting along, we mean getting along! Yes! No! Be sure and patronize the Home Economics skating party Thursday night (tonight). There is going to be a whole slew of kids there and we are really going to

have fun!
 Seen: Little Fuisse Griffin with James Lee Braswell. Well, well! Two holes in the ground!
 Well! Where have we heard this before?
 Comb um hair, file um nails, paint um face, catch um males!
 Joke: James Lee Braswell: "What will I have to give you for a kiss?"
 Mary Tamplen: "Chloroform."
 UGH! Meaning goodbye in the Indian language!

A YEAR AGO IN THE NEWS

We're just wondering what J. M. Hill and Doris Campbell were talking about so long at the stadium the other night? Funny that they didn't know someone was listening! (Remember this, Stanley and Merl—how time does pass!)
 And, Oh, gee! The trip to Childress was really a whiz! Everybody's face was certainly red coming back. Why? Well, there was a little matter of a tube of lipstick belonging to Virginia Thomas, which she didn't have after Hank Saunders got hold of it, but which everybody else had a plenty of and for which they could have cheerfully rung Hank's neck for! (Yips! Them were the good old days!)
 Fresh eggs get slapped in the pan!
 Beating a cow will not make her give whipped cream!
 He who kisses neighbor's wife on hill-side not on level!
 He who crosses ocean twice without bathing is a dirty double crosser!

FLOWERS FOR CHS' FAVORITE DAUGHTERS

To Doris Campbell—Delicate lilacs, a toast to her perfection.
 To Mildred Marlow—A bunch of white daisies; their crispness is as refreshing as Mildred her-

self.
 To Wanda Evans—Orchids, she is the personification of the word exotic.
 To Bette Shaw Kimsey—Camellias, a symbol of her swell personality.
 To Dorothy Greening—Dainty pink roses; the symbol of an American beauty!

To Margaret Claire Shirley—A century plant; you find one like her once in a hundred years. (It's a compliment—not a slam, Shirley!)

To Mary Tamplen—Blue bonnets; she's true blue through and through.

To Margaret Davis—Gardenias—nomp in person.
 To Laura Belle Whitfield—Dahlias, "Tops" in any language.
 To Beverly Hughton—Spicy chrysanthemums, they match her personality.

To Mary Edwards—Lilies—our ideal of a girl as good and as pure as gold.
 To Elsie Vecera—Violets—a symbol of her colorful personality!

WE WONDER—

Why Betty Shaw likes the song "Rabbits Have No Tail At All," so well?
 Why Fay Griffin's eyes change so?
 Why Miss Yeats is always so sweet?
 Why Evelyn Crosnoe talks so much in the eighth study hall?
 Why Craig Sandlin likes to pester certain girls?
 Why Johnny Raser didn't hear the director of "declamation call for High School Junior boys" (Get him to tell you about it!)
 What the romance between Junior Haseloff and Elsie Vecera will come to?

DISTRICT ONE-ACT PLAY TOURNAMENT

The district one-act play tournament will be held in Crowell at the High School auditorium on Friday (tomorrow) night. There have been 4 entries: Crowell, Quanah, Childress and Lakeview. The plays start at 7:30, and the admission will probably be 25c and 10c.

SPANISH BANQUET

Last Friday night a gala affair took place. At 8:00 all the students of the Spanish I and II classes and all students in high school that had taken Spanish appeared on the scene of action, which was Plunkett's Cafe. Jokes were cracked about practically all present by Stanley Francis Sanders, who acted as toastmaster, Jean Scales and Wanda Evans

furnished the music (and quite nicely, too), for the program. The food was typically Spanish. It was delicious and hot! Mostly hot! If you happen to see any students in the hall who are exhaling smoke and fire just remember that they aren't over the Spanish banquet yet! No joking though—everyone had simply a super-duper-double-de-lux wonderful time!

HOMEMAKING SKATING PARTY

Two Minute Sermon (By Thomas Hastwell)

The Best Road Map: Every one who has taken a trip across the country has had the experience that comes from charting out a course or route on the map and then watching the highway markers that he does not depart from his course. Everyone has perhaps had the experience that comes when one misses a sign or a turn and wanders off on unfavorable highways and detours that are unpleasant to travel and cause annoying delays in getting back on the road. The journey of life is not unlike such a trip. In the journey of life our ideals are our sign posts and markers. They direct and chart our course. How desirable it is that they shall be the best, that our road shall be clearly marked that we shall not go astray and wander from our course. As a good highway map charts our course on our vacation trip so Christ furnishes us with a set of sign posters and markers which if faithfully followed will insure for us the surest and best road throughout all of life's journey.

Mrs. Lemons has been reared in Crowell. She graduated from Crowell High School in 1940.

Mr. Lemons attended school in Paducah, Childress and Crowell. For the past three years he has

Plans for National Cotton Week Will Be Completed April 10

Dallas, April 9. — Representatives of Texas business groups, civic organizations and public agencies interested in solving the South's cotton problem will meet in Dallas on April 10 to complete plans for full participation in National Cotton Week, May 16 to 24.

"Necessity compels us to do something about cotton," Luther Sharp, chairman of the Texas National Cotton Week committee, said in calling the meeting of the committee. "With the opening of

FOARD CITY H. D. CLUB

"Meat eaters live longer," Mrs. G. M. Canup told the Foard City Home Demonstration Club members at the home of Mrs. Grover Owens Thursday, April 3.

"No one knows definitely just how long human beings have been eating meat. A few years ago a group of anthropologists were exploring a cave in Northern China. They found evidence to show this cave was occupied by a family a half million years ago that had cooked and eat meat," continued Mrs. Canup.

Miss Joellene Vannoy, home demonstration agent, gave a very interesting demonstration on meat dishes, beef and rice loaf, which she cooked and served to club members at this time.

One new member, Mrs. Ted Wisdom, was added to the roll. The next meeting will be at the club house April 15 in an all-day meeting with Mrs. Glen Shook as hostess.

VIVIAN H. D. CLUB

"When you're planning your yard make it to fit your house and other buildings," Mrs. James Sandlin stated to the Vivian Home Demonstration Club which met with Mrs. Allen Fish in an all-day meeting Thursday, April 3.

"A small yard," continued Mrs. Sandlin, "cannot be landscaped successfully. A reasonable area would be enclosed by fences, 50 to 75 feet, from front of house, 30 to 40 feet from rear of house."

The club voted on a definite type of float to be used in the parade at the Golden Anniversary Jubilee of Foard County.

Among those present were six visitors: Mrs. Ella Lawhon of Dunlap, Mrs. J. M. Denton of Paducah, Mrs. J. B. Easley, Mrs. R. L. Walling, Mrs. J. W. Carroll, and Mrs. A. L. Walling.

The club will meet Thursday, April 10, with Mrs. L. R. Morgan at which time Miss Joellene Vannoy will give a demonstration on preparation of less tender cuts of meat.

the European War the market for our cotton was drastically reduced. And the subsequent events of the war have further lessened our already pitifully inadequate foreign market. To offset this loss, resource must be had in an expanded consumption of cotton in the domestic market.

"It is to the task of expanding the domestic market for cotton that National Cotton Week has been dedicated."

IF YOU LIVE IN North Texas YOU'RE IN THE OIL BUSINESS

I live on an oil lease and operate a few small producing wells. 95 per cent of all the oil wells in North Texas are small producing wells like these.

Thousands of North Texas families like mine depend on such stripper wells for their living. The petroleum industry of this area supports nearly 75,000 persons, including oil workers and their families. Wage earners in this group get nearly 23 million dollars a year.

North Texas farmers and ranchers receive over 8 million dollars a year in lease royalty payments and tax collections—nearly 4 millions more.

All told, the petroleum industry pays 54 million dollars a year in North Texas. This money is spent and repaid to every merchant and business and professional man—in fact everyone—in our section gets his share of it.

You and I and our families and our community have a very important stake in the oil industry and its future in Texas.
