Well Schools Will Begin Fall Term Monday, Sept. 8; High School Students Will Register Saturday

Students Will Leave Week for Various Schools and Colleges

The 1941-42 term of the Crowell Public Schools will open Monday morning, Sept. 8, it has been announced by I. T. Graves, superintendent.

The enrollment on the first day of school is expected to be practically the same as last year, which was the largest in the history of the school, when 628 students were registered on the first day of school.

Registration Schedule
Registration of the high school students will take place Saturday morning, Sept. 6, in the study hall of the high school building from 9 until 12 o'clock. Superintendent I. T. Graves urges that all high school students register at the hours designated.

The schedule is as follows:
Seniors—9:00 to 9:45 a. m.
Juniors—9:45 to 10:30 a. m.
Sophomores—10:30 to 11:15 a. m.
Freshmen—11:15 to 12:00 a. m.

Faculty Meeting
Supt. Graves announced that there would be a faculty meeting, including teachers of both High School and Grammar School, in his office in the high school building Saturday morning, Sept. 6, at 8 o'clock, immediately preceding the registration of high school students. All teachers are asked to be in his office at that hour.

All high school students who have never attended Crowell High School are asked to register at the hour given in the above schedule. Grammar school pupils will register in the class rooms of the grammar school Monday morning at 8:45.

Opening Exercises
Opening exercises will be held in the high school auditorium Monday morning at 8:45 at which time all high school pupils will assemble for a short program. Patrons are cordially invited and urged to attend these exercises.

The grammar school pupils will not register until Monday morning, and the parents of children who are entering school for the first time are urged to accompany their children on Monday morning as they will be of great aid to the teachers in starting the children.

School will be held during the morning of the first day and books will be issued and assignments will be made at that time, however, this work is expected to be completed by noon.

Schools of the county sending students to Crowell by contracts are Black, Good Creek, Foard City, Vivian and Claytonville. A number of high school students from Vivian, Foard City, Claytonville, Margaret, Four Corners, Gambleville, Riverside and Truscott made individual transfers into the local district this year.

Children who will not be six years old until after September 1, 1941, are not allowed to attend school, according to a ruling of the State Department of Education.

New Teachers
Henry Clifford Teague has been employed for present school year. He will teach commercial subjects and train and direct a high school band. Mr. Teague has had four years experience in teaching subjects in business administration and at the same time has been directing the regular curriculum of the Five-in-One Consolidated School. He also taught the same subjects in the Thalia Consolidated School for three years. His typing teams from the Five-in-One School have made commendable records, having placed twice in the State meet. He also had excellent bands in these schools.

Upon the recent resignation of Joe Herman Rucker as Spanish and Math teacher, Miss Mary Ragland Thompson has been transferred from the elementary school to the high school to teach these subjects. Miss Thompson majored in Spanish in West Texas State Teachers' College at Canyon.

Miss Genevieve Ferguson, who graduated from Texas Tech last June, has been elected by the school board to teach in the elementary grades.

Faculty
The faculty will be composed of the following:
High School—I. T. Graves, superintendent; C. G. Graves, principal; Miss Mildred Cordell, Gargland C. Foster, Mrs. I. T. Graves, Marvin L. Myers, Miss Ruth Patterson, Miss Mary Ragland Thompson, Mrs. Lewis Sloan, Henry Teague and Miss Eileen Motley.

District Meeting of Methodist Societies to Be Held Here

The local Woman's Society of Christian Service of the Methodist Church is to be host to the district in an all-day meeting at the church on Wednesday, Sept. 10.

The meeting opens at 10 a. m. and a covered dish luncheon will be served at noon. The conferring president, Mrs. C. A. Bickley, of Abilene, will be one of the speakers of the day, and a number of other conference officers will be present. All women interested in the work of the society and of the church are invited to attend.

Cotton Yard Opened by Public Weigher S. H. Ross This Week

The Crowell Cotton Yard was opened this week by Public Weigher C. H. Ross on the vacant lot southeast of the Farmers Co-Op. Gin. Mr. Ross has closed the filling station he has been operating in the west part of town. Mr. Ross has assembled all necessary equipment at the yard for handling what promises to be a good cotton crop this fall. The News' job printing department has recently printed 5,000 cotton receipts to be used in weighing cotton.

C. W. Thompson, a former public weigher, has been employed by Mr. Ross to assist him in weighing cotton. Mr. Thompson is an experienced weigher.

Second Free Auction Sale to Be Held in Crowell Saturday Afternoon at 2:30 O'Clock

Shot by Assassin

Pierre Laval, foremost collaborator with German "new order," who was shot in Versailles by an assassin posing as a volunteer in French legion recruited to fight Russia.

93rd Birthday of Pioneer Margaret Man Celebrated

The 93rd birthday of W. T. Dunn, oldest settler of Foard County, having lived in the same community for 60 years, was celebrated at his home in Margaret last Friday. Mr. Dunn came to this section in February, 1881, when Margaret was the county seat of Hardeman County.

Mr. Dunn's children who live in this county were present and one son, Mike Dunn, of Port Arthur was also present.

ROYAL ARCH WORK

Work in the Royal Arch degrees will be conferred in the hall of the Vernon chapter tonight, Sept. 4. Royal Arch Masons are invited to attend.

\$3 and \$2 Prizes Will Be Awarded in Fiddlers' Contest

The second free auction sale will be held in Crowell on the south side of the square next Saturday, Sept. 6, beginning at 2:30 o'clock. It was decided at a meeting of members of the Farmers & Business Men's Association held Monday afternoon. If the people of this trade area bring enough livestock and other items not needed around the place to Crowell to be auctioned off free of charge at this time, it is the desire of Crowell business men to make it a weekly event.

J. P. Davidson has been employed to promote the free auction and assist the auctioneer, Col. T. C. Bowden, in assembling the articles for sale at the place of auction. The co-operation of everybody in the county is solicited in the promotion and successful operation of a free auction sale for the benefit of the people of this territory.

Farmers of this section and all residents of the county are given an opportunity to sell surplus products, livestock, furniture that is not needed, implements—in fact, there is no restriction—any usable article of value brought to the sale grounds, will be sold without the owner having to pay one penny for the services of the auctioneer, and with no charges of any kind. This weekly event, it is believed will be of great benefit to both buyer and seller.

Jim Cook, local cattle buyer, has offered the use of his lots free of charge to those who may want to bring in livestock for the sale. The pens are conveniently located and are supplied with plenty of water.

Old Fiddlers' Contest

A special feature next Saturday will be an old fiddlers' contest which will be conducted at the scene of the sale. A prize of \$3.00 will be given to first place winner and the second prize will be \$2.00. Winners in this contest will be decided by the applause of the crowd.

See advertisement on page 6.

DELUXE CAFE OPENED

The Deluxe Cafe on the north side of the square has been opened by Miss Genevieve Stanwich. Renovating work, painting and other repair work was completed the first of the week and the cafe was opened for business Tuesday. Miss Stanwich will keep a good cook employed and the cafe will be open from 5 a. m. until 11 p. m.

Crowell Wildcats Football Team Begins Practice Monday Morning at 8 o'Clock; First Scrimmage Wednesday

Thirty prospects for the Crowell High School football team reported for practice Monday morning at eight o'clock. They have been working out twice daily this week trying to get in shape for their first game which will be at Matador Friday night, Sept. 12.

Monday and Tuesday was used to get the boys in shape and teach plays to the new boys. The first scrimmage was held Wednesday afternoon, and some of the new boys looked good. Lee J. Stout, and C. J. Kelton, blocking backs, both of Truscott, were the most outstanding new prospects. Charlie Thompson and T. L. Owens looked the best as defensive linemen, while Paul Vecera and Alton Boark had the edge on blocking assignments in the line. Bobby Spears and C. J. Kelton were leading blockers in the backfield, while Dewitt Cauthan, Rudolf Halenack and Albert Bird were carrying the ball well. Pat McDaniel, Gordon Erwin, Bobby Jo Hunter, Clifford White, Lee J. Stout, and John Carter, are the reserves that Coach Graves used in the first scrimmage. Bill Owens sprained an ankle and will be unable to work out again for several days.

Although there are several small boys on the squad that have a chance to be in the starting line.

Visiting Evangelist Called As Pastor of Thalia Church

The revival meeting of the Church of Christ at Thalia closed Sunday night, Aug. 31. The preaching was done by Roy Ruckman, who has finished almost 2 years of work with the Church of Christ at Pueblo, Colo. He delivered some very fine sermons during his two weeks' meeting at Thalia and the meeting was very successful, according to reports. There were several baptisms and the church was greatly edified.

The song services were conducted by J. M. Moore of Springlake, Texas. He and his wife made many friends during their stay in the community.

The church feels very fortunate in that it has engaged Mr. Ruckman to preach full time for the church at Thalia. He will move his family to Thalia within the very near future to begin his work there. Mr. Ruckman is a very able preacher and is heartily welcomed into the community.

DRS. HANNA OPEN CLINIC

Dr. J. J. Hanna and Dr. Mildred V. Hanna, former citizens of Quanah, have opened a Hospital, Clinic and Bath House in Glen Rose where they have recently moved after a long residence in Quanah. Dr. Mildred Hanna practiced medicine in Crowell for one year.

In a copy of the Glen Rose Reporter of Aug. 22, expressions of congratulations and welcome from the citizenry of Glen Rose are extended to the Drs. Hanna upon their opening of a modern 20-room hospital.

Dr. Hanna and his family are well-known in Crowell and Foard County.

Seventy-Nine Pupils Enroll in Riverside School at Opening

The Riverside School opened Monday, Sept. 1st, with an enrollment of 79 pupils. Several more are expected to enroll within the next few days.

After a short assembly during which the twelve grade plan and the new Community School lunch-room service was explained to parents and teachers by Sam Billingsley, principal, the students were registered and books were issued. Then pupils were dismissed for the remainder of the day. Regular class schedules were begun on Tuesday at nine o'clock.

First 1941-42 Bale of Cotton for Foard County Was Brought in by Dick Crosnoe Friday Afternoon, Aug. 29

The first bale of cotton from the 1941-42 crop in Foard County was brought to Crowell Friday by Dick Crosnoe and ginned at the Crowell Gin Co. plant. The bale weighed 458 pounds and was bought by the gin company for 17c per pound, together with the seed which were also bought for \$40.00 per ton, according to Ebb Seales, manager of the gin. The bale brought a total amount of \$90.58.

The business men of Crowell made up a premium for the first bale of \$30.70, making a total of \$123.28 received by Mr. Crosnoe.

The cotton was picked from a 14-acre patch of cotton that was planted in the early part of April and 3,000 pounds were gathered the first time it was gone over.

HOUSEHOLD HINTS

Chopped, cooked prunes mixed with butter or cottage cheese makes a good sandwich spread. Watery meringues on lemon pies may result from baking in too hot an oven. To sugar doughnuts, place sugar and doughnuts in a paper bag and shake. Cooking chicken at too high a temperature toughens it.

Seed Wheat

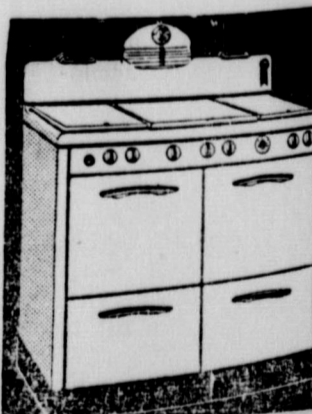

We have in our Crowell Elevator around 5,000 bushels Foard County combined mixed wheat, testing from 56 to 60 pounds, and this mixed wheat, when sold just as it come in from the combines, will be sold at slightly above the local price from day to day. We have around 1,000 bushels of 98 per cent pure Turkey Red wheat testing around 56 and prices will be made on this wheat on application. There is a few granaries that have seed wheat and we will be glad to refer you to them for your seed. We have around 5,000 bushels Early Black Hull wheat testing from 56 to 60 pounds, all harvested with blower, threshed; every load tested perfectly dry; all placed in one bin, run through our oat machine and cleaners; small berries and trash removed. Subject to change without notice this wheat is priced at \$1.25 per bushel basis No. 1. We are not in the seed wheat business and if we can help you find the seed you want in granaries or elsewhere at better prices we will gladly do so. We do not assume any risk on any wheat sold, and when delivered to you at our scales the risk is all yours.

BUY YOUR BUTANE SYSTEMS AND APPLIANCES NOW! Before they take Further Advances

There are two very satisfactory ways for using Butane. Best way is to install an UNDERGROUND TANK of proper size, pipe your home for it, and use it exactly like Natural Gas, for COOKING, HEATING and to run Hot Water Heater and Electrolyx Refrigerator. Gas comes quite a bit cheaper, and all runs off of one gas supply (Tank). One knows all the time just what it is costing and no utility can present a bill each month. Second best way is to use one or more "100 Pound Cylinders," or Drums (bottles) which is very satisfactory for running a Cooking Range, and Refrigerator, but is not hardly economical enough for Heating, besides you have to bring in your cylinders when empty for refills, and the gas is some higher, too.

Appliances we have to go with Butane Underground Systems:

BUTANE GAS COOKING RANGES: The Grand at various prices, styles and features; the NORGE, \$79.95 to \$89.95; Kitchen Queen, \$59.95 to \$82.95; Pan-American, \$79.95; Chambers, \$114.50 to \$228.50; and many others available.

What We Think

A view of the world situation for the past twenty-five days is not one to inspire a great deal of hope in the future of civilization.

About twenty years ago the world was plunged into a war that all but bankrupted it morally and financially and left a debt for future generations to pay.

With the terrible lesson of this war before it, the world again plunged into a greater and a more devastating war, beside which the World War appears to sink into insignificance.

Great as it is, and rich as it is, our modern economic order cannot hope to maintain itself if it is going to be subjected periodically to such enervating drains upon the resources.

The question that naturally propounds itself to everyone who gives the matter any thought is, is civilization helpless to protect itself from the consequences of these devastating ordeals?

I do not choose to think so. In fact, I believe that to concede such a thing would be to concede the defeat of the whole human and social and economic program.

I believe there is a way to put a stop to this world looting business by those consumed with a mad and insane lust for power such as is possessed today by Hitler.

Conceding that there is a way, I can conceive of no excuse that might be offered for a failure to apply it. In fact, if there is a way, failure to apply it becomes an indictment against civilization itself, for certainly civilization has a right to do whatever it becomes necessary to do to defend itself against any of its members.

The solution that suggests itself to me was mentioned in the recent conference between President Roosevelt and Winston Churchill.

It is that the United States and England band themselves together to see to it in the future that no nation ever again builds a war machine with which to run amuck in the world.

It will be a great responsibility and it will be a costly task but it seems the time has come when some force must rise and stand between the weaker nations and the senseless periodical plundering by the ruthless.

Both nations must go into this

WHAMI

with clean hands, without territorial ambitions of any kind. They must be willing to give where giving is necessary.

In my opinion, for a good many hundred years at least, this is the only way in which world peace will be possible.

LIVESTOCK MOVED

Austin, Sept. 1.—All classes of Texas livestock except calves moved in greater numbers to out-of-state markets and the Fort Worth stockyards in July than a year ago, according to the University of Texas Bureau of Business Research.

Shipments totaled 5,427 cars, compared to 5,167 in July, 1940. A gain of 59 cars marked cattle shipments, bringing the July figure to 2,066 carloads; hogs increased 64 cars to 645; and sheep gained 106 cars, to 947.

2nd Lieut. Bob Lilly Assigned to Air Base Squadron at Air Field

Among the latest arrivals of new officers at Sheppard Field, site of one of the new Air Corps Technical Schools, is 2nd Lt. Bob A. Lilly of Crowell, according to a news release.

Lt. Lilly was a horticulturist and perishable produce inspector in civilian life and has been assigned for duty with the 62nd Air Base Squadron at this field.

Lt. Lilly received his education at John Tarleton Agricultural College and at Texas A and M. He was commissioned June 1, 1940.

Lt. Lilly is the son of Mr. and Mrs. A. W. Lilly of Crowell.

Sheppard Field, one of the Air Corps' newest technical schools, will be a training center for mechanics for the army's rapidly expanding Air Force.

The present pattern of medical organization has neglected farmers in rural areas.

When completed, the school will represent an investment of approximately \$13,000,000, with more than 700 buildings.

Income of Texas Farmers Gains Fifty Million Over 1940

Austin, Sept. 1.—Cash is more plentiful for Texas farmers than it has been in a long time, with a fifty million dollar margin of gain in income this year over last, up to August 1, the University of Texas Bureau of Business Research reports.

During the first seven months of 1941, farmers have sold produce valued at \$265,589,000, the bureau estimates.

In July, for example, an index of agricultural income compiled by the bureau stood at 117.7, or 11.7 points above the five-year average for July from 1928 to 1932, and 43.1 points above the index for July, 1940.

All sections of the state shared in the increase, the largest gains over January 1-August 1, 1940, occurring in the Panhandle, around Amarillo—plus \$10,000,000—and in the sections around Wichita Falls and Abilene, around Fort Worth and Dallas, and around San Angelo, with increase of five to six million dollars.

VOYAGE THROUGH SPACE

You have probably never heard of astronauts. It is a word recently coined to designate the art of voyaging from star to star.

Our grandfathers used to laugh at inventors of flying machines. No one laughs at astronauts.

For engineers are actually at work devising rocket ships which may enable man to leave the earth.

Airplanes will do us no good in escaping from the earth. They need propellers, and propellers would have nothing to churn in outer airless space.

Of course, the cabin is sealed, and oxygen is carried along. Breathing does not bother the astronauts nearly so much as the complete loss of weight.

And he doesn't rocket to Mars in a straight line. Somewhere in space he stops dead.

From the best part of my heart I am thanking those who made it possible for me to have such a nice prize as reward for the first bale of cotton.

When completed, the school will represent an investment of approximately \$13,000,000, with more than 700 buildings.

Regions of Possum Kingdom Dam Unequaled in Beauty

(Photos by Glenn Burgess)

Upper left taken from Johnson Peak in the eastern section of the State Park showing rugged hills and the lake beneath.

Upper right is the 3,000-foot concrete dam with water pouring over the top. The lake filled in six weeks when scheduled to take three years.

Lower left: No more scenic boat rides may be had than along the mountainous shorelines or back

into the limestone canyons of numerous inlets.

Lower right: Cedar Creek filled with lake water. Four major creeks empty into the lake and where the lake waters become shallow will be the ideal fishing spots for bass, channel cat, perch, crappie and other Texas fish.

(Map prepared by Brazos River Conservation and Reclamation District.)

Possum Kingdom Dam Completed March 21; Filled Ahead of Schedule

West Texas has a new play ground—a recreational area covering 40,000 acres unequaled in beauty by any section of Texas outside of the Big Bend territory. The rugged hills, the timber growth, the canyons and the tortuous bends of the mighty Brazos River in Young, Stephens and Palo Pinto counties have always been recognized for their scenic beauty.

However, it took the creation of the 28,000 acre Possum Kingdom Lake to turn this section into a play ground for fishermen, boatmen, swimmers, nature lovers, dude ranchers and what have you.

On March 21, 1941, final openings in the 152-foot high Possum Kingdom Dam were closed and the early summer flood waters filled it many months ahead of schedule, and to the delight of all who have seen it, the red waters of the Brazos quickly changed into the clearest of lakes.

Follow the main meanderings of the lake and you have travelled 87 miles from headwaters to the dam. Explore its rocky and mountainous shoreline, and your boat will go 310 miles. Drop your fishing tackle near the Dam and it will sink 140 feet. In some spots you can stand on the front porch of your cabin and cast into water 100 feet deep. Hundreds of inlets and many major creeks are already teeming with the millions of fish planted there by the Texas Fish, Game and Oyster Commission under whose direct

control the fishing activities come. (The lake is closed to fishing now but will be opened in less than 18 months).

Of major importance is the 6,500-acre Possum Kingdom State Park. Two separate peninsulas face each other. One is formed by Caddo and Cedar Creeks, while the other is the result of a 15-mile bend in the Brazos. The area is characterized by high mountains, beautiful bodies of water, beaches, and timber. Its development is under the joint sponsorship of the National Park Service and the Texas State Parks Board.

The dam is about equidistant from Graham, Breckenridge and Mineral Wells. The same holds true for the State Park. From the dam the lake takes a north-west direction reaching into the city limits of Graham. Both Breckenridge and Mineral Wells are as near as 18 miles to lake water. Olney is 25. State and county highways are being built into the area as rapidly as possible. Applications for permanent camp sites are being received. Nothing will be overlooked in making this into an accessible vacation ground for all West Texas and Southwest Oklahoma.

While good views may be had of the dam, visitors are not allowed in the giant power house or the inside parts of the structure. The production of power is scheduled to boost the supply for national defense and later, go into thousands of Texas farm homes.

Carroll's Vanities to Be Great Musical Show at Dallas Fair

Dallas, Sept. 1. — All of the elements necessary for a great musical show are included in Earl Carroll's Vanities, which will be presented for the duration of the State Fair of Texas, Oct. 4-19. Coming to Dallas directly from the famous producer's Hollywood restaurant-theatre, the show has Carroll's justly celebrated "most beautiful girls in the world," lavish costumes and settings, hilarious comedy, latest song hits, and a star-studded cast.

Playing in the Auditorium, the Vanities will continue the Fair's policy of giving the public outstanding shows at popular prices.

One of Carroll's trademarks is "Through These Portales Pass the Most Beautiful Girls in the World," earned by his single requirement that girls in his show "be breathtakingly beautiful." There will be 40 of these gorgeous creatures in several production numbers, highlighted by lavish costumes and spectacular settings.

Jeanne Devereaux, famous ballerina and the only dancer to have appeared before the King and Queen of England in a command performance, will perform a sparkling bubble dance, set to the music of Debussy and surrounded by the Carrollolives.

Others of the cast include the zany Slate Brothers, with their own particular brand of humor and slapstick comedy; Buster Shaver with Olive and George,

most perfectly formed midgets in the world who specialize in unusual dance routines; Fay Carroll, Al Norman, Beverly Carroll and Lois Morrissey, all specialists in comedy, and the Wiere Brothers, one of the most famous comedy teams.

The Wiere Brothers appeared in two command performances before the King and Queen of England, and their hilarious antics also made them favorites of the Duke of Windsor, the Duke of York, King Leopold of Belgium and the late King Alfonso of Spain.

MORE POULTRY SOLD

Austin, Sept. 1.—Texas farmers and poultrymen sold almost three times as many eggs in July as a year ago, with total shipments amounting to 305 carloads, the University of Texas Bureau of Business Research reports.

Bulk of the shipments—259 cars—went to out-of-state points, New York taking 73 cars and Pennsylvania taking 41.

Movement of Texas-raised chickens was cut in half, however, to only 15 cars, while five carloads of turkeys were shipped compared to six in July, 1940.

How the bee lives and works will be seen this year in the State Fair of Texas' huge Agricultural Show. Special hives made of glass will be used in the Apiary exhibit to reveal the industry of the bee, which travels 40,000 miles to collect enough nectar to make one pound of honey.

This Week In Defense

The President created by Executive Order a seven-member Supply, Priorities and Allocation Board, with Vice President Wallace as Chairman and Donald M. Nelson, formerly OPM Purchase Director, as Executive Director. The Board will fix priorities and allocate supply of materials, fuel, power, and other commodities of all kinds to meet the demands of the Army and Navy, the defense-aid program, the policies of economic warfare and the needs of the civilian population. Members of the Board are OPM Directors Knudsen and Hillman, War and Navy Secretaries Stimson and Knox, Price Administrator Henderson, and Lend-Lease Supervisor Hopkins.

Under the Order, the Office of Price Administration and Civilian Supply becomes the Office of Price Administration and a Civilian Supply Division is created in the OPM to protect the interests of consumers. Both will be headed by Leon Henderson, who was OPACS Administrator. The Order also transferred Edward R. Stettinius from his post as OPM Priorities Director to that of Lend-Lease Administrator and appointed Mr. Nelson as Priorities Director.

Aid to Britain, China, Russia
The President announced a military mission will go to China to study the need of China for equipment and materials and expedite lend-lease aid. State Secretary Hull stated the U. S. will maintain the policy of freedom of the seas in shipping supplies to Russia via the Pacific. The President told his press conference an organized campaign of rumors, distortions, half-truths and falsehood regarding misuses of lend-

lease funds had been launched to sabotage the program of aid to opponents of the Axis.

Agriculture
OPM gave priority to deliveries of materials necessary for the production of parts for the repair and maintenance of existing farm equipment and manufacture of new farm equipment. The President vetoed a bill to withhold from the normal channels of trade Government-owned cotton and wheat, because "in times such as these no one can foresee how soon these stocks may be needed."

Army
The War Department announced creation of a third parachute battalion and a fifth armored division. The Army also amended its regulations to permit discharge of enlisted men to accept Navy commissions when the Navy so desires.

Air
Arthurs L. Gates of New York, World War Navy flier, was appointed Assistant Secretary of Navy for Aeronautics. Twenty-eight new Army Air Corps units were formed, including 24 school squadrons of 200 men each. The Army Air Forces began tests of the P-40F, latest of a series "giving excellent performances abroad," and sent Maj. Gen. Brett, Chief of Air, to Africa and the Mediterranean area with a mission to study planes in action and needs of the British.

Civilian Defense
The Army announced it will test the air defense and air warning system of the northeastern U. S. in maneuvers October 9 to 16. Approximately 43,000 volunteer civilians in the system will participate. A preliminary report of the mission sent to England by the Office of Civilian De-

fense recommended fingerprinting of every U. S. citizen, identification of casualties that necessary civilian personnel, including police officers, be exempt from military service.

OCD Director LeGuard reported incomplete returns of aluminum collection showed 14,000,000 pounds of scrap, yielding 10,500,000 pounds of aluminum or enough for fighting planes, has been secured.

Prices
Associate Price Administrator Elliott suggested women check price rises by writing Price Administration's consumer division in Washington, or by consulting city and county officials to see whether increases are justified; buying winter's coal now to prevent rapid rises in rents to stop local housing agencies from defense bonds instead of cars, refrigerators, washing machines or other household appliances. The Office of Price Administration set ceiling price on animal hair used in mattress rayon grey goods, dimities, and combed broadcloth—covering almost all textiles required for women's dresses, shirts, underwear, coat and linings, handkerchiefs, shoes and other items of cotton rayon.

Conservation of Material
OPM requested bicycle furniture manufacturers to serve materials by simple models and designs, eliminating brass, chrome, nickel, copper, metallic finishes, white sidetires, and using re-claimed tires of raw rubber. The Division

REDUCE KITCHEN CASUALTIES

College Station. — Life insurance companies have figures showing that many thousands of deaths and disabling accidents each year result from accidents in home kitchens. To cut down on kitchen casualties, Louise Bryant, Extension Service specialist in home management, suggests a check-up to make this important room in the house safe.

A third of the deaths of children under five from home accidents come from scalds and burns. To avoid such tragedies, cook with the handles of all pots and pans turned to the back of the stove so they'll be out of reach of children.

Safety catches can be put on petcocks to prevent children from turning knobs on the gas stove; matches should be kept in non-inflammable containers out of their reach. Canning in a pressure cooker and deep-fat frying are two of the more dangerous cooking jobs, so children should be kept out of the kitchen during these processes.

"Be sure to cover your hand with a cloth before you lift the cover from a steaming kettle or roaster," Mrs. Bryant advises, "and lift the far side of the lid first." Here are other warnings: Fat accumulated under a broiler is a fire hazard. Long, loose, flowing sleeves are dangerous. Cook in short sleeves and plain smooth aprons and dresses.

Keep your curtains safe by fastening them so they can't blow in a fire or by fireproofing them. Don't touch anything electrical with a wet cloth or wet hands or

Crowell Methodist Church The church still offers the only way of life that brings soul satisfaction to individuals. We may be satisfied with our lives in many ways, but if the soul has not been looked after in the proper way there is something vitally wrong. The church is not a sure cure for all ills but it does furnish a source of comfort and it develops in one a type of self respect not usually found through other organizations. At least the men who have proved themselves worthy of prominent places in human history have either been church men or highly in favor of what the church stands for. I think we can safely say that the church will not do us harm by becoming its sponsors in this, our community.

The Methodist Church does not stop by giving you an invitation to all of its services, but rather insists that you avail yourself of its services, if in accord with our way of church life, and is highly pleased when able to be of service in bringing happiness into the lives of individuals. If you are not already in line with some church, make a point of planning your time so as to enjoy the fellowship of friendly people each Sunday, morning and evening.

Our services are held at 11 a. m. and 7:45 p. m. Sunday School at 9:45 a. m. Leagues at 7 p. m. and Woman's Society of Christian Service each Monday at 4 p. m. Other meetings are had according to special announcements. We would like to number you with our Christian friends. Will be looking for you Sunday! H. A. LONGINO, Pastor.

Christian Science Services "Man" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 7. The Golden Text is: "Behold, what manner of love the Father hath bestowed upon us, that we should be called the sons of God" (1 John 3:1).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: That the man of God may be perfect, thoroughly furnished unto all good works" (II Timothy 3:16, 17).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Man is the idea of Spirit; he reflects the beatific presence, illumining the universe with light" (page 266).

Our Weekly Sermon

The Motion to Adjourn Text: "Let your loins be girded about, and your light burning; and ye yourselves like unto men that wait for their lord, when he will return from the wedding; that when he cometh and knocketh, they may open unto him immediately."—Luke 12:36.

The paramount motion in parliamentary law is the motion to adjourn. To prevent meetings from being unnecessarily prolonged or ending in confusion, special action for adjournment takes precedence over all other business. It is the one motion that is sure to be recognized; it is the first to all motions to be entertained, and of course it is likewise the last of all motions considered.

What the motion to adjourn is to parliamentary law the second coming of Christ is to this world's present session. It is clear from the teaching of the apostles, as well as of our Lord Himself, that his imminent return was the one motion to be entertained above all other plans and purposes. His disciples were not given an endless, indefinite task. Their work was to finish abruptly—when the Lord terminated it by His coming.

The motion to adjourn cannot be debated. Every member of the assembly understands what adjournment means, since they must all come to it sometime. Neither is the second coming of Christ a subject to be debated. The evidence in Scripture is overwhelming.

The motion to adjourn cannot be amended. Now, it is not possible to amend the motion to adjourn the world's present interests and concerns. We cannot alter the fact, for then we must change the word of Christ Himself. We cannot alter the time, for that likewise belongs to God. The motion to adjourn cannot

be reconsidered. Other motions can be laid on the table for the time being, but here is one question which must be acted upon at once and that action must be final. Many people today are laboring under the delusion that they are to have ample time for the reconsideration of their religious views. Instead, they are to find that the second coming of Christ will be God's final answer to infidelity. The promises regarding His return are so plain in both Old and New Testaments that when finally fulfilled they will constitute an unanswerable proof of the divine origin of the Bible. When He actually comes every unbeliever will be filled with dismay, for it will be too late for any reconsideration of religious views.

The motion to adjourn takes precedence over all other motions. We may have great plans for the political peace of the world. We may have a program for the world's reconstruction and prosperity. We may work and pray for the evangelization of the world, but the motion to adjourn may come in the midst of our plans. "In the hour that ye think not the Son of man cometh."

Two Minute Sermon

(By Thomas Hastwell)

The Light That Leads the Way: Once, while on a vacation trip, the party of which I was a member attempted, one afternoon, to row across the large lake and back. On our way back the darkness came on. A haze blotted out the stars so that we were unable to guide our course by them. It so happened that the party in the cabin next to ours had a light burning in the window. We turned our boat toward the light. Being inexperienced with the oars we found ourselves frequently off our course, but as soon as possible we turned again toward the light. We came at last to the little pier and tied up our boat, thankful that the presence of the one small light had spared us spending all night in an aimless effort to find the shore. The thought came to me that the little light, was, that night to us, what Christ is to the world. Without it we would have been lost, doomed to wander about in the dark in search of the shore. Without Christ the world would be doomed to just such a fate. It would have no hope, no sign, no goal toward which to go. He is a never failing light in a world of fathomless darkness.

Large animals that lived in Texas during the later periods of prehistoric time included elephants, mastodons, horses, camels, bisons, ground sloth, giant wolf, giant armadillo and saber-toothed tiger. In earlier geologic time, there were many other animals, including the dinosaurs.

Mrs. Chester Graham Honoree at Shower

Complimenting Mrs. Chester Graham, who was, until recently, Miss Dorone Gibson, Mrs. H. C. Roark, Miss Nora Banister, Mrs. W. B. Fitzgerald, Mrs. Will Womack, Mrs. Sam Bell, Mrs. Agnes McLaughlin, and Mrs. Tom Bell entertained with a miscellaneous shower Thursday afternoon at the Baptist Church.

Flowers decorated the party rooms. Mrs. Agnes McLaughlin was at the bride's book and secured signatures of the many guests. Mrs. Sam Bell received the guests and presented them to Mrs. W. B. Fitzgerald, Mrs. Chester Graham, Mrs. Fred Gibson, mother of the bride, Mrs. A. G. Bell, and Mrs. H. C. Roark.

The song, "Always," was sung by Paula Plunkett, accompanied by Mrs. Arnold Rucker, and dedicated to Mrs. Graham. A clever pantomime was given by Mrs. Pearl Carter and Mrs. Tom Bell, after which Mrs. Arnold Rucker gave piano accompaniment to Mrs. I. T. Graves as she read a collection of verse by Sara Teasdale. Mrs. Graves led Mrs. Graham to the "rainbow's end" which was represented by the array of the many lovely gifts she received.

Misses Camille Graves and Margaret Woods presided at the punch bowl.

FOURTH BIRTHDAY

Celebrating the fourth birthday of her nephew, C. T. McDaniel, Mrs. Floyd Thomas was hostess to an outdoor party on the afternoon of August 29.

Toy airplanes were the party favors and Genevieve McDaniel assisted Mrs. Thomas in serving angel food cake, cherries, and punch to Robert Bradley Graves, Gordon Tom Graves, Freddie Barker, Edgar Carter, Chick Carter, Edwin Greening Jr., Joe Vernon Smith, Jay Don Brown, Robert Kincaid, Jerry Knox, Charles Leslie Gafford, Bobby Davis, Billy Wayne Sellers, Jackie Roberts, Larry Johnson, Leroy Todd, Genevieve McDaniel and C. T. McDaniel.

C. T.'s mother, Mrs. Ed McDaniel, and both his grandmothers were present.

Shower Given Honors Mrs. J. D. Carroll, Jr.

Mrs. J. D. Carroll Jr., whose marriage was announced here last week, was complimented on Thursday afternoon with a pretty miscellaneous shower when Mrs. Donald Drake Jr., Miss Dorothy Winingham, and Miss Marjorie Davidson were hostesses at the home of Mrs. Clint White.

Mrs. Drake greeted the guests at the front door and they passed immediately to the guest register where Miss Winingham presided. Then, Miss Davidson directed them to the living room where an interesting program was heard. Miss June Billington read "The Bride," an interpretation of the bride's first telephone call to her husband after he has gone to his work. With Mrs. Arnold Rucker accompanying, Paula Plunkett sang two numbers, "Always" and "He Loves Me, He Loves Me Not." At this time, Miss Camille Graves gave a toast to the bride and invited her into the dining room which was beautifully decorated for the occasion. The table had a lovely bouquet, placed on a reflector and surrounded by crepe myrtle, as a centerpiece. A bride and groom, in miniature, stood before the centerpiece. The punch was poured by Miss Marjorie Spencer. She was assisted in serving by Misses Mary Frances Bruce and Wilma Jo Lovelady who passed sandwiches, cookies and mints.

From the dining room, Miss Margaret Woods directed the guests into the gift room where the lovely gifts were on display. Mrs. Rucker played piano selections during the calling hours.

STEWARDS ENTERTAINED

Rev. H. A. Longino entertained the members of the Board of Stewards of the Methodist Church with a fish fry at the North Pocket Park Tuesday evening. The wives of the stewards were also guests.

With plenty of delicious fried fish and dishes of various foods supplemented by the ladies, a feast was enjoyed by those present. A business meeting of the pastor and the men was held after the meal.

J. H. Carter Family Hold Reunion

Mr. and Mrs. J. H. Carter entertained all of their children and their families at a family reunion at the Carter home over the past week-end. This is the first time that all had been together for more than two years.

The children are Miss Cora Carter, Miss Claudia Carter, Miss Ennis Carter, Ted Carter, Jim Hinds Carter, John Carter, Mrs. A. F. Wright, Mrs. Hinton Emery Loraine Carter and Mrs. R. R. Jones. Sons and daughters-in-law are A. F. Wright, Hinton Emery, R. R. Jones, Mrs. John Carter and Mrs. Jim Hinds Carter. There are three grand children, Mrs. J. D. Carroll Jr., John Calvin Carter and Rondelle Carter. J. D. Carroll Jr. was also present.

The only surviving child of Henry Baker, Mrs. Julia Baker Hardy, of Waxahachie, was unable to attend.

17th College Year at Tech Will Begin September 10th

Lubbock, Aug. 30.—The seventeenth college year begins at Texas Technological College Sept. 10 and officials point out that many advantages accrue to the student who enters on time with consequent disadvantages to the student who registers late.

Items that have to be attended to prior to registration include submission of transcript of all of applicant's credentials to the Registrar, taking required physical examination, establishing local residence, furnishing record of employment, securing permit to register, and paying tuition and fees.

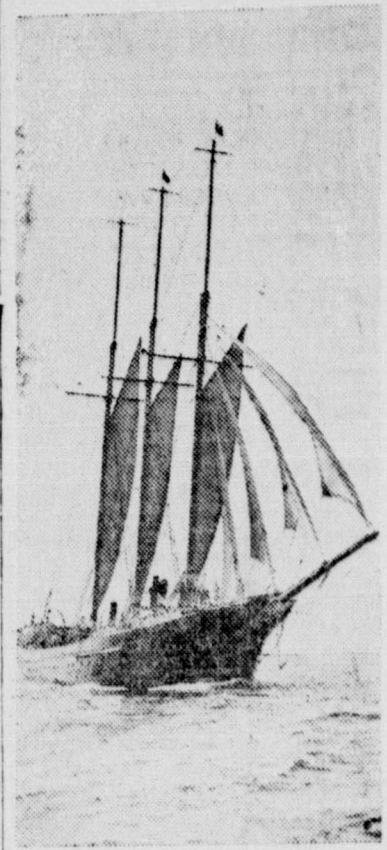

Students will be given a direction sheet which, if followed carefully in the sequence indicated, will eliminate difficulties and delay in registration. Two days, Thursday and Friday, Sept. 11 and 12, are occupied with registration and classes begin Saturday, Sept. 13.

The State Fair of Texas has enjoyed a daily average attendance of 54,368 during the past 21 years. Total attendance during that period, 1916 to 1941 numbers 18,267,785. Average annual attendance has been 869,895.

The quantity of wool shorn and to be shorn in the United States in 1941 is estimated at the all-time high of 399,941,000 pounds, or three per cent larger than the previous high of 1941.
