has been employed at the air training field near Vernon.

Approximately one and one-half inch of rain fell here the latter part of last week.

Steel freighters whose keels were actually laid after the attack on Pearl Harbor, within three months were completed and carried the bombs across the Pacific which helped to win the Coral Sea Battle in May.

The new steel used in those freighters or in those bombs was made partly from scrap collected in this country only a few weeks or months before the battle. Get your scrap in the scrap.

Texas' first State Department of Forestry was created in 1915 by Texas 34th Legislature.

S. J. R. No. 21

A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to appropriate Seventy-five Thousand (\$75,000) Dollars or so much thereof as may be necessary to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31st, 1937.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new section, as follows:

"The Legislature is authorized to appropriate so much money as may be necessary, not to exceed Seventy-five Thousand (\$75,000) Dollars, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31st, 1937."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at the next general election to be held on the first Tuesday after the first Monday in November, A. D. 1942, at which all ballots shall have printed thereon: "For the constitutional amendment authorizing the Legislature to pay for building constructed for John Tarleton Agricultural College;" and

"Against the constitutional amendment authorizing the Leg-

A Corner of Egypt's Battlefield

Gunners of the British Imperials are shown placing their anti-aircraft guns where they will do the most harm to Axis fliers in the battle for Egypt. They are digging in along one of the supply routes on which trucks may be seen speeding in the background. These lines, near Cairo, are the favorite targets of enemy aircraft.

Status of Intrastate Freight Rates in Texas Rests with ICC

Resting with the Interstate Commerce Commission and the Railroad Commission of Texas, following a week's hearing in Austin, is the question of whether intrastate freight rates in Texas shall remain at present levels or be hiked. Arrayed on one side, for higher rates, were 67 Texas railroads. On the other side, opposing any increase, were the West Texas Chamber of Commerce and its affiliated Freight Rate Equality Federation, joined by several shipper groups.

The co-operative hearing was on the carriers' plea that rates

9. For what purpose are kitchen fats being collected throughout the nation?
10. Of what South American country was Roberto M. Ortiz who died recently, a former president?

(Answers on page 3).

within Texas be raised by 4 3 per cent to conform to an advance granted by the ICC March on interstate movement. The Texas commission, in an order issued June 1, denied any increases on intrastate schedules. The carriers then appealed to the ICC to overturn the Texas action on the ground that intrastate shippers and receivers are not being their proper portion of a national transportation costs.

The WTCC and FREP entered the Austin hearing, opening 4 5, in behalf of the public—uncounted thousands of producers, shippers and consumers of state who pay the freight. He said in their presentation of witnesses and exhibits. These witnesses testified that the present Texas rate level is already excessively high and that intrastate traffic within the state. But were introduced to show that earnings of Texas lines are increasing faster than increased operating expenses, and that intrastate traffic represents only a small portion of the total freight movement.

The case was taken under advisement by ICC Examiner E. J. Fuller and Texas Commissioners Ernest O. Thompson and C. Culberson.

Bomb 'em with JUNK

JUNK NEEDED FOR WAR
Scrap Iron and Steel

Needed for all machines and arms of war. Fifty per cent of every tank, ship and gun is made of scrap iron and steel.

Other Metals—Rubber—Rags—Manila Rope—Burlap Bags

Needed for making bombs, fuses, binoculars; planes; tires for jeeps; gas masks; barrage balloons; wiping rags for guns; parachute flares; insulation for electric wiring.

WASTE COOKING FATS—When you get a pound or more, strain into a large tin can and sell to your meat dealer. **NEEDED ONLY IN CERTAIN LOCALITIES**—Waste paper and tin cans—wanted only in certain areas, as announced locally. **NOT NEEDED** (at this time)—Razor blades—glass.

Let's blast Japan—and Germany—and Italy—with the chain lightning of destruction that can be built from the scrap in our cellars, attics and garages, on our farms and in our places of business.

Scrap iron and steel, other metals, rubber and waste materials. It will all be used to make tanks, ships, planes and the fighting weapons our boys must have. It is needed at once.

Sell it to a Junk dealer—give it to a charity or collection agency—take it yourself to the nearest collection point—or consult the Local Salvage Committee... If you live on a farm, and have found no means of disposing of your Junk, get in touch with the County War Board or your farm implement dealer.

Throw YOUR scrap into the fight!

INTERESTING FACTS OF THIS AND THAT

The planet Pluto revolves around the sun once every 90,479 days. (248 years).
The average miner produces about 30 tons of coal a week. It requires 40,000 tons of coal to fabricate the steel for a 35,000 ton battleship or one day's output for 6,700 miners.
At the present time more than 13,000,000 women are holding down jobs in defense industries doing work formerly done by men. According to Mary Anderson, director of the Women's Bureau of the Department of Labor, one out of every four workers employed in defense industry is a woman. It is predicted by Miss Anderson that the ratio will soon be 1 to 3.

General Convention of West Texas C of C Will Not Be Held

There will be no general convention of the West Texas Chamber of Commerce this fall, or for the duration—this by overwhelming vote of the board of directors, it has been announced by the organization's headquarters office. Instead of the general assembly the regional chamber, by vote of its directors, will conduct a referendum convention over a two weeks period, Oct. 15 to Nov. 1, terminating in a clearance meeting of a combined work and elections committee. This will be held Nov. 4 and 5 in Abilene, the headquarters city. The directors' vote was taken by mail. The affirmative response on both proposals presented by J. Thos. Davis, president, was almost unanimous. Only one director favored holding the general session and only four were against the referendum convention plan. The votes were canvassed Thursday and the result made public Friday in a statement by Davis. With the ballots came letters from directors commending the proposals made by Davis as a measure to conserve rubber through elimination of convention travel and in support of the war effort. Davis said, "As result of our directors' balloting, the confident expectation is that, instead of the general convention, there will be held, without wear on automobile tires, a series of 185 town meetings of directors, local chamber of commerce managers and Public Affairs committees, in which group alone are more than 1,200 West Texas leaders. At these meetings business that ordinarily would be transacted in a general session will be attended to by voting on a series of referendum proposals sent to the town groups by mail. From this action will emerge the WTCC's new officer and director list, and the program of work for the coming year."

INTERESTING FACTS OF THIS AND THAT

The planet Pluto revolves around the sun once every 90,479 days. (248 years).
The average miner produces about 30 tons of coal a week. It requires 40,000 tons of coal to fabricate the steel for a 35,000 ton battleship or one day's output for 6,700 miners.
At the present time more than 13,000,000 women are holding down jobs in defense industries doing work formerly done by men. According to Mary Anderson, director of the Women's Bureau of the Department of Labor, one out of every four workers employed in defense industry is a woman. It is predicted by Miss Anderson that the ratio will soon be 1 to 3.

General Convention of West Texas C of C Will Not Be Held

There will be no general convention of the West Texas Chamber of Commerce this fall, or for the duration—this by overwhelming vote of the board of directors, it has been announced by the organization's headquarters office. Instead of the general assembly the regional chamber, by vote of its directors, will conduct a referendum convention over a two weeks period, Oct. 15 to Nov. 1, terminating in a clearance meeting of a combined work and elections committee. This will be held Nov. 4 and 5 in Abilene, the headquarters city. The directors' vote was taken by mail. The affirmative response on both proposals presented by J. Thos. Davis, president, was almost unanimous. Only one director favored holding the general session and only four were against the referendum convention plan. The votes were canvassed Thursday and the result made public Friday in a statement by Davis. With the ballots came letters from directors commending the proposals made by Davis as a measure to conserve rubber through elimination of convention travel and in support of the war effort. Davis said, "As result of our directors' balloting, the confident expectation is that, instead of the general convention, there will be held, without wear on automobile tires, a series of 185 town meetings of directors, local chamber of commerce managers and Public Affairs committees, in which group alone are more than 1,200 West Texas leaders. At these meetings business that ordinarily would be transacted in a general session will be attended to by voting on a series of referendum proposals sent to the town groups by mail. From this action will emerge the WTCC's new officer and director list, and the program of work for the coming year."

Nth-KEEPS CAR A1
MAN: Here she is... what'll you give me for her?
DEALER: Sounds like she just breathed her last. We want good second-hand cars but not this kind.
MAN: Why, it's got only 30,000 miles... and look! ... it's the same make, model and year as that gray job you've got tagged to sell for \$450.
DEALER: But that engine is OIL-PLATED and runs like new. Good for another 30,000 miles. Its owner took good care of it... greased it and drained the crankcase every thousand miles.
MAN: I always thought that was the bunk.
DEALER: Well, you've got a pile of junk there to prove you're wrong.
MAN: All right... all right... I'm wrong. Tell you what. I'll give you three hundred cash and my car for that one if you'll wise me to the motor oil that fellow used.
DEALER: It's a deal. He used Conoco Nth oil. That's oil with the synthetic that helps keep both the motor and the oil clean.
MAN: Oh, now I remember reading about that oil and the synthetics they use. Brother, I'll use nothing but Conoco Nth from now on!
Do you want to add life to your car? Do you want oil economy? See Your Conoco Mileage Merchant today and get Conoco Nth. Continental Oil Company
FOR THE DURATION of your car...
Don't depend on hurried stops for gasoline to have your tires and car checked. Join my ONCE-A-WEEK CLUB. Choose one day each week to bring in your car. For all flesh is as grass, and all the glory of man as the flower of grass.

While many see the desirability of a second front there are few who are well enough informed to say that under all circumstances it would be practicable.

It may be said of the new bathing suits that they permit others to see us as we see ourselves.

You may not realize it, but America is today the hope of the world—at least that part of the world opposing the ruthless dictators.

It is smart business for everyone to put aside a portion of his income in War Bonds and Stamps. It is smart because the government needs the money to build ships and planes and to equip the soldiers.

It is generally conceded by those in a position to know that most of us in this country have not begun to feel the real pinch of war.

The most important thing before the country in the coming election is whether the voters are going to elect statesmen or politicians.

HISTORY

Birthday of Oliver Perry—August 23: Every school boy and girl knows Oliver Perry the author of the famous message: "We have met the enemy and they are ours."

30 YEARS AGO IN THE NEWS

The items below were taken in whole or in part from the issue of The Foard County News of Aug. 16, 1912:

Kimsey Writes Covina, Calif., Aug. 7, 1912.—Having promised to write you a letter I offer this, which it is hoped you will accept as fulfillment of that promise.

More About Cotton

At the present time the directors of the Southern States Cotton Corporation are in session. The session may last for some time. Do not forget the fact that the number of bales that have been certificated will determine whether or not we get fifteen-cent cotton.

Miss Fay Robertson is here visiting her sister, Mrs. Will Minnick.

Judge T. W. Staton returned Monday from a short visit to Henrietta.

George Burks went to Benjamin Tuesday to work on some automobiles.

John Witherspoon of Gainesville is here for a few days stay with relatives.

Decker Magee attended to some business between trains at Foard City Tuesday.

Pete Moody and family of Trustcott were here Tuesday visiting Ed Bomar and family.

Miss Birdie Bomar returned Saturday from Duke, Okla., where she had been visiting for the past few months.

C. H. McWhorter and wife went to Paducah Tuesday. Mr. McWhorter has a job of brick work which he will do there.

A deal has been consummated this week whereby John Ellis comes into possession of the Marathon car owned by Hamp Carter.

Miss Cy Perkins left Sunday for Mabank to spend a few weeks there with her mother and, before returning, will go to Dallas markets for R. B. Edwards & Co.

Archie Campbell returned Saturday from Plano where he and his mother went last week. Mrs. Campbell remained and will visit relatives for a few weeks.

Miss Mabel Crowell and Miss Ellie Graham returned Sunday from Palacios where they had been in attendance at the Baptist encampment and they report a splendid time and a good meeting.

Jesse Howard left Monday for St. Louis to buy the fall supply of dry goods for the R. B. Edwards & Co.'s store. Before returning Jesse will visit at Mabank where Mrs. Howard is now visiting her parents.

Mr. and Mrs. B. W. Self and baby left Saturday for St. Louis and other eastern markets, where they go to buy fall and winter supply of dry goods for the J. W. Allison Dry Goods Co. Before returning they will perhaps visit points of interest on the Great Lakes.

Mac Smith of Prosper is here this week visiting his old friend, Tom Beverly.

reason that the price would return to normal. No price will remain long out of line if no one buys. In other words, John Q. Public has the price control matter in his own hands if he but has the decision and the will power to use it.

It is estimated that approximately 90,000 Texas farms have turned primarily from horse and mule power to the tractor during the last ten years.

Brief Bits of News From Here and There

Henry J. Kaiser startled the nation recently by proposing that a fleet of air transports be built to carry men and supplies to the world's battle fronts.

The Chinese have a saying "It is easy to paint a goblin but hard to paint a horse." The idea is that a goblin is a creature of the imagination.

Game restoration projects in Texas during 1939-40 included distribution of quail, deer, antelope, turkey, beaver, doves, muskrats, prairie chickens, raccoon, mink, ducks, geese and squirrels.

The greatest underground water reservoir of Texas is the Edwards Plateau region in Southwest Texas.

What We Think (By Frank Dixon)

One of the most important matters before the country today from the standpoint of its present, as well as its postwar, welfare is the matter of inflation control and price control.

Because the matter of the control of prices and inflation is as important as it is I do not feel that it should be thus summarily dismissed.

The memory of the disastrous effects of the inflation that followed World War Number One is still fresh enough in the minds of many people today to make necessary only mention of it to bring back to mind the mad price spirals that eventually crashed in 1929 taking everyone and everything with them in the debacle.

In conversation with him the other day he said: "I can see no advantage in hiking living costs and then turning around and hiking wages to meet the advanced living costs. It is but a ruthless, endless circle. No sooner are wages increased than living costs are increased necessitating another increase in living costs to make up for it. It's too much like chasing a rabbit around the brush pile."

I do not have the authority to do anything about it except in my own case. I do have authority there and I exercise it. Whenever a food item gets to a point that I think it is too high I don't buy it. I substitute something else. I have found it necessary to do that a number of times the past six months.

My theory is that if enough people would exercise a little business sense and judgment and whenever an item got out of line in food or clothing or anything else quit buying it and turn to something within the limits of

above the loan figure, however, as long as storage space is available it is anticipated that around present market levels a good deal of cotton will go into the Government loan.

Much stress is being placed on proper preparation of cotton this year, as cotton mills running at capacity largely on government orders, cannot afford to purchase rough picked, rough ginned cotton, that will cause machinery breakdowns and costly delays. In spite of the labor shortage, cotton farmers are urged not to pick or snap their cotton when it is moist, and to insist that cotton pickers exercise every possible precaution to protect the character of the cotton during the harvesting.

To conserve national supplies of alloying elements, scrap dealers carefully segregate alloy steel scrap from ordinary scrap.

A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas, by amending Section 33 of Article 16, of the Constitution of Texas so as to permit the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 33 of Article 16, of the Constitution of the State of Texas, be amended so as to read as follows:

"Section 33. The accounting officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust or profit, under this State or the United States, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States, nor to retired officers of the United States Army, Navy, and Marine Corps, retired warrant officers and retired enlisted men of the United States Army, Navy, and Marine Corps, nor to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the third day of November, 1942, at which all ballots shall have printed thereon:

"For the Constitutional Amendment permitting the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

"Against the Constitutional Amendment permitting the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

Each voter shall scratch out one of said clauses on the ballots, leaving the one expressing his vote on the proposed amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election, and have the same published as required by the Constitution and laws of this State, and the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated from

A WEEK of the WAR

Admiral William D. Leahy, the President's Chief of Staff, in a radio broadcast August 9, marking the first anniversary of the Atlantic Charter, said "This war will probably be long. It will be the toughest, hardest, most merciless war we have ever fought. It calls for the united power of every American, in uniform and out of uniform, on the firing line and on the production line. . . I have no doubt of America's decision."

President Roosevelt, in a message read on the broadcast, said "great progress" has been made in the battle of production, but "in terms of what will be required to defeat our enemies we have only just begun to get into our stride."

The WPB announced inauguration of a nation-wide inventory of used construction machinery to be made through WPB field offices in an effort to place an estimated 500,000 pieces of vitally needed construction equipment into use.

The War Front "United States" Naval and other forces have attacked enemy installations in the Southeast part of the Solomon Islands in force and the attacks are continuing."

tion against enemy attack at sea and on the shore. The Navy announced the torpedoing of 14 additional United Nations vessels.

The White House announced six of the eight Nazi saboteurs landed in this country by submarine were executed in the District of Columbia jail August 8. The sentences of the other two were commuted by the President to life and to 30 years imprisonment, "because of their assistance to the Government of the United States in the apprehension and conviction of the others."

The WPB approved the proposal of Henry J. Kaiser, shipbuilder, to construct 500 70-ton cargo-carrying planes, patterned after the flying boat "Mars" built for the Navy. The program is contingent, however, upon our being able to do it without interfering with the present combat plane program.

The Office of Defense Transportation said approximately 4,000,000 school children who ride daily in 93,000 school buses will be affected by ODT's order to reorganize all school bus service.

President Roosevelt set up a three-man committee, headed by Bernard M. Baruch, to study the entire synthetic rubber program. The President said the Committee's finding will "form a basis for future action not only with respect to synthetic rubber, but also such matters as nation-wide gas rationing and motor transportation."

The Army announced formation of two completely airborne divisions, consisting of about 8,000 men each, to be stationed initially at Camp Claiborne, La.

Fighting Son

Among the 900 piches now at West Point is John Doolittle, son of Brig. Gen. Jimmy Doolittle, who led the bombing raid on Tokyo. Capt. Doolittle is toting a light machine gun during field training session.

announced the Farm Security Administration and the U. S. Employment Service will recruit additional workers for farmers in areas where there are seasonal shortages of labor. The workers will be recruited only after the farmer and the Employment Service have been unable to obtain workers locally.

The OWI reported an arrangement has been concluded between the U. S. and Mexico making possible temporary migration of Mexican workers into this country to help combat the seasonal farm labor shortage, especially in the Southwest.

The Army announced formation of two completely airborne divisions, consisting of about 8,000 men each, to be stationed initially at Camp Claiborne, La. The War Department said more than 7,000 volunteer officer candidates (men classified as 3-A who volunteer for officer training) have been inducted into service.

Weekly Sermon

By Robert L. Constable, Moody Bible Institute, Chicago.

Text: "They that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary; and they shall walk, and not faint."—Isaiah 40:31.

We read here of three things which the child of God is enabled to do. There is a progression in the order in which they are mentioned, and there is also a progression in the order in which they are mentioned, and there is also a progression in the effect of those three exercises.

First, we may mount up with wings as eagles. We may go up into the enjoyment of God's light and life. There is no mention here of becoming tired. For there is nothing exhausting about entering into the enjoyment of heavenly things on the wings of some eloquent sermon on a Sunday morning, or in living in a spiritual atmosphere while attending church.

But to run the race set before us in the presence of spectators, to maintain a clear Christian testimony on our course through the world, here is where weariness begins. How easy it is to pause for rest and so fall to impress others with our earnestness and the reality of the prize of the high calling of God in Christ Jesus.

Then comes the walk, and the fainting. Of all that we do this surely is the thing for which we most need strength—to walk in fellowship with those who are our brethren and sisters in the Lord; to walk together in spite of temptations and tempers, of misunderstandings and differences of opinion.

Walking is always associated with fellowship in the Bible; that fellowship that shares all that comes—the tears, the disappointments, as well as the joys. Is not this walking in the thing that causes us to faint?

But look at this verse the other way around, it is as we walk together, waiting upon the Lord, that we shall be enabled to run before others without wearying, and to soar into the heavenly places where our communion is with Him.

Is this difficult? How good to read verse 29: "He giveth power to the faint; and to them that have to might he increaseth strength." May the Lord help us to wait upon Him that these things may be ours.

Some people wake up and find themselves famous; others remain out nights and become notorious.

Your Horoscope

August 17, 18, 19.—You have a fiery, impetuous nature, but are sympathetic, loving and true. You have much natural intelligence, are industrious, often going beyond the limit of your physical endurance. The result of your undertakings does not always satisfy you, for nothing seems to be quite as nice, or quite as well done, as it might be. You have very strong likes and dislikes.

August 20, 21, 22, 23.—You are restless, and impulsive to a certain extent, but are usually successful in your undertakings. You are a great reader, and your tastes are decidedly scientific. You are quite successful as an entertainer, and are always willing to share your pleasures with others.

HOUSEHOLD HINTS

To remove egg stains from metal spoons, dampen the spoons and rub with table salt on a damp cloth.

Bread crumbs added to scrambled eggs not only improve the flavor, but make larger servings possible.

Either lemon juice or vinegar will remove onion odor from the hands or from utensils.

Your worn-out electric toaster or vacuum cleaner may contain the steel that will sink a German submarine, or stop a Japanese bullet aimed at an American aviator. Mr. Steele, chairman of the local Salvage Committee said recently.

A distance between some people's ears is one block.

Help chicks and young birds grow and develop. Give them TONAX in their mash. Especially after an attack of any disease. And as a tonic and conditioner. Contains mild astringents to help relieve enteritis; also blood building elements. TONAX helps control intestinal parasites. It provides trace minerals and reliable stimulants. For layers too. Inexpensive and convenient. 24¢ can enough for 400 chicks for a month, 75¢.

After such a night, we get up in the morning more tired than when we went to bed. Nervous Tension causes many a wakeful night and wakeful nights are likely to cause Nervous Tension. Next time you feel Nervous and Kept Up or begin to toss, tumble and worry about you get to bed—try DR. MILES NERVINE (Liquid or Effervescent Tablets).

All Texas Needs Beauford JESTER of Navarro County for RAILROAD COMMISSIONER

Now, of all times, experience and qualifications are of utmost importance in filling the vacancy on the Railroad Commission of Texas. . . The Commission which is charged with regulation of oil production and with regulation of regulatory measures for these industries are as essential to the national effort as the production of Guns, Planes and Tanks. . . Beauford Jester is qualified by experience and education and nature to fill the requirements of this important war-time agency. . . These are the reasons.

- 1. Fought for you in World War I in the trenches of France.
2. Served you as a member of the Board of Regents of the University of Texas.
3. Believes we should prepare now to take care of our fighting men when the war is won.
4. Is acquainted with legal and business problems of Commission, equipped by 22 years of law practice in oil field areas, Corsicana and throughout East Texas.
5. Endorsed by independent oil men in Houston, Corpus Christi, Corsicana and throughout East Texas.
6. Believes the Railroad Commission should protect the consumer's interests, which he recognizes and will defend.
7. Believes in an "open door" policy for all commission hearings.

A War Veteran for a War Job!

OFFICIAL UNITED STATES TREASURY TEXAS WAR BOND QUOTAS FOR AUGUST

WASHINGTON, D. C., Aug. 10.—Henry Morgenthau, Jr., Secretary of the Treasury, today announced the August War Bond Quotas for the 3,070 counties in the nation totalling \$915,000,000.

The August quota for the State of Texas is \$27,500,000. In arriving at the county quotas for August the Treasury Department took into consideration major factors affecting incomes which in turn cause significant variations in sales during the twelve-month period.

Hereafter actual Bond sales in the various states will be compared with quotas on a cumulative basis. The amount by which sales fall short of or exceed quotas in any month will be added to or subtracted from quotas for future months.

Quotas by counties are:

Table listing War Bond Quotas for August by county in Texas. Includes counties like Anderson, Andrews, Archer, Armstrong, Atascosa, Austin, Bailey, Bandera, Bannockburn, Baylor, Bell, Bexar, Bexley, Blanco, Borden, Bosque, Bowie, Brazos, Brazoria, Brewster, Briscoe, Brooks, Brown, Burt, Burleson, Burnet, Caldwell, Calhoun, Callahan, Cameron, Carson, Cass, Castro, Chambers, Cherokee, Childress, Clay, Cochran, Coke, Coleman, Collins, Collingsworth, Colorado, Comal, Comanche, Cooke, Coryell, Crane, Crockett, Crosby, Culberson, Dallam, Dallas, Dallam, Dawson, Deaf Smith, Delta, DeWitt, Dickens, Dimmit, Donley, Duval, Eastland, Ector, Edwards, Ellis, Erath, Falls, Fannin, Fayette, Floyd, Foard, Franklin, Freestone, Galveston, Garza, Gillespie, Glascock, Grant, Gray, Grayson, Grimes, Guadalupe, Hale, Hall, Hamilton, Hansford, Hardeman, Hardin, Harrison, Hartley, Haskell, Hayes, Hemphill, Henderson, Hidalgo, Hill, Hockley, Hood, Hopkins, Howard, Hudson, Hunt, Hutchinson, Irion, Jack, Jackson, Jasper, Jeff Davis, Jefferson, Jim Hogg, Jim Wells, Johnson, Jones, Kaufman, Kendall, Kenedy, Kent, Kerr, Kimble, King, Kinney, Kleberg, Knox, Lamar, Lamb, Lampasas, La Salle, Lavaca, Lee, Leon, Liberty, Lipscomb, Live Oak, Llano, Loving, Lubbock, Lynn, McCulloch, McLennan, McMillen, Madison, Martin, Mason, Matagorda, Maverick, Maxwell, Medina, Menard, Merit, Mitchell, Montague, Moore, Morris, Motley, Nacogdoches, Navarro, Newton, Nolan, O'Connell, O'Quinn, Oldham, Orange, Palo Pinto, Panola, Parker, Parmer, Pecos, Polk, Potter, Presidio, Randall, Reagan, Real, Red River, Reeves, Refugio, Roberts, Robertson, Rockwall, Rusk, Runnels, San Angelo, San Augustine, San Jacinto, San Patricio, San Saba, Schleicher, Scurry, Shackelford, Shelby, Sherman, Smith, Somervell, Starr, Stephens, Sterling, Stonewall, Sutton, Tarrant, Taylor, Terrell, Tipton, Tom Green, Tompkins, Travis, Trinity, Tyler, Upshur, Upton, Val Verde, Van Zandt, Walker, Waller, Ward, Washington, Webb, Wharton, Wheeler, Wichita, Wilbarger, Willacy, Williamson, Wise, Wood, Yoakum, Young, Zapata, Zavala.

Would You Do this Job for A DIME A DAY?

... and when you and the carpet are both worn to a frazzle, would you clean the oil lamps . . . and do a week's wash on a knuckle-bruising board . . . and run out to the springhouse after milk and butter . . . all for the same 10 cents?

"No bargain!" you say. But Reddy Kilowatt, your electric servant, does all these jobs and more—for a dime a day or less in the average West Texas home. What's more, that dime's value has grown so steadily that nowadays it buys about twice as much service as it did ten or fifteen years ago.

It's about the biggest bargain in the world . . . and probably the only household item that hasn't gone up as a result of the war!

Today, under experienced and practical business management, West Texas enjoys an abundant supply of electric power . . . power to perform household drudgery . . . power for wartime schools, training camps and industries . . . and power that will enrich the life of everyone in peaceful years to come.

CHURCHES

Christian Science Church Sunday School at 10 a. m. Sunday services at 11 a. m. Wednesday evening services at 9:00 o'clock. August 23, 1942. Subject: "Mind."

First Christian Church The public is cordially invited. Sunday School, 10 a. m. Morning worship 11 a. m. Junior Endeavor 7 p. m. Senior Endeavor 7 p. m. Evening worship 8:30.

First Baptist Church (High School Auditorium) Sunday School at 9:45 a. m. Morning Service at 11 o'clock. Training Union at 7:30 p. m. Evening Service at 8:30 o'clock. W. M. S. every Monday afternoon.

Weekly Prayer Service Wednesday night at 8 o'clock. We cordially invite everyone to come and find his place in each of these services.

W. B. Fitzgerald, Pastor.

Methodist Church For the first time in months we are able to say to you that you may attend services here without some complications as to the general public attending. Yes, we can now come back to church and begin an uninterrupted program for the winter months soon to be upon us.

Most of the membership know about the progress being made on the new parsonage. We hope to be living in it well before our conference meets in November.

We think you are going to like it for it will meet practically every need for which it is constructed. It seems that we are about to weather the storm at last, and can resume our normal life as a community. Put the church on your new calendar, won't you. Services Sunday: Sunday School at 9:45 a. m.; church at 11 a. m. and 8:30 p. m.; League, 7:45 p. m. Woman's Society of Christian Service Monday at 4 p. m.; The Guild, Thursday evening. Other meetings announced at services on Sunday.

We are trying to meet the religious needs of our congregation and will appreciate any helpful criticism. The evening services will be given to congregational singing with special interspersed and brief messages by the pastor. Our revival will begin on Sept. 13, preceded by several days of special visitation and organization. Rev. and Mrs. R. L. Flowers will be our helpers. Further announcements will be made later. H. A. LONGINO, Pastor.

The White Ash which grows in Northeast Texas is commercially the State's most valuable tree. It's wood is used for tool and implement handles in the manufacture of athletic goods.

Miss Flossie Collins and Jack Thomas Wed Friday Evening

The wedding of Miss Florence Collins to Jack Warren Thomas took place in a quiet ceremony Friday, August 14, at the home of Mrs. R. J. Thomas, the groom's mother. Only members of the two immediate families were present for the impressive ring marriage ceremony which was performed by Judge Leslie Thomas, brother of the groom.

The wedding took place at an improvised altar before the mantel. The house was decorated with seasonal flowers. The bride was attired in a black dress, with white trim, and black accessories. The couple left immediately after the marriage for a short trip to points of interest in New Mexico. They returned Monday night.

Mrs. Thomas is the daughter of Mrs. Jessie Collins and has been reared in Crowell and received her education in the schools here. She has been employed for the past season by the Farmers Co-Operative Elevator Association.

Mr. Thomas, the son of Mrs. R. J. Thomas and the late R. J. Thomas, has also been reared and

educated in Crowell. He is engaged in ranching in the Vivian community and the couple will make their home there.

Former Crowell Girl Weds in San Antonio

Miss Myrtle Gene Thompson of Rock Springs became the bride of Dr. Jack Moore Weatherford, at high noon on Monday, August 3, at Travis Park Methodist Church in San Antonio, with the pastor of the church reading the impressive double ring ceremony.

The bride is the daughter of W. C. Thompson and the granddaughter of Mr. and Mrs. J. C. Thompson of Crowell. She was given in marriage by her maternal grandfather, T. C. Hampton, and wore a suit of forrester green wool covert, with accessories of rust and brown. Her shoulder corsage was a white orchid.

The only attendant of the bride was Miss Lorraine Walker, who wore a tan suit with brown accessories and a corsage of gardenias.

Mrs. Weatherford was reared in Rock Springs. She finished at San Marcos Academy and was a student at M. & S. School of Nursing in San Antonio at the time of her marriage.

Dr. Weatherford is a son of Mrs. Frank Weatherford Sr. of San Antonio. He is a graduate of the University of Texas and the Medical School of Galveston. At present, he is a first lieutenant in the Medical Corps in the U. S. armed forces.

Immediately following the ceremony, the bride and groom were complimented with a luncheon at the St. Anthony Hotel in San Antonio, with only the immediate relatives of the two families attending.

Dr. and Mrs. Weatherford left at once for Camp Claiborne, La., where they will reside for the present.

Mrs. Weatherford was a small child when she resided in Crowell but has visited here numbers of times and will be remembered by many friends.

Out-of-Town Guests Entertain with Party

As a compliment to a number of relatives and friends, Misses Eva Hughton and Carrie Hughton of Dallas and Mrs. A. S. Hart of Rockwood were hostesses at a party Monday afternoon at the home of Mr. and Mrs. T. L. Hughton. Misses Hughton are guests in the T. L. Hughton home and Mrs. Hart has been here for several weeks in the home of her sister, Mrs. R. R. Magee, and Mr. Magee.

The house was attractive with cut flowers of the season. Aside from genial conversation, the afternoon was made pleasant by contests and games.

The hostesses served an ice course to the following guests: Mrs. T. L. Hughton, Mrs. M. L. Hughton, Mrs. T. M. Beverly, Mrs. R. R. Magee, Mrs. A. Y. Beverly, Mrs. W. D. Howell, Mrs. M. S. Henry, Mrs. J. R. Beverly, Mrs. J. R. Allee, Mrs. S. S. Bell and Mrs. T. B. Klepper.

Third Birthday Celebrated Tuesday

Mrs. J. T. Brooks entertained a number of little girls and boys at her home Tuesday afternoon in celebration of the birthday of her daughter, Nelda Kaye.

Sixteen children responded to the invitations and games were played and stories told as diversion during the afternoon. Nelda Kaye received lots of nice birthday remembrances.

The pretty white birthday cake, decorated with pink candles, was served with ice cream. Candy swords and guess-whats were given as favors. Pictures were taken of the group.

Those who attended the party were: Nelda Kaye, David Bursey, Gail Knox, Virginia McKown, Clorvene McKown, Mike and Jack Wishon, Ann Wishon, Gary Todd, Patricia Todd, Geneva McDaniel, George McDaniel, Carol Teague, Danyne Gordon, Billie Smith and Dana Loy Roberts.

WESLEYAN GUILD

The Wesleyan Service Guild met in the Methodist Church Thursday evening, August 13, with twelve members and four guests present. The meeting opened with group singing of "Somebody Did a Golden Deed" and "When They Ring Those Golden Bells." This was followed by the devotional by Mrs. Carrie Hart. She stated that we think good thoughts but seldom express them in the form of praise, but that everyone needs encouragement. People should carry pleasant ways with them that go with the Christian life.

Miss Mary Ragland Thompson gave, "God Bless These Bells," which was the story of the tuning of bells in Holland and Belgium in 1654 by Franz and Peter Hemley. In 1937 some of these fine bells were purchased by Alfred University in New York, and they contained inscriptions, one of which was "God Bless These Bells."

"I Made a Bell" was presented by Miss Mildred Cogdell. In England it is considered bad manners to talk when bells were ringing, for they create a reverence in the citizens.

Miss Beulah Batton told of "The Singing Lady" which was

Announcement Party Reveals Marriage Date of Miss Billie Brown

Mr. and Mrs. Hubert C. Brown have announced the approaching marriage of their daughter, Miss Billie Louise, to Aviation Cadet Thomas B. Johnson, son of Major and Mrs. R. L. Johnson, of West Point, New York.

Miss Brown returned Sunday from Houston, where she has been employed by the Humble Oil and Refining Company.

The bridegroom is stationed at Foster Field, Victoria, where he will receive his wings and be commissioned a second lieutenant in the U. S. Army Air Corps on September 6.

The announcement was made at a bridge party given by Miss Frances Henry Johnson, assisted by her mother, Mrs. W. B. Johnson, on Monday evening at the Johnson home.

During the refreshment course, each guest received a miniature special delivery letter which set the wedding date as September 7. Mrs. I. T. Graves received a lovely vase for high score. This she presented to the honor guest, Miss Brown was also presented with a lovely gift of lingerie by the hostess.

Guests were Misses Mary Helen Carroll, Mary Frances Bruce, Camille Graves, Mary Elizabeth Hughton, Wilma Jo Lovelady, Betty Lou Stinebaugh, Juanita Brown and Mesdames Lee Black, Paul Shirley, I. T. Graves, Nelson Oliphant, Donald Drake Jr., M. S. Henry, Hubert C. Brown, mother of the bride-elect, and Miss Billie Brown, bride-elect.

The story of an old lady who sang on the streets and took collection each time. She was frightened to see a man watching her, but he sent her to friends who gave her parts on church programs by which she earned her living. She later married the man.

"I Help Make a Bell" was narrated by Miss Mayme Lee Collins. The writer, Miss Beatrice Plum, came across the Atlantic to pay her respects to the bells of the Cathedral of St. Michael. She had difficulty in getting in the building as the keepers considered it dangerous. Two tornadoes had caused the bells to be silenced for short intervals. The clock had been ticking since 1774. These bells of St. Michael were the only ones to escape being made into cannon.

Those present enjoyed a lovely covered dish supper in which fried chicken predominated. The guests present were Misses Carrie and Eva Hughton of Dallas, Mrs. Carrie Hart of Rockwood, and Mrs. Claude Brooks. The next meeting will be in the home of the sponsor, Mrs. M. S. Henry, at 8 p. m., Thursday, Aug. 27.

Christian Science Services

"Mind" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, August 23.

The Golden Text is: "God hath not given us the spirit of fear; but of power, and of love, and of a sound mind" (II Timothy 1:7). Among the citations which comprise the Lesson-Sermon is the following from the Bible: "O the depth of the riches both of the wisdom and knowledge of God, how unsearchable are his judgments, and his ways past finding out" (Romans 11:33).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The basis of all health, sickness, and immortality is the great fact that God is the only Mind; and this Mind must be not merely believed, but it must be understood" (page 339).

H. J. R. No. 24

A JOINT RESOLUTION

proposing an Amendment to Article V of the Constitution of Texas by providing that the Legislature shall have the power by local or general law, in counties having a population in excess of two hundred thousand (200,000) inhabitants to create other courts having exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters; fixing the time for an election therefor; prescribing the form of ballot; providing for a proclamation of such election and the advertisement thereof; and making an appropriation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Article V of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 22-a and reading as follows:

"Section 22-a. The Legislature shall have the power, by local or general law (without the necessity of advertising any such local law), in counties having a population in excess of two hundred thousand (200,000) inhabitants according to the then last Federal Census, to create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at a special election to be held on the first Tuesday after the first Monday in November, 1942, at which time all voters favoring such proposed Amendment shall have written or printed on their ballots the following:

"For the Amendment to the

Before Yanks Blasted Japs in Solomons

Before the U. S. "devil dog" marines, assisted by Allied bombers and naval units, began operations against the Japs in the strategic Solomon islands, they went through long and arduous preparations. U. S. marines are shown here carrying supplies from barges as they start setting up a base on an island in the Sout Seas, getting ready for the "real thing."

Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters.

These voters opposed to such Amendment shall have written or printed on their ballots the following:

"Against the Amendment to the Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

If it appears from the returns of said election that a majority of the votes cast is in favor of the Amendment the same shall become part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have it published as required by the Constitution and existing laws of this State.

Sec. 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary is hereby appropriated out of the State Treasury not otherwise appropriated to pay the expenses of said publication and election.

Within a few weeks after scrap steel is placed in a furnace, to be melted down into new steel, it may help win a battle in the war; it was stated yesterday at the headquarters of the local Scrap Salvage Campaign.

Only about two per cent of the 11,250,000 acres of forest under the forest fire protection of the Texas Forest Service is lost annually by fire.

Iron Yard North of Olds' Grocery

ROTARY CLUB

Hubert Brown presided at the meeting of the Crowell Rotary Club Wednesday at noon. Visitors at this meeting were Rotarian Walker Todd of Seagraves and Pvt. Billy Favor, flying cadet of Kelley Field, San Antonio.

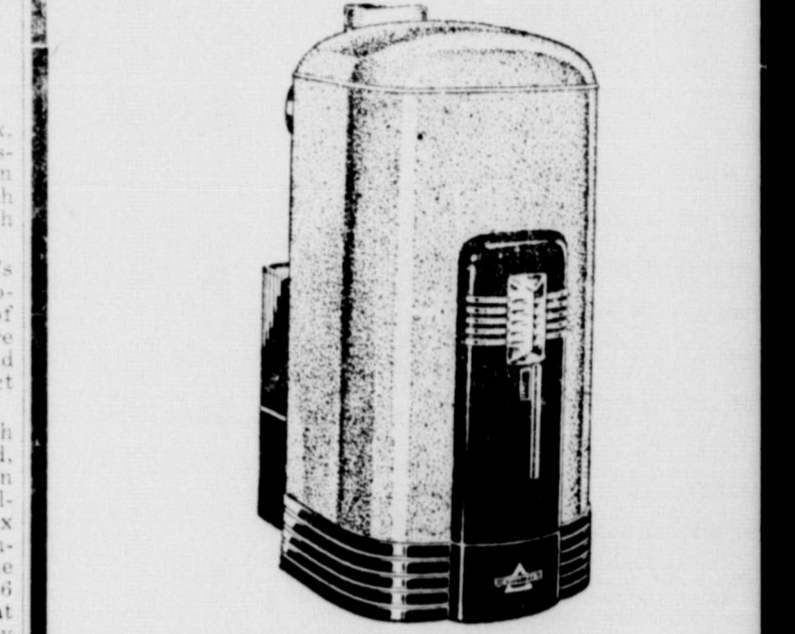

The program consisted of a talk given by George Self in which he stressed the importance of the scrap metal and junk campaign

now in progress in the county. Mr. Self stated that it is the duty of every citizen to see that scrap metal on farms and in towns is gathered up and made accessible for use in the war effort where it is so badly needed.

Every ton of iron and steel scrap salvaged saves two tons of iron ore, one of our most precious national resources. Get in your scrap.

WINTER IS COMING

Are you ready with a good Oil Heater?
We have just received all the
SUPERFEX and IVANHOE
OIL HEATERS
we will get this year.

Come in and let us show you the new models.
DON'T WAIT—Delay means you might be left in the cold, and it costs no more to buy now.

BEVERLY HARDWARE and FURNITURE CO.

Hon. J. Ross Bell Endorses Judge E. C. Nelson

E. C. Nelson

Judge E. C. Nelson, Candidate for Chief Justice of the Court of Civil Appeals, has received the following self-explanatory letter from Hon. J. Ross Bell. Judge Bell carried a heavy vote through the eastern part of the District in the First Primary and carried the largest number of counties next to Judge Nelson. His letter is as follows:

Childress, Texas, August 18, 1942
Dear Judge Nelson:

While it is not my intention to take an active part in your contest for Chief Justice of the Court of Civil Appeals, I do expect to vote for you. I shall do this for two reasons:

First: I believe you to be best qualified for the position you seek.
Second: With other qualifications equal, I feel that the northern section of the district is entitled to representation on the Court. The South Plains country already has one member on the Court, and it probably would be more satisfactory to have all sections of the district represented.

Very truly yours,
(Signed) J. ROSS BELL.

It is believed that the friends of Hon. J. Ross Bell and the public in general, will be interested in knowing his position and views in the matter. This letter is used with permission of Judge Bell.

VOTE FOR
JUDGE E. C. NELSON
SATURDAY, AUGUST 22
