Local Official Declares That Red Cross Defense Program Calls for Greatest Possible Roll Call

Mayor Sets Nov. 20 This Year As Thanksgiving Day

Thursday, Nov. 20, has been officially proclaimed as Thanksgiving Day for Crowell by Mayor C. T. Schlagal, and will be celebrated here on that date. Last year, President Roosevelt designated Nov. 21 as Thanksgiving Day, and as this date did not conflict with the program of the State Teachers' Association, Mayor Schlagal followed President Roosevelt, and also co-operated with the State Teachers' Association by designating November 21 as Thanksgiving Day. Following is the Mayor's proclamation:

"Whereas, President Roosevelt proclaimed November 20 as national Thanksgiving Day, and it is stated that this will be the last day he will designate an early Thanksgiving Day, and

"Whereas, the State Teachers' Association has made known its desire to have November 20 as Thanksgiving Day, and

"Whereas, there has been some confusion existing as to the celebration date for the City of Crowell; now

"Therefore, as November 20 is the most suited day to be celebrated this year as Thanksgiving Day in Crowell, and in accordance with the wishes of the State Teachers' Association, I, C. T. Schlagal, Mayor of the City of Crowell, do hereby officially proclaim, designate and set aside Thursday, November 20, as our official Thanksgiving Day."

Coker Ice Cream Co. to Furnish Dairy Products

The Coker Ice Cream Company, Quannah will furnish the Crowell grocery stores with pasteurized dairy products beginning tomorrow morning, Friday, Nov. 14, it is announced here Wednesday afternoon by Frank Hook Jr., representative of the company. Wholesale accounts will be served. Mr. Hook has been selling Coker Ice Cream to Crowell business firms for many years. The company representative announced that the delivering of dairy products to Crowell merchants is being instituted at the invitation of local dairies. The E. Carter Dairy has sold its stock of milk cows and the Dairy has reduced its herd and stopped delivering milk to the central section several weeks ago.

Elizabeth Ross Accepts Position with Dallas Newspaper

Miss Elizabeth Ross, daughter of Mr. and Mrs. W. T. Ross of Lawton, Okla., former Foard County resident, has recently accepted a position with the Dallas Herald in Dallas. Miss Ross received her Bachelor of Science degree in commerce from the Oklahoma College for Women in Chickasha, Okla., in August. She is working in the business office of classified advertising and expects to make this her permanent home.

MOVING DAY

Last Saturday was moving day for Mr. and Mrs. J. A. Stovall, A. E. McLaughlin and Mr. Mrs. Charlie Carroll of Gamble community. Mrs. McLaughlin recently sold her home on 40 acres of land one mile east of Crowell to Mr. and Mrs. Carroll and bought the home on the east part of town. Mr. and Mrs. Stovall moved to the T. J. Bell home on the northeast part of Crowell. Mr. McLaughlin and Mr. and Mrs. Carroll have moved to their homes.

FOURTY-FOURTH YEAR

The News received a renewal subscription from J. R. Coffman of Albuquerque, N. M., this week is the 44th year Mr. Coffman has been a subscriber to the News. Mr. Coffman is a former resident of Foard County but has been living in Albuquerque for a number of years.

Wilbarger-Foard Baptist Workers to Meet at Lockett

The Wilbarger-Foard Workers Conference will be held at the Lockett Baptist Church on Tuesday, Nov. 18, it was announced here Monday. Each church is requested to send a board member to the board meeting.

The program follows:

- 10:00—Song Service and Devotional, P. C. Hamilton.
- 10:20—The Every-Member-Campaign, Rev. Otis Strickland.
- 10:40—Report of the Convention, Dr. E. S. James.
- 11:10—Wayland College Male Quartet.
- 11:30—Morning Sermon, Dr. John Cobb, Dean of Wayland College.

Noon.

- 1:00—Board Meeting.
- 1:30—Wilbarger-Foard W. M. U. Program.

- 1:45—Song Service, Mrs. J. H. Burns.
- Devotional, Mrs. A. J. Catlin, Wichita Falls.

Prayer.

Installation Service, Mrs. Vincent Stine, Dist. W. M. U. President, Henrietta.

Special Music.

Report of State W. M. U. Meeting, Mrs. W. C. Parrish, Henrietta.

Bruce Sullivan No. 1 Gladys McCoy Test Showing Oil

An oil showing was encountered in the Bruce Sullivan No. 1 Gladys McCoy, 6,000-foot wildcat test in the J. M. Seaton survey, five miles south of Crowell, last Saturday. A drillstem test of a limy conglomerate from 5,594 to 5,610 feet was made Saturday night and when opened 20 minutes recovered 10 feet of oil accompanied by 115 feet of oil mud with gas. The operator is drilling ahead in the formation. This test is a farmout block from the British American O. & P. Company.

Crowell Wildcats Will Go to Seymour Friday Night for Next to Last Game of Season; Teams Evenly Matched

The Crowell High School Wildcats go to Seymour Friday night to play the Seymour Panthers. There might be more important games being played throughout the state, but there will not be a more evenly matched one. These clubs do not only have the same percentage in district standing, 500, but both clubs have victories over the same teams; Iowa Park and Holliday, and they also have lost to the same schools, Munday and Chillicothe. Chillicothe defeated both by the same margin, 13 points, but Seymour has a slight advantage in other scores.

Crowell's injury list is about cleared up. Arnold Smith, left end, who missed the Munday-Chillicothe and Iowa Park games, played the major portion of last Friday night's game. Albert Bird and Bobby Spears, backs, provided to be in shape last Friday night at Holliday. Both of these boys ran touchdowns over for Crowell. Paul Veceer, guard, and Kenneth Archer, center, are slightly injured, but should be in shape by game time Friday night. If Archer is forced out of the line up, C. J. Kelton will fill in at the pivot post.

HOSPITAL NOTES

Foard County Hospital

Patients In: Mrs. L. E. Tackett and baby son, Richard Louis, weight 6 lbs. 12 oz. Audie Brown.

Patients Dismissed: Garland Denton. Mrs. J. T. Rose and baby son.

COTTON REPORT

There were 5,577 bales of cotton, counting round of bales, ginned in Foard County, from the crop of 1941 prior to Nov. 1, 1941, as compared with 5,271 bales ginned to Nov. 1, 1940, according to the Government report handed to us by E. M. Crosnoe.

TRANSFERRED TO ROCKPORT

Rev. A. D. Jameson was transferred from Lake Arthur, N. M., to Rockport, Texas, at a recent session of the New Mexico Annual Conference of the Methodist Episcopal Church. Rev. Jameson had been in the New Mexico conference for many years. He is a former Foard County resident.

BABY SON BORN

Mr. and Mrs. L. E. Tackett are the parents of a baby boy who was born in the Foard County Hospital on Armistice day at 10:30 p. m. Mrs. Tackett is the manager and Mr. Tackett is the technician at the hospital.

Death Claims Eb Worsham at 6:30 Monday Afternoon

Eb P. Worsham, 61, prominent Clay County ranchman, resident of Henrietta over 50 years, died suddenly of a heart attack at his home in Henrietta Monday afternoon at 6:30 o'clock. Mr. Worsham was a brother-in-law of J. W. Wishon, Foard County ranchman, and worked as a cowboy on Mr. Wishon's ranch many years ago.

Mr. Worsham, on his way home from Bowie, became ill at Vashti. After emergency treatment, he continued his trip home and died soon after arriving there. He was prominent in civic activities. A native of Missouri, Worsham came to Henrietta in 1888 where he had resided since.

Funeral services were held from the First Methodist Church Tuesday afternoon at 3:30 o'clock with Rev. Finis Crutchfield, Vernon, officiating. Burial was in Hope Cemetery.

Survivors include the widow and two brothers, O. D. Worsham, Henrietta, and Charles Worsham, Temple, Okla.

Relatives from Crowell attending Mr. Worsham's funeral were, Carl Wishon, Mr. and Mrs. Charlie Wishon, Mrs. Geneva Potts, and John Wishon Jr.

Brother of Mrs. C. W. Thompson Passes Away in Tennessee

Mrs. Chas. W. Thompson was called to Pilot Point Monday morning to attend the funeral of her brother, Will Ragland, which took place there on Tuesday afternoon. She was accompanied to Pilot by her husband and her daughter, Miss Mary Ragland Thompson and by Mrs. T. B. Klepper.

Mr. Ragland had been in failing health for several years but suffered a complete breakdown about two weeks ago and had been in a hospital in Memphis, Tenn., since then and passed away Sunday night. He was born and reared in Pilot Point but has resided in Memphis for twenty years. He has been in Crowell on numerous occasions and had numbers of friends here. He was of a jovial, cheery disposition and was loved and respected by all who knew him. He was a member of the Methodist Church and also of the Masonic Lodge.

Mr. Ragland is survived by his wife and one son, Billy Ragland, who is a cadet in an aircraft school in Jackson, Miss., also by his mother, Mrs. Florence Ragland of Pilot Point, and by one brother, Beverly Ragland, of Tampa, Fla., and four sisters, Mrs. Ed Moore and Mrs. Will Riney of Pilot Point, Mrs. Auburn Setzer of Valdeze, N. C., and Mrs. Thompson of Crowell.

Appointed Dealer for Ford Tractor in This Territory

Roy N. Barker is announcing this week his appointment as dealer for the new Ford Tractor with Ferguson System. The name of the new firm is Barker Implement Co. with Mr. Barker as owner and manager.

In making this announcement, Mr. Barker says, "We have just received a carload lot shipment of these tractors and specially designed implements so that we can make prompt delivery to those farmers who need extra help right now—and who are finding experienced farm hands hard to find. Every farmer who is facing the problem of rising costs will be interested in the savings the new Ford Tractor will bring him."

Mr. Barker invites the farmers of this community to phone for a demonstration of this remarkable new tractor right on their own work.

A public demonstration of the new tractor and implements will be held near Crowell on Monday, Tuesday and Wednesday, Nov. 17, 18 and 19, it was announced here Wednesday.

NEW CAR REGISTRATIONS

New motor vehicles registered at the office of the tax assessor-collector, A. W. Lilly, since last week follow:

Frank B. Main, 1942 Chevrolet Special coupe.

H. L. Ayers, 1942 Ford Deluxe tudor.

Merl Kincaid, 1942 Super Deluxe tudor.

Ferris-Self Co., 1942 Ford pickup.

W. M. Wisdom, 1942 Chevrolet Deluxe Town sedan.

FOUR LUNCH ROOMS IN COUNTY NOW OPERATING; AVERAGE OF ABOUT 467 LUNCHESES SERVED EACH SCHOOL DAY

Statement Concerning Cemetery Association Made by Its President

Mrs. N. J. Roberts, president of the Cemetery Association, issues the following statement in regard to the project which is under way to build a new sexton's house:

"Following a recent meeting of the finance committee, renewed effort is under way to hasten the construction of a new sexton's quarters at the cemetery.

"Some substantial donations have been reported by the committee. On last Tuesday night at Margaret, the Farmers' and Business Men's Association subscribed \$50 to this fund, and the Business and Professional Women have presented the committee with a check for \$25. J. R. Beverly contributed \$25 and these amounts bring the fund up to about one-half the sum we hope to raise.

"The building committee is ready and anxious to begin assembling material that they may go to work."

Mrs. Roberts continues, "Now is a good time to do your bit. If you prefer to subscribe to the upkeep fund, that budget is painfully low. The cemetery needs a thorough going over now."

"We thought when it was mowed and cleaned in September, that would suffice for the fall and winter, but, due to the heavy rains, the grass and weeds continue to grow."

TRANSFERRED

Rev. Finis A. Crutchfield, pastor of the First Methodist Church at Vernon for the past four years, has been transferred to the Central Texas Methodist Conference and will be stationed at Arlington Heights Methodist Church of Fort Worth, according to an announcement made Sunday.

The Vernon church has made considerable growth during Rev. Crutchfield's pastorate. He has been popular with all classes and has made many friends all over this section during his four-year pastorate in Vernon. He held a revival meeting for the Crowell Methodist Church three years ago.

Signing Food-for-Freedom pledges got underway in Foard County Nov. 10, 1941, according to Grady Halbert, chairman of the Foard County USDA Defense Board, who has returned from a district defense meeting at Wichita Falls.

Similar meetings, explaining the 1942 AAA and Food-for-Freedom programs, were held throughout the state at the same time to get food production in full swing, he said.

The production pledge is included in the 1942 farm plan sheet which will be used in mapping out

Commodity	Approximate 1941	1942 Goal or Percent
No. cows milked	1,820	1,920
Milk production	5,840,000 pounds	6,050,000 pounds
No. hogs marketed and slaughtered on farms	Figures not available	10% Increase
Egg production	317,000 dozen	349,000 dozen
No. beef cattle, including calves, marketed	Figures not available	10% Increase
No. farm family gardens	Figures not available	325
Corn	1,300	1,300 acres
Feed grains	Figures not available	8% Increase
Oats, barley, rye and grain sorghums	Figures not available	200 acres
Vegetables for sale, excluding Irish and sweet potatoes	Figures not available	700 acres
Sweet potatoes for sale	100 acres	0 acres
Peanuts harvested	0 acres	6% Increase
Sheep and lambs	0 acres	6% Increase

Farmers will indicate in the plan sheet the amount of production to be expected of them for 1942.

Outline of the 1942 AAA farm program to assist farmers in planning crops for maximum benefit payment will be made at the same time production pledges are signed.

Necessary acres and soil building practices will be indicated in other sections of the farm plan sheet. For 1942, an acreage of minimum conserving or land uses equal to acreage per cent of the crop land is required for full payment with respect to allotment crops. Payments are made in proportion to performance under this phase of the program.

P. G. IIseng of Truscott Died Friday, Nov. 7

Funeral Services Were Held Saturday Afternoon

P. G. IIseng of Truscott died at his home last Friday, Nov. 7. Mr. IIseng has been a resident of Knox County since 1891.

He was born in Loton, Norway, on April 6, 1866. He came to Texas at the age of three years with his parents, who settled in Bosque County. Mr. IIseng was married to Miss Cecilia Olson on Aug. 15, 1889. To the couple were born six children; and they, with the wife and mother, survive. They are: Mrs. T. T. Berg, Truscott; Mrs. John Bullion, Truscott; Arthur IIseng, Gilliland; Albin T. IIseng, Munday; Mrs. Ray Baty, Gilliland, all living and Carl P. IIseng, who died at the age of three. Fourteen grandchildren and one great grandchild also survive him and all of them were present at the funeral services.

The funeral services were held at the Christian Church at Truscott Saturday afternoon with the pastor of the church officiating. Pall bearers were Byron Bates, L. B. Batty, C. C. Browning, B. S. Westbrook, C. A. Bullion and L. A. Haynie. Flower bearers were Mrs. Hubert Chowning, Mrs. Bill Nichols, Mrs. Seth Woods, Mrs. Saxton Hord, Mrs. Oscar Wattle and Mrs. Byron Bates. Burial took place at Truscott under the direction of the Womack Funeral Home.

been popular with all classes and has made many friends all over this section during his four-year pastorate in Vernon. He held a revival meeting for the Crowell Methodist Church three years ago.

Foard County Farmers Are Signing "Food-for-Freedom" Pledges This Week; Campaign Was Started Monday

Signing Food-for-Freedom pledges got underway in Foard County Nov. 10, 1941, according to Grady Halbert, chairman of the Foard County USDA Defense Board, who has returned from a district defense meeting at Wichita Falls.

Similar meetings, explaining the 1942 AAA and Food-for-Freedom programs, were held throughout the state at the same time to get food production in full swing, he said.

The production pledge is included in the 1942 farm plan sheet which will be used in mapping out

County quotas in the Food-for-Freedom campaign include:

Commodity	Approximate 1941	1942 Goal or Percent
No. cows milked	1,820	1,920
Milk production	5,840,000 pounds	6,050,000 pounds
No. hogs marketed and slaughtered on farms	Figures not available	10% Increase
Egg production	317,000 dozen	349,000 dozen
No. beef cattle, including calves, marketed	Figures not available	10% Increase
No. farm family gardens	Figures not available	325
Corn	1,300	1,300 acres
Feed grains	Figures not available	8% Increase
Oats, barley, rye and grain sorghums	Figures not available	200 acres
Vegetables for sale, excluding Irish and sweet potatoes	Figures not available	700 acres
Sweet potatoes for sale	100 acres	0 acres
Peanuts harvested	0 acres	6% Increase
Sheep and lambs	0 acres	6% Increase

Farmers will indicate in the plan sheet the amount of production to be expected of them for 1942.

Outline of the 1942 AAA farm program to assist farmers in planning crops for maximum benefit payment will be made at the same time production pledges are signed.

Necessary acres and soil building practices will be indicated in other sections of the farm plan sheet. For 1942, an acreage of minimum conserving or land uses equal to acreage per cent of the crop land is required for full payment with respect to allotment crops. Payments are made in proportion to performance under this phase of the program.

The Foard County Community Lunch Project is now in full swing, according to County Judge Leslie Thomas, who announces that four lunch rooms in the county are now operating daily through the school week. The lunch rooms now in operation are Crowell, with ten workers, serving approximately 275 lunches daily; Thalia, with three workers, serving approximately 97 lunches daily; Riverside, with three workers, serving approximately 65 lunches daily, and Margaret, with two workers, serving approximately 30 lunches daily.

Educators, parent-teachers' associations, social workers, and other persons and agencies have for a long time appreciated the value of the school lunch; in recent years, because of the depression and a consequent centering of attention on the ill effects of malnutrition, public welfare agencies have made available foodstuffs and services which have brought about a widespread development of school lunches in Texas.

The benefits of the school lunch program are manifested in healthy, happy countenances, clear, alert eyes and desirable weight; concomitants of improved health often are improved attitudes, attendance and learning. The school lunch ties into the educational program in a way that cannot be denied by anyone who is interested in the well-being of children. The school lunch, therefore, should be recognized as an important factor in education.

The school lunch program, then, should not be considered as a temporary, emergency service but a permanent service which would be undertaken as an integral part of the school program. Local initiative, local resources, local responsibility, are to be the foundations on which the program should be built. Each succeeding step in planning should improve the facilities and the service, and though the federal and state agencies may be valuable in initiating the program, plans should go forward with the maximum of local responsibility and resourcefulness, if it is to be most effective.

In addition to being a laudable project and one from which it can be readily ascertained will bring forth much fruit within the county, the lunch program in Foard County is now furnishing work to all available women on WPA, so it is seen that in addition to being an invaluable asset to the health preservation of the children, it also creates desirable places for needy workers within the county.

Miss Hazel Culbert is now the full-time supervisor for the county lunch rooms and she joins with Judge Thomas in thanking the people of the county for the splendid co-operation that has been accorded the project. It is to be remembered, of course, that being a new type of project, non-surely certain situations will arise wherein it will be wise and profitable that all concerned join hands in concentrated effort to discern and correct discrepancies which may be entailed in the management thereof.

Let it be definitely remembered that commodities circulated in to the various lunch rooms in this county and other counties are not low-grade merchandise, but of the type available, with the view in mind of obtaining the best results possible from such a project and with the idea ever predominant that such constitutes a health program.

Weather Good For Cotton Picking

The weather has been good this week for cotton picking in Foard County and many hundreds of bales have been gathered. Gins of the county have been running almost constantly, both day and night. From all reports there are plenty of pickers and farmers are taking advantage of the clear weather to get the crop harvested.

ACCIDENTALLY SHOT

Jim Worsham Wishon, 18, son of Carl Wishon of Crowell, was fatally injured Saturday afternoon in Eureka, Calif., when a gun he was carrying was discharged accidentally. He had started hunting and the accident occurred in the back yard of the home.

He was born in Crowell but has been living with his mother in California for many years. He is a nephew of Mrs. T. W. Cooper of the Vivian community.

ORVAL HOLT TO PREACH

Orval Holt of Quannah will fill the pulpit at the First Christian Church at the morning service next Sunday, Nov. 16, according to information received from him this week. A large attendance of the membership is urged.

Items from Neighboring Communities

Travis McKinley, T. R. Cates and Lew Wisdom visited Maurice Benham in Vernon Saturday night.

Dale Earthman, R. G. Whitten, Junior Swan and Miss Mary Jo Johnson visited Reid Johnson and Albert Lee Earthman in San Angelo last week-end.

Name of Town in Oklahoma Changed to Gene Autry

Ardmore, Okla., Nov. 10.—(Special)—The Santa Fe Railway through R. B. Ball, vice president and general manager of the Gulf Lines, today joined citizens of the nearby town of Berwyn and Carter County in approving change of the town's name to Gene Autry, in honor of the popular movie cowboy singer.

A crowd of 25,000 people is expected in the little town in the hills of Southern Oklahoma, Sunday, Nov. 16, which is also Oklahoma's 34th anniversary of statehood, to dedicate the new name, biggest attraction, of course, will be Gene Autry. In addition to taking part in the dedicatory program, Autry will broadcast his regular Sunday evening nationwide radio show from a railroad flat car provided by the Santa Fe. This broadcast will be heard from 5:30 to 5:55 CST.

The dedication program, with Governor Leon C. Phillips as principal speaker, will get underway at 3:00 p. m. Joining Phillips will be the governors of several neighboring states. While these ceremonies are in progress half a dozen Hollywood newsreel cameramen will be in action as workmen remove the station sign of "Berwyn" and replace it with one carrying "Gene Autry" in big letters. A similar change will be recorded at the village post office.

Celebrants will don cowboy and cowgirl outfits and old-time costumes to blend with this typical western hamlet of less than 300 population. In addition to the broadcasts and oratory numerous bands and riding clubs will take part in the program.

Movement to change the name was started recently when the actor purchased a 1,300 acre ranch, two miles northwest of the town, as permanent headquarters of his rodeo show. A building program already underway will call for an expenditure of \$300,000 during the next few months, to make the ranch one of the show places of the Middle West.

Known in the early days as Henderson's Ranch, the town was given the name of Berwyn by Thos. W. Jackson, general land agent for the Santa Fe Railway, in 1887. Jackson drew on his native state of Pennsylvania for the name, as he also did in naming Ardmore, Overbrook, Wynnewood, Wayne and a few other cities in this community.

Payment rates, based on normal yield of allotted acreages include cotton at 1.25 cents per pound; wheat, 19.5 cents per bushel; rice, 4.80 cents per barrel; and peanuts, 7.25 cents per 100 pounds. The rate on commercial potatoes, included in the program for the first time this year, is 2 cents per bushel.

In explaining the program further, Rannels said that farmers may earn two types of payments—one in connection with special allotments and the other for carrying out soil-building practices. Special allotment crops in Texas are wheat, cotton, rice, potatoes and peanuts.

Payments for complying with acreage allotments will be made in proportion to the degree with which erosion-resisting, or soil-conserving acreage requirements are met.

Soil-building allowances established at 70 cents per acre on cropland in excess of special allotments may be earned by carrying out approved practices, the AAA official explained.

As in previous years, payments under the program depend upon the \$500,000,000 annual appropriation authorized in the AAA Act of 1938, Rannels said. Rates are subject to 10 per cent upward or downward revision depending upon the degree with which farmers comply with the program.

Instead of total soil-depleting allotments as established under past programs, next year's program provides a specified percentage of cropland be devoted to erosion-resisting or soil-conserving crops or land uses. This provision of the program is a forward step in continued soil improvement, Rannels pointed out.

To meet Food-for-Freedom goals, Texas farmers should plan their conservation program in line with defense needs, he said.

QUESTIONS AND ANSWERS
1. What is the purpose of the Hatch law?
2. What state does Carter Glass represent in the U. S. Senate?
3. To what political party does Senator Carter Glass belong?
4. Of what important delegation to Europe was W. Averell Harriman the head?
5. For what did the U. S. destroyer, Kearney, become known?
If a feeder lamb gets stiff or bloated give it a four ounce syringe of mineral oil. Exercise also will help the bloot.

THOUGHTS OF SERIOUS MOMENTS
Courtesy is love in trifles, and where love is not, though its counterfeits may abound, courtesy itself is not.—George Jackson.
Every man feels instinctively that all the beautiful sentiments in the world weighs less than a single love action.—James Russell Lowell.
Not by birth does one become an outcast, Not by birth does one become a noble; through deeds it is that one becomes an outcast, through deeds it is that one becomes a noble.—Sutta.

THALIA
(By Minnie Wood)
Mr. and Mrs. J. A. Stratton and Buster Roberts of Fort Worth, Claude Roberts and family of Vernon, Earl Roberts of North Carolina, visited their parents, Mr. and Mrs. E. H. Roberts, here last week-end.

RIVERSIDE

(By Bonnie Schroeder)

Mr. and Mrs. Robert Richter and baby of Corpus Christi visited Mr. and Mrs. Walter Carr Sunday afternoon.

Mr. and Mrs. Bob Appleby of Vernon and Mr. and Mrs. Troy Appleby of Five-in-One were visitors in the home of their aunt, Mrs. A. R. McClanahan, and family, Saturday afternoon.

A called meeting of the Riverside Parent Teacher Association was held at the school Friday afternoon. The next regular meeting of the association will be held at the school Tuesday afternoon, Nov. 18, instead of Nov. 20, the scheduled date, because the school will be dismissed Nov. 20 and 21 for the Thanksgiving holidays.

Mr. and Mrs. Hearcell Seales and Miss Zella Seales of Vernon visited in the home of their parents, Mr. and Mrs. G. W. Seales, Sunday.

Richard Johnson was dismissed Wednesday from the Crowell Hospital, where he received medical

treatment for several days.

Mr. and Mrs. Emmett Powell and son of Eastland visited his mother, Mrs. J. L. Rennels, Saturday and Sunday.

Mrs. W. M. Rummel of Lockett is visiting her son, August Rummel and family, this week.

Mr. and Mrs. J. W. Akers and children of Graham were guests of Mr. and Mrs. Sam Billingsley Sunday. Mrs. Akers is Mrs. Billingsley's sister.

Mr. and Mrs. Charlie Gloyna and children of Lockett visited Mr. and Mrs. Herman Gloyna Sunday.

Raymond Gibson of Fort Bliss, El Paso, arrived Wednesday for a visit with his parents, Mr. and Mrs. Fred Gibson.

Mr. and Mrs. Johnnie Matus and son, and Frank Robert, and Emma Matus spent Sunday in Seymour.

Mr. and Mrs. Robert Richter and baby left Monday for their home in Corpus Christi after an extended visit with his mother, Mrs. Joe Richter, and family.

Miss Bennie Lee Bradford left Saturday for Abilene to visit her

sister, Mrs. Odis Claxton, and family, and attended the bedside of a friend, Miss Golda Sloan, who is very ill in a hospital there.

Mr. and Mrs. Lee Appleby of Leonard spent Saturday night and Sunday with his sister, Mrs. A. R. McClanahan, and family.

Mrs. L. B. Dunson has returned home after spending three months visiting relatives in Johnson County. She was accompanied home by her nephew, Durwood Smith, and Miss Ruth Anderson of Godley, who spent Sunday in the home of Mr. and Mrs. Tom Dunson.

Quite a number from this community attended the carnival and the play, The Hob-robin House, in the Thalia High School auditorium Tuesday and Thursday evenings.

Mr. and Mrs. David Lee Owens of Crowell visited her parents, Mr. and Mrs. Ben Bradford, Sunday.

Ray McClanahan of Camp Bowie, Brownwood, visited his parents, Mr. and Mrs. A. R. McClanahan, Sunday of last week.

Mrs. L. B. Dunson received word Saturday that her son, Otis Dunson, submitted to an operation in a Fort Worth hospital Friday and latest reports indicate that he is improving satisfactorily.

Mr. and Mrs. Loyce Lambert and daughter of Five-in-One visited in the R. L. Rhey home Sunday.

Mrs. Otto Schroeder and daughters and Audrey Schroeder visited Mr. and Mrs. J. Y. Lindsey of Thalia Sunday evening.

RAYLAND

(By J. C. Davis)

Mr. and Mrs. Joe Bowers and Mr. and Mrs. J. W. Bowers and sons of Vernon spent Sunday afternoon with Mr. and Mrs. Tom Lawson and family.

Horace Abston and Preston Colclaser of Wichita Falls visited homefolks here over the weekend.

Mrs. Dora Faughn returned Tuesday from Corsicana where she had attended the funeral of her brother-in-law, S. V. Tramel.

Miss Juanita Mansel spent the week-end with her parents.

Mr. and Mrs. J. A. Blevins and children of Thalia visited her father, W. J. Abston, Sunday. Mr. Abston returned home with them for a visit.

Mrs. Bill Barrett and daughter, Billy Jean, and Mrs. Lawrence Moore and daughter, Wanda, of Paducah visited J. C. Davis Wednesday.

Mr. and Mrs. M. G. Garvin and small son, Kenneth, of Dallas spent the week-end with her parents, Mr. and Mrs. A. T. Beazley.

Mrs. Levi Lewellen is in a Vernon hospital ill with pneumonia.

R. A. Rutledge, who has been ill, is slowly improving.

The sweet potato crop is making a better yield than was at first thought. Most of the crop is harvested. H. T. Faughn has about 6,000 bushels in his curing plant, Tom Lawson about 2,500 bushels, R. L. Rhey 3,000. A. T. Beazley has sold most of his crop. Several others have from 600 to 1,000 bushels in their curing plants.

Some cotton fields are yielding more than one bale per acre. Some of the lighter, sandy lands are not making very much.

There are hundreds of acres of feed needing harvesting, but binders are scarce and some of the ground is too wet. Verna Weekley of Lockett, who has a farm just across the river north of here, purchased his tenant's share of the maize crop and turned his cattle on it.

BLACK

(Dorothy Hall)

Mr. and Mrs. Preston Gentry of Acme visited in the home of Mr. and Mrs. S. W. Gentry Sunday afternoon.

Mr. and Mrs. Clint Simmons visited in the home of Mr. and Mrs. John Nichols Sunday.

Mr. and Mrs. Charlie Hunter visited in the home of Mr. and Mrs. Oscar Gentry of Crowell Sunday.

Mr. and Mrs. Joe Drabek of near Crowell visited Mr. and Mrs. R. L. Pechacek and family a while Sunday.

Mr. and Mrs. S. W. Gentry visited Mr. and Mrs. Frank Mabe of Crowell Saturday.

Mr. and Mrs. L. Kamstra of Crowell visited in the home of Mr. and Mrs. Clyde Cobb and family Sunday.

Mr. and Mrs. O. M. Gentry of Crowell visited in the home of Mr. Gentry's parents, Mr. and Mrs. S. W. Gentry, Sunday.

Wayne Cobb, who is attending college at Arlington, came home Sunday and spent until Monday night with his parents, Mr. and Mrs. Clyde Cobb. His parents and sister, Wanda, and grandmother accompanied him to Quanah Monday night to take the train for Arlington.

RETURNS TO A. & M.

Louis Franke, for the past year on leave from the Texas A. & M. College Extension Service with the Consumer Division of the Office of Price Administration in Washington, D. C., returned to A. & M. on November 1 to resume his work as extension editor.

Laura Lane, former assistant editor who served as acting extension editor during Franke's absence, has been named associate extension editor. Miss Lane was a member of the Vernon Record staff prior to her appointment to the Texas Extension Service in July, 1939.

AP-veteran C. A. Price, who served as acting assistant editor

The Millionth—For America's Defense

AS thousands of defense workers cheer, the one-millionth aerial fragmentation bomb produced by the Budd plant is presented to Col. D. N. Hauseman (left), and Brig. Gen. B. O. Lewis, of the Army Ordnance Department, by Edward G. Budd, President of the Philadelphia firm. Although the exact rate of production of the new bombs, said to be the most deadly of their type in the world, is a closely guarded military secret, it is one of the highest in the U. S., officials revealed. The bomb is designed for use against infantry.

Nineteen Texas Boys Recipients of Santa Fe Educational Awards

College Station, Nov. 11.—Nineteen Texas boys today were certified by State Club Leader L. L. Johnson as recipients of the Santa Fe Railway annual educational awards, which will enable them to further careers.

The state winners in territory served by the Panhandle & Santa Fe and the Gulf, Colorado and Santa Fe are: Trellis Summers, Hereford; William Brigham, Tuxedo; Bobby Cox, Plains; James Vineyard, Kress; Dale Hall, Vernon; James Simpson, Roby; Edward Jaynes, El Paso; Nelson Foster, Farwell; L. D. Ballard, Plainview.

Leon Parsons, Direct; John A. Reed, East Bernard; Alfred Pohlmeier, Brenham; Ira Mixon, Magnolia; Jodie B. Geron, Ennis; Warren Barton, Sweetwater; D. C. Moore, Ben Franklin; Stephen Crump, Waco; Milton Heinze, Miles; Tommy Maciek, Chrisman.

The educational awards, offered through E. J. Engel, president of the Santa Fe System, permit the winners to attend the National Congress of 4-H Clubs starting Nov. 29, at Chicago. In all, sixty-five 4-H boys and girls selected annually on basis of achievement by state club leaders in the states served by the Santa Fe, will be guests of the railway. The Santa Fe winners will have opportunity of engaging in national competition as well as attending the International Livestock Exposition.

Awards and certificates of merit from the Railway will be presented to the winners at an early date.

during the past year, will remain on the extension editorial force and has dropped the "acting" part of his title.

LET'S TALK TURKEY ABOUT More and Better LIGHT

If you are to sit down to your Thanksgiving Day dinner under the dim, dingy, yellow glow of an old fashioned kerosene lamp, you will lose much of the joy of this festive time. You cannot imagine what added cheer, pleasure and happiness a modern white light would bring. Zest and flavor to the food, sparkle and beauty to the table, and smiles that you can actually see on the faces of one and all. You may have all this today, tomorrow and years to come, when you

TEXAS SENT 6 OUT OF 16

College Station, Nov. 10.—Texas furnished 6 out of the 16 members of the Cotton Advisory Committee which met November 3 in Washington, D. C., to work out policies for the operation of the cotton loan program.

Texas members were: Will Porter, Caldwell, representing farmers; B. L. Anderson, Fort Worth, and R. D. Ernst, Houston, representing warehouses and compresses; Marc Anthony, Dallas, representing shippers; Fred Florence, Dallas, representing lending agencies; and Will Clayton, Houston, representative at large.

The committee met at the request of the Commodity Credit Corporation of the U. S. Department of Agriculture. Future meetings will be held as occasion demands.

Your Horoscope

November 10, 11.—You are very civic minded but take no part in political affairs. You are very artistic and have much musical ability, although you lack confidence in yourself. You are a deep thinker, rather secretive, and have few confidants.

November 12, 13.—You are good natured and full of fun. You are happiest when traveling. You have a fine mind and are capable of great self-control. Although fond of travel your home ties are stronger.

November 14, 15, 16.—You have an affectionate, kind nature that makes you many warm friends. If you ever give offense it is always unintentional. You are very proud and independent and have a mind of your own. You have a brilliant mind, are fond of music and the finer arts. You would do well in the field of science.

MEN WANTED

TO WORK in AIRCRAFT INDUSTRY

The South's leading aircraft training school, will train a limited number of men between the ages of 18 and 31 to work in the aircraft industry at salaries from \$105 to \$250 per month.

Now is your opportunity to get into the leading industry in America.

Requirements: Grade school education, American born, physically fit. Only \$20 cash will start you, balance in small monthly payments after you go to work in aircraft factory.

See or write our bonded registrar, Mr. L. L. Gouge, at 202 Bailey Hotel, Vernon, Texas, Thursday, Friday, Saturday and Sunday of this week.

BOB BOYLE AIRCRAFT SCHOOL, Inc.
 Dallas, Texas Los Angeles, Calif.

...and do be careful!

"Five mornings a week, nine months a year, we mothers of Texas get our children ready for school."

"In our home and a million other Texas homes, that's one of the first and most important duties of a mother's day. Sometimes Dad finds out what a job it is when he has to do it by himself."

All of us want our children to have the best education possible. Most of us look to the public schools for this.

Fortunately, Texas has the best public schools in the South. Helping to build and operate them is the Texas petroleum industry which pays 24 million dollars a year in taxes for school purposes.

These petroleum taxes pay an average of one-fourth the cost of educating our children. Altogether, they meet the entire expense of schooling nearly 400,000 Texas boys and girls.

In addition, oil has contributed substantially to the 70 million dollar permanent school fund. Oil is also responsible for much of the 30 million dollar permanent university fund, which has made possible the expansion of the University of Texas and A. & M. College.

Furthermore, taxes on petroleum products add another 11½ million dollars a year for the schools of our State.

Our children get a better education today because of the Texas petroleum industry.

THE Foard County News

T. E. Klepper, Owner-Editor.

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, Nov. 13, 1941

NATIONAL EDITORIAL ASSOCIATION 1941

TEXAS OIL INDUSTRY

The regular advertisement of the Mid-Century Oil & Gas Association appears in this issue of The News.

The petroleum industry is one of the greatest contributors to the prosperity of Texas and for the past two years has carried regular paid advertisements in the newspapers of Texas.

The fact that the industry is so proud of its achievements in the state that it is willing to spend money in advertising is highly commendable.

As we read of the brutalities of Hitler and his secret police, the ruthlessness and cruelty to which the people of the invaded countries are subjected.

Hitler has issued an order to Norwegian to give over to the German army all the barbers, tents, tenting material, knapsacks and warm clothing.

We have the biggest stock of Electric Lamps we have ever had

ONE ANCHOR NOT ENOUGH!

What We Think (By Frank Dixon)

Business of all kinds and every private individual has been called upon to make sacrifices and still more sacrifices that the defense program shall not lag.

Business has responded generously, even in face of the fact that it is well known that over 20,000 businesses will have to close their doors.

The young men of the country have responded generously and patriotically by quitting their jobs and school to go into the army.

Women throughout the country have volunteered for duty as nurses and in a number of instances have gone into defense plants to work with torch and weld.

Everywhere because the various labor leaders.

Unfortunately, labor, heading the much to radical leadership, is the only blot on the entire defense program.

Over half the strikes that have been called that have cost millions of precious hours, desperately needed hours in the defense program.

The public, the nation, which has no interest in these petty quarrels is forced to suffer and it may be to pay, a terrible price because of them.

The country has become disgusted, indignant. It sees its young men drafted into military service at low pay taken from home and friends and school and career and other men left securely at home and with good pay.

jauntily walking off defense jobs and asserting they will stay off until they get their demands. Not only that they use every effort to keep off the job others who are willing to work.

Congress should forget some of its "social gains" twaddle and pass a law prohibiting jurisdictional strikes. The law should make responsibility a personal matter with labor leaders the same as it does with business.

In the time of trouble he shall hide me in his pavilion; in the secret of his tabernacle shall he hide me; he shall set me upon a rock.—Psalm 27:5.

Every age creates a batch of problems for posterity to solve.

Red Cross—

(Continued from Page One)

It is essential for the complete functioning of the vital program that we adapt our own departments, their home service departments.

The Red Cross of a nation-wide basis is performing a number of other services for the armed forces, including the enrollment of nurses and medical technologists, production of 40,000,000 surplus dressings by women volunteers.

Meanwhile, the Red Cross must expand its services in other ways to help in the preparation of civilian defense," Mr. Seale pointed out.

Growing to new heights, the Red Cross First Aid, Water Safety and Accident Prevention Service last year instructed 277,000 persons in first aid and another 81,000 in water safety techniques.

In addition to obtaining almost 5,000 nurses for the Army and Navy, the Red Cross Nursing Service last year cared for 317,759 cases through its public health nurses. Conducting 5,706 classes in Red Cross Home Nursing, the service taught 81,000 women and girls in 1,000 communities the value of healthful homes and the fundamentals of home nursing care of the sick.

"This year, for the first time," Mr. Seale reported, "enrollment in the American Junior Red Cross is being conducted simultaneously with the Roll Call for senior members. Children are not asked to join individually, but enroll as a classroom with a nominal fee for the entire group.

Mr. Seale and his assistants call upon every resident in Foard County to enroll now as a Red Cross member through the local chapter in order that "our community may contribute its full share to this important humanitarian program which means so much to our homes, our families, our town and our nation."

Crowell Wildcats Defeat Holliday Eagles, 24 to 6, at Holliday Friday Night for Second Conference Victory

The Crowell Wildcats won their second conference football victory Friday night when they defeated the Holliday Eagles 24 to 6 at Holliday.

The Wildcats showed their superiority over the Eagles throughout the contest. However, Boney, quarterback for Holliday, lived up to his reputation of being the best passer in the district by completing sixteen heaves out of thirty-seven attempts.

Crowell scored in the first quarter when Owens intercepted an Eagle pass on Holliday's 40 yard line. End runs and line plunges by Bird, Halenak and Spears carried the ball over. The try for point was wide. Crowell 6, Holliday 0.

Thompson made his interception and fifty yard return for Crowell's second touchdown. Taking the ball on a punt from the Eagles on the fifty yard line, the Wildcats worked the ball down field into scoring position, and Spears cracked the line for another score in the second quarter. The half ended 18 to 0 for Crowell.

A couple of end around plays with Stout carrying the ball set Crowell's last touchdown up. Bird skipped around left end for twenty-five yards and a touchdown. The kick was no good, leaving the score 24 to 0.

The Eagles' passing game was

not to be denied. Boney passed to Winton 35 yards to the Crowell 40 and again to Kirksey, Eagle left half, to Crowell's one yard line. Spears made one of his jarring tackles on Kirksey to force the Eagle back out of the game. Boney on two attempts went over the right side for a touchdown. The try for extra point was wide and the game ended 24 to 6 for the Wildcats.

The two weeks' rest made Crowell's entire team look good. Bird was back in early season form; Smith playing his first conference game, played well; Thompson and Roark, played their best game of the season; and Spears was tops as usual at the fullback position.

Boney, passer, and Winton, speed merchant for Holliday, stood out for the Eagles.

Starting Line-Ups

Table with columns: Starting Line-Ups, Crowell, Position, Holliday. Lists players like Smith, Owens, Rosik, Archer, Pierce, Canup, Thompson, Bird, Halenak, Kelton, Spears for Crowell and Phillips, Mahler, Hoing, Tetcher, Meek, Singletary, Burge, Boney, Kirksey, Wenton, Whatley for Holliday.

Substitutions for Crowell: Cauthan, halfback; B. Owens, halfback; Veceera, guard; Hunter, guard; Erwin, tackle; and Stout, end.

PROTECT YOURSELF TODAY TOMORROW May Be Too LATE

When you are the victim of an automobile accident, how will you and your family pay your regular expenses and meet the extra medical bills, with your income cut off?

New Subscribers Are Being Received in Greater Numbers Than Ever Before; Many Also Renewing for Another Year

Probably the largest number of new subscribers are being added to The News' subscription list since the annual fall campaign for subscriptions started a few weeks ago than has ever been recorded at this office.

The fact that people want to subscribe for the paper is gratifying and greatly appreciated. Renewals and new subscribers received since Oct. 31 follow:

Daniel Briscoe, Portland, Me.; Dave Shultz, Rt. 2; John L. Harter Jr., Margaret; Clyde Knight, Rt. 2; Clyde Cobb, Rt. 1; G. D. Reeder, Austin; L. F. Weber, Vian; T. T. Goughly, city.

T. H. White, San Jose, Calif.; Miss Susie Johnson, Livingston, Texas; G. A. Morrison, Rt. 2; E. A. Howard, Rt. 3, Haskell; C. E. Graham, city; Mrs. Edith Waechter, Austin; Mrs. R. K. Lanyon, Amarillo.

William E. Wells, Chicago, Ill.; Mrs. Tom Beverly, city; Arthur Sandlin, Vian; A. G. Bell, B. 1; W. H. Tamplin, Rt. 2; C. S. Dunn, Foard City; E. R. Roland, Foard City; W. B. Tysinger, city; Mrs. L. V. Johnson, city; E. G. Grimsley, Thalia; J. R. Coffman, Albuquerque, N. M.; J. D. Buse, Rt. 1.

Well informed sources say that in spite of the insistent demands by the American Legion and other American organizations Harry Bridges, west coast labor radical, will not be deported. The reason given is that he has "high friends."

Immediate Delivery!

JUST RECEIVED! A Carload-lot of the new FORD TRACTORS with FERGUSON SYSTEM

Now, you can get extra farm help when you need it—without long costly delays that reduce your profits on this year's work.

Come in and see how a new idea for implement linkage and hydraulic control will help you protect your

profits . . . will bring you the help you need at a lower cost than you ever thought possible.

Or, better still, let us demonstrate this remarkable tractor right on your own farm. A phone call or post card is all that is needed.

Your immediate purchase of this tractor and implements can be made easier by use of the Ferguson-Sherman 6% simple interest Finance Plan. We'll be glad to explain how it can be fitted to your needs.

Big demonstration near Crowell Monday, Tuesday and Wednesday, Nov. 17, 18, Everybody invited to attend.

BARKER IMPLEMENT COMPANY, Crowell, Texas

Locals

"Uncle" Tom Davis left Tuesday for Sweetwater to visit his son, Gordon Davis, and family.

Miss Juanita Boman visited her parents, Mr. and Mrs. S. J. Boman, in Vernon last week-end.

Miss Margaret Woods is spending this week in Lubbock, the guest of her sister, Miss Lennis Woods.

Pvt. Edward Gafford of Randolph Field, San Antonio, spent Saturday night and Sunday here visiting his mother, Mrs. C. E. Gafford, and other relatives.

Mr. and Mrs. J. C. Breedlove and children have recently moved to Chillicothe to make their home. Mr. Breedlove is an employee of J. P. McPherson, dealer in International Harvester Co. implements.

Mr. and Mrs. John White and little son, George Robert, of San Antonio, were week-end guests in the home of Mrs. White's parents, Mr. and Mrs. G. M. Canup.

Miss Modena Stovall has accepted a position as receptionist in the office of Dr. W. F. Baber, Vernon optometrist. She assumed her duties Monday.

O. E. White of Haskell County, former resident of Crowell, spent Tuesday night here visiting friends. He was en route to Pampa on a business trip.

Week-end guests in the home of Mr. and Mrs. Ben Hinds were Mrs. J. M. Montgomery and Miss Pauline Burrow of Rotan and Wiley Mallory of Mineral Wells.

Miss Marjorie Bradford spent last week-end visiting Mr. and Mrs. Joe Herman Rucker, former Crowell residents. Mr. Rucker is a teacher in the Fargo schools this year.

Mr. and Mrs. Hugh McLain of Anna spent last Tuesday in the home of Mr. and Mrs. G. M. Canup. They also visited in the homes of their sons, Jim McLain and Grady McLain of the Foard City community.

Misses Mary Elizabeth Hughston, Mary Evelyn Edwards, Margaret Claire Shirley and Virginia Thomas spent the week-end in Denton. They visited Misses Beverly Hughston, Doris Campbell and Lois Pickett, who are students in Texas State College for Women.

Lt. Robert M. Magee, of the 32nd BN 8th Trg. Rgt. of Fort Sill, Okla., spent the Armistice Day holiday with his parents, Mr. and Mrs. R. R. Magee. He was accompanied by a friend, Lt. Winston Hitenhamer, of Galveston, who is also stationed at Fort Sill.

Miss Dorothy Winningham was home from Texas Tech at Lubbock to spend the week-end with her homefolks and friends. Her parents and sister, Jane, took her back to Lubbock Sunday afternoon. They were accompanied by Mr. and Mrs. Ernest Croone, who spent a short time with their son, Ted.

Mrs. John Hakala of Lake Charles, La., arrived here Tuesday for a visit with her mother, Mrs. J. S. Long, and other relatives and friends. Her nephew, Jimmy Williams, who is an air corps cadet at Kelley Field, San Antonio, met her at Houston and came to Crowell with her. He has a 10-day furlough.

Mrs. Hines Clark, president of the Columbian Club, and Mrs. A. Y. Beverly, president of the Adelpian Club, left Monday morning for Dallas, where they have been in attendance upon the annual convention of State Federation of Women's Clubs, in session there this week. Mrs. Clark will also visit in the home of her daughter, Mrs. J. M. Cumley, and family.

Mr. and Mrs. John Long attended the funeral of Eb Worsham in Henrietta Tuesday afternoon.

Mrs. A. A. Hingst and Mrs. M. M. Reisch of Vernon are in Crowell every Thursday to give lessons in dancing, expression and personality singing.

W. R. Womack left Tuesday afternoon for a business trip to Dallas. He also attended the funeral for Eb Worsham in Henrietta en route to Dallas.

Mrs. Ab Dunn and Mrs. S. S. Bell left Monday morning for Dallas where they have attended the meetings of the Convention of the State Federation of Women's Clubs, in session there this week. They will also visit relatives and friends.

Rev. H. A. Longino, pastor of the Crowell Methodist Church, left Tuesday for Big Spring to attend the annual session of the Northwest Texas Conference. Claude Callaway, chairman of the board of stewards, will go to Big Spring Friday morning.

Mr. and Mrs. W. D. Smith and W. A. Marney of Los Angeles, Calif., spent Sunday night visiting Mr. and Mrs. E. Swaim of Crowell. They had been on a trip to Salem, Ind., and other points in that section of the country. Mr. Smith was a contractor here when the first brick buildings were erected in Crowell in 1908-09. They left Monday for Carlsbad Cavern and after visiting the famous caverns they will return to their homes in Los Angeles.

ROTARY CLUB

Jim Polk, Boy Scout field executive of this area, made an interesting talk at the Wednesday meeting of the Crowell Rotary Club, with John Razor in charge of the program.

Visitors at this meeting were County Attorney Foster Davis, and Rotarians Skeet Magee, Pat Davis, O. L. Bell and Johnnie Jones of Quanah. Rufus Jones of Quanah was also a visitor.

CARD OF THANKS

We desire to express our sincere thanks and appreciation to the many kind friends who ministered to us in any way during our recent bereavement in the loss of our loved one.

The Family of P. G. Isengr.

Marine Corps' 166th Birthday Celebrated on November 10

On November 10th in the year 1775 the log book of the United States Marines begins. The very first entry shows the authorization of the Continental Congress to enlist two battalions of "soldiers to serve by sea." Tun Tavern, Philadelphia, was the first recruiting station, and men of the waterfront clamored for the chance to enlist. The proprietor of Tun Tavern, Robert Mulvaney, dispensed much good cheer to his guests and spoke long and loud for the new branch of the service. In short time he was made captain and Samuel Nicholas, a Quaker gentleman of dash and spirit was the first Marine leader.

The first expedition of these Continental Marines met with great success. They landed in the Bahamas in 1776 and captured ammunition and supplies. It was the prophetic beginning of a brilliant career of colorful and successful exploits all over the world. The Marines have landed in every port of call and have title to the most colorful branch of the services of the United States.

In 1805 the Marines made their first trans-Atlantic trek, and met with pirates in Derna. They conquered there and hoisted the American flag in Tripoli, the first time the Stars and Stripes flew over a fortress of the Old World. They once again carried our flag to foreign soil in the Mexican War of 1847, when they stormed the citadel of Chapultepec. That was the decisive battle of the war.

The Marine Corps was first established as men who would be soldiers of the sea. But their wide experience and the training given today makes a modern Marine the soldier on land or sea, and in the air. Men between the ages of 17 and 30 are informed that the lid is off, there is no limit to the ranks of the Marine Corps today. Contact your nearest recruiting office in Dallas, Fort Worth, Waco, Abilene or Tyler. You can enlist in the Reserves for the actual duration of the emergency, or in the Regulars for four years.

FOODS LIST EXPLAINED

College Station, Nov. 3.—Butter and pork have been added to the list of foods obtainable nationally with food order stamps by public assistance families benefiting from the Department of Agriculture's food stamp plan. These additions will hold for November. Officials of the Surplus Marketing Administration say that adding these products to the list provides wider markets for farmers and makes important food commodities available to millions of low-income people.

ENGLAND, UNCONQUERABLE

Whatever inspired the ruthless destruction of Britain's hallowed shrines and priceless relics was as mistaken in the psychology of the people as can possibly be. Instead of filling hearts with dread and terror, it has stiffened backbones into rods of steel.—Tom J. Davis, President of Rotary International, in the current Rotarian magazine.

Membership Drive for Red Cross Roll Call in Progress

Through choice or necessity most of the countries of the world are in opposing armed camps. This war is not primarily one between rival imperialisms. It is a world-wide conflict between opposing ways of life and standards of values.

In America and the Western Hemisphere we believe in the supremacy of the individual. Truth, justice, tolerance have personal meaning.

And Democracy is more than a form of government. It is a way of life—our way of life, and ours to defend. Passive approval of democratic forms is not enough. We must actively support democratic institutions if they are to survive. In the Red Cross is embodied all those human values we in this country hold most sacred.

On Tuesday, Nov. 11, an army of Red Cross volunteers under the leadership of Jack Seale, began asking men and women everywhere in Foard County to join. They know that theirs is an organization chartered by Congress and dedicated to the ideals of freedom of the individual; equality without regard for race, creed, or politics; and a generous helpfulness, impartially administered, for those in need. They ask for membership of all men and women in support of those democratic principles.

Patriotic fellow-citizens are asking you to join in upholding an ideal which is considered the finest flowering of our western civilization. They ask you to join and become a part of this humanitarian army behind the men behind the guns. Put your patriotism to work! Join the Red Cross!

BIG RADISH

Dock Callaway has probably grown the largest radish in his garden in the west part of town this year that has ever been grown in the county. It measures 14 inches in length and is 5 inches around in the largest place.

Brief Bits of News From Here and There

It is now evident that the demand made by some that the boys in the CCC camps be taught the manual of arms and trained in military drill was a smart idea. At the time it was proposed a protest arose from pacifists from one end of the country to the other. Unfortunately the administration heeded the pacifists' protest. Another effort was made by requesting that boys who might desire military training be given it in the camps. The objection to this on the part of the pacifists was extremely silly but true. It was: the boys who received such training would be honored and respected above those who did not wish to take it. What a silly, silly argument. Many of these boys have since gone into the army as privates. Had they received the military training in the CCC camp that they should have received many of them would have rated places above that of a private to say nothing of the time that would have been saved in training our army.

Fortunately the number of newspapers that shorten Christmas to Xmas is growing smaller and smaller. It is a desecration of a wonderful name for a holiday. Xmas means nothing, but Christmas has much meaning. Time is not so precious with any weekly newspaper or space so valuable that the corruption of the name of this holiday is necessary.

A Kansas newspaper shortens Mr. and Mrs. to Mrs. The paper has been following the practice for several years but to date no other editor has taken it up. According to a recent Gallup poll courses of military training in high schools in the United States are favored 69 to 31.

The OPM announced that January automobile production would be cut 51 per cent below that of last January's output. Bolivia, when threatened by a railroad strike at a critical time, countered the move by forthwith calling all railroad workers to the colors. Troops will occupy stations and take over the service wherever necessary. According to the decree railroad workers must report to military headquarters and report for work daily under military supervision.

The Gallup Poll which seeks to secure all types of information discovered in a recent poll that 54 per cent of the American people gamble at least once a year and of these 24 per cent declare their favorite form of gambling was the church lottery. Only one in seven admitted a profit from his gambling ventures.

Seven million eighty-three man days were lost for the defense program during the month of April. In July 1,300,000 man days were lost and in August 1,825,000 days. In eight months the loss to the defense program through strikes was 17,170,000 man days. The tragic part of it is that this precious time cannot be regained. It is lost forever.

The Treasury of the United States offered October 9, \$1,200,000,000 of 2 1/2 per cent bonds to

be due 1967-72. With the exception of the 50 year Panama Canal loan floated in 1911 the present issue has the longest maturity date and with the exception of World War issues is the largest cash offering. The first day the issue was oversubscribed nearly ten times when subscriptions totaling \$10,000,000,000 were filed.

By typing 145 five stroke words a minute for one hour last June, Miss Margaret Hamma, an employee of the International Business Machines won the title of professional world's typing champion. Miss Hamma is the first woman in 25 years to win the world's typing championship.

By laying a total of 340 superior eggs in 357 days the title of Hen of the Year was awarded to Victory Queen, a white Leghorn, at the Northeastern Poultry Council show in Harrisburg, Penn. This remarkable hen is owned by Mr. and Mrs. Henry Rapp Jr. of Farmingdale, N. J. Mass production is under way in this country on a 20 millimeter anti-dive bomber gun known as the Oerlikon. The gun which is of Swiss origin will fire 500 shots a minute, any one of which will tear a hole a foot wide in a plane.

Some 41 companies are engaged in making the parts for the gun. A recently discovered method of rifling the gun barrels has cut the production time on the rifling of the gun barrel from three hours to ten minutes.

THE PILGRIMS Gave Thanks for Much Less

Our forefathers fought for their freedom, and had enough for only their meager needs, yet they gave thanks for their simple life. We, today, have much freedom in the symbol of our daily life, and the ideal of our nation; surely we can give thanks on THANKSGIVING DAY. We extend greetings to our depositors on this significant day.

FOR LIBERTY'S SAKE!

Bang! Bang! The sound of guns are faster and faster approaching the borders of American soil and within two months will actually be here! (I hope not.) For two years this black cloud has been moving into our peaceful skies, threatening to take our food, our shelter, and even our lives, and it is hard to believe that it is here, right in our front yard. This cloud, "our" war must be coped with in some way, and it's up to us to do our part—for liberties!

Of course, in actual warfare, boys (or should I say men) actually play the most important part. They do the actual fighting. They are the men behind the guns and the men behind the men behind—stop me quick—the guns. Our boys, still interested in football and in courtin' are just a little young for this, but within a year or two they may not be so young (no doubt)—at least not if this war gets as bad as it is going to get. It's up to you boys to fight this war and to do this you must be physically and morally fit. Build your bodies up so that you will be strong. Wholesome food—and the right amount—is the main component, but exercise is also important. The strength morally to be strong physically and you can do this only by being clean in thought, in word, and in deed. You must be fit—for liberty's sake!

It's a man's world, but the women run it. How often you hear this. It's true, but after this crisis has passed it will also be a woman's world. Because women must be the women behind the men behind the guns (here we go again). Women's jobs in this storm are more numerous and are just as important as the men's. There are so many things they can be doing right now, girls for National Defense. Horrible as it may seem, we can give up our silk hose and don cotton ones (it won't be so bad after we get used to seeing our legs in them). The silk plays an important part in the making of a parachute and it is scarce these days. While you're griping about this, just remember that your mother wore them—and she caught a man! We can also be knitting for Britain. The thread will be furnished you by some "Burdies for Britain" center and they will be more than glad to instruct you. While you are sitting around your room "talking at" some of your friends you could just "peal" one—knit two. Let's do this—for liberty's sake.

And all of us, men, women, boys and girls, one way for us to help is to cut down on electricity (you couples shouldn't mind that), to cut down on foodstuffs, spend your extra quarters (what extra quarters?) on defense stamps instead of cigarettes, cokes, and shows. It's the duty of everyone to buy at least one stamp each month. And a nice

CHRISTMAS GIFT FOR EVERYONE THIS YEAR WOULD BE A BOND. HOW ABOUT IT KIDS—FOR LIBERTY'S SAKE!

THE JUNIOR PEP SQUAD

Have you heard of this organization before? If you haven't prepare yourself for a bit of news. The girls in the eighth grade (remember that's still in grammar school), have organized a pep squad of their own. They have meetings in grammar school every Tuesday and Thursday, and on Monday, Wednesday and Friday they meet with the regular pep squad. They have elected leaders, drummer, majorette, and officers. Their leaders are: Betty Seale, Billie Billington, Evelyn Barker and LaRue Graves; their drummer, De Alva Thomas; and majorette, Kathleen Eddy. Their officers are: Doris Johnson, president; Rebecca Ross, vice president; Leta Jo Carroll, secretary-treasurer.

These girls made formations—a "V" and a "C"—at the game between the Vernon Cubs and the Crowell Wildkittens Wednesday, Nov. 12.

SENIORS WORKDAY

The business houses of Crowell and one of Truscott honored the seniors by letting them work—or were honored by their working Saturday—which would you call it?

The senior class wishes to express its appreciation for the cooperative spirit of these businesses for paying the inexperienced as well as the experienced for a day's labor.

The seniors who worked and the places for which they worked are as follows:

Bon Franklin Store — Evelyn Cronoe, Fay Griffin, Estelle Autry.
 Foard County News — James Braswell.
 M. S. Henry & Co.—Jimmie Cates.
 Foster Davis' office — Mary Tamplin.
 Corner Drug Store — J. T. Hughton, Margie Davidson, Rudolf Halenack.
 Self Motor Co.—Harold Longino.
 Lanier's—Donald Ward.
 Margee Torgery—Hugh Longino.
 Owens Auto Supply—T. L. Owens.
 Haney-Rasor Grocery — Berl Cavin, Truman Taylor.
 Rialto Theatre—June Billington.
 Leslie Thomas — Joyzelle Tysinger.
 Ernest King's Service Station—Marylou Nichols.
 J. A. Stovall's office — Leta Murphy.
 William's Service Station—Bob by Spears.
 Fisch's Dept. Store — Richard Carroll.
 Bird's Dry Goods Store—Julie Halenack, Virginia Higgs.
 O'Connell's—H. A. Taylor.

Ruth Martz' office — Thelma Wylie.
 Webba Food Store — Billie Diggs.
 Brooks' Food Store — Glendon Hays, Charlie Thompson.
 Orr's Bakery—Jean Orr.
 Sanders' Cafe—Jean Thompson.
 County Agent's office—Clonita Russell.
 Davis Variety—Riley Adams.
 Sheriff's office—Ruby Adams.
 Welch Service Station—Carroll Jean Harvey.
 DeLuxe Cafe—Ruby Priest.
 Ferguson Bros. Drug Store—Rita Jo Bruce.
 Barker Bros. Service Station—Joe Farrar.
 Sam Caram's Grocery (Truscott)—Mary Elynn Haynie.
 West Texas Utilities did not employ a senior, but they donated a day's wages to them.

WORRIES OF THE WEARY

The chief worry is the exchange of senior rings—for instance, Julie Halenack had on a boy's senior ring the other day and would not tell whose it was. And, too, Estelle Autry had on an extra one the next day. Of course, we know to whom the ring that Jean Orr wore part of last week belonged.

Another worry for the weary is the friendship bracelets that make you think that Christmas is here—I mean they sound like jingle bells.

The desk in the study hall which is almost completely falling to pieces opens another channel of worry to the person who has the good or bad fortune, which ever it may be, to check the roll.

That race for band sweatshirt is running up and down the line between the freshmen and sophomore candidates. The juniors and seniors had better hurry if they want to win because there is only a few days left before the final results will be announced.

Why is it that the boys from Truscott want a Crowell football sweater and the Crowell boys want a Truscott jacket?

JUST TO SHOW YOU WHAT WE HAVE BEEN DOING

I suppose you have noticed how busy the seniors of Crowell are this year. We began by selling football schedules for car tags and later sold Wildcat pins. One night a few weeks ago the girls brought boxes, hoping their heartbeat would buy them, to a box supper. The supper was accompanied by a program and egg hunt. Two different times the seniors gathered up rummage and sold it in town on Saturdays. If someone has recently asked you about subscribing to Holland's magazine, you will probably remember it was a senior and we hope you enjoy the magazine. Just last Saturday the seniors worked for the benefit of the class. The positions were acquired in the businesses of Crowell with one in Truscott. Through the many efforts of the seniors we are now nearing the \$200 mark and are looking forward to a big senior day that we will have with this and the rest of that that we make.

TO ATTEND AREA MEETING IN AMARILLO

The Crowell Homemaking girls are planning to attend their first meeting in Area One, Nov. 15. Thirty girls are planning to attend this meeting which is to be held in Amarillo. Heretofore the Crowell F. H. T. Chapter has attended Area meetings in Area Two but this fall they were transferred. Also, only officers have been attending these meetings but thirty girls may attend this year providing means of transportation are found. Cottle, Hardeman, Foard and Wilbarger Counties were transferred because Area Two was too large.

SPORTS

The Wildcats won their second conference victory Friday night, over the Holiday Eagles, with a slight margin of 24 to 6. The Cats caught their stride early in the first quarter when Bob Spears intercepted a pass on the 30 yard line and after a few line plunges and end rounds the ball was carried to the 10 yard line, where Rudolph circled end to the goal line. Bird failed to convert. In the second quarter the Wildcats took a punt from Boney and after a touchdown drive the half ended 12 to 0.

Late in the third quarter Thompson intercepted a pass and with good blocking raced 60 yards for a touchdown. In the early part of the fourth quarter Crowell took the ball on a punt, and after a series of line plunges advanced to the 30 yard line. Bird then took the ball on an end around, and after some fancy broken field running, crossed the goal for the fourth touchdown.

Late in the fourth quarter Boney completed a pass for thirty-five yards, down to the Crowell 40. Then completed another to the 1 yard line. On the first play, Boney plunged over right tackle for the Eagles' only touchdown. The kick for conversion was wide.

The Wildcats came back in full strength for the first time since the Floydada game, when several of the players were injured. Final score was, Wildcats 24, Eagles 6.

The Wildcats go to Seymour Friday night to decide which will stay in the conference race, with both twice beaten.

GAG LINE

Mr. Carter: Do you think John Calvin will leave footprints in the sand of time?

Mr. Graves: He'd leave 'em anywhere, just look out in the hall.

Why are you running a steam roller over that field, asked Mr. Myers, "I'm trying to raise mashed potatoes," exclaimed Harold Canup.

Coach: (Explaining a plane geometry problem at the board). Now watch the blackboard while I run through it once more.

Charlie: Mrs. Sloan, do you mean that you don't want to go to Heaven?

Mrs. Sloan: "I do, but," she said, pointing to the rest of the pupils in the room, "not with this bunch."

SOCIETY

Several of the CHS girls spent the week-end in Denton visiting T. S. C. W. girls, Misses Margaret Claire Shirley, Virginia Thomas, and Mary Evelyn Edwards made the trip, accompanied by Mary Elizabeth Hughton. By what we have heard they had a "swell" time. It seems like these Crowell girls really get around. These girls were visiting Beverly Hughton, Doris Campbell and Lois Pickett, all ex-seniors of CHS, and now freshmen in the Texas School of Colorful Weaving (Oh, what am I saying). I mean Texas State College for Women at Denton. (Well, they have the same initials anyway).

Margaret Shirley had a dance at her home Wednesday evening. Many of the CHS Juniors and seniors were present. Boy, we had one more grand time.

SCANDAL COLUMN

Here we go with a whang, pow, stingo, whoa, and sloppy Joe! The snoop reporter is about to show things that happen that the innocent people could rarely know. Hello, everybody. This is Mr. I. C. Scandal talking, typing, visiting or something—bringing you the latest on the whoopee side of life in dear old CHS.

Same old routine. Jean Orr and Howard Lee Black were together Saturday night, but oh, go—sh, man; that has ceased to be scandal.

Mary Curtis and T. L. Owens always have their name in this column. We just couldn't bear to be different. (Monotonous, isn't it?)

It is reported that John Clark Long had even better than a super wonderful time at Lubbock. It seems that he ran into an old flame of his—More Fun! He looks as if he has had much less than no sleep. Tsk!

Speaking of grad-abouts to college towns. It seems that Margaret Claire Shirley, Virginia Thomas and Mary Edwards really stepped out with some T. C. boys to the College Club. Some kid, eh fun?

We hear that "Shorty" Roark is really "that way" over a certain little high stepping majorette, Paducah dish. We always say—"Go West Young Man—Go West!"

Charlie Thompson is still carrying the torch for a cute blond of CHS. Never say die, Thomp. You know—if at first you don't succeed, try Ura Lovelife—Phone 7777.

Swearingen was duly represented here Sunday night and our local belles handled the foreign situation excellently.

Say—have you heard about the new cou' about town? One of them is Richard Carroll. Two nights straight! Power to you.

I suppose you've all heard about Arnold Smith and Wanda Evans. You haven't? Now you have.

Billie Smith and Billie Nichols are still struttin' around together. Ain't love grand?

Donald Ward and Jimmie Cates are still dashing over to Quannah. They made it again Sunday afternoon.

Rudolf Halenack isn't at school today. It seems that he's sick. What's the matter, Rudy? too many of your own concections at the Corner Drug Saturday?

Wheeeeeeeeee! Three week's exams are over! Oooooohhh! Just found out the grades.

THIS WEEK IN HISTORY

November 17.—Congress met for first time in new capital building, Washington, 1800. Panama Canal completed, 1913.

November 18.—United States-Panama treaty signed for construction of canal across isthmus, 1903.

November 19.—Lincoln's Gettysburg speech, 1863. James A. Garfield, 20th president, born, 1831.

November 20.—Vasco da Gama sailed around Cape of Good Hope, 1497. Fort Lee occupied by British, 1776.

November 21.—North Carolina admitted to the Union, 1789. Radio telephone service opened between the United States and Bermuda, 1931.

November 22.—Southern transcontinental telephone line between Chicago and Los Angeles opened, 1923. First Protestant church in Indiana, 1798.

November 23.—Franklin Pierce, 14th president, born, 1804.

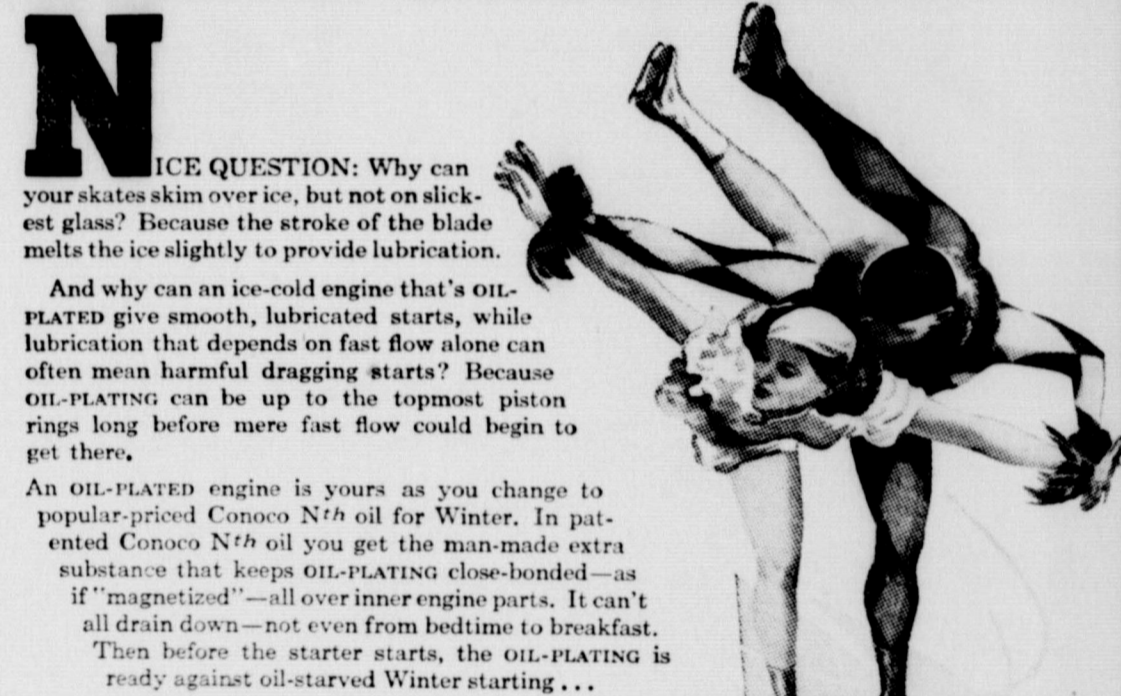

For roughage in feeding lambs, allow one-half alfalfa and one-half Johnson grass or Sudan hay. The hay should be green in color, well cured and free from mould.

The earliest domestic utensil known is the spoon. Somebody once said that spoons, if not as old as the world, are certainly as old as soup.

IF YOU haven't a saving now that you are proud of, get one as soon as possible. Should you not get one while at a producing age, don't say anything about it, for at age 65 you are going to have to broadcast it to the world. It will be like a sign worn on your back. Let me arrange a perfect plan through Life Insurance.

JOE COUCH

14 years service with The Great National Life Insurance Co.

NICE QUESTION: Why can your skates skim over ice, but not on slick-treads glass? Because the stroke of the blade melts the ice slightly to provide lubrication.

And why can an ice-cold engine that's OIL-PLATED give smooth, lubricated starts, while lubrication that depends on fast flow alone can often mean harmful dragging starts? Because OIL-PLATING can be up to the topmost piston rings long before mere fast flow could begin to get there.

An OIL-PLATED engine is yours as you change to popular-priced Conoco Nth oil for Winter. In patented Conoco Nth oil you get the man-made extra substance that keeps OIL-PLATING close-bonded—as if "magnetized"—all over inner engine parts. It can't all drain down—not even from bedtime to breakfast.

Then before the starter starts, the OIL-PLATING is ready against oil-starved Winter starting...

- The 5-qt. fill in Car No. 2 gave out when Conoco Nth was still up at 3.65 qts.
- The 5-qt. fill in Car No. 4 gave out when Conoco Nth was still up at 3.55 qts.
- The 5-qt. fill in Car No. 6 gave out when Conoco Nth was still up at 3.40 qts.
- The 5-qt. fill in Car No. 5 gave out when Conoco Nth was still up at 3.20 qts.
- The 5-qt. fill in Car No. 1 gave out when Conoco Nth was still up at 2.70 qts.

Save quarts—save battery—save engine. Change at Your Mileage Merchant's Conoco station today to Conoco Nth oil for Winter. Continental Oil Company

FOR DEFENSE

BUY UNITED STATES SAVINGS BONDS AND STAMPS

SALE AT YOUR POST OFFICE OR BANK

AMERICA ON GUARD!

There is a reproduction of the military Department's Defense Stamps, showing an exact reproduction of the original "Minute Man" statue by famed sculptor Chester French. Defense Stamps and Stamps, on sale at your post office, are vital part of America's defense preparations.

Week In Defense

The President, speaking by radio last night, said we have to make the choice of realism—realism means three shifts a day; the use of every vital machine of every day and every night; staying on the job; getting things made, and ending industrial grievances to established machinery of bargaining. . . . The second approach of the blind is still plenty. . . . And their tom-tomming bears the legend: "Too late!"

The President said "Each citizen as a civilian must share for defense. . . . We halt the waste and unnecessary of critical materials for defense. We must work hours. . . . And each of us trained in some task that is vital to our total defense."

Lend-Lease Aid

The President arranged a \$1,000,000 loan to Russia under Lend-Lease Act. The loan carries interest. Repayment—materials—will start five years after the war ends and is completed in 10 years from time.

Other Foreign Relations

Secretary Hull announced that S. transmitted to Finland an offer from the Soviet Union with the advice that Finland must give evidence of willingness to discontinue military operations against Russia if Finland keep U. S. friendship. Hull also announced that if damages for sinking the

Robin Moor, the claim would be grouped with other pending cases for adjustment after the war. The President told a press conference the U. S. is considering withdrawing Marine detachments from China. Japan dispatched a special envoy to the U. S. for further discussion of Far Eastern problems.

Ships Attacked

The Navy announced the U. S. S. Salinas, Navy oil tanker, reached port safely and without loss of life despite serious damage from a torpedo the night of October 22-23 while on a convoy near Iceland. The Navy revised its list of casualties on the destroyer Rueshan James to show two known dead and 98 missing and given up for dead. The vessel was torpedoed while conveying near Iceland. There were 45 survivors.

Navy Strengthened

The President transferred the entire Coast Guard to the Navy Department and asked Congress for an additional \$449,820,000 for the Navy. The Coast Guard transfer gave the Navy 230 patrol and auxiliary vessels and a large number of in-shore and port craft.

Ships Building

The Navy reported that during the first 10 months of 1941, keels were laid for 115 new combat ships, 34 ships were launched and 25 ships were commissioned. The Maritime Commission reported the first three Liberty cargo ships will be delivered the week of November 18. The Commission has so far launched 148 new ships and delivered 118 as result of its long-range and emergency programs.

Army Progress

The War Department reported the rate of delivery of critical armament and ammunition to the Army by June, 1942, will be 360 times the rate during May, 1940—when \$1,000,000 worth was delivered. The rate, the Department said, increased 40 times by June of this year, 60 times by September, and 80 times by October.

The Army also announced increase in the rate of training of motor maintenance officers by four times, battalion commanders and communications officers by 100 per cent, and aircraft warning service men by 900 per cent. The Army also reported the rate of accidents in military flying during the past year remained unchanged despite greatly increased training and tactical flying and use of new and faster ships.

Fuel Co-ordinator

The President appointed Interior Secretary Ickes to co-ordinate information regarding solid fuels (coal, coke, wood, etc.) as well as oil and to make recommendations to the Supply Priorities and Allocations Board as to production, storage, transportation, marketing and other phases of the relationship of fuels to the defense program. The SPAB refused priority assistance for construction of a pipeline from East Texas to Bayonne, N. J., and said its action "constituted a final disapproval."

Power

The President asked Congress for \$30,000,000 for additional power facilities in the Booneville power system because "a critical power shortage in this area is now imminent." The OPM postponed from November 10 to November 17 the planned 30 per cent power curtailment for non-defense industries in six Southern States.

Prices

Price Administrator Henderson asked heating and cooking stove manufacturers not to increase prices above October 24 levels and radio and radio-phonograph combination manufacturers not to increase prices above October 15 levels. He said price programs are being formulated for both industries. The House passed and sent to the Senate a bill which would freeze apartment, house and hotel rents in the District of Columbia as they were on January 1, 1941.

Materials

Leslie J. Rosenwald, Chief of the OPM Bureau of Industrial Conservation, announced the Government will soon begin a series of continuous campaigns to seek out unneeded household rubber, iron, aluminum, paper, steel, copper (which OPM said this week was more scarce than any other needed material), lead, zinc, and cotton and wool. In the new campaign materials would be given outright or sold to scrap and junk dealers who would resell to defense industries. Price Administrator Henderson reported, 400,000 members of the Boys' Clubs of America in 360 cities are enlisting in the nation's wastepaper salvage campaign now underway.

Labor Disputes

The President's fact-finding board set up to adjust a wage dispute in the railroad industry recommended that approximately 350,000 members of the "Big Five" Operating Brotherhoods receive an increase of 7 1/2 per cent. The Brotherhoods had asked for a 30 per cent increase for these men. For 800,000 other employees the board recommended an increase averaging 13 1/2 per cent. The increases were termed by the board as temporary pending a re-examination of economic conditions in 1943. The railroads accepted the proposals. The unions rejected them.

The U. S. Conciliation Service reported settlement of 36 labor disputes.

Calcium and phosphorus are the two most important minerals needed by dairy cows. Sources are ground limestone, oyster shell flour and legume roughages grown on soils rich in calcium.

Defense Materials Are Vital

(From Office for Emergency Management, Washington, D. C.) This is a story of shortages—of raw materials, raw materials vitally necessary for the defense of the nation and its people. To make guns and tanks and planes and ships, to make the United States an actual Arsenal of Democracy for embattled free nations throughout the world, vast quantities of these raw materials are needed.

We are just beginning to realize how big these quantities really are. When this country started its great defense production program, no serious shortages of raw materials existed. Production experts knew that we faced, a tremendous problem in stepping-up machine tool output, in retaining personnel and reorganizing factories, but our material supply did not appear too bad. At least, an increase in demand such as has occurred was not expected.

But modern warfare is a war of machines; machines demand metal. Thus even America's vast productive capacity in steel, copper, aluminum, and their alloys has proved insufficient to meet both military and civilian demands. This problem has been met in the embattled nations by virtually stopping non-essential materials and the civilian population gets along as best it may. England, for instance, now is down to about 400 new civilian automobiles per month. We, too, are going to have to get along without some of the luxuries to which we are accustomed if we are going to produce as we need to produce.

Defense materials are sometimes classified in two general categories: "critical" and "strategic." Critical materials, in the technical sense, are those which are produced in this country and in which supply problems exist. The method to be followed with these is to increase our output, build new factories, open and locate new mines and new sources. At the same time, we must reduce nonessential production using these materials, reduce waste, and conserve articles made with them which can be reclaimed for future use. In this category fall steel, aluminum, magnesium, and other chemicals.

Our attack on this problem is twofold: first, to increase domestic production, if that is possible, to its limits and second, to build up a reserve supply in the United States sufficient to tide us over any probable stoppage of imports. Here again limitations on civilian consumption are necessary and conservation of reclaimable material important.

The only real limits to the productive capacity of the United States translated into military equipment are limits of materials. We can and we are turning out machine tools; we can and we are training workers in defense skills; we can and we are bringing industry large and small into defense production. All of these methods, however, call for vast and increasing quantities of material.

Our attack on this problem is twofold: first, to increase domestic production, if that is possible, to its limits and second, to build up a reserve supply in the United States sufficient to tide us over any probable stoppage of imports. Here again limitations on civilian consumption are necessary and conservation of reclaimable material important.

Sunday, November 16, 1941. Subject: "Mortals and Immortals." The public is cordially invited.

East Side Church of Christ
Each Lord's Day—Bible classes at 10 a. m. Worship service at 10:45 a. m. Evening service at 7 o'clock.
Mid-week Bible class each Wednesday evening.

Christian Science Service
"Mortals and Immortals" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, November 16.

The Golden Text is: "As is the earthly, such are they also that are earthly; and as is the heavenly, such are they also that are heavenly" (1 Corinthians 15:48).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The last enemy that shall be destroyed is death" (1 Corinthians 15:26).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The belief that man has existence or mind separate from God is a dying error. This error Jesus met with divine Science and proved its nothingness" (page 42).

materials.

The Office of Production Management, the Defense Plans Corporation of the RFC, other Governmental agencies, and private industry are now engaged in a world-wide program designed to increase the flow of raw materials into American industry.

The one great question confronting the people of the United States today is how rapidly we want to get this job done. If we want to tighten our belts, go "all out" for military production, it is virtually certain we can halt aggression in a comparatively short time. We have productive capacity unmatched in the world. It is up to the American people whether or not we use all of it for defense production. If we do we can return to normal living far sooner than if we demand our customary luxuries.

The following articles tell of our present shortages and what is being done to overcome them; what the public is going to have to do without, and why we have to be thrifty with critical materials to keep democracy for the people.

Weekly Sermon

By the Rev. George S. McCune, D. D., Member of Faculty, Moody Bible Institute, Chicago, Ill.

Mind Is More Enduring Than Matter

Text: "My word shall not pass away."—Mark 13:31.

The words of the text were uttered by Jesus. He wrote no word Himself, and the language in which men afterward wrote down His sayings has long been one of the so-called dead languages of the world. But in all words there are two elements, which in books are called material and psychological. The material elements are the signs and sounds; the psychological elements are the thoughts or ideas expressed by the signs and sounds. One Greek word is used to indicate these elements in the words of Jesus. It is as if He had said, "The truths which I teach shall last longer than the things you see and feel."

Idea bear upon the conduct of human life. How to live is the question which occupies every man, and whatever bears on that question is that which will abide.

The words of Jesus deal more directly and profoundly with the question how to live than any other words ever spoken. His words touch the very secrets of the human heart.

His words touch the deepest problems of the human mind. That light which blinded Paul on his way to Damascus was not for him more wonderful, not more surprising, than it was for me when I discovered in God's Word the fulfillment of all hopes, the highest perfection of philosophy, the key to all the apparent contradictions of the world.

His words touch the conduct of life in all possible circumstances. His thoughts upon friendship and

home and brotherhood and love; upon buying and selling and getting gain; upon childhood and manhood and womanhood, make a complete code of directions for life and for death.

The words of Jesus are the real-est words ever known to mortal man, and the question is pertinent. What do you know about these eternal words? Have you fixed thought and hope and faith upon those permanent words? Amid the decay of all things on earth, and the rapid flight of time, have you brought your life into relation to them? "Every one that heareth these sayings of mine, and doeth them, I will liken him unto a wise man, who built his house upon a rock; and the rain descended, and the floods came, and the winds blew, and beat upon that house; and it fell not; for it was founded upon a rock."

INTERESTING FACTS OF THIS AND THAT

There are 56 colleges for Negroes in the United States.

To retain the largest amount of their nutritional value food experts suggest that vegetables be cooked whole, peel and all in as little water as possible. Whatever liquid is left should be served with the dish or utilized in soups and sauces. It is rich in vitamins and food value.

According to nutrition experts soda added to cooking vegetables destroys the vitamins. Better results are obtained with vinegar. Eggs fried on a hot pan or in hot grease are much less digestible than eggs fried slowly on a warm but not too hot skillet, according to food experts.

Ninety per cent of the Lease-Lend supplies are packed in waterproof paperboard boxes made from waste paper. For this reason it is estimated that 8,700,000 tons of waste paper will have to be salvaged in the country in 1942 to meet the needs of defense and other demands.

TEXACO BRIDGE CLUB

Mrs. Alton Higginbotham was hostess to the members of the Texaco Bridge Club at her home on Wednesday afternoon. In the games, Mrs. Charles Jones was high scorer and Mrs. J. O. Coffey was low. Both were given attractive prizes.

The hostess served a dainty refreshment course to the following ladies: Mrs. Polly Hodges, Mrs. Pete Gordon, Mrs. Tex Allen, Mrs. Frank Allison, Mrs. Floyd Marshall, Mrs. Chas. Jones, Mrs. Jim Hagar and Mrs. J. O. Coffey.

B. & P. W. CLUB

Eight members of the Business and Professional Women's Club met in regular business meeting Thursday night, Nov. 7. Mrs. Irene O'Connell was appointed as reporter to the "Chatterbox," the club bulletin.

The club voted to give the cemetery building project \$25.00. Miss Gusta Davis gave a short talk on "Defense Bonds" and the club discussed buying a bond.

GARDEN CLUB

Next Friday, Nov. 14, will be the regular monthly meeting day for the Garden Club. Mrs. Bert Self is to be the leader and also has the Fall Flower Exhibit. All

members are urged to be present at 3 o'clock at the Christian Church.

COUNTY FEDERATION

The Foard County Federation of Women's Clubs will have its November meeting at Foard City with the Foard City Home Demonstration Club as hostess club on Thursday, Nov. 20.

Mrs. R. L. Kincaid will be program leader and the morning program will have a Chinese theme. The devotional "Contentment" will be given by Mrs. A. D. Campbell. The delegate to the State Federation meeting will give a report. "The Burma Road" will be discussed by Mrs. N. J. Roberts.

Following the usual covered dish luncheon at the noon hour, the program will be resumed and will have for its subject "International Relations." Mrs. W. A. Dunn will have for her subject, "Does Latin America Think We Are Good Neighbors?" The leader will discuss, "Inter-American Co-operation." A pageant featuring the flags, coats of arms and the national anthems of the American Nations, will be presented by Mrs. John S. Ray. Mrs. Blake McDaniel will talk on "Pan-America in Poster Stamps."

Crowell Girl to Go on 9-Day Trip with McMurry Chanters

Lenore Longino, Crowell, student at McMurry college, Abilene, is leaving Nov. 16 for a nine-day trip through Texas and parts of New Mexico with the McMurry Chanters, a choral organization.

This is the annual Thanksgiving trip of the organization. Twenty-six students are making the trip by bus, accompanied by Mrs. Robert B. Wylie, director, and Louise Siegmund, accompanist.

Miss Longino is the daughter of Rev. and Mrs. H. A. Longino.

4-H CLUB

A 4-H Club was organized in Miss Florence Black's room Tuesday afternoon. Officers were elected as follows: Kathleen Eddy, president; Geraldine Davis, vice president; Janet Roark, secretary; Sharon Sue Haney, treasurer; Joyce Archer, garden demonstrator; Mary Edna Norman, home demonstrator.

Each member planned to have a towel ready to show at the next meeting.

T. C. U. President Emeritus Honored

Dr. E. M. Waits, who retired from the presidency of Texas Christian University this fall after 25 years of service, has been honored by having a three-quarter length portrait painted by the eminent American artist, Wayman Adams. The portrait was presented to the university as a gift from members of the Board of Trustees, the faculty, the class of '41, students, ex-students and alumni, and friends. The portrait, pictured above, has been hung in the school library.

Wildkittens Defeat Quanah, 13-0 Tues. Afternoon

The reserves of the Crowell High School football team defeated the Quanah reserves 13 to 0 Tuesday afternoon at Quanah.

The Wildkittens made their first touchdown on the first down in the second quarter. Clifford White, right end, passed to Cecil Parkhill, left end, for twenty yards and C. J. Keiton ran twelve yards on a reverse play to set the touchdown up. Pat McDaniel made the three remaining yards through the left side of the line.

The second touchdown was carried over from the two yard line by Kelton in the third quarter after Bill Owens and Pat McDaniel had alternated in carrying the ball on line plays and end sweeps. Kelton plunged over for the extra point.

Only boys that will be eligible next year were used by both schools. The following eighteen boys saw service for Crowell: Cecil Parkhill, Clifford White, Bob Gobin and Leighton Adams, ends; Billy Fred Short, Gordon Erwin and Glen Taylor, tackles; Marion Williamson, Bobby Joe Hunter, Morris Naron, and Ernest Minyard, guards; Paul Veera and John Thomas Raser, centers; Pat McDaniel, Bill Owens, C. J. Keiton, Lowell Campbell and John Carter, backs.

These same teams play at Wildcat Stadium next Monday at 4 o'clock.

Cotton Farmers Vote in Fifth Referendum

College Station, Nov. 10.—For the fifth consecutive year, Texas cotton farmers will vote in a cotton marketing quota referendum, Fred Rennels, assistant administrative officer of the AAA in Texas, has announced.

The voting date has been set for Saturday, Dec. 13, and quotas will not be in effect on the 1942 crop unless approved by two-thirds of the eligible producers who vote in the referendum, he said.

If quotas are in effect, farmers planting within acreage allotments may market all cotton grown on their allotments. Regardless of whether quotas are approved, conservation phases of the AAA program will remain the same, he explained.

"Cotton is one of the surplus crops for which no increase is asked in the Food-for-Freedom campaign," Rennels said in explaining that with restricted world markets the United States has on hand a supply of about twice the size of recent crops.

Approval of marketing quotas to help adjust the surplus will make possible continued use of loans, the AAA official said. Under provisions of the AAA Act of 1938, as amended, loans are prohibited when quotas are rejected by producers.

Collapse of foreign markets and the consequent drop in American exports from \$2 billion bales to \$1.1 billion bales, together with the fact that there is already enough cotton on hand to fill an extra year's needs, highlight the cotton situation. Since the slump is due primarily to war and naval blockades, cotton exports probably will not increase any great extent during the present season, he pointed out.

All of us learn a lot of the most important facts of life too late.

Health Department Joins in Effort to Prevent Accidents

Austin.—The Texas State Health Department has joined the President in his effort to prevent accidents. The rising accident toll is a menace to our national defense program and, unless checked, can seriously hinder our efforts.

Doctor Geo. W. Cox, State Health Officer, says that fatal accidents are now one of the ten leading causes of death in Texas. Last year, over 4,600 Texans died as a result of accidents. Thousands more were injured and countless days were lost from work in non-fatal accidents. In times such as these this useless loss of life and time must be stopped.

Motor vehicles lead the list of fatal accidents in Texas, with 1,807 deaths; however, they account for but one-third of the accidental deaths. Other leading causes are: Falls, 675; fires and burns, 490; and drowning, 267. To stop this loss, each person must, of his own accord, make it his responsibility to do all in his power to prevent accidents on the road, in the home, and while at work.

Accident prevention must be practiced all the time to be effective. A person may be careful while at work all day and then relax his caution while driving home and become involved in an automobile tragedy. Be courteous, be cautious, be careful and prevent an accident from happening to you.

Ray Nichols Will Speak at McMurry Homecoming Nov. 15

Abilene, Nov. 10.—Ray H. Nichols, publisher of the Vernon Record, will be the guest speaker for the November 15 Homecoming program for McMurry College.

Nichols, a lay leader for the Northwest Texas Methodist conference, has been a member of McMurry's Board of Trustees for a number of years. He will speak at the Saturday chapel exercises using as his subject Christian Education and National Defense.

V. E. Baldrige, Abilene, president of the Ex-Student association of McMurry, will be in charge of the program. Others scheduled to speak include Dr. Frank L. Turner, the college president; Ed N. Wischamper, Abilene, vice president of the exes; Mrs. L. M. Touchstone, Abilene, representing the Mothers and Dads club; Anthony Hunt, an ex and a member of the Board of Trustees; and Elmer Watson, Dimmitt, president of the Student Association.

Crop Insurance Is Next on Docket

College Station, Nov. 10.—Cotton crop insurance is the next big issue for Texas farmers, according to Donald L. Cothran, state cotton insurance supervisor.

Taking precedence over cotton insurance this fall have been rush orders for 1942 special allotments for Food-for-Freedom pledges throughout the state, Cothran explained.

When increased production of foods in the national defense program were called for, county AAA offices faced the gigantic task of issuing 1942 cotton, wheat, rice, peanut and Irish potato allotments to Texas farmers by Nov. 1. Special allotments under AAA farm program usually reach farmers by early spring, Cothran said, in pointing out that all decks had to be cleared for Food-for-Freedom pledges which got underway in Texas Nov. 1.

County listing sheets establishing preliminary crop yields and premium rates are being received in the state office with more expected shortly, the insurance supervisor explained.

After county data have been approved in the state and regional crop insurance offices, Texas cotton farmers will be in position to take out insurance on next year's crop, he said.

Under the program, cotton farmers may insure 75 per cent or 50 per cent of their established yields against all unavoidable hazards. Total losses will be paid when they occur and partial losses after picking, Cothran explained.

BEST CUSTOMER

College Station, Nov. 10.—The U. S. Department of Agriculture will become the citrus grower's biggest customer for this winter's crop if present plans are followed.

The USDA expects to buy the equivalent of four million boxes of grapefruit, grapefruit juice, grapefruit pulp, orange juice and orange pulp.

The products will be used in the free school lunch program, for transfer to other countries under the Lend-Lease Act, for distribution to public-aid families, and possibly to meet Red Cross requirements for war refugee aid.

The government purchases will be made through the Surplus Marketing Administrator, offers to buy will be made in all citrus producing areas, and the prevailing market price will be paid.

Your Red Cross is an important partner in the National Defense program. With our soldiers and sailors at their posts, with the civilian population, it makes the rounds night and day, carrying out its humanitarian duties. The Red Cross is supporting you. You can support the Red Cross today by joining through the local Red Cross chapter.

Our boys at camp need the Red Cross. We on the home front need the Red Cross standing by with instantaneous help. Let's show that we recognize these needs by "going over the top" for the Red Cross during the local Red Cross chapter.

Success comes in cans; failure in can'ts.

Last year the Red Cross aided assistance to 217,000 victims of 149 disasters in this country. Disaster will strike again this year—when, where and how hard no one knows. But the Red Cross must be ready to perform its errand of mercy. Help the Red Cross prepare by joining the local chapter without delay.

West Texas Chamber of Commerce Asks Affiliates to Take Action on Declarations Adopted at Midland

Abilene, Nov. 10.—The West Texas chamber of commerce was on the move as the week opened asking affiliates for action on declarations adopted by its house of delegates at the Midland convention last week.

To directors, local chamber of commerce managers and to chairmen and secretaries of public affairs committees went a news letter from J. Thomas Davis, the elected president of the WTCC, enclosing copies of two declarations. One asked for congressional correction of labor abuses in this time of stress, the other for drastic curtailment of non-defense federal spending while the emergency lasts. Davis asked the WTCC affiliates to convene their public affairs committees, take affirmative position on the declarations, and notify their senators and congressmen of their action. Copies of the declarations have been sent direct to the Texas delegation in Washington by D. A. Bantee, WTCC manager.

The declaration on labor abuses vigorously protests activities of agitators and racketeers in calling strikes in national defense industries at a time when human,

material and property resources are being conscripted for defense purposes in order to save democracy. Congress is urged to enact legislation to correct the abuses of labor as it has corrected the abuses of capital.

On curtailing non-defense federal expenditures the WTCC declaration points to the great and growing burden of defense requirements, with inevitably pyramiding taxes; asks the federal government to "vigorously economize, sacrifice and curtail to a minimum all non-defense expenditures," and calls on congressmen to give President Roosevelt and the budget bureau encouragement and co-operation in the economy program.

Davis' news letter served as an official curtain raiser on the WTCC's inter-community Defense and Preservation contest in which, to date, 56 towns have entered in competition for \$500 in cash prizes. The activity on the two declarations has been designated as contest items (Project 1, Group 3) and action taken by competing towns will be recorded in their contest files for grading.
