## Exercises of the Margaret Set for Today and Tomorrow; High Standardization Rating

Margaret Grammar School, 1940-41 term on June 9 at 9 o'clock with grade graduation exercises and basket dinner at the north pocket as a part of the closing term.

The third year of standardization of the Margaret state inspector found the school very satisfactory and gave the school a high rating.

The only thing that has been done since the school from getting a new picture machine. Pupils passed the standardization test for the last three years. The school was inspected by Mr. Priest, W. and George Riethmayer of Mr. Priest, April and Mr. Bledsoe.

Mr. Cecil Ray Moore, and Mrs. Jimmie Henry teacher. Both have high school certificates of Science degrees. She has assisted with the piano lessons to be given away after the graduation exercises Friday morning.

capable leadership of Mrs. A. B. Owens, has done wonderful work the past year. The year started with a membership of twelve which has expanded to seventeen. During the year the P. T. A. was responsible for having the school building wired for electric lights and connected with the Rural Electrification line. Another project sponsored by this organization was the school cafeteria where all the children ate for 5c a plate. More than \$275 has been spent on the cafeteria. Mrs. Raymond Sikes cooked during the past school term and much credit for the success of the cafeteria was due to her capable management.

During the year the association sponsored a radio program over KVWC in Vernon, a "stunt night" at Margaret and presented the play, "Aunt Emma Sees It Through," at Margaret, Truscott and Riverside. It also sponsored the play, "Brothers of Balencia," presented by the Truscott Juniors. A very attractive quilt has been made and quilted which will be given away after the graduation exercises Friday morning.

During the last two years the P. T. A. has planted trees and shrubs on the school grounds to make them more attractive. It has also paid for having the piano tuned and has made and donated to the lighting fund during the year over \$100, and has spent \$77.45.

## Congressman Dies Visits in Crowell Saturday Morning

Martin Dies, Representative in Congress of the Second Congressional District, was a visitor in Crowell for a short time Saturday morning. Congressman Dies was on a speaking tour of West Texas in the interest of his campaign for election to the United States Senate. He spoke in Vernon Saturday morning and was scheduled to speak in Plainview Saturday afternoon.

Mr. Dies is chairman of the Dies Committee investigating un-American activities and is the recognized national leader in the fight against the fifth column. He is serving his sixth term in Congress. In the past five elections, Martin Dies carried every county in his district by decisive majorities.

During his service in Congress he has been a member of some of the major committees of the House, such as Immigration Committee, Coinage, Weights and Measures, the Pensions Committee, the Committee on Patents and the Rules Committee. As a member of the Immigration Committee, he was the author of a number of bills to tighten the immigration and deportation laws. His bills to exclude and deport disloyal and other undesirable aliens passed the House, but were killed in the Senate. He secured amendments that helped to improve the immigration and deportation laws and that are now on the statute books.

## NEW CAR REGISTRATIONS

The following new automobiles were registered in the office of the tax assessor-collector during the past week: E. L. Snodgrass, Ford tudor. Alva Spencer, Ford fodor. Glenn Harris, Chevrolet sedan. Melvin Moore, Ford tudor. Roscoe Jordan, Ford tudor. Mrs. Geo. Kimbell, Chrysler sedan. Sol Lasky, Chrysler sedan. L. J. Todd, Plymouth fodor. S. T. Knox, Chevrolet sedan.

## TO ENTER TRAINING

Ralph Shultz will leave Monday, May 27, for Dallas for induction into the U. S. Army for a year's military training under the Selective Service Act. Mr. Shultz held order number 90 in Foard County and will be inducted in answer to the fourth-tier call for selectees in this county.

## UNDERGOES OPERATION

Mrs. W. L. Callaway of the Foard City community underwent a serious operation in the Foard County Hospital Saturday. She is getting along as well as could be expected, however, her condition is critical.

## Margaret School Given High Rating

The Margaret Public School was recently given a high Standardization rating by a state inspector. The lack of possession of a motion picture machine was the only thing which kept the school from receiving a perfect rating. The 1940-41 term of the school will be closed with the graduation exercises in the auditorium Friday. The Margaret school building is shown above.

## Total Rainfall Of Year Raised to 20.74 Inches

1.06 Inches of Rain Fell Sunday; 10.38 Inches in April, May

One and six hundredths inches of rain were recorded at the Crowell State Bank following the rain Sunday to raise the total rainfall to be recorded in this city since the first of the year to 20.74 inches, which is near the annual rainfall of the county. Ten and thirty-six hundredths inches of rain had been received up to April 1, and according to the records at the bank, there have been 10.38 inches of rain received during April and May.

## NYA Area Director Visits Local Board Thursday Afternoon

April was a record-breaking month for Area 3 of the National Youth Administration in the number of youths to go from NYA projects into private employment. It was reported Thursday afternoon by Bala Williams, area director. Mr. Williams was here to meet with the local NYA board and was accompanied by Marvin L. Taylor, clerk in the district office. In NYA Area 3, which includes Foard County and eleven other counties in the vicinity of Wichita Falls, sixty-eight young men and women secured private employment during April. This number is an increase of thirty-one over the figure for March and is fifty per cent of the total since January 1.

Mr. Williams stated that in the State of Texas 2018 youths went from NYA jobs to private employment during the period from January 1 to April 1. The increasing number of NYA youths to be given work in private industry has been cited to the rapidly expanding program of the NYA to provide youths work-experience in skilled occupations, particularly those of a "defense" nature. It has been estimated, for example, that 82 out of every 100 young men to receive work-experience in aircraft mechanics at the NYA Duncan Field state-wide Resident Project at San Antonio acquire positions immediately as mechanic's helpers at the U. S. Army Aircraft Servicing department at Duncan Field. Forty-nine youths have gone into private industry from the NYA state-wide project at Inks Dam, Texas, from January 1 to April 1. This project, to which Foard County youths may be sent, provides work-experience in a variety of skilled "defense" trades, such as auto mechanics, sheet metal, machine shop, foundry, drafting, carpentry, rock masonry, woodworking, radio, welding and construction.

Mr. Williams explained that an NYA representative interviews applicants for NYA placement in the court room of the Crowell court house every Wednesday from 1:30 to 3:00 p. m. Young men and women between 16 and 24, inclusive, who are out of school and in need of employment, are eligible to make application.

## One Felony Case Is Heard In May Term Of District Court

Only one felony case was tried before a jury during the May term of the 46th Judicial District court, which will be officially closed Saturday. Those impaneled for petit jury service were dismissed Monday afternoon, the first day of the second week which the court was in session. Two cases in which true bills were returned by the grand jury for this term of court were continued, and H. W. Brewer of Wichita, Kan., was found guilty by a jury on a charge of driving an automobile while intoxicated. Brewer was given one year suspended sentence.

## Fire Fighting Picture, Lecture Given Here Mon.

Frank Williams, field instructor of the Firemen's Training of Texas, headquartered at the Texas A. & M. College in College Station, presented a two-hour show and lecture to a number of members of the Crowell Volunteer Fire Department and other business men of the city at the City Hall Monday night. Mr. Williams showed and explained the latest fire-fighting equipment, its use and care; fire fighting methods; and fire prevention in the homes and businesses.

The picture which Mr. Williams showed here Monday night was made at the 11th annual Firemen's short course held in College Station last summer. The short course will be held this summer during June and Mr. Williams invited the local fire department to send a man to the school. The subject of the school this summer will be "Defense," which will train firemen for readiness in connection with Uncle Sam's preparedness program.

The local firemen were shown how to use ladders, handle high pressure hose and various types of hose, and some of the latest types of equipment for fire-fighting and life saving. A part of the show was devoted to the fire hazards and fire prevention.

Mr. Williams explained that an NYA representative interviews applicants for NYA placement in the court room of the Crowell court house every Wednesday from 1:30 to 3:00 p. m. Young men and women between 16 and 24, inclusive, who are out of school and in need of employment, are eligible to make application.

## Served 25 Years As Sunday School Supt. in Thalia Church

W. F. Wood, resident of the Thalia community for 32 years, resigned last year as superintendent of the Sunday School of the Thalia Methodist Church after serving a quarter of a century in that capacity. In recognition and appreciation of this faithful service, a memorial window honoring him was placed in the new church building which was completed last year. The Sunday School department of the church gave Mr. Wood a new suit of clothes as a Christmas gift last year, further expressing the esteem and appreciation for him.

## Special Election Called by Governor to Fill Vacancy

### U. S. Senator to Be Elected on June 28th, 1941

A special election will be held on June 28 to fill the vacancy in the United States Senate caused by the death of Hon. Morris Sheppard, United States Senator, whose death occurred on April 9, 1941, according to a proclamation issued by Governor W. Lee O'Daniel on April 18. Several candidates for this office have already announced and started campaigning. Among them are Attorney General Gerald C. Mann of Austin, Lyndon Johnson of San Marcos, Martin Dies, Congressman of the Second Texas District and Hal Collins of Mineral Wells.

## Rascoe Re-Elected Manager Farmers' Gin; Auditors Named

T. V. Rascoe was re-elected as manager of the Farmers' Gin of Crowell at a called meeting of the board of directors last Saturday. Arlie Cato and J. A. Stovall of Crowell were named as auditors for the association.

## Worms Are Damaging Wheat in County

Some damage to wheat in Foard County has been done by worms during the past few days, according to reports from wheat growers. The damage has not been great, however, some fields have been streaked by the hungry worms. One farmer reported that a small patch of early wheat had been eaten. High winds during the past three days are said to have saved the wheat from more damage by tossing the heads of the grain about and throwing off the pests. Farmers stated that within a few days the grain would become hard enough to stop the worms from eating it.

## Crowell Man Fined On Liquor Charge

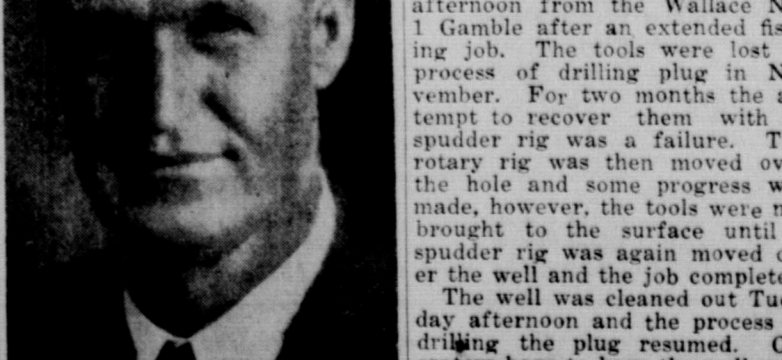

A Crowell man plead guilty to charges of possession of intoxicating liquors for purpose of sale and paid a heavy fine here after being arrested in a raid last Saturday. The raid was staged by Sheriff A. W. Lilly and Deputy John Todd.

## BIRTHS

## Two Oil Tests In County Abandoned; Tools Recovered from Wallace No. 1 Gamble, Drilling Operations Resumed

J. B. Cunningham-Gamble No. 1, farm-out from the Texas Company in the north edge of the Allee Oil Pool, has been abandoned at 2375 feet without encountering the lime from which the other wells were producing. This dry hole probably defines the field on the north. Tools were recovered Monday afternoon from the Wallace No. 1 Gamble after an extended fishing job. The tools were lost in process of drilling plug in November. For two months the attempt to recover them with a spudder rig was a failure. The rotary rig was then moved over the hole and some progress was made, however, the tools were not brought to the surface until a spudder rig was again moved over the well and the job completed. The well was cleaned out Tuesday afternoon and the process of drilling the plug resumed. Operators hope to have the well completed within a very short time. The Texas Company J. F. Hrabal No. 1 oil test, seven miles north of Crowell, has been abandoned at a reported depth of 7,064 feet in the Ellenberger lime.

The defense commission predicts that by December 3, of this year, plane production in this country will have reached 2,700 a month or 33,000 yearly. Heads of the defense commission state that when this country "gets going" it can turn out war equipment as fast as any two countries in Europe.

Two Minute Sermon

(By Thomas Hastwell)

The Kingdom of Heaven Is Like That: In the book of Matthew appears several illustrations of what constitutes the kingdom of heaven. They are all simple, homely, everyday illustrations concerning which everyone is familiar. I never read these illustrations but what I am impressed with the thought that most persons when they think of the kingdom of heaven think of something that is far away, something that is coming to the world and perhaps themselves in the far off and remote future, something big, impressive, mighty, that will completely change things and revolutionize life and the world for them. The kingdom of heaven can, I think, come to the individual any time, any place. It does not wait upon some great and startling event. In fact I believe, that the individual who goes about his simple, and often monotonous, and humdrum daily tasks, and puts into them the very best he has, who slights no detail, who can look back at the end of the day and see every duty well done, is closer to the kingdom of heaven than he realizes. He has given the task the best he has and he who always lives his best will never wander far from God.

Skilled Men Now in Selective Service Rolls Being Sought

General J. Watt Page, State Selective Service Director, Sunday put the machinery of the System into motion under telegraphic orders from National Headquarters to comb the Selective Service rolls of the State to insure that every man skilled in the operation of a defense production machine be engaged in that capacity.

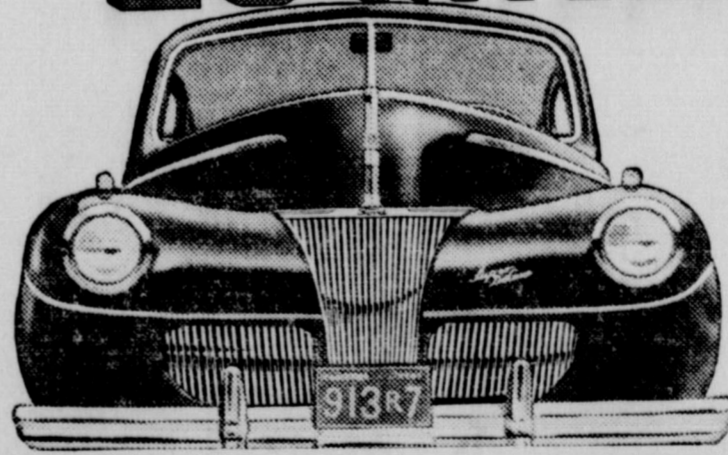

The telegram received by General Page from General Lewis B. Hershey, National Director of Selective Service, reads:

"Your attention is called to the President's announcement of May 2 that because of the critical situation which confronts our nation and the new 24 hour, 7 day machine production schedule, the rolls of the Army and of Selective Service and the man power of the nation as a whole will be combed to insure that every man skilled in the operation of a defense production machine be engaged in that capacity. Direct that you call the attention of all Selective Service agencies in your State to the President's announcement and take immediate action to again recheck the lists of Class 1-A men awaiting physical examination to assure conformity with

What Is the Dies Program?

- (1) Establish joint Senate and House committees to continue investigation of un-American activities, with greater powers. (2) Build a national defense second to none and superior to all. (3) Expel thousands of fifth columnists from every national defense industry and from government service. (4) Deport every communist, Nazi or Fascist alien to the land of his affection. (5) Revoke the citizenship of every disloyal naturalized citizen, so that he must be deported. (6) Stop Communist instigated and engineered strikes in defense industries by compelling the C. I. O. to get rid of its Communist leaders through a law which will deny recognition for collective bargaining purposes to every union which has Communists, Fascists or Nazis in positions of leadership. (7) Outlaw the dictator controlled political organizations in America. These organizations have a total membership of 7,000,000. (8) Tighten our immigration and deportation laws to exclude and deport all disloyal and other undesirable aliens. (9) Give the farmers a living wage through parity prices. (10) Secure the aged and unemployed against want by adequate pensions and unemployment insurance. (11) Give labor a fair share of the profits of industry, and protect the rights of labor to collective bargaining.

29 MILLION!

A record never before approached!

When the 29,000,000th Ford rolled recently from the assembly line, an all-time record for the industry was set. 29,000,000 units built by the same management and all bearing one name—a name that has become one of the best-known trade-marks in the world! It is significant that this achievement comes at a time when our country is making a mighty effort to re-arm swiftly. For to further that effort, to help speed it along in any possible way, we have offered the vast facilities of the Rouge Plant and every ounce of our experience. As you read this, a new \$21,000,000 Ford airplane engine plant, started only last fall, is nearly completed. A new magnesium alloy plant, one of the few in the

country, is already in production on light-weight airplane engine castings. Work is right now under way on a new \$18,000,000 plant for mass production of big bomber assemblies. Orders have been filled for military vehicles of several types, including army reconnaissance cars, staff cars and bomb service trucks. In the midst of this activity for National Defense, building the 29 millionth Ford car is simply one part of the day's work. The public has acclaimed the 1941 Ford car as the finest in Ford history. Ford Dealers are enjoying their greatest sales and expecting their best year since 1937. It is good to be producing the things America needs, and to be setting records on the way!

Teach me thy way, O Lord, and lead me in a plain path.—Psalm 27:11.

There have been times when we have thought that the world was too big but just at the moment, noting that the Balkans are only 13,000 miles away from us we don't feel that it is a bit too big.

Family-Size Farm Ownership Is Aim of FSA Program

Tenant purchase loans, for which applications are now being taken at the Farm Security Administration office, are intended to help worthy tenant farmers to buy family-size farms, according to Henry L. Ayers, farmer and chairman of FSA's tenant purchase committee.

Farmers who practice "live-at-homes" farming will be first choice for these long-term, low-interest loans. This means that the family that raises most of its food and the livestock and poultry feed on the farm will have the best chance.

The Foard County tenant purchase committee, of which Mr. Ayers is chairman, helps to choose families to whom these loans are made. It also helps to value the farms which they buy.

Families to whom these loans are made pick out the farm they hope to buy and they are not restricted to fully-improved farms. The loan may include funds to build or repair the home, barn, and for other improvements.

Other members of the tenant purchase committee are John C. Hysinger, Rt. 2, Crowell; and Silas Moore, Rt. 2, Crowell. Applications for these loans may be made at the Farm Security office located in the court house in Crowell.

What We Think (By Frank Dixon)

In a group in which I was present the other evening the matter of favorite smells or odors was brought up. It was interesting to hear the several members of the group tell what was his favorite smell or odor.

In a number of instances each individual preferred the odor that had to do with his own business. The harness man was partial to the odor that comes from new leather. He had worked in leather for many years and he said the odor peculiar to leather was the most intriguing and appealing smell of all the multitude of odors of which he could think.

The druggist was not partial to the peculiar combined odor of drugs with which a drug store is identified. He had worked in a drug store as a boy and for many years had been the owner of a drug store but the odor of the drugs never palled upon him. He was always glad to get back to it. It seems, he said, to exercise a soothing influence upon me.

Another member of the group gave as his favorite smell the odor of new mown hay wafted into the window by a cool damp night breeze. This, he said, is the sweetest perfume of which I know. I grew up on a farm, and many the times after a hard day's work have I lain in my bedroom window and reveled in the cool, clean, sweet odor that was borne in by the night breeze from the neighboring hay field, where lay the hay that had been cut during the day in long winrows, curing in the sun and dew.

Another gave as his favorite odor the incense like odor that comes in the spring when dried leaves and grasses are raked together and burned in preparation for spring gardening. It is the sign of spring to me, he said, as it's appealing odor fills the night air and creeps through every crevice and crack of the house. It is like the incense rising from an altar fire to the goddess of spring.

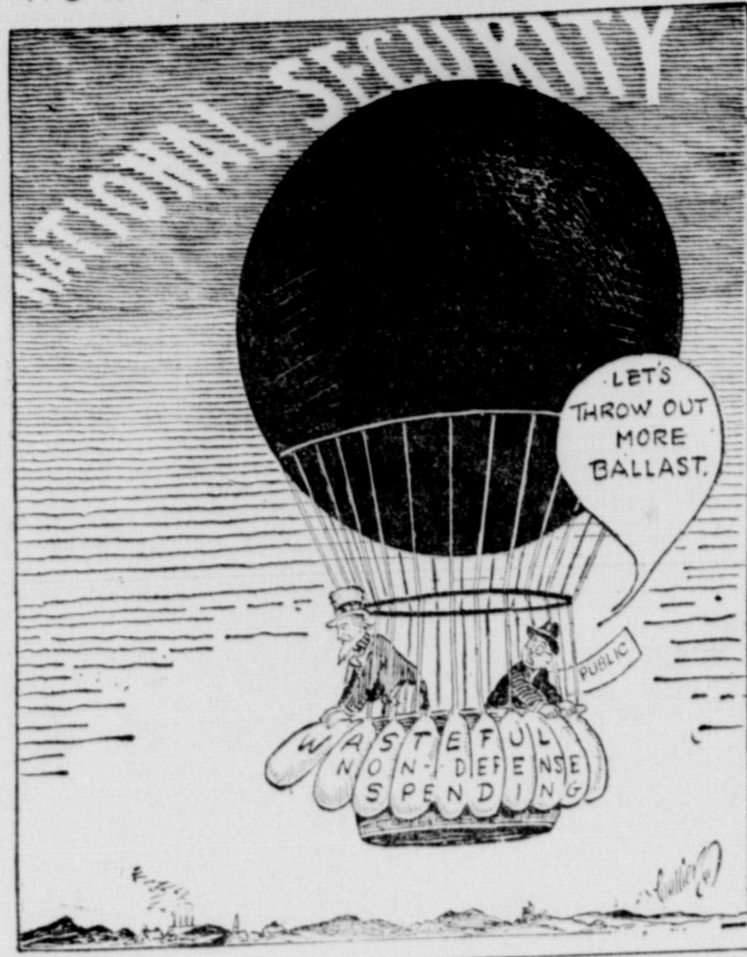

Another gave as his favorite odor the smell of burning oak wood in an open fireplace. Few odors are so clean cut and distinct. It tells of a hearth with a glowing fire, of warmth and comfort and good fellowship and content.

A woman in the crowd surprised some of the group by saying, "I like the smell of a good cigar on the night air." She qualified her statement by saying that to make the odor of even a good cigar appealing it must be out of doors, since in a closed room it ceases to be an appealing odor and became something to be politely endured.

Another one gave as his favorite odor the scent that pervades the pine woods and faintly tinged the air with a soft but pungent and appealing incense.

Of course, there had to be one

HOW TO RISE IN THE WORLD

in the group whose mind turned to food. Strangely enough he wasn't in the restaurant or catering business. He spoke almost soulfully and rapturously of roast beef, fresh baked bread, crisp fried bacon and the matchless aroma of good coffee.

It was interesting to hear the various members tell of their favorite smells. By the way, what is yours?

Prepare Now For Hot Weather Driving

Car Owners Warned of Dangers in Neglecting Spring Check-Up

Safety on the highway demands preparedness. 524 Sovereign Service is now advising car owners to meet the attacks of the hot weather blitzkrieg.

"Many car owners do not stop to think how much punishment the old bus took last winter," F. A. Brown of Thalia, local Sovereign Service, said today. "But a thorough check-up now will find the weak spots, if there are any, and let you fix 'em before they spell big costs and maybe crack-ups."

Mr. Brown went on to explain that this winter oils and greases do not have the necessary body to give motors and gears proper protection in hot weather. Also, he pointed out, oil is often diluted by the frequent use of the choke, and by greater water condensation in winter driving.

"Everything about a car worked hard in cold weather," he said. "The battery carried a heavy load, the radiator was filled with anti-freeze, the motor went from cold to hot and back to very cold many times. Spark plugs worked overtime—and got dirtied up in doing it. Tires took a beating, with chains or on rough, icy-rutted streets.

"Now it's spring. Warm weather is coming. We'll all drive more—and expect our car to purr along smoothly and have that extra zip ready for emergencies. And the car will do its part if it has a chance. But it sure needs to get rid of that winter hangover.

"And that's where Sovereign Service comes in. We've got what it takes and know how to use it—and because we know proper spring conditioning will save dollars and perhaps lives, we wish we could draft all car owners in our 'Be Prepared' legion right now."

The new Sovereign Service also feature clever cartoons of absurd military situations. The Brown Service Stations of Crowell and Thalia are starting the campaign in The Foard County News this week and promise a laugh a week along with suggestions of real importance to car owners.

To date Hitler has intimidated and overrun thirteen countries. Twelve of these have been occupied since Hitler invaded Austria and made the announcement that he had no designs on any more territory in Europe.

All the oil produced in Texas now pays an average tax of 9.23 cents per barrel.

Additional Society COLUMBIAN CLUB

The Columbian Club observed its usual Mothers' Day program on Wednesday, May 7, in the basement of the Methodist Church.

Mrs. M. N. Kenner received at the door and greeted fifty-one guests, who registered with Mrs. H. Schindler, presiding at the register.

Mrs. T. L. Hughtson was leader for the afternoon and after recognition of special out-of-town guests, announced the following program:

A selection of poems on Mother read by Mrs. R. L. Kincaid; a quartet composed of Miss Mary Ragland Thompson, Mrs. C. W. Thompson, Mrs. T. B. Klepper and Mrs. J. R. Beverly, sang "Nobody Knows But Mother," accompanied by Mrs. Paul Shirley; Mrs. F. A. Davis reviewed the story, "Mother, Mother."

A number of hymns, favorites of the guests, were sung. These were played by Mrs. Shirley and led by Mrs. Thompson. In closing, Mrs. N. J. Roberts gave "The Village Rondelay."

Mrs. S. T. Crews served punch and cookies from a table centered with verbenas and the room was profusely decorated with roses and lilies.

The year's work of the Harmony Club was brought to a close on Friday afternoon with an interesting meeting in the home of Mrs. W. B. Tysinger with Mrs. Ab. Dunn as program leader.

During a short business session, Miss Mary Ragland Thompson was elected to the presidency of the club for the year 1941-42.

A combined Edward MacDowell and Stepien C. Foster program was given. Miss Ruby Lee Bevil, accompanied by Mrs. Arnold Rucker, sang two numbers, "The Sea," by MacDowell and "Lass with the Delicate Air," Mrs. Dunn gave the story of MacDowell's life.

Leahy Gilliam played, as a piano solo, Foster's "Swanee River" with variations. Miss Mary Ragland Thompson, Mrs. C. W. Thompson, Mrs. J. R. Beverly and Mrs. T. B. Klepper sang two numbers written by Foster, "Uncle Ned" and "Oh, Susanna." They were accompanied by Mrs. Rucker. The leader gave facts concerning Stephen Foster's life.

A lovely salad course was served by the hostess, who was assisted by her daughter, Miss Joyzelle Tysinger.

HOMEMAKERS' CLASS

The Homemakers' Class of the Baptist Church met May 8 in the home of Mrs. Roy Ownbey for its regular business meeting and social, honoring the mothers of the members and the Dorcas Class. Mrs. Jake Moore presided. A prayer by Mrs. Frank Moore opened the program. The Class song, "Bless Be the Tie," was sung. "Mother" was the subject of the devotional given by Mrs. L. E. Archer. A special song entitled "Mother" was rendered by Mrs. W. B. Fitzgerald. Mrs. Tanager Billington gave a reading, Favorite Bible Scriptures were given by members of the Dorcas Class. Mrs. Joe Smith directed the social hour.

There were 8 members and 14 visitors present as follows: Mrs. N. A. Crowell, Mrs. W. B. Fitzgerald, Mrs. Frank Moore, Mrs. J. L. Kinchloe, Mrs. Ben Greening, Mrs. Ida Reavis, Mrs. L. E. Archer, Mrs. Grady Graves, Mrs. Garland Foster, Mrs. Tanager Billington, Mrs. Roy Burgess, Mrs.

Storm Cells Are NOT Built in Cycles

Reading and resting were the most prominent answers given for roll call on "What I do with my leisure time," at the Vivian Home Demonstration Club which met with Miss Rosalie Fish, Thursday, May 8.

Since Miss Joellene Vannoy, agent, could not be present for the demonstration, the day was spent in quilting and recreation.

Among those present were three visitors, Mesdames A. L. Walling, R. L. Walling and L. T. Derington.

The next meeting will be with Mrs. Johnny Marr Thursday, May 22. Miss Vannoy will be there to give the demonstration on sodding a lawn and the home food supply demonstrator is to give a demonstration on preparation and serving canned and left-over meats.

Hitler started on his armament program for Germany in 1933. By September 1939 when the war broke out he had an estimated 4,000 tanks, 20,000 to 21,000 planes and more than 7,000,000 soldiers and recruits.

Optometrist Will Open Office Here on Thursday, May 22

This issue of The News carries an announcement of the opening of an exclusive optometric office in Crowell by Dr. W. F. Baber, optometrist, of Vernon.

Dr. Baber has served the visual needs of the people of Vernon and vicinity for three years. He is still maintaining his Vernon offices at 1724 Fannin street in Vernon.

Dr. Baber received his optometric education in Los Angeles, California, at the Los Angeles School of Optometry and the University of Southern California.

Since establishing his offices in Vernon, Dr. Baber has made several notable achievements in the optometric field. In 1940, he was elected to membership in Beta Sigma Kappa, the international honorarium of optometrists and ophthalmologists.

At its 41st annual convention in Mineral Wells, last month, the convention delegates elected Dr. Baber to serve for the next two years on the board of directors of the Texas Optometric association.

The ophthalmic equipment which Dr. Baber brings to Crowell is the latest model of the finest type available, he said. He cordially invites the people of Foard County to visit him in his offices in the Roberts-Beverly building in Crowell.

WINS IN ESSAY CONTEST

Bobby Campbell, son of Dewey Campbell, former resident of Crowell, won second place in district elimination at Canyon, recently in the "My Home Town" essay contest sponsored by the West Texas Chamber of Commerce. This makes him alternate to the West Texas Chamber of Commerce convention to be held in Mineral Wells.

ATTEND CHILDRESS MEET

The following representatives from the Methodist Church attended the meeting of the Vernon District of the Woman's Society of Christian Service held in Childress last Thursday: Rev. and Mrs. H. A. Longino, Mrs. Claude Brooks, Mrs. Jeff Bruce, Mrs. Paul Shirley, Mrs. Thomas Hughston, Mrs. Allen Sanders and Mrs. Moody Bursey. There was a special children's institute held in connection with the meeting.

\$50,000 Electric Puppet Rodeo To Be In Crowell Friday

The \$50,000 electric puppet rodeo of the Levi Strauss & Company's will be in Crowell Friday morning. The rodeo will be displayed in front of the Bird Dry Goods Store from 9 until 10 o'clock tomorrow morning.

The exhibit, credited with being the most complex mechanical and sound display ever built is traveling in its own streamlined truck. The show is a complete western rodeo in miniature, with judges, announcer, cowboy singer, bucking horse, and even a clown with his trick horse.

Each of the 29 puppets is an exact, hand-carved likeness of a prominent figure in the rodeo world; and all are dressed realistically in miniature.

Among the notables represented are Gene Autry, leading singing cowboy of the movies and rodeo; Abe Lefton, famous rodeo announcer; Fred McCarran, secretary of the Rodeo Association of America; Homer Holcomb, noted rodeo clown; and Burel Mulkey, former grand champion cowboy.

The electric brain of the concealed Robophone directs the entire action and sound of the rodeo. So exact is the co-ordination of sound and movement that when any performer speaks, his mouth moves in time with the words he is uttering.

The rodeo show is traveling in charge of Leonard W. Mitchell, who helped design and build much of the ingenious mechanism.

The Texas petroleum industry now pays over \$75,000,000 a year in State and local taxes, not counting gasoline taxes paid by the individual motorist.

The average Texas oil well has to produce nearly three months out of the year to pay its owner's taxes and the land-owner's royalty.

### BANISH POT-WATCHING FROM THOSE 1095 MEALS YOU SERVE ANNUALLY

COOK WITH THE GAS TURNED OFF IN A CHAMBERS RANGE

The average American homemaker is faced with feeding her family 3 times a day, 365 days of the year, or 1095 times annually. And every meal requires 20 minutes to 3 hours in preparation—20 minutes to 3 hours when somebody must be in or near the kitchen. But with a Chambers Range, much of that pot-watching can be eliminated. Only a short gas-burning period is sufficient to start a complete meal, and then the gas can be turned off completely. Food finishes cooking—retained heat, without further attention. It need not be removed when done—hours later a delicious meal can be taken direct from Chambers Range to table.

CROWELL, TEXAS

2,700 acres good ranch land in another county, 400 acres in cultivation, 3 sets improvements, with a \$900 Government check each year. Will carry \$4.00 per acre at 6 per cent interest. Land covered with grama and mesquite grass.

405 acres, located northwest corner of Throckmorton County, 263 acres in cultivation; priced at \$11,000. Has Federal loan of \$7,000; take \$4,000 cash for his equity, loan payable about \$400 a year. Has fine well of water, old house, some West Texas sheds. Grass land rendered for taxes at \$8.00 per acre, farm land at \$15.00 per acre. This is a real good stock farm.

200 acres two miles from Gilliland, 171 acres in cultivation, balance good, tillable land; fine grass land. One of the largest barns in Knox County, one large house, about 8 rooms, and one smaller house. Price \$50 per acre. This is real good land.

149 acres of fine land on Knox Prairie, 7 miles northwest of Munday. Small 2-room house. Priced at \$50.00 per acre. 107 acres, same location as above, extra good land for \$55.00 per acre.

298 acres one mile north and one west of Sunset and about 7 miles from Munday; one 2-room house and one 3-room house for \$50.00 per acre. Land is as good as we have.

160 acres east of Munday on Lake Creek, a good house and plenty of sheds, good tank and fine cistern, a creek in pasture and as good grass as can be found anywhere. Field is a little rolling but well terraced. This is a real good, little stock farm. Priced at \$22.50 an acre. Has Federal loan of \$1,300. Second lien individual loan of \$1,900, can be paid or carried.

228 acres, all in cultivation but about 5 acres, located about 4 miles south of Munday. All good, level land and in fine shape. Pretty fair house, tank and cistern. Can get stock water by digging, but not good drinking water. Price \$42.50 an acre.

A dandy good dairy, located at Munday, 50 acres of fine land. An extra good house built last year, rock veneer, 20 head of fine milch cows, 15 head up-to-date, some registered, fine barns and milk houses. Everything up-to-date for Grade A dairy. Priced \$10,000.00. This is a dandy good outfit.

East Side Church of Christ Each Lord's Day—Bible classes at 7:30 a. m. Worship service at 10:45 a. m. Evening service at 7 o'clock. Mid-week Bible class each Wednesday evening.

Christian Science Services "Mortals and Immortals" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, May 18. The Golden Text is: "Forsake the foolish, and live; and go in the way of understanding" (Proverbs 9:6).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And as we have borne the image of the earthly, we shall also bear the image of the heavenly.... For this corruptible must put on incorruption, and this mortal must put on immortality" (I Corinthians 15:49, 53). The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Realize the presence of health and the fact of harmonious

being, until the body corresponds with the normal conditions of health and harmony" (page 412).

### Selectees Urged to Travel Light When Entering Training

"Travel light. Take nothing but essentials, and you'll save yourself a lot of inconvenience." This is the advice given by General J. Watt Page, State Selective Service Director, to men selected for military training who are preparing to leave for Army induction stations.

General Page said that one suitcase should be sufficient to carry everything a selectee would need until he is outfitted by the Army—change of underwear and socks, shaving set including the type of razor he is accustomed to using, tooth brush and other toilet articles, and things like those. "Put them all in one suitcase," he advised, "and do not take along bags, boxes and loose articles, or you will be causing a lot of inconvenience for yourself and others while you are on your way to the induction station and afterwards."

Unnecessary articles taken to induction centers, together with any prohibited by military regulations, must be returned to his home by the selectee at his own expense or otherwise disposed of. General Page pointed out.

General Page said that 1,000 white trainees will move from Texas' local boards to Army induction centers on May 5, 6, 7 and 8, and 600 colored registrants will be inducted on May 19 and

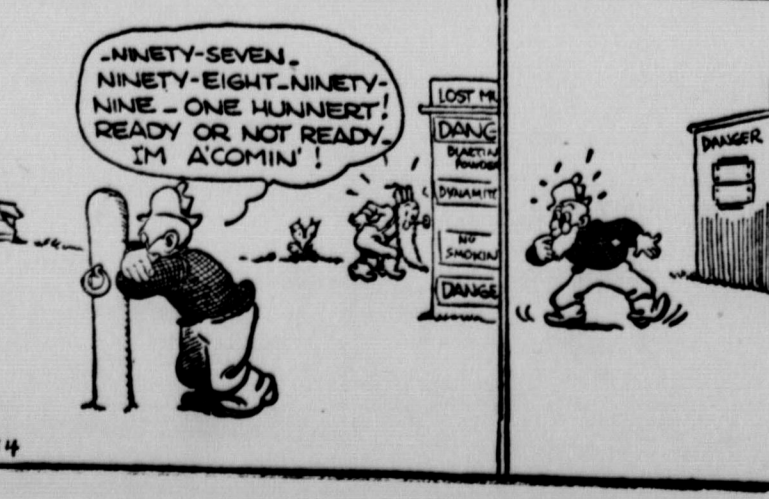

20. This will bring the total trainees furnished by Texas since last November to 25,185, which is approximately 79 per cent of the State's quota for the first year of the program.

Weekly Sermon

Henry Ostrom, D. D., Member of the Board of Directors, Moody Bible Institute of Chicago.

The Dictator

He departed without being buried... and they buried him in the old-fashioned dictatorial way here is an epitaph to be added.

But a man can use his office as a shield to have seen failures... But some good men graced the pages of the history of that man's day.

ed him to seek shelter from his immorality by favoring idolatry, which proverbially was immoral. And by the time he was 32 he may have mistaken the flattery of his admirers for their approval. Marrying the daughter of Ahab proved no bracer to this man's morals. Jehoram reigned eight years. By the time he was inaugurated he had slain his brothers and several princes, taking over great treasures of silver and gold and fenced cities. To be sure, he did rise up by night and with his helpers smite the Edomites. Yes, he "spread himself like a green bay tree," but he died unregretted. His demise had to be considered good riddance.

would be smitten with a disease eventuating in death. And that occurred, but it was the death of an undesired man.

Escaping disease, Elijah was miraculously fed in a place of solitude. Coming where a widow and her only child were about to partake of the last portion of food left and then die, he supplied them for a year. And he skipped over death and ascended to glory in a whirlwind.

Christ never referred to Jehoram, the unregretted man. But Elijah's record was brilliant in the days of Christ, and its brilliance has not yet dimmed during nearly two thousand years more. He was not a dictator. He had no record of murdering relatives. His attainments were the result of his trust in God. If he had died he certainly would have been regretted both by the struggling poor and by the school of the prophets. But he missed the humiliation of death and was glorified. It pays to be God's humble man.

Says He's 'Gestapo'

Bruno Johannes Vallanski, self-styled agent of the Nazi "Gestapo" secret police, at Ellis Island. He was questioned about a small theft, and unfolded a lurid tale of his service as an alleged agent of the "Gestapo" and revealed a swastika scar brand on his arm.

600 Negroes to Be Inducted Into Army

General J. Watt Page, Selective Service Director, announced today that 600 Negro registrants will be inducted into the armed forces on May 19-20.

This is the Army's thirteenth call on Texas to supply men for military training. Negroes are inducted in proportion to their percentage of the total population and assigned at the reception centers to every branch of the Army.

Pointing out that induction of Negro selectees throughout the nation has been lagging due to lack of present facilities, General Page said that when this call has been completed Texas will have furnished 3,726 Negroes as against 21,585 white trainees.

At the present time Texas has furnished approximately 74 per cent of its quota for the current year ending June 30. Whether June calls will bring the State up to its full quota of 33,213 men for the period is not known. A new quota will be assigned to Texas for the year beginning July 1. It is possible that this quota may be heavier than that for the first year, and rather steady calls after June 1st during the summer period are expected.

Examination of Animals for Rabies Shows Decrease

Austin. — Reports from the Pasteur Institute of the Texas State Department of Health indicate that positive examinations of animals for rabies (hydrophobia) during the first four months of 1941 were statistically less than for the same period for the past two years, according to Dr. Geo. W. Cox, State Health Officer.

The Pasteur Institute reports that 164 animals have been shown to have had rabies since the first of the year, out of 474 examinations. During 1940, 1,488 examinations were made, revealing 394 positive cases of rabies in animals and 1,094 negative. This

was a decrease from 1939's cumulative 1,975 cases, of which 583 were found to be positive and 1,392 negative.

Rabies in man is rare but highly fatal unless Pasteur treatment is promptly instituted. It is significant that one death in 1939 and one death in 1940 were reported from rabies in Texas, so successful were the Pasteur treatment in the cases of persons bitten by the rabid animals.

Rabies in man usually results from the bite of infected dogs, though rabies may be spread by calves, sheep, squirrels, skunks and horses. As a precaution against the spread of rabies, Dr. Cox advises penning up all dogs suspected of having rabies and keeping the animals under observation for at least ten days, but not destroying the animal. This holds true for other animals similarly suspected of rabies.

If a dog dies within the observation period, arrangements should be made to send the head of the animal to the Pasteur Institute, Austin, Texas, for rabies examination. The family physician or local health officer can make arrangements for shipping the head of the animal.

"Promptly after rabies has been established in animals, persons who have been bitten should begin treatment to prevent development of symptoms. Treatment should be begun before laboratory examination has been made in case a person has been bitten in the face or on the hands, or has received extensive wounds," Dr. Cox advises.

Sul Ross Students Keep Weather Charts For Uncle Sam

Oscar Nichols, son of Mr. and Mrs. C. O. Nichols of Crowell and student in Sul Ross State College at Alpine, is a member of the U. S. Weather Bureau staff maintained at the college for the purpose of supplementing airways data guiding air travel throughout the country, according to a news dispatch from the college.

The boys may miss a meal, or a date, but there's one appointment for which they're never late—that is reading the complicated instruments registering the degree of temperature, the humidity of the atmosphere, and atmospheric pressure. Because Alpine is strategically located in the Big

Bend, and in position to reflect weather conditions arising from the plateau region in Mexico, weather data from the Sul Ross Bureau is regarded as vital to the formation of reports for direction of air traffic.

The day begins officially for the weather staff at midnight—the scheduled time for filing the first of the eight weather reports. The others follow at 3, 6, and 9 a. m., duplicated day and night, each of the four boys making two readings.

The boys first scan the sky and then take readings of the instruments in the outside "shelter," registering temperature and humidity; check the "barograph" and barometer in the upstairs physics laboratory of the college, and hurry to a telephone to wire their data to airway observers in Fort Worth and Chicago.

The station, under supervision of the United States Department of Commerce in Fort Worth, has been in operation at Sul Ross for the past five years, directed by F. G. Walker, head of the Chemistry and Physics Department. The actual Weather Bureau work is entrusted to students particularly selected for compiling the data comprising the reports.

Even during holidays and between terms, when the campus is deserted, a skeleton staff remains to keep a "weather eye" directed toward the skies in the Big Bend.

Constituting the present bureau staff at the college are Oscar Nichols of Crowell; Alfred Rushing, Odessa; Beaumont Wright, Wink; and Walter Stephens, Pecos. Just now, the "dog watch" is being taken by Oscar Nichols at midnight, and by Alfred Rushing at 3 a. m.

Present Crisis Brings Increased Opportunities For Better Americanism

"It so happens that the 'blitz' has converted the 'muddling English' into a heroic nation," writes Louis Adamic, famed American author of Slovene origin, in the current Rotarian magazine. "Many of us in the United States have been abruptly freed of our complacency... suddenly we see ourselves clearly as an integral part of the world."

But we are thus, Adamic continued, made aware of the weaknesses in our national structure—and determined to deal with them. "One of these is the melting-pot situation, 'simultaneously one of the United States' gravest weaknesses and the repository of its greatest strength." The weakness lies in anti-alienism "aimed not only at aliens or noncitizens, but also at naturalized immigrants and even at their Ameri-

can-born children, whose names sound 'foreign' or who 'look Jewish' or 'Italian' or 'Armenian'... which forces into their corners of disadvantage such old-time stocks as the Indians."

"The problem," Adamic concludes, "involves not only the immigrants and their children, but everybody."

## Announcement of Coming Marriage Made at Bridge Party

To announce the approaching marriage of Miss Frances Hill to Henry W. Black, Mrs. Alton Bell entertained a number of friends at a lovely bridge party at her home Monday afternoon.

A color scheme of pink and white was evidenced in the house decorations of snap dragons, sweet peas and roses. The same colors were used in all the party appointments.

The marriage announcement was made in the form of wedding bells, bearing the words "Frances-Henry May 20". These were passed by the hostess' little daughter, Carolyn, who was daintily dressed in a pink frock.

In the bridge games, Mrs. Gordon Bell received Lucien Lelong toilet water for high score and Mrs. Paul Shirley, Lucien Lelong soap for second high. Both gifts were presented to the honor guest. The hostess' gift to Miss Hill was a brass and crystal lamp. All the gift packages were wrapped in pink.

Dainty refreshments of white brick cream with pink bells, white cakes with pink roses embossed, pink and white mints, and pink punch were served.

The guest list included Miss Hill, Mrs. Marion Hughton, Mrs. T. S. Haney, Mrs. J. T. Graves, Mrs. Gordon Bell, Mrs. Lee Black,

## Daughter of Former Crowell Couple Bride of Wisconsin Man

Announcement has been made in Crowell of the marriage of Miss Marjorie Allison of Covina, Calif., to Mr. Russell Dudley Loar of Madison, Wisconsin, which took place at the bride's home on April 23.

Mrs. Loar is the daughter of Mr. and Mrs. Herman Allison of Covina, both former residents of Crowell. She is the granddaughter of the late Mr. and Mrs. J. W. Allison, pioneer citizens of Crowell, and the niece of Mrs. B. W. Self. She has visited in Crowell on several occasions.

The bride was given in marriage by her father and the double ring ceremony was performed before a large window where fern, iris, sweetpeas and lilies were entwined around the borders of the drapes, creating a lovely effect of a portrait frame. Tall baskets of pink stock, blue delphinium and white gladioli stood at each side of the window.

Following the marriage a wedding breakfast was served. Mrs. Allison was assisted in entertaining by Mrs. Edwin Sanders and

by Mrs. T. P. Raeder, who was formerly Miss Allison. Self of Crowell.

Mrs. Loar received her education in the Covina schools and at the University of California at Los Angeles, where she was president of her sorority, Chi Omega.

Mr. Loar is associated with the California Fruit Growers' exchange. He is an alumnus of Connecticut Wesleyan and Massachusetts State College.

Mr. and Mrs. Loar will reside in Madison.

## Spring Luncheon Given to Compliment Out-of-Town Guests

As a compliment to her sisters-in-law, Mrs. C. E. Hutchison of Covina, Calif., and Mrs. Luther Roberts, of Dallas, also Mrs. J. L. Klepper of Los Angeles, Calif., Mrs. J. R. Beverly entertained at her home last Friday with a beautifully appointed spring luncheon.

The reception suite was enhanced in its attractiveness by bouquets of yard flowers in dainty colors, advantageously placed. The guests arrived at 10 a. m. and enjoyed games of 42, preceding the luncheon. The tables were covered with green carboard and the attractive tallies in the spring colors, with orchid and green predominating, were attached to pretty miniature corsages of violets fashioned from celluloid.

The hostess presented the honor guests with dainty handkerchiefs in pastel colors. Mrs. Sam Crews, high scorer in the games, was also given a handkerchief.

At 12 o'clock a delicious two-course luncheon was served to the following guests: Mrs. Hutchison, Mrs. Roberts, Mrs. Klepper, Mrs. Allen Fish, Mrs. T. L. Hughton, Mrs. M. L. Hughton, Mrs. Thomas Hughton, Mrs. J. R. Allee, Mrs. C. W. Thompson, Mrs. T. M. Beverly, Mrs. R. L. Kincaid, Mrs. Merl Kincaid, Mrs. Harvey Turnbough of Lubbock, Mrs. H. Schindler, Mrs. A. E. McLaughlin, Mrs. M. S. Henry, Mrs. Hines Clark, Mrs. S. T. Crews, Mrs. S. S. Bell, Mrs. T. N. Bell, Mrs. N. J. Roberts, Mrs. C. P. Sandifer, Mrs. M. O'Connell, Mrs. W. B. Johnson, Mrs. Paul Shirley and Mrs. T. B. Klepper.

The color scheme was further featured in the plate.

## Dinner Party Given for Visitors by Mr. and Mrs. Sam Bell

Mr. and Mrs. S. S. Bell were hosts at their home on Tuesday evening at a delightful dinner party to honor Mrs. C. E. Hutchison of Covina, Calif., and Mrs. Luther Roberts of Dallas, who are guests in the homes of their brothers, J. R. and A. Y. Beverly, and Mr. and Mrs. J. L. Klepper of Los Angeles, Calif., guests in the home of their nephew, T. B. Klepper.

Places were laid at quartet tables for sixteen guests and the delicious fried chicken dinner was served cafeteria style, from the lace-covered dining table, with a centerpiece of colorful yard flowers.

After dinner games of 42 provided pleasant diversion. A floating 84 prize was awarded to Mrs. N. J. Roberts. Guest prizes, which were dainty satchets for the ladies and a handkerchief for Mr. Klepper, were presented by the hostess.

Mrs. Bell was assisted in entertaining by Mrs. J. R. Beverly.

The guest list, other than the four honor guests, included: Mr. and Mrs. A. Y. Beverly, Mr. and Mrs. J. R. Beverly, Mr. and Mrs. N. J. Roberts, Mr. and Mrs. T. N. Bell, Mrs. B. W. Self and Mr. and Mrs. T. B. Klepper.

## Place Your Twine Order Now

YOUR order for binder twine, if placed now, will greatly help us to give you better service. Come in and tell us how much twine you will need. Figure your order on the number of acres you expect to harvest, estimating that it will take about 2 1/2 pounds of twine per acre.

This will enable us to get your order in to the Harvester Company early, and will protect you in case we should order short of the local demand.

Also, if we have the binder twine business settled early, we will be able to give you better and faster emergency machine repair service at the busy season if you need it in a hurry. Help yourself to better service by ordering your twine now!
