Good Will Flight Ends in Tragedy

Minister Don Luis Gauchalla, second from left, examines remains of Capt. Rafael Rivas, aide to chief of the Bolivian air force, who died when his good-will plane crashed during take-off from D. C. airport. Captain Taborga, aide to president of Bolivia, is seen from the flaming wreckage, but in critical condition. The plane on the second leg of a 10,000-mile good-will flight.

Marketing Quota Referendum Held in Foard County On May 31; Details Given

Referendum for wheat marketing will be held in Foard County Saturday, May 31, according to information released by the office of the Foard County Conservation Association.

Details for Referendum

The referendum on the National and Domestic Act of 1938, which states that when any commodity is produced above the normal and normal export, the Department of Agriculture will provide for marketing that commodity. According to government statistics, the surplus on wheat is 1,250,000 bushels, the 35 per cent safety margin is enough wheat to produce any wheat, and some necessary that the surplus be held.

Eligible Voters

Wheat producers who will be eligible to vote on the referendum on Page Four.

Scouters to Area Meeting at Pauline

Scouters from the Crowell district will meet at a meeting of the Texas Council at Lake Pauline, May 22. This is the first meeting for the Lake Pauline and the Crowell district.

Area Meeting at Pauline

Scouters from the Crowell district will meet at a meeting of the Texas Council at Lake Pauline, May 22. This is the first meeting for the Lake Pauline and the Crowell district.

Oldest Copy of The Foard County News Found in Papers of the Late Joe W. Beverly; Dated May 12, 1893

The oldest issue of The Foard County News was found in the private papers of the late Joe W. Beverly. At the time this issue was printed the paper was owned and operated by Mr. Beverly and B. R. Blankenship, and it was a 9-inch by 12-inch sheet and each page contained four columns, all home printed. The name was changed to The Crowell News with the following explanation by the editors: "The change of name of this

Poem of Mrs. Grady Halbert Won First at T. F. W. C. Meeting

Mrs. Grady Halbert was given first prize in a poetry contest at the District meeting of 7th District of Texas Federation of Women's Clubs which recently convened at Amarillo.

Board of Review Met in Crowell Monday

The board of review for the Boy Scouts of the Foard County district was held in Crowell Monday night.

WPA Quotas Will Be Cut In Favor of National Defense

Judge Leslie Thomas and the Commissioners' Court have again been informed of an additional cut in quota on Works Projects Administration projects.

Twelfth Grade to Be Added to Crowell School Next Term

The 12th grade will be added to the Crowell Public School with the start of the 1941-42 term next fall as the result of a recent ruling of the State Department of Education that all schools of the state be of the 12-grade system.

Two Crowell Boys Will Get Degrees from A. & M. College

A total of 809 students are candidates for degrees to be conferred at Texas A. & M. College Friday evening, June 6, according to an announcement received here this week from E. J. Howell, registrar of the college.

Hard Rains, High Winds, Worms Do Heavy Damage to Wheat in Foard County Since First of Last Week

Wheat in Foard County has suffered damage during the past week from rain, wind and worms, however, it is impossible to determine the exact extent of damage, but what appeared to be prospects for the best yield per acre in the history of the county have been dimmed to a great extent.

Worms Do Damage

Early last week, worms struck the wheat and other grain and during the latter part of the week, the damage which they were doing reached a serious point and it was reported Wednesday that they were still eating the grain in spite of the heavy rains.

Over 25 Inches of Rain

The first five months have probably been the wettest months in the history of the county as 25.06 inches of rain has been recorded in Crowell since Jan. 1. Over 14 inches of rain have fallen during April and May.

HOSPITAL NOTES

Foard County Hospital

The following patients have been discharged from the Foard County Hospital: Mrs. C. T. Murphy, medical treatment; Mrs. O. N. Baker, medical care; Miss Dorothy Hall, surgery; Mrs. E. F. Alston, medical care; Mrs. J. Little, surgery; Mrs. O. B. Wisdom, medical treatment; Mrs. B. G. Davis, medical treatment; Mrs. H. L. Ayers, medical treatment.

Births

To Mr. and Mrs. H. L. Ayers, May 2, a girl; to Mr. and Mrs. Henry Sprinkle, May 9, a boy; to Mr. and Mrs. Foy McRae, May 11, a girl; to Mr. and Mrs. W. R. Glascock of Truscott, May 15, a girl.

The following patients are receiving X-Ray treatment at the hospital: J. H. Lanier, M. A. Houck, Mrs. J. L. Heath, Mrs. Glenn Jones, Clara Higgs, Mrs. Lilly, Jose Soovedia, Kendrick Foy, E. Swain, Bill Favor.

First Fire of Year Destroys Johnson Home

First Insured Fire Loss in Crowell in Long Period

The first fire for the City of Crowell during 1941 destroyed the home of J. N. Johnson about 4 o'clock Tuesday morning.

The flames had consumed about half of the building before the alarm was turned in and a part of the furniture was saved by Mr. Johnson and neighbors who arrived before the fire trucks. The building was a complete loss as only the east and south walls were left standing.

It was reported that insurance was carried on the house and furniture.

This is the first fire for Crowell since Dec. 16, 1940, when slight damage was done to a house of the Thacker Estate four blocks east of the square. This is the first complete loss by fire in the city for a long period.

Quannah Masonic Lodge Will Be Host to 90th Masonic Dist. Meeting

The Quannah Masonic Lodge will entertain members of the lodges of the 90th Masonic District on Monday, May 26, at 8 p. m., with a tiled meeting, according to an announcement received by D. R. Magee, secretary of the Crowell Lodge, from Conrad Hatchitt, secretary of the Quannah Lodge.

An outstanding speaker has been secured for the occasion, Mr. Hatchitt stated, and a large crowd is expected to attend this meeting.

The 90th Masonic District is composed of the lodges of Quannah, Chillicothe, Odell, Vernon, Thalia and Crowell.

Rev. Paul J. Merrill Will Hold Revival at Christian Church

Rev. Paul J. Merrill of Henrietta will begin a two-weeks' revival at the First Christian Church in Crowell on July 6 and close on July 20, it was announced here this week.

Rev. Merrill is a former pastor of the local church and is well known here.

Three Sets of Twin Calves in Herd of Twenty-Five Cows

A set of twin calves is an oddity, but to have three sets of twins from a herd of 25 cows is an unusual coincidence, but this has been reported in Foard County.

At the present time, the Carroll Brothers have three sets of twin calves on their farm in the Gambleville community. The oldest are about 4 months old, and the youngest are about 6 weeks old.

One set of twins is Roan-Durham bulls and the second is Whiteface heifers. The third set of twin calves is half Jersey and half Roan-Durham, with one of the calves being a heifer and the other a bull.

U. S. Forest Service Photographer Takes Pictures at Rayland

W. H. Sheaffer of Washington, D. C., photographer for the United States Forest Service, spent one day in the Rayland community last week making pictures of the shelterbelts in that vicinity.

Mr. Sheaffer was in this section two years ago and was very favorably surprised with the rapid growth of the trees during that time. Since Mr. Sheaffer's last visit about twenty miles of shelterbelts have been planted.

Sam Morris, Candidate for U. S. Senate, to Speak Here Friday

Sam Morris of Del Rio, candidate for the United States Senate to succeed the late Morris Sheppard, will speak at Crowell on the court house lawn on Friday, May 23, at 2 p. m.

In his address here Sam Morris will support the bill introduced by the late Senator Sheppard, for the protection of soldiers and sailors against liquor and vice, as the chief plank in his platform. He will also speak in favor of adequate old age pensions to be paid by the federal government, and utmost preparations for national defense.

In addition to his campaign rallies Sam Morris will broadcast in the interest of his campaign over the Lone Star network from 1:00 to 1:30 each Sunday afternoon, and over WFAA from 9:00 to 9:30 every Sunday night preceding the election. He will also continue his daily "Voice of Temperance" broadcasts over XEG (1050 KC) at 8:30 and at 10:00 every night.

Board of Review Met in Crowell Monday

The board of review for the Boy Scouts of the Foard County district was held in Crowell Monday night.

Troops 141 of Rayland and 53 and 49 of Crowell were represented and merit badge, first and second class tests, were passed by the members.

To Receive Degrees

Mr. and Mrs. F. W. Wachsmuth will receive their degrees from Sul Ross College on May 28. Mrs. Wachsmuth was formerly Miss Dorothy McKown, daughter of Mrs. Belle McKown of this place.

Mrs. Wachsmuth will receive a B. A. degree and Mr. Wachsmuth a B. S. at the commencement exercises of the college.

Into Guard Room!

Lieut. Col. H. Smith, military aide to the President, averted new attacks on American Peace Mobilization pickets in front of White House by taking one soldier into custody, himself, giving him the "bum's rush" into the guard room.

WPA Quotas Will Be Cut In Favor of National Defense

Judge Leslie Thomas and the Commissioners' Court have again been informed of an additional cut in quota on Works Projects Administration projects. Judge Thomas and the court visited in Fort Worth a short time ago and discussed at length the work program in Foard County and at that time it was willing and ready to sponsor sufficient projects to employ all the men which W. P. A. would permit, however, doubt was expressed by the officials at that time that such a program could be worked out. Early this week a letter from S. D. Steed, district planning engineer, was received and contained the following information:

"Hon. Leslie Thomas, County Judge, Foard County, Texas.
"Re: Work Project 17023
"Road Improvements,
"Precinct 1, Foard County.

"Dear Judge Thomas:
"You will recall on your last visit to this office that we discussed what projects were to be opened at the time two of the present (Continued on Page Five.)

42 Graduate from Crowell School Thursday Night

Dean of Hardin Jr. College Addresses 1941 Senior Class

Forty-two graduates of Crowell High School were presented their diplomas by Superintendent I. T. Graves at the commencement exercises last Thursday night at 8 o'clock. There were twenty-five girls and seventeen boys in the 1941 graduating class of Crowell High School.

The professional was played by Lealys Gilliam and the invocation was given by Rev. H. A. Longino, pastor of the First Methodist Church of Crowell. A vocal solo was rendered by Miss Ruby Lee Bevil.

The address of the evening was delivered by George M. Cultsinger, dean of the Hardin Junior College in Wichita Falls.

Before presenting the diplomas, Supt. Graves made a talk in which he congratulated the graduates. He announced the honor students as he presented the diplomas. Those winning scholastic honors were: A. Y. Olds for having the highest two-year and four-year averages; Richard D. Bird for having the second highest two-year average; Billy Newton Klepper for having the second highest four-year average; and Doris Campbell for having the highest two-year average for the girls.

Dean Cultsinger used "Spirit of (Continued on Page Four)

Twelfth Grade to Be Added to Crowell School Next Term

The 12th grade will be added to the Crowell Public School with the start of the 1941-42 term next fall as the result of a recent ruling of the State Department of Education that all schools of the state be of the 12-grade system.

What has been the eleventh grade will next year be the twelfth grade. The high school department will still have four grades, starting with the ninth.

The extra grade will be added in the primary department. What has been the pre-primer and primer grades will become the first grade with the first grade becoming the second, and so on until the eighth grade, which will be the last grade in the intermediate department.

The reason for this change, or ruling, is that the larger schools of the state adopted the twelve grade system several years ago and to avoid confusion in adopting text books, the State Department of Education decided on the twelve grade system to make the grades in the schools of the state uniform.

QUESTIONNAIRES MAILED

Fifty questionnaires were mailed to Selective Service registrants in Foard County from the local board on Friday, May 16, according to information released by J. R. Beverly, president of the local board.

This group of questionnaires included the registrants who hold order numbers from 301 to 350.

\$5,000,000 Fire Sweeps Philadelphia

Fire swept through three city blocks of the Port Richmond section of Philadelphia, taking property toll of approximately \$5,000,000 in homes and factories. A wall of water stopped the fire just short of Crampco shipyards, where large naval construction contracts are under way. Photo shows firemen fighting the blaze.

Hard Rains, High Winds, Worms Do Heavy Damage to Wheat in Foard County Since First of Last Week

Wheat in Foard County has suffered damage during the past week from rain, wind and worms, however, it is impossible to determine the exact extent of damage, but what appeared to be prospects for the best yield per acre in the history of the county have been dimmed to a great extent.

Rain, accompanied by driving wind, swept the county Sunday afternoon and Tuesday afternoon and night. One and sixty-two hundredths inches of rain were recorded at the Crowell State Bank Monday morning and 2.7 inches were measured on Wednesday morning. Heavier rains were reported in the western, southeastern and other sections of the county.

Wheat over the county was badly blown on both Sunday and Tuesday. Slight damage was reported following the storm Sunday and it is believed that damage will not be as heavy as first thought after the rain and wind Tuesday.

All traffic on the Paducah-Guthrie highway was routed through Crowell Tuesday night because of high water, and early Wednesday morning traffic on the Crowell-Benjamin highway was stopped when water in the Wichita River, 9 miles south of Crowell, covered the temporary detour bridge.

Worms Do Damage

Early last week, worms struck the wheat and other grain and during the latter part of the week, the damage which they were doing reached a serious point and it was reported Wednesday that they were still eating the grain in spite of the heavy rains.

Many farmers have spread poisoned mash in the fields, and one field of wheat west of Crowell was dusted by an airplane, but the greater per cent of the farmers are hoping that the worms will run their course before serious damage is done.

The worms are doing their greatest damage in late wheat and in the greatest number of cases, they are eating only the beard from the early wheat.

Over 25 Inches of Rain

The first five months have probably been the wettest months in the history of the county as 25.06 inches of rain has been recorded in Crowell since Jan. 1. Over 14 inches of rain have fallen during April and May.

HOSPITAL NOTES

Foard County Hospital

The following patients have been discharged from the Foard County Hospital: Mrs. C. T. Murphy, medical treatment; Mrs. O. N. Baker, medical care; Miss Dorothy Hall, surgery; Mrs. E. F. Alston, medical care; Mrs. J. Little, surgery; Mrs. O. B. Wisdom, medical treatment; Mrs. B. G. Davis, medical treatment; Mrs. H. L. Ayers, medical treatment.

Patients still in the hospital are, Mrs. W. L. Callaway, surgical treatment; Mrs. R. S. Haskew, medical treatment; Mrs. Lula Myers, surgical treatment.

Births

To Mr. and Mrs. H. L. Ayers, May 2, a girl; to Mr. and Mrs. Henry Sprinkle, May 9, a boy; to Mr. and Mrs. Foy McRae, May 11, a girl; to Mr. and Mrs. W. R. Glascock of Truscott, May 15, a girl.

Adkins, vice president; Douglas Adams, secretary-treasurer; and they succeeded Mrs. J. Y. Bradford, president; Mrs. Sam Kuehn, vice president, and Mrs. C. L. Adkins, secretary-treasurer.

property in Texas, including the new levies of the Omnibus bill. This does not include gasoline taxes paid by the individual motorist on the petroleum industry's principal product.

In addition to its State taxes, petroleum pays \$36,470,211 in local taxes and approximately \$20,000,000 in Federal taxes, or a total of \$106,880,050 a year, not counting gasoline taxes paid by the motorist. The total of nearly \$107,000,000 is equivalent to an annual tax of \$483 for each of the 221,150 employees of the Texas petroleum industry.

The first three months of 1941 strikes have cost American industry 3,022,018 man-days.

RIVERSIDE
 (By Bonnie Schroeder)

John S. Ray was admitted to Christ the King hospital in Vernon Wednesday for medical treatment. He is recovering rapidly from an attack of the flu.

Graduation exercises for the seventh grade of the Riverside school were held in the school auditorium Thursday evening. The valedictory address was given by Frances Ann Ayers and the salutatory speech was presented by Judson Hudgins. Rev. T. J. DeLoach delivered the invocation. The program was awarded by Evelyn Bradford, Paul Johnson, Louis Pyle, Lillie Halverson, Arlene Bessert, Jerry Caldwell, Judson Hudgins and Frances Ann Ayers.

Mr. and Mrs. Monroe Karcher visited John S. Ray in a Vernon hospital and Mrs. Herbert A. Hasseloff who is recuperating from a major operation in Vernon Sunday.

Mr. and Mrs. J. E. Calvert of Farmers Valley and Louis Samuels and daughter, Marguerita, and Arthur Pruitt of Margaret visited in the Ben Bradford home Sunday.

Douglas Adams visited in Lubbock Sunday.

Mrs. E. G. Whitten and Evelyn Johnson left Saturday for Lubbock and other Texas points of interest. They accompanied other members of the senior class of Thalia High School.

Mr. and Mrs. Bob Miller, and daughter, Pauline, of Shamrock spent from Friday until Sunday with Mr. and Mrs. Walter Carr and Mr. and Mrs. Claude Carr.

Mrs. J. L. Rennels and Mr. and Mrs. J. Bailey Rennels had as their guests Thursday night, Mr. and Mrs. Fred Rennels, of College Station.

Mr. and Mrs. John Martin of Vernon visited Mr. and Mrs. Monroe Karcher Sunday.

Mr. DeLoach and A. H. Teinart of Vernon were business visitors in this community Monday.

Mrs. Sam Billingsley was re-elected as manager of the school cafeteria. The cafeteria will be managed under the W. P. A. project next term. Plans were made for moving the cafeteria into the school building before school begins in September and Mrs. Herman Gentry and Mrs. E. G. Whitten were appointed to secure some needed equipment.

It was decided to meet at the school Thursday, August 7, to make final arrangements for moving the cafeteria and opening it for the new term.

Mrs. G. W. Scales visited Mr. and Mrs. E. Y. Lindsey of Thalia Sunday. Mr. Lindsey is confined to his home by illness.

Mrs. Claude Carr and family were honor guests for a birthday dinner in the home of her parents, Mr. and Mrs. C. H. Sinton, of Five-in-One Sunday, the occasion being the celebration of Mrs. Carr's birthday anniversary.

Mrs. J. Bailey Rennels, accompanied by her sister, Mrs. E. L. Derr, of Chillicothe, visited their sister, Mrs. Ed Sullins of Stamford Saturday.

Mrs. Monroe Karcher visited Mrs. Herbert K. Hasseloff of Lockett Wednesday. Mrs. Hasseloff was celebrating her birthday anniversary that day.

The annual school and community picnic was held at the Riverside school Friday. The 1940-41 term came to a close at this time. The teachers for the past term who have been re-elected are: Sam Billingsley, superintendent; Douglas Adams, Miss Arlene Rice, and Mrs. Howard Bursey, primary; Virginia and Walker Derr of Chillicothe spent Saturday with Mrs. J. L. Rennels.

Mrs. Monroe Karcher, accompanied by her mother, Mrs. Karl Hasseloff of Lockett visited in Wichita Falls Monday.

Mr. and Mrs. Hugh Sallis of Dallas are visiting her parents.

Petroleum Industry Will Pay Almost Half of New State Taxes

Austin, May 11 — The Texas petroleum industry will pay new taxes almost equivalent to the additional funds for old age assistance raised by the omnibus tax bill signed by the governor from the State Comptroller's office show.

New taxes imposed on the Texas petroleum industry by the bill total \$10,990,617. It was estimated that the Texas old age pension bill will get an additional \$11,111,111 from new taxes levied by the omnibus bill. Of course, not all the new petroleum taxes go for old age assistance, as teachers' retirement, dependent children, needy blind and the general revenue fund all get their share.

Although the petroleum industry will be paying much of the increased cost of the new Texas pension program, its employees will receive virtually no benefit. Its workers are beneficiaries of the Federal old age insurance of law with benefits which usually qualify them for any State assistance. Furthermore, approximately half of the petroleum workers of Texas are employed by companies already maintaining pension plans for their employees.

Of the total of \$21,097,500 in new taxes which the bill is estimated to raise, the petroleum industry will pay \$10,990,617, or almost half. Most of this falls on Texas oil producers who are expected to pay \$8,500,000 more in gross production alone, or a total of \$21,500,000 in this one tax. Gas producers are due to pay \$100,000 more, or a total of \$1,400,000, and carbon black producers \$170,617 more, or a total of \$890,000. Petroleum's share of the new franchise tax is estimated at \$750,000, while a new gross receipts tax of 2.2 per cent on oil and gas well servicing is expected to raise \$825,000.

The \$10,990,617 added to the \$30,410,211 already paid in State taxes by the Texas petroleum industry will make a State total of \$50,400,826 a year for this one industry. This is 48.8 per cent, or practically half, of all State business and property taxes paid by all classes of business and

BIG BALL TWINE

Treated Against Destruction by Insects

Place Your Twine Order Now

YOUR order for binder twine, if placed now, will greatly help us to give you better service. Come in and tell us how much twine you will need. Figure your order on the number of acres you expect to harvest, estimating that it will take about 2 1/2 pounds of twine per acre.

This will enable us to get your order in to the Harvest Company early, and will protect you in case we should order short of the local demand.

Also, if we have the binder twine business settled early, we will be able to give you better and faster emergency machine repair service at the busy season if you need it in a hurry. Help yourself to better service by ordering your twine now!

VIVIAN (By Rosalie Fish) Mrs. and Mrs. Melvin Morgan spent Saturday night and Sunday with Mr. Morgan's parents, Mr. and Mrs. Lee Morgan. Rosalie Fish visited Tuesday last week in the home of Mrs. Marvin Sosebee. Mrs. T. W. Cooper and Mrs. James Sandlin visited in Wichita Falls. They also attended the convention of the air in Sunday afternoon. Mrs. Harry Adams of Vernon visited Wednesday with Mrs. W. O. Fish, and T. Evans and son, Mil-

son, Robert Leon, visited Sunday with Mrs. Fish's sister, Miss Lou Martin, and Mrs. E. V. Halbert of Foard County. Bro. H. H. Hasting of Salt Creek filled his regular appointment at the Vivian school house Sunday morning. He was accompanied by Mr. and Mrs. Parker of Salt Creek. Mr. and Mrs. W. O. Fish and daughter, Mildred, and Miss Rosalie Fish were visitors in Quannah Friday afternoon. They visited Miss James Adams while there. Mrs. Johnny Marr spent Sunday in the home of Mr. and Mrs. J. A. Garrett of Crowell. Billie Moore of Abilene came Thursday to spend a few days in the home of A. T. Fish. Mr. and Mrs. Fletcher Floyd and son, Johnnie, of Paducah, spent Sunday night with Mr. and Mrs. Henry Fish.

RAYLAND (By J. C. Davis)

Mr. and Mrs. McHam and Miss Ethelene Lawson of Wichita Falls visited relatives and friends here Saturday. Mrs. Minnie Jobe and daughters, Viola, and Mrs. Fred Spoon, of Mineral Wells visited relatives and friends here over the weekend. Miss Edna Mae Solomon of Gambleville spent last week visiting friends here. Horace Lambert of Dallas visited here last week. Miss Thelma Raines visited relatives at Prairie View over the weekend. Mr. and Mrs. Dave Sollis and daughter of Crowell attended singing here Sunday. Mr. and Mrs. Herman Schoppa spent Sunday with friends in Farmers Valley. Mr. and Mrs. Roy Davenport of Crowell moved here last week. No rain last week and there was a big rush to get the alfalfa cut and baled, also considerable cotton seed planted. Hazel Faughn was ill last week. Uncle Tom Davis, who has been ill several weeks, is slowly improving.

MARGARET (By Mrs. John Kerley)

Miss Doris Denton of Crowell spent Wednesday night with Miss Billie Morrison. Mrs. Grant Morrison and daughter, Billie, attended the school program at Gambleville Thursday night. Mr. and Mrs. Eldon Williamson visited Mr. and Mrs. Grant Morrison a while Friday morning while en route from Crowell to Denton where they will make their home. Miss Billie Morrison went with them for a two weeks' visit with them and her sister, Verna Ray, who is attending school there. Mr. and Mrs. Z. D. Shaw of Riverside visited Mr. and Mrs. Grant Morrison a while Thursday afternoon while en route to Crowell where they visited Mr. and Mrs. Eldon Williamson. The Margaret school was entertained Thursday with a closing school picnic. Many from this community attended. Mr. and Mrs. W. T. Blevins of Truscott visited Mr. and Mrs. Joe Orr and family and Mr. and Mrs. Jim Choate, here Sunday. The Margaret school closed Friday with the seventh grade graduation exercises. Mrs. Maggie Eldridge of Quannah is visiting her sister, Mrs. W. S. Wrenn. Mr. and Mrs. Ben Bradford and family of Riverside community visited Mrs. Sudie Bradford Sunday. Robert Choate of Post visited his parents, Mr. and Mrs. Jim Choate, here Sunday. Gilbert Choate of Post spent Saturday night and Sunday with homefolks.

THALIA (By Minnie Wood)

Mrs. Carl Huddleston and children of Vernon visited Mrs. F. A. Brown here a while Sunday afternoon. Mr. and Mrs. Fred Rennels of College Station visited her mother, Mrs. J. A. Abston, here Friday night. Mrs. R. C. Huntley and Mrs. Lois Attakaw of Vernon visited Miss Minnie Wood a while Friday. Arda Long and daughters, Carol

Commencement at T. C. U.

Dr. M. E. Sadler of Austin, president-elect of Texas Christian University, will deliver the commencement address to the class of 1941 at that institution, at exercises scheduled for Monday evening, June 2. Baccalaureate sermon will be preached by Rev. O. L. Shelton, Wichita Falls, Sunday morning, June 1. President of the T. C. U. class of '41 is Chariton McKinney, Sulphur Springs.

Jean and Verna Dell, of Post visited their parents, Mr. and Mrs. W. J. Long, last week-end. The girls remained for a longer visit with their grandparents. Clinton Meek left Friday for his home in Mobeetle. Mr. Meek has taught in the Thalia school several years. C. B. Morris and family of Clarendon visited Mr. and Mrs. J. M. Jackson and other friends here Friday. Mrs. C. J. Pharr of Abernathy and Mr. and Mrs. John Keese of Lubbock visited J. D. Miller and family Tuesday while en route home from a visit with relatives in Little Rock, Ark. Sammie Payne and Sherman McBeath visited relatives in Fort Worth and Springtown last weekend. Mrs. Bob Graham and daughter of Vernon and Edward Wall of Fort Worth visited Charlie Hathaway and Mrs. J. W. Wood a while last week. Miss Ruth Paden of Spur visited in the W. G. Chapman home last week-end. Mrs. George Doty and Miss Irene Doty visited Mrs. Ted Solomon and family in Lorenzo and Homer Doty and family in Sudan last week-end. They accompanied Jack Doty and family to Rock Crossing. Misses Margaret Walker and Arlene Rice and Edward Shultz visited in Lawton, Okla., Sunday afternoon. Mrs. Clyde Bray and sons, Dan, Clyde Jr. and Keith and Horace McAdams of Muelshoe, Barney Humphries and Harold Lanham of San Angelo and Misses Gene Lamar Matthews and Anna Lucy Bray visited in the E. S. Flesher home here Sunday. Mrs. J. L. McBeath and sons and Mrs. Homer McBeath and sons visited Mrs. W. J. Boothe in Wichita Falls Saturday. The members of the Senior class left Saturday for a visit to Fort Worth, Houston, Galveston, Huntsville, San Antonio and Austin. Those going were: Marie Cobb, Betty Miller, Claudia Lou Johnson, Evelyn Johnson, Beatrice Gamble, Wanda Self, Mary Beth Whitman, Joe and Travis McKinley, Dale Earthman, R. G. Whitten, R. C. Bell, Edmon Ward, Edgar Long, Edgar Earl Marlow, Mr. and Mrs. Elmer Patterson and Mr. and Mrs. Charles Earthman. They returned Wednesday. Mr. and Mrs. Curtis Priest and

visited her sister, Mrs. Dick Swan, last week-end. Miss Marguerite Walker left Monday for her home in Dalhart. She taught in the Thalia school last year. Willie Johnson of New Orleans, La., visited his brother, Joe Johnson, and family here a few days last week. Mrs. Mollie Huntley of Vernon visited Mrs. F. W. Butler here this week.

GAMBLEVILLE (By Wilma Carroll)

Mr. and Mrs. C. D. Haney and family of Five-in-One and Mr. and Mrs. Houston Adkins of Thalia visited Mr. and Mrs. D. M. Shultz Tuesday. Evelyn Johnson left Saturday morning for Galveston. Mr. and Mrs. E. V. Cato of Thalia visited their daughter, Mrs. Dave Shultz, Wednesday. Mrs. E. M. Gamble visited Mrs. Weldon Hays in Crowell Friday. Mrs. Roy Alston returned home from Mr. and Mrs. D. A. Alston's of Crowell last week after spending a few days there while she was ill. Mr. and Mrs. C. W. Carroll and family, Mrs. Claudius Carroll and children, Mrs. Hubert Carroll and children and Mrs. Elton Carroll, all attended the wedding dinner Sunday honoring Mr. and Mrs. Milburn Carroll in the home of Mr. and Mrs. J. A. Garrett of Crowell. Mrs. Roy Hysinger of near Margaret visited Mr. and Mrs. Claude Orr Thursday. Misses Dorothy Alston and Frances Garrett of Crowell visited Mrs. Roy Alston and family Saturday morning. Mr. and Mrs. Ralph McCoy and children of Black visited Mr. and Mrs. Elton Carroll Monday. A light rain fell in this community Sunday night. Hubert and Elton Carroll made a business trip to Oklahoma City Thursday, returning home Friday night.

Giant New Battleship Commissioned

The 35,000-ton super-dreadnaught, U. S. S. Washington, has now joined the United States navy. This view during the commissioning ceremonies shows part of the after-deck with crew members lined up under the great ship's 16-inch rifles.

NOW'S YOUR CHANCE FOR A big deal ON THIS YEAR'S BIG FORD!

ANYBODY WITH A CAR TO TRADE will find it smart to see how much his car is worth in trade on a Ford this year! Its engine is the only Eight in its field. Its economy was proved again this year when it was first in its class for gas mileage in the official Gilmore-Grand Canyon Economy Run. In size, the Ford is the biggest car in passenger room in its price field. In comfort, it offers a soft and quiet ride that's new this year right down to a rigid new frame and long, soft springs. Its hydraulic brakes are bigger than any other car's near its price.

NATIONAL EDITORIAL ASSOCIATION 1941

Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things.—Phil. 4:8.

There is only one sure way to reduce the toll of 36,000 deaths in traffic accidents on the highways of America each year, and that is by exercising some discretion and restraint and some common sense in the matter of issuance of driver's licenses. It is folly of the worst type to grieve over this appalling total each year and at the same time continue to issue driver's licenses to people incompetent to handle a wheelbarrow, much less sit behind the steering wheel of a machine capable of traveling ninety miles an hour. The highway total of accidents in this country discredits the nation's intelligence, and is a crime against society.

When we are inclined to get discouraged over the world outlook, and the march of Hitler's armies, we open history books and go back as far as there is any record in them and nowhere do we find any record of a man who started out to whip the whole world that didn't come to a tragic end before he got the job done. We believe—yes, and hope, that history will repeat itself as it is said it does.

A good one from the Pathfinder. The difference between Rip Van Winkle and some people is that Rip woke up.

Education has for its object the formation of character.—Herbert Spencer.

Newspaper Advertising Effective

Newspaper advertising was declared to be the most effective form of advertising, in a recent survey conducted in Louisville, Ky. Setting out to "grade" the different forms of advertising, Yeager & White, public accountants, went directly to the consumers with two questions:

- (1) What kind of advertising influences you most in your buying? and (2) Which of the various types of advertising do you find most objective? The answers: 1. Theatre screen advertising is the poorest kind of all. 2. Billboards and circulars are next poorest in rank. 3. Radio and direct-by-mail are next in line. 4. Newspaper advertising was declared to be the most effective to the general public. 5. The survey found no direct sales resistance to newspaper advertising; newspaper advertising sold more than all other mediums combined. 6. Newspapers sell 56 per cent of all goods sold by advertising; all other mediums sell 44 per cent. 7. Sixty-five out of every 100 women buy from newspaper advertising; 51 out of every 100 women are influenced the same way. 8. Two out of every 100 women buy from circulars while 10 out of every 100 object to circulars. One out of every 100 men buy from circulars and 10 object. 9. Thirty of every 100 women object to billboard and 42 out of every 100 object to theatre screen.—N. E. A. Service Letter.

What We Think

(By Frank Dixon)

Opinion in this country is still divided on the question of whether or not aid should be provided Britain. It is divided into three groups. One group believes that all aid possible should be sent to Britain. A second group believes that only limited aid should be supplied and a third group believes that no aid at all should be supplied.

Feeling has reached a point where the more excitable element of those who are opposed to aid of any sort refer to those who favor full aid as war mongers, and those who favor full aid refer to those who are opposed to any aid as pacifists, and appeasers.

The whole matter as we see it should be considered in the light of the effect of the outcome of either course upon the future of the United States.

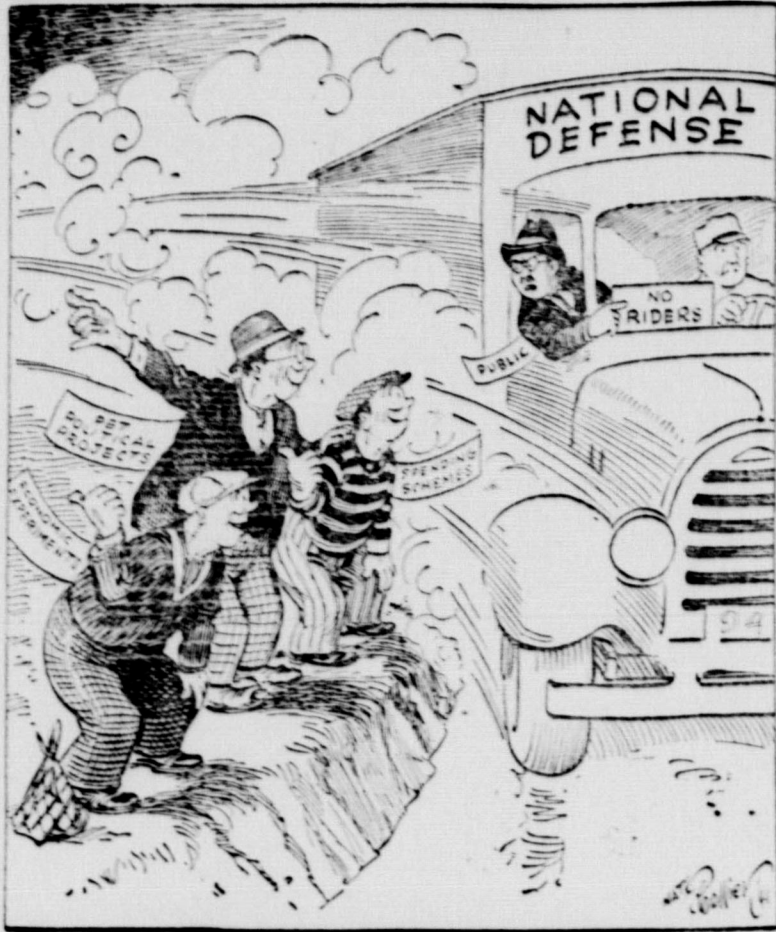

If the subjugation of Europe and South America by Hitler will not effect in any way the future of the United States or its welfare then one might assume that the United States should take no part in the war beyond selling supplies to any and every nation who might come to our shores, purchase them, pay for them in cash and transport them in their own ships.

It would be a cold and heartless attitude but on a strictly selfish basis we could in this way refuse to have any part in the conflict, regardless of how ruthless Hitler might become or how often he might invade the rights of smaller peoples and lay their country waste. The world looking at the matter from a purely impersonal angle would perhaps not criticize us, and in the event the war continued over a long period, we would in all probability emerge from it with the material wealth of most of the world in our possession.

I believe, however, to the group that has no faith in the protestations of Hitler, that he has no designs on the United States. I believe that he meant what he said in his book "Mein Kampf," that it was his purpose to subdue Europe first and eventually the entire world. I believe, when he said the entire world, he meant the United States also.

I do not believe that Hitler would find it necessary to land a single soldier upon the North American continent to accomplish his purpose of world subjugation. In the event he defeats England, there will be no nation on earth except the United States, strong enough to oppose him in any program he may undertake. I feel just as strongly that in the event he defeats England and subjugates the British Empire, the United States will not dare oppose him, will not dare oppose him if he succeeds if they did oppose him. He would have at his command an empire of natural resources that no other war mad dictator has ever possessed or ever dreamed of possessing. He would control the vital elements and supplies which this country does not possess and without which a war cannot be fought. He could and would destroy our world markets and make of us a self contained nation, trading with one another. This would result in unemployment and a lowered standard of

THE HITCH-HIKERS

Local Committee Offers to Help Indebted Farmers

Hubert Brown, chairman of the Foard County farm debt adjustment committee, has announced that his group will meet Thursday, May 22, at 2:30 p. m., to give assistance to farmers who are over-burdened with debt. The meeting will be held in the court house and all farmers and creditors who can benefit from this service are invited.

Grady Roberts Gives Legislative Report

The News is in receipt of the following report from Representative Grady Roberts in regard to bills passed by the regular session of the Forty-Seventh Legislature: With the first 120 days of the Regular Session already passed, the Forty-seventh Legislature last week began to make plans for going home. Legislators should feel well pleased with themselves, for in a time of world crisis, they have done what veteran observers praised as the best legislative job since the 1907 Legislature when Tom Campbell was Governor.

There has been more work for the individual member this year than in any previous year. There has been less waste motion than usual. There has been more hard study and thorough investigation of facts than ever before in the annals of Texas history.

Legislators, under stress of the emergency, have laid aside their own partisan views to work together in a spirit of mutual compromise to get the state's most pressing problems solved.

- The accomplishments of the Forty-seventh Legislature have been many. Some of the outstanding accomplishments to date are summarized below. 1. The omnibus tax bill which raises \$22,000,000 a year. a. Increases old age pensions to make Texas one of the most liberal pension states in the nation. b. Finance Teachers' retirement. c. Finance aid to the blind and dependent children. d. Turn \$5,000,000 a year into the general revenue fund to reduce the state's deficit. 2. Repeal of the 7,000 pound truck load limit in favor of a scientific formula truck bill which allows a gross weight of 38,000 pounds, that is over truck and all. 3. Providing for new wards to take all insane persons out of local jails. As a member of the Appropriations Committee and the Free Conference Committee, our Representative had the pleasure to help write the final version of the bill which made it possible to solve the Old Age Problem. 4. Passage of a bill to curb violence in all labor strikes which threatened the progress of national defense. 5. Submission of the Constitutional Amendment to forbid the spending of state money when there is insufficient money in the treasury to pay the claim, thus forever preventing deficit financing. 6. Passage of the new drivers' license law which will make Texas one of the leaders in the field of highway safety. 7. Creation of an auditor appointed by the Legislature instead of the Governor to check all State expenditures. 8. Passage of a bill sharply curbing the sales of liquor in drug stores in dry territories. 9. Enactment of a multitude of legislation connected with National Defense, modernizing existing laws to make possible full co-operation with Defense Authorities in every way. 10. Revision of the Unemployment Compensation Tax Law established to save Texas employers some \$10,000,000 a year. 11. Raising the speed limit to 20 miles per hour in day time and 50 miles per hour at night.

The State's chief problems thus have been met by the Forty-seventh Legislature in an orderly spirit of accomplishment, and after trying a lot of loose ends together, its members, and more especially your Representative, will be ready to go home for a well needed rest.

Local Committee Offers to Help Indebted Farmers

Hubert Brown, chairman of the Foard County farm debt adjustment committee, has announced that his group will meet Thursday, May 22, at 2:30 p. m., to give assistance to farmers who are over-burdened with debt. The meeting will be held in the court house and all farmers and creditors who can benefit from this service are invited.

"Our committee is giving special attention to small farmers who are so badly in debt they can never hope to pay out," Mr. Brown said. "The commonsense thing to do is for these farmers and their creditors to sit down around the table and work out with their farm debt adjustment committee a friendly and fair adjustment of these debts. Both the farmer and his creditors will be better off after a fair agreement has been worked out."

Members of the committee, which works in co-operation with the Farm Service Administration, are: Hubert Brown, C. P. Sandifer, W. Ab Dunn.

Referendum—

(Continued from Page One)

be eligible to vote will be those whose planted acreage times his normal yield is equal to 200 bushels, or more.

Those who planted acreage times the normal yield which will not be as much as 200 bushels will not be allowed a vote, but they will be allowed to market their wheat on the open market or place it under loan at the regular loan value, whichever they choose, if the referendum passes by a two-thirds majority of the vote.

If the referendum does not carry, there will be no loan value on 1941 wheat.

A producer that has overseeded his allotment can sell the grain on the open market his actual or normal yield, which ever is the greater, of his acreage allotment without a penalty. Wheat produced on the excess acreage can be placed under loan at 80 per cent of the loan value, if the quota referendum carries, or he can pay a 15 cent per bushel penalty under the present law and sell the wheat on the open market.

Graduation—

(Continued from Page One)

Americanism" as the theme of his address during which he stressed democracy in the present educational system. He urged the graduates to make preparations for the future by taking at least two years of college work in some skilled or professional field.

Grammar School Graduation The 1940-41 term of the local schools were officially closed with the graduating exercises of the Crowell Grammar School in the auditorium Friday night at 8 o'clock at which time the seventh grade graduates received their diplomas from T. B. Burrow, principal.

Dr. R. L. Kincaid, president of the Crowell State Bank, addressed the graduates. He stressed "habits, good and bad" and urged the students to form habits which would serve them best in high school and through life. Dr. Kincaid told the graduates that habits were easily formed, but after being formed were hard to break. He gave practical examples of good and bad habits.

Mrs. Arnold Rucker played the professional and recessional and the invocation was given by Rev. H. A. Longino. A vocal solo, "Memories," was sung by Paula Flunket and "How Can I Leave Thee" was rendered by a sextet composed of Ada Jane Magee, Virginia Mabe, Patsy Ketchersid, Pat McDaniel, Charles Waters and Ross Adams. Miss Ruby Lee Bevil was the piano accompanist.

Farmers In This Area Using Land Bank Facilities

303 Foard Families Take Part in System To Pay Off Debts

Foard County has approximately 303 farm and ranch families using the Federal Land Bank and the National Farm Loan Association system of co-operative, low-cost, long term farm mortgage credit, according to J. C. Thompson, secretary-treasurer of the Crowell National Farm Loan Association.

Use of this system has enabled approximately 203 families in the county to pay out of debt already, Mr. Thompson said.

Outstanding on Dec. 31, 1940, in Foard County were 276 Loan Bank loans totaling \$834,735. From May, 1933, to date, 58 Land Bank loans amounting to \$188,200 were closed. The seven-year period had 100 Commissioner loans supplementing the normal Land Bank services for a total of \$166,000. Of these, 70 loans for \$134,900 remain.

"This system," said Mr. Thompson, "was founded to finance farm mortgage debts on terms to fit the needs of the farmer and ranchman. While the family is in debt, striving to attain independent ownership, there is need for safe financing to protect the home investment. Credit from a dependable source, repaid in small, regular amounts on principal and interest, frees the family from worry and cost of frequent renewals."

He said that "farmers and ranchers who own this credit service feel that it is an asset to the community in general. It has made more money available for better farm and home conditions. During the depression and following its services have permitted many farm families to retain their homes. It has further offered deferments in worthy cases during lean years and encouraged conditional payments to build up reserves in good years."

Should Plan Now for Shelterbelt in 1942

"Plan now for your 1942 Shelterbelt," advises R. G. Deede, local forester and director of planting in this area. "A look into the future will save a lot of last minute rushing around trying to get the land prepared before a Forest Service truck comes out to plant the trees. Good ground preparation goes a long way in making a successful shelterbelt planting," continues Deede, who adds the following suggestions:

By selecting the site now upon which you want the trees planted and planting a cover crop in between what will be the tree rows next year, a lot of soil blowing can be eliminated next winter and spring. Sodan makes fine winter protection if left standing unharvested. Peas and sorghum may also be used but cotton should be avoided.

By leaving every third row fallow a reserve supply of moisture can be built up for the trees next year, when moisture conditions might not be so favorable.

In some cases old fence rows should be leveled off before plantings are made. If they are cleaned out this spring, a cover crop can be established on the

Every Registrant Needs Certificate in His Possession

Amendment of Selective Service Regulations to make it mandatory for every registrant to have his registration certificate in his possession at all times and to present it upon request of proper authorities was announced today by General J. Watt Page, State Selective Service Director.

General Page made his announcement upon receipt of advice from National Headquarters which pointed out that while the old provision of the regulations said that the registrant "should carry his registration certificate with him at all times as he may be required to show it from time to time," the revised regulations provide:

"The registrant must have his registration certificate in his personal possession at all times and, upon request, must exhibit it to any law enforcement officer, any Selective Service official of National Headquarters or of a State Headquarters, or any member of the local board or board of appeal."

Failure of a registrant to have his registration certificate in his possession, or to exhibit it upon request of authorized officials, will constitute a violation of the regulations and, in addition, shall be construed as prima facie evidence of his failure to register, General Page said.

General Health of Texas Registrants Should Be Improved

Calling upon all registrants in Texas to investigate possibilities of having remediable physical defects corrected prior to local board examinations, General J. Watt Page, State Selective Service Director, today suggested that they seek the aid of their personal physicians and dentists in improving their general health.

General Page's suggestion followed his receipt of a communication advising that the Selective Service System is seeking to reduce the percentages of men rejected by local board examinations on physical grounds through an extensive program of pre-habilitation.

"Many of the men rejected by local boards," General Page said, "are turned down because of defects which clearly are remediable. If registrants will consult their personal physicians and den-

dentists for winter protection. Poisoning of gophers, rabbits, and other rodents in area should be done before the trees are planted. Farmers signing agreement now for next year's planting can get free bait for cleaning up the area.

Excellent moisture this year should make 1942 a "banner" tree year. All farmers needing Shelterbelts should apply immediately to County Agent John Nagy, or the Local Forest Service Office.

Both the Democratic and the Republican National committees stayed within the \$3,000,000 limit prescribed by law in the recent campaign. The Democratic committee spent \$2,438,091, and the Republican National committee spent \$2,812,003. Other expenditures by both parties in phases of the campaign not under the control of the National committees are estimated to have been \$30,000,000 for all groups.

HUGHSTON Insurance Agency Ph. 238 Crowell, Tex.

Perhaps no fire has raised your home yet and seems very remote to you. But you can't trust to luck. Rates are so reasonable it's foolish to wait.

Even though registrants convinced that they will be called by local boards for national for an indefinite period, General Page declared, "a long way toward proving their own lives and tending the general health of the state."

Personal physicians and dentists should be consulted by registrants, he advised, because they represent an excellent position to recommend the proper course of treatment and to advise the men they should go for medical dental care.

"It is not only a question of improving one's physical condition so that there will be greater certainty of passing the board and Army physical," General Page declared, "but man in Texas will better his way of living and contributing real service to the public if he will take definite measures to have his disabilities corrected."

The expenses of Texas government have tripled in the past fifteen years.

I am in the market for 300 bales of 1938 loan cotton. See me before you sell.—T. L. Hughston.

Mrs. Fred Mabe has accepted a position in the Ice Cream Store on the north side of the square.

Mrs. Arnold Bracewell returned Sunday from a visit with her mother in Bedias, Texas.

Misses Reed Sanders, Laura Belle Whitfield and Evelyn Flesher are in Canadian this week as guests of Misses Virginia and Geraldine Moseley.

Mrs. Gordon Bell and two sons, Gordon Wood and Charlie, left Friday morning for Ocoala, Ark., for a visit with Mrs. Bell's sister, Mrs. L. D. Massey, and family.

Wanda Faye Adams, 10-year-old daughter of Mr. and Mrs. Harry Adams of Crowell underwent a major throat operation in a Vernon hospital Tuesday morning at 8 o'clock. Early reports were that she was getting along satisfactorily.

Mrs. Crockett Fox of Houston arrived here Friday night for a visit with her parents, Mr. and Mrs. C. W. Thompson, and family and Mr. Fox's parents, Mr. and Mrs. C. C. Fox, and other relatives and friends.

Mr. and Mrs. Evans Mitchell of Fort Worth were here Saturday visiting in the home of Mr. Mitchell's father, G. A. Mitchell. They were accompanied to Crowell by Mrs. W. B. Carter of Lubbock, who had been in Fort Worth for the past several weeks.

Messrs. Bob Beck and Ed Gaston of Sudan were here Sunday in the home of G. A. Mitchell and family. Mrs. Gaston, who has been ill here in the home of her father for several weeks, returned to her home with them. Mrs. W. B. Carter also accompanied them to Sudan.

Mrs. Elmo Motesinger and daughter, Bernice Mary, of Kirk, Colo., and Misses Edith and Elva Gobel of Burlington, Colo., are visiting in the home of Mr. Motesinger's uncle, E. Swain, and family. Mr. and Mrs. Motesinger are former residents of Crowell. On leaving here the group will go to Benton, Ark., to visit Mrs. Motesinger's parents, Mr. and Mrs. C. J. Smith, also former residents of this county.

Mr. and Mrs. J. L. Klepper and Pam Westbrook Jr. left Tuesday morning for their home in Los Angeles, Calif. They expected to visit Mr. and Mrs. Henry Moore at Odessa and the Carlsbad Cavern in New Mexico en route home. Mr. and Mrs. Klepper were here to visit his brother, J. W. Klepper, and other relatives and friends and attend the Golden Anniversary Jubilee. They visited in the homes of Mr. and Mrs. T. B. Klepper of Crowell and Mr. and Mrs. Allen Fish of Vivian, and also with Mrs. Klepper's brothers, Stan, Tom and Benton Westbrook, and her sister, Mrs. John Holmes, and families of Triggsett.

Bill Norman of Dougherty was a visitor in Crowell Wednesday.

Mrs. Boyd Taylor and two sons of Abilene, spent Tuesday in the home of Mr. and Mrs. Arnold Rucker.

Mr. and Mrs. Glen Goodwin and Mrs. Buster Cates and children visited in Dallas and Wills Point last week-end.

Mrs. Charlie Ashford and son, Monte Kent, of Vernon are visiting in the home of Mrs. Eva Ashford and family.

Mrs. J. A. Stovall and A. Y. Olds left Wednesday for Austin where Mrs. Stovall will visit her daughter, Modena, and A. Y. will make arrangements to enter the University of Texas next fall.

Mrs. Mattie McKenzie, Mrs. Leslie Meetz and George McKinney of Seymour were here last week visiting their daughter and sister, Mrs. Stanley Sanders, and to attend the high school graduating exercises.

Mrs. Luther Roberts and Mrs. C. E. Huthison left Monday for Dallas after spending several weeks in the homes of their brothers, J. R. and A. Y. Beverly, and visiting other relatives and friends and attending the Golden Anniversary Jubilee.

Mrs. Caroline Crawford and daughter, Miss Elizabeth, were week-end guests in the home of Mr. and Mrs. T. N. Bell. They were en route to their home in Kansas City, Mo., from Los Angeles, Calif., where they spent the winter months.

Charles Davis, son of Mr. and Mrs. Earl Davis, has accepted a position as apprentice operator with the Santa Fe Railway Company and left Crowell Saturday for Sonora, where he assumes his duties. Charles was graduated from Crowell High School last Thursday night.

Capt. Roy Sloan, who has been at Camp Bowie, Brownwood, has been transferred to Carlisle, Penn., for a special course of training for young army doctors. Mrs. Sloan and their little daughter, Sandra, accompanied Capt. Sloan to Carlisle. En route they visited Washington, Mt. Vernon, and other places of interest.

Old News—

inches, 5 columns, four pages of which were home print, and it was again edited by Robert Cole. The present News editor is grateful for the privilege of looking over these old issues of the paper and for the next few weeks it is expected to have a column of interesting items taken from these early papers. The following article concerning rain is taken from the issue of May 12, 1893:
Head—Rain! Rain! Not Ruined, But Fearfully Warm! Wheat Not All Gone.
Never in the history of this country have the people so anxiously watched the clouds for in-

Annual Meeting of Cemetery Association Will Be Held Monday

The annual meeting of the Crowell Cemetery Association will be held at W. R. Womack's Monday afternoon at 4:30 o'clock, according to information released by Mrs. N. J. Roberts, president.

All persons interested in the cemetery are urged to attend this meeting as officials for the association will be elected at this meeting.

A building committee for the proposed sexton's house will be appointed at that time and there are many other problems to be discussed.

Mrs. Roberts urges that all come and plan the work for the coming cemetery year which begins June 1.

Those who have contributed to the house fund since the last report are as follows:
Mrs. Maggie Beaty, Wichita Falls \$2.00
Leslie Thomas 5.00
A Friend 5.00
Lourena Cope, Dallas 2.00
Leona Young, Dallas 5.00
Joe Klepper, Los Angeles 5.00
The following is a contribution to upkeep of cemetery:
Mrs. Gregg Lawrence \$5.00

indications of rain, as we have done for the past month. People have watched and waited until despondency and gloom were beginning to be depicted on the countenances of merchants, farmers, and men in all lines of business. On Tuesday night the people of this county were blest with a fine rain. Next morning all were anxious to hear from other portions of the county. The first man to come in was T. T. Jameson who reported four inches of rain, the lake filled and Pease River rising. J. H. Self and J. A. Sampson came in from Thalia about 1 o'clock and reported a good rain. John Wesley of Margaret reported a good rain. Mr. Patton from the Seven Chain pasture reported the creeks and branches all running and an abundance of rain in the western part of the county.

The next question is, what will be the benefit to wheat and oats? On this subject there are various opinions and no correct estimate can be made for a few days yet. A great many thought three or four weeks ago that the wheat was then entirely ruined, such was not the case. It is now evident that many thousand bushels of wheat and oats will yet be made in Foard County. We are forcibly warned of the folly of depending too much on one crop. If only one-tenth of the land planted in wheat had been reserved for other crops, the country would have been in much better condition.

The above mentioned rain was followed by another still heavier yesterday.

ROTARY CLUB

Rotarian A. B. Chambers of Sweetwater was a visitor at the Wednesday meeting of the Crowell Rotary Club. Other visitors were J. A. Stovall, Miss Lois Pickett and Glendon Hays. Munson Welch attended for the first time as a new member. The program was in charge of I. T. Graves and included readings by Miss Pickett and Glendon Hays.

INITIATED INTO SOCIETY

Lubbock, May 9.—Kenneth Halbert, sophomore agricultural student at Texas Technological college, recently was initiated into Block and Bridle, national organization of animal husbandry students who maintain a scholastic average of C. Kenneth is the son of Mrs. E. V. Halbert of Foard City.

WPA Quota—

(Continued from Page One)
ent projects, Work Project 16920 and Work Project 17883, might be completed. It was then thought that sufficient labor would be available for re-opening Work Project 17023 which was suspended on Feb. 19th and starting construction of the work proposed in District Serial 7-1493-2. Road Improvements in Precincts 3 and 4.

"Mr. Cromwell, superintendent, has asked that we review our program schedule and determine if it is going to be possible to start both of these projects when the two State Highway projects are completed. This has been done and in view of the fact that we have been more or less definitely informed that our quota of employment will be reduced on June 1 and again on July 1, and further for the reason that we are becoming heavily engaged in National Defense activities, it is not now believed that labor will be available for both projects. It is therefore suggested that definite plans be made only for re-opening Work Project 17023 and then if conditions have changed in any way which might affect the supply of labor the work order can be secured for the Precinct 3 and 4 projects and construction started in a short time.

"Mr. Cromwell is being furnished a copy of this letter which will constitute his authority to make his plans for re-opening Work Project 17023 at such time as one or both of the two highway projects are completed.

"Yours very truly,
"S. D. Steed,
"District Planning Engineer."
Judge Thomas and the Court are hopeful that there will be

FOARD CITY

(By Mrs. J. L. Farrar)

Rip Welch returned to his home in Anna last Thursday after an extended visit with his brother, Frank Welch, and wife.

Mrs. Roy Fox of Gilliland visited her sister, Mrs. J. L. Farrar, last Wednesday afternoon.

Mr. and Mrs. Hughston McLain visited Mrs. McLain's sisters, Mrs. Ratliff of Sonora and Mrs. Barton Abbott of San Angelo, last Thursday night, who were in Truscott to spend a few days with their mother, Mrs. J. M. Chilcoat, and family.

Mrs. Ruth Marts and children, C. J. and Helen Ruth, of Crowell spent Saturday night and Sunday with Mr. and Mrs. A. Weatherall.

J. H. Minnick made a business trip to Oklahoma City Sunday while gone he will visit his family in Norman, Okla.

The school children from Foard City enjoyed a picnic at south pocket park on last Friday. A picnic lunch was fixed by the mothers, and the bus drivers, M. N. Morris and Charles Merriman, took 10 gallons of ice cream. Several games were enjoyed by the children.

Grady McLain, who has been ill, is improving.

Mr. and Mrs. Hughston McLain spent Saturday and Sunday with Mrs. McLain's mother, Mrs. J. M. Chilcoat, of Truscott, who is ill. Latest reports from her on Monday were that she was improved.

Mr. and Mrs. Ernest Patton and son, Don, of Crowell visited Mr. and Mrs. J. L. Farrar last Wednesday evening.

Mr. and Mrs. Grady McLain and Mr. and Mrs. G. M. Canup of Crowell spent Tuesday morning fishing at the Crowell lake.

Mr. and Mrs. Theo Duncan visited friends and relatives in Dallas and Wylie from Wednesday till Saturday of last week.

Mrs. J. L. Farrar entertained on Monday evening with an 8 o'clock dinner, honoring Mr. and Mrs. Lester Patton of Crowell and Mr. and Mrs. Hughston McLain on their first wedding anniversary. Games of 42 were enjoyed. Those present at the affair besides the honorees were, Mr. and Mrs. Ernest Patton, Miss Alma Patton of Crowell, and J. L. Farrar.

The Senior Sunday School class of Foard City church enjoyed a picnic in the Smith Canyon on Monday evening. Sandwiches, cookies and punch were served at 8 o'clock, then the following enjoyed games and stunts: Anita and Juanita Traweck, Estelle Autrey, Bob Williams, Joe Farrar, Blaine Barker, Howard Ferguson, C. J. Marts of Crowell, Lou Martin and Allison Denton. They were accompanied by their teacher, Mrs. J. M. Barker, and Mrs. Blake McDaniel.

This community received another rain on Sunday and Tuesday, about 2 inches in all. Some severe wind accompanied the rains and some hail in places. The worms are damaging the wheat, oats and barley, also the young row crops, too. Several farmers have been busy putting out poison. Gardens are pretty, and have not been damaged by the worms so far.

Several families in this community have lost their fine milk cows lately with some kind of paralysis. When the cows are stricken with the disease they only live a few hours.

sufficient quota at the time to take care of both of the jobs in order that there will be no unemployment, however, with National Defense gaining momentum every day, it is doubtful that such will be the case.

Tire Opportunity Presented Now In Current Sale

To Provide Safer Motor Car Operation on Hot Summer Highways

Anticipating the year's first new peak in tire buying, scheduling of the annual spring sale has just been announced by M. F. Crowell, local Goodyear dealer, who points out that the opportunity is timed to coincide with the beginning of what may be the country's biggest driving period in any year.

Present plan for sales' dates covers the period from May 21 to 31 during the 10 days of which dealers nationally will feature the first-line G-3 All-Weather tread tire offered on a special trade-in deal, as well as the All-American in five popular sizes, attractively priced for the sale.

Backed by a written guarantee, these tires built with improved Supertwist cord have increased body strength, the G-3 in actual tests having averaged 20 per cent longer tread wear than other first line tires tested.

With rubber prices steady for the time being at least, despite a crucial international situation, now would be a logical time for those who need tires during the summer to make replacements on their cars, in the opinion of Mr. Crowell, especially since prices are lowered in a period when buying should be increasing, because of a seasonal demand for new tires to provide safer motor car operation on crowded highways.

Christian Science Church Sunday School at 10 a. m. Sunday services at 11 a. m. Wednesday evening services at 8:00 o'clock. Sunday, May 25, 1941. Subject: "Soul and Body." The public is cordially invited.

East Side Church of Christ Each Lord's Day—Bible classes at 10 a. m. Worship service at 10:45 a. m. Evening service at 7 o'clock. Mid-week Bible class each Wednesday evening.

Christian Science Services "Soul and Body" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, May 25.

The Golden Text is: "I pray God your whole spirit and soul and body be preserved blameless unto the coming of our Lord Jesus Christ" (I Thessalonians 5:23).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For we know that if our earthly house of this tabernacle were dissolved, we have a building of God, an house not made with hands, eternal in the heavens" (II Corinthians 5:1).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The material body and mind are temporal, but the real man is spiritual and eternal" (page 302).

Two Minute Sermon

The Reward of Gratitude: One of the commonest causes of human unhappiness, and unrest, and discontent, comes from a lack of appreciation and gratitude. Too many people, instead of being appreciative and thankful for the many privileges and blessings they have, spoil their enjoyment of life by grieving for the things they do not have, and complaining that their bounties and rewards are not larger. I believe that no matter how limited an individual's blessings are, he can find something in them for which to be thankful. I also believe that no matter how limited one's blessings may be the very fact that one has in his heart a spirit of gratitude and thankfulness will work to magnify and increase his blessings and his appreciation of the rewards that are his. We are told as much on many occasions in the Scriptures. Just why this is, or how an attitude of gratitude toward the Lord accomplishes this, and magnifies one's blessings, I do not understand. I only know that it does. I know that the man

Specialists Listed In Selectee Rolls Are Being Sought

Moving promptly to prevent any unnecessary increase in the growing shortage of manpower in certain specialized professional fields, General J. Watt Page, State Selective Service Director, today urged all local boards to give the most serious consideration to the individual occupational deferment of students in those fields.

General Page's directive, based on a report from the Office of Production Management, interpreted the new policy of National Selective Service Headquarters concerning individual occupational deferment of students in the following courses:

Engineering—Civil, Electrical, Chemical, Mining and Metallurgical, Mechanical, Chemistry, Medicine and Dentistry.

"In applying the broad provisions of the new policy, there must be no deviation from the clear statutory prohibition against group deferments," General Page warned. "The local board has full authority and responsibility, subject to appeal, for deciding whether or not a registrant is a 'necessary man' and whether he should be selected or deferred. It must consider all the evidence submitted in connection with each individual case and must decide each case on its particular facts."

Texas' local boards have been requested to approach the immediate problem of reclassification of those students whose order numbers have been passed over because of the temporary statutory deferment, and the problem of original classification of those students who are now receiving their questionnaires, with due regard to the national policy. He said:

"The national interest demands that students in these specialized professional fields should be encouraged to continue in their courses, so long as they are making satisfactory progress. The principle of occupational deferment under the Selective Service program will be used to assure future availability of such students to all activities relating directly or indirectly to the national defense program."

The suggested procedure for applying the new policy and general findings of fact to individual cases provides for getting information to the hands of the local board a "Student Statement of Information" presenting the student's statement of his status and plans, and an "Affidavit of the College or University" in which the pro-

or the woman who has cultivated that spirit of gratitude toward God for every good thing that comes to him is a happier, richer and more contented being than the person whose rewards are much greater, but who is lacking in the attitude of thankfulness and the spirit of gratitude.

college officials testify as to the student's standing, courses and occupational objectives, together with a general evaluation of the student as a "necessary man."

These statements will furnish the local boards with all information they will require in making proper classifications. General Page stated that the several engineering schools of the State have agreed to make one person from each school responsible for the correct filling out of the "Affidavit of the College or University."

Summer Weather Brings Danger of Intestinal Disorders

Austin.—The approach of summer weather foreshadows greater prevalence of intestinal disorders, according to morbidity reports reaching the State Health Department. Infants are most susceptible to the so-called "summer complaint" (diarrhea and enteritis) but older persons are also affected, the aged being more likely to contract the disease, states Dr. Geo. W. Cox, State Health Officer.

"Symptoms of diarrhea and enteritis usually appear suddenly, accompanied by fever and severe diarrhea due to inflammation of the bowel (enteritis). The patient suffers depletion of bodily fluids, and the bowel discharges often contain blood and mucus. Convulsions and coma frequently precede fatal cases, particularly in the infantile type of summer diarrhea."

Vital statistics records of the State Department of Health distinguish between fatalities from diarrhea and enteritis occurring under two years of age and those occurring among persons over two years of age. Death records filed in the Vital Statistics Bureau for 1940 show that 1,972 infants under two years of age died of diarrhea and enteritis, and 553 persons over two years of age were victims of this disease. Diarrhea and enteritis as a rule is contracted by use of contaminated food products or contact with a patient or carrier. Dysentery bacilli (germs) are often

found through laboratory examination of intestinal discharges. Laboratory studies further demonstrate that many patients suffering from symptoms similar to diarrhea and enteritis in reality have contracted bacillary dysentery. This infectious disease is very similar to typhoid fever in its methods of spread and contraction.

Prevention of diarrhea and enteritis is dependent upon public health control measures, chiefly: (1) Safeguarded food, milk, and water supplies; (2) improvement in sanitation, methods of excreta disposal, and fly control; (3) scrupulous personal cleanliness on the part of all those who prepare and serve food; (4) careful attention to matters of infant care and home hygiene.

According to the 1940 federal census there are 541,000 share croppers in the South as compared with 716,256 in 1935, and 776,278 in 1930. Mississippi alone has 125,483, Georgia 60,934 and North Carolina 60,300. Other states in the order of rank: Arkansas, Tennessee, Alabama, Texas.

PREPAREDNESS

Your income is worth more to your family than all else in the world. Insure this, your greatest asset for your family's best need. Sooner or later it will stop, from unemployment, disability, old age, or death. Plan your family's future through Life Insurance. The sooner you plan your future the better your future will be. Is your family secured? Preparedness is meaningful.

Industrial Farm Crop Association of Texas Organized to Assist Farmers in Raising Crops for Chemical Industry

One of the most important steps ever taken in Texas to bring new income to farmers and new industries to both small towns and urban areas of this state, the formal organization of the Industrial Farm Crop Association of Texas, has just been announced by M. D. L. Van Over, president.

Elected to serve as temporary president, M. D. L. Van Over is the outstanding scientist and world authority on the industrial uses of the castor bean tree. His work has already paved the way for at least one new form of industrial farming, the prospective income from which has been estimated at approximately two billion dollars yearly.

The farmer who grows cotton, wheat or corn raises his crops for an already glutted market and can sell only a single part of each individual plant. The farmer who raises plants for use in the chemical industry is producing for an almost unlimited new market and one that eventually will consume every part of his plants.

Our Weekly Sermon

By Max I. Reich, D. D., Director of Jewish Missions Course, The Moody Bible Institute, Chicago. The Desire of All Nations

Text: "The desire of all nations shall come."—Haggai 2:7. When Christ's disciples went forth to preach they proclaimed Him as the "Anointed" and as "Lord" to four representative nations—Imperial Rome, with its desire for power; cultured Greece, with its desire for wisdom; mystic Egypt, with its desire for immortality; the Jewish nation, that strange people, differing from all the rest, with its insatiable desire for righteousness.

The longings of the human heart were perverted and misdirected by the crafty deceiver of mankind, the old serpent, who beguiled and bewitched our first parents. So Rome glorified political, militaristic power, the power that crushes all opposition by brute force. But that is not the highest ideal. The power of love, of patience, of meekness, of gentleness, of purity, that kind of power which Jesus exhibited from the manger of Bethlehem to the altar of Calvary, is the power He brought into the world. Greece sought after wisdom. He imagined the trained intellect could discover the secrets of

the universe and beyond. Now in the incarnate Word the wisdom from on high is set forth. The children of wisdom are the humble, broken, penitent God-seekers, who come to see the glory of God in the face of Jesus Christ, and are wiser thus than the philosophers of this wrangling world.

Egypt also had a perverted idea of immortality. It built pyramids to house the embalmed remains of their dead. But the true idea of immortality is not a mummy, but a redeemed man in whom the power of Christ's resurrection respects its victory over death.

And what shall we say of Israel? Was not their idea of righteousness grossly perverted? A conformity to rules and regulations may leave man a white-washed sepulchre, unless the grace of God works the miracle of the new creation in his heart. According to Jeremiah, the Lord is our righteousness. He becomes the fountain of righteousness to those who truly, penitently believe in His name. He died for the putting away of our sin, and He lives to present His spotless-ness to God on our behalf.

Thus is He "the desire of all nations." Jew and Gentile may bring to Him their unfulfilled ideals, their unmet desires, their hunger and thirst, their hidden craving after a good which they can hardly put into words. He can still every ache and satisfy every want.

Wartime Rules Invoked to Guard Capitol

Capitol police begin checking articles carried by visitors, for the first time since World War I days, when a time-bomb exploded in the senate reception room. Fourteen officers are stopping all visitors at the seven entrances to the building, and relieve all sight-seers of bundles, cameras, umbrellas and other articles.

tions of industrial crops and the use of limited knowledge of such crops for publicity or personal profit.

7. Aid and co-operate with other agencies employed in allied efforts.

8. Discover and develop new crops to supply existing or new needs, and develop the commercial use of by-products of such crops.

9. Carry on an educational campaign to create more wealth by increasing the scientific knowledge necessary to grow and produce more of nature's renewable products.

"While no industrial crop programs will be begun in Texas until adequate research in both production and markets has proven the commercial value of such crops," Mr. Van Over, who was interviewed at the Baker Hotel in Dallas, said, "one such crop has already been proven."

First project to be undertaken by the Association will be the development of the castor bean crop as a high-paying commercial product of this state. Selection of this particular branch of industrial farming was made only after numerous tests, quietly carried on over a period of more than ten years, were completed to determine productivity and commercial uses of the castor tree.

Castor trees have been grown experimentally in 32 states. Five of these states produced the best results for profitable harvesting. Several years of experimental growing and large commercial acreage development proved Texas to be the best suited of the five states for industrial production of castor trees. Exhaustive experiments have been conducted in various parts of Texas with more than 92 pilot plots now under cultivation. The more than 1,700 acres of castor trees already producing castor beans have justified the building of a large processing plant in this state. The new mill will begin operations next month. The production of this mill alone is expected to bring Texas farmers more than three million dollars additional income during the coming year.

"Texas is ready to grow castor plants on a large scale basis. The immediate job is for individual farmers to test their soils in order to find how they can most profitably grow castor trees on their own farms," Mr. Van Over said.

The Industrial Farm Crop Association plans to supply farmers all over the State with seeds, to secure their co-operation in testing soils for greatest productivity and to help them find new markets and new incomes. Local Chambers of Commerce and civic leaders throughout the State will be supplied with seeds for distribution to their local territories.

as soon as possible, it was announced.

At the present time, the United States is using more than 200 billion tons of castor beans yearly in the production of oils, fertilizer, paints, medicines, etc., and yet only one state has produced a commercial crop of castor beans. This state was Texas, and its first crop was produced this year.

"The development of the castor bean industry through research and commercialization in the United States has brought the annual value of the products of imported castor beans to the half-billion dollar mark," Mr. Van Over stated. "Research already completed and new uses found for various parts of the castor tree will bring the total evaluation of castor tree products to more than one billion dollars yearly as soon as an adequate supply of the raw materials and oil mill facilities can be made available."

Van Over, whose years of research activities have been largely responsible for bringing the castor bean industry to Texas, began his study and experiments with the castor plant quite by accident.

In 1929, he was experimenting in his laboratory with castor oil as a base material in a fast evaporating solution to use in dielectrics. One day he visited the wharves and noticed a Brazilian ship unloading castor beans of all shapes and sizes. He took some of the beans home, began writing to all sections of the world for samples, and experimented with them all. Finally, he selected two plants, one from Korea, and one from Australia, as the kinds which would produce the best commercial crops in the United States. From these two original seeds, he has produced hybrids, each of which is so developed that it will produce more of one particular part of the tree than of the others; such as more beans, more leaves, more stalk, or more trunk as required by particular demands of the market.

In addition to his years of experiments on production of the castor bean trees, growing tests, etc., Mr. Van Over has further

been active in discovering and initiating commercial uses for the various parts of the castor plant.

Official headquarters of the Texas Industrial Farm Crop Association have been established at 602 Wholesale Merchants Building, Dallas, Texas, and interested persons have been asked to write that office for further details.

WOULD YOU GIVE A PENNY to stop that headache?

MOST people who use Dr. Miles Anti-Pain Pills say that one pill usually relieves their headaches. In the regular package, Dr. Miles Anti-Pain Pills cost one penny each. In the economy packages, one penny buys 1 1/4 pills.

Why Don't You Try Dr. Miles Anti-Pain Pills?

They taste good, act promptly, do not upset the stomach, contain no opiates or laxative medicines.

You may be miles away from a drug store when you are suffering from a Headache, Neuralgia, or Muscular Aches and Pains. Why not get a package of Dr. Miles Anti-Pain Pills today and be prepared for emergencies?

Regular Package, 25 Pills, 25c Economy Package, 125 Pills, \$1.00

Miss Frances Hill and Henry W. Black United in Marriage

In a pretty, quiet home wedding on Tuesday morning at 10 o'clock, in the home of the bride's parents, Dr. and Mrs. J. M. Hill, Miss Frances Hill became the bride of Henry W. Black of this city.

The impressive double-ring ceremony was said by Rev. Finis A. Crutchfield, pastor of the First Methodist Church of Vernon, before the fireplace in the living room of the home, which had been converted into an altar with tall arrangements of flowers and ferns. Gladioli, sweet peas and roses were used in profusion.

At the opening strains of Mendelssohn's Wedding March, which was played by Mrs. S. T. Crews, Mary Edna Norman, niece of the bride, entered to precede the wedding party to the altar. The bride was attended by Miss Florence Black, sister of the groom, as bridesmaid, and Judge Leslie Thomas served as best man to Mr. Black.

Mrs. Black was attired for her marriage in a dress of light grey-blue chiffon and wore a shoulder corsage fashioned of pink rosebuds.

The immediate members of each family, the bride's grandmother, Mrs. N. A. Crowell, Mrs. Crews and Mr. Thomas were the only witnesses to the marriage. Following the ceremony, Mr.

and Mrs. Black left for a short wedding trip. For going-away, Mrs. Black wore her wedding dress with hat and accessories to match.

Miss Opal Garrett Becomes Bride of Milburn Carroll

Miss Opal Garrett and Milburn Carroll were united in marriage at the Methodist parsonage in Crowell Tuesday evening at 6:30 o'clock with the pastor, Rev. H. A. Longino, performing the double ring ceremony.

The bride is the daughter of Mr. and Mrs. J. A. Garrett of Crowell. She was attired in a navy blue dress with navy and white accessories. She attended Crowell schools and was graduated from Crowell High School in 1938.

The groom is the son of Mr. and Mrs. C. W. Carroll of Gambelville. He was born and reared in this county and attended the Crowell and Gambelville schools.

A wedding dinner was given in honor of the couple at the home of Mr. and Mrs. Garrett. Those who attended were:

Mr. and Mrs. Willie Garrett and son of Margaret; Mr. and Mrs. C. W. Carroll and daughters, Wilma and Leta Jo; Mrs. Elton Carroll, Mrs. Claudius Carroll and children, and Mrs. Hubert Carroll and children, of Gambelville; Mrs. Johnny Marr of Vivian, Mr. and Mrs. Clarence Garrett of Crowell, Mr. and Mrs. Ralph McCoy and children of Black, and Miss Dorothy Alston.

The couple will make their home on a farm in the Gambelville community.

Miss Frances Hill Honored with Shower Friday Afternoon

Miss Frances Hill was honored last Friday afternoon, prior to her marriage to Henry W. Black, on Tuesday, May 20, at the home of Mrs. W. B. Johnson when Mrs. Johnson and Mrs. Paul Shirley entertained with a lovely tea and shower.

Mrs. Shirley received the guests at the door and passed them to the receiving line composed of Mrs. Johnson, Miss Hill, her mother, Mrs. J. M. Hill, and Miss Florence Black, sister of Mr. Black. The bride-elect's grandmother, Mrs. N. A. Crowell, had a seat of honor. Mrs. S. J. Ferguson presided over the bride's book, where about 100 guests registered during the tea hours.

Miss Ruby Lee Bevell, accompanied by Mrs. Arnold Rucker, sang a solo as the first number of the program. Mrs. R. L. Kincaid and Mrs. J. R. Beverly were the participants in a clever presentation skit, designed to set up guide posts along the pathway of wedding life to aid the bride in missing some of the hazards and pitfalls. Advice was given on the use of tact and patience, spiced with love, the early establishment of time-honored home customs, such as the proper foods well-cooked and the Saturday night "shower." The latter custom was illustrated when Mrs. Kincaid led the bride to an improvised shower in the corner of the living room. As she was seated, a shower of rice, rose petals and dainty gifts fell upon her from their concealment overhead.

The proper settlement of disagreements was cleverly emphasized when Mrs. Kincaid and Mrs. Beverly feigned a misunderstanding with explanation and "make-up" with promises of love again forever, so realistic as to cause a sigh of relief from those

present. The honoree was met at the dining room door by Mrs. Lewis Sloan, Mrs. Payton Powers and Miss Thelma White, who proposed and drank appropriate toasts to the bride, the groom and the girls left behind.

Miss Mary Elizabeth Hughston served punch from the beautifully decorated dining table which was covered with a hand-made lace cloth. A lovely bridal bouquet of white roses, fern and queen's lace, tied with long streamers of white satin ribbon, placed on a reflector, featured the table decoration. On a smaller reflector lay a white prayer book and two wedding bands. Back of these, tall, white, lighted candles were arranged so as to represent an altar. White candles and white rosebuds ornamented the buffet.

Plates with dainty sandwiches, cakes and mints, in the form of flowers, were served with the punch by Mrs. Haskell Norman, Mrs. Lee Black, Mrs. E. W. Brown and Miss Margaret Claire Shirley.

The guests were directed from the dining room into the gift rooms by Mrs. Powers and Mrs. Sloan. Miss White, Mrs. Alton Bell, Mrs. Foster Davis, and Mrs. Beverly entertained in these rooms, where the lovely gifts of every nature were displayed.

Mr. and Mrs. B. W. Self Entertain with Barbecue Sat. Night

With Mr. and Mrs. J. L. Klepper of Los Angeles, Calif., Mrs. C. E. Hutchison of Covina, Calif., and Mrs. Luther Roberts of Dallas as honor guests, Mr. and Mrs. B. W. Self were hosts to a barbecue in the lovely out-door living room at their home last Friday evening. The occasion was also in honor of T. N. Bell, whose birthday it was.

Mrs. Pearl Carter, in the name of the hosts, presented Mr. Bell with a large ornamented birthday cake.

The delicious barbecue, supplemented by other foods, was enjoyed to the fullest by the guests. The meal was served at a long table with bouquets of home-grown pink roses down its length.

Following the dinner, an informal program of entertainment was indulged in. Games, songs, readings and conversation were included in the program.

The guest list follows: The honoree, Mr. and Mrs. T. N. Bell; Mrs. Caroline Crawford, and Miss Elizabeth Crawford of Kansas City, Missouri; Mr. and Mrs. W. R. Womack; Mr. and Mrs. N. J. Roberts; Mr. and Mrs. Clarence Thompson; Mr. and Mrs. S. S. Bell; Mr. and Mrs. J. R. Beverly; Mr. and Mrs. Chas. W. Thompson; Mr. and Mrs. A. Y. Beverly; Mrs. Pearl Carter; Mrs. Agnes McLaughlin; Mrs. Leo Spencer; Mrs. J. R. Allee; Dr. and Mrs. J. M. Hill; Mr. and Mrs. Paul Shirley; Mr. and Mrs. Geo. Hinds, Mr. and Mrs. Claude McLaughlin; Arthur Bell and Mr. and Mrs. T. B. Klepper.

Bride-Elect Honoree at Breakfast and Shower Mon. Morning

With Miss Frances Hill, bride-elect of Henry W. Black, as honor guest and Mrs. Lewis Sloan and Mrs. Foster Davis as hostesses, a "kitchen gadget" shower was given in connection with a delightful breakfast Monday morning at the home of Mrs. Sloan.

A corsage of orange blossoms was presented to Miss Hill upon her arrival. Guests found their places marked by clever little gingham apron place cards.

The rooms were made especially attractive with bouquets of pink and blue delphinium. The delicious breakfast was served to seven quartet tables of ladies.

In the games of bridge and forty-two which followed the breakfast, Mrs. Lee Crews received a pretty apron for high score in bridge. This, she presented to the honoree and Miss Hill, who was high scorer in the 42 games, was also given an apron. The hostesses presented her with a pretty pottery pitcher.

The kitchen shower was arranged in the dining room. On an improvised clothes line, the Monday "wash," aprons, cup towels and dish cloths, were hanging while the remaining gifts of useful kitchen necessities, were on the table beneath. The buffet was uniquely decorated with bouquet arrangements of vegetables.

Those present were: Miss Hill, Miss Florence Black, Mrs. Lee Black, Mrs. Lee Crews of Gulf, Texas, Mrs. S. T. Crews, Mrs. George Self, Mrs. Alton Bell, Mrs. E. W. Brown, Mrs. J. R. Beverly, Mrs. Floyd Thomas, Mrs. I. T. Graves, Mrs. T. V. Rascoe, Mrs. T. N. Bell, Mrs. B. W. Self, Mrs. H. K. Edwards, Mrs. C. G. Graves, Mrs. T. S. Haney, Mrs. M. S. Henry, Mrs. Jim Cates, Mrs. M. L. Hughston, Mrs. W. B. Johnson, Mrs. Jack Seale, Mrs. Paul Shirley, Mrs. R. L. Kincaid, Mrs. H. Schindler, Mrs. S. J. Ferguson, Mrs. C. R. Ferguson and Mrs. T. B. Klepper.

TEXAS TECH

COUNTY FEDERATION

The Riverside Demonstration Club will be hostess to the County Federation on Wednesday, May 28, at the Riverside school. This meeting will be the last one for the current club year.

Mrs. A. D. Campbell will be program leader and will talk on "Churches Must Be Beautiful." Mrs. Grady Halbert will discuss, "Trinidad, The Virgin Islands and Barbados."

A report from the recent district meeting will be given by Mrs. R. L. Kincaid, the delegate to the meeting.

After the usual covered dish lunch, a song will open the afternoon program. Mrs. Agnes McLaughlin will talk on "The Madonnas in Art," and Mrs. T. B. Klepper will review a short story, "Mother," by Kathleen Norris.

P. T. A.
Mrs. Allen Sanders was leader of the P. T. A. in its last meeting for the 1940-41 school term on last Tuesday afternoon.

Mrs. Vance Favor had the main subject for consideration, "Education for Peace."

The officers for the coming year were installed by Mrs. Sanders. They are, Mrs. Frank Flesher, president; Mrs. Thomas Hughston, vice president; Mrs. Roy Barker, secretary, and Mrs. Jim Cates, treasurer.

In the count of mothers, the prizes were awarded to Miss Cora Carter's and Mrs. Floyd Thomas' rooms in the Primary department; to Miss Florence Black's room in the Intermediate department, and to the Junior class in High School.

42 CLUB

Members of the 42 Club and six additional guests were entertained by Mrs. Clint White at her home last Tuesday afternoon.

Cut yard flowers were used throughout the house for decoration. The hostess served punch at intervals during the games.

An ice course was served to the members present and to Mrs. O. F. Billings of Cloudford, N. M., Mrs. Luther Roberts of Dallas, Mrs. C. E. Hutchison of Covina, Calif., Mrs. Moody Bursley, Mrs. Ralph McKown and Mrs. Grover Cole.

Penmanship Awards Given to Pupils of Grammar Grades

One hundred and forty-two awards were presented to pupils of the fifth, sixth and seventh grades by Mrs. E. C. King, instructor of penmanship in the Crowell school.

The following pupils received awards from The National Board of Examiners at Bridgeport, Ill.: Ruth Barker, Doris Cox, Geraldine Davis, Sharon Sue Haney, Bobbie Lee McDaniel, Joann Meason, Pauline Naron, Irene Pechacek, Janet Roark, Lois Ann Wright, Mary Louise Webb, C. D. Campbell, Ray Longino, Presley Thomson.

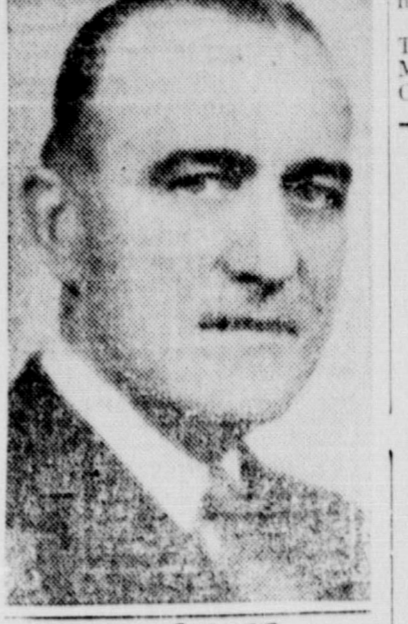

Vertie Jean Bailey, Kathleen Eddy, Louise Ferguson, Louise Haynie, Ella Mae Jones, Mildred Morris, Gloria Naron, Eulalah Nichols, Marie Porter, Mary Elizabeth Roberts, Hazel Huckaby, Doris Sliger.

R. L. Ballard, Evelyn Barker, Billie Billington, Leta Jo Carroll, Jeanne Drew, Opal Milburn, Rebecca Ross, De Alva Thomas, J. L. Brock Jr., Gerald Dee Clayton, Milton Hall, Kendrick Joy, Louis Ray Mills, Kenneth Ownbey.

Joe Harris Seales, Billy Joe Taylor, Henry White, Wanda Allen, Orda Mae Davidson, Patsy Dodd, Jo Favor, Lola Mae Fox, La Rue Graves, Doris Johnson, Winifred Johnson.

Nina Jones, Charlene Lankford, Betty Jean Seale, Erma Jean Vessel, Larry Dan Campbell, G. W. Johnson, Hardy Sanders, Harold Thomson, A. G. Wallace, Ruth Catherine Cates, Maxine Curlee, Doris Denton, Betty Ruth Lindsay, Ada Jane Magee, Billie Morrison.

Geneile Nelson, Dorothy Pechacek, Ruth Ribble, Mary Catherine Sparks, John Calvin Carter, Billie Gene Naron, Polly Davis, Annie Haynie, Marilyn Hays, Virginia Mabe.

Dr. M. E. Sadler, pastor of the Central Christian Church, Austin, will become the sixth president of Texas Christian University in the institution's 68 years when he takes office next fall. Dr. Sadler succeeds Dr. E. M. Waits, president for the past 25 years, who recently announced his retirement.

Vessel, Wanda Allen, Patsy Dodd, Charlene Lankford, Gerald Dee Clayton, J. L. Brock Jr.

Winifred Johnson, Jo Favor, Lola Mae Fox, Betty Jean Seale, Kendrick Joy, Billy Joe Taylor, Milton Hall, Billie Jo Scott, Ada Jane Magee, Paula Plunkett.

The following pupils were accepted for final certificates from W. S. Benson & Company, Austin: Ruth Catherine Cates, Maxine Curlee, Doris Denton, Billie Morrison, Paula Plunkett, Billie Jo Scott, John Franklin Hutchinson, Annie Haynie, Ruth Ribble, Dorothy Pechacek, Betty Ruth Lindsay, Ada Jane Magee, Virginia Mabe, Polly Davis, Melba Simmons, Yvonne Williams.

The following pupils received "The American Penman Certificate of Proficiency" issued by The A. N. Palmer Company of New York City, N. Y.: John Franklin Hutchinson, Billie Morrison, Ruth Ribble, Maxine Curlee, Ruth Catherine Cates, Virginia Mabe, Paula Plunkett.

The following pupils were issued Certificates of Honorable Mention in the "Good Writers Club National Contest" from New York City, N. Y.: Patsy Dodd, Opal Milburn, Virginia Mabe, Doris Denton, Ruth Catherine Cates, Billie Morrison, Annie Haynie, Melba Simmons, John Franklin Hutchinson.

WEST SIDE H. D. CLUB

A very interesting and helpful talk was given by Miss Joellene Vannoy, home demonstration agent, on sodding lawns, what kind of grass to use, and where to set it out, at the meeting of the West Side Home Demonstration Club, Wednesday, May 14.

Roll call, "What I do with my leisure time?" was answered with reading and needle work.

After the club was adjourned, a handkerchief shower was given to Mrs. Thornton, who is leaving
